Crocker's Children Are Taking Action

Proceedings Sought to Get Conservator to Manage His Valuable Estate — Exam- ination of His Mental State to Be Made.

New York, April 1.—Conservator of the two sons and daughter of Richard Crocker, former Tammany leader here, announced yesterday that the Palm Beach county (Florida) court on Tuesday had issued a temporary injunction preventing the transfer or disposal of all Crocker's property in that state pending institution of proceedings by his family to have a conservator appointed to manage his estate.

The estate of the elder Crocker in Florida has been estimated by friends of the Crocker family to be worth in real and personal property upwards of \$2,000,000. His estate at Sandford, Florida, is reported to be worth \$1,000,000. The total value of his property, including securities and other personal property in this country and abroad, is estimated by Mr. McCoombs at approximately \$10,000,000.

Richard Crocker married an Oklahoma Indian girl of twenty-four years in November, 1914, within two months of the death of his first wife. He was then about seventy-four years of age. The ceremony was performed in New York at the home of Nathan Strauss.

Palm Beach, Fla., April 1.—An examination of the mental condition of Richard Crocker, former Tammany chief of New York, will be made here as a result of action taken yesterday by counsel for Crocker's two sons and daughter who seek to have a conservator appointed to manage his estate. Mr. Crocker and his wife, who is made the defendant in the petitions of her step-children, had planned to sail on April 10 for Ireland.

EMPLOYERS IN ASSOCIATION

Organization Has Been Formed in Manitoba

Industrial Peace, Commercial Prosperity and Steady Em- ployment of Labor, the Stated Objects—The Strik- ers' Case.

(Canadian Press.)
Winnipeg, April 1.—The Employers' Association of Manitoba has been organized to promote, on a fair and equitable basis, industrial peace and commercial prosperity in the community and steady employment of labor. Its object is also to discourage lockouts, strikes and unfair demands by either employer or employee and to secure for employees freedom of contract in the manner of employment. Twenty-five groups of industry and trade are represented.

Winnipeg, April 1.—The defence committee which is arranging public meetings to be held here tomorrow, in protest against the conviction of the Winnipeg strike leaders, has received messages of sympathy and support from labor organizations in various parts of Canada, including the Nova Scotia miners, who will meet in Truro on April 5.

Winnipeg, April 1.—The 1,400 members of the Winnipeg Street Railway Company union in a resolution passed on Sunday are of the opinion that the strike leaders were convicted owing to the lack of understanding of the working conditions of the working classes. The mass meeting expressed confidence in the convicted men and wanted every legitimate means available used to have them freed of the charges.

Pononto, April 1.—Labor organizations of this city will not hold a demonstration on Good Friday, as requested by the police and wireless equipment. Winnipeg, but it is probable that the suggested demonstration will be held later.

CHINESE AND JAPS REPORTED IN A GET TOGETHER

Tokyo, April 1.—Unofficial exchanges between the Chinese and Japanese in Peking in regard to Shantung show a gradual extension, according to advisers. They seem to agree on the following conditions:

1. That Kiaochow Bay shall be returned to China and made an open port.
2. To make the railways a joint enterprise between Chinese and Japanese.
3. To share the Shantung province.
4. To share the Shantung province.
5. To share the Shantung province.

FRANCE GETS THE CREDITS ASKED FOR

Paris, April 1.—The senate last evening adopted a bill granting the provisional credits asked by the government. There were only eight votes against the measure.

LIAM GRANT EBSTER OUT FOR THE PRESIDENCY

St. John, N. B., April 1.—William Webster of New York has filed nomination of his candidacy for republican nomination for president of the United States. He was a contestant for the republican nomination in Virginia in 1916.

PTAIN OF THE CANADIAN RAIDER DROWNED

St. John, N. B., April 1.—Captain R. W. of the Canadian government marine steamship Canadiana was lost overboard on the voyage Melbourne to Sydney, Australia, according to advices reaching this city.

OTHER BOND THEFT REVEALED

New York, April 1.—With the arrest of Alfred J. Grossman in Baltimore, the other bond theft in New York still there has been revealed. It occurred on Feb. 4 and securities valued at \$41,000, obtained by a messenger, were returned by H. S. Stieglitz, stock broker.

CONFERENCE AT SAN DIEGO THIS MONTH

San Diego, April 1.—Everything is in readiness for the arrival of the delegates to the peace conference, which opens on Monday at San Diego.

Several Dances With Her Great Crowds Line Streets in Enthusiasm Over Royal Visitor.

Panama, April 1.—Great crowds lined the streets and enthusiastically cheered the prince of Wales as he went to the executive mansion to pay a formal call on President Lefevre yesterday. So large were the throngs that surged through the thoroughfare that the progress of the royal visitor's car was often impeded.

COLLECTED MORE AND SPENT LESS

Statement of British Finances for Year — Revenue Less Than Outgo.

London, April 1.—The exchequer returns for the financial year just ended show revenue of £1,389,717,881 sterling, an increase of £240,000,000 over the preceding year. The expenditure was £1,665,772,928, showing a decrease of £185,000,000. The year's expenditure was more than £285,000,000 pounds in excess of the revenue.

Japs and Russians Are Reported Fighting

Cable From Toledo to 'Frisco Paper

Chinese Get Word of Red Army Marching East — Soviet Expresses Horror at the "Crimes Committed Against China" — Get In- to Good Graces.

San Francisco, April 1.—Fighting between Japanese and Russians in Nikolai was reported in a telegram from Tokyo received by a Japanese newspaper here today.

The message said the Japanese consulate in Nikolai had been burned and that Japanese Consul Ikeda was missing.

London, April 1.—A despatch to the London Times from Peking dated March 29 says the Chinese government has received a message from the Moscow Soviet through Commissary Jansen at Irkutsk announcing that a Red army is marching east to succor the women and peasants in Siberia from the "brigands" Koltsov, Semenov, Hovansky and their Japanese allies and establish everlasting peace.

The communication expresses horror at the crimes committed against China and undertakes to annul all treaties and renounce all privileges improperly acquired from China.

China is urged in the communication to resume negotiations for the restoration of the Chinese eastern railway, the cancellation of the protocol of 1901 and the extra territorial rights hitherto enjoyed by the Russians and the renunciation of the "Boxer" indemnity, the privileges of Orthodox missionaries and similar rights.

The despatch says the Soviet also offers to hand over to China, without charge the great Russian tea factories at Hankow. The only condition made is that the people of China have complete freedom to determine their own system of government.

The despatch declares vaguely indicates that the services of the Red army will be available to deliver China from foreign imperialism and capitalist ambitions.

The correspondent says there is no doubt that everything offered will be accepted by China. The Bolsheviks, he adds, have succeeded in establishing themselves in the good graces of the Chinese and the future between them promises to be full of harmony.

SOCIALISTS ARE EXPULSED BY N. Y. ASSEMBLY

Action in Case of Five Who Compose Party in House

Majorities Against Them Substantial on Charges of Disloyalty — Twenty-Two Hours of Fireworks Before Vote.

Albany, N. Y., April 1.—Five Socialists, William and August Ciesenski of New York, Charles Solomon of Kings, and Samuel A. De Witt and Samuel Orr of the Bronx, entire delegation of their party in the New York assembly—were expelled from membership in the lower house of the legislature early today.

The majorities in favor of unseating the men, suspended on the opening day of the legislative session, charges of disloyalty, were substantial.

The vote on the expulsion of Waldman, whose case was first to be heard, was 100 to 10. The vote on the expulsion of the other four was 100 to 10.

Owing to the fact that the men were expelled after midnight on March 31, there can be no special elections to fill their seats in the assembly, unless an extraordinary session of the legislature is convened.

Lieutenant-Governor Roosevelt late last night in his maiden speech in the assembly, protested against the expulsion.

DUMPING OF MEDICINE FAKES UPON CANADA

Washington, April 1.—Many "snake cure" medicine fakes, driven from the United States by the federal food and drug act, have invaded Canada, the department of agriculture said yesterday in announcing that inspectors had been instructed to watch medicines imported from Canada.

Ottawa, April 1.—(Canadian Press)—The federal department of health has no knowledge of the alleged dumping in Canada of medicine fakes driven from the United States by the regulations of that country.

Lieutenant-Colonel D. A. Clark, assistant deputy minister of health, says that the food and drug act of Canada prohibits the sale in Canada of any proprietary medicine not registered under the act.

HAMILTON WILL NOT SAVE THE DAYLIGHT.

Hamilton, Ont., April 1.—There will be no daylight saving in Hamilton this year, says Mayor Charles G. Bunker said yesterday.

C. N. R. HEAD WILL NOT TALK YET OF MONEY MATTERS

Toronto, April 1.—D. B. Hanna, president of the C. N. R., declined to be interviewed by an evening paper here yesterday on the financial affairs of the government railways as presented to the house of commons by Hon. Dr. J. D. Reid, minister of railways.

"I will have plenty to say when the time comes," Mr. Hanna remarked.

The Bank of England rate of discount remains at six per cent.

LOYD GEORGE ON HOME RULE BILL

Answers Criticism of Mr. Asquith - Very Optimistic of Result of Bill.

London, March 31.—Continuing his criticism in the house of commons today of former Premier Asquith's plan for the solution of the Irish question, Premier Lloyd George asserted that no Premier Asquith. Dealing with the suggestion of John R. Clynes, Labor, for a constituent assembly the premier emphasized that the previous Irish convention had failed and asked if it was likely that the assembly proposed by Mr. Clynes

for themselves. Great Britain, he added, would stand on its own legs. There were certain powers which might be conferred upon Ireland when she settled down to an established union and accepted partnership with the United Kingdom, said the premier, but if they were given at the present they would only be wasted, to the harm of the union and of herself. It would be placing dangerous weapons in the hands of an infuriated people, he declared. The premier concluded by saying he believed the bill would result in bringing about the union of the north and the south, union with Protestants and Catholics, union with Great Britain and Ireland.

A FEW OF OUR NEW BOOKS RENT THEM
"Raspberry Jam," (C. Wells); "Trail-in" (Brand); "Sunny Ducrow," (Cooper); "Gold Girl," (Glenroy); "Eternal Rose," (Chater); "Owner of Lasy D," (White), etc. 50 others.

would be any more successful. Since any proposal which Irish opinion would by a large majority accept would not be accepted by any party in Great Britain, Lloyd George declared, therefore the government must exercise its judgment for the United Kingdom and the whole empire in order to come to the wisest conclusion possible. The premier reiterated his declaration that the government plan held the field because it recognized the fact that the house would not satisfy Irish opinion in its present state without destroying the essential unity of the kingdom. The demand in Ireland for the moment was for independence and secession and no self-government. Lloyd George said he wanted to say to "our American friends" that Eamon DeValera was putting forward the same claim in exactly the same way as Jefferson Davis and that some of the men who voted for the Irish self-determination motion in the senate the other day had ancestors who fought to the death against changing to the Southern States of America. The acceptance of that demand, declared the premier, would never come. It was a demand which, if persisted in, he said, would lead to exactly the same measure of repression as in the case of the Southern States of America. Great Britain, he declared, claimed nothing more than the United States had claimed

AND STILL YOU SHIVER!

