

STORE—BLOOR WEST

5000 will buy new, detached store, 7-roomed dwelling; hot water heating. Owner going west, must sell quickly. H. H. WILLIAMS & CO. 25 Victoria Street, Toronto.

PROBS: Moderate winds; a little higher temperature.

PUGSLEY CREED ON PATRONAGE

He Explains it to Mr. Blain in a Rather Striking Way.

OTTAWA, April 1.—(Special)—The Commons speaker of to-day on public works estimates during which dredging and advertising as organized by Hon. Wm. Pugsley came in for a good deal of criticism.

In the evening, Mr. Pugsley displayed his suave humor in a striking incident. Just before the dinner recess, Conservative Whip Blain asked Pugsley to produce a list of Ontario newspapers in which dredging advertisements were published.

When the house resumed to-night, Mr. Blain asked for the list, and Mr. Pugsley handed a paper to a page, and went on with explanations about another matter.

A moment later Mr. Blain arose. "The minister has not given me what I asked for," he said. "I wanted a list of the newspapers in which the advertisements appeared, and he has sent me a blank sheet of paper."

An April Fool Joke. "I think," replied Mr. Pugsley sweetly, "that the hon. gentleman is mistaken. I have sent him exactly what he asked for. If he casts his mind back, he will remember that he first asked for a list of the newspapers in which the advertisements appeared."

There is some reason for believing that the opposition said "No." Dr. Pugsley said "Yes." Finally Pugsley settled the matter with a burst of characteristic candor.

"There's no use being hypocritical over these things," he said, "if my hon. friend Mr. Blain were in my position to-morrow, he would not give a single advertisement to a Liberal newspaper."

Coming Labors. In reply to H. L. Borden, who asked what further government legislation the house might expect this session, Sir Wilfrid Laurier said there would be some resolutions to amend the Hamilton railway subsidies to J. W. Dicks, the renewal of some railway subsidies, but no new ones, an amendment of the Ottawa Improvement Commission Act, and legislation regarding judicial appointments recommended by the action of the local legislatures.

The premier's resolution that the house should meet every sitting day hence until the end of the session at 11 a.m. was passed.

Mr. Pugsley explained that the \$80,000 vote for Tiffin Harbor would about double the amount of dredging that harbor to depth of twenty-five feet at low water. This was one of the works recommended by the commission to transport dredging material to Tiffin and expected to be able to divert to Canadian ports much of the grain trade now going to Buffalo.

Wants a Fishway. Mr. Bradbury asked Mr. Pugsley if it was proposed to construct a fishway at St. Andrew's locks. He said he had discussed the matter with the department of marine and fisheries, and the deputy minister had agreed that a fishway should be provided so that fish can get up the Red River from Lake Winnipeg. Mr. Pugsley said the matter had not yet been drawn to his attention but that he would inquire into it.

Mr. German expressed the opinion that no public funds should be expended on Port Credit Harbor. It was rumored that the government had acquired it with a view to selling it to the government after improvements had been made at a profit.

OTTAWA, April 1.—(Special)—It has been arranged that consideration of H. H. Miller's anti-gambling bill will be taken up in the Commons on Wednesday next.

The Insurgency at Ottawa

More progress has been made this week towards letting light into the real condition of public affairs in Canada than has been noted in the five years preceding. There is some chance, indeed, that the World thinks that if the situation is properly directed there is every chance of great and immediate improvement in government at Ottawa and the administration of public affairs in general.

It has come out at last by general admission that there is dissension in the ranks of the Conservative opposition at Ottawa, and there is dissension throughout the country at the lack of progress that has been made. Everybody now admits what The World denounced for stating to be the fact, viz., that insurgency and dissatisfaction are rampant.

In our news columns of yesterday we printed an editorial from The Ottawa Citizen which clearly admitted that this was true, and it called for general house-cleaning and reorganization, and the Montreal Gazette in substance admitted that dissatisfaction exists, but urges the claims and merits of Mr. Borden to continue as leader. It says he is the best man.

As to the dissension that exists at Ottawa among members, or, to use the later phrase, as to the insurgency, there is ample evidence, notwithstanding the fact that there has been a special amount of abuse heaped upon those who simply point out the facts and who seek to bring about improvement.

Now that the facts are out, there is no need of hurry in dealing with the situation. Time must be taken for a careful survey, not only of Ottawa, but of the country, and a careful searching for a new and progressive platform, and for the best men to act as leaders of the reorganization movement. The advice of The Montreal Gazette to get together again as quickly as possible, is not to the point. Now is the time for discussions, for searchings and for deliberate reorganization.

There are big and new ideas running in the minds of the Canadian people to-day, and they are seeking voice, and public meetings are what this country wants now more than anything else. The country must be stumped from one end to the other if we are to have improved government.

The World believes that improved government is a necessity, and must be sought for both in the reorganization of the Conservative party, and what is more significant, the reorganization of the Liberal party. Sir Wilfrid Laurier will be bound to follow suit the moment the Conservatives start in to reorganize in earnest. There are men in the Dominion Parliament to-day on both sides of the house and in the independent wing who are ready to coalesce on the lines of progressive government.

There are men who would like to see a new national party take the place of the two old parties, and there are men all over the country as well as in the house who are insisting upon a better recognition of public ownership, the conservation of public resources, the strengthening of imperial connection, the regulation of corporations, and the like, who, once they get together, will compel Sir Wilfrid Laurier to recognize, if he does not choose to anticipate, a movement which is on the way of reconstructing his party. If that is possible, he will have to discard, as the Conservatives will have to discard, discredited men. Business administration will have to take the place of the present extravagant, and in some cases, corrupt administration. There must be an end to the raiding of the municipal rights of the provinces and the natural resources, an end put to whips of political parties acting as chief promoters of bills attacking public rights and municipal rights.

Let every citizen of Canada get it into his head to-day that at last a wave of public opinion is starting to sweep this country in favor of better government, for party reorganization is a device for the appearance of those men who in the past have done nothing but block progress and abuse those who tried to bring about improvement. The insurgent movement that has already discredited Cannon, that will soon make Aldrich disappear, and has already made President Taft review his list of near friends and to respect public rights, and public needs; he is, however, a great hand at secret machine work, and having a secret understanding with some fellows on the other side.

OTTAWA, April 1.—The talk is still about the Conservative party, only more so. One of the great insurgents is said to be Rufus Pope, ex-M.P., recently gone to the west, and now credited with being at the head of the Dick McBride boom.

Rufus was too active in the events that preceded the wreck of the Conservative party in 1896, and too active in its reorganized reorganization in 1907. Rufus hasn't a single appreciation of public affairs or public needs; he is, however, a great hand at secret machine work, and having a secret understanding with some fellows on the other side.

Reorganization is imperative, and must be sought for both in the reorganization of the Conservative party, and what is more significant, the reorganization of the Liberal party. Sir Wilfrid Laurier will be bound to follow suit the moment the Conservatives start in to reorganize in earnest. There are men in the Dominion Parliament to-day on both sides of the house and in the independent wing who are ready to coalesce on the lines of progressive government.

There must be an end to the raiding of the municipal rights of the provinces and the natural resources, an end put to whips of political parties acting as chief promoters of bills attacking public rights and municipal rights.

LESS LICENSES MORE "DRINKS"

One of the Features of the Annual Report of the Provincial License Department.

Issued by the license branch of the provincial secretary's office yesterday, the 44th annual report respecting the operation of the liquor license laws of the province shows a reduction of 112 tavern and shop licenses was made in 1908-09 as compared with the previous year, and for the current license year (1909-10) to date, there have been issued only 1863 tavern and 244 shop licenses, which represents a further reduction of 149.

This is accounted for by the increasing number of municipalities in which local option is being brought into force and the reduction of licenses authorized by municipal bylaws.

The form of the report has been somewhat improved. The figures given this year are more compactly arranged and show more clearly the operation of the act for the license year.

A statement of license revenue for the financial year of 1907-08, and up to October 31, 1908, shows a decrease each year, thus: 1907—Brewers' warehouse licenses, \$2,500.00; breweries licenses, \$28,526.25; distillers', \$431.46; wholesale, \$290.32; tavern, shop, club, transfers and fines, \$473,218.15; refund for collection of revenue and premium on licenses, \$237.75; refund on detective services, \$196; total \$587,128.60.

1908—Brewers' warehouse licenses, \$2,500.00; breweries licenses, \$28,526.25; distillers', \$431.46; wholesale, \$290.32; tavern, shop, transfers and fines, \$485,098.44; refund for collection of revenue and premium on licenses, \$165.75; total \$577,711.75.

1909—Brewers' warehouses, \$7000; brewers', \$21,400.00; distillers', \$44,666.67; wholesalers', \$3497.75; tavern, shop, transfers and fines, \$485,098.44; refund for collection of revenue and premium on licenses, \$165.75; total \$577,711.75.

1908—Brewers' warehouses, \$7000; brewers', \$21,400.00; distillers', \$44,666.67; wholesalers', \$3497.75; tavern, shop, transfers and fines, \$485,098.44; refund for collection of revenue and premium on licenses, \$165.75; total \$577,711.75.

1909—Brewers' warehouses, \$7000; brewers', \$21,400.00; distillers', \$44,666.67; wholesalers', \$3497.75; tavern, shop, transfers and fines, \$485,098.44; refund for collection of revenue and premium on licenses, \$165.75; total \$577,711.75.

1908—Brewers' warehouses, \$7000; brewers', \$21,400.00; distillers', \$44,666.67; wholesalers', \$3497.75; tavern, shop, transfers and fines, \$485,098.44; refund for collection of revenue and premium on licenses, \$165.75; total \$577,711.75.

1909—Brewers' warehouses, \$7000; brewers', \$21,400.00; distillers', \$44,666.67; wholesalers', \$3497.75; tavern, shop, transfers and fines, \$485,098.44; refund for collection of revenue and premium on licenses, \$165.75; total \$577,711.75.

1908—Brewers' warehouses, \$7000; brewers', \$21,400.00; distillers', \$44,666.67; wholesalers', \$3497.75; tavern, shop, transfers and fines, \$485,098.44; refund for collection of revenue and premium on licenses, \$165.75; total \$577,711.75.

1909—Brewers' warehouses, \$7000; brewers', \$21,400.00; distillers', \$44,666.67; wholesalers', \$3497.75; tavern, shop, transfers and fines, \$485,098.44; refund for collection of revenue and premium on licenses, \$165.75; total \$577,711.75.

WASHINGTON MAGIC

PRESTIDIGITATEUR TAFT: A few trifles, ladies and gents, which I have found in Willie's concessions pocket.

The Sunday World

Gypsy Smith, the great evangelist, whom tens of thousands of Torontonians have heard and admired, is in wicked Paris, and says he's going to save France. The Sunday World has a great story on what has already happened to him there.

Uncle Sam is the most puzzled man in the world to-day. Ten U. S. A. God's own country? Sure it is. And yet ninety thousand farmers carrying a hundred million dollars have just crossed into Canada! The Sunday World reproduces the American point of view, with comment and cartoon embellishment. No wonder the press of the United States stands aghast. It is a strange study in the migration of peoples.

This has been an international week in the history of Canada. The tariff settlement has emphasized the national status of the Dominion and the press of the United States has turned the searchlight on Canada with most interesting results.

Down in Charlottesville, Va., a staff man is sitting on the fence, warming his shins in the sunshine of springtime, and watching the work of the Toronto ball team. His name is Cavers—Charles W., a writer of humor, fluency and an observer. He will fire his story into the Sunday World by direct wire this evening, and it will be in type before the boys down south complete their rub-down.

How would you like to be buried alive? The statistics tell a terrible story. Yet, many people are buried alive, and we prove it.

A wife's slip is fatal, declares an eminent British judge in a remarkable divorce story from London.

Granny Goodthing has some ridiculous adventures in the colored comic supplement. The kiddies will be delighted, too, with Inventive Willie's Rat Trap, and Ethelinda's adventures in Masonic uniform. Jangling Johnson has a rare time in a motor boat, and a policeman lands Muggay into jail.

The pages devoted to literature, science, education, music and fine art will appeal this week with especial force to people of culture and refinement. E. Baxter Perry deals with Francois Chopin, poetic composer, and John Boyd further with songs of the French-Canadians. A delightful little poem, Easter Eve, by Albert E. S. Smythe, embellishes these pages, besides pictures of Wullner, Mary Wood Chase, Gutzit and Mark Hambrourg (this last his favorite photo).

Two pages are devoted to news in the motoring world. The latest mechanical triumphs have been followed. A picture of the new auto railroad car is an evidence of the broadening scope of motor usefulness.

The theatrical pages are bright and breezy and the sense and nonsense in green room gossip is delightful. Imagine an editor handing it out boldly like this:

Mary Anna Witherow joined a moving picture show; Mary Anna's voice and phiz killed the crystal film-fam's biz.

And then denying authorship. Well, The Sunday World this week is a newspaper and magazine of absorbing interest. Its editorials are fighting editorials; its pictures are numerous, beautiful and fascinating. It will carry to-night into nearly every Toronto home the news of the wide, wide world fresh from the wires. Get your edition early. The papers are snapped up quickly and at midnight the editions to the last copy have vanished from World-square.

MOVING PICTURES OF SETTLERS Will Be Displayed in London—An Odd Enterprise.

