SIBERIA SHIP IS ON ROCKS

Distinguished Lot of Passengers Said to be in Grave Peril

Big Steamer Plying Between Japan and United States

[By Special Wire to the Courier] TOKIO, May 1.—A despatch from Nagasaki reports that the steamer Siberia is sinking off the island of Formosa. No details of the steamer's plight are given, but it is known here that she carries 80 saloon passengers, among them Mrs. Francis Burton Harrison, wife of the governor-general of the Philippines.

The steamer Siberia Seider, belongs to the Pacific Mail steamship line and plies between San Francisco, Honolulu, Yokohama and Hong Kong. The Siberia left San Francisco on April 7 and was last reported from Yokohama from which port she sailed on April 27.

The Japanese navy department has received and made public the following despatch: "The governor-general of Formosa cables that a Japanese cruiser, on her way to the Okinawa Islands, off the island of Kishiu, reports that the Pacific Mail steamer Siberia met disaster this morning in longitude 121.10 east, latitude 22.40 north. She sent repeated signals of distress which finally became indistinct. No details of the disaster are known. The Kento Maru has been ordered to the scene."

POST OFFICE IN GREAT BRITAIN

Showed a Profit of Many Millions During the Year.

[By Special Wire to the Courier] MONTREAL, May 1.—A feature of the ensuing debate on the post office estimates in the British House of Commons yesterday, says a London cable to The Daily Mail, was an attack by Sir Gilbert Parker upon the report of the committee which investigated the conditions and wages of the postal employees, he taking the ground that it did not affect the workers in the lower grades, who were given no relief.

The net profit arising from the operating of the postal services during the year was \$27,500,000, according to the statement of the postmaster-general.

Mr. Hobbouse announced that he proposed to spend \$3,250,000 on the telephone service in London during the year, establishing semi-automatic exchanges and readjusting the rates, though he did not promise any reductions.

Clean-Up Campaign Officially Declared Next Week, May 6-7-8

Appeal Made to Citizens to Make Grand General Clean-Up For City Beautiful. Get up! Clean up! Scrape up! This is the slogan of the first annual clean up campaign to be inaugurated in Brantford this year, and which will last three days next week.

Mayor Spence will issue an official proclamation, thus giving the campaign an official aspect which will tend to make it general throughout the city.

The idea is not a new one. In Hamilton, Toronto and other cities it has been put to practical effect for several years. The Hamilton Board of Trade organizes for the event, and liness which leads to a healthy city, a more beautiful and more pleasant city and a safer city to live in from the standpoint of fire protection.

Moreover, the Brantford campaign ends May 8, and the Duke of Connaught is here May 9.

The Brantford campaign will be under civic auspices, and Mayor Spence will issue a proclamation. It was arranged at a conference yesterday at which Medical Health Officer Pearson, who has been securing ideas from other cities. It was thought, from other cities was present. It was thought, after some con-

MONTREAL TO-DAY IN TURMOIL

Over 100,000 People Have to Move Out From Houses.

[By Special Wire to the Courier] MONTREAL, May 1.—To-day is an unusual moving day in Montreal and over one hundred thousand people, men, women and children, are in a state of turmoil moving furniture from one house to another.

It is a day of tragedy in many homes. Cats have to be poisoned and dogs have to be chloroformed, just because the family is moving into a new home, where the landlord has expressed himself as being opposed to these kind of pets.

The carters are a great source of trouble. They have a great knack of arriving with their vans about two hours after they are due, and when one family is moving out of a house to make room for another, frequently four or five people have to use one set of stairs to flats at once.

Electricians and plumbers are working overtime fixing the wires and pipes in the new homes. The telephone company has also got an army of men trying to satisfy the thousands of telephone users.

Produce Exchange

Mr. A. C. Lyons, who wrote to the City Council a few weeks ago in reference to erecting a Market or produce exchange on Darling street, told a Courier man to-day that he had by no means given up the idea of going on with the project.

Released the Prisoners In Bastille At Vera Cruz--Situation Today

American Commander Takes Active Steps - What Will Carranza Do.

[By Special Wire to the Courier] WASHINGTON, May 1.—With the declaration of a truce between Huerta and the United States Government, interest centered to-day in whether Carranza, the rebel chief, would resolve himself into the key-stone of a diplomat arch designed to bridge the whole problem of the pacification of Mexico and its internal complications.

