### Public Amusements

#### IMPERIAL BURLESQUERS AT STAR

Big houses and good shows are the rule at the Star Theatre, and next week, which Manager Star confidentially expects to be a record-breaker on account of the unusual strength and popularity of the attraction, the well-known "Imperial Burlesquers," will offer two new burlesques entitled "Night in Paris" and "Off to the Front," two great laugh-creators. The first scene is laid in Paris, and the scenery and costumes are the finest that money can procure, and the same applies to a battlefield and is a satire on a popular war drama. There is a good deal to amuse and interest in the two comedies, bright lines with repartee, ludicrous situations and a wealth of melody and feminine charm. The costumes and scenery are in keeping with the general tone of both comedies, and many beautiful stage pictures will be presented during the progress of the two skits. Larry McAle, Ben Cook, Harry Bentley, Bert Wiggins and George Brennan will have charge of the comedy, while Misses Ida Strugias, Julia Heitzman, Margie Hilton and May Belmont will attend to the principal female roles backed by a chorus of twenty regular girls.

**The Ceell.**—In Hamilton: beautiful dining hall; excellent cuisine; A. service; Charles A. Herman, Proprietor. Regal Hotel, corner King and Bay, Hamilton; modern and up-to-date; strictly first-class; rates \$1.50; phone 1274. D. Smith, Proprietor. See Billy Carroll's Pipe, to-day at the Grand Opera House Cigar Store. Get the Habit—Go to Federal Life Barber Shop, Fred H. Sharp, Cigars.

14 King William-street, Hamilton, under new management. Best wines and spirits, imported ales and lager. Case goods a specialty.

**Lynched Negro.**—A mob last night lynched John Lindsey, a negro, who, it was said, criminally assaulted Mrs. Ed. Windham at her home near Pickensville, Ala. Mrs. Windham is in a critical condition.

**Windstorm Hits Fair.**—A windstorm struck the Iowa State fair grounds early to-day causing damage estimated at \$100,000.

#### Plain Talk From the Doctor

A prominent physician, famous for his success in the treatment of kidney and bladder troubles, stated that to the following prescription is due a great deal of his success: One ounce fluid extract dandelion; One ounce compound salutarin; Four ounces compound syrup sarsaparilla. Mix and take a teaspoonful after meals and at bedtime, drinking plenty of water. This mixture will, he says, positively cure any diseases arising from weak, clogged or inactive kidneys, and will assist these organs to cleanse the blood of the poisonous waste matter and acids, which, if allowed to remain, cause lumbago, lame back, rheumatism and sciatica, and at the same time will restore the kidneys to healthy normal action. The ingredients, which are purely vegetable and entirely harmless, can be procured from any good druggist and mixed at home at very little cost. This advice will undoubtedly be much appreciated by many readers.

### Hamilton Happenings

#### POLICE ARE ON TRAIL OF A HEARTLESS WOMAN

May Be Able to Find Mother Who Deserted Babe—A.O.F. Celebration.

HAMILTON, Aug. 29.—(Special.)—This morning Robert Merigold pleaded guilty to doing an atrocious business last Saturday night. He was out on the street himself, and meeting the license inspector, invited him to make a call at his hotel. He told the magistrate this morning he was greatly shocked to find his bartender serving drinks to about ten men. He was fined \$20. Miss Mabel Hanes, Dundas, an 18-year-old girl, disappeared mysteriously last Saturday and has not been seen since. Hugh McNeilly, Bartonville, started the police yesterday by requesting that they should hang him. He was allowed to go home this morning after he had sobered up. John T. Laing has issued a writ against Robert Waldo, claiming \$3000 damages for alleged seduction of his daughter. Richard Secord, Stony Creek, has been summoned on the charge of "framing" peaches. W. C. Brennan, secretary of the board of works, has received word of the death from pneumonia poison of his cousin, John Brennan, fire commissioner at Jersey City. The police talk as tho they were hot on the trail of the heartless mother who left her infant babe in an ash-heap in A. Simpson's woodshed last Thursday. In order to give them time to follow up their clues, Crown Attorney Washington this evening asked Coroner Woolverton to adjourn the enquiry, which was done, until Monday, Sept. 3. John Patterson told the finance committee to-night that he would be ready to start active building operations on the Hamilton, Waterloo and Guelph Railway early next spring. The committee instructed the city solicitor to draw up the necessary by-law. The A. O. F. in Hamilton on Friday evening will give a grand parade with all high court officers, 45 officers from Hamilton and members of the six city courts in full regalia and banners, accompanied by the 91st Highlanders, the Stuart-street station at 8 o'clock and the Gore Park and city hall will be illuminated.

#### NICHOLAS MURPHY DEAD HAD A NOTABLE CAREER

Was One of the City's Best Known Members of the Criminal Bar.

One of the oldest and best known members of the legal profession in Toronto passed away yesterday when Nicholas Murphy, K.C., died in St. Michael's Hospital. His life had been slowly ebbing away for the last three weeks from continued hemorrhages. Mr. Murphy was 65 years of age, and was born on a farm near Brantford, his father (having come to Canada from Ireland) in 1842. Nicholas Murphy was educated at Carleton Place, Ontario, and at the law, and in 1864 was called to the bar. He completed his education at St. Michael's College, Toronto, and St. Hyacinth College, Montreal. He then took up the study of law, and in 1864 was called to the bar. Many years ago his name was prominent in the conduct of criminal cases in the local courts. His knowledge of law was keen and accurate, and several points that he raised during the hearing of cases were carried before the English courts. He acted for the defence in several murder cases during the '80's. In the trial of a man named O'Rourke, at Milton, he raised a constitutional point which attracted much attention. It was as to the power of the Ontario Government to say how a jury should be called. In the McHolmes extradition case, the prisoner was brought up on a writ of habeas corpus before Chief Justice Cameron, and Murphy succeeded in having him discharged, on the ground that he could not be held unless the warrant was there. In consequence of his decision on a new point the law was amended in England. In the trial of one Hall, a New Jersey forger, which was talked of all over America, Mr. Murphy fought a boneless case, which he did with persistence and determination. He raised point after point, and altho the

#### MARVELOUS SHORTHAND TRAINING

The following letter from the well-known firm of McKendry & Co., 226-228 Yonge Street, ought to interest all young people contemplating a shorthand course. Mr. J. C. Clarke, Clarke's Shorthand, Collier, Church and Carlton-streets, Toronto: "Dear Sir,—We are delighted with the young lady you recommended as shorthand writer and typist. We consider that your system of teaching must be simply marvelous to turn out one so competent in three months. We have had two years' practice, whose work was not nearly so good as that of your pupil. Thanking you for your kindness in the matter and wishing you great success, we are, yours truly, J. C. Clarke, Clarke's Shorthand, Collier, Church and Carlton-streets, Toronto. NOTE: Fall term commences Tuesday, Sept. 3rd.

late Judge Mackenzie, then Justice Oiler, and later the full court of chancery, decided against the prisoner, yet on the final judgment of the court of appeal was evenly divided. In his legal work he was first a partner with C. E. Anderson, whose daughter he married, and then with W. G. Murdoch. In politics he was a Conservative, and used to do excellent platform service for his party. Mr. Murphy was known outside of Toronto, and when a stranger across the line got into trouble he usually sent for him. Mr. Murphy was an associate counsellor in formulating the charges against the "combines" in Toronto a year or so ago. He was a regular attendant at police court. In his early days he for a time acted as legal editor of the old Toronto Telegraph, and also read proofs for that journal. When his brother-in-law, the late George Kingsmill, being editor of the paper, was compelled to give up work owing to ill-health, Mr. Murphy filled his place for a time. Not caring for journalism he soon devoted himself entirely to his profession. Mr. Murphy married a daughter of E. Anderson of Ottawa. His wife died three years ago. A son, Nicholas, 42 Nassau-street, and a daughter, Mrs. Taylor, 1864 West Queen-street, survive. The funeral will take place to-morrow morning at 9 o'clock from McGill's undertaking rooms to St. Michael's Cathedral, thence to St. Michael's Cemetery. Among a large circle of the older residents in Toronto, Mr. Murphy will be particularly missed.

#### ARRESTED FOR TREASON.

COBLENTZ, Germany, Aug. 29.—A sergeant of the 23rd regiment of artillery has been arrested here on the charge of treason. A traveler whose person secret military instructions, alleged to have been stolen were found, was on his way to Paris. Further arrests are believed to be impending.

## MIKEL NEW PRESIDENT OTTAWA WANTS MEETING

Ontario Municipalities Conclude Convention — Provide Work for the Legislature.

The convention of Ontario Municipalities came to a close yesterday afternoon, after a successful session. A vote of thanks was tendered to the mayor and council for their hospitality and all of the delegates were loud in their praise of Toronto. Mayor D'Arcy Scott of Ottawa, however, thought that the convention next summer should come to the federal capital. The matter will be discussed by the executive.

The same body will decide as to whether the convention will send delegates to the Canadian Union. It was objected that to send five delegates next summer to Medicine Hat would cost \$1000.

The following officers were elected for the ensuing term: President, W. C. Mikel, city solicitor, Belleville; vice-presidents, Aid. Cooper, London; Mayor Scott, Ottawa; Reeve Locke, Brantford; Mayor Kennedy, Owen Sound.

The executive committee consists of the mayor of Toronto, the mayor of Dundas, the mayor of Brantford, and the mayor of Hamilton; Controller Hubbard, Toronto; W. B. Doherty, St. Thomas; S. H. Kent, Hamilton; S. R. Armstrong, Peterborough; W. C. Chisholm, Toronto; W. A. Clark, York; W. C. VanSlyckle, warden, Wentworth; M. M. Black, Springfield, and all past presidents.

