TWENTY-FIRST YEAR

COL. BADEN-POWELL IN A FUTURE BATTLE

British Stormed the Boers, but Their Position Was Impregnable.

WERE FORCED TO RETIRE.

Of the Storming Party of Eighty Two Were Killed and 33 Were Wounded in Fierce Fire.

REINFORCEMENTS FOR FRENCH,

Who Has Colesberg Surrounded, and May Win if More Forces Arrive in Time.

News of Col. Baden-Powell's sortie from Mafeking on Dec. 26, which was first reported from Pretoria, shows that out of a British storming party of 80, the casualties were 21 killed and 33 wounded. The object of the sortie was to capture the Boer earthworks. The works were found to be crowded with Boers awaiting the assault, and a hail of bullets forced the British to retire. Col. Baden-Powell reports to the War Office that the position was impregnable. Among those killed were Captain R. J. Vernon, Capt. H. C. Sanford and Lieut. H. C. Paton.

A despatch from Rensberg, Cape Colony, states that Colesberg has not yet been occupied by the British, but it is believed that Gen. French has the enemy surrounded, and is waiting for reinforcements which have been forwarded, including the Household Cavalry.

Major Harvey of the Tenth Hussars was killed and Major Alexander was wounded while the Hussars were pursuing the retreating Boers after the attack on the British left near Colesberg on Thursday.

A DISASTER AT MAFEKING.

Baden-Powell's Storming Party of 80 Had 21 Killed and 33 Wounded.

London, Jan. 5.—A despatch from Cape Town says it is rumored that Col. Baden-Powell has again defeated the Boers at Mafeking.

An Awful Killing. The British storming party numbered 80 men, of which number 21 were killed and 33 were wounded.

British Had to Retire. London, Jan. 5.—A Mafeking despatch, just received, but dated Dec. 26, confirms the report of the British sortie from that place, which was first announced from Pretoria Dec. 30. The Mafeking despatch says: "There was a sortie today with the object of capturing the Boer earthworks, but it was unsuccessful. The works were crowded with Boers awaiting the assault, and a hail of bullets forced the British to retire, killing and wounding a number."

BOER POSITION IMPREGNABLE.

Col. Baden-Powell's Report to the War Office of His Sortie on December 26.

London, Jan. 5.—The War Office has received through Gen. Forestier-Walker at Cape Town the following despatch from Col. Baden-Powell, dated Mafeking, Dec. 26:

"We attacked one of the enemy's works this morning, endeavoring to push back the curtain northward. Our force consisted of three guns, two squadrons of protectors, a regiment, one of the Bechuanaland Rifles, an armored train, etc. The enemy had strengthened their works during the night and doubled the garrison since yesterday's reconnaissance.

"Nevertheless, our attack was carried out and pressed home with the greatest possible gallantry and steadiness under a very hot fire. But all efforts to gain the interior by scale ladders, the fort being practically impregnable.

"Our attack only withdrew after six of our officers had been hit and a large number of men. Nothing could be exceeded the courage and dash displayed."

"The general situation remains unchanged, and the health and spirits of the garrison are very satisfactory.

"I regret to report the following casualties: Killed—Capt. R. J. Vernon, Capt. H. C. Sanford, Lieut. H. C. Paton, 18 non-commissioned officers and troopers.

"Wounded—Capt. Charles Fitzclarence, 23 non-commissioned officers and troopers.

"Prisoners—Three troopers.

General Forestier-Walker points out that, while the despatch gives all the names, it falls to show that six officers were hit.

Lord Cecil Not in It. Cape Town, Jan. 5.—With reference to the War reports that Lord Cecil and Lord Charles Bantuck were recently wounded at Mafeking, enquiries have been made through the correspondent of the Associated Press at Pretoria, with the result that it has been ascertained that neither took part in the sortie, and Lord Bantuck's troops were not engaged.

THE LONDON TIMES' ACCOUNT

Of Col. Baden-Powell's Unsuccessful Attack Upon the Enemy From Mafeking.

London, Jan. 6.—The Times publishes the following despatch from Mafeking, dated Saturday, Jan. 5:

QUEEN'S GAS BILLS AND A SUGGESTION.

The following imaginary letter completes the trilogy: World Office, Toronto, Jan. 5, 1900.

Hon. G. W. Ross, Premier of Ontario: Dear Mr. Ross,—I have been reading in the newspapers an alleged discussion between Mr. Mulock and yourself in regard to the illegal and extortionate charges of the Consumers' Gas Company of Toronto. I have also noticed my name mentioned in this correspondence. As a gas consumer, I wish to say one or two things to you in regard to the issue raised.

In the first place I desire to say that after some study of the question of corporations and their effect for good and for evil on the community, I have been struck by one thing more than anything else, and that is the insouciance of private corporations toward the legislative power which created them; next, their insouciance toward the municipality with which they happen to have an agreement; and, thirdly, their insouciance toward the individual members of the public who do business with them, or whom they serve. I have seen these corporations treat the Parliament of Canada and treat the Legislature of Ontario as though they were the owners of Parliament and the owners of the Legislature, and I have seen them treat the representatives of the people as nothing but bond servants. I have seen them take possession of municipalities and municipal councils and dictate terms to them; and the way they treat the individual members of the public is known to you and to everyone. Only worse than their insouciance is their greed.

This spirit of insouciance must be stamped out, and there is only one way, as things now are, of doing it, and that is, namely, to let each and every one of these arrogant corporations know that they exist by sufferance of the power creating them, and that they exist by sufferance alone, that if they become insolent and arrogant, and as a matter of fact, an enemy to the public weal, it is easily within the power and well within the duty of the Legislature body creating them to put an end to their existence.

Every act of Parliament can be repealed without a moment's notice. You can pass a law the first day of meeting of the Legislature putting in a receiver and issuing a winding up order for the Gas Co.!

And when we find these corporations not only insolent and arrogant, but when we find them refusing to carry out their agreements with the municipalities and with the people, and when we find them actually engaged in the work of corrupting legislatures, municipal councils and individuals, and when we find them interfering with the politics of the country and the politics of a municipality in order to effect their own ends, they have decidedly become a common enemy and ought to be destroyed summarily.

They may be rather advanced doctrines, but they are based on observation of some years, and I believe an experience that will be confirmed by many others who have watched how things are going.

In regard to the Consumers' Gas Company of Toronto, they have not only been insolent and arrogant, but they have interfered with the Municipal Council of Toronto, and with the Mayor of Toronto, and have blocked whenever they could any effort the city made or that the people made to compel them to live up to their agreements. This being the case, there is no reason why you, as leader of the Legislature, should not proceed to deal summarily with them. Now, as to whether they have been thus arrogant and whether they have refused to carry out their agreement, I have only to refer you to the decision of Mr. Justice Ferguson. If that judgment was set aside it was only on a technicality. As to the facts of this finding, and the finding based on these facts, there can be no doubt, and you could not have the case for the people more clearly vindicated if you sent in a dozen expert auditors, employed a Royal Commission or had recourse to a parliamentary committee. That being the case, there is no reason why you should not at the forthcoming session of the House, as Premier of Ontario, and the representative of the people of Ontario; who are the largest consumers of gas supplied by this company, that you should not insist on restitution not only to the province but to the people of Toronto; and I say you can do this by one simple little amendment to their act of incorporation to the effect, namely, "that in any case the price of gas to the consumers shall not exceed 60 or 65 cents per thousand feet." It is not for you, after Justice Ferguson's finding, to make inquiry. It is for the company to justify its conduct, and you should have no hesitation in taking the position that it has failed to take. They would like well enough to get you and the province into a prolonged argument and investigation. But the Legislature is supreme, and it need not necessarily be led into an elaborate investigation. The Legislature of Ontario is supreme in this matter, and can act immediately if it wishes. I believe you will have the support of the people of the province if you now take the bull by the horns and give not only this corporation but every other corporation to understand that it exists only on sufferance, and only so long as it carries out its obligations and does not prove to be an enemy to the common good.

If one corporation is made an example of, the others will take a speedy hint. What surprises me more than anything else in our political institutions is the neglect of our legislative bodies to assert their supremacy, and the supremacy of the people, and the way in which the corporations which they have created deny this supremacy and arrogantly and insolently treat the authority and the people who allow them to exist. These corporations seem to treat acts of the Legislature as expressed in law to be broken. Try wringing one of their necks just for an experiment.

Yours, W. F. McAlester.

P. S.—It is only fair that I should corroborate Hon. Mr. Mulock's claim in regard to the blunder twine and coal oil monople; if I have heard him once I have heard him twenty times on the floor of the House—prior to 1896—denounce in the most unmeasured terms these monopolistic harpies which had dounced upon the Canadian farmer, got their talons under his hide and were tearing the vitals out of his thoracic cavity. And, as for the question of cold feet, raised by the P.M.G., I may say that never before have I seen so many cases of this peculiar malady as I have since the frost of Monday last. The number of newspaper editors who contracted cold feet on that day is appalling. And, still more marvellous, they insist on going to the public with them, saying: "Behold our cold feet!" The doctors say it's an epidemic.

W. F. McAlester.

From \$50 to \$500 at Dineen's. The choicest and costliest fur-lined overcoat made this season at Dineen's was an extra long box back garment of royal black beaver, lined throughout with Alaska buck skin and finished with Imperial Russian sable collar and lapels. It was made for a well-known railway magnate, and cost an even \$500. There is quite a stretch of value between a \$50 fur-lined overcoat and one costing \$500—but, aside from the actual and intrinsic higher worth of the fur in the latter, there is not such a greatly noticeable difference in style between the two. From \$250 down to \$50 embraces the varieties of fur-lined overcoats at Dineen's, but owing to the fact that Dineen's special \$50 fur-lined overcoats are made in quantities of never less than 50 at a time, better value can be embodied at that price than if they were made in smaller lots, and with Dineen's advantages in furs, no tailor could possibly produce a garment equal to this \$50 special for less than \$75. The same ever since these "specials" were first offered at Dineen's, has been to sustain the fur above any fur-lined overcoat offered anywhere in Canada at the price. The fur quality is the very choicest for the money. Everything about them has been figured down to finest cost and the profit is so very slight that the special price of \$50 naturally means "spot cash."

W. J. Siddall, architect, 75 Yonge, Toronto

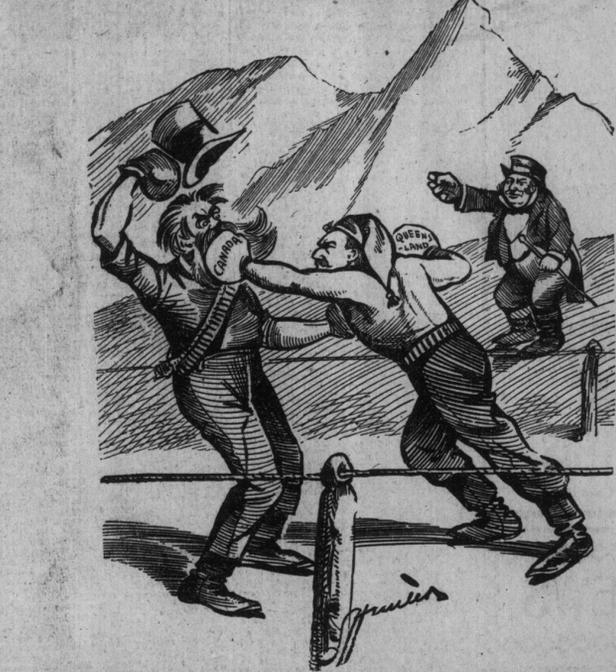

Teas and Receptions. Many of these social entertainments are on the tapis for this month. Flowers for decorative purposes will be required, and Dunlop's ability to supply the very finest varieties at moderate prices is well known. Salesrooms, 5 King west and 445 Yonge-street.

