SOME FACTS.

There are a few facts that we wish to impress upon the minds of our customers and the public generally, and to impress strongly.

- 1st. That our stock is full to overflowing with just the kind of goods needed for fall and winter wear.
- 2nd. That while we endeavor always to keep goods that we can confidently recommend to our customers, our prices will always be found as low, and in a great many cases lower than can be found elsewhere.
- 3rd. Our aim is to make every purchase satisfactory to the customer. Should there be any fault kindly let us know so that we may do what we can to rectify it.

KEEP YOUR HANDS WARM.

Our stock of gloves surpasses anything we have ever had. Ladies' warm fleece lined cashmere gloves at 25c, 28c, 30c and up to 50c. The cheapest of these are real cashmere, the better qualities are buttoned. Ladies' fancy knitted wool gloves 25c, 30c and 45c. These are very fancy patterns and the colorings are superb. Ladies' black knitted wool gloves with colored soft warm wool lining at 45c. Children's and misses' fancy wool gloves at 20c and 22c. Ladies' lined kid gloves, fur tops, 75c, better quality 90c. Ladies' Astracan black mitts, \$1.00. Misses' grey Astracan mitts, 90c. Men's black fleece lined wool gloves at 35c and 45c. Men's fancy warm wool gloves 50c. Men's hand knit wool gloves, wool lined 50c. Men's unlined mitts at 25c and 35c. Men's muleskin mitts, one finger, 35c. Men's lined kid gloves 75c, \$1.00 and \$1.25. Men's Mocha kid gloves, \$1.50. Men's fur lined gloves \$2.50. It would take more space than we have at our command to tell all the merits of our gloves, mitts, etc. The above is but a small description of what we have in stock.

Don't forget that WEDNESDAY is our **BARGAIN DAY** spelled with a big "B". Besides the general discount that prevails all over our stock, we will have this week some special bargains.

DEDICATED.

The Beautiful Roman Catholic Church

AT BATHURST.

Dedicated on Oct. 6. Archbishop of Halifax Preached an Eloquent Sermon.

On Sunday, Oct. 6th, dedication of the Sacred Heart Bathurst, took place in the presence of His Grace the Archbishop of Halifax, coadjutor Bishop Barry, a large number of the reverend clergy, and a vast concourse of the residents of Bathurst and vicinity.

This splendid edifice has been erected under the management of Bishop Barry, and now completed and furnished in the best style of modern architecture, is one of the most beautiful and commodious churches in the province. The church is situated at the corner of Douglas and St. Andrew streets commanding a fine view of Bathurst Basin and the surrounding country, and is constructed of native granite, with rock face and finished in Gothic style of architecture. The length of the main building from the entrance to the rear of the chancel is 141 feet, width 60 feet and height from the floor to the vaulted ceiling upwards of 50 feet. The extension containing the vestry and the chapel of St. Thomas is 50x34 feet. A light and commodious basement underlies the whole structure, and, being finished throughout, may be used for a winter chapel, and church, and under St. Thomas' chapel as a parish meeting room. The interior has been decorated in a very artistic manner by Montreal artists, and reflects on the fine taste of the right reverend pastor. The exquisite blending of tints, the exceptionally well executed pictures, emblematic of the Catholic faith, and the graceful proportions of aisle and nave and vaulted roof combine to render the edifice a "thing of beauty and a joy forever." The high altar and also those dedicated to the Blessed Virgin, St. Joseph and St. Thomas, as well as the statue and ornaments were the gift of Thomas D. Adams, Esq., head of the mercantile firm of Adams Burns & Co. A beautiful statue of the Sacred Heart in St. Thomas chapel is erected in memory of the late Hon. K. F. Bannister.

At ten o'clock the right Rev. T. F. Barry accompanied by the visiting clergy, preceded by the cross bearer and acolytes, and followed by the choir under the direction of the Rev. Father Haquin, began the ceremony of dedication at the main entrance of the church. In procession, while the choir chanted the missers, the outer walls of the church were sprinkled with holy water, after which the church was entered and the solemn services continued, the choir chanting the Litany of the Saints. Pontifical High Mass was celebrated with the following officiating clergymen—Celebrant Bishop Barry, Deacon and Sub-Deacon Rev. W. E. Sweeney and Rev. E. Martin, Assistant Priest, the Very Rev. P. Lebastard, Master of Ceremonies Rev. W. Varilly and Rev. E. P. Wallace. His Grace the Archbishop occupied the throne, Rev. Theo. Allard acting as priest assistant and Rev. John Carter and Rev. Father Merl as deacons of honor. On the epistle side of the sanctuary sat Mr. Murphy, Halifax, and Father Haquin. Battman's Mass was rendered in Bb by the choir under the management of Miss Emma Power. After the Gospel Archbishop O'Brien entered the pulpit and preached an eloquent sermon.

(See page two of this issue.)

At four o'clock pontifical vespers were celebrated. The male members of the choir assisted by several of the clergy under the direction of Father Haquin sang the vespers proper to the feast of the Blessed Virgin in the solemn form of the Gregorian chant. The Very Rev. P. Lebastard, superior of the college of the Sacred Heart, Caraquet, preached an eloquent and forcible sermon on the relations of the church to mankind. Benediction of the most Blessed Sacrament then followed.

At 7.30 in the evening the Archbishop accepted the invitation of Branch No. 130 of the M. B. A., of which association he is the Grand Spiritual Adviser, and accompanied by Bishop Barry, and the reverend clergy, arrived at the hall at the hour mentioned. The members of the branch assembled in large numbers to pay their respects to His Grace. The following address was read by the president:—

TO THE REVEREND CORNELIUS O'BRIEN, D. D., ARCHBISHOP OF HALIFAX
Your Grace:

On behalf of the Members of Branch Number 130 of the Catholic Mutual Benefit Association of Canada, it becomes my duty and privilege to tender to Your Grace a heart-felt welcome to Bathurst.

To know that Your Grace is the friend and guest of our beloved pastor, The Right Reverend Bishop of Thurgis, were as cause for our esteem; his friendship is our friends; whom he honors, we honor; but, recognizing in Your Grace that distinguished gentleman and man of letters, whose

SPORTSMEN.

Returning From Their Hunts.

MORE FINE HEADS.

All are Jubilant and Have Good Words for our Country.

Many of the sportsmen already mentioned by the Advocate have returned from their trips and without an exception they have all succeeded in getting their allotment of game and all have expressed themselves as delighted with their trips. Cautious and willing guides and cooks, a nice country and an hospitable people all go to ward making the Miramichi an ideal country for a big game hunt. In fact some have been so far carried away by the splendors of our scenery and big game as to express their intention of coming again next season and the celebrated Brooklyn artist, Carol Rungius has made arrangements to spend all next summer and fall in this country. He recently returned from a trip on the North Branch of the Rensselaire with guide David Mandeville, and succeeded in shooting a moose. He also got a large number of bird skins to mount and a large number of wild game pictures taken in life in their natural haunts. He also painted a number of pictures which were perfect representations of big game in their native wilds. During his trip he saw twenty-one moose and in conversation with an Advocate reporter said he had gathered enough material to keep him busy at his studio until next May.

H. A. Fitman and Wm. B. Long who spent a few days at Tabusintac shot forty-two birds. They were delighted with their trip and speak well of the people. They were the guests of Mrs. McEachern. Commissioner Robinson last week called on Messrs. Ellis and Harrington who are hunting at Clearwater. Mr. Ellis had his moose and they have seen a number of others so that Mr. Harrington expects to get his shortly. Carol Rungius and Geo. McKay are their guides.

