MONCTON MAN WAS KILLED IN DANCE BRAWL

James Power Struck Behind the Ear With Such Force by Thomas Connolly That He Only Lived Twenty Minutes—Believed That His Neck Was Broken.

Moncton, N. B., June 30—In a brawl at a dance at Beechin's, Upper Coverdale, last night, James Power was struck and instantly killed. It is alleged that Thomas Connolly, of Moncton, struck the fatal blow. The neck of the victim was probably broken.

The tragedy occurred just as dawn was breaking this morning. The scene of the affair is at McDonald's farm, so called, six miles up the Petitcodiac River from Moncton, on the Albert County side. The house is on the farm occupied by Ward Beechin, who is in charge for the owners.

It is reported there was a good deal of liquor at last night's dance. About three o'clock this morning the party began to disperse. The details of the affair are somewhat difficult to obtain, but according to reported statements of witnesses, a Mrs. Howard Rae, of Moncton, was in a buggy waiting to drive to the city. She is a relative of Mrs. Beechin. While waiting Jarvis Power, aged twenty-one years, of Turtle Creek, and an employee of C. P. R. coal plant at Moncton, who was at the dance, was standing on the rear verandah and said to Connolly: "Get in the team like a good fellow; May (Mrs. Rae) is waiting for you."

Connolly jumped on the platform and struck Power a blow with his fist near the ear saying, "you—"

Connolly's blow knocked Power off the platform, which was about three feet high. Power landed on his feet about three feet away. Connolly then jumped from the platform and struck Power again in about the same place. The blow was of such force that Power was

knocked a distance it is said of eighteen feet. Power, staggered for a second or so, then fell upon his back.

Mrs. Rae sprang out of the wagon and taking Connolly by the arm led him to the carriage. Both got in and Mrs. Rae struck the horse with the whip and they drove away at a rapid rate, heading for Moncton.

Power was picked up by some onlookers. He never spoke after receiving the second blow, remaining absolutely unconscious. He died in about twenty minutes.

A telephone message was sent to Dr. Harris, Moncton, who arrived about 5 o'clock. Coroner Kirby, Hillsboro, was notified and an inquest will probably be started this afternoon.

Connolly, who is an I. C. R. foreman, is under arrest at Moncton. The body of Power is lying in Beechin's house.

It is said there were two lots of guests at the dance, those invited and others who were not. Connolly being among the latter, with a number of others from Moncton.

Mrs. Jennetta Power, a relative of the deceased, and Mrs. Beechin, who were among those who saw the deed committed, say there did not seem to be any trouble between deceased and Connolly at the dance, preceding the fatal altercation.

Moncton, June 30—"We find that the cause of death was due to a blow or blows received at the hands of Thomas Connolly."

This is the verdict of the coroner's jury in the inquest on the body of James Alexander Powers, victim of this morning's tragedy at McDonald's farm, Coverdale.

BLACK CHAMPION BEATS JEFFERIES

Practically Knocks Him Out in Fifteenth Round—Former Champion Saved from Knockout by Seconds Throwing Up the Sponge.

Reno, Nev., July 4—John Arthur Johnson, a Texas negro, the son of an American slave, is tonight the first and undisputed heavy-weight champion of the world.

James J. Jefferies, of California, winner of 22 championship fights, the man who never was brought to his knees before by a blow, passed tonight into history as a broken idol. He met utter defeat at the hands of the black champion.

While Jefferies was not actually counted out, he was saved from this crowning shame only his friends pleading with Johnson not to hit the fallen man again, and the towel was brought into the ring from his corner. At the end of the 15th round Referee Tex Rickard raised the negro's arm and the great crowd filed out glum and silent.

Jefferies was dragged to his corner, bleeding from his nose and mouth and a dozen cuts on his face. He had a black, closed eye, and swollen features and he held his head in his hands, dazed and incoherent.

Johnson walked out of the ring without a mark on his body except a slight cut on his lip, which was the opening of a wound received in training.

Reno, July 4—At 1.45 P.M. Tex Rickard sent word to both fighters calling them to ringside, at 1.50 P.M. both men were getting ready to go in the ring. Bulletin says that physicians examined Johnson and claims he is on the verge of nervous prostration. 2 P.M. crowd now yelling for fighters to come out. 2.02 P.M. Jefferies reaches his dressing room accompanied by his brother Jack and farmer Burns. Tex Rickard said 1,000 were outside the gate and clamouring for admission but that there were not seats for all. Mrs. Johnson has taken seat near ringside. Tom Sharkey announces that Frank Brady of Toronto is willing to back him to meet winner for \$25,000. Dr. Sydney is examining principals. The doctors announced that Jefferies was fit. Johnson entered ring at 2.20. Jefferies entered ring at 2.30 P.M. with him were prof. Burns and Joe Cotton. Johnson's eyes looked as of heavy with sleep. Jim Corbett proceeded Johnson and following were Sam Berger, Jack Jefferies, Bat Armstrong, Dewitt, Roger, Cornell and couple of others. Jeff wore a green sash. Men have taken position. Jeff has corner position he is behind the sun.

After sparring a little Johnson led four lefts landing twice. Jeff is coming well. Johnson got in another left, Jeff forced the fighting in this round.

After sparring a little Johnson led four lefts landing twice. Jeff is coming well. Johnson got in another left, Jeff forced the fighting in this round.

FOURTH ROUND

Johnson got there with his left, they clinched, on breakaway Johnson got in a right. Jeff failed with a left to body. Jack got in a straight left, Johnson landed three light ones. Men clinched. Jeff in breakaway landed on jaw, more exchanges in this round.

FIFTH ROUND

Jeff crouched, Jack led for body and Jeff got away with a face, Johnson then hooked Jim twice in mouth, Jeff jabbed left to loins and bulled Jack around ring and they clinched. Jeff shot right to face but it was light.

SIXTH ROUND

Johnson put two lefts on Jeff's face, they clinched. On the break Jack swung to face and they clinched. Jeff's left eye was opened from the old cut. Johnson rushed but Jeff got away and men clinched again, Jeff backed Johnson all round the ring. Johnson tried for upper cut and failed and Jeff countered. Johnson tried for body and got in two good ones, Jeff bleeding from mouth and eyes.