W. H. Stone, undertaker, 245 Yonge Street, Phone 532.

Where Gentlemen Congregate. From Mafeking. London, Jan. 6.—The Times publishes the following despatch from Mafeking, dated Saturday, Jan. 5:

THE DOVER FARM.

Mr. Bull: W'y, bless my soul, that "Colonial Boy" seems to be able to strike 'arder than 'is dad.

THUGS ARE AT LARGE IN TORONTO THESE DAYS

Miss Rachael Ferguson Knocked Down By a Highwayman While Returning From Work Last Night and Robbed.

Such Occurrences are Too Frequent in Toronto These Days and the Crooks Ought to Be Rounded Up—The Young Lady Died This Morning.

Despite crimes are of almost nightly occurrence in spite of the extra vigilance displayed by the police in all parts of the city. The latest victim of the deadly work of the criminal Miss Rachael Ferguson, a particularly bright young woman, who lives at 28 First-avenue, Miss Ferguson was found last night in a state of insensibility, lying just behind one of the big gates leading to the jail, east of the Don on Gerrard-street.

Her piercing cries of "Murder!" brought Miss Tolchard of 733 East Gerrard-street, Miss Tolchard was passing at the time and heard the screams. She hurried to Dr. C. H. Smeath's drug store at 267 Broadview-avenue, and gave the alarm. Accompanied by one of the clerks, Miss Tolchard ran back to where the cries emanated from, and was just in time to see an unknown man leap the picket fence which surrounds the prison grounds.

By this time Miss Ferguson was unable to speak and in such a condition that she could not give any description of the man who compelled to carry her over to the surgery of Dr. Smeath, some distance away. The physician applied restoratives and ordered Miss Ferguson's immediate removal to her home. Dr. Smeath accompanied the patient in the ambulance and remained in constant attendance at her bedside till after midnight.

Her Painful Injuries. The injuries received by Miss Ferguson were very painful. The right side of the face is terribly swollen and the skin discolored. On the other side are several ugly-looking cuts, which rendered Miss Ferguson almost unrecognizable even by her relatives.

In a Lonely Spot. The spot where the crime was committed, although a lonely one late at night, is passed after working hours by hundreds of persons on their way to their homes in the northeastern part of the city. Miss Ferguson left the Nasmith Co.'s store at Adelaide and Jarvis-streets, where she is employed as bookkeeper, about 6 o'clock, and it was nearly a half hour later that she was attacked. The victim of the highwayman has not sufficiently recovered as yet to tell exactly how she was waylaid.

Brute's Motive Was Robbery. The police say the only motive of her assailant was robbery. It is thought that he laid in wait inside the jail gate, and as Miss Ferguson approached dealt her the terrible blow on the side of the face which rendered her unconscious. Realizing that he might be disturbed before relieving Miss Ferguson of her valuables, the thief then dragged her inside the gate and completed his work. The cowardly assailant got a gold chain and a purse containing a small amount of money for his trouble. In forcing the chain from its place in the jacket the thief broke it off near the end, leaving the watch, a valuable one, safe in his pocket.

The Police at Work. Immediately after the assault and robbery had been reported to the police, Inspector Armstrong and Precinct Detective Forrest of the Wilton-avenue division commenced an investigation. They found, with

THE BUCKET SHOP IS BLAMED ONCE MORE!

The Banque Ville Marie Case Is Now Shown Up in a New Light.

HERBERT WAS A VICTIM.

Started In to Gamble in a Montreal Bucket Shop Last Year and Lost \$125,000.

THE KEEPER SAYS THIS ON OATH.

This Evidence Is Said to Relieve Jim Baxter to a Large Extent of the Odium Cast on Him.

Montreal, Jan. 5.—(Special.)—Things took a new turn to-day in the Banque Ville Marie case—Lemieux was up for his second trial and the evidence of B. Pelletier, who keeps a bucket shop, was of the most important kind and relieves Mr. Baxter to a large extent of the odium that has been cast upon him.

Herbert Lost \$125,000. Fellows testified that Herbert had lost \$125,000 during one year in the former's office. He did not know where the money came from. This big sum makes up for a large portion of the missing funds.

AN OLD TORONTO BOY DEAD.

Robert Moss, Nephew of Hon. Charles Moss, Well Known in This City, Died Thursday.

Word comes from St. Louis of the death of Mr. Robert Moss, an old Toronto boy, who was well known here in many circles. His death occurred on Thursday night. He had been ailing for some time past, but had only been seriously sick for the past week.

Deceased, who was 34 years of age, was the son of the late Chief Justice Moss of Ontario. He was born in Toronto and up to six years ago had been a respected student of this city. He was educated at Upper Canada College, and on leaving that institution entered Osgoode Hall. About ten years ago he graduated. For about four years he practiced law in Toronto and then went to Winnipeg. From there he journeyed to St. Louis, where he had been practicing until the time of his death.

When residing in this city deceased took an active interest in athletics. He played lacrosse for several years and was an excellent cricketer and baseball player. Mr. Moss was a nephew of Hon. Charles Moss, Justice of the Court of Appeal, and a brother of Mr. John H. Moss, the legal firm of Barwick, Aylesworth & Wright. His mother resided at 53 Isabella-street. The remains will be brought home for burial.

A FORTUNE FOR EXECUTORS.

Robert T. Lincoln and Norman B. Ream get \$425,000 From the Pullman Estate.

Chicago, Jan. 5.—Robert T. Lincoln and Norman B. Ream, executors of the estate of the late George M. Pullman, were yesterday allotted a compensation for their services the sum of \$425,000. The widow's award was \$20,000, all of which will be applied to the payment of her debts in the Greenleaf Cemetery to the memory of her husband. The final accounting will probably be made next week. The estate will figure up nearly \$14,000,000.

Round Up the Thugs. Toronto seems to be a rendezvous for thugs and highwaymen these nights. Almost every night some respectable citizen is snatched and robbed on the streets. Choteau has come to a pretty pass when these backstairs attack women on the public highway, as one of them did last night. The way to get rid of this class of ruffians is for the police to round up every man who has no visible means of support. Some of these fellows are well dressed. They go abroad at night. It is time the Toronto police did something to round up the thugs. Are they afraid of them?

Leather Couches, Easy Chairs for home or office. Office Specialty, 77 Bay.

Still Fair and Mild. Meteorological Office, Toronto, Jan. 5. (8 p.m.)—Pressure is decreasing throughout the Northwest Territories and Manitoba, attended by rising temperature, and there is at present no indication of anything but mild weather in Canada.

Minimum and maximum temperatures: Victoria, 45-20; Kamloops, 25-28; Calgary, 45-20; Q'Appelle, 8 below-16; Winnipeg, 4 below-16; Port Arthur, 10-22; Pelly Sound, 24-38; Toronto, 35-41; Ottawa, 12-36; Montreal, 20-36; Quebec, 10-20; Halifax, 12-38.

Lower Lakes and Georgian Bay—Fair and mild. Upper St. Lawrence—Fair and mild. Lower St. Lawrence and Gulf—Fresh Victoria winds; fair and comparatively mild.

Maritime—Moderate to fresh westerly to southerly winds; fair and mild. Lake Superior and Manitoba—Fair and a little milder.

Overcoats are cheaper than doctor's bills. Oak Hall's overcoats are cheaper than even at 315 King-street east and 110 Yonge-street.

Per Doses. Chicago, Jan. 5.—At the closing session of the broom manufacturers of the United States and Canada, resolutions were adopted endorsing the action of the Union Broom Corp Supply Company in advancing the cost of the raw material. It was decided to advance all grades of brooms 25c a dozen to bring the manufactured products on a par with the price of the raw material. Under this action the jobbers price for brooms is \$3 a dozen to brooms, and \$3.25 to retailers.

FIGHTING SAN JOSE SCALE. Illinois State Entomologist Is Trying a New Method. Richtew, Ill., Jan. 5.—State Entomologist E. C. Green is here attempting to put an end to the San Jose scale. The chemical used consist of sulphuric acid, water and crystals of polish. Tents are used to cover each tree. The sulphuric acid is put into equal parts of water, then the crystals of polish is dropped into the mixture, making a deadly fume, which reaches all parts of the tree. Fruit growers here believe the treatment is going to prove satisfactory.

Not Matter How Long It Takes England to Defeat the Boers

It is now an acknowledged fact that the Boers are not only a fighting force, but are also a well-organized and efficient fighting force.

THE FRENCH WERE ROUTED.

Chinese Natives were Victorious in a
Battle in the Province of
Kwang Tung.

THIRTY FRENCH TROOPS KILLED

Chinese Gunboats and Troops De-
spatched to the Locality to
Restore Order.

Victoria, B.C., Jan. 5.—According to news
received from the Orient by the steamer
Queen Adelaide, the troops of France have
been ignominiously routed with a loss of
30 killed, in a battle with natives of the
Province of Kwang-Tung, in Southern Chi-
na, where for some time past there has
been trouble over the delimitation of the
Franco-Chinese boundary.

In a fight about a month before this last
encounter 100 Chinese were reported to
have been killed. Because of this attack
together with the killing of two French
officers by Chinese while engaged in sur-
veying, the French shelled the village, took
a Chinese warship and held the tatar of the
district prisoner for some time. Soon after
this affair Marshal Su arrived at Kwang
Chow Bay bearing orders to uphold the
Chinese rights.

French Forces Routed.
The story of this last battle is translated
from the Chuan Ngo San Po by the Hong
Kong Daily Press. The native paper says
it has received news from its Canton cor-
respondent that a battle took place at a
great distance from the Kwang-Tung
boundary, on the Chinese side, on Nov. 10
and 11. The French were moving forward,
seemingly on a reconnaissance, when the
natives were encountered. On sighting the
French the natives at once moved forward
and gave battle. The French were obliged
to retire, and, seeing their advantage, the
natives continued to press forward, with
the result that the French fled, routed by
the Chinese, who pursued them for a great
distance. The French loss was given as 30
killed. The majority were killed in the
action, although some who were left wound-
ed on the field were despatched by the vic-
torious Chinese. The native loss was not
given.

On hearing of the affair of the 14th, the
Victory of the Province despatched three
Chinese gunboats, with 1000 of the Imperial
troops, under the command of a military
officer named by the native order.

French Demands Indemnity.
A Peilin despatch to the press of Japan,
under the date of Dec. 6, says the demands
proffered by France upon the Chinese Gov-
ernment for the recent Kwang-Tung dis-
calities include a payment of cash in
indemnity of 200,000 francs, a concession for
the construction of a railway from the vicin-
ity of a certain point, the right of work-
ing mines in the Province, and the dismis-
sal of Taw Chung-tin, the Victory of the
Provinces of Kwang-Tung and Kwang-
Kiang.

FARMERS ARE CONTENTED.

So Says Mr. F. J. Coffey, Registrar
of the County of Carleton, in
His Report.

Ottawa, Jan. 5.—Mr. F. J. Coffey, Regis-
trar of the County of Carleton, has pre-
pared his annual statement, showing the
number of deeds, mortgages, discharges of
mortgages, etc., registered during 1899.
The mortgages for 1899, while slightly be-
low last year in number, are greater in the
aggregate amount than in 1898, and much
greater than in 1897. Mr. Coffey remarks
that the figures might give an opposite im-
pression to what they really mean. He
says there are more mortgages during good
times than during hard times. This year
there has been a decrease in the number
of mortgages on farms, while the increase
is caused by the suburbs, who are in a pos-
ition to build homes and partly pay for
them. This class of mortgage is not the
same as is generally understood in hard
times. This, too, accounts for the increase
in mechanics' liens, a very large increase,
the liens being often given to contractors
on these buildings. Mr. Coffey says that
he finds a general increase of about 10 per
cent. in the value of farm lands, and in his
office he never found the farmers as con-
tent as at the present time.

