Amundsen Plans New Conquest of Polar Lands by Air Route

EXPLORER RAISES \$100,000 FUND FOR ATTEMPT NEXT YEAR

Expects to Make a Flight From Spitzbergen to Pole in 7 Hours.

RACE WITH JAPS

Reports Indicate That Oriental Govt. is Interested in Same Project.

(By Canadian Press.)

New York, Nov. 4.—Roald Amundsen, discoverer of the south pole, disclosed today his new plans for an airplane flight from Spitzbergen to the north pole and from the pole to Alaska, with the object of discovering a continent or a great archipelago in the million square miles of Arctic which remain unexplored.

The plans of the Norwegian discoverer, which failed a year ago because of financial obstacles, have been revived through the efforts of Lincoln Ellsworth, an American civil engineer and explorer, who earlier this year carried on an extensive geological survey in the Andes for Johns Hopkins University. Mr. Ellsworth, his family and friends, have furnished \$100,000 for the expedition.

Japs Also To Try

The aspect of an international race is given by cables from Tokyo, announcing that Haakon H. Hamner of Seattle, the former associate of Amundsen, has interested the Japanese government in a proposal to carry the Japanese flag into the north polar region with the object of planting it in the undiscovered continent supposed to lie behind ice barriers.

The belief that a continent exists in this unexplored region has been put forward by officials of the U. S. coast and geologic survey from an expedition which it approaches the northern ice barrier and then, relitively speaking, hugs the north coast of Siberia, flowing round from North Asia to North Europe.

In 1922 Amundsen sent airplanes to Point Barrow, the northern most point of Alaska to make a 1,200 mile hop to the pole and then a 900 mile hop to Spitzbergen, but tests in Alaska indicated that his planes would not do for polar work and he turned back. In 1923 and this year, he has sought to develop plans for making the 600 mile hop from Spitzbergen to the pole and thence across the unexplored million miles—a rough total about 1,100 by 900 miles—to Alaska, but financial obstacles have hindered the undertaking.

May Use 3 Planes.

Amundsen will carry the Norwegian flag. "We will start from a bay in North Spitzbergen next June," said Captain Amundsen. "We expect to have a party of 12 men in the flight. We are not quite sure that we will be able to take three planes, however, we may have to start with two. We will use the Durrant's whole planes which are made in Italy. Each has a cargo of 5,000 pounds. We will carry a minimum in the way of supplies, with the exception of gasoline. The time from Spitzbergen to the pole should be seven hours. The total flying time from Spitzbergen to Alaska should be twenty-one hours. Several hours will be spent making observations at the pole."

Asked what good the islands or continent would be to anybody, Captain Amundsen said:—"For air stations and bases. The short route from England to Japan or California is over the top of the earth. The short route from many other parts of Europe to Asia is over the top of the earth. With the development of dirigibles and airplanes the north route will be used and if there is land there it will be of the greatest importance. In case of future wars, air bases on the Arctic will undoubtedly be of the greatest value."

"How about Wrangell Island?" "It is not of much value because of its remote position off the coast of Siberia. On the other hand, the Arctic continent, if there is one, is right in the line of future over-the-pole air travel."

Loaned \$19.50, Is Bequeathed \$1,950

Corning, N. Y., Nov. 14.—A loan of \$19.50 made 11 years ago has resulted in receipt of \$1,950 by James C. Hakes of this city, formerly justice of the peace at Presho, near here. Eleven years ago, when in Elmira, he noticed a woman who had lost her purse, and loaned her \$19.50 for carfare to Chicago. He said he had forgotten about the incident until he was notified by Chicago legal firm that he had been bequeathed \$1,950 in government bonds. The name of the woman is not known here.

RED NEWSPAPER IN NEW YORK RAIDED

Charge is That Article in it Tended to Incite Murder.

New York, Nov. 14.—The office of the Hungarian newspaper Uj Elore, was raided yesterday by Post Office inspectors C. A. Keene and C. B. Webb, who arrested the managing editor, John Lassen, on a charge of sending through the mails "matter of a character tending to incite murder and assassination." Twenty-three sacks, each containing 500 copies of the issue of Oct. 5 and 6, were seized.

Lassen was taken to the Federal Building where he was held in lieu of \$2,000 bond. He was held in the United States Commissioner Samuel M. Hiltchcock. He was held in the Federal Building where he was held in lieu of \$2,000 bond.

