POLICE AUTOS TO BREAK UP RIOTING

Groups of Men Dispersed and Leaders Pursued and Arrested—State Police Are Called Out.

THE CAUSE OF THE STRIKE.

The strike is a plot to undo all the good that has been accomplished for the men and to destroy their union. This union the strike of last year was won from working sixteen hours a day, from twelve to fifteen hours a day, for twelve to fifteen cents an hour, their hours were reduced and their wages raised to a point where they had something to live for. Of course, this could not be done without costing the company something, and as the officials care only for the dividends they can declare, they soon set about trying to find out how to get rid of this additional drain on their income.

So the plot was hatched to bring in from outside such a rival union. Men were lured to offer employment to those who would join the "fake" union. Now, on the pretence of being fair to all their employes, the company says it must recognize this "fake" union. The men realize that this is a mere pretext, and that the real reason for the move is to wrest from them all the advantages they have gained thru their own organization.—SAMUEL GOMPERZ.

PHILADELPHIA, Feb. 23.—The police officials of this city to-day officially acknowledged their inability to cope with the present strike situation when a request was made of John C. Groom, superintendent of the state police, that the 200 members of his command be brought to this city for police duty.

This request was made, notwithstanding that serious rioting was less frequent to-day than on any day since the strike of the street car men went into effect on last Saturday.

She state police are expected to reach here to-morrow morning, and will doubtless be sent into the Kensington district, where the state fenibles had unpleasant experiences yesterday. The state police will not be trifling with it.

The efforts of the police to-morrow, as they were to-day, will be concentrated in clearing the Kensington district of the mob which have infested it since the opening of the strike.

For the first time during the present struggle, the Rapid Transit Company succeeded in running its cars at 6 o'clock on the Frankfort line, which penetrates this unruly territory. At that hour cars on all lines were returned to their respective barns.

Four policemen guarded each car on this line, and the pick of the city's detective force patrolled the route all day in automobiles. These men succeeded in restoring a semblance of order when the fenibles had fallen on the day before. Whenever a group of men formed anywhere on the street, the detectives rushed them and followed the ringleaders even into houses until they captured them.

Disorders Continue.
In spite of the vigilance of the police, men car windows were broken by missiles thrown from the streets, and company was finally obliged to send its cars along the route with sheet iron windows in place of the usual glass pane.

While the police were busy keeping the tracks clear for the lines in Kensington, the lines in other parts of the city were run on much reduced schedules and on several of the West Philadelphia and down town lines no attempt was made to run cars all day, although the sections were comparatively quiet.

The shopping district on Market-street, in the heart of the city, was again the scene of almost continuous disturbances, especially at the corner of York. No one was seriously injured, however.

Baldwin's locomotive works was the scene of a curious disturbance during the lunch hour of the hundreds of employees. One employe was shot in the foot and about 50 shots were fired at laborers who sought refuge on the upper floors of the buildings and hurled bolts and nuts at the policemen who were guarding cars in this district.

Police Use Revolvers.
Every time a head appeared at a window it was the target for a bullet from a policeman's revolver. The one o'clock whistle brought hostilities to a close.

The city high schools are near these industrial plants which have been bombarding the cars with bolts. In order not to endanger the lives of the pupils, the board of education to-day decided not to open the two schools for girls during the rest of the week.

Fifty policemen quartered in the barn of the Philadelphia Transit at Ridge-avenue and York-street, narrowly escaped death last night when the Ontario north-west corner of the building was blown away with dynamite.

WHAT WILL PROTECT THE PEOPLE.

Not one dollar of stock, not one dollar of bonds, should be allowed to be loaded on a public franchise proposition without the consent of some responsible body appointed for that purpose. And it should only be on the strict undertaking that the proceeds of any such issue go into the proposition for construction or physical betterment.

'WE'LL GET OUR TWENTY,' SAYS INSURGENT LEADER

Waiting For Mr. Borden's Reply to Ultimatum Before Jumping Into Fight.

The ultimatum sent to R. L. Borden and the Conservative opposition at Ottawa by the Central Conservative Association of Toronto that Joseph Russell, the representative of the "insurgent" element in East Toronto, must be debarré from the privilege of attending the party caucus, has started a great deal of talk. None of the leaders of the party, however, cared to discuss the matter yesterday. They said that what was done by the association was not a matter for gossip on the streets, and until the protest reached Mr. Borden's eyes and the reply came back it was prudent to keep silent.

It came out, however, that the party are expecting a stern fight on the question of seating the Russell delegates at the Ottawa convention on June 15 next. Leaving aside the censure on the federal Conservative leader and his colleagues for countenancing an insurgent Tory, some of the members of the executive were willing to discuss the problem that would have to be faced if the Ottawa committee furnished Mr. Russell's twenty men with credentials. They propose to use every means to prevent such an eventuality, and strong representations will be made to Mr. Borden on the subject.

Referring to this aspect of the situation, J. Reid, president of the East Toronto Independent Conservative Association, said to The World last night that his association would certainly claim the right to be represented at the convention. This being the only riding association in Toronto, the others being ward associations, it would not lie for the committee at Ottawa to say that they were not Conservatives and not eligible for membership in the caucus of the party.

Mr. Reid said it was not the intention of clearing the Kensington district of the mob which have infested it since the opening of the strike.

For the first time during the present struggle, the Rapid Transit Company succeeded in running its cars at 6 o'clock on the Frankfort line, which penetrates this unruly territory. At that hour cars on all lines were returned to their respective barns.

Four policemen guarded each car on this line, and the pick of the city's detective force patrolled the route all day in automobiles. These men succeeded in restoring a semblance of order when the fenibles had fallen on the day before. Whenever a group of men formed anywhere on the street, the detectives rushed them and followed the ringleaders even into houses until they captured them.

EDWARDS FEARS INFERENCE OF QUEBEC

He Also Accuses Sir Wilfrid Laurier of Plotting the Ruin of the British Empire.

OTTAWA, Feb. 23.—(Special).—Dr. Edwards of Quebec resumed the naval debate to-day with a fierce onslaught upon the leading French-Canadian politicians for preaching secession and treason.

He accused Sir Wilfrid Laurier of plotting for the disintegration of the British Empire. Never in the history of the empire had a single statesman occupied such a position, he said. He described the premier as "the champion lightning-change political artist of the continent of North America." In Quebec he said: "Not a ship, not a gun," in Toronto his statement was: "We might help if England was menaced."

He had been somewhat amused at the efforts of Ralph Smith to reconcile the positive and negative statements of his leaders. Such efforts would give a snake lunger, the premier, at the present time was like Mohamet's spirit, hanging between heaven and hell, and fit for neither place.

Dr. Edwards proceeded to discuss the attitude of several of the French-Canadian and some English political leaders towards the empire. Time and again, he said, it had been impressed upon them that there was an anti-imperial sentiment in Quebec which had to be overcome when any national question was raised. Manitoba had been told that she must remain the postage stamp province of Canada until she was willing to bow the knee to Quebec.

There Are Others.
The people of Quebec must remember that the country possessed people of English, Scottish, Irish and Welsh origin. The uppermost thought in the minds of the government always was, "What will Quebec say?" Other provinces could be fooled as usual.

He recognized the French as an energetic and intelligent people. They must be an exceptionally intelligent people, for if they were really loyal it was not because of the teaching of the men on the Liberal side of the house.

Yesterday Mr. Rivet had challenged anyone to say that there was any disloyalty in Quebec. He was prepared to give evidence to show that there was an anti-imperial sentiment in that province. He would deal with this squarely, and place that sentiment where it rightly belonged.

Separation from the empire, he declared, had been preached in the Province of Quebec. Public money had been used to buy books to publish this sentiment. Ernest Roy (Dorchester, Que.) asked where was the wrongdoing.

Dr. Edwards replied hotly that the wrongdoing consisted in preaching the doctrine of the separation of Canada from the empire.

Romance at Public Expense.
Referring to the work, "Four in Patrie," by Turville, Dr. Edwards said:

ASSAILS BRIDGE INTERESTS

"Most Contemptible Organization Country Has Ever Known."

HON. ROBT. ROGERS' DENIAL

He Didn't Join the Montague Land Syndicate.

WINNIPEG, Man., Feb. 23.—(Special).—Hon. Robert Rogers gave emphatic denial in the legislature to-day on a question of privilege to the statement in a letter of Hon. Dr. Montague to the Union Trust Company, produced in the Foster libel case in Toronto, that he had received payment for a portion of Manitoba lands. He said: "Several years ago Hon. Dr. Montague asked me to join a private land syndicate which he was organizing. I declined to do so, and I may say that I am declining similar invitations almost every day of my life. The senate in the Foster libel case later the offer was repeated, and again refused."

50 ETC IN THEATRE FIRE

Holocaust Repertee in Peruvian Moving Picture Show House.

CALLAO, Peru, Feb. 23.—Fifty persons are reported killed in a panic following the fire in the municipal theatre at Trujillo, a town of northern Peru. The fire started among the apparatus used in connection with a moving picture show.

Dr. Smith's Condition.
Dr. Colwin Smith passed a good day yesterday, his condition showing some improvement.

ON THE POLITICAL SANDS

MR. REDMOND: It's either a veto bill or ye'll stay where ye are—D'ye see, now?

DEFENDANT TO SELECT COUNSEL FOR PLAINTIFF

Government Insist on Naming Lawyer Demanded by Minority in Lumsden Enquiry.

OTTAWA, Feb. 23.—(Special).—A victory of a kind was won by the Conservative minority of the Lumsden enquiry committee to-day. The majority climbed down and agreed to the appointment of a counsel to act in the interests of the public.

But when the question was referred to the house to-day, the government majority insisted upon appointing second counsel should be employed to represent the Transcontinental Railway Commission and the government will really be strengthened.

Victor Geoffroy, the chairman, moved that the report of the committee be sent to the house to-day to represent the committee during the investigation.

Haughton Lennox moved, in amendment, that the members of the opposition upon the said committee shall have the right to select the counsel so to be appointed, and that such counsel shall be instructed to protect the interests of the people of Canada in the said investigation.

Mr. Lennox pointed out that the commissioners had appointed R. C. Smith, K.C., to represent them, and that they were not content to appoint a counsel. The majority should have the selection of the counsel.

A. H. Clarke (South Essex) said he was very much surprised at the amendment. It was a reflection upon the committee, that they were not content to appoint a counsel. The majority should have the selection of the counsel.

Samuel Barker (East Hamilton) said they wanted this thing proved. They had experience on previous occasions of the sifting of evidence. Mr. Smith had stated that he represented the people, but this was ridiculous. No body doubted the intention of the majority, which was to select Rev. Dr. Warner, principal of the Congregational College, Montreal, who is secretary of the Congregational Union. He will present them to the next conference, which will be held in Cobourg in June, when the whole question will be thoroughly discussed.

BOUND TO GET VIADUCT

Riverdale Residents Organizing for Campaign—Meeting Wednesday.

A campaign in the interest of the building of the Bloor-street viaduct to connect Bloor-street with Danforth-avenue, is being steadily organized in Riverdale, and a public meeting in support of the undertaking is to be held in Danforth Hall on Wednesday night, March 2.

At a meeting of the Bloor-street Viaduct Association, at the home of H. R. Frankland last night, the following were appointed a committee: H. R. Frankland, W. P. Hubbard, John Poucher, John Linden, Dr. W. W. Hiltz, James M. Young, Albert E. Playter, H. W. Phippen, Benjamin Kirk and J. Dixon.

