"Tell Him I Loathe Him."

CHAPTER XXVIII.
Meredith Lansing's Secret.

WELL, Erle, I saw my wife shortly after that begin to fade before my eyes. At times she would be in the wildest spirits. She would fling her arms about me and declare she loved me better than her soul. Then for days she would not allow me to see her. And then she grew to almost loathe the child—Bebe. She would not allow the little one in her presence, and one day she attempted to throw the child from the window, prevented only by the nurse after a furious struggle. Of course you guess the truth—my wife was mad!

The time that followed was too horrible to speak of! For years she was an inmate of a private asylum. At first they gave me no hope that she would ever recover, then she began to grow better. All this time Bebe was growing up in ignorance that her mother lived. I could not tell her, and I would not allow an other to do so.

One day the doctor sent for me and told me I might take my wife home. Heavens! How happy I was! All the way home she talked to me rationally and quietly, but never once mentioned the name of the child. As she entered the drawing room she saw Bebe standing in the conservatory among the flowers. I can never forget the expression of my wife's face as she clutched my arm and pointed in the girl's direction.

"Who is that?" she gasped.

"Have you forgotten our little one, Mignon?" I asked gently. "That is our child—Bebe!"

The horrible cry that fell from her lips froze me.

"No! no! no!" she cried wildly. "That is not your child, but Maurice Moreau's. Were you foolish enough to believe it? Listen: I believe myself his wife, but he deceived me, and my aunt made me marry you. I went away soon after, and she, that girl, was born. She was blind and my heart almost broke. I loved her then, loved her more than anything upon earth, except you. Then our child was born, but much as I loved you it could not take the place of my first-born. It was a great, strong, healthy child, but I loved my little one best. I determined that I would deceive you. I went abroad with my two children, waiting for them to grow to an age when I could deceive you.

SAFE EVEN FOR CHILDREN

There is not a Trace of Opium or Morphine in "Father Morrice's No. 10" (Lung Tonic).

A cough is merely a symptom of an irritated or diseased condition of the air passages or the lungs themselves. Many cough mixtures are simply preparations containing enough Opium, Morphine or similar drugs to deaden the irritation. They relieve the cough but they do not remove the unhealthy condition that caused it. Moreover any medicine containing morphine or opium is unsafe unless prescribed by a competent physician.

"Father Morrice's No. 10" (Lung Tonic) contains absolutely no drugs of this character. It relieves a cough by removing the cause. Made of roots, barks and Balsams, Nature's own remedies, it clears the mucus from the passages, soothes and heals the inflamed membranes, and strengthens the lungs and whole system so that they can throw off the disease entirely. Thousands have proved it. Trial bottle 25c. Regular size 50c. At your druggist or from Father Morrice Medicine Co., Ltd., Chatham, N.B.

too contemptible for me to kill, but you shall go to Miss Beaufort, you shall tell her all this odious story, you shall publish it to the world that my brother's name shall be cleared of its shame, and then I hope never to look upon your infernal, cowardly face again. Traitor! Murderer!"

"I have done all you have said and more," Lansing returned, with a groan. "I deserve that you should kill me, but don't do it for your own sake. I have loved you as I never loved a living thing in this world except my wife. I thought you would be happy and I determined that I would make you so. I could not bear that you should learn the truth, because I knew so well what the result would be. Not that I cared to have the world know. It was only for your sake and Bebe's and the hope that some day I should find that child whom I saw here to-day—Mignon Moreau. I tried to quiet my conscience with money, but I could not bear to say you have endured the torture of perdition? What, think you, have my sufferings been like? Perdition would have been a delight by comparison. I don't ask you to spare me, I don't even entreat your pity. I am ready to die if by death you think I can atone, but it must be by my own hand, not yours. Not a word!"

Childes hesitated a moment. There was no pity in his expression. It would be difficult to define what there was in it, but certainly a fierce hatred, a wild longing that was almost mania.

"I might forgive you," he said hoarsely, "for making my life the curse that you have upon the morning that my poor brother was hanged he sent for me. He implored me to believe in his innocence, to save him, and I refused to believe! That, Meredith Lansing, I shall curse you for with the last breath that leaves my body. Oh, Harold! Harold!"

Everything was forgotten in that moment save the terrible wrong done to the dead brother. The scene in the prison was so vividly before him that he could bear it no longer, and, sinking into a chair, the man who had received a Legion of Honor badge and the thanks of a nation for his bravery, covered his quivering face and wept like a child.

Slowly, wearily, like one who has gone to old age within an hour, Meredith Lansing tottered to his feet. His heart seemed breaking, yet he dared not touch the bowed head before him. Unable to support his own weight, he leaned heavily against a table, his agonized eyes like "burned-out coals" against the whiteness of his face.

bladed knife before it could reach its destination—the heart.

Lansing was like a dwarf in the hands of Hercules. The knife was flung through the window.

"You forget that you have two daughters," said Childes coldly, "and that one of them is my wife. You have no right to make them the daughters of a suicide."

"Without a backward glance he left the room, ignorant of the wildly pleading gaze in the haggard eyes. He entered the room where Quintard and Mignon were waiting.

"How is he?" asked Quintard eagerly.

