St. Huon Won Latona Derby. Cincinnati, June 2.—St. Huon won the Latona Derby today in the presence of 10,000 persons. There was very little action as only two horses went to the post. The winner, Lady Navarre, the only other starter in the race, finished the length behind St. Huon. The race was started to finish. Only the big speculators supported the winner, who was ridden by trainer H. J. Donohue. The sum of \$100,000 was bet on the race.

First race, 1 mile—Saint Yvonne, 104 (Robinson), 2 to 1; 1; Bular, 109 (Preston), 12 to 1; 2; Morone, 104 (Daly), 12 to 1; 3. Time, 1:41 4-5. Lady Lavish, Long Light, Sharp Boy, Senck, Ross, Revell, Florida, and Miss Belle also ran.

Fourth race, 1 1/8 miles—Wexford, 101 (Austin), 6 to 5; 1; Manie Alford, 108 (Plesh), 15 to 1; 2; Louise McLaughlin, 108 (Plesh), 15 to 1; 3. Time, 2:02. Manie Alford, Louise McLaughlin, and Tannary and Lady Joelyn also ran.

Three favorites, Anna Smith, Moonraker and Martin Doyle, the second choice, Frank Somers, and the long shot, Lady Vera and Tongorder, won the races on closing day at Woodbine Park. The Abbott in the second race, the Bennett entry in the feature event, and Conover in the steeplechase, were the beaten favorites, and of the three only the jumper finished in the money.

The weather was fine, the rain sprinkled at times. The track was fast, and Lady Vera made a new mark for the five furlongs, 1 minute flat, while Edna Jackson, 12 to 1, and 2; Tongorder equaled Minnie Adams mark of 1:52 for the mile. The attendance was large, the members' section being crowded and the general enclosure jammed.

Every winner with the exception of Lady Vera was strongly backed. The followers of the Dymont stable were on Tongorder to a man and they got as high as 15 to 1 for their money. Thus the close was a day for the public and the bookies must have received a considerable bump.

Anna Smith Always in Front. Anna Smith, the public choice in the first race, came to the front early and maintained her place to the close, though under a drive at the wire only a half length over the hot long shot, Akbar, who was nipped Money Muss by a head at the wire. It was a terrific drive thru the stretch. Away and Slicka were well up in the western run. Torngam was left.

In the second race Lady Vera got off flying and went away from the field like a wild horse, opening up a gap of three lengths in the first two furlongs. She tin-canned her field and won pulled up. The struggle was among Tongorder, Lady Marie and The Abbott the favorite, with the field well bunched. In the hard drive thru the stretch Pungent bent out, Lady Marie, The Abbott fourth. A new track record was made, cutting 2-5 second of Diamond's mark for the five furlongs.

For the Hendrie Handicap Slaughter and Haruko were off badly, with Crestfallen, Loupania and Moonraker close together, setting the pace. Crestfallen, Moonraker and Loupania thru at the rail. Loupania then set the pace to the turn home, but Moonraker third. Slaughter began to come at the stretch, but the task was too much. Moonraker finished strong under a hard drive and won going away from Loupania, with Slaughter third.

TARIFF MOTHER OF GRAFT DEMOCRATS TO REFORM IT

Movement Inaugurated in New York to Return Pledged Members to Congress.

New York, June 2.—A dinner was given by the tariff reform committee of the Reform Club to-night at the Hotel Astor to inaugurate a move ment to return to congress at the next election members pledged to tariff reform legislation.

Henry B. E. Stapler, chairman of the reform committee, presided, and the speakers were ex-Gov. Wm. L. Douglas of Massachusetts, Congressman John Sharp Williams, Prof. W. G. Sumner of Yale, Congressman John T. Rainey and John DeWitt Warner, Letters of regret were read from former President Grover Cleveland, Alton B. Parker and Henry Watterston.

An invitation was sent to Wm. Jennings Bryan at Lincoln, Neb., but a reply from Mr. Bryan's brother informed the committee that Mr. Bryan would not have completed his tour of the world in time to be present.