SIR WILFRID STILL ABSENT.

OTTAWA, Feb. 23.—(Special).—Sir Wilfrid Laurier was unable to be present in the house to-day.

CONGREGATIONALISTS FAVOR CHURCH UNION

Bond Street, 250 to 2, to Join Methodists and Presbyterians in Consolidation.

Toronto Congregationalists have voted almost unanimously in favor of church union with the Methodists and Presbyterians.

This result is clearly indicated by the figures of the referendum so far available. About a month ago the ballots were distributed among the members of the seven churches of the Congregational Union in Toronto, which has only a small permanent membership, but it is probable that two thirds of the result will be sent to Rev. Dr. Warner, principal of the Congregational College, Montreal, who is secretary of the Congregational Union. He will present them to the next conference, which will be held in Cobourg in June, when the whole question will be thoroughly discussed.

The vote in Bond-street Church was 250 for and 2 against.

The net returns for the other six are not yet complete, but so far the Northern Church has given a majority of 75 out of 85, while Olivet Church, altho the result will not be known until next Sunday, is said to be largely in favor of the move.

Parkdale and Broadview, it is thought, will break about even, but if anything will probably be in favor of the move, while it is expected that both the Western and Broadview churches will cast a favorable vote. In the provinces, it is the opinion of the ministers here the referendum will also be carried. Montreal is said to strongly favor union, as does Quebec, but it is probable that Winnipeg will vote against it. Throughout Ontario the sentiment is in favor of the move, but the most opposition is to be expected in the west.

The last day for returning the ballots to the board of managers of the various churches will be Sunday next. When the returns have been counted the result will be sent to Rev. Dr. Warner, principal of the Congregational College, Montreal, who is secretary of the Congregational Union. He will present them to the next conference, which will be held in Cobourg in June, when the whole question will be thoroughly discussed.

BOUND TO GET VIADUCT

Riverdale Residents Organizing for Campaign—Meeting Wednesday.

A campaign in the interest of the building of the Bloor-street viaduct to connect Bloor-street with Danforth-avenue, is being steadily organized in Riverdale, and a public meeting in support of the undertaking is to be held in Danforth Hall on Wednesday night, March 2.

At a meeting of the Bloor-street Viaduct Association, at the home of H. R. Frankland last night, the following were appointed a committee: H. R. Frankland, W. P. Hubbard, John Poucher, John Linden, Dr. W. W. Hiltz, James M. Young, Albert E. Playter, H. W. Phippen, Benjamin Kirk and J. Dixon.

SIR WILFRID STILL ABSENT.

OTTAWA, Feb. 23.—(Special).—Sir Wilfrid Laurier was unable to be present in the house to-day.

It is stated to-night that unless he is much improved he will not attend parliament this week.

E. B. OSLER GIVES \$25,000 FOR WEST END PLAYGROUND

It Will Be Located Near Argyle Street and Dovercourt Road—Dr. Gulick to Lecture Here.

At a largely attended meeting of the executive of the Toronto Playgrounds Association yesterday it was announced that the offer of E. B. Osler, M.P., to give \$25,000 for a playground in the west end of the city—in his parliamentary constituency of West Toronto, by the way—had resulted in an option being secured on a site near the corner of Argyle-street and Dovercourt-road, and that this location had been approved by Mr. Osler. A sub-committee will be appointed to complete the deal and equip the property.

It was announced that Dr. Gulick of New York, a prominent advocate of playgrounds, whose illness prevented his giving a lecture, as arranged here several weeks ago, will be here March 14-15. In addition to a public lecture under the auspices of the Playgrounds Association, the Canadian Club, the Y. M. C. A., the Moral Council of Women and the Teachers' Association will take part.

An effort is also to be made by the association and the Guild of Art to have Dr. Elliot, late president of Harvard University, come to Toronto this year.

A committee will report upon the possibility of further utilizing the school yards for playground purposes.

It is announced that the association is now incorporated and in a position to receive gifts and donations toward the laudable work it has in hand.

NO REGULAR PASTOR

Jarvis Street Baptists Engage Man for Three Months.

At the meeting of the congregation of Jarvis-street Baptist Church last night it was decided to retain Rev. J. P. Warnicker as assistant pastor for three months, with the privilege of serving a longer period if required. Mr. Warnicker is to preach once a month, but his work will be chiefly parochial. No regular minister was chosen. The reason given by the pulp committee is that Mr. Warnicker is a young man and that the work is very large and will necessitate having a more experienced preacher.

PORCUPINE MUST PROVE

British Investors Want to See Evidence of Permanency.

LONDON, Feb. 23.—Respecting prospective rotations in connection with the Forcupine gold mining district, the Express warns promoters that in view of experience of British investors in Ontario rotations in the nineties, the latter will require absolute proof of the permanence of the ore beds.

FROZEN TO DEATH.

NAPANEE, Feb. 23.—W. Glichrist, a laborer, about 50 years of age, living five miles east of here on the Kingston-road, was found frozen to death two miles east of here this morning.

A RETROSPECT.

Feb. 24, 1663—Canada was restored to the crown, the hundred associates, bringing up their charter Feb. 24, 1863. In Westminster Abbey, Rev. Geo. Hills was consecrated Bishop of Columbia.

HOUSE IS A UNIT FOR PHONE REFORM

Sam Charters' Bill to Place Independent Companies Under Ontario Railway Board Meets With Enthusiastic Reception.

"This bill is not for the purpose of knocking anybody, but it is intended to break the monopoly," said Sam Charters, member for Peel, in moving the second reading of his telephone bill in the legislature yesterday afternoon.

Mr. Charters was greeted with considerable applause from both sides of the house. He reviewed the situation in the last few years. The action of the Bell Telephone Company in refusing to supply the needs of the rural districts had created a new condition, which had resulted in the establishment of over 400 independent companies. Oxford County headed the list with eight companies. Of the 400, 57 had been established in the last four years. There were six municipal lines under the recently conferred authority. The independent lines represented a capital of upwards of \$1,000,000, the capitalization ranging from \$300 to \$350,000. They were furnishing a fairly satisfactory service to between 30,000 and 40,000 people.

The counties of Middlesex and Elgin had at the present time more rural telephone lines than had the whole province of Alberta when they bought out the Bell Telephone Company.

The formation of these independent companies has had the effect of increasing the Bell monopoly. The reason for this statement was found in the fact that the rural companies quarrelled among themselves. They entered into long distance arrangements with the Bell. In all of the contracts the latter company insisted on the insertion of a clause prohibiting the local company from having any dealings with any other independent company. Thus the monopoly was solidified.

Ontario, said Mr. Charters, should have such a system in the next few years that no farmer would have to pay more than \$12 a year for his phone, and he should have long distance privileges at half the present rates. By placing the companies under the jurisdiction of the Ontario Railway and Municipal Board, co-operation would be assured, while combination would be guarded against.

Opposition in Line.
D. Reed (St. Wentworth), agreed with Mr. Charters. "The business of the doctors, especially, was suffering by the conditions which prevailed. In his own district there were three companies in the space of one mile, which the Bell Company had tied up so that there was no intercommunication. There is one company within a mile of our village," he said, "and it can't come in."

Hon. L. P. Lucas declared that the whole subject a difficult one to deal with. The Bell Telephone Company was under the control of the Dominion Government, thru the Dominion Railway Board. The independent companies were under Ontario jurisdiction.

"The long distance rates are suffering by its nature a monopoly," declared Mr. Lucas. "The ideal of course would be that every man with a telephone should be able to reach every other."

Continued on Page 9.

THIRTY-THREE CANINES EXECUTED BY POLICE

Last Day to Muzzle Fido Brings Bunch of Worthless Ones to Lethal Chamber.

"Doggone!" was the slogan which, starting yesterday, gained vogue all over the city. Yesterday was to dog-muzzlers what Easter Sunday is to milady's brand new bonnet.

Most dogs were muzzled and 32 were destroyed by the police at the stations, where gas chambers are maintained. These dogs were of every description—valuable and worthless, black, white and the ubiquitous yellow, large and small, fierce and tame; in fact, all the kinds of dogs there are. They were brought in by owners who either considered a painless death better than a painful muzzle, or who did not care to go to the expense or trouble of muzzling the dog.

At present the police will only summon those whose dogs are found at large and without muzzles. But on Monday two wagons will be started out and the strays will be gathered in. They will be held for five days in pound, when they will be destroyed. Impounded dogs may be recovered by the owners during five days if they come with a \$2 and a muzzle. The muzzle must be placed on the dog and the \$2 left at the pound.

Your New Hat.
If we are not greatly mistaken, this is about the time you are greatly in need of a new hat for Dimeen's. And a hat for general wear is what is known as a stiff felt Derby. Now all the new Derby hats are in at Dineen's, including those exclusive blocks for which Dineen is sole Canadian agent—Dunlap of New York and Heath of London, England. Splendid Derby hats, starting at two dollars.

GREAT VALUES IN INDIAN RUGS

About Half-price for Some Fine Large Carpets.

If you are going to move or re-decorate, pick your Rug out first. These prices should urge you to choose immediately. We are planning alterations to our building and must clean out these bales of Rugs to make room.

They are Suitable for Offices, Dens, Dining-rooms and Living Rooms

Stock Number.	Kind of Rug.	Size.	Description.	Regular Price.	Reduced Price.

Courier, Babayan & Co., 40 King St. E., Toronto

"THE YAMA YAMA MAN" SONG IN "THREE TWINS"

Origin of the Song Hit Given by Mayme Gehrue.

"The Yama Yama Man," the song with which Mayme Gehrue has scored the artistic triumph of her career in "Three Twins," which is at the Princess next week, is due to a series of lucky incidents. When "Three Twins" was rehearsing in Chicago, prior to the opening in that city, Karl Hoschna, the composer, was asked to furnish a "Pyjama Man" song. He handed them one called "The Pyjama Man," only to learn that it would not be used in the production, owing to the fact that the next play booked at the Whitney Opera House had as its main feature a pyjama number. The next day Gus Soblie, the stage director, happened to pass a toy store and saw in the window a "triangular man" that is, a doll built in triangles. Realizing that this had never been used in stage work, he decided immediately

MAYME GEHRUE

At the Princess next week in "Three Twins."

to have a "triangular man" chorus in the place of "The Pyjama Man." That afternoon he and Collin Davis, who wrote the lyrics of "Yama Yama Man," and Hoschna set together wondering what they would call the song. Soblie repeating "Pyjama-yama-yama." Suddenly he brightened and cried, "Did either of you fellows ever hear of a Yama Yama Man?" Quickly Davis set to work to write a lyric around the title, and that night Soblie and Hoschna began rehearsing the number.

When Miss Blanche Bates appears at the Royal Alexandra Theatre next Monday night, it is certain that she will be greeted by an audience not alone of large numerical proportions, but in every sense representative of the best element among local theatre-goers. This is assured thru the usual

JOHN KAY COMPANY

Four Selling Days and Kay's February Carpet Sale Will Have Passed Into History and With it a Money-saving Opportunity That May Never Be Repeated

This Sale covers every yard of Carpet in an assortment the equal of which is carried by very few establishments on this continent. It has been a great success in reducing stocks and bringing new customers into touch with the unsurpassable lines we handle.

Those who have a thought of buying Carpets this year will be well advised to come and see us about it before the month ends.

