ST. JOHN STANDARD AND MONTREAL STAR STATEMENT IS PROVEN TO BE A FALSEHOOD

The St. John Standard and Montreal Star charge that Frank Smith of Scovill Bros. & Co., for political purposes deposited in the Bank of Montreal a \$5,000 American bill, and drew out \$1,300.

The Star states that "the facts are attested to by a prominent business man of St. John, who saw Frank Smith deposit the American bill and subsequently draw out the money."

The answer to the Star and the Standard is given in the following affidavits:—

AFFIDAVIT BY FRANK C. SMITH

I, Frank C. Smith of the City of Saint John in the City and County of Saint John, Merchant, do solemnly Declare:

1. That I have read the article published in the "STANDARD" a newspaper published in the City of Saint John, on this date and titled "WHAT HAPPENED TO FRANK SMITH?"
2. That said article is absolutely false and untrue in each and every particular.
3. That I am a Stockholder and Secretary-Treasurer of Scovill Bros. Ltd., a Company doing a wholesale and retail clothing business at the Corner of King and Germain Streets in the said City of Saint John.
4. That I have not now and never had an account in the said Bank of Montreal in the said City of Saint John.
5. That I did not on the 30th day of August last or on any other date deposit in said Bank or hand over to any one in said Bank a \$5,000 American Gold Bond Bill and deposit the same in my own name or any part thereof. That I did not thereupon draw out \$1,300 of said deposit and walk out of said Bank and I make this solemn declaration conscientiously believing the same to be true and by virtue of the Canada Evidence Act.

Declared before me at the City of Saint John in the City and County of Saint John the 18th day of September A. D. 1911.

BEFORE ME W. M. JARVIS,
A Commissioner for taking Affidavits to be read in the Supreme Court.

(Signed)
FRANK C. SMITH.

AFFIDAVIT BY WARD C. HAZEN

I, Ward C. Hazen of the City of Saint John Province of New Brunswick, Accountant of the Bank of Montreal in said City and at present Acting Manager of said Bank in said City do hereby solemnly DECLARE:

1. That I have read the article in the Newspaper called the "STANDARD" a newspaper published in the said City of Saint John and headed "WHAT HAPPENED TO FRANK SMITH?"
2. That I am acquainted with the said Frank Smith a Stockholder and Secretary-Treasurer of Scovill Bros. Ltd., a Company doing a wholesale and retail clothing business in the said City of Saint John.
3. That the said Frank Smith did not on the 30th day of August last or on any other date deposit in the said Bank of Montreal at the Corner of King and Prince William Streets in said City \$5,000 in an American Gold Bill, in his own name or any other amount, or did any body else deposit such or any sum in his name.
4. That the said Frank Smith has no account in said Bank in said City in his own name or has had any account in said Bank and I make this solemn declaration conscientiously believing the same to be true and by virtue of the Canada Evidence Act. Declared before me at the City of Saint John in the City and County of Saint John the 18th day of September A. D. 1911.

BEFORE ME W. M. JARVIS
A Commissioner for taking Affidavits to be read in the Supreme Court.

W. C. HAZEN.

G. T. P. CHIEF ENGINEER HERE TO MAKE READY FOR TERMINALS

G. T. P. Engineer Declares that when development work here is finished this port will be best equipped on Atlantic seaboard—Engineer Bouillon declares it will be most up-to-date port of its size in the world—Work to be rushed—Use of hydraulic dredges in Courtenay Bay will facilitate construction work in many ways.

COURTENAY BAY AS IT WILL APPEAR WHEN THE GOVERNMENT SCHEME INVOLVING AN EXPENDITURE OF MORE THAN \$10,000,000 IS CARRIED OUT.

H. A. Woods, assistant chief engineer of the Grand Trunk Pacific Railway, who was in the city all day Saturday was seen by a Telegraph reporter and gave out a very important statement in regard to the work on the transcontinental's terminal site at the head of Courtenay Bay. Mr. Woods came here to continue the engineering studies necessary for the actual construction work on the terminal facilities.

Mr. Woods has full charge of all the G. T. P.'s construction work east of Winnipeg.

"We will be ready," he said, "with all our track and approaches before the government is ready with their wharves. We began our studies today, and I assure you that no matter how rapidly the government carries on its development work there, we will be waiting for them. It will not be a case of the government waiting for us. We have purchased the land and paid for it and the work will be rushed from start to finish."

"Who in the world," Mr. Woods asked, "started these rumors which I hear today that the Grand Trunk Pacific has not actually secured the land at this port necessary for their termini. Such statements are absolutely absurd and without the slightest foundation."

