ACT OF INCORPORATION.

An Act to Incorporate the "Royal Kennebeccasis Yacht Club."

Passed the 28th of April, 1899.

WHEREAS, the persons hereinafter named, together with a large number of other residents at the City of Saint John, have formed a Club for the purpose of encouraging, promoting and increasing the interest in yacht building and yacht sailing, and for the establishment and enforcement of uniform rules governing all races held under the auspices of the Club, and for the providing for the purposes of the Club of such premises, club houses, boat houses, wharves, piers, floats and anchorages as may be necessary or expedient, and have prayed that they may be incorporated under the name of the "ROYAL KENNEBECCASIS YACHT CLUB."

And Whereas, The use of the prefix "ROYAL" has been expressly sanctioned by Her Most Gracious Majesty:

Be it therefore enacted by the Lieutenant Governor and Legislative Assembly, as follows:

1. Edgar H. Fairweather, Frederick S. Heans, Thomas E. Powers, F. Herbert J. Ruel, and Robert Jardine, and all other persons who now are, or hereafter shall, become members of the Club, are hereby constituted a body corporate for the purposes aforesaid, and by and under the name of the "ROYAL KENNEBECCASIS YACHT CLUB."

RA
971-533
POLL

1502

2. The Club shall have all the powers, rights and privileges incident to a corporation under the laws of the Province of New Brunswick, may have a common seal, may acquire, hold and enjoy lands, leases, licenses, interests, options, easements, or privileges of and over real estate within the said Province, and may improve, develop, lease, mortgage, sell, or otherwise deal with the same, or any part thereof, may prosecute, maintain, or defend, any form of action, suit, or other proceeding, whether between the Club and any member thereof, or otherwise; may make and execute any form of contract or agreement which for the purposes aforesaid the Club may lawfully enter into; may build, erect and maintain all manner of buildings, wharves, piers, floats, roads and ways necessary for the purposes aforementioned, and may do and exercise all such further acts, matters and things, rights and powers, as may be incident to or necessary for the proper and effective accomplishment of the purposes of the Club as hereinbefore set forth.

3. The Club shall have full power and authority to adopt, make or pass, or, subject to any limitations on suspension, revision or repeal contained in such Constitution, to vary, amend or repeal, a Constitution and By-Laws, Rules and Regulations, including provisions establishing fees, dues or assessments payable by the members of the Club, and the times and manner of the payment thereof, as may for any or all of the purposes of the Club be deemed expedient, and may in or by any such Constitution, By-Laws, Rules or Regulations provide for the imposition of penalties by way of suspension or forfeiture of membership, for the breach or non-observance thereof.

A copy of the Constitution, or of any By-Law, Rule or Regulation certified by the Secretary of the Club, under his

hand and the seal of the Club, shall be *prima facie* evidence in all courts of the adoption and passage thereof by the Club and of the validity of such Constitution, By-Law, Rule or Regulation.

4. (1) Each member of the Club who shall be in arrears to the Club for any fees or dues, shall be individually liable to any creditor of the Club to an amount equal to such arrears, but not in excess thereof; provided, however, that such liability shall not attach until an execution against the Club at the suit of the same creditor shall have been duly returned unsatisfied, in whole or in part, and the amount due on such execution shall, to the extent of the limit above stated, and subject to the provisions of the next section, be the amount recoverable with costs against such member; and any member making payment to a creditor under the provisions of this section shall be credited by the Club with the amount of such payment on account of his arrears as aforementioned.

(2) Any member may plead by way of defence, in whole or in part, any set-off which he could set up against the Club.

5. The members of the Club shall not, as such, be held responsible for any act, default, or liability of the Club, beyond the amount of such fees, dues, assessments, rents, penalties, or damages, as may be or become payable by virtue of the Constitution, By-Laws or Regulations of the Club, or any amendment thereof.

6. It shall be lawful for the Club to issue stock to any extent, not exceeding in the aggregate five thousand dollars, in shares of ten dollars each, such shares to be subscribed in a book to be opened by the Executive Committee for that purpose, and to be paid up in such manner and within such time as may be determined by the said Committee; the funds arising

from such stock shall be applied exclusively towards the purchase of lands or buildings, or towards the erection, maintenance or furnishing of such Club houses, boat houses, wharves, piers, floats, anchorages, roads or ways, and incidental improvements, as may be necessary for the purposes of the Club.

7. The holder of such stock shall be exempt from all liability by reason thereof in excess of the difference in value between his actual payments thereon and the face value thereof.

8. The Club may pay off from time to time so much or such shares of the said stock as to the said Committee may seem desirable.

9. The Club shall be domiciled at the City of Saint John, and shall have its headquarters or principal place of business therein.

10. The word "Club" wherever used in this Act shall be taken to mean the "ROYAL KENNEBECASIS YACHT CLUB.'

ROYAL WARRANT.

DEPARTMENT OF MARINE AND FISHERIES,
Ottawa, 29th June, 1898.

SIR,—

Referring to the application made by the KENNEBECCASIS YACHT CLUB for permission to have the prefix "Royal" added to their name, I have to inform you that a despatch has been received from the Secretary of State for the Colonies, stating that the petition had been laid before the Queen, and Her Majesty has been graciously pleased to accede to the request of the Club to use the title "Royal."

I am, Sir,

Your obedient servant,

F. GOURDEAU,

Deputy Minister of Marine and Fisheries.

F. HERBERT J. RUEL, ESQ.,
Secretary Kennebecasis Yacht Club,
St. John, N. B.

ADMIRALTY WARRANT.

DEPARTMENT OF MARINE AND FISHERIES,
Ottawa, 12th February, 1899.

SIR,—

Referring to your letter of the 15th November last, forwarding the lists of registered yachts of the ROYAL KENNEBECCASIS YACHT CLUB, I have now to inform you that a warrant has been issued by the Lords' Commissioners of the Admiralty (copy herewith enclosed) enabling yachts belonging to the ROYAL KENNEBECCASIS YACHT CLUB to fly the Blue Ensign of Her Majesty's fleet.

The Lords' Commissioners of the Admiralty have informed the Secretary of State for the Colonies that the necessary personal warrants for yacht owners belonging to the Club will be issued on application being made by the Secretary of the Club direct to the Admiralty. Such application should state the following particulars in each case:

Owner's name.
Name of yacht.
Rig.
Registered net tonnage (to decimals).
Length.
Breadth.
Port of registry.

I am, Sir,

Your obedient servant,

F. GOURDEAU,

Deputy Minister of Marine and Fisheries.

F. HERBERT J. RUEL, ESQ.,

Secretary Royal Kennebeccasis Yacht Club,

St. John, N. B.

ADMIRALTY WARRANT.

By the Commissioners for Executing the Office of
Lord High Admiral of the United Kingdom
of Great Britain and Ireland, Etc.

WHEREAS, We deem it expedient that the members of the ROYAL KENNEBECCASIS YACHT CLUB, being natural or naturalized British subjects, should be permitted to wear on board their respective vessels the Blue Ensign of Her Majesty's Fleet on the following conditions:

We do therefore, by virtue of the power and authority vested in us under the provisions of the 73rd section of the Merchant Shipping Act, 1894, hereby warrant and authorize the Blue Ensign of Her Majesty's Fleet to be worn on board the respective vessels belonging to the ROYAL KENNEBECCASIS YACHT CLUB, and to members of such Yacht Club, being natural born or naturalized British subjects, accordingly, subject to the following conditions:

1. Every vessel belonging to the ROYAL KENNEBECCASIS YACHT CLUB, in order to be eligible to wear the Ensign authorized by this warrant, shall have been registered as a British vessel, in accordance with the Merchant Shipping Act, 1894.

2. The Ensign shall not, without our authority in writing, be worn on board any vessel belonging to the ROYAL KENNEBECCASIS YACHT CLUB while such vessel is lent, on hire or otherwise, to any person not being a member of the Club, or who, being a member of the Club, is not a natural born or naturalized British subject.

Given under our hands, and the seal of the office of
Admiralty, this 19th day of January, 1899.

By command of their lordships,
EVAN MACGREGOR.

FRED. G. D. BEDFORD,
A. W. MOORE.

NOTES ON ROYAL AND ADMIRALTY WARRANTS.

BY DIXON KEMP.

Mr. Dixon Kemp, in his "Manual of Yachting," states the law and custom regarding the wearing of the Ensign and the nature of the Admiralty Warrant, as follows:

"Admiralty Warrants are warrants granted to clubs and members thereof, granting permission to fly the White Ensign, or the Blue Ensign, or the Red Ensign, with device on it. The Admiralty Warrant will only be granted to yachts which are registered according to the provisions of the Merchant Shipping Act.

"The privilege bestowed by this document (the Warrant) is clearly set forth, and is nothing more or less than a permission to fly one of the Ensigns used by Her Majesty's fleet. The Red Ensign, it can be stated, may, under the Merchant Shipping Act of 1854, be flown on board of any vessel without permission of the Admiralty, unless a device be put on it; in the latter case, a Warrant must be obtained from the Admiralty for permission to use the device.

"An Admiralty Warrant also enables the owner to ship exisable goods, such as wines, spirits, tobacco, tea, etc., direct from bond without payment of duty; and to enter ports without paying harbor dues (this does not include dock charges) and to make fast to mooring buoys laid down by the Admiralty, if such buoys be not required by ships of Her Majesty's fleet. An Admiralty Warrant is also useful in foreign ports, as it at once establishes the nationality of a yacht; and the port authorities usually show greater civility to yachts carry-

ing an Admiralty Warrant, securely berthing them, and frequently foregoing harbor dues (not dock charges).

"When a yacht changes hands her Warrant must be returned, through the Club Secretary, to the Admiralty; and if an owner let a yacht on hire, he must return the Warrant.

"The Admiralty Warrant is never granted to a person hiring yachts, and they can only legally fly the National or Red Ensign—that is, the Warrant is only granted to owners actually holding a yacht's register.

"The Admiralty Warrant is not granted to foreigners, who may be members of British yacht clubs, unless they have been naturalized, and can thus legally hold a British register. A foreigner obtaining a British register by making a false representation, is liable to have the vessel made forfeit to the Crown.

"Royal Yacht Club is a club that has obtained permission from Her Majesty to use the prefix "Royal." An Admiralty Warrant obtained from the Admiralty does not confer the title, but a Royal Yacht Club that has not also the Admiralty Warrant can only fly the Red Ensign, and this can have no device. A club with an Admiralty Warrant takes precedence of a club that has only a Royal Warrant."

CONSTITUTION.

ARTICLE I.

Name. This Association shall be known as the "ROYAL KENNEBECASIS YACHT CLUB."

ARTICLE II.

Objects. The objects of this Club shall be to promote yacht building and sailing, and to encourage its members in becoming proficient in navigation, in the personal management, control and handling of their yachts, to establish and enforce uniform rules for the government of all races, and to provide the necessary Club accommodation.

ARTICLE III.

Meetings. There shall be four regular meetings in each year, to be held as follows: The first, annual, on the first Tuesday in February, the second on the first Tuesday in May, the third on the first Tuesday in August, and the fourth on the first Tuesday in November; should any such date be a legal holiday, the meeting shall be held on the day following. Special meetings may be called at any time by the Commodore, and shall be called by him on written request of at least ten members.

ARTICLE IV.

Elections. 1. The officers of the Club shall be elected by ballot at the annual general meeting in each year,

and shall hold office for one year, or until their successors shall be elected. A majority of the vote cast shall be necessary for an election.

2. The Executive Committee shall be elected at the same meeting. Vacancies in this committee or among the officers may be filled at any regular or special general meeting of the Club.

3. The Sailing Committee shall be elected by vote of yachts only, at the same meeting.

ARTICLE V.

On the election of the Sailing Committee; Voting.
upon a proposal to alter the time allowance, rule of measurement, or classification of yachts; only yacht owners shall vote. Each yacht shall be entitled to one vote only, but no member, by reason of owning more than one yacht, shall be entitled to more than one vote. On all other questions all members in good standing are entitled to vote.

ARTICLE VI.

1. The officers shall be and rank as follows: Officers.
Commodore, Vice-Commodore, Rear-Commodore, Secretary, Treasurer, and members of the Executive and Sailing Committees.

2. The offices of Commodore, Vice-Commodore and Rear-Commodore shall be filled by members who shall, at the time of election, be owners or part owners of any one or more yachts in the Club squadron.

Executive
Committee.

3. The Executive Committee shall be composed of the Flag Officers, the Secretary and the Treasurer (*ex officio*), and five elective members.

Sailing
Committee.

4. The Sailing Committee shall be composed of the Rear-Commodore (Chairman *ex officio*), and Measurers (*ex officio*), and seven elective members, of whom at least four shall be yacht owners.

DUTIES OF OFFICERS AND COMMITTEES.

ARTICLE VII.

Commodore.

It shall be the duty of the Commodore to take command of the squadron, to preside at the meetings of the Club and of the Executive Committee, and to enforce all the laws and regulations of the Club.

He may call special meetings of the Club whenever he shall deem it necessary, and he shall do so on the written request of ten members.

ARTICLE VIII.

Vice-
Commodore.

It shall be the duty of the Vice-Commodore to assist the Commodore in the discharge of his duties, and to officiate in his absence.

ARTICLE IX.

Rear-
Commodore.

1. It shall be the duty of the Rear-Commodore to assist the Commodore and Vice-Commodore in the discharge of their duties, and to officiate in their absence.

2. He shall be *ex officio* Chairman of the Sailing Committee, and shall be responsible for any races sailed by the Club.

ARTICLE X.

1. It shall be the duty of the Secretary to keep a true record of all meetings of the Club, with the names of the members thereat, in a book to be provided for that purpose. Secretary.

2. To keep a correct roll of all members.

3. To notify every applicant-elect of his election, and, upon his becoming a member, to furnish him with a copy of the Constitution and By-Laws of the Club.

