Long Ran 440 Yards in 47.4-5 Seconds and Flanagan Threw the Hammer 169 ft. 3 in.

ALEX. GRANT WON TWO RACES.

Toronto Runner Captured Mile Handicap From Scratch and Also Two-Mile Steeplechase.

New York, Sept. 29.—The annual fall games of the New York Athletic Club were held today at the club's summer home, Tenney Island, on the Spauld, in the presence of about 7000 spectators.

The weather was cool and unsuitable for the performance on track and field. Notwithstanding this, two world records were broken.

In the 440-yard run, handi-cap, Maxwell W. Long of Columbia University covered the distance in the remarkable time of 47.45.

These figures eclipse all former records, amateur and professional, on a circular track. The best previous record was 48.6, made by the late W. E. Myers at Stenton, Pa., on Oct. 13, 1881.

The present English record is 48.6, held jointly by H. C. L. Tindall and P. C. Hoyle, in 1884.

Wendell Baker of Harvard holds a straightaway exhibition record of 47.6, made at Beacon Park, Boston, in 1894.

His best record for a circular path is 50.4, made at the same place in 1894.

Long's record was made in the hammer-throwing event, in which John Flanagan of the New York Athletic Club threw the missile 169 feet 3 inches, beating the former record of 157 feet 8 inches made by himself on the same ground two years ago.

In the shot-putting event, Morgan Foster of the New York Athletic Club attempted to beat the American record of 47 feet 10 inches, set by John Flanagan.

Alexander Grant, Toronto, was in great form, winning the steeplechase and the mile handicap from scratch.

The swimming championships of the Amateur Athletic Union were held in conjunction with the meet and E. C. Schaefer of the University of Toronto won the 100-yard, 200-yard and 400-yard events.

His record in the 100-yard event was 1:18.95, which is the American record.

Douglas, the old-time champion swimmer, carried off the half-mile in capital style and his victory created great enthusiasm among aquatic enthusiasts.

GRITS WEARING STOLEN CLOTHES. Hon. G. W. Ross addressed the people at Glenora on the other day on Federal politics, and during his speech he defined the Government's tariff policy as follows: "By reducing the duty on the raw material used by the manufacturer, and so adjusting the old tariff as to afford reasonable security against unfair competition from abroad, the Government has encouraged stimulated the industrial activity of the country."

The Globe of Saturday eulogizes Mr. Ross' speech and quotes with approval the Provincial Premier's reference to the Government's tariff policy, and the same day The World publishes Sir Charles Tupper's manifesto, in which he defined the Conservative party's fiscal policy as follows: "The policy of tariff protection to Canadian manufacturers and producers of all kinds, and to secure them against unfair competition in their own markets, is a national duty, and one which the Government should not neglect."

It will be noticed that Premier Ross' definition of the Government's policy agrees exactly with Sir Charles Tupper's statement of the Conservative party's policy on the same issue. Mr. Ross approved of a tariff that would afford "reasonable security against unfair competition from abroad." Sir Charles Tupper's idea of a protective tariff is one that will afford protection to Canadian manufacturers and producers of all kinds, sufficient to ensure them against unfair competition in their own markets. The two statements are so much alike that it is possible for two individuals to make them without stealing each other's words. Hon. Mr. Ross goes further than to merely state that the Government has adopted protection. He adds that "the adjustment has been such as to afford an abundant revenue, and at the same time has so cheapened the production of our factories that last year, after supplying increased local demands, we sold \$14,000,000 worth of manufactured goods in the markets of the world, or five millions over the best year since Confederation."

Here, then, we have Premier Ross' admission that the tariff policy of the Government is a protection policy, and that it has resulted in so cheapening production that they can now supply the local demand, but can meet the competition of foreign goods in the neutral markets of the world. If Mr. Ross' remarks mean anything, they mean that the Liberals have applied the protection policy more scientifically than their predecessors. Premier Ross says, in effect, that the Government has not only stolen their predecessors' clothes, but has also stolen their money. He says that they did so on those for whom the clothes were originally made. Is there any reason why the law in regard to stolen property should not apply against public men in their dealings with the people, as against ordinary police court miscreants? We ask the electors of Canada to look into the morality and fairness of the policy of the Government, and to see if they do not compel the restitution of the property that Premier Laurier has misappropriated.

