How Equitable and New York Life Companies Gave Gifts.

Stock-Jobbing Transactions Which Netted W. S. Fanshawe 5 Per Cent. on \$937,500 He Did Not Own, Andrew Hamilton \$18,000 and J. W. Alexander, J. H. Hyde, T. D. Jordan and W. H. McIntyre \$18,900.

New York, Nov. 28.—Just before the insurance investigation committee adjourned yesterday, Charles E. Hughes, counsel for the committee, produced a policy written by the Mutual Reserve, upon the life of an unnamed man, which policy stipulated upon the first page that the insured should pay a premium of \$100 per annum, and that the benefits and requirements elsewhere stated. On page two of the policy he read a clause that the executive committee of the company could require the holder of the policy to pay any multiple of the amount of the premium stated on the first page which the committee saw fit. George D. Eldredge, vice-president and actuary of the company, to whom Mr. Hughes read the policy, said that the number of such policies issued was small.

Previously Edmund D. Randolph, treasurer of the New York Life, had said that it was true that he removed \$700,000 worth of New York City stock from the vaults of the company and put a cheque of the Central National Bank for that amount in place of it in Jan. 5, 1905.

Mr. Randolph understood that the bank wanted the stock for clients, one of which was the Merchants' Trust Co. He promised to give the committee later the names of any officers of the New York Life then in the Merchants' Trust Co.

Squire's Deposition.
The deposition of George H. Squire, formerly financial manager of the Equitable Life Assurance Society, in which he described some of the operations of the syndicate, which included officers of that society, was read. Mr. Squire stated that in 1901 the Equitable Society bought 2,000 shares of the stock of the Lawyers' Title Insurance Co. and re-sold 1,500 shares to several of its officers and directors at the purchase price of \$174. Some of the Equitable men sold their stock later, said Mr. Squire, and subsequently large blocks of the stock were sold to the Equitable at \$310 to \$350 by the firm of Williamson & Squire, New York.

Mr. Hughes also brought out that a profit of \$22,000 had been paid to Mr. Squire for the stock of the Equitable Society, and that Mr. Squire had divided profits from an unknown operation, aggregating \$18,900, among four officers of the Equitable, J. W. Alexander, J. H. Hyde, T. D. Jordan and W. H. McIntyre.

Hamilton Fared Well.
The fact that the New York Security and Trust Co. paid \$18,000 to Andrew Hamilton, the legislative agent, out of moneys belonging to the New York Life, was also brought out.

W. S. Fanshawe, a dealer in investment securities, told the committee that in 1904 he bought New Orleans Traction bonds of a face value of \$1,250,000 from the New York Life Insurance Co. and George W. Perkins, trustee of the giving fund, giving them his cheque amounting to \$937,500, in payment, and then borrowed \$937,500 from the New York Life, using the bonds as collateral. He then sold the bonds, giving the New York Life 95 per cent. of the profits and keeping 5 per cent.

THE TARIFF ENQUIRY.

Wellington Farmers Blame the Companies Upon the Present Tariff.

Guelph, Nov. 28.—The Tariff Commission held an enquiry in the Court House yesterday, when representatives of various bodies and concerns presented views. The attendance was fairly large.

A deputation from the farmers of Wellington County was introduced by Mr. James McEwen, who read a resolution that the unanimous opinion of the farmers of Wellington is that the tariff is the direct cause of the creation of those combines now under investigation, and the object of which is to obtain extortion of profits from the consumers. That the proper remedy for such combines will be found not in criminal prosecution or the removal of protection from certain specified articles; that an effective remedy will be found only in the reduction of the whole tariff to a purely revenue basis; we are furthermore of opinion that the evidence given before this commission by manufacturers themselves, evidence of which shows after the writing off of large sums to meet depreciation of plant, the payment of a dividend of 4 per cent. and upwards is abundant proof that any manufacturing industry adapted to our conditions can easily bear such reduction. Certain it is that farmers whose surplus is represented on the average by the rate wages properly due their families should not be expected to contribute bearing even their present burdens. To suggest an increase in these burdens would, under existing conditions, be an act of injustice.

Many farmers gave their individual opinions.

BOSS TEACHES BUT MEN WORK

Crown Attorney's Cutting Comment on Bible Class Tutor Who Operates Sunday Wells

Bitter Fight in Bothwell Oil Case—Wells Ruined if Work Stopped, Says Supt.

It is evident that the legal battle between the Lord's Day Alliance and the Bothwell oil corporations will be strenuously fought out to the end. All day yesterday at County Court Crown Attorney Smith and Barristers O. L. Lewis and W. R. Hickey disputed every inch of debatable ground, following the legal arguments of the morning with busy examinations and cross-examinations of witnesses in the afternoon. At six o'clock in the evening an adjournment was taken till Friday, the Crown Attorney intimating that he had still many witnesses to call in rebuttal.

Thomas Wade, part owner of the wells in question, was put into the box at the opening yesterday afternoon. He said that to close down the wells and cease operations on Sunday would cause a serious and permanent loss. The working of the wells on Sunday was a necessity, as if they were stopped the water would flow in and it might take 24 hours after restarting to pump it out. Supt. McLeod, of the Garmen & Fairbanks wells, always called for Sunday work.

"And this is the gentleman who makes his engineers work on Sunday, while he teaches the Bible class," was the sarcastic comment of the Crown Attorney as he rose to put the witness through a rigorous cross-examination. He declined to let the witness do any guess work and pinned him down to the statement that the only way to accurately ascertain an estimate of the loss by ceasing to work Sundays was by actual experiment, which had never been tried. Witness admitted the books might not show any loss.

"And your 'permanent loss' merely means a slight falling off in profits," declared the Crown counsel as he concluded the cross-examination.

To Mr. Hickey Supt. John McLeod said to stop operations on Sunday would "be the ruin of some of our best wells." It would mean a loss of at least 20 per cent. It was absolutely necessary that the wells run on Sunday.

The cross-examination the Crown Attorney secured the following monthly statement from McLeod. The cost of operating the wells per month was \$210 wages, \$200 fuel and \$150 incidentals and wear and tear, totaling \$560; the yield was an average half a barrel per day, at \$1.32 per barrel, or a total for the month of \$1,248—a net profit per month of \$687.

Henry Brewer said he had tried shutting down on Sundays on orders from the Crown Attorney. It took from Sunday midnight to Wednesday noon to get the water out and the field could not be operated under those conditions.

John A. Clark had similar experience. His yield had fallen from 111 barrels to 82 barrels by reason of Sunday closing. Mr. Harrington corroborated.

The Crown put Dr. Chas. Fairbanks in the box in rebuttal. Dr. Fairbanks had been in the oil business for 20 years. In the Bothwell field he owned the Moore, Lutes, Gosner, McElvick, Grever, Smith, Garmen & Fairbanks, Sudex and Geo. Brewer plants. He had 70 wells and did not operate them on Sunday—they had not been operated on Sunday for seven years. He found them profitable without Sunday work. On the Garmen-Fairbanks Goodyear well a test had been made for four months as follows:

March, working Sundays, 1,000 barrels.
April, not working Sundays, 954 barrels.
May, not working Sundays, 933 barrels.
June, working Sundays, 1,009 barrels.
It was a matter of slightly increased profits by working on Sundays.

James McLister, foreman of the Fairbanks wells, had 25 years experience in the oil business. His wells never operated on Sunday and the shut-down had apparently no effect. There would be a loss in profit, but the life of the well was longer by the rest one day in seven and the oil accumulated, Monday always being a better yield after the Sunday rest.

The case was then enlarged till Friday.

HOOKEY

A meeting of the Chatham Hockey Club will be held in the Garner Hotel to-night, when arrangements will be made for the coming season. A meeting was held last Wednesday, when the club was organized and officers elected. It was decided to adjourn until to-night, when a larger attendance is expected and the club will be in a better position to discuss this year's prospects.

STORM SWEEP LAKES

One Crew of Twenty-Six Perishes—Rescuers Late.

Steamer Mataafa Driven Ashore Off Duluth Harbor and Sailors Believed to Have Died of Exposure—Two Other Steamers Wrecked—Hurricane of 60 Miles An Hour and Blinding Snowstorm.

Duluth, Minn., Nov. 28.—In one of the most terrific gales in the history of the great lakes, three large steamers were yesterday driven ashore in sight of the lighthouse at the Duluth Harbor, the local harbor, and several members of the crew of one of the boats, the Mataafa, were believed to have perished. The wrecks are the Crescent City and the Mataafa of the Pittsburgh Steamship Co., and the R. W. England, owned by the England Transportation Co. of Cleveland.

As soon as interrupted telegraphic communication with other lake ports resumed it is expected that further reports of wrecks will be received.

Wind 60 Miles an Hour.
For thirteen consecutive hours, between 11 o'clock Monday night and 12 o'clock Tuesday, the velocity of the wind averaged sixty miles an hour. The Mataafa is being slowly pounded to pieces. The crew of the Crescent City escaped, but the boat is a total wreck. The England is lying on the sand, and is in no danger of going to pieces.

The Mataafa left here Monday night with the Nasmith in tow. A mile or two out in the lake she left the Nasmith, which immediately anchored, and came on alone, endeavoring to make the entry. At the entrance the waves were almost mountainous in height, and great clouds of water kept sweeping the laboring vessel from stem to stern. She cleared the pier and went on the beach broadside.

Rescuers Late.
There, with thousands of people watching them, almost within a stone's throw and unable to do anything the poor fellows huddled on the stern of the boat awaiting rescue. The life-saving crew had not reached the Mataafa until nearly 6 o'clock, and by that time the stern was almost under water, and some time before that the men slipped down ventilators in the hold of the boat, and none were seen on the stern. Their only chance is that there may be some compartment there watertight to hold them until rescued. Two of them crawled along the boat through the fearful waves and made the forward part. A third tried it and gave it up.

