THE COMPOUND INVESTMENT POLICY

Possesses all the advantages of the Company's favorite Semi-Tontine plan, with the addition that after it has existed for ten years, the Company will loan to the holder, if he so desires, the premiums payable for the remainder of the term, to enable him to keep the policy in force to the end of the Investment period. Should death occur any time after the tenth year the full amount of the policy is payable, and the loan (if any) cancelled.

The 7 per Cent. 15 and 20 Year Guaranteed Income Bonds

Provide that at the end of the period, fifteen or twenty years, the insured can draw out his cash surplus, have a paid up policy for the full amount of the Bond and in addition draw an annual income of seven per cent. on the face of the Bond so long as he lives.

The Company offers to intending insurers all the ordinary plans of insurance as well as those specially mentioned.

The Company is noted for prompt payment of death claims immediately on completion of proofs.

Its policy contract is a simple one, free from onerous conditions and incontestable after three years.

OBJECTS OF THE COMPANY

The Company's Charter gives it power to execute every kind of Trust and Financial Agency. The following are some of the more important offices which the Company undertakes:

1. Trustee under the appointment of Courts, Corporations or private individuals.
2. Executor, Administrator, Guardian, Committee, Receiver or other fiduciary function.
3. Agent for any person holding any of the foregoing offices.
4. Agent and Attorney for the management and winding up of Estates.
5. Agent for the issuing and countersigning of stocks, bonds and other obligations, and for receiving and managing sinking funds.
6. Agent for investing money, collecting interest, dividends, mortgages, and generally for performing any financial offices.
7. Receiver and Assignee.

The necessity for some suitable corporate body, authorized to discharge the various important, responsible, but generally thankless and onerous offices above enumerated, had long been keenly felt in Ontario; and the large and steadily increasing number of cases in which the Company is called upon to exercise its several functions shews clearly that the public fully appreciate the boon which the creation of this Company (the first in the Dominion established for the purpose), has conferred on the community.

The appointment of the Company either as Executor, Trustee or Administrator, is now indeed a matter of almost daily occurrence, and these important duties, it is believed, have in every case been discharged to the satisfaction of the parties interested.

ST. LAWRENCE HALL

Montreal.

FEW Hotels in the Dominion or on the Continent have won the wide-spread popularity for prompt and satisfactory management as has the ST. LAWRENCE HALL. For over 38 years the travelling public have found the "Hall" the best and most complete equipped house in the country, in all its departments. Every want that human foresight can supply, for the comfort and convenience of guests, the Management has ever provided for, and it is this attention that has given to the "Hall" its fame as the leading Hotel of Canada, both in the United States, Great Britain and the European Continent. For over a quarter of a century the "Hall" has held this proud position, and has had as its guests the most illustrious representatives of Royalty and the Peerage, who have in that period visited the Metropolis of the Dominion.

The Location of the "Hall" on James St., the principal thoroughfare of the city, cannot be surpassed in a sanitary point of view, and is the most centrally situated for all travellers.

IMPROVEMENTS.—The growth of Montreal in the past few years, and the ever-increasing demand for first-class accommodation required by the travelling public, has called for large additions to the "Hall" which have been carried out and just completed. The massive and elegant exterior—five storeys high, with mansard roof, and a clear frontage of 125 feet on the most fashionable street of the city—at once attracts the attention of the tourist, and a visit inside soon leads to the conclusion, that, for polite attention and satisfactory mannagement, the "Hall" has no superior. The new improvements have increased the accommodation for guests to over 300 well-lighted and airy rooms, furnished in the most tasteful style and with every modern convenience. Passenger elevators are also provided, and the whole of the corridors, reading and other public rooms have been lighted, furnished and decorated in the most artistic manner.

THE DRAWING-ROOMS.—The "Hall" is now provided with two of the handsomest Drawing-rooms in the city. The new room is one of the recent improvements, and is a marvel of beauty and elegance in its decorations, frescoes and furnishings. The whole of the wood-work is of red cherry, with lincrusta walton panellings in gold, rich mirrors adorn the walls, and massive gas candle chandeliers are suspended from the ceiling. The upholstering is of the richest and most luxurious description—the carpets, chairs, sofas, ottomans, etc., being specially made to suit the adornments in the room.

