RUSSIAN TROOPS HAVE TAKEN CZARTORYSK Canada's Next Budget Will Call for \$500,000,000, Mostly for War

RUSSIANS TAKE CZARTORYSK IN DASHING STYLE

Detachment Captures Volhynian Town and Pursues Enemy Across Heights.
BITTER STRUGGLE ON
Czar's Artillery Terrifically Bombards Heights Near Czernowitz.

LONDON, Jan. 7.—Some idea of the determined nature of the Russian blow on the Bessarabian front is conveyed by Petrograd despatches today, which state that the Russians for fifty hours concentrated 400 guns on the Austrian positions at Czernowitz as a preparation for an infantry attack. The Russian communications do not yet claim that Czernowitz has fallen, but despatches from German sources admit their position there is critical.
It is not yet clear whether the Russian operations in this theatre herald a big general offensive movement of all the Russian armies from the Baltic to the Roumanian border, or merely indicate a diversion of unparalleled magnitude and fierceness designed to weaken the pressure of the central powers in the Balkans and incidentally on the Italian front. The fighting has been of the most bitter character, according to both the Austrian and Russian reports. Few prisoners are being taken and the infantry engagements are largely in the nature of hand-to-hand encounters.
All the Russian operations thus far revealed are being pressed along the

LEFT DESK IN SCHOOL TO SAVE LIFE OF BOY
Wright Evoy of Oil Springs Plunged Into Icy Water.
OIL SPRINGS, Ont., Jan. 7.—Cries for help from the river nearby reached the ears of 18-year-old Wright Evoy as he sat at his desk in school here this morning. He leaped from the room and got to the river just in time to rescue 10-year-old Gray Andrews, who had broken thru the ice while skating. Evoy plunged into the icy water and brought the younger lad to shore. A move already is on foot to secure a Royal Humane Society medal for Evoy.

ITALIANS WIN SUCCESS ON MOUNTAIN SLOPES

Vigorous Surprise Attack Gives Them Position on Mt. Sperone.
ROME, Jan. 7, via London, Jan. 8, 12.55 a.m.—The war office communication issued today says: "In the Riva zone Jan. 5 our troops achieved a new success by occupying in a vigorous surprise attack a position at San Giovanni, on the southern slopes of Mount Sperone."
"In the region of Coldà Iana the enemy attacked our lines at many points, but everywhere was repulsed. Along the rest of the front there have been lively artillery actions in which the enemy employed asphyxiating shells."
"Enemy aircraft have appeared over the valleys and heights of the Fella and Isonzo and dropped a number of bombs. No damage was done."

GERMAN BOMB ATTACK REPULSED BY BRITISH

Hostile Lines Bombarded by Allied Artillery at Several Points.
MUCH DAMAGE DONE
Mine Blows Up Post of Teutons in Vaquous Sector.
Special Cable to The Toronto World.
LONDON, Jan. 7.—A German bombing attack, supported by artillery, was defeated near Armentieres and the Lille Railway by British troops, and the enemy's lines were also heavily shelled. The French artillery was unusually active today and did much damage at various points on the front.
The following are the official statements:
"British: 'Yesterday morning a hostile bombing attack, supported by artillery, about Armentieres and the Lille Railway, was driven off. Our artillery today bombarded the enemy's lines, damaging his trenches considerably.'
"French: 'In Artois during the day we again bombarded the station of Boileux-aux-Monts, to the south of Arras, and interrupted the operation of trains. 'A destructive shelling of the enemy's positions on the Neuvron plateau, to the northwest of Soissons, has proved effective. Two German posts were destroyed.'
"In the Champagne our artillery continued very active. A large group of workers to the north of Somme-Py and a convoy near Souplet were scattered by our fire."
"We bombarded the enemy's trenches near Maton-de-Champagne and in the region of the Main-de-Masignes."
"In the Argonne one of our mines blew up a small German post in the Vaquous sector. East of the Meuse one of our long range pieces shelled an enemy column at the outskirts of the wood near Bily-Sous-Mangennes to the north of Etain. Its well directed fire threw the column into disorder and started a fire in the village."
"In the Bouchot wood, north of St. Mihiel, our batteries caused three explosions in enemy works."

WAR SUMMARY: Today's Events Reviewed

THE Austrians are beginning to send out reports of heavy losses by the Russians on the Bessarabian frontier, and alleged statements of prisoners that the Russian army had been informed that a great battle was imminent, with a view to breaking thru the hostile lines, and that it would bring the Russians again into the Carpathians. This sort of stuff is being given out with a view to preparing the Austrian and German public for any development of the fighting which may happen. It is admitted that the Russians captured the cemetery at Czartorysk, but it is claimed that they were driven out again by Austrian Landwehr, nothing being said about the Russian occupation of the town and of the heights two miles west of it. The Teutonic public has to be prepared by gradual steps for the news of a reverse. Loss of ground at a point northwest of Buczacz, in Galicia, is admitted, but the claim is made that two Honved infantry regiments counter-attacked the Russians and drove them back, capturing "numerous prisoners and three machine guns." An estimate of Russian losses in the New Year's fighting in Bessarabia places them at 50,000.
British and French official statements record heavy shelling of the German positions, much more bombarding being done than usual. The British troops drove off a hostile bombing attack on positions about Armentieres and the Lille Railway. French artillery was active against the Baisieux-au-Mont station, intercepting the running of trains south of Arras; it shelled German positions on the Nouvron plateau, northwest of Soissons, destroying two German posts; it bombarded trenches in the Champagne, and it scattered groups of workers and a convoy; and one of the long-range pieces threw a German column into disorder and started a fire in a village north of Etain. Three explosions were caused in enemy works north of St. Mihiel.
A vigorous surprise attack gave the Italians possession of a position on the southern slopes of Mount Sperone, at San Giovanni, Rome announces. An Austrian attack at many points on the lines of Coli Lana was repulsed everywhere. Lively artillery actions, with the employment of asphyxiating shells by the enemy, were fought on the rest of the front.