SEVENTH ROUND

Johnson feinted and Jeff followed him around ring, they mixed it up. Jack went over to Jeff they clinched, after the break Jeff landed on the nigger, it was a light blow. Jack reached the mouth and Jeff began to bleed, in clinch that followed Jeff had another one on the swollen eye, Jack landed. Johnson had this round by wide margin.

EIGHTH ROUND

Jeff looked serious as he stepped out and Johnson was cool. Jeff feinted then clinched as Johnson pumped right in his face. Jack landed two savage lefts on Jeff. Jack rushed and swung a left upper cut which landed on face, he landed another, they clinched. Jeff swung to face in the break. Jeff missed a left pivot blow, he rushed Jack across ring and they kidded some more. Jeff landed left on Jack's face and they clinched. Johnson tried left swing which fell short.

NINTH ROUND

Jeff's eye rapidly closing. Jack got in left and right after a clinch. Johnson got in a left to head and another to stomach and they both tried to land but failed on break. Johnson failed with a left. Jack got solidly to the stomach with a left and they clinched. Jack reached Jeff after break. Jeff forced work but couldn't land. Jeff again bleeding at eye.

TENTH ROUND

Jeff crouched up, crouched, Jack stopped him with left on mouth then landed on nose. Jeff tried to get in close but nigger was too clever. Jack landed a good one. Johnson crowded Jeff left handed. They again clinched. Jeff led to rush and landed left on chin. Johnson got in two lefts to face, Jeff used his head.

ELEVENTH ROUND

Jack reached body, Jeff bared and shot in two lefts. Jeff got back with left hook, both tried lefts upper cuts in the clinch. Jeff tried for the body, they clinched again, Jeff is covered with blood. Johnson is out-doing Jeff.

TWELFTH ROUND

Jeff landed on the jaw, they

RACE RIOTS FOLLOW JEFFERIES' DEFEAT

Negroes Chased in Many Places—Two Blacks Lynched by a Missouri Mob—Taken from Sheriff and Carried where they had killed White Man and Strung Up.

Norfolk, Va., July 4—Race riots broke out all over Norfolk tonight and many negroes were injured. The trouble caused mostly by enlisted men from the various battle-grounds now here who attacked negroes wherever they met them. A detachment of marines from the navy yard are aiding the police to quell the riot.

Baltimore, Md., July 4—Seventy negroes, half the number women, were arrested tonight in the "black belt" of this city for disorderly celebration of Johnson's victory. One negro was badly cut by another and two other negroes were assaulted and severely injured by whites in arguments over the big fight.

Little Rock, Ark., July 4—Two negroes are reported killed by white men, one by a Rock Island conductor, coming into this city tonight, and the other by a man at Second and Scott streets.

Atlanta, July 4—Rioting has started here. Negroes are being

pursued through the streets.

St. Louis, July 4—Rioting in a negro quarter of St. Louis followed the announcement that Jack Johnson was the victor in the Reno prize fight. The police finally clubbed back the negroes who were blocking the traffic and making threats.

Washington, July 4—Several small race riots broke out at various points on Pennsylvania avenue tonight on announcement of the result of the Johnson-Jefferies fight. There was a number of arrests. No one was seriously hurt.

Charlestown, Mo., July 4—An exodus in the negro population of Charlestown is in progress, following the double lynching yesterday, when Robert Coleman and Sam Fields were hanged by an infuriated mob for the murder of William Fox, a Mississippi county farmer.

Sheriff Culp and his deputies, whom he hastily swore in after the lynching threats were made, were powerless against the crowd which attacked the county jail.

PREMIER SIFTON ELECTED BY LARGE MAJORITY

Attorney General Mitchell was Also Successful in Medicine Hat.

Toronto, June 30—Premier A. L. Sifton of Alberta was elected for Vermillion yesterday by a large majority over Mr. Clark, the Opposition. Thirty-seven of the fifty-two polls give the Premier a majority of 228 and this will probably be increased.

Attorney General Mitchell was also successful in Medicine Hat, twenty-seven polls give him a majority of 356 over Huckleale, opposition. There are still twelve polls to hear from.

"Mr. Mitchell is a native of Newcastle and the ADVOCATE congratulates him on his victory."

put the old fellow out." Sam Berger, Jefferies' manager, ran along the ring, calling to Bob Armstrong:

"Bring that towel—you know what I mean—don't let him get hit."

From Johnson's corner his seconds were calling to him to quit. Then the referee stopped the timekeeper and it was all over.

Detroit, Mich., July 3—The body of Frank S. Gouldthrite, Canadian government official was found today floating near Trenton (Mich.), a little village a few miles south of Detroit, by Trenton fishermen.

This puts an end to the tale that Gouldthrite had hoaxed the police by walking off the big Detroit and Buffalo passenger steamer Eastern States, leaving his coat and hat and a note to the effect that he had committed suicide.

The finding of the body today was a surprise to the Detroit police, who did not believe he had committed suicide. Gouldthrite evidently jumped off the Eastern States a few miles below Detroit. His shirt and collar were covered with blood, indicating that he had also tried to cut his throat before throwing himself overboard. His body has been identified by local police officers and is held here awaiting instructions from Ottawa.

MILLER EXTRACT CO. OWES \$100,000 IN THIS PROVINCE

Assets About the Same; Meeting of Creditors in Newcastle Decides to Put Company into Liquidation.

The creditors of the Miller Tanning Extract Company met in Town Hall on Thursday afternoon with J. B. Beveridge, of the N. B. Pulp and Paper Co., who is N. B. Manager for the Miller Co. Discussion was altogether friendly. The total liabilities of the firm in N. B. are estimated at \$100,000 which amount, it is claimed, will be amply balanced by the assets. The following creditors were present at meeting: D. J. Buckley and John Maloney, Rogersville; Thos. Gil, Barnaby River; Geo. W. Buchanan, Alnwick; J. C. and Christopher Miller, Millerton; R. Murray, K. C., of Chatham, appeared for Millet Stuart of Alnwick, and E. A. Lawlor, K. C., of Chatham, appeared for following: Sheriff O'Brien, Nelson; D. O. Savoy, Hardwicke; Geo. E. Cail, Harcourt; Wm. McClosky, Bellefleur; and the Bank of Nova Scotia. The firm's business in N. B. will at once be put into liquidation. The factory at Millerton and general offices at Moncton, New Brunswick, are being sold.

