NAVY LEAGUE ASK FOR COUNTY GRANT

Would Use Money to Aid Sailors and Their Dependents.

A deputation from the Navy League headed by Aemilius Jarvis waited on the York county council yesterday afternoon to ask for a grant of \$10,000 to be used in aid of sailors and their dependents.

W. Keith assured the deputation that the council would give the matter sympathetic consideration and moved that it be referred to the finance committee.

The Navy League deputation included Aemilius Jarvis, Col. Cecil G. Williams, A. M. Hoberlin, H. G. Kelly, M. A. Kennedy, R. A. Stapells, Commodore H. Jenny and W. Baker.

Reforestation of Ontario. The question of reforestation in Ontario and particularly in York county was discussed at length by Geo. B. Padget and other members of the council.

IN building up your library of Records it is, of course, important to choose carefully the individual numbers.

that the scheme of buying up waste tracts of land throughout the country and planting hemlock, pine or poplar trees on these lots be adopted by the council.

The scheme would be beneficial for the whole country if carried out, said Reeve Padget.

Bylaws and legislation—W. Keith, W. J. Gardhouse, A. E. Pugsley, J. Stewart, C. L. Wallace, J. G. Whitmore, C. Willoughby, S. Robinson.

Education—P. W. Pearson, G. Boyer, Dr. Hassard, S. J. Macklin, J. K. MacDonald, J. Ratcliffe, Dr. Scrivner, T. A. Tier, T. French.

The annual meeting and election of officers in connection with the East York Poultry Association was held last night in Snell's Hall, corner of East Gerrard and Main streets.

The following officers were elected: George McKillop, president; James Brown, first vice-president; J. Baker, second vice-president; W. West, third vice-president.

Sam Foster was unanimously re-elected secretary-treasurer, and a committee of sixteen members was elected to act upon the executive.

Hon. Manning Decherty, minister of agriculture; Jos. Russell, W. D. Robbins, Aldermen W. H. Hiltz, W. Miskey, and Fred Baker and Geo. S. H. L.L.A., were appointed hon. presidents.

The financial report showed a substantial balance on hand, after payment of all outstanding liabilities, and good prospects for the ensuing year were assured.

A hearty vote of thanks was tendered the retiring president, George Patton, for his good work during the past year. There was a large attendance.

The eight annual banquet and social gathering under the auspices of the Burnett Brothers, butchers, 318 Danforth avenue, was held last night when upwards of 80 representatives of prominent meat packing establishments and residents of the Danforth section were present and an enjoyable evening was spent with cards, music and social converse.

H. R. Frankland, J.P., presided and ample justice was done to the good things provided by the host and hostess, Mr. and Mrs. J. Burnett. Rev. H. A. Bracken, rector of St. David's Church, in proposing the toast of the King, dwelt upon the heroism of the Canadian boys in the great war and touched upon the efforts at present being put forth in connection with the national campaign.

Dr. Veitch proposed the host and hostess and briefly outlined conditions from a medical man's point of view from personal experience while serving overseas.

J. Burnett, brother of the host, a returned veteran, also gave overseas experiences.

Mr. Frankland in a humorous address pointed out that notwithstanding the high cost of living, all professions were represented around the festive board, including the press, as represented by the World. Other speakers were A. J. Stubbings, A. J. Smith, Mrs. J. Burnett.

Feature of the evening was the musical program contributed by Mrs. Ethel Arnall and J. Lucas.

A congregational men's meeting in connection with the Forward Movement was held in Danforth Baptist Church recently. Rev. O. C. Elliott, pastor, presided.

Plans were discussed and committees appointed, and arrangements made regarding the financial objective, namely, \$1,200. The meeting was well attended.

ANNUAL BANQUET. The annual banquet in connection with Riverdale Methodist Young Men's Bible Class was held last evening in the church, corner of East Gerrard and Leslie streets.

Miss Florence Clearidge of India gave an interesting address on the work of the Bible in India and a musical program was contributed by the members. There was a good attendance.

BOARD MEETING HELD. The quarterly board meeting in connection with Simpson Avenue Methodist Church, which was held last

twenty to fifty feet have become the exception rather than the rule.

Mr. Keith gave a table of prices since 1904. At that time common hemlock lumber was selling at \$12 per thousand feet.

By 1914 it had doubled and at the present date it has jumped to \$49 a thousand. Since the council found the plan advisable financially in 1911 when the question was first brought up, Mr. Keith declared that it would be doubly so now.

P. W. Pearson emphatically stated that, unless some scheme was adopted, the county would "be laid waste in a very few years."

The following committee was appointed to discuss the question and decide on a plan of action for the council: Geo. B. Padget, W. Crawford, T. Stickwood, W. Keith, F. Miller.

The council also made it law for all county peddlers to display their license numbers in a prominent place on their vehicles.

At the morning session the council passed two resolutions. The first that two members be appointed to act on the C. N. E. board and the second that two commissioners be appointed for the County Industrial Home.

The appointments will be made at the Friday morning session.

The striking committee appointed to select members for the various committees for the ensuing year presented its report. The following committees were appointed:

Finance—Chas. Willoughby, W. J. Gardhouse, T. A. McCutcheon, Robt. McCowen, F. Miller and Chas. Ring. Printing and Changes—J. A. Mitchell, W. Anderson, D. Crawford, J. L. Dolson, J. Lea, H. E. Smith, Thos. Stickwood, S. Robinson.