OTTAWA BUDGET WILL APPROACH HALF A BILLION

Last Year's Total to Be Exceeded by Two Hundred Millions.
GREAT BULK FOR WAR
Constant Increase in Enlistment in Canada Makes Outlay Mount.
By a Staff Reporter.
OTTAWA, Jan. 7.—The budget which Sir Thomas White will present at the approaching session will be his third year budget. In all probability it will call for an expenditure for the war and for the ordinary business of government of about \$500,000,000. It will, therefore, be remembered for many years as the Dominion's great war budget of 1916. Last year's budget called for a total expenditure of \$300,000,000, of which, however, only \$100,000,000 was for the war. This year the proportions will be reversed and the greater part of the budget will be for the prosecution of the war.
A year ago the authorized forces to be raised for overseas service totaled only 100,000. At present 220,000 are under arms and a total of 500,000 is authorized. The estimated expenditure for a force of 250,000 men had been put at \$285,000,000. The prospect of a much larger force will necessitate an increasing of this sum to a very considerable extent. Although no official intimation has been given, the total of \$500,000,000 for the war and domestic purposes seems likely to fall quite within the mark.

TEUTON PLEDGE SATISFIES U. S.

Indemnity to Be Paid for Americans Lost With Lusitania.
WILL GIVE WARNING
Germany Doesn't Promise to Leave Passenger Ships Alone, However.
WASHINGTON, Jan. 7.—Two communications from Germany reached the United States today—one containing a proposal to pay an indemnity for the Americans lost in the Lusitania disaster, which may bring negotiations on that subject to a conclusion, and the other conveying assurance that German submarine commanders operating in the Mediterranean would not torpedo non-combatant ships of any character without warning them and according safety to their passengers and crews.
The communications were delivered to Secretary of State Lansing by Count von Bernstorff, the German ambassador. The secretary immediately sent them to President Wilson.
Official Washington tonight considered that America and Germany at last were near a final agreement regarding the conduct of submarine warfare. Officials showed gratification at the attitude Germany apparently had assumed. It was considered to be virtually in harmony with the American viewpoint.
Still No Apology.
The Lusitania controversy, except for the wording of the agreement to be entered into, is considered in Teutonic circles here virtually ended.
Under the terms of the proposal submitted for the approval of the United States, Germany, while offering to pay an indemnity, makes the reservation that no admission of wrongdoing thereby is involved. It is contended that the Lusitania was sunk as an act of reprisal for the British blockade of Germany.

ATHENS, Jan. 7.—(Via London, Jan. 8, 1.44 a.m.)—Reports received from Constantinople by a local newspaper declare that a British submarine made its way from the Sea of Marmora into the Golden Horn and attacked an arsenal on the Pera side, causing much damage and a panic among the inhabitants.
The Patria reports a fierce two-days' engagement between the Serbians and the Bulgarians, which resulted in the defeat of the latter.

CHURCHILL TO LEAD BATTALION OF SCOTS' FUSILIERS AT FRONT

Speedy Promotion Stepping Stone to Command of Brigade, Which is Believed to Be His Present Ambition.
LONDON, Jan. 7.—(8.58 p.m.)—Major Winston Churchill, former first lord of the admiralty, who resigned his subsequent cabinet post of chancellor of the Duchy of Lancaster, and went to the front with his regiment, has been appointed to command a battalion of Royal Scots Fusiliers at the front in France.
According to Reuters' correspondent at British headquarters this will prove a stepping-stone to the command of a brigade, which is said to be Major Churchill's immediate ambition.

ASQUITH WILL TRIUMPH OVER HIS OPPONENTS

Political Situation Quieter and Talk of Election is Less Persistent.
CAN PATCH UP CABINET
Conscription Bill Should Become Law Before End of Month.
LONDON, Jan. 7.—The political situation today was calmer after the overwhelming vote secured by the government in the House of Commons on Thursday night on the first reading of its conscription bill. The reassuring size of the government's majority in the lower house of parliament offset to a considerable degree the anti-conscriptionist vote of the Labor congress, which also was partly discounted by the attitude of such important labor leaders as Arthur Henderson, who resigned as president of the board of education, and John Ward, George Nicol Barnes and John Hodge, members of the house of commons.
The position of these men is that the vote of the Labor congress was too hasty and ill-considered to be regarded as reflecting the actual feeling of the Labor men of the country.
Election Talk Subsiding.
Parliament did not meet today and will not sit again until Monday. The indications are that the conscription