4. To notify each member of every special, general and adjourned meeting; and such notification shall be sufficiently given by posting up at the headquarters of the Club a notice to that effect, stating the object of such meeting, or by publishing such notice in one Saint John newspaper for at least one insertion in the seven days next prior to such meeting.

5. To file all documents, records, reports and communications connected with the business of the Club.

6. To keep a correct list of the name, measurement, ownership, rig builder and designer of all yachts enrolled in the Squadron.

7. In case of inability to attend any meeting, he shall cause the books and papers to be conveyed to the place of meeting.

8. To collect all dues, assessments, and other moneys payable to the Club, and to transmit the same to the Treasurer.

9. He shall be *ex officio* Secretary of the Executive Committee.

10. He shall be exempt from all dues and assessments.

ARTICLE XI.

Treasurer.

1. It shall be the duty of the Treasurer to receive all moneys from the Secretary, and to pay all bills contracted by the Club and certified to by the Secretary as passed by the Executive Committee, keeping a correct account of the same in a book to be provided for that purpose.

2. He shall deposit in a Bank to be approved by the Executive Committee, and in the name of the "ROYAL KENNEBECCASIS YACHT CLUB," all the funds of the Club as received; and all cheques drawn shall be countersigned by one of the Flag Officers.

3. He shall make a report to the Club of the amount of money in his hands at any time when requested by the Commodore or the Executive Committee to do so, and at the annual meeting in February he shall furnish a statement of all his receipts and disbursements.

ARTICLE XII.

Measurers.

1. It shall be the duty of the Measurers to make a correct return of the name, measurement,

ownership, rig and builder of each yacht on her enrolment in the Squadron, and to deliver the same to the Secretary.

2. To make a similar return to the Secretary of each yacht entered for a regatta.

3. They shall be *ex officio* members of the Sailing Committee.

4. They shall be exempt from all dues and assessments.

ARTICLE XIII.

1. The Executive Committee shall consist of the Flag Officers, the Secretary and the Treasurer, *ex officio*, and five elective members. Five members to constitute a quorum. Executive
Committee.

2. The Commodore and Secretary of the Club shall be, *ex officio*, the Chairman and Secretary, respectively, of the Executive Committee.

3. It shall be the duty of the Executive Committee to supervise, control and conduct all the business affairs of the Club other than those hereinafter expressly provided to be in the jurisdiction of the Sailing Committee.

4. To elect all new members of the Club, save as provided for in Article XV, Section 2, and under the provision of the By-Laws relating to "Dues," to attend to the posting or removal from membership list of the names of all members in arrears.

5. To approve, before the payment thereof, all accounts and bills rendered against the Club, and such approval certified thereon by the Secretary shall be the warrant of the Treasurer for the payment thereof.

Auditors.

6. At least fifteen days before each annual meeting to appoint Auditors, whose duties shall be to examine the books of the Secretary and the Treasurer, and to submit in writing at the next annual meeting a full report of such examination. On such report being accepted, the Auditors shall be considered discharged.

7. To keep a record of all its proceedings, and to submit a written report thereof at the quarterly and annual meetings.

8. To produce, at the regular May meeting in each year, a statement of all estimated available funds.

9. To definitely fix previous to the first of May the dates for all races during the season, also the class, courses, time limit, prizes, and Officers of the day; and this decision shall constitute the fixtures and prizes for the season.

10. The Executive Committee shall have power to postpone any fixture or alter any prize whenever they shall deem it necessary in the interest of the Club so to do.

11. Notice of any alteration in the fixtures, prizes, or courses for the season, shall at once be sent by the Secretary to every member of the Club.

12. Whenever an officer of the Club or of any Standing Committee absents himself for three successive meetings without reasonable excuse, his office or place shall be declared vacant and a new election held under the rules governing the same.

13. The Executive Committee shall meet at the call of the Chair. No proxies shall be allowed.

ARTICLE XIV.

1. The Sailing Committee shall consist of the Rear-Commodore and the Measurers, *ex officio*, and seven elective members, of whom at least four shall be yacht owners. Four members to constitute a quorum.

Sailing
Committee.

2. The Rear-Commodore of the Club shall be *ex officio* chairman of the Sailing Committee. The Secretary of the Sailing Committee shall be elected by the members of the Committee from among themselves. He shall keep a true record of all meetings of the Committee, with the names of the members thereat, in a book to be provided for the purpose; shall receive entries for races, notify officers of the day, and shall also keep a record of the races sailed during the season.

3. Vacancies in the membership of the Committee shall be filled by the Committee, due regard being always had to the provisions of Section 4 of Article VI.

4. It shall be the duty of the Sailing Committee, subject to the Sailing Regulations adopted by the Club, to supervise, manage and control all races held under the auspices of the Club.

5. To approve all entries for such races, with power to accept the same from members of the Club whose nationality prevents their obtaining an Admiralty warrant.

6. To decide all questions, controversies and disputes relating to the facts of any race or races, or incidental thereto; or relating to the construction or interpretation of any of the Sailing Regulations, or the applicability of any of the said regulations to any existing state of facts. The committee shall discourage and endeavor to prevent all attempts to win a race by means other than fair sailing and superior speed or skill.

7. The decisions or findings of the Sailing Committee upon questions of fact shall be absolutely final—on questions of construction, interpretation, or applicability, such decisions shall also be final, but the Committee may, upon appeal, should they see fit to do so, refer the questions at issue to the Council of the Yacht Racing Association of Great Britain, and, in case of adverse ruling therefrom, reverse, alter or vary its previous ruling.

8. No member of the Sailing Committee shall take part in the discussion on, or decision of, any disputed question in which he is directly interested.

9. The Sailing Committee shall appoint the courses, time of start, time limit, and officers of the day, for each race, as fixed by the Executive Committee, and shall submit a report of the same to the Club at the regular May meeting; and such programme, as adopted, shall be printed and a copy given to each member.

10. The Sailing Committee shall award the prizes, after receiving the report of the race from the officers of the day.

11. In the event of any cup or prize from any cause not being awarded, the Sailing Committee shall have power to decide when such cup or prize be competed for, and, if advisable, to change the sailing course therefor, or whether such prize shall revert to the Club.

12. The Sailing Committee shall meet at the call of the Chair. No proxies shall be allowed.

MEMBERS AND VISITORS.

ARTICLE XV.

1. The name, occupation and address of any gentleman wishing to become a member of the Club shall be sent to the Secretary, in form provided in the next Section, and shall by him be submitted to the next Executive Committee meeting for election, one black ball in seven to exclude.

Election
of Members.

2. Every such applicant shall fill out and sign an application form obtainable from the Secretary, giving the particulars aforementioned, and

such application shall also be signed by two members in good standing, who shall be respectively the proposer and seconder thereof; but no one shall be eligible for election unless his name, address, profession or business, together with the names of the proposer and seconder, shall have been posted in the town Club rooms, and, from June 1st to November 1st, in the Millidgeville Club House as well, for at least five days prior to the Committee meeting. Any member may demand a ballot by notifying the Secretary that such is his wish, when the Secretary shall at once inform the candidates's proposer and seconder of the fact, withholding name, and if the name be not withdrawn, shall propose it at the next regular or special meeting of the Club, when all members may vote on it, one black ball in seven to exclude.

3. Any member elected during October, November, December or January, shall not be liable to pay another subscription until the second February following.

Privileged
Members.

4. All members of Royal Yacht Clubs outside the Province of New Brunswick, and of recognized yacht clubs of foreign nations at peace with Great Britain, shall be admissable as privileged members during a period not exceeding one month, on being introduced by a member, and any such member so introduced being an owner of a yacht, shall be entitled to take part with his yacht in any race of the Club, excepting those for the Club

cups or trophies, provided that the Club to which such member belongs extends the same privileges to the yacht-owning members of this Club.

5. Friends of members may be admitted to the Club premises on application to the Secretary, for such time and under such restrictions and limitations as may be from time to time specified in the House Rules; but no such visitor shall be entitled to introduce a yacht in the Club races except as specified in the preceding Section. Visitors.

6. All officers of the Army and Navy and officers of the permanent forces of the Dominion of Canada, on actual service, and members of Royal Yacht Clubs beyond the Province of New Brunswick, and gentlemen not permanently residing in the Dominion of Canada, may be elected members for a period of six months, or less, on payment of one dollar a month, but they shall have no vote nor voice in the management of the affairs of the Club. Non-Resident
Members.

7. No person shall become, or be considered, a regularly constituted member of the Club unless all provisions of Sections one and two of this article shall have been fully complied with, nor until his entrance fee and first annual subscription shall have been paid. Should such entrance fee or such first annual subscription be in arrears for fifteen days after written notice of election shall have been given by the Secretary to the applicant elect, the Secretary shall report the same to the Executive Committee, who shall act in accordance with the By-law relating to "Dues."

8. Any member found guilty of breaking the rules and regulations of the Club, disobeying the Commanding Officer, when sailing in Squadron, or of conduct unbecoming a gentleman, may, after a fair trial, of which he shall have at least ten days' notice, and at which he may be heard in his own defence, be admonished, fined, suspended or expelled from the Club, or deprived of any privileges of the Club for a given time, by a vote of two-thirds of the members present at a special meeting of the Club called for that purpose.

ARTICLE XVI.

Honorary
Members.

Honorary members may be elected at any regular meeting by unanimous vote; they shall be exempt from payment of dues and may enjoy all the privileges of the Club, except voting, holding office, or having an interest in the property of the Club.

The Flag Officers and Secretaries of all Royal, recognized and foreign yacht clubs, extending the same courtesy to officers of this Club, shall be Honorary members of this Club.

ARTICLE XVII.

Amendments.

1. No amendment, alteration or addition of or to this Constitution, or to the By-Laws or Sailing Regulations, may be made except by a vote of two-thirds of the members present at any regular or special general meeting of the Club called for the purpose.

2. No change whatsoever shall be made in the Sailing Regulations relating to measurement, time allowance, or classification, between the first day of June and the first day of November in each year.

3. No amendment, alteration, or addition of or to the Constitution, By-Laws or Sailing Regulations of the Club shall be made until due notice thereof has been given in one or other of the following methods:

(a) By written notice of motion containing the text of such addition, alteration or amendment handed to the Secretary, and by him read to the meeting, at the general meeting of the Club next preceding the meeting at which such notice shall be brought forward; or

(b) By sending such notice of motion, in writing as above stated, to the Secretary at least thirty-three days before the general meeting at which such motion shall be brought forward; upon receipt thereof the Secretary shall forthwith, or at least thirty days before such meeting, post up such notice in the Club rooms.

BY-LAWS.

CHAPTER I.

Meetings.

1. Meetings may be called at any time by the Commodore, as provided for in the Constitution.
2. Twelve members shall constitute a quorum for the transaction of business.
3. The Secretary shall, as far as possible, notify each member of the Club of every special, regular and adjourned meeting of the Club, by mailing to each member a written notice at least twenty-four hours prior thereto. But the omission of such notice, or any defect in connection therewith, shall in no way affect the validity of any such meeting.

CHAPTER II.

Order of Business.

1. The Commodore, or in his absence, the officer of highest rank present, shall take the Chair and call the meeting to order.
2. The members being seated, the Secretary shall call the roll. A quorum being present the order of business shall be as follows:
 1. Reading of the Minutes of last meeting which shall stand approved of if not objected to.
 2. Election of Members.

3. Reading of Communications.
4. Collection of Dues.
5. Report of Secretary.
6. Report of Treasurer.
7. Reports of Committees.
8. Election of Officers.
9. Miscellaneous Business.
10. Adjournment.

CHAPTER III.

1. An entrance fee of five dollars shall be paid by each member elect. But any person applying for membership who has been previously a member, and at time of leaving was in good standing, shall be entitled to election without payment of any additional entrance fee.

2. The annual subscription shall be five dollars, except for members residing more than twenty-five miles from St. John, when it shall be three dollars. The subscription shall be payable on the first day of February in each year.

3. No member in arrears shall be eligible to any office, nor may his vote be accepted upon any election or question.

4. If any member shall be in arrears to the Club for more than thirty days, the Secretary shall make report thereof to the Executive Com- Dues in
Arrears.

mittee, and shall also notify such delinquent member in writing, that unless the amount of such arrears shall be paid within thirty days, his name will be posted in the Club Rooms. If within ten days from such posting such arrears are not paid the name may at the option of the Executive Committee be erased from the roll of membership.

5. A member thus leaving the Club shall not again be eligible until he shall have paid the amount due from him and also the dues which would have accrued meanwhile, and no person who has been expelled from the Club or struck off the roll as above provided shall be accorded any of the privileges of the Club or admitted to the Club premises or entertainments.

Life Members. 6. A member by paying at any time the sum of one hundred dollars, may, on the recommendation of the Executive Committee, be elected, at any general meeting, a life member of the Club. A life member shall be entitled to the same privileges as an ordinary member and shall be subject to all the provisions of the Constitution, By-Laws and Regulations of the Club save those relating to annual subscriptions or annual fees.

CHAPTER IV.

Resignations. A written resignation, addressed to the Secretary, shall be required from any member wishing to sever his connection with the Club, and may

be accepted by the Executive Committee; but the Executive Committee shall not have power to accept the resignation of any member in any manner indebted to the Club.

CHAPTER V.

1. Any yacht not less than sixteen feet load water length if owned wholly by a member or members of the Club, may be enrolled in the Squadron upon filing with the Secretary an enrollment signed by the owner or owners. Such enrollment shall contain a full description of the yacht, including the name, rig, length on water-line, and extreme length over all, extreme breadth, draft, whether centre-board or keel, when, where, and by whom built (if known), her racing measurement according to the rules of the Club, and a copy or description of the private signal of the yacht or its owner. Duties of
Yacht Owners.

The said measurement may at the option of the Sailing Committee be subject to the verification of the Measurers, and in such event their certificate shall also be filed with the Secretary. The name of each yacht must be legible upon its stern.

2. Any yacht which may be let or hired, unless to a member, shall be debarred all rights and privileges of the Club during such letting or hiring.