"Through the Grand Trunk Development Company, a subsidiary company of the Grand Trunk Pacific Railway, we have purchased the land and paid for it in exactly the same manner as we have purchased and paid for land at Prince Rupert and all the other large terminal points. The land at St. John is now owned by the Grand Trunk Pacific Railway and we are going to establish upon it magnificent terminal facilities."

"We pay no attention to those who say that we have purchased the land for speculative purposes because that statement is not true."

A. M. Bouillon, district engineer in New Brunswick for the G. T. P. said: "When the development work at St. John harbor is completed you will have the most modern and up-to-date port of its size in the world."

Continuing, Mr. Woods said that the G. T. P. would have tracks running down both sides of Courtenay Bay to the dry dock, the government wharves and sheds, and any industries that may be established in that vicinity. "In fact," he added, "practically speaking, our tracks owing to the connections which we will have with the government road, will circle the city proper. We are on friendly relations with the government, and I see no reason why arrangements cannot be made so that the Grand Trunk Pacific will be able to enter St. John over Intercolonial tracks. (Should that not be possible we, of course, would extend our own tracks.)"

Will Rush Work.

"Now that the contract has practically been let to Norton Griffiths & Company Ltd., the work on our terminal facilities will be carried on without delay. As you know, the use of hydraulic dredges at Courtenay Bay will make it possible for the contractors to throw the stuff lifted out back on the proper site for the made ground and this will facilitate the construction work immensely. Instead of being forced to tow this waste material out to sea and dump it, they will be able to utilize it to great advantage."

"The contractors, therefore, should make great headway with the construction of the wharves, but no matter when they may be ready we shall be waiting for them. It will not be a case of the government pushing us—we shall be pushing the government."

"We have begun our practical studies on our site here, and these will be carried out by my assistant, Mr. Bouillon, the district engineer for the G. T. P. in New Brunswick, and we are making plans for the most up-to-date terminal facilities."

G. T. P. Owns Land Here.

"How much land have you got at Courtenay Bay?" the reporter asked.

"We have about eighty acres there—bought and paid for, and then, I believe, the fore-shore rights will give us nearly as much more."

"These fore-shore rights, you understand, are to be taken over by the government, and this, of course, will be done in the proper way."

Mr. Woods here showed his plans for the G. T. P. work at St. John and explained thereon to the reporter just how much land he expected the fore-shore rights to cover.

"This, you see," he went on, "gives us quite a scope, but we always have to be sure that we have enough land to start with. We do not want to be delayed after we begin our construction work."

"This land then is really the property of the railway?" the reporter said.

"Absolutely," Mr. Woods em-

phatically replied. "Who in the world started these rumors which I hear today that the Grand Trunk Pacific has not actually secured the land at this port necessary for their termini or, that it is to be used for speculative purposes? Such statements are absolutely absurd and without the slightest foundation."

"Through the Grand Trunk Pacific Development Company, a subsidiary company of the G. T. P., we have purchased the land and paid for it in exactly the same manner as we have purchased and paid for land at Prince Rupert and all the other large terminal points. The land at St. John is now owned by the Grand Trunk Pacific Railway and we are going to establish upon it magnificent terminal facilities. We pay no attention to those who say that we have purchased the land for speculative purposes because that statement is not true. We will be ready with all tracks and approaches whenever the government is ready with their wharves. These statements that the G. T. P. has not purchased the land and that some other company has it for speculative purposes are very foolish."

Passenger Depot.

"What about your passenger depot?" the reporter asked.

"We will have a passenger depot at our terminal site," Mr. Woods replied. "Later the question of a union depot for the G. T. P. and other railroads in some other part of the city may arise, but in any case we shall have a passenger depot at our own place. I cannot, just at the present, give further details of the cost of our buildings, their dimensions and size, but as soon as possible we shall be very glad to give out to the public all the detailed information concerning our work at St. John."

Greatest Harbor of Its Size in the World.

"As a practical man and an expert, Mr. Woods, would you care to say just what you think of St. John harbor and the development work here?"

"Yes," Mr. Woods replied, "you have a great chance here to make a magnificent port. As a practical man, I think the government is on the right track, and I firmly believe that when the work here is completed, St. John will be the best equipped port on the Atlantic seaboard."

A. M. Bouillon, the G. T. P. district engineer in New Brunswick, whose head-

"We have purchased the land and paid for it," H. A. Woods said on Saturday, "and we will establish thereon magnificent terminal facilities, to be ready before government has its wharves ready—The rumors that the land was secured for speculative purposes are false."—It has been purchased in same way as at Prince Rupert and other large terminal points.

quarters are at St. John, said: "When the development work at St. John harbor is completed you will have the most modern and up-to-date port of its size in the world." Mr. Bouillon has had a wide experience in the west, and his statement is a very important one.

An Enormous Expenditure.