SOCIETY NOTES

Mrs. Lawson and Miss Lawson will receive on Thursday afternoon of each week at 719 Dovercourt-road.

The Euraka Euchre Club held their first annual sleighing party on Tuesday evening, and after an enjoyable drive around the city, they returned to the home of Mrs. Barker, 84 Esters-street, where supper was served on small tables decorated with pink carnations. Those present were: Mr. and Mrs. F. Tolson, Mr. and Mrs. J. Leake, Mr. and Mrs. R. Bee, Mr. and Mrs. Scoble, Mr. and Mrs. Smith, Mr. and Mrs. W. Leake, Mr. and Mrs. Scott, Mr. and Mrs. Andrews, Mr. and Mrs. Oldright, Mrs. and Miss Powis, Miss Howenden, Mr. Jones, Mr. Eastman.

Mrs. Charles G. McGill, 43 Heath-street, will not receive on Friday, Feb. 25, but on the first and fourth Fridays of March.

Mrs. Norman McClellan, 550 Front-street, will receive Friday, Feb. 25, for the first and only time this season.

Mrs. A. Jacob, Montreal, is visiting her daughter, Mrs. J. Rosenthal, Carlton-street.

The annual meeting of the Church of England Deacons and Missionary Training House will be held in St. Ann's rectory house, Dufferin-street, this evening.

Mrs. Wm. Pember, 62 Indian Grove-avenue, will receive on Friday, Feb. 25, for the last time this season.

Mrs. R. C. Vaughan and Mrs. Walter E. Ireland receive to-day at 66 Dufferin-road.

The president, principal and directors of Haverhill College have sent out invitations for Thursday evening, March 3, from 8 to 10 o'clock.

Mrs. J. P. Stewart and Mrs. Harold Stewart, 155 Cowan-avenue, will not receive to-day, but will be at home the second Thursday of March, for the last time this season.

Speaker Crawford's Dinner.

The following gentlemen were invited to dinner by Hon. Speaker Crawford at the parliament buildings on Wednesday, Feb. 23: Judge Morrison, Judge Denton, Dr. W. W. Ogden, Dr. Albert Macdonald, Dr. J. O. Orr, Rev. W. B. Creighton, Rev. William Briggs, D. H. Lee, J. D. Montgomery, A. E. Wallis, C. C. Wm. Norman, J. E. Cartwright, Aubrey White, T. W. Gibson, A. H. C. Colquhoun, Jas. Clancy, C. H. Sproule, C. C. James, J. P. Fairbairn, S. A. Armstrong, Dr. Bruce Smith, E. R. Rogers, C. R. W. Postlewaite, Lt. Col. Delmore, and the following members of the legislature: W. J. Paul, R. H. McElroy, J. H. Beville, R. J. McCord.

STRENGTH

As a strengthener of the body and mind after a nerve-destroying illness

WILSON'S INVALIDS' PORT

(A la Quina du Perou)

—A Big Bracing Tonic is unexcelled

In addition to its curative properties it contains bodily nourishment—imparts new vigor, purifies the blood and soundly re-establishes the general health.

Dr. L. ARTHUR DEACON, M.B., B.A., etc. Flamboro Centre, Ont.

With regard to Wilson's Invalids' Port Wine let me say that it is really a big bracing tonic. Its generous action in debility and general convalescence is unsurpassable. I thank you very much for having brought it to my notice.

All Druggists. BIG BOTTLE Everywhere. 65

PARIS FASHIONS UP TO DATE.

Black veiling gown, over electric blue satin lining; white tuckled net in yoke; black bands of braid.

MUST HAVE MORE ROOM

Victoria Industrial School Wants to Borrow \$25,000.

That it is imperative that some steps be taken to relieve the overcrowding of the cottages at Victoria Industrial School, and that \$25,000 be borrowed from the Ontario Government for this means or security issued by the institution, was a motion passed at the meeting of the board of management of the Industrial School yesterday.

Treasurer Beverley Jones said that all cottages of the institution were crowded to their greatest capacity, in fact so much that it greatly hindered the progress of the pupils. This situation was largely due to the fact that a few years ago the Ontario Government closed the school of correction at Penstangshouse and moved the pupils to Victoria School.

There are 248 boys in the school.

BLOWN TO BITS.

NEW YORK, Feb. 23.—An oxygen tank exploded with terrific force in a garage on East 74th-street to-day.

Arthur Corriar, a mechanic, was literally blown to pieces, and his brother, Henry, was so severely injured that he may die.

MORE ESTIMATES.

OTTAWA, Feb. 23.—(Special.)—Hon. Mr. Fielding, in reply to Mr. Borlean to-night, said that some supplementary estimates for the current year would be brought down at an early date. As to the supplementaries for the succeeding year, he could not say.

Settlers' Low Rates to Canadian Northwest and British Columbia, via the Chicago and Northwestern Railway, daily, March 1 to April 30, from all points in Canada. Tourist sleeping cars daily to Pacific coast. Free reclining chair cars and first-class coaches via St. Paul or Duluth to Winnipeg. For full particulars address B. H. Bennett, general agent, 46 Yonge-street, Toronto, Ont.

Chimes for Schools. Superintendent Flispy of the board of education is trying church chimes in the schools for fire alarms, instead of the gongs in use at present.

Error in Court List. In the non jur assize court list published in The World Tuesday morning an error was made. A case was listed as "Asling v. Doherty," whereas it should have been Asling and Doherty v. Grizel.

UNSIGHTLY COMPLEXIONS YIELD TO CUTICURA SOAP

Assisted by Cuticura Ointment. For preserving, purifying and beautifying the skin, scalp, hair and hands, for clearing the complexion, for itching, scaly scalps with dry, thin and falling hair, for minor eruptions, rashes, itchings and irritations, for sanative, antiseptic cleansing and for all the purposes of the toilet, bath and nursery, Cuticura Soap and Cuticura Ointment are unrivaled.

Depots: London, 27, Charterhouse St.; Paris, 10, Rue de la Chaussée d'Antin; Australia, R. Towns & Co., Sydney; India, R. N. Paul, Calcutta; China, Hong Kong, Prince Co. Japan, S. P. Maruya, Ltd., Tokyo; So. Africa, Lemon, Ltd., Cape Town, etc.; U.S.A., Porter Drug & Chem. Corp., Sole Proprietors, 126 Columbus Ave., Boston.

Prepared by W. L. Chalmers, an Authority on the Care and Treatment of Skin and Hair.

THE EIGHT-HOUR DAY BILL

Would Be Desirable Even Tho Wages Were Reduced.

OTTAWA, Feb. 23.—The Verville 8-hour day bill was before the special committee to-day, when Hon. Mackenzie King pointed out that a reduction in hours from 10 to 8, if accompanied by a reduction in wages, might result in strikes.

Victor Dubreuil, one of the labor department fair wage officers, thought that the bill would improve conditions, especially for cement workers, who labor 12 to 15 hours a day. He believed that organized labor would approve the shorter day, even if accompanied by a reduction in wages, but the "uneducated, unorganized work people might not favor it."

Mr. McNeive, also of the department, said the 8-hour day had worked well in British Columbia, where in the smelters the reduction from 12 to 8 hours did not affect the wages.

FRENCH AIRSHIPS COMING

Bleriot and Santos Dumont Machines for Montreal Show.

E. M. Wilcox, manager of the Toronto and Montreal Auto Shows, has received a cable from Paris, France, that the aeroplane exhibit he was expecting for the Montreal show has been secured, and will be shipped in time to reach Montreal before the opening of the show, on March 26.

This will be the first introduction of European aeroplanes in Canada. Altho the cable does not state the type of the aeroplanes that Mr. Wilcox believes that they include both a Bleriot and Santos Dumont machine. They are being brought out by Mr. Daoust, a wealthy aristocrat of Montreal, who is understood to have secured in France important exclusive rights for the sale of aeroplanes in Canada.

Mr. Wilcox had hoped to have the aeroplanes at the Toronto show, but Mr. Daoust's negotiations in France could not be concluded in time. Mr. Daoust left Montreal before the state enquiry into the milk trade, which is still in progress.

Suit for Commission.

Judgment was reserved by Justice Britton yesterday in the action brought by Thomas Cahill against Noah A. Timmins and L. H. Timmins for \$599 commission for securing an option for them on the Mann mine in Gowanus. The option was for \$250,000, and the plaintiff claimed that if he failed to carry out the option it was no fault of his, and he was entitled to his money. T. W. McGarry, M.L.A., appeared for the plaintiff and George H. Watson for the defence.

Arm Cut Off.

Due to the step of a caboose attached to the rear of a snowplow was the cause of R. Howie, aged 26, of 153 Bradford-street, Barrie, having his right arm run over at King Station yesterday afternoon. His condition is serious.

Howie, who is a G. T. R. brakeman, was one of the crew of the snowplow, which was backing up, and when they reached the switch, Howie had turned and jumped for the rear step. His foot slipped and he went under the train. At Grace Hospital Dr. H. C. Griffith amputated the arm at the shoulder.

Fire in Warehouse.

Fire broke out at 6.45 yesterday morning in the three-story brick warehouse at 25 East Front-street, Green & Co., manufacturers' agents, who occupy the upper floor where the actual fire was, are the principal sufferers. Their stock is damaged to the extent of \$2800. This is fully covered by insurance. W. K. Coyne's storage warehouse on the ground floor was slightly damaged, as was the building, which is owned by the Toronto General Trust.

MILK TRUST DIRECTORS ARE INDICTED IN N. Y.

Eight of the 17 Are Declared by Grand Jury to Have Conspired to Increase Prices.

NEW YORK, Feb. 23.—The milk trust, so-called, was indicted in New York to-day.

After a grand jury investigation extending over a period of weeks, a blanket indictment was handed down in the supreme court late this afternoon, naming eight of seventeen directors of the Consolidated Milk Exchange, a New Jersey corporation, and charging that they met on June 29, 1909, at number 65 Harrison-street, New York offices of the exchange, and conspired together and with others to fix the wholesale price of milk and did fix it at \$1.41 for a forty quart can of milk.

One year in prison and a fine of not more than \$5000 or both, is the penalty for each offence, which is classed as a misdemeanor by the consolidated laws for the state, generally referred to as the general business laws. An additional fine may be imposed on the corporation upon conviction. Bench warrants were issued for the eight directors. They are: Walter R. Comfort, president of the Robert Reid Ice Cream Co.; a director of the Aetna National Bank; the Delevan Consolidated Milk Co.; and several other corporations. Thomas O. Smith, of Thomas Smith & Sons; Frederick E. Selzer, a milk dealer of Newark, N.J.; Daniel Bailey, a milk producer; John A. McBride, a dealer of Sussex, N.J.; Henry F. Buntmann, of the Standard Dairy Co.; James A. Howell, of the Howell-Demarest Dairy Co.; George Slaughter, of the R. F. Stevens Dairy Co.

Nine other directors of the exchange escaped indictment, having earned immunity by testifying before the grand jury and before the state enquiry into the milk trade, which is still in progress.

The Consolidated Milk Exchange was formed under the laws of New Jersey soon after the supreme court of this state annulled the charter of the old milk exchange in 1895.

The grand jury will continue its attempts to consider further evidence in the hands of the district attorney.