26 Men Frozen to Death.
Milwaukee, Wis., Nov. 28.—A Sentinel special from Superior, Wis., says that the life-savers have been unable to get the crew off the Mataafa. The boat has broken in two, but the decks are still out of water. It is thought that the 26 men have frozen to death, as there is no sign of life on board.

Michigan Storm Swept.
Detroit, Nov. 28.—Lake Superior from Duluth to the Soo, the upper peninsula of Michigan, the upper ends of lakes Huron and Michigan, and the northern counties of lower Michigan, have been swept Monday night and yesterday by a terrific storm. The blizzard raged with a velocity of from 40 to 60 miles an hour, and all the harbors from Port Huron north on Lake Huron and the Soo north on Lake Superior are filled with vessels which have run in for shelter.

OLIVER MOWAT ASHORE.

Crew Rescued After Eight Hours' Cruel Exposure.
Oshawa, Nov. 28.—A Grand Trunk special, bearing a life-saving party from Port Hope, thirty miles distant, and a mile's overland haul of the large fishing yawl brought by the rescuers, were sensational features of the successful attempt made to bring ashore Capt. Robinson, his wife and the crew of four belonging to the schooner Oliver Mowat, which grounded about 300 yards to the east of Bluff Point, about 10 o'clock yesterday morning.

Those rescued were: Capt. George Robinson and Mrs. Robinson, Port Hope; James Bloomer, Bathurst street, Toronto; Isaac McEvoy, Port Hope; Charles Hollenbeck, Colborne and Ed. McClelland, Port Hope.

The sailors, drenched to the skin and benumbed through eight hours of exposure to driving snow, cutting wind and waves that flooded to the deck at intervals were promptly taken to the Oshawa House, where they were cared for.

SKATED INTO A HOLE.

Peterboro' Lad Was Drowned in the Trent Canal.

Peterboro', Ont., Nov. 28.—Louis Bell, the 13-year-old son of Wm. Bell, grocer, went skating on the canal after school Monday. Not returning a search party found his boots on the shore back of the house. The ice was thin and the lad, who was alone, evidently skated in an opening. The body has not been found.

Shot Destroys Eyesight.

Toronto, Nov. 28.—Last night about 11 o'clock W. G. Heintzman, a piano maker, saw a man leaning against an advertising board with blood coming from a wound in the right temple and a revolver lying on the ground. The injured man said he was John Wright of Brantford, and arrived from there at noon yesterday. He claims he was examining the revolver and it went off. The ball destroyed the sight of both eyes, and may prove fatal. He was taken to the General in an ambulance.

FOR THE PUBLIC GOOD

Premier Whitney on Dismissal of License Inspectors.

Regrets Resignation of the Commissioners, But Finds Their Course Astonishing—Shows How Their Position Interferes With Responsible Government, and Says the Government Is Quite Prepared.

Toronto, Nov. 28.—The action of the Board of License Commissioners in resigning their posts owing to the dismissal of the Toronto license inspectors was the absorbing topic of discussion in the streets yesterday. The developments of yesterday were a statement of the Government's position by Hon. Mr. Whitney, and a lengthy explanation of their course by the license commission, in which they say that the dismissal is a surrender to partisan greed for office.

Premier Whitney arrived from Morrisburg at 5.30 p.m., and joined the Ministers who had been in session all afternoon. After some deliberation with his colleagues Hon. Mr. Whitney handed out this statement:

"I have read the Toronto newspapers with reference to the change of license inspectors in this city. Precisely similar action has been taken by the Government with regard to inspectors in a great number of counties during the past six months. There were good reasons for making those changes, and no such outcry occurred as we have heard with reference to the changes in Toronto."

"The Government would have been entirely justified in changing the inspectors months ago. But for good reasons—reasons which will appeal to every fair-minded person—the Government determined to keep them on and see what would be the result. They have found that the change was necessary in the public interest, and they have made the change."

"All sorts of motives are imputed to us by men who are actuated by various reasons, but we are prepared for all that sort of thing.

"The astonishing feature of the hubbub is the ground taken apparently by the commissioners that they should have been consulted, and the change is a reflection on them. They are no more responsible for the act of the inspectors than the inspectors are responsible for the acts of the commissioners. Otherwise the Government would be obliged to appear before the commissioners and lay before them the reasons which prompted the Government in desiring a change, and ask permission to make the change. This would not be responsible Government.

"The commissioners did good work while they held office, and the Government regrets the course they have taken, which is simply astonishing."

ATTACKED BY FRENCH MOB.

Presbyterian Evangelist Victim of Another Montreal Outrage.

Montreal, Nov. 28.—The attacks upon the Presbyterian evangelist, Mage, reached another stage Sunday evening, when the residence of Rev. Calven Amaron was stoned by a lot of hoodlums, though, fortunately, the inmates escaped unhurt. Rev. Mr. Amaron is pastor of St. John's French Presbyterian Church, and on Sunday evening he ejected from the Mage meeting, which he was attending, a young man who persisted in raising a disturbance.

In retaliation for this act he and his wife were followed home by a gang of men and boys, who hanged as they proceeded through the streets to their home on Milton street.

The party reached their residence without any personal violence, but they had no more than entered their door when the house was showered with stones. Fortunately, Mr. Amaron possesses a telephone, and he was thus enabled to summon the police.

A half-dozen constables dispersed the gang and a couple of officers now guard the house regularly throughout the night. No arrests were made.

Three large window panes were broken, for which the city will be asked to pay.

Lying is about the only art that does not suffer from want of practice.

WEDNESDAY, NOVEMBER 29, '05.

DO YOUR SHOPPING EARLY.

The Christmas season is at hand. In less than one month Christmas Day will be here. All purchasers of holiday gifts are strongly urged to make their selections early. Do not delay until the last week or two when the stores will be crowded, clerks busy and the selection of goods limited by reason of the early buyer securing the choicest and best. Even if you have not the money now there is no reason why you should not do shopping now when it can be done pleasantly, conveniently and comfortably.

Any storekeeper will lay the goods aside for you until you call for them and have the money to pay down. By choosing now you will avoid a great deal of trouble, worry and annoyance later on. You will get the most efficient service and attention and acquire gifts at just as reasonable prices as three weeks hence.

The rush this year promises to be greater in Chatham than ever, owing to the generally prosperous times and the fact that money is more plentiful to make generous purchases. You will be waited on promptly now and may wander around the well stocked stores at your own sweet will. Later on you will be jostled and shoved about and will not be able to make as close an examination and inspection as you would like.

Excelsior Paint will give you what you desire—a nice glossy finish. Try it. Drew & McCallum.

No man's a failure until he's dead or loses his courage, and that's the same thing.

The Consumers' League of Buffalo is sending out the following appeal to Christmas shoppers which is applicable to Chatham citizens as to those in the Bison City:

Women, who are about to begin your Christmas shopping, take a moment to read these few suggestions as to how you can lighten the work of those who are to wait upon you, and to whom the season means longer, harder hours, and fatigue to the point of exhaustion. A little thoughtfulness on your part will help to spread the spirit of kindness to the children, clerks and working people who are laboring for you and to make their Christmas a joyous instead of a hard period.

1. Do as much of your shopping as possible before Dec. 1.
2. Have it all done one week before Christmas.
3. Shop early in the day.
4. Carry home as many parcels as possible.
5. Do not ask to have parcels delivered on the day of purchase.
6. Do not ask to have parcels sent home on approval.
7. Do not shop during lunch hours, thus shortening the hours for clerks.
8. Please give this leaflet with big message to others who may not understand the condition of things at Christmas.
9. Please ask your clergyman to speak to his congregation on this matter.

We would also add, "Buy in Chatham," for in no place are there larger or more select stocks, and in no place are the prices more reasonable. An article of the same quality can be bought as cheaply, if not cheaper, in Chatham than elsewhere. At this Christmas time, when the merchants have gone to great expense and are looking for a big trade, they should receive the support and encouragement of every citizen. And this should be done first and foremost by being loyal to their home city, where they earn their livelihood, and second by making their purchases early. By making purchases early, not only will it tend to avoid the usual great crush a few days before Christmas, but it will enable the purchaser to make better selections. Let every citizen at this Christmas time make it his motto to "Buy early and buy at home."

THOSE LIGHTS

An indignant citizen was bitterly complaining yesterday morning of the manner in which the affairs of the electric light department are conducted.

"For example," he said, "there was not a light on Queen St. Monday evening south of the C. P. R. track and the same conditions also prevailed on Sunday night."

Tuesday morning the sidewalk on School St. was four inches under water, and this has been the case for over a year, after a heavy rain."

RICHMOND.

Rev. Mr. Nelly is still improving from his late residence.

Mrs. Wm. Ross has been visiting friends at Mitchell's Bay.

Wm. Wilkes has returned from the Northwest, hale and hearty.

Miss Hattie Hardick and William Hardick, Jr., are recovering from typhoid fever.

Rev. Mr. McLean, of Chatham, took charge of the services on Sunday.

MANY CONSUMPTIVES HELPED.

State Hospital in Adirondacks Shows Encouraging Figures—105 Patients Discharged.

The trustees of the New York State Hospital for Incipient Pulmonary Tuberculosis in the Adirondacks have issued their completed statistics for the first year, which is as follows: There were admitted 207 patients, more than half of whom were incipients. There were no deaths. Of the 105 patients discharged, fifty-two were apparently recovered. Twenty-six arrested cases are reported. Sixteen improved, while eleven left without any improvement. The treatment consists mainly of outdoor air, wholesome food and rest. Patients have three full meals and two or three luncheons a day, and 90 of the 105 gained an average of 10.57 pounds each. This is certainly most encouraging and shows that incipient consumptives at least can be cured. There is another treatment perhaps almost as good. Stay home, use cold baths in the morning, get as much outdoor exercise as possible, a generous diet and the continuous use of Scott's Emulsion will doubtless check the progress of the disease and may permanently cure. At any rate it is easy to try it.