TO KEEP POOR SHOWS OUT OF PROVINCES

Manager Russell of Opera House Returns after Theatrical Men's Conference—Vaudeville and the Moving Pictures

Judging from the action of the Maritime Province Theatrical Managers' Association, which met in Moncton last week, Newcastle and the province generally will have a better class of theatrical productions in the future than they have had in the past. It was decided that in future no show would be booked by the managers until they had ascertained from the New York authorities what kind of an entertainment was offered. If it was an inferior class, bookings would be refused.

Manager Russell, speaking of the gathering, said they had been practically unanimous in opposing the introduction of vaudeville in moving picture shows. It was claimed that it injured legitimate theatrical business and also in cases interfered with the licenses. In some of the smaller towns a larger license fee was demanded, when vaudeville was introduced.

Moncton, Chatham, Newcastle, Campbellton and other places, he said, agreed to stop putting on vaudeville with the moving picture shows.

FIRST ROUND

They feinted. Both joined for opening. Johnson rushed and landed two light lefts. They clinched. Both feinted, Jeff countered with left, Jeff got in a good left and they clinched.

SECOND ROUND

They both missed Jeff crossed forward and tried for Johnson's face but missed and Johnson feinted and jumped and they clinched. Johnson tilted Jeff's head with his right. Jeff ducked a long one and Johnson an upper cut, Johnson went in with an upper cut, but it was light both watching. Light round and no honors.

THIRD ROUND

Jeff was talking as he came up and ducked away. Johnson landed a right, they clinched and as they broke Johnson got in two upper cuts at Jeff. Johnson led with a left to face and they clinched. Jeff landed hard left on body but the grim won't come.

HOW MANY REALIZE THE MARVELLOUS VALUE OF FRUIT IN CURING MANY DISEASES?

Wonderful Success of "Fruit-a-lives"
—The Famous Fruit Medicine

Fruit juice consists of about 91% water, 8% of sweet matter, and only 1% of an intensely bitter substance. Careful experiments show that it is this bitter principle, which is the active or medicinal material of fruit juice.

Under certain conditions, the bitter principle can be made to replace or transform some of the sweet atoms in the juice, thus making a new compound which is much more active medicinally than the ordinary juice.

Many fruits were analyzed and it was found that the juices of apples, oranges, figs and prunes gave the best results. These fruit juices, having been made more active by the secret process of changing the sweet principle into the bitter, are combined with tonics and antiseptics and made into tablets. These tablets are the famous fruit medicine—"Fruit-a-lives"—known in every part of the world made of fruit juices. 50c a box, 6 for \$2.50 or trial size, 25c.

The ordinary expenditures, or the so-called expenditure on Consolidated Fund Account, during the fiscal year just closed came to \$79,409,848, a decrease of four and a half millions, compared with the previous year.

The expenditure on Capital Account that is the amount spent by the Government in permanent investments bound to yield revenue in a short time, came to \$4,114,994. According to the method of government book-keeping which has obtained since Confederation—and of which Hon. Geo. E. Foster was always a vigorous defender while in office—this yields a surplus of \$22,092,185. Put in another way, this means that the ordinary revenue of last year paid all items of ordinary and capital expenditure and left eight and a half millions to pay on the account of the Grand Trunk Pacific, leaving twelve and a quarter millions to be added to the public debt. Since April first, the revenue has been gaining at the rate of one million and a half a month, and by the end of the current year will no doubt be sufficient to pay all ordinary as well as all capital expenditure, including the railway estimates. Such accomplishments will, when we consider the vast developments brought about, mark Mr. Fielding as the greatest national financier of the twentieth century. Since assuming office his yearly surpluses have totalled up to \$127,000,000; and up to three years ago the yearly revenues served to cover all ordinary and extraordinary expenditures, WITHOUT ADDING A DOLLAR TO THE PUBLIC DEBT. THE ADDITIONS TO OUR PUBLIC DEBTLIENESS HAS BEEN CAUSED SOLELY BY THE BUILDING OF THE TRANSCONTINENTAL RAILWAY WHICH, THOUGH NOT YET COMPLETED, HAS ALREADY ENHANCED THE VALUE OF REAL ESTATE IN THE TERRITORY THROUGH WHICH IT PASSES TO AN EXTENT EQUAL TO THE ESTIMATED TOTAL COST OF THE ROAD; AND IF THIS DOES NOT MEAN A WISE INVESTMENT OF PUBLIC MONEY, THEN WISDOM IN CONNECTION WITH NATIONAL FINANCE HAS NO MEANING.

The passing of the dogs of Constantinople may almost be regarded as an international event, so picturesquely has their story been told in nearly all languages. Dogs have been the scavengers of Constantinople and other Turkish cities for hundreds of years and the stories told of them would fill big volumes. Now, however, the Young Turks have decided that they must all go for good and the city must do its own cleaning in the way of modern cities do; by water and by brush and up-to-date inventions. But how are they to go still seems to be undecided.

Every little while facts come to light which speak in far-reaching tones of the value of cow feeding to the dairy farmers. For instance, a letter is just received at the Department of Agriculture, Ottawa, from Mr. George Wise, of Shelburne, Man., which reads as follows: "I am pleased that I was led to see what my cows are doing, though now only just entering my second year of recording each cow's doings, see there is a great difference in the returns from the creamery and of course it is there we should find the change. Note the remarkable gain for the first four months of 1910. In 1909, from January the 1st to April the 30th, we were milking 9 cows and received \$129.59 for cream sold. In 1910, during the same period, we milked only eight cows and sold cream for \$229.43. Further, we made butter this year for a household of nine persons, last year we bought our butter. These are actual facts. The only difference in feed from last year is that I have fed bran extra all winter, but I have sold cows that were poor ones, though one of them made a good showing the first six months of the year. The cows picked up wonderfully on a soiling crop in September. The returns show it and every animal went into winter quarters fat."

It will be noted that Mr. Wise, besides the butter used at home, made an extra hundred dollars in four months with a smaller herd. The cows are being selected. The records show which cows to keep and the fact that records are kept induces the owner to look after the herd better in every way. Cow feeding pays.

Amalite ROOFING

Needs No Painting

MOST ready roofings require special painting and coating, and unless this is done regularly, you are sure to have leaks and trouble right along.

If you use Amalite, nothing of the sort is required. You will have a roof protection without painting of any kind.

Amalite is made to stay waterproof and give protection year after year, without any thought or care on your part.

First—Because it is waterproofed with Coal Tar Pitch.