Congressman John T. Rainey of Illinois said in closing his speech: "There is nothing in the balance of trade theory. None of these arguments appeals to American people as they did in the years they are gone. You concede that an individual has the right to buy in the cheapest market; will you deny that right to 50,000,000 people?"

Congressman Williams said in part: "You can look at this tariff question from a personal standpoint and you will find that it is a question not of protection but of favoritism. It is immoral in that it teaches the great dogma to support and make prosperous the individual. I am greatly interested in the reading of the letters of regret of men like Cleveland and Watterston, who have expressed an idea that has been more eloquently set forth by Wm. Jennings Bryan and should be the slogan of the next congress. The tariff is not only the mother of trusts, but the mother of graft."

ANARCHISTS BRITAIN MAY LOSE THEIR REFUGE

If it is Shown That Madrid Outrage Was Planned in London, Action Will Follow.

London, June 2.—The attempt on the lives of King Alfonso and Queen Victoria closely touches the people of Great Britain. The question of harboring anarchists has long been kept in the background. It is now expected that it will be presented to the government when parliament assembles after the Whitsuntide recess, and that an effort will be made to pass a law excluding anarchists from the country.

The authorities at Scotland Yard are inclined to doubt that the Madrid plot originated in London. Evidence does not warrant full acceptance of the report that this city has been used as an anarchist base of operations. If investigation established that London was so used, the demand for government action will be immensely strengthened. There has long been a deep-rooted sentiment in Great Britain against closing the doors to any political refugees or plotters, and apparently there has been an agreement between the anarchists not to molest members of the British royal family as long as freedom of access to the country and immunity from prosecution were granted. It has often been asserted that the British secret police had made the immunity of members of the royal family the subject of a definite pact with the anarchists, and that it was enforced by the threat of rigorous exclusion in case of the agreement being broken. If such a pact exists, it has been broken by the anarchists who have been making the matter worse the last day or two by apologizing for the necessity of any unknownly spreading like a lawyer in court that Ena ceased to be an English princess when she became Queen of Spain.

Plets Hatched in London. The anarchists have been making the matter worse the last day or two by apologizing for the necessity of any unknownly spreading like a lawyer in court that Ena ceased to be an English princess when she became Queen of Spain.

The anarchists now pressing for solution is what will be the future policy of the British authorities towards the avowed conspirators against human life who make their headquarters in this country? Of course, the venomous crew can be suppressed only by laws so drastic as to violate the principles of personal liberty which Englishmen hold so dear. The expulsion of the anarchists from England or their imprisonment, say as lunatics, would inflict most determined reprisals by means of the most determined members of the internal fraternity and the personal danger of King Edward would become for the time being greater than that of any other sovereign.

What the Law Says. A clause in the Offences Against the Person Act gives the police power to take action in a conspiracy hatched in Great Britain, but it would be difficult to obtain a conviction under that law, although it reached the case of the Herr Most in 1881 and the Whitehead case in 1882. This clause provides that "all persons who shall solicit, encourage or persuade or endeavor to persuade, or who shall procure or attempt to procure, or who shall procure or attempt to procure, whether the subject of Her Majesty or not, and whether he be within the Queen's dominions or not, shall be guilty of an offence, and being convicted thereof, shall be liable to penal servitude for any term of not more than ten years."

PUBLIC AMUSEMENTS.

"A Little Outcast," a splendid melodrama, which has in past seasons been presented to Toronto audiences and returns to the Majestic Theatre this week, and will be given a big scenic display and interpreted by an exceptionally capable cast. The story is one that appeals to the lover of melodrama. The action of the play is rapid and full of the exciting incidents so necessary to the success of a melodrama. Sara Brady will present the role of Bob, the newsboy, and is said to give an interesting play that is far above any seen in the play in recent years. The engagement opens with a matinee to-day, and during the week a matinee will be given every day. The Majestic is the only theatre playing combination shows open this week.