Pile on all the clothes you can - and still you shiver! That is because your food is lacking in real nutritive elements, or is not perfectly digested. Bodily warmth comes from perfect digestion of real food. Shredded Wheat Biscuit is a real food. It is 100 per cent whole wheat prepared in a digestible form. It gives natural warmth in a natural way. Two Biscuits with hot milk (or hot water) make a nourishing, satisfying meal for a few cents.

DO YOU NEED GLASSES?
If you are troubled in any way with poor eyesight or if you have any symptoms of eye trouble, you will find it a great comfort to know positively whether you need glasses or not.
YOU CAN RELY UPON OUR ADVICE
Whether we sell you glasses depends entirely upon whether you need them. We will advise you honestly if there is actual need—and we know.

PURE VEGETABLE
Butter Coloring
For Coloring Winter Butter and Oleomargarine
DIRECTIONS FOR USE:
Put the butter or oleomargarine in a bowl and drop on it for each pound ten drops from the bottle of coloring. If using the capsules, pierce one of these and squeeze contents over the butter. Work the butter with a spoon (a large wooden one is best), mixing color in thoroughly, and in a minute you will find it the color of June grass butter. Do not heat the butter before mixing; but if it is left in a warm room for a while before mixing it will color more easily.
Nearly all butter made in the winter time is colored in this way when it is made.
This color, which is the same as that used by the creameries, is purely vegetable and contains no harmful ingredients.

PREDICT ANOTHER FLOUR ADVANCE
Ottawa, March 31.—A material advance in the price of flour in Canada is indicated in an announcement made here on behalf of the Canadian millers by George A. Macdonald, representing the Quaker Oats Company and head of the delegation of representative millers which waited upon the government today to discuss the serious situation which Canadian millers are facing as a result of the action of the Canadian Wheat Board in continuing the restriction in the price of flour on the Canadian market, and the lack of export markets for Canadian flour. The increase will be necessary to meet the increasing cost of manufacture it is indicated.

RECENT WEDDINGS

Stephenson-Brock.

At Trinity church, yesterday afternoon, at 2:30 o'clock, Rev. Canon R. A. Armstrong united in marriage Miss Winifred Brock, of Thornton Heath, England, and Ernest Frederick Stephenson of Moncton. The bride came out from England on board the steamship Saxonia which docked at Halifax on Monday.

Miss Elsie Thurber and Charles W. Young, both of Freeport, N. S., were united in marriage yesterday at the residence of the officiating clergyman, Rev. J. H. Jenner, West St. John. The witnesses were Miss Ruth Thurber and Gordon Lewis.

RECENT DEATHS

The death took place at Bill Town, Kings Co. (N. S.), Saturday evening, of H. P. Sweet, aged seventy-nine years. Besides his wife, he leaves one daughter, Mrs. Vincent, wife of Rev. A. J. Vincent, of Sackville, and three sons, Steve and Fred, all residing at Bill Town.

M. E. Burpee.

Fredericton, March 31.—M. E. A. Burpee died suddenly last night at his home at Burton, aged eighty-four. He is survived by three sons, Alfred C. and Morley, Burton, and Edward, Washington, and two daughters, Mrs. A. K. Forsythe, Greenwich (N. S.), and Mrs. J. C. Hunter, Douglas Harbor.

After an illness of nearly four years, borne with Christian patience and cheerfulness, Mrs. Margaret E. Stockford of 29 Bellevue avenue, widow of

Samuel Stockford, a life long resident of the North End, passed away yesterday. She was of Loyalist descent and beloved of a large circle of friends. Two daughters survive—Mrs. W. H. Kelly and Miss Alberta, to cherish the memory of a loving and beloved mother.

The death occurred at Nashua village, York county, on March 27, of Mrs. John McLean, formerly Miss Bessie Goddard, of Elgin, Alberta county. She leaves her husband, one son, two sisters and three brothers. The son is

Word was received in the city of the sudden death yesterday of Wesley Waters at his home in Day's Landing. Mr. Waters, except for three years spent in the west, was a life-long resident of Day's Landing, and many will hear of his death with great regret. He leaves

Howard, a child of ten years. Mrs. Norman Hanson, of Durham Bridge, York county, and Mrs. David Fitzpatrick, of West St. John are sisters, and the brothers are Horace Goddard, of Elgin, Fred Goddard of Brownville, Ontario, and Louis Goddard, of British Columbia.

The death occurred at Fredericton yesterday, of Ivan Leslie Clewley, aged forty-seven years. He is survived by his widow, three sons and five daughters.

Word was received in the city of the sudden death yesterday of Wesley Waters at his home in Day's Landing. Mr. Waters, except for three years spent in the west, was a life-long resident of Day's Landing, and many will hear of his death with great regret. He leaves

After influenza or any other blood-poisoning, prostrating disease, it is remarkable how it promotes convalescence and brings perfect restoration to health. A good cathartic like Hood's Pills helps greatly by keeping the bowels regular.

Spring Fashions in

Separate Coats

One of these is indispensable to the Spring and Summer wardrobe.

Free hanging or loosely belted styles predominate and mostly in three-quarter lengths.

Coats are in camels' hair effects, Silverstones, Tweeds and Coverts. Many light, fawn and sand shades are showing, but there is also demand for light and dark blues.

Pockets of various shapes and sizes; backs with inverted box pleats, big buttons, pinch tucks and raglan or set-in sleeves are all fashion whims for Spring.

These Coats are well tailored and artfully designed, and many are very moderately priced.

(Costume Section—Second Floor)

Real Hand Embroidered Madeira Linens

to mourn besides his wife, one son, Murray, at home. The funeral will take place on Friday.

George E. Day received the sad news last evening of the death of his brother, Wesley Day, which occurred at 881 Trinity avenue, New York city, yesterday. Mr. Day was a native of St. John, and left here in 1879 and became a builder and contractor in New York. Before leaving St. John he married Mariah Weatherhead, who survives him, as do several children, all of New York. Besides his brother, George E. Day, he leaves two sisters, Mrs. Rose Clark, of Mahogany road, and Mrs. Hedra Clark, of Seattle (Wash.). The interment will take place in New York.

The death of Henry E. Haley took place at his home last evening in St. Stephen after an illness caused by paralysis. He was born in Yarmouth, N. S., in 1836 and in 1888 with his father moved to St. Stephen and established the firm of Haley & Son. He leaves his wife, formerly Miss Julia Burnham of this city, four children and three brothers.

BROOKLYN HAS ANOTHER STRANGE MURDER CASE

Wife of Victim, Herself Shot Beside Him, Slept on Says She Did Not Know Anything About It Until She Was Awakened by Her Mother.

New York, April 1.—The Brooklyn police today had another mysterious murder to solve when Dennis Meehan, said by the police to be a notorious leader of gunmen, was shot dead while asleep in bed with his wife. The bullet

passed through Meehan's head and wounded his wife in the shoulder, but she told the police later she was sound asleep and did not know she had been shot or that her husband had been murdered until awakened by her mother. The police learned that an automobile containing five men stopped near the Meehan home during the afternoon and all entered the house. Soon afterward, according to witnesses, the men came out and drove away.

Mrs. Meehan's mother, who lives in the house, told the police that she, too, was asleep in another room and was awakened by a peculiar noise in time to see a man going down stairs. A few minutes afterward she entered her daughter's bedroom. Blood stained bed clothing attracted her attention and the murder was revealed.

Meehan, the police say, has a long criminal record and specialized in providing strike breakers.

Arrest Made in Bridgetown Tragedy

Bridgetown, N. S., March 31.—John Everson was arrested this afternoon by Chief of Police Gillin in connection with the burning of the Everson house and the death of his brother, Fred. His preliminary examination will take place next Wednesday afternoon before Magistrate Pray, of Bridgetown.

In the meantime Coroner Armstrong has arranged with the attorney-general to have an expert sent from Halifax to examine the remains to ascertain if the limbs and other bones in the body had been broken before the fire took place and to make a thorough search for a bullet or shot. It is reported that some of the neighbors heard a gun fired in that vicinity previous to the fire. This, if true, will be brought out at the continuation of the coroner's inquest on Saturday afternoon. The excitement is intense around town tonight and everyone is anxious to obtain and help circulate the latest news in connection with this terrible tragedy.

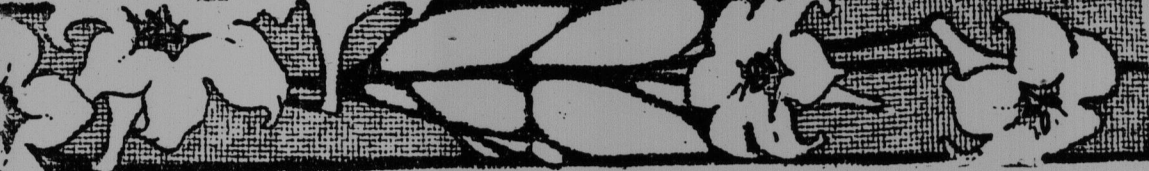

A fire occurred about 5.40 last evening in the York Point fish shed. The gasoline from a gasoline engine caught on fire and for a few minutes there was quite a blaze. The fire alarm at

ECZEMA IN RASH CUTICURA HEALS

On Face and Head, Itched and Burned, Disfigured.

"Last year I became affected with eczema. It started on the cheeks in a rash, and the water spread and made my face sore all around the ear and partly on my head. The skin was very sore and red and the breaking out itched and burned so that I could hardly help scratching. My face was very disfigured. Then I used a free sample of Cuticura. It helped so I bought three cakes of Soap and one box of Ointment, and my face was healed." (Signed) Miss Martha Berger, Spanaway, Wash., Feb. 11, 1919.

Give Cuticura Soap, Ointment and Talcum the care of your skin. Soap 25c, Ointment 25c and 50c. Sold throughout the Dominion. Canadian Distributors, Limited, St. Paul St., Montreal.

