CANADA PERMANENT
Building and Savings Society.
OFFICE--MASONIC HALL, TORONTO.

CAPITAL, - - - - - \$1,500,000.
INVESTMENTS, - - - \$2,800,000.

THIS INSTITUTION advances money on the security of Real Property, to be repaid by half-yearly or yearly instalments, spread over from two to twenty years at the choice of the borrower.

Attention is called to the recent reduction in rates, and to the favorable terms upon which loans on first-class Real Estate may now be obtained. The annual instalment required to pay both interest and sinking fund is little more than the average rate paid for interest alone.

Applications for loans will be received by the Society's local Appraisers, or by the Secretary, from whom full particulars may be obtained. *Money received on Deposit, and Interest allowed as usual.*

REF.

PREFACE.

IN presenting this work to the public, the compiler wishes to state that the object, which he trusts he has attained, is to provide a work which will prove not only useful but interesting, and that every exertion in his power has been made to render it full, complete, and reliable; and though, from the variety of sources from which it was necessary to obtain the required information, and the impossibility of avoiding *all* errors in a work of this description, inaccuracies may be found, especially in the orthography of surnames, the Publisher trusts that as few mistakes will be discovered in this work as in any other of the same character, and that it will deserve the approbation of its patrons.

We deem it our duty to return our sincere thanks to those who have so liberally patronized the undertaking, not only in a pecuniary sense, but also by providing information of the greatest value, and for the universal courtesy and kindness we experienced during the canvass of the county. A deep sense of gratitude prompts us to particularize Colonel Banting, of Cookstown. The editors of the county papers, P. D. Kelly, Esq., of Alliston, and J. C. McMullen, Esq., of Orillia:

W. H. IRWIN.

COUNTY OF SIMCOE.

Few counties in Ontario possess greater natural advantages with respect to geographical position, means of internal communication, general fertility of soil, and value of productions, salubrity of climate, and beauty of scenery, than that of Simcoe; and, it may be added without presumption, that in industry and enterprise its inhabitants, almost entirely emigrants from various parts of the three kingdoms, will vie with those of any other county in the province. The statistics of crime speak very favourably for the morals of the population, and schools are flourishing and numerous. This county has the honour of being the first to grant money for railroad purposes, and was the first to reap the advantages to be derived from the construction of these most useful works. The establishment of the Northern Railroad, running from Toronto to Collingwood, gave a rise to landed property almost beyond conception, and the stimulus to business generally was very great. The effect of this influx of prosperity upon the agriculture of the county was very striking. Freed from the pressure of contracted means the farmer has had more spirit, as well as more leisure, to turn his attention to the science of agriculture.

In fine, throughout every branch of trade and agriculture, industry, intelligence, and enterprise are the characteristic features, and a pleasing tone of hearty British feeling, with a sturdy independence of thought and action, pervades all classes within its boundaries.

GEOGRAPHICAL POSITION.

The County of Simcoe commences about 30 miles directly north of Toronto, and extends from thence in a northerly direction to the Georgian Bay, its extreme length being about 60 miles. The Georgian Bay bounds it upon the north; the Muskoka Lake, Lake Couchiching, Lake Simcoe, and the Holland River, on the east; the Counties of York and Peel on the south; and the County of Grey on the west.

Lake Simcoe, which, for its extent, may in some respects be, without partiality, considered the finest sheet of water in Canada, forms, with its beautiful little outlet, Lake Couchiching and the river Severn, a source of attraction of great benefit to the county. The shores in many places rise to a considerable height, and are entirely free from swamp and beautifully wooded with birch, poplar, and evergreens of various kinds; the silvery bark of the former forming at all seasons a matchless contrast with the deep coloring of the latter. The water is very deep, clear, and transparent, and, flowing over a hard bottom of sand and stones, never loses its sparkling brilliancy.

Several islands of various extent render the scenery of the eastern shore extremely picturesque, especially about the Narrows, by which the waters of Lake Simcoe empty into Lake Couchiching, and from thence by the Severn into Lake Huron. Lake Couchiching extends due north from the Narrows for about ten miles. It varies in width from one to four miles, and is studded with numerous well wooded islands of all shapes and sizes, which, with its high sloping shores, render it extremely rich in that quiet though picturesque beauty so peculiar to Canadian waters.