Second—Because it has a real Mineral Surface.

Amalite, owing to these features, is the most economical roofing made. Its first cost is low, and you are saved all future expense for repairs of paint because it will need neither.

If you haven't seen Amalite, write for a sample to-day. From it you will very quickly understand why it doesn't require painting; why it does not leak; and why it saves you money.

Mail Contract.

SEALED TENDERS addressed to the Postmaster General, will be received at Ottawa until Noon, on FRIDAY the 22nd JULY, 1910 for the conveyance of His Majesty's Mails, on a proposed Contract for four years THREE times per week each way, between LAMEQUE and MISCOU LIGHT HOUSE from the 1ST OCTOBER NEXT.

Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained at the Post Offices of LAMEQUE, Miscou Light House and Route Offices and at the Office of the Post Office Inspector, St. John.

POST OFFICE DEPARTMENT,
Mail Service Branch,
G. C. ANDERSON,
Superintendent,
Ottawa, June 7th, 1910. June 21-3

Sealed Tenders addressed to the undersigned and endorsed "Tender for Wharf at Sackville, N. B." will be received at this office until 4.00 P. M., on Monday, July 4, 1910, for the construction of a Wharf at Sackville, Westmorland County, N. B.

Plans, specification and form of contract can be seen and forms of tender obtained at this Department, at the office of E. T. P. Shewen, Esq., District Engineer, St. John, N. B.; Geoffrey Stead, Esq., District Engineer, Chatham, N. B., and on application to the Postmaster at Sackville, N. B.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, for two thousand seven hundred dollars (\$2,700.00), which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
NAPOLÉON TESSIER,
Secretary,
Department of Public Works,
Ottawa, June 2, 1910.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department. June 21, 2.

SOCIALISM AND CHRISTIANITY

(A paper read by H. H. Stuart of Newcastle, before the Tenth District United Baptist Quarterly meeting on March 27th, 1907, at Whitneyville, N. B.) Dear Brethren,—As the doctrines of Socialism have been very much misrepresented and maligned by persons interested in keeping the public from accepting them, and have been misunderstood and feared by those ignorant of the aims and objects of the Socialist party, I have much pleasure in meeting you today to place before you a correct and intelligible view of the principles of International Socialism which have taken such firm hold of the hearts and minds of so many millions of the voting population of the world.

Christian ideal is the life of service. So is the Socialist. Under present conditions, of universal competition, the Golden Rule cannot be followed. Every man's hand is now against his neighbor's. If competition be the life of trade it is usually the death of the trader. One cannot work to extend his business at the expense of his neighbor and yet love him as himself.

There is just so much to be sold in a community. When one merchant doubles his sales, someone else, whom he is enjoined to love as himself, loses. Great fortunes are built up by killing out weaker rivals.

The competitive system entails much useless labor and thereby is responsible for much waste. Farmers lose by having to keep up line fences, and having to each buy machinery, when several sets of machinery would do the work of a score of farmers if used collectively. They lose by buying goods in small quantities instead of purchasing enough at once for a whole community. In some small villages, there are a dozen stores. A dozen buildings are used to do a business that could be handled in one large department store.

The T. Eaton Co., of Toronto, whose founder recently died, leaving \$2,700,000 which he made at the expense of the small traders of Canada, taught the unprofitableness of the small business. He could supply goods more cheaply than local merchants and yet make money, simply because he manufactured and bought on a gigantic scale, eliminating waste of time and material. Socialism would have the government manage such business and supply the people far

NERVOUS SYSTEMS

Always Follows a Run Down Condition of the Blood.

It is an old story now that nervous people tell of how the blood becomes poor and thin, and then the nervous symptoms followed. How many really know that the thin blood was responsible for the nervous disorders? The nerves get all their nourishment from the blood, and as thin blood is deficient in nerve-building material, the nerves become starved and pain and nervous breakdown is the result.

Dr. Williams' Pink Pills are a tonic for the blood that supply it with the necessary elements to nourish and tone up the nerves and the cause being removed, nature does the rest and health is fully restored. Mrs. Harry Patterson, Dauphin, Man., tells how she was cured of nervousness and general debility through the use of Dr. Williams' Pink Pills. She says: "A few years ago I was all run down, and my nervous system apparently all broken down up. I was weak, tired and nervous all the time. When I got up in the morning I seemed to be more tired than when I went to bed. I could not walk up an ordinary flight of stairs without sitting down panting for breath, and my nerves trembled like a leaf. I got so that it was almost impossible to do any housework, and so nervous that I wanted to cry about everything I did. I took several different medicines without the least benefit; then I read of Dr. Williams' Pink Pills and decided to try them. After taking two boxes I felt a little better and I got a further supply which I continued taking for about a month when I was as well as ever; could do all my housework without being all tired out. In view of the wonders Dr. Williams' Pink Pills have done for me I sincerely recommend them to all weak nervous, run-down people."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Nearly the whole eastern slope of the Canadian Rockies, 14,000 square miles in all, has been withdrawn, as a forest reserve, from settlement. It is a big country in which an area double that of Wales can be locked up and not be misused. The fact that Prince Rupert has purchased sixty acres for cemetery purposes is no evidence that it is a dead town.

The surgeons of England claim to have made over 50,000 experiments last year in hope of finding a cure for cancer. A judge in Minnesota has decided that one man libels another if he says that he wouldn't touch him with a ten-foot pole.

The British postal service has been using a good many automobiles during the past year, and claims that they have saved over \$100,000. The annual report of the United States steamboat inspection service shows that one life was lost for every 1,449,094 passengers carried last year.

The Massey-Harris Company plan to erect a \$100,000 club house to keep its employees away from the saloons. A sane temperance argument which cannot be gainsaid.

A fellow across the line wanted to hide a \$50 bill (all he had) in a safe place so he put it under a porous plaster on his back. He must be next of kin to some people you know, who also put all their money on their backs.

A London hospital student hung by his heels and tested the condition of his heart. The ordinary way is for a man to hang by his neck and test the condition of his windpipe.

FOR SALE. A good milk cow, will milk the year round. For further particulars apply to Mr. Joseph Wedden, Curventon, N.B. June 14.

BAND CONCERTS

The 5th of July and no arrangements made for band concerts on a public square. Who will make the first move in this direction?