Huerta, it was announced, had accepted proposals of the South American envoys that hostilities between his forces and those of the United States cease. Secretary Bryan had informed the mediators that the American government took it for granted there would be no hostilities during the mediation proceedings.

With that situation in hand, the mediators to-day looked for a reply to the armistice proposal sent to Carranza. Unless he entered into a truce with Huerta it was felt that the mediation attempt for the present necessarily would be confined to the adjustment of differences between Huerta and the United States to the exclusion of Mexico's pressing international difficulties.

ULSTER SITUATION UNCERTAIN

Final Outcome Cannot be Guessed at in Any Quarter.

Gun Runners Will Not be Prosecuted it is Announced.

[By Special Wire to the Courier] NEW YORK, May 1.—A cable to The Tribune from London says: "Though omens for a peaceful solution of the Ulster problem are on the whole favorable, angry partisans are still working against any settlement. The Unionist party is willing to accept the total exclusion of Ulster as an alternative to civil war, but the Nationalists still refuse to go beyond the six year limit. If within that period a federal system is established well and good, but they will insist on the inclusion of Ulster after that period, with or without federalism."

NO PROSECUTION NEW YORK, May 1.—A cable from London this morning to The New York American says: "The Ulster 'gun runners' will not be prosecuted. The London Daily Chronicle states, 'presumably because such a step might mar the prospects of settlement.'"

MAY-DAY QUIET

Not Many Strikes Are Reported Through the Country.

[By Special Wire to the Courier] NEW YORK, May 1.—As May Day is the date most of the contracts between employers and union employees in the east expire, much significance is attached to opinions expressed by labor leaders that never before have labor conditions been better than to-day. Hugh Frayne, general organizer, speaking for the American Federation of Labor and Timothy Healy, president of the International Brotherhood of stationary firemen, based their optimistic statements, they said, on the fact that there are no labor troubles of consequence in the east and that the large army of unemployed a few weeks ago has been reduced to a minimum by the opening of much new work.

In New York City to-day was signalized by an unusually arguable number of parades and demonstrations by Socialists and their allied trade unions as International Day. These parades in Manhattan, Brooklyn and the Bronx found thousands of garment workers in line and each ended with a park mass meeting at which the speakers discussed the eight hour law and demanded better working conditions for factory employees.

PARADE IN MONTREAL. MONTREAL, May 1.—No strikes and a big demonstration by Socialists is characteristic May day to-day. All is quiet in labor circles, due undoubtedly to a large extent to the bad conditions of employment in Montreal. The Socialists are planning that to-day's celebration will be the largest and strongest that Montreal has yet seen. A parade, in which it is estimated about 3000 men and women will march, will leave the auditorium hall, Mayor street, at 7 o'clock to-night. A red flag and a brass band will guide the singing marchers to the Cham de Mars. Here addresses will be given in ten languages.

EDITOR KEPT CONFIDENCE INVOLATE, LEGISLATURE SENDS HIM TO JAIL

Halifax Newspaper Man Declined to Divulge the Name of Writer of Letter to His Paper.

HALIFAX, May 1.—The case of the news editor of the Herald is becoming somewhat famous and the galleries of the House of Assembly have been crowded all the afternoon and last night with listeners to the oratorical combat. W. R. McCurdy was called before the bar yesterday afternoon and was asked for the second time if he would reveal the name of the anonymous correspondent who had signed "Ian McLean" to a letter said to reflect on the House of Assembly. McCurdy declined once more to give the name, and at once J. L. Ralston moved that McCurdy be de-

clared in the custody of the sergeant-at-arms. Then he moved a resolution ordering McCurdy to be confined in the county jail for forty-eight hours from the time of the issuance of the Speaker's warrant.

The Opposition held that the Legislature had no right to compel McCurdy to reveal the name, and that he was justified in withholding it. On the other hand, the Government members argued that the dignity of the Legislature had been invaded and that its honor must be vindicated by the infliction of a penalty on McCurdy.

Was Remembered by the Y. M. C. A. Dormitory Boys Last Evening

A very pleasing event took place last evening at the Y.M.C.A. when "Pat" Rhoddy, the popular assistant chef was presented with a small token of appreciation for his past services, on his leaving the institution to take up his work in another sphere.