In connection with the work at Courtenay Bay, the following from Dr. Pugsley's speech in this city a few days ago shows some of the expenditures which are to be made there.

"Let me tell you," said Dr. Pugsley, "that the Courtenay Bay work is going ahead and the first contract for which Norton Griffiths & Co. Ltd. are the lowest tenders and which means the construction of a 1,000 foot breakwater, dry dock, berths and dredging, will cost us \$7,775,000. The ship repairing plant will cost something like \$4,000,000 more, and the whole harbor work, as outlined, will involve an expenditure of between \$12,000,000 and \$14,000,000."

"Today," continued Dr. Pugsley, "Mr. McNicoll, the general manager of the C. P. R., came to the city to arrange for going ahead with the development of the property taken over from the city on the west side, and he told me the company was prepared to co-operate in the government's scheme for harbor extension at Sand Point. Just as soon as the transfer was completed the government called for tenders for the construction of a sea wall and wharves costing nearly \$500,000. (Applause.)"

"OH YE OF LITTLE FAITH"

If the statements made by Conservatives were true, there could be no future for St. John as a winter port. They assert that, if our natural products are permitted to enter the American market free of duty, Canada's trade will be diverted into channels north and south, and the east and west trade of this country destroyed.

It is thus the contention of the Conservatives that our products will soon get free entry into the American market, and that this free entry will utterly destroy the hopes of St. John as a winter port.

There is, then, in their view, no hope for St. John. Any money spent in building wharves and warehouses would be wasted. If a Conservative government were in power it could only say to the people:—"You are at the mercy of the United States—they have the winter ports, and we can do nothing!"

Does any sane St. John man believe there is a word of truth in the Conservative contention? Not one. Mr. McNicoll, general manager of the C. P. R., does not believe it. Sir Donald Mann does not believe it. Sir William Whyte does not believe it. They are railway men, and they know that the trade of Canadian ports must enormously increase, getting freight from and for not only western Canada but the western States.

The electors of St. John will therefore support the Liberal government, which has faith in the country, faith in its trade routes, faith in its seaports and faith in the loyalty of its people.

QUEBEC STANDS BY SIR WILFRID LAURIER

The people of Quebec province will not desert Sir Wilfrid Laurier and his policy of a Canadian built navy, for Mr. Borden and his policy of heavy cash contributions to the imperial navy. The plan of hiring out their fighting does not commend itself to self-respecting Canadians in any province.

If, on the other hand, the people of Quebec should desert Sir Wilfrid Laurier to follow Mr. Bourassa, they would place themselves in opposition to any expenditure whatever for naval purposes. They would also declare themselves in favor of dividing Canada into rival camps, one French and the other English.

The people of Quebec will do nothing of the sort. They will not desert Sir Wilfrid Laurier for Mr. Borden, nor yet for Mr. Bourassa. To do either would be bad for Quebec and for Canada. Mr. Borden and Mr. Bourassa are working together to defeat the government, but the moment they succeeded they would quarrel over the question of Canada's part in imperial defence, and the country would be thrown into a fierce turmoil. The people of Quebec province know this, and will stand by Sir Wilfrid Laurier, who is the champion of race harmony in Canada, and of an imperial unity which harmonizes with local autonomy.

MR. BORDEN DOES NOT DENOUNCE THEM

Mr. Borden has not denounced Mr. Bourassa and his anti-British campaign. Here is what J. A. Renaud, a follower of Bourassa, and one of those seeking with Bourassa and Borden to defeat Sir Wilfrid Laurier, says about England:—"In 1899 England's war against that nation of heroes, the Boers, had aroused universal indignation. Why should Canadians have taken any part in England's massacre of the Boers? They had only, like the French Canadians of 1837, fought against their English oppressors. Any way, why should we fight for England? Has she ever fought for us? She would never fire a shot against the United States for our benefit. We owe nothing to England; we have done more for her than she will ever do for us. She never gave us liberty; we wrung it from her bit by bit. French Canadians, refuse to permit Mr. Laurier to continue his Anglo-Saxon policy to please Lord Grey, the Imperialist!"

It is upon men of this sort that Mr. Borden depends for victory in Quebec province. The loyal people of Canada had a right to expect Mr. Borden to denounce the fomenters of racial strife, but he has not done so. Mr. Borden himself, therefore, should be defeated.

THE LOCAL TORIES IN THE LAST DITCH

A glance at today's issue of the St. John Standard shows the desperate straits to which the Conservatives are reduced. The most reckless and untruthful charges are made against the Liberal party. It is accused of accepting American gold for campaign purposes, and of making the most bare faced attempts to bribe electors, either to vote for the government candidates or to absent themselves entirely on election day. It is quite clear that when the Conservatives resort to misrepresentation, and also an attempt to brand their opponents as bribers and dishonest persons, they have no confidence in the righteousness of their own cause, and know that the tide of popular feeling is running strongly against them. The people may expect during the next two days the most outrageous assertions to be made by these frantic advocates of a lost cause. Mr. Frank Smith in today's Times promptly and effectively refutes the charges made against him. There will be others.