For the Woman Who Has Beautiful Hair

(New York Theatrical News.) The beauties in the Anna Held chorus are famous for their pulchritude. Their coiffures add a great deal to their charms. How they can "manage" such abundance of beautiful tresses day in and day out, keeping always the same well-groomed appearance, is beyond the ken of the average woman. But, listen while I whisper, these girls depend altogether upon dry shampooing to keep their hair fine and glossy.

They mix 4 ounces of powdered orris root with 4 ounces of therox, and they are prepared for a season's shampooing. Once or twice a week they sprinkle a tablespoonful of this mixture on the head and then brush the powder well through the hair. That is all there is to it, and they have escaped the bother and discomfort that accompany washing, rinsing and drying the hair, together with the danger of catching cold.

The wonderful results they achieve with therox convinces me that it is the only thing that can grow hair, but their hair is long and abundant in addition to being fluffy and lustrous.

French Dignitaries to Duel.

PARIS, Feb. 23.—Senator Escorpé Lintilhac, secretary of the secret ballot commission, to-day challenged Senator René Michel Lacroix, president of the commission to a duel, and the challenge was accepted.

Lintilhac, at a meeting of the commission to-day accused Lacroix of trying to bully the members of the commission.

Final Bouts Decided

Each Lands Two Bouts

Heavyweight Battles of the Strenuous Order—Final Bouts at Riverdale.

Parkdale Champions Senior Group

Frontenacs Beat Simcoes—Preston Has Two Goal Lead on Barrie—Kingston To-night.

The seventeenth city amateur boxing tournament was brought to a successful termination last night in Riverdale Park, where seven final and three semi-final bouts were decided, the middleweights boxed Tuesday night, when Hubbard won from Watt. There were two defaults also in the semifinals. E. Peters, 145 lbs., being ill, and J. Howard, 135 lbs., withdrawing on his own account.

Parkdale put away T.A.A.C. for the season last night, when they defeated them at Mutual-street rink before a fair-sized crowd for the championship of District No. 2. Senior O.H.A. T.A.A.C. looked all over winners when they had the score 1 to 1 early in the first half, but Parkdale added another, making it 2 to 1, and so it was at half-time. On resuming the first goal, making it 3 to 1, and then Parkdale tallied two, making T. A. A. C. only one to the good, but the latter came back with a counter, giving them two to a lead. Hereence for Parkdale was injured, he going off and taking Gooch with him, leaving the latter to play alone. At their mercy, scoring four, while T.A.A.C. failed to score, the final score being: Parkdale 5, T.A.A.C. 0.

HOCKEY RESULTS.

The following were the hockey results last night:

Senior O.H.A.— 5
Parkdale 5 T.A.A.C. 0
Junior O.H.A.— 5
Kingston 5 Simcoe 2
Frontenac 5 Barrie 2
Ontario Pro— 4
Brantford 4 Galt 2
Berlin 4 National 2
Ottawa 5 Shamrocks 4
Toronto 5 Hamilton 2
Trenton 5 Rochester 6

HOCKEY GAMES TO-NIGHT.

The following are the hockey games scheduled to-night:

Kingston at Argonauts.
National—Canadian at Cobalt.

Goderich and London Replay.

After a session of over four hours the Ontario Hockey Association executive yesterday canceled last week's intermediate game in which W. T. McCarthy played for the Goderich team. McCarthy was charged with a foul, and the referee, Dr. W. G. Wood, Francis Nelson and W. A. Hewitt of Toronto, A. E. Laroche of London and J. H. Armstrong of Goderich, who were present at the game, decided that the game should be replayed. The replay will be held at Goderich on Friday night.

The Charity Bouspiel Entries Close To-Day

Boost Suggestions

From present indications this, the first bouspiel in very many years will be a great success and in order that everybody may have a chance to enter, the list of names will be kept open until 5 p.m., Thursday, when the draw will be made at 16 Victoria-street. As a lot of the curlers will be busy to-day playing the visitors from Galt and on telephone entries to Main 1246. No prizes will be given, as that would be in keeping with the spirit of the bouspiel, but the writer of No. 2, a prominent curler, gives his name, but the writer of No. 2 very wisely without his name.

Queen Citys Romp Away With Three

From Mineralists

The champion Queen Citys painlessly extracted three more games in the Toronto Bowling Club League series last night, their victims this time being a brand new team of Mineralists, managed by Lou Papineau, and containing several notables in the persons of Doc Reeve and Cholly Fletcher. Andy Sutherland, who is always mentioned in the despatches, outshone himself last night, when he easily led both teams, with the big total of 84, his middle game being the banner of the night, with a 247 count.

Experienced ball players are making perils besides those created in freak peaks by standing on top of the old reliable spikes. Charles A. Comiskey, owner of the Chicago White Sox, says, in discussing the present style of spikes would slow up the game. None of the substitutes at work have exactly proved a success at it, as they are appreciated most by those who are desirous of encouraging the many art of self-defence.

NELSON'S GAME STRUGGLE

Sporting Men Talk About the Battle at Richmond.

SAN FRANCISCO, Feb. 23.—The light-weight battle at Richmond yesterday was weighty as the name of the champion was on the tongue of fight followers in the city. Nelson's game struggle against defeat was the chief event of the contest. The former champion and his manager had expected to leave this morning for Chicago, but Nelson's capture will be postponed until Nelson learns the status of his theatrical engagements. The attendance at the fight is estimated at between 12,000 and 15,000. The total receipts were \$37,500, which leaves a good margin for the promoters, as they had estimated \$20,000 for expenses. Nelson received \$2,000 for the fight, the moving picture will prove valuable. Nelson bought a 33 per cent. interest in the promoter credit for his victory, but maintains that he himself trained too long and was down to weight.

GLADSTONE LEAGUE.

Canada won two from Brockton Colts in the Gladstone League last night. The scores:

Canada 1 2 3 T.T. 112 142 122-282
Brockton Colts 123 115 122-260
W. Barlow 123 115 122-260
H. Barber 123 115 122-260
G. Galt 123 115 122-260
Totals 429 509 504 2392

ORR'S LEAGUE.

In Orr's League last night, Tigers won three from Orr Bros. and Atkins' Colts. The scores:

Orr Bros 1 2 3 T.T. 142 132 122-296
Atkins' Colts 142 132 122-296
Archie Orr 142 132 122-296
J. McNeil 142 132 122-296
B. Devitt 142 132 122-296
Totals 429 509 504 2392

HOTEL LEAGUE.

In the Hotel League last night, Cooke won two from Clydes and McKineys two from Kirklands. The scores:

Clydes 1 2 3 T.T. 172 162 152-486
Cooke 172 162 152-486
N. B. Doughty 172 162 152-486
Murray 172 162 152-486
Vick 172 162 152-486
Spence 172 162 152-486
Totals 684 648 602 2934

PRINTERS' LEAGUE.

Min & Bingham won three from Hunter-Rose in the Printers' League last night. George Martin was high, with 248. The scores:

Min-Bingham 1 2 3 T.T. 192 182 172-546
Hunter-Rose 192 182 172-546
Parker 192 182 172-546
Lavelle 192 182 172-546
McCliven 192 182 172-546
Martin 192 182 172-546
Totals 576 540 504 2620

DOMINION BEAT ROYALS.

The Dominions, by winning the last game, won the series from Royals in the Two-Man League on the Royal alleys yesterday afternoon. F. Johnston was high, with an average of 214.25, with Pat Heenan next, with an average of 207.45. The scores:

Dominions 1 2 3 4 5 T.T. 214 207 197 192-910
Royals 214 207 197 192-910

BILLIARD TABLE MANUFACTURERS

Established Forty Years

102 & 104, ADELAIDE ST. W. TORONTO.

"TIFCO" BOWLING BALL

This ball is the best on the market, because it never slips, never loses its shape, always rolls true, hooks and curves easily, does not become cheaper, is absolutely guaranteed, is cheaper than any other, reputable patent ball, and complies with the rules and regulations of the A. B. C.

All first-class alleys are putting these balls on. Try one on the alley where you roll, and you will never roll any other ball.

BLOOD DISEASES

Affecting throat, mouth and skin through the blood, such as eczema, eruptions, urticarial discharges and all diseases of the nerves and genital organs, cases of the nerves and genital organs, cases of the nerves and genital organs, cases of the nerves and genital organs.

RICORD'S SPECIFIC

The only remedy which will permanently cure Gonorrhea, Stricture, and all other venereal diseases. It is a powerful medicine, and its effects are permanent.

HOKEY GOSSIP.

The H.B.A.C. are once more victorious, defeating Rice-Lewis 8 to 2. The H.B.A.C. worked well together, because they were under the impression they were up against Harrison, point; Bob Orr, cover; Ted Harrison, rover; Wm. Dunn, Ernie North, centre; Art Taylor, right wing; Ed. McClelland, left wing; Ed. McClelland, left wing; Ed. McClelland, left wing.

Will Open March 1.

The Toronto Amateur Athletic Club will open a regular season of club rooms at 21 West King-street, on Tuesday, March 1.

Argos vs. Kingston To-night.

The game to-night between Argonauts and Kingston should furnish plenty of excitement. Argos have a three-goal lead from their first game in Kingston, but the Frontenacs will have Hiscock, the great goalkeeper of the nets, in goal, and his work should keep the Argos busy in locating the net. Argos will play the same team that they played in Kingston, and think they can hold the lead, if not add a few more to it to-night. The plan is on sale at 120 Yonge-street. The teams:

Argonauts—Goal, King; point, Murphy; cover, Patterson; rover, Clew; centre, Fleming; right wing, Blakey; left wing, Sanster.

Kingston—Goal, Hiscock; point, Powell; cover, Leggett; rover, McKelvey; centre, Fleming; right wing, Richardson; left wing, Crawford.

Keeler Gets His Release.

NEW YORK, Feb. 23.—William Keeler, who led the National League in batting in 1907 and 1908, and has been a member of the New York American League since since its organization, has been unconditionally released by President Frank Farrell. Keeler's release by the American League was a surprise to many.

Pioneer Rugby Club.

The Pioneer Rugby Club will hold its annual meeting at the clubrooms, 50 West Adelaide-street, on Thursday evening at 8 o'clock sharp. All members are asked to attend. Any new players will receive a cordial welcome.

Note and Comment

Three boxes were called upon on closing night of the city tournament to contest semi-final, as well as final, bouts and curiously enough landed both. Albert Gage, A. Roffe and E. C. Gage, showing that the distance was no inconvenience to them. The barring of foot of the best champion proved a success in the game and is appreciated most by those who are desirous of encouraging the many art of self-defence.

Experienced ball players are making perils besides those created in freak peaks by standing on top of the old reliable spikes. Charles A. Comiskey, owner of the Chicago White Sox, says, in discussing the present style of spikes would slow up the game. None of the substitutes at work have exactly proved a success at it, as they are appreciated most by those who are desirous of encouraging the many art of self-defence.

GROUND FOR FURTHER RECONSIDERATION

Before Making Man Prove Ownership of Ore.

OTTAWA, Feb. 23.—(Special.)—In the senate to-day, Sir Richard Scott submitted amendments to the bill making it an offence for a man to have gold or silver in his possession without being able to satisfactorily explain their origin. The amendments were made to meet objections that the bill was too drastic.

OLD FRIEND IN NEW GARB

Senator Lougheed Perceives Jim Conmee's Hand in Waterways Bill.

OTTAWA, Feb. 23.—(Special.)—In the senate to-day on a second reading of a senate bill to incorporate the Nipigon & Albany Coal and Transportation Company, Senator Watson explained the purpose was to secure a water connection for transportation between Lake Superior and James Bay.