Easter Means Footwear

AND LEVINE IS READY

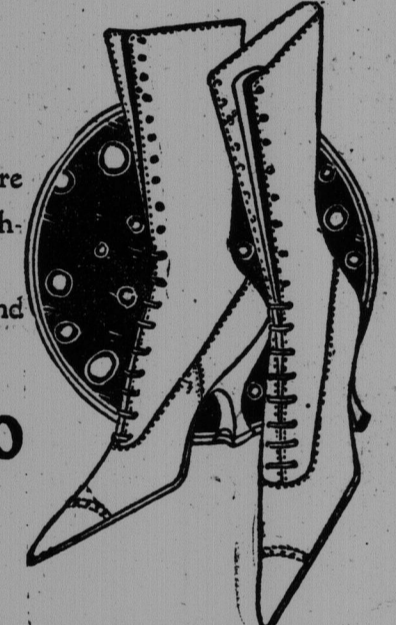

Footwear naturally means Levine's to an increasing number of St. John people and now that Easter is but a stone's throw away these popular stores will be the mecca of those who are inclined towards values. Everything that the widest taste and price range would demand is included on the shelves.

For Women

The ultra in fashion to the most unpretentious here for the womanfolk with value ingrained in the very leather.

What fashion creators dictate is ever in stock and this Eastertide is no exception.

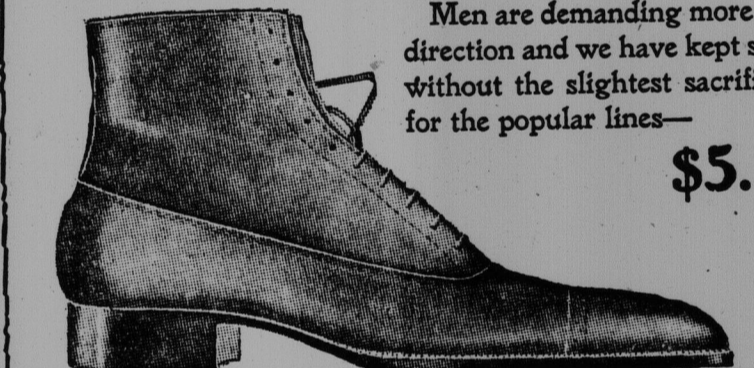

\$4.85 to \$15.00

For Men

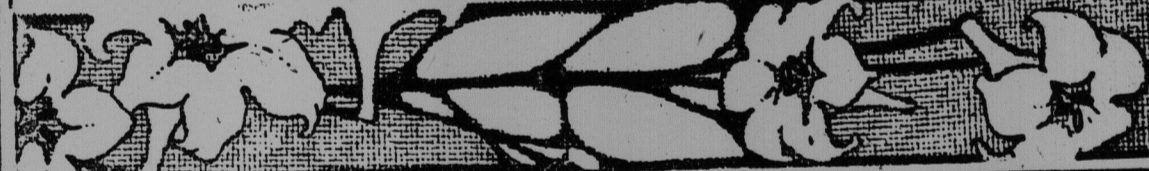

Men are demanding more and more attention in style direction and we have kept step with the demand. And this without the slightest sacrifice in point of comfort. Prices for the popular lines—

\$5.50 to \$12.50

For those who care to go higher in price we can travel with them as high as they want to go.

LOCAL NEWS

Two freight cars were derailed for a short time yesterday near the Ballast Wharf, but were replaced without difficulty.

The trout fishing season in New Brunswick opened this morning, but because of ice and high water it is safe to say that few fish will be taken out of the streams just now. The season was opened from a legislative hearing will last until October 1. The trout regulations are as follows: No one shall at any time fish for, catch or kill trout by other means than angling with hook and line; the export of trout is prohibited, except not more than twenty-five pounds by any person catching the fish; no one shall by angling take in one day more than thirty speckled or brook trout, or more than will in the aggregate weigh more than ten pounds; the taking of trout through the ice is prohibited.

In 1803 a scientific man named Drummond discovered one solitary aronia plant in the woods of St. Tammany Parish, La., and it is cherished today at the Arnold Arboretum. Now Harvard has written to New Orleans asking to have Louisiana search again for the rare growth, and the New Orleans Garden society has offered a prize of \$5 for the discovery of another aronia plant. Harvard also wants Louisiana searched for a certain variety of ash, discovered near New Orleans about a century ago and never seen before or since.

INFLUENZA EPIDEMIC REVEALED
GREAT NEED FOR TRAINED NURSES

Secretary of Association Says U. S. Should Have 50,000, But That There Are Only 8,000 Available in Country.

The startling shortage of trained nurses disclosed by the influenza epidemic has revealed the fact that even for ordinary times there is in New York an insufficient number to give the city adequate care, according to the statement of Miss Ella Phillips Crandall, executive secretary of the National Organization for Public Health Nursing.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, APRIL 1, 1920

"WHEN A MAN MARRIES."

Rules for Bank Clerks Forced By High Cost of Living.

Chicago, April 1—Single men cannot get married unless they get \$125 per month or over. This is one of the rules of the book of regulations of the Chicago Federal Reserve Bank. Should they desire to get married with a salary less than that figure they must consult the chief clerk. Allowances are made where the bride-to-be works and gets a fair salary and will keep on her job, or where the families will help in case of need.

"We don't want our employees to get in a situation where they may find themselves in desperate need of money," said C. R. McKay, vice-governor of the Federal Reserve Bank here. "We are afraid that marriage on short funds is likely to put a man in that situation."

The book of rules also says: "Gambling—All forms of gambling or speculation are strictly forbidden. The bank insists on your adherence to this rule."

"Gossip—A vile habit, is easily acquired, grows rapidly, is rarely cured, and always leaves a scar. It is contemptible in business, deplorable in the home and ruinous in society."

PRISONERS PAROLED FOR TENNESSEE FARM WORK.

Governor Roberts Acts to Meet Increasing Complaints of Labor Shortage.

Nashville, Tenn., April 1—The shortage of farm labor will be relieved in part in Tennessee by the parole of prisoners from the penal institutions. Governor Roberts announced today that so many appeals have reached him for assistance that he had decided to parole to farmers every inmate of the state prisons who could comply with the parole requirements.

Farmers attribute the shortage of labor to the high wages being paid in cities, which have drained the rural districts of young men.

Tongue-Tied.

Doris—"Why don't you marry her?"
Jack—"I'd like to, but unfortunately, she has an impediment in her speech."
Doris—"What is it?"
Jack—"She can't say 'yes'."—Tit-Bits.

MILK AND EGGS AS PREVENTATIVE OF DISEASE

(Smart, Fla., Messenger)

Dr. C. F. Hodges, of the University of Florida, Gainesville, who is touring the east coast in behalf of public health, states in his many addresses to the public school children that "investigation has proven that the proper use of sufficient milk products and eggs insures good health, and to bring the fact closer, he also states that it has been found that the majority of deaths from the recent epidemic of influenza were cases who did not use sufficient milk products and eggs."

Of the importance in the diet of children of the use of milk and eggs, there can be no doubt, and there should be no scarcity of these products in Florida. If there is, the scarcity should be overcome.

We give below an address given by Henry S. Penock, at Okelanta Harvest Home, on the necessity of milk to the human race, especially for children, and as disease preventatives.

Milk and its products is the one essential human food. Why? Vitamins! To prove this discovery of the Johns Hopkins as to properties in milk called "vitamins," they have taken the animals that require the same food as man and experimented with them till they know what lack of vitamins will do. One kind is found in the fat of milk, another in skim milk. A lack of the fat of Vitamins is shown by sore eyes which may result in blindness. At the beginning of the great war the people of Denmark sold most of their butter fat to Germany. Their children got sore eyes, when they stopped selling it, their children got well.

The vitamins fight diseases. In the city districts where milk is used sparingly, the death rate is highest in tuberculosis; also is highest in infantile cases. And this is due not simply to poverty and congestion, because the Jews who live in the same district are not so affected. A good example is found in West Palm Beach. Tuberculosis is much higher among the negroes than among the whites, the negroes using almost no milk. In an Alabama orphanage the children had plenty of milk up to six years of age, after which they were skimmed. Under six they had no tuberculosis, over six they had it. In an insane asylum in the same city, they had much pellagra, but when they gave the inmates a good supply of milk, it disappeared.

It is possible to get these vitamins in other foods besides milk, though not in sufficient quantities to make the vital, progressive people that Americans and other milk-consuming people are. The leaf part of the vegetables count in these elements, and the human body can get enough from this source to sustain it, but not to make it progressive. The Chinese illustrate this. Their diet consists mostly of cereals and vegetables, but they are the same as many thousands of years ago.

The climate is not the sole factor in making a tribe or nation. During the war we all read of the great fighting soldiers the British had brought from India. These men were from tribes that kept animals and consumed milk. In India, where it is no hotter than where these fine fighters lived, are other tribes not in the war; they are vegetable and milk flesh eating people and unfit for soldiers.

The cow is a necessity to the human race. The vitamins were found in the leaf parts of plants, and the cows are a great factory for converting these for the consumption of mankind. She grazes in great mouthfuls of roughage and sends it through her body, making it palatable.

Not only is the milk valuable for concentrating vitamins, but it also compares well with other feeds of food value. A quart of good Jersey milk is equal to eight eggs, and if eggs are worth sixty cents a dozen, milk is worth thirty-five cents a quart. But a cow means work. What worthwhile thing does a chicken do? Chickens are essential. The average hen lays about eighty eggs per year. The average cow gives about 4000 quarts a year. This, if she were laying eggs, would amount to 11,000 eggs. Some hen's lay these 11,000 eggs would take 140 average hens, or seventy good hens.

The average ordinary cow is the kind to start with. She will not require much attention, but will almost take care of herself. I believe a good variety of roughage will preclude feeding grain. The amount of food a cow produces is so great, and the quality of her milk so uniform, regardless of the kind of food she gets, that, if she does not get her food the elements necessary for milk she takes them from her body. If this continues, the good cow that does not stop milking sickens and dies. Hence, start with medium or grade cows. They will pay you little at first for your labor, but may be made to pay in the end.

Working along and shipping your milk in bulk you can handle ten cows at five quarts per day; at 12½ cents per quart you receive \$6.25 per day for labor, pur-

A DANGEROUS WARNING — BLEEDING GUMS

Are your gums tender? Do they bleed when brushed? If so—watch out for Pyorrhea.

This disease of the gums, which afflicts four out of five people over forty, not only destroys the teeth, but often wrecks the health.

In Pyorrhea, the gums become spongy, then recede; the teeth decay, loosen, and fall out—or must be extracted to rid the system of the infecting Pyorrhea germs, which breed in pockets about them. These germs lower the body's vitality and cause many diseases.