FARMER KILLED HIS WIFE AND HIM-
SELF.

Kalamazoo, Mich., Jan. 5.—Charles Root,
aged 49 years, farmer, living in the Town-
ship, killed his wife yesterday after-
noon by cutting her throat with a razor,
and then killed himself by the same means.
It is supposed Root and his wife had quar-
reled. Root's family consisted of two sons,
boys besides himself and wife. Mrs. Root
formerly lived at South Haven, her name
before marriage being Lynn.

THEY WERE NOT CAPTURED.

Seven From Capt. Thorneycroft's
Patrol Missing Have Return-
ed to Freer Camp.

Freer Camp, Natal, Thursday, Jan. 4.—
The lieutenant, sergeant and five men who
were reported missing from Capt. Thorneycroft's
patrol, which found the enemy
in some force at the Little Tugela bridge,
Jan. 3, when their presence was discovered
by the Boer scouts, after being hotly chased,
eluded the Boers, and have returned to
camp.

STEAMER RELEASED, CARGO HELD.

Prize Court at Cape Town Decides
in Favor of the Seized
Vessels.

London, Jan. 5.—A special despatch from
Cape Town, dated today, says the prize
court has released the British steamer Ma-
hona, captured by the British gun boat

COL. BADEN-POWELL
IN A FUTILE BATTLE

Continued from Page 1.

Dec. 26: "At dawn today Col. Baden-
Powell organized an unsuccessful attack
upon a strong position of the enemy at
Gametree, two miles from Mafeking, from
which the Boers have been maintaining a
desultory, but annoying shell and rifle fire
for several weeks. This railway has recent-
ly been reconstructed between the town
and Gametree, where the Boers had de-
stroyed it, the final repairs being made in
preparation for the service.

"During the night the armored train,
with Maxim and Hotchkiss guns, under
Capt. Williams and troops, took up posi-
tions for attack from two sides. Capt.
Lund Charles Bentinck and a squadron
were in reserve upon the left, while the
extreme left wing was occupied by artil-
lery under Major Pansers and a gallinging
Maxim of the Cape Police, the whole being
under Col. Hono.

"Emplacements were thrown up during
the night, the orders being to attack at
dawn, and the artillery fire to desist upon
rapidly taking from the armored train-
ing. At day break the guns opened fire and
rapidly drew the reply of the enemy, our
shells bursting within effective range.
Capt. Vernon gave the signal to cease
firing and to advance, his squadron leading
of Gametree is surrounded with scrub
which contained many sharpshooters, and
their accuracy of fire still further con-
fused the men who had followed Capt.
Vernon, and who saw him and his brother
officers killed.

COLESBURG NOT YET OCCUPIED.

Boers Attacked the British Left at
Daybreak, but Were Re-
pulsed.

Rensburg, Cape Colony, Jan. 4.—(Even-
ing).—Colesburg has not yet been occu-
pied. The Boers unexpectedly attacked the
British left at daybreak this morning, but
were repulsed. They occupied hills to the
north of the town, but were eventually driv-
ing out of their positions after an hour's shell-
ing by our guns. They will still hold the
hills immediately surrounding the town, and
thus prevent the British from advanc-
ing along the railway.

The British loss in today's engagement
was light, while the Boers are reported to
have lost 100, including 20 prisoners who
were taken by the mounted infantry about
midday.

Boers Forced to Retire.
The Boer attackers numbered a thousand
men. The Inniskilling Dragoons cut their
way through the Boers, who were forced
to retreat by a heavy artillery and mus-
ketry fire.

Boers Are Surrounded.
London, Jan. 5.—The Daily Mail prints a
despatch from Rensburg, Cape Colony,
which says that the British set fire, Tues-
day night, to the trucks of the wrecked
train, which got away from them and hid
down towards the Boers. The ignition was
accomplished by the New South Wales
Lancers, under a heavy fire which pre-
vented the Boers from getting the goods from
the cars. The despatch says also that the
Boers have been surrounded, but that the
British are handicapped by a lack of guns
of large calibre.

British Officer Killed.
London, Jan. 5.—A special despatch from
Rensburg says Major Harvey of the Tenth
Hussars was killed, and that Major Alex-
ander was wounded while the Hussars were
pursuing the retreating Boers after the at-
tack on the British left, Jan. 4, near Coles-
burg.

THEY WERE NOT CAPTURED.

Seven From Capt. Thorneycroft's
Patrol Missing Have Return-
ed to Freer Camp.

Freer Camp, Natal, Thursday, Jan. 4.—
The lieutenant, sergeant and five men who
were reported missing from Capt. Thorneycroft's
patrol, which found the enemy
in some force at the Little Tugela bridge,
Jan. 3, when their presence was discovered
by the Boer scouts, after being hotly chased,
eluded the Boers, and have returned to
camp.

STEAMER RELEASED, CARGO HELD.

Prize Court at Cape Town Decides
in Favor of the Seized
Vessels.

London, Jan. 5.—A special despatch from
Cape Town, dated today, says the prize
court has released the British steamer Ma-
hona, captured by the British gun boat

The increasing daily consumption is
indisputable evidence that the quality and
value of

CEYLON TEA
is an acceptable fact.

Lead Packets Only, 25c, 30c, 40c, 50c, 60c. ALL GROCERS.

BULLER READY TO STRIKE.

Clubs in London Are Crowded, All
Waiting to Hear of the
Big Battle.

London, Jan. 5.—The clubs were crowded
until midnight with frequenters who were
expecting to hear of a big battle on the
Tugela River. This feeling of expectancy
of Gametree is surrounded with scrub
which contained many sharpshooters, and
their accuracy of fire still further con-
fused the men who had followed Capt.
Vernon, and who saw him and his brother
officers killed.

REINFORCEMENTS FOR FRENCH.

The Household Cavalry, a Battery
of Artillery and a Battalion
of Infantry.

London, Jan. 5.—The War Office this af-
ternoon published a despatch from Cape
Town, dated Wednesday, Jan. 3, saying
that at General French's request the House-
hold Cavalry, a battery of field artillery
and the First Battalion of the Essex Regi-
ment have been despatched to reinforce him
temporarily.

ON THE LONDON STOCK EXCHANGE.

Fake Rumors About the War and
the Escape of Rhodes Had
Their Effect.

London, Jan. 5.—The markets here open-
ed dull and quiet to-day. Stocks were
found to be scarce, especially Americans,
and prices for which responded readily to
the better feeling. In all other departments
business was small. The chief feature was
the changed feeling, relative ease in money,
and better news from Berlin, where it was
reported the liquidation was over, and
there was some picking up of Canadian
Pacific and other Pacific shares. Paris also
bought Spanish Tinates.

ZULUS ARE VERY RESTLESS.

Magistrates May Not Be Able to
Restrain the Warriors Much
Longer.

Pretoria, Jan. 5.—The restlessness
of the Zulus is increasing. Many of
them are on the verge of starvation, and
there have been several instances of looting
stores. It is feared the magistrates will
not be able to restrain the warriors much
longer. It is asserted they are anxious to
attack the Boers.

FOR THE BOER RED CROSS.

The Service is Being Recruited in
New York City With Consider-
able Success.

New York, Jan. 5.—Gustav Simon, who is
recruiting in this city for the Boer Red
Cross service, says that when he advertised
for nurses to enter the Boer service he
received about 500 applications in one day,
and that applications were coming in on an
average of 50 a day. Although about 1000
men and women, the majority of them men,
have gone from New York recently to South
Africa, he says, about 75 had paid their
own expenses. They received the special
rate given to the Red Cross, and would be
able to reach Pretoria at an expense of
\$100 apiece.

GERMANY FULL OF IRE

Berlin, Jan. 5.—Commenting on the seizure
of the German ship Genesee by the British,
and what has stirred Germany, the Ber-
liner Tageblatt says: "The measure of
the seizure of the Genesee by the British
England want to drive Germany violently
into the arms of the Russo-French coalition."

GERMANY HELPS THE BOERS.

40,000 German Rifles Reach Pre-
toria as Furniture—The Seizure
of the Bundesrath.

Berlin, Jan. 5.—The seizure of the Bundes-
rath remains the dominant topic of the
German press. A protest official of the
German Foreign Office, who was interview-
ed this evening by the correspondent of the
Associated Press, said that Great Britain
had not yet answered Germany's
request for an explanation of the seizure,
but that the reply was expected in the
course of a few days. The Foreign Office,
according to this official, has not yet con-
cluded that Great Britain is trying to ride
roughshod over Germany.

NOTHING COULD BE DIVULGED.

The correspondent asked what position
Germany takes regarding England's right
to search German ships on the high seas.
The official answered that nothing could
be divulged at this stage of the negotia-
tions, but he pointed out that the Bundes-
rath was calling for a Portuguese port.

GERMANY HELPS THE BOERS.

40,000 German Rifles Reach Pre-
toria as Furniture—The Seizure

GERMANY HELPS THE BOERS.

40,000 German Rifles Reach Pre-
toria as Furniture—The Seizure
of the Bundesrath.

my commissions frequently come direct
from the owners themselves. When a
house is completed, I study its architec-
tural style and finish, and I then design
hangings, cushions, etc., to harmonize.

I keep two hundred girls employed following
my directions. I select the materials, sign
and stamp the patterns, and they do the
work. When the whole article is finished
I examine it. Every article must be per-
fect.

I designed and made the portieres and
hangings for the new home of General For-
ster, in New York City. I have done
several rooms for Mrs. Parkhurst. One house
in Boston in which I like my work is that
of C. H. Bond, in Commonwealth-avenue.
In the dining room, hangings and cushions
of the Turkish room and the dining-room,
with several dinner and luncheon sets, one
of the dinner sets was white satin sheet-
ing, four and a half by two and a half
yards, with a hem-stitched hem four inches
wide. There was a bunch of orchids be-
tween each pair of plates, done in cream
shaded to green. Then the entire centre
was powdered over with white orchid
stems and petals. There was a bedroom
furnished in mahogany, in which every-
thing was of white satin, with gold bow-
ties. The portieres were of heavy white
satin, with a pigeon net in gold and pigeon
feathers, and the pattern, and they do the
work. When the whole article is finished
I examine it. Every article must be per-
fect.

In my new home all the work is of my
own designing. Even in the painting I did
the mixing to secure the right shades, and
the work upon the walls and the cushions
and on the chairs and floors is also my
handiwork. I have now been working 20
years, and this house and some other prop-
erty, some of which is stocks and bonds,
are the results of my labor. I have never
worked harder than most women of my
age. By 5 o'clock in the morning I am
up, and seldom think of retiring before
12. I go to Europe every summer for three
or four months, travel around in the
older cities and pick up all the ideas and
suggestions possible for designs. Then I
go over to South Kensington for a few les-
sons, and to learn the newest stitches. I
never give lessons, because I can make
more the other way, and then, too, I am
the more of teaching. I have a child, a
woman has originality and will work she
can make a good living of embroidery.

Mrs. Kellogg's new home has twice been
opened to the public. Great taste has been
displayed, in the arrangement of the room,
and their furnishings. The building con-
tains about 10 rooms. The two front rooms
are of oak and quite massive. The living
room, which is connected with the hall by
a wide opening on either side of which is a
curtained column, is provided with com-
fortable and commodious window seats. Lead-
ing from this room is the music room, in
the library is a falconer's office, over which
are the wings carved by Mrs. Kellogg.

The life so long to learn.

In the hall and two front rooms the
chandeliers, portiere cranes and iron are
of wrought iron. The music room is pro-
vided with elegant cut glass chandeliers.
The Finnish dining room is one of the
most attractive rooms in the house. It has
a wide fringe of tapestry, but one of the
most noticeable decorations on entering the
room is a rare and elegant display of all
kinds of foreign china and crockery.