The complaint was based on an editorial entitled "To Arms! To Arms! Proletarian March For the Elections." According to the federal allegations it urged the workers to arm themselves and march on the polling places, saying, in part:

"Carry the revolt to far distances. Demolish the idols raised by yourself. Plunge your weapons into the idols of capitalism. Bloody shall be the bayonet with the blood of the Coolidge, the Herrero, Zankoff, Primo de Rivera, Horthy and other idols."

Wife Admits She Had Husband Beaten

Miami, Fla., Nov. 15.—"I wish God would tell me for what I did," said Mrs. Hugo Hubsch, wife of a Coconut Grove druggist and World War veteran, in an alleged confession admitting she was responsible for the fogging of her husband by a band of masked men Nov. 6.

Hubsch was lured from his place of business and so severely fogged with a strap that he has since been confined to a hospital in a serious condition. It is understood that Mrs. Hubsch has the names of whippers to the sheriff's office and depots have been notified to arrest the offenders.

The druggist's suggestion of divorce because of an unhappy home life was the motive for the alleged fogging.

Brazilian Rebels Abandon Sao Borja

Buenos Aires, Nov. 14.—The Brazilian rebels in the state of Rio Grande have abandoned the city of Sao Borja on the River Uruguay, and after retreating toward the interior, probably intending to take refuge in the hills in the center of the state, according to advices from Santo Tome.

La Nacion's correspondent at Porto Alegre says a rebel column proceeding toward the town was still in the mountains by Government forces under Flores Da Cunha. Many of the rebels have crossed the river Uruguay to the Argentine shore.

N. S. Minister To Toronto Cathedral

Toronto, Nov. 14.—Acceptance is announced by Rev. F. C. Wardlaw, for several years rector of St. John's Anglican church, Lunenburg, N. S., of the invitation to become the priest-in-charge of St. Alban's Cathedral, Toronto.

Mexican President To Take Office Soon

Mexico City, Nov. 14.—President Obregon left last night for Celaya to arrange the final details of the transmission of power to President-elect General Plutarco Elias Calles.

Ban Is Placed On Human Air Mail

San Francisco, Nov. 14.—After he had been decorated with \$718.08 worth of air mail stamps in anticipation of an air mail trip to New York, Chester N. Weaver, San Francisco automobile dealer, was "barred from the mails" by a ruling from the postmaster-general, saying that "nobody is to ride in air mail except department officials." The telegram advised that "soon or later" it may be possible to carry passengers.

CASE OF C. P. BRIDGE HERE IS IMPORTANT ONE, SAYS HALDANE

Leave to Appeal to Privy Council is Granted in London.

TREATY INVOLVED

Question of Interpretation of Ashburton Pact is Point in Action.

(Canadian Press Cable.) London, Nov. 14.—Leave to appeal to the Privy Council was granted today by the judicial committee of the Privy Council in the case of the Attorney General of New Brunswick, Hon. J. P. Byrne vs. the Canadian Pacific Railway Company, an action involving the question as to whether the right to regulate the navigation of the St. John River rests with the dominion or with the province.

The action arose over an obstruction to navigation alleged to have been caused by a bridge for the Canadian Pacific transcontinental line at St. John, N. B.

In connection with the case the question of the interpretation of the Ashburton Treaty between Great Britain and the U. S. also arises. This measure stipulates that the navigation of the St. John River shall be free and open to both parties and shall in no way be obstructed by either.

When the petition for leave to appeal was being granted by the judicial committee of the Privy Council, Lord Haldane remarked that the matter was of considerable constitutional importance and the Dominion Minister of Justice and Attorney General, Hon. Ernest LaPointe, should be given an opportunity to intervene.

APPOINTMENTS TO SENATE NOT SOON

N. B. Vacancy Not Likely to be Filled Until House Meets.

(Special to The Times-Star.) Ottawa, Nov. 14.—It is not likely that anything will be done regarding the vacant senatorships for some little time. There are four vacancies, two in Quebec, one in Alberta, and one in New Brunswick. One of the vacancies in Quebec, has existed for nearly a year. The others are more recent. With regard to the New Brunswick vacancy, it may possibly not be filled until the house meets. The different applicants will be given an opportunity to present their claims in person.

