The copy filmed here has been reproduced thanks to the generosity of:

**Metropolitan Toronto Library
Canadian History Department**

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

**Metropolitan Toronto Library
Canadian History Department**

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

The Warrior Wood Furnace

(formerly manufactured by the
COPP BROTHERS COMPANY,
Limited) was such a successful

furnace that we decided to purchase the patterns. We shall not carry a heavy stock of these furnaces, preferring to confine our sales as much as possible to our regular Oxford lines ; If however, our patrons desire the "Warrior" we will supply same.

Excellent results can be secured with the furnace : economy in operation is one of its many points of superiority. The body is so formed as to present large surface to the entrance of cold air, and is very strongly built. There is a roomy ash pit, large fire door, ample draft openings, excellent arrangement for cleaning flues and perfect direct draft dampers, which work from the front, dropping the ashes directly into the fire box.