REFUSAL BY LABORITES TO RETURN TO CABINET

Henderson Had Conferences With Premier Asquith and Bonar Law.
OUTLOOK IS BRIGHTER
Reopening of Earl Derby's Recruiting Scheme Inspires Hope.
LONDON, Jan. 8, 2.40 a.m.—Attempts were made yesterday to induce the labor members of the government who have resigned to reconsider their position. Arthur Henderson was invited to see Premier Asquith, and the two men met late in the afternoon. Afterwards Mr. Henderson had an interview with Andrew Bonar Law, secretary for the colonies.
Various suggestions were discussed at these conferences, but late last night it was understood that Mr. Henderson and his colleagues, Wm. Bruce and George H. Roberts, who resigned Thursday respectively as parliamentary under-secretary for home affairs and lord commissioner of the treasury, adhered to their determination to quit the ministry, and that formal letters to this effect will be sent to the premier Monday.
Much is hoped from the reopening of the Earl of Derby's recruiting scheme. The Chronicle expresses the belief that the premier's conscription bill will undergo some modification in its committee stage, which will alleviate the situation. The Chronicle asserts, however, that should the bill meet with serious obstruction in committee, the premier would dissolve parliament.

THOMPSON OF YUKON WILL MOVE ADDRESS

Sir Robert Borden Will Probably Attend Opening of Parliament.
By a Staff Reporter.
OTTAWA, Jan. 7.—The address in reply to the speech from the throne at the opening of the session next week will be moved by Dr. Alfred Thompson of the Yukon, and seconded by Dr. Eugene Paquet, M.P. for L'Islet.
Sir Robert Borden, who is still confined to his residence with lumbago, is reported very much better today, but he will hardly be out before the opening of the session. Hon. C. J. Doherty, minister of justice, is the latest victim among the cabinet ministers. He is down with the gripe and is not expected out before the opening of the session.

FEAR FELT FOR SAFETY OF NINE GRAIN SHIPS

LONDON, Jan. 7.—In connection with the submarine activity in the Mediterranean Sea, an Athens despatch notes that alarm is felt there owing to the fact that none of the nine ships laden with grain purchased in America either has arrived or been signaled.

Note Sent to Her Father From Windsor by Effie Fox, 16 Years Old, Says: "I Was Forced Into This at the Point of a Revolver by a Woman."

LEAMINGTON, Ont., Jan. 7.—The mysterious disappearance of Effie, the sixteen-year-old daughter of Mr. and Mrs. Joseph Fox of Blytheswood, is creating a good deal of excitement thruout the country and around her home.
She came to Leamington the Thursday before the new year to bring her grandmother Mrs. John Jeffery a New Year's gift, and pay her a visit. Not finding any one in at the Jeffery home, she went to the home of Mr. E. Judd, where she spent Thursday night.
The next afternoon she was seen on Talbot street by an acquaintance, and immediately disappeared, and she has not been seen since.
The first intimation of the girl's disappearance came to her father in the form of a note on Saturday, which had been posted at Windsor, and reads as follows: "I was forced into this position at the point of a revolver by a woman. We stay here for a few days and then sail for England. They are afraid of submarines, but they say I will be all right." The note bore her signature.
Heard of Disappearance.
Mr. Fox had no faith in the contents of the note as relating anything in connection with his daughter, until he had telephoned to Leamington, and found that she had not been seen since the day before.
He searched Windsor for two days since without getting any trace of her and now considers her disappearance as a mystery. Many theories are advanced regarding the matter, but are all unsatisfactory, as there is no fact on which to base a foundation. Some suggest kidnaping on account of a large automobile traveling at high speed along Talbot street in the direction of Windsor and noticed by the last person to see the girl. The automobile passing the place a minute or two after the girl was last seen, her immediate disappearance and the note provides a slight foundation for these theories. Her brother disappeared about five months ago and has not been heard from since. He was 18 years of age.

WAR WILL END IN YEAR WITH ALLIES VICTORS

Frederick Palmer, American War Correspondent, Makes Prediction at London, Ont.
LONDON, Ont., Jan. 7.—Frederick Palmer, the famous American war correspondent, who recently returned from the British front in France and Flanders, in addressing the London Canadian Club at noon today, predicted that the war would be over within a year with the allies the victors.
Mr. Palmer declared that a year ago the Germans were winning, altho the British did not realize it, but that the advantage was now entirely with the allies.

TRAINS FROM WEST ARE LONG OVERDUE

C. N. R. Express From Winnipeg Running Twenty-Four Hours Behind Schedule.
In all probability a severe storm is raging in the west, as all the trains from Winnipeg are considerably overdue. The C.N.R. train due to arrive from Winnipeg at the Union Station yesterday afternoon at 2.30, only reported at Port Arthur last night, and it will be fully twenty-four hours late when it arrives in Toronto.
The Grand Trunk train is eighteen hours late, and the C.P.R. from Winnipeg arrived in Toronto nearly two hours after scheduled time yesterday afternoon.

BRITAIN HAS LOST ELEVEN SUBMARINES

LONDON, Jan. 7.—The loss of a British submarine by a mischance of navigation off the Dutch coast makes a total of eleven British submarines lost since the beginning of the war. A majority of these, however, have been of the smaller types.

NEWS FROM THE CITY HALL

NEW ALDERMEN FILE NOTICES OF MOTION

Suggestions for Benefit of the City Come Forward With a Rush.

In their anxiety to show the electors that they mean business, several of the new aldermen have filed notices of motion with the city clerk. The older members, however, are holding back, and the budget is not as large as usual immediately following the elections.