At the first meeting of the cabinet yesterday no consideration was given to appointments. It was the first full meeting for some months, and was probably to a considerable extent, in the nature of an "expressive" meeting, in which the events of the past summer, were discussed.

There is a vacancy on the railway commission, caused by the expiration of the term of Hon. W. B. Nantel, which will go to Quebec, and must be filled soon, but in the western section any other appointment has yet been seriously discussed.

FOOTBALL TITLE IS STILL UNSETTLED

Deadlock Over Winner in Western Maritime Section Remains Unbroken.

(Special to The Times-Star.) Fredericton, Nov. 14.—The possibility of there being a play-off for the maritime intercollegiate rugby title of 1924 seems more remote as time goes on. St. Francis Xavier has qualified for the eastern section title with two straight wins, but in the western section there is a three-credent tie, each of the three colleges having won at home and lost abroad. The supposed arrangement of total scores carrying the title has not been confirmed. U. N. B. under it, would be qualified. The only possibility would be for the other two colleges to let U. N. B. play as section representative. Acadia has consented, but Mr. Allison has refused positively.

Trade Treaty With Germany To Fore

London, Nov. 14.—(By H. Bailey, British United Press.)—The Government has again taken up the question of a commercial treaty with Germany in the outcome of which Canada is particularly interested, owing to the high tariff now imposed upon Dominion products, and it is likely that another trade mission will shortly proceed to Germany to begin negotiations with Berlin at the point where they were broken off by the last mission.

Calles' Daughters Work For Women's Emancipation

Emancipation of Mexican women is near. "That is, if Senoritas Ernestina and Natalia Calles, daughters of President-elect Plutarco Elias Calles, have their way. And it looks as if they will, for they already have drafted their father in their cause."

"The women of Mexico must be freed from slavery," says Senorita Ernestina, the elder of the two. "Too long have they been treated as beasts of burden. We intend to do all in our power to see that the children, especially the girls, are given educational opportunities. We shall urge that hours of labor be reduced for women and children. Our father is for the education of the masses. We are going to see that the government's protecting hand is placed over the women and children."

"Both of us plan to take an active interest not only in the schools, but in all places where women and children are employed. The sanctity of the home will be stressed. Women must not be mere chattels. In all of our views, we have the hearty endorsement and promise of co-operation of our father. We shall insist that the best of his home standards must be raised."

"And we believe in women's suffrage. The women must take their place in politics in Mexico, just as they have done in the United States." Senorita Ernestina and Natalia will be the spouses at Chapultepec Castle, the White House of Mexico, after their father's inauguration. Their mother is a retiring woman, so they will be the real "first ladies."

CHICAGO THOUSANDS HONOR MEMORY OF SLAIN GANGSTER AND RUM-RUNNER

Dion O'Bannon, Responsible for 25 Murders, is Buried Today Without Church's Blessing—Heaps of Flowers Bear Tribute of All Classes of City's Population.

(By Canadian Press.) Chicago, Nov. 14.—Thousands of persons filed past the ornate, flower bedecked casket of Dion O'Bannon last night and this morning in final tribute to the florist, gunman, rum runner and hijacker, slain Monday morning in his flower shop by three gunmen who called him from his task of trimming cypressethamum stems.

His funeral today was looked forward to as the greatest in Chicago's history, even surpassing that yesterday of Michael Merio, friend of O'Bannon and leader of the Union Sicilians, when 1,000 automobiles, 25 of them carrying only flowers, formed the cortege from St. Clement's church, where 10,000 persons had gathered for the last rites.

O'Bannon's funeral today was without the blessing of the church, although burial in consecrated ground was permitted.

Police Are Wary. It brought a new era in Chicago's civic affairs, as well as marking the passing of the 32-year-old gang leader, termed by Morgan Collins, chief of police, "Chicago's arch criminal," and responsible for at least 25 murders. Incensed by the great amount of publicity and the open threats of O'Bannon's followers to "shoot it out" with adherents of other groups of gunmen, Mayor Dever has directed that every alleged pistol-toter be searched on suspicion as frequently as encountered. He planned a conference today with Chief Collins to decide on measures for

eliminating pistol carrying or forcing the gunman to leave Chicago. "It is time to determine whether organized outlaws shall continue to shoot and rob with impunity or whether decency and order will prevail," the Mayor said.