THE FACTS ABOUT COURTEMAY BAY

"I firmly believe that when the work here is completed St. John will be the best equipped port on the Atlantic sea board."—H. A. Woods, assistant chief engineer of Grand Trunk Pacific.

"When the development work at St. John harbor is completed you will have the most modern and up-to-date port of its size in the world."—A. M. Bouillon, district engineer of Grand Trunk Pacific.

The above statements, made by responsible engineers, are coupled with the further statement made by Mr. Woods that the Grand Trunk Pacific will have its track and approaches at Courtemay Bay ready before the government can build the wharves. Mr. Woods is amazed at the statements made throwing doubt upon the purchase by the Grand Trunk Pacific of eighty acres for its terminals at Courtemay Bay.

The electors of St. John will not permit themselves to be deceived by the reckless statements of Conservative speakers. The port of St. John is on the eve of an era of enormous development. Those who will carry on the work are the federal government, the Canadian Pacific Railway and the Grand Trunk Pacific Railway. A vote for Dr. Pugsley and Mr. Lowell is a vote for St. John.

SIR MAX AITKEN GIVES DENIAL TO REPORTS

London, Sept. 18.—(Canadian Press)—Sir M. Aitken, speaking in Manchester, said that many reports were circulated about him, now that he had the honor of representing the Lancashire constituency. He first denied that he had cornered cotton and thereby interfered with Liverpool cotton workers, and characterized as the story that he had bought shares in the Canadian Cement Co. company for seventeen million dollars, and sold them at a profit of fourteen million dollars. Sir Max concluded by saying he would not touch a penny of the money paid as salary by the government.

MAN EATING TIGERS SLEW 67 PEOPLE

Awful Mortality in India Caused By Wild Animals—Snake Bites Alone Killed 22,478—Some 93,000 Cattle Victims

Calcutta, Sept. 18—According to a statement published by the government of India the total number of persons killed by wild animals in 1910 was 2,400, compared with 2,406 in 1909. Man-eating tigers were more aggressive in the Sundarban portion of the Khasia district, and this is attributed to the diminution of their natural food supply, owing to the drowning of large numbers of deer in the storm wave which accompanied the cyclone of 1909.

In the central provinces and Berar, tigers destroyed sixty-seven victims, as compared with 102 in the preceding year. Six known man-eating tigers and two panthers were killed during the year in these provinces. The abnormal number of deaths due to wild pig in 1909 in eastern Bengal and Assam—126—was not maintained, though fifty persons were victims to these animals.

The total mortality among human beings caused by snake-bites rose from 21,984 to 22,478. An increase in eastern Bengal and Assam is attributed to snakes being driven by high floods to take refuge in the raised village sites. Both in this province and in the United Provinces a considerable number of cases were treated with the Brinton lancet and permanganate of potash, and a high proportion of them are reported to have recovered. No reliable deduction can, however, be drawn from the use of this lancet, owing to the lack of proof that the bites it was used upon were really those of poisonous snakes.

The number of cattle killed by wild animals was 93,074, against 94,207 in 1909. Rewards are paid for destruction of wild animals and snakes. In 1910, 1,421 tigers, 5,029 leopards, 2,292 bears, 3,114 wolves and 91,104 snakes were killed.

MURDERER SLAYS FIVE AND HIMSELF

Appalling Tragedy in Hessian Village—Awful Revenge of a Young Man Because Fault Was Found With Him

Rein, Sept. 18—An appalling tragedy almost without a parallel in the history of crime, is reported from the Hessian village of Rendel. Wilhelm Gunderloch, a young peasant of dissolute habits, after squandering the sum of \$25,000, which had been hoarded up by his father, sold his farm about a year and a half ago for \$11,300, and, abandoning his wife and children, made off to London with the money. Before leaving he threatened to return some day and murder every one of his relations because they found fault with him. Some time before that he had already shot his brother dead, but had been acquitted on the ground that he had acted in self-defence.

On his departure his wife went to live in the house of her parents, whose name was Eberhard. They had also with them another daughter and her husband, Wissembach by name. A little before 6 o'clock in the morning Gunderloch arrived at Rendel in a motor-car, which he left outside the village, so as to avoid attracting attention, and stealthily made his way into the courtyard of his father-in-law's farm, where he hid himself. Punctually at 5 o'clock, according to his plan, he entered the yard to feed the hens. He was confronted by Gunderloch, who shot him dead with a couple of bullets from his double-barrelled rifle.