Ald. MacGregor has started off with a rush, having come forward with no less than four motions. He wants the parks committee to take up the question of a park and playground for the Earlscourt district. His other motions are that the city memorialize the Dominion Government to make the pension of incapacitated soldiers sufficient to properly maintain them and their families, that the board of control take steps to properly light the business section of St. Clair avenue, and that the board be instructed to procure sufficient money for the filling in of Catfish Pond.

Ald. Gibbons will move that a fire chief be appointed from the brigade. He also wants Catfish Pond filled and a public lavatory established at the corner of St. Clair avenue and Dufferin street. He would place the Sunny-side bathing station under the harbor commission, and believes that legislation should be applied for to give the people local autonomy in taxation.

Ald. McBride moves that the board of control be requested to take up the question of restoring the legislation a reception committee while Ald. Ball has a motion calling for assessment reform.

OVER TEN THOUSAND MEN IN BIG PARADE

Active Service Troops Reviewed by Sir John Hendrie and Brig.-Gen. Logie.

FOR CORPS OF GUIDES Officers and Men Wanted to Take Place of Those Going Overseas.

Ten thousand and fifty-three soldiers of the expeditionary forces, and 250 officers, were inspected in front of the Military Institute, University avenue, yesterday morning by Sir John Hendrie, lieutenant-governor, and Brigadier-General Logie, of the Hamilton camp. The inspection was really a rehearsal of the big review to be held at the city hall on Jan. 22. The troops will be inspected by his royal highness the Duke of Connaught. Only two people turned out to witness the parade as it marched down University street and University avenue to the institute, where the troops were saluted by the lieutenant-governor.

There were nine battalions of infantry, two battalions of artillery, two ammunition columns, the Royal Canadian Dragoons and divisional cyclists. The line of march was at the main and character long. The Mounted Dragoons led the parade, followed by the artillery. The senior battalions of the camp, the 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th.

Four horses in the artillery fell, throwing their riders to the ground. Fortunately no one was seriously hurt beyond a bad shaking up.

Oppose 'Pastors' Battalion. The raising of a pastors' battalion in Canada is not favored by many local preachers. Rev. Alfred Gardner of Knox College does not think the organization of such a battalion would be a wise thing. But he says he does believe that each Christian minister should be free to enlist if he feels he can do most good in that line to the society.

Fifty per cent. of the students of SAGE TEA DANDY TO DARKEN HAIR It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old, famous sage tea have been sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff gone, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

CITY HALL NOTES

Controller John O'Neill was confined to his home yesterday with an attack of influenza.

In the meantime Ald. McBride is said to be reaching out for the appointment stronger than ever. On Monday at 11 o'clock the inaugural meeting of the city council for 1916 will be held. Mayor Church has not yet put his address on paper, but it is believed that he has a good program.

Ald. Sam McBride's solicitor, T. Herbert Lennox, K.C., is awaiting a statement of claim from James Timson in connection with the writ that has been issued. Those interested in municipal affairs are watching the case closely.

Elevator licenses for 1916 are being issued by the city architect's department. There are about 550 elevators that have to be licensed, and already 484 have renewed their permits at the city office, including four inspections a year.

A denial of the report that a typhoid epidemic was threatening the city was made yesterday by Dr. Hastings, medical officer of health, who stated that only two cases had been reported in the year, one of which was outside the city.

The civic labor bureau had 418 vacancies recorded on its books in December, 404 of these being filled. Sixty-two men were sent to jobs out of the city, the majority of whom were skilled mechanics. The total number of men registered during the month was 1508, most of whom were new shovellers.

In reply to a letter from Mayor Church, congratulating him on the victory of the radical party, Sir Adam Beck writes: "I thank you sincerely for your kind congratulations. We would never have had a vote submitted in the City of Toronto, only for your splendid support, so the credit is all yours."

The grant of \$2500 that has been made to Engineer Cousins by the harbor board for his work in connection with the rapid transit report, and the \$394 spent on the exhibition dinner by Sir Sam Hughes, have created food for the gossips at the city hall to such an extent that there may be a discussion when the board of control meets next week.

There is a possibility of the chairmanship of the committee of the whole becoming a thing of the past, as many members of the new council believe that it would be better to have the chair taken by different aldermen alternately. This was the custom some few years ago, and it gave the members of the council a familiarity with themselves with the form of procedure as outlined in the manual. A chairman, who holds the office continuously, is likely to become a tyrant, and run it to suit himself, declared one member.

Wyell College have enlisted, and a group of divinity students have also come from Victoria. A committee of the Trinity College. Yesterday afternoon's camp orders were issued for the new Highland battalion, to be known as the 14th, will be recruited in Hamilton. Lieut.-Col. W. F. Bruce will be the commanding officer. The 14th Battalion depot regiment, C.M.R., and A. R. Clarke of the 127th Battalion, have been granted their release to take out commissions.

The following are the other appointments and transfers provisionally approved. Lieut. C. E. Spong, from the 75th to the 127th Battalion; Lieut. H. Thomas, from the 105th, 11st, to be major; Capt. J. H. Brownlee, to be major in the 56th; Lieut. A. R. Thompson, O. L. Meier, to be major in the 14th Battalion. The transfer of Lieut. N. Green from the 14th to the 16th Battalion as approved.