Ben Greet and his company played at Tuxedo on Saturday and are at Lehigh University to-day. They had a most notable audience on Saturday, composed of many widely known people in the United States who have summer places at the far-famed Tuxedo. His stay in Toronto this week occupies his entire visit to Canada. The plays will be given in the residence garden at Toronto University, and will begin at 3 in the afternoon and 8 1/2 in the evening. The program is as follows: Wednesday, June 6, afternoon, "As You Like It"; evening, "The Tempest"; Thursday, June 7, afternoon, "Comedy of Errors"; evening, "Midsummer Night's Dream"; Saturday, afternoon, "Twelfth Night"; evening, "Much Ado About Nothing." The sale of reserved seats begins at Tyrrell's Bookstore this morning at 9 o'clock.

Starting this afternoon and continuing for the balance of the week, the Star Theatre presents its own big stock company, and for the first week they will present two new and original musical burlesques entitled "Our Minnie" and "Three Married Men." The company is composed of 35 artists. There will be complete changes of bill weekly, and the olio is composed of the very best vaudeville acts available. There will be another amateur contest next Friday night, and it will be even bigger and better than the first one, as already there are a number of entries in the box office. There will be two cash prizes given, the audience to be the judge. Anyone wishing to go on can do so by leaving their name at the box office.

A GUESSEME DISCOVERY.

Victoria, B.C., June 2.—(Special)—In a mysterious trunk, found in rear of the new C.P. hotel, were found six skulls, one bearing a bullet mark, and parts of skeletons. Chinese are believed to be posted as to the meaning of the gruesome collection.

YORK COUNTY AND SUBURBS

North Toronto. Dr. E. J. Woods, dentist, is at his branch office, Castlefield-avenue, Eglinton, every Friday.

While excavating for the new place for the scales, in front of Oulcott's Hotel, all kinds of carpenters' tools were found, which evidently were lost when building the hotel.

A pleasant time was spent yesterday at the picnic of the Junior Epworth League of the Eglinton Methodist Church at Stubbard's Grove.

At the present rate of progress and with the limited staff of workmen at the disposal of Street Commissioner J. Walsley, it will take about ten years to complete the sidewalks petitioned for and under construction. The following sidewalks should be laid this summer: Yonge-street, from the intersection of the street with the north end of the street; Roshampton-avenue, three men employed; and where no workmen are yet, but sidewalks petitioned for are, Balliol-street, Davy-street, Glenwood-avenue, Soudan-avenue, Eglinton-avenue, Beresford-avenue, Sherwood-avenue, Glen Grove and Park-avenue. Highway Commission is circulating a petition now, and ratepayers of several other streets will also petition for sidewalks.

While driving a horse from the foot, Florence, the daughter of Joe Reddy, Gordon-street, was kicked in the face by the animal, necessitating several stitches.

Mr. E. Gibson gave an afternoon tea yesterday to her lady friends.

Harry Spittel of Albertus-avenue has disposed of his residence for \$1900. He will build a new one on the site.

Mr. Usher of the firm of Usher & Playfair, brokers, who built a large mansion on Victoria-avenue, moved into it on Saturday.

The Saturday traffic on the Metropolitan Railway was very heavy Mt. Pleasant and Mt. Hope Cemeteries were crowded with visitors.

"Hello! What is coming down Yonge-street?" could be heard everywhere last Saturday evening, when a one-story frame of dwelling, now mounted on wheels, was coming down Yonge-street, drawn by one horse.

Arthur Rutherford of Merton-street fell from his bicycle on Church-street on Saturday afternoon. He was taken unconscious to the General Hospital, where it was found that his collar bone was fractured in addition to other minor injuries.

R. Drewhy has disposed of the house just completed by him on Balliol-street. Mr. Drewhy has more vacant property, which he says he intends converting into rentable or saleable real estate.

The Cantata "Flower Queen," which was so successfully produced at Christ Church school house, is in demand for an encore. More commodious quarters are required for another performance, and the town hall has been suggested. If another entertainment is given, the Hospital for Sick Children is being put forward as a desirable object to receive the net proceeds.

The parallel streets of which so much benefit is being derived, and which formed an important plank in the platform of the aspirants for the council last January, are still in embryo, and very embryonic at that. The mention has been made of them in this year's council meetings. The residents of the side streets are becoming restless under the continued postponement of the question, and are threatening a monster surprise delegation at some future meeting of the council.

