UNPARALLELED TESTIMONY TO BRITISH FLEET

BRITISH FLEET GETS TWENTY MORE U-BOATS

One Other Sunk on Way to Rendezvous Off Harwich.

CREWS INSUBORDINATE

Men on One Craft Found Intoxicated—Revolutionaries in Control.

London, Nov. 22.—Twenty more German submarines were surrendered to Admiral Sir Reginald Halliday on the morning of the 22nd. This makes a total of 59 submarines thus far handed over. There would have been 21 surrendered today, but one sank during the night.

A correspondent with the British naval forces says that just before noon a cruiser came into sight, followed by the German submarines and a German transport. The transport took place in the harbor on account of the heavy sea running. The majority of the submarines were large and nearly all were fitted with wireless equipment.

When the Germans arrived it was noticeable that the revolutionary element was decidedly present. Some of the officers had removed the Prussian eagles from their caps and replaced them with a sort of red badge that recognizes the authority of the sailors' and soldiers' council. There seemed to be little discipline among the lot. The men took very little notice of anything said to them. One shouted: "No officer—no Kaiser."

Some of the Germans were exceedingly anxious to see English as they possessed, while others suppressed their accomplishments in that direction with equal care. One German officer, who was inclined to be communicative, attached himself to the correspondent and said he worked in London before the war. He added: "I had no intimation, as many of us had, that we should be wanted in the summer of 1914 when I went back to Germany a month or two before war was declared. I was not in the submarine service at first, but volunteered for it and had a fair share of luck. You British say it was not fair fighting, but we Germans believe that the end justifies the means. Then you complain that we shoot your men while they are in the water. Why not? The men might be saved and fight us another day. We should be glad to let them go."

The crew of one submarine, with the exception of an officer, were all intoxicated. The crew of another submarine, with the exception of an officer, were all intoxicated.

BRUGES PEOPLE WANT TO PUNISH TEUTONS

"We Must Go Into Germany," Exclaims One Shopkeeper, in Indignation.

Bruges, Nov. 22.—The civil population of Bruges is much more bitter toward the Germans than the soldiers who have fought them for more than four years. Terms of bitter hate and a demand of revenge come from the civilians alone, the soldiers grin sardonically.

The correspondent entered a cigar store when an aged woman sold him a villainous cheroot, a relic of German occupation. She launched into a violent denunciation of the invaders. "The war must not end like this," she declared. "We must go into Germany; we must make them suffer and expiate their crimes." On the day of departure, she said, the Germans had robbed her store of \$500 worth of the best cigars and cigarettes.

On the grand palace, in the shadow of the famous belfry, an irate citizen was denouncing with many gesticulations against the invaders. "The pigs! The snakes!" he shouted. "Shall they escape punishment? Will they not suffer any of the hardships they inflicted upon us? Shall they not salute our officers while their soldiers are pushed into the gutters as our solders ease on the sidewalks? It is inconceivable that their women are to be spared the humiliation of begging for passports as our women had to do."

This citizen was a hotelkeeper from whom the Germans had requisitioned 2,000 bottles of wine from the hotel cellar, according to the statement of one of his auditors.

SASKATOON TO LIFT BAN

Saskatoon, Sask., Nov. 22.—At a special meeting of the city council tonight it was decided that the ban on public gatherings, churches, theaters, dance halls and pool rooms be lifted. Places of amusement in this city have been closed for five weeks owing to the influenza epidemic.

German Naval Surrender Testimony Without Parallel

LONDON, Nov. 22.—After the surrender of the main instalment of the German fleet off the Firth of Forth Thursday, Vice-Admiral Sir David Beatty, commander-in-chief of the grand fleet, issued the following message to the men of his command:

"I wish to express to the flag officers, captains, officers and men of the grand fleet my congratulations on the victory which has been gained over the sea power of our enemy. The greatness of this achievement is in no way lessened by the fact that the final episode did not take the form of a fleet action. Altho deprived of this opportunity, which we had so long and eagerly awaited, of striking the final blow for the freedom of the world, we may derive satisfaction from the singular tributes which the enemy has accorded to the grand fleet."

"Without joining us in action he has given a testimony to the prestige and efficiency of the fleet without parallel in history, and it is to be remembered that this testimony has been accorded to us by those who were in the best position to judge."

"I desire to express my thanks and appreciation to all who have assisted me in maintaining the fleet in instant readiness for action, and who have borne the arduous and exacting labors which have been necessary for perfecting the efficiency which has accomplished so much."

M'ADOO RESIGNS TO MAKE MONEY

Democratic Hope for President Quits Office to Replenish Fortune.

ALSO REQUIRES REST TO MAINTAIN BALANCE

Salary in Public Service Falls Short of Value to State.

Washington, Nov. 22.—William G. McAdoo has resigned office as secretary of the treasury and director-general of railroads, to leave the treasury on the appointment of a successor, and the railroad administration on Jan. 1 next. It was announced tonight that he had asked President Wilson to relieve him now that the war is over so that he might return to private business after six years in office.

President Wilson has acceded to Mr. McAdoo's request and accepted his resignation. Retirement was necessary, Mr. McAdoo said, because of "inadequate compensation" allowed cabinet officers.

The secretary also explained that he is seriously in need of rest, altho there is no actual impairment of his health. The secretary plans to take about three months' rest and then may resume the practice of law in New York. The president, in his letter of acceptance, expressed regret at the secretary's resignation, referring particularly to Mr. McAdoo's "distinguished and altogether admirable service rendered the country in both posts."

Mr. McAdoo said that he had intended to resign before March 4, 1917, but remained because of pressing war problems. As yet there is no suggestion of who Mr. McAdoo's successor may be, either as secretary of the treasury or as director-general.

McAdoo was often discussed as one of the presidential possibilities in 1920. He will give up the portfolio of the treasury as soon as a successor is selected. He wished to relinquish his duties as director-general of American railroads by next Jan. 1, but he will remain in office a little longer, if the president has not chosen a successor.

It was said that the remuneration of McAdoo in his public office was entirely insignificant as compared with his potential earnings as a private citizen. One usually well informed personage said that the services of McAdoo were worth \$200,000 a year at least.

BRITISH OCCUPY NAMUR IN ADVANCE TO RHINE

London, Nov. 22.—Field Marshal Haig's communication dealing with the progress of the British army of occupation, issued this evening, says: "Yesterday evening our advanced detachments occupied Namur and crossed the Meuse south of the town. Today the march has been continued along the whole front."

"Our troops have reached the line of the River Ourthe, and are approaching the Ambresin. The progress of the British army of occupation, issued this evening, says: "Hundreds of German guns and a number of machine guns and trench mortars passed into our possession in the course of our advance yesterday."

COALITION SWEEPS ALL BEFORE IT IN BRITISH ELECTIONS

Return of Lloyd George Government Seems Practically Assured.

WOMAN VOTE PUZZLES

Indications Point to Army's Support of Premier in Contest.

By Arthur S. Draper.

London, Nov. 22.—The war election campaign began this morning with a number of members of parliament left London to open the campaign in the outlying districts, lamenting the absence of the usual railroad facilities.

The coalition so far has swept all before it in the direction of election of candidates thru the usual campaign, there is still fear among the most firmly held members regarding the opposition of the local candidates as well as the unknown viewpoint of the women.