"Better," returned Childes laconically; then, going to Mignon, he took her hand. "Little one," he said gently, "Mr. Lansing has something to say to you, which it will be much better for you to hear alone. You need not be frightened, for it can harm you in no way. If you should want me, I shall be here. I have heard the story."

"Who is he?" she asked wonderingly. "What can he have to say to me?"

"A great deal, but he must tell you himself. And, little one, treat him kindly. Be very gentle for—for my sake."

He scarcely knew what he had said, and Mignon saw it. She regarded him curiously, unquestioningly, for a moment, then lifted his hand, pressed her lips upon it, and passed swiftly into the room which he had left.

Continue the Exhibition

We would suggest to the committee in charge that the Exhibition in the Prince's and Curling Rinks be kept open for another week. This morning a large number of outport craft arrived and from this until next week many others will come this way. Our suggestion is made for the benefit of these people, who, we feel sure, would very much like to see the exhibits. It would also appear to us that, considering the expense incurred and the trouble taken in getting up this fine demonstration of our agricultural and manufacturing resources, a week is too short a period to give the display, and we commend the suggestion to those who are in a position to give it proper consideration.

School Girl Stood Four Weeks in a Corner.

New York, Oct. 24.—Madeline Kenney, of No. 239 Bond Street, Brooklyn, is only twelve years old, but for firmness of purpose and inflexibility of will she has Horatio at the bridge beaten to a froth and the boy on the burning deck crowded off the seven seas. She can't be moved with a mandamus, an injunction or the biggest hoisting derrick in the Greater City to apologize to a school teacher for something she hadn't done.

Madeline was attending public school No. 6 in Warren Street, near Smith Street, Brooklyn, last May. In cutting out paper designs with school scissors she snipped out something variously described as one of the pets in the Central Park Zoo, a paper doll, or something that might have been used as a design for a ding-a-ling toque. Anyway, Madeline's schoolmates began to laugh.

Miss Carver, her teacher, demanded that she apologize. Madeline refused. She was made to stand in the corner with her face to the wall and told she might resume her seat when she apologized. The latter was not asked to, so they didn't. Neither did Madeline.

MOTHERS WHO HAVE DAUGHTERS

Find Help in Lydia E. Pinkham's Vegetable Compound

Winchester, Ind. — "Four doctors told me that they could never make me regular, and that I would eventually have dropsy. I would bloat, and suffer from bearing-down pains, cramps and chills, and I could not sleep nights. My mother wrote to Mrs. Pinkham for advice, and I began to take Lydia E. Pinkham's Vegetable Compound. I am all right again, and I recommend it to every suffering woman." — Mrs. MAY DEAR, Winchester, Ind.

Hundreds of such letters from girls and mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them have been received by The Lydia E. Pinkham Medicine Company, Lynn, Mass.

Badly Hurt In Thresher

Blood poison set in—Great suffering—Cured by DR. A. W. CHASE'S OINTMENT. Mrs. C. Hopkins, St. George, Ont., writes: "I feel like shouting the praises of Dr. Chase's Ointment. While threshing grain, my son got badly hurt. One of the men who was pitching sheaves, missed the fork into my son's leg. He did not take much notice of it and in a day or two it got sore and very itchy and blood poison set in. We did everything for it but it would heal one place and break out at another and kept on this way for three months. Finally I thought of Dr. Chase's Ointment and in a week's time we no longer had a wonderful change. By the use of three boxes he was completely cured. The wounds healed up. There has not been a sign of a spot on him since."

Whichever there is itching or irritation of the skin or a sore that refuses to heal, you can apply Dr. Chase's Ointment with every assurance that the results will be prompt and satisfactory. 50 cents a box, at all dealers, or Ed. Mansson, Bates & Co., Toronto. Write for free copy Dr. Chase's Recipes.

The Evening Chit-Chat

By RUTH CAMERON

The gambling element has been defeated in Nevada. The gamblers have been beaten down gradually through the work of the Church, the University of Nevada, and the women's organizations which combined to bring legislative enactment.

That is quoted from one of the largest and most conservative papers in the United States.

Doesn't it make you proud, women of America?

Doesn't it make one of those lovely, wonderful thrills creep up your back—the kind you feel when you hear the bugle call, or when the hero on the stage proclaims his intention of dying rather than forswear his allegiance to the flag and the orchestra plays softly, "Oh say, can you see—?"

I think it ought to.

For it means that your sex has won full recognition of its right and ability to help houseclean the city and the state as well as the home.

The tribute that the great newspaper, more or less unconsciously, gives us, is but one of the many that are continually being paid the power of the awakened woman to get good things done for her state and country.

Here are a few of them.

The President of the American Civic Association, in his book on his experiences in that position, has this to say of women's work: "I firmly believe that judging from my experience, national in its scope, and covering many scores of communities, it is ONLY through the action of women that efficient, final and satisfactory work for civic regeneration can be brought through."

In a recent magazine article it is stated that "when Henry Thurner lectured on art at the last

Penetrating Newfoundland.

Until within recent years, at least, the immense natural resources of Newfoundland were unsuspected; and its natural attractions were little known by travellers. Even now there are parts of the island unexplored, and three scientific investigators from England intend to devote two years or more to the task of penetrating into the still unsettled regions. The Reid railway from St. John's to Port aux Basques has opened up an exten-

sive country to sportsmen, and Lord Northcliffe's paper mill enterprises are a step in its industrial progress; while the Red Cross steamship line from New York to St. John's has done

much to introduce the summer visitor to a small corner of the country. As in the case of other northern regions in this continent, like Alaska and the Hudson Bay territory, the great advantages of Newfoundland are being practically unknown. It is not a bleak land, but a beautiful one; and, despite the long winter, the climate is agreeable. The English explorers should find much to please them.—Providence Bulletin.