ST. JOHN, N.B., April 1.—(Special)—Two hundred British settlers, carrying in the aggregate between \$500,000 and \$750,000 in hard cash, who arrived on the Empress of Britain, had themselves featured in Cinematograph pictures while landing at Sand Point and left for the west on a special train. Two cinematograph operators with complete equipment left on the train with them and will picture the party at intervals on their journey westward and until they have become settled on the C.P.R. ready-made farms east of Calgary. These pictures will be exhibited in England. This

MONTREAL BANK BADLY STUNG

What Happened in Mexico in Connection With the Failure of U. S. Banking Company.

NEW YORK, April 1.—(Special)—Little by little the details of the recent smash up of the United States Banking Company of the City of Mexico and the connection therewith of the Bank of Montreal are being received in this city.

It appears that President Ham of the defunct bank is incarcerated in the famous Belem prison on the outskirts of Mexico, where so many prisoners have entered never again to be heard of, dead or alive. In fact, as far as the reputation of the place is concerned, the old French bastille was a paradise in comparison.

A day or two before the smash, Mr. Ham went to the Bank of Montreal, and stating that he had three-quarters of a million of dollars in gold deposited in a New York banking institution, asked to have a draft cashed for that amount. Mr. Saunders, manager of the Canadian bank, and his advisory board, having explicit confidence in Ham, cashed a draft for \$500,000.

A few days after they discovered that, although Ham had shown them a pass book with the amount of three-quarters of a million on deposit in New York, as he had alleged, not one cent was forthcoming, and this is why Ham is now languishing in prison, where his lawyer alone can see him, and only at rare intervals.

When the "run" started, the bank of Montreal, having no idea of the bank's condition, took charge of the wreck and paid out some \$600,000 more to the depositors, which, as a matter of fact, was so much good money thrown after bad.

There is also another phase of the question inasmuch as some depositors seeing the Bank of Montreal in possession did not withdraw their money, and now threaten action against the Canadian bank, alleging that had the latter not allowed their fears, they would have withdrawn their money, which has now gone where the good Ethiopians go.

A RETROSPECT.

April 2, 1801.—Battle of the Battle. Of 23 Danish fleet, 18 were taken or destroyed.

April 2, 1852.—Mr. Huntington declared in the Commons that the government had chartered Sir Hugh Allan's Company on the understanding that Sir Hugh advance money to defray expenses of electing ministers, and their supporters. This began the "Pacific Scandal."

Acquitted. LONDON, April 1.—Wm. Henry, the young man charged with assaulting Mrs. Mary E. Taylor on the night of Saturday, March 12, at her home on Adelaide-street North, just outside the city limits, was acquitted to-day after the evidence had been taken, and on recommendation of Justice Magee, the case was not sent to the jury for consideration.

MONK HASN'T CONSPIRED HE WIRES LA PRESSE

Member For Jacques Cartier Also Presents His Opinion of Paper Which Has Been Accusing Him.

MONTREAL, April 1.—(Special)—La Presse, having located F. D. Monk, M. P., at Fortress Monroe, Va., asked him what he had to say to the charge of The Toronto News to the effect that he had been intriguing against R. L. Borden. The member for Jacques Cartier replied as follows:

"Telegram received. I have not seen the article mentioned. I have never intrigued or conspired against Mr. Borden or any one else. The Toronto News is a fanatical sheet that has been publishing lying and calumnious statements about me ever since I expressed my opinion upon the new naval policy. (Sgd.) F. D. Monk."

Le Devoir, Mr. Bourassa's newspaper, publishes an interview with a French-Canadian Conservative member of the house of commons, whose name is not given, but who says the French members personally esteem Mr. Borden, but adds that he should repudiate the News story at once.

The Montreal Star, after years of silence, tries to explain that no Conservative of well balanced mind could conceive of anything so suicidal as to allow Mr. Borden to retire from the leadership of the Conservative party.

Reorganization is imperative. Ottawa Citizen (Con.) An opposition cannot perform its important functions, not only in the interests of the political party, but of the country at large, unless it is united and harmonious.

It would be idle to deny that these conditions are lacking in the Conservative opposition in the Dominion House. It is a matter of open discussion not only in the columns of Liberal newspapers, but in some of the Conservative press.

CABLE LEGISLATION

British Government May Not Take Up the Question Just Now.

LONDON, April 1.—(C.A.P.)—The Londoner hopes that the concurrent with Canada cable legislation in Britain will be passed without difficulty, and says the rapid increase in the mutual interests of Canada and Britain makes it of interest to every one to see that the present restrictive charges are lightened without delay.

The manager of one of the largest cable companies said he was quite content to rely on the answer of Premier Aquith to the deputation from the Imperial press conference in 1909. Opinion appears to be that in the present unusual state of political affairs, it is improbable that any legislation will be attempted. The new postmaster-general is overworked with routine work. Still the view is firmly maintained in some quarters that the matter must, sooner or later, be taken up in parliament.

WOMAN TO BE DEPORTED

Engaged by Clinton Firm, But Hadn't Price of Admission.

Because she did not have \$25 on her person, Mrs. Carrick, a passenger on the Lake Champlain, from London, Eng., was stopped at St. John, N.B., on Saturday last. Such action on the part of the officials was in accordance with the Dominion immigration regulation and the federal authorities are sending her back to England.

Mrs. Carrick was on her way to Clinton to work for the Jackson Manufacturing Co. and was to report to the British Women's Association of London in regard to the opportunities for female labor from Great Britain. She had come out under contract and then and phiz.

LONDON, April 1.—(C.A.P.)—The Mail compares Canada's attitude and subsequent victory over the United States with Britain's practically ignorant requests to France in respect to a new tariff.

**NOTICE OF REMOVAL**  
We beg to inform our many customers and friends that we have removed from 230 Yonge Street to larger and more commodious premises situated at 488 YONGE STREET (just north of College), where we shall continue to do business upon even a larger scale than in the past in Books and Engravings, etc. We are also fully equipped to undertake any work in the direction of Picture Framing and Cabinet Making, and all kinds of interior wood-work. We extend a hearty invitation to you to see us in our new location.

**HAMILTON, April 1.—(Special.)**—Practically the whole of the police force has been ordered to report at six o'clock Saturday morning to protect the Hamilton Steel Plant from the foreign laborers on strike. Both the company and the police look for trouble. Carlo Baso, 390 North Sherman-avenue, was arrested to-night near the works on a charge of carrying a revolver and a knife. His story is that he is not a striker, but remained at work all day, and was afraid to go home for fear of the strikers. He says the foreman gave him the revolver to protect himself with.  
Nearly 1000 laborers struck this morning for an increase from 15 to 18 cents an hour. They were evidently in an ugly mood, and the company lost no time in applying for police protection. Chief Smith and a posse of armed men guarded both the Queen-street and the east end plants of the company all day, and more officers were kept in reserve. The strikers were hustled off the ground just as fast as they dropped their tools. No one was injured, although an attack was made on Constable Duffy.  
The journeymen carpenters and the linemen employed by the Cataract Power Company have made demands for the increase in wages.  
The city hall overrun with Chinese laundrymen this morning who were notified to meet Mayor McLaren at 10 o'clock to discuss a question of a reduction in the license fee. They were victims of an April fool joke. The board of control this morning selected Monday, Aug. 1, as civic holiday.  
Liberal Club Banquet.  
The annual banquet of the Liberal Club was held this evening in the Arcade. The host list was: "Hamilton and the Liberal Association," proposed by A. J. Sproule and responded to by W. L. Macdonald. "Canada and the Canadian Parliament," proposed by Adam Zimmerman, ex-M.P., and responded to by Hon. W. L. Mackenzie King. "The Liberal Club," responded to by P. D. Crerar, K.C., and J. M. Eastwood. Mr. King dealt with the liberal defence. There were two great bodies of opinion on the subject, and the government had steered a course satisfactory to both.  
Mrs. Glasford, 364 North West-avenue, 75 years of age, died this evening.  
There was a turnout of 500 at the first spring parade of the 13th Regiment this evening. Lieut.-Col. McBurn was in command. Cups were presented to B. and H. Companies, which won the senior and junior indoor rifle matches. Long service medals were presented to Major Fearman, Capt. Domyville, Lieuts. Laidlaw and Connors, and Sergt. T. C. Dunford.

To accommodate the hundreds who could not get inside the hall the last time it was given.  
"The Tale of the Christ"  
as told by Gen. Lew Wallace, and illustrated by 75 beautiful slides, will furnish the pictorial theme.  
NEXT SUNDAY NIGHT—APRIL 3RD.  
The People's Sunday Service  
**MASSEY HALL**  
The popular CITY BAND will present their best program of music, including new selections not yet given.  
J. RAWTHORNE SLACK, the popular baritone, will sing "Holy City" and "Rock of Ages," illustrated.  
A hint to those in the east, west, north—"Come Early."  
N.B.—If you want a pass entitling you to a seat up to 7 p.m., apply at box office.  
J. M. Wilkinson, B.A., Director.

**MEETINGS.**  
**Dominion Coal Company, Ltd.**  
—NOTICE—  
The annual general meeting of shareholders of the Dominion Coal Company, Limited, will be held at the office of the Bank of Commerce, 216 James Street, Montreal, on Tuesday, the 15th day of April, 1910, at 12 o'clock noon. The business to be transacted is the election of directors for the ensuing year, and the transaction of such other business as may properly come before the meeting. The transfer books will be closed from April 4th to April 12th, both days inclusive.  
C. S. CAMERON, Secretary.  
Montreal, April 1st, 1910.

**WITNESSES BEFORE PUBLIC ACCOUNTS COMMITTEE TELL WHAT THEY PAID THE LAWYER.**  
OTTAWA, April 1.—The charges made in the house by Haughton Lennox against L. F. Clarry, barrister of Hastings, showed a side of the connection with the settlement of certain claims for damages by flooding from works of the Trent Canal system, came before the public accounts committee to-day.  
Mr. Clarry admitted that such a retainer had been sent out to one Graham, but he thought it was before he had been engaged by the government. He said that Andrew Graham, a client of his, told him that his brother Stuart had a claim for flooded lands and asked him if he would act for the latter's behalf. He agreed to do so for twenty per cent. He (Clarry) then drew up the retainer and Wm. Dickson, the government valuator, happened along he sent by him to Andrew Graham. Dickson did not know its contents.  
He did not have his books with him here, but he thought that all this was before he was engaged to press the claims for the government.  
Mr. Clarry was submitted to a lengthy explanation by Mr. Lennox. He admitted having a similar retainer from James Warner, agreeing to pay 20 per cent. if any damages were secured and nothing if the claim failed. He collected about \$60 for his services in the claim against the government, which was forwarded early in January, 1909. He admitted that in this case he had acted both for Warner and for the government, but he denied that this was done concurrently. He had acted for G. L. Humphries, but, in leaving Hastings, he had burned several office papers and thought that the correspondence concerning the claims was destroyed.  
Numerous other cases in which Clarry had acted were brought up, but he made a general denial that at the same time he was pressing these on a percentage basis he was acting for the

**OTTAWA, April 1.—**The charges made in the house by Haughton Lennox against L. F. Clarry, barrister of Hastings, showed a side of the connection with the settlement of certain claims for damages by flooding from works of the Trent Canal system, came before the public accounts committee to-day.  
Mr. Clarry admitted that such a retainer had been sent out to one Graham, but he thought it was before he had been engaged by the government. He said that Andrew Graham, a client of his, told him that his brother Stuart had a claim for flooded lands and asked him if he would act for the latter's behalf. He agreed to do so for twenty per cent. He (Clarry) then drew up the retainer and Wm. Dickson, the government valuator, happened along he sent by him to Andrew Graham. Dickson did not know its contents.  
He did not have his books with him here, but he thought that all this was before he was engaged to press the claims for the government.  
Mr. Clarry was submitted to a lengthy explanation by Mr. Lennox. He admitted having a similar retainer from James Warner, agreeing to pay 20 per cent. if any damages were secured and nothing if the claim failed. He collected about \$60 for his services in the claim against the government, which was forwarded early in January, 1909. He admitted that in this case he had acted both for Warner and for the government, but he denied that this was done concurrently. He had acted for G. L. Humphries, but, in leaving Hastings, he had burned several office papers and thought that the correspondence concerning the claims was destroyed.

**STRIKE NOT ENDED**  
Situation at Philadelphia Explained to Local Street Railway Union.  
"The general strike is still maintained, although a number of the unorganized and some unions have retired after being out in sympathy with us for two weeks. It is expected now that we are in for a long drawn out fight and will rely upon outside aid supporting us while we take advantage of local conditions, which are shaping themselves in our favor."  
The above is an extract from a letter received by the secretary of the local union from the secretary of the Philadelphia Union of the street railway way men. There certain despatches in a local newspaper the impression in Toronto is that a settlement had been reached between the international president, W. D. Mahon, and the company, which was afterwards repudiated by the union men.  
According to the letter, however, no settlement had ever been made and President Mahon sanctioned the action of the street railway employees in holding out against the company.

**SAYS MEDICAL COUNCIL IS NEARING BANKRUPTCY**

Dr. W. A. Young Editorially Asks For Some Explanations as to Their Methods of Business.