You can keep Pyorrhea away. Visit your dentist often for tooth and gum inspection, and use Forhan's L or the Gum.

Forhan's For the Gums prevents Pyorrhea—or checks its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean. Start using it today. If your gums have receded, use Forhan's according to directions, and consult a dentist immediately for special treatment.

See and Get tubes in Canada and U.S. If your druggist cannot supply you, send to us direct and we will mail tube postpaid.

Sealed Tight—Kept Right!

FELL SIX STOREYS.
Fireman's Fall Broken By Network of Clothes Lines.

New York, April 1—A network of clothes lines in the rear of the tenement house at 1365 Fifth avenue saved the life of fireman William J. Riley, when he fell from the sixth story of the building today. The thin lines snapped under him but retarded the speed of his fall, so that he escaped with a probable fracture of the shoulder and possible internal injuries.

Riley was standing on a ladder dropped from the roof above, opposite the window on the top floor. Another fireman stood above him, while others were below on the ladder, ventilating the smoke-filled building which was on fire. Riley leaned over to fix one of the rungs of the ladder, when he lost his balance and toppled over. He shouted, and as he rushed past them his fellow firefighters grasped at him, trying to stop his fall.

None of them was successful, however, and he was slowed up only when he struck the clothes lines. He was taken to the Harlem Hospital, where it was said he would recover.

THE COUNTRY

Demands on Government
From Many Places

All Departments Say Estimates
Will Tell the Tale of
Whence Money Is to Come.

(Special to The Times.)

Ottawa, April 1—As the few apostles of retrenchment and economy in the government fly desperately from point to point to find new places where these old virtues may be exercised, they meet such stout resistance at every point that they are realising more and more every day that "the downward path is easy."

It is made apparent to them that they must not begin cheese-paring at St. John, N. B., where there was acute congestion this winter through lack of terminals, railway facilities and where the extension of the Negro Point breakwater is said by the western members who visited the port a few weeks ago to be absolutely necessary.

Ontario members would have something to say if there was any talk of stopping the Welland canal works; the cost of the parliament buildings construction in the future cannot safely be lessened and the public works estimates are already pared down as closely as possible.

In the west, the government intends to do railroad construction only where absolutely necessary to follow lines already begun, but the western members say that the Hudson Bay railroad must be included and that the west will not be put off any longer. They almost "hold a gun" to the government's head, so much in earnest are they.

Out at the Pacific coast no one would hear of the stopping of the subsidy to have the Complan company construct a dry dock, and there and all over the dominion where shipbuilding companies are there is strenuous objection to the government programme of ships being reduced. They also want bounties "until the industry is established."

There is the navy, which the government is keeping small. Every department swears it has presented the minimum of its requirements. What can a poor government do? The answer will come when the budget comes down. It will raise more revenue if it can.

U. S. MILLIONAIRE GETS JAIL TERM.
New York, April 1—Grover Cleveland Bergdoll, Philadelphia millionaire, has been found guilty of charges of swindling the draft, it was announced at Governor's Island.

Bergdoll was sentenced to serve five years in the military jail at Governor's Island. He will be all right, he is honorably discharged from the army and loses his citizenship.

Same Thing.
"Is he a bankrupt?"
"No, not yet, but he has a great scheme to make money."

LIFE SAVERS
THE CANDY MINT WITH THE HOLE
PEP-O-MINT WINT-O-GREEN CL-O-VE LIC-O-RICE

Four wholesome flavors
Serve them as favors

LIFE SAVERS are the logical after-dinner mints. The tin-foil keeps them clean and fresh. At the party, the dinner or the picnic, provide each guest with a pack of Life Savers. They are so inexpensive and yet so beneficial to digestion, so promotive of good spirits.

There is only one genuine "candy mint with the hole." Do not be humbugged into buying something that masquerades in a Life Saver package. The genuine is five cents a roll. Get the genuine.

Hot Cross Buns

One a penny, two a penny, Hot Cross Buns!
If your daughters don't like them, give them to your sons.
One a penny, two a penny, Hot Cross Buns!

—Nursery Rhyme.

GOOD Friday, Easter, Christmas, New Year's—these are the landmarks that will halt the memory in the days to come. A little something special, different, appropriate to the day, will emphasize the occasion and deepen the impression in the children's minds. As old as the English language and as dear, is the custom of Hot Cross Buns for Good Friday. Mothers delight in explaining to little curly heads the significance of the event that is 2,000 years old.

Hot Cross Buns tomorrow—don't forget. So tonight, save a little of the dough from your bread-making and give your folks a real bun treat. Thus will you again demonstrate how FIVE ROSES flour fits into every occasion, worthy at all times of your baking skill.

Not merely to buns and rolls, but to all your baking—from plain bread to the most delicate pastry or crackling cookie—FIVE ROSES brings the vitality so plentifully hoarded by Nature in the ripe Manitoba wheat. So don't let Good Friday go without the Hot Cross Buns! If you don't bake today, buy some tomorrow at any good shop.

"If your daughters don't like them, give them to your sons."

LOCAL NEWS

A NICE INCREASE.
 St. John bank clearings this week were \$30,259; last year, \$2,622,225; in 1918, \$2,181,555.

EASTER HOLIDAYS.
 The public schools of the city will close this afternoon until next Wednesday morning for the Easter holidays.

BY-LAW MATTER.
 A by-law case against Hime Taxicab charged with trespassing on the C. N. R. property by depositing junk near the freight sheds was returned in the police court this morning, but was again postponed until next Tuesday morning.

RECOVERED.
 The friends of Fred Potter, Paddock street, will be pleased to know that he was able to return to his home after undergoing a slight operation in the General Public Hospital.

ENTERTAIN FRIENDS.
 Miss Bessie Cowan last evening entertained some twenty-five young friends at the home of Mrs. Zill Cowan, 150 King street east. Dancing, games, refreshments and music contributed to a very pleasant time.

HAM AND EGGS FOR EASTER.
 The supply of eggs throughout the city today was reported very satisfactory and it was believed that stocks would continue plentiful over Easter. Prices varied this morning from sixty to sixty-five cents retail, but the feeling amongst various dealers was that the lower quotation would prevail. There is said to be no scarcity of hams. The price of ham ranged from forty-two to forty-five cents a pound.

TO SAIL ON MELITA.
 Among the passengers expected to sail from this port on Saturday on the C. P. O. S. liner Melita are Lady Shaghnessy and the Falcons of Winnipeg, winners of the Allan Cup hockey series, who are going to Antwerp to compete in the Olympic series of the world's amateur championship. They are expected to arrive in the city on Saturday.

CAPT. W. A. WATERS DEAD.
 The death of Capt. Wesley A. Waters, which occurred yesterday at his home at Crystal Beach, will be heard of with much regret by many friends. He had been ill but a very short time. His wife survives, with one son, Murray, at home, one daughter, Mrs. John E. M. Seely, 122 Adelaide street, and brother, Frank of Vancouver, and one sister, Mrs. Joseph Carter, of Public Landing.

AT ST. MATTHEW'S.
 The service on Tuesday evening in St. Matthew's church was conducted by the pastor, Rev. H. L. Eisenor. Rev. J. Berrie gave an address, based upon the "Tribute Money," which was most inspiring and helpful. Last evening the minister gave an illustrated lecture on the life of Christ, illustrated by more than fifty lantern slides. Great emphasis was placed on the latter part of the address, dealing with the Passion of Our Lord. The meetings have been well attended.

TEN NOW IN THE RUNNING

Big Field for Commissionerships—Three More With Hat in Ring Today, With Another Possible.

Matters in connection with the coming city elections developed a new turn this morning with the appearance of three more candidates for the commissionership, and the possibility of another appearing in the next day or two. S. Herbert Mayes, contractor of West St. John; Fred A. Campbell, president of the Trades and Labor Council, and Charles B. Williams, agent, 59 Paddock street, announced their intentions today of standing for civic honors. William L. Harding of West St. John, who has been talked of as a likely candidate, said he had not as yet made up his mind.

Those already in the contest were the retiring commissioners, Messrs. Fisher and Thornton, and the following new contestants: Dr. James H. Fisher, Hugh H. McLellan, Robert J. Logan, Charles T. Nevins and John A. Chesley. So far, E. Allan Schofield is the only candidate for the mayoralty.

TRADE OF ST. JOHN

The Board of Trade Journal for April notes the fact that from Nov. 1 to March 16 there were 153 steamers and two schooners, with a registered tonnage of 547,839 tons, handled at St. John, compared with 181 steamers, one bark and twenty-four schooners aggregating 528,295 tons in the corresponding period last year. Rain exported by C. P. R. this winter were 10,229,229 bushels, and 2,963,000 by C. N. R. Of course this record is not complete.

The following shows the shipping record at St. John for 1918 and 1919:

Steamers	1918	1919
Schooners	214	264
Barks	43	53
Overseas tonnage	2	1
849,296 tons, and in 1919 892,258 tons; coasting tonnage, 170,168 in 1918 and 283,888 in 1919.		

St. John's exports for 1919 were valued at \$149,986,167 and imports \$15,701,416.

QUEBEC DEPTICHT HAS SUDDEN DEATH.
 Quebec, April 1.—(Canadian Press)—Detective Trudeau, of the provincial police, and a former member of the Montreal police force, died suddenly yesterday on a C. N. R. train near Chamard Junction. He is survived by his wife.

CHARGE AGAINST A POLICEMAN

Fred Gaudet Denies Allegation of Getting Liquor for Man.

In the police court this morning Fred Gaudet, a member of the St. John police force was charged with getting liquor for a man. It was said that Frank Gavin was on his way from St. John to his home in P. E. I. and when between Moncton and Sackville a liquor inspector searched him and found part of a bottle of whiskey which he said he bought from the accused in St. John. On the promise that he would return when wanted, he was allowed to proceed to his home.

Inspector Bellevue of Moncton investigated the matter and the principal witness was notified to come to this city, and with the inspector arrived here last night. The case was called this morning and Gavin was put on the stand. He told of being in the city and said that the evening of March 4 he met the accused in Brussels street in uniform while on his beat, that he asked the policeman if he could get him a bottle of liquor and he answered that he thought he could, so the witness said he waited there about half an hour when the policeman came back with a bottle of Royal Arms whiskey, for which he said he paid about \$4.50. He said he put the bottle in his pocket and went to the Prince Albert hotel to his room and for the next morning for his home in P. E. I., but while on the train between Moncton and Sackville the bottle was taken away from him by a liquor inspector.