Capt. K. R. Mandley, the Imperial Remount officer, who recently spent a few weeks at Whitney Brook, succeeded in getting what is generally conceded to be the prettiest moose head ever seen here. It had a spread of 58 inches with twenty-nine points, all perfect and evenly balanced. Edward White was his guide and Allan Matchett his cook. Capt. Mandley was delighted with his trip and gave Mr. White a flattering recommendation as to his abilities as a guide which we have not a doubt that Mr. White merited.

Messrs. Edwin Holmes and E. A. Slack of Brookline, Mass., had a fine trip and were the most successful party that returned up to date. They were in the Band Mountain county with guides Arthur Pringley and Sydney Thomas and succeeded in shooting two moose, two caribou, moose heads had a spread of sixty-two and a half inches and the other a spread of fifty-two inches. The deer head was also a magnificent specimen. To say that these gentlemen were delighted with their trip is only mildly expressing their sentiments. Mr. Holmes said that from the large number of young bulls they had seen he was convinced that our game was being well looked after. Their party saw fully ninety big game animals and succeeded in getting a number of the photographs of big game.

Messrs. H. K. McKirland and Edwin McKesson of New York who were hunting on the north branch of the Little Southwest with guides John Embold and Theo. Shultz arrived in town Monday night with a moose and caribou each and a deer head. These gentlemen were here last year but were unsuccessful. They saw twenty-nine moose and seven caribou, and were highly pleased with their trip.

name is honored throughout America for his scholarly utterances, looking to the welfare of the Public; that broad-minded ecclesiastic, whose name is synonymous with good will, and whose actions are distinguished by the broadest spirit of Catholicity; we feel constrained to offer you that respect which is due to one of your high standing. Yet, above all, and in a more particular manner do the members of this fraternal Society honor one whose name has been identified for years with the advancement of the association, and who, as Grand Spiritual adviser, has done so much, by word and pen, to forward its interests, and to engender a spirit of Confidence in its ability to accomplish the ends of its establishment.

Since the day when, in your humble, once in that beautiful island, we resided, you have designated this "Garden of Canada", the summons came to take upon yourself greater duties and more extended responsibilities. Since, in obedience to the divine call, you have "Come up higher," you, an encircled island, to rule over the destinies of the church in this land, we have rejoiced in the fact that you have attended your administrative duties with a pride in the fact that the fact and social courtesy of the Catholic Church.

(Continued on

TEACHERS' INSTITUTE.

Large Attendance — Interesting Papers and Discussions.

The twenty-fifth annual meeting of the Northumberland County Teachers' Institute commenced in the Council Chamber, at 10 o'clock on Thursday morning. President Wathen was in the chair. After a short address by the President, dwelling on the duty of teachers making themselves ready of a factor in public affairs, the meeting proceeded to the enrollment of members, and on motion the fee was fixed at 25 cents. Mr. Wright who was to read the first paper, being absent, Mr. J. G. Merseman's paper on Attention in Education was substituted and read by the President. Mr. Merseman's work was very thorough, dealing with the various theories of education as illustrated in the humanistic, naturalistic and realistic schools of education, and showing the importance of attention must play in any successful scheme of education. As the hour was late when the President finished the paper, the meeting adjourned without discussion.

The second session of the Institute opened at 2 p. m. On motion of Mr. McIntosh, seconded by Mr. Clarke, the present meeting of the Institute was called the twenty-fifth annual meeting, thus recognizing the combined meeting of the Gloucester, Restigouche and Northumberland County teachers as a legal meeting of the Northumberland County Institute. Dr. Cox addressed the Institute on Methods of Education. He contrasted the system of education of the present day with the system of forty years ago, and showed the progress of the artificial system, and the wisdom of the natural system. He also showed the wisdom of the natural system in the child's mind, and the wisdom of the teacher in following the child's mind. The subject was briefly discussed by the President.

Miss Troy read a paper on Nature Work in Grades III and IV, briefly discussing the object of nature lessons in the lower grades, and outlining the course of lessons to be followed during the two years. The subject was briefly discussed by several members of the Institute.

The fourth session of the Institute opened at 7 o'clock Friday morning. President Wathen being absent, the Institute proceeded to elect a president. Mr. J. J. Clarke was chosen by the meeting to fill the chair. After roll call, Mr. McIntosh proceeded with his paper on Botany. After a few preliminary remarks on the interest which children take in nature and in plants in particular, which interest makes it an easy matter to teach them botany, and also dwelling on the fact that children as well as teachers sometimes interest themselves in plants which they know, thus showing the importance of the teacher being able to identify and name any plant which may come under his notice, Mr. McIntosh distributed a plant among the teachers and proceeded to identify it or lead the assembled teachers to identify it.

The subject of botany was discussed by Mr. Clarke and Dr. Cox.

Mr. McNaughton read his paper on School Devices.

Miss Beatrice Ellis read a good paper on School discipline, and it was discussed by Dr. Cox, Mr. McNaughton, Mr. Clarke and Mr. Crocker.

At the opening of the afternoon meeting, Mr. Clarke not being present, Mr. McNaughton was called to the chair.

In the absence of a gentleman who was to have read a paper, the meeting resolved itself into a question of many questions being asked and answered.

Dr. Cox referred to the withdrawal of Mr. Yorton from teaching as a loss to the county and to the profession in general, and moved, seconded by Mr. McIntosh, that a committee of two be appointed to draw up a resolution expressing the regret of the Institute at Mr. Yorton's withdrawal.

This was carried, and Dr. Cox and Mr. McNaughton were appointed the committee. Mr. Benn was called to the chair during Mr. McNaughton's absence in the committee room.

Dr. Cox reported the following: Whereas, F. P. Yorton, M. A., late Principal of the Harkins Academy, Newcastle, has retired from the teaching profession to pursue the study of medicine; And Whereas, Mr. Yorton was for many years a very prominent and helpful member of this Institute;

Therefore Resolved, That this Institute regret the great loss it has suffered in the withdrawal of such a clever educationist and teacher from the profession;

And further that it desires to assure him of its gratitude and wishes for his success in his new career.

This was adopted unanimously and the Secretary was instructed to forward it to Mr. Yorton.

Mr. Crocker was of the opinion that something more than the above resolution of regret was due to Mr. Yorton, and therefore moved that a committee of two be appointed for the purpose of presenting to Mr. Yorton with a substantial gift of the esteem of the Institute.

Carried.
Dr. Cox, Mr. J. J. Clarke, President.
The following were present:
President—James K.
Vice President—James K.
Secretary—James K.
Treasurer—James K.
Additional—Miss B. Ellis.
Dr. Cox presided.
Speaker—James K.

**Brief Synopsis of The Archbishop's
able and Masterly Discourse Which
Lasted Almost an Hour-**

Headache, Faint, Nervous, Weak, Heart, Exhausted, Nervous, Sleeplessness Cured by Five Boxes of Dr. Chase's Nerve Food.

Whether weakened and nervous, overworked, worried or diseased, the result is the same. The nerves are felt in the form of sharp pains, nervous indigestion, dyspepsia, serious functional derangement of the system, or in the form of spasms, locomotor ataxia, prostration or "chance" Nerve Food, as found in Dr. Chase's Nerve Food, will cure the disease referred to below—

"I have been suffering from the above for years."—For years I have been suffering from the above. I have tried everything I could think of, but I would take shaking spells and a swimming feeling would come over me. I have been unable to work, never close my eyes, and my head aches all the time. I have been at it last I had to keep to my bed, and though my doctor attended me from time to time, he could do nothing to help me.