"How long will it be before the College of Physicians and Surgeons is bankrupt?" is the question which is asked editorially by The Canadian Journal of Medicine and Surgery. Dr. W. A. Young, the editor, after making it plain that it is only the methods of transacting business that the council can be criticized for, proceeds:  
"The writer, thinking that every member of the college in good standing had access to the books of the college, wrote first to the treasurer and then to the president asking permission to verify certain statements that had been made regarding the council's expenditure. Refusal was given in each instance to the request made. Why is this the case? What have the council done to conceal the books of any disclosures that might be made? Would it not be very much better to grant access to the books and by that means, perhaps, save further criticism?"  
The following facts regarding the business methods of the College of Physicians and Surgeons certainly make interesting reading, and, were the same facts applicable to any business concern, it would be a very short time before the concern would be called in. In 1905 the medical council had a cash balance of \$22,500.58, which during the year 1905 grew to \$26,134.41. In 1906 the college purchased their new building on University-avenue, reducing their balance to \$48,509.41. In 1908 we find that their balance had to \$44,765.17. We fear very much that when the statement for 1909 appears this balance will be still further reduced.  
The expenses of the council seem to have steadily increased out of all proportion to the increase in its income. During the years 1906-1907, the income amounted to \$25,577.65, and the expenditure to \$21,997.11.  
In 1907-1908 the income amounted to \$25,790.88 and the expenditure to \$28,886. In other words, the council expended within \$25,790.88 of its income, in addition to the sum of \$18,053.78 spent for its new building.  
In 1908-1909 the income of the council amounted to \$27,748.77, and the expenditure to \$31,863.01. During this year the council spent \$2614.24 more than its income.  
"It will at once be seen that the net profit of \$280.58 in 1908-1909 was changed in two short years to a loss of \$26,824.  
"There is but one ending to this state of affairs and that is bankruptcy. The members of the council in 1906-1907 drew for council and committee meetings the sum of \$4323.30, in 1907-1908 \$4068.95, and in 1908-1909 \$3782.10. Why, may we ask, should this more than double in two years? It is little wonder that Dr. G. A. Temple said regarding this, "We should try and save some of the money of the public in general and our profession that we are not grateful."  
We think that a full and detailed statement of the council's financial dealings be furnished to each and every member of the college. It seems to us that there is something seriously wrong, and the sooner the present state of affairs is put to right the better."

SATURDAY MORNING, APRIL 2, 1910.

OUR GREAT CITIZEN SOLDIER.

When laying the British army estimates before the house of commons, the Right Hon. R. B. Haldane, secretary of state for war, took occasion to refer in highly appreciative terms to the prospect of a Canadian militia regiment, attending and taking part in the Aldershot manoeuvres this summer. He also expressed the hope that the example thus set would continue to be followed. Even before this official acknowledgment, the intimation that a Canadian regiment intended to visit England had already aroused extensive public attention, and had been welcomed by the British press which was quick to perceive how much there was contained in it of imperial significance.

Toronto, of course, takes peculiar interest in the project, since, as the citizens very well know, the regiment is the Queen's Own Rifles of Canada, one of the crack corps of the city, and second to none in the Dominion. Still more gratifying to the strong imperial sentiment of Toronto is the fact that this notable lead is given the overseas British states by a native born and distinguished citizen soldier acting entirely on his own initiative. The World has had occasion at various times, and possibly may have occasion again, to refer editorially to Sir Henry Mill Pellatt, lieutenant-colonel and commander of the Queen's Own, in connection with other branches of his varied activities, perhaps not always to his liking. But differences of opinion touching matters of public policy or the limitations of private business enterprise do not, and ought not, necessarily or generally to exclude readiness to recognize personal worth and important service rendered the state in other fields.

This year the Queen's Own will celebrate its jubilee, the date of its establishment having been April 26, 1860, and it stands second on the roster of Canadian infantry regiments. Such an event would in any circumstances have been commemorated, but it is fortunate for the regiment, for the city, for the province, for the Dominion, and for the empire, that it fell within the commandery of Sir Henry M. Pellatt. No man knows the Queen's Own better or loves it more. Entering in his youth as a private, he has passed thru nearly every rank to his present high position. Like most born soldiers, Sir Henry early developed a strong inclination and aptitude for outdoor games and sports, held the American amateur mile championship, and most excellent thing of all, has always been identified in athletics with the spirit of honor and chivalry. Sir Henry is emphatically the finest type of citizen soldier, and his city and his country are alike proud of him.

To conceive the project of enabling his regiment to participate in the field manoeuvres of the regular army was an inspiration, and his resolve to carry it into effect, an individual act to the empire hitherto unparalleled. In money cost alone it will approach if not exceed a quarter of a million dollars—but even that expenditure does not measure its importance. For the presence in the motherland of a corps thoroughly representative of the Canadian national army, will do more than any other thing to impress her people with the belief that the assistance of the overseas British states in time of imperial danger is worth having and worth preserving. No act of any single man could bring the United Kingdom into closer touch with her daughter states than this splendid act of Sir Henry Pellatt. Without it he ranked among the most enthusiastic and capable of militia officers within the British empire—its achievement will make him the most distinguished. Praise is his due portion and the hope that his munificent liberality will be an example, an encouragement and an incentive to other wealthy men who can think patriotically, not to be content until they have made a similar sacrifice for closer imperial unity, and more efficient imperial defence.

BELL COMPANY METHODS.

If the Bell Telephone Company wishes to make it certain that the provincial government shall build a trunk telephone line for Ontario, it is taking the right course. The Bell Company insists that it is not bound to give connections with any company that in any way competes with it in territory in which it operates, or in which one of its allied companies operates. It declares that it cannot compete with companies run upon the municipal or mutual system, as they are run at cost. This is, of course, merely begging the question. The Bell Company finds no difficulty in the United States in paying sufficient dividends to warrant its continuing in business, although it has much fiercer competition there than it is likely to have in Ontario. What appears to be the desire of the Bell Company is to "keep other com-

panies out of all unoccupied territory, so that it may itself have an opportunity, when it feels like it, to occupy the ground itself. One might imagine that the independent farmers' companies wished to get long distance service from the Bell Company for nothing. As a matter of fact, it will pay the Bell Company to cultivate the long distance business of the local companies. This branch of its service is by far the most lucrative, and it would be much more profitable to have its lines constantly busy with farmers' calls at far rates than have them unemployed for great parts of the time.

Down in the Strathroy district the Bell Company has been showing how much it is disposed to do for the farmers. The Parkhill Telephone Company connects with the Bell Company at Parkhill. With the usual lack of consideration for its patrons, it put the cost at as high a rate as the traffic would bear. The West Williams Telephone Company was accordingly organized. The Bell Company reduced the rates from \$15 to \$12, but in spite of this, only got 28 subscribers, while the West Williams Company gathered in 76. At the request of some of the subscribers the West Williams line parallels the Bell line for five miles—but there is no competition thruout the other 22 miles.

The West Williams Company applied to the railway board for an order for connections with the Bell Company, and this was granted; but on representation by the Bell Company, that the West Williams charter had not been fully granted, the order was rescinded. The Bell Company immediately announced that the railway board had refused connections to the West Williams Company. Of course, the order will go thru in the regular way as soon as the charter is received by the West Williams Company. Meanwhile the Bell Company gives another instance of how it tactics it pursues in "helping the farmer."

What is occurring in the Strathroy district is occurring all over Ontario. One is driven to the conclusion that the Bell Company is intent on driving the Ontario Government to build a trunk line of its own, if not to expropriate the present Bell monopoly. The Evening Telegram says: "O Canada, is a doleful anthem. It should spell it 'Oh Canada.'" Fourteen hours out of twenty-four is quite long enough for a locomotive engineer to be on duty if the public safety is the paramount consideration.

The Martians, says Prof. Lowell, are not human beings, but intelligent organisms. This is where they differ from some of our contemporaries, who shall be nameless.

Cable companies say the rates are as low as they can be made and still permit a reasonable dividend. But lower rates will increase business and maintain the dividend. Public service corporations prefer a united service at high rates to an extended service at low rates, although profits are the same. The contrary is the case under public operation.

Montreal is being ridiculed just now by means of Samuel Butler's verses on the Discobolus. But Montreal is in very good company. In 1884 there were two sphinxes at one of the entrances to Lincoln Park, Chicago. The sensibilities of virtuous Chicago were so shocked by their nudity that tin aprons were hung over the breasts of the sphinxes. And Toronto has an official quite equal to such an atrocity.

Australian assisted immigrants re-

Pain in Heart

"For two years I had pain in my heart, back and left side. Could not draw a deep breath or lie on left side, and any little exertion would cause palpitation. Under advice I took Dr. Miles' Heart Remedy and Nerve. I took about thirteen bottles, am in better health than I ever was, and have gained 14 pounds."

MRS. LILLIE THOMAS, Upper Sandusky, Ohio.

For many years Dr. Miles' Heart Remedy has been very successful in the treatment of heart troubles, because of its tonic effect upon the heart nerves and muscles. Even in severe cases of long standing it has frequently prolonged life for many years after doctors had given up all hope, as proven by thousands of letters we have received from grateful people.

Price \$1.00 at your druggist. He should supply you. If he does not, send price to us, we forward prepaid. DR. MILES' MEDICAL CO., Toronto.

turn the sum advanced more regularly and quickly than do the men who go to Canada, according to the London secretary of the Central Unemployed League. This does not give with the theory that state socialism is a failure in the commonwealth. Certainly it is succeeding in New Zealand, where, if these are no millionaires at the one end, there are no poor at the other.

The attempt made by the United States meat trust to obtain control of Smithfield, the great London cattle market, failed because the governors refused to pass transfers of the stall leases. Most prices were recently investigated, and evidence found that they were to some extent controlled by the trust, which is now after cornering the Argentine export trade. It is a good thing for the tight little island that its public beards are incorruptible.

NOT SO MUCH PUBLICITY.

WASHINGTON, D.C., April 1.—That the corporation tax law will be amended to restrict the operation of its publicity feature was virtually issued to-day, when the house slightly amended a provision previously adopted by the senate for that purpose.

NEW HAT STORE.

Among the many signs indicating Toronto's rapid expansion is the increasing increase in the number of retail stores. In cities that have no vitality the intrusion of a new establishment, without any other reason sufficient to attract attention. But in Toronto more is needed and that has been fully supplied by the Yale Hat Shop opening to-day at 191 Yonge-st. Hat prices have varied, not always in proportion to quality. The Yale will carry only one line, whether in hard or soft shapes. Good dressers buy Yale hats because they fill the bill.

Struck a Little Girl. William Dunall, 288 East King-street, 29 years old, last night, while drunk, went to a restaurant at 260 East King-street. There he got into an altercation with the keeper. A little girl followed him out and he struck her with his fist, knocking her down. He was arrested by Policeman Lundy, charged with assault and also with the theft of a tin of catsup.

JOHN CATTO & SON Ladies' Tailored Suits

Every season accentuates the growing popularity of Ready-to-Wear Suits for Ladies. This growth in favor has been largely promoted by the vast improvements lately achieved by ambitious manufacturers in this line. We are in close touch with the best, and are now showing every latest piece of Metropolitan designing, trimming, etc., etc., prices from \$16.50, \$18, \$20, \$22, \$25, \$28, \$30, \$32, to \$35.

MILLINERY There is an unprecedented display of enthusiasm this spring over our display of beautiful headwear. The furor is, however, just what we expected, knowing the elaborate preparations to please made by this department. Selectness and individuality are two of our strong millinery features, and every lady should look on offerings over before placing order.

TRIMMINGS Foulards in double and single widths, in the greatest profusion of tasteful patterns and colorings. This makes it very much sought after this season, and we are in an exceptionally good position to meet a great variety of tastes. Fine display also of Shantung, Plaid and Fancy Plaids, Varities, Summer Silk and Linen Mixtures in great variety of shades and patterns; Paillettes, and many other popular weaves.

OUR DRESS FABRICS possess many distinctive features, one of the most appealing to good dressers being the display of single costume lengths only in many fabrics. All the demanded fabrics are here, including Silk and Wool Crepons, Crepes, Striped Watered Bollages, Crepe de Paris, Wide Wale Diagonals, Albatross and Art mure Cloths, French Worsteds, Scotch and English Tweeds, Panamas, Clay Worsteds, Diagonal Chevilles, Basket Chevilles, Hopsackings, De Belges, Figured Crepes, Shot Satin Plaid Shantung with great display of Greys and Black and White, in Worsteds, Homespun, Square and Broken Checks, Snowflakes, Black and White Striped and Checked Yokes, Black and White Hairline Worsteds, Panamas, etc., etc.

WASHABLE FABRICS of Wash Materials has just been augmented by the arrival of additional shipments. Don't fail to look over our showing of really select Gingham, Zephyrs, White Madras Checks and Stripes, Cotton Crepes, Silk and Linen Weaves in all the new shades, Shantungs, Poplinettes, Plain Art Shade and Printed Linens, Auchtermuechty Suitings in all shades, Lex Linens, Flannels and Vestings, Dot Swiss Muslins, Fancy Tucked White Muslins, Chambrays, Seesucker Dresdens, Cotton Bengalis, Challies, Delaines, New Prints, etc., etc.

JOHN CATTO & SON 55 to 61 King Street East, TORONTO.

