Bowling Match Game Athletics Shrubbs Runs Football Soccer and Rugby To-day

NOTE AND COMMENT

Baseball history interesting to Toronto will be made to-day, when the so-called outlaws convene in New York. There are 19 club-owners, including McCaffery, and they may become reconciled or they may decide to go it alone as a rival major league to the National and American.

According to the official averages of the Eastern Baseball League, that will be out next week, there are only four 100 hitters in the lot, Hugh Duffy being the leader, followed by Poland, artist of Providence, and then Jimmy Jones of Montreal, the real champion, because he participated in practically all the games. Last of the quartet is Pfeffer of Baltimore. Bill Phyle is Toronto's best with the stick, but he is away down in the list. In fact, only Duffy, Caffery and Phyle are up to a collection of swatters.

Schirm of Buffalo leads in stealing bases with sixty-one to his credit, followed, eight away, by Bill O'Hara, then Devere, the Newark flyer, and also of Newark. Schirm is also the classiest sacrifice hitter.

Phyle, with the short right field fence, only leads DeGroat of Jersey City by two in home runs, sixteen to fourteen.

The Jimmy Casey had four hits, including a home run in one game at the island last season, his batting average is only .333, and these figures would indicate that the doctor must soon manage from the bench. Larry Schindler is a point lower, but a young man and a fast felder.

Fred Hickey's stick work shows the difference between the amateurs and the pros. By a peculiar combination of circumstances he was able to play both in the Eastern and City Amateur Leagues, leading the latter up in the 1908 hit and laying all his twelve games in the Eastern without a hit, thereby figuring at the extremities of each.

With the new Excelsior Hockey Rink in operation this winter there will be twice the amount of games as last year or at least a great many additional attractions, and the question naturally arises how much of it will be worth the price of admission.

In the Western States a new name has been created for the roomer who is called a laying shag, likely because they lay for suckers.

Considerable satisfaction is expressed on Varsity's selection of captain for the next Rugby campaign. President Hendry of the Canadian declares Newton is the wisest possible pick. May have some luck and win the Canadian championship in 1909.

Of all sports designed for use in the arena, football is superior, says one of the former star quarterbacks. He reasons thus with considerable logic: Football is purely physical sport. Football and hockey are all that is required to bring about team work. The mental element does not figure beyond the amount of games as last year or at least a great many additional attractions, and the question naturally arises how much of it will be worth the price of admission.

B. Neil and A. Sutherland Win Match From W. Martinson and P. Watson

Winners Only Annex Three Out of Ten Games, But Make the Pins Count For an 83 Margin—The Scores.

By a margin of 83 pins Bert Neil and Andy Sutherland defeated Walter Martinson and Percy Watson on the Brunswick alleys last night in a series of ten games for a \$20 side bet. The winners only won three out of the seven games, the first two and the ninth, they piling up a lead of 121 pins in the first two games, only to have it reduced by 24, 22, 14, 4, 6 and 26 pins to the end of the eighth game, thus making Neil and Sutherland only 25 pins up when the fatal 9th was started.

In the ninth Neil and Sutherland, by great banging secured lead of 73 pins, thus giving them a margin of 94 pins to work on in the final game, which Martinson and Watson rescued by 11 pins, the final result giving Neil and Sutherland a lead of 83 pins on series.

The rolling of Percy Watson was the feature of the match, he showing great form in the splits. He made the 5 and 7, 4 and 7 and the 5, 8 and 7, while Bert Neil pulled off the 4, 7 and 8, hitting the 4 and 7, the rebound from the cushion setting the 9.

Neil and Sutherland had the high game with 232 and the high average, with 184 7-10, he having 38 strikes, 51 spares, 10 splits and 5 blows. Andy Sutherland had an average of 181 1/2, having 35 strikes, 55 spares, 3 splits and 7 blows. Martinson with 179 4-6 had 28 strikes, 46 spares, 5 splits and 7 blows, while Watson averaged 173 1-10, having 28 strikes, 48 spares, 9 splits and 11 blows. It will be given to Neil, Martinson and Sutherland had 23 strikes apiece. The scores:

Shrubbs Beat Longboat Or Rather His Time 5 Miles at Brockville

BROCKVILLE, Dec. 4.—(Special.)—Alfred Shrubbs appeared at the roller rink last night in an exhibition run of what was supposed to be five miles, covering twelve laps to the mile, which is considerably short of that distance. No person could be secured to compete against him, so he ran alone. Much interest was shown in his performance on account of Longboat having gone the same distance here about ten days ago. The Indian's time was 20.40, which Shrubbs handily reduced to 20 minutes flat without turning a hair, finishing as fresh as a daisy in a fast spur.

Shrubbs returned to-night to Toronto, where he expects to meet Tom Flanagan tomorrow with a view to arranging a series of three races with Longboat. He says he hopes the Indian's manager will be willing to enter him in a race, in which event he is sanguine of having articles drawn that will be suitable both to himself and the Indian. He was able to run three races of twenty, fifteen and ten miles.

The 300 spectators who witnessed Shrubbs perform to-night were divided in their opinion as to the merits of him and Longboat. The Indian's style had a large following, while others were greatly impressed with the short, easy gait of the little Englishman.

RUGBY FINALS TO-DAY: Lindsay v. Parkdale at Diamond Park and Grand Trunk at Hamilton.

The C. R. U. Junior final will be played this afternoon at Diamond Park between Lindsay and Parkdale. Lindsay are reported to have a strong team, but the paddlers have one of the best teams in the yards, and victory for Parkdale is looked for. The game starts at 2.30, with H. Griffiths referee and Whit. Laisley umpire.

The Grand Trunk team to meet Hamilton to-day for the Dominion intermediate championship passed thru the city last night. They will be without the services of two of their regular line-up, Hadley and Courtois, both of the scintillating on the sick list. Hadley is laid up with tonsillitis and Courtois is suffering from a cut in his arm, received a few days ago. Courtois accompanied the team, but it is doubtful whether he will be able to play.

The Captains II. meet to-day at 2 p.m. at 500 York-street to have their picture taken. All members are asked to turn out.

The C.R.U. Athletic Club will banquet their junior champion baseball team at Williams' Cafe, 153 York-street, Thursday evening next, at 8.30. All who wish to attend may secure tickets for 75 cents on their own behalf by H. G. Tucker, the lawyer who is defending all the accused hotelmen.

Proceeding Charles Stewart declared that Mr. Tucker had given him and Pownall, the other detective, who disappeared from town over a week ago, as for their notes regarding their visits to the various houses. Mr. Tucker said that he wanted to give evidence on his own behalf, and after taking the oath he swore that Stewart's story about having seen him on Water-street was an absolute falsehood.

BOXING AND WRESTLING. Good Bouts Decided Last Night in Riverdale Rink.