Mrs. Kellogg has collected a large num-
ber of curios and other articles, which are
displayed all over the house. In the living
room the walls are hung with imported
tapestries, representing foreign scenes.
The kitchen, with its accoutrements, would
make the heart of any housewife glad.

The second floor contains various sleeping
rooms, bathroom and large hall, all in an-
tique finish, with exception.

Mrs. Kellogg's office and workrooms are
on the third floor. The approach to the
second and third floors can be made by
the old English stairway or more easily by
an elevator. Throughout the house in the
furnishings are to be found examples of
Mrs. Kellogg's skill in needlework.

BRITAIN WILL HOLD CARGO.

The 17,000 Bags of Flour for the
Boers Will Be Paid For.

Cape Town, Jan. 5.—The Supreme Court
has ordered that the British steamer Ma-
hona, Capt. Jonston, which left New York
on Nov. 8 for Algo Bay, laden with flour
for the Transvaal, and which was cap-
tured by the British gunboat Partridge, be
delivered to the claimants, upon giving
satisfactory security for the return of the
cargo claimed as prize be stored
in the custom house at Port Elizabeth, un-
til security approved by the authorities.
The prize cargo consists of 17,000 bags of
flour. The British will proceed to return
ports and discharge her unclaimed cargo.

THE GOSPEL MINISTRY.

Those who attended the meeting in Col-
lege-street Presbyterian Church last night
in connection with the celebration of the
twenty-fifth anniversary of the induction
of Rev. Alexander Gilroy as pastor here
to-day sent an able address by Rev. Dr. Car-
michael of King, on "The Gospel Ministry."
Rev. A. L. Leggie of Parkdale Pres-
byterian Church and Rev. Dr. Wardlaw made
brief addresses.

SHOOTING OF REV. MR. CHENEY.

Henry F. Corbett, charged with the
Crime, Defended by Witnesses.

Crane, Wis., Jan. 5.—The state having
rested in the preliminary examination of
Henry F. Corbett, charged with shooting
the Rev. D. B. Cheney and wife, the de-
fence today began the introduction of wit-
nesses. Mrs. C. J. Steinwiler of Milwaukee,
at whose home the shooting occurred, testi-
fied as to his home, John Peter Lorsch,
Corbett's roommate at Richfield, John
Lorenz, a barber, and John William

THE TROUBLE IS NOT WITH YOUR STOMACH,

is it? Then why put any medicine in it.
Let it alone. But there must be something
the matter with your bronchial tubes or
lungs, or you wouldn't be coughing so hard.
Then treat these, one or both, and these
only. You can do it so nicely with our
Vapo-Cresolene.

Put some Cresolene in the saucer,

light the lamp beneath, and breathe-in the
healing vapor. You feel relieved at once;
the first breath quiets the tickling in the
throat, and lessens the desire to cough.
Isn't this much better than to try to reach
your lungs by way of your stomach?

For asthma, bronchitis, croup, whooping-

cough, la grippe and influenza, it is the
best treatment you can possibly find.

Vapo-Cresolene

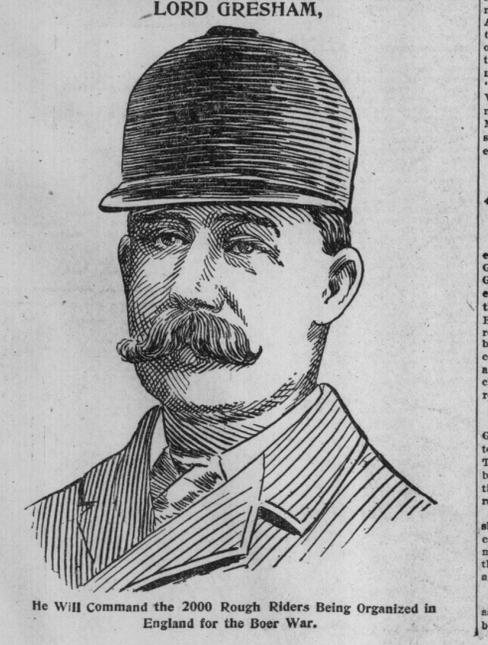

CURES WHILE YOU SLEEP

SOLDIERS' AND SAILORS' ORPHAN HOME,
Xenia, Ohio, April 24, 1895.

During the past winter we had an
outbreak of whooping-cough in this insti-
tution, having about 60 cases. They were all
treated by inhalations of your Vapo-Cresolene
without other treatment. In these cases they
all made successful recoveries without com-
plications, and were able to resume their
preparation in Whooping-Cough.

A. C. MESSENGER,
Resident Physician.

He Will Command the 2000 Rough Riders Being Organized in

T. EATON CO. Canada's Greatest Store.

Dainty White Dresses for the Little Tots.

It is a waste of time and money for mothers to make dresses for their little tots when they can buy the daintiest ready-made dresses for the little prices we are asking this month.

No. 43. Children's white nainsook dresses, yoke of fancy white muslin, with lace trimming, sizes 6 months, 1, 2, 3 and 4 years. January price, 39c.

No. 47. Children's white nainsook dresses, trimmed with Swiss embroidery, yoke with insertion and feather-stitched head, sizes 6 months, 1, 2, 3 and 4 years. January price, \$1.19.

No. 51. Children's white nainsook dresses, yoke with lace and embroidery insertion, double ruffles over shoulder, trimmed with lace edge, bottom of skirt trimmed with two ruffles with lace edge, insertion of fine embroidery above ruffles, sizes 2, 4 and 6 years. January price, \$3.25.

If you cannot come to the store send your order by mail or telephone it. When ordering be sure and give the age of child. If you're not satisfied with the dress sent you will refund your money.

Good Values. No disappointment in our Clothing section. Our qualities and values do not permit it, while styles are varied enough to suit every fancy. These hints for Monday:

Men's and Boys' Some seasonable furnishings. suggestions from the Furnishing Section. This lot of men's will interest boys as well as men:

Men's Arctic Underwear, heavy fleece lined, winter weight, pearl buttons, sixteen facings, overlapped seams, close ribbed cuffs, and ankles, all sizes, \$1.50.

Men's Heavy Ribbed Hockey Stockings, plain colored leg, with fancy striped and checked roll top, in dark and light brown and black, all sizes, \$1.00.

FINEST FAMILY FLOUR. Our Blue Seal brand, Monday, 1 bag for 43c.

THE TORONTO WORLD. ONE CENT MORNING PAPER. No. 83 YONGE STREET, Toronto. Daily World, \$3 per year. Sunday World, \$2 per year.

APPLY REGISTRATION TO THE TOWNSHIP. The law concerning the registration of voters in cities and county towns has worked so satisfactorily that the principle ought to be extended to other towns, villages and townships.

THE CHICAGO DRAINAGE CANAL. As it is impossible to duplicate the Chicago drainage canal system in Toronto, we will have to adopt another method of disposing of our sewage. The Chicago plan is certainly an ideal method of disposing of a city's sewage.

RUINING THE APPLE TRADE. The export apple trade has not been satisfactory this season, and the fault seems to be not so much with the fruit as with the method of packing and handling it.

Schmidt's Long Ride. "As is natural, many stories are about at this time," said George Lambert of London, who has lived at Pretoria for several years.

The night my house burned. I was taken with shortness of breath and palpitation of the heart, writes Mrs. Susan C. Lousia Co., Va. "These symptoms came on me when I was five months ago, and I have not been able to sleep at night, was not able to do any work, and I was in a state of great distress."

English Pluck. Professor Moses Colt, Tyler, in his book "Glimpses of England," comments upon the fact that "English pluck" is renowned in all the four quarters of the earth.

Two Gallons of Water in an Egg Shell. A monster egg of the Rock of Marco Polo, known to ornithologists as Aspyornis Maximus, was recently sold at auction in London. The only place where such eggs have been discovered is Madagascar.

Horse. The Horse Blanket. Ours is a Jute Blanket and is full lined with heavy wool lining. It is shaped and strapped, and is fitted with a patent rear fastener, to keep Blanket on the horse. At \$1.25 this is, so far as we know, the best Blanket value on the market.

FINEST FAMILY FLOUR. Our Blue Seal brand, Monday, 1 bag for 43c.

LIFE

Life ever travels with two companions—responsibility and opportunity. When the latter joins hands with Life Insurance the former becomes a boon companion.

The North American Life, 112-118 King St. West, Toronto.

CASES FOR CIVIL ASSIZES. The Court Opens Monday Morning With a Somewhat Full Peremptory List.

A BRIEF SUMMARY OF POINTS Gleaned From a Perusal of the Pleadings—Interesting Questions to be Decided.

McIntosh v. King—Action by plaintiff, whose husband was killed while acting as brakeman for the defendant company. The claim alleges that the deceased, while in the exercise of his duties as front brakeman on a freight train, fell and was run over and killed by the train.

Palmer v. Scott—Action by George Palmer, Peter Ryan and Homer Lawry, contra, against Isaac M. Scott, hotelkeeper of Laurier Mills. The plaintiffs, Palmer and Ryan, who are oil producers, and Peter Ryan, composed the Petroleum Syndicate, and entered into an agreement in March, 1898, with the defendant and one Stubbins, whereby the latter was to go to the Yukon on a prospecting expedition and prospect until June 30, 1900.

Hunter v. Merchants' Insurance—Action by Hunter, the King-street tailor, for \$2000, amount of loss sustained through fire, and which was covered by insurance in the defendant company. The plaintiffs claim that the plaintiff's loss was insured for more than its value and that no notice of this was given them, and that proof of the loss was not furnished them. By way of counterclaim the company calls for the delivery of a cancellation of the policy.

Higgins v. St. Lawrence Foundry—Action by Annie Higgins, widow of David H. Higgins, her husband, for the death of her husband. She is the mother of six children. Her husband, it is claimed, on Dec. 6, 1898, fell into a vat full of molten water, which was left open, and not properly guarded. The defence set up is that of contributory negligence on the part of the deceased.

Grafton v. Brodie—Action by Sarah M. Grafton of Toronto against W. Brodie of Hespeler, for \$5000 damages for the death of her husband, George Henry Grafton. The deceased was a roofer employed by Wm. Forbes of Toronto and on Nov. 14, 1898, he was sent to Hespeler to repair the roof of the defendant's mill. He worked for two days, when, on account of the cold, he was sent to the mill, where he was to be put to bed. The claim is for damages for the death of her husband, which she claims was done by him while in possession of his full senses.

POISONED BY MISTAKE.

Mrs. John A. Coppin of Mitchell had a very narrow escape with her life. Through the inadvertence or carelessness of her nurse, Mrs. John A. Coppin of Mitchell nearly lost her life last night.

A WHITE MAN WAS HANGED.

This Killing Occurred at Newport News, Va., at 4 o'clock Yesterday Morning.

VICTIM WAS TAKEN FROM JAIL.

At about 4 o'clock this morning a mob of armed and masked men came to the station house, disarmed the sergeant, and at the point of revolvers, made their way into the jail where Watt was crouching, pleading for his life.

AT THE CITY HALL.

The composition of the Board of Control for 1900 would practically have been decided yesterday, but for the interruption of a deep reservoir of influence which swept a settlement out of sight.

Someone was going around in the hall yesterday saying that Ald. Sheppard did not desire the place on the Board of Control. The alderman, when seen by the most emphatic contradiction to the statement.

The largest lobby that the new building has yet witnessed was being worked all yesterday afternoon over the appointment of representatives from the Council on the High School Board.

Mr. Lennox has yet done nothing to show that he respects the orders of the Council. He has simply ignored the instruction to dismiss the men under his supervision.

Mr. Lennox has yet done nothing to show that he respects the orders of the Council. He has simply ignored the instruction to dismiss the men under his supervision.

ESTATE NOTICES.