CONTROL OF COMMON CARRIERS Widely Diverging Reports on the Administration Bill.

WASHINGTON, D.C., April 1.—Widely diverging views on regulative control of common carriers, including split minority presentation, are expressed in reports which accompanied the submission of the administration bill to the committee on Interstate Commerce today. The majority report stamps the proposed legislation as even more important than any preceding one, because of control of inter-state and foreign railroads, imposing no undue burdens nor interference with railway management and conferring large benefits upon the shippers and public at large. The minority report, striking at the Commerce court provision, declares the untried, experimental legislation of a doubtful constitutional character, should be entered upon by congress at the time when neither consumers, shippers nor railroads ask for such legislation. The minority members, while earnest advocates of federal regulation or supervision of inter-state railroads, attack the bill as paternalistic. Mr. Richardson Preyer, who signed the minority report, believes the bill leads to government ownership of railroads, and will offer an amendment prescribing physical situation instead of fluctuation valuation of capital stock as a basis of ascertaining a reasonable rate.

A VILLAGE ENGULFED Flow of Lava Continues to Terrorize Sicilians.

CATANIA, Sicily, April 1.—Professor Ricci, director of the Mount Atna observatory, has been forced to abandon his post after passing hours of terror there. He said to-night: "One could not stand the deafening and horrible roar of the volcano for more than one day. It would certainly deafen him mad." Late today the lavatic flow engulfed Cavallero, a village of fifty houses. The inhabitants escaped unharmed.

MESSINA, April 1.—Seven slight earth shocks, accompanied by public panic, rumblings and explosions, have been felt here since Thursday night. No damage, however, has resulted.

THE NEW SAVOY 114-12 Yonge Street (Over Bleachers) Business Men's Lunch, 12 to 2. Prompt delivery of day's newspapers. Open from 9 a.m. to 11 p.m.

THE WEATHER

OBSERVATORY, TORONTO, April 1, 10 a.m.—Fair, mild weather has prevailed to-day throughout the Dominion, except in British Columbia and Eastern Nova Scotia, where it has been showery. Minimum and maximum temperatures: Dawson, 14—42; Victoria, 42—48; Vancouver, 38—44; Kamloops, 38—42; Calgary, 28—41; Edmonton, 34—39; Hatterdale, 20—52; Prince Albert, 26—48; Qu'Appelle, 36—52; Winnipeg, 30—56; Fort Arthur, 32—54; Parry Sound, 37—58; London, 37—54; Toronto, 32—57; Ottawa, 34—54; Montreal, 36—52; Quebec, 36—52; St. John, 46—52; Halifax, 34—44.

Probabilities.—Lower Lakes, Georgian Bay, Ottawa Valley and Upper St. Lawrence—Moderate winds; fine; a little higher temperature. Lower St. Lawrence and Gulf—Moderate winds, mostly westerly; fair and mild. Maritime—Moderate westerly winds; fair; a little higher temperature. Superior—Moderate to fresh winds; shifting to east and fair; not much change in temperature. Manitoba, Saskatchewan and Alberta—Fair; stationary or higher temperature.

Jim Jeffries

Jim Jeffries, do we look to you To give emancipation To the white ranks of pugilists Of every living nation. It must be done; we can not bear The Negro hand above us; You are true—the only one to achieve it; Freedom love us! We think it in you even yet To trounce the greatest nigger That ever stood within the ring—Black Johnston, or one bigger. For, thy the paper greatly speak Against your present standing. Still have we faith in your great skill And power of heavy landing.

Jack Johnson may have beaten Burns, Stan, Ketchel, and another. Men of ring fame; but still we think He'll learn you're their big brother. Then, too, absurd tho' it may sound Who would deny the chances That Johnson is a beaten man Before he crosses lances?

Now, to conclude this simple verse To our favorite "bug" of gold, We are yours ever truly, Jim, To-day, as in the days of old.—John B. Manson, Jr., in Ottawa Journal.

OBITUARY. At Kincardine—Arch Stewart, a resident for 20 years, aged 86. Myra Kelly, the authoress, whose stories of child life in New York's east side made her known to hundreds of thousands of readers of American periodicals, is dead at Torquay, England. She was born in Dublin, but went to New York when young, and as a school teacher. Her old types which she introduced into fiction.

Mrs. Frederick Cookes, of 4 Blackmore-lane, with her little son Stanley Ronald Cookes, of whose death she says she will never be thoroughly convinced till she has his body from the grave at Mount Pleasant Cemetery, and identifies it by certain unalterable peculiarities. Mrs. Cookes and her husband have announced their intention of applying to the attorney-general for leave to exhume the body.

MONK HASN'T CONSPIRED HE WIRES LA PRESSE

Continued From Page 1.

Bring on the Convention. Hamilton Spectator (Con.): "Differences of opinion, if there are honestly different, indicate quickening activity rather than deadly atrophy. The Conservative party should rejoice instead of mourn because there are men in its ranks who are strong-minded enough to hold opinions of their own and brave enough to make those opinions known."

"It has been suggested that because of differences of opinion in Conservative ranks, the national convention called for June next, should be postponed. We beg to differ. All the greater reason why the convention should be held on the date originally set. It's when brains are filled with ideas that men should get together for an interchange of views, not when a Sahara-like barrenness of thought makes a convention a mere-toe echo. And when the convention is over, we will be able to predict that some of the gentlemen who just now look like in a lime-light of their own making, will have learned something new in the matter of perspective, so far as it applies to their own personalities and their relation to the Conservative party body."

History May Repeat. Kingston Standard (Con.): "The Standard sincerely trusts that the efforts making in certain quarters to bring about a postponement of the proposed Conservative convention will not be successful. In our judgment, any postponement will be but a confession of weakness and of vacillation—will, indeed, be tantamount to an admission that the wish and the will of the party are of little avail against the protests of insurgents and others. More than that, as things are now, there is altogether too much newspaper talk of internal trouble and of reading men out of the party. The sooner that ceases the better; for no party is helped by having its dissensions exploited thru the public press."

"We need a convention for many reasons—not only to determine upon the question of leadership, to the end that reconciliation may cease, harmony and good will be established and the party itself know where it is at. "If we remember aright a Liberal success came to that party but a year or two after their Dominion convention in the early nineties. History has a way of repeating itself."

Monk and Borden. London Advertiser (Liberal): "The reports of mutiny and conspiracy in the ranks of the federal opposition are not the inventions of the enemy. They are given to the public thru sources friendly to Mr. Borden. The Toronto News confirms the story of The Toronto World, which other Conservative journals were first disposed to attribute to Mr. Borden. The Ottawa correspondent of The News says it is true that Mr. Monk and his followers demanded the removal of Mr. Borden from the leadership. Mr. Monk is accused of covering Mr. Borden's position, and of trying to force his hand on the naval question. Mr. Monk has been at least consistent from first to last opposed to it. He has not shifted his ground or taken a sharp curve as Mr. Borden has done. But Mr. Monk cannot consistently remain as the Quebec leader of the Conservative party. In view of the indorsement of Mr. Borden's views by the preponderating majority of the Conservative members of the house. His

position is not made tenable by the fact that his opinions are shared by his French-Canadian Conservative colleagues. Burke defined party as "a body of men united for promoting, by their joint endeavors, the national interest upon some particular principle in which they are all agreed." Mr. Borden and Mr. Monk hold diametrically opposite views upon a particular principle which happens to be an overshadowing question of public policy. Borden is the Man. Orangeville Sun (Con.): "There is only one big man in sight for the leadership of the Conservative party in Canada, and that man is R. L. Borden, the present leader. Probably no leader of a political party in this country has done so much hard work under specially trying circumstances as has Mr. Borden, and it is only nonsense to talk of placing the reins in other hands. Where a change is needed, it is the personnel of the Conservative party in Canada, and that man is R. L. Borden, the present leader. Probably no leader of a political party in this country has done so much hard work under specially trying circumstances as has Mr. Borden, and it is only nonsense to talk of placing the reins in other hands. Where a change is needed, it is the personnel of the Conservative party in Canada, and that man is R. L. Borden, the present leader. # RIVERDALE HEIGHTS

LOWEST PRICE

TWENTY MINUTES by direct street car line from the corner of QUEEN AND YONGE STREETS.

EASIEST TERMS

RIVERDALE HEIGHTS is beautifully situated on a high elevation overlooking the lake. Every lot on the estate is perfectly level. Water mains will be laid within the next two weeks, and contracts have been let for sewers, roadways and sidewalks. These improvements will be laid within two or three months and then Riverdale Heights will present one of the most attractive homestead propositions in the East End.

THE TIME TO BUY IS NOW. Nearly one-third of the lots have already been sold, and every day lessens the choice. Come out on Saturday afternoon. We will be pleased to show you the lots, and even if you don't buy, you will enjoy the view.

Prices \$14 to \$17 per foot. Lots 25 feet frontage and from 105 to 140 in depth.

TERMS OF PAYMENT \$25 DOWN AND \$15 EVERY THREE MONTHS

FINEST SITUATION

TAKE A PARLIAMENT CAR TO JONES AVENUE AND WALK NORTH TO HUNTER STREET. WRITE, PHONE OR CALL FOR PLANS OR PARTICULARS. OFFICE OPEN EVENINGS.

SAFEST INVESTMENT

## Note and Comment

**S. C. Hildreth's King James is top weight, 135 pounds, in the Carter Handicap, seven furlongs, to be run at Aqueduct on April 15.** Weights for which were announced last night by Fred Rehberger, secretary of the Aqueduct racecourse, Jack Astin, which won the race in 1908, is a close second to King James. Mr. Vosburgh, the handicapper, requires King James to concede the Missouri-bred horse only one pound. Restigouche, at 123 pounds, is third on the list. It is likely that he will be S. C. Hildreth's only representative when the bugle calls the horses to the post. The Juarez champion, Glorio, is fourth on the list. He is giving three pounds to Prince Ahmed. The top-weight of the three-year-olds is Dalmainat.

The Saratoga Racing Association has received 1471 entries for the various stakes to be run in August. The Saratoga Handicap of \$7500 has received 51 nominations, including Fitz Herbert, Tricellian, Prince Imperial, Gloop, Hilarious, Maskette, Sweep, Grasmere, Affliction, Nealon, Sir John Johnson, Wintergreen, Fashion Plate, Diana Ken, King James, Restigouche, Joe Madden, Fayette, Dalmainat, Wald, Olambala and others. The subscribers to the Saratoga special are James E. Keene, John E. Madden, John Sanford, R. T. Wilson, Jr., H. L. Shaw, L. Harrison, W. S. Farrington, J. S. Hargin, James Butler, H. P. Whitney, F. B. Hitchcock, August Belmont, Harry Belmont, M. Schuyler, R. E. Smith, F. A. Forsythe, Edgar Madden, Capt. E. B. Cassatt, the Beverwyck Stable and the New York Stable.

Report has it that John Haskins, who is credited with the one-armed golf championship of England, is arranged for a visit to America. He is due to arrive early in April, and will try to arrange a match for the world's one-armed title. Haskins, who is a short, stockily-built man, relies for assistance off the tee upon clean hitting. In fact, it is said, that catching the ball with the centre of the face of his club is the feature of his golf. Haskins also has a way of getting on to the green with full shots, even with his wooden clubs, and he is also a brilliant putter. Haskins has made the Hoylake course in 75 strokes, his rival, Scott, is a longer driver, averaging about 170 yards.

Jack Johnson looks ahead at the fight. He says: It would be foolish on my part to say that I would whip Jeffries sure and that he would not have a "look-in," etc. Now, I do not expect to lose the fight. Jeffries was a wonderful fighter before he retired, but I am a little better than he is now. I have been measured thoroughly by Dr. Sargent of Harvard, and he tells me that I am almost perfect as regards physical development. I am just as

strong as Jeffries. If that is the case, I figure that I should win, because I am younger than he is and will be at my best, and my stamina will be better than his.

In addition, I figure that I am cleverer than Jeff, although some claim that he is just as clever as I am. I know I have a better left hand than he has and can fight on the defence as well as any man living. That being the case, why should I not be able to go along for quite a distance and wear him out without taking chances, and then go in to win? I know as well as anyone that Jeffries will be a different proposition than either Tommy Burns or Stanley Ketchel, and I would be foolish to say that he will not do as well as they did.

Now, I always had a great deal of respect for Jeffries and looked upon him as a wonderful fighter, but to tell the truth, I do not think he is as good as he is made out to be. He is not in the best of shape, but you will find that when it comes to a case of stamina and ability to recuperate, he will not be there. That was proven in the case of Nelson used to be there with the comeback, no matter how hard he was pressed, but after Volgaist had fought him to a standstill the Battler did not have the reserve power any more, and that is just what will happen to Jeffries—he will not be able to recuperate when his strength begins to leave him.

They say Jeffries weighs 225 now, but I know he is nearer 245, and he will not doubt fight at about 215 to 220. I am weighing about 220 now and expect to train down and enter the ring at about 200. Jeffries has a little longer reach than I have, mine being 72 1/2 inches, but that will not matter. And just say that I am six feet and a quarter of an inch tall in my stockings, while Jeffries is just about half an inch taller.