The attitude of the army, only a fraction of which will probably be able to vote, seems quite apathetic at the present moment, and likely to remain so until its return, but an overwhelming majority is inclined to support Lloyd George blindly to this election, and all signs point out that the new women voters are doing the same.

The most inexcusable feature in the struggle seems to be in the position of the industrial population in the north of England and the south of Wales, but the present disinclination of the labor leaders to take bold lines is likely to neutralize the anti-coalition feeling existing.

CLYNES REFUSES OFFICE ON LABORITE DEMAND

London, Nov. 22.—Speaking at Nottingham tonight John R. Clynes announced that in accordance with the demand of the labor party he would not accept office under the new government.

The British Labor party at a conference on Nov. 14 decided to withdraw its members from the cabinet at the close of the present parliament.

Hugh Clark Succeeds McCurdy in Civil Re-establishment

Ottawa, Nov. 22.—It is announced by Sir James Loughheed that Hon. Hugh Clark, parliamentary secretary for the department of militia and defence, has taken over the duties of parliamentary secretary for the department of soldiers' civil re-establishment in succession to Hon. F. B. McCurdy.

AMERICAN FORCES BEGIN GOING HOME

Command in France Prepares to Send Back the Sick and Wounded First.

Headquarters of the American First Army, Nov. 22.—While as an effective military force the American army remains intact, the homeward movement has already begun. Construction of all kinds has been stopped and contracts and deliveries cancelled where possible, and the men whose services have been in these and other lines of activity are either en route to ports or plans for their embarkation are under way.

The first to go will be the sick and convalescent wounded. These will be sent home with the greatest possible expedition. Certain divisions, exhausted by replacement drafts until only the skeletons remain, also are going home.

One of the biggest of the present problems is the land transport to the sea. With the coming of winter the French need almost the entire capacity of their railroads to distribute fuel, food and other supplies through the country. This will delay the shipment of Americans.

The arrangements for the return of the American army are being handled by Mr. Mackenzie, G. C. Cassels, and J. R. Clarke. These gentlemen will continue in charge of territory now under their respective supervision as follows:

Mr. Cockburn will cover Quebec, maritime provinces and Newfoundland branches; Mr. Mackenzie, former general manager of the Bank of Montreal, will continue in charge of territory now under the supervision of his old bank, now part of the Bank of Montreal system; Mr. Cassels will continue as head of the London office, and Mr. Clark's duties will be connected with the Ontario branches, of which he has been superintendent for some time past.

With the exception of Mr. Cassels at London, the headquarters of the assistant general managers will be in Montreal.

DUTCH DEFEND GIVING ASYLUM TO EX-KAISER

Government Declares it Granted Residence to Wilhelm as Private Individual—Asks Allies to Respect Refuge According to Custom.

Paris, Nov. 22.—The Dutch legation today published a note containing a declaration by the president of the Netherlands Council of Ministers to the chamber of deputies, saying that the German ex-emperor entered Dutch territory after his abdication as a private personage. The note says that the kind of refuge granted to him is similar to that given to foreign refugees, and that the government could not make any exception on account of his former position when he asked to be admitted to Dutch territory.

This does not prevent the government, says the note, from carrying out the duty of watching that the ex-emperor does not commit any abuse of asylum which would render hospitality detrimental to the interest of the country. The note adds that the Netherlands Government does not believe that foreign governments whose subjects so often have had the benefit of Dutch refuge, will refuse to respect national tradition or to remember instances when they themselves gave hospitality to dethroned monarchs.

In addition the note says that the ex-emperor has no, in a single instance left the palace of the Amstergaan Castle, where he is interned.

EX-EMPEROR GUARDED AGAINST ASSASSINATION

Wilhelm's Life in Germany Declared to Be Not Worth One Hour's Purchase—Crown Prince Also Pursued by Universal Hatred.

London, Nov. 22.—From a special investigation in western Germany, the correspondent of The Daily Mail at The Hague has ascertained that there is considerable hostility against the ex-emperor and his eldest son. The correspondent says that after Wilhelm, Hohenzollern, had entered Holland a thousand German soldiers arrived at the frontier and demanded that they be allowed to pursue and kill him. They were turned back by the Dutch frontier guards.

The correspondent does not believe that the ex-emperor could reach Berlin in safety, no matter what guarantees might be given. The former crown prince is universally hated also, and is greatly despised.

His life in Germany, the correspondent declared, would not be worth an hour's purchase. He is under the closest guard in Holland, owing to fears of an attack.

Much publicity is being given to the fact that the ex-emperor, Wilhelm, is being guarded in Holland, respectively the second and fourth sons of the ex-emperor, and the correspondent's impression is that the ex-emperor's life is being guarded in Holland, respectively the second and fourth sons of the ex-emperor, and the correspondent's impression is that the ex-emperor's life is being guarded in Holland, respectively the second and fourth sons of the ex-emperor.

CANADA TO CLAIM BILLION DOLLARS

Financial Paper Says Borden Will Ask That Sum Be Spent in Dominion.

Montreal, Nov. 22.—The Financial Times is informed on authority which cannot be at present disclosed, that the chief claim which will be presented on behalf of Canada by Sir Robert Borden at the peace conference will be for the expenditure of one billion dollars in Canada, of the amount of which the government of the enemy in reparation for his devastation in France and Belgium.

Canada will not, we understand, present any claims for a cash grant to compensate for any part of her war expenditures, nor ask for any territorial compensation.

In view of the fact that a large part of the materials necessary for the reconstruction of Belgium and France, must necessarily be provided from outside of those countries, Canada will seek to receive a fair share of the orders for such materials, and the amount of one billion dollars, to be expended over a period of two years at the rate of \$500,000,000 a year, has been decided as a reasonable proportion.

BANK OF MONTREAL ENLARGES EXECUTIVE

Appoints Four Assistant General Managers in Place of One, as Formerly.

Montreal, Nov. 22.—As a result of the large expansion of business reflected in the annual statement published yesterday, the Bank of Montreal directors have decided to enlarge its executive staff by the appointment of four assistant general managers in place of one, as formerly.

The new appointments under this arrangement are Francis J. Cockburn, H. B. Mackenzie, G. C. Cassels, and J. R. Clarke. These gentlemen will continue in charge of territory now under their respective supervision as follows:

Mr. Cockburn will cover Quebec, maritime provinces and Newfoundland branches; Mr. Mackenzie, former general manager of the Bank of Montreal, will continue in charge of territory now under the supervision of his old bank, now part of the Bank of Montreal system; Mr. Cassels will continue as head of the London office, and Mr. Clark's duties will be connected with the Ontario branches, of which he has been superintendent for some time past.

With the exception of Mr. Cassels at London, the headquarters of the assistant general managers will be in Montreal.

RUSSIAN DICTATOR TO RESTORE ORDER

Admiral Kolchak Takes in Hand Rehabilitation of Former Empire.

Vladivostok, Nov. 22.—The first proclamation of Admiral Alexander Kolchak as dictator and commander of the all-Russian army and fleet, is addressed to the people of Russia. It is dated at Omsk, Nov. 19, and declares the aims of the dictatorship.

These aims are: The creation of a fit army, the conquest of Bolshevism, the organization of right and order, so that the people can select the form of government they desire without hindrance and be able to achieve their ideas of liberty.

