

FALL OPENING

ANY TIME BETWEEN THE END OF SUMMER AND THE BEGINNING OF WINTER IS THE FALL SEASON.

IT'S the season when you forget all about heat and think of how best to protect yourself against the cold. It's a mighty small store now a days that doesn't have a Fall Opening of some sort—and in order to be in the swim we are having one too. Not with a flourish of trumpets or brass band parade, but just a cordial invitation to everyone to come and have a look thru our modern up-to-date store and see just what we can do for the classes and the masses, with dependable clothing.

This expense being borne by the Ancient and Honorable Artillery Company of Boston.

CHAMBERLAIN CATCHES ON ATTRACTING BOTH PARTIES

Englishmen So Stirred That Subject is Tabooed in Some Clubs.

London, Oct. 11.—It is becoming possible to gain some idea of the effect on public opinion in this country of the campaign which Mr. Chamberlain has inaugurated. It cannot longer be doubted that he has already an enormous following, which is drawn unquestionably from both parties. There are signs even of a political revolution in his favor.

The far more difficult task of defence which has been undertaken by the Right Hon. H. H. Asquith, a former Liberal minister, and Mr. Ritchie, the retiring Chancellor of the Exchequer, gains a much less sympathetic reception. Englishmen seem to have gone tariff mad. The matter has already reached a point where it is necessary to taboo the subject at some of the non-political clubs. At the Savage Club, for instance, it costs an offender half a crown.

The widest circulated London newspaper, independent Unionist in politics, ventured to criticize Mr. Chamberlain's general plan a few days ago. A startling drop in circulation followed. Now the paper has wobbled into half-hearted support of the Glasgow program. This is one of many straws showing the tide of public opinion. Mr. Chamberlain's proposals with the masses.

The campaign, however, has only just begun and with all the advantages as long as possible. Should, however, the apparent popularity of protection and reciprocity prove to be genuine, there is no doubt that advantage will be taken of the opportunity to wrest a favorable verdict from the country.

GIRL ENDS LIFE IN RIVER AFTER MUCH DELIBERATION

She Filled Her Skirt With Stones and Tied Weight to Her Body.

Sarnia, Oct. 11.—Yesterday morning an Indian from the Sarnia Reserve reported to Chief of Police Sarvis that a white woman had been found drowned in the river a couple of miles below Sarnia. Chief Sarvis and Coroner Hayes went to the place and viewed the body as it lay on the river bank after being taken out of the water. It was clearly a case of suicide.

The young woman had taken off her skirt, filled it with stones and tied it together at the top and bottom, and then tied it to her waist. She also had tied a handkerchief around her head covering her mouth and then waded into the river into deep water and was drowned. After viewing the body Coroner Hayes gave orders for its removal to the morgue of G. L. Phillips, where it now lies. The body was that of a young woman of medium build, about 5 foot 6 inches tall, aged about 35 years. She was dressed in a brown cloth dress, the waist having a plaid silk front with small gilt buttons for trimming. Black undershirt, black stockings and high laced shoes.

The residents of the vicinity where the body was found, say they saw the young woman Friday afternoon, being a quiet, reserved girl, but no person seems to have seen her while making preparations to end her existence. It appears that the girl was a woman was in Sarnia Friday. During her stay she called at the House of Refuge and asked the warden, Mr. Kelly, for help. Mr. Kelly said she was a woman who had escaped from an asylum. On being questioned by Mr. Kelly she suddenly became uncommunicative and left the place.

SCHWAB OUT OF SIGHT.

But His Counsel Will Appear at Hearing on Tuesday.

New York, Oct. 11.—By subpoenaing Max Pam, the personal counsel and friend of Charles M. Schwab, to appear at the hearing on the affairs of the United States Shipbuilding Company on next Tuesday the attorneys for the first mortgage bondholders, who are seeking to have a permanent receiver appointed, believe they have won half the battle with those who are alleged to have mismanaged the affairs of the company. Without attempting to dodge the process server who visited his office, in No. 71 Broadway, Saturday, Pam permitted service of the papers and promised he would give full testimony in relation to the agreement he prepared in connection with the purchase of the Bethlehem Steel Company and the plan to market the stock held by Schwab and Morgan thru Harris, Gates & Co. It is also the purpose of the complainants to obtain the testimony of Schwab and George W. Perkins of the firm of J. P. Morgan & Co., as soon as service can be made on them. But Schwab so far is out of sight of process servers. The charge is made that he and Perkins are dodging.