WILL OPEN MARCH 1.

The Toronto Amateur Athletic Club will open a regular season of club rooms at 21 West King-street, on Tuesday, March 1.

THE ALBERTA CRISIS

Papers Brought Down, But Press Can't See Them.

EDMONTON, Alta., Feb. 23.—(Special.)—To-day's session of the Legislature, the remaining papers in connection with the Alberta "Great Waterways Bill" were tabled by the premier.

OBITUARY.

At Medford, Mass.—Prof. Amos Dolbear, widely known as the inventor of the telephone and telephone appliances.

At London, Eng.—Arthur Fraser Walker, at one time chief proprietor of The London Times, and more recently chairman of the board of directors of the company which purchased the paper.

At Bridgeburg—C. S. Jackson, a resident for 30 years, aged 55.

William Boyle, one of the oldest residents of the city, died yesterday at the home of his daughter, Miss Boyle, 3 Ann-st., at the age of 90 years.

Miss S. N. Lawrence, founder of the Kitchikan Mission in British Columbia, died yesterday at the residence of Mrs. Hughes, 25 St. James' avenue, after an illness of 12 years of creeping paralysis. She was 70 years of age and was the first white woman to visit the natives of British Columbia. Interment will take place at Collingwood.

Sir Wilfrid Laurier will be one of the principal speakers at the national convention of the Educational Association of the Roman Catholic Church in Detroit July 4-7.

James D. Thompson, registrar of frontiers, is critically ill from stomach trouble and paralysis. He is an ex-mayor of Kingston.

Donalton Parole Officer Aed-I. Ould, formerly brigadier in the Salvation Army, is seriously ill at Ottawa with typhoid.

Ships That Don't

Many a man is waiting for his ship to come in when really it has not yet left port—and many another is expecting one upon which the keel has not yet been laid.

If You are expecting things that don't arrive—your business isn't prospering—and you're down in the mouth generally—ten to one it's your own fault.

Revamp--look into things

If your proposition is right—it's an even bet that your advertising is wrong.

Start your craft on an even keel and call for the ship's doctor.

ASQUITH ANNOUNCES HOME RULE BILL DELAY

Nothing Doing This Session—Austen Chamberlain Introduces Tariff Reform Amendment.

LONDON, Feb. 23.—Affairs political now appear likely to simmer for some weeks until the matter of finance is disposed of unless the revolt of the advance radicals spreads.

In the house of commons to-day Premier Asquith, replying to a question stated definitely that the government had no intention of introducing a home rule bill for Ireland during the present session.

In moving the tariff reform amendment to the address in reply to the speech from the throne in the house this afternoon, Austen Chamberlain made a plea for a fiscal system that should afford first a fiscal base to home productions, so as to give employment to the people, and second, a preference to British productions over-seas to the end that the empire might be more closely consolidated.

"The best of any fiscal system," he said, "is in the provision it makes for the comfortable subsistence of the largest number."

"The situation in the United States is constantly referred to," he continued, "but they have duties out of all comparison with anything suggested here."

"It is not the American tariff that has preserved the trusts in the United States, but the weakness of the central authority in America, the great complexity of state jurisdiction and the inability of any public authority to bring the law to bear successfully upon them."

"So long as we remain a united parliament we will have no such difficulties to affect us here."

MUST RETAIN SELF RELIANCE

Justice Longley's Address to Brockville Canadian Club.

BROCKVILLE, Feb. 23.—(Special.)—The Canadian Club had as a guest to-night Hon. Justice Longley of Halifax, who delivered a stirring address on "Some National Problems."

Development had produced difficult problems. One was the fact that the east was standing still and watching the rush of people to the new country. He strongly urged the eastern provinces to devote themselves to the development of the resources they had.

It was to be hoped that the men of Canada would not give themselves over entirely to the dollar. They should think of the higher moral duties of the world, but he felt it was common sense to say, "Who could say what Canada would be in fifty years? He hoped that the relations between Canada and the empire would always remain as cordial as in the past. There was a danger that, by relying too much on England's might, Canadians would lose their sense of self-reliance. Canada should be in a position to hold her own."

President Falconer of the University of Toronto was the orator at the John's Hopkins University celebration at Baltimore, Md., of its 24th commemoration day. Dr. Falconer's theme was "The Individuality of the Canadian People."

Donalton Parole Officer Aed-I. Ould, formerly brigadier in the Salvation Army, is seriously ill at Ottawa with typhoid.

Public Amusements

"Three Twins" Next Week.

"Three Twins" the musical adaptation of the time mellowed farce "Monog," comes to the Princess next Monday for a week's engagement. It has the backing of clever complications of the original plot, a jolly impostor making up as an extra twin, and of the singing and dancing of a capable company.

Blanche Bates.

The advent of a Blanche Bates production is always an occasion of marked importance. It is therefore a matter of especial interest to the intelligent class of theatregoers that Miss Bates, foremost among the emotional stars of the day, will be seen in the successful Belasco production "The Fighting Hope," a play of American life.

Charley Grapewin.

Charley Grapewin will appear at the Grand next week in a new production, "Above the Limit," the funniest he has ever had. The principal character is Jimmy Hicks, a poor boy of the slums, with an immense flow of ideas.

Falls Under Train.

Archibald Gray, C.P.R. brakeman, is seriously injured.

Archibald Gray had a narrow escape from death at Bolton last yesterday afternoon, when he stumbled and fell under a moving train. He sustained two severe scalp wounds, had his leg broken and part of his foot was crushed.

Gray is a brakeman in the employ of the Canadian Pacific. He ran toward the train to go between the cars to uncouple them, but stumbled in a snowdrift and went underneath. After being attended in Bolton he was brought to Toronto and taken to the Western Hospital. He is 30 years of age and lives in West Toronto.

New Kind of Soprano.

Anything that is forgotten in the way of sturdiness by the author of the short story, "The Chosen Instrument" (Everybody Magazine), may be found in Mrs. Atherton's new book, "Tower of Ivory," which makes "revelations" concerning the wonderful business of the world.

Included in next week's big bill are Willard Simms and company, in "Flinchers' Furnished Flats"; Marie, singing comedienne; Aerial Smith's trapeze artists; Dore Sisters, dainty vocalists; Wilson Bros., "Nonsenseland"; Kaufman Bros., tuncful originalities; the Bee Comedy Circus and the kinegraph.

Next Week at Shea's.

One of the most attractive and pleasing shows of the season will be seen at Shea's Theatre next week, headed by Eleanor Gordon and company, in the new and exciting play in this year, entitled "Taps and Taps."

New Majestic Music Hall.

Cliff Gordon, the "German Politician" comedienne, whom most everybody knows, will be the leading feature of next week's vaudeville bill at the new Majestic Music Hall. His humor is quaint, his stories wholesome and entertaining and his parodies amusing.

Gaiety Extravaganza Company.

Rice and Barton's Big Gaiety Extravaganza Company coming to the Gayety next week, is still the record breaker in this line of entertainment.

Harry Montague's Fashion Plates.

Pretty girls, and prettier costumes with a specially selected company of talented artists and comedians in the foundation of the success of Harry Montague's new "Fashion Plates" this season. An entirely new company and equipment is offered by this merry bunch of burlesquers, and when they open at the Star Theatre next week, an innovation is promised.

Portland Cement Directors.

At the annual meeting of the National Portland Cement Co., Limited, in the Temple Building yesterday, the following were elected directors: W. H. Hoyle, M.L.A.; R. H. McWilliams; Owen Sound; William Scott, Listowel; J. H. McKay, Woodstock; C. W. Dyer, St. Thomas; Mr. McKinnon, Humberburg; and William A. Collier, Durham. The last named is the only new director.

President Shaughnessy says that the C.P.R. is "unnaturally opposed" to the Long Sault dam project because of its danger to St. Lawrence navigation.

BOVRIL

OUR SOURCE OF SUPPLY

Letters have been addressed to us asking for particulars of the large estates devoted to the raising of cattle for BOVRIL.

We therefore state that:—

The Argentine Estates of Bovril, Limited, comprise 438,082 acres, and The Bovril Australian Estates, Limited, comprise 9,261,400 acres.

All the goodness of beef is concentrated in BOVRIL.

POLICE IN AUTOS TO BREAK UP RIOTS

Continued From Page 1.

When the dynamite was placed in the car barn is a mystery.

May Have Big Parade.

A move is on foot to have sympathizers of the striking street railway employees parade peacefully to the city hall, 100,000 strong, and thereby show the mayor and other officials the gigantic proportions of the threatened uprising, should it later be decided to call out these men.

The decision not to have this army of workers engage in the struggle at present, was due to Organizer Clarence G. Pratt of the Street Carriers' Union. He pointed out to Murphy that the time was not opportune.

There are some unions that would not agree to a general sympathetic strike; it is said, because it would involve the breaking of hard won trade agreements with employers, who are innocent parties in the present trouble.

Six Years for One.

The hand of the law pressed hard to-day on some of the men and boys who have been arrested for rioting in the northeastern section were a number of cases planned by a gang of boys is shown by the ante-mortem statement made last night by one of the youths shot in yesterday's rioting.

The statement he said that he was employed at a factory. On Monday, he stated, three of the boys of the factory formed themselves into a committee to go around among the other employees and get boys to the number of 150 to agree to meet and make a combined attack on trolley cars and on the men who were running them.

WARRANT FOR PHYSICIAN

Result of Finding of Strychnine in Professor's Remains.

KIRKSHIRE, Mo., Feb. 23.—A warrant charging Dr. C. H. Hull of Monroe City with murdering Prof. J. T. Vaughn by strychnine poisoning was issued to-night at the request of Prosecuting Attorney Miller.

Dr. Hull is in Montgomery City. He was the Vaughn family physician. He was found in the stomach and the liver, according to a report made to-day by Dr. Vaughn's brother, who with other toxicologists, is engaged in an examination of the organs of the instructor.

The result of the analysis comes as an unpleasant truth to Mrs. Vaughn, who has contended from the first that her husband's death was from natural causes, and because of that belief, she asserted, she was greatly opposed to a chemical analysis of the organs. When the efforts of herself and counsel to avert an examination proved unavailing, she obtained a ruling from the court that a toxicologist of her own choosing should take part in the examination.

Mrs. Vaughn was Miss Alma Proctor, daughter of John M. Proctor, bank director and a foremost and wealthy citizen of Monroe City, in an adjoining county. She is a niece of Dr. Thomas Proctor, president of the Monroe City Bank and one of the wealthiest men of the region. Prof. Vaughn was 52 years old, much the senior of his wife.

Prof. Vaughn had an estate valued at \$30,000, and had life insurance of \$5000. The Vaughns were married on June 10, 1901. Their home life was believed to be happy.

EFFICACY OF RETALIATION

By It "Little Canada Brings Great Germany to Her Knees."

LONDON, Feb. 23.—In The News, Clive Money uses the German Canadian arrangement as a proof of the futility of a nation, which is a larger exporter, endeavoring to win retaliation. Germany, as a result, lost \$100,000,000 in trade.

Clive Money, in the course of the fiscal debate in the commons, urged the fact that "Little Canada had brought great Germany to her knees" in proof of retaliation's efficacy.

Otto Dieckhoff, aged 47, a prominent lawyer of Ufa, N. Y., shot himself because of fear that he was insane. An avalanche in Iceland killed 23 persons.