ACCOUNT FIGHT

THE ADVOCATE is indebted to the Hotel Miramichi for the account of the Johnson-Jeffries fight, which appears on the first page of this issue.

FINNEY'S MINSTRELS

Mr. F. A. Finney, with his Georgia Minstrel Show, was in town yesterday. The company went to Millerton and played there last night.

ST. JAMES CHURCH

There will be no service in St. James Presbyterian Church next Sunday morning. The pastor Rev. Mr. MacArthur, will conduct service at Red Bank on the forenoon of that day.

EVERYONE SAW KELLY

Dr. Kelly, with his funny company, funny dogs, funny monkeys and wonderful medicine, has pulled up to St. James and the Millerton. The doctor had bad weather during nearly the whole of his visit here.

IMPROVES HOME

Wm. Park, esq., the post custom official, has made excellent improvements to his property. Men have just completed a large veranda on the west side of the residence, which adds comfort and greatly improves the appearance of the place.

BOWLING

The first match game of the season was played last Wednesday night, Newcastle defeating Nelson. No records were broken, but good bowling was witnessed, both teams being evenly matched. At the close of the second game Newcastle was leading by 5 points but gained 77 in the last game making a total of 82. The following is the score:

BREAKS RECORD

A Fredericton despatch of July 1st says: The feature of the day's sport was the wonderful performance of Arion, who reduced his record from 2.22 to 2.17, incidentally establishing a new record for trotting stallions in the Maritime Provinces or on tracks in the Maritime Provinces.

THE GLORIOUS 12TH

Arrangements are now all completed for the big celebration which will be held here next Tuesday. Reports from all over the country show that an immense crowd will be here on that date. It is expected that a number of outside bands will take part in the procession.

MAIN SHAFT BROKEN

Ritchie's mill was closed down Friday and Saturday of last week. On Thursday afternoon the main shaft broke and put the mill out of business for the time being. The shaft which was 8 inches in diameter was by no means easy to repair, but Mr. Ritchie was fortunate in securing one from Chatham. The mill was started as usual yesterday morning.

DOMINION DAY

Dominion Day was celebrated here on Friday last, all the principal stores being closed. Quite a number took advantage of Alderman Butler's invitation and went to Avoca for a day's fishing. Many good catches are reported. The base ball team went to Carleton, Quebec, and played a game with Campbellton. The game resulted in favor of the Campbellton team, the score being 11-9. A large number took advantage of the excursion on the Alexandria.

NATIVE OF BATHURST

The death occurred Wednesday morning of George Hinton, one of Summerside's oldest and most respected residents, after an illness of several months. Deceased was a native of Bathurst, N. B., and was eighty-two years of age. He came to this Province about 56 years ago, locating in Summerside where he successfully conducted a tanning business up to about fifteen years ago. When he retired his son Thomas took charge of the business. He was married in 1855 to Elizabeth Dawson of Tryon, who predeceased him about nine months. He leaves to mourn the sons—J. S. and Thomas of Summerside and George of Fort William, Ont.—Charlottetown Guardian.

WASHING

Wanted a woman to wash towels, for barber shop.—M. O'Brien.—July 5, 11.

PRIZE WINNERS

The second prize contest at the Miramichi Alloys ceased on Friday night. Mr. Wm. Fraser was awarded first prize on the Ten pins and Mr. Frank Power had the highest score on the candles.

AT OPERA HOUSE

Through the kindness of Dr. Pedolin, the efficient manager of the Telephone Company here, those in attendance at the Happy Hour last night received a full account of each round in the Johnson-Jeffries fight.

BOWLING

The Newcastle and Nelson teams who played the match game in the Miramichi bowling alleys last week, will play three games tomorrow night. Some high scores are expected as both teams are practising hard.

SOCIAL AT WHITNEYVILLE

The ladies sewing circle of the Baptist church, Whitneyville, will hold a sale and ice cream social on Thursday afternoon next, commencing at 3 p.m. and continuing during the evening. The social will be held in the Whitney Hall at Mill Stream.

WILL SUE FIRM

Harry Rich has sued the Montreal Waterproof Clothing Company (Harris Wener, proprietor) for \$10,000 for false arrest. Mr. Rich was recently completely exonerated on a charge laid by Mr. Wener, of obtaining goods under false pretences.

GOES TO ST. JOHN

Mr. Wm. A. Stewart, the popular singer at the Happy Hour here, leaves for St. John tomorrow morning. Mr. Stewart has been engaged by Mr. Fred G. Spencer to sing at St. John moving picture houses. Mr. Stewart's many friends feel sure that he can hold his own with the leading singers on the circuit.

MARRIED

In Boston on June 9th 1910 by Rev. R. J. Campbell, Miss Lillian Ethel Wilson of Derby Junction, New Brunswick, to Reginald D. Shea of Boston, Mass.

At the residence of Mr. Peter Russell, Whitney, N. B., on Monday, June 27th 1910 by Rev. E. E. Mowatt, Peter R. Whitney of Whitney, N. B. and Rosie E. Allison of Boom Road, N. B.

VISITING NEWCASTLE

Mr. A. McLean, of the firm of R. E. Mutch & Co., Charlottetown, was in town last week and registered at the Miramichi Hotel. This was Mr. McLean's first visit here and speaking with the ADVOCATE he expressed himself as greatly pleased with the beauties of the North Shore. Mr. McLean went to Dalhousie Saturday afternoon where he will look after a cargo of produce which was shipped by his firm for that port.

DOUGLASTOWN

Douglastown Superior School closed on the 30th ultimo. The public closing exercises of their departments were held by Miss Donovan on the 28th and by Miss Morrison and Principal H. H. Stuart on the 29th. Principal Stuart, who has been in charge one year, and the three lady teachers who have taught several years longer, are re-engaged for ensuing year. The enrolment last year was 177.

A BAD BREAK

A rather laughable incident, and one which has created some talk, occurred at Gibson on Saturday morning. A mail was driving a loaded team over the quagmire which supports the main road, when one of the wheels went down into a deep rut. The contents of the wagon included a box labelled "choice biscuits" and the jar caused it to fall to the ground with a noise which sounded very much like the breaking of glass. Immediately the box sprung a leak and a strong odor of gin permeated the atmosphere. The driver restored the box to the wagon and drove off.—Mail.

DISTRICT DIVISION S. O. T.

The quarterly meeting of Kent-Northumberland District Division, S. O. T., will be held in Douglastown Temperance Hall on Friday, July 15th at 3 P.M.