"I have now taken five boxes of Dr. Chase's Nerve Food, and it has done me more good than I ever believed possible. I am now able to work and to express my gratitude for the wonderful cure brought about by this treatment."—Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for \$2.50. At all dealers, or direct from Dr. Chase, N. Y.

Pain-Killer
(PERRY DAVIS')
From Capt. F. E. Lyle, Police Station No. 5, Montreal: "I frequently use PERRY DAVIS' PAIN-KILLER for pains in the stomach, throat and lungs, for colds, influenza, croup, and all attacks which I cannot easily effect. I have no hesitation in saying that PAIN-KILLER is the best remedy I have ever found."
Solely Internally and Externally.
Lyle, Montreal, Canada.

...ordinarily would.

EUREKA

Harness Oil

makes a poor looking harness like new. Made of pure, heavy bodied oil, especially prepared to withstand the weather.

Sold everywhere in cases—all sizes.

Made by IMPERIAL OIL COMPANY.

Oastoria is put up in one-size bottles only. It is not sold in bulk. Don't allow anyone to sell you anything else on the plea or promise that it is "just as good" and "will answer every purpose." See that you get O-A-S-T-O-R-I-A.

The fac-simile signature of *Chas. H. Pritchard* is on every wrapper.

number only STANFIELD'S is guaranteed in this way. Sold by all Dry Goods and Gents' Furnishing Stores.

Agent—Ever been on the stage?
Young Lady—Oh yes. I spent six months on a ballyhoo stage at the Pan American Exposition.

What a fine
scent from the
shirts!

STANFIELD'S
Perfect Fitted
Unshrinkable underwear

who test and guarantee every garment not to shrink. No special directions for washing, but will not shrink in the wash.—Your money back if they do.

While STANFIELD'S unshrinkable gives twice the value in wear and comfort, it costs no more than any all-wool underwear of the same quality. Remember only STANFIELD'S is guaranteed in this way. Sold by all Dry Goods and Great Furnishing Stores.

POOR COPY

THE UNION ADVOCATE, WEDNESDAY, OCTOBER 16, 1901.

NEWCASTLE LACK OF FIRE PROTECTION.

Last Wednesday evening the Newcastle Fire company met for their regular practice but it was found that there was no water in the tank as the tide was low. This is a pretty state of affairs. If a fire occurs when the tide is low this town is without fire protection.

The sooner our citizens wake up to the fact and have water works installed the better for the town. We trust that it will not need another conflagration to wake the people up to this fact.

GAME PROTECTION.

It must be gratifying to the Game Commissioner to see a large increase of game on the North Shore and especially during the last three or four years. For a time the ruthless slaughter of moose, caribou and deer by pot hunters in the depth of winter when these animals did not have a chance for their lives was beginning to deplete our forest of these game animals, and the government was face to face with the question of adequate game protection. Salaried officials were appointed but many took no other interest in their work than to draw their pay. Consequently the game suffered. But three years ago a determined effort was made to appoint good, active men who would do their duty fearlessly, and a number of good men were secured. Especially was this the case in Northumberland, and to-day we can honestly say that this county has the best game commissioner she ever had. A man who not only looks after the game but who is ever ready to help hunters by advice, and the guides by protecting their territory from the ravages of poachers.

HOW TO PLEASE CANADA.

Canada is developing fast enough to realize its ability to manufacture its own raw material and knows the benefit to be reaped from increased manufacturing. Knowing this and realizing that the people of the United States have not the slightest intention of offering us any kind of reciprocity, except that which will ensure all the profit to themselves Canadian Governmental authorities cannot hasten too quickly to extend the policy regarding saw logs in Ontario so as to include our pulpwood, iron, nickel and other raw products. The sooner they do this the better pleased will the people of Canada be.—Brockville Times.

The Editor's Mail.

To the Editor, Newcastle, Oct. 12th, 1901. During the last few evenings two young men, (Evangelists) have been conducting religious services and exhorting our citizens on the street corners in a most respectable manner, and up to Thursday last were not interfered with. On that evening while the service was being held at the Waverley corner, a Mr. John Lindon interrupted the service in a most unbecoming and rowdy-like manner, by consulting the speakers in a sort of billingsgate denunciation. Mr. Lindon scolded the speakers for not going to China, India and Japan, like Gordon and others and forfeiting their lives in zeal for the cause of Christ, etc., etc.

We believe there is an ordinance which the police should enforce regarding the disturbance of religious and other meetings, and astonishment was therefore intensified when the crowd officer (Hallish), whose duty is to enforce the ordinance, gave encouragement to the disturber who persisted in his abuse until Officer Hill appeared and a period was promptly made to the disturbance.

Mr. Lindon's position reminds us of an incident which happened in the United States about forty years ago.

Ministers of a certain denomination were holding a convention in a western city, and as a windup it was advertised that a leading divine would preach that evening in the largest church. Now it so happened that a great abolition orator arrived in that city and was advertised to speak in the Academy of Music that evening. Of course he was having a world-wide reputation as the greatest living orator draw a packed house, and very few went to hear the clergyman to his great annoyance. When the train was leaving for the east that night, the minister entered a car and said to the conductor, "Is Mr. — on this train?" The conductor turned and pointing out the orator said, "This is Mr. —." The clergyman then advanced and said, "Are you the abolition orator," and the orator said "I am." Well I was going to write to you but as I have met you I will not need to do so, you believe in the abolition of Slavery do you not? "And the orator answered that he did." Well said the minister why don't you go down into the states where slavery exists and preach abolition? The orator's answer was characteristic! You believe in saving souls from hell do you not, then why do you not go there and save them?

If our christian civilization has attained such perfection as Mr. Lindon assumes, and as he seems to think there is no need of preaching the gospel here and other pseudo christian countries, we would like to know what answer he would make to the heathen hordes if asked to account for the many murders and other crimes which are a daily catalogue in all so-called christian countries. What defence or excuse can be offered for the fact, that even in Newcastle a religious meeting like the one in question, cannot be conducted without boorish interruption and annoyance from such as you, Mr. Lindon. This is too serious a matter to be pushed aside, smothered or ignored.

All history goes to show that the energy of the father's was expended to secure political freedom, so that freedom of worship would be guaranteed.

The record is clear that assassinations of the Rulers of christian nations greatly transcend that of the more barbarous ones, and when missionaries go to these people they should be fortified with data and other than professed know-it-all. Alla Lindon proof "that they have been with Christ."

ANON.

ELECTRIC LIGHTS.

To the Editor of the Union Advocate, Sir,

One of the questions the "City Fathers" will have to take up ere long and wrestle with is the lighting of our streets. A progressive up-to-date town of the size of Newcastle should not be in darkness. We are behind the times. And first the question should not be settled without full enquiry and discussion, "Festina lente" should be the motto.

I hope to be in a position shortly, to lay before your readers the results of some enquiries made of municipalities owning and operating their own electric light plants. I believe the number of municipalities in Ontario operating their own electric light plants is now about forty. Of these about one half are isolated plants, while others are in connection with waterwork systems. A number of towns, owning both systems operate from separate stations. Towns having both electric light and waterworks and operating from one station are: Alexandria, Amherstburg, Chatham, Collingwood, Godrich, Huntsville, Kincardine, Markham, Mitchell, Newmarket, Niagara Falls, Orillia, Picton, Prescott, St. Marys.

Towns having both electric light and waterworks, but operating the electric light plant separately, are: Barrie, Bolton, Brockton, Brockville, Campbellford, Penetanguishen, Trenton and Paris.