County Property—T. Padget, Robt. Barker, W. Crawford, F. Heron, J. Jackson, A. C. Mercer, John Smith.

Among those present were noticed: Messrs. R. J. Christie, Joshua C. Moor, P. L. Patton (Winnipeg), E. G. Gooderham, William Logan, W. W. Near, W. Cecil Lee, C. H. Edwards, J. Harry Paterson, F. D. Brown, H. C. Scholfield, William C. Crowther, F. H. Gooch, W. A. Mitchell, Campbell Reeves, Sir Thomas White, Robert S. McLaughlin (Oshawa), Edmund B. Osler, LeRoy, James Matthews, A. W. Austin, Edwin Roach, Sir Edmund B. Osler, Darcy Martin, K. C. (Hamilton), Charles M. Gorton (St. Catharines), John J. Dixon, A. T. Reid, Roy. T. W. Paterson, William Muloock, R. M. Gray, J. T. Parker, Sir Augustus M. Nanton (Winnipeg), Jesse Ashbridge, William Crocker, H. W. Hutchinson (Winnipeg), William McLeish, C. A. Bogert, W. Gibson Cassels, Frank Arnold, K. C., Charles F. Stuart, Nehemiah Hockin, Thomas F. Nivins, G. N. Reynolds, H. G. MacKenzie, Dr. E. M. Bateagan, George McDonald, J. White, A. MacPherson, Dr. A. J. Harrington.

It was moved by Mr. R. S. McLaughlin, seconded by Mr. E. B. LeRoy, that Sir Edmund B. Osler do take the Chair and that Mr. C. A. Bogert do act as Secretary.

Messrs. Graham Campbell and W. Gibson Cassels were appointed scrutineers.

The Secretary read the Report of the Directors to the Shareholders and submitted the Annual Statement of the affairs of the Bank, which is as follows:

TO THE SHAREHOLDERS: The Directors beg to present the following Statement of the result of the business of the Bank for the year ended 31st December, 1919:

Table with financial data: Balance of Profit and Loss Account, 31st December, 1918: \$446,503.22. Profits for the year after deducting charges of maintenance and making full provision for bad and doubtful debts: \$1,256,053.83. LESS Dominion Government War Tax (on circulation): \$60,000.00. Taxes paid to Provincial Governments: \$6,350.00. Making net profits: \$1,169,703.83. Which amount has been disposed of as follows: Dividends (quarterly) at 12 p.c. per annum: \$720,000.00. Bonus, 1 p.c.: \$60,000.00. Total distribution to Shareholders of 13 p.c. for the year: \$780,000.00. Contribution to Officers' Pension Fund: \$30,000.00. Contributions to Patriotic and other funds: \$10,500.00. Written off Bank Premises: \$820,500.00. Balance of Profit and Loss Account carried forward: \$495,707.05. \$1,616,207.05.

E. B. OSLER, President. C. A. BOGERT, General Manager.

The annual Balance Sheet of the Bank as at the close of business on the 31st December, 1919, together with the Profit and Loss statement, should, we consider, be received with satisfaction by the Shareholders.

Since the last Annual Meeting it was considered advisable to open a number of new Branches, selected after careful consideration, and the following were established:

In the Province of Ontario at—Bracebridge, Brantford, Brooklin, Cedar Dale, Fairbank, Harrow, Niagara Falls, Mount Forest, Thamesville, Toronto (Bloor and Waberville).

In the Province of Manitoba at—Norwood, St. Boniface, Petersfield (sub to Selkirk).

In the Province of Saskatchewan at—Craven (sub to Regina Branch), Estlin (sub to Regina Branch), Marquis.

In the Province of British Columbia at—Sumnerland. An important extension also took place in the opening of an Agency of the Bank in the City of New York in March last.

No Branches of the Bank were closed in 1919. A number of expenditures were necessary in connection with Bank premises account but a substantial sum—\$390,000—has been written off from the year's profits.

At this the first meeting of the Shareholders since the death of Mr. W. D. Matthews, your Directors wish to record their very deep sense of the loss sustained. As a director for 38 years and as Vice-President since 1901, he was constantly in close touch with the Bank's affairs and the benefit of his experience and advice were of inestimable value. His death was a severe loss to the Bank to his fellow-Directors and to the business community.

Mr. A. W. Austin and Sir Augustus M. Nanton were appointed Vice-Presidents, and a by-law, in this connection will be submitted today for your approval. Mr. W. L. Matthews was appointed a Director to fill the vacancy on the Board.

The Head Office and all Branches of the Bank were inspected during the past twelve months, and the certificate of the Auditors, Messrs G. F. Clarkson and R. J. Dilworth, accompanies the statement.

The Report was adopted. Messrs. Geoffrey T. Clarkson and Robert J. Dilworth, the retiring Auditors, were reappointed for the current year. The thanks of the Shareholders were tendered to the President, Vice-

President, and the retiring Auditors. H. J. Sanderson, has been appointed to succeed the district, commencing on February 3.

KEW BEACH PRESBYTERIANS. Good progress in all departments was reported at the annual congregational meeting in connection with Kew Beach Presbyterian Church, held last night.

Rev. J. A. Cranston, pastor, was in the chair. The total giving amounted to \$15,000, and the balance on hand after disbursements was stated to be \$2214.