EDWARDS FEARS INFLUENCE OF QUEBEC

Continued From Page 1.

"Will the hon. gentleman rise in all place and say that this book does not preach the foundation of a French republic?"

Mr. Roy: It is only a romance. Dr. Beland asked when this book was made public, and on Dr. Edwards' reply in 1896, he said that was when the Conservatives were in power.

Dr. Edwards: I don't care whether the Conservatives or Liberals were in power. I object to this being published in Quebec at the public expense.

Dr. Beland asked if Dr. Edwards was aware that Mercier (then premier of Quebec) had got \$10,000 for Toronto University when that building was destroyed by fire.

Dr. Edwards said he did not know anything about that. He knew, however, that Mercier had talked sedition and treason. He had stated publicly, "The French-Canadians owe nothing to England. They have prospered in spite of England."

Dr. Edwards proceeded to trace Sir Wilfrid Laurier's utterances regarding the independence of Canada, when Dr. Paquet (Liberal) asked, "Are the Frenchmen to-day not loyal to the British Empire?"

Not Charging Disloyalty.

Dr. Edwards—"I stated some time ago that I accepted the position assumed by Mr. Rivet when he quoted the people of Quebec were not disloyal. I have not said one word charging the people of Quebec with disloyalty. I have said nothing which could be construed into that."

He had said the people of Quebec showed more than ordinary intelligence when they rejected the proposal of their political leaders. "I will not allow a member on one side or the other to pervert my language," he added.

The people of Quebec, had more reason to be grateful to British diplomacy than the people of any other province.

Hon. W. S. Fielding interrupted him, saying he had a brother under arms. He said the flag, "utances of Hon. A. G. Jones. The finance minister denied that Mr. Jones had said such a thing.

Dr. Edwards went on to quote anti-British statements of leading Liberal politicians, such as Hon. J. Y. Ellis and Hon. L. H. Doherty, who had said the "Duty of the Hour."

Dr. Edwards retorted that this had been circulated and paid for by the Liberal party.

A Clash With Lemieux.

Dr. Edwards then got into grips with Hon. Rodolphe Lemieux, who asserted the loyalty of French-Canadians during the South African war. He himself, he said, had a brother under arms.

Canada had sent soldiers to South Africa, said Dr. Edwards, thanks to the people, but not to the government. Criticizing the present defence works of Canada, he said our forts did not amount to anything. Barfield (Kingston), for instance, could be taken by school boys with no more ammunition than snowballs and popguns.

Dr. Beland (Novaux), reiterated the expressions of loyalty of Quebec and supported the government's policy. He said that if he would refer also to the "Duty of the Hour."

He proclaimed the loyalty of the French-Canadians. Dr. Edwards had evidently been misled as to the published work he had referred to, nor did he consider it fair to hold the people of Quebec responsible for the utterances made by Mercier after he had been thrown out of power by the almost unanimous vote of the province.

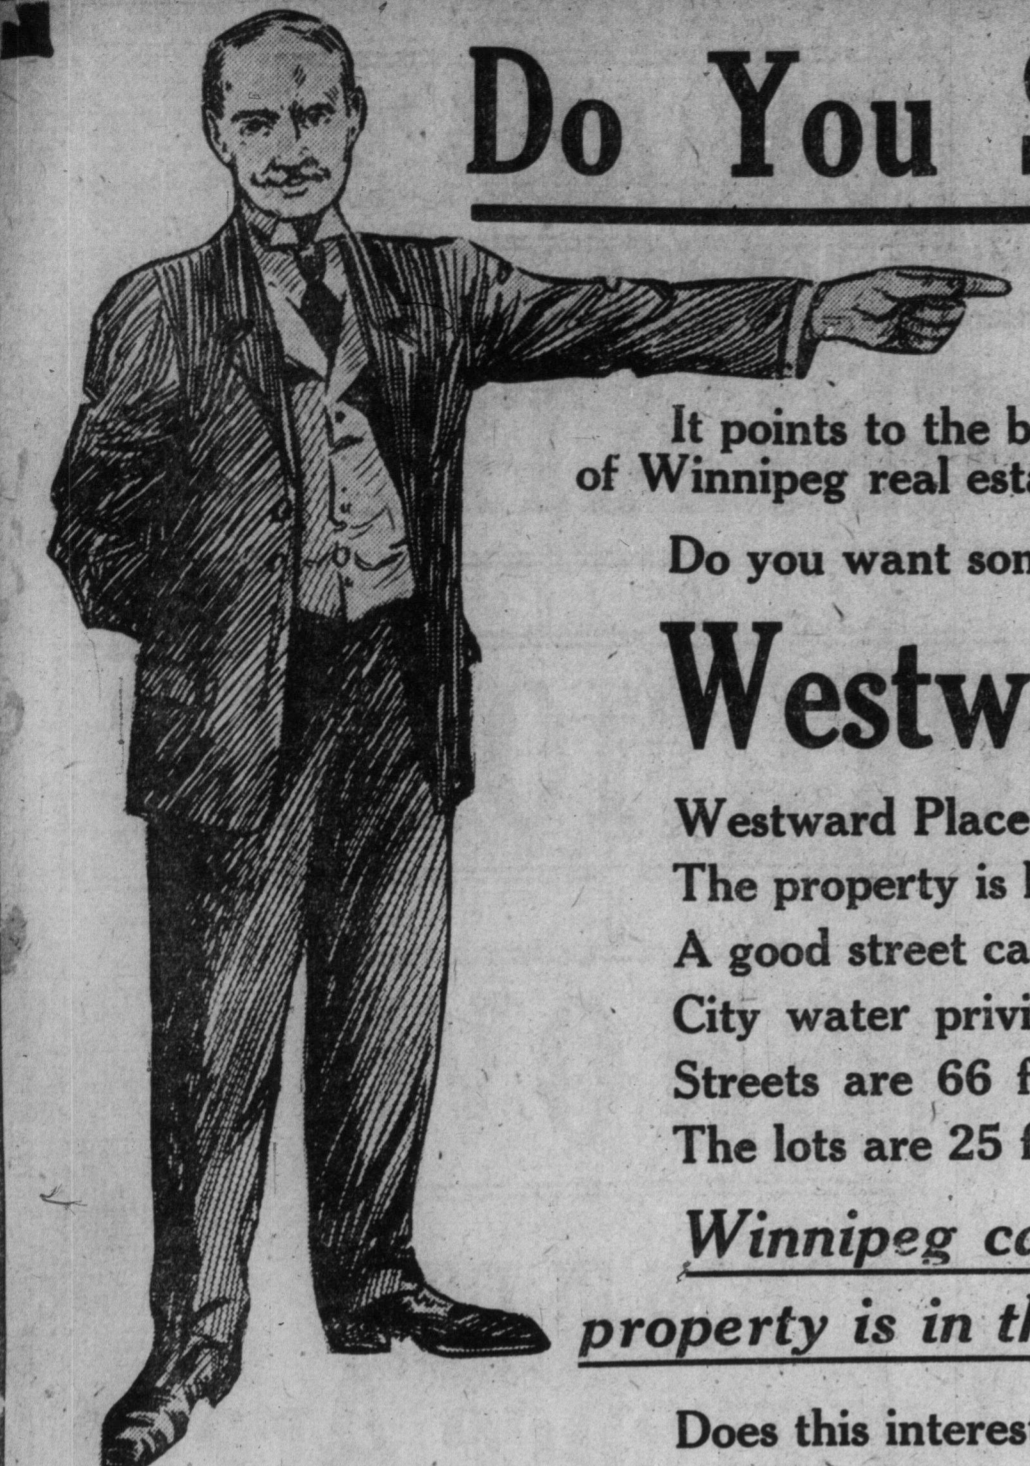

Y.W.C. Guild Reception.

A reception was held at the Y. W. C. Guild last night by the board of directors, in honor of the new honorary members, Mrs. S. H. Blake, Mrs. Herbert, Mrs. Lanskill, Miss Lucas and Miss Rundall, and the new secretary, Miss MacKinnon. Miss Fraser, who presided, said that a new financial campaign to pay off the mortgage on the association's buildings would be made from March 10 to 24. It was the intention of the officers to raise \$30,000, but this time no "tag" days will be held, but instead the prominent business men of the city will be canvassed.

No Alcohol!

Is alcohol a tonic? No! Does it make the blood pure? No! Does it strengthen the nerves? No!

Do You See This Arrow?

It points to the biggest opportunity you ever had to get the right kind of Winnipeg real estate.

Do you want some facts about Westward Place Addition

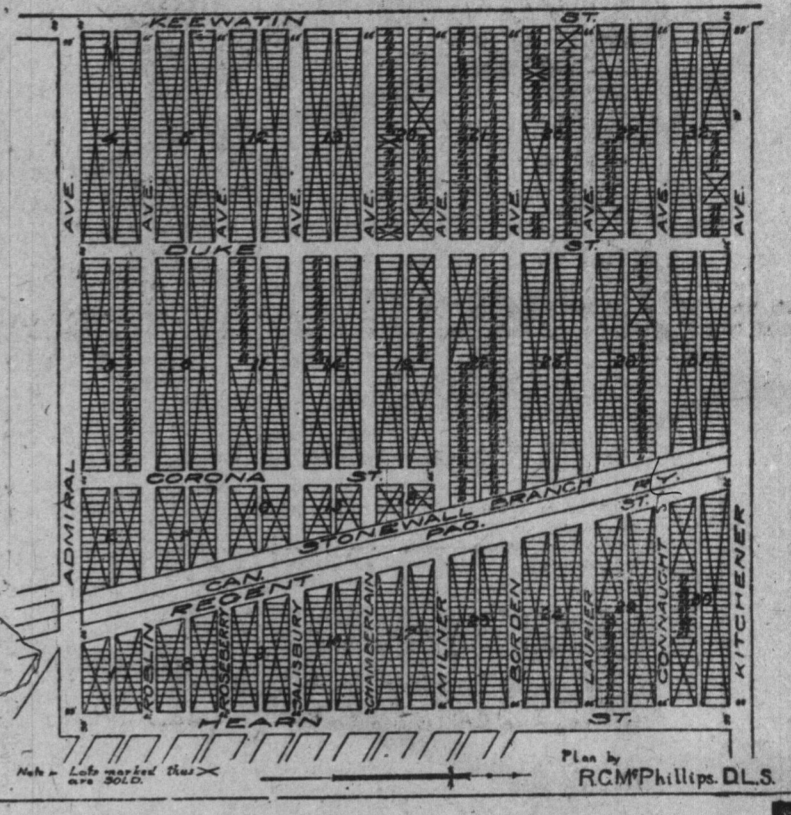

Westward Place Addition is within the city limits.
The property is high and dry, perfectly level and easily built on.
A good street car service—not fifteen minutes from Main street.
City water privileges.
Streets are 66 feet wide.
The lots are 25 feet wide by 116 feet deep.

Winnipeg can only grow west and north, and this property is in the west end of the city.

Does this interest you? If so, write for more information to

R. J. HALEY & CO., Real Estate and Financial Brokers
Temple Building, Toronto, Canada **BANKERS---Standard Bank**

WESTWARD PLACE ADDITION IN THE CITY OF WINNIPEG REG. PLAN 17188

The price of these lots will surprise you, but we bought before the rise in values, and YOU GET THE BENEFIT.

To-morrow we will publish the prices. Watch for them.

