## DECLARE CHINA REPUBLIC DR. SUN YAT SEN PRESIDENT

Decision of Nanking Conference Means That Imperial Troops Will Be Ordered to Lay Down Their Arms and Manchu Rule Will End—Premier Yuan's Appeal Failed.

NANKING, Dec. 28.—Dr. Sun Yat Sen has been unanimously elected president of the republic of China.

SHANGHAI, Dec. 28.—(Can. Press.)—Sun Yat Sen's election as president of the republic by the Nanking Conference to-day means that the peace conference between Wu Ting Fang and Tang Shao Yi is closed. The president will assume charge of all negotiations. The continuance of these negotiations with Yuan Shi Kai as the representative of the retreating Manchu royalty, will depend entirely upon the immediate withdrawal of all the so-called imperial troops from all points of contact with the revolutionaries. Under these conditions the armistice will be extended for ten days in order to give President Sun time to issue the terms under which the Manchus must lay down their arms and to decide upon pensions and other preliminary details.

The president, or head of the military government now established, with the capital at Nanking, will treat the court as a thing of the past, because eighteen provinces have already voted in favor of a republic in a properly constituted convention, and the edict recently issued at Peking says that if a representative convention favors a republic, the throne will abdicate.

**ENDED LIFE IN JUNIOR SCHOOL**  
Woodstock Man, Unhappily Married, Shot Himself Thru Head.

WOODSTOCK, Dec. 28.—(Special.)—Closing as his death bed the platform in the Sunday school room of Dundas-st. Methodist Church, Joseph Rogers, a resident of this city, committed suicide this afternoon by blowing his brains out with a .22 calibre revolver.

The body of the unfortunate man was found by an employe of a local firm, who went to lay some carpet in the Sunday school room. It was lying in a pool of blood, and the man's head was resting on his overcoat, which had been neatly folded before the shooting took place.

Rogers attended prayer meeting in the church last night and it is thought that he remained in the building all night. Deceased was a married man, but has been living apart from his wife for some time.

**WE'VE GOT SLUMS ALL RIGHT**  
Dr. Hastings, M.H.O., and Father Vaughan somewhat disagree on the conditions of Toronto's poorer districts.

Father Vaughan took a trip thru part of the district which is an eye-sore to Torontonians, and afterwards said that "Toronto is free from slums."

Dr. Hastings, on the other hand, said that Father Vaughan's statements are apt to be refuted, and that he must be guided by a man who knows the city well and therefore avoid the filthy, unsanitary places, or else he must have a very poor idea of what the slum means.

The medical health officer has just completed an extensive 38-page report of Toronto's slums, which is illustrated with photographs.

**Flag for St. Kitts Scouts**  
OTTAWA, Dec. 28.—(Can. Press.)—General Sir R. Baden-Powell, the distinguished British soldier and originator of the boy scout movement all over the world, is going to the United States for an official visit, and he will bring with him the British flag presented by King George to the St. Catharines troop of Ontario for having the most King's Scouts.

This troop had six scouts who have qualified in the twenty-four different examinations, which enables them to be King's Scouts.

The Dominion secretary of boy scouts will leave for New York to receive the flag from General Sir R. Baden-Powell, and he will bring it to Ottawa for the Dominion Council to make the presentation to the St. Catharines troop.

Gen. Sir R. Baden-Powell will be unable to visit Canada on that occasion, but may do so next October.

### Would Help Workingmen

When Sir Wilfrid Laurier declared that the construction of the Grand Trunk Pacific would provide employment for Canadian workmen for the next ten years, The Globe heartily agreed with and applauded his argument.

The construction of the tube would provide work for Toronto workingmen for the next five years.

It would mean more than the expenditure of \$5,000,000 by the city for the tube. Two radials, the Monarch and the Western Central, are only awaiting an entrance to the city to commence construction, and there is no doubt that they would spend another \$5,000,000.

This would mean the expenditure of \$10,000,000 in Toronto and vicinity in the next five years.

Toronto workingmen, what do you think of it?

### WE MUST KEEP UP!

If Toronto is now to confess that she is unable to keep up to the procession it will be an end of her forward movement. She has to keep up, and as a city she must handle the municipal problems of each year in the year in which they arise. For two years we have delayed dealing with the Bloor-street viaduct and dealing with the street car congestion that exists. If we do not catch up now there will be a bigger mess next year.

Now take the question of the tubes. That is not a half-baked scheme, as The Telegram contends. It has been worked out by the city engineers; it has been studied by experts from New York and it has been reported on by the council. It is a plan that is made by the City of Toronto in building a tube north and south parallel with Yonge-street, and which will connect the north and south ends of the city. It will be a part of a greater tube system. As soon as built it will give an entrance to all the radial lines that are at the north and south stations that are at the north with the Union Station by a twelve-minute trip, and it will connect up all the city surface lines, and in that way give all the newer parts of the city a single fare rapid transit. It will make the street car lines respectable.

Therefore, vote for the tubes and all the other bylaws.

On this line of not keeping up to our needs it is the universal mark of a condition of affairs throughout Canada, and that is the mark of God that it is so. The railways of the west are not able to keep up to the requirements of the west; the towns of the west are not able to keep up to the requirements of the business of the west, and more towns are called for; the banks of the west are not able to do the business of the west and more capital and banking facilities are required. And in the east here it is pretty much the same thing. Everything is overstrained in Toronto and Montreal, and every business concern is overstrained and every man is unable to do the business of his own town. Even in this city banks are not able to handle their business. Go into the Bank of Toronto, at the corner of Front and Church, and see them trying to do their business in the old-fashioned building they have there. Fortunately they have looked ahead and are now building a new bank building into it. It is a constant fight with them to do their business, and the other banks in Toronto, notwithstanding many enlargements and additions, are many of them unable to do what they are to do.

Take the newspapers that are opposing the progressive lead in Toronto. They find that they have had to enlarge and increase their accommodation. They have never said that they were going to lie down and wait awhile. On the contrary they are doing their best to keep up to the times. Why not the City of Toronto?

A great city like Toronto can afford to vote for all the bylaws and keep them going, and if we don't do it now we will have a bigger mess next year. The business men of Toronto can see our point and we know that the business men will vote for all the measures to be submitted on Monday next. Don't be a Little Yorky, but be a Big Torontonian.

### ATTORNEY-GENERAL SILENT.

Attorney-General Foy declined to make any statement yesterday, one way or the other, when asked if he had anything to say about the rumored reopening of the Klunrad case.

Level Crossing Inquest.  
Coroner M. M. Crawford's jury returned a verdict of accidental death at the morgue yesterday in the case of Robert Brooks, who was struck by a C. P. R. engine at the Albany-ave. crossing Dec. 18.

## ANTI-TUBE TALK GIVEN LOCAL DENIAL

Controller Spence States That the Northern Parts of the City Are Not Growing Fast Enough for Tubes—Says So in Midway—Is Midway Growing?

Last night Controller Spence held a mass meeting of 35 residents of Rhodes-avenue in the Presbyterian Church lecture hall. J. McEwing McNeil presided. Three aldermanic candidates, W. D. Robbins, W. J. Saunders and P. A. Johnson, asked for the support of the voters present. Spence's remarks were confined to the anti-tube talk, and were directed to the anti-tube object lessons.

On Tuesday night he changed his mind, however, for a number of an hour, waiting for an overdue Dundas-street car, to take him to a destination, which under the tube system will be reached in seven minutes, instead of the half hour, which he had to stand strap holding.

On Wednesday night his meeting was distinctly in favor of the anti-tube proposals, including the chairman, yesterday evening the environment of his meeting related his latest argument against the tube system.

Controller Spence's new argument is arithmetical in form, and sectional in its appeal. He undertakes to illustrate the belief that the city is wrong in his figures by declaring them to be fallacious.

The controller has added to his limelight views, a statement in black and white of the city engineer's figures, which he ridicules. He argues that it is an absurdity to say that the never land in the northern part of the city will grow three times as fast as the rest of the city. The hall in the district related his contention, and confirmed the engineer's figures.

Controller Spence argues that the tubes won't pay because the city is too big to permit of a percentage of growth for the northern district. The hall in which he spoke, however, and the whole Midway district with its hundreds of houses confirmed the city engineer's estimate, as seven years ago the district was a cow pasture with a few scattered houses. The only buildings between Cowpasture-avenue and Steele-Briggs property, its increase has not been 100 per cent, but twenty times as many. Mr. Robbins spoke strongly in support of the Bloor-street viaduct. It was urged that the tubes were not needed now. Three years would be required for its construction, and the district to be immediately served would be thickly populated. The need of three theatres in the past had been one of the greatest obstacles to the development of the eastern part of the city.

## Mayor Clashes With Temperance Folk

Disagreement Over Appointment of Scrutinizers for Reduction bylaw in Kingston Grows Warm.

KINGSTON, Dec. 28.—(Special.)—There was a lively time in office of Mayor Graham at the city hall this afternoon when temperance people and his worship had a clash over the appointment of scrutinizers for the by-law to be presented on Jan. 1, asking for the reduction of liquor licenses. The mayor appointed as his scrutinizers four men in four divisions, and when a temperance person asked him to make changes he refused.

He said he had been given to understand that he could make appointments of his own and not be dictated to by temperance people and he would not back down. The mayor was then backed up by a letter from Lawyer John L. Whiting on behalf of the temperance party, which stated in case the by-law for the reduction was defeated, asking for the reduction of the mayor would be moved against in the courts. The mayor refused to accept the letter and was upon him and a lively time is expected to result.