The principal rivers in this county are the Nottawasaga and the Severn: the former rising to the south of the county, and flowing through the townships of Tecumseth, Essa, Vespra, Flos, and Sunnisdale into Nottawasaga Bay. The Severn connects Lake Simcoe with Lake Huron, emptying into the eastern extremity of the great Georgian Bay. It is interrupted by several falls and rapids, all exceedingly beautiful, as well as capable of being easily turned to account for manufacturing purposes. The land through which it passes is very rugged and broken, composed principally of ridges of granite, and is almost entirely uninhabited, being on the eastern shore only partially surveyed. The Nottawasaga, with the exception of two or three rapids, is navigable for a long distance. It has considerable water power, and has abundance of valuable timber on its banks. The Holland River, emptying into Cook's Bay, at the southern extremity of Lake Simcoe, is one of its principal feeders. It is a sluggish stream flowing through an immense tamarack swamp for many miles, and is navigable for large vessels for a considerable distance. There are several other streams of considerable size, all affording more or less water power, but of no importance in other respects.

HISTORY.

To a County so recently settled as this, none of those shining recollections belong which give an undying interest to some few spots in the Province, and there is but little to mention beyond such facts as for statistical purposes may be worth recording. During the war a military communication was obtained with the Upper Lakes by a route leading from Toronto (then York), by Yonge Street, to Lake Simcoe, and across the water to where Barrie now stands. From there a short portage led to the Nottawasaga River, at the mouth of which a small fort was built, the remains of which may be still seen. From this spot a small coasting voyage led to Penetanguishene, a beautiful harbor on the Georgian Bay, where a naval and military station was established. Soon afterwards, to facilitate communication, a road was opened leading directly from the landing on the north shore of Lake Simcoe to Penetanguishene, and subsequently this road was met by one leading round the west side of the Lake from Holland Landing.

The discovery and exploration of this part of Canada took place in the year 1615. Samuel de Champlain, Governor of Canada, was probably the first white man who ever sailed over the deep waters of the Georgian Bay. Having, between 1603 and 1607, explored the St. Lawrence as far as Three Rivers, and discovered and explored Lake Champlain in 1609, and having already founded Quebec (3rd July, 1608,) he bethought him of a great western exploring tour in the above mentioned year, 1615. He ascended the Ottawa, and reached Lake Nipissing by the portage, and descended the French River to its mouth. His expedition was not altogether a peaceful one. He was in league with the Algonquins, Hurons, Ojibways and Eries, and virtually at war with the Iroquois, and all their English and Indian allies. He had several encounters with the Iroquois. He found the Hurons in possession of the northern and eastern coasts and the Islands of the Lake, having been driven thither with great slaughter by the victorious Iroquois half a century before. We have no trace of the inhabitants on the shores of the Georgian Bay anterior to the Hurons and the Petuns. The latter occupied the Saugeen Peninsula, but were driven out by the "Six Nations" in 1650, and fled to Missouri. The Huron tradition is that they came down from

the North, and spread themselves on the shores of the Upper Lakes before the discovery of America, about 1450.

From the time of Champlain, Georgian Bay was little visited except by traders and Indians. Jesuit missionaries early established themselves on its shores. As early as the year of Champlain's first visit, a Recollet Father preached to the Indians at Matchedash Bay. In fact, Champlain brought Jesuit missionaries with him, who could either preach or fight, as occasion seemed to require. More than a century ago, a flourishing mission existed on the largest of the group now known as the Christian Islands. Some small stone ruins of their buildings are still visible. The mission was ruined by the victorious and implacable Iroquois, then in the height of their power, and it is said some of the converts were tortured to death; whence the Hurons, and their friends the Ojibways, have ever since called the group "THE CHRISTIANS' ISLANDS." Shortly before the breaking out of the American Revolution, when Sir William Johnston was virtual Dictator among the Indians of North America, a Grand Council was called; and as all the tribes were then at peace, delegates came from all quarters. Among others, a deputation came down Georgian Bay from the North Shores, landed at Cape Rich, struck across to Christian Islands, ascended the Severn River, crossed Lake Simcoe, descended probably the Trent, crossed the foot of Lake Ontario, and ascended the Oswego River to the place of meeting, among the lakes of New York. During the war of 1812, a small naval depot was established at Penetanguishene, on the eastern shore of Georgian Bay. In 1817, Lieut. (afterwards Admiral) Bayfield, having already assisted Captain Owen for two years in the exploration of the lakes, became an Admiralty Surveyor, and was appointed to the survey of Erie and Huron, including Georgian Bay. He spent six years in this work, and the accuracy of his charts is a theme of wonder and congratulation to the present day to all navigators.

