JAPAN MAN GIVE CHINA GUARANTEES ON SHANTUNG ISSUE

Diplomatic Discussions Now in Progress, and President Wilson is Hopeful. Washington, July 25.—Diplomatic discussions with Japan over the Shantung provision in the peace treaty have reached a stage where President Wilson is represented as very hopeful of developments within a few days that will clear the air and remove much of the opposition to the provision in the treaty.

This interpretation of the president's expectations was expressed by Senator Spencer, Republican, Missouri, after a long talk with Mr. Wilson today about the treaty. The senator declined to go into details as to the exact steps being taken, and both the White House and the state department were silent on the subject.

The reservations covered the Monroe doctrine, withdrawal, Shantung, national determination of domestic issues and independence of action under article ten. Mr. Spencer told the president that without some such qualifications the treaty never could be ratified, while if they were included ratification would come quickly.

Notice also was taken at the White House during the day of senate discussion of the defensive treaty with France, which Senator Lodge and others have charged the president is withholding from the senate.

Regard being had to the Shantung provision, the president said he would not begin until about August 10 and may continue for several weeks.

CHOLERA INFANTUM

Cholera infantum is one of the fatal ailments of childhood. It is a trouble that comes on suddenly, especially during the summer months, and unless prompt action is taken little one may soon be beyond aid. Baby's Own Tablets are an ideal medicine in warding off this trouble. They regulate the bowels and sweeten the stomach and thus prevent all the dreaded summer complaints. They are an absolutely safe medicine, being guaranteed by government analyst to contain no opiates or narcotics or other harmful drugs.

MRS. JAMES STOCKLEY NO PROHIBITIONIST

WARN MEN AGAINST O.B.U. ORGANIZATION

Montreal, July 25.—The first meeting of the Canadian workers federation of returned soldiers and sailors was held last evening when the aims of the organization were explained and approved by the large crowd present. A warning was uttered against the organization having anything to do with the industrial council or any other organization with the O. B. U. connection, it being stated that these organizations were trying to exploit returned men, and were in the main composed of a revolutionary element, which at the critical period of the war had done all it could to hamper the production of war materials, so badly needed by the men at the front.

PLENTY OF SUGAR IN UNITED STATES

New York, July 25.—The war department has sold to the United States sugar equalization board 37,000,000 ounces of refined sugar, it was announced here today by Geo. A. Zabriskie, president of the board, who declared there is "abundance" of raw sugar in the country, that retail prices should not exceed 11 cents a pound and that there is no need of hoarding. The head of the sugar equalization board charged the apparent shortage to speculative "exporters" and belated orders from canners and confectioners. He said, New England having refined sugar stocks sufficient for six months.

ANOTHER SEAT FOR P. E. I. CONSERVATIVES

Charlottetown, P.E.I., July 25.—The Examiner, Independent-Conservative, attributes the fall of the government in a measure to the soldiers' vote. Revised returns show another seat for the Conservatives. H. D. McLean of Souris, son of Senator McLean, his majority is 17. This leaves 25 Liberals and five Conservatives.

Do not suffer another day with itching, burning piles. No matter how long you have had them, they can be cured. Dr. Chase's Ointment will relieve you at once and as certainly cure you. CHATHAM HOLDERS TO LODGE PROTEST

Standard Reliance Share and Debenture Holders Against Reorganization. Chatham, Ont., July 25.—Although a majority of the depositors and debenture holders of the Standard Reliance Loan Company last night approved of the reorganization of the company for holding the assets, the minority of the meeting will take steps to lodge a strong protest against such reorganization at the general meeting to be held in Toronto, it was reported today. The opponents to the scheme proposed to hold a meeting in the near future to arrange for a strong representative voice their opposition to the Toronto meeting. They claim that the reorganization scheme is being tried for the first time in Ontario, and they claim it is more or less an experiment.

Taft's Proposal Would Bar Canada, Doherty Declares

Right of Dominion in League Council Was Insisted on at Peace Conference. Ottawa, July 25.—Ex-President Taft's suggested modifications in the league of nations—modifications which would exclude Canada and the other British dominions from the league council—to most objections encountered in the United States senate, today brought the following statement from Hon. C. J. Doherty, minister of justice, and one of the Canadian signatories of the treaty: "A reservation stated to have suggested in regard to the representation of the dominions on the council of the league of nations would involve the modification of the government upon a matter which formed a most material condition of the present treaty of the dominions, and Canada in particular. Rights of Canada. What Mr. Taft is said to suggest would absolutely exclude Canada from the council under the provisions of the covenant was insisted upon by her representatives, and that those provisions conferred upon her that right was clearly understood and unequivocally recognized by all concerned. A reservation in effect negating that right would involve a change in the contract—after acceptance and signature by all parties—in regard to a matter which from the dominions' point of view is of its essence. As such it is clearly inadmissible and not distinguishable from a refusal to ratify."

CONSIDERATION FOR SOLDIERS

Special consideration will be urged by the Chatham creditors on behalf of all returned soldiers whose moneys are invested in the default company. It was stated also that a sale of realty was under way, which, if consummated, would net the creditors a tidy sum towards a further dividend. Geoffrey T. Clarkson, official liquidator, estimated the cost of administration, exclusive of clerical and other expenses, at \$20,000 a year. To operate under liquidation pending the sale of assets would cost at least \$50,000 a year for the same services. Estimating that it would take five or six years to dispose of the assets, the difference in expense would amount to at least \$200,000. Save Large Sum. Whether or not there was to be reorganization or immediate liquidation, Mr. Clarkson said, the office staff in Toronto would be reduced to about half, would have to be maintained for one, two or three years.