## OLD HERMIT FOUND DEAD IN LONELY SHACK

Joseph Bradley, 54 years old, was found dead last night about 10 o'clock in a lonely shack on the Vaughan-road, where he had been living the life of a recluse for some time past. Four play is suspected, as the coroner Dr. Charles H. Gilmore could find no evidences about the place that the man had been sick. He was lying fully dressed on a cot. He had been dead several hours when found, and a victim of foul play, his assistant left no traces of his work, either on the old man's body nor about the shack.

## A HOPELESS CASE

## FALLEN WIRE DISRUPTS CITY'S TRAFFIC SYSTEM

Street Tracks So Overcrowded That Diversion of Cars From Queen Holds Up Cars on Almost Every Line.

One broken trolley wire on West Queen-street demoralized the Queen and Dundas lines, disorganized the rest of the city's street car lines and delayed a hundred thousand people during the busy hours last night.

The wire fell shortly before 4 p.m., and the ensuing diversion of the Queen and Dundas cars on to other lines threw every line in the city out of kilter.

The incident, small tho its cause, proved conclusively that running like clockwork, as the company's lines usually and fortunately do, they are still unable to carry the people to their homes without great delay, and with a comparatively small cause of trouble the beautifully oiled and regulated system goes to smash. And with a disruption, thousands and thousands of passengers have to wait many, many minutes longer than usual for the cars to take them home.

The Queen and Dundas lines are about the busiest lines in the city, as their traffic not only comes from the downtown districts, but from the numerous factories and warehouses scattered thru the large territory covered by them.

When the break occurred the Dundas cars were diverted down Bathurst to King, along King and up Yonge and thence west on Queen. Some of them were sent down Roncesvalles and along King. The Queen-st. cars were diverted down Bathurst and along King and Adelaide-st. This change considerably inconvenienced the passengers, who usually take these cars on Richmond-st.

Between 5 and 6 o'clock immense crowds gathered on the different corners of Richmond-st., and policemen had to be sent to direct them over to Yonge-st.

Moreover, the diversion of these lines up Yonge-st. kept the regular cars, which use this route, very much behind. At the rush hour last night it was almost impossible for pedestrians to cross Yonge-st. anywhere between King and Queen owing to the congestion of cars going north and south.

Toronto's Traffic Problem.  
A downtown man, who has observed and studied the question of street car service, said last night: "The Toronto problem is the fact that the whole business district practically lies between York and Church and Queen and Front-sts. At the rush hours, between 5 and 6.30 p.m., there are considerably more than fifty thousand people to be provided with transportation from this district alone. It is a foregone conclusion that owing to the congestions of this district and also to the narrow streets, it is absolutely imperative that the city should have some other means of transportation—and that is a tube system."

THE WEE YORKIES FORGET.  
That Toronto has 400,000 people. That the unincorporated suburbs have 50,000 more. That a transcontinental system (Canadian Northern) is entering here. That we are to have a great new harbor at Ashbridge's Bay. Big new public buildings. A dozen radials coming to the city. New factories and industries starting every day. Existing ones doubling their capacity. A wonderful development coming to New Ontario and the Canadian West that must send millions in trade to Toronto.

That there is no cheap land in the present limits for the army of workmen that must come to Toronto. And that the bylaws submitted to the ratifiers on New Year's Day will be mere flea bites to a great metropolis. Therefore don't be a wee Yorky, but have faith in your city and in its future, and vote for all the bylaws and for Hocken and McCarthy as controllers.

## CHINA DEFIANT IN ATTITUDE TO RUSSIA

Later Apparently Doesn't Care to Take Mongolia Under Its Care, But China Declines to Interfere With Separation of Big Area—Relations Badly Strained.

PEKIN, Dec. 28.—(Can. Press.)—In response to a direct request of the Russian Government, handed to the Chinese foreign office by the Russian charge d'affaires to-day, that China should promptly resume control of Mongolia, the Chinese Government declared its inability to comply at the present moment. The only action the government is able to take regarding Mongolia, the independence of which has been proclaimed, is the appointment of two commissioners, who have been ordered to proceed by way of the Trans-Siberian Railway, to Urga, the chief city, to persuade the Mongol authorities if possible to renew their allegiance to China. But in view of the present crisis it is probable that these commissioners will never leave Peking.

New Khan Proclaimed.  
It is understood that the Kutuktu, who is the religious head of the Mongol Buddhists, was proclaimed khan to-day. According to the Lama doctrine this dignitary—the Kutuktu is the god-head and never dies, but passes after his apparent death, into the body of some newly-born boy, who is sought for afterwards according to the prophetic indications of the Delai Lama, in Tibet. The independence movement is largely religious. The dissatisfaction of the Mongolian people has been long-standing. The Russians say, own to Chinese incapacity and corruption. The Chinese amans, or governors, have a ways pandered the Mongols and enriched themselves, while at the same time carrying on an unjust administration.

Show Contempt for Russia.  
For several years past the Chinese have been aggravating Russia and have been treating her contemptuously since the Japanese defeated her. China is on her way to organize modern troops and take other military measures along the Russian frontier. Russia has often protested against this, and the Chinese foreign board has verbally agreed to the Russian demands, but has never fulfilled the promises. As late as October the foreign board's written reply evades Russia's demands.

The Russian legislation has contended that the Chinese preparations necessitated the maintenance by Russia of large and expensive military forces on the Mongolia borders. For the past month since the departure of the Chinese amban from Urga, the Russians say, they have been subjected to various annoyances, which included the interruption of the Trans-Mongolian Telegraph Lines to Europe. Russian troops have been protecting lives and in-e-e in Mongolia, but the Russian Government does not desire the continuance of the expense and the annoyance.

Refused Protectorate.  
Furthermore, outer Mongolia is adjacent to Russian territory and its interests are more closely related to Russia.

Continued on Page 3, Column 1.

**RUSSIA BARS OUT S. A.**  
ST. PETERSBURG, Dec. 28.—(Can. Press.)—The council of ministers has decided not to allow the Salvation Army to carry on its work in Russia. Gen. William Booth, commander-in-chief of the Salvation Army, went to St. Petersburg in 1909 to negotiate with the government for permission to establish a branch of the Salvation Army in Russia. He was strongly opposed by the holy synod.

## C. N. R. ACQUIRES NETWORK OF RADIALS

Mackenzie and Mann Secure Control of Dominion Power & Transmission Co. and Subsidiaries, Including Cataract Power Co. and Hamilton Railway.

HAMILTON, Dec. 28.—(Special.)—That the stock of the Dominion Power and Transmission Company and its subsidiary companies, will be transferred to Mackenzie & Mann early in 1912, is the gist of a story published to-day in The Spectator, the owner of which paper is Wm. Southam, who is also a large stockholder in the Dominion Power and Transmission Company.

The holdings of the local concern include the Hamilton street railway, the Cataract Power and Light Company, and four radial electric lines: the Brantford and Hamilton, Hamilton and Dundas, Hamilton, Grimsby and Beamsville, and the Hamilton, Burlington and Oakville railways.

The acquisition of these properties by the big Toronto firm is said to be a part of a general scheme, incidental to the expansion of the Canadian Northern Railway, to secure control of a large number of electrical lines as feeders to the steam road, and it is probable that other electric lines in this section of the province will be taken over by the Mackenzie & Mann interests in the near future.

Entry into Hamilton.  
It is expected that the deal now in progress will be concluded before the Canadian Northern plans for entering Hamilton are filed in January, and it is understood that the city's attitude toward certain proposals which the prospective owners are prepared to make to the city in regard to extension of the street railway system, will have a material bearing on the C. N. R. plans. The Canadian Northern route thru the city, it is said, has already been secured and speculation in surrounding property by Toronto capitalists has become active. The charter of the Dominion Power and Transmission Company gives the right to an underground entrance to Toronto, and this feature is said to make the investment attractive to the Mackenzie & Mann interests.

## Wife Taken Away By Croker Family

So Horse Trainer for J. R. Stratton Declares, and He Wants \$100,000 as Balm for Wounds.

NEW YORK, Dec. 28.—(Can. Press.)—Richard Croker, former leader of Tammany Hall, and his sons, Richard Croker, Jr., and Howard Croker, were made joint defendants in a civil action begun to-day by John J. Breen, to recover \$100,000. Breen was married to Miss Ethel J. Croker, daughter of the former Tammany leader, on April 22, 1910, and alleges that his wife's affections were alienated by Croker and his two sons. Breen declares, in his complaint, that he and his wife lived peaceably, happily and harmoniously together until the defendants influenced and induced his wife to leave him.

Breen was a teacher of horsemanship when he and Miss Croker were married by a justice of the peace in Hoboken, N.J. It was said at the time that the family of the bride were much displeased at the marriage.

Breen has since his marriage, been horse trainer for James R. Stratton, ex-M.P. of Peterboro, Ont.

## SPECIALS IN BIG FUR SALE.

The Dineen Company has on sale a very special and complete line of Canadian mink in scarfs, muffe, ties and capelines, made from selected pelts of last spring's trapping. Very finely finished garments, in the latest Parisian designs. These goods are included in the big after-Christmas sale now going on at Dineen's, and are being offered at very low prices.

Continued on Page 3, Column 1.

HAMILTON HAPPENINGS

HAMILTON NEIGHBORS DON'T LOVE ONE ANOTHER

Alleyway Litigation Looks Like an Endless Chain—Controller and Commissioner Disagree.

HAMILTON, Dec. 28.—(Special).—The results of the temperamental differences between James Reese and James W. Pettit, cantankerous neighbors, and citizens of Hamilton, bid fair to rank with the celebrated case of the two farmers, whose properties were wasted away in litigation over a yearling calf.

Reese sold Pettit a house adjoining his own. An alley remained between which both were to have the use. The alley was not large enough to prevent friction between the two men, and Reese brought legal action to have his rights defined, and sued Pettit for \$1000 for obstructing the passageway, and for another \$500 for assault. The suit was dismissed.