"Pat" was going about his duties as usual in the dining room when Bert Vollick speaking for the dormitory boys, who made the presentation, drew his attention to the fact that he was leaving, they decided to show their good will and with a brief but suitable speech he handed over a surprised recipient a silver case upon which was inscribed "To Pat from the Brantford Y.M.C.A. boys, 1914"

The genial Irishman responding, said he was pleased that they had appreciated him so much and he hoped they would get as good a man, whom they would like as well for his successor. He thanked the boys heartily for their kindness.

His agreement with his employers terminated last night and he intends to go South where employment more remunerative awaits him. He takes with him the well wishes of all at the local Y.M.C.A.

**SERGEANTS GET INCREASE, PEACE ON POTOMAC**

Matters Were Satisfactorily Straightened Out—Mayor at Ulster Conference

Sergeant Wm. Donnelly will not resign from the Brantford Police force. This was established at an Ulster peace conference yesterday, in which His Worship, Mayor Spence took a very active and prominent part. It transpired at the police depot. The sergeants to-day get the increase or bonus voted to them some time ago by the Board of Police Commissioners although the sergeants had to put up a good stiff fight to get the same.

As reported in the Courier yesterday, matters had come to a head. The sergeants, who, by the way refused to talk for publication, decided to know the reason why the increases, which had been voted them had not been paid. Sergeant Donnelly took up the cudgels and after a grueling warfare of words in the morning, with the chief, matters were truly brought to a head, so much so that the Mayor was asked to intervene in the afternoon. During this melee, it is denied that Sergeant Donnelly was asked to resign, but at any rate things had become pretty hot. To have an increase voted to you, and then go for months expecting it and not getting it, is pretty exasperating. That is the position the sergeants were in, and naturally there was indignation, as weeks past into months, and months promised to pass into years, unless there was something doing right away.

Some time ago, to go into the whole story, Sergeant Donnelly telephoned the Mayor asking the reason why the bonus granted was not incorporated in the monthly cheque. The Mayor replied that it was news to him, and suggested that the trouble must be right around the police station itself. This led the sergeant to believe that there was a conspiracy among the "higher-ups" at the station to keep the sergeants out of their well-earned increases, and when the sky broke yesterday he accordingly said so to these powers that be. That was how it came about that his resignation was talked about.

The mayor got wind of what was going, and thereupon proceeded post-haste to the scene of hostilities, where were assembled the Sergeant, the Chief and the Police Magistrate.

The Police Magistrate objected to the Mayor's insinuation that there was any conspiracy around the station to keep the sergeants out of their increases. The Mayor said that he never thought for a moment that a scheme and did not say so. What he had intended to express to Mr. Donnelly was that, if he had not received his just increase as had been duly voted by the commissioners, it was due to the clerical forces at the police station, which included the Chief and the Police Court Clerk, the former being Secretary of the Police Board. Probably there had been some mistake between the chief and his clerk, and the pay list had not been made out properly.

The conference naturally was held behind closed doors and information to-day as to the nature of the row was at a premium. It is said that one of the reasons why the affair came to such an acute crisis and came so sharply to the charge made during the heat of the argument that the reason the sergeants were not getting their increase to either, notwithstanding their increase, already voted to them, was because the board of commissioners had refused to grant any increase to either the chief or the clerk this year. This precipitated affairs to a very sharp degree, and it looked as if there would have to be a special meeting of the board to straighten out the affair.

However to-day all is reported to be lovely on the Potomac. The sergeants get their increase at once and as this was the only grievance they had, the whole court stands adjourned "sine die."

It ought to be mentioned that two sergeants, Messrs. Wallace and Donnelly have been members of the force since 1880, Sergeant Wallace commencing service Feb. 20, of that year and Sergeant Donnelly, Feb. 29, just nine days later.

**Strong Denial Is Made By Mr. J. H. Fisher, M.P.**

(By Special Wire to The Courier)

OTTAWA, May 1.—At the opening of the House yesterday afternoon John Fisher, of Brant, arose on a question of privilege to complain of an article in the Liberal organ which stated that he and other members of the Conservative party were openly in opposition to the government's proposal with regard to the Canadian Northern.

Mr. Fisher was followed by J. A. M. Armstrong, North York, William Smith, South Ontario, H. J. Walker, East Northumberland, Donald Sutherland, South Oxford, John Best, Dufferin, and E. N. Rhodes, Cumberland, N.H., all of whom declared that they had been misrepresented and characterized the statements made as absolutely false.