PROFESSIONAL

O. J. McCully M. D., M. R. C. S. Lond., practice limited to the Eye, ear, nose and Throat, will be at the Adams House Chatham, July 7th and at the Miramichi Newcastle, Friday July 8th. June 28, 21.

ADVICE IN FLOUR

An advance of ten cents per barrel in Manitoba patent flour is reported today. This includes such brands as Purity, Royal Household and Five Roses. The price is now \$6.50 per barrel. The advance is due to reports of drought affecting the wheat-crop in the west.—Mail.

A GAY TRAVELLER

A Toronto commercial traveller got into difficulties at Stellarton last week. He tried to get familiar with a lady in one of the hotels there with the result that he was hauled into court for assault and it cost him eighty odd dollars to get a clearance. He will no doubt be more guarded in his actions in future.—New Glasgow Chronicle.

LECTURING FOR I. O. G. T.

Principal H. H. Stuart left on Dominion Day for a short lecturing tour under the auspices of the N. B. Grand Lodge of the I. O. G. T. He was billed to speak on the 2nd instant and preach on the 3rd, at Douglas Harbour, Queens Co., and to speak on the 4th at Minto, on the 5th at Chipman, and at Norton on the 6th. On the 7th and 8th he will attend Grand Lodge sessions at St. John as delegate from Mt. Pleasant Lodge, No. 334, Hopewell Hill, Albert Co.

S. O. T. ELECT OFFICERS

On the 30th ultimo, Newcastle Division, No. 45, Sons of Temperance, elected following officers for ensuing quarter:—
W. P. Miss Mabel McGregor;
W. A. Mrs. H. S. Leard;
R. S. Miss Rennie McQuarrie;
A. R. S. H. M. Gough;
F. S. Miss Helen M. McLeod;

Delegates to District Division—James Falconer, Clarence Jones, H. H. Stuart, Rev. S. J. MacArthur, Mrs. Henry Ingram, and Miss MacLeod.

ATTEND SERVICE AT CHELMSFORD

L. O. L. No. 147 Turned out in Large Numbers.

The members of L. O. L. No. 147 attended service at the Presbyterian church, Chelmsford, on Sunday last. The lodge turned out in full force and a number drove from Newcastle to take part in the procession. The parade was headed by the Newcastle Orange Band under the leadership of Mr. Howard Cassidy. Rev. Mr. Rettie, pastor of the church delivered an eloquent sermon on the principles and duties of orangemen. The cosy new church was crowded to the doors, chairs having to be placed in the aisles to accommodate the large number in attendance. The lady members of the True Bine Society were in attendance and joined in the parade on return to the hall. A collection was taken up to assist in payment of the new church. The members of No. 147 served a substantial meal to the visitors which was greatly appreciated. Chelmsford has a very fine orange hall, which is finished inside and out, in fine style and is clear of all encumbrance and reflects much credit on the part of the members of the above lodge.

EARL GREY FOR CANADA FOR ANOTHER YEAR

London, June 25.—Hon. Clifford Sifton, interviewed today in Liverpool said it was practically certain that Earl Grey would return to Canada to take up the viceregal duties for another year.

The Morning Post fears that Canada may be drawn further into reciprocity with the United States than her government or people now intend as the organized opposition of Canadian Manufacturers may not prove strong enough to counteract pressure in other sections when actual proposals come to be made.

ADVICE TO LADIES

Cornhill, N. B., March 9th, 1910. Messrs. C. Gates, Son & Co. Middleton, N. B.

Gentlemen—This is to say that in 1904 I was very sick with Heart trouble and Headache, due to change of life, my life seemed to me really not worth living, had a doctor in attendance, but kept falling away until I reached 125 lbs. I was advised to use your LIFE OF MAN BITTERS and SYRUP, which I did and can truly say they are wonderful. After I had taken the first two or three bottles I felt much worse than usual, but as the directions said this was sometimes the result I continued their use, and soon began to see marked improvement in strength, so that I was able to work and gained 30 lbs. in flesh. I thank you for placing these remedies within my reach, and heartily recommend their use to ladies at this time of life, and advise the continuance of them as I know it sometimes takes a few dozen bottles, but the cost is small compared with physicians charges.

I am sending you this, that you may make it known and thus benefit some one who may be suffering as I was.

With heart felt thanks, I am Yours very truly,

MRS. JOHN FOLEY.

FRAUDS DISCOVERED IN GOVT. PRINTING BUREAU

Ottawa, June 24.—As a result of quiet but searching investigation into the affairs of the Government Printing Bureau, which Hon. Charles Murphy, Secretary of State, has been conducting for some months past a clever system of frauds, and rackets, in the purchase of supplies extending over many years has been unearthed. For alleged complicity in these frauds, F. S. Gouldthrie, who for twenty years has been Superintendent of Stationery at the Bureau, is wanted by the Dominion Police. He has not been in the city for several days, and is believed to be out of the country.

MORE CASH FOR EXHIBITORS AT DOMINION EXHIBITIONS.

Generous Increase Over Former Appropriations.

The generous increase in awards at the St. John Dominion Exhibition is possible through the grants of the Dominion, Provincial and Civil governments. Cattle prizes, especially in the Shorthorn, Hereford, Ayrshire, Holstein, and Jersey classes have been increased 100 per cent; in the Cityer-dale, Shire, and Percheron horse classes the increase is 50 per cent; Dairy breeds of cattle receive 125 per cent more money than on previous occasions, while sheep and swine breeders receive much greater incentive than heretofore. Poultry fanciers will be interested in a new system of judging, and the prize list will vary with the number of entries in each class. Dairy awards have been revised upwards as well, after consultation, with representatives of the Provincial Department. A notable feature in this section of the show will be the separation in competition of the professional dairymen and the household butter-maker; special prizes being awarded for each. In the Horticultural department the prize list has undergone a lot of changes, made with a view to improving the quality of exhibits. Naturally this has entailed the elimination of several classes of apples, not fit for competitive purposes so early in the autumn. The funds withheld on this account have been put into new classes. Potatoes will be judged in a new manner; instead of judgement being rendered in each individual variety, they will this year be classified in six types—White Round, White Long, Rose Round, Red Long, Red and Black. The Women's Work and Household Industries Department, also the Educational section, have been included in the increase of prize monies. Entries in the Live Stock and Agricultural departments close August 1st.