WANT CITY AND RAILWAY TO COME TO COMPROMISE

Sub-Committee of Legislature to Report on Expropriation Bill.

That the private bills committee of the legislature is likely to appoint a sub-committee to report on the city's application for power to expropriate the street railway and to try to bring the city and company to agree on certain extensions is the opinion of Controller Church who saw a number of the members at the parliament buildings yesterday.

The controller has suggested to the city solicitor that he keep a watchful eye on the Macfarland bill to give the Ontario Railway Board power to settle all disputes between street railway corporations and cities.

Mr. Macfarland has another bill which doesn't strike Controller Church favorably. It aims at giving municipalities the right to build registry of dogs without submitting money by-laws. He contends that such by-laws should go to the people.

Lost Tender Cost Only \$200. The disappearance of the tender of

the Niagara and Ontario Steamship Co. for the coming season's use of the south face of the Harbor-square wharf means that the company loses the wharfage facilities it wanted to get, and the city is out \$200.

When tenders were opened yesterday morning it was found that that of the ferry company, \$800, was the lowest, but later in the day the other company phoned that it had prepared a tender at \$1000. As it had not reached the city hall within the prescribed time, however, the ferry company gets the wharf.

Welland Canal Widening.

Advocates of the widening and deepening of the Welland Canal, as opposed to the Georgian Bay canal project, which is receiving a good deal of attention from the Dominion Government, did not intend to surrender without a determined struggle.

The St. Lawrence and Great Lakes Improvement Association, which is made up of municipalities and boards of trade of the Great Lakes basin, has called to meet at the city hall, 73 Wednesday, March 2. H. W. Richardson, Kingston, is president of the association, which aims to develop the canal, which has been under construction since 1870.

Should Joseph Thompson, commissioner of industries, resign, his position as secretary of the association,

will also have to be filled.
Set Aside Firehall Districts.

Why not set aside certain districts for factory sites, thus doing away with the troubles constantly occurring because of the desire of industries to locate in sections of the city where they are not wanted by the residents? This was the idea suggested to the board by John Agnew, and the controllers were so impressed that they ordered the property commissioner to report.

Assistant City Engineer Scott has been exercising his inventive genius, and the result is a double-grooved rail, which he thinks can overcome the difficulty of running city street cars over the tracks of the Metropolitan Railway, thus making possible a thru ride to Mount Pleasant Cemetery. At present the difference in the gauges is an obstacle, aside from the fact that the street railway will not concede a single fare.

It will cost about \$7000 to provide the rails needed for the distance between the C. P. R. tracks and the cemetery, but the city will be willing to foot the bill if the railway will do the rest.

Tunnel Can't Leak.

That there is absolutely no danger of contamination of water thru any leak in the tunnel under the bay, is the emphatic assertion of City Engineer Rust and Waterworks Engineer Fellows. They point out that before bay water could reach the inside of the tunnel it would have to percolate thru about 50 feet of sand, 20 feet of solid rock and three rows of brick plastered with cement.

Speaking of the proposal to raise the mouth of the intake 10 feet by an extension, thereby raising the intake from 50 feet below the surface to 40 feet below, Mr. Rust said that this would not increase the danger of sewage contamination, nor would it mean supplying the public with warmer water.

The reef of sand around the intake is of mysterious origin, Mr. Rust quoted the opinion of eminent engineers that there could be no movement of sand in a depth of 35 feet of water, while the intake pipe actually stands in 75 feet of water. He thinks the accumulation may be due to the dredging operations under government contract, or to the construction of the piling at the eastern gap altering the course of the current.

LUMSDEN GIVES NAMES OF ENGINEERS ACCUSED

Men in Whom He Claims to Have Lost Confidence as a Result of Wrongful Classification.

OTTAWA, Feb. 23.—When the parliamentary committee enquiring into the charges of false classifications made by Hugh D. Lumsden, former chief engineer of the National Transcontinental Railway, against many of his erstwhile subordinates met to-day, T. W. Crothers resumed the opposition of the Conservative members to proceeding without representation by counsel. He pointed out that R. C. Smith, K.C., of Montreal, was actually counsel for the defence, inasmuch as the commission were responsible for the appointment of the accused engineers, and declared that Smith's business would be to suppress evidence.

This the Montreal lawyer vigorously denied, but E. M. MacDonald, M.P. for Picton, seeing no other way, proposed a motion throwing the responsibility in the matter of appointing prosecuting counsel upon the house.

In the meantime summonses are being sent out for the accused engineers, and the enquiry is already promising serious results. The proceedings are being watched by S. N. Parent and the other commissioners, Parent sitting close to R. C. Smith, Gordon Grant, Lumsden's successor as engineer, is also there. Every member of the committee is a lawyer, the legal pick of the house, and the battle so far has been one for position, with the result so far a Conservative victory.

On being asked by the chairman for a list of the engineers in whom he had lost confidence, Mr. Lumsden gave these names: E. Bourgeois, James B. Phillips, A. P. Miller, W. W. Bell, John J. McKeough, George Shearn.

These were district or resident engineers along various mileage sections D and F. This was but a partial list, however. In addition he would include the engineers who were responsible for a proper inspection and classification; the names of these he had been unable to ascertain in the brief interval since yesterday.

"Mr. Lumsden has told you that the engineers were continually changing; I would respectfully suggest that Mr. Lumsden be asked to give all he intends to lay before the committee in order that we may know what to investigate," said Counsel Smith.

The committee will meet again Thursday.

HOUSE IS A UNIT FOR PHONE REFORM

Continued From Page 1.

The plan, tho not yet made public, will have the effect of putting the company on a sound basis by the reduction of the capital stock. W. P. Karney, vice-president of the company, was in the chair.

"What is wanted is a new government," said Mr. Studholme (E. Hamilton).

"Why should not the province own the trunk line?" asked Mr. Reed, Hon. Mr. Lucas thought the lack of jurisdiction was fatal to this suggestion. "No one would say," he argued, "that the province should enter into competition with the Bell Company." If they did not do this, the question was without the sphere of practical politics.

"Why not do as they did in Manitoba?" asked Mr. Reed.

Mr. Lucas pointed out that the positions were widely different. When Manitoba bought out the Bell system, that company had only the merest foothold in the province.

"What's the difference between that and electricity?" queried Mr. Studholme.

"The first step," Mr. Lucas continued, "must come from the Ottawa Government. They must say what they refused to say to Manitoba. We will give you the power to deal with the company."

A Practical Bill.

"This bill of my honorable friend is a practical bill. The Dominion Railway Board controls the Bell Telephone Co. The missing link is that no one has power to control the Ontario companies. With this power, and the Dominion Board exercising their power, union Board exercising their power, we could weld the whole telephone system of the province into one system."

T. W. McGarry (S. Renfrew) wished to know whether the local companies, by entering into contracts with the Bell, which had a Dominion charter, might not ipso facto carry themselves out of the provincial jurisdiction.

Mr. Lucas was clear that such would not be the case.

In answer to a question of J. McEwing (W. Kingston) he stated that no breach of existing contracts between the local companies and the Bell was contemplated by the proposed legislation. These only ran for terms varying from two to five years. When they terminated no such contracts would be allowed to be renewed. Moreover, these agreements had to be ratified by the Dominion Railway Board, and he thought none of them had so far been ratified. "And I think," he added, "that when their attention is drawn to the matter, they will not ratify them."

The question, he said in conclusion, was a great one. The minister of agriculture had been able to do a lot for the farmer in a material way, but this question touched the social side of farm life in Ontario, which was quite as important.

Hon. A. G. MacKay thought the bill was along right lines. The Dominion Railway Board controlled the rates, agreements and acts of the Bell Company. The Ontario Board acting would control the rates, agreements and acts of the local companies. This ought to have the effect of giving the maximum of control without a single dollar invested. "It will be our own fault," he added, "if we do not get an efficient service."

Mr. Lucas pointed out that the provisions of the bill did away with all quibbling as to the meaning of terms like "compensation," as had been the case with the Dominion A. The bill went right at the difficulties and smashed a way thru them. "It comes from various parts of the house," he said. "That's what we want."

The bill passed its second reading.

Public Slaughter Houses.

The bill of W. H. Hearst (So.,) to amend the Public Health Act to permit municipal councils to pass by-laws for the inspection of public slaughter-houses outside their limits and forbidding the sale of uninspected meat, was allowed to go to committee, with an intimation that it would be amended there.

Hon. A. G. MacKay remarked that he would not give five cents for the certificate of local authorities out of towns and cities.

Mr. Hearst accepted the suggestion of Sir James Whitney that the bill be amended to make it inoperative between rural municipalities. No com-

mistee of the house, the premier said, would ever allow every municipality to chase over into every other municipality and raise a row.

City of Toronto Bill.

The long-looked-for City of Toronto bill was at last introduced by John Shaw (N. Toronto). Hon. J. S. Hendrie introduced the City of Hamilton bill. A bill to incorporate the Hamilton School of Anatomy was introduced by G. C. Wilson (N. Wellington). Hon. W. J. Hanna brought in a bill entitled "The Ontario Drainage Act."

The following bills passed their third readings: "To incorporate the Nickel Range Railway Co.," "Respecting the Western Central Railway Co.," "To incorporate the Wahnapitae Railway Co.," "To amend the act respecting the Bruce Mines and Algoma Railway Co."

Some Facts About The Manufacturers Life During 1909

The death claims amounted to less than two-thirds of the Income from Interest, Rents, etc. This is another demonstration of the careful selection of lives made by this Company.

Without taking into account the profit on sale of securities, the Interest Rate on the Mean Ledger Assets amounted to 5.73 per cent!

In view of the great care taken in investing the Company's funds, this rate must be extremely gratifying to everyone interested in the Company.

Insurance in force over \$57,750,000.

MILLION DOLLARS FOR EDUCATION.

NEW YORK, Feb. 23.—An agreement among the heirs, approved by Justice Gerard to-day, saves for the purpose intended by the testator the sum of \$1,000,000 bequeathed by the late Mrs. Caroline Phelps Stokes for the education of whites, Indians and negroes.

Toxicog Reorganization.

Shareholders of the Berna Motors and Taxicabs Company decided on reorganization at a meeting held in the offices of Aylesworth, Wright, Moss and Thompson, yesterday afternoon. A scheme was read and met with the approval of all, and a meeting will be called in a few days for the purpose of confirming the reorganization.

The plan, tho not yet made public, will have the effect of putting the company on a sound basis by the reduction of the capital stock. W. P. Karney, vice-president of the company, was in the chair.

The Mason & Risch Piano Company, Limited

Beg to Announce a

NEW MUSICAL INSTRUMENT:

THE STEINWAY PIANOLA PIANO

RARELY in the history of manufacture have two such celebrated names become linked together as "STEINWAY" and "PIANOLA." Each has enjoyed, independently of the other, a world-wide prestige. Each has represented an element beyond that of mere commercial excellence. The bringing together of these two famous instruments bears an important relation not only to the musical industry, but to the art of music itself.

Price of the Steinway Pianola, \$1,500

Exactly the same Pianola can be had in the Weber, Steck, Stuyvesant, and Wheelock, \$650 and upwards.

Wall Street Market Very Dull Price Changes Mainly Small

Shorts Try to Depress Values, But With Little Success—Domestic Issues Generally Firm

World office.
Wednesday Evening, Feb. 23.
Speculation was a comparatively minor quantity on the Toronto Stock Exchange to-day. During the morning session trading was of fair volume, but on the afternoon board dealings dwindled down considerably, and at the close the market was dull.