Veterans Urge Commission to Fully Investigate Bolshevist Campaign.

TO APPROACH PREMIER Felicitations for Convention on Attitude Taken Towards Profiteering.

Montreal, July 25.—A resolution condemning Bolshevism and the One Big Union idea in Canada was passed at the meeting of the Army and Navy War Veterans in the Windsor Hotel this morning. It was sponsored by Messrs. Brown, Wilkinson and Edmen of Winnipeg. The resolution places the veterans on record as deeming it of vital importance that a commission with national power be appointed by the Dominion government to fully investigate the Bolshevist campaign in Canada. Its object and propaganda, by whom financed, etc. A copy of this resolution will be sent to Sir Robert Borden and Hon. Arthur Meighen. The convention also adopted the resolution of the Winnipeg unit demand-

ing governmental action with regard to war profiteering and food prices. Receive Congratulations. A telegram of congratulation on the stand taken by the convention in the matter of profiteering was received from W. H. Price of the Ontario Legislature, who has instituted such a strong movement against the profiteer. This message reads: "Congratulations on veterans' stand on profiteering. I predicted in the Ontario Legislature last fall that the soldier would make the profiteer disgorge. More power to your association." The establishment of a soldiers' and

sailors' home, controlled by the Dominion executive of the Army and Navy Veterans, was proposed by the Halifax members, President George C. Cook and J. R. Monahan. The convention raised this resolution by a unanimous vote. Necessity for the establishment of national cemeteries and a request that the government take over the "Last Post" fund and other similar organizations for the proper burial of sailors and soldiers was put before the convention in the form of a resolution and passed.

VETERANS CRITICIZE POLICY OF D. S. C. R.

Trouble is promised unless the D. S. C. R. changes its alleged policy of employing men who never left Canada. The D. S. C. R. is a department which deals alone with returned men, and veterans have expressed the opinion that only men with service records in France or Britain should be employed. District Secretary J. V. Conroy of the G.W.V.A. reported one case in which the wife of a draftee was employed with the department and also employed to the detriment of a returned man who had taken the position now held by her. It was pointed out that this position of ineffectiveness in basket-making could at least have been given to a woman who was both living upon her own resources and who had been service in Britain.

Q. O. R. PROVIDES GUARD.

For the third day of H. R. H. the Prince of Wales' visit to Toronto the guard of honor will be provided by the Queen's Own Rifles. It is being composed entirely of veterans under the command of Major C. C. Wansborough, D. S. O., and bar. Veterans who enlisted thru the Q. O. R. are being asked to attend at the armories at 8 p.m. Monday.

FINAL HONORS PAID COMRADE.

Comrade William Hill, who recently died in the Guelph Military Hospital,

was accorded the last rites with full military honors yesterday afternoon at Prospect Cemetery. West Toronto G.W.V.A. taking charge of the arrangements of the funeral. A large number of comrades were present to do final honor to a much beloved member of the C.E.F. The remains were carried from the home of the late soldier's parents at 16 Royce avenue, and were interred in the veterans' corner at Prospect Cemetery.

RECEIVED MONS STAR FOUR MONTHS AGO

Another proud father whose son gained the Mons Star has communicated with The World. Apparently he received his son's decoration earlier than did Comrade Moncur, the well-known D.C.M., M.M. member of Riverdale G.W.V.A. The latest case is that of George N. Dumbur, 10 Coxwell avenue, who received the Star four months ago in respect to his son, who was wounded in August, 1914, and again on November 22, being listed among the missing on the latter date. This son, George, enlisted with the Queen's Own Cameron Highlanders. Another son, in Canada, Bertram Mitchell Dumbur, who enlisted with the 157th Simcoe Foresters, was killed in action two years ago. This son enlisted to avenge the death of his elder brother. The father is himself an old campaigner of the Queen's Own Cameron Highlanders.

VICTIM AT EPSOM ALSO A SOLDIER

Charles H. Stock of 55 Moscow avenue, who is a friend of long standing of the late Sergt. Green of the Epsom police force, who was killed during a melee with a band of hoodlums while on duty, stated last night that he resented the alleged attitude of the provincial secretary of the G.W.V.A., Comrade W. E. Turley, who is understood to have decided to take action to have the sentences commuted of those men who were sentenced to one

year's imprisonment for alleged complicity in the attack upon the Epsom station. Comrade Stock stated that it was evident that many veterans while remembering their comrades overseas were prone to forget the widows and children who suffered as the result of a mere minority of real Canadian soldiers was connected. Comrade Stock further ventured the hope that the boys in Canada would remember that the King and country as a soldier.

FOR CONSIDERATION OF BONUS FOR SOLDIERS

Ottawa, July 25.—When the Dominion convention of the G. W. V. A. met in Vancouver three weeks ago a resolution calling upon the government to pay returned soldiers bonuses amounting from \$1,200 to \$2,000 was introduced by Calgary delegates. A compromise was reached in the matter by the association committing itself to the principle and calling for a joint parliamentary and G. W. V. A. commission to thoroughly investigate the policy of such a scheme. President W. P. Purney, who left Ottawa last night for Nova Scotia, announced yesterday that in the event of the government providing such a bonus to the representatives of the G. W. V. A. would probably be G. W. Wastrell, Calgary, Dr. C. E. Wilson, Toronto, and G. C. MacDonald, Montreal. "Upon the return of Prime Minister Borden," he said, "representations will be made on behalf of the association requesting the early appointment of such a commission.