The murderer then rushed into the house. There he met his mother-in-law who was coming down stairs. Without speaking a word he raised his weapon and fired. The old woman was struck in the body and fell dead on the stairs, where her corpse was found in a sitting posture. Gunderloch then went up stairs, and entered the bedroom occupied by Frau Wissembach. The woman, clad in a night dress, was standing at the open window, screaming for help. Another double shot from the rifle killed her instantly.

Meanwhile her husband, who had been in bed in the neighboring room, had sought safety in flight. Gunderloch pursued him downstairs, reloading as he went, and reached the door in time to lay the fugitive low with another fatal couple of bullets.

Of the adults in the house only the murderer's own wife now remained alive. The wretched woman had in her terror sought out a window that opened on to the roof of the neighboring house, and from this she had frantically torn a score of tiles in the hope of escaping through the hole. But her blood-thirsty husband was too quick for her. He discharged both barrels into her body as she hung half out of the window. She, too, expired immediately.

Apparently Gunderloch made no attempt on the lives of his two little children, but after killing his wife quietly left the house with the rifle under his arm. The neighbors, alarmed by the shots and shouts for help, had gathered round the farm, but none dared approach the man who had just given such evidence of his marksmanship and his contempt for human life, and he disappeared unobserved among the gardens that surrounded the village. The pursuit of the desperado was taken up by police dogs, which found him lying dead in a potato field. He had finished his terrible deeds by firing a bullet into his own mouth. Gunderloch was only twenty-six years of age.

ARCHBISHOP'S PROTEST AGAINST THE BIG HATS

Milan, Sept. 18—The Archbishop of Genoa has addressed a letter to his clergy directing them to exhort the female members of their flock to abstain from wearing the enormous hats now in vogue. He points out that these monster hats prevent lumber members of the congregation, who wear a simple mantilla on their heads, from getting a glimpse of the altar and of the officiating priest.

Mr. Baxter's Endorsement of James Lowell As the Abe Man Who Does Things

"After what you have done for the city it would not have been fair to have lost any part of what you have worked so hard for - - - It just shows what a live man can do when he makes up his mind what he wants and has got enough force of character to keep at it until he gets it. The city owes you a debt of gratitude which I hope the citizens will appreciate."

J. B. M. BAXTER Read prominent Conservative's strong commendation of Liberal Candidate in City and County.

JAMES LOWELL Liberal Candidate in City and County. The man who gets things done.

A NEW MOUNT, 100 FEET HIGH, FORMS ON ETNA

Eruption Loses Some of its Force, But Immense Flood of Lava Continues to Cause Great Destruction

Catania, Sept. 18.—(Canadian Press)—Although the eruption of Mount Etna seems to be losing something of its activity, and the earthquakes are less frequent in occurrence, the immense flood of lava which has spread down the mountain continues its work of destruction. There are now five main streams stretching for miles over the country. Professor Bisco, director of the observatory, after spending two days on the top of Mount Etna for the purpose of making observations, has returned to the observatory. He said that the initial speed of the lava at the mouth of the crater, has slightly diminished, but that incandescent material is still being poured out in perhaps as great a quantity as on the first few days. Several cones have formed near the new crater, varying from 25 to 100 feet in height. A new mount 100 feet high has sprung up and is emitting smoke and cinders.

GREAT PLOT TO UPSET ALL SPAIN

Barcelona the Centre of Revolutionary Campaign of Strikes, Wire Cutting, Dynamiting and Suppression of the Newspapers

Madrid, Sept. 18.—(Canadian Press)—The ministry of the interior is authority for the statement that the Barcelona police have unmasked an elaborate revolutionary plot. A campaign is to be directed by a committee composed of Spanish and foreign anarchists and syndicates, acting with a certain political group. It will include general strikes, the cutting of wires, the dynamiting of railroads and the forcible prevention of the publication of newspapers. It is expected in this way to terrorize the people. As a beginning of the campaign, an effort was made last night to prevent the publication of several newspapers in that city, but it did not prove successful.

BRITISH STATESMEN SEE NO DISLOYALTY IN RECIPROCITY

Quebec, Sept. 16.—The following cablegram was sent to London Wednesday: "Quebec, Sept. 13. To Daily News, London. Tariff reform and Tory press agencies are actively circulating prejudicial statements that British statesmen denigrate the reciprocal agreement with the United States as disloyal to the Empire. Liberal leaders here see you to compile a statement summarizing the views of British statesmen, particularly cabinet ministers, contradicting this disloyal cry. Please cable summary for immediate publication at our expense. (Signed) 'LAVIGNE,' 'Newspaper, Quebec.'"