As the auto which was a big powerful machine was proceeding along the street, a small boy seeing the car coming stepped out into the roadway and facing the car held out his hands as if to block the passage of the motor. As it drew near he suddenly ran away to the side and the driver in attempting to avoid the boy also drove to the same side, with the result that he boy was caught by the fender of the car just as it was pulled up by the brakes. The boy was none the worse for the knock received.

The practice of getting in front of automobiles and trying the dangerous prank has become surprisingly common in Brantford, and has considerably annoyed many motorists who have complained to the police who intend to take the offenders to task and give them a well-deserved lesson.

Strong With Pitchers - Peterboro Examiner: With the opening of the season a little over a week away, Manager Blount finds himself with a squad in pretty fair position, and still scrapping for places on the line up.

In batting strength he seems to be well provided. With Schettler, Tracy, Cresswell, Sterling and Belting all going good the little manager has no cause to worry over his pitchers. He knows what Schettler can do, and the others have all shown him something in the workouts. It is likely that the five will be carried. The only anxiety over the catchers is to make the best selections. Miller, Ryberg and Kelly are all travelling nicely.

For the first base job there are four candidates just now. O'Hearn, Flanagan, Gorman and Freeman. The latter, a big Saginaw boy would appear to have the edge at present. For the other infield berths, Byrne at third, Price at short, and King at second, have been kept regularly in these positions but the way Schrage is stepping into the ball and handling himself generally, doesn't leave any of the trio with a feeling that his job is cinched. In the outfield, Blount will cover centre, and with Frank Fox showing speed and hitting ability, there is little doubt that right field will fall to the lot of the Buffalo boy. This leaves the outfielder's scrap to Caffrey and Swartz for left field, unless Blount should try to make outfielders out of his surplus catching or infield material.

That New Rating - Says the Peterboro Review: The Class C classification was not so much responsible for the corner lot article displayed as were some of the club owners and managers. One has only to look back and think of Hamilton. One year ago to-day Knotty Lee who is now but an unpleasant memory, had in training at Hamilton about fifteen human beings. The half players of that number were few and far between. Lee very seldom had a team for the opener, and by the end of the first month he had made more alterations than all the other club members put together. He did not look for men in the spring, but engaged them by post card. Knotty was also a strong believer that the first month of the league was the spring training term. This year the Hamilton club under new ownership and new management has twenty-two ball players in training and the team looks good enough to be in the fight all the time. Had Lee and his colleagues got down to business in a business way instead of holding off,

Hamilton would have been a money maker all over the circuit. The Berlin and Guelph clubs were in the same boat. Brantford was rather unfortunate in signing up what was admitted by all the critics to be a grand team, but which proved to be a bunch of cripples. If Hamilton Guelph and Berlin had been properly looked after the league would have been a big money maker for all concerned. It is difficult to figure how anything but a deficit can face Peterboro Brantford and St. Thomas, providing the other clubs take advantage of the class B maximum and go the limit, which is \$2,500. If the three clubs fail to keep pace with the others they will prove poor attractions at home as well as on the road, whether it be Class B or Class C. The owners would do well to get together and work out some agreement to protect the smaller cities. Otherwise the future is doubtful with the present circuit.

Kidding Sam. - CHATHAM, May 1.—Sam Hall figures he'll need a fair lined overcoat to pitch in at Ottawa. "You see it's this way, Sam," explained a member of the squad, "Shag hasn't a single spit ball twirler on the squad, because they're no use up there. Then they try to throw one over it freezes and becomes the snow ball. The other clubs used to murder the snow ball and Shag cut out the 'spitters.'" Besides one pitcher lost two fingers from frost bite. "Ah reckon ah'll have to wear fuh-lined underwear," remarked Sam.—Ottawa Journal.

Wagner is a Vaudeville Artist - Catcher Eddie Wager whom the Ottawas purchased from Fort Wayne is a well known vaudeville artist and tours the big circuits in a musical act with two other artists. He has a swell voice and is also considerable of a humorist. Eddie has been out for three years as a ball player. Two seasons ago he caught for Wheeling in the Central and last year was with Fort Wayne. Eddie Fried, the flash of lightning Shag is grooming for his infield, is known around the Chicago lots as "Ginner" Fried. He pronounces his name Fried, as in seed, and not Fried as in ham and eggs. Youngstown Ohio, is after a Canadian League franchise since Curly Blount's Petes have been working out there. Youngstown is only three hours from Erie and a whopping big centre. If one of the smaller Canadian centres find the going too swift through the steel city would make a fine substitute.—Ottawa Free Press.