The wrestling and boxing bouts at Riverdale Rink last evening attracted a full crowd, and they were treated to a good evening's sport. The decisions in the 125-pound and 135-pound boxing bouts were not received very favorably by some of the spectators, but to the unprejudiced they were apparently fair.

The wrestling bout went to Sutherland, who was the aggressor during the greater part of the bout. Baker escaped from some very critical positions, but Sutherland finally landed him with a half-Nelson. Baker defaulted the second fall on account of a bad stomach.

Prize money of \$250 should be made by the union. The subsidiary associations and clubs will also be asked to contribute. The following committees were appointed:

Registration—Francis Nelson, Toronto, chairman; Rev. D. Bruce Macdonald, Toronto; H. G. Crow, Montreal; H. J. D'Almeida, Montreal; Thos. Downie, Toronto; N. H. Crow, secretary.

Records—F. R. Sinks, Murdoch MacDonald and N. H. Crow, Toronto. Basketball—A. J. Taylor, Hamilton; E. H. Watson and A. J. Hardy, Toronto. Championships—Dennis H. Stak, chairman; J. A. Woodward, Sergeant-Nichols, Capt. Ward.

At a meeting of the Toronto Inter-mediate Bank Hockey League at the Imperial Hotel, the Molsons, Merchants, Home and Royal Banks decided to enter teams. As for their notes regarding their visits to the various houses. Mr. Tucker said that he wanted to give evidence on his own behalf, and after taking the oath he swore that Stewart's story about having seen him on Water-street was an absolute falsehood.

Melville, Crang and Welton Win High School Run

At the first annual cross-country race of the Northwest High School yesterday afternoon, there were 22 competitors, 11 juniors, 4 intermediates and 7 seniors. Owing to the snow going was slippery and the time slower than anticipated. The course started at the C.P.R. and Ballhurst, up over the hill and cross country to Clair and Spadina-road, then up a hill and again across the fields to Woodwood and Vaughan-road. Here the runners were again the cross-country home down Pringley and Bailey came together in the 105-pound bout, and also Priestley had probably a little the better of the second round. Bailey was easily the winner.

The second bout, an extra, at 118 pounds, went to Westery, who went against F. Tucker. The bout was fairly even until the third round, when Westery landed three rights to the jaw and put Tucker well thru the ropes. Tucker did not return to the ring.

Barrigt and F. Daly put up a very clever bout, and were sent an extra round. The 125-pound bout, between Peters and Pickett, was declared a draw after an extra round. Peters was the aggressor all the way. Pickett put Peters down in the third with a right to the jaw, but this did not phase the champion, who kept after his man all the time, and put Pickett probably landed the greater number of clean blows, the aggressiveness of Peters easily enticed him to a draw.

A young man by the name of Lake lined up with Hilliard Lang, and the result was that the first round lasted about one minute. Lang got him on the ropes and handed him one knock-out. Lake took full minute to recover from. The second round was hammer and tongs. Lake seemed to be giving as good as he got, and the referee pulled the bell considerably short of the three minutes. In the third round he took it out to Lake in about a minute. Lake is a good, two-handed, game boxer, and will be heard from later.

Hockey Gossip. Ottawa Hockey Club have offered Tommy Phillips of Kenoras \$1000 cash to play for them this winter. He has not yet accepted. The club has \$2000 cash, but he cost the club \$2000 more.

At a meeting of the Toronto Inter-mediate Bank Hockey League at the Imperial Hotel, the Molsons, Merchants, Home and Royal Banks decided to enter teams. As for their notes regarding their visits to the various houses. Mr. Tucker said that he wanted to give evidence on his own behalf, and after taking the oath he swore that Stewart's story about having seen him on Water-street was an absolute falsehood.

TORONTO AND THE POWER COMMISSION. Grave and important general questions are involved in the organization and operation of the Toronto Power Company, which, on the authority of Mr. William Mackenzie, is in intent to effect the Toronto Street Railway Company.

Probably few readers stopped to think what an item like this means. Could there be a more cynical comment upon the Elections Act or upon the sermons and sermons which adorn the secular press?

What is emphatically needed in Ontario is a board with the large and ample powers of supervision and regulation of all public service corporations, such as are possessed by the public service commissions of New York.

When the City of Toronto granted franchises to the Street Railway Company and the Electric Light Company it had a right to expect that these services would be run on a straight independent business basis.

A BUSINESS SYSTEM FOR CIVIC EXPENDITURES. Could commercial or financial enterprises stand the immense unnecessary drain on resources that municipalities seem content to submit to?

people's money should not be as squandered and economically administered as are the funds of private enterprise.

That the establishment of a central purchasing agency would save the city at least \$1,000,000 a year in administrative cost and that the amount saved on purchases of supplies would foot up not less than 25 per cent, which would approximate \$4,000,000 more yearly, was the opinion expressed by Dr. Fred Erick, Cleveland, who is engaged in promoting better municipal management, at the hearing of the legislative committee which is investigating New York's finances, the other day.

SAVING-OFF. Yesterday The Toronto Globe published without comment the following despatch:

Montreal, Dec. 2.—The chiefs of the two political parties are in conference since, regarding the prospects of the recent elections, among those taking part are Messrs. L. P. Brodeur, H. B. Ames and P. D. Monk. It is expected that an agreement will be come to by which there will be no protests, if, however, no agreement is come to, eleven of the Conservatives will be contested in the courts and twenty-five of the Liberals. December 5 is the last day for filing protests.

of love and goodwill. Encouraged by his highly successful celebration of last year Mr. J. M. Wilkinson, editor of the special Sunday section of The Sunday World, again proposes to arrange for a Christmas banquet and entertainment for the benefit of the newsboys and indeed all the forlorn and unfortunate children in the city who but for this provision would have no taste of the joy of Christmas Day.

Canadian Temperance League. There will be an hour's social enjoyment for those who will attend the Canadian Temperance League meeting in Massey Hall Sunday afternoon.

THE POOR BAIKNS CHRISTMAS BANQUET. Probably no lines of Burns are more often quoted with approval as embodying an ideal at once simple and noble than those of the well known stanza:

To make a happy fireside clime For weans and wife, That's the true pathos and sublime O' human life.

In Toronto this coming Christmas Day there will be many happy home gatherings, whose atmosphere will radiate all that the festival means to old and young. But unfortunately there are even in this land of opportunity and in this prosperous city, hundreds of bairns for whom Christmas will not be gladness without the helping hand

Political Intelligence.