MR. HUTCHINGS RECOVERED.—G. Hutchings, Esq., who had been ill the past few weeks and confined to his residence, is now able to be about again we are glad to say.

Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Household Notes.

Do not waste time and strength in clearing out closets and spreading about ill-smelling stuff said to be a leath to moths. Instead saturate an old sheet with formaldehyde and hang it in the closet, first stopping up both cracks and keyhole, and leave for 24 hours.

Roquefort cheese gives a peculiar and agreeable tang to lettuce salad. Make a rich French dressing adding enough grated roquefort to make the mixture thick and creamy. Toss the dressing and leaves well, seasoning with a little red pepper. Serve with toasted crackers.

In desperation because a boiled icing would keep running off the cake, I put the cake in a very hot oven. A thin crust tinted slightly brown hardened over it. I put on another layer of icing and replacing the cake in the oven watched it carefully that it should not again brown.

When a new house-dress is made it is a good plan to make an apron of the same material. You will thus appear neater than when wearing an apron of another color, and another advantage is that it will fade with the dress and can be used in mending the dress when the latter commences to wear out.

The next time you have cheese with your salad try the effect of cutting tiny rounds of red pepper about a

quarter of an inch thick and filling the centre with cream cheese. These things should be prepared several hours before using and be kept on the ice until very cold. Pass as ordinary cheese with crackers.

Instead of bothering with sticky fly-paper, try this method of getting rid of flies. Put two teaspoonfuls of formaldehyde in a pint of water, pour into saucers and set on table. Flies are attracted and drink the water. Some die in the water, others get as far as the table, and they may be easily swept up and burned.

While damp dusting a Crex floor covering recently, I discovered that a soft scrubbing brush, dampened, but not wet did the work better and quicker than a cloth. Rub across each breadth, rinsing the brush often, and you will find that the bristles will penetrate into all the crevices where a cloth will not, and the result will be very gratifying.

In starching linens and similar goods too light for mourning, starch and too dark for the white, put in the boiling starch a large piece of tissue paper in shade to match as nearly as possible the dress material. This will dissolve, and when the starch is strained nothing but the dye will remain, making a starch of the exact color desired.

MEXICO CITY, Mexico, Nov. 2. The fate of Grace Rolph, 6 year old who was kidnaped by Mexicans several days ago from a ranch in the State of Tamaulipas, is still in doubt. No word has come from the men who have been in pursuit of the desperadoes. The country into which the kidnapers and pursuers plunged is wild and sparsely settled and the absence of facilities for communication make it doubtful whether any tidings will be heard from them until the men are captured or the pursuers return baffled. In the meantime Mexican officers have taken active steps to aid in the capture. Squads of rurales, the Mexican mounted police, have been sent into the Kuaateca region from the opposite direction with instructions to search the country thoroughly for the Nebraska girl. Foreign Minister Creel, the U. S. Ambassador, to-day instructed the Governors of Tamaulipas, Vera Cruz to assist in the search in every possible manner. If the men are captured, he says, they will suffer the extreme punishment under the law.

London, October 28.—Cardinal Loche interviewed here to-day. declared that no people were more loyal than the Canadians. Britain's policy might as well be attacked in London as in any Canadian city, he knew. He drew the conclusion that the Irish would be just as loyal if they were treated in the same way.

Mr. W. A. Parsons who has been in the city attending to his Fall's business leaves for home by this evening's rail. Mr. Parsons came earlier than usual this season to take in the Exhibition and is highly pleased with the show. It is well done and those in charge deserve every praise.

Nutritive Hypophosphites.

When a person feels "blue"—"all tired out"—"doesn't feel like doing anything"—cannot concentrate his mind on his work—feels weak mentally and physically—doubts his powers—complains of poor appetite and sleeplessness—suffers from headaches—then his nervous system is run-down and demands a good up-building tonic. Nervous exhaustion is a modern disease, caused by too close attention to business, overwork, worry, devotion to trying family cares, overstudy, etc.

Nutritive Hypophosphites forms the best nerve and brain food known, and have restored thousands of sufferers to health. Large bottle, \$1.00.

A Suggestion.

If the attendance yesterday at the Exhibition is in any way a gauge of the interest which people are taking in the display of the manufactures and products of Newfoundland, then it appears to us that the Manufacturers who are exhibiting should take advantage of it to the fullest extent that is reasonable. Those interested in locally made goods wish to arrest the attention of the public with a view of convincing them it is to their interest co-operatively as a people to give a greater support to local factories by patronizing their output more extensively. The attention of the people is being attracted. They are visiting the Rinks in large numbers. The direction of success is being followed. The people are seeing for themselves. The more they see the more they will believe. The greater the number of doubting Thomases who visit the Rink the more there may be converted. Why then should not the Exhibitors at least be thrown open for practical use to keep open the Agricultural Exhibition for the same period. We throw out the suggestion to the management of the Manufacturers' Exhibition. It may be possible, too, that those in charge of the Agricultural Exhibition may be able to co-operate.