The proclamation appeals for united action in the struggle against Bolshevism, and continues: "The all-Russian Government has gone to pieces. Having decided to bear the burden of the cross, I declare I will not follow the road of reaction or the road of a party struggle which would lead to oblivion."

Lieut.-Gen. Horvath has issued an appeal to the people to remain quiet during the transition period, assuring them that "a single firm authority will bring a return of the former glory of our ruined and exhausted country."

The censorship at Omsk is strict and only official despatches are arriving here. It is understood that General Semenov, the anti-Bolshevik leader in Siberia, refuses to recognize the dictatorship of Admiral Kolchak.

LORD ROBERT CECIL HAS RESIGNED OFFICE

Disagreement With Premier Over Welsh Disestablishment Results in Retirement From Cabinet.

London, Nov. 22.—Lord Robert Cecil, under secretary of state for foreign affairs, has resigned.

The cause of Lord Robert's resignation is declared to be a disagreement with the government in regard to the disestablishment of the Welsh Church. Premier Lloyd George has accepted the resignation.

Mr. Cecil will cover Quebec, maritime provinces and Newfoundland branches; Mr. Mackenzie, former general manager of the Bank of Montreal, will continue in charge of territory now under the supervision of his old bank, now part of the Bank of Montreal system; Mr. Cassels will continue as head of the London office, and Mr. Clark's duties will be connected with the Ontario branches, of which he has been superintendent for some time past.

MORE SCHOLARSHIPS FOR UPPER CANADA

Proposed Free Education for Sons of Fallen U.C.C. Old Boys.

Principal Grant opened his address by a review of the college work for the year, and then proceeded to outline plans for scholarships which he hoped would come to fruition in the near future.

"We are turning out boys from Upper Canada College who will be a credit to our Canada in the future," said Principal Grant. "And in memory of the U. C. C. students who have died in Europe, we must keep up the record. Canada will need leaders, and U. C. C. is eminently fitted to supply them."

Over one thousand former students enlisted for overseas, and of these 152 had made the supreme sacrifice. Speaking of scholarships he said, "Small scholarships are of no avail to draw to us boys who would not otherwise come, but a scholarship of \$400 or \$500 a year for at least three years would enable many a parent whose means now keep him below our line to rise above it. Such scholarships should be of at least three kinds, open to youths of the allied countries, to sons of 'Old Boys,' and a special provincial scholarship."

Principal Grant was able to make the announcement that already a memorial scholarship of \$500 a year for three years, to be awarded annually, had been endowed by Major Gordon H. Southam. He further proposed that the sons of all "Old Boys" who have fallen in the war be entitled to free education in their fathers' old school.

Among those who presented prizes and delivered short addresses were Sir John Hendrie, Lady Hendrie, Mayor Church, Sir Robt. Falconer, Rev. Colin Fletcher, Major-General Legie, Dr. Chown and Bishop Sweeney, Col. Dennison and Sir John Willison.

Old Boys' Association.
Prior to the prize-giving, the 27th annual meeting and luncheon of the old boys was held, with a good attendance. Reports of the work of the association were presented, and interesting accounts given of the doings of old boys at the front and elsewhere. Christmas remembrances were sent to the old boys abroad on active service. The matter of war memorials was referred to the committee and a dinner is to be held to welcome the returned old boys and to commemorate the 90th anniversary of the school.

DISCUSS PENSION PROBLEMS.
The Central Branch of the G.W.V.A. has been working harmoniously with the board of pensions for some time past and members of the board in Toronto have offered to take up each complaint thoroughly. Major Buchanan, traveling commissioner, is expected in Toronto shortly and the central branch hopes to have him address the next general meeting upon various phases of the pensions problem.

ALL WORKING FOR CARS AND ROADS TO LEASIDE

The City, the Government and the Railway Commission Engaged on Problem.

All of a sudden there is a great demand for roads and street cars to Rosedale and Leaside, where the military hospital (Rosedale), the military clearing station (Rosedale Heights), the National Railway yards and shops (Leaside), the Leaside munition plant, the aviation camp (Leaside) are located. The buildings at the latter may be used for demobilizing and hospital purposes as soon as the flymen can be discharged.

Three plans are proposed: First, a street car service from Yonge street (near the North Toronto station) across the Reservoir ravine, up the hill to Moore avenue, and east into Leaside, where the railway yards are, and then north to the munition plant, to the aviation camp. It is believed that plans for such a service are now being submitted to the Dominion Government.

Another proposal is to run a local railway shuttle train service from West Toronto to Leaside, stopping at Dufferin, Bathurst, Yonge, Rosedale, Leaside, etc. The C.P.R. or the C.N.R. would do this.

A third plan is proposed to reach Leaside by the Bloor street viaduct across the Don and then up Pape avenue and Leslie street to the river, across the valley by a bridge (just over the C.N.R. tracks), then up the hill by Thorncliffe race track, and out west and north to the Leaside establishments. This plan is supported by Tomnodden people, who wish to get across to Leaside. Toronto Railway has to extend its Gerrard street line up to Danforth avenue by Pape avenue, and it is now proposed to carry it over to Leaside, as above.

This last line may be assisted by a motion now before the board of railway commissioners at Ottawa, made by the Davies estate to compel the Canadian Pacific and the Canadian Northern to maintain an old road on the Lea farm across their tracks near Leaside station. Where there was only one track, not so long ago, the two companies have now or are planning for a dozen. If the board makes the order as the Davies ask, the railways may be willing to contribute toward a new road running south and across the river to Leslie street and down Pape avenue. In many respects this would be the best road to build from Leaside, tho it would not serve the Rosedale section. The judgment of the railway commission is expected any day. The Davies estate would give a right of way on a road through their property over to the Don road.

The city, Township of York and Town of Leaside are all interested.

WILL LIFT SAN IN WINNIPEG.
Winnipeg, Nov. 22.—Seventeen deaths and 131 new cases was the toll of the Spanish influenza epidemic here today. Tomorrow the date of the raising of the "flu" ban will be known. If there is no increase in cases, its announcement for midnight Saturday is very certain.

PLAYS PICTURES AND MUSIC.

Lady Minstrels at Princess.

Coming to the Princess next week is "Lady Beautiful Minstrels," a company composed of 50 clever young ladies. There will be the usual Wednesday and Saturday matinees. The entertainment, despite its unique construction, being a combination of high-class vaudeville, comic opera, travesty, fashion show, and last, but not least, clinging to the traditions earned thru the development of modern minstrelsy, is exclusively the genius of the present day women. The book, the music, stage effects, ideas, distant features, designing of costumes, scenery and other ingredients, is the work of women. There is not a man in the cast. It is exclusively a show of feminine suggestion, origin, production, staging and accomplishment, and thereby complete and up-to-date. It compares most favorably with other minstrel offerings presented exclusively by men.

"The Very Idea," Coming. "The Very Idea," the best laughing show of the season, will be the attraction at the Royal Alexandra all next week commencing Monday evening with matinees on Wednesday and Saturday. This is a farce that kept New York laughing for months at the Astor Theatre and which the Metropolitan critics unanimously declared was the funniest show in years.