"Sweltered with the heat, lamed with the dilapidated sidewalks, and worst of all, choked with traffic, pedestrians along Yonge-street put in a hard time yesterday. Dozens of automobiles kept up one continuous manure laden cloud of dust through the ten-mile stretch of the city limits to York Mills, and even farther. The women turned sideways to avoid the disease laden atmosphere, but the wind, which was blowing a pollution by frequent expectations. The street watering department of the town has adopted a new course of procedure. The daily bulletins of the meteorological office are being followed.

If the weatherman promises rain, Dick Bailey, the contractor, says he must make himself to the gravel pit or some other occupation. The trouble is that the weatherman does not keep his appointments at any given time with North Toronto. It is becoming a question as to whether strict Sabbatharians would not consent to watering of the streets on Sundays rather than suffer the present nauseating dust clouds.

East Toronto. East Toronto, June 2.—Dr. Walters, accompanied by Mr. Carveth, Balmly Beach, arrived home this morning from a recent trip to North Bay and other points. The general Dr. brought back an abundant supply of northern beauties.

About 10:30 this morning fire was discovered in a building owned by William Newman, to the east of Dentonia on an alarm given and the town fire brigade responded, with the result that the fire was subdued, although it had at one time caught in the straw-stack. The loss will be trifling.

Along the waterfront at Balmly and Kew Beaches the scene yesterday and today was one of great animation, the lake being dotted with innumerable sailing craft, nearly every boat being in commission. With the largely increased number of campers in the east end the capacity of all the bathhouses is being taxed to the limit.

Wm. Maynard was yesterday committed for trial on a charge of shooting Henry Sheard.

Deer Park. Deer Park Presbyterian Church was formally re-opened yesterday after being in a measure closed during the last three months. While service was continued during the enlargement of the building, it was necessary to remove and rebuild the new pipe organ which, in addition, has been again installed. At the morning service, Rev. J. D. Freeman, the musical director, officiated, and in the evening the pulpit was occupied by the pastor, Rev. D. C. Hossack. The musical services were in charge of Donald C. Macgregor, assisted by the choir of the church. The cost of enlarging the building, which was in charge of Mr. Fisher of North Toronto, is not fully known, but Sunday's contributions, which totalled \$750, with amounts previously

given will increase the amount to \$2000. The seating capacity has been increased from 450 to 800 persons.

Kew Beach. Kew Beach Presbyterian yesterday celebrated their anniversary services for the last time in the old church, which will in future be utilized as a Sabbath school room. In the morning Rev. Dr. Parsons occupied the pulpit and in the evening Rev. Dr. McTavish of Central Presbyterian Church. At each of the services the church was filled to the doors. Under the pastorate of Rev. Mr. Bell, Kew Beach Church has made splendid progress under the present structure was found to be inadequate.

Agriculture. Agincourt, June 2.—(Special)—The annual meeting and reunion of the members of the East York Women's and Farmers' Institute was held here yesterday afternoon. The lady members met at the home of Mrs. Gordon Rennie, where a number of matters of special interest were discussed. The Farmers' Institute meeting was held in the temperance hall, and was well attended. Later a joint conference was held around the well laden tables provided by the Women's Institute at Mrs. Gordon Rennie's.

Eglinton. At the Easter vestry meeting of St. Clement's Church it was decided to raise \$300 toward paying the mortgage on the church property. The most of the money was raised by the Sabbath school children were to raise the form. The total of the collection was \$454.74, while the church collections at yesterday's services totalled \$100.51, making in all \$555.25.

Kleinburg. An event at once of the most interesting and unique nature was the celebration in this village of 120. Among those present were: Thomas Watson and Mrs. Robert Watson and Mr. and Mrs. Herbert Watson of Vaughan.