Price movements were generally irregular, with the steel and coal securities the features. Nova Scotia Steel registered an advance of over two points from yesterday's high figures and was bid for at the close at \$4.25, the highest quotation of the day, with no stock offering.

The excellent demand noted for Nova Scotia Steel to-day was understood to be coming from Montreal, where it is reported a strenuous contest is being waged between the Forget party and the eastern interests. The two factions were heavy buyers both here and in Montreal, where the stock touched \$5.

The electric securities were generally strong. General Electric made an advance of two points to 120, but closed a point lower, with no offers. This stock is scarce on the local market, and realising is not being attracted to an extent by the higher prices which are being registered.

In contrast to the buoyant tone of Nova Scotia Steel, the Dominion Steel and Dominion Coal were reactionary. Dominion Coal was off nearly 2 points during the afternoon session, and closed offered at \$2 1/2, with no bidders. Dominion Steel was fractionally easier.

There was little doing in the traction issues. Twin City was up 1/4; Standard was made a fractional gain, while Rio held steady yesterday.

Investment securities were dull and not materially changed. In the banks, Imperial, Union and Dominion were dealt in, but there was no change of consequence in quotations for any of these stocks.

Germany opens war on Standard Oil. Attorney-General Wickham says freedom in issue is light on trusts.

General market in London heavy, but copper stocks strong.

Baltimore & Ohio reject trainmen's demands for higher wages.

Lehigh Valley attorney says coal trade is simply an aid to transportation.

Less than \$2,000,000 of state, city and railroad bonds remain in the treasury as security for government deposits.

New York Central, Rock Island and Southern Pacific are in shape to go higher. Amalgamated, St. Paul, Northern Pacific, Great Northern, Pennsylvania and Steel seem to us to be marking time. An increased dividend is expected soon in Pennsylvania.

The wheat situation is beginning to cause apprehension and developments in Kansas and the Southwestern generally are against stocks and may soon furnish enough bear argument for a pronounced attack on Steel and the Grangers, especially as the investment demand fades away as stocks rise. We are in a waiting period now. We look for a good deal of irregularity with the drift toward lower levels in the speculative leaders.

Financial Bulletin.

The wheat situation is beginning to cause apprehension and developments in Kansas and the Southwestern generally are against stocks and may soon furnish enough bear argument for a pronounced attack on Steel and the Grangers, especially as the investment demand fades away as stocks rise.

THE DOMINION BANK

Notice is hereby given that a dividend of Three Per Cent. on the Capital Stock of this institution has been declared for the quarter ending 31st March, 1910, being at the rate of Twelve Per Cent. per annum, and that the same will be payable at the Banking House in this city on and after

FRIDAY, THE FIRST DAY OF APRIL NEXT.
The Transfer Books will be closed from the 21st to the 31st of March, both days inclusive.
By order of the Board.
C. A. BOGERT,
General Manager.

SUBSTANTIAL ADVANCES MAY OCCUR.

World Office.
Wednesday Evening, Feb. 23.
To-day's operations at the Toronto Stock Exchange had the same characteristics as those pointed out frequently the last two weeks. Many of the semi-investment securities are undoubtedly scarce, and new buying, which is daily entering the market, makes the position more congested. From the action of the market it might easily be inferred that substantial advances are still liable to occur, and these promise to be general throughout the list. As the situation is recognized, more speculation will necessarily be witnessed.

HERBERT H. BALL.

IMPROVED SENTIMENT

Noted in Connection With Iron and Steel Trade.

NEW YORK, Feb. 23.—The Iron Age to-morrow will say: Sentiment in the iron trade shows improvement and new business. The market for pig iron is nearly at a standstill, but it is realized that as it parted company with finished material in the rapid advance of last year it must now find its level in its own way. One reason for the better feeling in finished material this week is found in the reports from the Chicago district of plans by railroads for new bridges and for new equipment orders; one line is figuring on 30,000 tons of bridge work. Rail orders show an increase over recent weeks, including 10,500 tons for the Mexican Northwest Railway, 2500 tons for the Louisville and Nashville, and 5000 tons for the Monaca. Foreign orders have recently placed by the Frisco line with the Alabama mill is just reported. The export trade in steel products is in excellent condition. Foreign orders amounting to 30,000 tons were placed in this country last week, coming from Australia, Mexico, Cuba, and South America. Foreign demand for steel shows that conditions in the markets of the world are better than in four years. In the pig iron market low prices have been made on speculation. The market is generally better, basic iron in dealers' hands in the Pittsburgh district. Southern furnaces are offering No. 2 iron at \$3.50, Birmingham at \$3.60, and the same in the second half, but sales are few and small.

NEW DIRECTOR

Mr. Webster Will Join Nova Scotia Steel Board

MONTREAL, Feb. 23.—It has been announced that Mr. L. C. Webster of Quebec, a director of the new Quebec Electric Light and Power Merger, will join the directors of the Nova Scotia Steel and Coal Co. in place of Senator Melvin Jones, who recently resigned.

BOSTON BANK CLOSED

Following Discovery of Large Shortage in Accounts.

BOSTON, Feb. 23.—Because a shortage, said to be \$14,000, was discovered in the accounts of the National City Bank of Cambridge, that institution was closed to-day by order of the comptroller of the currency, and National Bank Examiner Ellis S. Pepper was appointed temporary receiver.

NEED NOT WAZZLE DOGS IF CITY'S APPEAL WINS

Civic Deputation, Besides Fighting Radiums, Will Battle For the Liberty of Canines.

Let Toronto dog-owners cheer up for it Mayor Geary and Controller Spence who left for Ottawa last night to fight the radial railway entrance bill...

Before the deputation left Controller Spence obtained the promise that the city representatives would ask the government to exempt Toronto from the muzzling ordinance...

The civic deputation will protest against such a snatching of Liberty of the city's appeal to the city council...

That the city's appeal against the muzzling ordinance, Hamilton and Guelph Radial R.R. bill is his belief. He thinks the board of control of 1908, in consenting to allow the Hamilton Radial R.R. to enter the city, had no power to do so...

It looks as if the city had some reason to complain. They wish to erect a solid brick building and first applied for the right to build on Edgewood-avenue, along the G.T.R. tracks...

Mr. Francis points out that the city has not objected to a varnish factory on Gerrard-street, between the Don and Leslie-street, which is surrounded by houses...

Sir Edgar Speyer of London, Eng., banker and financier of world-wide reputation, called on the city treasurer yesterday...

Editor World: In view of the advertisements that the Toronto Street Railway Co. are publishing in the daily papers, urging the public to "Wait for the Next Car," my experience of yesterday may be of interest to your readers...

WHAT HARM IS IT? LONDON, Feb. 23.—(C. A. P.)—At a meeting of the National Council, W. P. Byles, M.P., asked the government to consider what harm there would be to Canada or Britain if Canada was absorbed in the United States...

Co-operative Societies Bill Passed. OTTAWA, Feb. 23.—The commonsense special committee dealing with the co-operative credit societies' bill, practically finished its work yesterday...

Had Weak Back. Would Often Lie in Bed for Days Scarcely Able to Turn Herself. Weak back comes from the kidneys, and when the kidneys are out of order the whole system becomes deranged...

WORK COMPANY

N. TORONTO FIRE ALARM SYSTEM IS UNDER WAY

Town Will Be Right Up-to-Date
West Toronto News-County
Matters in General.

NORTH TORONTO, Feb. 23.—(Special.)—Spendid progress is being made in connection with the town band, and the fact that the council have voted the sum of \$100 toward the band is hailed with pleasure by townspeople generally. It is not improbable that a further grant toward so worthy a cause will be made in the immediate future. It is the intention to give a concert in the town hall about the last of April or the first of May, and following this open air concert will be given at different points through the town as the summer progresses.

WEST TORONTO.
Conservative Smoker Last Night Was Great Success.

WEST TORONTO, Feb. 23.—(Special.)—The Conservative smoker held in the Masonic Hall to-night was well attended, and was in all respects a great success. President H. G. Agnew was in the chair, and among the speakers on the platform were J. W. Johnston, J. A. West, Hastings W. H. Brown, M. L. A. Dr. Forbes, Geoffrey M. L. A. W. H. Hodgson, A. H. Baird, W. H. W. H. Edwards, and A. H. Baird, and Rev. J. W. Johnston.

WESTON.
Items of Local Interest Picked Up Around the Village.

WESTON, Feb. 23.—(Special.)—The annual dinner of the Weston Skating rink was held at the Weston Hotel on Monday evening, Feb. 22.

UNIONVILLE.

THE ROBERT SIMPSON COMPANY LIMITED

PROBS—FINE AND DECIDEDLY GOLD.
FRIDAY, Feb. 25th.

Dress Goods
3,000 yards Smart, Stylish, New Suting and Dress Materials, good range of pretty spring shades, all the new colors in the assortment. The designs are particularly pretty, and are correct for either suits, dresses or separate skirts. We regularly sell these qualities at 65c and 75c. Widths 42 and 44 inches. Friday, per yard 47c.

Women's Whitewear
Night Gowns, fine nainsook, yoke of dainty embroidery, in lily of the valley pattern, run with silk ribbon, lace frills on cuffs. Lengths 56, 58, 60 inches. Regular value \$1.95. Friday bargain \$1.25.

\$17.50 Suits for \$3.95
Women's and Misses' Suits, only 12½ in the lot, all-wool Panamas, imported worsteds and French Venetians.

LINING DEPARTMENT.
5,000 yards Fancy Coat Linings, New Shadow Stripe Satins, New Brocades, New Diagonal Weave Satens, etc., particularly smart for coat linings, bright silk finish, will not cut or rub, every new spring shade, to match the new spring dress materials. Selling 35c. Friday, per yard 29c.

Silks for Friday
Messaline Satin, Paillette and Beau de Sole, embracing all the new shades of the season, both plain and fancy, 40 new shades showing. Usual price 65c. Selling Friday 44c.

Wash Goods Department
30 pieces pretty 27-inch Plain Colored Crepe. These make nice spring and summer frocks, easily washed, and do not require ironing; very useful also for kimonos, dressing gowns, etc. Colors pink, Copenhagen, rose pink and cinnamon brown. Regularly 17c, for 10c.

Handsome Fur Rugs
AT LESS THAN COST.
Mounted fur rugs, suitable for hall, library or den, every skin a splendid specimen of its kind. Mounting done by one of the most expert taxidermists in Europe; as nearly natural as is actually possible. The skins are "prime" and will not shed hair. These rugs were chosen from hundreds, and only the most perfect were selected. On sale Friday in the Fur Department, 2nd Floor. Listed as follows:

1 only Large Polar Bear, suitably lined, very fine specimen. Regular \$150.00, for \$100.00.

2 only Genuine Grizzly Bear Rugs, handsomely mounted and lined. Regular \$100.00 each, for \$75.00 each.

1 only India Leopard, good size and properly mounted and lined. Regular \$50.00, for \$32.50.

1 only Snow Leopard, very rare, soft, full fur, nicely marked and mounted. Regular \$50.00, for \$40.00.

1 only Genuine Bengal Tiger Rug, beautifully marked and perfectly mounted, a rare bargain. Regular \$125.00, for \$90.00.

2 only Labrador Timber Wolves, mounted with natural skins, good clear grey, with dark pointings. Regular \$40.00, for \$27.50.