The British Columbia papers, irrespective of party, treat the Conservative gains in Kootenay and Yale-Cariboo as a distinct victory for Premier McBride. The Prince Rupert Empire (Ind.), however, will not admit that the premier is anything more than a skillful politician. It says:

Better terms is a cry of political mendicants, and Premier McBride has been a political mendicant all his life, not having brains enough to formulate an issue that would appeal to thinking people who are not mendicants. Kootenay and Yale-Cariboo were carried by the more Conservatives because there were more Conservatives on the voters' lists than Liberals; and there are more Conservatives than Liberals on the voters' lists of every district in the province, because the men with authority to take the declarations of the Premier McBride is without for registration were Conservatives, not Liberals, and were appointed by the provincial government. But the Premier McBride is without a constructive brain, he can give the Liberal leader of the opposition cards and spades and big and little casino and then begin in a game that politicians play at in fixing and running elections.

The Montreal Star has some words of counsel for the new member of parliament to quote:

"The new member of parliament is coming in for a good deal of advice. The best we can give him is to keep himself free from tangling alliances with any of the bi-partisan graft combinations which he will find working so amiably and silently in the house of commons. The great requirement for a member of parliament who is to do effective work is absolute freedom. He must be free from party's pawn. No other member must be in a position to close his mouth because he knows that he has been concerned in a 'deal' or a 'steal'. He must keep himself free to say what he thinks and vote as he believes to be right."

MUST KEEP HOTEL.

Editor World: Your editorials are usually very fair and full of good reasoning, but I wish to take exception to part of the last paragraph of your article in to-day's World, "The License Reduction Bylaw." You say "it is proposed to drastically interfere with businesses in which men have invested their money, and to absolutely destroy, without compensation, many thousands of dollars' worth of property, etc." In a previous paragraph you refer to the commissioners' ruling men to improve their premises. I understand that they were required to do so according to the law. Surely if the increased hotel accommodation was needed for the requirements of the public, then the money expended in improvements will not be "destroyed," as you put it. There are so called hotels in Toronto to-day where they do not cater to either dining room or lodgings trade. All the reductions in license is the withdrawal of liquor license as to close the bars. There are no use trying to becloud the issue. If the hotels are needed, they can or they exist without the bars. If they cannot, then it is only right to conclude that they continue to exist only as drinking hotels, and should be closed, as they are only a menace to society. J. L. Atkinson. Toronto, Dec. 3.

Both GUILTY.

Charles Baldwin and Edward Moran were found guilty by a jury yesterday before Judge Winchester on the charge of stealing a manure cart from H. F. Ailsopp of 87 East King-street on Nov. 20th last. There was a recommendation for mercy in favor of Baldwin. According to complainant's evidence both the accused asked to see some manure carts. Immediately after they left he missed one of them and started in pursuit. He said they went in the front door of a hotel and out the side door and he overtook them at Colborne-street. He thought he saw Baldwin pass something to Moran. Baldwin set has not yet been recovered.

TANNERY FIRE MYSTERY

WITNESS WAS RATTLED

Murdock McIntyre Denied Certain Conversations, But Didn't Satisfy Coroner.

The inquest into the cause of the recent destruction by fire of Johnston's tannery on River-street was opened before Coroner Dr. Johnson at the city hall.

Part of the testimony of one witness, that of Murdock McIntyre, a carrier employed at the tannery, was taken, and thus severe examination by J. Walter Curry, counsel for the insurance companies witness apparently became somewhat mixed.

Mr. Johnson, owner of the tannery, will have a counsel present at the adjourned session.

The tannery was insured in a number of companies, but they are said to have objected to the dangerous character of the building and withdrew. The inquest was made at their request and not by order of the coroner.

Under strict examination by Mr. Curry, McIntyre gave an account of the first fire, the process of work at the tannery and the custom as to the use of benzine in degreasing the pelts.

McIntyre emphatically denied certain statements he was supposed to have made in a conversation with four men unknown to him to be private detectives, in the King Edward Hotel. He also denied having drawn any plans for them put in at the inquest by Mr. Curry as exhibits, showing the shape of the buildings, and where the fire originated.

Witnesses were sure that there was no degreasing process inside the tannery, but admitted that benzine had been used with the press. He swore the benzine tank, in which the skins were degreased, was never in the

RECOGNIZED PRINCIPLE TO SOAK THE GOVERNMENT

Agent Parsons Says Usual Thing to Pay Extra—Halifax Marine Probe Finished.

HALIFAX, N.S., Dec. 4.—(Special)—Judge Cassels has finished his work here. The enquiry came to an end this afternoon, although several witnesses from here may be summoned to Ottawa to give their evidence.

At the conclusion of the evidence, Mr. Watson, addressing the court, said that his learned friend and himself considered that from the evidence already adduced, sufficient had been shown to indicate the course of dealing in the department at this agency, as well as the prices paid and the conduct of the officials, and that they thought the enquiry should be adjourned.

Mr. Watson said that it would be necessary for some witnesses to attend before the court at Ottawa, and he named Mr. Hines, foreman of Longard Bros.; Mr. Wilson and Hon. David McPherson.

Judge Cassels agreed to the adjournment, and thought the investigation might be resumed at Ottawa on Tuesday week.

The afternoon session was chiefly devoted to the examination of Agent Parsons, dealing with the large increase of employees in the dockyard during the month of October, Mr. Parsons said that in his opinion they were necessary for the demands of the department, and were taken on as a result of an interview he had with the deputy minister in Halifax early in October or late in September.

Altho pressed by counsel to make a statement that the increase in employees was due to the election campaign, Mr. Parsons remained firm.

The agent, however, pointed out that all the extra labor employed were recommended by the members—Messrs. Roche and Carney—and no one was put

LICENSE REDUCTIONISTS RALLY AT MASSEY HALL

N. W. Rowell, K.C., and Canon Cody State Case for Temperance Reformers.

Last night's meeting in Massey Hall in favor of license reduction might be regarded as encouraging both by friends and opponents of the measure. The floor and balcony were fairly filled, but not more than a dozen were seated in the gallery.

The platform was filled with the Alexander Choir and a number of sympathizers, among whom Controllers Spence and Harrison, and Aldermen Vaughan, Bengough, Foster, Graham and Hales with Mayor Oliver represented the city government. Mayor Oliver had a great reception, and said he was not ashamed to be a temperance man. Men could do without liquor as he had done his life, and he was a pretty fair specimen. If a man had to forget his principles to be mayor he did not want to be mayor, but he was going to be mayor, he affirmed.

J. N. McKendry was a good-humored chairman, and Rev. Mr. Graham offered prayer. The tone of the meeting was set by the mottoes on the wall, "A step in the right direction," and "The bar-room must go."

Asked to Take Sides. N. W. Rowell, K.C., and Canon Cody made the speeches of the evening, but Rev. Winchester touched the heart of the audience most deeply. Mr. McKendry adjured everybody to take sides. Those who did not were no good. He quoted a bartender who told him, "It is a God-cursed business."

Mr. Vokes declared the traffic could not be patched up. The only way was to vote it down and out. Hon. Thomas Crawford echoed his sentiment, and said that he would take what he could get. J. A. Austen and N. W. Hoyle, K.C., also spoke earnestly.