On cross-examination by J. A. Barry, counsel for the accused, the witness said he was with a man named Stapleton and they met the accused with Policeman McElhenney. When asked if he was drunk he said he was not although he may have had a drink or two. He said that he was not paid to come here to give evidence and that he had paid his own expenses and did not expect to get any of it back. He said he was not arrested on the train when the liquor was found on him. Many questions were asked the complainant as to whether he had been drinking before he met the accused, to which he said he had taken a drink while in the accused's residence at 88 Acadia street, that same evening. Besides the liquor alleged to have been gotten from the policeman, the witness said he had gotten a prescription from Dr. J. T. Dalton for a bottle of liquor and had it in a drug store in Mill street. He said he paid the doctor \$1 for the prescription and the druggist \$3.50 for the liquor. He said he took the liquor to his home and it was not opened until then. He said that he was not sick when he went to the doctor. This closed the case for the prosecution and the defense was taken up.

Policeman Gaudet said he knew the complainant and he met him in Brussels street but he emphatically denied taking any money from him or giving him any liquor. But he did say that the man who was with Stapleton and they were both under the influence of liquor, the complainant in a worse condition than the other man, and he told them to go to their room and he advised Stapleton to see that the complainant got there safely.

Policeman John McElhenney corroborated this evidence. Before allowing the policeman to leave the stand the magistrate called attention to the oath taken by them and read it over. The case was postponed until this afternoon. W. M. Ryan conducted the prosecution and J. A. Barry acted for the defense.

As a result of the previous case Doctor Dalton was called to court and charged with prescribing liquor unlawfully on March 4. He pleaded not guilty. Gavin was again put on the stand and he said he went to the doctor's office and got a prescription for liquor. He said the doctor asked him if he was sick, and told him he had a bad cough, so the doctor examined him, wrote out the prescription. He said he paid the doctor and walked out.

Dr. Dalton said he remembered the man calling at his office and that the way in which he prescribed for him was proper and legal. He said he examined his heart and lungs and the pulse, and a physician he prescribed what he thought was the medicine needed. Gavin went on the stand again and the doctor did examine him. The case was postponed until Tuesday at two o'clock.

Gladstone Johnson was charged with assault. His sister, Mrs. Evelyn Skinner, said she was in her home in Union alley on last Friday after her husband had gone to work and her brother muttering an oath made a rush at her with a knife, threatening her. She said she rushed out of the house. Her little girl also gave evidence, corroborating her mother's statements. The accused was sent up for trial. J. A. Barry acted for the defense.

Vincent Omaro was charged with being a stowaway on the S. S. Millinocket from the West Indies. He was sent into jail until the ship sails. Two men charged with drunkenness pleaded guilty and were remanded.

GIVEN PURSE AND SET OF PIPES

Evidence of the popularity enjoyed by George G. Graham among his associates in the C. P. R. in St. John was given yesterday prior to his departure for Perth, Ont., where he intends to take up duty farming. In their behalf N. R. Desbrisay, general passenger agent for this district, presented to Mr. Graham a purse of gold and a valuable set of pipes. He expressed regret at the departure of Mr. Graham and spoke of the good will and esteem in which he had been held during the ten or twelve years that he has been coming to this port. Best wishes for his success in his new field were extended. Mr. Graham replied suitably.

Several of the members of the staffs of the passenger department accompanied Graham as far as McAdam, giving him a hearty send-off. He has been port agent of the passenger department at West St. John for some years, coming here in winter and serving at Quebec in summer, and has been widely popular. Other friends will join with his associates in the company in wishing him much success. His place here has been filled by the appointment of Joseph E. Fontaine, who has been in the exchange department.

GETS INTO TWO LONDON BANKS

Forged Checks Passed—Took Month of Preparation to Succeed in Theft.

London, Ont., April 1.—A month's preparation enabled a handwriting expert to clear \$400 on a forged check, cashed yesterday by a local bank. The man who presented the check opened an account a month ago and made deposits regularly. Yesterday he presented a check for \$800 bearing the acceptance mark of another bank and casually intimated that he wished to deposit \$180, but required \$600 in cash.

LOCAL NEWS ACCIDENT. Roy Bedding, 105 Hazen street, was injured this morning while working in mill. A piece of wood struck him in the face, breaking his jaw bone. He was taken to the General Hospital.

USEFUL SERVICE ENDS. The Naval Transport office, 94 Prince William street, which was opened here after the outbreak of war, and which for the last two years was in charge of Captain A. J. Mulcahy, was closed last evening.

EARLY MORNING FIRE. A fire, which broke out in the home of James Jefferys, 177 Millidge avenue, early this morning did damage estimated at \$300. It was first discovered by Mrs. Jefferys, who awoke and smelt smoke. Upon investigation the fire was located in the upper section of the house near the chimney, and an alarm was sent in from box 188. The loss is covered by insurance.

MRS. SARAH M. HABERFIELD. Mrs. Sarah M. Haberfield, wife of John Haberfield, died this morning at her home, 272 Brussels street. She is survived by her husband, one son, John, and one daughter, Mrs. McCordick. Her funeral will take place on Saturday afternoon from her late residence.

MRS. THOMAS BEAMISH. The death of Mrs. Thomas Beamish took place today at noon at her residence, 84 Forest street. She leaves her husband, three sons, Edgar, William and John; two daughters, Mrs. James O'Brien and Mrs. Leo McLaughlin; two brothers, John and William Glynn, and one sister, Mrs. M. Allen, all of this city. A large circle of friends extend sympathy to the bereaved ones. The funeral will take place on Saturday afternoon from the residence of her daughter, Mrs. James O'Brien, Forest street.

GIRLS IN COURT. In juvenile court today two girls were charged with being out late at night and not being able to give a satisfactory account of themselves. Policemen Coughlan, who made the arrests, gave evidence. The girls said they were out for a walk and they declared they would keep the street at night. They are about fifteen years of age. The case was postponed for a further hearing this afternoon, but it is understood the girls will be sent to the Maritime Home for Girls at Truro, at their own consent, after application had been made by Rev. W. R. Robinson.

HERE ON HONEYMOON. Married yesterday at Young's Cove, Queens county, N. B., Mr. and Mrs. Ashley A. Colter passed through the city last evening on their way to Bermuda on a honeymoon trip. The bride was formerly Miss Lulu J. Dixon, daughter of Captain and Mrs. J. Dixon, popular with wide circle of friends. The groom is one of the proprietors of the Smith Foundry Co., Fredericton, son of the late Hon. G. J. Colter, and is well known in business circles through the province. On their return after their wedding trip, Mr. and Mrs. Colter will reside in Fredericton with all good wishes for future happiness.

HONORS CANADIANS. Montreal, April 1.—The Greek government has conferred the insignia of the Golden Cross of the Saviour on Colonel Sir George Eddison Burns of Montreal and the insignia of the Silver Cross of the Saviour on Captain Jules A. Duchastel de Montrouge for services rendered to Greek residents of Canada during the war.

Halifax Bank Clearings. Halifax, April 1.—Bank clearings for the week were \$4,111,753.88; in 1919, \$2,821,266.65.

EASTER AT ATLANTIC CITY

Fashion Pageant as Usual on Boardwalk—Rolling Chair Pushers in Demand—Hotels All Opening.

Atlantic City, April 1—Style showing preliminary to the great Easter pageant occupied the attention of the visitors over the opening week-end. Last week the temperature mounted to a point where wraps and overcoats were discarded and the women among the thousands of visitors appeared in the full glory of new frocks and hats. A real "riot of color" is due when the Easter parade gets under way, according to the early viewing, in which are being shown straw and light fabric hats of the newest fads is the sash girle of gypsy style made from gayly colored ribbons and long enough to float out in the lively ocean breezes. Mere man appears content with a collective new suit, although some of the younger blazes are appearing with fancy vests and wearing spots of delicate shades as appurtenances to their new suits.

The chief worry of the rolling chair barons is to keep up the supply of chair pushers, as the springlike days make walking more onerous and attract to the luxurious boardwalk vehicles. Wages for the human motor have soared to the distinction of salaries, and the more astute of the men have taken to making a selection of patrons by appearance as to willingness and ability to pass out fat tips. So far there has been no spring boost in the prices charged for rental of the rolling chairs, but it is expected that the pushers will attend to that matter with arrival of the final crush of the Easter crowd. Down Chelsea way it is no uncommon sight to see younger folk of fashionable families acting as propelling force for chairs carrying favored uncles and other relatives who are prone to enjoy services in simple style.

Most of the big hotels have given up the problem of attempting to care for more patrons until after Easter, and those who made early reservations are in luck. Kindly attempt is being made, and will be made to secure quarters for all arrivals through the rooming bureau conducted by the hotel men and civic organizations so that there will be no absolute necessity of leaving on the part of any who wish to be present on Easter Day. Railway facilities were strained to the utmost over last Sunday, and it is expected that every possible car and engine will be placed on seashore lines until after the big seashore occasion. Highways have improved wonderfully with the coming winter, sunny weather, and the motoring contingent increased by thousands during the last few days. The first bathers of the season appeared this week without arousing much enthusiasm among the boardwalk strollers, who showed sympathy with daring maids and young men who started the season with plunges in the still chilly breakers. Scores of yachts have been placed in commission, and the spring flight of golfers brought along their clubs for early season practice, which will be useful with the opening of the tourney season now not far away.

Preparation for Easter brought general life to the beach front this week. The Million Dollar Pier and the Strickland Pier are open and all the amusement enterprises, including theatres, are ready with special attractions for the Easter crowds. The leading hotels will have special attractions, one of the leading events promised for the remainder of the season is the grand promenade of the Traymore on Sunday evening, when Signor Giovanni Martinelli, tenor of the Metropolitan Opera Company, will be the soloist. The Traymore Quartette will furnish the remainder of the programme. Special concerts also are listed for the Marlborough-Blenheim, the Ambassador, the Breakers and other beach-front houses.

MYSTERIOUS ILLNESS DISTURBS MARLBORO

Due, City Physician Says, to Influenza Germ.

Marlboro, Mass., April 1—Citizens have been greatly mystified over the illness of a large number of persons in the last few days. It has mostly taken the form of a stomach trouble, accompanied by severe pains and vomiting. There have been no fatal cases.

For a time it was believed due to the town water, but examination has shown that the Marlboro water supply has one of the best analyses in the state and the purity of the water is beyond question.

Dr. O. G. Duhamel, city physician, said that he had a large number of cases which in his opinion were due to influenza of the bowels. He said that the germ is the same as that which caused the great epidemics that have taken place in this country during the last few years, but which attacked the lungs instead.