GRATUITY COMMITTEE APPOINTED.

Central branch, G.W.V.A., was in glad vein yesterday afternoon upon learning that Comrade C. E. Wilson, the president of the branch, had been honored as one of the members comprising the G.W.V.A. committee which is to confer with a parliamentary committee to adjudge the best means of granting an establishment bonus to

the returned men with overseas service. It was pointed out that there was no question of any gratuity for services overseas. The Calgary resolution had been substituted by another calling for the consideration of a reserve establishment bonus for all returned men as a means of putting them upon their feet financially so as to give them an equal chance with the men who remained out of the army during the war. The committee comprises Comrade C. E. Wilson, Comrade George Wastrell of Calgary, the formulator of the resolution, and Comrade H. G. MacDonald of Montreal.

RIVERDALE GOING STRONG.

Riverdale G.W.V.A. has signed up 40 new members since the last meeting, which was held little more than a week ago. The stand taken by this branch upon the gratuities question is said to be largely responsible for the membership which is rolling in.

COMRADE MONCUR WELL KNOWN

Comrade Moncur, whose son gained the Mons star, which is acclaimed as the first received in Canada, is himself a doughty Scotsman, who saw service with one of the most famous of the Canadian-Scottish regiments. He gained the military medal and D.C.M. for splendid service and courage shown on the fields of Flanders. He returned to Canada a few months ago and since his return has been one of the most active members of his branch, Riverdale G.W.V.A.

MYSTERIOUS DEATH OF COLORED POET

Toronto Analysts Investigating Stomach of Owen Sound Restaurateur.

Toronto analysts are endeavoring to unravel the mystery surrounding the death of Lawrence Burton of Owen Sound, a highly esteemed colored veteran and a poet and writer of considerable merit. A portion of the stomach has arrived in the city for examination, and the Owen Sound jury is awaiting the return of the official report before concluding the inquest.

The sudden death of the veteran on Sunday afternoon last has caused a sensation in the northern city, where the wildest rumors are afloat.

Adicted to Drugs?

Immediately following the death of Burton, Coroner Dr. W. G. Dow decided that an inquest would be necessary to try to throw some light on the matter. Burton had been up late with friends, but was at work again early in the morning, and served a number of customers in his restaurant between 7 and 7.30. He then went to bed and when called later did not respond. He was found to be in a stupor, and Dr. Gavilier was called but was unable to bring him around, and he passed away during the afternoon, undoubtedly from the effects of a drug. It is stated that at one time Burton had been addicted to drugs, but whether this is so or not is a matter which is so far from the mind of the coroner's jury remains to be seen. A coroner's jury was empaneled Monday morning, met at Messrs. Fulton and Smith's undertaking parlors on Monday forenoon and after viewing the body and hearing a statement from the coroner it adjourned. The autopsy was performed and a portion of the stomach sent to Toronto for analysis.

WAR GOVERNMENT SHOULD STEP DOWN

Time to Re-establish Responsible Party, Says Mayor Church.

The resolution passed by the executive of the Conservative Association favoring the traditional policy that has ever governed the actions of the Liberal-Conservative party in our Dominion...

Under the party system the war-time franchise act was passed, and when enemies and others who would not fight for Canada could not vote...

It is high time a Conservative convention was called. The leaders do not desire a convention, but the rank and file of the party do.

Against Rank and File. "I am sorry the Toronto Conservative leaders did not go on with the program for a provincial convention."

In my opinion, no one could be elected as a Unionist in the Toronto district today if a seat were opened.

The country has lost faith in the Union government. If it ever had in the so-called Union government and the Conservative Party in Ontario who led a great party are to blame for leading the Toronto district into Unionism.

They should go back to the party system as soon as possible, so that the country would have responsible government restored.

Aspirin and carbolic acid, the latter not now being used for explosive manufacture, are likely to remain at their present level and there is a very small prospect of direct potato sales remaining constant in price.

A COMPARISON OF COSTS

That's the point—we are all interested in the cost.

When we look back on the old way of doing repairs and the cost of same—then compare them with our way of doing repairs—why, we are doing our share to keep down the high cost of living.

Under the party system the house of commons practically unanimously reappointed the municipal control of their own streets.

They have done nothing to stem the tide of unrest and the high cost of living and compel the war profiteers to surrender.

CONCILIATORS HEAR MINOR DIFFERENCES

T. S. R. Men Want Complaints in Writing—Foremen to Retain Membership.

The conciliation board, with Judge Barron as chairman, yesterday agreed to the proposed agreement between the Toronto Railway Company and the city, and will today meet to give the terms of the various points.

Towards the close of the sitting yesterday, the question of complaints was under consideration.

There was also some talk about anonymous letters of complaint, and an exchange of views as to the manner in which they should be handled.

**CIVIC EMPLOYEES TO GET HEARING**

Royal Commission to Reconcilene Tuesday to Unravel Problems.

William Williams, president of the Civic Employees' Union, stated last night that the royal commission appointed to deal with the grievances of the civic employees would reconvene on Tuesday morning to decide the mooted point as to whether those employees who were on strike should be granted the privileges of two weeks' vacation, sick benefits and others now enjoyed by such employees. He stated that the union is divided on the matter, but that the majority are casual employees who, by reason of climatic or other unforeseen circumstances, have been unable to work the past few weeks.

The commission will also decide whether or not employees who left the civic employ before the award was given should be entitled to the pay granted by that award. This payment is to be made retroactive to a certain date set by the commission. About 400 civic employees will be affected by the results of Tuesday's session.

