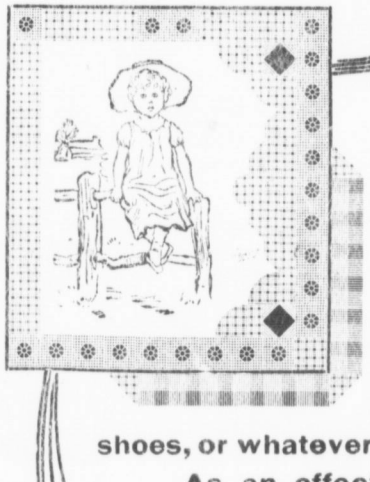
ISSUED FROM OUR PRESS IN AUGUST LAST

WE ARE NOT GIVEN TO BLOWING OUR OWN HORN VERY MUCH. OUR WORK SPEAKS FOR US

A CASE IN POINT IS THE

Portfolio Edition OF THE

Monetary Times



WE shall be pleased to furnish estimates on anything in the printing line from a lady's visiting card to the most voluminous catalogue, or price list. After May next we hope to be settled in our extensive new printing house, corner Church and Court streets, where largely increased facilities will enable us to keep pace with a demand that has long taxed our resources to the uttermost.

Merit Tells!

THE 25th year of the Monetary Times finds that Journal where it always has been—in the van of all the trade papers of the Dominion.

No enterprising man of business, whether wholesaler or retailer, in dry goods, groceries, hardware, boots and shoes, or whatever line, can afford to be without it.

As an effective means of communication between wholesaler and retailer it is unexcelled.

THE LATEST, CHEAPEST and BEST

The "MINEOLA"

ROAD CART

Patented in Canada and United States December 21, 1889. No. 33226.

In introducing this Cart to the driving public, we wish to call attention to some points of excellence not contained in any other Road Cart manufactured.

It has been the aim of all builders of Carts, since they were first introduced, to produce a Cart that would ride easily, do away with the unpleasant effects of the motion of the horse, and still be of a light draft.

The "MINEOLA" contains all these good qualities. Impossible to break them. Easiest Cart in the world on driver and horse, or to get into or out of. The seats are so arranged that entrance is from behind, and the body of the Cart is low enough for anyone to step into without any trouble whatever, and without wiping dirt off the wheels every time.

The body and shafts are so constructed that the body swings altogether independent of the horse. The shafts are attached to Cart on a pivot, and the front of the body is connected by Double Shackles to steel bars on the cross bar, and protected by check straps.

Notwithstanding all claims to the contrary, this is the only Cart on the market that is positively "FREE FROM HORSE MOTION," and a universal favorite wherever it has been used.

Nothing but first-class stock is used in the construction of the "MINEOLA." Oil-tempered cast steel Elliptic Springs. A1 Sarven Patent 50 inch wheels. Coach bed steel Axles, and round edge steel tires.

The bodies and shafts are oiled and varnished natural wood; wheels and springs painted light colors, and Russet upholstering. The whole nicely striped and finished.

Price, $45.00, f.o.b. at Toronto (crated)

STEAMSHIPS.

Sailing between Montreal, Quebec and Liverpool in Summer, and Portland, Me., Halifax, and Liverpool in Winter.

These Steamers are all of the highest class, full powered, and Clyde built, in water tight compartments, and are commanded by men of large experience and thoroughly acquainted with the route.

The saloons, staterooms, music room, smoking room, and bath rooms are amidships, where but little motion is felt, and are handsomely and luxuriously furnished.

The route via the St. Lawrence is the most pleasant and comfortable for intending travellers, three days of it being spent in the comparatively smooth waters of the River and Gulf, with their magnificent scenery.

Rates of Passage from Montreal or Quebec: Cabin, $40 to $80, according to the Steamer and accommodation. Second Cabin, $25 and $30. Steerage at lowest rates. Reduced rates from Portland and Halifax in Winter.

DIRECTORY BORROWERS

THE patrons of our Directory are frequently inconvenienced by borrowers; not the stranger or private citizen, who steps into the office, looks at the Directory, gets his information, and goes out; but by business men, who continually need it for reference, yet are too mean to buy one. These are the men who carry off your Directory "just for a few minutes," which generally means a few days or weeks, unless you send for it before; it is scarcely in its place before another request—*Please lend me your Directory for a few minutes*—These same borrowers tell our canvassers that they have no use for a Directory—SHAME.