IN THE SURROGATE COURT OF THE County of York. Notice to Creditors to Re-estate of Maria Dunnigan.

Notice is hereby given, pursuant to Chap. 120, R.S.O., that all persons having claims against the estate of Maria Dunnigan, late of the City of Toronto, in the County of York, who died on or about the 15th day of March, 1899, are required to deliver their claims and full particulars of such claims to the undersigned administrator, at his office, No. 12 Wellington Street East, Toronto, before the 27th day of January, 1900, and that after said 27th day of January, 1900, the administrator will distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which notice has been received.

NOTICE TO CREDITORS.

Notice is hereby given, pursuant to R. S. O., 1897, chap. 120, sec. 38, that all creditors and others having claims against the estate of Rebecca Burkholder, deceased, who died on or about the 15th day of November, 1899, are required to deliver or send by post prepaid to William A. Cudney, Delaware P. O., Ont., the administrator of the estate and effects of the said deceased, on or before the 15th day of January, 1900, a statement in writing of their claims and full particulars of their claims and the nature of the securities (if any) held by them.

ESTATE NOTICE - NOTICE TO CREDITORS.

Notice is hereby given, pursuant to the provisions of the R. S. O., 1897, chapter 120, that all persons having claims against the estate of Rebecca Burkholder, deceased, who died on or about the 15th day of November, 1899, at the City of Toronto, are required to deliver or send by post prepaid to the undersigned, solicitors for the Toronto General Trust Corporation, southwest corner Yonge and Colborne Streets, Toronto, Ontario, the administrator of the estate of the said Rebecca Burkholder, her Christian and surnames and addresses with full particulars in writing of their claims and proofs thereof, and the nature of the securities (if any) held by them.

ESTATE NOTICE - NOTICE TO CREDITORS.

THE Dominion Bank. Notice is hereby given that a dividend of 10 per cent. upon the capital stock of this institution has been declared for the current quarter, being at the rate of 12 per cent. per annum, and the same will be payable at the Banking House in this city on and after THURSDAY, THE FIRST DAY OF FEBRUARY NEXT.

By order of the Board, G. D. BROUGH, General Manager.

CENTRAL CANADA LOAN & SAVINGS COMPANY. 26 King Street East, Toronto.

NOTICE OF ANNUAL MEETING. Notice is hereby given that the Annual Meeting of the Shareholders of the Central Canada Loan and Savings Company, for the reception of Annual Report, Election of Directors and other purposes, will be held at the Company's Head Office, 477 Queen Street West, Toronto, on Friday, the 24th day of January, at the hour of 2 o'clock p.m.

By order of the Board, R. B. WOOL, Managing Director.

WASTE. A man wastes a tremendous amount of money without feeling it. He could save the same amount without feeling it. There will be no privation. An unparalled net-receiving salary of \$25 per week or over, can save \$3000 in 187 weeks, depositing \$15 per week. There is no going after the first five weeks of deposits. Get our booklet. 240 THE DOMINION PERMANENT LOAN CO. 477 QUEEN STREET WEST, TORONTO.

SECOND ROSSLAND LETTER

Several Properties Long Idle Being Equipped and Opened up on a Large Scale.

CALIFORNIA AND THE GIANT.

Evening Star Shipping and Looking Well-Jumbo, Monte Cristo and Other Trail Creek Properties.

Pacific Mining Letter No. 35—Relating to Rossland Camp.

Rossland, B.C., Dec. 6.—The Gooderham-Buckley, the B.C. and the Iron Mask mines, described in my last letter, are generally spoken of as the premier propositions in this camp, but Rossland contains besides these a number of other properties on which great hopes are based, and in which many have a great deal of confidence. In fact, as I write, more interest is taken in what may be called the junior properties of the camp than at any time since the bursting of the initial boom of a few years ago. Several important reorganizations have recently been put on foot, and more than one property is being equipped in a manner which betokens the intentions of the owners thereof to carry on development operations on a large scale. In this letter I propose to make running comments on these properties, which I have not already taken up.

Gertrude, Novelt, and Coxy. Taking the premier group of properties on Red Mountain as my starting point, and proceeding west therefrom, we first come to the Gertrude, which with the Coxy, a neighboring proposition, is being opened up by the McHugh, H. J. Coxy, and the Gertrude is equipped with an electric hoist. The shaft upon it is now being driven, and is expected to be completed in a few days. The Coxy, which is a more or less ore in sight. The Novelt, in which Toronto people hold some stock, is, I understand, not working at present.

Working the California. Due west from the premier properties and the West Le Roi Company's holdings lies the California, which I visited on behalf of its owners. The recent activity in this camp is due to the fact that the claim, which has lain idle ever since the late '90s, has, since more or less than two months ago, become the scene of activity. The control of the proposition has been secured by S. W. Miller, and other parties who own the Knob Hill and Ironides in Greenwood Camp, the City of Paris and Lincoln in California, and the Granby smelter at Grand Forks. Mr. Miller is vice-president of the Canadian Gold Fields Syndicate, and William Y. Williams is superintendent of the California.

The owners of the California hold that the geographical position of their property, with respect to the big main vein, is in its favor. The California lies in a westerly direction from the Le Roi. The main vein, which is a easterly and westerly trend, is in California, and therefore, with the surface showings which the property has, they believe that something in the way of good ore bodies underlie it. As an earnest of their faith, the company is spending a lot of money (\$12,000, I understand) for equipment purposes.

The chief working on the California today consists of a tunnel, driven in on what appears to be a strike, and is running north and south, or at right angles to the main vein. The tunnel is now in 240 feet, and the face shows traces of iron pyrites. No important veins have yet been detected. The work is the ultimate object of which is to run in beneath these iron-stained surface showings.

Installing a Big Plant. The most important operations, however, are being undertaken on the southern part of the property, where the old company formerly formed a shaft down 200 feet, on a 15-foot ledge of ore running as high in places as 15 to the ton in gold and copper. On this ledge, which is very rich, I saw some good-looking ore right on the surface.

Believing in these deposits, the California management is spending money in putting in a big plant, and power houses of large scale and fine appearance is now under construction. In fact, it is very nearly completed. The dimensions of the main building are 100 feet by 32 feet, and of the annex 25 feet by 12 feet. In one portion of the building a heavy shaft frame runs over the collar of the old shaft, which is to be made a permanent working. In this portion of the building are to be found the hoisting machinery, the compressor plant, and the blower.

The hoist is to be of 30 horse-power, for the installation of which the Canadian General Electric Company has the contract. Power is to be furnished by the West Kootenay Light and Power Company from Bonington Falls. The compressor is of the kind made by the same company. The management hopes to have the hoist and compressor in operation next month—that is to say, in January.

The California is not a mine yet, but its owners are already spending a lot of money on it. The property will be equipped with a 40-horse power hoist, and a 4-drum compressor is being installed. After this prospecting work is done the management will decide upon a line of permanent development. The Giant lies north of the California, and the C.P.R. has surveyed its line to Velje Mountain right across the company's claim.

Working the Giant. The Giant is an older property which, after being dead for some time, has shown new life. I understand that Col. Turner, Col. Redpath, and Mr. Saunders, of Spokane, Wash., have secured a six months' option on the property, and are now investigating its possibilities. I visited the property in company with Supt. Nick Treger, formerly superintendent of the Iron Mask, and found that it had a very encouraging surface showing. Some 200 tons of ore has been unearthed on the surface and several hundred tons of this rock broken out from right below the cross rocks is to be immediately shipped to the smelter.

The development done on the property by its original owners includes a shaft 110 feet deep. This is now being pumped out and Mr. Treger proposes to crosscut at the 50 and 100-foot levels, to ascertain whether or not the ore body which is on the surface continues with depth. In order to do this work a 20-horse power hoist and a 4-drum compressor is being installed. After this prospecting work is done the management will decide upon a line of permanent development. The Giant lies north of the California, and the C.P.R. has surveyed its line to Velje Mountain right across the company's claim.

White Bear and St. Elmo. South of the California lies the White Bear, equipped with good buildings and a 5-drum air compressor plant. The main shaft on this property is down 350 feet and the management is drifting after pay. Near the top of Red Mountain and in a generally northerly direction from these other properties, is found the St. Elmo. The development done upon this property includes a tunnel, which is now being driven with connected shafts showing some ore. The management has decided to install one-half of a 10-drum duplex compressor plant in order to facilitate its work.

The Jumbo. Some distance northwest of the Giant is situated the Jumbo, where development work on this proposition includes a series of three tunnels, the lower of which goes to a vertical depth of 300 feet. The upper tunnel, by means of which a depth of 100 feet is secured, reveals the existence of an ore body from 60 to 70 feet wide, and runs east, in total length of 100 feet. The company, I understand, believes that half of this ore body will average \$12 to the ton and that the cheaper transportation and treatment charges now obtainable will make this shipment very profitable. The management has tapped the ledge at the 400-foot level and a drift is now being run to strike the pay zone underneath

the point where it was opened up in the upper level. The Jumbo Company, I understand, intends to ship some ore next spring.

Virginia and Monte Cristo. In a westerly direction from the main group of mines on Red Mountain are found the Virginia and Monte Cristo. The former is not working just at present, but it has shipped 100 tons of ore during the current year. The Monte Cristo, after two months' idleness, has again opened up, and over 5000 feet of work has been done on this property, the greatest depth obtained on it being 90 feet. The Monte Cristo ore body is large, but low grade. It is claimed, though, that the mine contains a considerable quantity of ore which will pay a margin at the existing low transportation and treatment charges.

Evening Star to the Front. The taking hold of the Evening Star property in the Cariboo was by Mr. George H. McAnley of the Cariboo mine has galvanized the stock of the public eye. The Evening Star boasts two veins, one 30 feet wide on the surface and both carrying considerable quantities of good grade. Both of these veins have been cut by tunnels at considerable depth and the latter is now being run to tap the pay chutes at the 150-foot level. I understand that the mine has shipped 100 tons of ore, averaging about \$12 to the ton. I have knowledge of an important deal, which is in prospect, regarding the Evening Star Hill, but I have no authority at present to give details concerning it.

Iron Colt and K. X. L. Another property which has been idle for 22 months and which is now being placed under development, is the Iron Colt. The old workings include 1200 feet of tunneling and the management will now devote its energies to seeking depth. The L. X., some distance to the northwest of the centre of the camp, has given some encouraging results. This property boasts a four-foot vein of free-milling ore, running 300 to the ton, and in places showing a four-foot vein has been intersected by two tunnels, and the company is now driving to tap the lead at a depth of 100 feet.

Mascot and Paris Belle. The Mascot, to the west of Rossland town, is being developed by three tunnels, giving a maximum depth of 400 feet. Although I did not see the property, I understand the encouraging situation of ore has been found upon it. The property, which belongs to the Big Three Company, is equipped with a seven-drum compressor and 25 men are at work upon it. The owners of the Paris Belle, which lies in the centre of the residential section of the town, are sinking a shaft upon their property without regard to the convenience of the people living in the neighborhood.

Sunset on South Belt. Haretope operations on the south belt of Rossland camp have not been attended with much success. Practically all the pay ore has been found in the belt, and more or less unsuccessful results have attended the work carried on upon the Crown Point, Homeless, Sunset No. 3, Deer Park and other south belt propositions. During my present stay in the camp, however, the announcement was made that shipping ore has at last been found on one of these properties, the Sunset No. 2, to wit, this property, which is owned by the Canadian Gold Fields Syndicate, Limited, of which Mr. J. C. Drury is general manager, includes the Sunset No. 2, the Gold Hunter and Alabama claims. A low-grade ledge, varying from 20 to 30 feet in width, has been traced for some distance along the surface of the claim. Until recently only poor values were gotten from this ledge, but in the past day or two shipping ore has been struck in the crosscut. A new shaft at the 100-foot level. The ore found in the crosscut is not solid, but mixed with some druse. It is, however, claimed that it is of shipping grade. The property is equipped with a seven-drum air-compressor.