William LeBaron wrote it, and although the author travels on thin ice, he navigates his characters with a master hand and nothing results but hearty laughter. The story of the play is woven around a childish couple who desire an heir. They are thinking of adopting when they are persuaded not to do so. They are induced to try a friend's pet scheme—a healthy couple of his own selection. For the prospective parents he selects his own chauffeur, and the Goodhue's buxom parrot-maid. They are in love with each other and intend to marry, anyway, and for a large monetary inducement they promise to turn over the first child to the childless couple to adopt. But in the end they balk and there is left a complication of situations that causes all the laughter.

"The Man They Left Behind," is the title of the new secret service play which will be the offering at the Grand next week for its first presentation in Toronto. It is a story of that phase of the world's war which touched every one of the millions on this continent. The plot is founded upon facts and centres around the adventures of an operative of the United States secret service—a young man of military qualifications who was left behind to fulfil his duties for the government and who was called a slacker. The man they left behind is a play of mystery, love, loyalty and duty and comes highly commended as a timely offering and a stage production of merit.

During the week at the Grand the regular Wednesday and Saturday matinees will be given.

Next week at Shea's Theatre Blanche Ring will head the bill. The show is one of the biggest of the season, with plenty of novelty, comedy and good music. The special

extra attraction is Lois Josephine and Tyler Brooks, both musical comedy favorites who have joined forces for a short vaudeville season. Jimmie Lewis and his company present "Wild Ravings of 1918." Two pretty young women and a male constitute the Gardner Trio, who offer a pretty dancing act. Johnny Jones and Marion Greenlee present their domestic skit, "What Did You Do?" Dave Roth's act is called "Versatility." O'Donnell and Blair are newcomers who have a bright sketch.

Loew's Next Week.
"Under the Yoke," a romantic episode of the Philippine Insurrection, featuring Theda Bara, next week at Loew's Theatre and Winter Garden, presents the star in a character entirely different from those she impersonated in the past. An all-star array of vaudeville features will introduce Zuhn and Dreis, offering original melodies and nonsense; Geo. Barber, Carrie Thatcher & Co., former film stars, in a clever "Clubs Are Trump," showing the wrangles and tribulations of a married couple; the Jack Arnold Trio, who dance with elite grace and sing Broadway successes; Barry and Layton, who mingle entertaining patter with a routine of skating; Bell and Eva, in a unique eccentricity, "At the Fountain." The Two Lilies, in a graceful combination of songs and dances, and Barry and Layton, offering unique bits of humorous and artistic versatility. Loew's current war pictures, and the "Mutt and Jeck" animated cartoons, complete the bill.

At Shea's Hippodrome.
Theda Bara, the great emotional actress, will be featured at Shea's Hippodrome next week in the latest release, "The Rose of Blood." It is a thrilling story and shows her at her best. Lettie Bergs and Company in "The Old Folks at Home," have a clever sketch with plenty of bright material, while Knute Erickson and Flavia Arcara have a novelty offering. Roth and Roberts are eccentric comedians with new song and dance eccentricities, while the Nelson Sisters have a novel novelty. The Dancing Cronins, Allman and Woods, dance-faced comedians, and the Pathe News are also included in the bill.

At the Gayety.
Everything new from top to bottom is the announcement made by the management of Jack Singer's "Behman Show," which will be seen next week at the Gayety Theatre. Every inch of scenery for the burlesque, every costume worn by the prima donna, the burlesquers, and the chorus girls, and every act on the bill, will be completely new. Mr. Singer, who is the sponsor for the Behman Show, promises a better show than the average.

"Innocent Maids" at Star.
Possessing peculiar pleasing possibilities is a correct definition of what the Innocent Maids are this season which comes to the Star Theatre commencing Monday. No expense has been spared to make this organization stand in the front line of successes this season. The cast comprising as it does, all well-known performers, consists of Mitty Devere, Irish comedian; Bob Nugent, Jew comic; Jim Horton, tenor; Al Turpie, juvenile; May Walsh, vocalist; Belle Costello, comedienne; Kitty Madison, and a chorus of clever young ladies. The whole show is augmented by eight scenic masterpieces. In addition to this there is a novelty from the music

"Fruit-a-tives" is certainly a wonder. For a year I suffered with Rheumatism; being forced to stay in bed for five months. I tried all kinds of medicine, but without getting better; and thought I would never be able to work again.

"One day while lying in bed, I read about 'Fruit-a-tives,' the great fruit medicine; and it seemed just what I needed, so I decided to try it."

"The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me. I have every confidence in 'Fruit-a-tives' and strongly recommend them to every sufferer from Rheumatism."

balls of Europe interpreted by Mile. Otero and Company in a series of Parisian plastic poses.

Two Features at Regent.
With Charlie Chaplin in his newest million dollar comedy, "Shoulder Arms," and Bert Lytell, starring in "Unexpected Places," the Regent Theatre will present next week one of the most pretentious programs in its history. Chaplin has a side-splitting comedy in which he appears as a member of the awkward squad, or in the trenches with their mud and "cooties," and again in the guise of a German officer. Bert Lytell is a star of renown and his production alone would attract lovers of motion picture art. Frank Bessinger will sing, the Graphic has new news pictures and the famous Regent orchestra will enliven the proceedings.

Chaplin at Strand.
For the whole of next week a

"Double-header" bill will be presented at the Strand.

One of the big features is Charlie Chaplin's second \$1,000,000 picture, and by common consent it is far and away the greatest triumph of genius for which he has been responsible.

The Strand are pleased to be able, in pursuance of their policy of showing first Chaplins first in Toronto, to present this masterpiece to their patrons. Each day the picture will be shown at 11.30 a.m. and at 3.10, 5.00, 6.45, 8.30 and 10.15 p.m. The other feature will be Tom Moore in "Just for Tonight."

Alice Joyce at Madison.
The delightful Viagraph production, "Everybody's Girl," which is the screen version of the splendid O. Henry story, "Brick Dust Row," will form the feature at the Madison Theatre on Monday, Tuesday and Wednesday next. Alice Joyce is the star and the production is directed by Tom Terriss.

"Take It From Me."
"Take It From Me," a new musical play, comes to the Royal Alexandra for the week of Dec. 2 and matinees on Wednesday and Saturday, with a high production a metropolitan cast of distinction and a musical score which is said to surpass any of the recent shows of this classification. The artists presented are such well-known people as Vera Michelena, Marjorie Gatenon and many others. Reserved seats will be placed on sale Wednesday morning for all performances.

Conan and Harris' New Comedy.
"Going Up," Conan and Harris' radiant musical comedy, will be seen at the Princess the week of Dec. 3. It has proved its worth to a place at the head of the list of catching hits that have made Conan and Harris famous all over America. With its catchy music and its splendid dancing features added it is a surest kind of a winner.

"In Old Kentucky."
Twenty-six years is a long time for a play to be constantly before the public. When you think of the number of years "In Old Kentucky" has been before the public it is nothing short of marvelous. Father was a boy when first he saw this grand old play. He's a man now, but his appreciation of the play is as keen as ever, and altho he knows every scene, almost every line, he never fails to go. The wonder of the amusement world is "In Old Kentucky." It comes to the Grand week of December 2.

Cannibals of the South Seas.
Most interesting are the motion pictures of Martin E. Johnson's "Among the Cannibals of the South Pacific," which will be shown in Massey Hall for seven days, commencing tonight, at 8.15. These are an animated record of the cruise of exploration made by Mr. Johnson and his wife among the far-off and little-known cannibal islands of the South Pacific. Mr. Johnson took every foot of the pictures himself, securing an absolutely authentic and unstaged reproduction of life among the least known peoples of the earth. He will describe the cruise of afternoon and evening performances throughout the week.