The festivities took place at the home of Robert Watson and were participated in by 105 of the descendants of the venerable quarter cent of 120. Among those present were: Thomas Watson of Toronto, Joseph of Woodbridge, William, Robert, Frank, sons and Mrs. P. Farr, and Miss Mary and Sarah Watson, daughters of Mr. and Mrs. Robert Watson, and R. W. Fairless and Mrs. W. H. Trimmer of Stouffville, with their families. Other guests were: Joseph Watson, Alaska, William and Ellen of Woodbridge, Mrs. H. Moat of Toronto and Mrs. W. Battick, Midland, brothers and sisters of the age couples. Seventy years have elapsed since the founders of the Watson family came to Canada from the British Isles and settled in Vaughan, where their descendants now largely reside.

Rev. Mr. Loughhead, the pastor, who officiated on the occasion fifty-eight years ago, was this morning unable to be present, and in his absence Rev. Mr. Fish, a life-long friend of the family, discharged the duties of chairman.

The city through Mr. and Mrs. Watson was responded to by Joseph Watson, a son, and that to Mr. and Mrs. Herbert Watson by the son-in-law, R. N. Fairless. A bounteous repast was served, in which some 200 friends and neighbors shared the hospitality of the two aged and venerable couples.

ENGINE THRU OPEN DRAW BUT NOBODY IS INJURED

Remarkable Train Accident Near New York—Bridge Tender Disappears.

New York, June 2.—One of the most remarkable railway accidents that ever happened near this city just missed being a disaster at the Pennsylvania Railroad's newest steel drawbridge over the Hackensack River, a few minutes after 2 p.m. yesterday. The St. Louis Express, speeding toward Jersey City, reached the bridge as the draw was opening. The locomotive ran across the draw and fell into the river. Its tender, two drawing-room coaches and a dining car were wrecked on the bridge.

Not one of the persons on the train was hurt. Joseph H. Ellis, the engineer, jumped from the cab to the drawbridge and escaped with a slight injury to one leg. William Messner, the fireman, went into the river with the locomotive, but swam ashore unhurt.

Three ordinary day coaches and an express car of the St. Louis express were stopped before reaching the draw-bridge, and were uninjured. The nine passengers who were in the two wrecked drawing-room coaches were transferred to the day coaches and finished the trip with the eighty other passengers, with a delay of only a half hour.

The fault for the accident apparently lay with the bridge tender who opened the drawbridge before displaying the danger signal five hundred feet down the track. Ellis said later that he had a clear signal when he was approaching the bridge and was within less than a hundred feet of the draw when he saw it start to swing open. The bridge tender disappeared after the accident.

The drawbridge had swung so far when the locomotive of the St. Louis express struck it that the locomotive track over the draw, although it approached the bridge on the eastbound track, and so did the trucks of the Indianapolis car, next in line. The St. Louis coach, which was second, and the dining car also missed the rails. Their trucks bumped over the ties a little way, the wheels on one side falling thru the opening between the two tracks of the river.

As the locomotive broke loose from its tender and toppled into the river, the trucks of the far end of the draw struck the trucks of the two drawing-room coaches became wedged together, while the coaches slid off and went pounding along on the bridge timbers, without any wheels under them. The dining car was raised from its own trucks on the heap of other trucks, and its rear end was lifted ten feet in the air.

G.T.R. AND ITS EMPLOYES. Manager McGuigan Says Labor Situation is Satisfactory.

Montreal, June 2.—(Special)—Discussing labor matters, F. H. McGuigan, manager of the Grand Trunk Railway System, says:

"We have a good engineering staff, and Mr. Cameron, the chairman of the Brotherhood on the Grand Trunk System, is a capable, trustworthy and thoroughly conscientious man, but the most serious matter that we are faced with is the labor situation of the Grand Trunk System."

"Taking the labor situation all around so far as the Grand Trunk is concerned, I think it is not unsatisfactory. The average wage increase granted the engineers under the arbitration award is a little less than 6 per cent."

Struck by Lightning. Kingston, June 2.—Frederick A. Perry, living about seven miles out at Big Creek, lost his barn and the contents, consisting of about 3000 bushels of oats, a threshing outfit and other articles. The barn was struck by lightning. Loss \$5500, partly covered by insurance.