Towns having electric lighting only are: Acton, Blenheim, Bothwell, Dundalk, Thorold, Port Arthur and Weston.

You stated in your editorial notes last week that you understood the figures for the electric light plant would be about \$15,000.

Blood.

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.

There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood.

This is health.

When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man, woman and child.

If you have not tried it, send for free sample, its agreeable taste will surprise you. SCOTT & BOWNE, Chemists, Toronto, and all druggists.

Bad Coughs

"I had a bad cough for six weeks and could find no relief until I tried Ayer's Cherry Pectoral. Only one-fourth of the bottle cured me."

L. Hawn, Newington, Ont.

Neglected colds always lead to something serious. They run into chronic bronchitis, pneumonia, asthma, or consumption. Don't wait, but take Ayer's Cherry Pectoral just as soon as your cough begins. A few doses will cure you then.

Three sizes: 25c, enough for an ordinary cold; 50c, just right for bronchitis, hoarseness, hard colds, etc.; \$1, most economical for chronic cases and in families. J. C. AYER & CO., Lowell, Mass.

Festina lente is admirable advice to the aldermen in face of these figures.

Take up one specific case, that of Huntsville, Ontario, the population of which I do not know, but probably about the same as Newcastle, the total cost there of the electric light plant was \$6,000, and the cost of the waterworks system \$20,000, there is no water power; both systems are operated by steam. An all night service is given to the lighting of the town and to the citizens for their homes, desired. Both systems have been developed to the point of returning a revenue to the treasury of the town. The town is lighted by incandescent lamps of 50 candle power, run all night, and charged up to the town at \$15.00 per annum.

Take the town of Weston as one instance where there is electric lighting only.

The installation of the system was let in three contracts, 1st the power house, 2nd, the engine, boiler, etc., 3rd, the electrical equipment. These amounted to \$6,700. With the private incandescent lights which had been wired, costing about \$1000, the expenditure on construction amount to the end of the year 1900 was as follows:—

Power house and coal shed	\$1392.00
Engine, boiler etc.	1700.00
Dynamo, street circuit lamps etc.	3700.00
Well	103.08
Electrical supplies	1025.06
Labor, wiring of incandescent lights in residences, etc.	346.00
Miscellaneous	223.70

Total \$8500.70

The cost of first installation was met by the issue of debentures which, with a small premium amounted to \$7,188, these debentures are payable in twenty years, interest at four per cent. the annual payment being \$675. The cost of operation during the year 1900 was as follows:—

Coal	\$962.18
Salary of engineer	426.41
Insurance	37.40
Waste, freckle, etc.	81.23

Total \$1527.22

Six hundred lights were installed during the year, but very few were in use the whole of the year. Although the revenue received was about \$900, it probably was little more than half the amount required for the current year. It may be anticipated that the revenue for the present year will reach \$1500, this together with the street lighting service valued at \$700, represents a yearly income of \$2200.

Cost of operation for the present year \$1527.22 added to the yearly payment of debentures \$516 or a total cost of \$2043.22 still leaving a margin of \$157.78 to the good.

Yours,
Citizen.

THE ROYAL VISIT.

Official Programme of Reception at Halifax.

October 19.—10 a. m., arrive at Halifax; presentation of addresses, royal procession to provincial building.

11 a. m.—Lay corner-stone of monument for soldiers who fell in South Africa.

11.15 a. m.—Royal procession to H. M. S. Ophir.

3 p. m.—Review of naval and military forces, presentation of medals and presentation of colors.

7.30 p. m.—Official dinner by His Honor the Lieutenant Governor.

9.30 p. m.—Reception provincial building.

October 20.—7.30 p. m. —Dine with Vice Admiral Sir Frederick and Lady Bedford.

October 21.—H. M. S. Ophir sails at day-break.

BASE BALL.

Second Game For The Hoboes.

The Hoboes and Tailwisters played the "rubber" last Wednesday and after a hotly contested game of eight innings the Hoboes came off victorious. The game was witnessed by a large number of spectators who were close enough to make it interesting. The Score was as follows:—

Innings	1 2 3 4 5 6 7 8
Hoboes	2 4 2 6 1 1 1 2 4—32
Tailwisters	7 1 0 9 0 4 2 4—27

A Distinguished Appearance.

the man that has his clothing made at our establishment. He is always well dressed in the best sense of the term. His clothing fits his figure with a grace and elegance that is exquisite, and our fabrics are selected for a gentleman's taste, and are the most exclusive and stylish to be found anywhere.

We have just received a beautiful line of Tweeds and Worsted, also a line of the latest overcoating in Green Herring Cloth, Black and blue. Miltons and Beavers. Don't wait till the cold weather comes to order your overcoat. But as the Irish doctor says in time of peace prepare for war. We can make your overcoat cheaper than you can steal one.

MCMURDO & CO.,

The Country.

An Epitome of Events
Gathered by
ADVOCATE Reporters.

We would like to have correspondents in every village in Northern New Brunswick during the fall and winter, and offering special inducements for good hustling news gatherers. Write for particulars. It will interest you.

BLACKVILLE

Mr. Hugh Dickson is seriously ill. Miss Etta McDonald has gone to Chatham to attend the Teacher's Institute. Miss Lottie E. Underhill spent Sunday at her home.

Mrs. John Underhill who has been sick for the past week is recovering.

Owing to the departure of the young men for the bush, some of our young ladies are wearing very mournful countenances.

Mr. British Underhill and family who have been living in the village for some time have moved to their farm.

Mr. and Mrs. L. Green of Doaktown paid a short visit to this place last week.

Miss Ethel Corney, who has been nursing Mrs. T. Bartlett during her recent illness has returned home.

Mr. Thos. Nisbett was in the village last week.

British Underhill recently killed a fine dog weighing over 500 lbs.

Mr. Hudson Underhill is hiring men for woods.

Mrs. Albert Underhill is spending the winter with her mother, Mrs. Thomas Coughlan.

LOWER BLISSFIELD.

We are enjoying the most delightful weather that has been experienced for a number of years. But it has been very dry since the first of the season.

Our schools have been closed here since Wednesday last, on account of the teachers attending the Annual Session of the Northumberland County Teachers Institute at Chatham.

Mrs. Zacharias Gilks has undergone a painful accident on Friday last, having a little finger jammed off in the cogs of a horse power of a threshing mill, each and every one throughout the community extend their sympathy, and hope the result will be a speedy recovery.

The annual fair of the Blissfield Agricultural society which took place on Thursday last, Oct. 10th, was said to have been the best one yet held by the society. There was a very large number of exhibits of a high class. I might also say as your subscriber was very busy on that day and did not get all of the prize winners names, but will try and have a list by next issue.

Mr. Abraham Peters of Prince Edward Island, and Mr. E. Sutherland, agents for the Singer Mfg. Co., are doing quite a business, and we wish them every success.

Miss Annie and Mary Weaver left here on Monday last for Boston, Mass. We wish these highly esteemed young ladies every success that life affords, and that their trip to Uncle Sam's Territory may be a pleasant and profitable one.

Miss Nellie Washburn of Blackville, is visiting Miss Nora Hurley of this place.

Mr. and Mrs. Eliza Smith are spending a few days with their daughter, Mrs. T. A. Hurley.

Mr. and Mrs. T. A. Hurley are receiving congratulations on the arrival of a girl.

LOWER LUDLOW.