N. W. Rowell thought the question to be decided was whether the bar was a public nuisance, or a public nuisance. Four out of five would say it was a nuisance. Would the cutting off of forty bars reduce the aggregate of evil? He thought not. If increasing street cars will increase traffic; if the increase of stores will increase sales, and opening up new streets will increase the city will increase drinking, surely the closing of the bars in certain sections of the city would reduce the drinking.

He had learned that not less than \$4,000,000 was paid over the bars of the city in the course of the year. Most of this came out of the pockets of working men.

With regard to the plea that hotel accommodation would be insufficient in Toronto hotels, and that 100 hotels catered to the traveling public, and 25 more covered those which did a boarding house business, so that 100 hotels might be wiped out without interfering with the accommodation of the public. There were only 4000 rooms in Toronto hotels, and of these were occupied by the hotelkeepers' families. Of the remainder two-thirds were in a few hotels.

Canon Cody, remarking that it was not the personal side of the temperance question that they were concerned with, expressed the opinion that the conditions in Canada were better than in years past, and also that they were better off in temperance matters in Canada and the United States than in the motherland. Still, it was one of the greatest handicaps of the nation, and it was a national disgrace that after the change of government in 1868 he offered to supply the coal at the same figure that it had previously been furnished by A. E. Crosby, the present member-elect for Halifax.

Book said his offer had been agreed to, but that when he rendered his bills they were objected to as being excessive. He had a written contract for the same figure as had been paid Crosby, which he learned from the auditor-general's report. As a result, the writ was taken to the court, and he might be compelled to supply the coal at the same figure that it had previously been furnished by A. E. Crosby, the present member-elect for Halifax.

Run by the Members. A. Deb. Tremaine said it was not correct that he said that it was impossible to properly contract the affairs of the office owing to the intervention of the members.

"If simply means that the subject to certain directions which came from the members. We had to obey instructions," he said.

"We had to obey the members from the whole show. You felt you had to do what you were told or you might lose your berth," remarked Tremaine.

"Was it known to the department at Ottawa that the members had control of appointments?" asked the judge.

"Of course that's all over. The members don't run it now." (Laughter.) "Was it known to the department at Ottawa that the members had control of appointments?" asked the judge.

"I believe it was." "I don't know."

WILL MEET THE MINISTER.

Ald. Church, as chairman of the special committee on suburban fares, has received a letter from Hon. Mr. Graham, minister of railways, appointing Dec. 15 for a conference with the committee.

Wreck Inquest.

PEMBROKE, Dec. 4.—(Special)—The inquest into Engineer Rowe's death in the head-on collision Thursday was held tonight.

On Dec. 2, when the inquest is resumed, Fred Nagle will appear as a witness. Nagle should not have tried to make the collision between Coblen and Pembroke in the 25 minutes he had to do it. The engine was a new one and not capable of making the time allowed. One of the fast express between Coblen and Pembroke was 31, 32 and 34 minutes.

Stricken on Car.

Mrs. Isabella will appear at court-street, on her way to the theatre with her husband in a College-street car at 8 o'clock last night was faken ill. She was taken to St. Michael's Hospital, and found to be suffering from acute dilation of the heart and in an apparently dying condition. Several other doctors were called, and she was then taken to St. Michael's Hospital. She is not likely to survive.

Deposit one dollar towards a savings account and put into it all you can conveniently spare from week to week. The Home Bank will help the amount to grow by paying full compound interest.

vote for reduction who would not vote against it. Was reduction likely to be an effective measure? He thought there were a vast number of men who did not want to drink. They drank because the opportunity offered. Working men on the way home often drank simply because there was a place on the way to go into that was a public house. Much would depend on the action of the license commissioners. If they removed them from the residences of the rich and from the vicinity of factories and workshops, drinking would be enormously reduced. From personal inspection he could say that thirty-four or thirty-five bars could easily be dropped to the greatest possible advantage of the neighborhoods where now they are planted.

Fair and Tolerant. Canon Cody desired to be scrupulously fair and tolerant, tho' it was hard for many to be extremely tolerant in face of the pain and sorrow and sufferings the liquor traffic had entailed upon them. He was coming to the same conclusion as the hotelkeepers, but it was far better to delay than to incur any fair charge of injustice. At the same time he was sure that if there was no vested right in a license, the state carefully guarded this monopoly, which was conferred upon the man by the man upon the community. With regard to the outlay made by hotelkeepers, it was a speculative business, they were engaged in, and they speedily and enormously recouped themselves by the large profits they sought. Personally he was in favor of separating the bar from the hotel. If the bar was in a one-story building, it would be more easily watched. There would be no side entrance, and no fictitious hotels where boarders were constantly tempted, and which sometimes served for other and graver purposes of ill. If these reforms were not to be merely negative, it was their bounden duty to see that they supplied the natural cravings of men for human fellowship and mental stimulus and the prosaic greyness of life.

Other speeches. J. O. McCarthy advocated the crystallization of conscience and sympathy into votes. A complete organization was necessary to get out a satisfactory vote. He appealed for funds to keep accounts paid up, as they were to take the place of the old license system. Rev. A. B. Winchester returned the thanks of the meeting, and expressed a great deal of enthusiasm by his earnest address. The greatest of all about alcohol, he said, was not that it destroyed the will so that those who drank were unable to say no. He asked them to vote for reduction, not merely for the purpose of closing forty bars, but that the liquor traffic might learn in one clear, plain people that if the bars do not go they will be swept out of existence.

DEATH OF J. L. MORRISON

Prominent in Early Railway History of the Province.

A pioneer in the commercial history of this province passed away last night in the person of James L. Morrison, at his residence, 75 Winchester-street. He had been ill about a week.

The deceased was born in Glasgow in 1835. He came to Toronto in 1868 and established the Morrison-Taylor Company in 1865. He became a director of the Credit Valley Railway Company in 1873, and built the Kingston Street Railway in 1878. In the year 1878 he served as alderman for St. Lawrence ward.

Mr. Morrison was at the time of death vice-president of the W. M. Rogers Company, vice-president of the Carter-Crume Company, president of Grip Limited, president of Caldwell-Dwyer Company, president of the Burns Literary Society, principal promoter of the Burns monument fund, ex-president of the Caledonian Society and secretary of the Caledonian Society and secretary of the Caledonian Society.

In 1865 he married Miss Elizabeth Brown. The surviving family are: Mrs. W. E. Carwell, Mrs. G. A. Thorpe, Mrs. C. E. Calvert, Mrs. W. F. Campbell, and Misses Mary, Ella and Margaret.

WHEN DOCTORS AGREE!

HAT "doctors differ," is proverbial, but there are many points upon which the medical profession is practically unanimous. One of them is, that of all stimulants, the safest and most wholesome is a good, well-matured whisky.