CONSERVATION OF NATURAL RESOURCES.

Thousands of instances are known where men have been left, or have come into large sums of money, that was speedily spent—squandered, with want and destitution as the result. The man doubtless felt that there could be no end of his money but it came. Canada—the several provinces has been acting too largely upon this foolish idea. We, to a far too great degree, have squandered, wasted, our timber resources, and with that, involving the destruction of our forest areas—has come other forms of loss. The removal of our forest has removed the natural reservoirs of our rains. The water formed from melting snows in spring-time rushes off in a few days, and after that our streams are reduced to a dribble. Hill slopes, left bare of trees are gutted with miniature ravines from rainfalls, which the naked hill sides permits of running away as rapidly as it falls. With a covering of trees the moisture would be retained to a large extent by the fallen leaves, and would ooze out gently to refresh the adjacent cleared soil; it would then be a blessing instead of an injury. This is only a type of the waste that justifies the present zeal in conservation of natural resources. Our water power sources, our mineral resources, our fishing and game resources, are in need of conservation—we must not live upon our capital. If proper conservation methods had been adopted years ago in regard to our timber supply, more would have been left, than exists now, and would be of greater value. We must provide against our forest, mineral and other resources being wasted by reckless and unskillful exploitation and from being allowed to be tied up by speculative private ownership.

Canada, has taken action in the direction of conservation at an early period, compared with other countries that have wasted their resources to a much more serious extent than we have done. Last September the Canadian Conservation Commission was constituted, and has entered upon its truly important national work, with promise of inestimably important national benefits.

MOST MODERN CATTLE ACCOMMODATIONS AT DOMINION EXHIBITION

The most modern of live stock accommodations will be afforded exhibitors at the Dominion Exhibition at St. John, N. B., September 5th to 15th—indeed the new facilities embody the latest and most approved idea and will be appreciated by both exhibitor and sight-seer. In the cattle barn proper 500 head will be housed within easy eye-range. In connection with each stall there will be running water and other modern improvements. A patent litter carrier suspended from a rail-track in the ceiling will be utilized to remove all accumulations, while the drainage will be perfect. Sheep will be accommodated in keeping with most modern ideas. From central elevated walkways spectators will be afforded an excellent view of the animals as they wander around their six foot pens. The carpentry work will be open or picketed assuring constant circulation of air. The Piggery will follow this same plan of erection, especial attention to ventilation, freedom from overcrowding, lighting and sight-seeing. Heretofore exhibits of horses have been made in long rows of box stalls only, but this year special provision is being made for harness horses in new barns arranged with broad aisles. Poultry and Pet Stock are to be shown in what was formerly known as Agricultural Hall where much more space is available and a comprehensive display is possible.

190 WORKERS BUILD A CHURCH IN TEN HOURS

Start on the Job at 8 in the Morning, and Attend Services in Completed Structure in Evening.

PEORIA, Ill.—In a church edifice in the chapel of Central Christian church built in ten hours by 190 members of the congregation. The church that was not in existence in the morning, but was completed and electrically lighted with an electric sign over the door services were held that night was perfect in its completion.

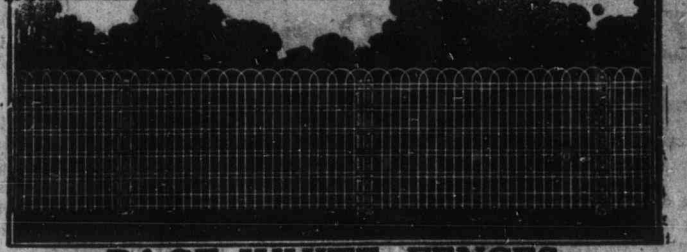

The building is sixty-four feet long, twenty-four feet wide and twelve feet high inside. Under the supervision of D. C. Chaffee, who loaned the structure, the men started working at eight o'clock in the morning. At 6 o'clock that evening chiming on the other churches throughout the city were rung to announce the completion of the mushroom structure. Material for the church was given by concerns in this and other cities.

Telegrams of congratulation from a score of Christian churches throughout the country were received that evening.

FIELDING'S WONDERFUL RECORD

William Surplus Fielding would be no bad name for a Minister of Finance who has had an unbroken record of annual surpluses, save in one case, ever since assuming the said portfolio. The one exception was a deficit the first year of his occupancy of the office, and was the last grasp of Fosterian finance. Since then, almost every successive year has made a new record. The figures are now out for the fiscal year ending March 31st 1910, and they tell a tale of wonder. The total revenue from all sources was \$101,501,034, a gain of not less than sixteen and one-half millions over that of last year, and is memorable for that fact that for the first time we have reached and passed the hundred million mark; and this vast growth of Federal Income has been brought about by a decrease in taxation to the amount of three dollars on every one hundred dollars' purchase, as compared with the rate obtaining under the Tory regime. The increase has been the result of a tremendous and unexpected growth in our foreign trade consequent upon the great industrial development of the country and the multiplied purchasing power of the people. Had the old National Policy rates been continued to the present time, an extra one hundred million dollars of taxation would have been taken from the pockets of the Canadian purchaser. Our disgusted and disappointed Tory friends should think of this when attempting to score against the Government by the old trick of always speaking of revenue as taxation because the Liberal tariff schedule has saved the taxpayer one hundred million dollars in twelve years.

QUEER USE FOR POSTAL

A. J. Farwell, of Brooklyn, N. Y., is credited with having established a record for fine writing with a common pen. In a contest held at Greenwich, Conn., Farwell wrote 13,170 words on the back of an ordinary postal card. While Farwell is quite handy with a pen his writing is somewhat coarse compared to that of Rilla Kittredge, a famous old penman of Belfast, Me., who died recently at the age of 92. He wrote 46,000 words on a postal card of the ordinary variety.

To crowd the Lord's Prayer eight times on a space no larger than a five cent piece was a common feat for Kittredge, who wrote the whole of the New Testament, more than 151,000 words on four ordinary postal cards. He placed one of President McKinley's messages on one postal. All of Kittredge's work was done with an ordinary pen and at the age of 87 he did some of his best work, having at that time a clear eye and a steady hand. He never used magnifying glasses, wearing only ordinary spectacles.

We Want Your WOOL YARN
You want Our

The demand for our Yarns has grown to such proportions that we have decided to cut out all other lines we were manufacturing and make nothing but Yarns. So we take the opportunity to let you know that we will not manufacture or carry a stock of anything but Pure Wool Yarn.