STATESMANSHIP V. INCAPACITY. The fact that Great Britain imports so large an amount of food and that our production is 75 per cent. of what she has used is an argument for our insisting that they do better. It is not the fact that they do better, but the fact that it shows simply that we are not doing as well as they are. In that respect, Great Britain purchases more from the United States, because the United States has a larger surplus of food than she has of manufactures. In the United States they sell more of their surplus than we do. It is not the fact that we are not doing as well as they are, but the fact that we are not doing as well as they are. Police Protection on the Island. While it is not advisable for the owners of Island cottages to leave articles of value therein during the winter, there ought to be more security for property on the sandbar than there has heretofore been. In the summer season, too, the police protection on the Island is inadequate. There must be a repetition of what occurred last winter, when one citizen had \$2000 worth of goods stolen from his cottage. The

Berlin Police After Posters. On Saturday a delegation of Berlin police are here studying the methods of the London colleges in controlling traffic in congested thoroughfares. They declare that the absolute unquestioning obedience of drivers of all varieties of vehicles to the raised hands of the London policemen is the secret of their success. As Berlin is a city of 1,000,000 inhabitants, it is not surprising that such docility is unobtainable in Berlin.

A Clever Toronto Glad. The Buffalo Sunday Courier of this week prints a picture of Miss Katherine B. Halliday, a former Toronto girl, who is now in the following sketch: "They say that the big-eyed young woman, who has returned to Buffalo after having completed a three-year course at the University of Toronto, where she studied with Jacobin, Hawley, and Wilbur, is now in the city of Toronto, and is being sought by the military authorities. She has been seen in the city of Toronto, and is being sought by the military authorities."

Political Intelligence. "Be ready at once" is good advice for everyone interested in the coming election, and everyone should be. Today is Oct. 1, and an official announcement of the date long looked for may be expected now at any moment.

The Toronto Liberal-Conservative Association holds its first meeting of the season tonight at 8 in the room at Yonge-street Arcade. Able addresses will be delivered. The Toronto Liberal-Conservative Association held a largely-attended and enthusiastic meeting at the Albany Club Saturday night, President Bristol in the chair. The Executive Committee was instructed to at once take all necessary steps toward opening committee rooms, the registration of voters and the calling of the party conventions for the selection of candidates.

PRICE OF STEEL RAILS. The prospective price of steel rails is a matter of considerable importance to the people of this country. A new price for rails during the coming winter and spring ought to have a stimulating effect on the railway construction in this province. The Railroad Commission has announced authoritatively that the rail-makers have reduced the price of rails for large orders from \$35 to \$30 per gross ton, and that the price will hold good during the coming year. Bessemer steel has fluctuated in the neighborhood of \$14, while some sales have been made at \$13. Under normal conditions as to the cost of labor and other factors in rail production, the expense of converting Bessemer pig iron into steel rails is about \$12 per ton. The cost of steel rails to the manufacturer ought not to exceed \$21. At \$20 the profit to the manufacturer would be \$5 per ton, or an advance of about 24 per cent. on cost. This is considered a very liberal margin of profit. Indeed, railway people think \$20 is still too high a price for rails by from \$2 to \$3 per ton, while some latest that \$20 would yield a good profit, the present cost of production being \$25. If the price does not rise above \$25, we will, no doubt, see a considerable increase in the construction of various electric railway enterprises in this neighborhood.

YORK COUNTY AND SUBURBS.

Toronto Junction, Sept. 30.—Mr. Dale, a very old resident of Weston, died yesterday. He is the last of the family. It will be remembered that a short time ago his wife fell down stairs and killed herself, after putting her invalid husband to bed, and a few days later she died of a heart failure, as the result of the shock she received.

Rev. B. Bernard Bryan of the Church of the Epiphany, Parkdale, preached in St. John's Church this morning upon the text: "The Kingdom of God is within you." He is the only factor of the kind in this section of the country, and has been successfully carried on since 1870.

North Toronto. York Township Council will meet today at the Town Hall, and in addition to routine matters a report on the construction of the "end" and "fourth" concessions will be considered. Messrs. J. C. Lea of Leaside, have just completed the surveying for the season, with an output of 15,000 cases. This is the only factory of the kind in this section of the country, and has been successfully carried on since 1870.

York Mills. The harvest service in the Fort Mills Anglican Church yesterday morning was largely attended. The decorations of the altar, pillars, chancel and windows with flowers, fruit, grain, etc., were artistic and varied. Rev. Canon Carter and Rev. J. P. O'Neill conducted the services, the latter preaching an excellent sermon suitable to the day.

NAVIGATION NEWS.