The following charges were laid against the Civic Employees' Union by an official of the Civic Employees' Union in an interview with "The World" last night at the Labor Temple: 1. That there were a hundred men among the employees who were entitled to the minimum wage of \$11 a week in accordance with the findings of the royal commission appointed a year ago to deal with the grievances of the civic employees, most of these men being in the roadway department.

Satisfied Watchmen. Continuing, he pointed out that before the strike took up the wages of the watchmen in the works department these were receiving \$22.80 a week for 105 hours work. Commissioner Harris accepted the proposition of the union to decrease the hours from 105 to 75, the weekly envelope to be decreased only \$1.20. This more than satisfied the watchmen in the works department. Commissioner Wilson, who was also popular with the men, found himself unable to reach a solution of the watchmen's problem which was still pending. It was to be noted that the watchmen on the 75-hour schedule would be paid for the work on the seven days which had been compulsory on the former schedule.

WHERE WILL TORONTO ACCOMMODATE CROWDS?

Where will Toronto accommodate the many thousands of visitors who will invade the city during the two weeks of the Exhibition? This is the subject most speculated at at the present time.

The directors of the Canadian National Exhibition have appealed to Mayor Church and request that he appeal to the community spirit of the citizens and that every available room be thrown open to the visitors. Such clubs as the Kiwanis and other progressive community organizations are suggested as organizations who could be used for the purpose.

WAR NECESSITATES NEW GEOGRAPHY BOOK

As the old contract for the geography now in use in the Ontario schools expires in 1920, the minister of education is now considering what book will replace it. The war has made so many changes in political and map geography that the present book is almost out of date in these respects.

TWO AUTOS DEMOLISHED

Two motor cars were demolished early yesterday morning when they crashed together at Howard Park and Roncesvalles avenues. A car going west on Howard Park avenue, driven by Harold Parsons, was hit with such force by a northbound automobile that it turned the car over, pinning Parsons beneath it. It was necessary for passers-by to try the car open and release the driver, who was found to have been seriously injured. The other car, driven by Herbert Cowan, struck a Hyde-pole, breaking it in two.

**PLAYS, PICTURES AND MUSIC**

"Officer 666." A typical hot-weather comedy will be presented next week, commencing Monday evening, by Edward H. Robbins and his Players at the Royal Alexandra Theatre, where they will present the well-known farce comedy, "Officer 666," which, when it was presented in New York, was acclaimed the funniest since "Charlie's Aunt."

When "Chu Chin Chew" returns to Toronto early in the fall, the new English second edition will be seen. This means that the world's greatest scenic spectacle will be seen in a new way. The play is a comedy satirical in nature, poking fun as it does at different universities which confer the degree of "doctor for any and every subject the student may pass in. Seats for all performances will be placed on sale Thursday morning at the theatre box office. The matinees will be as usual on Wednesday and Saturday.

"Mickey" Remains Another Week. No better testimony to the merits of the film production of "Mickey" can be given than expressed in the lengthy engagement of the picture at the Grand Opera House. The eighth week shows an average of diminishing attendance.

Satisfied Watchmen. Continuing, he pointed out that before the strike took up the wages of the watchmen in the works department these were receiving \$22.80 a week for 105 hours work. The Toronto World

FOUNDED 1880. This morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

SAURDAY MORNING, JULY 26.

The Seventy-Five Men.

The Times (of Toronto, Ont.) states that it is impossible for 75 men to be sure of what the Conservative party will do.

The provincial government and the federal government are neither of them in great favor in the Central Conservative Association.

The signs that surround the proceedings of the government, particularly in Toronto at present, are highly suggestive of the great change that began to take place in 1904.

When The World called for a convention after the death of Sir James Whitney there was scarcely a decent Conservative in Ontario that did not desire that convention to be held.

Moreover, the word went forth to the faithful that whether they liked it or not, there was to be no change of leadership in Ontario.

The Postoffice and Wychwood Avenue.

Two months ago the city changed the name of Bracondale avenue to Wychwood avenue to make it uniform with the street on the other side of St. Clair avenue.

Wychwood avenue only runs from 1 to 11 and from 6 to 14. These numbers do not occur on Bracondale (the new Wychwood) avenue, so that there can be no clash so far as the city territory is concerned.

Above Nos. 11 and 14 on the suburban part of Wychwood avenue north of St. Clair the county authorities have not changed their numbers, and the result is that the postoffice, which knows all the facts and could straighten out the whole business with a piece of chalk, returns many letters quite properly addressed, either for the sake of being "convenient" or on account of the red tape-worms that invade official organizations.

The British Coal Strike.

In England the coal strike has been settled practically on the terms of the Sankey report. It would have been settled so at first, and there need never have been a strike had the government adhered to the conditions on which the Sankey commission was appointed.

Nationalization of coal means for Britain what Hydro power has meant for Toronto, and that has been a saving of \$12,000,000 to the people in the period in which the Hydro system has been operative in the city.

The manufacturer also will reap the advantage in getting the cheap fuel he needs, and the benefit should extend over the whole of the three kingdoms if private interests are not once more installed over the railways and permitted to charge as if old all the traffic will bear.

It is a difficulty with all public ownership measures that they are handicapped by a great variety of hostile agencies. The community spirit is not yet sufficiently developed so that everyone at once recognizes the advantage to all—even to the corporations and the millionaires themselves, when a public ownership measure is carried.

Guelph is Prudent. Guelph showed good sense at the meeting of the chamber of commerce on Thursday night. A general meeting is to be held to consider the Galt proposals for linking up the whole district in the Hydro radial system.