A Sunday School picnic was held at the McNamee school house on Tuesday for the Sunday school scholars. It was well conducted by Miss Mary Jacob of Fredericton. The children all thank Miss Jacob for her kindness.

A good strong boot
for Children. Copper
toes, made to order.
Price only 60 cts.
Sizes 8 to 10.

at
McMillan's Shoe Store.

Mrs. Miles Storey and Miss Mary Austin of Doaktown were visiting friends here one day last week.

Mr. John Orr of Masardis, Maine, is visiting friends at this place. He expects to start for his home Thursday.

Mr. and Mrs. David Holmes of Doaktown were visiting Mr. and Mrs. James O'Donnell of this place on Sunday.

Miss Bessie Foster of Campbellton is visiting Mr. and Mrs. George Price and other friends and relatives here.

Mrs. D. Stewart of this place spent Sunday and Monday with her sister Mrs. Alexander Stewart at Doaktown.

Mr. Douglas Price started for the woods on Monday with a crew of men, where he is going to operate on Cains River for Mr. Richards of Eglowtown.

Mr. and Mrs. John Orr and family of Masardis, Maine, who have been spending a few weeks at this place will leave for their home on Thursday, accompanied by Mr. and Mrs. John Stewart, where they intend spending the winter.

The correspondent heard Mr. Alexander Storey of Doaktown say that they yarded 850 logs in one week where he is operating on Dunganon for Mr. Hutchison. Best that if you can.

DOAKTOWN.

A number of friends gathered at the home of Mr. and Mrs. Chas. Betts on the evening of Oct. 5th to celebrate the crystal wedding after receiving congratulations from their numerous guests, on their fifteen years of happy wedded life and a number of handsome presents. Mr. and Mrs. Betts did their best to make the evening enjoyable for all. The evening was indeed spent very pleasantly in games, social conversation, music etc. Refreshments were served during the evening.

A very largely attended meeting of the C. M. B. A. was held on Sunday evening to receive His Grace Archbishop O'Brien who is a very earnest member of the order. An address was presented to him, to which he replied very kindly, expressing his great pleasure to be present on this occasion.—Events.

In the afternoon at 4 o'clock a service was held during which Rev. Father LeBastar, Director of the Carquet College gave a very interesting sermon in French. A very largely attended meeting of the C. M. B. A. was held on Sunday evening to receive His Grace Archbishop O'Brien who is a very earnest member of the order. An address was presented to him, to which he replied very kindly, expressing his great pleasure to be present on this occasion.—Events.

BATHURST, Oct. 9.—At 7 o'clock this morning at the Methodist church, Miss Ethel Miller, daughter of Richard Miller, was united in matrimony to Mr. Kent Branch, of the I. C. R. The church was beautifully decorated. The happy couple were married standing beneath a neatly erected arch, in the centre of which was a silver bell. Rev. John Goldsmith officiated. The bride was attended by Miss Nellie Branch and the groom was supported by Mr. Paisley Miller. The bride received many beautiful and useful presents. The happy couple left for New York on the 7.48 train in showers of rice, carrying with them the best wishes of the whole community, as they were both great favorites.

BATHURST.

Miss Regina Burns has returned from a pleasant visit to friends in Newcastle.

Mrs. R. D. Southwood who for some weeks has been visiting relatives in Portland Me returned last week.

Miss Aggie Melanson is at home again after spending a month very pleasantly with friends in Quebec.

Mrs. S. Bishop has gone to Montreal to visit her daughter Mrs. Evans.

Mr. and Mrs. P. Rive and Miss Dwyre of Carquet were in Bathurst last week to be present at the dedication services in the R. C. Church on Sunday.

Miss Edith Baldwin returned last week from Dalhousie.

Miss Annie Melvin of Boston is visiting her home here.

Miss Eltham left last week for Boston.

where she has accepted a position. Her Bathurst friends regret her departure and wish her every success in her new home.

Rev. W. F. Porcel was in town last week for a short time on his way from Moncton.

We are delighted to be able to report Miss Josie Burns who has been very ill for some days is rapidly improving.

Mr. J. E. Barry photographer is regretting Mr. J. Y. Mesereau here.

Mr. T. M. Burns M. P. P. made a brief visit to Chatham last week.

Mr. W. A. Cragg, manager of the Royal Bank of Dalhousie spent Sunday here.

Mr. Chas. Morrissey of Newcastle delighted his friends in Bathurst by a visit recently.

On Sabbath of last week, Children's Day was observed in St. Luke's Church. The church was very tastefully decorated and a service appropriate to the occasion was held.

Our congratulations to Mr. and Mrs. Herb Ramsey on the arrival of a baby boy at their home.

Dr. Killam in her lecture given in the Methodist Church last week, was listened to by a most interested audience. Her description of the life and habits of the people in China was very good indeed.

Mr. and Mrs. H. G. Forier of Bellefleur were in Bathurst on Sunday and Monday.

A very long and impressive service was held at the church of the Sacred Heart on the 6th inst. The occasion was the dedication of the church.

Taking part in the service which began about 10.30 were His Grace Archbishop O'Brien of Halifax, His Lordship Bishop Barry, Dr. Murphy Halifax, Rev. Fathers, Aelard, LeBastar, Travaux and Morain of Carquet, Wallace of Campbellton, Carter, Petit Roche, Sormany Ste Theresa, Varrilly and Martin of Bathurst.

Pontificate High Mass was celebrated by His Lordship Bishop Barry. Before the Credo His Grace Archbishop O'Brien delivered a very able and interesting sermon. The singing during the service was very good.

In the afternoon at 4 o'clock a service was held during which Rev. Father LeBastar, Director of the Carquet College gave a very interesting sermon in French.

A very largely attended meeting of the C. M. B. A. was held on Sunday evening to receive His Grace Archbishop O'Brien who is a very earnest member of the order. An address was presented to him, to which he replied very kindly, expressing his great pleasure to be present on this occasion.—Events.

Train Crash.

NORTH BAY, Ont., Oct. 13.—A shocking accident occurred last night: 9 o'clock two miles east of McKay's Station, which caused an east bound cattle train and a west bound freight to crash into each other as they were running at the rate of 30 miles an hour, completely demolishing both engines, piling up the cars into match wood and killing the following trainmen:—

James Y. Phillips, fireman, North Bay; Geo. Thomas, fireman, North Bay; Herb Allan, brakeman, North Bay; Louis Morel, brakeman, Mattawa.

The bodies of the unfortunate victims could not be found for some time after the wreck occurred as they were buried in the debris. George Elliott, engineer receiving a very bad shaking up. The remains of Louis Morel will be taken to Mattawa. The other bodies will be brought to North Bay.

Herb Allen was formerly of London, Ont. He was a military man of good standing and served as a sergeant in the first contingent to the South African war. His remains will be taken to Allenford, Bruce county.

Minard's Liniment Cures Dandruff.

CURE FOR ANARCHY.

To Suppress Greed, Says Att.-Gen. Knowlton.

Some plain speaking on the subject of anarchy in its relation to individual and social responsibility was heard yesterday afternoon at the Saturday forum of the Twentieth Century Club. The Rev. Chas. F. Dole presided, and the speakers were the Hon. Hoses M. Knowlton and the Rev. W. R. Lord of Portland, Oa. Secretary Chandelers read a letter from Mr. Edwin D. Mead, the president of the club, who is now travelling in Great Britain. Among other things, Mr. Mead said:

"Anarchy is the wild froth thrown from the dashing waves of social discontent. Let us devote ourselves more seriously than ever before to purging the republic of all causes of such social discontent. It is the common opinion here that the contrasts of poverty and wealth, of suffering and ostentation, are becoming startling in America, and that nowhere else in the world has money so great an illegitimate power in politics and society; that America is the most lawless of countries; that Americans who pride themselves upon respectability are themselves anarchists to a degree unknown elsewhere in Christendom. When we read the stories of southern lynchings copied in English papers from our own, and that on the eve of the Buffalo tragedy senators like Mr. Platt, benchmen like Mr. Talmadge, and Governors like Mr. Odell preached lynch law—we cannot wonder that English opinion is what it is, we can but ask whether war has not more to do with it than almost all besides.