NEW HOME OF C.N.R. ON EAST ADELAIDE ST.

Old Imperial Hotel Has Been Taken Over for General Office Purposes.

Just as soon as the necessary alterations are completed the Canadian Northern Railway will take over the building at present known as the Imperial Hotel, 7-9 East Adelaide street. The leases were signed last evening and final arrangements made. The building, which has not been occupied for some months, will be used for general offices of the railway, but no statement has been made as to exactly what branch of the line will be accommodated there.

There is no intention, it was learned, to remove the executive offices from King and Toronto streets, but as almost all departments in other buildings throughout the city are crowded, immediate relief for these will be obtained. There is sufficient demand for extra room to take up all of the new quarters immediately.

It is expected that the alterations will be commenced at once.

TAXPAYERS TO BEAR ADDITIONAL BURDEN.
Finance Commissioner Bradshaw stated to the press yesterday that the proposed new government land and income tax, if inaugurated, would not replace the civic taxes, but would mean an additional burden on the taxpayer.

"That is the way I read it," he said. "As to the extent of the extra tax, I have no knowledge, as it is only a tentative proposal," he said.

The Play from Which the Film Is Made Sweeps New York Like a Cyclone!
THIS is the grand cheer-up picture of the day. It is the happy peace film! There has never been anything like it before. The conflict just closed has produced an epoch-making motion picture that will brighten the folks at home and the boys coming home as no other force or agency can.
THE quickest possible way to forget the troubles now past is to smile them away with Old Bill, Bert and Alf, the three famous musketeers of the British army.
"THE BETTER 'OLE" is a succession of stinging emotions, with alternating flashes of humor and pathos, connected by the wittiest situations and sub-titles ever seen on the screen.

UNIFICATION OF ALL GOVERNMENT RAILWAYS

C.N.R. Directorate Control Inter-colonial, P. E. I. R. and National Transcontinental.

TELEGRAPH CHANGES

Public Works Department Lines Consolidate With G.N.W. and G.T.P. Branches.

The Canadian National Railway system has been founded out by formally placing the inter-colonial, the Prince Edward Island Railway, and the National Transcontinental under the management and control of the Canadian Northern directorate.

The board spent a busy day making a number of changes and promotions in connection with the unification of the government railways, which were announced at the conclusion of the meeting by President D. B. Hanna as follows:

Mr. C. A. Hayes, heretofore, general manager of eastern lines of the Intercolonial Railway, will be headquartered at Montreal, has been appointed vice-president in charge of traffic of the system, with headquarters at Toronto.

Mr. S. J. Hangerford, heretofore general manager of Canadian Northern Railway, eastern lines, has been appointed assistant vice-president with headquarters at Toronto.

Mr. F. P. Brady, heretofore general manager of the National Transcontinental lines, with headquarters at Winnipeg, has been appointed general manager of eastern lines of the system, with jurisdiction over all lines in Ontario, east of Port Arthur, as well as over the government-owned lines in Ontario. His headquarters will be at Montreal.

Mr. W. A. Kingsland, heretofore general superintendent of the Canadian Northern Railway lines in the Province of Quebec, is appointed assistant general manager of eastern lines, with headquarters at Montreal.

Mr. E. Langham, who for many years has satisfactorily filled the position of general purchasing agent for the Canadian Northern Railway Company, will have his jurisdiction extended to cover the entire system.

Mr. Louis Lavoye, who has been purchasing agent for the department of railways and canals at Ottawa, and who has rendered most effective service in that capacity, has been appointed assistant general purchasing agent for the system.

Sir Hernidas Laporte. The new C. N. R. directors need no introduction to Canada. Sir Hernidas Laporte has been a member of the war purchasing committee since its organization, and succeeded Sir Edward Kemp as general agent for the system.

Mr. Hayes is already well known as a traffic man of wide experience. He was left in the interim consolidation a wider scope should be given to his recognized abilities in that connection, and his appointment would be received with general approval.

Mr. P. Brady is an old C. P. R. man, who went to the intercolonial as member of the board of management about ten years ago. When the board was abolished and F. P. Gutelius made general manager, Brady became his first lieutenant, and was later given charge of the National Transcontinental Railway system.

Mr. Hangerford is a recognized authority through the Dominion on mechanical matters, and whilst his duties will include transportation in its various aspects, he will pay special attention to motive power car equipment and mechanical shop development as it affects the entire system.

Eastern Lines Inspection. President Hanna intimated that the board of directors would at an early date to make a trip of inspection over the eastern lines, visiting, among other points, Halifax, Sydney, St. John, Moncton and Prince Edward Island. It will be remembered that the directors recently made a similar trip of inspection of western lines. As a result of the knowledge gained by the individual directors from these inspections, they will doubtless be in position to consider and deal with the question of future capital expenditures for betterments and construction.

The National Railway system now includes 10,000 miles of railway formerly belonging to the Canadian Northern; the National Transcontinental, with a mileage of 1,800 miles between Moncton and Winnipeg; the narrow gauge line which serves Prince Edward Island and the car ferry connecting the island with the mainland; and the Intercolonial Railway, with its numerous branches. The Intercolonial is divided into two days' education campaign—Sunday, the 24th, and Monday, 25th—for the purpose of impressing upon the public the menace of tuberculosis. What tuberculosis is, what it does and its predisposing causes will be treated in the churches and on Monday the work will be taken up in the schools. How the disease may be prevented and other useful information will also be given.

MILITARY FUNERAL OF FLT.-CAPT. F. G. QUIGLEY

The funeral of the late Flight Capt. Francis G. Quigley, D.S.O., M.C., took place yesterday afternoon from the residence of his sister at 23 Crescent road. Full military honors were paid. The service was conducted by an R.A.F. chaplain, assisted by Dr. Neil, Dr. Murray and Dr. McTavish. The pall-bearers were six brother officers—Capt. F. Garrett and Lieuts. K. T. Phillips, G. Beatty, H. V. P. Lewis, J. Duffus and A. W. Strowger. Twenty R.A.F. cadets, a bearer party and firing squad marched in the funeral procession. The casket was conveyed to Mount Pleasant Cemetery on a flag-drawn L.A.F. trailer. Capt. Quigley when a student at Queen's went overseas as a private in the Canadian Engineers in 1915. In January of 1916 he was transferred to Royal Flying Corps. His career as an aviator has been a most distinguished one. He died of pneumonia on Oct. 20 at Liverpool while on his way back to France after a three months' furlough in Canada. He was the youngest son of the late Mr. and Mrs. R. J. Quigley.

SEALED VERDICT IN ACCIDENT CASE

Sealed was the verdict of the jury yesterday in the suit of Mrs. Kate Crawley, before Chief Justice R. M. Meredith, against the Toronto Railway for \$5000, for injuries sustained in an accident to a crowded Dundas street car on Nov. 22, 1918. The plaintiff, in evidence, stated that she was holding onto a strap at the rear end of the car, when it snapped from the strain of a severe jolt. She was thrown back and suffered a shock. Evidence was submitted showing that plaintiff had suffered loss of time and money as a direct result of the accident. Chief Justice Meredith in his charge to the jury, stated that the jury must determine whether the negligence could be shown to have occurred on the part of the company. Also, if damages were to be assessed at all they must be within reasonable limits. The jury was out 40 minutes.