Mr. Mikel, the new president, is city solicitor and also city clerk of Belleville. He is of German descent, although his family have been residents of the Bay of Quinte for nearly a century. He is a prominent lawyer and active in politics, being president of the Young Men's Conservative Club of Belleville. He has been for years keenly interested in municipal matters, and is one of the hard workers of the Ontario Municipal Association.

Work for Legislature. Among the resolutions recommended for consideration by the legislature are the following: To permit municipal elections to be held on the first Monday of December. To repeal the Connée Act and to authorize municipalities to appropriate gas light and power plants.

To exempt municipalities from liability for defective highways. To amend the Act respecting Nuisances by granting to township councils in township municipalities where statute labor is performed, power to instruct their parishmasters to destroy by statute labor all noxious weeds on said highways in their respective divisions. This was passed at the request of the township of Whitchurch.

To allow municipalities, at their option, to permit Sunday street cars. To permit a board of controllers in cities of a population of between 45,000 and 100,000 (Hamilton and Ottawa) to permit cities to regulate electric wiring.

Taxation of Hospital Lands. To tax any hospital lands used for other than hospital purposes, and from which the hospital is deriving a revenue; that the municipality alone be the parties to grant leave to telephone, or other companies to place poles, rails, conduits, pipes, string wires or in any other way occupy the streets of a municipality, that power be given to all municipalities to cause the removal of poles and wires now erected from streets doing no unnecessary damage to the streets.

The resolutions to provide for the safety of buildings and the removal from streets of telegraph poles, passed. Meet me at Newcombe's Rest Room.

**The Toronto World CHILDREN'S HUMANE LEAGUE**

The children are all invited to write to this page on any subject of interest to them. The letters will be published, and a prize souvenir pin will be awarded each week to the best letter printed during the week. This is quite separate from our fortnightly competition for the best letter from the little Leaguers. The subject for the competition closing August 31 is a "Vacation Letter," and may deal with anything the children have to say on their summer outings. It must be only two hundred words in length, plainly signed with name and address, and written on one side only of the paper. The prize is an enamel pin, with the letters "T. W. H. L."

I wish to become a member of The Toronto World Humane League.

Address .....

# THE WORLD'S MEMORABLE FOR WOMEN

Edited by LAURA E. McCULLY, B.A.

### On the Exhibition Grounds.

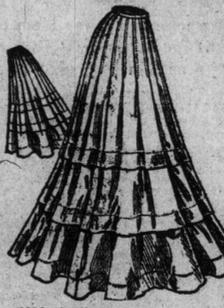

There are two things which our annual exposition is incomplete without and which nearly every woman who visits it feels the lack of. There should be a properly arranged and conducted lunch-room on a really ample scale, under the auspices of some prominent society, and there should be a place where babies or very young children could be left for short spaces of time on payment of a suitable fee, and in charge of responsible persons. How many mothers who have to escort their numerous offspring, all the way from 4 to 14, an elderly grandchild, a baby as well, would feel the comfort of such an institution? Surely some society like the National Council of Women might take this matter up and see it put thru.

### Personal.

Mr. and Mrs. Joseph Wilby, Oak Villa, Norwalk, Conn., their golden wedding Aug. 22, 1907, and were the recipients of many rare and costly gifts. Among the many relatives and visitors present were Mrs. and Mrs. Joseph Bland, Brooklyn, N.Y.; Miss Maud Bland, Mrs. John Good, Brooklyn, N.Y.; Mr. and Mrs. H. J. Wilby, Los Angeles, Cal.; Mrs. and Mrs. Charles North, Waterbury, Conn.; Mr. Wm. Norton, Waterbury, Conn.; Mr. and Mrs. John Brown, North Bend, B.C.; Mr. and Mrs. Erskine Brown, North Bend, B.C.; Mr. and Mrs. Leckle, Calgary, Alta.; Mr. and Mrs. Elliot Stuart, Mr. and Mrs. Arthur Wilby and family, Mr. and Mrs. H. A. Yearsley, Mr. and Mrs. R. Dunn, Mr. and Mrs. Owen J. B. Yearsley, Mr. and Mrs. Green, Mrs. Ruth Stuart, Mrs. Sax Carter, Mr. and Mrs. H. L. Howard, Mr. and Mrs. R. W. 2038—Ladies' Five-Gored Skirt. With Side Plaits at Top and Tucks at Lower Part. Paris Pattern No. 2038. All Seams Allowance. All the elements that are required to make a successful skirt are united in this charming new model. It is a skirt that is simple and easy to make, and this fact has been its development in the pattern broadcloth, silliman or serge. The pattern is in 6 sizes—22 to 32 inches, waist measure. For 26 waist the skirt, made of goods with nap, requires 13-1/4 yards, 20 inches wide, or 7-1/2 yards 36 inches wide, or 6-1/2 yards 42 inches wide, or 5-1/8 yards 54 inches wide; or, of goods without nap, it needs 12-1/2 yards 20 inches wide, or 1-1/2 yards 36 inches wide, or 1-1/8 yards 42 inches wide, or 1-1/4 yards 54 inches wide. Price of pattern, 10 cents.

2038—Ladies' Five-Gored Skirt. With Side Plaits at Top and Tucks at Lower Part. Paris Pattern No. 2038.

### What to Wear.

As usual, the exhibition gives a prolonged life to the summer frocks, linens and lingerie, this season. Among the smartest things worn at the fair, scarcely any real autumn togs begin to appear. On cool days one sees the new wine reds, forest and hunter's greens, and purples on the steps of fashionable hotels, in carriages, on the street, and in the large shops rather than in the occasional autumnal touches are seen. These latter are produced by the replacing of a straw sailor or mushroom by a felt knockabout, or one of the white-brimmed white felts so charmingly trimmed with carefully-knotted, fringed ribbon in patterned effects.

### New Books at the Library.

Finn, Ornithology and Other Oddities; Lebrun, Insects and Invertebrate Animals; Harper, Education and Social Life; Barber, Tin Enamelled Pottery; Jekyll, Flower Decoration in the Home; and many others. The new book, "The Picture in Rome," by Jonathan Swift, Prose Works, Vol. XI, edited by Temple Scott; Brainerd, In the Valley; and "The Australian Naturalist," Perkins, History and Description of Ronsey Abbey; Keene, Hampden; and "The State of Ireland in the Nineteenth Century," Abbott, Israel in Europe; Pollard, Factors in Modern History; and many others.

### AN AGE OF REASON.

The days of mystery have passed. There must be reason for every thing, and we demand to be shown the why and the wherefore. Secret or patent medicines must go with the other things. King Palmetto Compound is not a secret remedy—the formula is printed on the label, and you can get expert advice from your physician. King Palmetto Compound is the most useful prescription ever prepared. Saw Palmetto for the kidneys, Cascara Sagrada for the bowels, Couch Grass, Corn Silk for the bladder, Golden Seal and Compound Kurenel—a perfect combination. The cause of ill-health is not a mystery either, and we know we should apply our reason to our daily habits, but we do not do so. The modern struggle is too much for us. The result is a diseased liver, and a generally disordered condition of the stomach, liver, nerves and kidneys. These things lead to very serious results, and render the body an easy prey to germ-diseases, such as typhus, typhoid and consumption. The reasonable solution is to begin taking King Palmetto Compound to-day. One dose a day, and the cure begins with the first dose. It will renovate your entire system, cure constipation and indigestion, and purify the blood. Give it a trial. Write for a free sample bottle to the King Palmetto Company, Bridgeburg, Ontario. Sold and guaranteed by Burgess-Powell Company, 78 Yonge-street, Toronto.

### DEATHS IN THE CITY.

Chambers, aged 4 hours.  
Kathleen Downes, 6 months, intestinal indigestion.  
Ruth Ann Smith, 4 months, enterocolitis.  
Gloria Gertrude Woodward, 9 hours, cholera infantum.  
James Green, 80 years, general debility.  
Edward Maher, 29 years, pulmonary tuberculosis.  
Ethel Drohan, 25 years, basilar meningitis.

### ADOPTE BRITISH PROPOSAL

Examining Committee on Obligatory Arbitration Reports Favorably. THE HAGUE, Aug. 29.—After three hours' debate to-day the British proposition regarding obligatory arbitration was approved by the examining committee, which had the subject in charge. During the course of the debate the head of the Austrian-Hungary delegation, Prof. Councilor Mervoy von Kapos-Mere, caused momentary excitement by accusing the head of the French delegation, M. Bourgeois, president of the committee, of intentionally delaying the publication of the Austrian arbitration proposals.

### At Syracuse Next.

The International Foot and Shoe Workers' concluded the business of their convention at the Labor Temple yesterday, and decided to hold their next convention at Syracuse, N.Y., the executive board to fix a date to suit the interest of all parties attending.

Meet me at Newcombe's Rest Room.  
Mr. W. Howard Young of Carnegie, Pa., is the guest of Mr. George C. Moorhouse, Gloucester-street, city.

The Kind You Have Always Bought  
Bears the Signature of *Chas. H. Fletcher*

### EXPERT HAIR DRESSING.

New Designs and Expert Work Assured at Pembler's.

The part that a woman's hair plays in her general appearance is conceded by all to be of great importance, and the natural inference from this general consensus of opinion is that no wise woman will neglect anything to protect the hair she has and add to its charm or carelessly pass over any means to restore what has been lost.

There are a whole lot of men who are bald. It may be unpleasant, but you can put up with it, while a woman cannot. But while placed under this obligation it is an easy matter for her to obtain all the necessities at about any figure they wish to expend.