Pettit subsequently charged his neighbor with assault, and had him haled before the police magistrate, who dismissed the charges, and advised the men to drop their quarrels and to keep away from lawyers. Reese then appealed his civil action, and the appeal is now pending at Osgoode Hall. The sequel to the police court action is an action just begun by Reese against Pettit for alleged false arrest and alleged false prosecution. The men live on Cannon-street east.

Industrial Commissioner Denies. Controller McLaren's statement in the city council Tuesday night to the effect that real estate operators in the city benefited by information which they received in regard to the establishment of industrial concerns, before such information was laid before the board of control, brought forth a statement from Industrial Commissioner Henderson, to-day, in which the latter official denies that he gave out any information, and calls upon the controller to substantiate his charges or to apologize. Controller McLaren has not apologized however, and still insists that the city is not getting the results it might get, because the real estate speculators appear to know more than the city officials about the city's business.

No new detectives were appointed on the Hamilton police force this year, according to a statement of one of the police commissioners this morning that there would be no further meetings of the board until next year. The personnel of the board will remain unchanged and it is thought that Mayor Lees will be made chairman for 1912. Magistrate Jelfs is the present chairman.

Hotel Hanrahan, corner Barton and Catharine-streets, Hamilton, conveniently situated and easily reached from all parts of the city. Erected in 1908. Modern and strictly first-class American plan. Rates \$1.50 to \$2.00 per day. Theo. Hanrahan, proprietor. Phone 1465.

CLUE TO KINRADE MURDER?

Thiel Detectives Claim to Have Discovered Fresh Evidence.

MONTREAL, Dec. 28.—(Can. Press).—The Herald says that it is the Thiel Detective Agency, with headquarters in this city, which has unearthed clues in the famous Kinrade murder case at Hamilton, Ont., was admitted to-day

Old Dutch Cleanser

Will Be Welcome in Every Home Because it keeps the house, from cellar to attic, in spick and span condition, and saves the housewife labor, time, trouble and expense. Just try it!

Washing Dishes Without Drudgery Place dishes in pan of warm water, sprinkle a little Old Dutch Cleanser on dish-cloth (don't put the cleanser in water) and wash, each piece, put in second pan to drain, rinse in clean water and wipe dry. Easier, quicker and hygienic; no caustic or acids (not a soap powder). Old Dutch Cleanser will remove the hardest "burnt in" crust from pots and pans, without the old time scalding and scraping.

by W. R. Carrington, vice-president and general manager of the concern. "It was while some operatives of the Thiel Agency were working on an express office robbery which occurred in Hamilton a month ago, that they unearthed clues in the Kinrade murder case that may result in the reopening of the case."

"Mr. Carrington said that clues had been unearthed which confirmed some of the agency's ideas at the time, but that they were he could not divulge."

AMERICAN MONEY WOULD GLADLY BUILD TUBES HERE

Profits Would Be So Great, But Let Users Keep These Profits—Controller Hocken.

Just as Controller Hocken left the platform at Armstrong's Hall, Pape-avenue, last night and was putting on his overcoat after giving a convincing address in favor of the tubes, a man in the audience rose from his seat and shook Mr. Hocken by the hand.

"That is convincing enough for me," he said. "I was opposed to the tube proposition until to-night, but when I hear what has already been done in Boston in building tubes that are revenue-producing, my ideas have changed. I'll vote for the tubes on Monday."

"The tubes will not only pay for itself, but give a handsome margin," said the controller, "and will be a revenue-producer from the word go."

Just to demonstrate his unbounded confidence in the success of the tube system, Mr. Hocken declared that he would go to New York to-day and get capitalists, who, if they were granted a subway franchise in Toronto, would come and build the subway at their own expense, and when the franchise would have expired, they would hand over the whole underground system to the city, free of cost.

"That's the way they do things in New York," said Mr. Hocken. "They know there how great revenue-producers subways are."

"In Boston they built a subway, a short subway, in the center of the city, just such as I propose to do here," he continued. "There were men in the Boston City Council who held up their hands in horror, saying that the city would be bankrupt if subways were attempted. But do you know that in spite of all this the people were building more subway extensions in less than two years?"

With reference to the opposition that some of the Toronto papers are making to the tube proposal, Mr. Hocken said, "They tell you that you'll have to mortgage your homes to pay for subways. Did you have to do that with the waterworks, or the hydro-electric? Instead of putting a mortgage on your house the subways will help take it off. A tube system would add upwards of \$2,000,000 a year to the city's revenue and the reduction of taxes."

As to the street car accident on Christmas Eve, Controller Hocken said he sympathized with the motorman who had to take one of two courses, viz. lose his job by not keeping to the schedule or else taking chances of an accident. The manager should be indicted who orders a hurry-up schedule, and not the motorman, who merely is trying to carry out the order he has got. The motorman is a victim in the same as those who are hurt."

New Class in Weston School. The management committee of the board of education will this afternoon consider the inspectors' recommendation that a new class be opened in connection with Western-avenue School.

Why use Teas of uncertain quality and value, when delicious

"SALADA" Tea can be had on demand

Black, Green or Mixed. Sealed Packets Only. FREE Sample Packet on Enquiry. Address: "SALADA," Toronto

SOCIETY

The Daily Hint From Paris

About 350 of Toronto's young people were delightfully entertained last night at the Government House, when His Honor the Lieut.-Governor and Mrs. Gibson gave their first dance of the season. The beautiful old mansion was rendered even more attractive than usual, with Xmas wreathing, red bells in the halls, masses of hot house plants in the drawing rooms, while the supper table was arranged with fragrant white narcissus. The floor was in perfect condition and a splendid orchestra was stationed in the conservatory. The music to match being gown of pansy chiffon velvet with panels of real lace and ornaments of pearls and topaz, tiara and eopry of her hair; Miss Egan, Gibson looked her prettiest in white satin, with drapery of soft white nylon and silver and Miss Meta Gibson wore deep rose satin, the tunic to match being bordered with gold; Miss Scott of Hamilton, a guest of the house, was in a pretty white satin gown, and Miss Tritton wore pale grey, a few of those noticed were: Mrs. Norman Bastard, in pale pink; Mrs. Jennings Wright, wearing white satin and real lace; Miss Nora Whitney, in a becoming pale green satin gown with drapery of dew-drop net; the Misses Bigler; the Misses Schoenberger; Misses Warren, in mauve and white; Miss Plummer, wearing Nile green satin; Miss Saunders; Miss Hazel Fitzgerald, in deep blue over rose color; Miss Yvonne North, in pale pink; Miss Hilda Reid, looking pretty in white and silver with violets; Miss Olga Schwartz, looking charming in pale; Miss Beatrice Gerrard, in white and blue; Miss Meredith, in white; Myriam Elmley; the Misses MacMurrich; Miss Flora Macdonald, in mauve and white; Miss Jessie Johnston, looking pretty in pale grey; Miss Brouse, wearing white; Miss Claire Denison; Miss Fellows, in pink; Miss Grace Gooderham, in pale; Misses Milne; Misses Gouin; Miss Eileen Larkin, in white and silver brocade with real lace and gold bandeau in her hair; Miss Frou Le Mesurier; Miss Florence Russell, looking pretty in white; Miss Jean Grove, in white lace and pink roses; Miss Elsie Cotton, looking well in pale blue; Miss Jessie Watson, wearing in flowered-ribbon; Miss Mary Burnham, in pale yellow; Miss Winifred Tait, in pale blue and silver; Miss Marguerite Robins, in a beautiful pink gown with silver tunic; Miss Georgia Banks, looking well in deep satin and ribbon; Miss Violet Howard, in pale blue; the Misses Gamble-Goddes, in rose color and lavender respectively; Miss Gordon Mackenzie, wearing yellow satin and painted ribbon; Miss Violet Mackenzie, in white with silver; Miss Eileen Larkin, in pale pink; Miss Eppon, in white; Miss Rathbun, wearing pink with white lace; Misses Lavina; Miss Evelyn Somerville, in pale pink with silver lace; Miss Dorothy Sinclair, wearing white; Miss Beahwaite, in old rose satin and ribbon; Miss Ethel Sone, white satin with silver and a bouquet of Richmond roses; Miss Louisa, in deep blue satin and ribbon with silver brocade; Miss Helen Murray, in pale yellow charmeuse with bandeau to match; Miss Ethel Strickland, in pale blue satin and lace; Miss Isabel Crozier, in pale pink satin and awansdown; Miss Helen Heaton, in white; Miss Montsambert, wearing deep blue satin with silver embroidery; Mrs. Hailey Smith, in white satin and silver.

Dynamite Scare Proves a Fizzle

Bridges is Said to Have Purloined Explosives He Carried in Suit Case.

PITTSBURGH, Pa., Dec. 27.—(Can. Press).—George Bridges, arrested Monday night at Monessen, Pa., a steel town near here, while carrying a suitcase containing 72 sticks of dynamite and fuses, was charged with larceny late to-day by an official of the Henderson Coal Company, who alleges the company's allegations and the charge of larceny against him seem to have taken the wind out of the incident.

When taken into custody Bridges claimed the dynamite was given him by a stranger and to-day he said: "I will not take all the blame for this and the rest of them will have to take their medicine like me."

Order Extra Bread Saturday

Monday, being a holiday, there will be no delivery of Lawrence's Bread

Lawrence's Bread

It will be advisable to order more than you did on Saturday, as more bread is usually consumed on New Year's Day than on Christmas Day.

Have Your Cash or Tickets Ready

The driver will be rushed, so have your tickets ready for quick action when he arrives.