**Business Men's League.**  
Murby won three from Rylee Bros. in the Business Men's League last night. The scores:  
Rylee Bros. 1 2 3 7 T.  
McDiarmid 147 112 147-498  
Hartwell 108 108 128-444  
Moffatt 141 120 180-441  
Milroy 143 178 120-441  
Miliken 108 143 177-428  
Totals 765 712 737 2214  
H. Murby Co. 1 2 3 7 T.  
Adams 129 108 105-442  
Thompson 138 154 197-494  
Bedon 125 138 168-431  
Maybee 124 219 204-547  
Totals 507 584 777 2468

**Sidelights.**  
The "off" for the Tifco ball, which took place on the Brunswick alleys last evening, was won by J. Wilkes with the score of 588.

HAVE you personally taken advantage of this exceptional opportunity to secure a high grade piano at a fraction of its regular selling price?

THE forty years established reputation of Mason & Risch for excellence of product stands behind every instrument, however low the price. See for yourself—soon.

## Take Ten Dollars and Investigate Quickly, the Piano of Your Choice is Yours!

There are many homes where a Piano of Quality is the secret ambition—the hope to be realized some day, “when the ship comes in.” Let the rulers of all such homes quickly take us at our word and look into the unparalleled opportunity of Piano-buying, at savings of \$50 to \$100, offered by this

## Mason & Risch Great Stock-Taking Sale of High Grade Pianos

This is what we mean to do. By Stocktaking Day—not far-distant now—we are determined to dispose of the greatest selection of all-high-grade Pianos, new and used, ever gathered under one roof in Canada, at prices which we frankly say have never before been attempted in the Piano industry. The clearance thus far has been heavy, and many homes are now rejoicing in the opportunities we have already offered. Now—take this to heart—the bargains remaining will be greater than ever. We must have cleared floors, regardless of profit, and you should see to it that your home benefits by this necessity. Terms? Make them yourself. But don't put off your visit. Come, or have us send you list and prices. These Piano bargains must be seen to be appreciated—and cannot be duplicated.

Saturday we again stay open until 10 p.m. Come in and look round at your leisure. No obligation whatever to purchase—the Piano and Red Tag prices will tell their own story.

**Mason & Risch Piano Co. Limited**  
32 King St. West, Toronto

### ATLAS STILL IN JAIL FAILS TO SECURE BAIL

Anxious to Have Judge Winchester Try Subornation of Perjury Charge.

Rev. George M. Atlas is exceedingly anxious to be tried by Judge Winchester upon the latest charge laid against him that of subornation of perjury. T. C. Robinette, K.C., senior counsel for the defence, yesterday secured a stated case from that judge to this effect, and in an effort to have it declared that Judge Winchester has power to try him summarily in county judges criminal court, Mr. Robinette said last night that he would immediately proceed with this hearing upon the sitting of the court of appeal, May 15. By that time the session will be in progress.

Mr. Robinette also moved for the reduction of bail, but was met with heavy opposition from County Crown Attorney, and Assistant Monahan. The bail was held at the figure of \$5000 cash, or double that amount in bonds. It was not secured last night and Atlas is still in jail.

Mr. Robinette objected to the execution of a search warrant Thursday declaring that he would move to have it quashed and the search seized. Judge Winchester declared that this was not a matter with which he was in a position to deal.

### WHITE STAR—DOMINION LINE CANADIAN SERVICE

The two new and powerful steamers, the Laurentic (triple screw with turbine and reciprocating engines), and Megantic (twin screw), especially designed for the St. Lawrence route, will again be in the service in 1910, commencing with the sailing of the Laurentic on May 14 and every fortnight thereafter, in conjunction with the Dominion Line steamers Canada and Dominion. These are the largest and most modern steamers on the St. Lawrence, the former being 14,892 tons and the latter 14,878 tons, and their large displacement and the big keels with which they are fitted cannot fail to secure for them that foremost sea-going quality—absolute steadiness.

The accommodation in first and second classes is of the latest type, with every comfort, special attention being paid to the cuisine and service.

An electric passenger elevator, serving four decks, will prove acceptable to the company's patrons, as the stairs, the most annoying needs have been anticipated. The Marconi system of wireless telegraphy is installed on these steamers, and also a constant supply of pure air throughout the various compartments by means of powerful electrically-driven fans, particular attention being given to the public rooms, dining saloons, and to insure their freshness. The vitiated air is extracted and the fresh admission of fresh air is induced.

The luxuries supplied in these steamers are on the most generous scale. Each first-class stateroom is fitted with a portable electric reading lamp, in addition to the fixed lamps; there is a complete system of electric bells throughout the first and second-class accommodation. Each first-class stateroom is furnished with a wardrobe, a chest of drawers and a handsome double folding lavatory.

The dining saloons, smoke-rooms, reading-rooms and lounge are all large, airy and handsomely furnished. The first-class dining saloon is a handsome apartment situated on the saloon deck and extends the full width of the ship. It is paneled in the stately fashion of the time of Charles II. It has a verandah for the bandstand and the tables are arranged on the restaurant principle.

The reading-room is a charming apartment on the upper promenade deck. It is furnished with a rich, birch carpet crimson Axminster and the walls beautifully decorated.

The lounge is also on the upper promenade deck and is furnished with a rich, birch carpet and a large and well selected library invites recreation and study and writing tables afford an opportunity for correspondents.

The smoke-room (also on this deck)

### NEW VIRUS FOR RABIES.

ANN ARBOR, Mich., April 1.—Dr. James S. Cumming, director of the Pasteur Institute of the University of Michigan, to-day announced the discovery of a new method for the treatment of hydrophobia. Dr. Cumming uses a virus prepared from spinal tissues from a rabid animal.

### HE TOOK A FRIEND'S ADVICE AND DODD'S KIDNEY PILLS SOON CURED HIS BACKACHE.

How Malcolm McKinnon Found Complete and Permanent Relief From His Kidney and Stomach Troubles.

SIUNACADIE, Cape Breton Co., N. S., April 1.—(Special).—Suffering with backache so much that he could not work, Malcolm McKinnon, a well-known resident of this place, took a friend's advice and used Dodd's Kidney Pills. The result is that he is back at work and his backache is gone.

"Yes," he says, in speaking of his case, "I was troubled with backache, due to wet feet and hard work. It got so severe at last I thought I would be unable to do my work.

"I was through a friend's advice I started to use Dodd's Kidney Pills, and I was soon aware that they were doing me good. My back was easier and I had less pain in urinating.

"As Dodd's Kidney Pills had done me so much good I thought I would try Dodd's Dyspepsia Tablets and I did so with marvelous effect. Two boxes set my stomach right."

"With Dodd's Kidney Pills to keep my kidneys well and the blood pure, and Dodd's Dyspepsia Tablets to put the stomach in shape, so that the body receives the nourishment it needs you are assured of the two first essentials of health. Any doctor will tell you that."

### NO COAL CONSPIRACY.

HALIFAX, N.S., April 1.—The grand jury this morning found "no bill" in the cases of the King versus Dick and the King versus Cowans.

These are the famous conspiracy cases, which occupied the attention of the city court from October last till February.

The Canadian Institute.

The members of the Canadian Institute will hold their usual meeting at the physics building this (Saturday) evening, at eight o'clock.

Mr. C. B. Fox, M.C.S.C.E., will read a paper entitled: "The Piercing of the 'Impion,' the Longest and Deepest Tunnel in the World," with lantern illustrations.

The public are cordially invited.

## CUTICURA COMFORT FOR MEN

Because of its delicate, emollient, sanative, antiseptic properties derived from Cuticura, united with the purest of saponaceous ingredients and most refreshing of flower odours, Cuticura Soap is unrivaled for shampooing, bathing, shaving and for every use in preserving the hair and skin. Assisted by Cuticura, it allays itching and irritation and tends to prevent clogging of the pores, a frequent cause of facial eruptions.

It is very easy and comfortable. The walls are hung with stamped leather and adorned with handsome leaded glass windows at the forward and aft end. The seats are deep and luxuriously upholstered.

The second-class staterooms are on the deck and are tastefully furnished and decorated. Passengers traveling in this class will find every provision made for their comfort.

### A NEW CHURCH

Dedicated Services in High Park Presbyterian Church To-morrow.

The newest, if not the nicest of Toronto's Presbyterian churches, High Park Presbyterian, corner Roncesvalles and Wright-avenue, will be dedicated to-morrow.

The congregation of Fern-avenue Presbyterian Church, formerly Ruth-street Mission, have succeeded in erecting a new building that is without a doubt a credit to the City of Toronto. The congregation, in changing the site of the church, changed its name, and it is now known as High Park Presbyterian Church.

The officiating minister, to-morrow, will be Rev. Wm. Patterson, formerly of Cooke's Church, now pastor of Bethany Church, Philadelphia. Mr. Patterson needs no introduction to the people of Toronto, and High Park Presbyterian Church will undoubtedly have large congregations both morning and evening.

### WILL IRWIN.

Will Irwin, author of "The House of Mystery" was born in Leadville, Colo., in the days of the great boom; but went with his family to California when very young and grew up there. He attended Leland Stanford University, but did not graduate, starting his literary work on "The Wave," where his associates were Gelett Burgess and J. O. H. Cosgrove, now editor of "Everybody's." Mr. Irwin came to New York City about seven years ago, and joined the staff of The New York Sun. Here he did notable work, but died in San Francisco earthquake and fire. Four years ago he became managing editor of McClure's Magazine, later joining the Collier staff. His work for Collier's in investigating spiritualists, etc. gave him material for a series of stories and for his first novel.

### DEPARTMENTAL EXAMINATIONS.

The dates for the various July departmental examinations have at last been settled upon by the department of education.

The examinations all begin on June 27, with the exception of arts special-ists, which begin on July 1, and will be held on August 9, 10, 11 and 12, at the department of education of the University summer school. The other examinations will finish on the following dates. Entrance to Normal School examinations, July 4; entrance to the Faculty of Education, July 11; Honor and Scholarship Matriculation examinations, July 12; Pass matriculation, July 8; and commercial specialists, July 4.

### Australia Wants Juveniles.

LONDON, April 1.—Sir Geo. Reid, speaking in the House of Commons, said he was sent to increase immigration to Australia. He is making very strong representations to the government to arrange for thousands of poor law children to go to Australia. Juvenile emigration is the best emigration, he says.

### Y.W.C. Guild.

Miss Gay (appointed missionary to China) will address the Sunday afternoon meeting at the Young Women's Christian Guild, McGill-street, at 4:15. Bright service and good singing. Social hour and cup of tea at 5:15. All young women cordially invited.

### Legacies.

Make your own will. No lawyer's fees. Legal will forms and specimen copy 25 cents. All kinds legal forms same price. Mail Order Supply Co., Dept. 7, Toronto, Can.

### FOUND SEVEN BODIES

Gruesome Result of the Coming of Spring at Montreal.

MONTREAL, April 1.—Montreal's spring cleaning resulted in the finding of seven dead bodies in different parts of the city to-day. Two unidentified men were taken from the canal, a baby's body was found in Mount Royal Park, another near Notre Dame Church, and three men were picked up along the waterfront.

### Liberals Hold Mid-Glamorgan.

LONDON, April 1.—The result of the Mid-Glamorgan by-election was F. W. Gibbins, Liberal, 8920; Hartshorn, Labor, 8210.

### SKIN DISEASES.

Under this name such troubles as Salt Rheum, Eczema, Erythema, Tetter, Ringworm, Poriasis, Scurf, Itching Rash, Eruptions, Boils, Pimples, etc., are included. Skin diseases, as a rule, are not dangerous, but are unsightly, irritating and often terribly annoying to the sufferer; they depend mainly on bad blood, from one cause or another, for if the blood is pure and the circulation good no skin disease can exist, except it arise from lack of proper cleanliness or from contagion.

To get rid of skin diseases it is necessary to observe strictly all the laws of health; maintain regular action of the bowels; avoid high living, eating only plain nourishing food. Cleanse and keep the blood pure by taking Burdock Blood Bitters, which unlocks all the secretions, and makes new rich blood by acting on the entire system.

### HEALTHY CANADIAN INSTITUTE.

The members of the Canadian Institute will hold their usual meeting at the physics building this (Saturday) evening, at eight o'clock.

Mr. C. B. Fox, M.C.S.C.E., will read a paper entitled: "The Piercing of the 'Impion,' the Longest and Deepest Tunnel in the World," with lantern illustrations.

The public are cordially invited.

### CANADA'S GAINS FROM U. S.

WASHINGTON, D.C., April 1.—A report was submitted to congress to-day by Senator Billingham, chairman of the joint immigration commission, in regard to the immigration situation in Canada.

Probably the most important statement made in the report is that Canada wants immigrants whose purpose is to enter agricultural pursuits either as owners, tenants or laborers, and desires to exclude those immigrants whose presence would tend to the congestion of towns and cities.

Another striking feature of the report is the comparison of immigration into Canada during the past decade with that into the United States. This shows that while 70 per cent. of Canada's immigrants during that period came from Northern and Western Europe, and only 30 per cent. from southern and eastern Europe, the reverse was true in regard to the immigrants entering the United States.

Of the total number of immigrants going from the United States to Canada during the past three years, more than seven-eighths were classed as farmers or farm laborers.