McMurdo's Store News

EXHIBITION WEEK.
THURSDAY, Nov. 3, 1910.
As a winter as well as a summer delicacy, Custards are always in demand; but the dearth and scarcity of eggs during the cold weather makes it difficult to serve the economical without resort to substitutes. This being granted, a good, pure, custard powder becomes more or less a necessity. There is no better, richer, or more wholesome substitute for fresh eggs than our Acme Custard Powder. On its own ground there is nothing at the Exhibition which can hold its own against the imported article than Acme Custard Powder. Price, 12 cts. a package.
Sutton's Seeds have done particularly well at the Agricultural Exhibition, winning first prizes for Onions, Celery, Parsnips and Brussels Sprouts as well as other prizes.

Dr. Grenfell's Lecture.

In spite of adverse weather, there was a goodly gathering in the Methodist College Hall last night to listen to Dr. Grenfell lecturing on the work of the Deep Sea Mission, and to see the lantern slides which he had projected on the screen.
His Excellency the Governor made a speech in introducing the lecturer in which he told how he had visited during the summer the hospitals at Battle Harbor and St. Anthony, the deer camp and other works fostered by the Deep Sea Mission, and Dr. Grenfell expressed his appreciation of the efforts and gave strong support to the new Seaman's Home, which was now being projected in St. John's.
The slides which were shown last night consisted chiefly of scenery, the mission buildings, the orphanage, the mill at Boddlecken, the experimental farm, the reindeer herds, the Moravian settlements and Esquimaux. The Premier, Sir Edward Morris, moved a vote of thanks to the Governor for presiding, which was carried by the audience and acknowledged by the Governor. The lanterns were manipulated by Mr. Stan Martin.

Murdered Asleep.

SAN FRANCISCO, Nov. 2.
Lying in bed beside her sleeping husband last night, Mrs. Antonie Valentine heard a crash of glass and a moment later saw two men come through the window from the porch roof. Too frightened to move or cry out, Mrs. Valentine watched one of the intruders steal up to the bed, place a pistol at her husband's breast and fire a shot that meant instant death to the sleeping man. By the time the woman recovered her voice the murderers had escaped. Valentine with his wife and 3 children arrived about 4 days having come back from Italy. Mrs. Valentine says they had hurriedly by her husband professing fear for his life for some reason not revealed to her.

Military Threaten New Republic.

LISBON, Nov. 2.
The new Republic of Portugal is threatened with a military revolution, the second and fifth regiments to-day addressed a round robin to the Provisional President, Braga, declaring that they were prepared for an insurrection, if they were not granted the promised promotions and pensions for helping to overthrow the monarchy. The government probably will yield.

Kidney Suffering

Backaches and tired feelings tell of weak kidney action—Prompt relief by using DR. A. W. CHASE'S KIDNEY AND LIVER PILLS
There is no treatment for kidney disease which will afford you relief so quickly as Dr. A. W. Chase's Kidney and Liver Pills, and none which will certainly cure the most complicated forms of this disease.
There is a reason for this. Dr. A. W. Chase's Kidney and Liver Pills awaken the action of the liver and bowels as well as the kidneys and thereby effect a thorough cleansing and regulating of the excretory system.
Mr. S. J. Argus, Kars, Carleton, Ont., writes:—"I have suffered a great deal with kidney troubles and pains in the small of the back and have tried a good many remedies without obtaining very much benefit. I wish to say, however, that I can heartily recommend Dr. Chase's Kidney and Liver Pills as a splendid medicine as they have proven of very great value to me."
Dr. Chase's Kidney and Liver Pills one pill a dose, 25 cents a box, at all dealers, or Edmunds, Bates & Co., Toronto. Refuse substitutes.

THE EXHIBITION.

PRIZES AWARDED.

During yesterday afternoon and last night the largest numbers since opening attended the Agricultural Exhibition. It is estimated that over 15,000 people visited the Rinks between the hours of 3 p.m. and 10:20 p.m. It was difficult to move about the passageway in the night, so dense was the gathering. The C. C. C. and C. L. B. bands were in attendance and rendered excellent music. Children were not allowed in yesterday unless accompanied by guardians. This afternoon they were let in unattended between the hours of 3 and 6 p.m. The management would prefer that they be attended by elders whenever possible. The horse show awards were given by Dr. Standish last evening as follows:—

Recipe for 16 Ounces of Cough Syrup
No Better Remedy at any Price. Fully Guaranteed.
Make a plain syrup by mixing two cups of granulated sugar and one cup of warm water and stir for two minutes. Put 2 1/2 ounces of pure Pinex (fifty cents worth) in a 16 oz. bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of \$2. It never spoils. Take a teaspoonful every one, two or three hours. The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It tones up the faded appetite and is just laxative enough to be helpful in a cough, and has a pleasant taste. Also excellent for bronchial trouble, throat tickle, sore lungs and asthma, and an unequalled remedy for whooping cough.
This recipe for making cough remedy with Pinex and Sugar Syrup (or strained honey) is a prime favorite in thousands of homes in the United States and Canada. The plan has been imitated, though never successfully. If you try it, use only genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and is rich in gualacol and all the natural healing pine elements. Other preparations will not work in this recipe.
A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Toronto, Ont.