As is generally the case, emigrants from the different parts of the three kingdoms settled together in bodies on their first arrival, according to their several nationalities; and as, on their friends and acquaintances coming out, they naturally joined those who had formerly been their neighbours, the various country people are still found living together as they had done in their native land. Thus, in the Townships of West Gwillimbury, Tecumseth, Mono, Essa, and In-

nisfil, the population is principally composed of Protestants from the North of Ireland. The Township of Adjala was originally inhabited by Roman Catholic Irish, large settlements of whom are also to be found in the Townships of Vespra, Flos and Medonte. Natives of the island of Islay form a majority in a large portion of the Township of Oro, in which there is also a large settlement of English. The Township of Nottawasaga is almost entirely settled by Highlanders. The Irish form the largest portion of the population; the Scotch rank next in number, and English last.

In the year 1843 the County of Simcoe was set apart for judicial and municipal purposes, being then styled the District of Simcoe. The usual officers were appointed, and a Gaol and Court-house erected. By the Representation Act of 1853, the County was divided into Ridings, as already described. Each Riding returns one member to Parliament. The present representatives are: for the North, H. H. Cook; for the South, W. C. Little.

In 1850, Mr. Capreol set a scheme on foot for the construction of a railroad from Toronto to Lake Huron, *via* Lake Simcoe, which, after much opposition and considerable modification, was successfully carried into effect, and work finally completed in the year 1854. To forward the undertaking, the County of Simcoe took stock to the amount of £50,000.

The Northern is the shortest line of railway connecting Lakes Huron and Ontario. It is the cheapest and most direct summer route to Bruce Mines, Sault Ste. Marie, Lake Superior, Thunder Bay and Fort Garry. A regular line of first-class steamers connects with the railway at Collingwood, carrying passengers to all points on the Georgian Bay and upper lakes. At Barrie it connects with the Muskoka Junction for Orillia and the Free Grant Districts. At Collingwood it connects with the North Grey for Meaford—Fred. W. Cumberland, Managing-Director.

At Toronto, with Grand Trunk Railway, east and west; with Great Western Railway, for Hamilton, Suspension Bridge and the West wish Royal Mail Line of Steamers, for Montreal and Quebec; with steamers "Toronto" for Niagara and Lewiston.

At King, daily line of stages to Bond's Lake.

At Aurora, do do Lloydtown.

At Bradford, do do Bond Head and Cookstown.

At Gilford, do do Cookstown, Alliston and Rosemont.

At Bell Ewart, with steamer "Emily May," to Beaverton, Orillia and Lake Simcoe ports, connecting with steamers for Washago and River Severn, and Lake Muskoka.

At Barrie, daily line of Stages to Penetanguishene.

At Collingwood, daily line of stages to Durham; by Steamer "Silver Spray," to Meaford, Cape Rich and Owen Sound; also, by Steamer "Algoma," to Sault Ste. Marie and intermediate ports, every Monday; and by Steamer "Wabuno," for Sault Ste. Marie, and intermediate ports, every Monday morning.

☞ The "Algoma" will connect at Sault Ste. Marie every week with the American line of Steamers, for all ports on South Shore of Lake Superior.

At Orillia, by Harvie and Millard's line of Stages to Bracebridge, and in winter through to Parry Sound.

☞ All Through Passengers can stop at Allandale fifteen minutes for refreshments.

Passengers by the Northern Railway, at Collingwood, connect with Stages to Durham, County of Grey. Chas. Cameron, stage proprietor.

Stage Distances from Collingwood.—Nottawa, 3 miles; Duntroon, 7 miles; Southampton, 14 miles; Maxwell, 22 miles; Flesherton, 32 miles; Priceville, 37 miles; Durham, 45 miles. Total distance from Toronto to Durham, 140 miles. Through tickets, \$4.