FARM LANDS FOR SALE

The undersigned offers for sale by tender, lot No. 17, in the 8th concession, Dover East, 200 acres, more or less.

Tenders will be received up to last January, 1906, for the whole lot, or for parcels of 50 or 100 acres each. The land is of the finest, much of it is new, and very suitable for a stock farm. There is a bush on each 100 acres. Suitable farm buildings are also for sale.

The highest or any tender not necessarily accepted.

Address the owner, Alexander Macfarlane, Victoria Avenue, Chatham, Ont.

FOR SALE

Tenders will be received by the undersigned, Solicitor for Perry F. Chase, the executor of the last will, and testament of Samuel Chase, late of the city of Chatham, in the County of Kent, formerly of the Township of Raleigh, laborer, deceased, up to the 30th day of November, A. D. 1905, for the purchase of lot number eighteen in block forty-eight, common school lands, on the westerly side of Centre street in the said city of Chatham.

On said lot are built two frame houses. Tenders may be for either or both of said houses and the lands belonging to same.

For further particulars apply to W. E. McKEOUGH,
Solicitor for Perry F. Chase,
Chatham, Nov. 14, 1905.

NOTICE

Notice is hereby given that at a meeting of the Municipal Council of the City of Chatham, to be held on Monday, the 18th day of December, 1905, the said Council intend to close up that portion of street lying between that part of lot 19, owned by Wm. M. Drader, and that part of lot 20, owned by Otis B. Hulin, and being between the south limit of Thames street and the River Thames, except that portion beginning at the westerly limit of that part of lot 20, owned by Otis B. Hulin, and running westerly along the South side of Thames street to a point 47 feet therefrom, thence southerly, parallel with the said westerly limit of said part of lot 20, owned by the said Otis B. Hulin, to the River Thames, the said width of land to be closed up, being in width along the South side of Thames street 125 feet.

And notice is further given, that any person whose land may be prejudicially affected thereby, and who petitions the said Council to be heard, shall be heard in person or by counsel or solicitor, at said meeting.

Dated this 14th day of November, 1905.

W. E. McKEOUGH,
Clerk of Chatham.

THE ART OF TEA MAKING.

There Are Other Things Besides the Quality of the Beverage.

To make good tea is one thing; to make tea gracefully is a wholly different thing. The Frenchwoman makes tea gracefully, whether the cup is good or not.

The cardinal principal in tea making is to be at your ease. Seem to enjoy yourself. If you do not enjoy yourself you may be sure that there will be little enjoyment for your guests. The spectacle of a tired hostess is a familiar one and a never pleasant one. Think over the hostesses you know. The pleasantest places to visit are the places where the hostess has a good time herself. She smiles and is glad to see you, and you feel that you are making her happy.

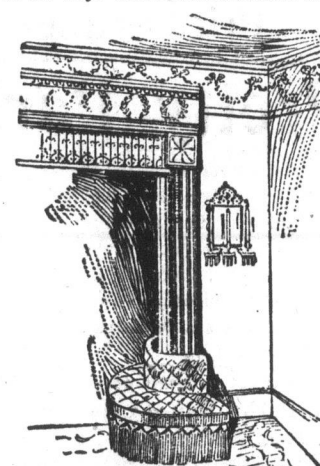

It is said that a woman who has kept her figure is sweetest at forty. Any way she can make the best cup of tea. Her pleased, half amused manner as she makes it is delightful; so also is the pretty way she holds the cup toward you, so also is the manner in which she makes and sips her own cup while you are taking yours. Almost imperceptibly she refills your cup. There is a sentiment in keeping the same cup while she pours some fresh tea into it. And so the tea hour passes. It is a delightful thing.

The hostess who does not acquire the art of making a cup of afternoon tea calmly and well is the hostess who knows little or nothing about finesse. Practice the art of tea making when you are all alone. Take a cup of tea and pass it across the table. See if you can do it without forgetting anything and without upsetting it; then try to do it and to listen at the same time. Pretend you are holding a conversation. Don't look at the cup too steadily. Practice tea making until you can do it without more than glancing at the cup. It is easy. And when you have learned it—be you rich or poor, a great hostess or a small one—you will have acquired a pretty art which will serve you in good stead all your life.—Brooklyn Eagle.

FOLDING DOOR SETTEE.

It is Artistic and Adds to the Room's Appearance.

Folding doors between communicating rooms are seldom closed. An ordinary chair within a few feet of the space never looks well. It shows its back to one room or the other and is in the way. The settee illustrated here

A CONVENIENT SEAT.

Is an addition to any decorative arrangement of either room. It does not interfere with any graceful drapery that may be arranged at the door. It is decidedly useful, convenient and gives a certain touch of the unusual and elegant to the room. Of course it is readily rolled to some other position when it is desired to close the sliding doors. A settee of this kind is not difficult to fashion, and a very pretty one could easily be made and upholstered at home.

Work Solved Hands.

If a girl works around a typewriter during the day or handles dusty goods the hands are thoroughly begrimed by night, the dirt soaking in as the perspiration opens the pores. If there is no running water at her office she should leave them uncovered until she reaches home. Putting on gloves soils the latter for any further use and dries the hands. Wash the hands in tepid water holding a teaspoonful of ammonia. Scrub well with castile soap and a stiff brush. Borax soap dries the skin too much after excessive perspiration. Always keep half a lemon on the washstand with which to rub the hands and nails after the first dirt has been removed. The hands should be scrubbed again well before retiring or while bathing in the morning. This is the only means of getting the grime and discoloration entirely out of the flesh each day. A sulphur match dipped in water and rubbed on the spot will remove ink stains.

The Children's Scrapbook.

The scrapbook is a pleasant and educational aid to the children. The future years are likely to be the outcome of the child's life in his scrapbook. There should be some definite means of expression for the child's train of thought.

One enjoys the pictures of locomotives. The future may find him a railway magnate. One finds the pictures of buildings a matter of constant pleasure, and no doubt time will register him as an architect. Birds interest another child, and it may quicken in him the spirit of ornithology.

Give your child a scrapbook and see what his tastes are, and if he does not have natural interest in one perhaps a little of your attention will help to awaken latent powers. Foster the originalities of your child as much as you can.

Two Repulsive Pictures.

In the atelier of Adolph William Bouguereau, the great French painter, there hung two terrible pictures. One represented a man dying in the desert, with the frightful form of the angel of death descending upon him. The other depicted Dante and Virgil in hell watching one victim madly gnawing at the throat of another. The two pictures failed because of their horror. "If I had stuck to such subjects as those," the artist used to say, "I should have starved long ago." He found a market for the beautiful.

How Best to Preserve Good Looks.

The young girl just blossoming into maidenhood, on that peculiar border line between maidenhood

should have every care. Parents are often to blame for endangering their daughters' health by allowing them to overwork, allowing them to attend parties and other places of amusement and the indulgence of other habits which tend to excite the nervous system. A soft seductive smile she had. That made you long to woo her; You felt you really should go mad. Unless this maid of winning grace. The little curve of her red lips. Was cute as tainted money. As sweet as dew the bold gipsy sips. Or 'en as buckwheat honey. Her form was short—or was it tall? I really don't remember. But then I could have told you all About her last September. Because this maid of winning grace Was then my great affliction. I read about her charms and face In yellow covered fiction.

The Cute Thing.

"But why don't you work instead of coming asking for a handout?" "Same old story, ma'am. Find it hard to get a job in my line." "And what is your line?" "Going as mascot for a bridal party, ma'am."

Not Generous to a Fault.

"Is he an easy man to borrow money from?" "Yes, comparatively. Give him a mortgage on all your personal property and assign your salary to him and he will shell right out."

Might Spoil Him.

A million dollars is too much For any man, 'tis true. That's for the other fellow, though; It's not too much for you.

PERT-PARAGRAPHS.

TAKING A CHANCE.

When you open up for business, Quite determined you will win And what is vulgarly called tin, If you hope to catch a fortune Of a generous expense, It's a cinch that you will miss it If you never take a chance.

When you go to court a lady Who is pretty, young and fair And you sit around and wiggle Bashfully upon your chair, If you want to win her favor, With her sweet and sunny glance, There is no way you can do it If you never take a chance.

In the game of winning office, Getting politics in hand, So that you may fool the voters And walk in as you have planned, It is really worse than useless, Though polite as men of France, To attempt to knock the plums off If you never take a chance.

Let us learn the simple lesson As a journey on the way, That we in the game of winning Never have a walk-away; That we cannot knock the outcome Of our ventures in advance, But may be assured of failure If we never take a chance.

Scorned the Truth.

"She refused to pay for her picture?" "Didn't they look like her?" "That was the trouble."

You Have Met Her.

Her eyes were dark as woodchuck holes Beneath a beech tree olden, Her lashes straight as beechen boles, Her hair a glossy golden. Her skin as pure as lilies white Where very common girls are, As graceful she as mullen bright, A veritable fairy; The sun of her dream at night, A vision light and airy.

A soft seductive smile she had That made you long to woo her; You felt you really should go mad Unless this maid of winning grace. The little curve of her red lips. Was cute as tainted money. As sweet as dew the bold gipsy sips. Or 'en as buckwheat honey.

Her form was short—or was it tall? I really don't remember. But then I could have told you all About her last September. Because this maid of winning grace Was then my great affliction. I read about her charms and face In yellow covered fiction.

Pushing the One Folk Aside.