THIS IS THE FIGHT OF FAMILY MAN AGAINST THE FOOD COMBINES

Here Are Facts in Contrast to Ravings of Tory Papers—A Fight for Happier Home, Cheaper Living and a Bigger St. John

The family man—he who has to pay the grocery bills every Saturday night—is seeing clear daylight ahead of him on this great reciprocity question despite the strenuous and persistent efforts of the unscrupulous Conservative press to cloud his eyes with wild flag waving, frantic "loyalty" spasms and abusive misstatement concerning the cost of living under the proposed agreement.

Now here are a few homely facts—not vague political "arguments," but straight honest man-to-man talk. Let the sensible reader throw away party prejudices and weigh them carefully. It means much to him to do so:

First—The removal of duties upon food never did, or never will, make living dearer. It makes it cheaper. Second—The cost of living has always been regulated in this bounteous land by trusts and combines. Canada has a large group of these manufacturers' "trusts" such as the canning combine, the pork packers' arrangement, the cereal food understanding, etc., etc.

Third—These groups of manufacturers—the firms who send out their travelers and fill grocery shops with tinned and packaged wares—have been buying from our farmers at starvation prices and after a comparatively cheap process of preparation the same goods have been sold to a profit immensely disproportionate to the prices at which they purchased the goods in the first place.

Fourth—Can't you see that it is why "the man between" is raising such a row over the proposed cheapening of food-stuffs, glass, and other useful articles, were a valuable china chest from T. R. McCarry, manager of the Prudential Co., and a parlor chair from the groom's fellow employees. A gift of a parlor chair was also received from the bride's associates in Brook & Peterson's. The groom's present to his bride was a pearl earring. As the bride's gift was a pearl earring, the groom's gift was a pearl earring.

Worldwide Grief and Horror. At Paterson's Hall Saturday evening the choir of the English Patriotic League sang the hymn. After he had wiped his face with his handkerchief, he produced a handkerchief with the Union Jack stamped on each corner, and wiped several large tears from his eyes. Then he said: "I hope my heart is sad, Canada is the chief mourner in this bereavement. The Union Jack needs to break it in twain. When I think of what our fellow subjects in other parts of the empire will think of us, if reciprocity should be adopted, I weep. When I think of the expression of scorn that will greet over the faces of our fellow subjects in Rome when they hear that we are eating sweet potatoes from the States without paying duty on them, my head droops. What will Patriot Hatheway say to the loyal citizens of New Guinea and the Fiji Islands on his next tour of the world when they ask him why he eats Yankee tomatoes that have paid no duty, and continue to live in a country which lets its fish go into Boston without paying tribute. All round the world, in Malia, Cyprus, Panning Island, Nigeria, the Sudan, Hong-Kong, Aden and St. Helena, the people are asking with bated breath whether their fellow subjects in Canada will dissolve the Empire or stand by the old flag. I cannot speak any further. My heart is too full. Let us weep."

THE TIMES' NEW REPORTER

Lord Morley, March 6: "If there was to be annexation it wouldn't be the result of this agreement." Mr. Hildane, May 15: "The policy of the British government was to give every facility to Sir Wilfrid Laurier and the Canadian people to enter into the proposed agreement and thereby, as the government believes, to take the first steps for the development of Canada."

ECHOES OF THE GREAT CAMPAIGN

THEIR HONOR ROLL. Take note of this group of ardent patriots who are sure Borden will win, but who declined to take the risk of becoming candidates to take him over Canada and the Empire:

Hon. Richard McBride. Hon. J. P. Bowser. Hon. R. P. Roblin. Hon. Bob Rogers. Hon. John D. A. Macdonald. Hon. Clifford Sifton. Hon. J. D. Hanson. Hon. J. K. Fleming. (And many others.)

TRUST PLEDGES WORKERS AGAINST RECIPROCITY. (Montreal Witness). Alphonse Verville, Labor candidate in Maisonneuve, last evening, before a large crowd, at College Hall, Maisonneuve, read the letter of trust which pledged his workers to vote against reciprocity. A general cry of reprobation saluted the reading of the letter, and a chorus of cheers saluted Mr. Verville's counter-statement that the workers would remain true to their own interests and vote for reciprocity.

BORDEN EXPOSED. (London, Ont. Advertiser). In his election manifesto and in his speech here at London, Mr. Borden said not a word for any sort of assistance to the mother country in the matter of defence. His non-committal words were fully interpreted the other way by his friend, Mr. Bourassa. In Quebec a week ago Mr. Borden spoke on the platforms of Messrs. Davidson and Pickett, English Conservatives, who are among the twenty opposition candidates in Quebec pledged, according to Le Devoir, against any form of assistance to imperial defence.