"War is itself anarchy, save when forced for some great and holy purpose—for the defense of natural life, for the liberation of men—it is the greatest of anachisms, and if nations resort recklessly to violence and force, instead of to the methods of patience and reason, we must not be too much surprised if individuals do the same. I am grateful that the last public word of President McKinley was the declaration that the true eminence of the republic was to be attained, not in the ways of war, but in the ways of peace. I pray that as never before we may take this word to heart."

Dr. Dole, in opening the discussion, said: As to anarchy, I think that in the narrower sense there is any serious danger to be apprehended. I don't believe that among 70,000,000 of us there are enough murderous anarchists—people who would uphold such an act as that at Buffalo—to fill this room. The most deterrent treatment would be an insane asylum, where possibly they might be cured. There is also, however, a broader sense of anarchy for wherever there is ill-will, arrogance, pride or contempt of any human being, there anarchy exists, and we have got to look out for it.

Atty.-Gen. Knowlton was then introduced. He began by describing the shock which the news of President McKinley's death caused to him and his fellow-passengers when they arrived in port. Mr. McKinley was, above all things, a Christian President, nor do I know that any act or word of his in public or private was ever done or uttered with the purpose of injuring anyone's feelings, or with the idea of expectation of arousing anyone's animosity.

It is at least one comfort that the helm has passed to the hands of a man who, if he had been trained

from his birth—designed for the presidency—could not have been trained better or with more adaptability for the task. His impulsiveness comes from a big heart. It shows a man who has something in him other than cold, self-calculation. I don't quite know what will happen; but we may rest content and confident upon this—that whether as commissioner of civil service, as police commissioner of New York, as Governor of New York, or as assistant secretary of war—Theodore Roosevelt has never been set to a task that he did not perform to the entire satisfaction of the country.

As to anarchy, continued the speaker, I don't know anything about it, though I am told that one of its tenets is that rulers should be killed. Yet Anarchists themselves deny this. How, then, are such events as the assassination at Buffalo to be stopped. Not by law. There are laws now in existence adequate to the sufficient punishment of any man who commits murder. This assassin himself knew there was a law which would require his execution, yet that did not deter him. There is nothing to be gained by making such an act or attempt treason.

Then it is said we must suppress seditious utterances. The law already punishes the inciting to commit murder. Would it be wise, even to insure the safety of a President, to put a bridle on the tongues of American citizens? It is no use trying to reform the world by law. What, then, is the remedy? Somebody says, "Suppress yellow journalism," but that is a most unjust and most unmerited compliment to that sort of newspapers "More cruel punishments." Would that have deterred the assassin at Buffalo? Let us remember the injunction, "Vengeance is mine." The object of law is rather to prevent crime as far as possible than to punish it. What, then, was the cause of the assassination of President McKinley? The speaker here cited from the explanation of it given by Emma Goldman, who attributed it to despair arising out of ignorance, poverty and bad social conditions—a blow struck with the thought that, public attention called to existing wrongs, it might hasten the remedy. In other words continued Mr. Knowlton, whatever may be the truth of the assertion that great wealth goes with abject poverty, those of the latter class brood upon their wrongs until they feel that society is crushing them, and this feeling becomes the instigation of all such utterances and all such deeds. Such a man becomes insane.

And what is the remedy? Not legislation against trusts, or reform of social conditions by law. There is only one remedy. Nothing but a better humanity, nothing but a higher place of duty to others imprinted in every man's breast. Nothing but the education of America in what, for convenience, we call Christianity. It is only by the love of man to man, by the absence of greed, of selfishness, arrogance and pride that anarchy is going to be remedied.

The Rev. W. R. Lord of Portland, Or., also addressed the club. He said: Philosophical anarchy is a good thing if it will work. Why, Mr. Dole himself once gave me "Christian Anarchy" as the subject for my sermon.

The Chairman—I am afraid that will ruin me if it gets into the papers.

Dr. Lord—The proximate cause of destructive anarchy is bad government. Consider how the Poles were treated—almost quartered as a nation. Consider the experiences such people have had before coming to this country. Take Russia as an example. Here the speaker told the story of an Anarchist barber who was converted to something more rational by Prince Krapotkin. He also asked what could be expected of the Russian Jew in New York when the police were party to holding his daughter in a house of prostitution. So it was in Chicago, and so also in Philadelphia. The wonder, said the speaker, is not that there are destructive Anarchists, but that there are not more of them.

If we want to wipe out anarchy, let us send men to the Legislature who will make laws for the public

HEALTHY BABIES.

Watchful Mothers Can Keep their Babies Healthy, Rose-cheeked and Happy.

Nothing in the world is such a comfort and joy as a healthy, hearty, rose-cheeked happy baby.

Babies can be kept in perfect health only by having at hand and administering when needed some purely vegetable, harmless remedy, and of all their class of medicines Baby's Own Tablets are conceded to be the best.

For constipation, colic, diarrhoea, simple fevers, sour stomachs, teething babies, indigestion and sleeplessness, these tablets are a really wonderful cure. You can give them to the smallest baby without the slightest fear. Dissolved in water, they will be taken readily. They contain absolutely not a particle of opiate or other injurious drugs. They are small, sweet lozenges that any baby will take without objection, and their action is prompt and pleasant. They will tone up the whole system and make the little one as hearty and free from infantile disorders as any mother could wish.

Mrs. Walter Brown, Milby, Que., says: "I have never used any medicine for baby that did him so much good as Baby's Own Tablets. I would not be without them."

This is the verdict of all mothers who have used these tablets.

They cost 25 cents a box. All druggists sell them or they may be secured by sending the price direct and the tablets will be forwarded prepaid. The Dr. Williams Medicine Co., Dept. T., Brockville, Ont.

welfare, and not for corporate welfare. Brotherhood is almost a cant phrase; what we want is friendliness for all sorts and conditions of men, Czolgosz not excepted, and here is a man whom I pitied from the day of his dreadful deed. I wonder what man of the upper class ever took him by the hand and treated him kindly, made him feel that he was his equal.

A member of the club here interrupted the speaker, "Mr. McKinley did," said he.

Another member made reply: "But it was too late."

Mr. Lord—Yes, it was. And friendliness is the cure for anarchy. Anarchy seems to be due to a consciousness of social injustice—the delirium of a diseased social body. There is even in our strikes, a lurking protest against social privilege, against the consciousness that the men who possess the great economic forces of the country, who possess its land and its privileges, never earned them. Men ask what equivalent these people have given to society for what they possess. The remedy for this and for anarchy is social justice—not hard, cold justice which shall be the co-operation of simple human, shall I not say with divine love.

Dear Sirs,—This is to certify that I have been troubled with a lame back for fifteen years.

I have used three bottles of your MINARD'S LINIMENT and am completely cured.

It gives me great pleasure to recommend it, and you are at liberty to use this in any way to further the use of your valuable medicine. Two Rivers. ROBERT ROSS.