Harbor Grace Notes.

Mr. H. H. Archibald returned from St. John's by last night's train. The writer received word a few days ago from Mr. I. Strowbridge, late C. of E. Teacher at Upper Island Cove, but now at a Montreal College. Mr. S. is quite well, pleased with Montreal, and desires to be remembered to all his friends. "Don't forget to send me the Telegram," is underlined in his note.

Workmen are now employed at the new C. of E. High School, on Harvey Street. Mr. Albert Rogers is in charge of the work, a sufficient guarantee that the work will be well done.

A number of young men and boys, sometimes as many as twenty, congregate nightly at the foot of Noad Street, and their conversation is not at all times very edifying. The neighbors have repeatedly complained to the police, but the nuisance, for such it really is, still continues. The practice should be stopped, even if His Honor Judge Oke had to be asked to say a word from the Bench on the subject.

Mr. Nicholas Peddle, of Bristol's Hope, who has not been feeling in his usual good health lately, but who is much improved was able to take a short visit to town a day or so ago. We hope he will soon be in his former good health.

Quite a number of rabbits were in the market this morning, and sold for 35 and 40 cents per pair.

The schr. Studlands, Capt. Parmiter now loading freight for St. John's, and expects to leave to-morrow morning.

H.P. SAUCE

At Lunch Time

Make a point of trying H.P. Sauce, you will be delighted with the new and delicious flavour—quite distinct from ordinary sauces.

In Aid of College.

A tea was given in St. Bonaventure's College last evening in aid of the Building Fund. A musical programme was also rendered in a very successful manner. Miss Burnham played a piano solo; Miss Strang sang the "Carnival"; Mr. McCarthy, "For All Eternity" and "She is Far From the Land"; Miss A. Burnham rendered "The Words" very acceptably, and Mr. McCarthy delighted the audience with an overture from Maritana; Miss Elsie Herder delighted the audience with her thrilling rendition of "The Rosary" which was warmly applauded. The Misses Strang (2) followed with "Vainka" and "The Wren"; and Miss Sybil Johnson rendered two violin solos which were greeted with well merited applause. The tea last evening was served by Mrs. O'Dea and Miss Ryan. Next week tea will be served by Mrs. Meehan and Mrs. O'Flaherty. A sum of \$24 was realized last evening.

Good Football.

Yesterday afternoon on St. George's Field the teams of the St. Bonaventure's and Bishop Field Colleges met in a very closely contested football match. In the first half the Fieldians played a rattling game and walked over their opponents. In the second half the St. Bon's worked hard, but the defence of their opponents was admirable, and 20 minutes had passed before they scored. Two other goals were soon added and St. Bon's were victorious by 3 goals to 2.

C.C.C. Ignored.

There is much comment in Brigade circles generally, and indignation amongst supporters of the C. C. C. as to the omission of the Corps from the pictures shown at one of the Nickels. The pictures were taken months ago for the Festival of Empire exhibit. The whole Battalion was mustered out for the pictures, entailing no little trouble and were photographed as they made the various evolutions. We hear that the Lieut. Col. of the Corps has written His Excellency the Governor on the matter.

Thieves at the Show.

Sneak thieves were at work yesterday afternoon while the cattle show was on. While Michael Richards, of Topsail Hill was looking at the live stock some person went to his carriage and stole one of the lights valued at \$3. Mr. Richards was surprised on seeing it gone when he returned to his fit out. A party seen sneaking about the carriage is strongly suspected. Several parcels were also stolen from the express of a man named McCarthy, of Horse Cove, and valued at \$3.

HUNTING THE WHALE.
The whaler Port Saunders which came here Tuesday for bunker coal, leaves to-day to continue the fishery. Since starting she has secured 17 whales in the Bay, and some of them are excellent fish.

COBBISH STILL PLENTIFUL.
At Torbay, Flatrock, Pouch Cove and other places near coddish are now far more plentiful than at any time during the summer. Yesterday all the boats were out on the grounds, and with squid bait did splendidly, and the boats took four and five quintals.

ARRESTED FOR BARRATRY.

Supt. Grimes had a telegram yesterday from Constable Quinlan, at Bay of Islands stating that he had arrested William Butt, the master of the schooner Livonia which it is alleged was cast away with her fish cargo at Isle aux Bois.

RECOVERED FROM WRECK.

Mr. Angel, of Petty Harbor, while at the scene of the wreck of the Regulus a couple of days ago, jiggered from the bottom a man's rain coat, in the pocket of which was a book which would go to show that the coat was owned by Capt. McNeil, the chief officer of the vessel. Another coat found contained a briar pipe in one of the pockets.

STREET CARS PACKED.

Nightly since the Manufacturers' Exhibition opened the street cars have been largely patronized by visitors to the Rinks. From 7 to 8.30 last evening car after car passed down Water Street or went up around the belt. Once they rushed into the cars in such numbers that they overcrowded them and the conductors had to call on the police to get the surplus numbers to leave and wait until other cars came to

Indigestion & Dyspepsia

In all its Forms can be Cured. It is quite a daily occurrence to hear persons say: Oh, what a feeling of distress I have after meals, fullness of the stomach, heaviness and headache, I feel too tired to do anything, I have no heart to exert myself and at times I care for nothing. I often have a pain in the pit of my stomach, no appetite, my heart beats rapidly or the slightest exertion. I feel just as tired when rising in the morning as when retiring to bed. My sleep is often disturbed, and I often awake with a sense of suffocation and a difficulty of again going to sleep. I have to be careful of what I eat, and my life seems a veritable burden.