BROTHERS IN ARMS. (Montreal Herald). When Mr. Bourassa was discussing reciprocity last February and finding it good for Canada, he one day ventured the opinion that "if from this convention greater prosperity comes to Canada, the Empire will benefit by it, and the Canadian people will be only the more faithful to the English crown." This made the Toronto News very angry, for the News was all ready opposing reciprocity. It intimated that Mr. Bourassa was dissembling, and that if he really believed what he wrote he would be against the agreement, adding, "There can be no doubt that the Nationalists are resolutely opposed to all Imperial enterprises. The News at least has not a atom of evidence in their professions of devotion to the British Crown."

DO YOU WANT HIGH TARIFFS? (Ottawa Free Press). If reciprocity is defeated the high-tariff manufacturers and capitalists now financing and managing the Tory campaign will come into power. They want a tariff as high as Hannan's galloway. They say they are opposed to the British preference. (Continued on page 9, first column.)

Does St. John want to go on its knees again to Finance Minister Foster to beg for crumbs? Or will it stand by the man and the government who recognise the claims of this national poet? New Swimming Record. New York, N. Y., Sept. 17.—James H. Reilly, of the New York Athletic Club, made a new American record in the 100 yds. mile swimming championship race at Rye, N. Y., yesterday. He covered the distance in 25.40, six and one-fifth seconds faster than the previous record held by himself. "Bud" Goodwin was less than two feet behind. Zealand Tobias, an Australian champion, was defeated by 100 yards.

STONE OF DESTINY ROCK FROM WHICH MOSES BROUGHT FORTH WATER? London, Sept. 18.—Preaching yesterday in Westminster Abbey, Archbishop Wilberforce astonished the congregation by quoting a well known antiquarian who has specially studied stones as saying that the stone of destiny, beneath the British coronation chair, is also the rock from which Moses struck water for the thirsting children of Israel.

EDISON'S CAR KILLS CHILD. New York, Sept. 18.—A twelve year old child was run over and instantly killed yesterday by Thomas A. Edison's automobile at Lauf Bavaria's short distance from Nuremberg. A special despatch to the World from Lauf says Mr. Edison's car does not appear to have been guilty of carelessness, but the party has been detained pending a hearing today.

CELEBRATE ANNIVERSARY. Hearty congratulations are being extended today to Mr. and Mrs. T. E. Simpson on the anniversary of the fourth year of happy wedded life. The celebration of the day at their summer cottage, Comaly, at Jersey Cove, where friends gathered to wish them continued prosperity. Mr. Simpson is city traveler for Hall & Fairweather.

TO JOIN CHOR. The Portland Methodist Church choir resumed their choir rehearsals last Thursday evening, after a vacation of six weeks. There are still a few vacancies for male voices in the choir and the leader will be glad to meet any tenors or basses desiring of joining, on Thursday at 8 p. m. 7829-19.

NOTE CONSERVATIVE MEANS TO ASSIST IN CRIME OF CENTURY

Strong Imperial Reasons Why Reciprocity Should be Adopted by Canada—This is Not Time for Bourassa To Have Say in Dominion Affairs

Editor Times. Six—Great Britain, under the oversight of Ambassador Bryce, has just negotiated and concluded a treaty of arbitration with the United States, and Canada, under the oversight of Ambassador Bryce, has just negotiated an agreement for the trial of more friendly trade relations in natural products with the same great nation, the agreement being subject to cancellation at the will of either party at any time.

Every elector must assume his full responsibility in the great question to be decided on the 21st, and I confidently assume that, on that day concerned will speak out with no uncertain voice in favor of the creation of a hostile feeling in the history of the British Empire. This is not a time for a Bourassa to have a say in the government of Canada.

It is on the 21st St. John people vote against the Hon. William Pugsley and James Lowell, they will be assisting in the commission of the crime of the century, because they will not only be declining what all Canadian statesmen have been striving for, for nearly a half century, namely, a fair reciprocity agreement in natural products only, but they will be assisting in undoing the great work accomplished by British statesmen when the

Railroad Situation Bad and There is Fear of Another Great Eruption in the United Kingdom Meetings in England. London, Sept. 18.—(Canadian Press)—A serious railroad strike has broken out in Ireland, and has caused renewed fear that simmering dissatisfaction of the laboring men in the United Kingdom will boil over.

RIOTS IN VIENNA OVER HIGH PRICES. Vienna, Sept. 18.—A critical situation has arisen in Vienna owing primarily to the high prices of the necessities of life. Riots broke out yesterday and many persons were killed or wounded. Troops fired on the mobs, which had erected barricades in the streets. There was a fierce exchange of bullets, and the soldiers were killed with all sorts of missiles.