When the babies are cross and a man would like a quiet retreat there is none for him. But in a few years, when the children are grown and he is in the way, the daughters and mother put their heads together and originate a den. There is no den for the mother because she gracefully eliminates herself by sitting in the kitchen or running to a neighbor's. It is her natural disposition to hide in a corner or remove herself entirely, and it is not the natural disposition of the father; hence the den. It has a couch and some pipes and tobacco and the books which the neighbors haven't got around to borrowing as yet, though if father begins a story today the book will be found to be loaned out when he wants to finish it tomorrow. The den is a fashionable way of pushing the old man out. If there is one in your house, Mr. Man, don't be deceived.

THE best range thermometer ever invented will not produce satisfactory baking from a poor oven. A fluctuating oven heat means guess-work baking.

The Imperial Oxford oven has a steady, even heat. You don't require to touch the fire or move a damper. Baking with an Imperial Oxford is an exact science! Just place the article in the oven and time it—the oven does the rest. It is the Diffusive Flue of the

that makes this possible. This flue draws in fresh air from outside the range, it is superheated and discharged through a grating into the oven. This heated fresh air permeates every part of the oven and keeps it at an even high temperature.

Probate of the will of the late John Little, of Bothwell, was granted to E. C. and Jane Little.

The missionary collection at the Victoria avenue Methodist Sunday school amounted to \$21.

The only amusement in the city is Marks Bros. to-night. "The Black Flag" will be presented.

Confirmation services will be held in St. James Church, Wardsville, on Sunday evening, Dec. 17th.

Mr. C. E. McKeough, manager of the Home State Mining Co., Deadwood, South Dakota, with W. A. Watson, manager of the Toronto office of Douglas, Leach & Co., will be in town this evening. Any wishing to see them can do so by calling at room 19, Victoria Block.

SERIOUS CASE

A Man Who Sold Snipe on the Market Will Come Up Before Judge Houston To-morrow

An interesting case is slated to come before Judge Houston in the Police Court to-morrow morning.

A man named Murphy has been served with papers by Detective McGregor for selling snipe on the market. Murphy, it is claimed, bought the snipe—37 in all—from the man who shot them. He sold them to a Chatham man who bought them to give to a friend in Toronto.

It is against the law to sell snipe and it is said Murphy was warned against selling them a year ago.

The penalty for selling snipe is \$5 for every bird sold, and both seller and purchaser are liable. If this case is found to be a good one and every liable party concerned is fined the city will be about \$405 richer.

The man who shot the birds, the man who sold them on the market, and the man who bought them will all have to pay \$135 each. It seems that no distinction is made for the man who does not know the law, and the lowest fine is \$5 for every bird sold or bought.

TRACTION ENGINES

The recent amendments to the law regarding traction engines on the highway enact that the owner or owners of engines over eight tons in weight must strengthen the bridge or culvert over which they are to pass, before attempting to cross. It also enacts that whether the engine is over or under eight tons, the owner must use such plank on the bridge or culvert as will prevent the floor being damaged by the engine.

YOUNG MEN'S CLUB

There was a good attendance at the meeting of the Young Men's Club in the Park street Methodist Sunday school hall last evening, notwithstanding the inclement weather. Games were indulged in and a good time was spent by all the young men present.

The project which is on foot, to form a Young Men's Christian Association, is meeting with general favor wherever it is mentioned. Representatives from the Association at Toronto are expected to visit the city some time this fall and see what can be done towards the formation of a branch association here.

DEATH OF MR. COREY

Yesterday afternoon Mrs. O. L. Lewis received a telegram bearing the sad intelligence of the death of her father, Harrison Corey, in Washington, D. C. Mr. Corey, who was about 68 years of age, was one of the largest oil producers in Petrolia. He and his wife have been in Washington on a short vacation.

Mr. Corey died quite suddenly, his family having no intimation of the fact that he was even ill. His death has been a sudden blow to his many friends in this city. Mr. and Mrs. Lewis have the sincere sympathy of the entire community.

POOR LUCK

A man, named J. Luck, applied at the Police Station for a pass to Windsor, which was granted him by Chief Holmes. Luck claimed to be unable to work, which was quite evident from his appearance. His home is in Windsor, and he left there in search of work, but his efforts were unsuccessful, and now he wants to get back to Windsor. He claimed to have served in the British Army during the Indian Mutiny. His wife is present in the Home for the Friendless at Windsor.

IS NOW MANAGER

Major Geo. Massey on Monday received his commission as manager of the local branch of the Bank of Montreal and his many friends have since been most profuse in their congratulations to him for his deserved and well earned promotion.

Mr. Massey is probably one of Chatham's ablest and most popular business men. For some time he has been manager of the bank pro tem and prior to that was accountant. During the time he has charge of the Bank's interests in this city, he has proven himself to be a capable banker, and his retirement comes as a suitable reward for his past services.

The Planet heartily endorses the many good wishes being extended to Mr. Massey and prophecies for him much happiness and success in his new position.

WHAT CAUSES SNORING

When asleep, people that snore breathe through the mouth instead of the nostrils, which are choked with catarrh. Just use "Catarrh-zone!" before retiring and you'll quickly cure the snoring habit. By destroying the cause of catarrh and healing the membranes, Catarrh-zone makes a complete cure in every case; it cleans the nostrils, stops the discharge and prevents drooping in the throat in a few minutes. Nothing so pleasant or certain to cure snoring, catarrh or colds as Catarrh-zone—that's worth remembering.

Even the black sheep may masquerade as spring lamb.

HONORED HIM

Pupils of the Separate School Rejoice Over the Happy Recovery of Rev. Fr. James

Yesterday the children of St. Joseph's School celebrated the feast of the patron saint of Very Rev. Father James, local superintendent. Their felicitations on this occasion were all the more heartfelt as the Rev. Father is just recovering from a very severe illness, and the children all manifested their joy at his presence among them again.

As the Rev. gentleman entered the hall the joyous strains of "Virat Pasor Bonus" was sung by the pupils. Charles O'Connell then read an address expressing the good wishes of the teachers and pupils, their gratitude for his many acts of kindness in their behalf, and their appreciation of his zealous labors with the school.

Two little maids, Eileen Kelly and Dorothy Dunn, then presented the Rev. Father with a gold piece on behalf of the pupils, as a token of affection and gratitude.

The Rev. Father responded in happy chosen words and thanked the children for their much appreciated gift and beautifully worded address. He took the opportunity to remind them of the advantages they enjoyed and urged them ever to be faithful to the noble maxim they were taught in school by their earnest instructors.

The program closed by the singing of a hymn of praise, "Holy God, we Praise Thy Name," and the children adjourned to enjoy a holly-holiday, graciously accorded them by the Rev. Father.

CHILDREN'S AID

Advisory Board Met Last Evening and Received Encouraging Reports—Annual Meeting To-morrow

The regular monthly meeting of the Children's Aid Advisory Board was held yesterday afternoon in the County Clerk's office. There were present Messrs. Smith, Stephenson, Sheldon, Young, Fraser, Goodland, Glenn, Williams and Paterson, also Messrs. Paterson, Gossnell and Dr. R. V. Bray.

The executive officer reported: Letters written 10 interviews 5 cases investigated 1, applications for children 1. The report was adopted.

Accounts amounting to \$21.58 were ordered paid.

The committee on arrangements for the annual meeting reported that the hall had been secured and a good program had been arranged.

The ladies committee appointed to wait on the principals of the different schools reported that the distribution of school books to the needy poor was not altogether satisfactory, and on motion it was decided to request the principals to ask the scholars for their cast-off books and forward the same to the society.

These books will then be placed in the hands of the truant officer for proper distribution.

The ladies canvassing committee reported having covered parts of their allotted districts and handed in \$71.75 for membership tickets. The executive officers deferred reporting on the charities conference until another meeting.

The Board received the invitation to attend the opening of the London Shelter Friday afternoon and evening.

The annual meeting will be held in the Elms assembly hall to-morrow evening at eight o'clock. Mrs. Harvey, of Toronto, will address the meeting and a good program of music will be given. All are invited.

Coughs, Colds, Hoarseness, and other throat ailments are quickly relieved by Creosote tablets, ten cents per box. All Druggists.

CHRISTMAS CANADIAN MAGAZINE.

Packed full of good things is the Christmas number of our national periodical, The Canadian Magazine. The illustrations are wonderfully well done, and are over fifty in number. These include full-page plates of such famous pictures as Correggio's "Holy Night," Del Sarto's masterpiece, "Madonna of St. Francis," and his "Apostle James," and Sir J. E. Milne's "The Shipwreck." There is also a splendid series of full-page plates, showing the harbors and ports in Canada—Victoria, Fort William, Sault Ste. Marie, Depot Harbor, Toronto, Montreal, St. John and Halifax. These pictures introduce Canada's marine possibilities in a most graphic manner. The two leading articles are "Andrea del Sarto," by Herbert M. Vaughan, and "Canada, After Twenty Years," by Sir Gilbert Parker. The stories are excellent, and are by Nellie L. McClung, Jean Flewett, Alice Jones, and Verna Sheard—all Canadian women. The description of "A Prairie Fire" by Douglas Robertson, is a vivid bit of word painting, and its vividness is increased by the illustrations. The book reviews are especially good this month, and the departments of comment and criticism are thoroughly interesting. The cover is a beautiful piece of work, with the Sistine Madonna as the centre-piece in the design.

MUNICIPAL ELECTIONS

Municipal matters in Raleigh are commencing to be talked of. It is certain that Reeve Pardo will be a candidate for the reeve ship for another term, and Jas. R. Irving is spoken of pretty generally as his opponent. L. E. Marshall and Jas. Clayton are also spoken of as probable candidates, but these gentlemen are not likely to enter the field this year. Wm. Irwin states that he will not run again for councillor, and Jas. Wellwood will not likely be a candidate owing to the stress of his personal business.

NEW ROUTE TO SOUTHERN CALIFORNIA.