3. Each yacht owner shall make immediate application to the Secretary for an Admiralty

Warrant to fly the Blue Ensign. In the event of a yacht being sold, let, or hired, the warrant must be immediately returned to the Secretary.

Chartered
Yachts

4. A yacht in charter of a member or members of the Club for at least three sailing months may be enrolled in the Squadron in accordance with the preceding sections of this Chapter.

5. Any member buying or selling a yacht shall give notice thereof to the Secretary within seven days after the completion of the purchase or sale, and no yacht not duly enrolled upon the register of the Squadron shall be entitled to representation at the meetings of the Club.

CHAPTER VI.

Flags.

Each yacht is required to have a Club Burgee, an Ensign, a Private Signal, and a set of such signals as may be adopted by the Club.

CHAPTER VII.

Proxies.

Any member who shall file with the Secretary a written authority from a yacht owner or owners, of any one yacht, may represent his or their yacht under Article V, of the Constitution, where the vote is by yachts only, such authority shall be valid only for a specified meeting. Proxies other than the above shall not be allowed.

CHAPTER VIII.

Uniform.

A uniform and dress shall be adopted by the Club, which may be worn by the members of the

Club and crews of the yachts enrolled in the Squadron.

CHAPTER IX.

1. The 24th of May in each year shall be the beginning of the season, and there shall on that day be an excursion of the fleet. The season shall end on the last day of October. Excursions.

2. There shall be other excursions of the fleet during the yachting season whenever ordered by the Commodore.

3. The Commodore shall appoint the hour, starting point, and the cruising grounds of all excursions.

CHAPTER X.

There may be an annual cruise of the fleet; the time and cruising ground shall be selected at the annual meeting in February. Annual Cruise.

CHAPTER XI.

The Commodore may appoint a Fleet Captain to communicate in his behalf with the officers and members of the fleet, or, as a subordinate, to represent him at any time during a cruise or excursion, or whenever there may be an assemblage of the fleet under the command of the Commodore. Such officer may, at the request of the Sailing Committee, and with the approval of the Commodore, represent the Club, under direction of the Sailing Committee, at any Regatta. Fleet Captain.

CHAPTER XII.

Fleet Surgeon. The Commodore may also appoint a Fleet Surgeon, who shall accompany the fleet on its cruise and perform such duties pertaining to his profession as the Commodore shall direct. Each of these appointees shall hold office only during the pleasure of the Commodore.

CHAPTER XIII.

**Nominations
and Elections.**

1. The Officers, Executive Committee, and Sailing Committee shall be elected at the annual general meeting held on the first Tuesday in February.

2. The Secretary shall act as a returning officer, shall, as such, receive all nominations, check the figures of scrutineers, declare the result of the elections, and be responsible for the proper carrying out of this By-Law.

3. Any member may in writing nominate one person for each office, two for Measurers, five for the Executive Committee, and, if a yacht owner, seven for the Sailing Committee; but this nomination in writing, over the member's signature, must be delivered to the Secretary not later than nine o'clock, p. m., on the last Tuesday before the annual general meeting, nor earlier than one fortnight prior to such last Tuesday. The Secretary shall publish or post up the names of those nominated at the Club's headquarters,

and shall, also, as soon as possible, in writing, inform such persons that they have been so nominated. By informing the Secretary in writing of his desire to decline nomination any person so nominated may have his name removed from the list, but this communication must be placed in the Secretary's hands before nine o'clock, p. m., on the Thursday before the annual general meeting. The Executive Committee shall have up to twelve o'clock, p. m., of the following day, the power by formal resolution to fill any vacancies which may occur in the list of nominations, and this resolution with the names of those thus officially nominated shall be posted in the Club's headquarters. The Secretary shall in no way make known the names of the nominators, but shall satisfy himself that they are members in good standing in the Club and not in arrears.

4. The election shall take place by ballot at the annual general meeting, and no person shall be elected to any office who has not been nominated and elected, as herein provided, saving and excepting as provided for in Article XIV, Section 4, of the Constitution.

5. Vacancies among the officers, or in the Executive Committee, may be filled at any regular or special general meeting of the Club. Notice of vacancies to be posted in the Club rooms by the Secretary at least fifteen days prior to such meeting, and nominations in writing, as provided in Section 3 of this Chapter, must be delivered to

Vacancies

the Secretary not earlier than fourteen, nor later than seven days, prior to the same. In case of any failure to nominate within the time specified, nominations shall be made by formal resolution of the Executive Committee.

SAILING REGULATIONS.

I.

Classification.

All yachts shall be classed according to their racing length.

Class A. All over 30 feet, racing length.

Class B. Not over 30 and over 25 feet, racing length.

Class C. Not over 25 and over 20 feet, racing length.

Class D. Not over 20 feet, racing length.

Class E. Skiff class.

II.

Allowance
for Rig.

In mixed rig races, schooners shall be rated at eighty-five per cent. of their racing length, and yawls at ninety-three per cent. of their racing length, as hereinafter defined, for time allowance only.

III.

Measurement.

Yachts shall be measured and rated for time allowance and classification according to the following method: To the square root of the sail area, add the load water line length and divide the sum by two.

$$\frac{\sqrt{SA} + LWL}{2} = RL$$

The result is the measurement for time allowance, and shall be known as racing length.

The measurement shall be obtained as follows: A base line shall be taken from a point midway between the jib topsail stay and the jib stay on the bowsprit, or between the flying jib stay and jib topsail stay on the jib boom, in a straight line to the end of the main boom. To this measure shall be added that length of main gaff which shall remain after eighty per cent. of the topmast has been subtracted from it. The gaff, for this purpose, shall be measured from the after side of mast to the end, and the topmast from heel to the lower side of sheave in the topsail halyard block.

For yawls the base line shall be taken from the same point forward as in vessels of other rig, to the after end of the mizzen boom.

A perpendicular line to be taken along the after side of the mainmast from the under side of the sheave of the highest halyard block or sheave on the topmast, to the upper side of the boom when resting on the saddle, or on the lowest part of the gooseneck, the distance of which point from main deck or deck house shall be recorded by the Measurers, together with other points used in the measurement.

To obtain the estimated area from these figures multiply the base by the perpendicular and divide the product by two.

Length is the length on the L. W. L., exclusive

of any portion of the rudder or rudder stock, and is to be ascertained when the yacht is afloat and in her ordinary trim, and with the crew, if aboard, stationed amidships. The Measurers at the time of making this measurement shall affix a distinctive mark at each point.

In boats which carry no head sail the forward point of measurement for the base line shall be the after side of the mast, or of the foremast if there be more than one mast.

On vessels which carry no topmasts the upper point of measurement for the perpendicular shall be the lower side of the highest block, sheave or eye, used for setting any sail. In such vessels the distance between the under side of the sheave of the highest block used for the peak halyard, and the under side of the sheave of the throat halyard block, shall be used in the same way as is the length of the topmast where one is carried.

If by alteration of trim or immersion by dead weight the water line of any yacht shall be increased, or if in any way her spar or sail measurement, as officially taken, shall be increased, a re-measurement must be made.

IV.

1. The owner of a yacht to be measured shall notify the Measurers, in writing, specifying when and where the yacht may be measured; the time so specified shall be not less than twenty-four

**Rules and
Fees for
Measurement.**

hours after the delivery of the notice, and the place to be the Club anchorage, or some convenient part of Saint John harbor.

Fees.

2. No fee shall be charged for the first measurement, but should any alteration be made in the L. W. L., the length of spars, or in the sail area of the yacht, her certificate of measurement forthwith ceases to be valid and must be immediately returned to the Secretary, with notice in writing, of the alterations, in order that the yacht or her spars, and sails may, if necessary, be re-measured, and a new certificate issued, in which case a fee of one dollar will be charged, to be paid through the Secretary.

Certificate.

3. The Measurers shall make out a certificate in duplicate, and deliver both copies thereof to the Secretary of the Club, who shall retain one copy and send the other to the owner of the yacht measured.

Foreign Yachts

4. In the case of yachts entering from another Club, the Sailing Committee may accept a certificate of measurement signed by the Official Measurer of the Club from which such yacht may be entered, reserving the right, however, in all cases, with or without protest, to require such yacht to be re-measured by the Measurers of the ROYAL KENNEBECASIS YACHT CLUB.

Penalties.

5. Any yacht whose owner shall refuse to submit to such re-measurement, or shall refuse or neglect to pay the established fee therefor, shall

thereafter be debarred from participating in the races and regattas of the Club, unless such disqualification shall be removed by the Sailing Committee.

6. If a protest shall be made relative to the measurement of any yacht which has been measured by the Measurers of this Club, such yacht shall be re-measured by them under the direction of the Sailing Committee, and the result as reported by the Measurers shall be final. Protests.

A fee of five dollars must be posted with the Secretary by the party challenging the yacht's measurement, and shall be paid to the Measurers if the original measurement be found correct; if not correct the fee shall be returned to the challenger. In such cases, also, the original certificate of measurement shall on being found inaccurate forthwith become invalid, and the yacht owner must, subject to the fees and penalties above provided, obtain from the Measurers a new certificate of measurement.

V.

1. Time allowance shall be calculated upon the racing length according to the table of allowances of the Club, which are calculated at sixty per cent. of the theoretical allowances based upon the principle that opportunities for speed vary as do the square roots of the lengths of vessels of different sizes, and yachts shall be rated for difference of measurement accordingly. Time Allowance.

2. Any yacht which has her measurement increased for the purpose of sailing in a class above that in which she belongs, shall assume and be entered as of the lowest racing length specified for the class in which she so enters.

VI.

Filing Certificates.

The owner of every winning yacht shall, within twenty-four hours after the finish of the race and before the awarding of the prize, file with the Sailing Committee a certificate that all the members of his crew are amateurs, and shall also sign a declaration that all the Sailing Regulations have been complied with.

VII.

Special Races.

All special races sailed under the auspices of the Club shall be under the control and direction of the Sailing Committee, and shall be governed by these rules and regulations. The Sailing Committee may, however, by vote duly taken and recorded, and for the purposes of any of such special races, but not otherwise, temporarily suspend, vary, or alter, any rule or regulation to meet the exigencies of any special race. But any change herein for such purpose shall be clearly set forth in the circular furnished in accordance with Regulation XIV.

VIII.

Entries.

1. All entries shall be made in writing and signed by the owner or his representative, giving

name of yacht, rig, number, draft, and racing length calculated according to the foregoing rule for measurement, which shall be verified by the Measurers of the Club before any prize shall be awarded to such yacht. and all such entries must be lodged with the Secretary of the Sailing Committee not later than six o'clock, p. m., of the day of the race, exclusive of Sundays, unless otherwise ordered by the Sailing Committee in any special case.

2. The racing measurement of a yacht must be filed with the Secretary before ten o'clock on the morning of the race, otherwise her time will not be allowed nor the yacht be considered qualified to take part in the race; but this regulation will not be enforced if a statement from the Club Measurers relieving the owner from neglect is filed with the Secretary within twenty-four hours after the finish of the race.

3. At all regattas the Flag Officers and Sailing Committee may invite entries from other yacht clubs.

4. Should any yacht duly entered for a race not start, or having started, abandon, or be disabled, during the race, such yacht shall be entitled again to start in the event of the race being re-sailed; but no new entries shall be received under any circumstances whatever for a postponed or re-sailed race.

Re-sailed
Races.

IX.

Officers
of the day.

1. The Officers appointed by the Sailing Committee to take charge for the day shall start and time the races, and shall report in writing the result of the same to the Sailing Committee as soon as possible after the time limit for receiving protests shall have expired.

2. The Officers of the day, duly appointed to serve, shall have sole charge and control of the races, and are responsible only to the Sailing Committee duly assembled, and shall not be interfered with by any individual member of such Committee. Either of the Officers of the day may appoint as a substitute any member of the Club, but no such sub-appointment shall relieve such Officer from the responsibility for the due performance of the duties assigned to him.

Postpone-
ments.

3. The Sailing Committee or Officers in charge for the day shall have power to postpone or shorten any race should unfavorable weather render such a course desirable. No postponement or account of unfavorable weather, shall, however, be decided upon more than two hours previous to the hour appointed for the start.

X.

The Start.

1. The start in all races shall be what is known as a one-gun or flying start. A quarter of an hour before the time of starting, one of the following flags of the Club Signal Code shall be

hoisted as a preparatory flag for the yachts of each successive race.

S. of Code for the yachts of the first race.

T. of Code for the yachts of the second race.

W. of Code for the yachts of the third race.

2. Five minutes before the start the preparatory flag shall be lowered and a Blue Peter hoisted, after which the yachts in the race shall be amenable to the rules. At the expiration of five minutes *exactly*, the Blue Peter shall be hauled down and a gun fired as a signal to start.

3. Should the gun miss fire, the lowering of the Blue Peter shall be the signal to start.

4. Each yacht shall be timed from the starting signal.

5. In a flying start if the point marked by the foremast in schooners, and the mainmast in single masted vessels and yawls has crossed the line before the signal to start is made, she must return and recross the line. A yacht so returning, or one working into position from the wrong side of the line after the signal to start has been made, must keep clear of and give way to all competing yachts.

6. Each sailing yacht entered upon the Club list shall, at the beginning of the season, be allotted by the Sailing Committee a recall number, which shall also serve as a distinguishing number. In starting a race, should any yacht cross

Recall
Numbers.

the line before the signal for the start has been given, a gun shall be fired and her distinguishing number shall be hoisted on the Signal Staff as soon as possible, as a recall, and shall be displayed until the said yacht shall either have returned and re-crossed the line to the satisfaction of the Officers in charge, or have given up the race. Such recall numbers shall be in white on black ground with figures not less than two feet six inches in length. The yacht's signal letters may also be used as a recall in lieu of the number.

The Sailing Committee may at any time, on notice, withdraw a yacht's number, or substitute another number for that already allotted.

XI.

Distinguishing Flags.