G.W.V.A. ACTIVITIES; NEW BRANCHES FORMED

Two new branches of the G. W. V. A., one at Kincardine, the other at Meaford, have been formed. This association has also purchased four lots in the St. Vincent de Paul Cemetery at Brockville, and these will be posted immediately, and a cross erected in the new veterans' cemetery. Sergeant Needes, an original of the Originals, who died at Niagara Falls, is to be buried today at Prospect Cemetery, under the auspices of West Toronto veterans.

TWO WIDOWS CANNOT REAP INHERITANCE

William John Moir, who was killed at the battle of Zillebeke on June 5, 1916, left his \$13,100 to his widow, but Mrs. Moir died last July, and the property reverts to the son, John Moir. Little Margaret Galloway falls heir to the estate of her father, the late Milton Galloway, foreman at the Fairbanks-Morse Co., who died on Oct. 18, leaving property valued at \$2287. The property had been willed to the widow, but she died three days after Mr. Galloway himself. John B. Christian and John Galloway hold the property in trust for Little Margaret.

NEW ROUTE TO WESTERN CANADA

On your next trip to Western Canada, why not travel over a new route, using the famous train known as the National Government Railway, and traversing some of the most interesting scenery in the Dominion? The National is a through train, which includes transportation in its various aspects, he will pay special attention to motive power car equipment and mechanical shop development as it affects the entire system.

TUBERCULOSIS SUNDAY.

The National Sanitarium Association are inaugurating a two days' educational campaign—Sunday, the 24th, and Monday, 25th—for the purpose of impressing upon the public the menace of tuberculosis. What tuberculosis is, what it does and its predisposing causes will be treated in the churches and on Monday the work will be taken up in the schools. How the disease may be prevented and other useful information will also be given.

CAPT. E. JOHNSTON DIES IN ENGLAND

Pte. Samuel Paxton, M.M., of Mounted Rifles, is Killed in Action.

Captain Eric Franklin Johnston, 509 Palmerston boulevard, a graduate of Victoria College in 1913, has died in England of bronchial pneumonia. He served originally as a lieutenant in 20th Toronto Light Infantry, but on that unit being broken up was attached to the 19thth Buffs Battalion.

Pte. Samuel Paxton, M.M., 83 Regent street, is reported to have been wounded in a message received by his sister at 383 Marguerita st. He enlisted in the C.M.R. He is a native of Toronto, 40 years of age and married.

Order Comes to Demobilize The Officers' Training Corps

The C.O.T.C. is to be disbanded at once, announced Toronto headquarters last night. Its present membership is 138. The C.O.T.C. has been quartered at Burwash Hall. The first of the C.O.T.C. men will receive their discharge papers next Tuesday.

An Assessment Enquiry.
 An analysis of the questionnaires recently sent out on assessment policies by the bureau of civic research has now been issued with a series of questions suggested by the opinions expressed, which tend to crystallize the situation. There has been a notable agreement among the 100 replies analyzed with the positions apparently favored by the bureau. A strong feeling in favor of a 100 per cent. assessment is one of the encouraging aspects of the replies sent in. Incomes are not properly assessed, nor as completely as salaries; the business tax is inequitable; unimproved property is left off too easily; small properties get the heavy end of the assessment burden; publicity would tend to correct these evils; district conferences with ratepayers would help; exempted properties when would should pay a percentage to the municipality; real estate owners should be required to give their own valuations to the assessor and the city should have the right to take over such property on a 20 per cent. advance. These are some of the conclusions favored.

The point will left is how to get such policies adopted and enforced. A provincial bureau for the equalization of assessments would help. The provincial treasurer is practically pledged to this measure as soon as the war is over. But the general policy must be enforced by the assessors themselves, and they appear to be too much under the influence of the heavier tax payers—that is, the people who pay large amounts, to bother about the people who pay small amounts, but relatively higher taxes.

The old system, like so many other grievances, rests on the political machinery which opposes reform, and can only be mended by proportional representation.

Politics in England.
 Some realignment of the political forces of Britain is to be expected in view of the approaching general election and the end of the war. The resignation of Lord Robert Cecil as under-secretary of state for foreign affairs is said by the cables to be due to a difference of opinion over the disestablishment of the Welsh Church. The church was disestablished by act of parliament, but the operation of the act, like the Home Rule for Ireland Act, was suspended when war broke out until peace returned. If the Cecil's feel as badly as this over Welsh disestablishment we may prepare for reactionary gates. It is much more likely that Lord Robert is concerned about the approaching tariff situation.

Mr. J. R. Clynes has relinquished the post of food controller, but the armistice has almost made this post a sinecure. At any rate, Mr. Clynes is a labor man, and the labor men are looking for independent action by their party in the election. Mr. Barnes is not apparently breaking with the government, but it is natural that Mr. Clynes should.

The enthusiasm for Mr. Lloyd George continues to grow. The surrender of the German fleet, typical as it is of the surrender of the German nation with all its claims of eminence, all its glories, all its boastsings, must cut the German people to the quick. But it is unnecessary to accuse them of poor spirit and cowardice in making no effort to use their fleet. It would have been certain death to have done so. They showed good common sense and discretion in declining to attempt a valueless manoeuvre. Nor is it quite the thing to upbraid the Germans for carrying out faithfully the terms of a treaty which we have imposed upon them. Would we have respected them more had they broken their treaty and started a sea fight? Their strict observance of the armistice terms is their first step in well-doing and should be commended rather than sneered at. Their submission, moreover, is the greatest tribute in history which one power has paid to the puissance of another.

Lloyd George will undoubtedly derive political advantage from the glory of the British navy as exemplified in the enemy vessels that testify to the silent might of our sea power in Scapa Flow. The question is, will Lloyd George use his advantage for the many or for the few? No one who knows him will doubt what he will do with his power.

Commercial Aviation in Canada.
 What is to be the future of aviation in Canada now that there is to be quick demobilization of the flying camps stationed in Canada identified with the Royal Flying Corps. These flying camps have been maintained at the expense of the imperial munitions board representing the British Government. Some of the men who recently enlisted, enlisted both with the idea of serving in the war and later on joining a prospective Canadian aviation postal and express service organized by the Canadian Government.

In view of the fact that commercial aviation is being taken up by the United States and is also being taken up in a rapid way by the various governments of Europe it might be good business for Canada to organize a Canadian aviation corps on a small scale in which men could be trained both for war and commercial purposes, and that at an early date a national aviation mail and express service might be established between our main cities.

In the meantime, as The World has already stated, the great bulk of the recent enlistments for aviation should be released, so that the young men can go back to their studies or their regular occupations.

IDA ON THE WAR PATH
 BY IDA L. WEBSTER.

It certainly does take all sorts of people to make a world, but in our estimation, there is one class that should be wiped off the face of the earth, and that is the mob who go around trying to make trouble for others. Indeed if this bunch could be induced to cease their operations and permit other folks to rest in peace, everything would be lovely, but they cannot, and there you are.

For instance we have just learned that one of the district fire chiefs has received the most horrible letter accusing him of everything on the calendar, and then topping off with the information that we know his history also, and that we had intended to publish it. It was also intimated in the note that there was a chance that we might be "fixed" and the story killed.