Auction Combine Plot Unearthed at Coblenz

Sixty Germans Arrested for Scheme to Do Away With Competition. Coblenz, Tuesday, July 23.—Sixty Germans from Berlin and other cities were arrested here tonight by army intelligence officers in connection with an alleged plot to defraud the government of millions of marks by eliminating competition at auctions of army supplies.

Intelligence officers said the alleged fraud was accomplished thru an organization, most of whose members now are under arrest, that kept competitors from bidding at auctions where salvaged army material was sold. On some days the auction sales amounted to 15,000,000 and 20,000,000 marks, most of the material going to men alleged to belong to the organization in question.

ATTITUDE OF QUEBEC

View That New Liberal Leader Will Be Selected Out of Province.

Ottawa, July 25.—Defeat of the Conservative government in Prince Edward Island is expected to result in eight out of nine provincial premiers attending the national Liberal convention in Ottawa, Aug. 5, 6 and 7.

The selection of a chairman for the convention is arousing considerable discussion. It is probable that joint chairmen—one French and one English—will be chosen.

Montreal, July 25.—A hint of what will be the attitude of the Quebec delegates at the Liberal convention to be held in August next, was given by Mr. Joseph Archambault, M.P. for Chambly Vercheres, at a meeting held last night, the first Liberal meeting to be held in Longueuil district since the last session of the house.

BRITISH EMPIRE ORDER SLIGHTLY OVERCROWDED

London, July 25.—The Times says that including promotions, between seven and eight thousand have been appointed to the British Empire Order. The number has given rise to a comment, which The Times thinks is not altogether undeserved. It finds fault with the apparent inequalities of appointments and the raising without distinction of the military service, which should be abolished and the civilian limited, and better defined.

FRANCE WILL REDUCE MILITARY SERVICE

Paris, July 25.—All reserves of the French army, including the class of 1917, will be demobilized by the middle of October, according to plans completed by the government and published today. There would remain in service members of the classes of 1913, 1914 and 1915.

Special to The Toronto World. Guelph, July 25.—A deputation from the Guelph Cemetery Commission, consisting of Chairman Prof. J. W. Crow, Superintendent Geo. Steele, and the secretary, to the grade Smith, were in Ottawa and Hamilton on Thursday, inspecting the cemeteries in those places with a view to obtaining information that will prove of value in the management of the Guelph Cemetery. They obtained a mass of information that, when adapted to local needs, ought to make for material improvement of matters here.

Totally Disabled Soldiers To Get Legion of Honor

Paris, July 25.—The chamber of deputies today adopted an amendment to the Legion of Honor bill providing that the Legion of Honor decorations be given all totally disabled, maimed, soldiers holding military medals. Such soldiers who have received already the decoration of chevalier would be promoted, under the terms of the amendment, to the grade of officer of the Legion of Honor.

BULGARIAN TYRANNY IN EAST MACEDONIA

Population of Territory Reduced by Well Towards Hundred Thousand. Paris, July 25.—Bulgarian oppression in Eastern Macedonia during the period of occupation of that territory, in the reduction of the population by well on toward 100,000 and the death of some 32,000 inhabitants in the course of the hunger and ill-treatment, according to the report of an international commission, just submitted.

This commission, comprising delegates of the British, Belgian, French, Serbian and Greek governments, appointed to enquire into charges of violation of the rights of nations by the Bulgarian armies in eastern Macedonia, found that at the time of the Bulgarian invasion the population totaled 305,000 inhabitants and is now reduced to 225,000. In addition to the 32,000 who died, the report states, about 42,000 were deported to Bulgaria, 10,000 to 12,000 emigrated to Bulgaria to escape famine, about 12,000 of the deported and emigrants died in Bulgaria, and between 8,000 and 10,000 of the 18,000 Mussulmans enrolled in the Turkish and Bulgarian armies have not returned.

The Bulgarian starvation policy was organized and carried out by devious means, the report continues, and cruel devices were employed to suppress the Hellenic element. The deportations are declared not to have been prompted by reasons of safety, but by desire for extermination, more than one-quarter of the men deported dying in consequence of hardships, beatings and various tortures. The Bulgarians are also charged with plundering, all manner of speculation, the demolition of buildings and the carrying away of children, with a view to denationalizing them.

On the other hand there is no doubt that a determined effort has been made to get French-Canadian recruits for the Union government.

It is also common talk that the big interests, including the Canadian Pacific Railway and the Ontario Government, are displeased with the public ownership policy of the Ottawa government.

No one seems to doubt Sir Lomer Gouin's ambition to enter the field of federal politics, but many Liberals believe that he wishes to exercise a dominating influence over their coming convention and to enter the Liberal government should one be formed.

In spite of the talk about Hon. W. S. Fielding for Liberal leader, many of the local Liberals say that the Quebec delegation will be almost solid for Premier Martin of Saskatchewan or for Hon. W. L. Mackenzie King.

LABOR NEWS

WHAT ARE FACTS AS TO O. B. U.?

Opinions Varied, But an Enthusiast Explains Its Functions.

That there is a distinct fight in trades unionism in Toronto between two forces, one of long standing, the other newly arisen over the western horizon, is proven in conversations held all along the line, relative to what is known as the new unit in the movement, that of the O. B. U.

What the O. B. U. is, what its peculiar functions are, and what is the fundamental difference between it and the trades unionism of the A. F. of L. has long been a burning question in Toronto, and other centres where the new unit is little known, and less desired.