Thirty-eight per cent. of all giving was apportioned to missionary purposes. The church choir was given an additional grant of \$800 and the caretaker's salary was increased \$200. The total membership was stated to be \$19.

The allocation of \$12,500 by the Toronto presbytery in connection with the forward movement was accepted.

A SUCCESSFUL SOCIAL. A concert and social entertainment under the auspices of St. John's Presbyterian Church Young People's Society was held in the Sunday School, Broadway Avenue, last evening. R. B. Y. Scott, president, occupied the chair.

Miss Florence Clearidge of India gave an interesting address on the work of the Bible in India and a musical program was contributed by the members. There was a good attendance.

APPOINTMENT COMMITTEE. In connection with Hope Methodist Church, Danforth Ave., the objective for the national campaign, which has been fixed at \$17,500, a large working committee, under the leadership of

Presidents and Directors for their services during the year, and to the General Manager and the other Officers of the Bank for the efficient performance of their respective duties.

The following gentlemen were duly elected Directors for the ensuing year: Messrs. A. W. Austin, James Carstairs, R. J. Christie, Sir John C. Eaton, W. Hamber, H. W. Hutchinson, W. L. Matthews, R. S. McLaughlin, Sir Augustus M. Nanton, W. W. Near, A. T. Reid, Sir Edmund B. Osler and J. Williams.

At a subsequent meeting of the Directors, Sir Edmund B. Osler was elected President, and Mr. A. W. Austin and Sir Augustus M. Nanton, Vice-Presidents for the ensuing term.

AUDITORS' REPORT TO SHAREHOLDERS. We have compared the above Balance Sheet with the books and accounts of the Bank, and the certified returns received at the Chief Office and after checking the cash and verifying the securities at the Chief Office and certain of the principal Branches on December 31st, 1919, we certify that, in our opinion, such Balance Sheet exhibits a true and correct view of the state of the Bank's affairs, according to the best of our information, the explanations given to us and as shown by the books of the Bank.

In addition to the examinations mentioned, the cash and securities at the Chief Office and certain of the principal Branches were checked and verified by us at another time during the year and found to be in accord with the books of the Bank.

All information and explanations required have been given to us and all transactions of the Bank which have come under our notice have, in our opinion, been within the powers of the Bank.

RAILWAY RAISES COMMUTERS' FARES. G.T.R. Rates to Take Upward Rise, Beginning March 1.

The latest householders' expense to take an upward fight is the "commuters' ticket on the G.T.R. A "commuters' ticket may be explained, is a person having business in the city and home in the suburbs, and one who contracts with the railway company for a ticket covering 10 or 55 rides on the said railway system. In the past these commuters' tickets have been fairly reasonable. On March 1st the rates will be increased anywhere from 10 to 70 cents. Ten ride tickets are usable any time within six months, but the 55 ride tickets must all be used within one month.

Commuters' tickets to Jackson's Point are canceled altogether. The old rates to and from Long Branch were: 10 rides \$1.45, and 55 rides \$6.15. The new rates will be \$2.25 and \$6.30. Mimico the old rates were \$1.15 and \$5.15; the new tickets will cost \$1.75 and \$5.50. Oakville old rates, \$3.75 and \$8.20; new rates \$5.50 and \$10.30. Port Credit old rates \$2.30 and \$5.95; new rates \$3.25 and \$6.10. Rosebank old rates \$2.45 and \$7.60; new rates \$4.50 and \$8.45. Scarborough old rates \$2.00 and \$4.45; new rates \$3.00 and \$5.50. Weston old rates \$1.45 and \$5.15; new rates \$2.25 and \$6.50. York old rates \$5c and \$2.15; new rates \$1.50 and \$5.50. The rates for scholars 46 rides is also proportionately increased, for instance, a scholar's commuter from York; cost under the old rate \$2.85; under the new rules it will be \$4.60.

From Oakville and Port Credit alone there are just now about 150 commuters. This number is considerably increased during the summer months.

MATCH STARTS FIRE. A match thrown amongst some waste paper started fire in the home of Benjamin Sunshine, 10 Beverly street, causing \$600 damage.

REAL ESTATE NEWS. The Imperial Hotel, at 7 Adelaide street east, has been sold by the Underwood Typewriter Company of New York to Mulhens Limited for about \$120,000. The property has a frontage of 35 feet with a depth of 100 feet. The purchaser will open a luncheon on the ground floor, a cafeteria on the second, grill on the third, and banquet hall on the fourth. The kitchen will be on the top floor. A permit has been issued for the Murray Building Limited for the erection of a 5-storey basement brick factory building at 192-194 Spadina avenue, which is to cost \$145,000.

LATE MOSES HUNTER LAID TO HIS REST. The funeral of the late Moses Hunter was held from 123 Rusholme road yesterday afternoon. A short service at the house was conducted by Rev. Logan Goggie. The interment took place at Mount Pleasant Cemetery. There were some beautiful floral tributes sent by, amongst others, the stock exchange, Brampton Curling Club, St. Patrick's Hockey team, Chisholm Milling Company, Flour and Food Association, and the Ladies' Liberal Club.

RUBBER WORKERS. The meeting that was postponed on Wednesday for the Shoe Department Employees of the Gutta Percha Rubber Co. will be held today (Thursday), at 3 p.m. at the PARKDALE ASSEMBLY HALL. Employees' Committee at 2 p.m.