Until the hour of the funeral the line of men and women representing all conditions of life continued to stream past O'Bannon's silver and bronze casket. Some in threadbare garments timidly added their poor bouquets of a half dozen withered buds to the pretentious floral displays made up of thousands of blossoms the affluent had sent.

"Gee, he was a swell feller" was a ragged newboy's tribute. "He bought all my papers one awful cold night last winter and paid \$5 for 'em, and then took me to a restaurant to eat." "Ten men worked all yesterday and last night on a great blanket of pink roses, lilies of the valley and orchids, tied at the corners with silver ribbons to be placed over the mound after the burial today.

A great heart, seven feet high, made of 2,000 red roses, was the widow's choice. Two broken pillars six feet high, made of white carnations, wound around with tiny red roses and protruding from a bed of green filled with heavy chrysanthemums and roses was another offering.

The pieces bore the cards of city officials and other prominent Chicagoans. (Continued on page 2, column 3.)

Bad Language and Manners on Courts Investigated By Tennis Association

London, Nov. 14.—A committee of the British Lawn Tennis Association and the Referees' Association met yesterday to investigate charges of bad manners against certain first class players competing in open tournaments. It was the first time in the history of the game in this country that such an inquiry has been held.

The charges included the use of profanity on the courts loud enough to be heard even by the spectators, disagreement with the umpires rulings and laxity in complying with the regulations, all of which offenses it is declared, were tending to bring the game into disrepute.

The great majority of players are not affected by the charges, which concern only a few "black sheep" who it is alleged show bad temper when they disagree with decisions and sometimes use disgraceful language. "I have known a famous woman player to leave the court in tears because of the way her mixed doubles partner addressed her" one umpire told the Daily Mail and other instances of like nature were cited.

TO FRAME LIQUOR LEGISLATION IN SASKATCHEWAN

Provincial Legislature Meets Earlier Than Usual to Consider Matter.

WOULD CURB SENATE

Speech From Throne Refers to Question of Modifying Its Veto Power.

(By Canadian Press.) Regina, Sask., Nov. 14.—With the usual formal ceremonies the fifth session of the Saskatchewan legislature was opened yesterday by Lieut. Governor Newlands.

The session has been called somewhat earlier than usual to discuss and frame legislation for the government control of liquor following the plebiscite last July. The only mention of this in the speech from the Throne was the following paragraph:

"In accordance with the provisions of the Plebiscite Act, a vote of the electors of the province was taken in July last. A statement of the result will be placed before you and also a measure dealing with the matter."

Power of Senate. In respect to the Senate, the speech says: "The high hopes entertained earlier in the year by many of our settlers in regard to the prospect of obtaining more adequate railway facilities in the near future were shattered by the action of the Senate of Canada in rejecting bills passed by the House of Commons in connection with the construction of branch lines by the Canadian National Railway. The action of the Senate in again delaying the undertaking of sorely needed railway construction in the outlying sections of the province, has aroused public opinion to the necessity of modifying the veto power of the body as suggested in your resolution of last session."

Manitoba Progressives Protest Disposition of Pulpwood Lands in Province. Winnipeg, Man., Nov. 14.—The proposed sale of certain areas of pulpwood land in Northern Manitoba to private interests by the Federal Government is being protested by various organizations in the province, the latest of which is the Provincial Progressive Party. The Progressive representatives in parliament for Manitoba constituencies held a conference here yesterday, attended by Robert Foyke, M. P., their leader. In a statement issued after the meeting, Mr. Foyke said:

"The return to the prairie provinces of their natural resources is still under negotiation and the Dominion Government should not in the circumstances dispose of these limits except in strict accordance with precedent and under conditions which secure the consent of the provincial government could be obtained."

The limits which are known as "Bethel No. 2" comprise 40,000 square miles on both sides of Lake Winnipeg and as far north as Norway House. A number of mills are now operating in the territory, and it is declared approximately 800 men will be out of employment if the sale goes through.