Now, it seems a shame and a pity for persons to be suffering like that when it is in their power to get cured by taking a Bottle of Dr. Stafford's Prescription A. A sure cure for persons afflicted with stomach troubles. It can be obtained at

Men Reported Missing.

PROGRESS SENT IN SEARCH
Yesterday shortly before 2 p.m. word was received from Bell Island at Portugal Cove to the effect that 4 men, residents of Broad Cove, had left Tuesday to go to Bell Island, and that their boat had gone in on Little Bell Island and had been smashed up in the surf. It was stated that the men were on the island, having spent the night there, and had no means of getting off. The authorities sent a message to the D. I. S. Co. telling them of the occurrence and asking that the men be taken off the island in their launch and conveyed home. The Progress being at Portugal Cove could not then be had, but Geo. Neal having been notified of the matter by Mr. Martin immediately instructed the captain of the tug to go in search of the missing ones. The captain of the vessel was told to use every effort to locate the men and bring them home when found. Mr. Berteau, the Sub-Collector at Bell Island, went on the Progress in the search of the missing men, went all around the island but could see no trace of them. He was then told to go to Broad Cove to ascertain if they had returned, and if not to take a policeman and continue the search. The belief last night was that the men had been taken off the island by a boat from Broad Cove.

PASSENGERS FOR EXHIBITION.
—By last night's train about 100 persons came in from different parts of Conception Bay to see the Industrial and Agricultural Exhibitions.

"Had Colds in the Head for Years."

CURED BY DR. BOVEL'S MENTHOL INHALER.
Dr. Bovel's Menthol Inhaler gives instant relief in cases of inflammation of the mucous lining of the nose, throat, eye or intestines—in less than a minute after the first application the air passages are freed, and the breathing becomes natural and easy—the most acute attacks of cold in the head are cured in a few hours—cures incipient catarrh in a few days—and will permanently cure most chronic cases in from one to three months—it allays pain—counteracts all foulness of the breath—heals the ulcers—and in an incredibly short while absorbs and dries up all discharge.

St. Polycarpe Jet, Quebec.
Dear Sir—
I had been suffering from severe colds in the head for years, had tried all kinds of remedies, but could not get relief. Your menthol inhaler was recommended to me, and after using it freely for a short time I found great relief and now am perfectly cured.
I will recommend it to my friends, as I am convinced it will not fail to cure whoever will use it.
Your truly,
ALICE CLEMENT.

POLICE COURT NEWS.

To-day a young man who was charged with assaulting and beating his mother was asked to give two sureties in \$50 each or go down for 2 months.

Rossiter & Co. vs. C. L. March and J. J. Rossiter. This case has been up for hearing before Judge Conroy the past few days. It was an action on a promissory note for \$100 made by H. T. Power in favor of March and Rossiter. March and J. J. Rossiter endorsed it. Power said March says that the note was made for the purpose of getting a third endorser; when it was to be discounted and out of the funds Power was to buy a schooner. Power says that failing to get the third endorser he returned the note to Rossiter for destruction and he understood that Rossiter had destroyed it. Rossiter, however, contends that the note was given in payment of debt and put to the credit of Power's account with him. The evidence closed yesterday and an argument between the legal men in the case will be heard on Wednesday next. Mr. Squires for plaintiff, Mr. Blackwood for defendant.

Fogata Will Be Altered

The Fogata which will prosecute the seal fishery next spring will be considerably altered we understand to fit her for the voyage. The after wheel deck will be made flush and other improvements will be effected. The ship will be thus enabled, should she secure a load of fish, to carry 20,000 seals which we hope she will enter port with. The Fogata is a fine compartment ship and will carry a crew of 160 men.

Prizes Awarded.

Short Horn Bull (one year old)—1st prize, F. Chafe, Goulds Road.

Holstein Bull (under 12 months)—1st prize, W. Field; 2nd prize, George Cook.

To be continued.

Bonaventure Here.

The s.s. Bonaventure, Capt. C. Cross, arrived at A. J. Harvey & Co. to-day at 11.30 with a cargo of anthracite coal from Philadelphia. The vessel had a good run down and had fine weather except for the last couple of days, when thick fog and a stiff N.E. wind prevailed. The ship left here on May 19th last to engage in the fruit trade, and ran south from New Orleans, Mobile and other ports to Costa Rica and Jamaica. One accident occurred on the ship, some weeks ago when one of the crew, named Carbery, was drowned, as exclusively reported in the Telegram. The ship will later be dry docked for an overhaul and repairs preparatory to getting ready for the seal fishery. The Bonaventure makes another trip south and will be back here by the middle of November.

The Dundee arrived at Port Blandford at 1.45 a.m. to-day.

The Ethel arrived at Clarendville at 1.15 p.m. yesterday.

The Glenora left Fortune at 3 p.m. yesterday and is due at Placentia this a.m.

The Home left Bay of Islands at 7.10 p.m. yesterday.

The Lyvermore is north of Twillingate.

TRAIN NOTES.
The west bound express arrived at Port aux Basques at 1 a.m. to-day.