The most persistent policy of development work has been carried out upon the Homeless property for a long time. At the time of my visit the mine was temporarily shut down, pending a reorganization to be effected in a few days.

In Sophie Mountain Region. Considerable development work is being carried on in outlying portions of the camp, notably on Sophie and Record Mountains. In the Sophie Mountain region, which has been the scene of the main portion of the work, the Veil is being operated by the New Gold Fields of British Columbia, an English corporation. I was unable to visit the Veil, but I am given to understand that it is likely to be one of the big mines of the district. The shaft upon it is down 200 feet, with crosscut and drifts at the 200-foot level, opening up a body of high-grade ore, some of which runs 20 per cent. copper, and also brings to the surface a tunnel is now being driven to tap the deposit at a depth of 400 feet. The Veil, however, is a good property, and is being developed by the Ontario Gold Mines Co., principally composed of Dutch men, have a good property in this area, and a new shaft has been installed.

At the head of the shaft is a nice property being developed for Mr. C. W. Ericson of Duluth. A shaft has been put down 40 feet on a 4-foot vein. The Agassiz Development Co. has just been incorporated in Duluth to operate in the island Falls country. It has already secured sixty licenses, and is acquiring others. There are also several other companies being organized in Duluth, St. Paul and other localities, which the Ballion Co. lately acquired, a very active manager, likely will prove to be a rich one.

The Gonyea and the Assay is a nice property being developed for Mr. C. W. Ericson of Duluth. A shaft has been put down 40 feet on a 4-foot vein. The Agassiz Development Co. has just been incorporated in Duluth to operate in the island Falls country. It has already secured sixty licenses, and is acquiring others. There are also several other companies being organized in Duluth, St. Paul and other localities, which the Ballion Co. lately acquired, a very active manager, likely will prove to be a rich one.

The Island Falls Country. The Agassiz Development Co. has just been incorporated in Duluth to operate in the island Falls country. It has already secured sixty licenses, and is acquiring others. There are also several other companies being organized in Duluth, St. Paul and other localities, which the Ballion Co. lately acquired, a very active manager, likely will prove to be a rich one.

At the Ball mine, which the Ballion Co. lately acquired, a very active manager, likely will prove to be a rich one. The Gonyea and the Assay is a nice property being developed for Mr. C. W. Ericson of Duluth. A shaft has been put down 40 feet on a 4-foot vein.

Deer Trail No. 2 and Bonanza. It is admitted by interested parties that there is some foundation in the rumors regarding the amalgamation of the Deer Trail No. 2 and Bonanza Mining Companies. This news will doubtless be welcomed by investors, who for several weeks have been somewhat puzzled by the erratic market for these stocks, and have been awaiting some assurance as to the future of the mines.

Ninety per cent. of the shares of the Deer Trail No. 2 Company are held in Eastern Canada. Yet the management of the property has been retained by the western minority interest. The shares of the Bonanza Company are also largely held by Canadians. This work of looking after properties of this character entails heavy expenditures. It is held that by having both properties under the same supervision a saving of \$600 per month can be effected in the ordinary running expenses alone. The early completion of the wagon road, 18 miles long, from the Deer Trail No. 2 mine to Springdale on the Spokane Falls and Northern Railway, on the line of which the Bonanza mine is situated, makes it possible to have both mines operated under one and the same management.

The Petroleum Idea!

Angier's Petroleum Tablets

In connection with the large and constantly growing use of Angier's Petroleum Emulsion we want to emphasize the Petroleum Tablets, which not only cure simple coughs, hoarseness and sore throat, but relieve the stubborn cough of Bronchitis and consumption. Many physicians prescribe the two together, thus saving their patients from the bad effects of using common cough remedies.

What They Are. ANGIER'S PETROLEUM TABLETS are composed of Petroleum especially purified and rendered tasteless, combined with pure elm bark and other valuable ingredients. They contain no opium or other narcotic, do not destroy the appetite, but, on the contrary, aid digestion and help nutrition. They are pleasant to take, and convenient to carry, and are sold at a price within easy reach of modest means. They not only cure coughs, hoarseness and sore throat, but relieve dyspepsia, flatulency and stomach troubles generally. These qualities are not possessed by any other cough troches, and the fact of ours being prescribed by thousands of physicians tells better than anything else how much they are really worth.

For sale by druggists generally at 25 cents a box, or sent, to any address by mail on receipt of price.

ANGIER CHEMICAL COMPANY, CONFEDERATION LIFE BUILDING, TORONTO.

Carolina, two of the directors, Manager Laird has his eye on the gold. Both of these valuable ore exposed. The Minnabasca and Ontario Gold Mines Co., principally composed of Dutch men, have a good property in this area, and a new shaft has been installed. At the head of the shaft is a nice property being developed for Mr. C. W. Ericson of Duluth. A shaft has been put down 40 feet on a 4-foot vein. The Agassiz Development Co. has just been incorporated in Duluth to operate in the island Falls country. It has already secured sixty licenses, and is acquiring others. There are also several other companies being organized in Duluth, St. Paul and other localities, which the Ballion Co. lately acquired, a very active manager, likely will prove to be a rich one.

TORONTO FIRE STATISTICS

There Were No Less Than 840 Alarms of Fire Last Year, Which Is the Record.

THE AGGREGATE LOSS \$350,268.

Statement of Losses and Insurances in the City for Fifteen Years—Causes of Fire.

Three of the retiring aldermen assembled at the meeting of the Fire and Light Committee yesterday afternoon and made up, along with Ald. Hubbard, the required quorum. They were Ald. Frankland (chairman of the committee), Davies and Lynd.

Secretary McGowan's Report. Secretary McGowan submitted a statement of the expenditure for 1899. The total amount of the year's appropriation for the Fire Department was \$180,000. The expenditure was \$180,007, leaving a surplus of \$23. Salaries accounted for \$120,771 of the expenditure.

The amount of the appropriation for street and park lighting was \$108,755, and the expenditure \$108,705. The amount of forfeiture for lights out during December had not been deducted. This would give room for a surplus of \$50.

The total number of electric lights in Toronto is 1121, and the number of gas lamps 1001.

Fire Chief's Statement. Chief Thompson's report was interesting, mainly in as far as it dealt with the year's losses on buildings and contents.

Incidentally it mentions that the number of fire alarms during the year was the largest recorded in the existence of the department, being 840 in all, or 127 more than the record of 1898. Of the total number of alarms 461 were received by telephone, which shows in the opinion of the Chief how important this service is to the fire alarm system.

It is interesting to compare the aggregate losses on buildings and contents during the year with the records of a dozen or more years past.

The aggregate losses on buildings during 1899 was \$103,112, and the insurance \$80,178. The aggregate loss on contents was \$241,156, and the insurance \$24,727, making for the past year totals of: Aggregate loss, \$350,268; insurance, \$208,004. The amount of insurance carried on buildings was \$84,928, and on contents \$234,316. The total loss over insurance carried was \$41,040.

Fire Losses and Insurances. Compare now the record of thirteen years of losses and insurances:

Table with columns for Year, Loss, and Insurance. Rows include years from 1886 to 1898.

There are 62 horses in the department, four above the requirements. It will be necessary during the following year to secure a new hook and ladder truck for Devon-avenue, and also to replace the antiquated Paradise Village truck now in use in Ossington-avenue with a modern apparatus.

What Caused the Fires. From the statistics relating to the origin of fires, it is curious to notice the following causes: Burning rubbish in yards, 7 fires; bonfires by boys, 16; children playing with matches, 43; children playing with fire, 6; coal oil lanterns exploding, 7; coal oil stoves, 5; curtains too near the gas jet, 10; explosion of gasoline lamps, 2; gasoline stoves, 2; lamps exploding, 14; lightning, 2; fires started by boys, 43.

In reply to Dr. Lynd, Chief Thompson remarked that there was much less trouble experienced with the new keyless door alarm from mischievous boys. These were more expensive, but much handier. They were only used on streets which are well patrolled by the police.

The report was received, the committee having no authority to do more with it. The Two Side Votes. This is the summary of the vote cast on Monday last on the amalgamation and salaries question as officially recorded by the City Clerk.

Table with columns for Ward, Yes, No, Payment of Salaries, Yes, No. Rows include wards 1 through 6 and a Totals row.

Before the Privy Council. The Metropolitan Railway and Lands-own-avenue crossing matters will be argued on Tuesday before the Privy Council, the city authorities failing to arrange for a postponement. Mr. Oester found that he could not possibly go to Ottawa on the day the city asked that the matter stand over to, and no other day could be named that would meet the convenience of all the parties.

Technical School Board. John L. Phillips, secretary, in behalf of the Toronto Builders' Exchange, has nominated Thomas Cannon, Jr., of 7, Cannon & Son, as representative to the Technical School Board. The Builders' Exchange says: "All branches of the building trade are represented in the Builders' Exchange. Among others it may mention the masonry, both for brick and stonework, but stonework structurally, iron work, carpentering, brick-making, etc. Our members consider that their interests will be materially improved in all pertaining to the successful working of the Technical School."

The secretary of the Association of Stationary Engineers, Mr. W. J. Webb, has also advised the Mayor of the nomination of representatives from that organization to serve on the Technical School Board. Their names are: A. M. Wickens and C. Mosely.

Secretary Wills of the Board of Trade has written to the Mayor with regard to representation on the Technical School Board. He says: Messrs James D. Allan, 64 Bay Street, and E. B. Tolson, president of the Polson Iron Works, have been named as the representatives of the Board of Trade.

Cavalry and Artillery Horses. A splendid consignment of upwards of 60 head of carefully selected sound, fresh young horses and colts, from 1 to 7 years, 15 to 16 hands, and 800 to 1250 lbs., was sold at Grand Central market on Tuesday next at 11 o'clock sharp. These horses were purchased over the number required and were all bought under veterinary inspection. This is an unusual opportunity to secure the very best horses obtainable at sacrifice prices.

First School Savings Bank. The first savings bank in connection with the public schools of Toronto will be opened in Dufferin School on Monday next. Arrangements have been made with the Victoria Fire and Marine Insurance Co. through system organized. If the experiment is successful in Dufferin School, the Board intends to extend the savings bank system throughout the city. The system has been very successful in France and England.

Gaining in Favor Every Day. The New York Central through car service to New York.

AGAIN HUTCH TRIUMPHS OVER DREAD DISEASE

Mrs. Bennett Roberts, 81 years of age. "At times," she said, "it seemed that I never would get well, and in my despair I almost longed for death." "What I like in Hutch is that you get almost instant relief."

Mrs. Bennett Roberts, Concert Pianiste, Enjoys Through it a Healthy Vitality at the Age of Eighty-One.

"I Have Suffered All Manner of Torments," Says This Most Gifted Lady, "But Since Taking Hutch I Have Enjoyed Perfect Health."

Marvellous have been the cures which Hutch has made. It would appear that recent successful treatments of chronic stomach diseases completely overshadow the cures made by that remedy in the past. Hutch has proven so mightily efficacious—of such wonderful power to do good—that subjects of mysterious and complicated ailments are testing it and are experiencing a return to health and happiness. Mrs. Bennett Roberts, of Yonge Street, Toronto, had for years been subject to a peculiarly horrible affliction of the stomach, which had completely baffled the skill of specialists to diagnose and treat. At times it would seem to her that she would never get well, and in her despair she almost longed for death. The physical agony she endured was intense. Her very system at times would become numbed with pain. When her sufferings were at their worst, a merciful Providence would give her relief in unconsciousness. "In adding my testimonial to the Hutch medicine I do so willingly, for I consider I have received great benefits. I have been in the musical profession since I was 11 years old, and I am now 81. I have suffered at times with fainting spells, always supposed to arise from over-study or over-work. I have had several attacks of prostration, so I thought I would try Hutch, and I have never had one since. Now this is a great success for Hutch. I was recommended to take stimulants. I do not like them, and I do not believe in them. What I like in the Hutch Tablets is that you get almost instant relief. Mrs. BENNETT ROBERTS, 250 Yonge Street, Jan. 2nd, 1900." The end is not yet. Constantly cures made by Hutch are reported which vie in interest with any of those made in the London hospitals, in the Royal Vienna Hospital, or the Hotel Dieu of Paris. Any stomach disorder, no matter how serious, yields instantly to Hutch, and a conscientious treatment means permanent relief.