THE DINING-ROOM has been enlarged, making it 100 feet long by 50 feet broad, and capable of seating 400 guests. The room has been thoroughly renovated and decorated by the best Italian artists, and is lighted by gas and electric light.

Billiard, Hair-Dressing, Sample and Bath Rooms are all Connected with the Hotel.

All trains and steamboats are met by the "Hall" 'busses, and polite and attentive porters always in attendance to look after guests' baggage.

Rates from $2.50, $3.00 to $3.50 per day, according to location.

Mr. Hogan, the genial proprietor, still gives his personal supervision to all departments, thus securing for the guests every attention required.

Tea and Candies

The biggest retail store in Canada, the most complete in every way, faces on three streets, with a main entrance at 190 Yonge street. Almost nobody but what knows it to be the brightest and best shopping place within your reach—a veritable dry goods palace.

It aims to keep everything that goes well together—Clothing and Shoes, Candies and Tea, Books and Housefurnishings. It aims to sell them cheap. Not as cheap as the average, but *cheaper* than the average. The big store has a responsibility for value-giving the small business knows nothing of.

We mean to sell only such goods as can be thoroughly relied upon for honest, satisfactory service. If they lack that, what do we do?

Do the proper thing; give the buyer the benefit of every reasonable doubt, but not strain the guaranty to expose ourselves to people who only seek to get something for nothing.

There's no lack of fault that can't be mended with faultless goods or money.

INTRODUCTION.

Owing to increased expenses in preparing and issuing our Toronto City Directory, we have been obliged to increase the price to subscribers to Five Dollars and non-subscribers to Six. Notwithstanding this increase in price we still claim to issue the best City Directory published for the price, under similar circumstances, and we make the following standing offer: A copy of our Toronto City Directory free to any one who will show us a Directory of a city of the same size, and under similar circumstances, that can be considered by fair judges equal to ours at as low a price. We have most of the City Directories that are printed in the English language on file in our office for the free use of our patrons, and we offer the free use of these Directories to any who wish to take advantage of our offer. Owing to the fact that our circulation was so much larger than we expected under the increased price, and the cry of hard times, we are very sorry to have to announce that we are short of the requisite number to fill our orders. Those that pay first will secure their books.

Notwithstanding the fact that many of our citizens are apparently anxious to make the world believe that our city is going to ruin and losing its population, we have, as will be seen below, a very respectable increase in the number of names in our Directory over last year. Another fact which we consider worth mentioning is, that there has been more money expended in building in Toronto in 1891 than in any previous year, while the limits of the City have not been extended by the taking in of farm lands or market gardens.

MAP.

We have gone to a great deal of trouble and expense in producing a map of the City in which we include all the suburbs that are given in our Toronto City Directory. On this map will be found a key to the location of the streets in the City, also a list of the names of the streets in the different suburbs. This, we think, will assist our patrons, at least in some cases, in locating the addresses that are sometimes left with or sent to them without being properly described as to whether in the City or in the suburbs. We wish it distinctly understood that we are in no way responsible for the changes in the names of the streets.

POPULATION.

While we are still positive that the number of people in Toronto is greatly in excess of that reported by either the Dominion Government enumerators or the report given by the police more recently, we have reduced our multiple to the very lowest used by any directory publisher, viz., 3. We have, as will be seen by referring to our list by letters, 69,092 individual names in our 1892 Directory, multiplying this number by 3 gives us a population of 207,276; while we still believe this to be many thousands under the correct number, under existing circum-

stances we adopt. We have 3,531 names over last year, this multiplied by 3 gives us an increased population for the year of 10,593, yet there are residents in this City that try to make us believe that there has been a decrease in the population.

As usual, our canvassers will call on our advertising patrons for the purpose of giving them an opportunity to secure their usual space if desired, and for the purpose of relieving us in our hurry later on.

Wishing you all the compliments of the season

Yours very truly,