Naturally when anybody wants to replace what nature gave them they want to get the best obtainable and make their purchases from somebody who has established a reputation for giving satisfaction to their patrons.

W. T. Pembler, 127-129 Yonge-street, has a long established reputation as an originator of artistic hair fashions and a successful dresser of the hair and scalp. Everything in his establishment is of the latest design and the best quality. The latest is the bon ton switch and curls, which are made of natural and wavy hair of the finest texture.

The pompadour is also becoming very popular. It can be dressed in any style to suit the wearer, has the advantage over the old pads of having ventilation and can be worn in different ways. Pembler's natural wavy switches are looked upon as the best in the city, and the name of Pembler is known to that line is a guarantee of quality.

Pembler's "King of Hair Destroyers," for the removal of superfluous hair from the face and armpits, has proven to be a wonder wherever used. It removes the hair without pain or trouble, and does not irritate even the most delicate skin.

### NEW WORKS ON DECK.

Many Street Improvements Recommended for Discussion To-Day.

At to-day's meeting of the board of works the city engineer will recommend that as a public necessity James-street should be extended southerly to Richmond-street.

Concrete sidewalks are recommended for Stanley-place, Balmoral-avenue, Elizabeth-street, Palmerston-avenue, Trinity-street, Broadview-avenue, Margueretta-street, Oxford-street, Robinson-street, Queen-street, west of Dovercourt-road, Dundas-street, from Richmond-street to Lisgar-street, and on Dovercourt-road, from Dundas-st. to College-street.

Asphalt pavements are recommended for Van Horne-street, to cost \$956, the city's share \$321; on Gerrard-st. east from Parliament-street to River-street, to cost \$13,308, the city's share \$6179; on Armstrong-avenue, to cost \$7800, city's share \$551.

A brick pavement is recommended for Clark-street, to cost \$2914, the city's share \$1111, and a macadam pavement for Elm-avenue, to cost \$2908, the city's share being \$711.

It is not unlikely that James-street may be opened under the act as being a "work in the public interest." In his fortnightly reports the committee on public works Chief Engineer Rust says:

"I certainly do think the opening of this street in the public interest, and I should be pleased if your committee agree with me to make the necessary recommendations. A macadam roadway 24 feet wide is recommended on Elm-avenue, from Nanton-avenue to Hawthorne-avenue. Concrete curbs are recommended for the west side of Havelock-street, from College to Devon, and from Devon to Bloor.

### SKIPS QUARANTINE.

W. H. Nesbitt of Eastwood Missing From Family With Smallpox.

W. H. Nesbitt of Eastwood, who has for the past few weeks been in quarantine for smallpox, is missing. Mr. Nesbitt did not have an attack of the malady, but several of his family were ill. The wife of the missing gentleman apparently knows where her husband is, but refuses to tell the authorities.

### FORGOT LETTER TO WIFE.

Dutiful Husband Cables Contents at Cost of \$212.

ATLANTIC CITY, N.J., Aug. 29.—Failure to mail a letter to his wife, who is in Vienna, cost Charles Patterson, a western mining man, \$212 in cable tolls yesterday when he filed the letter over the deep sea lines to make up for his forgetfulness.

"I've got a letter that I forgot to mail on the last steamer," he said to the telegraph official, "and I want it sent direct thru as quickly as possible."

The operators gasped when they saw the closely written sheets, but the dutiful husband never even winced when he paid the bill.

# 15,000 HOUSES BURN 60,000 MADE HOMELESS

# COWAN'S CAKE ICINGS

Tremendous Conflagration Almost Wipes Out Prosperous Japanese City.

YOKOHAMA, Aug. 29.—Advices received from the American consulate at Hakodate place the loss caused by the conflagration there at \$15,000,000. About 15,000 houses, varying in value, were burned, and 60,000 persons rendered homeless. Former estimates regarded as having been too low.

Hakodate is a city of 80,000 inhabitants, located on the northern side of the island of Honshu, which lies between the two largest islands of Japan, and through which the Russian Vladivostok fleet steamed on two or three occasions during the war.

prepared ready for use. No trouble. A child can use them. Eight different flavors.

# The Cowan Co. LIMITED TORONTO

But mix with me the lightsome toe she springs— As Caesar said to Cassius, "Ouch! I'm stung!"

Forsooth, that was a pretty lusty clout That chopped me off with Pansy's don't you fret! There's quite a blaze inside my garment yet. And all the Dipper Cops can't put it out. Gilly the Grip's a pretty ricky tout— Under the old rag-rag for him, you bet! When I put on Navajo and get one license to unloose my soul and shout. Perhaps he thinks I'm old Molasses Freight, Sidetracked at Foked Pond and filled with prunes. Waiting for congress to appropriate The nuggets draped around me in festoons. Wait till I ticket Pansy, then I guess Slow Freight will switch to Honey-moon Express.

Meet me at Newcombe's Rest Room.

# THE MANSION BUILDER.

Dedicated to Andrew Carnegie, Esq. on donating \$500,000 to King Edward Hospital, London.

Of far more estimable worth Than gold with jewels studded— To lavish kindness on this earth— And make yourself beloved.

Be first among your fellow-men (You can if you but try). To be beloved—you're building there A mansion in the sky.

Whatever their faults or creeds may be Set prejudice apart. And be the man of sympathy To bear a brother's part.

Be kind to all the lower kin, For they have feelings, too— And so another mansion win In the glory of the Blue.

For in my Father's house above There many mansions be. We build them here with bricks of love For our eternity.

—John W. Campbell.

# When You Take Cold

One way is to pay no attention to it; at least, not until it develops into pneumonia, or bronchitis, or pleurisy. Another way is to ask your doctor about Ayer's Cherry Pectoral. If he says, "The best thing for colds," then take it. Do not say, anyway, "We have no secrets! We publish the formulas of our preparations." C. C. Ayer & Co., Lowell, Mass.

Baseball Toronto Loses, Also Buffalo. Cricket and Tennis Games. Wentworth, 2.041-2, Distanced Geers Lands John A. and Dr. Ives

Sailors Win a Burlesque Game Torontos Play Too Fast Ball

Fail to Prolong Exhibition Before Time Limit—Score 9 to 5—Grays Trim Bisons, While Bronchos Win From Skeeters—Montreal Are Here To-Day.

Newark wound up their season at Diamond Park in a burlesque game of ball.

The visitors having all the fun. By mutual consent the game was called at 6.30, but it should have been 4.30, for our local crossfire and fair-nerved. Applegate Suffice to say, seven innings were the extent of the exhibition, the Sailors scoring four in their last, and then wound up rubbing it in, by making all kinds of feeble efforts to connect. The locals were retired in order, the last man going out two minutes before time.

Montreal Series Transferred. Through the courtesy of President Potter of the Buffalo Club, the Maple Leafs will remain at home for the rest of the week, the series scheduled for Montreal being transferred to Diamond Park, Ontario, on Sunday.

National Commission Bulletin. CINCINNATI, O., Aug. 29.—The National Baseball Commission has issued a bulletin supplemental to the recent bulletin to all major league clubs pertaining to the transfer of players.

Bronchos Won in Tenth. ROCHESTER, Aug. 29.—In the tenth inning Rochester beat Jersey City to-day. Hayden's double, Chapman's sacrifice bunt, and Bannan's safe, and it took several pitchers to restrain Vandergrift from leading the seventh, when he was allowed Moore. Then the Bronchos forged ahead by passing the score to the ninth. Bannan pitched good ball, but was miserably supported.

OVER NETS AT NIAGARA BEST GAME FOR FOUKES

NIAGARA TENNIS TOURNAMENT LIKELY TO BE FINISHED FRIDAY—MISS SUTTON'S PROGRAM.

NIAGARA-ON-THE-LAKE, Aug. 29.—Fine weather to-day again favored the tennis players, with the result that some very fast matches were played and such good progress made that Friday will probably see the finish of the tournament.

International open championship—Burns, Toronto, defeated Campbell, Kingston, 6-1 6-2. Kinkover, Buffalo, defeated Galt, Buffalo, 6-1 6-2. Sherwell, Montreal, defeated Galt, Buffalo, 6-1 6-2.

Table with columns: Club, Won, Lost, Pct. Lists results for various tennis matches.

Providence Makes it 3 Out of 4. BUFFALO, Aug. 29.—Providence got away with to-day's game with Buffalo 3-1, taking three out of four played.

Table with columns: Club, Won, Lost, Pct. Lists results for various baseball games.

AMERICAN LEAGUE RECORD. Clubs. Won. Lost. Pct. Detroit, 89 49 .645. Chicago, 88 50 .638.

Port Hope Lose at Peterboro. PETERBORO, Aug. 29.—(Special)—Morning, afternoon and evening games were played here between three Port Hope hinks and Peterboro. The local lawn bowlers won the round by 65 points.

OTHER SPORTS PAGE 7. RUGBY NOTES. Arrangements are under way to reorganize the City Rugby League and a meeting will be held in the club rooms of the North End A.A. early in September.

MONTEAL POLO TEAM WINS. Beat Toronto Hunt in Opening Game of Season by 5 Goals to 2.

The polo season was inaugurated on the Toronto Hunt grounds, Kingston-road, yesterday, in ideal weather, when the Back River team of Montreal, beat the local quartet by a goal to two.

Good Progress Made Thursday in Different Classes—Speeding Events To-Day.

Does The Morning World reach your home before 6:30? If it does not send in a complaint to the circulation department. The World is anxious to make its carrier service as nearly perfect as possible.