One of the western experts of the O. B. U., in fact one of its chief officers, on Thursday night explained that it was neither a Canadian product nor an expansion of the international system now in vogue in both Canada and the United States.

"I would explain its workings this way," said this official, "A central labor council is formed with large administrative powers. The council would comprise members of many industries, the interests of which would be correlated with a view to centralization of effort in the industry."

Touching upon the details of such an organization this official stated that the central council there would be no large fees payable to international head offices as with the international movement, but that each local body would be called upon to pay about 25c a month into the general fund of his own central council, these funds to be used only within the area subject to the jurisdiction of the council.

Military Revolt Takes Form of Movement for Separation From Serbia.

SEEKING FORM CROATIAN REPUBLIC

Paris, July 25.—Despatches from Zagreb and Graz report a serious military revolt in Croatia. The revolt is taking the form of a movement for separation from Serbia and the formation of a republic. Troops are leaving their units, officers and sub-officers are tearing off their insignia and the army is in a state of disintegration, the advices say.

The Agram advices do not record any disorder in that city, the Croatian capital. They state, however, that the independent Croatian republic, according to information reaching Agram, has been proclaimed by soldiers in several of the Croatian towns.

Many Persons Killed. Graz, Styria, July 25.—Violent combats occurred Tuesday evening at Marburg, 28 miles south-southeast of Graz, where a large part of the garrison revolted as a result of dissatisfaction over demobilization. Thirty persons were killed and many wounded.

The movement started at a Socialist meeting, where speakers advocated the formation of a republic of Jugoslavia, Slavonian and Croatian soldiers, who were present in considerable numbers, cried: "Let us separate from Serbia."

September 11, are proceeding apace. Hon. Gideon Robertson, minister of labor, is recording assurance of best co-operation from industrial interests and labor organizations in all parts of the Dominion.

## ONSLOW'S GOOD HIT BEAT THE ORIOLES

### Birds Tied Count, But Timely Hitting in Seventh Did Work

The Leafs are off on another winning streak. The temporary hit handed out by Jack Dunn's birds on Thursday failed to prevent the Orioles from coming back with a win over the Leafs yesterday, 5 to 3. Bobby Heck went back to the mound and emerged with a victory, helped ably by a timely single by Eddie Onslow.

Yesterday's win made it two out of three on the series, and the Leafs open a twelve-game road trip today in Birmingham, confident that they will run up another big string of victories.

Yesterday's was a tough battle from start to finish. The Leafs secured a three-run lead early, only to have the visitors stage a rally in the fifth and the count. The Leafs got their clubs swinging again in the seventh, and Onslow drove home two baserunners with a well-placed hit in right field. The game was only an eight-inning affair.

Heck was steady outside of the fifth, and ably pitched himself out of holes. Dunn used three twirlers. Kneisch was benched in the fourth when he lost control. Frank went into the breach for one batter, while Hill warmed up, and then Hill went the rest of the route. The Leafs batted him for the winners runs in the seventh.

Onslow, besides driving in the winning tallies, played a remarkably clever game at first. He saved several bad throws with clever fielding, and was a big factor in the victory.

The Gibson boys opened the scoring in the second. Holden walked and Mainline struck out. Bishop dropped the throw on Anderson's tap, and then Sandberg bounded to short. The ball went over Boyley's head, as Holden ducked it, and Sandberg made second and Holden scored. Andy was out at the plate on everything looked safe. Kneisch walked Mainline and Anderson, and was benched. Frank pitched while Hill warmed up. Frank threw up one that Sandberg bunted, and then Bishop dropped the throw at first. Frank retired and Hill took the mound. Heck relied to third and Mainline was out at the plate. Egan threw to first trying for a double-play and hit Heck with the ball. Anderson scoring. Gonzalez hit to right, holding dropping the ball, but getting Heck at second after Sandberg had scored. Dunn yanked Healy and put Fletcher Seibold in right field. Gonzalez stole and Pettell raised to centre.

The Birds scored three in the fifth and tied it up. Seibold hit to right, but Egan filed out. Hill got a hit, and the bases were full when Mainline beat out one to left. Lawry tapped to Heck, and Seibold scored third. The pitcher who pitched the plate. Sandberg retrieved the ball and got Hill at the plate. Jacobson's hit scored two, and the sides were tied. The locals put over the win in the seventh. Gonzalez beat out one, and E. Pettell got a hit. The fielding Whitehead died, second to first, Bishop going into right field to get the ball. Onslow pitched a hit in right field, and scored them both. The eighth failed to produce anything, and the game was called.

#### GOLF STARS AT MISSISSAUGA.

Jerome D. Travers, Oswald Kirkby and Bobby Jones are taking the afternoon off from the Hamilton championships and will be guests at the Mississauga Golf Club, where a foursome will be played, Jones and W. J. Thompson v. Travers and Kirkby.

At Battle Creek—A mobilization of Custer hits was staged in the eighth inning, when Kirkby, Black and Jenkins and Stupp singled, which, with Jenkin's sacrifice fly, netted four runs. Black hit the pitching edge on Wheeler through the game. Score: R. H. E. Battle Creek..... 1 0 0 0 0 1 0 0 0 0 0 0 0 0  
Batteries—Black and Heving; Wheeler and Briger.