ALLISTON—An important and thriving Village situate on the corners
 of the townships of Tecumseth, Essa, Tossorontio and Adjala, and in
 one of the most fertile sections of the county. The Hamilton and

North Western, and the South Simcoe Junction Railway will, in all probability, pass through the village. The Nottawasaga river affords excellent water power, and there are several large saw mills in the immediate vicinity. Alliston was first settled by the Fletcher family, about the year 1849. Distance from Angus station, 11 miles; from Gilford, by stage, 18; and from Toronto, 59. Population, about 600. Ferguson's sash factory employs an engine of ten horse power, and averages five hands. Aitken and Knight's foundry employs ten hands, and has an engine of ten horse power.

IVORY AND LIGUMVITEE EYE CUPS FOR THE COUNTY OF SIMCOE.

BARRIE—The County Town of Simcoe is beautifully situated near the south-east corner of the Township of Vespra, at the head of Kempenfeldt Bay, with a southern front facing the water, the ground gradually

rising to the north part of the town, where it attains a considerable elevation above the level of the lake. It has a fine appearance from the opposite side of the bay, the rising ground bringing every part of the town distinctly into view.

There are several beautiful locations in Barrie suitable for private residences. The bay is about ten miles long, and from one to two miles wide, thickly wooded on the opposite shore, and affording a most picturesque view.

In the year 1854, the Northern Railway was completed from Toronto to Collingwood—the nearest station to Barrie being Allendale, one mile distant. In 1865 a branch track was laid to Barrie, and, in 1871, a further extension was completed to Orillia, and thence to the Muskoka territory.

The town has, within the last few years, made unusual progress; the surrounding country is of an excellent quality, and the mercantile, mechanical, agricultural and general prosperity of Barrie will compare favourably with that of any other town in the Province.

Barrie is comparatively a new town. In the year 1831 a squatter named David Edgar took up his quarters in an old Government store-house situated near the present location of Edwards' book store. In the following year John Bingham built the first log-house, having been induced to settle here by William Mann, then living in a log-house at Kempenfeldt. Among the early settlers were Capt. A. E. Walker, John McWatt, Andrew and Alexander Graham, James Palmer, J. Sanford, Thrift Meldrum, W. B. McVittie, Edmund Lally, W. Boys, Solomon Baillie, Thomas Smith, Richard Carney and T. D. McConkey. Robert Ross laid out the village, which was named in honour of Commodore Barrie. In 1837 the town comprised twenty-eight families. In 1843 the County of Simcoe, until then part of the Home District, was formed, with Barrie as its county town.

It was the original intention of Governor Simcoe to fix upon a point two miles east of the present town as a site for settlement, and the village of Kempenfeldt was surveyed, but the superior advantages of the present location changed the intention. Distant from Toronto 64 miles; Collingwood 31; Orillia 27; Penetanguishene 32 miles. Population 4,000.

MUNICIPALITY, 1872—Robert Simpson, *Mayor*; M. H. Spencer, *Reeve*; Henry Sewrey, *Deputy Reeve*; Henry Bird, George Maundrell,

Wm. Hunter, Martin Johnson, John Seels, George Ball, Joseph Anderton, Andrew Miscampbell, N. Dymont, *Councilmen*; A. B. McPhee, *Clerk*; Joseph Rogers, *Chief Constable and License Inspector*; Charles Morris, *Town Inspector*; D. Bowne, *Chief Engineer Fire Brigade*.

The following are the chief manufacturing establishments:—

BARRIE FOUNDRY—Henry Sewrey, proprietor: established 1867. Steam, 25-horse power; employs 30 hands; machinery, mill work, agricultural implements, etc.

BARRIE TANNERY—Andrew Graham, proprietor: established 1850. Steam, 10-horse power; 6 hands; capacity, 4,000 hides and 1,000 skins annually. Mr. Graham also employs about 20 hands in the manufacture of boots and shoes.

GRAHAM & LOUNT—Woollen, Carding and Fulling Mills. Steam, 15-horse power; 15 hands.

DOUGAL'S FURNITURE FACTORY AND PLANING MILL—David Dougal, proprietor. Steam, 15-horse power; 6 hands.