Dr. Duhamel has attended fifty acute cases himself.

Buy This Silver Cream Today

This is a most popular silver cream—because it is economical and highly efficient. Stains and tarnish soon disappear from knives, forks, and other silver pieces when you use **Ideal Silver Cream**. It imparts a brilliant lustre that makes silver look like new. It cleanses and polishes simply and easily. It cannot scratch the most delicate surface. Get a bottle today at your dealers.

A Pimply Face or Poor Complexion Quickly Restored

Thousands of young men and women would be handsome and attractive were it not for unsightly pimples, blackheads, and rough uneven skin.

A physician who has made a careful study of such cases, says that the quickest cure comes from a blood-building medicine like Ferronose. The minute Ferronose strikes the blood its good work begins. Poisons and food matter are expelled. Every trace of humor is driven out, and the whole life current is supplied with nutriment and health giving qualities.

ST. JOHN BILLS AMONG NUMBER

Matters in Fredericton House Yesterday—Opposition Leader Again.

Fredericton, March 31—As a stump speech delivered before a sympathetic audience, Hon. J. A. Murray's contribution to the budget debate today probably would be regarded as a success; as a piece of constructive criticism presented in the legislature it in itself was open to severe criticism. It may be remembered that Mr. Murray appeared to be seriously hampered in his budget speech last year by the simple change from the single entry to the double entry system of book-keeping which had been introduced, and today he seemed to experience the same difficulty in interpreting the accounts of the province. Possibly the trouble he has in understanding ordinary accounting methods may explain some of the figures which he used in his criticism; of course, he would not be guilty of deliberate misrepresentation and there must be some excuse for his peculiar methods in compiling figures and accounts.

Mr. Murray also was limited by his apparent ignorance of the fact that the purchasing power of the dollar has decreased within recent years, and consequently the only explanation he could find for the increased cost of the government services was that of extravagance—insisting on the purity of his motives, and intimating that political expediency was the farthest thing from his thoughts when he introduced his abortive stamp amendment. Mr. Murray talked for two and a half hours and talked at a rapid rate but during that time he said little that was new, and most of the material which might be regarded as new seemed to be open to correction and doubtless will be corrected as the debate continues.

Arthur J. Leblanc, of Restigouche, who followed Mr. Murray, promptly answered some of the statements made by the opposition leader, and made a striking comparison between the administration of the crown lands prior to 1917 and the methods now in use, referring to the

OPERATION WAS NOT NECESSARY

"Fruit-a-lives" Restored Her To Perfect Health

153 Papineau Ave., Montreal.
 "For three years, I suffered great pain in the lower part of my body, with swelling or bloating. I saw a specialist who said I must undergo an operation. I refused.
 I heard about "Fruit-a-lives" so decided to try it.
 The first box gave great relief, and I continued the treatment. Now my health is excellent—I am free of pain—and I give "Fruit-a-lives" my warmest thanks."
 Mrs. F. GARREAU.

advanced legislation and modern methods which have been introduced by the present government. He made the interesting announcement that proposals for a bridge across the Restigouche river had been submitted to the minister of public works and the latter had promised that the provincial government would do its share if the federal government would bear the proportion of the cost.

Mr. Feek, of Albert, was the last speaker of the evening and Mr. Dyart adjourned the debate.

Notices of enquiry were given as follows:

By Mr. Tilley—As to whether it was the intention of the government to request the New Brunswick Power Company to extend its line to Courtenay Bay; also as to whether it was the intention of the government to share with the federal government the cost of maintaining a labor bureau in the province.

Hon. Mr. Smith introduced a bill to amend an act relating to the town of Shediac.

Mr. Tilley introduced a bill to enable Centenary Methodist church of St. John to issue debentures.

Hon. Mr. Foster introduced a bill to amend the act respecting the St. John & Quebec Railway. He explained that it was to provide for the extension of the road north of Centerville, and for the continuation of the board of directors.

When the bill came before the house in committee he would make a statement with reference to the work of construction, the settlement made with contractors, the proposed extension, the state of litigation now pending, including a recent claim of A. R. Gould, and a statement on the position of the government with respect to the Prudential Trust Company.

Mr. Campbell introduced a bill to amend the act relating to street pavements in St. John.

Hon. Mr. Foster introduced a bill to further amend the St. John & Quebec Railway. He explained that the bill would provide for the funding of the indebtedness incurred in construction which had not been previously funded.

Hon. Mr. Foster moved that the time for introducing private bills would be further extended until April 7. He said that it was the last motion that he would make for an extension of time.

Soldiers' Memorial.

Hon. Mr. Byrne introduced a bill relating to the erection of soldiers' memorials. He said that many towns and municipalities were anxious to honor the memory of those who had sacrificed their lives during the late war. The bill empowered municipalities to make grants towards such memorials and to issue debentures on a two-thirds vote. There was the usual provision for the issuing of bonds and a sinking fund.

The Succession Duties.

Hon. Mr. Byrne introduced a bill to amend the Succession Duty Act of 1915. He said that the present act did not provide for a tax on estates under \$50,000, where the property went to a father, mother, husband, wife, son, daughter, son-in-law or daughter-in-law of the deceased, otherwise the tax was one and one-quarter per cent. On estates ranging from \$50,000 to \$200,000 the rate was two and one-half per cent. and it was five per cent. on estates exceeding \$200,000. Under the proposed bill estates to be exempted from the tax were one and one-half per cent. On estates ranging from \$50,000 to \$100,000 the rate would be two and one-half per cent. and from \$100,000 to \$150,000 four per cent. From \$150,000 to \$300,000 it would be five per cent. and would be graded up to \$1,000,000. When the estate passed to one person alone in class one exceeded

\$25,000 there would be an additional tax of one and one-half per cent. on that amount; if it exceeded \$100,000 and was less than \$200,000 there would be a further tax of one per cent. with higher additional taxes on larger amounts.

It was proposed in class two to include any lineal descendant of any child or grandchild of such brother or sister, or any brother or sister of the father or mother of the deceased, or any child or grandchild of such last mentioned brother or sister. If the property passes to persons in that class one the aggregate value of the estate exceeded \$10,000 and was less than \$50,000, the duty would be five per cent. if it exceeded \$50,000 and was less than \$100,000 the rate would be ten per cent. and twelve per cent. if it exceeded \$100,000. If the value of the property passing to one person in class two exceeded \$10,000 and was less than \$50,000, there would be a further tax of one-half per cent.

Class three would embrace those not in classes one and two. If the aggregate value of the property in that class exceeded \$5,000 and was less than \$50,000 the rate would be ten per cent. and if it exceeded \$50,000 and was less than \$100,000 the rate would be fifteen per cent. and if it exceeded \$100,000 and was less than \$500,000 the rate would be seventeen and one-half per cent. If more than \$1,000,000 it would be twenty per cent.

Mr. Baxter moved for the suspension of Rule seventy-eight to admit of the introduction of a bill respecting the paving of streets and sidewalks in St. John. He said that the matter had been taken up by a group of citizens, but they had only published the notice, one each in the four daily papers. The common council had not taken hold of the matter and it was proposed that any action to be taken under the bill would be based on the result of a plebiscite to be held in conjunction with the civic elections.

Rheumatic Pains
 Are relieved in a few days by taking 30 drops of Mother Seigel's Syrup after meals and on retiring. It dissolves the lime and other strong accumulations in the muscles and joints so these deposits can be expelled. Thus relieving pain and soreness. Seigel's Syrup, also known as "Extract of Roots," contains no dope nor other strong drugs to kill or mask the pain of rheumatism or lumbago. It removes the cause. 50c. a bottle. 11 drugists.

Will Take Off All Excess Fat
 Do you know that there is a simple, harmless, effective remedy for overfatness that may be used safely and secretly by any man who is losing the slimness of youth?
 There is; and it is none other than the tablet form of the now famous Marmola Prescription Tablets. You can wear a reduction of from two to four pounds a week without dieting or exercising. Marmola Prescription Tablets are sold by all drugists at \$1. for a large case, or if you prefer you can order direct from the Marmola Co., 304 Woodward Ave., Detroit, Mich.

GOOD SPIRITS and EFFICIENCY with GOOD DIGESTION

If your digestive system is not in good order, your spirits are affected and your efficiency impaired. Your happiness and your prosperity depend a great deal on your digestion.

HAWKER'S DYSPEPSIA CURE

Swift's Premium Hams and Bacon

THE universal desire to make Easter breakfast a really delightful meal, is easily fulfilled by housewives who use Swift's Premium Hams and Bacon.

A few slices of this mild, delicately-cured ham or bacon—cooked to a tempting brown—served sizzling hot—make a meal the whole family will enjoy. For Swift's Premium is outstanding in excellence: the Ham, because of its extra mild cure and juicy tenderness; the Bacon because of its succulent fat and enticingly flavored lean; and both because of their characteristic savouriness due to the exclusive Swift process of selection and curing.

Serve Swift's Premium on your Easter breakfast table and we know you will insist on this brand in future.

AMERICAN PRESS AND PEACE TREATY

Rejection of the peace treaty by the senate yesterday is a thing to be deplored from every point of view. Whether we look at the effect upon the troubled situation in Europe, at the consequences of continuing economic affairs in an unsettled state, at the rift such a condition creates between ourselves and our allies at the undesirability of further lending a partisan coloring to peace issues or the obscuring of domestic questions that by right should command attention in the coming campaign, the development is alike a source of regret.

Responsibility for this result rests with the irreconcilables of the two extremes—obedient Wilson Democrats that refused to join in a practical harmonizing programme and the so-called bitter-enders that stood out until the last against ratification in any form. As between these elements it seems impracticable and unprofitable to attempt any definite apportionment of the discredit accruing from the affair. One equally with the other is entitled to bear the badge of a "Battalion of Death."

Springfield Union.

The result is not a drawn battle. It is utter defeat of the highest hopes and aspirations and ideals of the nation. This disaster may be temporary; but it is sweeping. As to the one great question in the minds of the people—the treaty?—there can be, it seems to us, but one answer. The men who for partisan purposes and personal grievances against Mr. Wilson, deliberately used a majority in the senate and in a politically "stacked" committee to force through reservations that impaired the treaty and made it unacceptable to the president and, probably, to some of the signatories, are really responsible for the defeat of the war and war conditions—Columbia, S. C. State.