For Corps of Guides. The Corps of Guides are asking for more recruits. Thursday's camp orders contained the information that the corps will be called on for a number of officers and men to take the place of those who go overseas. Classes will be opened on Tuesday and Thursdays. Recruits will be asked to attend both classes every week for five weeks. After that they will only have to go once a week unless they care to go out. Letters will be given on signalling, musketry, map reading and drawing and other field work.

The following officers have been appointed to the staff of Lieut.-Col. J. G. Laidlaw, commander of the 19th Battalion: Senior major, Rhenhardt; major, Capt. E. A. Beck; junior major, Capt. E. A. Beck; adjutant, W. C. Cooper; assistant adjutant, Lieut. Hamole; quartermaster, Capt. E. B. Wright; signalling officer, Lieut. Gribban; machine gun officer, Lieut. Stone.

Lieut. McNeer, quartermaster of the 19th Battalion, will be front with the new Simcoe Battalion to be recruited, if he can get his release from the 19th Battalion. Major W. Sharpe, quartermaster of the depot at Hamilton, will command the depot at Lincoln and the 12th Battalion, Welland. One hundred and twenty recruits who have been attested and passed by the doctors at the depot yesterday. Of this number 78 will be transferred to the 12th Battalion. The strength of the 12th now is 963. Four hundred and fifty members of the 18th Highlanders left last night, weekly drill in the armory last night. Major W. Darling was in command. One hundred and seventy-five men were on guard duty.

SCORE'S BIG SALE FOR JANUARY. At a meeting of our company we decided to have a great clearance sale during January of Winter Overcoats, the very best qualities that are being made, and we have decided to take \$10 off all Winter overcoats during this month. This will give you a splendid opportunity of purchasing an overcoat at a tremendous reduction. See our ad on page 5.

RUSSIANS TAKE TOWN AND CAPTURE HEIGHTS

Czartorysk Falls Into Hands of Czar After Sharp Encounter.

FIGHT FOR CZERNOWITZ Bitter Struggle Fought for Strategic Railway in Bukovina and Volhynia. (Continued From Page 1).

railway lines, which simplify the problems of the winter supply of food, ammunition, etc.

The situation along the other fronts is comparatively quiet. The Russian capture of Czartorysk was a Russian detachment, and the survivors of the enemy forces, including a number of German scouts and 76 men, were captured. The Russian war office announced today. The Russians pushed on and seized the heights in the west of the town. An attempt of the enemy to retake the lost positions was defeated.

The Austrians used poisonous gas before making an attack on the positions of the Russians northeast of Czernowitz, but the advancing force of the enemy was repulsed by the Russian fire.

Poisonous gas was also emitted by the Germans in the Riga sector. A Russian party encountered a body of German scouts and captured one officer and 35 men. The rest of the enemy were killed.

Artillery Heard Afar. A deepening on the Russian front near the Rumanian frontier is fast growing in intensity and assuming great ferocity, says the Petrograd correspondent of the Havas Agency in a despatch filed Wednesday.

Despatches from Kiev declare that the noise of cannon can be heard along a distance of 36 miles, and that windows in all the villages in this region have been broken by the concussion. The battle is raging with particular fury on the Tarnopol-Trenbowia front, where more than 500,000 men, with 3500 cannon, are incessantly engaged. Long Austrian Clerman Red Cross are having this front daily for more remote and thinly-populated towns, where hospitals have been organized.

Wounded Russian officers report that consequences of this battle already are being shown in certain sectors by the German forces. The German trenches and the slow but irresistible progress of the Russian forces. The same officers tell of the enormous difficulties the Russians have had to surmount on this front, where entanglements of barbed wire are often laid twenty-four deep and charged with powerful electric currents supplied from stations especially erected.

An immediate approach to these entanglements is impossible. The Russian soldiers have invented the following method of surmounting the difficulty. Good marksmen fire ropes with hooks at the ends over the barbed wire, then pull until they have broken one of the lines of wire, and continue the march until the whole entanglement is removed.

CANDLE CAUSED BURNS.

While sitting at her supper last night, the clothing of Mrs. Mary Noble, aged 55, 26 Phoebe street, caught fire from a lighted candle, which caused a number of burns to her arms and face. She was removed to the Western Hospital, where her condition is not considered serious.

FIRE IN DWELLING.

Fire broke out at 8 o'clock last night in the one-storey frame cottage at 516 Rhodes avenue, owned and occupied by Fred Rose, and caused a damage of \$300 to the building and \$100 to the contents. The house of James McKee, 1847 Dundas street, was also damaged to the extent of \$10. The cause of the outbreak is unknown.

bill will be passed thru the house of commons in order that it may reach the house of lords in ample time for passage before the end of the month.

In some quarters talk of a general election still persists, but it is certain that a considerable part of even the opponents of conscription do not want a resort to the ballot.

One of the most interesting suggestions heard in London today was the proposal to introduce the referendum as the alternative for a general election if dangerous hostility in the country during the last stages of the conscription bill before parliament. The referendum frequently has been suggested in England during the past few years as a desirable addition to the legislative machinery of the kingdom. It was adopted as a part of the Unionist program of constitutional reform five or six years ago.

The advocates of the referendum now plead that the question of conscription, being isolated from all other questions of domestic politics, is particularly suitable for the test of a popular vote. Moreover, they say that the vote even of the men in the trenches on a simple "yes" and "no" question could be taken without inconvenience, whereas the ordinary parliamentary ballot would be impossible.