The opening of traffic of the San Pedro, Los Angeles and Salt Lake Railroad, known as the Salt Lake Route, between Salt Lake City and Los Angeles, makes available a most desirable short line to Southern California. This will doubtless be of great interest to the ever increasing number of people who journey each winter to this sunny clime.

In anticipation of a large volume of this class of traffic a handsome equipment of modern vestibuled trains has been placed in service in connection with the Overland Limited train of the Chicago, Union Pacific and North Western Line, the most luxurious train in the world. This forms a new and interesting route by which first class tourist travel can reach the sunshine and flowers of Southern California, travelling on fast schedules and in luxurious comfort. Rates, folders and full information can be obtained from B. H. Bennett, General Agent, 2 East King street, Toronto, Ont.

Orders for bookbinding should be left at this office. It is surprising how nice a volume can be made of these magazines, even though they are somewhat soaked from much handling. Books, magazines or periodicals bound or rebound in any style at very reasonable prices. Blank books, such as journals, ledgers, day books with any kind of ruling, made to order. All work warranted first class.

The Best Ready-for-Service

CLOTHING!

We say that earnestly. We would like to prove it to every man in Kent County.

This clothing business has been growing fast—and growing solidly. The men who came last year are coming again.

They know Austin clothing. It is the men who don't know Austin clothes, who don't believe they can be fitted, who don't think ready-for-service clothes have style and wearing qualities—it is the hundreds of such men in this Western Part of Ontario that this invitation is especially extended.

We say, after the most careful and thorough comparisons that you will find here more distinction and style in clothes than any but the highest priced tailor—the \$25 to \$35 man—can give you. We know—for we have directed every detail of the making of these clothes—that the workmanship is better than the average tailor's workmanship, and that the fabrics are as fine and fashionable as can be found anywhere. We know that these are the best Ready-for-Service clothes made and that they are not to be equalled anywhere for anything like the prices and not to be found at all in Chatham outside of the Austin Store.

The Men's Suits comprise some of the season's choicest patterns of plain and fancy Cheviots, Tweeds, Worsted and Serges. Models are both single and double breasted.

Prices range \$5.00 to \$16.00

The Planet, in conversation with a prosperous farmer of Dover on Saturday, was informed that as an instance of the benefit of the electric road to Dover, he was in the city making arrangements that day to have his son attend college here, as it was so easy now getting in and out of Chatham by trolley. This is one case out of many others which might be mentioned in support of the great convenience of the electric car service to the Maple City.

Dr. Geo. T. McKeough has kindly consented to preside at the 27th anniversary of Court Hope of Ontario, No. 6244, Ancient Order of Foresters, of this city, this evening. The doctor will give a short address on "Travels in Rome" and as his former talks on travel to this Court have been very interesting and instructive, this one will prove no exception to the rule. Other features are in store for the brethren who attend this complimentary "Reunion" in honor of the Court's institution in Chatham on the 12th of November, 1878.

IMPORTED SOAPS FOR CHRISTMAS TRADE

We are today showing in our window some imported soaps, which we have bought especially for our Christmas trade. They are of very high quality and are of course high in price but our customers who have bought them before are so delighted with them that we have no difficulty in selling them again.

The large elevator on the C. P. R. line at St. Joseph, belonging to F. B. Stephens & Co., was badly damaged by fire last Monday evening.

The damage amounted to \$5,000 and is covered by insurance. About four cars of grain, which was stored in the warehouse, was destroyed, but a car loaded ready for shipment was saved.

About fifty friends were enjoyably entertained at the home of John Stephens, Forest street, pedro being the order of the party. After supper the party repaired to the parlor, where the remaining part of the evening was spent in dancing.

Shortly after midnight the gathering dispersed, all expressing their appreciation to the host and hostess for the good time afforded.

It comes hard to lose a soft berth.

MARKS BROS.

"Louis Reil," an historical drama of the Great Northwest, was Marks Bros' bill at the Grand last evening, and it was very largely patronized. This company, which is ever a popular one, doing a good business in Chatham and they are fully deserving of the patronage they receive.

The play last evening is one which tended to arouse the patriotism of the audience, and, as a result, the applause was enthusiastic and merited. The parts were well taken, and the acting of Fred Bigelow, in the title role, was especially good. The specialties between acts were clever and amusing.

The play to-night will be "The Black Flag."

HOCKEY CLUB

A meeting of the students of the Canada Business College was held in the lecture room 1st evening, for the purpose of electing the officers of the College Hockey Club.

The chairman, J. H. Anderson, called the meeting to order, and on motion of P. Schendel and K. L. McIntosh, J. E. Richards and S. E. Ferris were appointed scrutineers.

Speeches were given by the candidates, after which the following officers were elected:

Hints About Screws.

When screws are driven into soft wood and subjected to considerable strain, they are very likely to work loose, and it is often difficult to make them hold. In such cases the use of a screw with a glue thick, to form a stick about half the size of the screw and put it into the hole. Then put in the screw and drive it home as quickly as possible. When there is an article of furniture to be hastily repaired and no glue is at hand, here is a tip: Insert the stick, fill the rest of the cavity with pulverized rosin, then heat the screw sufficiently to melt the rosin as it is driven in. Where screws are driven into wood for temporary purposes they can be more easily removed by dipping them in oil before inserting. When buying screws, notice that the heads are small and well cut, that there are no flaws in the body or thread and that they have pointed points. A screw of good make will drive as easily into oak as others into pine and will endure having twice the force brought against it.

Solitude and the Crowd.

It is easy in the world to live after the world's opinion. It is easy in solitude to live after our own, but the great man is he who in the midst of the crowd keeps with perfect sweetness the independence of solitude.

It Would.

"But why won't your husband let us look up the coat of arms of his family?" "Paw sez a coat of arms would look funny for a man that made his fortune in his shirt sleeves."

Absolutely Effective.

Mink's Lintment Cures Colds, etc.

I WILL CURE YOU FIRST THEN YOU PAY ME

The physician who has not sufficient confidence in his ability to cure his patients first, and receive his pay afterwards, is not the man to inspire confidence in those who are in search of honest treatment.

My acceptance of a case for treatment is evidence of a cure, because I never accept the money for the value I have given the patient, but I expect to prove my worth and show positive and satisfactory results before I ask for the fee. So, should I fail to cure the case, the patient loses nothing, while when I cure him I have given what is worth much more than money. I have given him his health again. I am the very first specialist in the United States who has had sufficient confidence in his ability to cure his patients.

NOT ONE DOLLAR NEED BE PAID UNTIL CURED

There is no guess work, no experiment—bent my method. I am a known expert in my chosen specialty, and offer you the best and only the best treatment. When your life or your health is at stake, inferior treatment (which leaves after effects worse than the disease itself), is dear at any price.

I Have 14 Diplomas and certificates from the various colleges and state boards of medical examiners, which should be sufficient guarantee to my standing and abilities. I make no difference who has failed to cure you, I will be to your advantage to get my opinion of your case free of charge.

PHYSICAL DEBILITY

The latest Method of treatment is a heaven-sent boon to nervous sufferers. There are scores and hundreds of persons suffering from severe nervous disorders resulting from overwork, worry, business and domestic cares, nervousness, depression, etc. To cure this life-long condition of misery, while peace, comfort and happiness are impossible. They suffer from headache, loss of memory, mental depression, strange sensations, dizziness, weakness, trembling, heart palpitation, cold limbs, utter fatigue and exhaustion. In this class of cases almost immediate relief is afforded by my treatment. The use of narcotics and poisonous stupefying drugs is done away with, and permanent cures accomplished.

I Cure Nervous Debility, Varicocele, Stricture, Early Decay and Waste of Power, All Nervous, Chronic, Blood and Skin Diseases.

HOME TREATMENT

If you are in or near the city you should apply for treatment in person, but if you live too far away, write me a full and unreserved history of your case. You will receive careful consideration and painstaking attention as if you were in my office daily. As men in different parts of Canada and Mexico, as well as all over the United States, are cured by my system of home treatment, I feel fully justified in claiming that it is the most perfect and successful system ever devised. All physicians coming to me for consultation over obsolete cases which they are occasionally called upon to treat will receive the usual courtesy of the profession. Medicines for Canadian patients shipped from Windsor, Ont., all duty and transportation charges prepaid.

TREASURE FOR ARCHIVES.

Father O'Leary Finds Relics of Ancient Regime Located Near Quebec.

Rev. Father O'Leary, former chaplain of the first Canadian contingent of volunteers to South Africa, who was recently appointed to a position in the Dominion Archives Department, to make researches in Quebec, has just communicated to the Department at Ottawa that he has discovered a solid silver ostensorium which was presented to a parish by Intendant Francois Bigot.

This Intendant was in Canada from 1748 to 1759. The gift was to the parish of St. Pierre, in the Island of Orleans and bears an inscription describing its origin. Father O'Leary made the discovery in an old church. He had the article photographed, and sent pictures of it to the capital.

The Archbishop of Quebec has issued a circular to all the priests of his diocese instructing them to admit Father O'Leary to all the records relating to early Canada for the purpose of research for the Dominion Archives. A French work, containing a story of interesting information about early fortifications at Quebec, has been procured for the Archives. The work was written by a French engineer, Delery, in 1718 for the French Government, but was never published. The original manuscript, therefore, remained in Canada. It comprises eight books illustrated by 132 plates, and is a valuable acquisition to the collection in the Archives.

The report of the Canadian Archives for the year 1904 has been completed by Dr. A. G. Doughty. In the report reference is made to the transfer from Rideau Hall of over 400 volumes of original despatches and the answers to them, dating from 1791 to the Archives.

These papers are all well-preserved, one document bearing the signature of George III. Attached by his own hand in 1782 is an instruction sent to James Murray, "Captain-General and Governor-in-Chief of Quebec, in America, and all other territories dependent thereon."