### Australia Willing to Pay for Men.

LONDON, April 1.—As a branch of the central unemployed body, a league has been formed in South Australia. The London secretary states that the body will be delighted to send more men to Australia if only because they get money advanced for fares returned much more regularly and quickly than from those they send to Canada. Where they only get a dollar or ten dollars from the Dominion, they often get a acre or ten pounds from Australia.

### HE TOOK A FRIEND'S ADVICE AND DODD'S KIDNEY PILLS SOON CURED HIS BACKACHE.

How Malcolm McKinnon Found Complete and Permanent Relief From His Kidney and Stomach Troubles.

SIUNACADIE, Cape Breton Co., N. S., April 1.—(Special).—Suffering with backache so much that he could not work, Malcolm McKinnon, a well-known resident of this place, took a friend's advice and used Dodd's Kidney Pills. The result is that he is back at work and his backache is gone.

"Yes," he says, in speaking of his case, "I was troubled with backache, due to wet feet and hard work. It got so severe at last I thought I would be unable to do my work.

"I was through a friend's advice I started to use Dodd's Kidney Pills, and I was soon aware that they were doing me good. My back was easier and I had less pain in urinating.

"As Dodd's Kidney Pills had done me so much good I thought I would try Dodd's Dyspepsia Tablets and I did so with marvelous effect. Two boxes set my stomach right."

"With Dodd's Kidney Pills to keep my kidneys well and the blood pure, and Dodd's Dyspepsia Tablets to put the stomach in shape, so that the body receives the nourishment it needs you are assured of the two first essentials of health. Any doctor will tell you that."

### NO COAL CONSPIRACY.

HALIFAX, N.S., April 1.—The grand jury this morning found "no bill" in the cases of the King versus Dick and the King versus Cowans.

These are the famous conspiracy cases, which occupied the attention of the city court from October last till February.

The Canadian Institute.

The members of the Canadian Institute will hold their usual meeting at the physics building this (Saturday) evening, at eight o'clock.

Mr. C. B. Fox, M.C.S.C.E., will read a paper entitled: "The Piercing of the 'Impion,' the Longest and Deepest Tunnel in the World," with lantern illustrations.

### ONE WIFE FED HIM BUNS SO HE MARRIED ANOTHER.

MONTREAL, April 1.—Thomas E. Dalton, the Point St. Charles man who was recently arrested on a charge of bigamy, was brought into court to-day to permit of the presentation before the court of the two marriage certificates. Dalton pleaded guilty the other day and still maintains that plea stated that the reason he left his first wife was that she fed him on buns. The day he left he had a dozen buns for his dinner.

Telegraphers Ask Increase.

A conference will be held next week between General Superintendent James Osborne and A. Houston, representing the telegraphers of the Ontario division of the C. P. R. to discuss the demand for a ten per cent. wage increase.

## A MAN'S BOOK

A PRIVATE TREATISE, WITH ILLUSTRATIONS, RELATING TO DEBILITY, ITS CAUSE, EFFECT AND HOME CURE.

### Let Me Send It to You FREE

Here is a little volume of cheer and helpfulness which all men, young or old, can read with great profit; it contains much valuable information of a private nature, is fully illustrated, and represents the practical knowledge I have gained from forty years of actual experience in giving help to upwards of 100,000 enfeebled, nervous, discouraged men. Just a postal card with your name and address, and the book will be forwarded free, sealed, by return mail, and with it, as well, I will enclose a full description of my new 1910 model Electric

## Health Belt

If you need new strength, this wonderful appliance must appeal to you. It generates a pleasant, exhilarating current instantly felt, though it can be made any degree of strength from mild to strong by simply turning the needle of the current regulator; worn nights while you are sleeping, it pours quantities of health-giving, soothing electricity into your sick, weak nerves; you get up mornings feeling bright, strong, full of courage and ambition; it takes all the weakness and pain out of your back; it is a great remedy for your kidneys, bladder, stomach, liver and other vital organs; it cures rheumatism in all parts of the body; it is a courage-giver of the highest order; it brings new strength where weakness exists; it will restore you to vim, vigor and true manhood as sure as night follows day; it makes you feel young and look young; you will live longer for its use; you can throw away all drugs and commence to live as Nature intended you should—a man among men, healthy, happy and vigorous. I can send you thousands of testimonials if you care to see them. Here is a sample Cure:

"Your Health Belt cured me of Nervous Debility, and general prostration of the whole system after all else failed." EDMUND C. APPS.

Box 319, Brantford, Ont.

In all instances, concentrate the full positive current at small of back; it thus enters the system at the nerve and vital

centre, passing thence through the different weakened organs, giving them new life and force. You can get the Belt

# The Three Finest Residential Pro

## Summerhill Gardens

**S**UMMERHILL GARDENS, "The Smith Estate," is another of the fine old homesteads which are giving way to the march of progress and the expansion of Greater Toronto. It was to have been added to Reservoir Park, but, owing to delays on the part of the city authorities, it was purchased by an enterprising firm for the purpose of dividing into exclusive residential plots. It is located just south and west of Reservoir Park, and it borders the Rosedale Ravine on the east. Summerhill Avenue is its southern

boundary. The lots are exceptionally attractive, laid out along a winding roadway, and the nearness of the property to the car line on Yonge Street, from Summerhill Avenue, makes it exceptionally easy of access.

These lots are bound to be quick sellers, as the prices range from \$25 to \$70 per foot frontage. It is undoubtedly one of the finest home plots in Toronto. All desiring a property in this section must make application early to get a choice selection. There are a dozen or more lots bordering on the Ravine, which are exceptionally desirable because of the natural beauty of this delightful dell.

**D**ID you ever long for a home in a place where the sun shone brighter—the air breathed sweeter—everything was harmony, and nature was at peace? Then realized the place you longed for must be Arcadia, existing only in the realms of fancy? That was before we discovered the spot that met these requirements, and secured it for home sites for the fastidious home-seeker.

Toronto's Arcadia is Rosedale Heights. There, indeed, are the Elysian fields—perched high on the hills in the bright sunlight and invigorating atmosphere—the charming result of nature's kindest mood. Stretching away to the south is a magnificent view, showing the broad, blue expanse of Ontario's waters mingling with the horizon over the myriad dwellings of Greater Toronto nestling in the foreground.

Far removed from the strife of the city and the hum of business, yet near enough

### EASTERN RADIAL CO. WINS IN COMMITTEE

Application For Federal Charter is Approved, With Amendments For Protecting Toronto Rights.

OTTAWA, April 1.—(Special)—The railway committee to-day passed the bill incorporating the Toronto and Eastern Railway, after amendments to refer to the Dominion Railway Board for adjusting any dispute between the city of Toronto and the company as to the discharge of passengers within the city limits, so that the city's control of local street railway traffic shall not be interfered with.

The discussion was quite stormy. Claude Macdonell opposed the granting of a federal charter because it was contrary to the letter and spirit of the B.N.A. Act. David Henderson, who supported the practically similar H. W. & G. bill, which affected his own constituency—because it had been declared to be for the general advantage of Canada, by the old railway act," he explained—opposed the new company's application in favor of provincial control.

Wm. Wright (Muskoka) interjected a remark about the "parrot-like" objection of the bills' opponents, and Messrs. Neely and Clark both got af-

ter him. The latter also commented on the absence of Hon. G. P. Graham, and was informed that the minister supported the bill.

On behalf of Toronto, H. E. Dewart, K.C., objected to allowing the newly chartered company to amalgamate with other railway companies possessing larger powers, which might then be exercised by the new company by virtue of the amalgamation.

Jas. Conmee insisted that the company should be allowed to amalgamate on the best terms it could secure, and as for the danger of the new company acquiring increased powers thru amalgamation, it should be remembered that it would still be under the jurisdiction of the railway commissioners.

"This is not a C.P.R. scheme or a G.T.R. scheme so far as I know," said Mr. Dewart, "and if it is a C.N.R. scheme, why don't they come out in the open and ask for their own charter? Are you chartering a steam road or an electric road?"

Mr. Powke stated that the directors of the road were men of large means, and wanted to build the road as an investment, and had no connection with any of the three great steam railroads.

The final division was:

**PILES**

**Coroner Stole Son's Heart.**  
NEW YORK, April 1.—Because the body of the son she loved was robbed of its heart, Mrs. Mary Massard has brought suit for \$5,000 against Dr. Timothy L. Lehane, a coroner's physician. She charges that Dr. Lehane performed an autopsy on the body, and in so doing illegally abstracted and retained the heart.

Julius Harburger, a former coroner, maintains that he ordered Dr. Lehane to return the heart to the relatives.

**Pickets Prohibited.**  
HALIFAX, April 1.—In the supreme court to-day, Judge Lawrence granted an injunction to restrain strikers from picketing the Transportation Com.

### BROKERAGE OFFICES RAIDED BY THE POLICE

Patriarche's Place Said to Have Been a "Bucket Shop"—Several Arrests Made.

Nine arrests were made yesterday morning when the police raided the brokerage offices of P. H. Patriarche & Co. at Scott and Wellington-streets, at 10.30 o'clock. Two men were taken as keepers and seven as frequenters. At precisely the same time a raid was arranged for the Buffalo offices of the firm. W. J. Smart, 28 years, 28 Simpson-avenue, alleged to be the manager of the office, and J. A. Harrington, 28 years, alleged to be the manager of the Buffalo office, who is staying at the King Edward Hotel, were charged as keepers of a common gaming house in that it is declared that the place is a "bucket shop." Philip Harold Patriarche, proprietor of the business, for whose arrest there is also a warrant was not arrested as he is on the way to Europe.

Edward Strachan Cox, 50 years, a broker, 8 Wellesley-street; Samuel Herbert, 21 years, a clerk, 719 Markham-street; George Laird, 55 years, manufacturer, 44 Hamilton-square, D.

### GAVE INSIDE INFORMATION

And Calgary Aldermen Scent a Civil Scandal.

CALGARY, Alta., April 1.—What appears to be a scandal in Calgary has come to light.

On March 25, Darcy Tate, solicitor of the G. T. P. of this city, approved a general location route map of the Grand Trunk's entry into Calgary, the first official document of this nature that has been received.

City Clerk Gillies, it is alleged, with one or two exceptions, kept the matter dark, only putting Mayor Jamieson, wise and some real estate men. The latter got busy and took options on the right of way as taken from the map, which should have been laid before the city council at its session on Tuesday.

Mayor Jamieson's only explanation of the papers not being given to council is that he had seen them, but had done nothing with them.

**N.Y.C. INCREASES WAGES**  
NEW YORK, April 1.—The New York Central Railroad has increased the salaries of all employees receiving \$100 or less a month on the lines east of Buffalo by 7 per cent, excepting the engineers of way and maintenance, whose pay was recently increased, and the trainmen, conductors and telegraph operators, whose demands are now under consideration.

The addition means an approximate increase in the annual pay roll of \$2,500,000.

### DEMAND FOR KNIGHT MOTOR

European Manufacturers Have Sold Output Up to August.

The motoring season has developed a unique situation in Europe among the manufacturers of "Silent Knight" engine cars. Information just received states that every continental Knight engine manufacturer has his output up to August completely sold and no deliveries can be made prior to that date on orders which are now placed.

The success of the Silent Knight Motor has proven a large factor in the general impetus which the automobile business is enjoying this year. It is not only one of the most important inventions brought out in the history of the industry, but the first great radical development in years. It is this engine which has supplied the first satisfactory solution of the long recognized poppet valve evils. The introduction of sliding sleeves gives the Knight invention greater power and economy of operation with freedom from vibration and noise, such familiar features of the poppet valve type.

In this country something like three-quarters of a million dollars' worth of Russell cars equipped with the Knight Motor are reported to have been sold thus far this season.

### BIG CATCH OF SEALS

Newfoundland Fleet Has \$6,000,000 Worth of Pelts.

ST. JOHN'S, Nfld., April 1.—The sealing steamer Iceland, one of the fleet operating in the Gulf of St. Lawrence, was crushed in the ice last Wednesday and went to the bottom. The sealer Florizel, which arrived here today, rescued the 163 members of the crew and brought them here.

The Florizel brought the largest catch of seals ever recorded here, her fare numbering 49,000, valued at \$120,000. The season has been remarkably prosperous, the catch in sight being worth \$600,000.

...ON SATURDAY AFTERNOON

## St. Andrews Gardens

**T**HIS property was originally occupied by the Toronto Golf Club. It is situated just east of St. Andrew's College, and adjoins a section of Rosedale which is being rapidly built up. With the advent of the new car line, which has its proposed terminus at the entrance to St. Andrews Gardens, it will be in quick touch with all the principle thoroughfares of the City. The beautiful Rosedale Heights lies just to the north,

and all the properties to the south and east are highly restricted, guaranteeing an exclusive class of neighbors. This property is also restricted to a good class of residences, which must be detached dwellings, situated only one to a 40-foot lot, costing not less than \$4,000.  
We have 1,000 feet frontage in this garden plot for quick disposal. It will be advisable to get our prices and terms before buying elsewhere, as we can offer advantageous inducements.

### FOREMAN SUES RATEPAYER

...he said he was late for work in the morning.  
BRANTFORD, April 1.—(Special).—Herbert Kitchen, 14 years old, while visiting his uncle at St. George, sustained serious injury by a discharge from a rifle, the bullet lodging in his chest.  
As a result of a letter addressed to the city council by E. P. Park, a resident of Brant-avenue, in which it was stated that civic money was being used because a large gang of sewer men were idle half an hour each day, the foreman, waiting for the Foreman Legacy to appear, the man has instructed a lawyer to sue against the writer for damages.