The incoming express arrived at St. John's at 12.40 p.m. to-day.

The local arrived at noon to-day bringing, F. H. Hue, Jas. Kavanagh, and about 100 from Conception Bay to see the exhibition.

A LINER OUTSIDE.

This morning Mr. Tasker Cook had a message from the s.s. Texas via Cape Race, stating that that ship was off the coast and asking if she could get a supply of coal here. She is a large steamer, one of the liners plying between the United States and Norway. Evidently had her bunkers depleted in stormy weather and wants to replenish them. She should arrive to-night if not prevented by fog or she may make for Louisbourg.

Broad Cove Men Safe.

The Broad Cove men reported to be on Little Bell Island all Tuesday night, and who, it was stated, had their boat smashed up in the surf, reached home yesterday afternoon. It was incorrect that their boat had been demolished. The men hauled her up on the beach and were comfortable enough on there as there is a camp there and huts used by men who were fishing there all summer for lobsters and cod. There was no necessity for the scarce created about them.

Here and There.

Stafford's Prescription "A" cures Indigestion. oct29,11.

WILL BE DOCKED.—The S. S. Bonaventure will be docked for an overhauling to-morrow.

WEATHER REPORT.—Along the line to-day the wind is S. E., light, dull; temperature 30 to 50 above.

COAL MINING EXPERT.—A coal mining expert arrived by the express to-day. He will go out to examine the coal seams about Grand Lake and Codroy.

Amongst the passengers who came in by the express to-day were—W. Horwood, Mrs. Crawford, Miss Finn, Mr. Gale, W. D. Reid, Miss Cobb and Mr. Johnson.

RAILWAY INSPECTION.—Mr. W. D. Reid Esq., President of the R. N. Co., returned from Trinity to-day by the private car Terra Nova, having inspected the railway line from Trinity to Port Rexton and vicinity.

SEWING MACHINES.—Great reduction November month only. To close large stock we are offering big reduction on Hand and Foot Machines November month. Call early. CHESLEY WOODS, 140 Water Street—nov2,11.

SHOULD BE REPAIRED.—The condition of Boggan Street and Henry Street now is in a pretty bad state at present, both thoroughfares showing many ruts and holes. For the benefit of those who pass there nightly the place should be repaired.

YOUTHFUL FISH KILLER.—At St. Jones Without there is still plenty of fish on the ground, and boats get 1 and 2 crabs daily on trawls. Joseph Green, son of Gaspard, who is only 15 years old, each day takes his boat out and gets a good haul. He has been skipper of the boat now for three years.

A GENEROUS ACTION.—The Bell Island S. S. Co., of which Mr. George Neal is agent, yesterday forenoon put their steamer Mary at the disposal of the school children of Bell Island and left for Portugal Cove at 10 a.m. with a load of youngsters. They came to the city and visited the Exhibition in the Rink, returning home at 6 p.m. delighted with what they had seen.

Young girls frequently require a good invigorating and blood making tonic. For this purpose nothing equals Ferrovim, which is prepared from fresh lean beef, Citrate of Iron and pure old Spanish Sherry Wine. It soon brings color to the cheeks and strengthens the whole system. \$1.00 a bottle.

GLENCOE'S PASSENGERS.—The s.s. Glencoe arrived at Placentia this morning bringing Dr. Bullard, M. A. Rogers, F. Levesque, F. Lake, C. Mead, M. Sharpe, J. Hanna, R. Kent, Capt. Bowring, Capt. Woodland, Lieut. Anstey, T. Walsh, M. Tarrant, A. Connor, F. Walker, W. Grant, Capt. Verge, Thos. Walker, W. Noonan, G. Ellsworth, Miss Bennett, Miss Rowse, Miss Wilcox, Mrs. Grandy and 15 second class.

No More Misery in the Stomach.

Indigestion, Gas, Heartburn or Dyspepsia vanish in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch Gas and Eructate sour, undigested food, or have a feeling of Dizziness, Headache, Flatulency, Nausea, Bad taste in mouth and stomach headache—this is Indigestion.

A full case of Pepp's Diapepsin costs only 50 cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or Indigestion.

Ask your pharmacist to show you the formula plainly printed on these 50-cent cases, then you will understand why Diapepsin trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or Indigestion in five minutes. Diapepsin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for Biliousness or Constipation.

This city will have many Diapepsin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for Indigestion or Gastritis or any other Stomach misery.

Get some this minute, and forever rid yourself of Stomach Trouble and Indigestion.

ST. PETERSBURG, Nov. 2. Drachofski, former head of the Russian Secret Police, died suddenly last night at Vitebsk. He was prominently identified with the investigation of Axel Hest of the fighting Russian Socialists, who was declared to be a Government spy, and M. Lopukine, a former Director of Police in the Department of the Ministry of Interior and with Father Capon at fair.

Special to Evening Telegram.

SAN SALVADOR, Nov. 2. It is reported here that the General Jose Valladares, ex-Governor of Amalapa, Honduras, who was deposed from office by President Davila, and recalled to Tegucigalpa, has returned to Amalapa in order to hand over his command to his successor, and openly declared himself against the Government. It is alleged that he has attacked the U. S. Consular Agent and committed other excesses.