Lord Minto was also instrumental in procuring for the Archives a large number of valuable military registers and volumes of correspondence dating back to 1795.

The report contains some old documents printed in full for Dr. Doughty's method of introducing the ancient records to any form of condensing. Dr. Doughty recommends to the Government a conference of university representatives to arrange for the publication of a new history of Canada in the light of the important historical documents, which have recently been discovered.

TEACHING THE PRISONERS.

Central Prison Night School's Good Work For Its inmates.

The report of the Central Prison Night School has been made for the session to the Prisoners' Aid Association by the teacher, Mr. Finlay Spencer, who takes the opportunity to thank the warden and prison officials for their usual and uniform courtesy and co-operation. He was especially indebted to Guard Webb for valuable assistance and interest.

During the school year just completed no changes in particular have been made in the method of work. The general attendance has been composed largely of the most illiterate class, and the progress made by those in the various classes has been quite satisfactory.

The attendance at the sessions has been very regular throughout the year, the average being seventy. The total number registered was one hundred and twenty-six. Of this number, twenty-eight were totally ignorant as regards the alphabet and numbers, the remainder being scarcely able to read or write their own names.

Forty per cent of those in attendance were under twenty years of age, the others being chiefly between twenty and thirty. The youngest was sixteen years old, and the oldest man registered was sixty-two. The latter could neither read nor write when he came to us, and before his term was completed he could conduct his own correspondence with his friends at home.

The subjects taught are reading, writing, arithmetic, spelling, and the geography of Ontario. As daily papers are not admitted to the prison, the more important portions of the day are occasionally brought to the attention of the school by means of two or three minute talks just before the close of a session.

As assistants are necessary, the services of two or three of the best educated prisoners in the prison are made use of, and the results in most instances have proven satisfactory.

This branch of the association's work is very much appreciated by the young men, as it is a privilege for them to be allowed to attend school. The following remark made by a man on his discharge will best convey the meaning of this paragraph: "If I had the money, I would not begrudge one hundred and fifty dollars for what I have learned in school while doing my time."

The Religious Census.

The results of the religious census taken in Berlin and Westbury were given to the press as follows:

Berlin—Lutherans, 4,331; Roman Catholics, 2,478; Methodists, 943; Evangelists, 795; Presbyterians, 690; Anglicans, 439; Baptists, 471; Mennonites, 422; United Brethren, 249; Christian Scientists, 167; Jews, 40; New Jerusalem Church, 275; Church of God, 15; Gospel Hall, 13; Christadelphians, 9; Disciples, 5; Universalist, 2; Amish Church, 2; no preference, 70; not at home when census was taken, 152. Total, 11,375.

Westbury—Lutherans, 1,829; Roman Catholics, 637; Methodist, 269; Evangelists, 321; Church of England, 261; Presbyterian, 221; Mennonite, 129; Christian Scientists, 67; Swedenborgian, 47; Baptist, 31; no preference, 12; United Brethren, 102; Plymouth, 4. Total, 3,876.

Grand total for two towns, 15,246.

AN AWFUL SKIN DISEASE

Sores Covered Neck and Cheeks—Itched Day and Night—Nothing Did Me Any Good—Was Growing Worse—Immediately Relieved and

SPEEDILY CURED BY CUTICURA REMEDIES

Miss Nellie Vander Wiele, of Lakeside, N. Y., writing under date of April 18, 1905, says: "I do wish you would publish this letter in the newspaper, so that others suffering as I have may see it and be helped. I suffered for many months with an awful skin disease, sores covering my ears, neck, and cheeks. Scabs would form and they would swell, and itch day and night. Then they would break open and bleed and matter run out. I had tried many different remedies, but none of them did me any good. I was growing worse and worse. I tried Cuticura Remedies. The first application helped me, and when I had used two cakes of Cuticura Soap, three bottles of Cuticura Ointment, and three bottles of Cuticura Resolvent, I was completely cured."

TORTURING, DISFIGURING Humours, Eczemas, Itchings, and Chaffings Cured by Cuticura

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalled head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants, and anxiety of worn-out parents, as in milk crust, tetter, and salt rheum, all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt by the testimony of the civilized world.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Depot, London, 27, Charterhouse St.; Paris, 6, Rue de la Paix; Australia, Melbourne, 4, Co. Street; New York, 107, Broadway; Boston, 10, State St.; San Francisco, 107, Market St.; "How to Cure Skin Diseases."

A Hat Story.

A Birmingham (Ala.) man told a somewhat remarkable hat story the other day, vouching for its truth by saying that he was the wearer of one of the hats. He walked into the dining room of an Atlanta hotel one day, putting his hat on the hat rack, and found that his hat had been taken and the other one left in its place. There was nothing to do but take it and be content. He came north, and at a hotel the hat swapping performance was again repeated. Some one took from the dining room hat rack the one taken by the story teller from the Atlanta hotel.

A few days later the Atlanta man recognized at the same hotel the hat he had lost. He took it. He went south a few days later and stayed at the hotel he had occupied on his former visit. One day when he entered the dining room there was only one hat on the rack. He placed his own beside it. When he left the dining room and picked up the one hat left he found it was the one he had lost there the year before.

TERRIBLE PAINS ACROSS BACK

SUFFERED EIGHT MONTHS WITH KIDNEY TROUBLE. WOULD HAVE TO STAY IN BED FOR THREE DAYS AT A TIME

Doan's Kidney Pills CURED HIM

Mr. Thomas Fitzgerald, Hazeldean, Ont., writes us as follows: "I was a great sufferer from kidney trouble for eight months. I had terrible pains across the small of my back. I would have to stay in bed for three days at a time and could not do any work. I tried several remedies but of no avail, and also plasters but they were of no use.

One day a neighbor of mine advised me to try Doan's Kidney Pills. I was much discouraged. I told him I was tired of trying remedies, but he urged me to try one box so I purchased one, and before I was through using it, I found a change for the better so I bought a second box, and I have had no trouble with my kidneys since. I would not be without Doan's Pills in my house."

It is really not difficult to cure kidney trouble in its first stages. All you have to do is to give Doan's Kidney Pills a trial. They are a never-failing cure for all forms of kidney trouble. They quickly relieve the congested, overworked kidneys, and gradually build them up to health.

Doan's Kidney Pills 50 cents per box or three boxes for \$1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

CHILD VISIONS

What do little children see When their eyes look far away And their fancies seem to be In some long lost yesterday? Ah, their eyes, all crystal clear, Look into the vast beyond With the rapt gaze of a seer Finding days that long have dawned.

What do little children see When a sudden in their play They forget the things that be And gaze far and far away?

What do little children know That they dream and look out thus? What road do their fancies go? That is closed and barred to us? Do they see the pleasant trees In some other, hidden land, Hear the songs of birds and bees— Songs they, only, understand?

What do little children know? Do their younger souls divine There lies all the golden glow That one day was yours and mine?

What do little children find When they subtly draw apart On the path the older mind May not trace, with all its art? Dimpled hand on dimpled cheek, Eyes in wondrous vision wide— Do the little souls then seek Places that our long years hide?

What do little children find When their eyes look far and far? Who of us has yet divined Where the thoughts of children are?

TITLED, BUT SELF MADE.

Sir Caspar Purdon Clarke, New Director of Metropolitan Museum.

The new director of the Metropolitan Museum in New York, Sir Caspar Purdon Clarke, is fifty-eight years of age and for many years was connected with the South Kensington Museum in London. He was art director of this museum for ten years previous.

to assuming his present post and collected treasures for it from the orient and other portions of the world. Though he bears a title, the director of the Metropolitan is essentially a self made man, is democratic and approachable and is in entire sympathy with the plan of making art collections of as much use as possible to all the people. He has a wife and eight children.

The Finger Nail.

Each variety of nail corresponds, it is said, to some particular tendency of the health. There is, for instance, the nervous hand—each finger nail is broken to the quick and is split and ragged. The nail is extremely thin, and the two layers of which it is composed separate every time the nail strikes against a hard substance. No amount of manicuring will make these nails perfect. The nervous system must first of all be controlled and calmed. Another hand shows that the person is subject to gout or rheumatism, caused probably by an excess of uric acid in the blood. Nails that have ridges on them are always a sign of this condition. A rapid nail growth is the sign of health.

Wonderful Strength of the Beetle.

A noted entomologist who has been writing on the wonderful feats of strength as exhibited in the beetle family tells the following: "I selected a common blackwater beetle weighing 4.2 grains and found that he was able to carry a load of shot in a small bag, the whole weighing 1.4 ounces, or exactly 338 times the weight of the beetle. If a man weighing 150 pounds could shoulder a forty-five ton locomotive and then chain a train of cars together and take the whole lot across the country at a five mile an hour gait."

The Story of a Tramp.

"I am Nicholas Glutot, professor of chemistry," said a tramp gathered with other vagabonds in the streets of Paris when asked by the police lieutenant to identify himself. And from his filthy clothes he fished documents proving that he spoke the truth. Investigation showed that the tramp was a former lecturer at the University of Paris, that for years he had astonished the scientific world by his discoveries and that finally the Government sent him to the Congo to study certain topographical and other conditions. When he came back from Africa the former society man seemed to have lost all his energy and gradually vanished from sight. "Send me to prison for a week at least," he begged the police. "I must have regular food and a bed, lest I perish."

41,500,000 Eggs.

Word has been received in Victoria, B. C., from Provincial Fisheries Inspector Babcock, who is now at Selkirk, stating that he has secured forty-one and a half million eggs at the provincial hatchery there. This is ten times the number taken last year.

High Constable of Quebec

After Suffering For 10 Years With Pain In The Back He Was Completely Cured By "Fruit-a-tives."

"Fruit-a-tives" cures diseased and irritated kidneys when all other treatment fails.