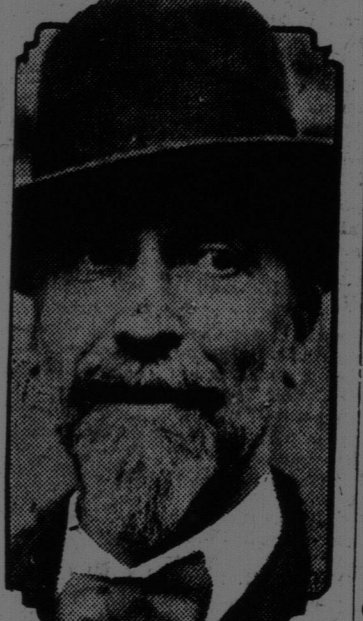

BOMB SUSPECTED

U. S. Officials Have Letter Which May Be Clue to Post Office Explosion.

Grand Rapids, Mich., Nov. 14.—Federal agents investigating the possibility that a bomb wrecked the Grand Rapids post office, late Wednesday, taking a toll of three lives and injuring 13 persons, say that they have in their possession a threatening letter that might lead to some tangible clue to the method used and to the parties implicated, if a bomb was used.

The letter was found by Ensign Harold McDonald, of the United States Naval Reserve Force, in his automobile a short time before the explosion. Although for the most part the words on the letter are blurred and almost illegible, the words "disaster" and "death" are quite clear. A man's picture accompanied the letter, and Federal agents are now scouring the city in an attempt to place the man under arrest.

May Establish Record In Banking Circles

MONTAGUE NORMAN IS RECOMMENDED

Bank of England Governor Likely to Serve Sixth Consecutive Term.

London, Nov. 14.—Directors of the Bank of England have unanimously decided to recommend that the present governor, Montague Norman, be re-elected to a sixth consecutive year in office. Such an honor is unprecedented. The governorship is normally limited to two years, a previous rare exception being Lord Cunliffe, who served five years. While it is recognized that the directors have paid a high compliment to Mr. Norman, it is also pointed out that the post-war financial problems such as the funding of the British debt to America and participation in European reconstruction schemes, have made continuity of the governorship almost a necessity. It is understood that the customary two-year limit will be resumed when the situation becomes normal.

Lucien Lovanger, 20 years old, son of Mayor Louis Lovanger of Ste. Marie, parish of Cap de la Madeleine, and Thelma Auelair, 24 years, son of Auguste Auelair, farmer of Ste. Marie, were instantly killed last night when their motor cycle collided with a truck belonging to the St. George Dairy of Three Rivers, on the national road, three miles from Ste. Marie.

2 KILLED IN MOTOR CYCLE ACCIDENT

Son of Quebec Town Mayor and His Friend Die When Cycle Hits Truck.

Three Rivers, Que., Nov. 14.—Lucien Lovanger, 20 years old, son of Mayor Louis Lovanger of Ste. Marie, parish of Cap de la Madeleine, and Thelma Auelair, 24 years, son of Auguste Auelair, farmer of Ste. Marie, were instantly killed last night when their motor cycle collided with a truck belonging to the St. George Dairy of Three Rivers, on the national road, three miles from Ste. Marie.

The former British Premier characterized the Steed account today as a "stupid invention which contains not the slightest basis of truth."

In reply, Mr. Steed said "I should naturally not have published a story of that kind without having verified it in advance from persons who were present. The author added that he had no intention of entering into a personal controversy in the matter.

FIRE VICTIMS HAVE MANY PROBLEMS

Windsor Suffers Still in Need of Assistance—Housing Plans Considered.

(Special to The Times-Star.) Windsor, Nov. 14.—Fire victims are registering Monday next, when definite information may be had regarding the actual needs of sufferers. Only sufficient money is on hand for immediate relief. The town will likely contribute \$5,000 from the civic treasury and a canvass for funds will be made here at once. The council is meeting nightly and on Thursday many of those who lost their homes appeared before the board to discuss the housing problem. It is quite probable that an urgent and final appeal will be made through the press early next week. The investigation held Tuesday into the matter of the method of fighting last Sunday's fire has been misrepresented in many cases and such reports have had a tendency to injure the relief work. Furniture, bedding and household articles are being supplied the sufferers, who have secured temporary quarters which are much crowded. The town is very grateful for the assistance from St. John and other points. The funds however are as yet insufficient to meet the requirements of that portion of the 43 families burned out which require aid. Four representatives, here on Wednesday, will assist the committee in the discussion of Windsor problems.

Greatest Drinker Died Proving It

Berlin, Nov. 14.—(United Press.)—Gustav Schwark, locksmith, thought he was Germany's champion long distance drinker. He was, but it killed him. He was 40 years old and had been drinking beer for 30 years. He could drink more than the whole crowd could pay for. He sat down, exhausted when he dropped from his chair. A doctor stated death resulted from acute alcoholism.