PROFITABLE PUBLIC OWNERSHIP

Undisturbed by the curious statements ever and anon forwarded for American consumption regarding the waiting popularity of public ownership in the United Kingdom, British cities are on developing their municipal services, enterprises and branches out in new directions. This is the refutation of the assertion that the people over there are longing to have their public utilities replaced in private hands. Why indeed should they desire to retrace the path that has replaced the factor of private profit by the principle of the common good? The British citizen is not blind to the fact that the standing complaint of public service companies is that they cannot make sufficient profits at the prices and fares charged by the municipalities to which they must conform.

BIG BARN BURNED.

Disastrous Fire in East Zorra Destroys New Barn With Crops.

WOODSTOCK, Aug. 29.—(Special).—A disastrous fire occurred early this morning at the farm of Geo. Patterson, east of Zorra, when a large new barn was completely destroyed, together with the greater portion of the season's crops.

Mr. Patterson went out to the barn early, carrying a lantern. When in the basement of the barn the lantern took fire. Efforts to stop the progress of the fire were in vain, and attention was directed towards saving the animals and implements in the barn.

All the animals were taken out, including a fine team of horses valued at \$275 to \$400. The barn was only recently built, and was one of the finest in the neighborhood. It is partly insured.

ADANIAN APPLES IN BRITAIN.

Mr. J. H. Jackson, Canadian commercial agent for the Leeds and Hull district of England, in his latest report treats of the fruit trade in prospect and pronounces them to be excellent. The northeast of England he regards as a very promising market, and the local fruit dealers are just as anxious to become known to reliable Canadian shippers as the latter are to become connected with reputable importing firms. Canadian apples, Mr. Jackson declares, have attained such fame in the British market, that a shipper has only to make regular shipments and maintain a uniform standard of quality to ensure, not one year's, but many years' trade.

How good a field this district offers is evident from the information supplied by the commercial agent regarding the City of Hull. Its weekly market is attended by buyers from all parts of the northeast of England, and over 150,000 barrels of imported apples were sold in Hull last year. Some of the larger fruit importers regularly dispose of between 5,000 and 10,000 barrels per week. Direct steamer service is now available from Montreal to Hull, and as Australia also has direct connection, Mr. Jackson says Canadian shippers will have to look to their laurels to maintain the lead.

CUSTOMS VALUATIONS. Some little time ago the attention of the United States authorities was directed to the operation of the federal customs department, and particularly to the method of valuing goods liable to import duty. Investigation led to the

discovery that certain large importers had tampered with the official appraisers dealing with shipments, which were, in consequence, systematically undervalued to the detriment of the public revenue. As a deterrent, a rotation system has been devised, under which the appraisers are shifted from time to time, and consignments to particular firms thus subjected to various officials in turn, whose valuations can be compared and checked.

There is reason to think that a similar rule in the Canadian customs department would yield a corresponding benefit to the Dominion revenue. Large and habitual importers of foreign goods are, of course, immediately interested in having a low value placed on their consignments. If this is constantly done, it means an addition to their annual profits, which may easily run into thousands of dollars. The revelations made in recent years show the conventional standard of commercial morality, so be none too high, and for the public good, and in the interests of the customs officials themselves, it is eminently desirable to adopt every possible precaution to secure faithful performance of duty. The matter ought certainly to receive consideration from the responsible minister.

IT SHOULD WORK BOTH WAYS.

The Mail and Empire and some other Canadian newspapers picture the United States as reduced to a total wreck, by reason of the Roosevelt administration having enforced the law against several great corporations. It is the enforcement of the law against which the complaint is made, because the Sherman anti-trust statute and the Elkins anti-trust statute were passed long before Mr. Roosevelt became president. He did not make the law; he has merely enforced it.

There are some Missouri people who are inclined to doubt whether the people to the south of us are really so destitute and desperate as some of the newspapers would have us believe. They insist that our neighbors will be able to keep house for quite awhile yet. True, there is undoubtedly some contraction of credits, otherwise known as "tight money," "financial stringency," and the like. Stocks and bonds have declined, altho the United States Government has no trouble in selling two per cents. at a premium. But is this depressed condition peculiar to the United States? Money is said to be "tight" in Canada, and many securities, including Cobalts, are depressed, to say the least.

Now how can this be? If enforcing the law makes a country hard up, then not enforcing the law should make a country prosperous. Surely nobody has been disturbing the corporations in Canada. They have no "big stick" in this country to make them afraid. If the United States is hard up because their corporations cannot do as they please, then surely Canada should be rolling in luxury.

It is a poor rule which does not work both ways.

POLITICAL INTELLIGENCE

The World is getting all kinds of praise for the outspoken character of this column, and for its fairness to all parties and politicians. It even gives W. F. Maclean half a show, so that that much-abused tribune of the people begins to think his turn is coming. The politicians are all taking and reading The World on this account. They like all the news rather than selected portions. The curse of Canada, politically, now for a good many years, has been the suppression of the truth and the dissemination of distorted or false accounts of what is supposed to be going on. Mr. J. S. Willison, one-time editor of The Globe, and biographer and the bayed panegyrist of Sir Wilfrid Laurier, and now "editor-in-chief of an independent journal devoted to politics \* \* \* and the diffusion of useful knowledge," has undertaken to tell the truth to the Conservative party, if not to Mr. Borden. There was a dose of "diffusion" in Wednesday's paper that we take the liberty of reproducing in part. Whether it will be considered as "useful knowledge" by the Conservatives is what the rural editor might call "a moot point." But here is the substance of the article:

Of the 224 members of parliament, the maritime provinces have 35, Quebec 65, Ontario 86, the prairie provinces 30, and British Columbia and the Yukon 8. In 1904 the results were: Maritime, 26 Liberals, 9 Conservatives; Quebec, 55 Liberals, 10 Conservatives; Ontario, 37 and 49; the prairies, 14 and 6; British Columbia and the Yukon, 8 Liberals.

The News correspondent thinks the Conservatives should gain in the maritime provinces. Prince Edward Island is constitutionally in opposition, and is at present particularly dissatisfied. New Brunswick seems turning against the government, and in Nova Scotia the Conservatives should gain at least a couple of seats. Therefore, from the maritime provinces, there should be from 20 to 23 Liberals, and from 12 to 15 Conservatives.

If there should be no change in Quebec, Sir Wilfrid will come to the Ottawa River with 75 to 78 out of 100.

The writer figures that, in Ontario, the Conservatives will pull out a majority of 20, and that the parties will go up to the Manitoba boundary divided as follows: Liberals 110, Conservatives 76. If the Conservatives do well enough east of Ottawa to hold Sir Wilfrid down to 70, and carry Ontario by 26, the figures should be cut down to 100 Liberals and 86 Conservatives.

In view of the fact that 10 of the new western constituencies are new and under government influence, the Conservatives' cause is looking up, but, giving them the benefit of the guess, the 38 Western seats will divide: Liberals 20, Conservatives 18.

Total: Liberals, from 120 to 130; Conservatives, from 94 to 104, or a Liberal majority of from 15 to 35.

This, the writer admits, is the roughest possible estimate. Mr. Borden may not win, but he should return with a following considerably increased. The real Conservative point of attack is 1912, when we shall be paying for the G. T. P. It is admitted that governments deteriorate as they grow older, and the present government is losing its administrative strength, and it is a fair conjecture that, given a Liberal victory, the years from 1908 to 1912 will be marked by a good deal of administrative laxity. Therefore:

"One of the most urgent duties of the opposition during the eleventh parliament will be to watch the departments, to expose every doubtful transaction which can possibly be uncovered. Another will be to fight for all it is worth for the party's general policy. There is one thing worse than having a poor policy—it is having a good policy and being afraid of it or indifferent to it.

"To fight a battle of this sort, it is not votes that are needed so much as men. It will matter little whether Mr. Borden has 70 followers or 100 to stand up in divisions. It will matter a great deal, for one thing, if he has men who will throw themselves into whatever policy the long-delayed Conservative convention may decide upon, and fight it for all they are worth. For an opposition, the period between general elections is one long-continued address to the big jury outside of Ottawa, and the party policy must be proclaimed and driven home, not by one man, but by many.

"It will matter a great deal, in the second place, if Mr. Borden has a force of men who can watch departments, scan the auditor-general's report, and generally play the watchdog.

"It cannot be repeated too often that Mr. Borden is shockingly ill-supplied, alike with loyal supporters and with fighters. Everybody knows how weak his following is in public debating power. What is not generally understood is that it is very weak in men suited for the turbulent but necessary work in committee."

He goes on to say that the real need of the Conservatives is to send a delegation, which will include plenty of real fighters. The case of Mr. Pringle of Stormont is recalled. He deserted his leader on the autonomy fight, and again when the Lord's Day bill was under discussion, "and fought for the railways with a zeal and pertinacity which could hardly have been surpassed by a paid counsel. He carried his private campaign so far as to interfere with the plan agreed upon by his party. Finally, he has not done a tap of work of the watchdog sort for his party, and other Conservatives broadly hint that he hopes by his mildness in the house to induce the government to be mild in its efforts to unseat him. What support can Mr. Borden expect in his radical policy from Mr. Pringle? What effective fighting will he do? Yet Mr. Pringle quietly secures his re-nomination."

thusiasm, Mr. Borden made no attempt to stir applause or to appeal to passion by flights of eloquence, contenting himself with stating his side of the case moderately and dispassionately, if not always candidly. The Sun declares the feature of the speech was the modification it has undergone since its first delivery in Halifax. "Mr. Borden," observes the paper, "is constitutionally Conservative—not reactionary perhaps, but certainly not progressive. Fate has forced him just now into a somewhat radical role and it sits un-easily upon him. While his Halifax program has been generally criticized for its lack of color and spirit, there have been some critics, notably The Montreal Gazette, which have professed to see in the more advanced articles, such as those declaring for more rigid control of corporations and for public ownership of telegraphs and telephones, a dangerously socialistic tendency and a menace to capitalistic interests. These warnings have evidently made more impression upon Mr. Borden than the criticisms based on its negative qualities, for last night in his recapitulation of the program he took obvious pains to qualify all the controversial articles with such guarding and protective clauses as well nigh emasculated them."