The proof that "Fruit-a-tives" is the greatest kidney cure known to science is demonstrated by these tablets removing all pain in the back—making the kidneys healthy—and curing chronic constipation.

St. Hyacinthe, P. Q., June 10th, 1905.

I have much pleasure in testifying to the great good which "Fruit-a-tives" have done me. I was a constant sufferer from severe constipation and severe pain in the back for the last ten years. I tried many kinds of pills and tablets and physician's medicines but the relief was only temporary. Not long ago

I tried "Fruit-a-tives" and now I am entirely well, no pain, no constipation and my stomach and bowels act naturally. I cannot say enough in praise of "Fruit-a-tives"—they are a grand medicine, mild as fruit in their action and easy to take. (Signed) H. MARCHESSAULT, High Constable.

Do you know that every drop of blood in your body goes to the kidneys to get rid of some of the impurities? When the bowels don't move regularly, the blood takes up poisons in the bowels and carries them to the kidneys. Then the kidneys get overworked—inflamed. Then comes the pain in the back—headaches—constant desire to urinate—nervousness—sleeplessness.

"Fruit-a-tives" acts directly on the Kidneys—cleans, heals and strengthens them—makes the liver give up more bile to move the bowels regularly—and stimulates the glands of the skin to increased action. These rid the system of all poisons and every trace of Kidney Disease disappears.

Fruit-a-tives have cured hundreds of cases of Kidney Disease by stimulating and healing the Kidneys. At all druggists or sent postpaid on receipt of price—One box of 6 boxes for \$2.50.

ROMNEY.

Died at his home in Romney, on Nov. 10th, Ramsdell Dawson, aged 78 years. Mr. Dawson was one of Romney's oldest residents, having been born and reared here. He will be much missed by a large circle of relatives and friends.

Dr. Campbell and wife spent Sunday afternoon with the latter's parents here, Mr. and Mrs. Reek. Clover threshing is about done in this vicinity and the yield is from two to four bushels per load.

Born, to Mr. and Mrs. Bert Rose, at Hannah, N. D., on Oct. 16th, a son.

Mr. and Mrs. W. T. Wickwire spent Sunday the guests of Mr. and Mrs. H. Smith, of Zion.

Sunday was rally day at the Salem Sunday school.

Mr. Ned Lott, who is in poor health and who has been visiting his brother John here, left yesterday to consult Chatham doctors.

Mr. and Mrs. W. Wickwire, of Zion, was visiting at Mr. John Wickwire's on Sunday.

Mr. Ed. Suskey, of Dawson City, is visiting friends in Michigan. Ed. is an old Romney boy, having left here three and one-half years ago for the Klondike.

Mr. M. Dawson, who hurt his foot severely some time ago, is improving rapidly.

"PENINSULAR" RANGES

HAVE WELL VENTILATED OVENS

Maybe you don't know how important it is to have the oven of a range properly ventilated. Unless the ventilation is perfect, everything that is baked, tastes the same. PENINSULAR RANGES are ventilated just right. The odors and steam are drawn from the oven, and a fresh amount of heated air is supplied, keeping the ovensweet. And all this without the loss of any heat or waste of fuel. Each PENINSULAR RANGE has extra wood grate, so that you can use either coal or wood. PENINSULAR RANGES are well made—they save fuel—and are so handsome in design and finish, that they are ornaments to any home. Ask your stove dealer to show you a PENINSULAR RANGE.

C. P. R. Engineers Experience
with Dodd's Kidney Pills

They Brought Back His Strength
When He Could Neither Rest Nor Sleep.

Winnipeg, Man., Nov. 27.—(Special)—Mr. Ben Rafferty, the well known C. P. R. engineer, whose home is at 175 Maple street, is one Winnipeg man who swears by Dodd's Kidney Pills.

"Long hours on the engine and the mental strain broke down my constitution," Mr. Rafferty says. "My back gave out entirely. Terrible, sharp, cutting pains followed one another, till I felt I was being sliced away piecemeal. I would come in tired to death from a run. My sole desire would be to get rest and sleep, and they were the very things I could not get. Finally I had to lay off work."

"Then I started to take Dodd's Kidney Pills, and the first night after using them I slept sound. In three days I threw away the belt I have worn for years. Dodd's Kidney Pills cured me."

Two of Crew Drown.

Halifax, Nov. 28.—The Leslie of Leslie, Hart & Co. received a telegram yesterday stating that the schooner Marie Joseph of Magdalen Islands, which left Halifax two weeks ago for that place with a full cargo of general merchandise, is a total wreck on Amherst Island (Magdalen), and two of the crew were drowned. She was a schooner of 56 tons register.

NO POISON IN CHAMBERLAIN'S COUGH REMEDY.

From Napier, New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. When taken in time it prevents pneumonia. This remedy is for sale by all druggists.

\$20,738 Verdict in Drug Suit.

Philadelphia, Nov. 28.—The law suit of C. G. A. Loder, an independent druggist, resulted in a verdict for \$20,738 against the National Druggists' Association, the Philadelphia Wholesale Druggists' Association and the Philadelphia Retail Druggists' Association. Mr. Loder sued for \$100,000, alleging a conspiracy among the defendants to ruin his business.

Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is the most successful medicine in the world for bowel complaints, and is the only remedy that will cure chronic diarrhoea. Every bottle is warranted. For sale by all druggists.

Hon. James Young Hurt.

Galt, Nov. 28.—Hon. James Young met with rather a serious accident while shooting in the woods not far from Killeen. He slipped forward and fell heavily on his left arm. The bone was broken at the wrist and the wrist dislocated.

New York Life Made \$700,000 Worth of Stock Unavailable—G. W. Perkins As a Witness.

New York, Nov. 28.—Yesterday Theodore F. Banta, cashier of the New York Life, testified before the Armstrong insurance committee that about the beginning of 1901 Edmund D. Randolph, treasurer of the company, opened the vaults of the company, removed New York City stock valued at \$700,000 and put a cheque of the Central National Bank for \$700,000 in its place.

Mr. Banta said he helped to open the vaults at the order of Mr. Randolph, and that he supposed Mr. Randolph acted for the finance committee. The stock was kept out for a few days and was then returned and the cheque withdrawn. The transaction was not recorded on the books of the company, so far as Mr. Banta knew. The effect of the operation was that anyone having that stock would have for the worth of untaxable property at the end of the year. Mr. Banta did not know who received the stock. Mr. Randolph is expected to be one of the witnesses today.

Perkins a Witness.

George W. Perkins, vice-president of the New York Life Insurance Co. and member of the firm of J. P. Morgan & Co., bankers, yesterday described to the committee the transaction which resulted in his receipt of \$40,733 from Kidder, Peabody & Co. of Boston as half of the profits of the sale of \$2,000,000 worth of bonds of the Mexican Central Railroad Company.

Mr. Perkins had previously testified that \$300,000 of the life insurance company's money was used in the transaction. Mr. Perkins got the money when he went into the transaction for the "Nylco" fund, which is owned by the agents of the New York Life, and that he invested the profits for that fund.

Reports to Hon. Mr. Fitzgerald.

Ottawa, Nov. 28.—Mr. Fitzgerald, Government Superintendent of Insurance, in compliance with the Minister of Finance's request, writes a special report to Mr. Fitzgerald on the subject of insurance. He deals with the inspection of insurance companies do not in the office of the superintendent. The principal object of the inspection, says Mr. Fitzgerald, is to verify the last sworn statement made by the company of his office, to see if it is correct with the records of the company's office. If not correct then the Minister and Parliament are to be advised. Cases are rare where wilful misrepresentation have been made. The purpose of concealing the true standing and condition of a company. But it is out of business now and the officials have disappeared from Canadian insurance.

FARMERS AND THE TARIFF.

Tell Commission At Brantford That They Want It Lowered.

Brantford, Nov. 28.—The farmers were perhaps the most important feature yesterday of the Tariff Commission here. The farmers wanted a lower tariff, their remarks being most along a general line. They all insisted that farming could not be made to pay under existing tariff conditions, and that it was impossible to obtain hired help because the tariff discriminated in favor of the manufacturer, who thus gobbled up all available employees.

W. C. Good, once a professor in the Agricultural College at Guelph, now a Brant County farmer, declared that he had made only \$130 a year out of a 120 acre farm. He held the tariff laws to blame.

James Armstrong, president of the East Lambton Farmers' Association, also entered a strong protest.

The binder twine manufacturers stated that they could not live another year under present conditions. They suggested an ad valorem duty of 20 per cent, or a bounty of at least \$25 a ton on all twine made in Canada.

About a dozen cement manufacturers were present and through Mr. Kilbourn of Owen Sound pictured the industry as in a very bad way. They thought a straight duty of 10 cents a barrel would give relief.

L. E. McKinnon of St. Catharines wanted higher protective duties on certain lines of saddlery, hardware, and builders' hardware. Local manufacturers had no very serious objections to raise outside of the binder twine people and the Malleable Iron Works. The latter desires an increase in the duty on steel and iron castings.

FIGHTING THE EMBARGO.

British Society Formed to Advance the Interests of Canada.

London, Nov. 28.—(C. A. P.)—A largely attended meeting, including representatives of nearly 100 English and Scotch Chambers of Commerce, co-operative societies, agricultural, butchers and other associations met yesterday at the Westminster Palace Hotel. A working constitution of the association to be known as the Free Importation of Canadian Cattle Association of Great Britain, was drawn up. An executive committee of 35 was appointed. It was decided to approach all candidates on the question at the next general election. Subscriptions are to be voluntary.

Tramp Ties Up a Woman.

London, Nov. 28.—An unknown tramp was the perpetrator of an outrage yesterday morning at the home of George Kelly, a farmer living a couple of miles beyond Dorchester Station. On finding Mrs. Kelly, his niece, aged 25, alone the tramp forced his way into the house and tied her securely with a rope. She was still tied up when Kelly returned home, although the tramp had apparently run away.