The advice of one of Canada's most distinguished physicians was:—"In Scotland drink Scotch, In Canada drink Rye."

In each country you can be sure of the age and quality of the native product, the sale of new whisky for home consumption being forbidden by law.

In Canada, the best Rye Whisky is

Corby's "Special Selected"

Because:

It is absolutely pure whisky, being manufactured entirely from the best and cleanest grain, without admixture of coloring or flavoring matter of any kind.

Its excellent flavor is derived entirely from the pure grain.

Its mellowness is due to its age, and its age is certified by the government label.

Do not ask simply for Rye. Ask for Corby's "Special Selected."

TAX LIFE INSURANCE UNBEARABLE DEGREE

Presidents of Companies in Conference at New York Are Urged to Do Something.

NEW YORK, Dec. 4.—(Special.)—Tributes to Grover Cleveland were paid at the memorial exercises which marked the opening session of the second annual meeting of the Association of Life Insurance Presidents, of which organization Mr. Cleveland was chairman and general counsel at the time of his death.

Charles A. Peabody, president of the Mutual Life Insurance Company of New York, presided.

That \$100,000,000 of the funds of the life insurance policyholders are each year diverted to the treasuries of the various states of this country, in the form of special taxes, was the statement made by Robert Lynn Cox, general counsel and manager of the Association of Life Insurance Presidents.

In a paper on "Necessity for Reform of Life Insurance Taxation," Lester W. Zartman, Ph.D., of Yale University, said that under the existing general property tax system in force in most of the states, some tax ought to be levied on life insurance, but that the best remedy would be for the states to abolish the general property tax, or at least, to amend it in such a way as to include only tangible wealth as subject to taxation.

In an address on "Life Insurance Taxation in the United States," the Hon. John F. Dryden, president of the Prudential Insurance Company of America, said:

"If the German empire, with its vast burden of military, colonial and other, refrains from taxing its life insurance policyholders more than a quarter of one per cent. of the premium income, there can be no economic or political justification for imposing a tax of two per cent. (eight times as much) upon the life insurance policyholder of the American Republic."

Samuel Boyworth Smith of Chattanooga, Tenn., president of the American Life Convention, said: "At the present moment, there is sweeping over the country a wave of prohibition and liquor restriction; everywhere the curtailment of the saloon is reducing the revenues."

Natural Gas Explodes. BRANTFORD, Dec. 4.—Part of the interior of the Moffatt building on Dundas-street, on the second floor of which is located the Elks' lodge room, was wrecked by a natural gas explosion late last night.

Snow in Ohio. CLEVELAND, O., Dec. 4.—A furious snow storm which began Friday day, prevails through Northern Ohio, the ground being already covered to a depth of several inches.

Victim in Ontario. OTTAWA, Dec. 4.—Alex. Annett, laborer, aged 29, was killed last night at Little Farm Crossing, on the Gatineau Railway, in Hill.

KIDNEY DISEASE COMES ON QUIETLY.

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and in people are troubled with some kind of kidney complaint, but do not suspect it, it may have been in the system for some time. There may have been backache, swelling of the feet and ankles, disturbances of the urinary organs, such as brick dust deposit in the urine, highly colored scanty or cloudy urine, bladder pains, frequent or suppressed urination, burning sensation when urinating, etc.

LAKE STEAMER LOST. Soo City Wrecked Off Newfoundland Coast During Storm.

ST. JOHN'S, Nfld., Dec. 4.—It is believed here that the steamer Soo City, bound from Chicago for Texas, Sunday, Dec. 1, was wrecked in the Gulf of St. Lawrence during the blizzard which raged off the coast of Newfoundland early this week.

Wreckage, apparently from the Soo City, has been picked up near Cape Race, Newfoundland, coast woods and other gear washed ashore bare the main sea City.

WRECKAGE FOUND. SAULT STE. MARIE, Mich., Dec. 4.—Dist. bound boats to-day report having passed thru a quantity of wreckage in Lake Superior off Vermilion Point near Whitefish Bay. Among the wreckage was a life raft.

Three Sentenced for Manslaughter. AUBURN, N.Y., Dec. 4.—Raymond Allen, 19 years of age, was today found guilty of manslaughter for shooting and killing John Jett, at Port Byron, James Allen, 19 years, and Elmer Lewis, 17 years old, pleaded guilty to being accomplices. Ray Allen was sentenced to not less than seventeen nor more than twenty years; James Allen, to not more than seven years, and the girl to three years.

Another communication received from the Governor of Ind.—China says that the four native leaders in the plot discovered some weeks ago to police a detachment of French troops, and who, after trial, were condemned to death, were executed yesterday.

DIED FAR FROM HOME.

There died at the Muskoka Free Hospital for Consumptives, Gravenhurst, Ont., a few weeks ago, a young girl of some 16 summers, who had travelled all the way from Saltcoats, Sask., in the hope that she might be helped by the treatment at the hospital.

There was a hard lot. Her people were poor. She had known little of the comforts, much less of the luxuries of home.

At the hospital she was cared for as an entirely free patient, no relation individual or municipality paying anything on account of her maintenance.

Her lonely condition created much sympathy around the institution, and physicians, nurses, matrons and fellow patients, not a few of them as destitute as herself, were always glad to do a kind turn for her.

At the end of four months she was called from her sufferings to the "Great Beyond."

Her mother was present to watch over her during her dying hours, no relative could arrange to visit her, and she was buried at the request of her people in Saltcoats, in the little burying ground in the Town of Gravenhurst.

How great is the work this Muskoka Hospital is doing for the needy consumptives of the Dominion it would seem hard indeed to estimate.

The city is that municipalities and people are not more generous in their gifts in order that the 60 or more beds now always filled could be increased at least to double the number. They could quickly be filled.

Contributions from those who feel like helping this great work may be sent to W. J. Gage, Esq., 24 Spadina avenue, or J. S. Robertson, secretary-treasurer National Sanitarium Association, 341 King-street west, Toronto.

Lecture on Christian Science.

In our advertising columns we have found a notice of a lecture on "Christian Science," to be delivered in the Grand Opera House, Adelaide-street, Toronto, on Sunday, Dec. 13, at 2:45 p.m. The lecturer, Rev. Arthur R. Washburn, C.S.B., of Rochester, was educated for the Presbyterian ministry, and is a graduate of Auburn Theological Seminary. He gave up the work of the ministry, however, to devote his time to Christian Science, having experienced its healing efficacy, and wishing to devote his time to the healing and teaching work. He has been an authorized member of the Christian Science Board of Lecturers since 1898, and comes fully qualified to explain the subject, which he does from a Biblical standpoint.

MINOR STOCKS AT NEW YORK ARE GIVEN GOOD ADVANCES

World Office, Friday Evening, Dec. 4.