I would like a straw to this lemonade, said a lady at the table to the server of the beverage.

Hey? ejaculated the waiter who was hard of hearing.

No, straw, I said.

COUGHING ALL NIGHT.

It's this night coughing that breaks us down, keeping us awake most of the time, and annoying everybody in the house. Lots of people don't begin to cough until they go to bed. It gets to be so that retiring for the night is an empty form, for they cannot rest.

Adamson's Balm makes life to such people by its soothing effect on the throat. The "tickling sensation" promptly disappears when the use of the Balm is begun, and the irritation goes with it. This medicine for cough has not a disagreeable thing about it and it does efficient service in breaking up coughs of long standing. It is prepared from bark and roots and gums of trees, and is a true specific for throat troubles.

Handling coughs is a science that every one should learn. Not knowing how to treat them has cost many fortunes and many lives. In Adamson's Balm there are the elements which not only heal inflammation, but which protect the inflamed parts from further irritation. The result of this is that the tendency to cough does not manifest itself, and you are surprised at it. Afterward you would not be without Adamson's Balm at hand. This remedy can be tested. 2 Cents at any druggist.

I did not know that you knew my wife.

Oh yes, very well.

Where did you meet?

Never before; but one of my servants lived at your home two months.

A GOOD STORY FROM SOUTH AFRICA.

A story in the New York Herald of transplanted accents in South Africa recalls the fact that Conan Doyle the fertile romancer has been doing medical duty on the Boer battle fields. It appears that a fine big Irishman was killed in a fight near Pretoria. Shortly after the doctor was in the thick of the fight, in which were engaged also a body of Highlanders. One of the men he knew; Soon he found his old friend Angus McTavish on a stretcher with his upper lip clean blown off by one of the guns of the enemy.

He was a horrible sight and the doctor was deeply concerned what to do for him. Suddenly a thought struck him which he immediately carried into effect. He found the body of Patrick O'Hara which was still warm, and giving McTavish an anesthetic, he sliced the top lip off Patrick and stitched it under the nose of McTavish. A month or so afterward the doctor was in Pretoria not having seen McTavish since the operation. One day he came across him and was delighted to see him looking so well. Evidently he was quite convalescent. The physician stopped him and said: "Well, Angus, how goes it, my man?"

To the doctor's astonishment he replied in a rich brogue. "Bogorra doctor, I'm as right as I can be and faylin' ill-gant."

"STIFFLED" HEART.

Ever feel that every breath would be your last—that the thumping, stifling sensations about your heart were crushing your life out?

Dr. Agnew's Cure for the Heart is the only absolutely reliable remedy known and prescribed by eminent physicians. Its claims of potency are not merely or false hope to the sufferer. It is not a spirit pill to gather you up to the high pinnacle of expectancy only to drop you into a deeper mine of disease. It gives relief in thirty minutes. A few bottles cure the worst forms of heart malady.

For sale by F. R. Dalton, Newcastle, N. B.

Some folks, said Uncle Eben, "prides deirselfs on bein' hopeful, when as a matter o' fact dey ain doin' nuffin but loasin' an waitin' fob luck."

PAIN IN THE JOINTS.

It may be muscular or rheumatic. The joints are hard to get at, and it requires a powerful, penetrating remedy to reach the affected parts. Nelson's Nervine exactly meets the case, for it is both powerful and penetrating. The pain is expelled as if by magic, for one drop of Nervine equals in strength five drops of other remedies. You won't find all the doctor if Nervine is in the house. Price 25 cents.

Janitor—The people on the 'steenth floor say the rent is higher than the flat.

Agent—And between you and me they are slower in their payment than the elevator.

POOR GIRL, PITY HER.

Growing! Yes, into weakness, but not strength. Studies—plenty of them. Tired of course she is, and weak too. Does not eat enough, and digests far less than enough. This condition is so frequent, but how seldom noticed even by her parents. Give her Fetozone then watch her appetite improve, her cheeks and lips grow rosy, her sleep easy, her spirits buoyant. All this simply a result of eating and digesting enough, making blood, and thereby strengthening the nerve and brain power. For Fetozone gives a woman's strength to weak girls. Your daughter or wife needs Fetozone. Get it today. A. E. Swan.

Mamma—Dora, your father says that that young man of yours, Mr. Hartt, is deceiving you.

Dora—But he isn't mamma, for I tasked him, and he said he wasn't. Of course he knows better than papa.

20 YEARS OF VILE CATARRH.

Wonderful Testimony to the Curative Powers of Dr. Agnew's Catarrhal Powder.

Chas. O. Brown, journalist of Duluth, Minn., writes: "I have been a sufferer from Throat and Nasal Catarrh for over 20 years, during which time my head has been stopped up and my condition truly miserable. Within 15 minutes after using Dr. Agnew's Catarrhal Powder I obtained relief. Three bottles have almost, if not entirely, cured me." 50 cents.

For sale by F. R. Dalton, Newcastle, N. B.

NOW! For Eggs!

Before eggs fall in price get all you can from your hens by feeding them **Sheridan's CONDITION Powder**. It makes them healthy. Makes them lay. If you can't get it we send one free. Send 10c. for it. Sample best poultry paper and how to feed for eggs free. E. C. Johnson & Co., Boston, Mass.

Itching, Burning Skin Diseases relieved in a day. Eczema, Salt Rheum, Barber's Itch, and all eruptions of the skin quickly relieved and speedily cured by Dr. Agnew's Ointment. It will give instant comfort in cases of Itching, Bleeding or Blind Piles, and will cure in from three to six nights. 35 cents.—719.

For sale by F. R. Dalton, Newcastle.

Thomas Ho-'rins' Nerves—Mr. Hoskins, a resident of Durham, Ont., for a score of years, was a martyr to stomach and nerve disorders. Schooled to prejudice against "patent medicines," he started using South American Nervine as, he says, "a last resort," but six bottles of this great remedy proved to be his salvation physically. It can be yours.—124.

LOST HIS BUSINESS!

Ill-health "puts the shutters up" in many an honest man's business, and there are thousands of cases on record where the only seeming power on earth to take them down again is South American Nervine.

"I was completely prostrated with Nervous Debility. I had to give up business—doctors only helped me temporarily. I was the most discouraged man alive when I started taking South American Nervine, but the splendid cure I had read gave me hope, and I had not taken half a bottle before I found relief. I took twelve bottles, but am cured."—E. Ernest, Merrickville, Canada.

An interesting social place a the residence of Mr. Walter Elliott tonight. Mr. Elliott and Mr. Fred Elliott and Mrs. D. Chasman were united in marriage. The ceremony was quiet wedding only the immediate relatives being invited. The Advocate wishes the happy couple much joy.

Edward Williamson, who was employed as a machinist at the Robb Engineering Co's works, Amherst left recently for Minneapolis where he will take up his residence. On Saturday night previous, a number of his friends met with him in the P. W. A. Hall and, through Daniel Haggerty, presented him with an address accompanied by an elegant gold ring with amethyst setting. Mr. Williamson was also the recipient of a handsome chain and locket, presented to him by the Amherst Military Band, of which he was a valued member.

IMPORTANT TO FARMERS.

Farmers and stock breeders who have been readers of the "Family Herald and Weekly Star," will find a still greater improvement this year in the agricultural pages of that great paper. The "Family Herald" we learn has added to their already large number of editors, Mr. J. B. Spencer, one of the best known agricultural journalists in Canada. Mr. Spencer has for years been associate editor of "The Farmer's Advocate" and is recognized as an able authority on Agricultural and Live Stock questions. The "Family Herald" will be more valuable than ever to the farming community, and Mr. Spencer is to be congratulated in his new position with the leading paper of America.