Right now we might say that we cannot be "fixed" now or at any other time. In fact there is not a person in this whole world who could talk or buy us out of a story. If we think that we are going to make a statement we are going to make it in spite of any influence which might be brought to bear. We are going to do so, and we are democratic to recognize anything pertaining to a "gloved hand." So that anyone who says that we are not at all wrong, but at the same time if any public man cares to attempt the fixing stunt with us we will guarantee him the greatest rush of publicity which his cramped mind could imagine.

And as for us having anything "on," or intending to use anything against Mr. Corbett, it is absolutely absurd. In the first place we do not know the man, only by sight, and we have never spoken to him yet. Besides that we are not at all interested in the private affairs of the members of the fire department, or any other one. What men may do or may not do means nothing at all in our life, and the last thing which we do would be to waste space in writing about it.

Had we had any reason for speaking against the district chief we would not have failed to do so, and we think that our readers will at least agree with us on that score. Ordinarily we would not have bothered to make an answer on the subject, but this matter has apparently been carried so far that we feel that it is our duty to Mr. Corbett to do so, and while we are at it we would like to tell him that at any time that we feel that we have slight to make a holler about him, we will be right there smiling, but at the present writing, after a few hurried inquiries, we can only say that he has been a most faithful fire fighter, and that he is yet.

His record of being in the down town districts for so many years should be proof enough that he is a capable man, and after all that is all that the public wants to know about any civic employee. If a man is legally earning what he is getting, and if he is performing his duty according to Hoyle, then the taxpayers are going to be satisfied. If he falls below this, then he is merely a liability to the citizens and he should be removed without any undue fuss.

However, so far as District Chief Corbett is concerned, he is an asset to the department, and also a favorite with his fellow workers. Other than that we do not know a thing about him. Fortunately

Political Notes

The Montreal Gazette felicitates Sir Wilfrid Laurier upon the occasion of his birthday and commends his London speech for its graceful and eloquent diction. The speech itself is dismissed as vague and "innocuous." No policy is announced or even promised by the leader of the opposition. The Gazette observes, however, that the Liberals are organizing for battle, and recommends the supporters of Union government to do the same. Sir Wilfrid, it says, has thrown down the gage, and the party truce is now at an end.

It is pretty well understood at Ottawa that the Union government intends to call parliament early in the year, and will meet it as a political organization, as against the Liberal opposition and possibly a Conservative group, more or less organized and disposed to be critical. The Ottawa government is growing into a more solid body, and one of its friends said lately it will pull thru the coming session. The letter of W. P. Nickle, M.P., declining to attend the Rogers dinner here next week, would indicate the growing solidarity of the Unionist party.

A triangular contest is on in North Huron, where a provincial by-election occurs on Dec. 2. Dr. Case, the government nominee, is opposed by Mr. Spanton, Independent Conservative, and W. H. Fraser, Laurier Liberal. Huron is Leader Proudfoot's county, but he is taking no part in the contest, which he regards as a violation of the truce arranged between the party leaders at the last session of the legislature. If two Conservative candidates remain, however, the Liberal is likely to be elected.

GOING HOME

Tears filled Ruth's eyes as she threw her arms around her old mammy. "I was going to surprise him, mammy! I thought he would be so pleased."

"Don't go fer to sprise him no time, honey. He ain't comin' home much when you's away. He sholy ain't."

Ruth wanted to ask mammy about the number of evenings Brian had spent out while she was away, but bit her lip to keep the questions back. Not even An old mammy who had known and loved her all her life, would she express curiosity about her husband, or seem to pry into his actions.

"Go lak yo things off, honey. I'll git yo some dinner in a jiffy."

Ruth did as Rachel told her. But she could eat very little of the tempting dinner Rachel brought her. She was so disappointed that she could scarcely keep the tears back; yet Brian might come in any moment and he must not find her crying.

Her dinner finished, she could set herself at nothing, altho she tried to read. But her thoughts were constantly straying always Brianward.

"I'll write Aunt Louisa!" she said aloud, and moved over to her desk. Idly she fingered the blotter, then her attention was arrested by the heavy lines blotted upon it. She smiled as she thought: "Brian has been using my desk to write—perhaps he wrote me again last night."

Brian's lavish use of ink had always rather amused Ruth. His bold calligraphy with the heavy shaded line was unmistakable. Now she looked closely at the blotter. At first she only made out a word here and there—"dear" and "Rachel" and "trouble."

"He was writing me," Ruth said aloud. "I wish I had telegraphed him. Perhaps he was so lonely he went to the theatre or a movie."

Again she bent over the blotter. This time more carefully. Without much trouble she finally had the entire note. Brian had written Mollie before her. That is, enough of it to know it was not intended for her.

"Don't call—house again, dear. Rachel—understand—tell—make trouble."

The missing words made Brian's meaning different altogether from what he had intended to convey to Mollie. He had said "Rachel might not understand" but the "not" was undecipherable. "Who could this note be intended for?" Ruth asked herself.

A Line of Cheer
 Each Day of the Year
 By John Kendrick Bangs.

ETERNITY.

Why worry o'er Eternity?
 A foolish thing, it seems to me,
 Since with each passing day and year
 'Tis all around us, now and here,
 These spans we name as Day and Night
 Are but divisions small of light.
 And the eternal years that run
 In point of Time unite in One.

TO BRING ABOUT ECONOMY
 In American Shipbuilding

Washington, Nov. 22.—The shipping board, now imposing such restrictions on shipbuilders and making such cancellations of contracts as will bring the shipbuilding industry back to a normal basis, Charles Piesch, vice-president of the Emergency Fleet Corporation, announced today. The board's aim now, he said, is to produce ships with regard to economy in construction, rather than speed in delivery.

High Standard of Value in Dineen Furs

The Pelts and Dressed Skins from which our Nineteen-Eighteen Season Furs are fashioned, were secured very early in the season when prices were a third to a half less than to-day, and are taken from cold storage to our factory as required. We can, therefore, offer values that are exceptional under present conditions.

Early in our experience—we have been manufacturing Furriers for half a century—we learned that the tendency of the buying public is back to quality. We, therefore, never, under any provocation, sacrifice quality to price. We buy raw furs selectively and cautiously, and we give our patrons the benefit of our experience and foresight.

Our models are designed for us by the foremost style authorities in Paris, London and New York. We spare no expense to keep ourselves in constant touch with the dictates of fashion. This is a feature of our display that will be readily appreciated. The quality and workmanship are unreservedly guaranteed.

IF KIDNEYS AND BLADDER BOTHER

Take Salts to Flush Kidneys and Neutralize Irritating Acids.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night.

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well; well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if you will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sinuses of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity a day gives one a splendid appetite for breakfast.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism, others who have hollow skins, blood disorders and sickly complexions, are urged to get a quarter pound of limestone phosphate from the drug store, which will cost very little, but is sufficient to make anyone a pronounced crack on the subject of internal sanitation.

SELLERS-GOUGH

"The Largest Exclusive Fur House in the British Empire"

Weather Says--Buy Furs Now

The sharp snap of the evening air, the chilliness of the mornings are a warning that real winter is at hand. Why should any woman deny herself the warmth and comfort of new furs one day longer when the weather says day after day: "Buy Furs NOW. Buy Furs NOW!"