The Coronas of the Niagara fleet made her last trip out of the port on Saturday afternoon. When Captain Harry Holmes steamed out of the ship he was saluted by Bill Tibbitts, the general baggage agent of the line, who used the opportunity to congratulate the captain on his successful career. The coronas will be replaced by a new ship, the "Corona," which will be launched in the fall.

POLICE COURT RECORD.

At Saturday's Police Court, Findlay Cowie pleaded guilty to a charge of stealing a lightning-rod from a house at Cherry and St. Andrew streets. The magistrate remanded him to jail. John Duhaime and Alfred Rae were remanded till Tuesday on a charge of stealing a silver watch from a house at Cherry and St. Andrew streets. The magistrate remanded them to jail.

Talked Himself to Death.

Kalamazoo, Mich., Sept. 30.—The death of Mrs. Charles Reeves, a middle-aged colored woman at the Michigan Asylum, was one of the strangest in the history of that institution. Mrs. Reeves was admitted here about 10 years ago, and had the reputation of being a very sane and sensible woman. She would talk for hours at a stretch. With increased age she showed an increase in her talkativeness. Thursday night she was talking it up more than usual, and at 2 o'clock this morning she died of a heart attack. Her vocal organs refused longer to respond, and she had literally talked herself to death.

Anniversary Next Sunday.

Anniversary services will be held in Simpson-avenue Methodist Church next Sunday. In the morning, Rev. J. A. Hamilton will occupy the pulpit. Rev. Gideon L. Powell and Rev. Booth will address the children in the afternoon, and Rev. Alfred Brown will deliver the sermon at the evening service. Special music will be rendered by the choir, under the direction of Mr. Samuel Jones, organist. On Monday, Oct. 2, Rev. J. C. Speer will deliver an address in the church.

Chamberlain Won't Sue.

Mr. Chamberlain, however, is not expected to take the matter into court. But he hit back hard, with a personal bitterness that foreign to the traditions of the usually sedate Cabinet Ministers.

He Rejected Gavin Clark.

The latest feature of Mr. Chamberlain's speeches consists in his holding up Dr. Gavin Brown Clark (Liberal), who represented Caltinesse, and who was formerly Consul-General of the South African Republic in London, and Mr. Henry Labouchere, the editor of Truth, to ignominy as traitors, all the audience shouted, referring to Clark, "Shoot him."

Sir William on Deck.

Sir William Vernon-Harcourt, the Liberal statesman, who has come out of retirement, and has astonished the country by the vigour of his speeches (he was born in 1827), scored a point by doubling Mr. Chamberlain's "rotund African" on the ground that, as he claimed, Mr. Chamberlain would sacrifice anything for his African policy, and added: "Mr. Chamberlain, considering himself to be a Captain Cook

FUNERAL OF PREMIER MARCHAND AT QUEBEC MOST IMPRESSIVE

Head of the Procession Had Reached the Basilica Before the End Had Left the Parliament Buildings—Imposing Decorations in the Cathedral—5,000 Present.

Quebec, Sept. 30.—(Special.)—Nothing could have been more impressive than the funeral ceremonies which preceded and attended the committal to mother earth this morning of the mortal remains of the deceased Premier Marchand. The bright weather of the last few days gave way to the gloom created by overshadowing clouds and the black drapery on the buildings, along the line of march and the sombre appearance of the thousands and thousands of people who attended the funeral will never be forgotten by those who saw them.

The procession should have been under way from the Parliament House to the Basilica at 9:30 a. m., but was much later before it could be marshalled and got ready to start. It was one of the most imposing ever witnessed in the country, the head of it having reached and entered the Basilica long before the end of it had left the Parliament Buildings.

IT IS NOW KNOWN THE PREMIER DID NOT AGREE WITH GERMANY

The Publication of the Story May Result in Great Britain's Reply Not Being Delivered in Hope That There Will Be a Compromise.

London, Sept. 30.—Judging from appearances, the British press is preparing the way for the announcement that Lord Salisbury has failed to agree to the proposals contained in the German note. The papers, which at first angrily declared that the statement made to the Associated Press was untrue, are now either silent or are taking the view that, after all, it is doubtful if it would be desirable for Great Britain to become a party to such a stringent measure. As a matter of fact, the statement regarding Lord Salisbury's determination created so much excitement and brought such severe comment from Berlin that it may result in Great Britain's formal reply reaching Berlin increases the likelihood of its being postponed. It is so pointed out that it would certainly suit Lord Salisbury, as he has no intention to incur German animosity if it can be avoided.