RATEPAYERS MUST APPROVE GRANT

Controllers Decline to Spend \$200,000 for Rosedale Stadium.
Mayor Church was unsuccessful yesterday in his effort to have the board of control consent to an expenditure of \$200,000 for a stadium without the approval of the ratepayers, Controllers Cameron, Ramsden and Gibbons voting against him. His motion read as follows:
"That application be made to the legislature at the ensuing session to empower the city to spend \$200,000 without the consent of the ratepayers, in securing two recreation centres."

AFRAID TO EAT MEALS

"Pape's Diapepsin" is the best Antacid and Stomach Regulator known
When your meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour, undigested food, when you feel lumps of indigestion pain, heartburn or head ache from acidity, just eat a tablet of harmless and reliable Pape's Diapepsin and the stomach distress is gone. The relief comes quickly, no disappointment! Pape's Diapepsin helps regulate your stomach so you can eat favorite foods without fear and a box of these world-famous stomach tablets cost so little at drug stores.

commonly known as stadiums, the sites to be fixed by the city council." His worship explained that the city had no power to build stadiums, so it was necessary to apply for legislation.
"You have this morning practically rejected appeals for grants to aid people who are feeble and helpless and now you are ready to spend \$200,000 on a stadium," said Controller Gibbons.
Controllers Cameron and Ramsden said they would support the motion if the word stadium was left out. They thought recreation centres were needed, but the city could get along without a stadium.
"You want a stadium for the soccer players," said Controller Cameron to the mayor. His worship replied that the clubs were willing to pay \$5,000 annually, which would pay the fixed charges.
"I will introduce it in council," said his worship after his motion had been rejected with only Controller Maguire voting with him.
Later, after Controller Cameron had left, the mayor tried to reintroduce the motion and immediately Controller Ramsden departed, disregarding the mayor's request that he remain, and the motion was dropped.
Don't Want Tea Room.
A deputation of residents of St. George street appeared yesterday to protest against the granting of a license to run a tea room at 97 St. George street. Mrs. Gillespie, the applicant, was present with her lawyer, M. H. Ludwig, who declared that she had paid \$25,000 for the property and had expended \$15,000 more in remodeling it to run a tea room.
Sir Edmund Walker and William Davidson, K. C., spoke for a deputation in the office of the street commissioner. Their argument was that the value of their property would be seriously depreciated by the location of a business there.
Mayor Church read the report of the city solicitor on the question, which was in effect that the city had no power to refuse the license. This was a restricted residence district, but tea rooms were not among the half dozen businesses specifically barred from St. George street.
Chief of Police Grasset, speaking for the police commission, said that if all the conditions were complied with, the commission could not very well reject the application without special reasons.
On motion of Controller Maguire the board passed a resolution asking the police commission not to grant the license. Mayor Church said the police

commissioners would consider the matter finally next Tuesday.
Appeals for money grants came thick and fast to the board of control yesterday.
The board of Weston Sanitarium for Consumptives asked for a grant of \$75,000 towards the cost of a \$275,000 addition to be erected at Weston. Hon. W. H. Charlton, who presented the case for the deputation, said additions were also needed at Muskoka both to hospital and nurses' quarters.
The balance of the money required, he said, would be raised by public subscriptions. It was said that 65 per cent of their patients come from Toronto.

Mayor Church expressed the opinion that the appeal should have been made to the provincial government. He recognized the merit of the work being done by the hospital, but thought its maintenance was a provincial obligation.
Controller Maguire suggested a joint appeal by the city and hospital to the government, and on his motion it was decided to arrange a meeting for next week.
Asked for Grant.
Mr. Mark Bredin and Col. McKendrick headed a deputation from the Federation of Community Service, which asked for a grant of \$100,000 or one-fifth of their objective. Mr. Bredin pointed out that of the 65 charities existing, the federation included 47 and the others he expected would go in shortly.
W. H. Smith, head of the city's social service commission, said that the city already supports to the extent of \$2,000 per annum certain charities now in the federation, and also that the federation includes a number of charities which the city could not legally aid.
Members of the board expressed sympathy with the object of the deputation and promised consideration.
Miss O'Brien, regent of the municipal chapter, headed a deputation from the Daughters of the Empire, who appealed for a grant of \$25,000 towards a war memorial endowment fund for scholarships open to sons and daughters of Canadian soldiers who fell in the war. It was hoped also to raise \$50,000 in Toronto by public subscription. The appeal was referred to the finance commissioner.