Remember this: Lawrence's Bread is full weight, 24 ounces, and the price is Five Cents, or Twenty Tickets for One Dollar.

contains, the Misses Edith and Ella Froeth, Catharine-street, Hamilton.

Mrs. McConkey leaves next week to visit her daughter, Mrs. Woods, in Pittsburgh.

Mrs. E. F. B. Johnston is giving a small telephone dance on Jan. 10, in honor of Miss Hilda Reid.

Miss Hazel Fitzgerald is in town.

Miss Evelyn Somerville is giving a dinner on Saturday evening for Miss Fatti Warren.

The attendants at Miss Pauli Warren's wedding on Jan. 3 will be: Miss Adele Austin, maid of honor; Miss Evelyn Somerville, bridesmaid; Miss Frances Warren, flower girl; Mr. Sydney Band, best man, and Mr. Douglas Warren and Mr. Melville Gooderham, ushers.

The Delta Kappa dance will take place on Jan. 17.

The Engineers' dance will take place in the university gymnasium on Feb. 8.

Receptions. Mrs. Lothar Reinhardt, Linderhok, Jarv's-street, and her daughter, the Honorable Wuel von Bluten, receive the third Monday in January, and not again this season.

Mrs. Jack Davy and Miss Edna White, Cleveland, are the guests of Dr. Margaret Gordon, 726 Spadina-avenue, and will receive with her and her daughter on Tuesday, Jan. 8.

Mrs. Louis Jacobs, 190 Howland-avenue, for the first time since her marriage, on Wednesday, Jan. 3, from 4 until 7 o'clock.

BLANCHE BATES AT THE PRINCESS

"I can't be your wife, but I'll always be a widow to you." This is just a sample of the sparkling epigram which abounds in "Nobody's Widow," Blanche Bates' latest offering, which kept a big house in roars of laughter at the Princess last night. "You're dead," she announced to her husband, whose appearance, in spite of his announced decease, seemed about to "start things."

"Your husband's spirit wishes to communicate with you," he ventured. "Well, you tell my husband's spirit to go back to."

Some of the other gems were: "You see her father was a great Spanish statesman—or was it her mother?" "A widow can't be too careful." "She seldom is."

"What will people say?" "Well, what will they think?" In brief, the plot hinges on the simultaneous appearance at a Palm Beach residence of the Duke of Moreland and Roxanna Clayton, his wife, who had left him on the second day of their secret marriage, giving her friends to understand that he had died suddenly.

The varying success of the duke's attempts to win back his wife's attentions, while they are finally crowned with success, give an opening for a series of the most amusing complications, including the receipt of news of her divorce and a secret midnight marriage.

Bruce McRae, as the Duke of Moreland, shared the honors with Blanche Bates in the title role, reminding one in a way of Ralph Herz, who comes to the Princess next week in "Doctor de Luxe." The company is well balanced and there are no weak spots.

LOST TWO DAUGHTERS.

Now the Wife and Mother is Stricken With Tuberculosis.

The wiping out of entire families is the sad story that may be told many times over of the ravages of consumption. The records of the Muskoka Free Hospital for Consumptives contain much sad history along these lines.

Here is a story revealed in a letter of application. The father tells how he has already buried two daughters, who died of consumption. Now the wife has contracted the disease through nursing the daughters. He is only a working man. The charge on his income already has been levied. He writes asking for assistance. He is still anxious to do what he can.

WEDDING IN KINGSTON.

KINGSTON, Dec. 26.—A quiet wedding was performed at the home of Abraham Shaw, inspector of customs, University-avenue, this morning, when his youngest daughter, Myra, was united

Wilson's Ice Cream Sunday Special

DECEMBER 31st. Delmontico Ice Cream Pudding

Here is another of those delicious Layer Puddings that our chef has created. First, comes French Orange Ice Cream—then, Vanilla—then Cherry Ice—then French Vanilla Ice Cream.

Four distinct layers—that blend into one of the most delightful Ice Cream Puddings you ever tasted.

The Desserts That Are Different 4 servings, 50c. 6 servings, 60c. 8 servings, 80c. 10 servings, \$1.00.

All orders for Sunday must be in by 4 P.M. Saturday—and we will pack and deliver free any where in the city Saturday evening.

Have your Ice Cream Book? Has many useful suggestions and descriptions of dainty dishes for parties, dinners, etc. Write or phone for a copy.

WILLIAM NEILSON Limited Phone Park 234.

HAMILTON HOTELS

ed in marriage to D. W. Richmond of Ottawa. Rev. T. W. Neal, of Sydenham-street Methodist Church officiated. The young couple were unattended.

The bride was gowned in a rich robe of white silk with beautiful trimmings. Mr. and Mrs. Drummond left on the noon train for the east and on their return will reside in Ottawa.

Boy Accidentally Shot.

PEMBROKE, Ont., Dec. 28.—Walter Eggert, aged 9, was accidentally shot and killed by Albert Termarch here to-day. The boys were going pigeon shooting and were examining the guns in a shed. Termarch is said to have been under the influence of liquor and fired the gun, which killed the lad.

POLITICAL SCIENCE

Members of American Association Will Come Here.

Members of the American Political Science Association, who are now holding their eighth annual meeting in Buffalo, will come to Toronto on Saturday to hear addresses by well known Canadian subjects which will interest them. The meeting will be held in the main building of the University of Toronto. The second vice-president of that association, Judge Emily McClain of the Iowa Supreme Court, will occupy the chair.

The speakers and their subjects will be as follows: Legislative and Executive in Canada: Professor George M. Wrong, University of Toronto.

The Relation of the Provinces to the Federal Government in Canada: Professor Stephen Leacock, McGill University.

Pragmatism and Politics: Willis Chipman, McGill University.

There Is Only One

WILSON'S INVALIDS' PORT

(A la Quina du Pérou)

Because of the great popularity of Wilson's Invalids' Port with the Medical Profession, there have been put upon the market several attempts at imitation of this well-known standard wine tonic.

Why be cajoled into trying imitations because of their cheapness? The best is better than any—nothing but the best should satisfy you.

The name "Wilson's Invalids' Port" is registered at Ottawa, as also the signature of the proprietor of this preparation, which appears on all labels and neck bands of the genuine preparation—to imitate them may be the sincerest form of flattery BUT it is a criminal offence punishable by law.

Insist on getting genuine Invalids' Port as THE BEST IS BETTER THAN ANY.

Dr. A. COWAN MOFFATT, Member Pharmaceutical Society of N. B. Kilburn, N. B., says: "I have used 'Wilson's Invalids' Port' it is certainly THE BEST of tonic wines, and I have much pleasure in prescribing it."

### CAR FERRY FOR P. E. I. AT LAST

Pre-Confederation Promise of Communication With Mainland All Year Redeemed by Borden Government.

OTTAWA, Dec. 28.—(Special.)—The people of Prince Edward will at last have a car ferry service to the mainland. Such is the official announcement to-night, and the efforts of the Conservative members, Messrs. McLean and Nicholson during the last two months are at length crowned with success.

A long felt want of the people of Prince Edward Island has thus at last been satisfied by the present action of the present government. The island province came into confederation under a distinct promise by the Dominion Government to maintain a connection all the year round between the island and the mainland. The government of Sir John Macdonald implemented this pledge in good faith, but the Liberals under the leadership of Sir Wilfrid Laurier insisted that the ferry should be built as the only effective method of carrying out the contract of confederation. From 1896 until 1911, however, the Liberal government neglected to carry out this pledge of the party leader.

The government has met the wishes of the baby province by arranging at once for the installation of a car service between the Prince Edward Island and the Intercolonial Railway, and for this purpose the gauge of the P. E. I. Railway will be increased from three feet six inches to standard gauge, and a half inch, the standard gauge.

A semi-official announcement given out in the premier's office says that the proposal of the government will involve the change of narrow gauge to standard gauge on the Prince Edward Island Railway. This improved service will do away with the three short hauls and it is confidently anticipated that it will result in great advantage to the people of the island, and especially to the farmers and other producers.

### CHINA DEFIANT IN ATTITUDE TO RUSSIA

Continued From Page 1.

China than to Russia, the latter being across the Gobi desert. Russia does not intend to declare a protectorate and refused the Mongolian appeal for an establishment of a protectorate last July. Such a declaration might cause objection on the part of the other powers, while, in fact, something like a protectorate already exists in the establishment of Russian and Mongolian Buddhist.

At the the Russians express their desire that Mongolia shall continue to be under the attitude of the Mongolian princes who assembled in Peking to-day, depends entirely on circumstances. As they are not able to defend themselves, they will probably accept terms from the Peking government, whether monarchical or republican.

### WOMEN'S COMMITTEE ROOM

The W. C. T. U. have secured a store on Spadina-avenue, near Baldwin-street, for election day, to be used as a committee room. The phone number will be Colgate 284.

All women having votes are being canvassed. They are not being canvassed on the money bylaws, but merely to vote for the out and out temperance candidates.

Next year the women's associations expect to put up a stronger and more vigorous fight as temperance issues will be up.

The Toronto district W. C. T. U. met yesterday. The matron gave her report, showing 47 girls had passed thru the home during December. Miss Garrett, superintendent of flower mission, reported having sent baskets to 112 families at Christmas, and 238 bouquets.

### FATAL WRECK DUE TO SWITCH

Coroner's Jury Partially Blames Switchman—Unknown Person May Have Tampered With It.

BELLEVILLE, Dec. 28.—(Special.)—After deliberating for two hours, the coroner's jury brought in a verdict in reference to the accident on the G. T. R. here on Saturday night, whereby a brakeman, William S. Symons, lost his life and other employees were injured. The verdict was as follows: "That William S. Symons, brakeman, came to his death as the result of a collision on the east end of the G. T. R. here, and that no blame can be attached to the crews of the double-header manifest train or the crew of the shunting engine. The cause of the accident was a misplaced switch, and in our opinion Switchman Mossman neglected his duty in ascertaining the extent, but from the evidence submitted we do not feel that all responsibility should be placed upon him as the switch may have been tampered with by some person unknown."