Hutch cures Indigestion, Heartburn, Sour Stomach, Pain After Eating. It is a doctor for 10 cents. Sold at 10c, 25c, 50c, and \$1. THE WOODWARD MEDICINE CO., Limited, Toronto and Buffalo, N. Y.

THE DISCOVERY OF A BIBLE.

An Old Family Record of the Carpenters Thought to Have Been Traced at Last.

WILL FIX OWNERS OF MILLIONS.

Mrs. M. E. Henderson of Toronto Will Share in the Big Estate If Alleged Find is True.

While millions of Bibles are being distributed yearly to the South Sea Islanders and others, there is but one Bible that is acceptable to the Carpenters of Long Island. That Bible has been long lost and long sought after, for it contains a family tree of 200 years' duration, and its possession would unlock the doors of the Imperial Court of Chancery and let millions of pounds roll out. In a sense different from the accepted one, the Carpenters are students of the Bible and seekers after the truth. The prosaic facts of the case are few.

Statement of Claim. William Carpenter died intestate in England in 1700, and left much property, which today is in the Chancery Court and is valued at \$200,000,000. The Carpenters of Massachusetts and Rhode Island have tried to prove their claim, but have failed. But the Long Island Carpenters are still fighting for recognition. They have secured records which date back to 1598, and they claim they have established an unbroken line back to William Carpenter, the original intestate, through Ephraim and Timothy

Carpenter, who settled in Long Island in 1678. Their progenitor settled in Sycamore County, Long Island, and played no mean part in the war of American independence. They were U.E. Loyalists, who settled in Canada after 1783.

Canadian Carpenters. When the William Carpenter estate was being sought by the Massachusetts Carpenters, the Chancellor of the English High Court said the rightful heirs were U.E. Loyalists, who lived in Canada. Mrs. M. E. Henderson of 364 East Queen-street, this city, whose maiden name was Mary Elizabeth Carpenter, is one of the Long Island Carpenters, and is interested in William Carpenter's estate.

The Bible Described. The sticking point in the case has been the absence of a family Bible, owned by Timothy Carpenter, who settled in Long Island in 1678. This family Bible of Timothy Carpenter is bound in leather and brass. It is 20 inches broad, 60 inches long, 5-1/2 to 10 inches thick. It has two clasps at each end and three at the opening edge. In it are found all the family records, that are of inestimable value in the successful prosecution of the claim. When it was first heard of it was in the possession of Ralph Derrin, who is supposed to be a resident of Western New York, and an interested party in the suit.

Bible Said to Be Found. It is thought that this Bible has at last been traced. J. A. Sutton of Pontiac, Mich., married Sarah Gidney, whose great-grandmother was a daughter of Ephraim Carpenter. He writes to Mrs. Henderson that a Carpenter, resident in Detroit, has told him the long-lost Bible is possessed by her uncle, who lives in Western New York. The uncle is described as "old, eccentric and ignorant." Sutton is going after him. So Mrs. Henderson is in the belief that the Bible has been found at last that she has enjoyed.

TO CURE A COLD IN ONE DAY. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature on each box.

ed the Hon. Samuel C. Smith, Congressman from Pontiac, Mich., to look after Mrs. Sutton's interests. He has been aided in his efforts by Mrs. Nevers of New Brunswick, who is a cousin of Mrs. Sutton.

FRANCE PUTS ON PRESSURE. This order is probably in connection with the recent demand upon the Black Republic to pay an indemnity to a French citizen in the matter of a local damage claim.

LASH FOR HOUSEBREAKERS. Criminal Sessions Grand Jury Think Heavy Penalties Should Be Imposed.

DIED ON HIS PENSION DAY. Kendrick Cornell of Aged Men's Home Went Out for His Pension and Never Came Back.

WHARF WILL COST \$23,000. Richelieu & Ontario Navigation Co. Will Have a New One by April 1st.

More Tablets Placed. Within the past few days marble tablets have been placed in position, one at the western gate of the Old Fort, one at the Bishop Strachan palace, built in 1831 opposite the Union Station, and one on the office of the Gas Company on Front-street near Parliament, marking the site of the original legislative buildings of 1793, which were burned by the American troops in 1813.

TO CONSUMPTIVES. If written to I will tell you how to be benefited and cured. No money. Address JOSEPH K. HARRIS, Box 1, Windsor, Ontario.

CANCER advertisement with text: "And tumors cured, at home; no knife, plaster or pain. Free book with each month's medicine." Includes address: "2, MAJOR MEDICAL CO., 577 BROADWAY ST., TORONTO, ONT."

BUDDHISTS AND CHRISTIANS

Are About to Be Accorded Equal Rights in Japan—Buddhists Support the Bill.

PREMIER ACCUSED OF CORRUPTION.

Plaque at Kobe Suppressed—Sympathy of the Japanese With the Cause of Britain.

Tokohama, Dec. 16, via Victoria, B.C., Jan. 5.—The memorial to the throne brought into the Diet this week by the Opposition is practically an impeachment of Premier Marquis Yamagata and Home Minister Marquis Reigu for corrupt practices.

CHARITABLY RECOGNIZED.

The bill for the regulation of religious organizations excites much comment because of its fairness and impartiality. Christianity is no longer merely tolerated, but receives recognition.

QUAY IS OUT OF IT.

If the Report of the Senate Committee is Ratified.

SENTENCE OF THE CONSPIRATORS

Will Be a Wholesome Lesson to Plotters in France.

Three Men Killed.

Chicago, Jan. 5.—An elevator in the furnace room of the brass foundry in the Illinois Steel Company's branch works fell today, instantly killing two workmen and injuring another so badly that he died a few minutes after being removed to the hospital.

Cold Storage Facts.

Eon, John Dryden, Minister of Agriculture, is collecting information regarding cold storage stations, and at the next session of the Legislature will probably bring in some legislation in connection with the establishment of cold storage and collecting stations in various parts of the Province.

THE DELAGOA BAY CLAIMS.

Award Will Be Made at the End of This Month—Foolish Reports Sent Out.

London, Jan. 5.—The latest information possessed by counsel for the Delagoa Bay Railroad claimants is that the award will be made at the end of January.

METROPOLITAN MANAGER FINED.

W. J. Moyes Convicted of Using Grossly Insulting Language to R. Harper.

Mr. W. J. Moyes, J.P., manager of the Metropolitan Railway Company, was fined \$2 and costs in the afternoon Police Court yesterday.

AMERICAN PRISONERS FREE.

All Those in the Hands of Filipinos, Including Lieut. Gilmore, Have Been Released.

Washington, Jan. 5.—General Otis cables that Col. Hare has released all of the American prisoners in the hands of the Filipinos, including Lieut. Gilmore.

GRABBED ANOTHER ISLAND.

The United States Navy has taken possession of another island in the east.

TO MARINERS.

In the Maritime Provinces, where in many localities winter navigation is pursued, the number of storms that have occurred in January during the last 25 years is 2574 to 1899 inclusive.

Assured by the Premier.

A deputation, consisting of Messrs. W. Hamel, J. H. Coleman, J. A. Brown of Tottenham, J. H. Bond of Toronto and Jas. Steel of Montreal, waited on Hon. Messrs. G. W. Ross and E. J. Davis at the Parliament Buildings yesterday.

Now an Injun.

Mr. George C. Creelman, superintendent of the Indian Affairs, has been made a chief in the Onondaga Indian tribe and his name is Indian Chief Kayentohkwé.

MANITOBA AGAIN.

Another Letter From the Wheat Province Reporting Work of Dodd's Kidney Pills.

This Time It Is Mr. Wm. Lloyd of Oakville, Man.—That Dreaded Disease Diabetes Routed—How Dodd's Kidney Pills are Valued in Manitoba.

Oakville, Man., Jan. 5.—The case of Mr. Colquhoun of Oak Lake, printed last week, was read with interest by people of this town.

As regards Diabetes, we can cite the case of Mr. William Lloyd of Oakville. It is recent and fresh in the mind of all us.

"Three months past I have been troubled with Diabetes. I went to the doctor at Portage la Prairie. He gave me a bottle of medicine, but it relieved me very little.

I made up my mind to try Dodd's Kidney Pills, and to my surprise they are doing me very much good. The things that used to make me a burden have left me, and I am not passing half so much urine.

I lost in three months 30 pounds of flesh, but now I am picking up weight. I am taking Dodd's Kidney Pills regularly, three every day. I have taken six boxes, and intend to take more. I am 35 years old, but I am confident Dodd's Kidney Pills are curing me. I am well known all over this part of the country, and glad to testify to the worth of Dodd's Kidney Pills."

AMERICAN PRISONERS FREE.

All Those in the Hands of Filipinos, Including Lieut. Gilmore, Have Been Released.

Washington, Jan. 5.—General Otis cables that Col. Hare has released all of the American prisoners in the hands of the Filipinos, including Lieut. Gilmore.

GRABBED ANOTHER ISLAND.

The United States navy has taken possession of another island in the east.

TO MARINERS.

Wharf will cost \$23,000.

Richellen & Ontario Navigation Co. Will Have a New One by April 1st.

The new wharf to be built by the Richellen & Ontario Navigation Company at the foot of Scott-street will be completed by the 1st of April.

The Demon Dyspepsia—in older times it was a popular belief that demons moved invisibly through the ambient air seeking to enter into men and trouble them.

More Tablets Placed. Within the past few days marble tablets have been placed in position, one at the western gate of the Old Fort, one marking the Bishop Strachan palace, built in 1812 opposite the Union Station, and one on the site of the Gas Company, on Front-street near Parliament, marking the site of the original legislative buildings of 1794, which were burned by the American troops in 1813.

TO CONSUMPTIVES. If written to I will tell you how to be cured and cured. No money. Address JOSEPH K. HARRIS, Box E, Windsor, Ontario.

BIG BRITISH STEAMER SUNK

Treat Western Mail Liner Struck on Black Rock, Guernsey, and Went Down.

BOATS WERE QUICKLY LAUNCHED

And All the Passengers Were Saved—There Was No Panic—One Sailor Drowned.

London, Jan. 5.—The Great Western line mail steamer Ilex struck on Black Rock, off St. Sampson's, Island of Guernsey, at 9 o'clock this morning, and sank. The crew saved the passengers, numbering 22 persons, who, rushing on deck, found the vessel slowly sinking. The boats were launched within 10 minutes after the steamer struck, and there was no panic. All the passengers were saved, and only one sailor was drowned. All on board the Ilex behaved with the greatest courage. The captain was the last to leave the ship. The Ilex is a vessel of 1150 tons, and was built in 1891. She left Weymouth for Guernsey last night.

WHAT DID HE DO WITH HIS ROLL?

Inquest on Suicide Finberg Reveals the Fact That He Had Money on New Year's Day.

Coroner Johnson had a hard task to keep his temper yesterday afternoon during the progress of the inquest on the body of Abraham Finberg, who was found dead in room 142 at the Rossin House on Thursday morning. The inquest was conducted at the morgue, and by some mismanagement there was no fire started in the little court-room until after the inquest was begun. Then, to make matters worse, the box stove threw out volumes of smoke to such an extent that some of the jurors protested to the coroner against being compelled to remain in such surroundings. Eventually the windows were raised and Coroner Johnson dispensed with the dignity of the court by allowing the jurors to sit with their hats and overcoats on.