So Do These Prices---Choose Here and You'll Choose Right

Even stronger than the weather's urge to get your new furs without delay is the attractiveness of Sellers-Gough prices. Considering all the war-time difficulties--the scarcity of pelts and shortage of skilled help--Sellers-Gough prices are amazingly low. Our big organization has this year outstripped all former achievements in making Sellers-Gough prices represent heaping value.

Right now is the time to buy, too, because our display of the new styles is complete. Every new style is here, every wanted style. Many exclusive models from the leading fashion artists in London, New York and Paris are offered. Luxurious creations, too, from our own expert designers. In short, in this huge fur emporium you have unequalled range of choice in styles, quality and value.

HEROES OF WAR JOIN GRAND ARMY

Good Progress Being Made in Growth of New Veterans' Association.

The organizers of the Grand Army of Canada are more than pleased with the progress made, and new members joining over the week-end exceeded the optimistic expectations.

To show the type of returned men the association is attracting it is only necessary to mention a Military Medalist with four gold medals, a veteran with Kitchener at Khartoum and Soudan, South Africa, decorated by the late Queen Victoria and Kitchener, and lost a leg at Zeebeke. In the G.A.C. is a Moss Star man (one of Britain's contemplatives), who was wounded in the retreat and was back in Canada before the end of 1914. He joined again, with the C.E.F., and, going overseas, was wounded for the second time. Although only 35 years of age he has 15 years of military service to his credit.

The G.A.C. expects to go one better in the way of decorations, and when Peter Carmichael, brother of William J. Carmichael, one of the organizers of the Grand Army, can make arrangements to come to Canada the G.A.C. will be in the proud position of having one of the Neuve Chapelle V.C.'s.

The various policies outlined by the Grand Army of Canada are being proceeded with as quickly as possible and are in the hands of capable committees, who report good progress made. The chief of these are the sick and funeral benefit fund and the function of co-operative stores. Although the G.A.C. has no paid officials yet, the office at No. 1 Elm street has been kept open every day from 12.30 to 9.30. This office is the headquarters of the G.A.C. and the co-operation of members volunteering their time. The organizers are appreciative of the help extended this way. A general meeting of the members of the association is being held at the Grand Army Hall, Elm street, Wednesday, Nov. 27, for nomination of officers and other important business.

A grand concert, given by the "Kitchi Hall," who are all members of the G.A.C., is one of the big events coming off in the near future in Massey Hall. Of this, further announcements will be made.

Mr. Reginald Holland has gone to Ottawa for the week-end. Miss Isabella Brown, Harbord street, is recovering from a very serious attack of influenza and pneumonia. She has been in bed for a week and is now recovering. The Y.M.C.A. on Friday on reconstruction.

METHODISTS PLAN NATIONAL CAMPAIGN

Canadian Methodists are planning a great national missionary campaign. Rev. Dr. D. R. McKenzie, who recently returned to Toronto from Japan, is acting as the Toronto conference co-ordinating secretary of the campaign committee, with headquarters at the Wesley Building, West Queen street.

Rev. J. H. Arup, of the missionary board staff, has been appointed committee manager for the Toronto conference district. It is expected that the campaign of meetings to be held will result in the raising of a gigantic sum of money, far in excess of the record three-quarters of a million for the war.

Brandon Chief's Son Prisoner in Germany

Rev. Dr. Chown, president of the Methodist general conference, has received an interesting report from Supt. T. Ferrier of the Methodist Indian Institute at Brandon. The report says that 36 young Indians from the institute went to the front, including the son of Chief Moore. The young Indian has for some months been a prisoner in Germany.

CADET WILLIS G. BROWN IN CRASH AT LEASIDE

Cadet Willis G. Brown, St. Louis, Mo., member of the 91st Squadron, Leaside Camp, received somewhat serious injuries in an airplane crash yesterday morning. While he was at a height of 700 feet, doing aerial stunts, he got into a loose spiral dive. His machine fell near Mount Pleasant cemetery. The fact that his machine struck a tree, partly broke the force of the fall. For about an hour he was unconscious, but it was discovered he had broken no bones. He is receiving treatment in the Military Base Hospital. The airplane was considerably smashed. Cadet Willis G. Brown was known as an expert pilot.

BAZAAR IN AID OF SOLDIERS.

This afternoon the young ladies who compose the "copying" department of Edson's mail order are holding what promises to be one of the most successful bazaars of the season in the Masonic Hall, at the corner of Bay, Front and Yonge streets. The proceeds will be used in the furnishing of a ward for convalescent soldiers in one of the military hospitals in the city.

WASAPIKA SELLS AT HIGHEST POINT IN HISTORY—BIG BUYING OF OPHIR.

In the mining market yesterday there was some surface indications of irregularity, but the undertone was firm and the recessions were in no instance of importance.

Trading was very much broader, but the occasional intervals of activity were restricted, and the market was generally quiet.

The monetary situation occasioned further restriction, and the market was generally quiet.

Post-war conditions were again apparent, and the market was generally quiet.

LIVE STOCK MARKET

The week on the Union Stock Yards has been marked by more than ordinary strength for practically all classes of cattle, the receipts for the week totalling about 400 head, as against nearly twice that number for the week before.

All thru the week the receipts have been light, and there has been a steady demand for good beef, and more and more would have sold well. The demand for canners and cutters was better, and the stocker and feeder market was decidedly stronger.

On Monday there were 3100 lambs on sale, and the market opened strong and steady, but the percentage of good killing stuff was light, and the bulk of the cattle was heavy.

East Buffalo, Nov. 22.—Cattle—Receipts, 90; market, strong. Receipts—Receipts, 400; market, \$1.50 higher, \$21.50.

Chicago, Nov. 22.—Hogs—Receipts, 10,000; market generally steady to 10c higher. Butchers, \$17.85 to \$18; light, \$18.25 to \$18.50; pigs, good to choice, \$13 to \$13.75.

GREAT CONFIDENCE IN WASAPIKA'S FUTURE

Hamilton B. Willis, in his weekly market letter, says: Influential New York interests, who sent an engineer into the West Shining Tree district in quest of good gold property, recently made an offer of 40 cents per share for the total capitalization of Wasapika.

With a vein system proven for over 800 feet in length and likely to extend another 1000 feet, and the self-supporting nature of the ore, it is believed that a refusal was again forthcoming.

McINTYRE WORKINGS GOING TO GREAT DEPTH

Special to The Toronto World. Porcupine, Nov. 22.—From the 1120 foot level of the McIntyre-Porcupine the main shaft is being raised on to the 1000-foot level. When this is completed, it will be shortly, sinking of the main shaft to the next main haulage level, 1375 feet, will be begun.

When the 1250-foot level is reached a station will be cut, and development work will be carried on at 1125 and 1150 feet after the haulage level is established at 1275 feet. Drifting at 1125 feet has produced favorable results.

CROWN RESERVE SOON TO OPTION THE OPHIR?

Hamilton B. Willis, in his weekly market letter, says he has been advised that Crown Reserve will assume an option on the Ophir early in December, adding: "The feeling existing among well-placed men in Cobalt is that a continuance of work along the upper contact at the Ophir should be crowned with big success, as the network of highly-mineralized veins encountered along the 200 and 300-foot levels would likely be cut at this low level, and, owing to the close proximity to the upper contact, be found to contain high-grade silver veins."