At Brantford—Cy Pieh put his own game away when he hit for the circuit in the eighth inning with Emery ahead of him. A fine pitcher's battle between Emery and Pieh was staged, in which the visiting hurler had the best of it. Umpire Cannella reported sick here today and the game had to be carried over by two players. The score: R. H. E. Brantford..... 0 0 0 0 0 0 0 0 0 0 0 0 0 0

## TORONTO OARSMEN WIN LION'S SHARE

### Junior Singles to Durman—Clever Victory by Detroit Eight.

Port Dalhousie Ont. (Henley Course), July 25.—The first day of the rejuvenated Canadian Henley regatta, called The Peace and Victory, 37th annual meeting of the Canadian Association of Canadian Oarsmen, saw some fine racing on the permanent course here, the finishes in some of the events being a matter of only a few feet. While Toronto oarsmen quit upon their reputations as being superior on the water, the palm should probably be handed to the Detroit eight. This crew first beat the Toronto eight, stroked by C. L. Uster v. Old Country For the Ontario Cup

At the request of some of the leading football legislators in the city a general meeting of the members of the United F.C. was held in Victoria Hall last night. There was a representative audience of members and players. Mr. T. Holland, who occupied the chair, explained fully the facts in connection with the protest and appeal of Uster against Old Country to proceed today. In accordance, a resolution was adopted, and in the interests of the game, Uster agreed to withdraw further proceedings and allow the Ottawa game to take place. The representatives of the U. D. F. C. and O. F. C. congratulated Uster for their action in the matter.

C.N.R. CROP REPORT FAIRLY FAVORABLE

Recent Rains Have Been Beneficial—Fine Conditions in Manitoba.

The Canadian National Railways report for last week on the growing grain from agents located along its lines in the west, between Fort Arthur and the mountains, reached the head office here yesterday.

The information from the men located in the central operating district of Canadian National Railways, which, roughly speaking, extends from Fort Arthur and through Manitoba, is highly encouraging. The grain is declared to be in splendid condition, and it is expected that cutting will be general about the first of August.

From Brandon, in northern Manitoba, located between Lake Manitoba and Winnipeg, the report is as follows: "Wheat turning yellow; cutting ready; having finished; wheat cutting will start in ten days; weather ideal; expect about 25 to 40 bushels; oats estimated at 100 bushels, and barley at 75 bushels per acre."

CORN PROSPECTS HIGHLY UNCERTAIN

Drought and Heat Continue, But There is Promise of Rain.

Chicago, July 25.—Although continued drought and heat put the bears to a disadvantage in the corn market today, buyers were more than usually cautious, owing to absence, as yet, of any reports of notable crop damage.

The market closed unsettled, 10 to 12¢ in advance, with September \$1.85 to \$1.95, and December \$1.65 to \$1.75. Oats finished 1/4¢ to 1/2¢ down and provisions varying from 1/2¢ decline to a rise of 6¢.

With temperatures above normal and no rain in eight, few traders cared to sell short in the corn market. This was especially the case at first. Later, however, cloudy conditions here induced many holders to unload rather than take chances of almost famine in the north.

Absence of export call tended to weaken oats, and so, too, did a moderate amount of hedging. Provisions were governed mainly by changes in the value of corn and hogs and for the most part were sagging at the close.

Small Crops To Trade in West. Bradstreet's Reports From Alberta Gloomy—Fine Outlook in Manitoba.

Calgary reports to Bradstreet's that rains have helped the crops in Alberta considerably, but there is still a great danger of almost famine in some parts. It is understood that the Manitoba government has placed or is about to place a million dollars aside to buy cattle in Saskatchewan and Alberta.

NINE-CENT RISE IN WINDPEG WHEAT

Adverse Crop Conditions and Light Offerings Given as Explanation.

Winnipeg, July 25.—Another sharp upturn in prices brought October wheat to \$2.38 today, the advance being maintained to the closing bid. Adverse crop conditions in the United States, the continued hot, dry weather in the Canadian belt, and light offerings on the Winnipeg market, were the causes of the rise in prices.

In cash flour, the diminishing demand brought prices down sharply, and in futures there was a marked decrease. October wheat closed 1/4¢ higher; October, 1/4¢ higher, and December 1/4¢ higher. July closed 3/4¢ higher; October, 1/4¢ higher and December 1/4¢ higher. July flour closed 1/2¢ lower; December, 1/2¢ lower.

TRADE IN WIND ON WINDPEG MARKET

C. B. Watts Says Big Rise in Prices Has Little Significance.

October and December wheat options rose about nine cents a bushel on the Winnipeg market yesterday, the October option closing at \$2.38 and the December option at \$2.36. A Winnipeg dispatch attributes the advance to adverse crop conditions in the United States, dry hot weather in the Canadian west and light offerings in the Winnipeg market.

Mr. C. B. Watts, secretary of the Dominion Millers' Association, said to 'The World' yesterday that conditions were artificial that the rise in quotations had little significance. He said that an order to buy as little as 500 bushels of wheat would probably result in putting the price up four or five cents a bushel, and that the market "is not to be had, and the trade in Winnipeg is very light."

TONE IS IMPROVED IN MINING STOCKS

Silver Stocks Rally Well, But Crown Reserve and Trethewey Are Exceptions.

A more cheerful tone prevailed in the mining market yesterday, the rallying tendency being particularly pronounced in the silver stocks, although here and there was evidence of pressure. Crown Reserve, for example, continuing its decline and selling three points lower, at 90. The silver stocks, however, showed a strong buying power in moving some improvement, and brokers report that the orders to purchase are heavy; all of the investment cases, which means that the stocks so taken up are not likely to reappear on the market for some time.

Davidson's share advance since the break of the previous Friday had caused this stock to become a centre of interest in the stock group, but the trend was moderately reactionary yesterday, which was not surprising, considering that the price had advanced from 10 to 12 1/2 points, and had reached 107 1/2, reducing the net loss for the day to 1 1/2 points. At the close, however, the price had risen to 107, but rallied to 107 1/2, reducing the net loss for the day to 1 1/2 points.