To-night Mr. Borden opens his imagination could not desire a better refresher and pick-me-up than "BYRRH." Try it with iced soda.

bec campaign at Three Rivers. After the Three Rivers meeting Mr. Borden will go to Valleyfield, where he will speak at a mass meeting to be held on the afternoon of Saturday.

On Tuesday Mr. Borden will be the guest of honor at a luncheon to be given by the Lafontaine Club. In the evening he will be escorted to the Monument National by the City Conservative clubs, and a meeting will be held there, at which Mr. Borden will speak in both French and English.

A Maitoulin paper says: Sunday, 11th, and Monday, 12th, Rev. J. A. Macdonald, editor of The Globe, and Mrs. Macdonald, were at the Soo, Friday evening Mrs. Macdonald gave a lecture in St. Paul's Presbyterian Church on home missions, and on Sunday evening Mr. Macdonald preached in St. Andrew's Presbyterian Church.

Calgary Eye-Opener: Let Sir Wilfrid show even the slightest sign of bringing Clifford Sifton back into the cabinet and the immediate effect, so far as the west is concerned, will make him fairly sick at his stomach.

The News' Ottawa correspondent writes: "It is understood that Sir Wilfrid Laurier has decided that when Mr. Belcourt is elevated to the senate, Mr. Emmanuel Tasse, and not Mr. Auguste Lemoine, shall be the Liberal candidate for Ottawa."

Canada, Be Glad.

(The opening of the King Edward Sanitarium for Consumptives, near Weston, Aug. 28, 1907.)

O Canada, be glad, be glad! Behold yon light—A radiance tender draweth night. A glory stealth o'er the sky, Dispelling night.

Dark, dark and long hath been the night, O'er all the land, To many daughters dear to thee, Pale-veiled in waiting mystery. None understand.

A sweet girl graces yonder home, The pale king comes and silent stoops, He breathes on her, the fair rose droops, And she is dead.

Ten thousand homes the might inhale Of his chill breath; Rmorseless breathed as he goes by, And joy and hope hear-frosted lie, In withered death.

O Canada! hope, hope thou still—The dawn has come, A ray of gold has reached the sky, A radiance healing draweth night, To every home.

On darkness dense the wasting plague Shall prey no more, The light to simple life has come, The hopeless find a hopeful home, As ne'er before.

God bless, thrice bless, the open hand—Thy praise we sing; And blessing be, with deathless fame, On him that lends his gracious name—God bless our King.

—Grant Balfour.

MILLERS MEET.

President Vogan Urges Organization Efforts to Project Trade.

President S. W. Vogan of Walkerton in his address at the opening meeting of the Dominion Millers' Association at the Board of Trade yesterday urged the necessity of greater efforts being made to increase the membership in order to afford greater protection to the trade.

A new bylaw was passed to reduce commission charges for buying by a refund of \$1 per car to old members on this year's purchases, making the net commission \$1 on Ontario and \$1.50 on Manitoba wheat.

George Goldie of Ayr gave an address on the work of the royal grain commission.

The afternoon and evening were spent at the exhibition.

AT OSGOODE HALL.

Balance on Account. A writ of summons has been issued by Miller & Richard against George H. Mooney of Ripley Village, claiming a balance of \$24.11 on certain merchandise sold.

Promissory Note. A promissory note is the cause of an action brought by David Carlyle against Merton & Co. The amount at issue now amounts to \$109.35.

Overdue Bills. The Taylor-Forbes Company have begun an action against Watson Mashinier, claiming \$68.20 on certain accepted bills of exchange and goods sold and delivered.

Automobile Smashed. While Dr. Norman Allen of Carlton street was running his automobile along Leslie-street, on June 4 last, he struck a defective sewer ventilator, with the result that his automobile was badly damaged. The doctor has issued a writ against the city, claiming \$1000 for the damages sustained.

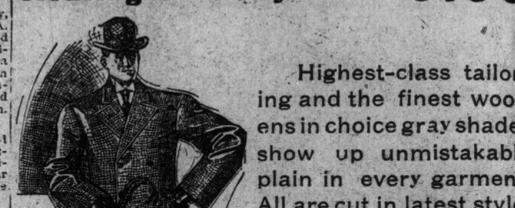

Work to Proceed. The local judge at Gore Bay on July 29 granted an injunction restraining that town from proceeding with the laying out and opening up of Water-street, in accordance with a bylaw passed by the municipality. The application was made on behalf of David Becknell, a property owner on the proposed street. Chief Justice Mulock, on an application to continue the injunction, refused to allow the whole work to be stopped, and dissolved the injunction so far as it did not affect Becknell's property, and enlarged the motion as to that for one week.

FAIR EACH NATION TO BE FREE TO ACCEPT ARBITRATION

British Proposal so Modified That It May Lead to General Understanding

THE HAGUE, Aug. 29.—The British proposal before the peace conference regarding obligatory arbitration has been so modified that it may lead to a general understanding on the subject.

LIQUOR SOLD TO INDIANS

Information Laid Against W. H. Darcy of Burleigh Falls.

The license branch of the provincial secretary's department has laid information against W. H. Darcy of Burleigh Falls, Peterborough County, for supplying liquor to Indians, this being the second offence.

The Indians created a scene on a Stoney Lake excursion steamer, throwing the women and children into a panic, and were subdued by the white passengers and crew.

BUBONIC IN FRISCO

Nine Cases and Seven Deaths Discovered Since June 18.

SAN FRANCISCO, Aug. 29.—Since June 18, nine cases of bubonic plague have been discovered here, and seven deaths have occurred.

The federal authorities have sent a marine hospital surgeon here, and coasting vessels are being inspected by quarantine officers.

Two Boys Sulfide at Sea. NEW YORK, Aug. 29.—Two suicides, both boys, occurred from the steamer Patricia, which arrived today from Hamburg, Boulogne and Plymouth.

Dockmen Locked Out. ANTWERP, Aug. 29.—Owing to the refusal of many of the men to sign a contract, another general lockout has been declared against the dock laborers who recently agreed to return to work on their employers' terms.

Chang's Assailant Pardoned. TOKYO, Aug. 29.—Koyama, the Japanese who assaulted and wounded Li Hung Chang at Shimonoseki, in 1896, during the Chinese railway negotiations, and who was sentenced to life imprisonment in the Ashimori Prison at Kakkato, received a special pardon on Aug. 28.

Kills Sister. POTTSVILLE, Pa., Aug. 29.—Thos. Lavelle, a prominent hotelkeeper, shot and instantly killed his sister, Mary White, while sleeping, early to-day, and then fatally wounded himself. He is probably insane.

Nagara Falls Falls, Ont., has asked the Ontario Railway and Canal Board to approve a bylaw for the issue of debentures in the sum of \$11,000 for the improvement and extension of the waterworks system. The rate of interest is 5 per cent.

Will Re-Open Sept. 17. The Toronto and Ottawa normal schools will not be re-opened until Sept. 17, owing to alterations not being completed. There are some vacancies at the Ottawa school. The Toronto and Ottawa provincial model schools will open on Sept. 2.

Gen. Cameron Stricken. WINNIPEG, Aug. 29.—Lieut.-Gen. Cameron, formerly of the 5th Royal Scots, Montreal, died at the hospital this morning. He was on parade yesterday afternoon with the 90th Regiment.

Bold Burglars. PETERBORO, Aug. 29.—Burglars last night stole \$95 and a watch from Mrs. Trewh's boarding-house, 326 Water-street. The police station is but 100 yards away and three men were sleeping in the house at the time.

Intercolonial Makes Money. OTTAWA, Aug. 29.—On June 30 last the Intercolonial Railway shows a surplus of earnings over expenses of \$400,000, compared with \$32,000 the year previous.

Against the Viaduct. In his canvass of the business men along the Esplanade the commissioner of industries is meeting with considerable opposition to the viaduct as a means of overcoming the level crossing evil.

AT 96, KILLED BY TRAIN. BRAMPTON, Aug. 29.—(Special.)—Robert Loves, for 96 years a resident here, was killed by a C. P. R. train. The railway passes through his farm. He suffered from deafness.

Jumped Into Lake. CALGARY, Alta., Aug. 29.—At Strathmore, Alta., a small town 20 miles east of Calgary, an unknown man committed suicide by jumping from a trestle into Eagle Lake. Four section hands were walking along the track in the direction of the trestle when they saw the man leap into the lake.

One Child Cured of Summer Complaint and Six Cured of Gramps by Half a Bottle of DR. FOWLER'S EXTRACT OF WILD STRAWBERRY.

Mrs. Wm. F. Wellington, Ashbur, Ont., says: "I find it much pleased to recommend Dr. Fowler's Extract of Wild Strawberry as a grand cure for Summer Complaint. My little boy, one year old, was very bad with it, and a few doses cured him. I also used it on my other six children for gramps, and still have half the bottle left. I cannot praise it too much."

DR. FOWLER'S EXTRACT OF WILD STRAWBERRY is the greatest of all cures for all bowel complaints such as Diarrhoea, Dysentery, Colic, Summer Complaint, etc.

Beware of imitations and substitutes sold by the unscrupulous dealer for the sake of greater profits. They are dangerous to your health.

It is manufactured by The T. Millburn Co., Limited, Toronto, Ont. See that the name appears on the wrapper. Price 35 cents.