R. A. H. Morrow of St. John, has issued a new book entitled The New Household Manual and Ladies Companion, which many housekeepers will appreciate. The manual treats of the essential principles of scientific cooking and the chemical composition of the various household foods, besides giving hints upon many methods for brightening the home and home life. The matter is well arranged and contains a good index by which it is possible to refer in a moment to any subject. The typographical work has been well done. Price 50c.

The Annual Harvest Thanksgiving Services were held in St. Andrew's church last Sunday. The edifice was beautifully decorated with flowers, grain, and fruits. The roof screen was a mass of leaves, which with their many and varied tints added very materially to the chasteness of the whole. On and around the altar were vases of cut flowers and potted plants. Special hymns were sung by the choir at both services at the evening service the Anthem was—"Now that the Harvest is Gathered."—was exceptionally well rendered and greatly appreciated by the congregation. Mr. Geo. Burchill presided at the organ at the morning service and in the evening Miss Sargeant was in her accustomed place.

ROYAL Baking Powder

Makes the bread more healthful.

Safeguards the food against alum.

Alum baking powders are the greatest enemies to health of the present day.

EVERY BOTTLE OF KENDRICK'S Liniment is the same, you can depend upon the quality at all times, at all times the best.

HON. N. CLARKE WALLACE

Death Took Place Tuesday Evening

The death of Hon. N. Clark Wallace, M. P., ex-Comptroller of Customs, took place at Woodbridge, Ont., on Tuesday evening, after a lengthy illness. Mr. Wallace was born in Woodbridge on May 21st, 1844. He was a third son of the late Captain Nathaniel Wallace, who was one of the earliest settlers, and one of the best known citizens of the West Riding of York in the earlier and exciting days of its history. He was married in June, 1877, to Miss Belinda Gillmor, daughter of the late James Gillmor, of Ottawa. Mr. Wallace received his education, first, at the public school; second, under the private tuition of Thornhill A. Agar, Esq., of Woodbridge; and, later, in the Western Grammar school for a short period. He taught school for more than five years, and then joined with his brother, Thomas F. Wallace, in mercantile pursuits, afterwards adding and working a flour mill.

Mr. Wallace always took an active part in public affairs as well as in the work of the Orange Association. He was Deputy Reeve of the Township of Vaughan for five years. In 1878 he was Warden of the County of York, and in the same year was elected to represent West York in the House of Commons in Canada. He has been re-elected at every general election since that time, and with increased majorities. At the election of December, 1895, because he could not appear in person for the government of that time took in the Manitoba school question. In the session of Parliament which immediately followed he took a very active part in resisting the passage of the bill, and in the principles which he held to be the only ones by which the party could achieve success.

In Orange matters he always took quite an active part, being successively secretary and W. M. of his primary lodge, No. 28, Woodbridge, District and County Master and Provincial Grand Treasurer. He was Grand Master of the Loyal Orange Association of British America, and was for six years president of the Triennial Council of Orangemen of the World, having resigned that position four years ago and nominated the Earl of Erne to succeed him. He had charge of the Orange Incorporation Bill when it passed through the Parliament of Canada in 1890. He was also the chairman of the Committee of Parliament that investigated the Combination in Restriction of Trade, and was the author of the Combines Bill, which was passed by the Parliament of Canada to prevent illegal combinations.

DIED.

Mrs. Thos. Petrie, and her sister Miss Jennie Williston left Saturday for Brewer, Me.

Mr. Wm. Drummond accompanied the body of his son Walter here for interment.

Miss Anna and Nellie Hennessy are visiting friends in Montreal.

OBITUARY

The many friends of Mr. Walter Drummond will be pained to learn of his death which took place at Fitchburg, Mass., last Friday.

Walter B. Drummond was a young man much respected by all. He was born at Newcastle, went to Fitchburg, and worked in the Fitchburg Rolling mills. His health has been failing for the past year and last spring he visited his native home in the hope that its bracing air would restore him to health but in vain and three weeks ago he returned to his father's home at Fitchburg where he died last Friday surrounded by his father, brothers and sisters. Deceased was twenty six years of age. The body was brought here for interment in the family lot in St. James' burying ground. The funeral will take place from Mr. David Sinclair's home to-day at three o'clock.

(Continued from page one.)

plane and, materially, in an advanced position.

May Divine Providence long spare you to continue successfully the great life-work placed before you; may you live to exercise your deeds of merit and to adorn the exalted sphere in which you now so worthily move.

Signed on behalf of Branch No. 130 C. M. B. A., Bathurst, N. B.

EDWARD L. O'BRIEN, President.

His Grace in reply dwelt on the advantages of this splendid association and gave the branch wholesome advice touching their duties as members. He was followed by Bishop Barry, Mgr. Murphy, Very Rev. P. Lebatard, all of whom spoke words of encouragement. Each member was then presented to the Archbishop who spent some time in moving among them chatting affably with many. The distinguished party then returned to Bishop Barry's residence. His Grace accompanied by Mgr. Murphy, left for Halifax on Monday morning's express.

CONGRATULATIONS.

The Advocate extends congratulations to Mr. and Mrs. W. P. Anslow of Boston, on the advent of a fourteen pound daughter. To Mr. and Mrs. Jas. O'Donnell, a son.

RHEUMATIC PAINS

Caused by an Impure Condition of the Blood.

If Neglected They Will Grow Worse and Serious Results Will Follow—Rheumatism Can Be Permanently Cured.

From the Telegraph, Quebec.

Rheumatism is one of the most common ailments at the same time one of the most painful affections from which humanity suffer. It affects the joints and muscles, and is characterized, even in its simplest form, by a dull constant pain. While it remains in the joints and muscles, it is sufficiently painful and distressing, but as it is liable to attack the vital organs, such as the heart, the disease becomes a source of danger, and in many instances it has proved fatal. Dr. Williams' Pink Pills possess qualities for the cure of this disease which are unequalled by any other medicine. Mr. Cyrus Lamond, a well known resident of Stadacona, Que., bears testimony of the wonderful curative powers of these pills. To a reporter of the Telegraph, he gave the following story:—"Until some three years ago I always enjoyed the best of health, but about that time I was attacked with what proved from the outset to be a severe case of rheumatism, from which I suffered great torture. I tried a number of the supposed cures for this disease, but none of them benefited me. I seemed to be constantly worse, so I called in a physician, but as his treatment did not give me relief, I sought the assistance of two other doctors, but they also failed to help me. My appetite left me; my strength gradually ebbed away, one of my legs was drawn out of shape, and I never was free from pain. I was in despair of ever being well again, when one day a relative brought me a box of Dr. Williams' Pink Pills and urged me to take them. He seemed to have such great confidence in the pills that I determined to follow his advice. Today I am happy that I did so, for with the use of less than a dozen boxes of these pills the pain from which I suffered so much is all gone, and I feel stronger and healthier than I did before. Thus I owe to Dr. Williams' Pink Pills, and I would strongly urge similar sufferers to give them a trial."

Experience has proved Dr. Williams' Pink Pills to be without an equal as a blood builder and nerve restorer. It is this power of acting directly on the blood and nerves that enables these pills to cure such diseases as rheumatism, sciatica, neuralgia, locomotor ataxia, paralysis, and all the ordinary diseases of the blood and nerves. These pills are sold by all dealers in medicine, or can be had, by mail, postpaid, at 50c. a box, or 6 boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.