MAY CLOSE UP JAIL.

Closing of the Toronto jail may be one of the first questions that the new board of control will have to deal with as the provincial secretary has asked the board and Jail and Prison Inspector Dunlop to confer with him in regard to the matter. The city is objecting to supporting the jail and directing to women prisoners being sent to the jail dungeon or dark cell, which he characterizes as a German method, threatening to open the pay sheets if something is not done.

AMERICAN WOMAN TOLD HER AUDIENCE, "THE SHELLS WERE FLYING AROUND ALL THE TIME, AND IT WAS EASIER TO GO TO SLEEP THAN IF IT WERE QUIET."

One Serbian woman who had given 11 sons to the service of her country regretted she had not 11 more. Both speakers told of children, boys of 9, 11 and 12 years, who were wounded, and some had actually served in the trenches.

Food and clothing for these destitute people was the plea made in their behalf by both speakers, who also thanked the people of Canada in the war-time terms for what they had already done in this regard.

Many interesting views, some particularly attractive, showing the Serbians in native dress, were then thrown on the screen.

A vote of thanks to the speakers was moved by Mrs. Willoughby Cummings and seconded by Mrs. A. M. Huestis. Mrs. Campbell Meyers, president of the Women's Canadian Club, reported on the generous response the funds are still wanting, to the request for assistance towards furnishing the cantonment room for the artillery at Exhibition camp.

GREENWOOD AND SEELY RECEIVING EXTRA PAY

Sir Max Aitken is Being Paid by Canadian Government.

Canadian Associated Press Cable. LONDON, Jan. 7.—A parliamentary return with regard to army allowances drawn by members shows that Col. Sir Max Aitken, now a member of the war office recruiting staff, received £260 (\$3,250) and that Brig. Gen. Seely received £1,000 (\$12,500).

These payments, it is reported, were in addition to their parliamentary salaries of 400 pounds.

Sir Max Aitken, the return said, was paid by the Canadian Government.

OUTBREAK OF TYPHUS.

Typus was brought into the country by the Austrian army; 250,000 died of the disease and thousands of houses were closed by the police. The epidemic was at length overcome by the American commission, but not until 20,000 little ones had been orphaned thru its fatal effects.

The mountains of Serbia, barren and rocky, were described as gradually cold, covered with snow and infested with wolves, foxes and sometimes bears. The Serbians are subjected to in their attempts to get away, because "they would not stay where the enemy is."

Tragic in Extreme. The leaving of the last train from Nish to Saloniki was tragic in the extreme. This party dying of exposure and starvation and being thrown out of the train by the roadside, as there was no time for burial.

Supplementing the address of Miss Losanitch was that of Miss Everard, an American nurse who was nursing in Serbia and is now traveling with the zealous Serbian advocate. Miss Everard told of the beautiful hospitality of the Serbian women and the almost indescribable patience and gratitude of the wounded men. Illustrating their unselfishness, she related that on one occasion a soldier with both arms wounded and being assisted to eat by another seemed to need her immediate assistance, but he told her to go to others whose necessities were much greater than his.

MAGGIE TEYTE GOING TO WAR

Two stars of the Boston Grand Opera Company and Pavlova Ballet are going to the front at the end of the company's engagement in Clichy next month.

Maggie Teyte is to return to England, and to enter the ranks of Red Cross nurses. She has applied for admission to a hospital, and has just received an answer that she will be sent to a French hospital.

Victor Borge now that I am in a country where no one seems to notice that there is a dreadful slaughter going on all the time in Europe," she said in Boston last week. "I feel as if I have deserted my people. There is work for every man and woman in England at present, and I am going to do my share. When my engagement with the Boston Opera Company comes to an end, I shall go immediately to Europe, and shall not appear again on a stage until the war is over, unless I have deserted my people."

Another Boston star, Giovanni Zenatello, has been drafted into the Italian army. In opera he has been hailed as a conquering hero; has gone forth to conflict and come home to glory. Recently, thru personal appeal to King Victor Emmanuel, his release came, partly, to fill his contract, was secured, but Zenatello is no "shackler," and has given final notice to his employer. He will shortly leave the organization to do his share in bringing about the final victory.

The Empire's Call to Ontario: "ECONOMIZE"

The existence of the British Empire depends upon the outcome of the War. All our resources must be thrown into the scale. The Empire's call is for men, munitions, food, clothing, and, above all things, MONEY.

Something to Think About

Did you ever seriously think about the millions of dollars expended annually for alcoholic beverages in the Province of Ontario? As nearly as can be estimated from figures, based on Dominion Government returns, the consumption of alcoholic beverages in the Dominion in 1914 was \$103,049,129.

- 1st. Rifles, Machine Guns and Field Guns for an army of 690,523 men on active service for a period of 12 months.
2nd. Or Accoutrements, Camp Equipment, Harness and Saddlery, Transport Vehicles, Signalling and Telephone Equipment, Tools and Miscellaneous Requirements for 1,269,231 men at the front.
3rd. Or one year's Clothing and Necessaries for 330,000 men.
4th. Or Rations, Subsistence or Money Allowances for 226,027 "boys" on active service for one year.
5th. Or the Canadian Government's Separation Allowance for 117,773 dependents for the entire year 1916.