A deputation from the Great War Veterans asked that the application of the city framed for one day off each week be granted. Controller Cameron expressed the view that the deputation had arrived too soon, as the matter was still in the hands of the fire chief and the committee.
Special consideration was also asked for two soldiers now 29 years of age, who want to join the fire department. The bylaw says that only men under 26 years may join. It was pointed out that this step would impose an extra liability on the firemen's benefit fund. Both appeals were sent to the fire chief and the benefit fund committee for a report.
Employee Aided.
In response to an application from Richard L. Orpen, a former stenographer in the office of the street commissioner, for war wages, the commissioner had recommended that he receive \$276.95. The difference between his military pay and the wages he would have received from the city if he had remained and had not been given an increase, Mr. Orpen's complaint was that he would ordinarily have received increases in the three years' period and wanted the benefit of such increases. The board sympathized with this appeal and sent the matter back to the commission for reconsideration.

trial department laid before the board their annual report showing that concerns employing 3000 hands and capitalized at \$15,000,000 had been located on the harbor property.
An appropriation for advertising purposes was proposed and will be dealt with later.
The request of the 198th Battalion that they be allowed to erect a memorial tablet at the entrance to the city was referred to the property commissioner.
A committee consisting of Commissioners Bradshaw, Harris and Chambers was named to go into the question of

turning over the St. Andrew's site to the militia department.
The Godson Construction Co. claims to have lost about \$40,000 on the construction of the Rosedale Creek sewer and they are asking for special consideration from the city.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

What It Is and How It Increases Weight, Strength and Nerve Force In Two Weeks' Time in Many Instances.

SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL.
Says Editor of "Physicians' Who's Who."

Take plain bitro-phosphate, the advice of physicians to thin, delicate nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countenance of the patients who are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.
Thinness and weakness are usually due to starved nerves. Our bodies need more phosphates than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.
Clinical tests made in St. Catherine's Hospital, N. Y. C., showed that two patients gained in weight 23 and 27 pounds, respectively, through the administration of this organic phosphate; both patients claim they have not felt as strong and well for the past twelve years.
This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health.
Physicians and hospitals everywhere are now recognizing its merits by its use in ever increasing quantities. Frederick Kolbe, M.D., editor of New York Physicians' "Who's Who," says: "Bitro-Phosphate should be prescribed by every doctor and used in every hospital to increase strength and nerve force and to enrich the blood."
Joseph D. Harrigan, former visiting specialist to North Eastern Dispensary, says: "Let those who are weak, thin, nervous, anemic, or run-down, take a natural, unadulterated substance such as bitro-phosphate and you will soon see some astonishing results in the increase of nerve energy, strength of body and mind and power of endurance."
Bitro-Phosphate is made entirely of the organic phosphate compound referred to in the National Standard Dispensary as being an excellent tonic and nervine and a preparation which has recently acquired considerable reputation in the treatment of neurasthenia. The standard of excellence, strength and purity of its substance is beyond question, for every Bitro-Phosphate tablet is manufactured in strict accordance with the U. S. Pharmacopoeia test requirements. Bitro-Phosphate is therefore not a patent medicine and should not be confused with any of the secret nostrums, so-called tonics or widely advertised "cure-alls."
CAUTION—Although Bitro-Phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, owing to its remarkable flesh growing properties it should not be used by anyone who does not desire to put on flesh.

THURSDAY MORNING, JAN. 29.

The United States Must Take Up Its Share.

We have seen the value of the British pound, the German mark, the French franc, the Italian lire, falling day after day as measured by the American dollar. Even our own dollar has suffered as a consequence of the economic disturbances created by the great war.

The United States has become immeasurably rich by reason of the war; all the rest of the world has become poorer and has had to run into debt to the States. It is true that the United States has had to assume a debt of its own on account of the war, but that is comparatively a trifle for so great and rich a nation.

But the war—to use the words of President Wilson—was entered upon to make the world safe for democracy. Now that it is over, and while democracy may have been saved, it has left the greatest economic disturbances that ever came to humanity; and while Germany is not fighting the allies, a great deal of Europe is still deluged with revolution, with civil war, and with war between various peoples, and still greater social and economic disorders threaten.

Outside of England Europe is almost bankrupt, and England is passing through the greatest stress and strain of her history. She may come thru. We all hope that she may come thru; but judging by what Sir George Paish said in Toronto yesterday, the outlook is none too good for England, and none too good even for the United States. What Sir George Paish says is that the United States will have to take up some kind of an international bond issue to allow Europe to carry on and to pay what she owes the States, and what Europe must buy from America.

We do not think the eminent British banking economist who spoke here yesterday goes far enough in this proposal.

If the war was to make the world safe for democracy, and it eventually is made safe, then those who are made safe must, each to the measure of his ability, assume a share of the cost; and as the United States has come out richer than any of the rest, it must take over, as far as it is able, its share of the war debts of the other nations. In a word, the United States will have to cancel the greater part of the debt owed to it by France; so it will have to regard to Italy; perhaps even in regard to Germany; and certainly in the matter of Russia and states in a similar condition of revolution and local disturbance. Neither England nor its dominions will ask for anything of this kind. If Great Britain could be relieved of the load she carries for her neighbors in Europe she would doubtless be able to pull thru. She hopes to pull thru under any circumstances, but the people who have to take the great and biggest thought to themselves in regard to the disturbance of the economics of the world are the people of the United States; even their success in the future will be dependent, as Sir George Paish said, on their ability to do business with the rest of the world. If the rest of the world cannot pay by reason of the load now on its shoulders, certainly some one else more able must take up a share.

The one thing that the United States has, which is greater than any other nation can claim in the way of assets, is the wonderful richness of the Mississippi valley in the production of all kinds of grains and fruits for food, in animal products, in cotton and wool, in iron, in copper, in coal and other essential materials of the industries.

The United States is not so rich because of something inherent in its people, making them superior to the rest of mankind, but it happens to have in the Mississippi valley a greater store of food and industrial material than that located in any similar area on the globe.