### WILL DEMAND JUSTICE.

At 4 p.m. to-day, a meeting will be held in the Confederation Life board rooms to meet with the Sikhs who are here appealing for assistance towards securing justice to be done to their race by the Canadian Government. J. K. Macdonald will preside and many prominent people will attend.

J. W. Jackson by Acclamation. J. W. Jackson wins the school trusteeship for ward one by acclamation. Mr. Leon Worthall, the Labor candidate, having decided not to run. Mr. Jackson was a trustee in East Toronto for several years.

### SURFACE CARS MUST GO EAST

Extremely Dangerous on City's Roadways, But Necessary if They Get Behind the Schedule.

It was brought out at the inquest held in the morgue yesterday afternoon to investigate the street car accident on Sunday evening, that the only way in which a motorman can gain time is to speed his car or "V" before he reaches the end of his route and that the former alternative is usual as the latter is seldom gained by speeding. It is extremely dangerous on Toronto's busy streets and that such circumstances must continue so long as the cars are operated on the roadway, as at present. Further, that there is so little time allotted in which the driver must make his trip that it is getting behind at the must travel at a reckless rate, in order to make up for the lost time.

The witnesses examined yesterday were taken from those who saw the accident and those who come in touch with the work of the street railway such as the superintendent of the division and Joseph Gibbons of the railway men's union. The case was adjourned until Friday night of next week.

Mr. Gibbons was the first witness who told of having made a trip to the car barns on Wednesday to see if there was any sign to indicate a full stop. Mr. Gibbons said that he had never known a car to turn over before and that he thought it would have jumped the tracks instead of making the curve, as was the case some years ago at the corner of Queen and McCowen-st.

Saw Sparks 'Neath Wheels. Cecil Kennedy, 600 East Queen, was standing on King-st. just west of St. Lawrence-st. when he watched the car coming from the Don bridge until it came near the white post in front of the barn entrance. His eye was attracted again by sparks issuing from the car. A second later he saw it make the curve and dash toward him. He turned and ran back out of danger, but before he had gone more than a few feet, the car crashed to the ground.

"Did you see a car in front of the one in question?" asked the crown.

"No sir," he replied.

William Gee, who lives at 585 East King, southwest corner of St. Lawrence-st., was looking out of the window and saw the car "come around the curve at about 19 miles an hour."

Mr. Gee said he saw several cars pass over the switch and go straight along King-st. shortly before the accident.

"Do not remember any going south on St. Lawrence," he said.

Charles Stahlschmidt, 3 St. Lawrence-st., was a motorman for seven years prior to last exhibition. He believed that had the car been empty, it would have taken the curve without toppling over.

Fascinated by Car's Speed. Mrs. Margee Murphy, 589 East King, was looking out of a window and was attracted by the speed of the car as it was coming from the bridge. She said the car seemed to jump a foot into the air as it turned the curve. She said the car went south on St. Lawrence-st. as the King car descended the grade, but she was so fascinated by the speed of the latter that she couldn't say whether the former came from the east or west.

Alexander Macdonald, divisional superintendent, was questioned regarding the time allotted for making trip and of the condition of the car. The motor he said was of the latest type and 44 feet over all and weighed about 17 tons. He said there were four ways of bringing the car to stop in its own length, from a speed of 30 miles. There was the airbrake, the hand brake, reverse gear on two motors and by four motors. The length of time allotted for traveling from Scarborough Beach to the car barns is eighteen minutes. He said the car had a seating capacity of 50, and that when it passed Broadway-ave., there were some passengers standing, but there was still plenty of room for more and was still quite comfortable.

Supl. Macdonald said that when a motorman is transferred from one division to another, he has to be trained or taken over the routes by another motorman, whose duty it is to point out the switches, but in this case the motorman had to find out about the run and switches by experience.

"If a car gets behind the schedule, how is it to gain lost time?"

"By going faster or by V-ing before it reaches the end of its route."

Answering the question of how cars are expected to approach switches, he said that the motorman has instructions to go slow when nearing a switch. There is no speed limit set by the company for motorman behind time.

"What should the motorman have done on descending the grade?" asked T. C. Robinette, K.C., who appeared for the motorman.

"Gone careful."

"What about the brakes?"

"Should have tried the brakes after leaving the bridge."

Coroner Graham: "What would be the use of applying the hand brake if the trouble lay in the brake shoe?"

"The part which fits onto the wheels."

"I have never known a shoe to be out of order."

"Is it not possible?"

"Yes."

Crown Attorney Greer pointed out that to cover distance between Scarborough Beach and the car barns in 18 minutes, allowing 4 1/2 minutes of that time for stops, the car would have to travel at 15 miles an hour, even under normal conditions.

Leighton McCarthy appeared for the street railway; Emerson Coatsworth for Mr. Deacon, husband of the woman on whose body the inquest is being held; T. C. Robinette for Motorman Moore, and R. G. Greer for the crown.

The Jury.

The jury, with T. J. Ryan of 88 Riverdale-ave., as foreman, were as follows: Messrs. John Cornforth, 18 Globe-ave.; E. Redway, 56 Withrow-ave.; W. A. Sparrow, 157 Sackville-st.; H. Sparks, 846 Carlaw-ave.; John Larson, 78 East King-st.; John Doyle, 252 East King-st.; G. Johnstone, 142 Duke-st.; and Wm. Coeburn, 223 East Queen-st.

### INJUSTICE TO SIKHS AND TO THE EMPIRE

is Canada's Discrimination Against Them—Dr. Sunder Singh Appeals for Rights.

Dr. Sunder addressed the Canadian Club yesterday on the subject of the Sikhs in Canada. His concise statement won instant sympathy, and his appeal for justice met with loud applause.

The word Sikh in Sanskrit means a disciple. A reformation was started by the Guru Nanak in the 15th century. He taught that God could not be attained by asceticism, or idolatry, and that there was no caste in the eyes of the Sikh people. Gobind Singh was crucified by the Mohammedan ruler, but his spirit survived, and gradually the Sikh nation was built up. In 1849 the Sikhs made peace with Britain; and thru the influence, said Dr. Singh of the two Christian brothers, the Lawrences, they were turned from being the bitterest enemies into the most loyal friends of Britain. But for them the British had scarcely held India during the mutiny, and it was the Sikhs that sealed the walls of Delhi.

and there they renewed their vows to the King-Emperor. They recognized that there was a mystical or magical link between India and Britain, and between India and Canada, and the crowning of the King-Emperor was a dramatic fulfillment of Gobind's prophecy of 300 years ago that a white monarch of the west would rule over a greater than the Mogul empire.

Dr. Singh pointed out that at the Delhi Durbar in 1897 the Sikh Maharajah and his officials went to the shrine of their Ninth Gurus Gobind, Canon Ellegood's successor.

The building on the northeast corner of King and Yonge Streets was purchased by The Manufacturers' Life Insurance Company in October, 1909, for \$506,000.00. Last week an agreement was made whereby the building has been sold to the Dominion Bond Company for \$800,000.00, so that the Manufacturers' Life has obtained a profit of \$294,000.00 in a little over two years. This is the largest real estate deal on record in Toronto for any single property, being at the rate of \$13,000.00 per foot, King Street frontage. The price per square foot was \$148.14, or over \$1.00 a square inch. It is the intention of the company to occupy their present quarters until more commodious premises can be secured.

Hockey Practices Announced : Bowling C.B.A. Trotting On the Ice at Dufferin

Note and Comment

Some one proposed at the semi-annual meeting of the Ontario Curling Association that all competitions for prizes be eliminated. In other words, put a ban on junk hunting. Being a radical proposal it merely merited a well-deserved discussion. The intention was to increase the number of friendly matches and therein the end is served, but they'll still go after the jewelry. Most of the local clubs have acted on the suggestion. For instance the Granites in their booklet give a special list of games with nearby towns, the first of which will be played to-night with their old-time rivals from Lindsay, five rinks a side. Following is the Granites' special program of friendly games:

Table with 2 columns: Date, Rinks. Includes games like 'Lindsay at Granite' and 'Granite at Guelph'.

The far has been expressed that the Scotch curiers may arrive in this country on Sunday. If they do they will have a sermon, listen to as their first welcome to the Dominion, as the Halifax curiers have arranged that the visitors are to attend church.

McGill Win First Game in Boston

BOSTON, Dec. 28.—In a game so slowly contested that an extra period was necessary, McGill University of Montreal defeated the Intercollegiate hockey team of Boston at the arena to-night by 4 to 2.

Clubs Register With the O.H.A.

O.H.A. clubs who registered their players are as follows: Rocco (Int.), H. Boyler, W. Wyllie, G. Robinson, J. Wilson, E. O'Halloran, J. Bell, Harry A. Young, Harold A. Ketch, Wiley, L. B. Allen, G. C. Taylor, Campbell, R. Christie.

Ken Mallen Leaves for West

QUEBEC, Dec. 28.—Ken Mallen, one of Quebec's best forwards of last season, who showed up well again in the practices held this winter, quietly took his departure this afternoon for Vancouver, where he will play during the winter season with one of the Pacific brothers' teams. Mallen received a very flattering offer a few days ago, and finally decided to accept it. His departure was quite unexpected.

HOCKEY TEAMS TO PRACTICE THIS EVENING

Hours Allotted at Both Excelsior and Ravina Rinks—Kingston Collegiate To Stick.