We also decided that we would not be satisfied to make Yarn that we could say was just as good as any other. But we are making a pure Wool Yarn that we know to be the BEST ON THE MARKET.

All our Yarns are manufactured from Pure New Brunswick Wool, and it is admitted by all who profess to know that for making a good strong all-purpose knitting Yarn, New Brunswick Wool is really the Best in the world. All the Dyes, Soaps, Oils, etc., that we use are the very best we can buy and are something that we know will not injure the wool in any way. We are also very careful to see that all the machinery is kept in perfect working order to make sure that the Wool Fibre will not be broken or cut in going through the different processes of manufacturing. In fact we are doing the very best we can to put up an article that will satisfy our customers in every way.

We have a large stock of our Yarns on hand in all the different sizes and colors we manufacture, which we will be pleased to let you have in exchange for your Wool.

Washed wool taken in exchange for Yarn at.....25c. per lb.
Unwashed wool taken in exchange for Yarn at.....18c. per lb.
Or if you wish to have your own Wool made into Yarn, we will make it up in any of the different sizes and colors we manufacture for the following charges:

Carding and Spinning... 15c. per lb. Coloring Medium Grey.....2c. per lb.
Carding, Spinning and Twisting, 17c. lb. Coloring Dark Grey.....5c. per lb.
Coloring Light Grey.....1c. per lb. Coloring Black.....4c. per lb.

We prepay freight on returns for Wool when Wool is shipped in lots of 200 lbs. or more.

Samples and further information will be gladly furnished on application to

THE JERUSALEM TEMPLE
The plan of the Masons, to build at Jerusalem a Masonic temple to mark the traditional birthplace of Masonry is a striking project, and should not be impracticable. The plan as outlined by the association formed for the purpose contemplates a fund of \$100,000, but should the amount collected reach above or fall below that amount, the tentative plans for the building would, it is stated, be amplified or modified to meet the possibilities. The great temple of Solomon at Mt. Moriah is regarded as having seen the first of the Masonic rites, and though the site of that temple is occupied, and hence unavailable for the new temple, a suitable site is to be obtained at reasonable cost, in Jerusalem. The plan for the temple has received commendation from Masons, as it logically should. It is an interesting undertaking.

AN AERIAL CRIPPLE
"The aeroplane awaits without us," "Without what, my faithful James?" "Without its wings and steering strings." "Without its bamboo frames." "Without its keel and motor wheel." "A slight, indeed, to see, without a doubt, it's all without—And hanging up a tree."

The largest quantity of ostrich feathers which has ever left Great Britain in one ship was carried from Liverpool in the Campania. In all there were 340 cases, worth 130,000 pounds, and were intended for the United States and Canada.

There are over one hundred and twenty-five automobiles owned in Letbridge. That's a sign of prosperity.

Louisville, Ky., June 19.—An indictment was returned on Thursday, but not made public until today charging Rev. Isaac Perry with the murder of Rev. Robert Vanover. The two ministers, both well known mountain preachers, had been holding revival meetings in Whitley county, and quarreled over some charges which had been laid against Vanover. The trouble reached its height during a service in the Rock Creek Baptist Church a week ago, and Vanover and Perry, armed with knives fought a duel in the building while the people, in a panic, fled. Vanover's throat was cut from ear to ear and he died in a short time. Perry and his brother Blaine are in jail at Williamsburg.

LADIES' ORCHESTRA AT ST. JOHN FAIR.

Madame Renfrew's Orchestra of twenty-five ladies will be one of the big musical features at the Dominion Exhibition in St. John, N. B., Sept. 5th to 16th next. This organization ranks high in musical circles of America, and is being brought to St. John at a very considerable expense. The comely beauty of young ladies dresses most attractively in different costumes from day to day, and their programmes are a happy commingling of popular, classical, household, religious and national music. They have numerous specialty numbers, in imitation of animals, minstrel troupes, etc., and among the party are some veritable comedienne, who create merriment as well as delight from the musical standpoint. Madame Renfrew's orchestra will be heard afternoon and evening at a central point in the main buildings, and to ensure the thorough enjoyment of its programmes special seating provision will be made nearby. During the afternoons and evenings local brass bands will supply music in front of the Grand Stand and round about the grounds.

CURIOSITY INDEED

It was in the museum. "Those, sir," announced the guide as he stopped before a glass case, "are the eggs of an American condor. They were found 5,000 feet above the sea level." The visitor removed his hat with a grave bow. "Why do you remove your hat?" asked the guide, curiously. "Out of respect." "Respect?" "Yes, respect for any eggs that could have been higher than the eggs of the barnyard hen."

MIRAMICHI FAILURE

A Newcastle despatch announcing the assignment of the Miller Tanning Extract Co., of Millerton, Northumberland county, has caused much surprise in St. John. The concern was established a long time ago, the late Mr. Duff Miller, now Brunswick's Agent General in London, being a prominent member. The company, an English one has a capital of £100,000 of which £20,000 was paid up in addition to the Millerton factory there was one at Mortimore Northumberland county but it was destroyed by fire for some time past Mr. James Beveridge president of a pulp and paper company on the North Shore has been managing the tanning company's affairs so far as is known in St. John the company had been meeting all its obligations.

HIS OWN EXTERMINATOR

The excited foreigner had undergone an examination by the germ expert. "Your blood is contaminated with germs," said the expert, gravely. "What," thundered the excited foreigner. "You tell me such stuff. You make me angry. You make my blood boil." "Well, you'll at least pay me a fee to exterminate the germs?" "Ah, do, hit me too late. My blood set boil and I kill them all myself. Good-bay." There is no hope for men who have not sense enough to invent excuses. The bride is given away at the altar and occasionally the groom is sold. A small boy's idea of an entertainment is any kind of a gathering where refreshments are served.

NEW LUMBER COMPANY

The Continental Lumber Company Limited, is the latest to enter the list of Restigouche Lumber firms. This company has been granted a Dominion charter to do business. The incorporators are Jos. E. Brocher, L. L. Maynard, Arthur Theberge, Jos. A. Auger of Providence, R. I., Walter J. Miller and John MacLean of Campbellton. The head office of the company will be at River Charles and the capital stock is \$100,000. The company will operate the Centre Mill at River Charles.