The speculative flurry in a few specialties was kept up at the Toronto Stock Exchange to-day, but no special interest was taken on the outside of the market. Tips are being freely circulated that the increase in the Sao Paulo dividend will mean a further rally in the stock, but there are those who think otherwise. To-day's movements were of little moment. Fractional advances were registered by two of the speculative issues, but these were not significant of a larger movement. Many of those who take any present interest in the market are confining their purchases to the real investment stocks, and this is responsible for the strength of this department of the exchange.

Well St. Posters.

The federal jury convicts Union Pacific and controlled roads of conspiracy and restraint of trade in connection with sales of coal at Salt Lake.

The dispute between the Pennsylvania and its engineers is still unsettled, but labor trouble is not feared.

St. Paul expects completion of its extension to the coast early in the coming year.

Wisconsin Central will declare its initial dividend, placing preferred stock on a 4 per cent. basis next Monday.

November gross earnings of Harriman roads are relatively as good as those of October.

Notable expansion of bank clearings in November.

United States Treasurer Charles H. Treat says the steady flow of gold into the treasury continues in view of the depletion of gold certificates.

Joseph says: There is a big short interest in Steels. The market will continue to be largely one of speculation. Trades according to Keep long of St. Paul and do not be afraid of the Pacific at this level. Pacific Mail is very good. Hold St. Louis & Southwestern pref. Buy Northern pref.

The active list remains in the trading area, and irregular stock market fluctuations may continue with special bull operations like those of yesterday. Great Northern, Southern Pacific, Atchafalpa, Consolidated Gas and Kansas City, and other specialties, should still be preferred as purchases on declines. The finding of the Union Pacific guilty of restraint of trade in the west is not an important factor, but may be used by the bearish professionals.—Financial Bulletin.

Selling by leading interests in Union and Southern Pacific and Steel common while not insistent, has been edacious, and to facilitate it other bull points have been encouraged, and the market leaders have received from time to time manipulative support. Such movements as yesterday's in Great Northern may be attributed to this purpose. We regard its rise as temporary and would sell it for a turn on any further strength. Heaviness among industrial reflects disappointment over the slow business improvement. Kentucky's winter wheat report is a cautionary signal, as next year's business largely depends on the outcome of the fields. Continued foreign selling will mean increasing gold exports, and the output of new securities is diminishing the supply of money to time manipulative purposes. Consequently we look for a continuance of liquidation in leading issues, and come fully qualified to explain the subject, which he does from a Biblical standpoint.

LITTLE NEW SPECULATIVE INTEREST.

World Office, Friday Evening, Dec. 4.

There was no indication at the Toronto Stock Exchange to-day of any increase in outside speculative interest. Two or three of the stocks which usually occupy the forefront of the market were kept busy, but these attracted no special interest. There were some transactions in both Coal and Steel on this exchange to-day, the buyers apparently thinking that there was a chance for one of these stocks to advance when the result of the present suit is announced. The investment securities were firmer. Commerce was bid 169 at the close to-day, and there were no offerings. Canada Permanent sold as high as 142 1/2 and other stocks of a like nature were firmly supported. This was again one of the important features of the market.

On Wall Street.

Charles Head & Co. to R. R. Bond.

There were few changes of importance in London's quotations this morning, but our market opened strong and active and prices were marked up steadily. Great Northern was again the leader at the start, but later the Gould issues, Washburn preferred, Texas and Ohio were marked up. The market scored an advance of six points for the former and led in point of interest and activity. Chesapeake and Ohio were marked up, and the distribution of points to buy, and it is the belief of those well posted that an effort is being made by Messrs. Kuhn, Loeb & Co. to unload their holdings acquired at higher prices over a year ago. Apparently all the important Chicago and banking houses were united in the effort to mark up prices to-day. The First National Bank, the Morgan, the Gould and Standard Oil parties were all reported active in the game. Closing was at nearly the highest prices with outlook good for continued activity and still higher prices.

COBALT--Majority Shareholders of Townsite Want to Change Management

Cobalt Market is Strengthening Improved Buying is Noticeable

Small Amount of Business Being Done is Due to Scarcity of Floating Stocks.

World Office, Friday Evening, Dec. 4.

The attempt to dislodge stock from the hands of the public is still being carried on by professionals at the mining exchanges. The method of procedure is to mark down the stock if possible without making sales, thereby creating a want of confidence among holders and forcing sales in this way into the market. The slackening demand from the public, owing to the market's reaction has contributed to this manipulation, and it may be expected to be continued until district has given place to confidence again.

The smaller transactions which took place to-day are due in a great measure to the small amount of floating stock now in the market, and many of the trades are purely speculative and of times without the slightest idea on the part of the seller of making a profit, excepting by buying from some holder at a lower price.

Several attempts were made to drive the price of certain securities lower to-day. One instance of this was in Chambers-Ferland, the connections between the two exchanges being worked to this purpose.

It was tried in the same way a few days ago and new stocks will be picked up wherever it is thought an opportunity is present to afford a profitable venture in this way.

The market on the whole was strong, but the largest advance yesterday, did not fail to hold the rally up to the close of the market.

There was good buying in most of yesterday's issues and the market has improved to this extent.

Disse was firm during the day, closing at 50, a slight advance over yesterday.

IN THE LAW COURTS

IN THE HIGH COURT.
 Osgoode Hall, Dec. 4, 1906.
Announcements.
 Peremptory list for divisional court for Monday, Dec. 7, at 11 a.m.:
 1. *Byrne v. Meade.*
 2. *Crawford v. Bank of Commerce.*
 3. *Uterson v. Petrie.*
 4. *Simson v. Webb.*
 5. *Sawyer-Massey v. Hodgson.*
 6. *Re O'Reilly-O'Reilly v. O'Reilly* and cross appeal.
 The present sittings of the court of appeal closed.

Master's Chambers.
 Before Cartwright, Master.
Winger v. Village of Streetsville—W. A. Skeens, for plaintiff, on motion to examine Mr. Fielding, the consulting engineer under contract (s. 6, E. S. Act) for defendants, contra. Judgment for plaintiff, on no evidence that Mr. Fielding is "under control" of the defendants. Indeed, he occupied a quasi judicial position between the parties which would render any such contention untenable. The plaintiff must examine in the usual way some officer or servant of the defendants, who must come prepared to give all the information that plaintiff is entitled to. The present motion must be dismissed with costs to the defendants.

Before Cartwright, Master.
Mitchell v. Jessop—Williams (Montgomery F. & M.), for defendants, moved on consent for an order dismissing action without costs and vacating his pendens. Order made.
Playfair v. Usher—W. R. Wadsworth, for plaintiffs, moved on consent for an order dismissing action without costs and vacating his pendens. Order made.