RED SOX GIVEN GRUPELLING PACE (Continued from Page Nine.) bit the end of his finger, splitting the end open. This will keep Matty out of the game for a while and his absence will be felt keenly. All the players took their turns batting and all showed up to good advantage. After batting practice, Blount sent his men to the field, and let Eddie Taylor hitting to the infield with Molyneux, and Gero hitting to the outfield. Both the latter

TRINITY MEN'S LEAGUE CONCERT

Very Enjoyable Event Was Held Last Evening - Clever Program

In the Trinity Church hall last night there was a successful and enjoyable evening spent. The chairman, the Rev Mr C. W. Latimer opened the night in some well chosen remarks, and the united singing of the National Anthem set the pace of an evening of splendid solos and elocutionary selections.

Mr. J. Southworth sang in a silver tenor voice of rare sweetness the song "I seek for thee in every flower" and received a hearty appreciation from the company to which he gave an encore. A recitation, The One Legged Goose by Miss Berry was a well acted and entertaining example of her powers as a reciter.

Park Baptist Male Quartet—a noted group of singers blended with sweet tenor and harmonious strength, as they rendered The Dear Little Shamrock. Miss Cornelius sang "A Voice of Home" with all her usual charm and lovely expression and further enhanced her reputation as one of our sweetest of local amateur singers.

The Vice-President, Mr. Kingery, on the call of the chairman, made a neat little speech and tendered thanks to Mr. Cornelius, the accompanist and the artists who had so kindly given their time and talents towards making the evening a success. Coffee and sandwiches were handed round, supplemented by dainties cooked by lady friends of the league.

The singing of Auld Lang Syne brought the night to a close about 11:30. Much credit is due Mr. F. G. Holston for his arranging of the excellent programme.

his best; his voice is deep, full and has strength without roughness. A violin solo by Miss Cornelius was interpreted with feeling and technique its theme a well conceived series of emotions, grave and gay.

A baritone singer, Mr. E. Roberts, in his rendition of "The Land of Hope and Glory" was at his best and city audiences are already growing to know him and encores are frequent.

A piano duet by Mr. and Miss Cornelius gave the audience an exhibition of trained talent which was a delight to listen to.

Mr. Latimer gave a short speech, and referred to the men's league activities and its large membership. All are welcome whether of this denomination or another; the aim of the association being to provide a pleasant meeting room for young men. Some humorous references to the work on hand and a few anecdotes from ministerial repertoire of humor were enjoyed and the artists called on to go through the second part of the program, which consisted of numbers from those who previously contributed.

The singing of Auld Lang Syne brought the night to a close about 11:30. Much credit is due Mr. F. G. Holston for his arranging of the excellent programme.

PAINTERS SAY THEY'RE SURE THEY'RE RIGHT

Their Strike Has Been Ordered by Headquarters - Situation, Today.

The skilled painters and decorators of the city who came out on strike yesterday, are still out today, and intend to remain so until the masters make a move. At last they have heard from headquarters, and without a murmur they have come out, and Brantford, as far as painting is concerned, is at a standstill. The masters are not inclined to say anything of the present situation, but their present attitude seems to be one of indifference. In some ways, they are more complacent than the men, and say they will get good, skilled mechanics from other centres. There is, they assert, a good many painters of first class order obtainable. This is ridiculed by the strikers, who are of the opinion that they are pretty safe in striking and keeping out. They point out that their colleagues in London, St. Catharines and Hamilton have won out in similar cases.

IT ALL DEPENDS ON BRANT, NOW

Oxford Will Not Join Prison Farm Scheme if Brant Doesn't.

WOODSTOCK, May 1—"If Brant County drops out, I believe that the industrial prison farm scheme drops so far as Oxford county is concerned," was the statement made yesterday by Mr. D. R. Stauffer, Oxford County commissioner on the prison farm committee, and really the father of the movement in western Ontario. Mr. Stauffer does not consider that Brant County is yet definitely out of the scheme, and he is one of a committee which will wait upon the council of that county at its next meeting to urge them to come in on the scheme. Mr. Stauffer is still hopeful that the Brant representatives will see their way clear to give the proposition further consideration, but in this is refused he does not believe that the scheme will be carried any farther.

He Was Qualified. "I believe," said the beautiful heiress, "that the happiest marriages are made by opposites." "Just think how poor I am!" argued the young man.—From Judge.