Eliminate This Expenditure

The Citizens' Committee of One Hundred believes that as a war-time measure, if for no other reason, this colossal expenditure for alcoholic beverages in Ontario should be eliminated. The Committee also has every confidence that the Provincial Government will move in this important matter as rapidly as public opinion will support them.

Signs of the Times

England: The sale of liquor has been curtailed to five and one-half hours per day. France: The French Government has prohibited the manufacture of sale of alcoholic beverages and provided heavy penalties for any person supplying any such liquors to soldiers. Russia: The most outstanding example in the world of the prohibition of the liquor traffic is Russia. Our country has enacted absolute prohibition with in-calculable results.

Germany: On February 17th, 1915, the General Command issued a proclamation that any saloonkeeper serving alcoholic drinks to any soldier would be sentenced to one year's imprisonment and his business closed up. United States: Seven more States voted "yes" on December 30th for State-wide prohibition of the manufacture and sale of liquor.

Canada: Prince Edward Island is dry. Nova Scotia is all over prohibition except the city of Halifax. New Brunswick has prohibition in ten out of fifteen counties and in two of its three cities. Quebec has 906 dry municipalities and a dry city of 257,000.

Ontario: 578 municipalities are now dry and there are 11,000 in only 274. This counts as dry the municipalities voted dry on January 2nd. During the past five years only a single municipality in Ontario has gone back from prohibition to license.

SENIOR O. H. A. FIXTURE AT THE ARENA TONIGHT

Argonauts and Riversides Meet in Important Game — News of Players.

The Argonaut-Riverside Senior O.H.A. game at the Arena tonight promises to be interesting. Riversides have won both their former fixtures and Argonauts showed a barrel of class in their last game. Jack McManus and Jerry Laflamme will again be on the defence. It will be a heavy hitting affair, with Riversides favorites. The teams: Argonauts—Position: Riversides (Gilbert) Defence: Besor (Noble) Laflamme Rover: Merritt (Noble) Parkin Centre: Crane (Noble) McManus Left: Applugh (Noble) Stewart Right: Applugh (Noble)

Tonight's games in the N.H.A. are as follows as not to produce a three-cornered tie. Wanderers meet Canadians in Montreal in a battle which ought to be interesting, considering that to Canadians a win means that they go up even with the first flight contenders, while to Wanderers a loss means that they slide back from the leadership to the ordinary rank of other fixtures, and will be generally picked to beat the champions. A triple tie is by no means an outside possibility. Wanderers, after their grueling at Quebec, will have to uncover everything they have in stock to beat the last-standing champions, whose chances will be strengthened by many. Ottawa have a good chance to beat Quebec, as they will hardly be ready after his recent severe illness. If Quebec beat the champions and Wanderers lose, Quebec will lead the race. Wanderers can do best the Senators can do, win or lose, is still in fourth position.

Waderton, Midway and Chesley asked to be allowed to form a group in the Intermediate O.H.A. series, but this request has been refused because these clubs did not make their applications in time. Paisley and Southampton were also willing to play with the clubs named if the O.H.A. granted the request.

Thursday night's scheduled Junior O. H. A. games, Simcoe at Welland, and Grifflin at Midland, were postponed because of lack of ice.

Satisfactory progress has been made in the different series in the O.H.A., although ten or twelve games have been postponed. The present cold snap will do the clubs to make up the lost ground, and the first round of the intermediate and junior series will be finished on Jan. 31. There is ample time for the senior series, which does not have to be completed until Feb. 17.

Referees for tonight's N.H.A. hockey matches: Ottawa, Cooper Smeaton and Harvey Purford, at Montreal, Johnny Brennan and Reg. Percival.

A Montreal despatch says: President Quinn of the N.H.A. was today in receipt of a letter from Harry Cameron, the Toronto defence player, protesting against a fine of \$200 imposed upon him by the Toronto as a result of his alleged indifferent play in the Canadian-Toronto match here. It is claimed that Cameron had violated training rules and was not in condition. Cameron declares he has been suffering from a severe attack of grippe, and was not in shape to do himself justice. He threatens to quit the team. President Quinn will try to bring the factions together.

At the Aura Lee Country Club last night the game between the ladies and gentlemen resulted in a tie, 2 all.

Hockey Games Scheduled Today

The hockey games scheduled today are: N.H.A. Wanderers at Canadiens, Quebec at Ottawa, O.H.A. Senior, Riversides at Argonauts.

MILTON SWAMPED BY AURA LEE JUNIORS

Visitors Unable to Score in Junior Fixture—Seventeen Goals for Winners.

All that was needed at the Arena last night was a band. Aura Lee did a lot of skating against Milton in a Junior O. H. A. fixture, and scored 17 goals. Poor Milton never found the net once. It was a grand little practice for Aura Lee, and might have been a really jolly night with a band to skate, too. Mark Sheldon has a grand little team. The Aura Lee captain was a bright, shining light, and went right to the goal every time he tried. Wright did some great stick-handling, and the whole Aura Lee team practised their combination.

Milton played a small rink game. They roamed all over the ice, and the defence goal was never given any protection. Green shaped up nicely beside Sheldon, and was the most unselfish man on the ice when carrying the puck. Aura Lee have a lot of class and should capture their group. It was 0 to 0 at the end of the first period, 14 to 0 at the second rest, and the final 17 to 0. The teams: Aura Lee (17)—Goal, Williams; defence, Sheldon, Green; rover, Wright; centre, Humphrey; right, Webb; left, Little. Milton (6)—Goal, Lewis; defence, Maude and Kentner; rover, Metcalfe; centre, Farlow; right, Peacock; left, Brush. Referee—Dr. Jerry Laflamme.