Before Cartwright, Master.
Bucknall v. Mitchell—F. D. Byers, for third parties, moved for examination for discovery of defendant at New York; R. C. H. Cassels for defendant; R. McKay for plaintiff. Order as asked.

Judges' Chambers.
 Before Falconbridge, C.J.
Re Kennedy—Kennedy v. Porteus—W. S. Scott, K.C. for all parties except the plaintiff, J. Kennedy, whose residence is unknown. J. F. Smellie (Ottawa) for the official guardian. Application to confirm report, heard at Ottawa weekly court. Judgment (H.) The official guardian was properly brought into this matter by the purchaser, who reasonably thought he could do without the intervention of that officer get a good title. Even if the official guardian had no locus standi it would be the duty of the court to see that no more costly proceedings were taken than are necessary. Plaintiff's solicitor must get such costs as he would have been entitled to had the property been sold.

der for the protection of the magistrates.

Single Court.
 Before Boyd, C.
Hammett v. Comerford—G. H. Gray for vendor, moved under the Vendor and Purchasers' Act to have it declared that the vendor has shown a good marketable title. A. MacGregor, for purchaser. Order as asked. No order as to costs.

Before Britton, J.
Re Alexander Hamilton Estate—M. S. Mercer, for the executor, and for an adult beneficiary; M. C. Cameron, for infants; H. A. C. Cameron, for infants; H. A. C. Cameron, Judgment (H.). The will directs that \$20,000 be invested and kept as a fund to provide an annuity to her quarterly. She is also entitled to the sum of — the same to be paid quarterly for allowance; also that she be paid \$300 per year for maintenance and clothing of each child while they are at home with her, and she is to have the use of her home for her life. It is not fatal to will or bequest that a blank is left, as in the will under consideration. The widow is entitled to have the interest on the \$20,000 to her quarterly. She is also entitled to be paid out of the estate \$300 each year for each child for their maintenance and clothing while they are at home. As she is to see to their schooling or training for trade or profession, it makes no difference whether a child, while at school or in training, is actually in residence with the mother or not. She may also be entitled to such additional sum as may be necessary to meet all requirements necessary for comfortable maintenance. A large number of other questions are also answered. Costs of all parties out of the estate.

Sir Aemilius Irving, K.C., treasurer of the Law Society for Upper Canada, presented to the court Stephen James Arnett, Daniel John O'Donoghue and Walter Herbert Kennedy, who have been called to the bar by convocation, and who were sworn in and enrolled as barristers-at-law.
D. J. O'Donoghue and E. W. Wright were sworn and enrolled as advocates of the supreme court of judicature.

Court of Appeal.
 Before Moss, C.J.; Osler, J.; Garrow, J.; MacLaren, J.; Meredith, J.
Jasperson v. Romilly—Judgment on appeal. Motion for leave to appeal. Motion refused.
Re Jenison and S. Edward VII., C. 24—C. H. Ritchie, K.C., and T. G. Meredith, K.C., for the attorney-general; I. F. Hellmuth, K.C., for Port Arthur; G. T. Blackstock, K.C.; G. F. Shepley, K.C., and E. B. Ryan, for the plaintiff; the Niagara Power Company, C. H. Ritchie, K.C., asked for permission to withdraw the questions submitted. Case withdrawn accordingly.
Lennox v. Hyslop—I. F. Hellmuth, K.C., for plaintiff; G. T. Blackstock, K.C., for defendant. Appeal to stand over till next sittings.

Watson v. Town of Kincaird—E. D. Armour, K.C., and D. Robertson, K.C. for appellants; J. H. Monteith, K.C., and W. C. Loscombe (Kincairdine), for respondent. The plaintiff, a furniture manufacturer carrying on business in the Town of Kincairdine, sued the defendants to have it declared that certain property claimed by the defendant is the property of the plaintiff. A certain bylaw of defendants is invalid and illegal, and an injunction for damages. On March 20, 1906, at the trial before Mabee, J., the plaintiff's action was dismissed with costs. Plaintiff now appealed to this court. Judgment reserved.
 This closed the present sittings.

DEVELOPMENT AT HARGRAVE
Mine Will Get Power From Drummond, So Drills Will Immediately Start.
 The board of directors of the Hargrave Mines Company have received a wire from Manager Neelands, saying that arrangements had been completed with the Drummond Mine owners for a full supply of compressed air power. This arrangement means a whole lot to the Hargrave Mine, and it will enable them to start the drills in a few days' time.
 The Hargrave can now go ahead actively with its mining operations and erect its own power plant at its leisure.

Don't Say "I Can't," Brace Up and Say "I Will"

Don't mope and drag along, brooding over your loss of manly vigor. Get it back. No man is so run down that he can't be built up and recover your old vim and courage. There's strength in electricity for such as you. It is a builder, an invigorator. Its glowing energy fills your nerves and blood with the fire of youth. Those fishy nerves of yours will dance with glee if you pour an electric current into them every night for a month or two.

Did you ever notice a man who seemed full of spirit of animation and happiness? The fellow who tells you a good story, slaps you on the back and jollies you until you laugh? He's one of God's noblemen, a strong man. He's chock-full of animal magnetism—that's electricity.

That's the way you ought to be, and you can be. Make your body a storage battery. Fill it with electricity every night from Dr. McLaughlin's Electric Belt, and in a few weeks you will be full of spirit, full of ambition, and the world will look rosy to you. Then you will look like a winner.

If you haven't confidence in electricity let me treat you at my risk. I will give you the Belt on trial, without one cent of risk to yourself. Give me reasonable security and I will take your case, and you can

Pay When You Are Cured.

Mr. Miles Amelotte, Apple Hill, Ont., says—"Since I last wrote to you I feel like a new man. I now eat meat, which I haven't done for three years, and I have gained all the time, and do hard work, too. I thank you a thousand times for having advertised your Belt on the papers, and I shall recommend it to all the people who have the same sickness as I had."

Mr. John W. Halliday, Chapeau, Ont., says—"Your Belt has entirely cured me of my troubles. The Rheumatism left my knees, after only a month's use, and I believe your Belt, with proper care, will do all you claim for it. You can publish my name, as I wish, as I will certainly do all I can in recommending your Belt to any who are in need of treatment."

Annual Sale of Rubbers

By virtue of special concessions due to tremendously large orders, we have been able to plan this event upon a scale never before attempted in Toronto. Buying for two large stores—Montreal as well as here—we are able to accomplish wonders at times, and the magnetism of spot cash, experience and determination is telling in our favor now. The policy of this business permitting nothing but absolutely reliable goods ever to be offered, and the reputation of the store for not exaggerating value or mistaking facts, gives assurance that the lines advertised below represent a bona-fide saving to customers. We invite the most critical examination of qualities, and insist that

No Such Values in High-Class Rubbers Have Ever Before Been at our Disposal in Any Such Quantities. Our success with shoes all last week and for weeks previously is encouragement for record-breaking trade in Rubbers and these values will attract the quickest and biggest crowd of the season.