We absolutely sympathize with the attitude of the United States that they do not wish to be dragged into a league of nations which may take away the independence which is theirs and make them subject to some council in Europe, whose orders they would have to take as to going into war and maintaining navies and things of that kind. But we do believe that the United States must, nevertheless, assume its full share of the white man's burden, and if they are enormously wealthy and find the rest of the world their debtors, there must be some kind of wholesale cancellation by the United States of the debts owed to it by the nations who have been submerged in this great war.

So, while we respect the United States' claims to maintain its absolute self-determination in its war commitments, we still see no other way out of the present impossible condition of the world's economics but by our

PERHAPS A SESSIONAL THAW MAY BRING HIM OUT

wealthy neighbors assuming a large measure of the debt of France, Italy, Russia, Germany, and the similar nations. If it does this, while it will only be doing its duty, it will take up the moral and social leadership of a world restored. The bankruptcy of Europe must mean some kind of physical and moral chaos in the United States as well as the nations of Europe. Self-interest and the dictates of morality alike impose this great obligation on the United States.

Labor Gets Out.
Evil days for coalitions do not cease. Mr. Barnes has left the Lloyd George government and will shortly be followed by Food Controller Roberts, the only remaining labor representative in the cabinet. If there can be such a thing as a government of progressive reactionaries Lloyd George runs it. The premier is the progressive. His colleagues are the reactionaries.

The irony of the situation from the old Tory point of view is that from a cabinet, whose house of lords leader is Earl Curzon, high type of the stern, supercilious aristocrat, the will to reaction must be taken for the deeds. Lloyd George told T. P. O'Connor, soon after he became premier, that the old might be hedged about by his old enemies, he would pass more Liberal legislation in five years than the Liberal party had put thru in fifty.

In a way the boast is being implemented. But the hen that has hatched ducks is a cucker still. She can't bear to see the products of her patience taking to the water. Lord Curzon has accepted the India home rule bill. Mr. Balfour is an Irish home ruler to an extent that was incredible to him when, as chief secretary, he sent to Mitchellstern the order "Don't hesitate to shoot." Other unending Tories have accepted what they formerly abhorred and now dread. They don't like the way things are going, but they can't stop, and they are afraid that after them a labor deluge will befall. Thru Winston Churchill and The Gallopers they tell labor it is not fit to govern, but labor grows, and grows more confident with each turn of the wheel.

Mr. Barnes is regarded as eminently safe and sane—even by those who, when first he reached Westminster from Glasgow, glowered at his socialism. He has learned something and they have forgotten much. When he is once more alongside Henderson and Adamson and Thomas, after several years in the war cabinet, perhaps they will not tell him he is unfit to govern. He will know too much about the calibre of some of the heirs of the old-time ruling families.

The going of Mr. Barnes is the beginning of the decisive stage in labor's bid for responsibility, the whole responsibility and nothing but responsibility. Lord Rosebery once published a book on "Napoleon: the Last Phase." From the seclusion of Dalmeny, as he sees the departing Barnes watched by the cabinet, he may now write on "Traditional Parties: the Last Lap."

NEW BANKING LAWS REQUESTED BY WEST

Hon. W. F. A. Turgeon Urges Ottawa to Give More Elastic System.

Regina, Sask., Jan. 28.—That the federal government provide for a more elastic system of banking laws or an amendment must be secured to the British North America act giving the province jurisdiction in banking legislation was the contention of Hon. W. F. A. Turgeon, attorney-general, in the legislature yesterday. He was speaking on the legal aspects of the referendum made by a private member to the resolution of 1916, which asked the federal government to change the banking system to enable the formation of agricultural banks.

W. T. Bodger of Rosetown, suggested that local banks be organized, financed thru the security of Victory bonds, millions of dollars worth of which were owned by Saskatchewan farmers, the provincial government to be a shareholder to say, the extent of fifty per cent.

THE CALGARY IN SERVICE

New Steamer for White Star-Dominion Line Montreal-Quebec-Liverpool Service.
The International Mercantile Marine Company announce that a new triple-screw, 15,500-ton steamer for its White Star-Dominion line service between Montreal, Quebec and Liverpool has just been laid down at the yards of Harland & Wolfe, Ltd., Belfast, Ireland. The new steamer will bear the name Calgary, after the rich agricultural Canadian province in which H. R. H. the Prince of Wales recently purchased a cattle-range, and will carry 650 cabin passengers, in one class only and about 2000 in the third class.

The Calgary, which is expected to enter the service in 1921, will be 600 feet long and 67 1/2 feet broad, with a moulded depth of 45 1/2 feet. The triple-screw will be operated by a combination of turbine and reciprocating engines, and the ship's speed will be 15 knots per hour.

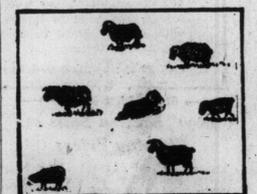

The Calgary will be a sister ship of the White Star-Dominion Line's steamer Regina, which has recently carried large number of troops home from the war.

LONDON DESIRES WINTER FAIR.

London, Ont., Jan. 28.—The Middlesex county council at its second day's sitting today went on record as favoring a permanent winter fair in Western Ontario and that the city of London is the logical place for such fair.

WORLD'S DAILY BRAIN TEST

BY SAM LOYD.
10 Minutes to Answer This.
No. 96.