GLOUCESTER, Mass. Nov. 2. The most dismal failure in the history of the industry is the general verdict of the Gloucester fishermen on the State Mackerel fishing for 1910 which is ending its season with only two or three vessels yet to come into port. The total catch of salt mackerel for the season has only been 3,165 barrels, compared with 12,300 barrels in 1909 and 20,428 barrels in 1908, both of which were disappointing as compared with a total catch of 300,000 barrels landed within a period of 8 months a few years ago. This year the catch of fresh mackerel has been almost as much a disappointment as the small catch of the salted product. The southern mackerel fishery was practically a complete failure, although the fish were abundant off the Massachusetts coast. The total of fresh mackerel landed this year was only 19,835 barrels against 46,423 in 1909 and 47,571 barrels the year before.

Cable News.

Special to Evening Telegram.

PARIS, Nov. 2. The French Cabinet resigned to-day. Although the fact that there was a divergence of views among the ministers concerning legislative measures designed to prevent crises similar to that brought about by the recent railway strike, was well known, the resignation created a sensation, as had been expected that Premier Briand would remain and remodel the Ministry in harmony with his views on a parliamentary programme to meet future strike crises. The exact nature of Briand's programme has not been announced but it is understood that both Miller, Minister of Public Works, Posts and Telegraphs, and M. Viviani, Minister of Labor, dissented, particularly Miller, who insisted upon the principle of arbitration.

The July 23rd Premier Briand Ministry, which succeeded the Clemenceau Ministry on July 23rd, unexpectedly resigned to-day in consequence of the bitter attacks made in the Chamber of Deputies upon the Government's action in suppressing the recent railroad strike and proposed legislation for the avoidance of a similar crisis in the future. A strong Republican majority in the Chamber voted confidence in the Government, but at a meeting of the Ministers, dissensions developed and Briand announced that new and serious problems had grown out of the labor troubles, that must be met by a united ministry. Accordingly he suggested the retirement of himself, and associates. It is believed that President Fallieres will ask Briand to form a new Cabinet and it is expected that he will remodel the retiring ministry in harmony with his views on a parliamentary programme to meet the crisis resulting from the strike. It is likely that Foreign Minister Pichon, Minister of Commerce, Deputy Minister of War Bruns and Minister of the Navy Lapreyese, will remain in the new Cabinet. Miller, Minister of Public Works, Post and Telegraph, and M. Viviani, Minister of Labor, dissented from Briand's programme and their retirement is likely to be permanent. Miller especially was dissatisfied in assisting that the principle of arbitration should be recognized more broadly by the Government. This afternoon President Fallieres asked Briand to form a new Cabinet and the latter accepted the task.

LONDON, Nov. 2. Melton Prior, the War Correspondent and Artist, who saw about 24 campaigns and revolutions, died to-day.

LONDON, Nov. 2. The Municipal elections throughout England and Wales show considerable growth in the Labor and Socialist parties. The women candidates fared badly.

Special to Evening Telegram.

PARIS, Nov. 2. Last night's rumor of a revolution in Spain and of which there was no subsequent confirmation at the Gaultois office appear to be a street riot at Barcelona in which several persons were killed or wounded. Nothing whatever in support of the rumor developed.

Special to Evening Telegram.

MONTVIDEO, Nov. 2. The Revolutionary leaders have agreed to disperse and disarm, provided the candidacy of Jose B. O'Leary for the Presidency is withdrawn. The Government has increased the severity of censorship and has stopped the sale of Argentine newspapers.

Editor Evening Telegram.

MADRID, Nov. 2. The rumors of revolutionary outbreaks in Spain, particularly in Barcelona, are without foundation. Calm is reported throughout the country. The above despatch direct from Madrid disposes of the rumor given currency last night of a revolutionary outbreak in Spain. A despatch from Paris to the London Daily Telegraph stated that a rebellious movement had begun in Madrid.

ST. PETERSBURG, Nov. 2. Drachofski, former head of the Russian Secret Police, died suddenly last night at Vitebsk. He was prominently identified with the investigation of Axel Hest of the fighting Russian Socialists, who was declared to be a Government spy, and M. Lopukine, a former Director of Police in the Department of the Ministry of Interior and with Father Capon at fair.

Special to Evening Telegram.

SAN SALVADOR, Nov. 2. It is reported here that the General Jose Valladares, ex-Governor of Amalapa, Honduras, who was deposed from office by President Davila, and recalled to Tegucigalpa, has returned to Amalapa in order to hand over his command to his successor, and openly declared himself against the Government. It is alleged that he has attacked the U. S. Consular Agent and committed other excesses.

GLOUCESTER, Mass. Nov. 2. The most dismal failure in the history of the industry is the general verdict of the Gloucester fishermen on the State Mackerel fishing for 1910 which is ending its season with only two or three vessels yet to come into port. The total catch of salt mackerel for the season has only been 3,165 barrels, compared with 12,300 barrels in 1909 and 20,428 barrels in 1908, both of which were disappointing as compared with a total catch of 300,000 barrels landed within a period of 8 months a few years ago. This year the catch of fresh mackerel has been almost as much a disappointment as the small catch of the salted product. The southern mackerel fishery was practically a complete failure, although the fish were abundant off the Massachusetts coast. The total of fresh mackerel landed this year was only 19,835 barrels against 46,423 in 1909 and 47,571 barrels the year before.