Every Man should be interested in the Automatic Razor. It is the most perfect razor yet invented. It is made of the finest materials and is the most perfect razor yet invented.

ONTARIO'S PECULIAR SUMMER

Dry Weather Hurts Pastures— Grain Yields Well—Fruit in Many Parts Excellent—Turnips and Corn Want Rain—Grass-hoppers Hop—Apples and Pears

Ontario has had a peculiar season. A cold, wet spring put crops back several weeks. Afterwards there were weeks of dry weather. The nights have been uniformly cool. Rains have fallen in some parts and passed by other parts only a short distance away.

Everybody was predicting a miserable hay crop and in the eastern part of the province there certainly was a light crop. Reports from central and western Ontario showed that the yield was much better than it was expected. But the fact that the hay-buyers are active now may be taken as an index of what prices may be for the coming winter. Corn was sown liberally, but many fields show the effects of the early cold and the dry weather. Many fields have suffered severely. In some, there are some crops hard to excel in any year. Alfred Rogers of Kinsale has ten acres of as good a crop of ten-foot corn as is to be seen in any year. Picked fields in various parts tell the same story. And so the story of our peculiar season goes on.

The story told of the oats is just as romantic a one. Very good fields of this cereal flourish alongside of extra poor ones. But as a rule the grain crops are yielding a good sample of clean heavy grain.

This week the farmers were jubilant over the light rain in Ontario on Tuesday. A steady downpour would have meant millions of dollars to the farmers. From east to west the province is languishing for rain to help out the pastures and corn crops.

Where the bush fires are spreading devastation on every hand, the province is hoping for all kinds of wet to help the farmers and the crops.

In general the rainfall over the province has been comparatively light, while the western promises that towards the end of the week a warm area will sweep the Dominion.

The protracted drought through the Province of Ontario, broken in a measure by the general rains of Tuesday, is likely to have a reaching and serious effect upon not alone the dairy industry but all lines of agriculture.

While the harvest has practically all been garnered, the reports from the crops are reported from all parts, as being in a bad condition and in many places so far withered and parched by the excessive drought as to be beyond recovery.

Local in counties around Toronto the outlook is fortunately not so discouraging, but even here grave fears are expressed in many sections with respect to the crop and the pasture lands through the balance of the season. The anxiety appears to centre chiefly in the apparent scarcity of fodder for the cattle and other animals during the approaching winter.

Ex-Warden J. D. Evans of Islington told The World that the drought was almost unprecedented in that part of the country, and had already wrought great injury to the potato and tomato crops as well as the smaller class of garden stuff. Pasture in the western part of the County of York was completely tried up, and the result could only mean an increase in the price of butter and other dairy necessities. An exception was found at Jackson's Point, where, owing to the presence of the lake, or for some other reason, foliage was comparatively luxuriant. Mr. Evans cited the case of some friends who had just returned from the State of Maine, where the people were in a state of despair to keep the flames from destroying their grain and buildings.

In York County generally the outlook for turnips and mangold wurtzel is worse than for many years past. The cold, backward spring, coupled with the presence of the small fly, has worked ruin to many fields. The supply of butter has, according to the reports of the country storekeepers, fallen off lamentably within the last two weeks.

A significant fact, and one which goes far to establish the fact that there is in the central counties of Ontario a threatened scarcity of feed, is found in the fact that in a day's driving thru the County of York not one single stalk of new hay was seen. A well-known farmer driving thru the County of Leeds, in two days saw only one stack of new hay, where in other years the same district furnished hundreds, with the barns well filled.

The lessons to be derived from the situation are found in the fact that farmers in the face of a certain scarcity of coarse goods would do well to cut everything that can later be turned to account. It is also urged upon those in a position to speak with authority that the cultivation of mangolds until well on in the fall will add thousands of tons to the net amount throughout the country. The same will apply to other field crops.

Vegetable Crops. H. R. Cowan, secretary of the Ontario Vegetable Growers' Association, in a bulletin issued says: The general outlook for the vegetable crops in Ontario is not encouraging. All the crops have suffered for the want of rain during the past few weeks. In addition to this the dry weather will cause the apples to be small, and all indications are that there will be little or no large, nice fruit, such as usually characterizes that which comes from Western New York.

Pears in Demand. Pears are going to be a fair price. Bartlett's are being enquired after, and those who are fortunate enough to have the fruit are looking for five dollars a bushel in New York. The best crop in Toronto this year, good United States crop is none too cents and they are paying 3 to 3 1/2 means as pound in New York. The good as \$5 per barrel to the farmer.

Fruit Inspectors at Work. Mr. A. McNeill, of the fruit division at Ottawa says that the reports in-

pected to be only half a crop. Beets, carrots and turnips will give fair to good crops, while parsnips will be below the average. Early and medium cabbages are not plentiful in some localities they are scarce. If rain comes late cabbage and cauliflowers will be all right. The celery crop will not be large and the stalks somewhat small. The onion crop will be much below the average. In the Scotland district, Brant County, where onions are grown extensively, they have made rapid growth, but mildew has appeared and will materially affect the yield. Sweet corn will be fair. Melons will yield a good crop. The tomato crop will be very light. Growers probably will not grow as large an acreage of tomatoes next year.

In the Niagara Peninsula the yield of all kinds of fruit, with the possible exception of grapes, will be small by comparison with other years. The canning factories are taking everything in sight, and keen rivalry is said to exist for the output.

Housekeepers are looking for cheap tomatoes, peaches and grapes to fill the jars left vacant by the short raspberries. Advice from the Niagara Peninsula points to no relief in the matter of peaches. The peaches are only a forty per cent. crop, while grapes are reported to be a full crop. This will likely mean the best part of a dollar for the peach crop. Mr. William Armstrong of the Niagara River Fruit Park at Queenston confirms this report.

"Several conditions," says he, "combine to warrant me in saying that the consumer may expect to pay some advance on last year's prices for fruit in Toronto.

Firstly, the canners are now busy buying at good prices (unusual prices) all kinds of fruit.

Secondly, the express rates have advanced between Niagara townships and Toronto.

Thirdly, the west, especially Winnipeg, is bidding stronger than ever before for the fruit of the Niagara Peninsula.

Fourthly, the supply is short, and not equal to the demand by one-half. Canners are offering from 5 to 6 cents per lb. for peaches and take them large and small, at that.

"Six cents per lb. is about equal to one dollar per 11-quart basket. Such varieties of peaches as the Triumph, New Prolific, Carman and Crosby are a full crop; Elberta, medley, and other named varieties, are failures. The Crawford, Lehigh, and Globe, etc., are almost entire failures, with very few exceptions. The failure of such a number of varieties of peaches is a heavy blow to the fruitgrower, who has planted principally of said named varieties.

"No doubt the principal cause of failure was the unusual continuous cold, wet weather during April, May and June.

"A large portion of the lower roots rotted, consequently there was not sufficient nourishment while the trees were in bloom to support the tree, hence the cause of the drop after the peaches formed.

"There are an excellent crop in the vicinity of Queenston. Pears are a light crop in most orchards here; still I notice several orchards with full crop.

Apples Poor Crop. Apples are almost an entire failure in the Township of Niagara, caused principally by the ravages of the San Jose scale.

"Many thousand dollars' worth of once thrifty orchards have been totally ruined by the grower put out of business, as was predicted by Dr. Fletcher of Ottawa at a meeting of fruitgrowers held in the city hall, St. Catharines, about two years ago, because at that time there was considerable opposition to the methods adopted by the government in order to stamp out the pest, if possible.

"W. V. Hopkins, reporting from Burlington, says that 'Peaches are a failure in that district. Not a dozen baskets can be taken from some orchards, so high prices will obtain. Grapes are a good average crop in the district.'

Apple Demand Good. J. E. Jackson, commercial agent at Leeds, England, in his last report says that 'Canadian apples have attained such fame on the British market that it is probable that only arrangements with a local importer to send him regular shipments, and see that his fruit is kept up to standard throughout the whole season, he can rely on not only doing a full season's trade this year, but in years to come also. Let him, however, send fruit of an inferior quality to the 'grade' standard, and the reputation of all Canadian apples is materially affected for some time to come in the estimation of this new importer.'

Trade enquiries from no less than 17 firms in England are reported from Ottawa this week for our apples. It means that our farmers can receive decent prices for their apples during the season, and that the co-operative shipping societies are justified in looking for over \$3 per barrel for their good fruit.

New York Apples. We reported recently that the apple crop of New York was good, while that of the other states was only fair. But dry weather is hurting the New York outlook. The Produce News says that: 'There are serious reports coming from the apple sections in the western part of the state, as well as along the Hudson River. The continued drought is affecting the apple trees and the apples are dropping worse than they did in June. Unless rain comes it will very seriously curtail the product of the apple tree, and even should it come now there are indications of the state which are so injured that the crop will be cut down at least 25 per cent. of the average as reported by the American apple shippers to the Atlantic City. In some sections of the state the drought and drop are so bad that growers report they will not be able to pick a crop. In addition to this the dry weather will cause the apples to be small, and all indications are that there will be little or no large, nice fruit, such as usually characterizes that which comes from Western New York.'

Pears in Demand. Pears are going to be a fair price. Bartlett's are being enquired after, and those who are fortunate enough to have the fruit are looking for five dollars a bushel in New York. The best crop in Toronto this year, good United States crop is none too cents and they are paying 3 to 3 1/2 means as pound in New York. The good as \$5 per barrel to the farmer.

Fruit Inspectors at Work. Mr. A. McNeill, of the fruit division at Ottawa says that the reports in-

That Exhibition Thirst

It hurts to have a thirst but you are glad if it when you get a drink of

McLaughlin's "Canada Dry" Ginger Ale

A drink like that is worth suffering to get. It is fully equal, if not superior, to the best imported, and costs only half as much—10 cents.