DURHAM'S SAW, PLANING AND LATHE MILLS. Steam, 16-horse power; average, 20 hands; capacity about 16,000 feet lumber every twenty-four hours.

BARRIE STEAM FLOURING MILLS—James Wilkinson, proprietor: established 1867. 80-horse power; 5 run; capacity 4,000 barrels per month.

SIMPSON'S BREWERY. Steam, 18-horse power; 10 hands. This old establishment has been greatly increased within a year. Its reputation is first-class.

FAIRVIEW BREWERY—Anderton Bros., proprietors: established 1861. Steam, 16-horse power; 10 hands. The large patronage of this firm is the best guarantee of the quality of their manufacture.

J. PULLEN, Gunsmith, Steam Fitter, etc., uses steam power in his business, and several others in a minor extent.

BELL EWART—A village in the Township of Innisfil, situated on Lake Simcoe, and a station of the Northern Railway, 12 miles from Barrie and 54 from Toronto. The village was laid out in 1855. The steamer "Emily May" connects here with the Northern Railway, running to Orillia and meeting with steamers for the Muskoka territory daily. Ferry to Roach's Point several times daily. Beecher & Silliman's saw-mill, located here, is one of the most extensive in the Province, having a manufacturing capacity of about fifteen millions feet per annum, and employing ninety men, besides about five hundred lumberers in the woodlands. The village contains Roman Catholic, Baptist and Methodist churches. Population about 600.

BLACK BANK—A Post Office in the township of Mulmur, 30 miles from Barrie.

NEWELL, JOHN, P.M.

BRACEBRIDGE—A thriving village on the Muskoka River, in the township of Macaulay, Muskoka District, county of Victoria, in the immediate vicinity of the Free Grant Territory. The first settlement of the village dates only a few years ago, but the evidence of its prosperity and rapid growth are every where conspicuous. The water-power is first-class, and is utilized by grist, saw, planing, and woollen and carding mills. Other manufacturing establishments are also contemplated. The *Northern Advocate* and *Free Grant Gazette*, ably conducted journals, are published here. There are English, Presbyterian and Wesleyan and Primitive Methodist Churches in the village.

The scenery in the neighborhood of Bracebridge is remarkable for its romantic beauty, hill, dale, lake, river, cataract, forest and farm are blended in picturesque variety, and tourists from all parts of the continent are recognizing the claims of the Muskoka Territory as a favorite resort for its healthiness, beauty and excellent sporting facilities.

Bracebridge connects with Gravenhurst by steamers and Stagesto Washago, thence by boat to Orillia and the Northern Railway. Also with the Midland Railway at Beaverton, and with stages at Rosseau for Parry Sound and the Nipissing and Maganatawan Territories.

Distant from Gravenhurst 16 miles; Port Carling, 20; Rosseau, 33; and the head of Lake Joseph 42 miles.

BRADFORD—An incorporated village and station of the Northern Railway, in the Township of West Gwillimbury. The west branch of the Holland river runs through the village. This place was almost entirely destroyed by fire on the 23rd May, 1871—upwards of one hundred houses, including all the business part of the village, except two hotels, being consumed. The burnt district is, however, already rebuilt principally of brick.

Bradford was first settled about the year 1829. Thomas Driffill, Robert Armstrong, James Campbell, Wm. Milloy and — Sherwood were the earliest settlers. The post-office was established in 1835. J. Peacock, first postmaster. Population 2,000.

The following are the chief manufacturing establishments:

ABBOTT BROS., steam tannery: 10 horse-power; staple leather capacity fifty hides a day.

BRADFORD TANNERY—Ed. W. Bingham—capacity thirty hides a day.

T. SMITH & SON, saw-mills; 250 horse-power; 150 men; capacity 150,000 feet per day.

BRADFORD FOUNDRY—L. Butterfield, proprietor—agricultural implements and general founders' work.

TONTINE FLOUR MILLS—M. B. Cockerline, proprietor—steam, 40 horse-power; capacity 75 barrels a day.

BRADFORD MARBLE WORKS—J. & A. Borrowman.

Distant from Toronto 41 miles; Barrie 23; Bell Ewart 12; Collingwood 52 miles. Population about 2,000.