1. Each yacht must carry at her main topmast-head a distinguishing flag of suitable size, which must not be hauled down during a race unless the race is abandoned. If the topmast be lowered on deck, or carried away, the flag must be re-hoisted in a conspicuous place as soon as possible.

Distinguishing Numbers.

2. Each yacht must display her distinguishing number on both sides of the mainsail, the centre of the figure or figures to be placed over a point within the peak at the juncture of the extremities of two lines of two feet six inches in length, drawn at right angles from the gaff and leach. Such numbers to be in black, and not less than two feet in height.

XII.

The number of men permitted on a yacht during a race shall not exceed one man to every five feet of racing length, and every fraction thereof over fifty per cent. of five feet racing length.

Crews.

XIII.

1. The Sailing Committee shall at the beginning of each season limit the time of finishing each race and insert the same in the fixtures of the year.

Time Limit.

2. In the event of a race not being completed within the time prescribed by the Sailing Committee, it shall be considered as "no race," and may be re-sailed, subject to Article XIV, Section II.

3. If any yacht finish within the time limit, all succeeding yachts shall be entitled to be timed and the prizes awarded.

XIV.

1. The owner of each yacht entered for a race shall be furnished at the time of the entry, as soon thereafter as possible, with written or printed instructions as to the conditions of the race and the courses to be sailed.

Instructions.

2. The Sailing Committee may change the courses, or buoys marking the courses, or amend the instructions, provided notice of such change is given to each yacht, before the preparatory signal is given.

Changing Course.

XV.

Professionals. In all Club races, yachts and boats competing must be sailed by *bona fide* members of the Club, and no professional sailor shall be allowed on board any competing yacht or boat.

XVI.

Sails. There shall be no restriction as to sails or the manner of setting or working them.

XVII.

Anchors
and Chains. No more than the usual anchors and chains shall be carried during a race, and these must not be used as shifting ballast, or for altering the trim of the yacht, and all ballast shall be properly stowed, and shall not be shifted or trimmed in any way whatever during a race.

XVIII.

Life Buoys. Each yacht shall carry at least two life buoys ready for use. Open yachts with more than four hands on board shall carry in addition one life buoy for each extra two hands, or a life belt for each extra hand.

XIX.

Propulsion. No towing, sweeping, poling, or pushing, or any mode of propulsion, except sails, shall be allowed.

XX.

A yacht may anchor, but must weigh anchor again and not slip. A yacht shall not warp or kedge, or make fast to any buoy, pier, vessel, or other object, except for purposes specified in the following rule. Anchoring.

XXI.

A yacht running aground or fouling a buoy, pier, vessel, or other object, may use her anchors, warps, boats, etc., to get clear, but may not receive any assistance, except from the vessel fouled. Any anchor, warp, or boat so used must be taken on board again before continuing the race. Running Aground and Fouling.

XXII.

Every yacht shall render all possible assistance to any vessel or person in peril, and if in the judgment of the Sailing Committee she shall thereby have impaired her chance of winning, they may order the race to be re-sailed between such yacht or yachts and the winner in the class. Accidents.

XXIII.

No other means of sounding than the hand lead and line shall be employed. Sounding.

XXIV.

1. All yachts shall observe the Government regulations as to the carrying of side lights at night, and regarding fog signals. Lights and Fog Signals.

XXV.

Right of Way.

1. When two yachts are approaching one another, so as to involve risk in collision, one of them shall keep out of the way of the other, as follows, namely:

(a) A yacht which is running free shall keep out of the way of a yacht which is close hauled.

(b) A yacht which is close hauled on the port tack shall keep out of the way of a yacht which is close hauled on the starboard tack.

(c) When both are running free, with the wind on different sides, the yacht which has the wind on the port side shall keep out of the way of the other.

(d) When both are running free with the wind on the same side, the yacht which is to windward shall keep out of the way of the yacht which is to leeward.

(e) A yacht which has the wind aft shall keep out of the way of the other yacht.

Definition
of Wind.

2. A yacht shall be deemed to have the wind on the side opposite to that on which she is carrying her main boom. For instance, with the boom on her port side (as in case of a yacht close hauled on the starboard tack) she has the wind on the starboard side.

Overtaking.

3. An overtaking yacht shall, as long as an overlap exists, keep clear of the yacht which is being overtaken.

4. Should, however, an overlap exist between two yachts when both of them without tacking are about to pass a mark on the required side, then the outside yacht must give the inside yacht room to pass clear of the mark. Passing and Rounding Marks.
- A yacht shall not, however, be justified in attempting to establish an overlap and thus force a passage between another yacht and the mark, after the latter has altered her helm for the purpose of rounding.
5. An overlap is established when an overtaking yacht has no longer a free choice of which side she will pass, and continues to exist as long as the leeward yacht by luffing, or the weather yacht by bearing away, is in danger of fouling. Definition of Overlap.
6. When of two yachts one is obliged to keep clear, the other shall not alter her course so as to involve risk of fouling. Altering Course.
7. A yacht may luff as she pleases in order to prevent another from passing her to windward, provided she begins to luff before an overlap is established. Luffing.
8. A yacht shall not bear away out of her course so as to hinder another in passing to leeward. Bearing Away
9. A yacht shall not be entitled to her rights on a new course until she has filled away. Rights on New Course.
10. When two yachts both close-hauled on the same tack are converging by reason of the leeward yacht holding a better wind, and neither Converging Close-Hauled.

can claim the rights of a yacht being overtaken, then the yacht to windward shall keep clear.

Obstruction
to Sea Room.

II. When a yacht is approaching a shore, shoal, rock, vessel, or other dangerous obstruction, and cannot go clear by altering her course without fouling another yacht, then the latter shall, on being hailed by the former, at once give room; and in case one yacht is forced to tack or bear away in order to give room, the other shall also tack or bear away, as the case may be, at as nearly the same time as is possible without danger of fouling; but should such obstruction be a designated mark of the course, a yacht shall not force another to tack under the provisions of this rule.

XXVI.

Shortening
Course.

If it is necessary during a race to shorten the course, the letters "B H J" of the Club Signal Code, hoisted over the flag denoting the race, or in case of fog or darkness two guns fired, shall show that the race is to finish with the round about to be completed, or at such mark as the Sailing Committee or Officers of the day may appoint, and the time allowance shall be reduced in proportion.

XXVII.

Postponing
a Race.

If it be necessary to postpone a race the letters "B H M" of the Club Signal Code hoisted over the flag denoting the race, shall be a signal that the race has been postponed.

XXVIII.

1. The owner of a yacht having cause, during a race, to protest against any other yacht for violation of these rules, shall display letter "B" of the Club Signal Code, which shall be known as the Protest Flag, and keep such flag flying until the answering pennant is flown from the Judges' boat or the Club signal staff. A protest must be supplemented by a written statement of the facts, which must be sent to the Secretary of the Sailing Committee before six p. m. of the day following the race, Sundays not included. Protests.

2. The Sailing Committee shall, in accordance with the provisions of Article XIV, have absolute power to decide the question, after such enquiries as they may consider necessary.

XXIX.

1. Every yacht must go fairly round the course, and must not touch any buoy, boat or vessel used to mark it out, but shall not be disqualified if wrongfully compelled to do so by another yacht. Disqualification.

2. If a yacht in consequence of her neglect of these rules shall foul another yacht, or compel another yacht to foul any yacht, mark, or obstruction, or to run aground, she shall be disqualified and her owner shall pay all damages.

3. The Sailing Committee shall, with or without protest, disqualify any yacht, should it come

to their knowledge that she has committed a breach of these rules.

XXX.

Penalties.

1. Any yacht disobeying or infringing any of these rules (which shall apply to all yachts, whether sailing in the same or different races), shall be disqualified from receiving any prize she would otherwise have won, and her owner shall be liable for all damages arising therefrom.

Owner's
Penalties.

2. Should a flagrant breach or infringement of any of these rules be proved against the owner of any yacht, he may be disqualified by the Sailing Committee, for such time as they may seem fit, from entering or sailing his yacht in any race held by the Club.

Sailing Mas-
ter's Penalties.

3. Should a flagrant breach or infringement of any of these rules be proved against any sailing master, he may be disqualified by the Sailing Committee, for such time as they may think fit, from sailing in any race held by the Club.

XXXI.

Cruising
Races.

1. Time allowance to be computed upon length of course decided by the Sailing Committee, the assumed length, as well as time allowance, to be announced to each yacht before the start.

2. Yachts over twenty feet racing length to tow dinghy or small tender capable of containing at least two people.

3. Each yacht racing must carry sufficient dunnage and provisions to accommodate crew during cruise.

4. Prizes will be awarded as in regular races.

COURSES

XXXII.

"A"—Starting off Reed's Point wharf, through Western channel southwest to Mahogany island, rounding the island and leaving it on the port hand; returning over same course and finishing off Reed's point wharf. 12 miles.

Harbour
Courses.

"B"—Starting off Reed's Point wharf, thence southeast by south to a buoy in Anthony's Cove, leaving it on the starboard hand, thence northwest to the Bell buoy, leaving it on starboard hand, thence to starting buoy, turning it to starboard, thence south to Bell buoy, thence southeast to Anthony's Cove, leaving both buoys on port hand, and finishing off Reed's Point wharf. 12 miles.

"C"—Starting off Club wharf, thence through the northeast channel to a buoy in front of Bluff Rock, Brandy Point, two hundred feet from shore, almost in direct line from Brown's house, thence southeast to a buoy off mill, centre of Clarke's Cove, South Bay, leaving these marks on port hand and Indian Island on starboard hand, and finishing off Club wharf. 10 miles.

Millidgeville
Courses.

"D"—Starting off Club wharf, thence through the northeast channel to a buoy in centre of the

river off Sand Point, leaving this buoy on port hand, thence southwest to a buoy in centre of the river off Boar's Head, leaving it on port hand, thence up river northeast by east to a buoy close outside upper Indian Island nearly opposite the Club House. This buoy to be left on the port hand, and the course to be retraced back to the start, on this round leaving the three remaining buoys on the starboard hand, finishing off Club wharf. 10 miles.

Rothesay
Courses.

"E"—Starting off Rothesay wharf, thence southwest by west, to a buoy near White Rock, Kennebecasis Island, leaving it on port hand, and thence to a buoy off Torryburn Cove, leaving it on port hand, and back to starting point, thence over the same course a second time, turning buoys the same way, and finishing off Rothesay wharf. 10 miles.

"F"—Starting off Rothesay wharf, thence north to a buoy off Mather's Island, thence southwest to a buoy off Torryburn Cove, leaving both on port hand and finishing off Rothesay wharf. 10 miles.

XXXIII.

MILLIDGEVILLE STATION.

STARTING AND FINISHING LINE.

Starting Line

The start and finish must be made between the Flag buoy (anchored off the Club House wharf) and the wharf, the line being an imaginary prolongation across Millidgeville Bay of the line

between the Inner and Outer Range Flag Staffs on the Club House and on the end of the Club House platform, respectively.

The starting signals will be displayed on the Inner Range Flag Staff, on the Club House, or upon a spar or gaff attacher thereto. On the Outer Range Flag Staff, namely, on the outer end of Club House platform, the Club Burgee will be flown.

XXXIV.

No amendments, alterations, additions, or suspensions of these Regulations shall be made, save as provided for in Article XVII and Regulation VII. Amendments.

DEED OF GIFT OF THE CORONATION CUP.

ST. JOHN, N. B., April 22nd, 1902.

FRANK J. LIKELY, ESQ.,

Secretary Royal Kennebecasis Yacht Club, City.

DEAR SIR,—

I have much pleasure in presenting the accompanying trophy to be known as the Coronation Cup for sailing competition annually between yachts belonging to Canadian Yacht Clubs. The terms of the gift are as follows:

To be sailed for by boats measuring not less than 25 feet and not more than 45 feet racing length, according to the Royal Kennebecasis Yacht Club rules, with time allowance.

The first races are to be sailed under the rules of the Royal Kennebecasis Yacht Club, on Kennebecasis Bay, (or if two or more boats belonging to other clubs request, one of the races to be sailed over one of the St. John harbour courses), on the 26th, 27th, and if a third race is necessary, on the 28th day of June next, or if weather is not favorable, then on the succeeding days as arranged by the Committee.

The winning yacht of two races to receive the Cup, which is then to be the property of the Club in which said yacht is enrolled, and not the property of the owner or owners of any vessel winning a match.

This Cup is donated on the condition that it shall be preserved as a perpetual challenge Cup for annual friendly competition between yachts belonging to any Yacht Club in Canada, the object being to promote interest in this noble sport. Each year the club holding the Cup shall notify the other Canadian Clubs two months in advance of the date fixed for the race.

Should the Club holding the Cup for any cause be dissolved, or should they decline to hold a race for this trophy in any year, then the Cup shall be transferred to the Royal Kennebecasis Yacht Club on demand being made for it by its secretary.

Clubs winning the Cup shall give a receipt for it under the terms of this deed of gift.

I have the honour to remain,
Yours very truly,

ROBT. THOMSON.

TABLE OF TIME ALLOWANCE.

The allowances in this table are based upon the rule accepted by naval architects, that within economic limits, opportunities for speed vary in different vessels as the square roots of their respective lengths. As strong winds are required, however, to give to larger vessels the full extent of their advantage in size, and as such a scale of allowance is not adapted to ordinary summer racing, 60 per cent. only of the allowance due to the rule is given in the table, and may be stated thus:

Time equals $.6 \left\{ \frac{3600}{\sqrt{1}} - \frac{3600}{\sqrt{L}} \right\}$; 3600 representing the number of seconds in an hour, 1 the length of the smaller yacht, and L the length of the larger.

Practically the formula is $\frac{2160}{\sqrt{1}} - \frac{2160}{\sqrt{L}}$; six-tenths of 3600 being 2160.

RULE FOR USING THE TABLE.

The figures to be found in the table show in seconds and hundredths of a second what a yacht of the measurement opposite to these figures would be allowed by one of 130 feet in sailing one nautical mile.