See the Exhibit

"Canada Dry" Pale Ginger Ale is exhibited by J. J. McLaughlin, Limited, near the middle of the Manufacturers' Building at the Exhibition Grounds.

Newcombe's Rest Room. For the use of the Gentler. See who visit the exhibition. Manufacturers' Building, South Side, Eastern Section. Ladies are especially and cordially invited to make this room their rendezvous.

Newcombe's Rest Room. A Splendid Piano Exhibit. The Bell Piano Company have always had the reputation of creating something "different" from the other piano-makers. This year, at the exhibition, they have on view a magnificent piano, finished in an Indian mission case, the Bell Piano Warehouses, 146 Yonge-street, where you will be made welcome at any time.

## POWERS TURN TO CRUISER HIGH SPEED AND ARMORED

Great Nations Concentrating Their Efforts on Cruising Battleships.

The New York Herald's London naval correspondent cables:

Now that the disturbance in battleship construction caused by the advent of the Dreadnought has to a large extent subsided, and the programs of the greater powers in this direction are fairly well known, more attention is being paid to the question of the cruiser design. It is interesting in this connection to turn to the remarks made by Lord George Hamilton when first, last of the admiralty in explaining to the house of commons in 1888, the details of the great Naval Defence Act of that year. In the course of his speech he said:

"I had hoped some two years ago that the Nile and the Trafalgar would be the last battleships laid down in this country. It then appeared as if there was to be a general cessation of the building of battleships in any previous year. Our supremacy of the sea must, after all, be measured by the number of battleships we can put into line."

The first lord went on to explain that as complement to the battleships of the building of the Warrior type, 3400 tons and the smallest 2600. These 42 cruisers were all unarmored, or of what is known as the protected type of vessel.

The changed opinion of the naval world in regard to this matter cannot be more clearly demonstrated than by reference to the Dilke return for this year. In this return it is shown that since 1888 no first or third-class protected cruiser has been launched by any of the naval powers except Russia, while Germany alone continues to build protected cruisers of the second-class.

Battleships in Power.—The powers are concentrating their efforts in this direction upon large and powerful armored cruisers, so large and so powerful, indeed, that to the latest type of all has been given the new designation of cruising battleships. The suggestion is made that perhaps we should refer to a period such as that referred to by Lord George Hamilton, and that just as then there was a return to the building of battleships, so we are now about to witness a return to the building of cruisers.

The remarks made by the Right Hon. Edmund Robertson, secretary to the admiralty concerning the future constructive policy of his board, seem to favor this idea. He indicated that in the opinion of the naval advisers of the government three classes of cruisers were necessary, of which one, the largest class, was already represented by four cruisers of the Warrior type, costing \$1,200,000 apiece; three cruisers of the Minotaur type, costing \$1,400,000 each, and three cruisers of the Invincible type, costing \$2,200,000 each. Only one other type of cruiser has been ordered by the board. This is a Boadicea, which he indicated to be a third class of those he previously mentioned, her cost being \$350,000.

In regard to the Boadicea it should be remembered that she was sanctioned by the house of commons in the session of 1896-7, but she did not appear in the estimates until 1907-8.

Similarly Mr. Robertson referred to another type destined to take the place of the Edgar class of protected cruisers, the building of which has now been tacitly sanctioned, although the ships will not appear in the estimates until next year. But Mr. Robertson went even further than that, for he said of these two types represented by the Boadicea and Erzsak and Edith:

"These were largely remedied and a spacious verandah added. It situated upon one of the highest hills of Pickering Township, the house commands a view of the whole township, as well as into the neighboring townships, and the whole of the pretty lake front. Mr. Disney is a breeder of Clydesdale horses and Shorthorn cattle and he believes in the dignity of agriculture."

The accompanying cut is of the newly constructed stone farm house belonging to John E. Disney of Hillview Farm, Greenwood, in Ontario county. Like many of the early built houses on our Ontario farms, this one was deficient in lighting, ground plan and ventilation. In the reconstruction

these were largely remedied and a spacious verandah added. It situated upon one of the highest hills of Pickering Township, the house commands a view of the whole township, as well as into the neighboring townships, and the whole of the pretty lake front. Mr. Disney is a breeder of Clydesdale horses and Shorthorn cattle and he believes in the dignity of agriculture."

## AN APPLE BARGAIN.

Our attention has been called to the purchase of a big orchard of apples near Durham County by a shrewd buyer for \$350. On this orchard, which is of one variety, there will likely be 700 barrels of fruit. It looks as if four dollars a barrel will be obtained for this fruit. At any rate the buyer has contributed a fortune, clearing likely \$2000. Where is the farmer who will say that they ought not to co-operate? Speak up!

## SHORTHORNS PURCHASED.

American Buyers Take Over Sixty Head of Choice Cattle.

Messrs. J. A. Cavers and W. C. Lewis of South Omaha have been picking up the choicest of Scotch breeding in Ontario. These gentlemen are enterprising breeders and salesmen from the western states and they have been in Ontario picking up the Scotch Shorthorns to sell at their sales at South Omaha during the coming fall. They are careful buyers, courteous gentlemen and good representatives of Uncle Sam's citizens. Fair prices, we understand, have been paid for the cattle. Many noted cows have been secured, among which might be noted choice animal Mayflower 5th, bred by Lord of Salem. From J. M. Gardhouse of Weston they secured the cow Rosebud Blossom, which brought a good figure at J. S. Davidson's sale last May.

Their purchases were made west of Toronto generally. R. A. and J. A. Watt of Salem contributed six head; John D. Pennington, 7; Cargill & Son of Cargill, 18 head; J. M. Gardhouse of Weston 4 head; Israel Groat of Aina, 6 head; Arion of Estering, 3 head; while Kyle Bros., McDonald Bros. and others added some choice members to the consignment. The sales of Scotch Shorthorns have been extra good at American points recently, especially in the case of good animals, and our friends there apparently believe that Canada keeps some of the topnotchers. These gentlemen have made such good selections of animals, and are so sure that they ought to find big figures reported from their South Omaha sales.

Meet me at Newcombe's Rest Room.

## SHEEP BUYERS HERE.

T. A. Peters, deputy commissioner of agriculture of New Brunswick is at present in Ontario, to purchase sheep which the provincial government will import under provisions of the act passed at the last session of the legislature allowing for an expenditure of \$25,000 for the importation of heavy draft mares, horses and sheep says as an exchange Mr. Peters will likely expend upwards of \$2500 on his commission. He will be at the Toronto Fair and there he will meet Messrs. Cavers and Lewis for purchasing. Mr. Peters expects to purchase between seventy and one hundred lambs and shearlings. Prices are high in Ontario and have been for two years or more. There is no prospect of prices falling off at all. It is expected that the average price paid for shearlings will be about \$25, while lambs will not likely cost quite so much. The entire importation will be made in Fredericton during the exhibition.

## MR. DURHAM'S BERKSHIRES.

We call attention to W. H. Durham's Berkshires that are advertised for sale on Thursday next at Islington, near Toronto, ready for purchase. Here is a banner chance for the farmer to get a Berkshire bacon-type sow or boar. They are choice animals and are bred for their meat. Cash or bankable paper is taken. Attend the fair and the sale also. Watch next Tuesday's World for a further description of them.

## Delightful Short Trip.

Where good hotel and excellent fishing, take a boat trip to the Kawartha Lakes. Trains leave by Grand Trunk at 7.55 a.m. and 5 p.m. arrive 9:00. Pension \$12.00 noon and \$4.00 p.m.; round trip fare from Toronto, \$4.10; Saturday-to-Monday, \$2.55. Full information at city office, northwest corner King and Yonge-streets.

## Runyan Planned Disguise.

NEW YORK, Aug. 29.—Runyan, the bank absconder, in court to-day said he had planned to get away from New York by disguising himself in workman's clothing, but this was betrayed by Mrs. Carter, his mistress. He hoped for clemency, he said, because he had tried to right the wrong he had done.

## FIRST RESULTS.

Last week we called attention to our auction sale advertising. To-day the first full sale appears of what is justly claimed as one of the choicest herds of Berkshires in Canada, or the States. Read the ad. Send for a catalog now. Attend the fair and the sale, too.

Meet me at Newcombe's Rest Room.

Meet me at Newcombe's Rest Room.

## SHORTHORNS IN DEMAND.

It would look like a verification of the remarks of Colonel Bellows at the Davidson sale in May, that soon there would be a turn in the depressed shorthorn market. Buyers have been present from several points during this first week of the fair, and early in the province, picking up good individuals.

The same auctioneer also remarked that the Americans were getting the best of the Canadian blood. Farmers in Ontario certainly make a big mistake when they fail to purchase the very best they can get. It is being gradually borne in upon many farmers, who hitherto have been dealing only in cheap animals with ancient pedigrees, that the dearest at the beginning is often the money-maker in the end. No one desires very much a poor animal or an inferior pedigree. Sales of these are often made, but they are made at low figures, and at a considerable dicker.

A choice animal sells himself. His purchase at a big sale becomes a working ad. for the buyer and the matings are watched with interest by more eyes than the owner dreams of. It is a wise policy to get the best even if prices seem stiff. A young farmer in Ontario county attended one of the dispersion sales near North Toronto last spring and spent what seemed to his neighbors as a fabulous sum for a herd bull. The animal has proved a paying one, and offers for his purchase at nearly double the figures have since come in.

The competition that sustains prices and makes for the propagation of the choicest, whether that competition come from the show ring or from the demand of the times, is the healthiest sign of our times. Clear-headed, sane, careful and progressive struggle for the best, is best.