Here is our original "Bo Peep Problem," which tells how the famous shepherdess corralled seven black sheep and then set down to figure out how three straight fences might be erected across the square pasture so as to give a separate pen to each of her black beauties.

Now, carefully study the relative positions of those seven sheep and see if you can plan a method of carrying out the young lady's wishes. Just draw three straight lines across the square so as to put each animal in a separate pen.

Lobsters were first sold for eight shillings per dozen, which would be the same as 48 shillings for six dozen, or 22 shillings for four dozen. Therefore, the cost of a single lobster would be two-thirds of a shilling.

QUEBEC WINTER CARNIVAL

The mayor of Quebec and the citizens' committee on winter sports have arranged a most attractive program for the winter sports season in the Ancient Capital.

Every week-end is literally crammed with sporting events of much interest, and at least one church parade is scheduled for each Sunday until Feb. 17, when the carnival officially closes.

Excellent train service from Toronto via Canadian Pacific Railway.

WEAK, WORRIED WOMEN
Can Find New Health and Strength Through the Use of Dr. Williams' Pink Pills.

WHAT IS LIFE?
CHAPTER 101.
Murray Butler's words had started Louise thinking along another path, quite as he had hoped.

That night she slept but little. She lay staring ahead into the darkness, going over all the details of her life for the last three years, trying to find, from all that had happened in the past, some hint as to what was to happen in the future. Finally she decided she must talk it over with someone—and Carol, always her best friend, came to her mind at once.

She drank several cups of coffee instead of eating a normal breakfast and went up to the big house on Fifth avenue as soon as she was dressed.

"You look badly, dear," Carol said with concern as she greeted her. "Come up to the nursery with me. I have become so domestic I allow no one to bathe baby but myself—Susie is simply permitted to hand me soap and towels."

"I don't think I will, if you don't mind," Louise answered. Today, particularly, she would hardly bear to watch another woman go thru that sweetest of all domestic little ceremonies. It made the sense of her own loss too acute.

"All right, lie down and rest a bit in my boudoir, and I won't be long," was Carol's good-natured answer.

But when she had returned, Louise did not quite know what she wanted to say. And with her usual tact, Carol did not try to find out. She talked at random to her friends, engagements to be announced, another wedding, a rumor of a divorce, proposed trips of people they knew, waiting for some subject to give her friend an opening. She knew Louise had something on her mind.

"Your friend—what's her name? The little artist—Anabelle—has certainly fascinated Jerry," she remarked finally.

"I think they are engaged," Louise said with more interest than she had shown in anything so far that morning.

"Really? Do you think they'll be happy?" Carol wanted to know.

"Why not?" Louise asked, then added cynically, "She's never had any thing except what she worked for hard and Jerry has lots of money."

"If money makes happiness, yes, it will be a success," Carol answered.

... (The rest of the story follows in a similar style, detailing Louise's struggles and her relationship with Carol and Jerry.)

MASTER AUTHORITY
HEARD ON FINANCE

Sir George Paish Addresses
Members of the Canadian
Club.

Sir George Paish was the speaker
at the Canadian Club yesterday. He
was introduced by Percy Brown as
distinguished for the depth of know-
ledge and assurance of judgment of
a master authority in finance. Sir
George spoke deliberately and was fol-
lowed with close attention and fre-
quent applause.

It gave him great pleasure, he said,
to look back over the past five years
and to remember how Canadians
came to their help. He came again
when once more Europe was in as
great danger as before. Today they
were fighting an economic danger,
which, unless overcome, would entail
anarchy and chaos. He was sure they
would do all in their power to help
them to overcome the consequences of
the war.

The whole economic machinery of
Europe had been thrown out of gear.
The mother country was selling vast
quantities of goods, for which she
could not obtain payment. Britain was
paying her way, and had paid her
way all thru the war. (Applause).
Her embarrassments were the result
of the assistance she gave others. She
had loaned about ten billion dollars.
Her exports now were \$550,000,000,
or £700,000,000.

The British exchange was falling
because it was necessary to buy vast
quantities of food and other materials
from countries which did not want
her goods in return. From America
there were \$500,000,000 uncovered
imports. In the past year the credits
granted by the American government
had enabled the entente nations to
buy goods. In the past year Ameri-
ca's favorable balance was \$4,500,000,-
000. Rather more than half the ex-
change was provided by the sale of
Liberty bonds, but this was no longer
feasible. They had been financing
their trades partly by sales of securi-
ties and partly by bankers' credits.
All this was now at an end, and they
did not know how to carry on. The
securities offered were not familiar to
Americans, and the demand was lim-
ited. Even Canada was suffering in a
similar manner, buying from America
and selling to Britain. Canadian ex-
change falling with New York as
London exchange fell, with Canada.
Gold was being drained away to
America in spite of the large trade
balance.

How To Avoid Break.
Unless some way were found to
place some great trade organization
behind the situation there must be a
break. In England they had had a
surplus balance for 150 years, if not
for 300. During the whole of that pe-
riod they had accepted credits, and
built up investment securities in for-
eign and colonial fields. Other nations
must now take such course, and
accept the securities that Britain was
prepared to give. It must be realized
that in America and Canada securities
must be bought from Britain if they
wanted to be paid.