### ALL OVER IN A MONTH IS LEWIS' PREDICTION

Except in Illinois and Western Pennsylvania Early Termination of Coal Strike is Expected.

ST. LOUIS, Mo., April 1.—"Don't be alarmed over the outcome of this affair; don't be afraid that we will not be able to sign up an agreement. It will all be over within 30 days. Anyhow, this is good fishing weather," said Thomas L. Lewis, president of the United Mine Workers of North America, in addressing 2000 Illinois mine workers to-day.  
"If I can't work, we want," he continued, "we want a full and complete share of the results of our labor and we never will be satisfied until we get it."  
In an interview Mr. Lewis said the miners would win in all their demands within 30 days in all fields with the possible exception of Illinois and Western Pennsylvania. In these fields, he said, more time might be necessary.  
Several extensive operators already have made offers for a settlement, according to Mr. Lewis, but in each

### COAL IN LAMBTON COUNTY

Well Driller Strikes What Seems to Be the Real Thing.  
SARNIA, April 1.—John R. Conlon of Sombra Township, while drilling a well at Port Lambton noticed black material coming up with the earth and rock from the well. An examination of the particles showed that the drill was working in a vein of soft coal. The well is on the W. H. McDonald store property, recently purchased by W. J. Kane. The coal was struck at a depth of 150 feet and after drilling six feet into the coal the body was found too hard to drill.  
Calvin Currie of Algonac brought a gentleman from Detroit to examine the showing, who pronounced it a good sample of soft coal, and took samples with him to Detroit for further examination.  
Specimens of the coal were taken to Sarnia and tested by burning. It burns readily with a fine ash.  
There is talk in Port Lambton of putting down test wells to ascertain the extent of the coal body. Other wells have been sunk in the vicinity in past years without any showing of coal, but it is pointed out that none of them reached the 150 foot depth.

### NEXT TARIFF CONFERENCE

Will Likely Be Arranged for Early in May.  
OTTAWA, April 1.—The conference between the Canadian and United States governments, to be held with a view of arranging a reciprocal trade treaty, will not begin till the end of April, or possibly later.  
It is hoped a conference may be arranged for a date early in May, for which Sir Wilfrid Laurier, Hon. W. S. Fielding and possibly Sir Richard Cartwright will go to Washington.  
It is pointed out here that the loss of customs revenue resulting from the tariff concessions will reach \$250,000, but only \$100,000 will be in duties on United States goods, the balance being on foreign imports, the concessions granted being to the whole world. This sum represents so much saving by the Canadian consumer.

### OVERCOME BY GAS

John Martin, of 21 Wolsley-street, was found unconscious in his room yesterday morning from the effects of gas, which escaped from a tube connecting with a gas stove. Martin, who is about 50 years old, was taken to the Western Hospital in the police ambulance. He will recover.  
Aif Shrubb a Witness.  
Aif Shrubb, the runner, appeared in the police court yesterday morning as a witness for the prosecution in the case of Benjamin McIlhenny, who was accused of being disorderly and pleaded guilty. He was fined \$1 and costs.

### Special Program in Massey Hall of Music and Pictures.

It was the director's intention to close the People's Sunday Services in Massey Hall last Sunday night, for the winter season, before entering upon the summer work, but the great audience present expressed their approval of the services being continued until the warm weather sets in. As hundreds were unable to get into Massey Hall two weeks ago, when Gen. Lew Wallace's inspiring story of "Ben Hur" was presented, Mr. Wilkinson has announced that it would be repeated to-morrow night. The City Band received a flattering welcome for their splendid program which they were not able to finish. This they will do to-morrow night, including "Antilla," the "Anvil Chorus," and "Misere Scene," from "Il Trovatore"; "The Drummer's" Fantasia, introducing bell and xylophone solos; "The Wanderers' Serenade" (illustrated), which met with such a hearty reception last Sunday night, as also "The William Tell" overture. J. Rawsthorne Slack will sing "The Holy City," and "Rock of Ages."

### HUGE OIL FAILURE

Dutch Firm of Brokers Goes Under With \$2,000,000 Liability.  
AMSTERDAM, Holland, April 1.—Vreeswyk and Galdersmans, one of the most important of the firms of brokers on the oil exchange, failed to-day. Their liabilities are reported to be between \$1,250,000 and \$2,000,000.  
Decomposed Body Found.  
The decomposed body of an unknown man was found by boys in the lake at the foot of Spadina-avenue yesterday morning. The boys sent word to the Sand Dredging Company's Office, and the police of Esther-street station were notified. The body was removed to the morgue, where a few small articles, a pipe and a \$5 Traders Bank note were found in the pockets. The body was clothed in dark overalls, a blue sweater underneath a vest, and a heavy frieze coat, and the face was clean shaven.

COBALT---Many New Shippers Expected From Montreal River ---COBALT

Trading in Cobalts Narrow But Prices Hold Fairly Steady

Mining Securities Experience Day of Apathetic Dealing, With Speculation Limited to a Few Issues.

World Office. Friday Evening, April 1. Trading in the Cobalts narrowed down considerably in the local markets to-day and, with the exception of one or two of the generally active specialties, transactions were of purely nominal volume. A special demand developed later in the day for some of the cheaper stocks and advances were registered by such of these issues as were wanted by the outside following. Cobalt Lake and Little Nipissing maintained steady figures on the morning board, but later in the day were in better demand and sold a couple of points all mainly responsible for the increased interest in these securities. City of Cobalt came in more prominently for some time past, the price having gained a full point under an increased volume of trading and closing around the 100. The higher priced Cobalts were generally dull and trading about as narrow as could be, prices showing no alteration from those current yesterday. The market throughout was a dull affair and at the close apathetic feeling was generally apparent. There has been some falling off in trading during the past few days, but there seems to be no let up at all to the firm tone which has characterized the exchange for the last few weeks.

Transactions for Week. Heron & Co., 224 King St. W., Toronto. Mining Exchange amounted to 37,750 shares and on the Toronto 15,250 shares and on the Montreal 1,250 shares, as follows:

Table with columns: Shares, Value. Lists various mining stocks like Cobalt Lake, Little Nipissing, etc.

Toronto Stock Exchange Unlisted Securities.

Table with columns: Sell, Buy. Lists unlisted securities like Beaver Con. Mines, Buffalo Mines Co., etc.

THE GOW GANDA KING Silver Mines, Ltd.

In our recent advertisements we have emphasized the following points:

- 1. That LOST LAKE is destined to be one of the best centres of silver production in the Gow Ganda district. 2. That we hold several valuable claims in this centre. 3. That our discoveries on most of these claims are distinctly encouraging. 4. That our territory (360 acres) is large, and our capitalization (\$500,000) proportionately small. 5. That of this capitalization two-fifths is available for development purposes. 6. That at the present price of 25c., the stock is an exceptionally good speculative investment. 7. That the stock we are offering is direct from the Treasury, and that the proceeds will go into development work on the properties.

We now propose to cease advertising for seven days, and expect to dispose of the remainder of the 30,000 shares offered, within that period. We shall then be in a position to announce the early listing of the stock in Toronto.

SEND IN YOUR APPLICATION WITHOUT DELAY.

Application form and prospectus from SECRETARY

GOW GANDA KING OR J. M. WILSON & CO., SILVER MINES, Ltd 14 King St E. TORONTO

NEW LISKEARD, ONT. STATUTORY DECLARATION.

Gow Ganda King Silver Mines, Limited, incorporated by letters Patent of the Province of Ontario. Authorized Capital, \$500,000; par value of shares, \$1.00. No personal liability. Not subject to call. Prospectus filed the 22nd day of March, 1909. Prospectus filed in the office of the Provincial Secretary of Ontario, on the 22nd day of March, 1909. Directors: George Weaver, Estate Agent, New Liskeard; A. S. Galoska, Broker, New Liskeard; T. H. Barlow, Farmer, New Liskeard; R. E. Robinson, Gentleman, New Liskeard; M. Abraham, Mine Owner, New Liskeard; G. W. Weaver, Mine Owner, New Liskeard; Officers: President, George Weaver, (Pres. Temiskaming Board of Trade); Managing Director, A. S. Galoska; Secretary, Treasurer, E. L. Roach; Bankers: Imperial Bank of Canada, New Liskeard; Solicitors: Messrs. Hartman & Smiley, New Liskeard, Ont. The by-laws provide that the company shall be managed by a board of at least 100 shares of the capital stock of the company. The directors shall receive such remuneration for their services as the shareholders at any annual general meeting may decide. No director has any interest in the promotion of the company or in any property now acquired by the company except such interest as he may have whereby a certain number of shares were allotted to him as a vendor from whom the properties were purchased as hereinbefore set forth and nothing has been paid or agreed to be paid to any director or officer or otherwise for services rendered by him in connection with the formation of the company. The directors

may proceed to allot on subscription for ten shares as soon as received, and shares shall be paid for on application and allotment. There has agreed to be issued, and there has been issued as fully paid up and non-assessable, 250,000 shares of the capital stock of the company in payment for the above mentioned mining properties as follows: A. S. Galoska, 75,750; M. Abraham, 46,000; George Weaver, 23,750; R. E. Robinson, 23,750; G. W. Weaver, 23,750; George W. Weaver, 23,750; being vendors to the said company under the terms of agreement dated the 6th day of March, 1909. These shares are, however, until sufficient treasury stock has been sold. Nothing whatever has been paid or is payable by the vendors under the agreement. Bylaw 23, the company is authorized to sell a number not exceeding 25,000 shares at a discount of 75c., and of this amount 25,000 shares are accordingly now offered to the public at the ground-floor price of 75c per share, paid up and assessable, or procuring, or agreeing to procure, subscriptions for any shares of stock of the company at the rate of 20 per cent. It is estimated that the preliminary expenses in connection with the formation of the company will not exceed \$1,000. No amount has been paid and it is intended that any amount shall be paid to any promoter for promoting the company. No subscription will be selected by the first regular meeting of the shareholders after the date hereof.

# Dominion Coal and Steel Stock Decline Again

## Wall St. in a State of Inertia New York Stocks Are Stagnant

### First Gold Exports Announced at New York on Friday—Local Market Irregular and Not Strong.

World Office, Friday Evening, April 1. The introduction of a new and that a spring month was not an influence in domestic securities.

Securities at the Toronto Exchange today were about as inactive as they could well be, and only a flurry in Cobalt Lake in the unlisted department on the afternoon board gave the market any semblance of life.

Steels and Coals are beginning to demonstrate that profit-taking has been going on in these shares, while bullish news has been distributed on mergers and purchases for control.

Dominion Coal sold down to 74 3/4 and Dominion Steel closed with only 67 bid.

Small advances were made by Duluth Superior and 210, but these were restricted to fractions.

Sao Paulo declined a fraction and the other speculative stocks dealt in made no changes worth noting.

A further advance in Commerce to 215 1/2 was the feature in the bank stocks. Other similar securities were steady, but with an increased demand.

Speculatively viewed the market closed heavy and sentiment among traders was not such as would indicate an advancing line of quotations.

Wall Street Pointers. Unlisted department of stock exchange is now abolished.

Allis-Chalmers, although not operating full capacity, is now employing more men than ever before.

Slightly better enquiry for copper at lower prices.

Delaware and Hudson report shows surplus equal to 12.22 per cent on stock.

Three hundred thousand bituminous coal miners strike, but numerous local settlements are expected.

Strike of tugboat pilots on New York harbor affecting railroad ferries.

Reported Senator Aldrich thinks congress may adjourn by May 15.

Railroad officials generally talking of advance in freight rates and passenger fares to meet higher wage and commodity prices.

U. S. Steel net for first quarter of 1910 expected to reach \$41,000,000.

National City Bank will export \$1,000,000 gold Saturday; this makes \$1,700,000 in all for export.

Business Reflects Steady Progress. NEW YORK, April 1.—Despatches to H. C. Dine & Co. indicate that business, although steady, shows a general curtailment of production by the cotton mills is an unfavorable feature.

Visible Supply of Copper. LONDON, April 1.—The visible supply of copper on April 1 was 11,400 tons compared with 112,730 tons on March 15.

Gold to England. NEW YORK, April 1.—The long-expected flow of gold to England to replenish the reserves of the Bank of England had its inception to-day when shipment in gold coin was engaged for shipment on Saturday.

How long the outgo of the yellow metal will continue and to what proportion of the amount is purely speculative. Foreign exchange has been ranging to the export point for some time, the Bank of England raising the discount rate recently because of the depleted reserves.

The movement gained headway this afternoon with the engagement of \$1,000,000 in gold for shipment Saturday by the National City Bank.

Wall Street Gossip. Joseph says: Pennsylvania earnings, without its New York tunnels being in operation, are gaining at the rate of \$7,000,000 per annum. Buy this stock consistently. Keep long of Chesapeake and Ohio. Buy Coppers conservatively. Bull Rock Island.

Rock Island, Union Pacific and Amalgamated Copper are in shape to do better any time. There is a much better quality of buying appearing in Smelting. We expect to see activity in the traction stocks, very good buying on the long side. Coverage operations are now noted in St. Paul—Financial Bulletin.