COLLINGWOOD—Situate on the Georgian Bay, is the Northern terminus of the Northern Railway. It was founded in 1853, and was incorporated as a town in 1858. The harbor is capacious, unsurpassed by any other on the lakes, and is beautifully diversified with islands. A large trade is carried on with the Western States, and immense quantities of lumber are annually transported by rail. There are several manufacturing establishments here, and the local trade is rapidly increasing.

Steamers leave here for Duluth, Fort William, Sault Ste Marie, Parry Sound, Byng Inlet, Owen Sound and other parts.

As an evidence of the prosperity of Collingwood may be noted the increase of its population from 1,500 in 1866, to 3,500 in 1872.

Distant from Toronto 95 miles ; from Barrie, 33 miles.

ORILLIA.—A large and important village situate on Lake Couchiching, in the township of Orillia, in a section of country celebrated for its varied and lovely scenery, and excellent sporting and fishing grounds.

There is a fragment of early history connected with the site of Orillia which may prove interesting. In the year 1615, the celebrated Champlain, "the first pioneer," explored the Upper Ottawa passing up the Mattawan river to Lake Nipissing and thence by the French river to Lake Manitou or the Georgian Bay and Lake Huron where the exploration of the adjacent country was continued. At length he reached Cahiague, the present Orillia, one of the chief lodges of the powerful and warlike Hurons. Champlain joined this tribe in an expedition against the Iroquois in which the Hurons were signally defeated, and Champlain himself wounded. This inaugurated the dreadful war between those tribes which after several years of almost uninterrupted hostility, resulted in the annihilation of the Hurons, as a separate tribe; a few of their descendants now occupy the village of Lorette in the Province of Quebec.

In the year 1831, the British Government made a treaty with the Ojibways for a village site and at once built a Council Room, an Episcopal church, a schoolhouse, sixteen log houses, and a much larger and more substantial one of the same material for the chief's private residence. The chief William Yellowhead died about seven years ago and is buried in the English churchyard. The old house is now, after great improvements, used as the Episcopal parsonage.

In 1838, the whites petitioned for a landing, which was granted, and the Indians were removed to Rama in Ontario county, where, a church, schoolhouse and dwellings were provided for them and the entire possession of Orillia was secured to the whites.

In 1832, the first white settlers arrived. Gerald Alley, Esq. being the first. In 1835 only six white families resided in the village, viz : Robert Bailey, Michael Bowers, Jacob Gill, Andrew Moffat, Neil Morrison and John Rowe. Robert Bailey, Andrew Moffat, Michael Bowers, John Harvie and John O'Connor are the oldest settlers living here now (1872). In the year 1835 the Post office was established, Gerald Alley, first Post master, previous to this time, Thomas McCausland carried the mails to Barrie, a distance of 28 miles. Within the past few years Orillia has rapidly increased in extent, wealth and population, and its prospects for the future are even more favorable. Manufacturing establishments are springing up and few, if any, towns in Ontario possess better facilities for this branch of industry. The Northern Muskoka Junction and Midland railways centre here. Steamers ply to all ports on Lake Simcoe, the extensive Muskoka Free Grant territory is in the neighborhood, the local trade extensive, the population enterprising, and the country fertile. Possessing these and other advantages the future prosperity of Orillia is a certainty, and, that its advent as a TOWN, perhaps, a COUNTY TOWN is not very remote, is equally sure.

Stage communication by Harvie & Millard's line to Bracebridge Rosseau, Parry Sound and intermediate places, and in winter through to Parry Sound. Railway connexion with all parts of the country will be opened in the course of the next year.

Orillia is distant from Barrie 27 miles, Bell Ewart 50, Washago 12, Gravenhurst via Washago by stage 14, Coldwater 14, Midland 19 and Toronto 90. Population 2000.

CHURCHES.—Church of England, Rev. A. Stewart, rector. Canada Presbyterian, Rév. John Gray. Wesleyan Methodist, Rev. Robert Fowler. Roman Catholic, Rev. K. A. Campbell.

The following are the chief manufacturing establishments :—

COUCHICHING MILLS.—Janes & Budd, builders, sash, door and blind saw and planing mills. Steam, aggregate 65 horse power, 70 hands, capacity 20,000 feet lumber and 15,000 shingles a day.