To find what a yacht of any measurement should receive from a larger one, take the figures to be found opposite to the smaller measurement; from these subtract the figures opposite to the measurement of the larger yacht, and the difference

multiplied by the number of nautical miles in the course will give the amount of the allowance due to the smaller vessel, in seconds and hundredths of a second.

EXAMPLE.

What time will a yacht of 35 feet racing length have to allow to one of 30 feet racing length, in a course of 10 nautical miles?

The time opposite 30 feet is..	204.92
“ “ 35 “	175.68
	<hr/>
Difference..	29.24
Number of nautical miles..	10
	<hr/>
Allowance..	292.40
Or 4 minutes 52 and two-fifth seconds.	

For fractions of a foot in the measurement use the nearest tenth to be found in the table.

TIME ALLOWANCE FOR ONE NAUTICAL MILE IN
SECONDS AND DECIMALS.

HOUSE RULES.

Hours for Club
to remain open

1. The Steward shall be in attendance till 10 p. m., at which hour the Club House will be closed, and lights put out. Members unavoidably compelled to use the Club House after that hour must stow their own boats and close up the house securely, otherwise they will be responsible for any loss or damage to Club property.

The Executive Committee shall have power, on occasion, to extend the hour of closing.

Dinghies.

2. The Club Dinghies may be used in going to and returning from yachts, but must not be detained any longer than is absolutely necessary for that purpose, except when used for the purpose specified in No. 3 of these rules.

3. The Club boats shall not be taken or used by any member without the permission of the Steward, who shall enter in a book provided for that purpose, the name of such member with the number of the boat and the hour at which the same is taken. The Steward shall endeavor to accord to the members of the Club equal privileges in regard to such boats, and may therefore exercise discretion in granting or refusing the use of the boats.

No member shall at any time use or keep a boat out for a longer period than three hours

Any member infringing Rules 2 or 3 may be suspended by the Executive Committee for any period from the use of the Club boats.

4. Any member proved to the satisfaction of the Executive Committee to have taken or used any article belonging to the Club, or to another member, without permission, shall be liable for the value thereof, or for any loss or damage that may result from such use or removal, and may also be suspended under Article XIV, Section 7. Liabilities.

5. Everything left on the Club premises shall be solely at the owner's risk, and as lockers are to be had on application to the Secretary, articles left lying about will, if the Committee think fit, be removed and stored at the expense of the owner. Should such articles be not claimed and the charges thereon paid within three months, they may be sold to defray the same, the balance only being subject to the demand of the owner. Carelessness.

6. Lockers can be rented on application to the Secretary on payment of the sum of \$1.00 per year—a member not notifying the Secretary of intention to relinquish a locker by 1st June will be held liable for the locker dues for the current year. Holders of lockers will be held responsible for their good condition. Lockers.

7. Berths in the Boat House for boats and canoes will be allotted to members in order of application, so far as space will permit. Application must be made in writing, and in the event of Berths.

simultaneous applications being made by two or more members, the senior member shall take precedence. The position of berths shall be at the discretion of the Committee, and they shall have power to change any member's berth should they consider it expedient to do so.

Trollies.

8. Boats or canoes must not be left on the trollies or stages. Owners doing so may be censured for first offence, and on repetition may be summarily suspended by the Committee from the privilege of the Club House.

Except on special permission of the Committee no yachts or boats shall be allowed to remain alongside the pier or landing stages for any time longer than sufficient to land or embark passengers or crews.

Squadron moorings shall be for the exclusive use of yachts requiring temporary mooring, and shall not be appropriated for a longer time than forty-eight hours.

Unpaid Dues:

9. The boat or canoe of any member whose current dues are unpaid may, at the option of the Committee, be removed and stored elsewhere at the owner's expense, and the berth re-allotted by the Committee. If the boat or canoe be not claimed, and the charges thereon paid within three months, it may be sold to defray the same, the balance only being subject to the demand of the owner.

Dogs.

10. Dogs will not be allowed in the Club House.

11. The Club premises shall be for the use of members only, but members shall have the privilege of introducing ladies on the following occasions, namely:

Club
Premises.

At all times the facilities of the wharf and Boat House are extended to ladies for the purpose of embarking in or landing from yachts or boats.

On race days, and on such occasions as appointed by the Executive Committee, the Club premises shall be open to ladies.

A boat can be removed from the Club premises by persons other than the owner only on written order to the Steward.

12. A member may personally introduce non-residents of the City of St. John, or within ten miles thereof, to the Club premises for one day, recording their names and his own in the visitors' book.

Privilege
to Visitors.

Any member wishing to introduce a friend temporarily visiting St. John, and not residing therein, nor within twenty-five miles thereof, must send in a written application to the Secretary, who may notify the person named therein that he has been admitted to the Club for fourteen days, and this privilege may be extended with the consent of the Committee for the further period of one month on payment of two dollars; but it shall not be extended to more than one friend of each member at one time. A visitor so admitted shall have the entree of the Club premises and of the fleet upon invitation of the various owners, but may not bring a yacht into

the fleet or otherwise act as a privileged member. Every member to whom this permission may be accorded will be held responsible for the eligibility of his nominee, as well as for his observance of all the rules of the Club.

The Secretary shall forthwith enter the name of every privileged member, or visitor, with that of his proposer, in a book provided for that purpose. No person shall be eligible to be proposed as a privileged member, or visitor, more than twice in any one year.

Complaints.

13. Any complaints concerning the management of the affairs of the Club premises must be made in writing to the Secretary.

Rules
for Steward.

14. (a) The Steward shall be on duty and in attendance at the Millidgeville Club House from 8 a. m. to 10 p. m.

(b) He shall keep the Club grounds and house in neat and proper order, and shall be responsible to the Executive Committee for the condition and safety of all general property of the Club. He shall store at owner's risk until reclaimed or disposed of by the Executive Committee all property of members which may have been left unprotected upon the Club premises.

(c) It shall be his duty also to hoist, dry and furl sails when necessary, and also to wash decks and pump yachts.

(d) To hoist and furl sails when required to do so by owner of a yacht.

(e) To attend to the safety of yachts in bad weather.

(f) To report at once by telephone to the Commodore or Secretary any accident or mishap occurring to property under his care.

(g) To see that no boat or yacht is made use of by anyone save the owner, except by written order.

(h) To allow none but members, or their guests, in the Club House; he may at any time request a member to show his certificate of membership, and deny the privileges of the Club House to any member not in good standing.

(i) To see that every guest visiting the Club House, whether or not in the company of a member, registers in a book to be provided for that purpose.

(k) To remain within hail of Club House at all times during the hours on which he is on duty.

(l) He shall not take orders for any services not included in his regular duties from anyone other than members of the Executive Committee.

(m) He shall at all times be subject to the orders of the Executive Committee, and shall perform all such other duties as may by them be reasonably required.

ANCHORAGE RULES.

Club
Anchorage.

1. The Club anchorages and all anchorages in Millidgeville Bay laid down by or on behalf of any member of the Club shall be under the control of the Executive Committee.

Powers of
Committee.

2. The Committee shall have absolute jurisdiction over all matters relating to such anchorage; may at any time alter or vary any location or locations; may prescribe the sizes of chain connection, the weight and nature of the anchor or anchorage materials; the nature, size, shape or color of surface buoys, or floats, and the nature, dimensions and length of any mooring lines. Should any member of the Club disregard or neglect the regulations or instructions of the Committee in any of these particulars, the Committee may cause such repairs or alterations to be made as it may consider necessary, and the entire cost thereof shall be paid by the member or members owning or using such anchorage.

New
Anchorages.

3. Any member of the Club requiring an anchorage shall apply therefor to the Secretary, and the Executive Committee shall thereupon allot an anchorage or a location for an anchorage; and all material intended by any such member to be used in connection with any such anchorage and the means and nature of fastenings connected therewith shall, before being submerged, be submitted to the Executive Committee, or to such

officer or officers of the Club to whom the Committee may assign such duty, for inspection and approval. Any member placing any anchorage without first obtaining such approval, shall be liable to suspension, and also to all costs or charges connected with the raising of such anchor or anchorage material for inspection, and the proper equipment thereof should the same be found defective.

4. No permanent mooring anchor, or stone, or other permanent anchorage material shall be placed in Millidgeville Bay of a weight less than five hundred pounds. No mooring chain shall be of a dimension less than three-eighths inch iron, nor shall any such chain be roped or wired to any such permanent anchor or anchorage material, but shall be fastened securely thereto by means of rings or ring bolts of not less than three-quarter inch iron running through such anchor stone or firmly imbedded therein.

Sizes of Chain,
etc., allowed.

5. Surface buoys or floats may be either of the nature of log buoys or barrel buoys. The fastenings connecting the mooring chain thereto shall be of the same substantial nature as is provided in the preceding section. No such surface float or buoy shall be fastened to an anchor or anchorage except by chain of dimension described in Section 4. No such connecting chain between the anchor and floating buoy shall be longer than fifty feet in excess of the depth of average low water in summer at the place of such anchorage.

Surface Buoys.

Color of Buoys. 6. Unless otherwise provided, surface floats or buoys may be painted any desired color.

Length of Mooring Line. 7. No mooring lines from any surface float or buoy to any yacht shall exceed twenty feet in length from buoy to riding chocks, nor be of rope less than one inch in diameter.

CLUB UNIFORMS.

A double-breasted ship-jacket of navy blue material with falling collar; five large black Club buttons on each side in front, four on each side to show and one to be under the collar; lining black. It may also be made of white duck, substituting gilt Club buttons for black. Service Dress.

Waistcoat of navy blue material, single breasted, with six small black Club buttons in front, or of white duck with gilt buttons.

Trousers of navy blue material or white duck.

Cap of navy blue cloth $1\frac{1}{2}$ inches deep, with black mohair band $1\frac{1}{4}$ inches wide, 1 inch non-projecting loose crown dropping, $1\frac{1}{2}$ inch black glazed peak. Black $\frac{1}{2}$ inch Club button on each side, and Club badge in front on the band. Black silk cord doubled and knotted on each side of badge from button to button.

If of drill, cap to be the same but with white braid and gilt Club buttons and gold bullion cord.

Necktie to be a sailor's knot of black silk.

The belt to be of black leather, two inches in width, with clasp in gilt and of same device as Club button.

A navy blue cloth coat with tails, double breasted, falling collar, pointed lapels faced with white silk. nine button holes on each side and six Full Dress.

gilt Club buttons, centres two inches apart to show in each row; lining white; pointed flaps of navy blue cloth on skirt and three Club buttons half under points of same; a loop of three-eight inch gold lace, $2\frac{1}{2}$ inches in length, from seam to within $\frac{1}{4}$ of an inch of point over each button; sleeve ornaments as specified below.

Waistcoat to be white, small gilt Club buttons in front.

Trousers of navy blue cloth.

Necktie, a bow of black silk.

Mess Jacket A navy blue cloth, double breasted Eton jacket; length about $2\frac{1}{2}$ inches below natural waist; bottom turned up and slightly curved at centre of back, not peaked; no seam in centre of back; lapels faced with white silk, and lining white; two pockets with welts at sides and inside breast pocket; edges to be held together by link of Club buttons at second button hole from bottom; sleeve ornaments as for full dress.

Officers' Distinction Badges

Officers shall wear on full dress coat and mess jacket a badge on each shoulder as follows: A shoulder knot five inches in length composed of gold cord in three twists, three braids in each with crowfoot; a small Club button to be in centre of upper twist. In addition to above the Commodore to have a crown and anchor embroidered in silver on crowfoot; the Vice-Commodore a crown on ditto, and the Rear-Commodore an anchor.

Commodore: Five stripes of three-eighth inch Gold Navy distinction lace around the sleeves, the first three inches from the cuff, the others above and a quarter of an inch apart, the upper stripe ending in a complete circle one inch diameter inside, lower edge of circle to be level with lower edge of band of lace, and to be in the middle of the sleeve.

Sleeve
Ornaments

Vice-Commodore to have four stripes.

Rear-Commodore three stripes, and Secretary, Treasurer and Measurers two stripes.

Members to have one stripe ending in a complete circle, the circle to be the same as provided for the Commodore.

Undress sleeve ornaments shall be the same as for full dress, only substituting heavy black silk tubular braid for gold lace.

Commodore: Club Badge and three gold crowns half an inch in height.

Cap
Ornaments.

Vice-Commodore the same as Commodore, omitting centre crown.

Rear-Commodore the same as Commodore, omitting the two outside crowns.

Secretary the same as Rear-Commodore, omitting crowns and substituting letter **S** in old English, half of an inch in height.

Treasurer the same as Secretary, substituting letter T for S.

Fleet Chaplain, the same as Secretary, substituting letter C for S.

Fleet Captain the same as Secretary, substituting letters F C for S.

Fleet Surgeon the same as Secretary, substituting letters F S for S.

Members, the Club Badge.

Club Badge.

THE CLUB BADGE shall be a Royal Crown, embroidered in gold and silver, with red velvet cap, above the initials R. K. Y. C. in block letters; below which shall be the Club Burgee, embroidered in colored silks; the whole surrounded by a circle, one inch and one half in diameter, formed of narrow gold cord, ends meeting at lower side and finishing in a reef knot.

Club Button.

THE CLUB BUTTON shall be of raised gilt or black, with a corded rim, and within the letters **R. K. Y. C.** in old English over the Club Burgee and surmounted by a Royal crown.

The buttons used on coat to be seven-eighths of an inch in size and on waistcoat half of an inch.

Club Colours.

THE CLUB COLORS shall be navy blue and scarlet.

Club Ribbon.

THE CLUB RIBBON to be corded silk, two inches in width. *Pattern*: Central horizontal stripe of navy blue, one-third the width of the ribbon, on a scarlet ground.

Information as to where Club Uniforms, Badges, Ribbon, etc., may be obtained, will be furnished on application to the Secretary

CLUB FLAGS.