"It is not necessary to say that we
are not asking for philanthropy. We
are asking for business. (Applause).
We are only asking America to do
what we have been doing for 200 or
300 years. We hope that America will
eventually be able to understand in-
ternational securities. (Laughter). It
is only because American investors do
not understand international securi-
ties that we have to try to build up
some new and acceptable security."

Sir George said that the danger of
a complete breakdown in Europe was
so great that he had come over to
endeavor to avert it. They were pre-
pared in Europe to buy as much food,
raw material and manufactured goods
in 1920 as in the past year, but they
did not see how to pay for them. If
this were not done America would
have to keep her cotton, her wheat,
her manufactures, her mills would
shut down, her trade would stagnate
and a state of anarchy would impend.

Russian and Rumanian grain had
been shut off by the war and they
were still short this great amount,
400,000,000 bushels from Russia. They
needed in Europe to buy all this.
Economy had gone so far in Europe
that it could not go much farther
without consequences he did not care
to contemplate.

The world needed a spirit of co-
operation and fellowship. The busi-
ness of the world would go on as
before the war if the securities of the
different nations could be exchanged.
The league of nations had the power
to take care of the situation if the
members of the league were convinced
of the necessity.

pay \$2 per day and the government 50
cents extra. This will make a total of
\$2.50 per day, which will cover the
cost of a patient in the country hos-
pitals, but not in the larger towns.
In Toronto a patient costs \$2.50 per
day. At the General alone 18,000 pub-
lic patients were cared for last year,
with a total of 215,000 "patient days."
In addition to this extra allowance
the Ontario hospitals are to ask for a
special allowance for their X-rays de-
partments and another special allow-
ance for each baby taken care of.
Public X-rays work cost the hospitals
last year \$30,000, for which no com-
pensation was paid. In the Burnside
Hospital of the General an average of
50 babies are cared for per day at a
cost of \$1.35 each per day.
Public out patients cost, it is stated,
at the General, 70 cents each, not in-
cluding overhead, and only 32 cents is
allowed for each patient. About 5,000
cents extra, making \$1.55 in all. It is
proposed to ask that the municipality

General every year. An increased al-
lowance will be asked for this depart-
ment also.

TIME FOR CAUTION, BANKERS POINT OUT

Sir Edmund Osler Says Public Completely Disregards Advice to Economize.

At the annual meeting of shareholders of the Dominion Bank of Canada yesterday afternoon, Sir Edmund Osler, president, and C. A. Bogert, general manager, emphasized the point that while the past few years had been prosperous ones with the Dominion as well as other Canadian banks, there were grave uncertainties in the financial and commercial situation which should cause the spirit of optimism with regard to the future to be tempered with caution.

Sir Edmund Osler said that the future must be viewed with caution. Exchange conditions were serious, and in Canada we must expect a very large amount of money to be withdrawn which had been borrowed from Britain by the various insurance companies and on mortgage in Canada.

Canadian banks are at present in a strong position and well able to cope with future problems. The danger zone in Canadian banking was in commercial loans, as several years of unequalled prosperity had caused a tendency to buy goods of all kinds in western Canada and to import.

Simpson's—Second Floor

Stunning Wool Jersey Frocks. The fineness of the jersey that goes into them, the characteristic smartness of the styles, and the wealth of detail that goes into their finishing, makes them above the plane of the ordinary, and gives them extraordinary value at the Moderate Sale Price.

Embroidery—more popular than ever for the coming season, is lavishly used—often forming deep inset girle-effects in solid silks of rich Oriental shades. Again, clever little ornaments in wool or silk embroidery adorn the bodices, which boast simulated button-back. Smart tunics, little strappings-and-buttons-add chic.

Jade green, navy blue, fawns, and brown are mostly shown. Shop at 8.30 a.m. sharp for choice. Today 29.75

You Will Sit Up Late

If you read Bulldog Carney, 'The Canadian West in its more primitive days, the cool-headed, gray-eyed fortune hunters who inhabited it, running horses, gun play and all those things that stir men's blood are handled adeptly in this new book of W. A. Fraser's. Price 1.50

A Young Briton

Made an established place for himself in contemporary English letters a few years ago by the writing of Sonia. To those who pride themselves on reading the best of the seasonable novels, Sonia could not have been left out. It was a triumph of romance, psychology and descriptive fiction. Stephen McKenna, the author, has challenged his old record by producing Sonia Married. This tale differs in many ways. You will want to find them out. Price 1.75

Gentle Whimsicality

Features all the writings of Wm. J. Locke. He pokes fun at unreasonable conventionalities, delights in exploiting eccentric characters, and yet has a firm, sure touch on the big elements that stir human nature. The effect of war and a tender romance on a man, saturated for years with Chinese thought, is worked out in fascinating manner in his new book, The House of Baltasar. Price 1.75

Can Money Buy Love?

Jill Deahly thought so and hesitated between the young idealist who loved her passionately and an elderly admirer who had a thumping big income. Her father thought so too, but the young idealist stood first even after his rival's death. This theme is worked out beautifully by E. Temple Thurston in The World of Wonderful Reality. Price 1.75

A Master Spy Writer

Is E. Philippe Oppenheim, as few need to be told. This book of his, The Great Impersonation, finds its plot in Africa and its atmosphere in the Great War. The writer is most at home when dealing with international intrigue, and here he tangles romance, war and machinery skillfully to unravel easily at the end. Price 1.75