STAMINAX. MAKING stock and poultry feeds is our exclusive business. We have been at it fifty years. Their general excellence has earned them international reputation. This is why others are sometimes made to pass inferior feeds off as our feeds. To prevent this we sell our feeds in sealed bags. Therefore when you want to buy the best poultry feeds obtainable, buy STAMINAX. Tested Poultry Feeds. The prices, freight paid to your nearest railroad station in Ontario, on quantities of not less than 500 lbs. are—Scratch Feed - 5.00 per 100 lbs. Milk Laying Mash - 4.40 " " Developing Feed - 5.20 " " Milk Growing Mash - 4.20 " "

GUELPH TO CELEBRATE RETURN OF SOLDIERS. Special to The Toronto World. Guelph, July 25.—At a special meeting of the civic reception committee in the mayor's office this morning the date for holding the big civic reception to all the Guelph returned soldiers was decided. It was decided that Wednesday, August 20, would be a good date. No program was outlined, but this will be done about the middle of the month. Ad. Burgess was given instructions to prepare for the decorations, which will be on an elaborate scale.

### RESISTANT TONE IN NEW YORK STOCKS

Trading is Dullest in Many Weeks - Rally Follows Break in Prices.

New York, July 25.—Trading on the exchange today was characterized by comparative dullness and irregularity. The market was not inclined to follow the rally in the London market, which represented the main support for many weeks. Many respects dealings were reminiscent of midsummer markets of previous years. The ebb and flow of prices, ranging in some instances to five points, bore no definite relation to current developments, and little attention was paid to events in the broader field of finance.

Buyers heard with interest of reports of negotiations for the placing of a large loan here, but were not inclined to attach much importance to such undertakings until certain international financial plans were assumed concrete form.

Left largely to its own devices or the pressure of traders, the stock market became listless after the fairly strong opening, yielding easily during the middle of the session.

Reactions of one to five points among favorites as steel, oil, motors and shipbuilding were largely overcome, however, prices rallying one to three points in the final dealings, saving a preponderance of net gains.

Mixed conditions ruled in the bond market, most domestic issues showing a slight advance, including the Liberty group, ending slightly. Total sales, par value, were \$1,769,800.

State department refuses to sponsor proposed offer of \$100,000,000 Belgium bonds here on account of excessive rate. Believed in banking circles matter will fall thru.

Corporation Counsel Burr files application with public service commission for rehearing on New York Railway's transfer order.

Interboro Rapid Transit predicts receiver for company unless higher fares are granted. Will be \$5,000,000 short on July 1.

Glasebrook & Cronyn, exchange and bond brokers, report exchange rates as follows:

Buyers. Sellers. Counter. N.Y. funds... 2 3/4 pm. 4 1/4 84 pm. Month. par. par. 1/4 to 1/2. Sterling... 454.50. Gold... 150.00.

LIVERPOOL COTTON. Liverpool, July 25.—Cotton futures closed quiet. July 25; August, 21.64; September, 21.61; October, 21.73; November, 21.81; December, 21.84; January, 21.84; February, 21.83; March, 21.83; April, 21.79; May, 21.75; June, not quoted.

ROYAL BRANCH BANKS. Montreal, July 25.—The Royal Bank of Canada announces the opening of the following branches: Chateaufort, Ont., A. A. Hutchison, manager; Lindsay, Ont., H. C. Sotheran, manager; Markham, Ont., F. C. Lowry, manager; Winnipeg, Man and Logan, Man, A. O'Hara, manager.

GERMANY ARRANGING LOAN. Berlin, July 25.—Negotiations of the Deutsche Bank with New York financial institutions for a large loan of unannounced proportions are proceeding favorably, according to information in official quarters.

For the regulation and maintenance of the war loan market and to prevent unjustifiable drops in quotations, a consortium has been formed under the direction of the Reichsbank, with a government guarantee. All the other banks and financial institutions are invited to cooperate in the consortium.

### 7 Reasons Why You Should Join the Home-Lovers' Club

**ONE**—It encourages thrift, one of the nation's greatest assets.

**TWO**—It lends a helping hand to ambitious people who are trying to make home happier, better and more comfortable.

**THREE**—It allows the man or woman who joins to purchase furniture and home furnishings at marked prices on a helpful deferred payment plan, arranged to spread over convenient period.

**FOUR**—It assists young couples in building up new homes.

**FIVE**—Club members buy furniture and home furnishings at special sale prices just as if they were paying cash in full. No additional charges of any sort.

**SIX**—It allows immediate possession of the articles purchased, the same as if full cash had been paid.

**SEVEN**—It charges no interest on the payments.

And the Club Secretary, Fourth Floor, can tell you more about this splendid Club if you consult him today. Now is the time to join when the August Furniture and Home Furnishings Sale is in progress, offering tempting savings in household needs.

### Specials for Men Clearing Sale Men's Fine Suits \$30.00

**Snappy Models For Young Men and More Conservative Styles For Those Who Prefer Them.**

Men who are on the lookout for a good thing will profit by this exceptional opportunity of purchasing a stylish, hard-wearing, business suit at an important reduction in price. These suits are attractive in design, and are carefully tailored from Saxony finished tweed and neat grey worsted.

There are only 90 suits in the lot and as the number is limited we would suggest an early call. Included are a number of waist seam models. The sizes are 34 to 44. This morning at 8.30 sharp, \$30.00.