Club yachts, when authorized by Admiralty Burgee.
Warrants, may wear the following flags: The Club Flag (Burgee) to be a pennant with three horizontal stripes of equal width, colors red, blue and red, each tapering to a point. In the upper canton of the hoist a Royal crown, yellow, with red cap, and on the blue stripe a white St. Andrew's cross; the hoist to be one-half of the length. The Burgee shall be carried at the mast-head.

The Ensign shall be the Blue Ensign of His Ensign.
Majesty's fleet.

The Commodore's flag shall be a navy blue Commodore.
square, on which a white Maltese cross, bearing in its centre a Royal crown, gold, with scarlet cap, shall be displayed. The hoist to be two-thirds the length.

The Vice-Commodore's flag shall be a scarlet Vice-Commodore
square, of the same shape and dimensions, upon which the same device shall be displayed.

The Rear-Commodore's flag shall be a white Rear-Commodore.
square, of the same shape and dimensions, upon which the same device, but with the cross scarlet, shall be displayed.

The Acting Commodore's flag shall be of the Acting-Commodore.
same shape, color and dimensions as that of the Commodore, but without any device whatever displayed thereon.

Fleet Captain The Fleet Captain's flag shall be of the same shape, color and dimensions as that of the Rear-Commodore, upon which a Maltese cross only shall be outlined in scarlet, width of outline one inch and a quarter.

Prize Flags. The flags adopted by the Club to denote the prizes won by a yacht are:

First Prize.—Blue square, with Royal crown and figures denoting the year.

Second Prize.—Red square with same device.

Third Prize.—White square with same device in red.

FLAG AND SIGNAL RULES.

1. Yacht owners desirous of wearing the Club Ensign must be provided with Admiralty Warrants. These will be obtained by the Secretary on the following information being furnished:— Name of Yacht; Name of Owner. Rig; Net Registered Tonnage. Length (extreme); Breadth (extreme); Port of Registry. Certificates of holding the Admiralty Warrants will be furnished on application.

Condition
of Wearing
Ensign.

2. Admiralty Warrants are in force only during the time the yacht remains the property of the member in whose name the Warrant is issued, or whilst he remains a member of the Club, and any member parting with or letting his yacht, or resigning membership must return the obsolete Warrant to the Secretary at once. Yacht owners are required to observe the Admiralty Regulations on this subject.

Direction of
Admiralty
Warrant

3. When a yacht is let or *lent* she is *not* under any circumstances entitled to hoist the Blue Ensign; but should the person to whom she is let or lent be a member of the R. K. Y. C., she may hoist the Club Burgee. (See regulations as to Admiralty Warrants, Clause 105, Merchant Shipping Act, page II.

Restriction

without War-
rant.

Separate
Warrants
Necessary.

Visiting Yachts
to hoist foreign
Club's Burgee
on arrival in
port.

4. If an Ensign other than the Red be flown by any vessel without a Warrant from the Admiralty, a penalty of £500 stg. may be inflicted, and any Custom House or Consular Officer or other officer in H. M. Service on full pay, may board the vessel and seize the flag. Although the Red Ensign has been assigned to the mercantile marine, no device can be put on it other than the Jack without the permission of the Admiralty. The jurisdiction of the Admiralty only extends to flags flown afloat, and any ensign can be hoisted on flagstuffs on shore. When a Warrant is granted to Club to fly the White, Blue, or the Red Ensign with a device, this Warrant does not of itself entitle a member of the Club to fly either Ensign on board his yacht; before he can legally do so he must also obtain a Warrant from the Admiralty through the Club Secretary. As many Warrants must be obtained as he belongs to Clubs if he desires to fly the flag of each Club. When the yacht is disposed of, the Warrants must be returned through the Club Secretary to the Admiralty, and if the owner obtains a new yacht he must get fresh Warrants.

5. It is considered etiquette if a yacht is on a station where there is a Club established and her owner is a member of the Club, that the flag of that particular Club should be hoisted as the yacht arrives on the station, although the owner

may be the Commodore, or Vice or Rear-Commodore of another Club. If his yacht is a schooner he can fly his pennant at the main and the Club Burgee at the fore. If several yachts are lying at an anchorage where there is no Club, the yachts will fly the Burgee of the senior officer present, but if there be two officers of equal rank present then the flag of the one whose Club is senior by virtue of the date of its Admiralty Warrant will be flown. The senior officer means the one of highest rank, and where the rank is equal, the seniority depends upon the date of the Admiralty Warrant of the Club which conferred the rank and not upon the length of service of the officer; but a Vice-Commodore of a senior Club does not take precedence of a Commodore of a junior Club. By the same rule when several yachts are present belonging to Clubs that have no Admiralty Warrants, the date of the establishment of the several Clubs would decide the seniority of officers of equal rank, but Clubs with Admiralty Warrants always rank before those without.

Seniority of
Officers and
Clubs.

6. Colors to be hoisted at 8 o'clock a. m., from April 1st to September 30th inclusive, and at 9 o'clock a. m., from October 1st to March 31st, inclusive, and to be hauled down at sunset. The time to be taken from the R. K. Y. C. Club House; but when in company with a vessel of H. M. Navy, or at anchor off a British naval station, the senior officer should give the time for "colors" with such vessel or station.

Time of
Hoisting and
Striking Color

- Exceptions. 7. Absence Flags and Meal Pennants shall not be considered colors.
- Club Flag—
where carried. 8. The Club Burgee shall be carried at the main truck on schooners and steamers, or on the bow pole of a launch or dinghy, and at the mast-head or truck on single stickers.
- Burgees, or
Mast-head
Flags, not
Dipped. 9. Mast-head flags, except when a Royal yacht is passing, are never to be dipped under any circumstances whatever.
- Private Signal
—when and
where carried. 10. While racing, or cruising with the Squadron, the owners' private signal in single-stickers is flown at the mast-head, on coming to anchor it is lowered and the Club Burgee hoisted. On schooners or steamers the private signal is carried at the fore truck, and on a launch or dinghy on a bow pole.
- Ensign—
where carried. 11. The Ensign is the only flag to be flown at the peak of the mainsail. On a steamer, launch, or dinghy, it should be flown from a jack-staff at stern, under way or at anchor.
- Ensign
when anchored 12. In sailing yachts when at anchor, with sails lowered, the Ensign may be flown on a jack-staff, placed at stern.
- Signals—
where hoisted 13. In making signals the flags are hoisted to cross-trees; if none carried, to mast-head.
- Foreign
Ensigns—
where carried. 14. On special occasions, such as dressing ship in a foreign port, the National Ensign of that country should always be hoisted at the fore; single masted vessels may hoist to the fore-stay.

15. In the event of colours being carried at half mast, the Ensign only, and not the Burgee, will be lowered, except in the event of the death of the owner of the yacht, when both Ensign and Burgee will be half-masted until sundown of that day, when they will be lowered for good.

Flags at
Half-Mast.

16. Saluting with the Ensign at half-mast should be done by mast-heading at first; this rule applies to yachts both at anchor and under way.

Saluting
at Half-Mast.

17. Should one of the Flag Officers make any general signals, owners of yachts should pay immediate attention, hoist their answering pennants to cross-trees or mast-head the moment the signal is understood, and keep them flying until the signal is lowered. The same rule applies to any signal made from the Club House.

General
Signals.

18. Yachts, when the owner is not on board, may fly at the main starboard spreader, during daylight, a blue flag, rectangular in shape; a white flag of similar shape may be hoisted at the main starboard spreader during the meal hours of the owner, and a red pennant at the main port spreader during the meal hours of the crew. These flags should never be carried when under way.

Absence Flags
and Meal
Pennant.

19. The prize flag which is hoisted immediately after a race, to denote that a yacht has won a race, is hoisted below on the same halyard as the Burgee. When the yacht has sailed her last match, she hoists as many prize flags as she has

Winning Flag.

won races during the season. If a yacht has won more races than she has prize flags, it is usual to make up the deficiency with code signal flags or Burgees.

Boat Flags.

20. In addition to the Club Ensign, Flag Officers, when in their boats, may fly on a bow jack staff their official flag, and owners their private Signal or the Club Burgee.

Distress Signals.

21. The Ensign displayed upside down at any point on a vessel indicates distress and want of assistance.

Rules for Flag Measurements.

22. A general rule for the measurement of flags is as follows: Owners' private signals or racing flags to be half an inch in length, Burgees and Code Signal flags, three-quarters of an inch, and Ensigns one inch in length for every foot in height of mast from deck to truck. The hoist of the Ensign and Club Burgee to be one-half of the length, and of all other flags, two-thirds of the length. No flag to be less than twenty-four inches in length.

YACHT ROUTINE.

I.—COLOURS.

1. Flag Officers should always fly their pennants when in commission. Officers' Pennants.
2. In making "colours," salutes, etc., the yacht always represents the rank of the owner, whether he is aboard or not. Rank.
3. Yachts in commission should hoist their colours at 8 o'clock, a. m., and haul them down at sunset, taking time from the senior officer present, or as detailed under "Flags," Section 6. Time for Making Colours.
4. When entering port before colours in the morning or after colours at sunset, the Ensign and distinguishing flags should be shown, and should be hauled down immediately on coming to anchor. Entering Port before or after Colours.
5. At all other times yachts should fly a night pennant from colours at sunset to colours the next morning. Night Pennant.
6. Single-masted vessels should fly the private signal of the owner when entering a home port of this Club, or when approaching other yachts at sea; at other times the Club flag except when with the squadron, when Section IV, Rule 6, should apply. Single-masted Vessels.

II.—LIGHTS.

- Commodore. 1. From colours at sunset until sunrise, the Commodore, when on board, should display two blue lights perpendicularly at the stern; when absent, one blue light should be shown.
- Vice-Commodore. 2. The Vice-Commodore should show lights as provided for the Commodore, substituting red lights in place of blue.
- Rear-Commodore. 3. The Rear-Commodore should show lights as provided for the Commodore, substituting white lights in place of blue.
- Captains. 4. Captains (owners) when on board, should show a white light under the main boom, over the quarter-deck or cock-pit; when absent, the same light at the starboard quarter rail.

III.—SALUTES.

- Exceptions. 1. All salutes should be returned in kind.
2. The following rules do not apply to yachts leaving for or returning from a day's sail.
- Ordering Salutes. 3. Yachts passing one another may exchange salutes by dipping the Ensign once, or by firing a gun, followed by dipping the Ensign. Steam whistles should not be used to make salutes.
- Passing Royal Navy Vessels or Flag Yachts. 4. When passing vessels of H. M. Navy, or the yachts of Flag Officers, the Ensign should be dipped once, juniors and small yachts saluting first (See Rule 5, Flag Rules). The Blue Ensign

should dip to the White, and the Red to both the Blue and the White.

5. Mast-head flags to be dipped *only* as a Royal Yacht passes respective yachts. A Royal Yacht never answer a salute by dipping the Ensign.

Passing
Royal Yachts.

6. The salute from yachts on entering port should be made by dipping the Ensign once, or by firing a gun on letting go anchor.

From Yachts
entering Port.

7. An official salute to a foreign Club should be made by firing a gun with the Club Flag or National Ensign of the Foreign Club at the fore on schooners or steamers, and at the main on single-masted vessels; or in the absence of such flag by half-masting the Ensign and firing a gun. When the salute has been returned or a reasonable time for its return allowed, the flag should be hauled down and the Club Flag hoisted again.

Official Salutes
to Foreign
Clubs.

8. The term "foreign" should be understood as applying to all Clubs outside of the waters of Saint John and Millidgeville harbors.

Meaning of
term
"Foreign."

9. The salute to yachts entering port, entitled to a salute, should be made from the Club House by hoisting the Club flag or National Ensign of the Club to which the visiting yacht belongs at the signal gaff and firing a gun when they let go anchor, or by dipping the Ensign once. The yacht entering port should be the first to salute.

Salute to
Yachts en-
tering Port.

10. The salute from or to yachts arriving after sunset or on Sunday, should be made immediately after colours on the following morning.

Salutes after
Sunset, etc.

- Salute from Battery. 11. When salutes are fired from a R. K. Y. C. battery, Ensigns should be dipped and kept lowered during the firing of the salute.
- Judge's Boat. 12. A yacht acting as Judge's boat should not be saluted during a race.
- Personal Salute to Flag Officers 13. When a Flag Officer makes an official visit, a gun should be fired with his flag at the fore on schooners and steamers, and at the main on single masted vessels while he remains on board.
- Number of Guns entitled to. 14. The salute for Flag Officers shall be as follows: Commodore, 11 guns; Vice-Commodore, 9 guns; Rear-Commodore, 7 guns. The Flag Officer saluted shall return the salute with the number of guns he is entitled to.
- Time between Guns 15. The time between guns in saluting shall be ten seconds.
- Saluting Flag Officers on first hoisting Flag. 16. It is usual to salute a Club Flag Officer on his first hoisting his flag on a Club station at the beginning of the season, and when he hauls it down at the close of a season, by eleven guns for a Commodore, nine guns for a Vice-Commodore and seven guns for a Rear-Commodore, respectively. It is etiquette for a Flag Officer of a Club to return a Club salute, or a salute by a squadron, with one salute of the number of guns he is entitled to. He returns a Vice or Rear-Commodore's salute with the guns each is entitled to, unless he receives a salute from both, then he returns with the number of guns he himself is

entitled to; strictly, however, the Rear should not salute the Commodore in the presence of the Vice unless he obtains permission from the Vice to do so. A Royal personage does not return a salute. The practice used to be for a yacht to "salute the flag" on arriving at a station; this practice is still in vogue in America, a junior always saluting first.

Salutes:

Regulation
Naval Salutes.

Royal	21	guns.
Admiral of the Fleet	17	"
Admiral	15	"
Vice-Admiral	13	"
Rear-Admiral	11	"
Commodore	9	"

A captain or other officer's salute is returned with 7 guns.

IV.—WITH THE SQUADRON.