Neither traders nor investors are inclined to add to their commitments pending the tobacco decision or perhaps a fuller prospect of the winter crops. At the same time, standard stocks are cheap and may be bought with confidence for turns on every such drive as that of yesterday morning, tho' it held for the long pull, the benefit will be still greater—Town Topics.

On Wall Street. Erickson Perkins & Co. had the following: To-day's market was a waiting one, with no pronounced tendency. That it had struck a dead level seemed apparent from the smallness of transactions. It may, perhaps, work some lower before Monday noon, because of the popular belief in some quarters that the United States supreme court will hand down a decision on that day.

In the American Tobacco case, but we do not look for much setback, unless some entirely new element is introduced. To-morrow's market is likely to be as professional as to-day's.

Finley Barrel wired J. P. Bickell & Co.: We believe that most of the uncertainty of the market is based on the refusal of business men to embark on new enterprises as long as the legality of corporation management is in question. Even the settlement of the tobacco case will not remove this uncertainty for some time, for most of the important questions do not arise in that connection.

Ralph Plautzicker & Co. from Miller & Co.: The market remains a very prosaic affair. There is no great long account overhauling the market. On the other hand, we are not looking for any fresh money to make its appearance until these decisions are out of the way.

Chas. Head & Co. to R. R. Bongard: Altho the market acted better, it was not really somewhat at the week end, but suggest profit-taking on any such bulge as the situation is still decidedly mixed.

Between Banks. —Buyers. Sellers. Counter. N. Y. funds, par 1.44 1/4 to 1.45 1/4

Tractions in London. Playfair, Martens & Co. reported the following prices on the London market yesterday (Canadian equivalent):

### LOSS BY STRIKE

Edward Cronyn & Co. say: Those disappointed by the two concerns endeavor to arrange a fair basis for the proposed merger appear to have their work out for them. With the stocks of both companies fluctuating each new feature is introduced into the discussion they may rest assured that no decision can be made which will give satisfaction to everyone. It appears that the chief trouble recently has been owing to the effect the strike has had upon the earnings of the coal company. So carefully was the seriousness of this kept from the public that the general impression has prevailed that the strikers were beaten long ago and the strike is now only in name. That that is not the case is now very apparent. The earnings of the company for the year have been practically wiped out and under the conditions are improved, yet it is impossible to bring the production up to anything like normal or to prevent the loss from being an attempt to place the cost from the coal company's point of view, the cost of the strike is not an adjustment, but surely it is not paramount and the loss caused by the strike should be spread over a considerable period of years. Certainly there will be very great discontent amongst the Coal shareholders if this strike is made either a direct or indirect cause of an attempt to place the stock on a parallel with Steel stock. It is hard to arrive at a correct valuation of the assets of the two companies, but it is believed by many who are good judges that the coal company's assets are greater than those of the steel company. The capital of the coal company is much larger than that of the steel company and the coal company has been earning and paying dividends for a long period on its common stock. It seems to us that there must be a fair difference in the price at which these stocks are taken into the merger, and if it is impossible to make certain of division of the whole common stock involved, some reasonable basis might be achieved whereby the Coal common dividend would be assured by a preference for a period of years.

### GIVE SHARES A BAD NAME

In discussing N.S. Steel and Coal, Edward Cronyn & Co. say: The matter of the most interest at the present time in the local market is the denouement of the fight for control of the Nova Scotia Steel Company. Up till just before the meeting Mr. Forger's backers thought that he would easily control the situation, but a good deal of bitterness seems to have developed during the meeting which resulted in a victory for those who have been in control of the situation for a long period. No satisfactory explanation of the urgent desire for control by outside interests has been given, tho' many fantastic theories have developed. These are not worth retelling until verified. It is a great misfortune that the object of such operations as are involved in this fight for control cannot be accomplished in some other way than by the manipulation of securities in the market. It gives the shares a bad name with investors owing to their temporarily advanced prices and violent fluctuations. Altho it is not worth while to give the rumors one hears here is a feature worth mentioning, and that is that we do not think Forger will take his defeat as anything but a temporary one, and in this view, as he may have to acquire a considerable further block of stock, it would not be unlikely to see another advance, unless some misfortune is to come to between the rival factions.

JAMES J. WARREN, Managing Director.

Day's Doings in the CITY OF YORK COUNTY

COUNTY COUNCIL FAVOR BUT MATTER HANGS FIRE

J. A. Ramsden's Appointment No. Yet Confirmed—Big Grist of County Doings.

WEST TORONTO, April 1.—Royce-avenue Presbyterian Church held their preparatory service for communion Sunday to-night. There was a large attendance and forty members were admitted, making a total membership of 213.

A new Home Circle is being formed in this ward. J. E. Abbott, 216 Massey-street, is the organizer.

Grace Beatty, a little 6-year-old miss, made a big hit at the concert in St. Helen's Hall last night when she sang an Irish song and for an encore "Little Tattle."

The West Toronto Woman's Institute will hold a special meeting on Tuesday night in the College of Music Hall, Dundas-street. Mrs. A. B. Rice will read her paper on "Books We Should Read."

Rev. T. Beverley Smith will conduct both services in St. John's Anglican Church Sunday.

Rev. J. C. Speer will preach in High Park-avenue Methodist Church both services Sunday. Evening subject, "A Dream of Fate."

Rev. W. J. H. Brown will preach in Annette-street Baptist Church on Sunday.

Rev. D. T. McKerrill's subjects for Sunday in Victoria Presbyterian Church are: a. m.—"The Power of the Gospel," p. m.—"Transformation of Misdirected Ability."

NORTH TORONTO. NORTH TORONTO, April 1.—(Special.)—The water, fire and light committee met to-night.

The town engineer was instructed to have the registers in force between Zallion-street and Davville-avenue west of Alberta-crescent, opened up.

The Melrose Park Co. submitted a plan subdividing the McCollum farm at Bedford Park. The plan was referred to the engineer for his report.

The Dovercourt Land Co. notified the committee that they were prepared to bear the whole cost of laying a water main on Lawrence-avenue, 770 ft. in length. Referred to the clerk and the solicitor.

The Mine Coal Co. made application for permission to erect a shed on the corner of Yonge and Merton-streets, to be covered with metal sheeting and shingles. The committee could not see their way clear to grant this application, contrary to the town's by-laws.

James Shackleton made application for an increase of salary and the committee will recommend an increase of \$1 per week.

Engineer James recommended Mr. H. Boyer as foreman, with particular charge of the electric light, fire alarm system and water services at a weekly salary of \$13.50. Referred to the council.

No permits will be issued this year for lawn sprinkling purposes till a larger supply of water services at a weekly salary of \$13.50. Referred to the council.

These little waters are so strong that immediately after they go into the blood their beneficial effects make themselves known. The blood is cleaned rapidly and thoroughly, the impure is separated from the pure blood and the waste matter and poisons are carried from the system.

The person who suffers the humiliation of pimples, blotches and eruptions should know and feel that the blood is in bad condition and delay is quite dangerous, and is liable to affect many organs quite seriously.

Purify your blood and you give nature the means to successfully fight you manner of diseases. Calcium Sulphide is one of the ingredients from which Stuart's Calcium Waters are made, and it is the strongest and most powerful blood purifier known to science.

This wonderful purifier is endorsed by the medical profession and is generally used in all doctors' prescriptions for the blood and skin.

Stuart's Calcium Waters peculiarly preserve the strength of Calcium Sulphide better than other methods—thus giving the most rapid cure owing to the purity of the ingredients and their freedom from decay, evaporation and chemical weakness caused by many inferior methods of preparation.

Stuart's Calcium Waters are sold in every drugstore. Price 50 cents, or send your name and address and we will send you a trial package by mail free. Address F. A. Stuart, 175 Stuart Bldg., Marshall, Mich.

LEASIDE. Anglican Mission is Rapidly Developing into Strong Church.

LEASIDE, April 1.—(Special.)—The annual vestry meeting of St. Cuthbert's Church, of England Mission, Leaside, was held Thursday evening. The rector, Rev. T. W. Peterson, presided, and there were present besides Rev. P. M. Lamb, the curate in charge of the mission, quite a large number of members of the congregation. The report of the wardens showed an increase of 180. Besides this well over \$400 had been expended on enlargement of the church building, the whole cost being met by special subscription, of which \$200 was granted out of the church fund and \$200 by the Ladies' Aid.

The Ladies' Aid also raised \$50 for furnishings for the church. The mission has been re-seated through, and a handsome new altar and lectern added these being the gift from the former furnishings of St. George's Church, Toronto. The report of the Sunday school showed an increase of nearly 100 per cent, with an average attendance of over 40 out of 70 on the roll, and a Bible class organized under the direction of Mr. Lamb. Messrs. J. M. Wilson and A. C. Rolph were re-appointed the rector and people's wardens respectively, and Messrs. Walter Hunt, Chas. Page, Chas. Gathers, Herb Pike, Herb Lee, Jas. Dundas and Chas. Hincho, sidesmen. Miss Estella Lee is organist of the church, Herbert Pike, superintendent, and Miss Gladys Hunt, treasurer of the Sunday school. There was a discussion with regard to the retention of Mr. Lamb for the ensuing year. As Mr. Lamb will shortly be fully ordained, it was realized that Leaside might not be able itself to raise sufficient for his maintenance, and Mr. Peterson assured the news that Christ Church, at Deer Park, was making arrangements by which any deficiency would be supplied. The plan as prepared was also to employ a young man as assistant curate, thus endeavoring to meet the wants of all parts of what is a very extensive parish.

AGINCOURT. Village is Getting to Be Big Shipping Point.

AGINCOURT, April 1.—(Special.)—Some idea of the volume of business transacted at this point may be gathered from the fact that last week four cars of freight were received here, including four cars of fertilizer, one of pig iron, one of cement, one of telephone poles, one of wire and three of four of lumber. It is expected that large quantities of cement for both bank barns and bridge work will be used here this summer.

"Agincourt ought to have suburban tickets on both the C.P.R. and G.T.R., as well as Oakville and other towns in the west," said a leading business man to-day. "Why can't we get them?" William Steere has the excavating completed for a new house just west of the tracks.

A meeting of those interested in the Heather Football Club will be held at the residence of W. Kennedy to-morrow (Saturday) evening. Let there be a big rally.

LAYMAN IS SUMMONED. Islington Man is Charged With Disturbing Church Worship.

As an aftermath of the friction which exists between the rector and many members of the Islington Anglican Church, the latter has been summoned by the county authorities to appear before Magistrate Ramsden, charged with disturbing the church services. Provincial Constable Burns has been employed in the case, and has secured the testimony of a number of the church-goers.

WESTON. Weston, April 1.—The water main pipes are strung along Main-street now, and will be laid shortly.

Dr. Meldrum has moved into his new home on Main-street, near the Methodist Church.

Mrs. E. Stewart is visiting friends in Brampton for a few weeks.

The Epworth League of the Methodist Church will hold a special meeting on Tuesday night, at which a musical entertainment will be given.

Last night a social evening was spent by the W.M.A. and L.A. Society at the Methodist Church at the parsonage to bid farewell to Mr. and Mrs. Hunter, who are moving to West Toronto, and Mrs. and Miss Hawkins, who are going abroad for a few months.

SEEDING WELL ADVANCED. Ex-Reeve Jim Anderson of East Gwillimbury was in the city yesterday, and says that all the way between Sutton and Toronto farmers are rushing in the spring seeding. The soil is in admirable condition, and everything indicates a wonderfully early and successful season.

In North York and along the shores of Lake Simcoe old settlers affirm they never saw anything like it. Grass is getting green, wild geese have gone north in thousands, and the planting of oats, spring wheat and even barley, have been begun. Down thru Markham and Scarborough Township, few odd farmers will finish by the middle of next week if heavy rains do not interfere to prevent.

There are some of the finest fields of fall wheat that ever lay out doors to be seen out in York County right now, and a prominent Markham Township man in The World office yesterday said that the best wheat in the county is in a number of fields this spring.

The East York Rifle Association will meet at the Tremont House on Wednesday, April 6, at 8 o'clock.

YORK COUNTY MAGISTRACY. Council Made Choice, But Government Not Yet Decided.

A good deal of criticism has been aroused in some parts of York County over the action of the county council at their last session in favoring the appointment of John A. Ramsden to the office of police magistrate, and this in turn upon the recommendation of the three provincial representatives, Alex. McCowan, M.L.A., Dr. Godfrey, M.L.A., and T. H. Lennox, M.L.A.

As high constable and county clerk Mr. Ramsden has been an excellent officer, and that he would acquit himself well in the latter sphere, as police magistrate, is conceded, but the chief has always been an avowed Liberal, and there is strong opposition in North York to the selection of a Liberal.

Again, it is claimed that the cost to be charged against the municipality where a trial is held, will be high, and that local J. A.'s ought to assume the work. Discussing the matter, The Express-Herald of Newmarket says it could name Conservative or Liberal either, who could fill the position with equal acceptance, and favors a party nomination.

Another situation is an acute one being awaited with interest. MARKHAM VILLAGE. Fire Test of Local Water System Was Very Satisfactory.

MARKHAM VILLAGE, April 1.—

SIMPSON COMPANY LIMITED THE ROBERT SIMPSON COMPANY LIMITED