Hockey teams will practice this evening at both the Excelsior and Ravina Rinks. Only three-quarters of an hour will be allowed each team to-night at the Excelsior in order to allow as many clubs as possible to have a workout. The allotment is as follows: 7.00 to 7.45—Argonauts. 7.45 to 8.30—Excelsior. 8.30 to 9.15—Eaton's. 9.15 to 10.00—Rocco.

NEW OUTLAW LEAGUE NAMES EIGHT CLUBS

NEW YORK, Dec. 28.—Promoters of the new outlaw baseball league came out with a startling statement yesterday, in which they announced that the league will shortly be incorporated in New Jersey, under which a baseball war will follow that will make all previous ructions in baseball look like skirmishes. The Brotherhood fight will become a memory and the fight between the American and National Leagues will become a small-sided affair in comparison. Not only will the promoters go on to say that the league has sufficient capital to finance all eight clubs secured in all but one of the cities to be invaded. And in that case there is plenty of land available where a park can be located, and the sites are so many and real estate owners are so anxious to rent that no combination of the older leagues can shut the new one out.

Rinks at Varsity Skating and Hockey At New Stadium

When the patrons of the old Varsity rink revisit the place this winter they will meet with a very surprising sight. In fact, a complete transformation in the rink has taken place. The new rink is a complete transformation in the meaning of the busy scene as to the athletic field these days, but upon entering the rink the student is struck by the new and improved skating rink there are three hockey cushions, 160 x 70 feet, which will meet with the approval of both students and outsiders alike. It may be necessary to build more.

Palzer Knocked Out Chance Pays a Tribute to Athletics

NEW YORK, Dec. 28.—Al Palzer, the local heavyweight, knocked out Al Kaufmann of California in the fifth round of a scheduled ten round bout at the National Sporting Club to-night, with a right uppercut to the chin.

Wanderers and Quebec Open N.H.A. Season To-night

QUEBEC, Dec. 28.—There will be good, hard and fast ice on the opening night of the N.H.A. to-morrow night at the Quebec rink. The drop in the temperature has made the ice so hard that the game should be a fast one. The opening match will be made remarkable by the presence of the best players of the province, Sir Francois Langelier, and his worthy, Mayor Drouin, both of whom will be in the arena to-night.

Wanderers Pick Their Team

MONTREAL, Dec. 28.—Wanderers open the N.H.A. season to-morrow night with their game at Quebec. It is likely that the following will make the trip: Mains, Brien, Russell, Broughton, Boyce, Doran, Taylor, S. Cleghorn, Ross, Gordie, Robert, Ernie, Russel, Desautel, Berrier, Malone and Patterson.

Personal A.C. Boxing

YOUNG NITCHE, V. SPIKE KELLY, Philadelphia, Chicago. 6 rounds at 145 lbs. RUBE MAY, V. ALP PALMER, Toronto. 8 rounds at 145 lbs. Two good preliminaries—Ted Carr v. Ted Pictou, 6 rounds at 140 lbs.; Young Ayer v. Peewee Adams, 6 rounds at 140 lbs.

NATIONAL COLLEGIATE ATHLETIC ASSOCIATION TOURNEY ALLEYS NAMED

NEW YORK, Dec. 28.—A change in football rules so as to allow freer use of the forward pass, the promotion of soccer football, the elimination of the professional coach in college sports, the doing away with gate receipts and the recognition of summer baseball players as legitimate were some of the questions discussed by various speakers before 100 delegates to the sixth annual meeting of the National Collegiate Athletic Association in this city to-day.

Canadian Bowling-Association Declines on Orrs' as Place for Annual Event.

The Canadian Bowling-Association's annual tournament is to be held on Orr Bros. alleys Feb. 19 to 24, inclusive. The C.B.A. executive met at the Atheneum Club yesterday afternoon and reached this agreement after all the propositions were considered.

MOONE AT COLUMBIA EASILY WINS FEATURE

Weather Ideal, Speculation Brisk, But Only Two Favorites First at Fair Grounds Track.

COLUMBIA, Dec. 28.—Ideal racing weather and a card above the average brought out a large crowd to the Fair Grounds to-day. Speculation was brisk on all races. Two favorites won. New year proved a surprise in the first by winning in a canter by ten lengths at 7 to 1 after throwing his jockey white over the post. Jawlons, backed down from 6 to 5, to 3 to 5, easily won the feature race. Summary:

FIRST RACE—Three-year-olds and up, 5 furlongs, selling: 1. New Star, 109 (Hanover), 7 to 1, 5 to 3 and 1 to 2. 2. Lord Kemora, 114 (Grand), 3 to 1, 4 to 1 and 1 to 2. 3. Argonaut, 107 (Bruce), 5 to 1, 7 to 1 and 1 to 2. Time 1:06 2-5. Pernella, Ben Sand, Dr. Boone also ran.

SECOND RACE—Three-year-olds and up, 5 furlongs, selling: 1. Casque, 88 (Hanover), 13 to 5, 7 to 10 and 1 to 4. 2. Horicon, 111 (Hopkins), 11 to 10, 1 to 1 and out. 3. Bill Barnes, 103 (Chappelle), 15 to 1, 4 to 1 and 1 to 2. Time 1:10 2-5. Force, Huda's Sister, Golden Treasure also ran.

THIRD RACE—Three-year-olds and up, 5 furlongs, selling: 1. Hannah Louise, 111 (Schwalbe), 5 to 1, 1 to 1 and even. 2. Stewart Lad, 102 (Bruce), 13 to 5, 4 to 1 and 2 to 5. 3. Dr. Burch, 120 (Grand), 7 to 3, 3 to 2 and 1 to 5. Time 1:09 4-5. Dunc Campbell also ran.

FOURTH RACE—Three-year-olds and up, 5 furlongs, selling: 1. Montaigne, 109 (Ambrose), even, 1 to 1 and out. 2. Canal, 109 (Skirvin), 5 to 2, 5 to 1 and 1 to 5. 3. Protie, 108 (Schwalbe), 5 to 1, even, and out. Time 1:09 4-5. Dunc Campbell also ran.

FIFTH RACE—Two-year-olds, 5 1/2 furlongs, selling: 1. Jawlons, 109 (Hopkins), 3 to 1, 1 to 1 and out. 2. Silas Grump, 107 (Fairbrother), 3 to 1, 1 to 1 and out. 3. Fanchette, 98 (Forythe), 4 to 1, 4 to 1 and 1 to 3. Time 1:20 2-5. Lyne, First Aid and Be also ran.

SIXTH RACE—Three-year-olds and up, 5 furlongs: 1. Sr Mincematt, 114 (Hopkins), 13 to 5, even and 1 to 2. 2. Carlisle M., 104 (Tehan), 6 to 1, 1 to 5 and 1 to 5. 3. Whinling Smile, 104 (Sidwin), 11 to 5, even and 1 to 5. Time 1:07 2-5. Catroke, District Attorney, Susan, Outpost and De Oro also ran.

Results at Juarez. JUAREZ, Dec. 28.—The races to-day resulted as follows: FIRST RACE—Mile and a furlong: 1. Wolferton, 105 (Molesworth), 6 to 5. 2. Ocean Queen, 100 (Carter), 3 to 1. 3. Copper, 105 (Green), 3 to 1. Time 1:55. Virginia Lindsay, Gunston and Sir Angus also ran.

SECOND RACE—Five and a half furlongs: 1. Masalo, 83 (Cotton), 15 to 1. 2. Donoomoo, 129 (Miller), 20 to 1. 3. King White, 115 (Miller), 20 to 1. Time 1:08. Marjorie Fleming, Witness, Don't Care, No. 1, Great Caesar, Big Claim, Joseph M., Originator, Earlscourt, Lillie Lova and Doc Allen also ran.

THIRD RACE—Six furlongs: 1. Upright, 103 (Henry), 9 to 5. 2. Bill Anderson, 105 (Molesworth), 6 to 1. 3. Flying Orp, 113 (Herman), 10 to 1. Time 1:12 2-5. Baby Doll, Strathrand, Lawn, Florence Krippl, McAlan and Sleep-lant also ran.

Mitchell Curling Club. The annual meeting was held last night in the council room for the purpose of organizing a curling club. There were quite a number of enthusiastic gentlemen present, and many enrolled their names as members. Mr. F. A. Mann was voted to the chair, and the election of officers resulted as follows: Patron and patroness, Mayor and Mrs. Campbell; president, William Forrester; vice-president, William Stoneman; secretary-treasurer, J. A. MacDonald; executive committee, F. A. Mann, John Roger and D. McGill. A committee was appointed to draft bylaws, etc. The membership fee was placed at \$5, and by the time the manager of the rink, Mr. French, has the ice ready the members will have their curling stones on hand. The club will be known as the Mitchell Curling Club and will have some 30 charters as members.

Bill Chambers gave a few flashes of his oldtime form while a member of Warwick Bros. and Rutter's team in the Printer's League several years ago, and with a 100 pin handicap finished a good second. Bill by no means belongs to the down and out class yet, remarked Bob McKinley.

To-day's Entries

JOHN GATTO & SON. 55 TO 61 KING STREET EAST, TORONTO.

CARBOLIC END'S LIFE. Clerk, Said to Be Short in Funds, Found Dead.

Worried by business trouble, Fred Brookhill, 40 years, a clerk employed by the law firm of Singer & Singer, in the Kent building, with whom he was said to be short a considerable sum, was found dead in his bed at 45 Cecil-street last night at 6.15, by Sidney Chesire, another roomer in the house.

DEATHS. GORE—On Thursday morning, Dec. 28, at her residence, 130 Huron street, Katherine Gore, widow of the late James Gore of Mimico.