1. Owners of yachts should signal their intentions to the officer in command. If too distant to signal, and they proceed with the Squadron into port, they should report to him on anchoring. if they part company as above, they should notify him on reaching whatever port they make, of the entry they have made and of their immediate plans.

Joining or
parting with
the Squadron.

2. If they join the Squadron at anchor, they should report to the commanding officer, and should obtain his permission before leaving it.

Joining
at Anchor.

- Guns and Signals to be avoided. 3. When under sail with the Squadron, firing guns and signaling should be avoided, except when joining or parting company, or when repeating for information signals made from the flag-ship.
- Commodore Signals. 4. The Commodore, when hoisting a signal to go under way, or perform any other nautical manœuvre, may call attention to it by firing a gun, when the yachts, in order to show that the signal has been observed, must immediately hoist the answering pennant.
- When to execute orders. 5. Yachts will commence to execute an order immediately on the signal ordering it being hauled down.
- Squadron passing at sea. 6. When Squadrons of different Clubs meet at sea, salutes should be exchanged only by the commanding officers.
- Salutes from Single Yachts. 7. Salutes from single yachts at sea should only be answered from the flag-ship.
- Single-masted Vessels. 8. Single-masted vessels should display their private signals when under sail with the Squadron, when at anchor the Club Burgee.

V.—VISITING A FOREIGN PORT.

- Salutes and visits on entering port. 1. Yachts should salute on entering port in the home waters of a foreign Club (see Section III, Rule 9), where any of its fleet are lying. After the tender of civilities has been made, owners of the entering yachts should visit the officer in command of the anchorage.

2. All other visits should be made according to rank, visits to their equals in rank being made by the owners of the entering yachts.

Rank.

3. If the Squadron of this Club be at anchor also, the salute should be made to its commanding officer, unless it be a Senior Flag Officer entering, then he should be saluted by the Squadron, and should in his turn salute the foreign fleet.

Both squadrons
in Port.

4. Colours in the home waters of a foreign Club should be made with its senior flag officer.

Colours.

VI.—FOREIGN YACHTS.

When a foreign yacht arrives, the senior officer present should send on board, without regard to rank, a tender of the civilities of the Club.

Civilities.

VII.—BOAT SERVICE.

1. The starboard gangway of a yacht shall be used exclusively for the owner and his guests, the owner being the first to step on board and the last to leave. In order of precedence, juniors enter a boat first and leave last.

Precedence.

2. Flag Officers should display their pennants, and captains their private signals, when in their boats; members, the Club Flag.

Boat Flags.

3. Salutes should only be made to boats displaying flags as above.

Salutes — to
whom made.

4. Junior Flag Officers, Captains, and members in charge of boats, should lie on their oars to the Commodore's boat and raise their cap.

To Flag
Officers.

- To others. 5. Passing one another they should salute, according to rank, by raising the cap.
- From Sailing Masters. 6. Sailing masters, under officers, and crew should lie on their oars to all boats displaying flags as above, and raise the cap.
- Under sail, etc 7. The salutes from boats under sail, laden or in tow, should be made by raising the cap.
8. All boats approaching a yacht at night should be hailed.
- Answers to Boat Hails. The answer for the Commodore, when intending to board, should be "Commodore;" for Junior Flag Officers, "Flag;" for Captains and Members, "Aye, Aye;" for Captains returning on board, the name of their yacht; for Visitors, "Visitor," for Sailing Masters, etc., "No, No," using the port side; for passing Boats. "Passing."

RULES FOR FORETELLING THE WEATHER.

ADAPTED FOR USE WITH ANEROID BAROMETERS.

A rapid rise indicates unsettled weather.

Rising
Barometer.

A gradual rise indicates settled weather.

A rise with dry air and cold increasing in summer indicates wind from the northward; and if rain has fallen, better weather may be expected.

A rise with moist air and a low temperature indicates wind and rain from the northward.

A rise with southerly winds indicates fine weather.

A steady barometer with dry air and reasonable temperature, indicates a continuance of very fine weather.

Steady
Barometer.

A rapid fall indicates stormy weather.

Falling
Barometer.

A rapid fall with westerly winds indicates stormy weather from the northward.

A fall with northerly wind indicates storms, with rain and hail in summer and snow in winter.

A fall with increased moisture in the air, and the heat increasing, indicates wind and rain from the southward.

A fall with dry air and cold increasing in winter, indicates snow.

A fall after very calm and warm weather indicates rain with squally weather.

General
Barometer
Indications.

The barometer rises for northerly winds, including from northwest by north to the eastward, for dry, or less wet weather, for less wind, or for more than one of these changes, except on a few occasions, when rain, hail, or snow comes from the northward with strong wind.

The barometer falls for southerly winds, including from southeast by south to westward, for wet weather, for stronger wind, or for more than one of these changes, except on a few occasions, when moderate wind, with rain or snow, comes from the northward.

TIME OF HIGH WATER

AT VARIOUS POINTS ON THE ST. JOHN AND KENNEBECASIS RIVERS.

(Calculated from time of High Water in St. John Harbor)

Distance from Indiantown.	Name of Place.	H. W. later than H. W. in St. John Harbour.	Intermediate Points.
0	Indiantown,	h. m. 2 — 4	} To column 3 add 3 minutes per mile.
6	Millidgeville,	2 — 30	
14	Rothsay,	2 — 57	
20	Gondola Point,	3 — 15	
10	Westfield,	2 — 29	
17	Pitt's Landing (Devil's Back),	2 — 50	
25	Oak Point,	3 — 15	
29	Mouth of Belleisle (Palmer's Point),	3 — 40

73	Oromocto,	7 — 57	
83	Fredericton,	8 — 45	
90	Springhill,	9 — 20	

Low water in St. John harbor is, on an average, 6 hours 15 minutes after high water; but from Westfield to Gagetown low water averages 6 hours 30 minutes after high water at those places; while at Fredericton low water is 7 hours 4 minutes after high water there.

LIGHTHOUSES.

RIVER ST. JOHN.

GREEN HEAD.—Fixed white light, visible 10 miles; white, square, wood tower.

SAND POINT.—Low shore, east side of river; fixed white light, visible 10 miles. lantern on a mast with white shed at base, all elevated on open framework.

BELYEA'S POINT.—On Nathaniel Belyea's Point, west side of river; fixed white light, visible 11 miles; white, square, wood tower; to guide clear to Purdy's Shoal.

WILLIAMS' LANDING.—Near outer end of public wharf; fixed white light, visible 10 miles; lantern on a mast; to guide through Long Reach.

OAK POINT.—Low land west side of river; fixed white light, visible 10 miles; lantern on mast, with white shed at base, all elevated on open framework.

FLEWELLING'S LANDING.—West side of river, Greenwich; fixed red light, visible 5 miles; lantern on white mast, shows from northeast round through east to southwest.

BELLEISLE PUBLIC LANDING RANGE.—Front light at landing at head of dredged channel; fixed white, visible 5 miles; lantern on mast. Back light 160 feet north by east three-quarter east from front; fixed red light, visible two miles; lantern hung on end of Israel Noble's dwelling, which is white square wood. Lights visible between the bearings of northeast through north to southwest; in range show centre of dredged channel north by east three-quarter east, at outer end of channel a black can buoy is moored, and sides are balized.

PALMER'S LANDING.—On the outer end of new government wharf; fixed white light, visible 11 miles; white, square, wood.

GAGETOWN.—West side river; fixed white light, visible 8 miles; white, square, wood tower, lantern red, on cribwork pier; to guide vessels between Jemseg and Musquash Island, and to show turn in river at Buzzas.

JEMSEG.—On south side lower Jemseg entrance; fixed red light, visible 3 miles; mast with white shed, brown roof, at base, on white timber pier; light shows from southwest round by west to northeast.

BRIDGES POINT.—On east side of river, opposite foot of Mauger Island; fixed white light, visible 12 miles; white, square, wood tower, with lantern roof red; to guide vessels through the channel on east side of Gilbert or Mauger Island.

OROMOCTO.—About 400 yards southeast from head of public wharf; fixed white light, visible 10 miles; white, square, wood tower on cribwork pier, lantern red.

WILMOT BLUFF.—West side of river; fixed white light, visible 10 miles; lantern on mast, with white shed at base, elevated on open framework.

WASHADEMOAK.

MUSQUASH ISLAND.—Fixed white light, visible 10 miles.

HENDRY FARM.—Fixed white light, visible 10 miles. In coming down, these two lights to be kept in range until opposite northwest end of Hog Island, whence a southerly course to be kept to the foot of Musquash Island. In going up, the two lights to be brought in range opposite northwest end of Hog Island, and kept in range until within half a mile of the light on Hendry Farm.

GRAND LAKE.

COX'S POINT.—Fixed white light, visible 10 miles; white square wood tower.

McMANN'S POINT.—Fixed white light, visible 10 miles; white, square wood tower.

ROBERTSON'S POINT.—Fixed white light, visible 10 miles; white, square, wood tower.

FANJOY'S POINT.—Fixed white light, visible 10 miles; white, square, wood tower.

ADMIRALTY KNOTS AND STATUTE MILES.

The circumference of the earth is divided into 360 degrees, each degree containing 60 knots or nautical miles, consequently the circumference of the earth—viz, 131,385,456 feet—divided by (360×60=) 21,600 gives the length of a knot, viz. 6,082.66 feet, which is generally considered the standard, except by the Admiralty. The Admiralty knot is=6,080 feet, the statute mile being =5,280 feet.

Knots.	Miles.	Knots.	Miles.	Knots.	Miles.

COMPARATIVE WEIGHTS OF LEAD AND IRON.

A cubic foot of Lead weighs 710 pounds.

“ “ Cast Iron weighs 450 pounds.

“ “ Water 62 “

A gallon of Water weighs 10 pounds.

SIGNAL CODE

OF THE

ROYAL KENNEBECCASIS YACHT CLUB.

For convenience of reference the signals in this code are arranged as follows:

Racing and Squadron signals (one and two letters).

General signals (three letters, H B J to N H W).

Names of places (three letters, all beginning with P).

Squadron Call List—

Sailing Yachts (three letters, all beginning with W).

Steam Yachts (three letters, all beginning with T).

RACING SIGNALS.

All Signals to be made from the Signal Gaff on the Inner Range Flag Staff.

The following Signals shall be used in relation to starting, finishing and change of the races:

H J	Yachts will sail over "D" course.	Course.
H M	Yachts will sail over half "D" course, finishing after passing Indian Island buoy.	
H N	Yachts will sail over "C" course.	

- H P Yachts will sail over "A" course.
- H S Captains will report to the officers of the day at once to discuss change of programme.
- Starting. S Will be hoisted fifteen minutes before start of first race.
- T Will be hoisted fifteen minutes before start of second race.
- W Will be hoisted fifteen minutes before start of third race.
- Each of these signals to be followed ten minutes later by the Blue Peter, as specied in No. X of the Sailing Regulations.
- J H The start is postponed half an hour.
- J M " " an hour.
- J N " " two hours.
- B H M The race is postponed until another day.
- Recall Signal. If any yacht should cross the line before the starting signal is given she shall be recalled by displaying her number or signal letters.
- Finishing. B H J If the officers of the day terminate a race at the expiration of any round, they shall signify the same by displaying the signal B H J before the leading yacht completes same round.
- One gun, for each prize, shall be fired for a like number of yachts first crossing the finishing line.

SQUADRON SIGNALS.

[For Yacht Call Letters see Squadron List.]

The answering pennant must be hoisted as soon as the signal is seen and understood.

Yachts will commence to execute an order immediately on the signal ordering it being hauled down.

Preparatory.

B Repair on board, all hands.

H Boats recall.

J Prepare to get under way.

M Get under way.

N Yes.

P No.

Officers' Code.

B H Commodore.

B J Vice-Commodore.

B M Rear-Commodore.

B N Secretary.

B P Treasurer.

B S Measurers.

B T Chaplain.

B W Fleet Captain.

M B Fleet Surgeon.

M H Captain (owner).

M J Sailing Master.

M N Steward Wanted.

M P Sailing Committee Wanted.

M S Judges Wanted.

M T Company.

M W Ladies.

Squadron Evolutions and Sailing Orders.	N B	Anchor without regard to order of sailing.
	N H	Anchor as near the flag-ship as possible.
	N J	Commodore will lead, other vessels follow.
	N M	Follow in succession in wake of leading vessel.
	N P	Tack in succession in wake of leading vessel.
	N S	Tack altogether.
	N T	Wear altogether.
	N W	Wear in succession in wake of leading vessel.
	P B	Haul by the wind on starboard tack.
	P H	Haul by the wind on port tack.
	P J	Leading vessel shorten sail.
	P M	Leading vessel lay to.
	P N	Close more the order of sailing.
	P S	Fleet shorten sail.
	P T	Fleet lay to.
	P W	Disregard all particular order of sailing.
	S B	Sail direct for—.
	S H	Make nearest harbor.
	S J	Prepare to get under way at—.
	S M	Sail on course to be designated.
	S N	All captains (owners) come aboard.
	S P	All hands come aboard.
	S T	Put about.
	S W	Dress ship.
	T B	Fire a gun.
	T H	Squadron will pass in review to leeward of flagship.

T J	When ready to sail, report by flying signal—"We are ready."	
T M	All hands report at Club House.	Report.
T N	Are you ready?	Readiness.
T P	We are ready.	
T S	Signals do not blow out clear.	Signals.
T W	Repeat your signals. Not understood.	
W B	An error in signals. We will repeat.	
W H	Previous signal is annulled.	
W J	Repeat my signal.	
W M	Permission is granted.	
W N	Is there a surgeon or doctor in the fleet?	
W P	Dress ship tomorrow at colours.	
W S	Anchor for the night at—.	
W T	The fleet will not sail until—.	

GENERAL SIGNALS.