WANT CROSS-TOWN LINE FROM DON TO BATHURST

Petition With 400 Signatures Before Works Committee—Mr. Fleming Not Enthusiastic.

The project of a "cross-town" car line is again before the city council, a petition signed by 400 property owners, asking that the city seek to have the line built, being presented to the civic works committee yesterday. The petition said in part: "As East Toronto and West Toronto are about to be annexed to our city, it is without doubt a necessity to have this line built as early a date as possible. This line will do more to relieve the congestion at the corner of Queen and Yonge streets than any other line, as such a line will carry citizens from the east to the west, and vice versa, without crossing at Queen, and will relieve Queen, College and Carlton streets, and is an immediate necessity. In support of the request there wait on the board a deputation of business and professional men, including F. E. Mutton, Dr. Cuthbertson and Messrs. Goodman and Allison. Mr. Mutton, the spokesman, pointed out that while there are twelve car lines running north and south there are but five running east and west of

Yonge-street, despite the fact that the greatest increases in population have been in the northwestern and northeastern sections. Aid. Keeler told the visitors that the cross-town line would have gone through several years ago had not local influences been used on aidmen. Aid. Stewart saw a chance to give the Wilton-avenue bridge project a boost, and contended with much vigor that the line would be of little use unless it was connected in this way with Riverdale. Mayor Oliver was strongly in favor of the line. Since the street railway franchise was granted, about twelve years ago, only ten miles of new track had been laid, although the population had increased three-fold. It was unanimously decided that the city engineer, who is known to favor the line, should report again upon it. The cross-town line previously recommended by the city engineer would extend along Wilton-avenue, from the Don to Yonge-street, thence along Aznes-street to University-avenue, where it would divide into two lines, one along Anderson-street and one along Carr-Howell-street to McCaul-street, thence by way of St. Patrick-street to Bathurst-street. Manager Fleming, when asked concerning the company's attitude, said the railway preferred to let the subject alone for the present. "As soon as we get the traffic in the heart of the city fixed up, we may discuss it," he said. "We have more to handle properly. The cross-town line wouldn't help, because the public would have to take cars to reach it." The "fixing up" referred to by Mr.

Fleming implied the granting by the city of the Bay-street car line, Wellington-street car line extension, and one or two other extensions desired by the company. George F. Burton of the legal firm of Biggar & Burton wrote, complaining of the flooding of the hillside at 71 Levesher-basement of his house at 71 Levesher-street, that the city had had the responsibility of the sewer was not to transfer the management to the parks department. A recommendation that no more sewage be allowed in asphalt paving was passed. The feebleness of J. Wenman, who was deprived of a row of trees in front of his house on Bathurst-street by orders of the board of control, will be soothed by the payment to him of \$87.50, or \$6.25 per tree. Controllers Alarmed. The board of control did some serious cogitating over the criticisms of T. A. D. Murray regarding septic tanks. The mayor thought the city had gone too far to retreat, but Controller Spence said if the statements were true the city should give them need. The tanks would pour a very bad effluent into the lake. Controller Harrison said the tanks not only broke up the solids but liquified and purified them to a certain extent. No action was taken. Dr. Snares said that Mr. Murray did not present the royal commission's report, but a review of it by himself. He

remarked: "The septic tank system has been adopted pretty universally throughout the length and breadth of the world. Outside of places where sewage farms and filter beds are used, this is the system that is always adopted." City Solicitor Chisholm and Chief of Police Francis report that the city had the power to pass a by-law compelling bicyclists to put lamps and bells on their wheels. The city street railway committee recommended granting the name of College-street from Sorauen-avenue to High Park to College-road. Deputations for and against altering the name of Sorauen-avenue to Parkdale-avenue appeared. Two weeks were allowed for the preparation of a petition in favor. Owing to the objections of residents, the recommendation that the name of Elm-avenue, from Nanton-avenue to Hawthorne-avenue, be changed to Castle-Frank-road, was struck out.

HOT CHASE FOR MURDERER.

Boarder "Who Shoots Wrong Woman, Run Down by School Children. HOBOKEN, N.J., Dec. 4.—Shot four times in evident mistake for her sister, Mrs. Leneasy, whom she was visiting in her boarding house, here Miss Annie Turner was removed from her sister's home to Mary's Hospital in a dying condition to-day. Stanislaus Lehman, a boarder in the house, who had been requested to leave, was arrested for the shooting after a chase for several blocks, in which about six hundred school children, out for a recess, took part.

Baby Found Guilty.

The jury in the case against Raymond Baby, of assaulting Mrs. Jennie McTaggart last summer, brought in a verdict of guilty. Baby had found that his cows were being milked, and seeing two women with pails on his premises, had his suspicions aroused. He demanded to see what they had in the pails, but they refused, and Baby, losing his temper, struck Mrs. McTaggart with his finger, and she was carrying. This was admitted by the defence, who contended that the charge should have been one of common assault. The judge charged against the prisoner.

BOYS' CHOICE.
Hoy Jock, a York-street Chinaman, appeared in police court yesterday, charged with threatening to do bodily harm to Chew Len, a Queen-street laundryman. A bond of \$100 to ensure Hoy Jock's peaceful behavior was taken from his friends. Everyone was happy, despite the fact that Hoy, not swer that the would gladly give up the hundred for the pleasure of killing Chew.

CHIP IN FOR THE BOOZE.

And the Colored Club May Lose Its Charter. "It looks," said Hon. W. J. Hanna yesterday morning to the representatives of the Exchange Club (colored), who were up for the purpose of showing why their charter should not be canceled, "as if you had gone on in spite of warnings from the police; in spite of the knowledge that your charter did not permit that you were doing. My one thought is whether you should lose your charter or get another chance." The members chip in \$2 a week for "booze," was the extenuating circumstance offered by William McCauley, the president. "Then we issue checks, so that all the members will get the same amount." The charter does not permit the presence of liquor under any conditions.

Government Will Build the Dam.

C. H. Ritchie, acting for the attorney-general, yesterday withdrew the questions put to the court of appeal with respect to the effect of the statute enacted in the last legislature upon the Kaminisiquia Excavation Company. It is anticipated that the government will now construct the dam in the interests of the public and the cities of Port Arthur and Fort William.

POSTAL SERVICE TO THE SUBURBS.

The residents of Eglinton and Redford Park are complaining very bitterly with regard to letters and circulars being mailed to them with only a one-cent stamp, necessitating the recipient paying an additional two cents on each circular or letter that may come to hand. It is hoped that people in Toronto will understand that in sending a letter out to the suburbs they have to affix a two-cent stamp, as the rule to city letters does not apply to the suburbs.