Both Senators Shields and McKellar of Tennessee voted against the treaty. They were actuated, however, by reasons as opposed as the poles. Senator McKellar was not satisfied with the reservations, taking the view of President Wilson—that they impaired Article X. The—to most of us—nebulous differences which were debated over in the dying hours, he contended, were real. Senator Shields, on the other hand, voted in favor of all the reservations and aided in loading the instrument with all the weight which Senator Lodge put on it, and then he calmly cast his vote to kill the treaty. The United States is left in a situation which makes it doubtful if we have won any of the objects which we entered the conflict. The world was crying for bread, and the senate has given it a stone.—Chattanooga News.

As much as the final rejection of the peace treaty by the senate is to be deplored, the American people and the world have at least the consolation of knowing now precisely where this country stands in its relationship toward the rest of mankind. We of the United States now have the satisfaction of knowing that so far as team-work among the enlightened nations to the end of reconstructing and pacifying the world goes, we, for the time being at least, are out of it. Our status is fixed, so far as the present senate can fix it. We are left in the attitude of having turned tail and fled from a situation which we, more than any other nation avowed, were instrumental in bringing about. The anarchy in Russia; the

revolutionary turmoil in Germany; the famine that is killing thousands in the Near East; the chaos that exists in the new Slavic nations; the controversy over Fiume; the domestic difficulties with which Great Britain is struggling; the industrial and economic unrest that prevails in our own country, in Italy, in France, in South America, in practically every other nation—it is all due primarily to the fact that the Republican machine politicians and a few sordid Democratic senators have for the greater part of the last year been playing cheap politics with the peace treaty and the League of Nations covenant.—Atlanta Constitution.

The optimist may still hope that this country will negotiate a peace treaty, along with our Allies, for it seems unthinkable that the United States should refuse to join in an effort through the treaty process to enter the great purpose for which it entered the world war. On the surface of things all prospects

looking to such action are in oblivion. All efforts to ratify the treaty which the president negotiated at Versailles have failed. The hope is that out of yesterday's defeat may come a better realization of the great responsibility that rests upon Washington; that the president may send the treaty back to the senate and reopen negotiations upon a basis of compromise. It seems incredible that there should not be a basis of agreement.—St. Joseph News-Press

PROMISES \$8 COAL FOR VANCOUVER

G. E. Macdonald, Former Truro Man, Says Huge Supply Available.

(Vancouver Sun.) When George E. Macdonald resigned from the position of general manager of the P. G. E. railway yesterday, it meant, in a roundabout way, the beta news the householders of this city have heard for many a day in these times of soaring living costs.

Mr. Macdonald promises Vancouver next winter's coal for eight dollars a ton, delivered in the householders' cellars.

For the last six months Mr. Macdonald has been pressed to accept the position of manager of the coal company in charge of sales, transportation and distribution for the Blackstone mines, near Jasper Park, just over the line in Alberta. Mr. Macdonald, however, was loath to give up his work on the P. G. E., the condition of which was showing good results from his management.

In his letter of resignation to the minister of railways, he expresses regret that he could not give longer notice, but he offers his services in an advisory capacity till May 1 next, provided he is allowed time to attend to private affairs.

Low Mining Costs. "Just why will you be able to lay coal down in the householders' cellars for \$8 a ton?" Mr. Macdonald was asked.

"In the first place," he replied, "mining costs will be the lowest probably in the world. The Blackstone mine is unique among coal mines. It is a huge mound of coal covered with a few feet of wash which can be hydraulized off, leaving the coal exposed so that it can be mined with a steam shovel. All we need to do is to build tracks into the hillside, put steam shovels to work and

WANTED-SOMEONE TO TAKE care of an elderly lady and do light housekeeping. Box R 66, Times. 2-9-11

load cars as fast as a gravel train is loaded, and in the same way.

"The haul to Vancouver is 700 miles, and I propose to ask the Dominion government for a rate of half a cent per ton mile, which would mean a freight cost of \$3.50 per ton to Vancouver. At present the rate is 1 cent per ton per mile, but there will be no difficulty in raising this to \$5.00 per ton. Millions of Tons in Sight.

"Surveys and measurements have shown that there are in sight 34,000,000 tons of high-grade bituminous coal, enough to supply Vancouver at the present rate of consumption for 170 years.

"A big coal traffic over 700 miles of the Canadian National railways will help to solve the car problem for our lumber shippers here, as the cars will not have to be hauled here empty for at least 700 miles."

"When do you expect to have coal on this market?" Mr. Macdonald was asked.

"Some time during the summer. We will have it here in time to supply householders with their next winter's needs," he assured the Sun.

"How about the quality?" was the next question.

"It is a high grade bituminous coal, equal to or better than any of the island coals, which cost city retailers as much as we will put ours into the consumers' cellars for," he said.

Important Industrially. "Speaking generally," Mr. Macdonald concluded, "I regard these coal measures as of the greatest industrial importance to the north. It is a good coaling coal and that means smelters for the mines of the north, and smelters mean the development of many mines, the ores of which would not pay to ship to any of the existing smelters."

The Blackstone mines are owned by Stuart Cameron and J. L. Davidson of Edmonton. Mr. Cameron is president of the company.

"Mr. Macdonald believes for the best in a day or so in connection with the new duties, and while there will take up the questions of freight rates and car supply with the management of the National railways.

BULGARIA SAID TO HAVE LARGE SURPLUS OF GRAIN. Quantity Available for Export Estimated at 1,000,000 tons.

Official advice from Sofia indicates that the grain crops of Bulgaria were very much larger than the requirements of the country. The surplus available for export is said to be approximately 1,000,000 tons. In order that the coun-

Mothers! Never Neglect Whooping Cough

Many mothers make the mistake of thinking that whooping cough is not of serious importance, but unfortunately this mistake often leads to the neglect of this dangerous child's disease.

Never neglect whooping cough, for it may be followed by some serious lung trouble.

Dr. Wood's Norway Pine Syrup is highly recommended by mothers every where for the relief of this trouble. It will clear the clogged-up air passage of the mucous and phlegm that has collected, and in this way bring on the "whoop" which brings the so-much-sought-for relief.

Mrs. Francis Burlington, New Gate, N. C., writes:—"This spring three of my children took the whooping cough, and they had it so bad I thought they would choke. I was getting pretty worried when my sister wrote me, telling me to try Dr. Wood's Norway Pine Syrup. I sent for some right away, and, believe me, I will never forget how it worked. I will always have it in the house."

There are many imitations of Dr. Wood's on the market. Get the genuine when you ask for it. It will pay in the end. Put up in a yellow wrapper; a pine tree the trade mark; price 25c and 50c. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

try may receive the greatest possible benefit from this export business, the grain has been placed under the control of a consortium formed by the national bank, the agricultural bank and the cooperative bank.

There is a strong belief in some quarters that the chief obstacle to the complete carrying out of the regulations which will govern the consortium is likely to be the hoarding propensities of the peasant. It is said that the peasant may wish to hoard the surplus of a good year until the crops of the following year are in hand.

MARINE NOTES.

The British steamer Hartmore has arrived at Portland (Me), where she will take on a part cargo of flour. She will later proceed to this port to fill up with grain.

The steamer Millinocket arrived in port yesterday afternoon at 5 o'clock, and docked at the Sugar Refinery wharf. She came from Neuvaits, Cuba, and has a large cargo of sugar for the refinery. She is consigned to Nagle & Wigmore.

RAPID RECOVERY IN ITALY'S TEXTILE PLANTS.

Recent reports indicate that remarkable progress is being made in the textile industries of Italy in regaining their pre-war production. The reduction of

Liver Trouble And Heartburn

All liver diseases of whatever character are diseases of the highest importance and demand the greatest attention.

The liver is the largest and one of the most important organs of the body. Its duty is to prepare and secrete bile and serve as one of the filters of the body, cleansing it of all impurities and poisons.

Therefore when the liver gets out of order it is the starting of trouble in nearly every part of the body.

Keep the liver active by using MILLBURN'S Laxa-Liver Pills and you will have no heartburn, constipation, biliousness, sick or bilious headaches, dull, yellow eyes, brown blotches, sallow complexion, coated tongue, jaundice, catarrh of the stomach, or the painful protruding internal or bleeding piles.

Mrs. John Keady, Chatham, N. B., writes:—"I have used MILLBURN'S Laxa-Liver Pills for some time and can recommend them to any one suffering from heartburn and liver trouble. I tried other remedies, but they only relieved me for a short time. I always have used Laxa-Liver Pills to all sufferers as I think they are a valuable remedy."

MILLBURN'S Laxa-Liver Pills are 98c a vial at all dealers or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

Murver, what makes you so cross?

Very often the answer is that "murver" suffers from backache, lumbago, or rheumatism.

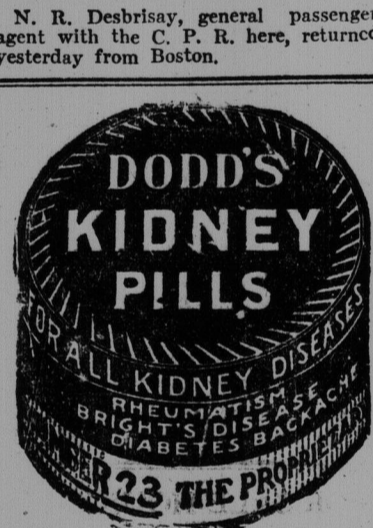

Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. There is no longer the slightest need of this, however, as the new Prescription of Dr. Pierce's called

ANURIC

gives immediate results as it is many times more potent than lithia in ridding the impoverished blood of its poisons by way of the kidneys. It can be obtained at almost any drug store, by simply asking for Dr. Pierce's Anuric (anti-uric-acid) for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine, sleeplessness due to constant arising at night.

If you wish to give Anuric a trial send ten cents to Dr. Pierce's branch Laboratory, Bridgeburg, Ont.

COLLINGWOOD, ONT.—"I suffered with muscular rheumatism for three years and have been completely cured of same by taking a few packages of Doctor Pierce's Anuric Tablets and Doctor Pierce's Golden Medical Discovery, after doctors' medicines failed to do any good whatever. I am now free from all signs of rheumatism, for which I most heartily thank Doctor Pierce and his wonderful medicines."—Mrs. KERWOOD COOK, Box 464.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, APRIL 1, 1920

NOW, as always, the soundest value for your money.

The Fit-Reform Label means today just what it has stood for, for years—worthy fabrics, careful tailoring, honest value and irreproachable style.

Fit-Reform
Donaldson Hunt
17-19 Charlotte Street

IF YOUR EARS RING WITH HEAD NOISES

If you have roaring, buzzing noises in your ears, are getting hard of hearing and fear Catarrhal Deafness, go to your druggist and get 1 ounce of Parmitin (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal trouble of the ears, is hard of hearing or has head noises should give this prescription a trial.