H B J	Will you come aboard?	Aboard.
H B M	Do you wish me to come aboard?	
H B N	Have you met with an accident?	Accident.
H B P	We have met with an accident.	
H B S	We are aground.	
H B T	The accident is not serious.	
H B W	Where shall we anchor?	Anchor.
H J B	Do you wish to anchor before dark?	
H J M	We wish to anchor before dark.	
H J N	Anchor near us.	
H J P	Is the anchorage good?	
H J S	The anchorage is bad; do not come.	
H J T	Keep near the shore.	Shore.
H J W	Keep clear of the shore.	

Ashore.	H M B	Are you going ashore?
	H M J	We are going ashore.
	H M N	Will you go ashore in our boat?
	H M P	There are letters for you ashore.
	H M S	There are some friends of yours ashore.
Assistance.	H M T	Are you in need of assistance?
	H M W	We are in need of assistance.
Buoy.	H N B	Leave the buoy (or beacon) to starboard.
	H N J	Leave the buoy (or beacon) to port.
Communication.	H N M	Come nearer; we have important communication.
Course.	H N P	Are we on a safe course?
	H N S	What is the proper course?
	H N T	Keep your present course.
	H N W	North.
	H P B	Northeast.
	H P J	East.
	H P M	Southeast.
	H P N	South.
	H P S	Southwest.
	H P T	West.
H P W	Northwest.	
Danger.	H S B	You are standing into danger.
	H S J	You are in a dangerous position.
Ensign.	H S M	Show your ensign.
Harbour.	H S N	What harbor are you from?
	H S P	To what harbor are you bound?
	H S T	What harbor will you make tonight?
	H S W	What is the nearest good harbor?

H T B We saw (or see) a yacht (boat) in dis- Distress.
tress at or near—.

H T J Will we have good weather? Weather.

H T M We look for bad weather.

H T N We expect fair weather.

H T P Light winds or a calm.

H T S Storm coming; better make harbor.

H T W What weather tonight?

H W B We welcome you. Salutations.

H W J Bon voyage.

H W M Congratulations extended.

H W N We cannot salute you with a gun; out
of powder.

H W P Board.

H W S Ashore.

H W T Shall we put about?

J B H Shall we fire a gun?

J B M Shall we dress ship?

J B N We will send a boat for you (or them). Boat.

J B P Shall we send you a boat?

J B S We have no boat.

J B T Can you send us a boat?

J B W Will you let your boat set us ashore?

J H B What depth of water at — —? Depth of
Water.

J H M What depth of water have you?

J H N Not enough water for your draught.

J H P Not enough for our draught.

J H S Keep your lead going.

J H T Look out for shoals (or bar).

J H W Plenty of water for all.

- Sailing. J M B When do you sail?
 J M H Where will you sail for?
 J M N We will sail at —— and for ——.
 J M P Will you meet us at ——?
 J M S What yachts will accompany us to ——?
 J M T Will you accompany us to ——?
 J M W We will accompany you.
 J N B Keep well to windward.
- Steam. J N H We want a steamer.
 J N M We want a tug or tow.
 J N P Shall we give you a tow?
- Social. J N S Bring your company aboard.
 J N T We have company.
 J N W We expect company.
 J P B May we visit you?
 J P H Will you dine with us?
 J P M We have dined.
 J P N Will you meet us at (or aboard the)——?
- Regattas. J P S Will you sail in regatta?
 J P T Will you sail over the course?
 J P W We will go in the race.
 J S B We will not go in the race.
 J S H What yacht ahead in class ——?
- Landing. J S M Will you land at ——?
 J S N We shall land at ——?
- Descriptive. J S P Good.
 J S T Bad.
 J S W A success (I won).
 J T B A failure (I lost).

- J T H All well. Health.
- J T M We hope you are all well.
- J T N Sea-sickness prevalent.
- J T P Man sick.
- J T S Surgeon wanted.
- J T W Fishing. Sport.
- J W B Shooting.
- J W H Is fishing good?
- J W M Is shooting good?
- J W N Can you loan us fishing tackle, etc.?
- J W P Most of our crew absent. Absence.
- J W S ——— absent.
- J W T We cannot sail today. In general.
- M B H Throw them (it) overboard.
- M B J Excuse us. Cleaning ship.
- M B N Will you go on our yacht?
- M B P We have news for you.
- M B S Have you late papers or mail?
- M B T Where will you meet us?
- M B W We (I) will meet you at —.
- M H B Have you seen or heard from —?
- M H J Come close; we must speak to you.
- M H N Where is he? (Where are they?)
- M H P When will he (they) return?
- M H S Report us home.
- M H T Report us home by telegraph.
- M H W It is time.
- M J B Shall we stand on or make harbor?
- M J H Stand on.
- M J N Make harbor.

M J P When will the race come off?
 M J S Excuse us; will explain later.
 M J T Do not know.
 M J W What yacht is that?
 M N B Come closer we want to photograph you.
 M N H My anchor is foul.
 M N J I want a pilot.
 M N P We will send for him (it).
 M N S In what direction?
 M N T Are there dangerous reefs in this vicinity?
 M N W Shall we have rain?
 M P B It will rain.
 M P H Can you lend us men?
 M P J Can you lend us something to read?

Dates,
 Numbers, etc.

GENERAL INFORMATION.

EXTRACTS FROM CHAPTER 79, REVISED
STATUTES OF CANADA.

AN ACT RESPECTING THE NAVIGATION OF
CANADIAN WATERS.

Rules Concerning Lights, Etc.

The word "visible" in these rules, when applied to lights, shall mean visible on a dark night with a clear atmosphere.

When lights
are to be
carried.

ARTICLE I.—The rules concerning lights shall be complied with in all weathers from sunset to sunrise, and during such time no other lights which may be mistaken for the prescribed lights shall be exhibited.

ARTICLE II.—A steam vessel, when under way, shall carry:

Where lights
are to be
carried.

(a) On or in front of the foremast, or if a vessel without a foremast, then in the forepart of the vessel, at a height above the hull of not less than 20 feet, and if the breadth of the vessel exceeds 20 feet, then at a height above the hull not less than such breadth, so, however, that the light need not be carried at a greater height above the hull than 40 feet, a bright white light, so constructed as to show an unbroken light over an arc of the horizon of 20 points of the compass, so fixed as to throw the light 10 points on each side

of the vessel, viz., from right ahead to 2 points abaft the beam on either side, and of such a character as to be visible at a distance of at least 5 miles.

(b) On the starboard side a green light, so constructed as to show an unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to 2 points abaft the beam on the starboard side, and of such a character as to be visible at a distance of at least 2 miles.

(c) On the port side, red light so constructed as to show an unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead 2 points abaft the beam on the port side, and of such a character as to be visible at a distance of at least 2 miles.

(d) The said green and red side-lights shall be fitted with inboard screens projecting at least 3 feet forward from the light, so as to prevent these lights from being seen across the bow.

(e) A steam vessel, when under way, may carry an additional white light similar in construction to the light mentioned in sub-division (a). These two lights shall be so placed in line with the keel that one shall be at least 15 feet higher than the other, and in such a position with reference to each other that the lower light shall be forward of the upper one. The vertical distance between these lights shall be less than the horizontal distance.

Lights carried,
when towing.

ARTICLE III.—A steam vessel, when towing another vessel, shall, in addition to her side-lights, carry two bright white lights in a vertical line one over the other, not less than 6 feet apart; and when towing more than one vessel, shall carry an additional bright white light 6 feet above or below such lights, if the length of the tow, measuring from the stern of the towing vessel to the stern of the last vessel towed, exceeds 600 feet. Each of these lights shall be of the same construction and character, and shall be carried in the same position as the white light mentioned in Article II (*a*), except the additional light, which may be carried at a height of not less than 14 feet above the hull.

Such steam vessel may carry a small white light abaft the funnel or aftermast for the vessel towed to steer by, but such light shall not be visible forward of the beam.

When not under command.

ARTICLE IV (*a*).—A vessel which, from any accident, is not under command, shall carry at the same height as the white light mentioned in Article II (*a*), where they can be best seen, and if a steam vessel, in lieu of that light, two red lights, in a vertical line one over the other, not less than 6 feet apart, and of such a character as to be visible all around the horizon at a distance of at least two miles; and shall by day carry in a vertical line, one over the other, not less than 6 feet apart, where they can best be seen, two black balls or shapes, each 2 feet in diameter.

ARTICLE VII.—(1) Steam vessels of less than 40 tons shall carry: (a) In the forepart of the vessel or on or in front of the funnel, where it can best be seen, and at a height above the gunwale of not less than 9 feet, a bright white light constructed and fixed as prescribed in Article II (a), and of such a character as to be visible at a distance of at least 2 miles.

Lights to be carried by a steam vessel of less than 40 tons.

(2) Small steamboats, such as are carried by sea-going vessels, may carry the white light at a less height than 9 feet above the gunwale, but it shall be carried above the combined lantern, mentioned in sub-division 1 (b), *i. e.*, a lantern showing a green light and a red light from right ahead to 2 points abaft the beam on their respective sides.

By a small steamboat.

(3) Vessels under oars or sails, of less than 20 tons, shall have ready at hand a lantern with a green glass on one side and a red glass on the other, which, on the approach of or to the other vessels, shall be exhibited in sufficient time to prevent collision, so that the green light shall not be seen on the port side nor the red light on the starboard side.

By a vessel less than 20 tons under oars or sails.

(4) Rowing boats, whether under oars or sails, shall have ready at hand a lantern showing a white light, which shall be temporarily exhibited in sufficient time to prevent collision.

By a rowing boat.

ARTICLE XI.—A vessel under 150 feet in length, when at anchor, shall carry forward, where it can

When at anchor.

best be seen, but at a height not exceeding 20 feet above the hull, a white light in a lantern so constructed as to show a clear, uniform and unbroken light visible all around the horizon at a distance of at least one mile.

A vessel of 150 feet or upwards in length, when at anchor, shall carry in the forward part of the vessel, at a height of not less than 20 and not exceeding 40 feet above the hull, one such light, and at or near the stern of the vessel, and at such a height that it shall be not less than 15 feet lower than the forward light, another such light.

The length of a vessel shall be deemed to be the length appearing on her certificate of registry.

A vessel aground in or near a fairway shall carry the above light or lights and the two red lights prescribed by Article IV (a).

Sound Signals for Fog, Etc.

Signal by a steam vessel having way upon her.

By a steam vessel stopped

By a sailing vessel under way.

ARTICLE XV.—(a) A steam vessel having way upon her shall sound, at intervals of not more than 2 minutes, a prolonged blast.

(b) A steam vessel under way, but stopped and having no way upon her, shall sound at intervals of not more than 2 minutes, 2 prolonged blasts, with an interval of about one second between them.

(c) A sailing vessel under way shall sound, at intervals of not more than one minute, when on the starboard tack, one blast, when on the port

tack two blasts in succession, and when with the wind abaft the beam, three blasts in succession.

(d) A vessel when at anchor shall, at intervals of not more than one minute, ring the bell rapidly for about five seconds. By a vessel at anchor.

Sailing vessels and boats of less than 20 tons gross tonnage shall not be obliged to give the above mentioned signals, but if they do not, they shall make some other efficient sound-signal at intervals of not more than one minute. By vessels of less than 20 tons.

Steering and Sailing Rules.

ARTICLE XVIII.—When two steam vessels are meeting end on, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other. Steam vessels meeting.

ARTICLE XIX.—When two steam vessels are crossing, so as to involve risk of collision, the vessel which has the other on her starboard side shall keep out of the way of the other. Steam vessels crossing.

ARTICLE XX.—When a steam vessel and a sailing vessel are proceeding in such directions as to involve risk of collision, the steam vessel shall keep out of the way of the sailing vessel. A steam vessel and a sailing vessel.

ARTICLE XXIII.—Every steam vessel which is directed by these Rules to keep out of the way of another vessel shall, on approaching her, if necessary, slacken her speed, or stop or reverse. Steam vessel nearing another vessel.

Vessel overtaking another.

ARTICLE XXIV.—Notwithstanding anything contained in these Rules, every vessel, overtaking any other, shall keep out of the way of the overtaken vessel.

A steam vessel in a narrow channel.

ARTICLE XXV.—In narrow channels every steam vessel shall, when it is safe and practicable, keep to that side of the fairway or mid-channel which lies on the starboard side of such vessel.

How vessels shall signal by steam.

Sound Signals for Vessels in Sight of One Another.

ARTICLE XXVIII.—The word "short blast" used in this article, shall mean a blast of about one second's duration.

When vessels are in sight of one another, a steam vessel under way, in taking any course authorized or required by these Rules, shall indicate that course by the following signals on her whistle or siren, viz.:

One short blast to mean: "I am directing my course to starboard."

Two short blasts to mean: "I am directing my course to port."

Three short blasts to mean: "My engines are going full speed astern."

Three long blasts is usual salute, and continued blowing of group of three short blasts is distress signal.

Royal Kennebecasis Yacht Club signal and call: Four blasts—a long, two short, and a long, thus: (— — — —).

Distress Signals.

ARTICLE XXXI.—When a vessel is in distress and require assistance from other vessels, or from the shore, the following shall be the signals to be used or displayed by her, either together or separately, viz.:

A vessel
in distress.

In the day time—

1. A gun or other explosive signal fired at intervals of about a minute. Day signals.
2. The International Code signal of distress indicated by N. C.
3. The distant signal, consisting of a square flag, having either above or below it a ball or anything resembling a ball.
4. A continuous sounding with any fog-signal apparatus.

At night—

1. A gun or other explosive signal fired at intervals of about a minute. At night.
2. Flames on the vessel (as from a burning tar-barrel, oil-barrel, etc.)
3. Rockets or shells, throwing stars of any color or description, fired one at a time, at short intervals.
4. A continuous sounding with any fog-signal apparatus.

To Use a Watch as a Compass.

Watches may be used as a compass any sunshiny day between the hours of 8 a. m. and 4 p. m., by pointing the hour hand to the sun, when south is exactly half way between hour hand and figure XII on watch.

Viz.: At 4 p. m. pointing the hand at IIII to the sun the figure II is due south.