## THE FARMSTEAD

A great horse display. Toronto Exhibition keeps a-going. Much harvest is still out.

J. L. Smith of Whitby reports the grasshoppers as troublesome. Buyers of live stock are already at the exhibition.

Cattle are selling cheap now owing to the poor fodder outlook. A little rain on the farm root crops is very beneficial.

See the Bissell exhibit at the fair. Their disc barrow is hard to beat.

John Dickie of Pickering has entered the farming ranks, having purchased a small farm in the village limits and next to the Pickering College property.

Berkshires are for sale at Islington on Sept. 5. See the ad.

Flatt & Son of Millgrove claim that they have the best exhibit of Yorkshires they have had for some time.

J. M. Gardhouse of Weston has sold the cow he purchased at James I. Davidson's dispersion, to buyers from South Omaha. The cow has a beautiful bull calf at foot now.

The blueberry crop in York County, Maine, is now threatened with the destruction. The grasshoppers have attacked the plants and are nibbling the unripe berries, causing them to wither and drop from the bushes.

Read The Toronto World. The farm pages will keep you posted on all the latest happenings in the news section. It is unsurpassed. You get a farm journal and daily paper all in one. See the special rates now.

According to the U. S. Government crop report the average condition of potatoes in the United States on Aug. 1 was 85, as compared with 90.2 one month ago, \$9 on Aug. 1, 1906, 87.2 on Aug. 1, 1905, and a ten-year average of 85.8. Preliminary returns indicate the average of hay to be about 42,500,000 acres, or 2 per cent. more than last year.

The growing of mixed grains is gaining in popularity upon our farms in Ontario. Where nearly all the grain is fed to stock on the place, it is found to be the best policy to grow cereals that will give the biggest returns. A mixture of peas and oats gives the biggest returns for straw, but a mixture of barley and oats is the best for grain yields.

Red clover is full of seed this year, wherever it is found. There are several good fields of it to be seen in Ontario, York and Peel Counties. The straw is very short, but the heads are well filled and it is likely that a big price will be received for it this year. Alsike crops have been paying ones for those who were fortunate enough to have a few acres.

The apple buyers are still at it in various places, hammering the co-operative apple shipping associations all they can. The buyers find that the people are inclined to sell their own apples and very plausible looking arguments are put up to the farmers. Not the least creditable to the tellers is that the secretaries of these associations are becoming rich out of the ventures.

Meet me at Newcombe's Rest Room.

THE FARMERS' FRIEND.

That there is more than one daily newspaper fighting for the farmers' rights is evident from this notice from The Eye-Opener of Calgary:

"The farmers of Manitoba have one staunch friend anyhow, and a pretty powerful one, to wit, The Winnipeg Tribune, with its triumvirate of tough fighting men, R. L. Richardson, Knex Magee and John J. Moncrieff. The other two Winnipeg dailies regard the farming population merely as a choate mass of insensate voters with no individual rights or business interests of their own, and with no claim on the amenities of life at all."

Meet me at Newcombe's Rest Room.

WESTON HAS GREAT REUNION OF PUPILS

Junction Has Trouble Over Roadways—Remand in Assault Case—Items.

Just two left—two days for our big August Sale of Furs. If you haven't purchased your winter supply of Fur Garments yet there are just these two days in which to do it and save money. This is not a sale of old goods, but of real new articles, fresh from our workrooms, and every inch of fur used is new, too! We're reducing everything by 25 per cent. to encourage early buying. We have a wonderful large variety of Mink Stoles, Ruffs and Muffs. They all come under the sale price. We store the goods free until you want them.

**Dineen's**  
Cor. Yonge and Temperance Streets.

To Prevent Accidents.  
COBALT, Aug. 29.—(Special.)—At the request into the death of Alex Groulx, killed by a stone during a blasting, the jury recommended the local authorities to take steps to minimize the possibility of accidents in the use of explosives.

AN EYE OPENER

Give Us a Trial

And be convinced that the bargains we hand out to you are genuine. Each and every article that we offer you means a saving to you of from 15 to 25 per cent. We are sure that you will only come in and let us quote you some prices that are the cheapest place in the city. For the benefit of those who have not been able to take advantage of our August Furniture Sale we will continue it on till Sept. 1, giving you values in Furniture and House Furnishings that will astonish you.

Watch This Space Next Week

As we intend having a clearing sale of the Hardware Store in the corner of Main and Bridge-streets. Everything will be sold at clear prices in order to clear out the stock, as the building will be used for another purpose.

An Eye Opener for Saturday, Aug. 31

Also—  
New Furnishings for Men at fair prices.

Don't fail to see our Fur Exhibit in the Manufacturers' Building, directly opposite east entrance to Fair Grounds.

**Fairweather**  
84-86 YONGE STREET.

Joseph Lake, Two Mountains, P.Q. He was the youngest son of Duncan McCall, who was a victim to a violent typhoid patient from Spokane, Wash., principally for his health, but instead of getting better he sank rapidly. He leaves a widow at Spokane. His father and mother and one brother, William J., who is at home, also survive him. The funeral will take place to Mount Pleasant Cemetery on Saturday afternoon at a o'clock.

Shortly before 9 o'clock this morning, a laborer on the Metropolitan Railway entered the town hall for a drink of water. Before he reached the water-tap he fell heavily to the floor. Dr. Bond, who was telephoned for, examined him and stated that the patient simply fell in a faint and, on examination again, found that he was suffering from heart trouble. He is still in a very weak condition, having only been released from the hospital two weeks ago, having suffered a fracture of the leg, and the heavy work of laying new rails was too much for him.

Councillors Brownlow, Murphy and Mayor Fisher constituted a court of revision to ascertain and confirm the frontage measurements and assessments on the following local improvements: Water main on Joseph-avenue, concrete sidewalks, feet in width, on Broadway-avenue, and poles, wire and arc lamps on Broadway-avenue for electric lights. As many property owners even some of those who signed for the electric lights as a local improvement, were against the installation, as they were opposed to the raising of legal aid. The sidewalk improvement on Broadway-avenue and water main on Joseph-avenue were passed and confirmed.

RIVERDALE. High School is All Ready—Army Band is Enjoyed.

RIVERDALE, Aug. 29.—Riverdale citizens are increased at the manner in which the night service on the street cars to Scarborough is managed.

Long waits are the rule, and on the return trip it is difficult to get the conductors to stop to let passengers off on the G.P.R. track is terrific and many narrow escapes of children and others have occurred.

The new Riverdale High School is ready for opening on Tuesday, Sept. 3. H. J. Crawford, the new principal, has taken up housekeeping at 337 Broadway-avenue.

Rev. John Schofield, pastor of Broadview Congregational Church, on Sunday evening will take as his topic, "Earning a Living," a Labor Day subject.

The Salvation Army Band, which a fortnight ago gave a musical evening and were invited to return again, will give an enjoyable evening of song here to-night.

PICKERING. Farmers Have Big Crop of Peas—Dr. Bateman Gets Kind Remembrance.

PICKERING, Aug. 29.—Selah Orvis of Aurora had the honor of being the first to pick peas on the farm, and he is to be congratulated upon securing so valuable a property, as it is considered to be one of the most desirable residential spots in Pickering.

Mrs. (Rev.) Farnsworth of Yarker is visiting her mother and friends here.

WESTON. Ex-Pupils Reunion Was a Gratifying Success.

WESTON, Aug. 29.—The quiet town was the scene of a most interesting occasion of the semi-centenary celebration of the Weston High School. Flags floated from the town hall and the schools and many residents had their houses tastefully decorated. Chinese lanterns were much in evidence as the darkness came on and rendered a pleasing appearance to the scene.

Ideal weather conditions prevailed and the happy crowds gathered together at the school grounds looked like a big family reunion.

Between two and three hundred ex-students registered during the afternoon.

Dr. Forbes Godfrey, M.L.A., and Thomas Griffiths, president of the Weston Conservative Association, were present.

Lubarr's orchestra from Toronto rendered selections during the evening. Superb entertainment was given on the grounds and in the evening a musical program was given.

After the routine business was finished the following officers of the Weston Pupils' Association were elected for next five years: G. M. Lyons, president; Miss J. E. Denny, vice-president; J. R. Dennis, secretary; J. Clarke, treasurer; T. E. Elliott, historian.

Executive committee, Mrs. Percy Wilkie, Miss A. E. Duncan, Miss Percy Dickson, Messrs. Charles Grubbe, Jos. Mason and W. E. Duncan.

A short program of sports was prepared and there were a large number of competitors in the different events.

A tug-of-war, "top" w. w. Etobicoke, was won by York Township. Charles Grubbe was captain of the Etobicoke team and Nelson Boylen of the York team.

J. C. Boylen and C. Grubbe acted as judges in the different events and Nelson Boylen was starter.

Funeral of Wm. Tomney.

The funeral of William J. Tomney, the young man who lost his life in a mysterious manner in the River Don, was held at the home of the deceased, on Monday, night, 26th inst., took place yesterday morning at 9 o'clock, from his late residence, 35 Gifford-street, to St. Michael's cemetery, where the remains were laid to rest in the family burying plot. The Rev. Father Hand being present and officiating at the last sad rites of the Catholic Church.

The late Mr. Tomney was a member of the Catholic Order of Foresters and an exemplary citizen. He was born in Toronto, 23 years ago, and living in the east end all his life, was well-known and highly respected by all who knew him.

He leaves a wife and two small boys, the youngest of whom is only 16 months old, who have the sympathy of the entire community in their sad bereavement.

**THE SIMPSON COMPANY, LIMITED**  
H. H. Fudger, Pres.; J. Wood, Manager.  
Friday, Aug. 30.