LONGBOTTOM—Suddenly, on Dec. 28, Margaret Longbottom, beloved wife of C. G. Longbottom, in her 63rd year. Funeral from her late residence, 130 St. Patrick street, at 2.30 p.m. Saturday, Dec. 30, to Mount Pleasant Cemetery. Friends and acquaintances please accept this intimation.

NORWICK—At her late residence, 27 Bevel avenue, on Thursday, Dec. 28, 1911, Mary, widow of the late Henry Norwick, in her 63rd year.

WILSON—At Gravenhurst Sanitarium, on Dec. 28, 1911, Cleveland (Cleve) R., beloved husband of Olive E. Wilson, aged 27 years.

Funeral from his father-in-law's residence, 25 Oak street, on Friday, Dec. 29, at 3.30 p.m. Friends and acquaintances please accept this intimation.

BENT BY THE SUN. The towering Washington monument, said as it is, cannot resist the heat of the sun, poured on its southern side on a midsummer's day, without a slight fracture of the structure, which is rendered perceptible by means of a copper wire 1/4 feet long, hanging in the centre of the structure, and carrying a plummet suspended in a vessel of water.

At noon in summer the apex of the monument is 350 feet above the ground, is shifted, by expansion of the stone, a few hundredths of an inch toward the north. High winds cause perceptible motions of the plummet, and in still weather delicate vibrations of the crust of the earth, otherwise unperceived, are registered by it.

THE WEATHER

OBSERVATORY, TORONTO, Dec. 28. (5 p.m.)—Decidedly colder weather has prevailed to-day throughout Canada, with temperatures much below zero in the western provinces. The disturbance has now passed over Newfoundland.

Minimum and maximum temperatures: Atlin, 18 below—6 below; Prince Rupert, 14—24; Victoria, 35—40; Vancouver, 34—38; Kamloops, 10—24; Edmonton, 24 below—24 below; Battleford, 30 below—24 below; Fines Albert, 35 below—24 below; Calgary, 30 below—10 below; Moose Jaw, 24 below—17 below; Regina, 28 below—15 below; Winnipeg, 24 below—20 below; Port Arthur, 12 below—zero; Parry Sound, zero—20; London, 4—21; Toronto, 13—25; Ottawa, 4—10; Montreal, 8—10; Quebec, 4—10; St. John, 14—24; Halifax, 18—34.

Probabilities—Lower Lakes and Georgian Bay—Fair and cold. Ottawa Valley and Upper St. Lawrence—Fair and decidedly cold. Lower St. Lawrence and Gulf—Strong northeasterly winds; fair and decidedly cold. Maritime—Strong northeasterly winds; a decidedly cold. Superior—Northerly winds; fair and decidedly cold, but some snow flurries. All West—Continued fair and cold weather.

THE BAROMETER. Time. Ther. Bar. Wind. 8 a.m. 30.58 32 N.W. Noon 30.58 32 N.W. 2 p.m. 30.58 32 N.W. 4 p.m. 30.58 32 N.W. 8 p.m. 30.58 32 N.W. Mean of day, 21. difference from average 2 below. Highest, 25; lowest, 18; snowfall, 4.

STEAMSHIP ARRIVALS. Dec. 28. At. From. Laurentic... Liverpool... New York. Man. Shipper... Liverpool... St. John. La. Provence... Havre... New York.

TO-DAY IN TORONTO. Royal Alexandra-Marie Cahill in "The Opera Ball," 8.15. Princess Blanche-Bates in "Nobody's Widow," 8.15. Shea's-Vaudeville, 2.15 and 8.15. Grand-Love's Young Dream, 8.15.

TORONTO SHOULD CREATE METROPOLITAN DISTRICT

Would Assure Proper Planning of City's Outlying Districts—Civic Improvement Committee.

The civic improvement committee, which was created by the city council in February, 1909, has issued a report of their findings. The report says in part:

The legislature should be asked to create a metropolitan district, with the necessary machinery to put in operation the securing and laying out of new roads which shall co-ordinate with and supplement existing streets, thus forming additional arteries.

Pertinent to this question is the following quotation from the third annual report of the traffic branch of the London Board of Trade:

"The time lost daily by millions of people thru insufficient road accommodation is alone equivalent to a loss of money, which, the impossible to estimate with accuracy, must be very large. It should further be borne in mind that the longer the improvements are postponed, the more costly they will be."

Premier Yuan May Quit. CALL FOR MONEY FAILS.

Chinese Princes Decline To Back Losing Cause and Rebels Are Contemptuous.

PEKING, Dec. 28.—(Can. Press.)—The assembly in the palace to-day to discuss affairs connected with a settlement of the revolution, was productive of at least one dramatic incident. The dowager empress, the premier, Yuan Shi Kai, and the princes of the imperial clan were present and the debate waxed so warm that finally Yuan Shi Kai arose and offered to resign.

This, however, was refused. Premier Yuan Shi Kai explained to the princes that he could continue the government and the country, but the princes of the Yangtze only by having funds placed at his disposal. He asked 500,000 to empower him to secure money. He explained that 100,000,000 would meet the payments for the soldiers for five months, after which the south would become disunited and province after province would return to their allegiance to the throne.

Cling To Wealth. But the princes were unmoved. They pleaded lack of money, although most of them are very wealthy. None has an annual income of less than \$100,000. The dowager empress wept, and Yuan Shi Kai showed signs of distress. Then he declared that he could not desert her and the child emperor, and agreed to continue.

It is said to-night that Yuan Shi Kai intends to make another attempt to "four-nation" group, of which three of the countries signified their willingness to furnish a loan three weeks ago. England declining to participate.

Premier Takes Sick Leave. PARIS, Dec. 28.—A Pekin despatch to the Paris edition of The New York Herald, says:

Disgusted at the refusal of the imperial clan to contribute to the war chest, Yuan Shi Kai to-night took sick leave. It is believed that this presages his early retirement from the premiership. He bitterly resents the bad faith of Wu Ling Fang and his party in proposing a national congress and now taking up on a rump, not a representative congress. Yuan fears that a republic means the country's dissolution and believes that the only sane solution is to fight it out, but he is handicapped by lack of money.

Triumphant Revolutionaries. SHANGHAI, Dec. 28.—An imperial edict will not be accepted by the revolutionaries, except in the most liberal form under which a republic can be established without delay, or unless it provides for the recognition of the provisional government, of which Dr. Sun Yat Sen will be elected president to-morrow at the regular convention of the Nanking conference.

Nine Below In Minneapolis. MINNEAPOLIS, Dec. 28.—With unusually low temperatures in all parts of the northwest and Canada, the coldest weather of the season was recorded here to-day when the thermometer reached 9 below zero.

A temperature of 20 below is predicted in the next 24 hours.

WOULD THE SUBWAYS PAY? THEY WOULD—THEY DO IN N. Y.

The Tube in New York Pays 14 per Cent. Gross and Over 8 per Cent. Net on Investment—In 45 Years Earnings of One Would Build Three More Completely Paid for Tubes.

In subway matters New York City has followed a policy which, in certain particulars, is far in advance even of the Chicago settlement ordinances. The subway now in operation will become the absolute property of the city after a term of years without a penny of taxes having been levied to pay for it, outside of the current expenses of the rapid transit commission that designed it and supervised its construction. Yet even this arrangement has proved astonishingly improvident. The subway with its equipment has cost in round figures 100 millions of dollars. The city contributed its credit for somewhat more than half of this amount, while the operating company has put in the rest, for equipment and as a contribution toward the construction cost of the Brooklyn extension.

The subway is now earning a little over 14 per cent. gross and about 8 1/2 per cent. net on the entire investment. The share of the capital contributed by the city is taken care of by a rental that includes interest on the city bonds plus 1 per cent. for sinking fund. Under this arrangement the city bonds can be paid off from the accumulations of the sinking fund in less than 45 years. Meantime the company is earning

on its own investment the average rate for the entire capital plus the surplus profits accruing from the city's share over and above rental, making 16 or 17 per cent. in all. Here is the point. Under its lease the company is not bound to build a rod of extension or to operate a rod if built by the city. The present subway has been inhumanly overcrowded for years. The city has been hard pressed by its debt limit, and for three or four years subway construction was practically at a standstill. And yet the present subway is earning enough money so that if interest and sinking fund charges at the city's rate were allowed on the entire investment and the balance of the profits were put into a separate sinking fund and were permitted to accumulate, within 45 years not only would the present subway with the entire equipment be paid for out of earnings, but an additional fund would be accumulated sufficient to build and equip three or four more subways of equal cost without the necessity of borrowing a dollar on either public or private credit or of levying a dollar of taxes for the purpose. That would mean at least four subways fully equipped and paid for at the end of 45 years.

And this applies particularly to visitors in the city, whom we cordially welcome in our fur showrooms.

Ladies' Fur-lined Coats, Fur Sets and Single Pieces. At 20% DISCOUNTS.

When the customer remembers that this sale means exceptional values, and assortments that cannot be bettered in Canada on the best class of goods, it is worth while to examine the goods and compare the prices.

And this applies particularly to visitors in the city, whom we cordially welcome in our fur showrooms.

10 STOREY BUILDING FOR USE OF TRAVELLERS. Proposal Comes Before Commercial Men—Would Cost \$250,000—Local Option Discussed.

A ten-storey building to cost \$250,000, and to contain sample rooms, billiard parlor, dining rooms, bowling alleys, and so forth, for the use of commercial men of the province, was one of the propositions brought before the Commercial Travellers' Association at their annual election of officers, in St. George's Hall last evening.

James G. Cane, the second vice-president, presented a report from the building committee, and submitted plans for the proposed building, which were laid over, to be dealt with later. After considerable discussion the by-law changing the annual mortuary benefit from \$50 for 20 years to \$60 for 15 years, was passed.