Two promotions for members of the local C. N. R. staff were announced this morning by C. S. Pushe, local terminal agent.

Mr. Collins, who for many years guided the public at the gates in the Union Depot, entered the C. N. R. service as a messenger in January, 1908.

WEALTHY SON WEDS CABBIE'S DAUGHTER

New York Society Stirred by News of a Secret Marriage.

New York, Nov. 14.—(By Canadian Press)—New York society was stirred today by the revelation that L. K. Rhineland, son of Philip Rhineland, representative of one of New York's oldest and firmest socially established families, had married the daughter of a former New Rochelle cab driver.

Young Rhineland is 22 and his bride, the former Alice Beatrice Jones, is 23. The marriage was performed secretly in New Rochelle on October 14 and since that time the young couple had lived in the frame house that had been the home of the bride and her father.

The young man is wealthy in his own right and yesterday declared he was extremely happy. The bride echoed his statement and followed it with a tearful tirade against the newspaper publicity the couple has been receiving.

BRITISH LABOR MEMBER IS DEAD

E. D. MOREL

(Canadian Press Despatch.)
Eignmouth, Eng., Nov. 13—Edmund Dene Morel, labor member of the House of Commons, died here last night. He was a writer and journalist and his work in forming the Congo Reform Association in 1904 largely contributed to the exposure of the rubber horrors in the Congo and resulted in their cessation. He was recommended this year for the Nobel peace prize. He was born in Paris in 1873.

DIES AS RESULT OF FORK WOUND

Yarmouth, Nov. 13—Frances, wife of William O. Saulnier, of Meteghan, died at the hospital last evening following an accident with a fork. A few days previous she had the misfortune to injure one of her hands by piercing it with a fork, and blood poisoning developed. On advice of her physician Mrs. Saulnier was brought to Yarmouth for special treatment, but two days ago other complications created by the blood poison developed and caused her death. Mrs. Saulnier was 40 years of age and, besides her husband and several children, she leaves at Meteghan and vicinity a host of relatives and acquaintances.

The Evening Times-Star

The Evening Times-Star printed at 23-27 Canterbury street, every evening (Sunday excepted) by New Brunswick Publishing Co., Ltd., J. D. McKenna, President.

ST. JOHN, N. B., NOVEMBER 14, 1924

AN AMUSING INCIDENT.

There is an amusing development in today's London despatches to The Times-Star in connection with the extracts published yesterday from Wickham Steed's new book, in which he revealed the fact that during the Versailles Conference Lloyd George on one occasion had Clemenceau by the collar, that a duel nearly developed, and that Clemenceau made exceedingly caustic reference to Woodrow Wilson.

This morning both Clemenceau and Lloyd George asserted with due solemnity that the account given by the former editor of the London Times was untrue. Such a denial, firm and definite, was to be expected from both the statesmen involved.

Woodrow Wilson has gone to a higher Court, and denial is for his relatives or his literary executor. But it was natural, and indeed inevitable, that the former British Premier and the "Tiger" of France should say with perfectly straight faces what they have said.

Let a word be added. Many years ago there was a cause celebre in England. There is no need to name it particularly. It is a closed issue, but one of those things which will be immortal. A certain exalted Personage was summoned as a witness. Counsel on both sides were eminent, forceful, and not a little cunning. One of them, in cross-examining the exalted Personage referred to, pressed strongly for direct answers to certain questions. Frank and full replies to these questions might have been exceedingly embarrassing.

It was assumed, anyhow, that had the distinguished witness told all that he knew, or all that was demanded from him, the publicity would have involved a grave reflection upon men and women in the first social circle of Great Britain. And what did the exalted Personage do? Well, the phrase that lingered in his mind was "He perjured himself like a gentleman."

THE YOUTH OF TO-DAY.

There has been of late, in fact ever since the war, a great deal of discussion as to whether or not the young people of our day are less earnest, more reckless, less sober-minded than those of other generations. There can be no proper understanding of such a question unless we begin with a clear realization that the war and the period of reconstruction were marked in all the Allied countries by a state of high nervous tension. When we read that some speaker has said that drunkenness to-day is disgracefully more prevalent than it was during war time, some people are likely to jump to the conclusion that human nature has changed, and that the world is going to the dogs.