The 40th Battery hope to be very much in the hunt for the Senior O.H.A. honors. The soldiers trotted out two new men for practice last night in Butterfield and Harvie. Butterfield is the ex-Orillia and Preston star centre man, and Harvie was on the champion Orillia intermediate outfit.

F. C. Waghorne made an efficient referee for the Weston and Bolton intermediates, Weston winning by 11 to 5.

COLLINGWOOD BEAT MEAFORD.

MEAFORD, Ont., Jan. 7.—The hockey season was opened here when the locals were beaten 3 to 3 by Collingwood in one of the fastest and cleanest games ever played here. Harry Riddell made a very satisfactory referee. The final score was 3 to 2 in Collingwood's favor. The line-up was as follows: Collingwood (6)—Goal, Burnister; defence, Foulis and McNab; rover, Brown; left wing, Cook. Meaford (3)—Goal, Spurling; defence, Oliver and Gillis; rover, Esce; centre, Wilton; right wing, McInnis; left wing, Long. Referee—Harry Riddell.

SARNIA OUTCLASSED WOODSTOCK.

WOODSTOCK, Jan. 7.—Completely outclassing the locals in every department, the O.H.A. intermediate team of Sarnia defeated Woodstock in the first league game played here by the score of 9 to 2, before a fairly large crowd. With Farlow and Sandbrook Woodstock presented a very weak line-up. Line-up: Sarnia (9)—Goal, W. Dwyer; left defence, Gramary; right defence, McCart; centre, Hillman; rover, Halpin; right wing, Finch; left wing, Dore. Woodstock (2)—Goal, Hastings; left defence, Hall; right defence, Hayes; right wing, Sandbrook; rover, Farlow; left wing, Gill; left wing, McMillan. Referee—McCart, Toronto.

Baseball Schedule Meetings This Month

CHICAGO, Jan. 7.—Charles Weegman, president of the Chicago National League Baseball Club, returned home from Cincinnati yesterday and immediately went into a conference with Joseph Tinker, who is to manage his team.

"Until we can acquire in exchange we will have no list of names to give out," Mr. Tinker said. "We will have a lot of players to dispose of before long. The minor leagues are eager for men, desiring to revive interest in the hold of stars."

The first player to be formally released because of the purchase of the Chicago Nationals by Mr. Weegman was Joseph Wells, who played first base several times last season for the Chicago Federals. Wells was today transferred to the Minneapolis American Association Club.

It was announced that the final meeting of the Federal League would be held Jan. 12 at New York and that the schedule meeting of the National League would be held in the same city Jan. 14.

One of the most important matters to be taken up at the meeting of the Federal League is the decision to withdraw the suit against organized baseball which has been pending for a year before Judge Landis in the United States District Court here.

According to Mr. Weegman, every owner who was connected with the Federal League last season for players to attach his name to a letter of consent giving counsel the legal to withdraw the case before the court proceedings can be dismissed.

WANT SOCCERITES TO JOIN PALS BATTALION

Many soccer men who have felt that they have not been able before this time to join the overseas forces are now in a position to do so and are answering the call of duty. A considerable number have joined the Pals Battalion, known as the "Pals" Battalion, under Colonel Chadwick, and arrangements have been made that any players who join from now on till the regiment is up to full strength will be placed together in one company. The regiment rapidly nearing its full complement, so that those wishing to be included in this company should respond at once. It is planned for the regimental and company teams, who will play under the auspices of the T. & D. A., and players who wish to join at once to be with their own comrades in the regiment and on the playing field.

A special meeting in connection with the above will be held in Occident Hall on Monday, Jan. 10, at 8 p.m., under the jurisdiction of the Toronto and District Association, and all T. & D. players and members are urged to be present to attend. Captain Moleworth, in whose company the soccer platoon is being formed, will be present to explain the advantages to be obtained by any soccer player intending to go overseas in joining the 12th Battalion. The nearest the neighborhood of 1200 soccer players are enlisted and quite a large number are still desirous of joining. The meeting will be held at 8 p.m. at the place mentioned above. Don't forget the date, Monday, the 10th.

Clarence Rowland, manager of the Chicago American League Club, discussing the needs of the team with Charles Conesky, said that he would make no bids for any Federal League players.

CORNWALL BEAT BROCKVILLE.

BROCKVILLE, Jan. 7.—Brockville's Senior O.H.A. team struck a snag tonight when they met the Cornwall bunch, but it was one that will not be a factor in the counting room at Toronto headquarters. The Cornwall Club had resigned for this year on account of lack of material, and sent along a substitute septet to fulfil the engagements. The result was a victory by a double margin for the Factory Town players, who showed remarkable speed and considerable practice. The score at the finish stood 4 to 4 in the visitors' favor. In the first period Brockville held them down to an even break—one all. In the second Cornwall had five to Brockville's two. The teams:
Cornwall (5)—Goal, J. Penny; point, DeGray; cover, Wallace; rover, Cooper; centre, Anderson; right, G. Penny; left, Bann.
Brockville (4)—Goal, Laing; point, Biebell; cover, A. Birks; rover, Park; centre, H. Birks; right, Frey; left, George.