Meanwhile, the attitude of the European powers towards China remains in the same chaotic state. The Conservative party managers would, so far as Great Britain is concerned, gladly see the policy of delay extended over the next two weeks, so that no more hands could be afforded the Liberals in their vigorous attacks upon the Government.

Chamberlain Won't Be Blackmailed. In reply to a public statement by the Hon. Philip Stanhope (Liberal), president of the National Reform Union, regarding the Hawkesley documents, Mr. Chamberlain telegraphed to the latter, telling him he would "not be blackmailed by Stanhope in any case," adding, "There is no correspondence, and never has been, to prove my complicity in the raid, which I did my utmost to stop."

Mr. Chamberlain replied: "I will not stop to qualify the vagary of your language, but I am prepared to substantiate in the courts every statement I have made concerning you."

Chamberlain Won't Sue. Mr. Chamberlain, however, is not expected to take the matter into court. But he hit back hard, with a personal bitterness that foreign to the traditions of the usually sedate Cabinet Ministers.

and beautiful. They have come from all parts of the Dominion. Judge Taschereau represented the Governor-General, and came from the Governor-General and Captain A.D.C. and colleagues of the deceased Premier, members of the Parliaments of Canada and Quebec, judge, etc., following the table of precedence laid down on former similar occasions.

Thousands of private citizens followed the various public bodies, labor societies being largely represented. Last of the Basilica. The interior of the Basilica presented a very imposing appearance. Over the high altar was placed a large white cross, standing out in bold relief against a background of deep black. Streamers of gold, black and cream lace stretched from the ceiling to the galleries at the side, which were themselves, together with the pulpit, concealed beneath sable drapery. The musical service was magnificently grand; so were the catifa and the blaze of lights. The organ played the "Ave Maria" and the Archdeacon Begg officiated at mass, attended by an immense throng of high ecclesiastical dignitaries and priests.

The interment at Belmont. The interment took place at Belmont Cemetery. The state band and militia escorted the remains to the city limits. The funeral took 45 minutes to pass a given point. One of the most striking objects in the way was a large car covered with floral offerings, which preceded the hearse. On the front of it was a vacant gold chair; on the back were the state arms. The car was about 15 feet long, 8 wide and 12 high, and the black background was completely hidden by the floral offerings. The mourners must have numbered fully 5,000 in all.

SIR WILLIAM'S CUBAN INTERESTS. Chairman of the C.P.R. Board Spends Most of His Time in New York Just Now. New York, Sept. 30.—Sir William Van Horne spends most of his time in New York nowadays looking after the interests of the syndicate which has purchased the railway of the West Indies and expects to enter them to all parts of the island. The syndicate is considerably embarrassed, however, by the fact that neither the United States nor the provisional government is prepared to grant the franchise that are necessary to confirm the old concessions, which have been purchased from the person to whom they were granted by the Spanish authorities before the war. Nevertheless, Sir William Van Horne says that he is going ahead in Santiago Province, where the transportation facilities are more limited than elsewhere, and are needed the most. He believes that the inducements for improvements there are more than in the more thickly settled parts of Cuba. He is looking for satisfactory routes for engineers and for making other investigations, and expects to have the railway ready for service work in November, when he is going down to take charge himself.

HORSE KICKED A BOY. Edwin H. Walker, 10 years, whose home is at Port Carling, was brought to the city on Saturday night and taken to the Hospital for Sick Children, suffering from a compound fracture of the left leg. The lad came to the city on a bicycle about a year ago from the Muskoka District, and for several months had been employed as a domestic. Some weeks ago he was taken to a local hospital, where he was treated for a fracture of the right leg. On leaving the hospital he was still in the city, and about ten days ago entered the city.

FOR A \$75,000 CHURCH. Bishop Dowling of Hamilton laid the Corner Stone at Berlin Yesterday.

Berlin, Ont., Sept. 30.—The laying of the cornerstone of the new R.C. church here was duly performed this afternoon at 2.30 by the Rev. F. J. Dowling, Bishop of Hamilton. The ceremony was very imposing and the attendance large. The structure is to be a combination of a terra cotta color, with massive red stone for the tower, and will cost \$75,000. It is to be completed in 1902. The main tower is to be 200 feet high and second tower 100 feet.

Born Without Arms of Legs. New York, Sept. 30.—A wonderful girl, the child of Mrs. Catherine M. and Mrs. Catherine M. of No. 331 Fifteenth-street, was born here yesterday. She was born without arms or legs. The child has neither arms nor legs. It is a very beautiful and healthy, and from present appearances, will live to maturity.