The presiding officer, City Crown Attorney Curry, and Detective Cuddy, who sat within the railing, also protected themselves against the fire by caps and gauntlets.

Before bringing in a verdict that Finberg came to his death by his own hand while laboring under a fit of temporary insanity, the jury listened to the evidence of John Grimes, Annie Rossin, and Fred King of the Rossin House. Crown Attorney Curry, Detective Cuddy, Dr. A. J. Harrington, Constable Reeves and James Mallet, a restaurant at 270 Yonge-street, testified that the deceased came to his home on New Year's Day and remained till the next morning. He appeared agitated and spoke of killing a woman named Mallet, a divorcee, in which he was concerned at Chicago. On January 2nd, a woman named Finberg offered a \$50 bill in payment for his board, and from the size of the bill of bills he held in his hand, the jury thought that Finberg had plenty of money. There was only \$2.25 in cash found in the deceased's pocket, and the detectives will now endeavor to find where the remainder went to.

NO POWERS ARE SUSPENDED.

Bishops of the Catholic Church May Grant Dispensation in 1900 as Usual.

Trenton, N. J., Jan. 5.—The Right Rev. James A. McPhail has received a copy of a cablegram from Rome, which has been sent to Archbishop Corrigan, which holds that none of the faculties or powers to grant special dispensations heretofore enjoyed by bishops of the Catholic church in suspended effect by the pope's encyclical with reference to the holy year was interpreted by some of the hierarchy to mean that during the year 1900 certain special dispensations could only be granted in Rome.

BUTCHERS SHORT OF MEAT.

London Purveyors Cannot Get Supplies—Prices are Up.

London, Jan. 5.—Owing to the withdrawal of the trans-Atlantic liners from the Atlantic coast, the butcher-brokers here are having the utmost difficulty in procuring supplies and are advancing prices two pence to three pence per pound.

AT THE SIGN OF THE SCALDS.

Four months in the Central Prison was the sentence imposed by Magistrate Deane yesterday on Timothy O'Hearn for quarreling in Fitzgerald's Hotel, at York and Adelaide-streets, over a certain woman and Stark received a deep cut over the eye with a sharp instrument.

For being drunk and disorderly in the Public Library Richard Sadler was fined \$5 and costs or 50 days in the workhouse. James McNabb, committed to jail for three days for stealing some articles from Max Cohen.

The case of John Brogan and his wife Amelia, charged with begging on Avenue-road, was adjourned till Monday. Ethel McKeanle was convicted of vagrancy and fined 20s or costs or three months in the Mercer Reformatory.

William Smith and Henry Clark were further remanded till Thursday next on a charge of stealing a quarter of beef from J. H. Montgomery, butcher, of Broadville.

The Pioneer Society.

The Canadian Order of Foresters was the first fraternal society in Canada to collect a fixed premium from its members per month, whether there were death claims to pay or not. A special assessment has never been collected from its members, and it has a surplus in the insurance fund of over \$250,000. This surplus has been accumulated since the 1st of November, 1885, and is increasing at the rate of \$11,000 to \$12,000 per month. It is invested only in Canada, in the best securities procurable, not a dollar of it being in unproductive real estate, or unoccupied buildings. A complete list of the investments of the society is being each month in The Canadian Forester, the organ of the society. The society confines its operations to Canada, and all physically and morally qualified males, between 25 and 45 years of age, who are not disqualified on account of their occupation, are accepted for membership. The society has a membership of upwards of 35,000, which is being rapidly increased. The society issues insurance policies for \$500, \$1000, \$2500 and \$5000, and the limit of the limit allowed on any life. The insurance premiums, payable monthly in advance, are from 60 cents to \$1 per month per \$1000, according to the age of the applicant. The death rate per 1000 of the membership in 1898 was 4.36, and the average since the formation of the order in 1870, is only 4.04. Members of the order in the preceding year in the sick benefits provided by the society, which are \$3 per week for the first two weeks and \$5 per week for the succeeding ten weeks in any one year, and the fees for same are from 25 cents to 50 cents per month, according to the age of the brother when joining the fund. During 1898 \$148,307 were paid out in the claims. The inception of the society over one million and a half dollars had been paid out of the insurance fund, and over half a million in sick and funeral benefits. The head office of the society is in Brandon, Ontario, where full particulars as to rates, etc., can be secured. All parties wishing safe society insurance should join this signally successful Canadian society.

CONSUMPTION

One-Seventh of the World's Death Rate is Caused by a Disease that Can be Cured

THESE THREE BOXES FREE TO EVERY SUFFERER

MODERN ANTISEPTIC METHODS

An Eminent Physician Tells How Consumption, the Curse of the World, Can Now Positively be Cured, and Offers His Treatment Free to All.

We have a Message For All Sufferers.

There is hope for the hollow-chested, pale, weary consumptive. This hope we hold up to you. Dr. Slocum's researches have brought him face to face with the scientific fact of incalculable value to future generations—a fact that will properly understood and acted upon, render consumption, before long, as rare amongst the civilized countries as the Black Plague. Dr. Slocum's discovery embraces a complete system for the treatment of this dreadful disease, at present so little understood as to be called "incurable." The system consists of three remedies which act in concert, and are positively cured by the Slocum system of treatment. Simply write to THE T. A. SLOCUM CHEMICAL CO., Limited, 179 King St. West, Toronto, giving post office and express office address, and the free medicine (The Slocum Cure) will be promptly sent. Sufferers should take instant advantage of this generous proposition, and when writing for them always mention this paper. Persons in Canada, seeing Slocum's free offer in American papers, will please send for samples to the Toronto laboratory.

THE QUEEN IN PERSON

Will Open the Imperial Parliament on St. Valentine's Day. It is Said.

New York, Jan. 5.—A London despatch is printed here this afternoon to the effect that the Queen will open Parliament on Feb. 14 in person. It is alleged that this is the first time since the reign of Victoria that the Queen will open Parliament in person. The last similar occasion was Jan. 22, 1886, when Mr. Gladstone presented the 1886 Home Rule Bill.

NO PRIVATE MESSENGER

Has Been Sent From Emperor William to the Queen, as Far as Foreign Office Knows.

London, Jan. 5.—The British Foreign Office has no knowledge of any private messenger having been sent by Emperor William to Queen Victoria, supposed to be on his way to the Jubilee, in War. The officials point out that even if despatches have been sent by this route, they are purely supposititious.

INDUSTRIAL ROOM SOCIETY.

On Thursday morning the Industrial Room Society began the winter's work among the city deserving poor. As early as 7 o'clock the members and their wives were waiting admittance to the cheer and warmth of Forum Hall, where, after a short devotional exercise, the ladies provided their dependents with a cup of delicious tea and with the materials from which will be made fashion many useful and beautiful garments. Visitors to the city and friends of the society are daily attracted to the saleroom on Yonge-street, near Gerard, where many improvements produce a singularly inviting interior. The saleswoman in charge provides afternoon tea at reasonable rates, and this new feature of the work is appreciated by shoppers or casual callers, who may desire the light refreshment.

INDEPENDENT FORESTRY.

Courts Senefelder, Lehmann, Spadina and Foresters, in uniform, with their trumpet-bands of Toronto are making arrangements for a joint installation of their officers on Monday evening, the 14th inst., in Wardell's Hall, Spadina-avenue, and it is expected that Temple Encampment, Royal Foresters, in uniform, will parade and be in attendance. During the month of December 8253 applications were received at the head office, Temple Building, of which 7399 were accepted. This brings up the total number of acceptances for the last quarter of the year to 17,708, and the Supreme Court officers are congratulating themselves upon this magnificent record.

AS YOU LIKE IT.

"Just the thing old chap, where was it done?" "Why, the same place for the last twelve years, the Standard. They are always abreast of the times. You should see their new building, the most handsome laundry in the city, and equipment to match." Phone 2447.

ERYSIPELAS.

This dangerous Blood Disease always cured by Burdock Blood Bitters.

Most people are aware how serious a disease Erysipelas is. Can't rout it out of the system with ordinary remedies. Like other dangerous blood diseases, though, B.B.B. can cure it every time. Read what Rachel Patton, Cape Chin, Bruce Co., Ont., says: "I wish to state that I used Burdock Blood Bitters for Erysipelas in my face and general run down state of my health. I tried many remedies but all failed to cure. I then tried B.B.B. Two bottles nearly cured me and four bottles completely cured me."

FEATHER ANNIVERSARY.

L.O.L. No. 778 celebrated the tenth anniversary of the opening of the lodge on Wednesday evening, 3rd inst., in their college-room, corner Cumberland and Yonge-streets. After the business of the lodge was concluded the members and their friends repaired to the upper-room and partook of an oryster supper, after which Bro. John Hewitt, County Master, Harry Lovelock, Deputy County Master, and others spoke encouraging words to the members of the lodge, with a few songs from Master Randall, and a few selections from Bro. Ed. Barber's graphophone, a very enjoyable evening was spent.

MOTT-ROBINSON.

On Wednesday evening, Jan. 2, 1900, Mr. Thomas H. Mott of Gordon, Mackay & Co., of this city, was united in marriage to Miss M. J. C. McCrea of this city, supported by Police Sergeant Robinson of Wellington-street north, Hamilton. The ceremony was conducted by the Rev. G. K. B. Adams, at the residence of the bride's parents, where a very large number of friends had assembled. The bride was attended by Miss Margaret Robinson, her sister, while Mr. W. J. C. McCrea of this city supported the groom. The newly-wedded couple will reside on Markham-street.

COOK'S COTTON ROOT COMPOUND.

Is successfully used monthly by over 70,000 ladies. Safe, efficient. Ladies ask your druggist for Cook's Cotton Root Compound. Take no other as all mixtures, pills and imitations are dangerous. Price, No. 1, 50c per box, No. 2, 10c per receipt stronger, 25c per box. No. 1 or 2 mailed on receipt of price and two 8-cent stamps. The Cook Compound Windsor, Ont. 129 No. 1 and 2 and are recognized by all responsible druggists in Canada.

UNIVERSITY SATURDAY LECTURES.

The Committee of the Council on Saturday Public Lectures has completed the arrangements for the course of 1900, which will begin on Jan. 20, and will be continuing on succeeding Saturday afternoons. These lectures, which are delivered for the most part by gentlemen not connected with the University staff on topics of literary or scientific interest, and form an interesting feature in the intellectual life of the University, on its more popular side. The program for the present year is more than usually attractive. The lectures will be held in the Chemical Building, beginning at 2.15 p.m. Tickets for the course may be obtained from the University Registrar or from Tyrrell & Co., 8 West King-street, whose seats may be reserved by holders of course tickets.

TRADE OF THE WEEK. No Special Movement in Toronto of Bonds and Other Securities.

Wholesale trade at Toronto this week was quiet as a general rule. There was no special movement, and stock-taking by retailers will necessarily make things slow.

The low prices for sugar still rule, owing to good supplies of United States grades. In other lines of groceries there are no changes to note.

Cured meats have a firmer tendency, with a good demand. Prime commercial paper is discounted at 6 to 6 1/2 per cent.

The open market discount rates are lower at 5 to 5 1/2 per cent, while the Bank of England discount rate is unchanged at 4 per cent.

A quiet week is reported in Montreal trade circles, business having hardly yet got into a settled groove after the holidays.

Good many travelers are still home, but the beginning of next week will see them on their way with revised samples.

Collections are reported very fair, and drygoods payments on the 4th, which was a moderately heavy day, are reported as satisfactory for the season.

Wednesday there have been 10 failures in the district, the heaviest being a retail drygoods concern, with liabilities of \$28,000.
