The copy filmed here has been reproduced thanks  
to the generosity of:

D. B. Weldon Library  
University of Western Ontario  
(Regional History Room)

The images appearing here are the best quality  
possible considering the condition and legibility  
of the original copy and in keeping with the  
filming contract specifications.

Original copies in printed paper covers are filmed  
beginning with the front cover and ending on  
the last page with a printed or illustrated impres-  
sion, or the back cover when appropriate. All  
other original copies are filmed beginning on the  
first page with a printed or illustrated impres-  
sion, and ending on the last page with a printed  
or illustrated impression.

The last recorded frame on each microfiche  
shall contain the symbol → (meaning "CON-  
TINUED"), or the symbol ▽ (meaning "END"),  
whichever applies.

Maps, plates, charts, etc., may be filmed at  
different reduction ratios. Those too large to be  
entirely included in one exposure are filmed  
beginning in the upper left hand corner, left to  
right and top to bottom, as many frames as  
required. The following diagrams illustrate the  
method:

L'exemplaire filmé fut reproduit grâce à la  
générosité de:

D. B. Weldon Library  
University of Western Ontario  
(Regional History Room)

Les images suivantes ont été reproduites avec le  
plus grand soin, compte tenu de la condition et  
de la netteté de l'exemplaire filmé, et en  
conformité avec les conditions du contrat de  
filmage.

Les exemplaires originaux dont la couverture en  
papier est imprimée sont filmés en commençant  
par le premier plat et en terminant soit par la  
dernière page qui comporte une empreinte  
d'impression ou d'illustration, soit par le second  
plat, selon le cas. Tous les autres exemplaires  
originaux sont filmés en commençant par la  
première page qui comporte une empreinte  
d'impression ou d'illustration et en terminant par  
la dernière page qui comporte une telle  
empreinte.

Un des symboles suivants apparaîtra sur la  
dernière image de chaque microfiche, selon le  
cas: le symbole → signifie "A SUIVRE", le  
symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être  
filmés à des taux de réduction différents.  
Lorsque le document est trop grand pour être  
reproduit en un seul cliché, il est filmé à partir  
de l'angle supérieur gauche, de gauche à droite,  
et de haut en bas, en prenant le nombre  
d'images nécessaire. Les diagrammes suivants  
illustrent la méthode.

# AMERICA IS BOUND TO SHINE !!

The Attention of the Public is called to the Merits of the  
**Universal - Metall - Putz - Pomade !!**

None genuine without the name of **ADOLF GOHRING & CO.** on the cover.

An article recently introduced into this country for the Polishing of Metals, from the finest Gold and Silver to the roughest Brass, Copper or Tin.

As a polish, it is a wonder worker, and it is bound to become the favorite with everyone that has occasion to polish metals.

With this Pomade you can polish a spoon, a cup, a watch, or any similar article while you are shaking the bottle or getting ready to work with a liquid polish.

Metallic trimmings on Harnesses, Carriages or Furniture can be polished without being removed and without danger of soiling or injuring the finest leather or woodwork.

It is not only for use in and by the Household, but should be used in the Factory, the Workshop, the Warehouse, the Store, the Office; on the Locomotive and Fire Engine, on the Steamboat, on the Yacht; by the Manufacturer, by the Mechanic, by the Sailor, Soldier and Musician.

It is invaluable for the polishing of Scales, Show Cases, Musical Instruments, and especially Metals with rough surface, where it is difficult to apply liquid or powder polishes.

It will polish Gold, Silver, Copper, Brass, Tin, Nickel Plate or any other Metal.

It will not scratch or injure the finest gold. It will polish quicker than any other article.

It will polish easier than any other article. It makes all metals shine brighter than any other polish. It produces a polish that stays very much longer than that produced by any other article.

It is the best polish you can use. It is the cheapest polish you can use.

It is truly a wonderful polish.

#### Directions.

Take a small quantity of the Pomade on a soft cloth, rub the article to be cleaned briskly a few seconds; afterwards wipe off with a clean, dry cloth.

This Pomade will not run like a liquid, or make a dust like a powder polish; consequently it will not, like them, soil or stain the adjacent parts of any article on which it is used.

## FOR SALE EVERYWHERE.

### GET A BOX!!

Try it on the Brass Water Faucet,

and you will soon become interested, and turn your attention to the nickel plating on the stove; then, after skirmishing through the silver ware, you will fix the blackest part of the coffee pot so that you can use it as a mirror. If you can think of any old brass on the premises that has not been cleaned for a generation, shine it up, to make sure there is no humbug about the polish. Now give your watch just twenty seconds labor, and by that time you will feel obliged to find and tell some one of the merits of this wonderful article, and ever after you will be a walking and a talking advertisement of the