ORILLIA FOUNDRY AND MACHINE WORKS.—Macbean & Bartholomew, steam 20 horse power, average 20 hands

BAILEY BROTHERS.—Builders, sash, door and blind factory, steam 35 horse power, average 25 hands.

ORILLIA HUB AND SPOKE FACTORY.—J. & S. Bailey. An extensive and increasing business is done by this enterprising firm.

A. TAIT.—Steam shingle factory, capacity 20,000 a day

ORILLIA TANNERY.—S. Wainwright, steam 10 horse power, capacity 3500 hides per annum.

ORILLIA CARRIAGE FACTORY.—Wm. Ramsey. This is the most extensive business of the kind in the county.

GEORGE J. BOOTH.—Cabinet maker etc., This is one of the oldest establishments in the village and maintains a first class reputation.

TORONTO HOUSE.—Cabinet works, Thomas B. Mitchell.

PENETANGUISHENE—A village situate on the bay of the same name, in the Townships of Tiny and Tay, 34 miles from Barrie and 98 from Toronto. This village has long been a place of note; a fort was established here during the last war with the United States and kept up until a few years ago, when the garrison was withdrawn. The chief trade is in furs and fish, and provisions for the mining districts on the north shore of Lake Huron. The village contains English, Roman Catholic and Methodist churches.

In the year 1859, the Reformatory was established about three miles from the village. The present building is of four stories, having a front of 404 feet and the height is 88 feet. Every necessary accommodation is provided, and health, cleanliness and industry are the rule; the moral physical, religious and educational training of the boys is most carefully attended to, and the kind and firm discipline maintained by the superintendent, Mr. William Moore Kelly, places this institution in the enviable rank of a model for similar establishments.

Steamers connect with Collingwood and stages with Barrie. There is excellent water-power in the neighborhood. Population, about 600.

STAYNER—An incorporated village and Station of the Northern Railway, in the Township of Nottawasaga, 23 miles from Barrie, 9 from Collingwood and 86 from Toronto. It was first settled about the year 1854, by Donald Bain, George Bell, Gideon Phillips, Thomas Cundle and Andrew Coleman, and was incorporated June 5th 1872. The village plot contains 500 acres. A. M. Ingersoll was the first returning officer.

Stayner is rapidly increasing in importance. The population which in 1866 numbered 400, is now (1872) increased to nearly 1200. There are excellent facilities for manufacturing purposes. The surrounding country is very fertile, and the local trade first-class.

The village contains English, Presbyterian, Roman Catholic, Wesleyan and Baptist churches.

The following are the chief manufacturing establishments:—

LUMBER.

The County of Simcoe has long been celebrated for its extensive lumbering establishments. We have not been able to obtain full statistics but may mention the following companies, having agencies in Barrie, Collingwood and Orillia :—J. C. Hughson & Co., Mushkosh Mills at the mouth of the Muskoka River, Georgian Bay, employing on the average, 125 men, and manufacturing about fifteen millions feet of pine and sawn lumber exclusive of large quantities of shingles and laths.

The Georgian Bay Lumber Co., 35,000,000 per annum; the Magnetawan Co., 25,000,000; the Parry Sound Co., 10,000,000. A. G. P. Dodge is President of these Companies.

Thompson, Smith & Son, Cook Bros., Brazel, Perkins & Co., D. C. Kanady & Co., Fowlie & Co., of Victoria Harbor, and many other firms are also extensively engaged in this business.

The Trust and Loan Company of Canada

The Company makes advances on Mortgage Security of City, Town or Farm Property in sums ranging from \$400 upwards, and for periods to suit borrowers; interest at 8 per cent per annum, payable half yearly. Approved mortgages, also, purchased at the Company's rates.

Borrowers have the option of repaying the principal either by annual instalments or in one sum at the end of the term. If the security prove satisfactory, the loan may be renewed for a further term.

The expenses will be found very moderate, and it is optional with the borrower either to have them deducted from the loan or added to the principal.

As interest is only reckoned from the date of the cheque (not from date of application, as is generally the case), the utmost despatch is used in the completion of every loan.

No commission charged either on the original loan or the renewal.

Applications to be addressed to the COMMISSIONERS or their solicitors, Messrs MACDONALD & PATTON, Trust and Loan Company's Office, corner Toronto and Adelaide streets, Toronto