CHOLERA KILLS 418 IN ITALY IN ONE WEEK. Chiasso, Switzerland, Sept. 18.—The official statement issued by the Italian government, as to the cholera conditions in that country, records 1800 cases and 418 deaths in Italy for the week of Sept. 3 to 9.

acceptance of the American terms implies any weakening of allegiance to the British imperial side. It implies, in our opinion, nothing of the kind. "The Times" Toronto correspondent cables the same day: "It cannot be too strongly stated that the actions of Canada have no connection whatsoever with her allegiance to Great Britain."

"Daily Telegraph, Dec. 3. 'The Canada abandoned the Mother Country?' The reply is a thousand times 'No!'"

accepted, and as equals it is not our business to comment upon, or criticize the actions, motives or ends aimed at by our brothers. Lord Selborne, May 18, said they had no concern with domestic politics of Canada. He made no complaint against Canada as she made work out her own salvation.

"Tariff reform press comments: 'London in the Times' Jan. 20: 'We should be the last to believe that Canada's self-governing parts of the empire are contented, and as equals it is not our business to comment upon, or criticize the actions, motives or ends aimed at by our brothers.'"

"Mr. Balfour, Feb. 8: 'Great Britain is simply first among equals, so far as the trade of Canada with Fiji and those other places amounted to was denominated as a traitor and thrown from the hall.'"

A. R. Gould's Statement to Conservative Meeting in Centreville—Hazen Speaks of Contract About to Be Let

Centreville, Carleton county, Sept. 16.—A Conservative meeting was held here this evening and was addressed, among others, by Premier Hazen. Evidently with the hope of making some capital for the provincial government, Mr. Hazen had A. R. Gould, president of the St. John & Quebec Railway Co., present. Referring to Mr. Gould as the contractor with whom the provincial government was about to enter into a contract for the building of the St. John Valley Railway, the premier called upon Mr. Gould to speak regarding the Valley railway situation.

HERE'S THE RECORD OF THE FILING OF DEED OF G. T. P. PROPERTY

Copy From Registrar's Files Should Silence Finally The Silly Statements of Standard That Land for Terminals at Courtenay Bay Has Not Been Secured

At the office of J. V. McLellan, registrar of deeds, King street east, this morning, a Times reporter was shown the registration of the transaction by which the Grand Trunk Pacific Railway Company claims into possession of the lands and riparian privileges at Courtenay Bay, on which they propose to erect their terminals. The deed was signed on April 9, 1910, is numbered 8325, and states that for a consideration of the lands in question past from the ownership of Thomas Gilbert, et al, and into the control of the Grand Trunk Pacific Development Company, which, as explained in a message from Wm. Wainwright, vice-president of the road, is subsidiary to the G. T. P. Railway Company.

In the record the "G. T. P. Development Co." is mentioned as being "duly incorporated," and the purpose of the transfer is that they gain possession "to have and to hold the said lands and premises and all rights, title, and interest of the said parties hereto of the first part therein with the appurtenances unto the said company, its successors and assigns to, and for the use of the said company, its successors and assigns forever."

The "parties of the first part" are mentioned as follows: Thomas Gilbert, Marion Jean Gilbert, J. S. Gilbert, Elizabeth Wilson, and Elizabeth Wilson, trustees under last will and testament of Bradford S. Gilbert. Signed, sealed and delivered in the presence of J. Roy Campbell.

The date of registration is given as April 29, 1910.

The billiard tournament for the seniors will be started the first of next week. The tourney gives promise of being very successful.

POLICE COURT

A Carleton Case—Judge Comments on Park Matter—Three Seamen Willing to go; Two Not

In the police court this morning, Edward Donovan was fined \$8 or thirty days in jail on the charge of drunkenness, while John Mullin and Edward Speight were remanded on a like charge.

Arthur Craft, charged with assaulting Isaac Craig, and also with breaking windows in the latter's house in Market Place, West End, pleaded guilty to the charges. The plaintiff testified that Craft had hit him twice on the head while he was standing in his yard. The defendant and his wife and daughter gave evidence and placed the blame on Craig. The case was adjourned until tomorrow morning at 10 o'clock in order that more witnesses might be secured. Daniel Mullin, K. C., appeared for the defendant.

The names of a man and woman reported to have been arrested in Rockwood Park on Saturday afternoon did not appear on the police sheet this morning, and the court made some comment on the matter, saying that all persons arrested should be brought before the court.

Five sailors—Samuel Westcott, Richard Tapp, Andrew Jensen, Percy Richards, and Henry Kennedy—arrested some time ago for refusing duty on the S. S. Nortco, were again brought into court this morning. Westcott, Jensen and Kennedy agreed to go to sea again and will be allowed to go this afternoon. Tapp and Richards refused to go to England in the steamer and were sent back to jail.