A petition asking the government to grant a commission to look into the hotel accommodation of the province, particularly that of the local option districts, was circulated at the meeting, for signatures. No action was taken by the meeting as a whole, although it was discussed.

The following are the results of the election: President, R. Gammel (acc.); first vice-president, S. Sterling; second vice-president, James G. Cane; treasurer, E. Fielding; secretary, James Sargent; directors, Toronto board, G. Moore, G. Everett, E. J. Zimmerman, G. Dutton, C. J. Fulton, C. J. Silver, A. Cook, W. H. Scott, J. W. Charles; Hamilton board, A. F. Hatch, E. Zimmerman, Charles C. Smith, H. C. F. G. Wright, F. A. Sommerville; Montreal, G. Davros; Kingston, W. H. Graham, W. T. R. Murch; Guelph, H. Thompson; Berlin, M. J. Moody.

ARSON IS SUSPECTED. Mysterious Blaze Near Tavistock Base for Enquiry.

WOODSTOCK, Dec. 28.—(Can. Press.)—An examination, which may develop some sensational features, is in progress at Tavistock. It is in connection with the burning of George Patterson's barn near the village. A year ago Mr. Patterson's barn was burned and he got the insurance. October the new barn was fire-proofed by someone and almost at the same moment flames broke out in a neighbor's barn. Both were destroyed. The West Zorra Insurance Company refused to pay the insurance on Patterson's barn until an investigation was held.

The evidence to-day was directed toward the tracing of Patterson's movements on the night of the fire. Crown Attorney R. N. Ball was present on behalf of the crown and both the insurance company and Patterson are represented by counsel. There are 20 witnesses to be examined and the case will not be completed before to-morrow.

MGR. BELLO BANISHED. LISBON, Dec. 28.—The government has issued a decree banishing for two years Mr. Anthony Mendes Bello, the patriarch of Lisbon, the Bishop of Guarda and the administrator of the diocese of Oporto, from their respective districts. The ground on which the banishment is based is persistent opposition to the organization of cultural associations.

It was reported recently that the government would prosecute Mr. Bello on a charge of conspiring against the government. The name of the patriarch of Lisbon has frequently been mentioned in connection with the creation of new cardinals, it being thought that he was likely soon to receive the red hat.

BAPTIST EDITOR FAVORS VIADUCT. I am in favor of the Bloor-street viaduct, said Rev. Dr. McKay, editor Canadian Baptist, to The World, yesterday. I consider all hardworked citizens should vote for it. It is a necessity and is bound to come. I am quite willing for you to quote me as saying it.

GOVERNMENT BY COMMISSION. A business system that will conduct the affairs of Toronto on strictly business principles is what Sir Edmund Walker recommended for this city at the board of trade's luncheon yesterday.

Sir Edmund stated that if the city was governed by a commission there would be absolutely no chance of waste, while the city's different departments would be placed under heads who would be directly responsible to the commissioners. This plan is now working with great success in Germany. Higher salaries would be required if the right men are to be secured, but the abolition of the board of control and city council would make up for this.

President Falconer, who also spoke, said that Toronto must be governed in the conditions of a large and growing city.

CREDIT TO WHOM 'TIS DUE. The residents in the vicinity of King and St. Lawrence-streets, who opened their houses to the injured in the wreck of Sunday evening, feel very keenly the manner in which some of the papers referred to them. The papers said that the police were the first to give aid, whereas, long before the police ambulances arrived the people of the vicinity threw open the doors of their houses and rendered first aid so far as they could.

Samuel Gos of 33 King-street east, last evening said that at the time of the accident there was not a jack or a crane to be found to raise the car and that fifty men got hold of the side and raised it up while others drew the injured and dying people from underneath.

YORK COUNTY West Toronto North Toronto East Toronto

N. TORONTO HAS GOOD LINE OF CANDIDATES Busy Times in York Township—General News of the County—Suburban Doings.

NORTH TORONTO, Dec. 28.—(Special.)—The present municipal contest in the Town of North Toronto, is not apparently so on the surface, as one of the keenest held in recent years, and gives every indication of bringing a very large and representative vote.

Among the men who in the coming year ought to sit at the council board of North Toronto is Frank Howe, the late chairman of the board of works, and one who during his four or five years of municipal life has given his very best ability and conscientious labor to the town.

Another good man, who goes ahead day after day in the straight, honest discharge of his duty municipally and otherwise, is Walter Muston, who this year was chairman of the finance committee. One of the most responsible, careful, economical, but without progressive and largely interested in North Toronto values, Walter Muston is one of the type of men this town needs at this critical time in its history.

Most North Toronto people know Herb Ball personally, and he should stand well among the new candidates who are to be elected.

R. L. Baker comes before the ratepayers for endorsement as a business man, with no entanglements, a free mind, splendid executive ability and a record for sound judgment amongst his business associates. He is head of

attached to the expropriation proceedings along the parallel roads.

RICHMOND HILL, Dec. 28.—(Special.)—On New Year's Day this village will vote on a bylaw to issue debentures for the sum of \$5000 for the installation of the necessary plant for the lighting of the town by electricity.

Richmond Lodge, A. F. and A. M. held its regular meeting last night, the "Festival of St. John the Divine."

CLAREMONT VOTES ON BYLAW. Claremont will vote on New Year's Day on a bylaw to raise by way of debentures the sum of \$1500, for the putting down of cement and concrete sidewalks.

TOM GRIFFITH FOR DEPUTY. Third-deputy Reeve Tom Griffith is meeting with all the success that a fellow need want in his candidacy in York Township, and is conducting a strong personal campaign.

RICHMOND HILL, Dec. 28.—(Special.)—On New Year's Day this village will vote on a bylaw to issue debentures for the sum of \$5000 for the installation of the necessary plant for the lighting of the town by electricity.

CLAREMONT VOTES ON BYLAW. Claremont will vote on New Year's Day on a bylaw to raise by way of debentures the sum of \$1500, for the putting down of cement and concrete sidewalks.

TOM GRIFFITH FOR DEPUTY. Third-deputy Reeve Tom Griffith is meeting with all the success that a fellow need want in his candidacy in York Township, and is conducting a strong personal campaign.

MEASURES ENDORSED As a candidate for the suffrages of the Town of North Toronto ratepayers and more to the legislature.

ELECTION CARDS

FRED MILLER FOR COUNCIL. The canvass being made by Ex-Councillor Fred Miller of Laurier-avenue, Bracondale, for re-election to the York Township council, is meeting with the most gratifying success in all parts.

WEST TORONTO, Dec. 28.—(Special.)—The Victoria Minstrel Club, formed from members of the Young Men's Bible Class of Victoria Church, gave their first entertainment to-night in the basement of the church.

A meeting in the interests of ex-Councillor Thomas Foster was held in the Public Library Auditorium last night, when Mr. Foster, who left immediately after speaking to attend a meeting at Euclid-avenue O'ange Hall, Mayor Geary and Controller Hocken also addressed the meeting.

Opinion around town is somewhat divided on many of the big projects under consideration and now up before the ratepayers for settlement.

Before the citizens of North Toronto decide to expend \$300,000 in bringing water from Lemonville, they will act wisely if they examine the question from more than one viewpoint.

It is well-known that the municipalities of Whitby, Markham and Stouffville view with alarm any proposal to take large supplies of water from the Lemonville district, and if the views held by the citizens of North Toronto upon this question are founded upon a reasonable basis, the citizens of North Toronto should be as anxious to avoid any such proposal.

There can be no conflict of interest upon this question between North Toronto and the other municipalities. Markham and Stouffville, on the other hand, if the arguments of the interested individuals, who are promoting this scheme, are well founded, the municipalities of Whitby, Markham and Stouffville have nothing to fear; but, on the other hand, if these arguments are false, the Town of North Toronto, if it acts upon them, will work great injury upon its sister municipalities, and at the same time will not enrich itself, but will lose the capital which it may have invested in its undertaking.

WM. LOGAN, PICKERING, PASSES AWAY. William Logan of Pickering died yesterday at the age of 70 years. He was the postmaster of that town for 15 years, under the former Conservative government. He had lived there all his life and was a merchant. He leaves a widow and three sons, Fred of Toronto, Dr. Frank of Detroit, Walter W. of West Lorne, and one daughter, Mrs. R. M. Stewart of Markham.

TODMORDEN RATEPAYERS MEET. An enthusiastic meeting of Todmorden ratepayers was held in Bates' Hall last night, when addresses were delivered by J. Nelson, ex-deputy reeve of York Township, and S. F. Sylvester, both of whom are candidates for the York Township Council. Municipal affairs were under discussion and the meeting pledged its unanimous support for both these candidates.

LUNCH FOR DE PACHMANN. Prof. and Mrs. Michael Pachmann entertained at a luncheon on Saturday in honor of Vladimir de Pachmann, who was passing thru to Winnipeg. The guests included Miss Grace Smith and Mrs. James Taylor, and after luncheon the virtuosos kindly played for the company, and also listened with interest to some numbers played by Prof. Pachmann's pupils, Miss Williams and Mr. Carpenter, to whose playing and tuition he gave unstinted praise.

PASTOR HAS ALIBI. KANSAS CITY, Mo., Dec. 28.—A congregation in Quinlan, Texas, was hearing Rev. Charles M. Brewer preach a sermon on "Practical Christianity" at the time of the blowing up of the government bridge at Fort Riley, Kansas, in which the pastor's name was implicated through a confession of Private Michael Quirk, according to a statement made here to-day by Rev. Mr. Brewer. The minister was passing thru the city on this way from Okla., to his home, to Fort Riley, where, he says he will investigate the conditions leading up to his arrest, and demand an explanation of government officials.