\$3,000 Worth of Jewelry Stolen.

Woodstock, Nov. 28.—The home of ex-Mayor John White of this city was robbed yesterday afternoon of over \$3,000 worth of jewelry. The family were out of the house at the time and only three servants were at home. There are no signs of any ransacking and the robbery is beyond doubt that the valuables were kept. There have been no arrests yet.

LET YOUR STOMACH HAVE ITS OWN WAY

Do Not Try to Drive and Force it to Work When it is Not Able or You Will Suffer All The More.

You cannot treat your stomach as some men treat a balky horse; force, drive or even starve it into doing work at which it rebels. The stomach is a patient and faithful servant and will stand much abuse and ill treatment before it "balks," but when it does you had better go slow with it and not attempt to make it work. Some people have the mistaken idea that they can make their stomach work by starving themselves. They might cure the stomach that way, but it would take so long that they would have no use for a stomach at all about they got through. The sensible way out of the difficulty is to let the stomach rest if it wants to and employ a substitute to do its work.

Dyspepsia. Tablets will do the work of your stomach for you and digest your food just as your stomach used to when it was well. You can prove this by putting your stomach in a glass jar with one of the tablets. The food will be digested and you will see the food digested in the same time as the digestive fluids of the stomach would do it. That will satisfy your mind. Now, to satisfy both your mind and body take one of Stuart's Dyspepsia Tablets after eating—eat all and what you want—and you will feel in your mind that your food is being digested because you will feel no disturbance in your stomach, in fact, you will forget all about having a stomach just as you did when you were a healthy boy or girl.

Stuart's Dyspepsia Tablets act in a natural way because they contain only the natural elements of the gastric juices and other digestive fluids of the stomach. It makes no difference what condition the stomach is in, they go right ahead of their own accord and do their work. They know sufficient business and surmounting conditions do not hinder them in the least. They thus relieve the weak stomach of all its burdens and give it its much needed rest and permit it to become strong and healthy.

Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box. They are so well known and their popularity is so great that a druggist would as soon think of being out of Stuart's Dyspepsia Tablets as of being out of quinine. In fact, physicians are prescribing them all over the land and if your own doctor is real honest with you, he will tell you frankly that there is nothing so good for dyspepsia as Stuart's Dyspepsia Tablets.

American Consul Attacked.

St. Petersburg, Nov. 28.—Robert Woods Bliss, second secretary of the American embassy, who has just returned here after three months' vacation in Paris, was the victim of an outrage by rowdies in one of the most fashionable streets of the capital late Sunday night and escaped being beaten to death owing to the timely arrival of the police.

THE IMMIGRANT.

A foolish little immigrant Has crossed the unknown sea And landed on the shore of life A citizen to be.

He did not bring a single cent, No baggage was revealed; Upon what scenes he turned his back His lips are ever sealed.

He may be homeless—who can tell? The tears are in his eyes. No doubt he finds this foreign shore A land of strange surprise.

Ah, foolish little immigrant! What tales were told to you? Did you believe that work was light And gold on bushes grew?

Good luck to you while you are here, And long the time you roam; You cannot take a dollar back When you go sailing home.

Disturber Must Suffer.

Montreal, Nov. 28.—Judge Hall rendered judgment yesterday in the case of the Salvation Army against Pierre Gauthier, an appeal case, in which the army sought to reverse the judgment to the Lower Court, dismissing Gauthier, who was accused of disturbing an Army meeting at St. Louis de Mile.

Judge Hall reversed the former decision and sentenced Gauthier to a fine of \$10 and all the costs or ten days in jail. The costs are heavy and there is no appeal in this case.

REV. DR. MACKAY DEAD.

Prominent Presbyterian and Prohibitionist Passes Away—Former Manager G. T. R. Passes.

Woodstock, Nov. 29.—Rev. Dr. W. A. Mackay, for the past 30 years pastor of Chalmers' Church of this city, and ex-president of the Dominion Alliance, died yesterday morning at 2.30 o'clock, after an illness extending over a year. He is survived by his wife and the following sons and daughters: John F. Mackay, business manager of The Toronto Globe; Robert Mackay of Toronto, W. Mackay of this city, Mrs. D. C. Counts and Miss E. Mackay of this city.
He was 62 years of age and was one of the most prominent Presbyterian divines of Canada. Dr. Mackay was born in West Zorra, and received his primary education in Woodstock, after which he graduated from Toronto University. He was ordained in 1870. For 20 years he was president of the Oxford Prohibition Association, and for several years was president of the Dominion Alliance. He was the author of several books, among them being "Pioneer Life in Zorra" and "Zorra Boys Abroad."

M. Mackay Dead.
St. John's, Nfld., Nov. 29.—A. M. Mackay, a Conservative member of the Newfoundland Assembly for 20 years, is dead, aged 72 years. Mr. Mackay was superintendent of the Anglo-American Cable Co. He was an operator in the Toronto office of the Montreal Telegraph Co. in 1854, and was among the first operators to receive by sound.

Death of L. J. Sergeant.
Montreal, Nov. 29.—Grand Trunk officials received word yesterday morning of the death in London, Eng., of L. J. Sergeant, former general manager of the road. Mr. Sergeant succeeded the late Joseph Hickson in the management. When the Hayes management took charge of the system Mr. Sergeant went to London as an advisory member of the board of directors.

LABOR AND CAPITAL.

How They Lie Down Together in the Plumbers' Organizations.

Toronto, Nov. 29.—That no plumber, steamfitter or gasfitter shall perform any labor pertaining to his trade, or put in any material supplied or work for any other than his employer, who shall be a bona fide Master Plumber and a member of the Master Plumbers', Steam and Gasfitters' Association.

"The members of the Master Plumbers', Steam and Gasfitters' Association agree to employ only bona fide members of the United Association of Journeymen Plumbers, Steam and Gasfitters, and Steamfitters' Helpers, in good standing."

These were the two main clauses in the agreement between the Plumbers' Union and the Master Plumbers' Association, contained in the constitution of the Plumbers' Association, around which the preliminary investigation conducted by Crown Attorney Curry into the matter of the Plumbers' Association was made by the present recording secretary of the union, George Kingswood, other disclosures of happenings taking place before Mr. Kingswood's accession to office were passed on to the court yesterday. The feature disclosed yesterday was that there was co-operation between the Master Plumbers' Association and the Journeymen Plumbers, by which dissenting members in both associations were forced to join the "union" in order to gain their livelihood. If a man was a master plumber his labor was cut off. If he was a journeyman he was refused employment by the master plumbers.

Mr. Hardy Goes Out.
Toronto, Nov. 29.—The case against James Hardy of Jenkins & Hardy was adjourned in the Police Court yesterday morning for another week at the request of Crown Attorney Curry. Mr. Tilley appeared for Mr. Hardy.

Ottawa, Nov. 29.—The alleged Ottawa coal combine has disbanded. It has existed in various forms for several years, but it is now said that each dealer will go on his own hook.

AYLESWORTH BEAT SIR WILLIAM
Polled 79 Votes More—Official Count Makes Majority 494.

Aurora, Nov. 29.—The official count of the votes polled at the recent Dominion by-election in Aurora yesterday afternoon, Nov. 28, and resulted as follows: Number of votes polled for Hon. A. B. Aylesworth, 2,729; for Mr. McCallum, 2,235; giving Mr. Aylesworth a majority of 494. The total vote polled was 4,964.

In the Dominion general election last year the total vote polled was 4,338, of which Sir William Mulock obtained 2,850 and Mr. Roche 1,488. There were 688 more votes polled at the present by-election than at the general election, and Mr. Aylesworth polled 79 votes more than Sir William.

Murder a Mystery Yet.
Hamilton, Nov. 29.—The Barton murder inquest was opened again last evening and adjourned until Jan. 9. Crown Attorney Washington said that the police had followed up many clues without success. New clues were being presented all the time, and he would ask for an adjournment in the hope that evidence would turn up. Many people have gone to the vault in the cemetery where the body of the murdered woman lies and have kept over the remains in the belief that it was their relative only to discover later that they were mistaken.

Longshoremen's Strike Ends.
St. John N.B., Nov. 29.—After nearly two weeks of idleness, during which some of their families suffered more or less, and serious conflicts between local and imported labor narrowly averted, the longshoremen of this city have thrown up the sponge and called off the strike. They will go to work on last year's schedule. Near 1,000 men will start in this morning.

Amnesty For Nihilist.
Berlin, Nov. 29.—Sergius Schevitch, who was exiled from Russia for forty years for complicity in one of the Kragotkin's Nihilist conspiracies, and whose large estates were confiscated, has been granted amnesty.

THE MARKETS

There was only a fair Wednesday market on the square this morning. GRANTED LEAVE TO APPEAL.

Validity of Dominion Railway Liability Act to Be Argued.

London, Nov. 29.—(C. A. P.)—The Privy Council in Grand Trunk Railway versus the Attorney-General of the Dominion, granted special leave to appeal. Lord Davey expressed the view that the case was most important and should be argued on its constitutional points.

It is one of the validity of amending the act passed in the session of 1903, which prevents any railway company within control of the Dominion to be relieved from liability for damages for personal injuries to workmen or employees in case they sign such conditions in an insurance policy with the company.

Tramps Burn Landmark.

Brookville, Nov. 29.—Tramps were responsible for the burning of the house and barn of Mrs. Hugh Connell, near Athens, at 6 o'clock yesterday morning. The inmates had to leave in their night clothes. The house was one of the landmarks of the district, a stone structure erected over 100 years ago.

Wheat Marketed.

Winnipeg, Nov. 29.—The entire quantity of wheat marketed now is 37,029,000 bushels of wheat, and 1,822,000 bushels of other grains.