WIDOW AWARDED \$30,000.

Kissing an Issue in Breach of Promise Case.

New York, April 1—Mrs. Alice W. Moore of 154 West 94th street, widow of Robert Moore, a wealthy broker, was awarded a verdict in the supreme court for \$30,000 against Dr. Joseph A. McPhillips of No. 1 West 94th street for an alleged breach of promise to marry her.

A jury gave Mrs. Moore the verdict after having listened for several days to the evidence. Counsel for Dr. McPhillips moved to set aside the verdict on the ground that it was contrary to the weight of evidence. Justice Ford reserved decision upon that motion.

Mrs. Moore testified that not only did she allow Dr. McPhillips to kiss her

CURES A COLD QUICK AS WINK!

Easy as Rolling Off a Log to Stop a Cough or Cold With "CATARRHOZONE"

No more medicine for the stomach—that isn't where your cold is lodged. Just breathe in the healing vapor of Catarrhozone—a soothing healing medication that acts instantly. Colds, sore throat and catarrh fairly flee before Catarrhozone.

Every spot that is congested is healed, irritation is soothed away, phlegm and secretions are cleared out, and all symptoms of cold and catarrh are cured. Nothing so quick, so sure, so pleasant as Catarrhozone. Beware of dangerous substitutes meant to deceive you for genuine Catarrhozone. All dealers sell Catarrhozone, large size, which lasts two months, price, \$1.00; small size, 60c, sample size, 25c.

CHICAGO FIREMEN VOTE TO RESIGN

Not Satisfied With \$192 a Year Increase Voted Them.

Chicago, April 1—Five hundred Chicago firemen yesterday voted unanimously to resign in a body on April 7, in protest against the \$192 a year wage increase carried in the city budget. The budget added \$4,000,000 to the original appropriation bill and exceeded the city's estimated revenue by the same amount.

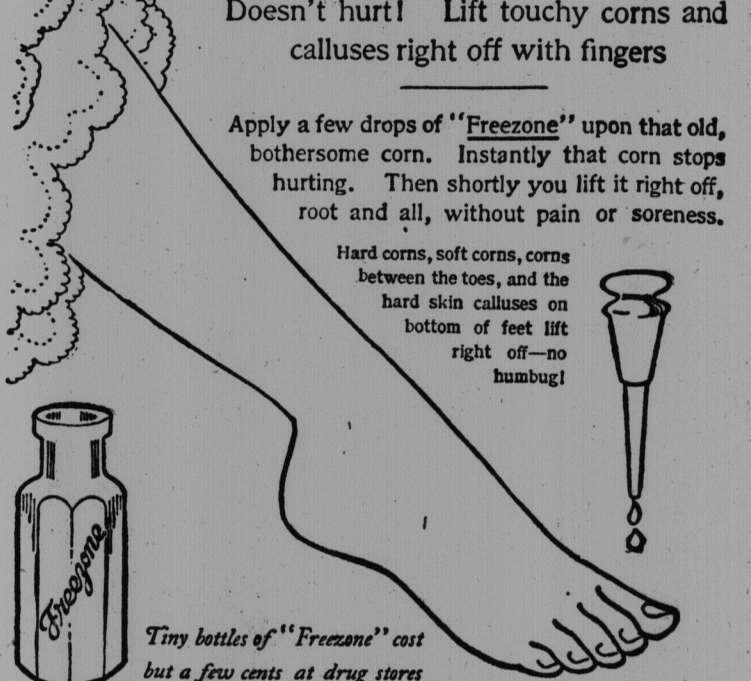

Salary increases asked by all city employees totaled \$5,000,000. Nearly 1,500 city employees were on strike yesterday for higher wages, and several hundred others were forced out of work through the tying up of municipal activities.

Increases of \$192 a year for policemen and firemen, \$150 for junior clerks, and \$150 for clerks in higher grades were provided in the budget. All of these employees asked for increases of \$300 a year.

HALF MILLION DOLLAR HOTEL FOR ST. JOHN'S, N.F.L.D.

Montreal, April 1—President H. D. Reid of the Reid Newfoundland Railway system said here yesterday that a new half million dollar hotel is to be built in St. John's in the course of the summer. Local interests will be largely represented. He also said that Henry B. Thomson, chairman of the Canadian Food Board and a member of the Lon-

Lift Off Corns!

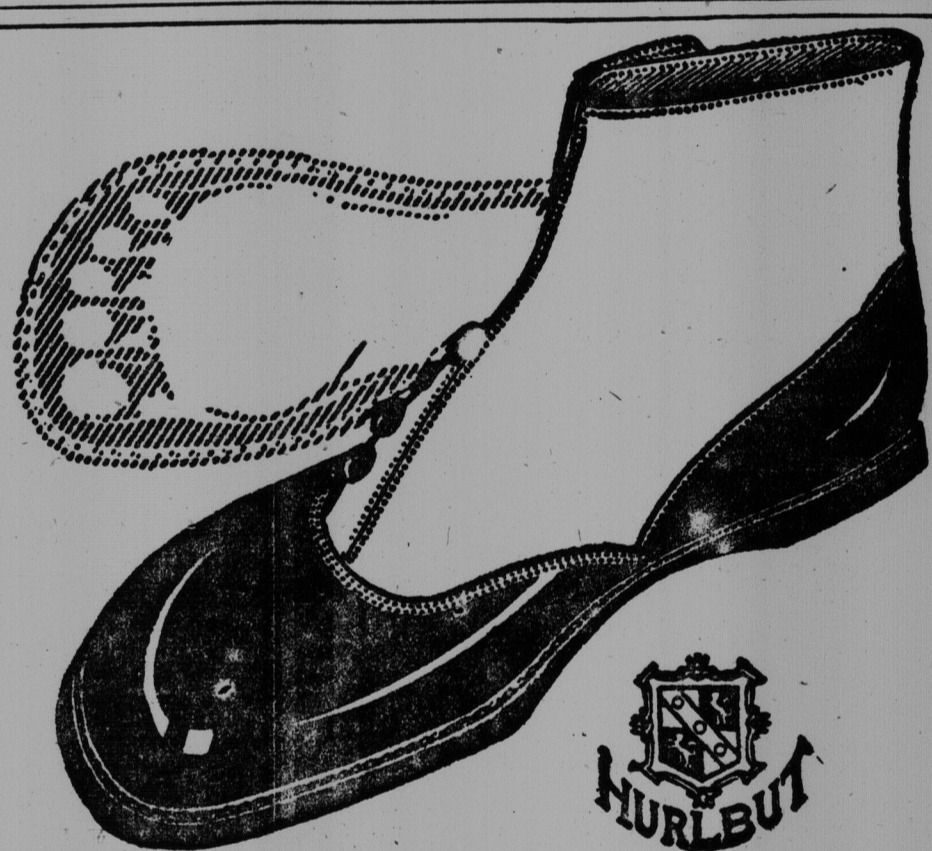

Doesn't hurt! Lift touchy corns and calluses right off with fingers.

Apply a few drops of "Freezone" upon that old, bothersome corn. Instantly that corn stops hurting. Then shortly you lift it right off, root and all, without pain or soreness.

Hard corns, soft corns, corns between the toes, and the hard skin calluses on bottom of feet lift right off—no hangover!

Tiny bottles of "Freezone" cost but a few cents at drug stores.

Without doubt—the highest quality Shoe for Children

ASK the mothers who have bought them and they will tell you very much what one mother told us:—

"I would rather buy one pair of Hurlbut Shoes than have three cheaper pairs worn out in the same time."

Ask the retailers who sell them: even those who do NOT, are compelled to admit that no other children's shoe surpasses Hurlbuts in those requisities—namely, Style, Comfort, and Durability—that constitute true QUALITY.

We, ourselves, claim there is no other shoe to EQUAL them. Only the best of material—only the most careful workmanship—and, first of all, only the most scientific principles of design—are allowed to enter into the construction of Hurlbut Shoes.

When you are asked to pay somewhat more for Hurlbuts than for "ordinary" shoes, remember that it is just this difference of price which makes possible the outstanding QUALITY contained in every pair of Hurlbuts and that they actually DO represent "lowest-price-per-day's-wear."

- Correct Shape for Growing Feet
- Broad Extended Sole Protects Uppers
- Flexible—No Tacks—No Ridges
- Cushion-Soled from Toe to Heel
- Ventilated for Comfort and Cleanliness
- Sturdy Grace and Refinement of Line

Canada's National Biscuit

THE soda biscuit is a Canadian institution—it is found on the big majority of Canadian dinner tables.

And of soda biscuits, McCormick's Jersey Cream Sodas are the leaders in Canada.

They have a reputation of sixty-one years' standing. What a test of the value of a food product!

Every one of the hundreds of thousands of Canadians who eat them know that the high quality is consistently maintained.

McCormick's Jersey Cream Sodas

Sold fresh everywhere. In sealed packages. Factory at LONDON, Canada. Branches at Montreal, Ottawa, Hamilton, Kingston, Winnipeg, Calgary, Port Arthur, St. John, N.B.

NEW ADDITIONS TO WOMEN'S SHOP AT OAK HALL

The Women's Shop at Oak Hall has been growing so rapidly that for the third time within twelve months it has been necessary to add new fixtures and re-arrange the existing ones to give truly satisfactory service.

CANADA'S COAL BILL WITH THE UNITED STATES

Ottawa, March 31—Canada's coal bill with the United States last year reached the tidy sum of \$70,603,005, for a total tonnage of 21,411,813 tons according to a return tabled in the commons this afternoon by Hon. A. I. Sifton, secretary of state.

THE DADDY OF THEM ALL

The question often arises: Whether it is best to stick to the old, or venture on the side of the new.

Dr. Wilson's Syrup of Tar — and — Cod Liver Oil

is an old, established preparation. So the dependability of the article is assured. However, our chemists are continually at work, and anything, which deserves recognition, receives it. Thus we offer the old and the new—the daddy of them all.

for the C. N. R. at Montreal; Mrs. O. B. Stoppord of Calgary, and Miss Lena at home, and Lee and Roy in the west.

INCREASE IN THE VALUE OF CANADA'S FARMS

In the last five years the value of Canadian farms has risen by \$14 per acre of 36.5 per cent. This is according to the carefully calculated estimates of the Dominion Bureau of Statistics.

1910 and \$22 in 1918, the value rose to \$35 in 1919. In Saskatchewan the value in 1919 was \$92, a rise of \$3 from the previous year, and \$8 since 1914.

Sheep averaged \$10 as against \$15 in 1918. Swine are valued at \$26 per head, a rise of \$1 from the previous year.