Occasionally the question of prohibition or non-prohibition becomes entangled in these arguments. Whatever one may think of prohibition, or of government control, it is only fair to understand, and admit, that a great deal of the so-called social drinking during the latter end of the war period and at present was and is due not so much to a change in the national morals as to the fact that men and women—or at least a considerable percentage of them—were feeling the long strain and stress of the war, and resorted more easily to stimulants than they would have done had there been no war.

A fact to be kept in mind this connection is that never before had the world passed through so terrifying a conflict or one with such far-reaching consequences. Therefore, it is interesting to find some of our intellectual leaders speaking both plainly and clearly concerning the young people of our day. General Sir Arthur Currie, Principal of McGill University, made some rather striking remarks on November 9, at Lennoxville at the Thanksgiving celebration at Bishop's College School. The occasion was in reality very much of an observance of Armistice Day. Sir Arthur began his address by saying that today people are asserting that our youth devote their minds only to the frivolity and pleasures of an easy life. "But that," said Sir Arthur, "I do not believe."

ODDS AND ENDS

"You never know what you'll find among the odds and ends."—From "Notes by A. Wayfarer."

"Now It Can Be Told." (Montreal Gazette). The speaker at the Canadian Club next Monday will be Chief Buffalo Child Long Lance, whose address will be, "Before the White Man Came."

Chief Buffalo Child Long Lance is a full-blooded Indian, a chief of the Blood Tribe of Alberta. A graduate of the University of Toronto, he enlisted in the Canadian Overseas Forces as a private, served with distinction, was twice wounded and ended his military career as a captain of the 50th Battalion of Calgary.

These are wise words that might with fine effect be proclaimed from the house-tops throughout this great Dominion. General Currie, in his concluding remarks, spoke of the disabilities faced by some of the greatest figures in the world of English literature and military achievement. He spoke of Burns, who faced the blight of poverty; of Parkman, who wrote his history, "when he knew not the light of the sun"; of Keats, who suffered from tuberculosis; of Swift, who was a dunce at school; and of the immortal Wolfe, the conqueror of Quebec, who suffered from a disease which, though high and burning courage drove him forward with unflinching and stern resolution, to become one of the shining heroes in the history of our race.

Like many of Sir Arthur Currie's speeches, this one at Lennoxville contained admirable inspiration, and it stamps him anew as a man of striking intellectual force and fine capacity for leadership.

WHAT IS COMING? Does the Hon. Mackenzie King propose to do to the Canadian Senate something like that which Asquith did to the House of Lords? During his Western trip the Canadian Prime Minister has foreshadowed certain action which would refuse the Senate's power over the House of Commons legislation very materially. The extent of the Senate reform which his colleagues have decided upon cannot yet be measured, but must emerge clearly at the forthcoming session of Parliament, or, certainly, long before the next Federal election, which is coming in the autumn of next year if not sooner.

Because of these facts the opening of the fifth session of the Saskatchewan Legislature holds a special interest for us, in the Speech from the Throne there occurred the following paragraph: "The high hopes entertained earlier in the year by many of our settlers in regard to the prospect of obtaining more adequate railway facilities in the near future were shattered by the action of the Senate of Canada in rejecting bills passed by the House of Commons in connection with the construction of branch lines by the Canadian National Railway. The action of the Senate in again delaying the undertaking of sorely needed railway construction in the outlying sections of the province, has aroused public opinion to the necessity of modifying the veto power of the body as suggested in our resolution of last session."

BARBER KILLS WIFE AND THREE OTHERS AND THEN SUICIDES

Quarrels With Wife Whom He Married When She was Fifteen. WAS A CRIPPLE. Notes Disclose Plan to Kill Wife and Self, But Not Others.

Memphis, Tenn., Nov. 14.—Four persons were shot and killed here last night by Henry Weber, crippled barber, who then killed himself.

The victims of Weber's murderous rage were his wife, Mrs. Beale Weber, Mr. and Mrs. E. A. Shuler and Mrs. Thomas Alexander. The shooting occurred at the Weber home in the eastern section of the city.

Weber and his wife quarreled Sunday and he had not been home since. Shuler, employe of a dental firm, who lives in a wing of the house where the Webers make their home, was the first person shot. He was killed in the kitchen.

French Finances. The revenue of France to meet the expenses of the general budget, not inclusive of the postal receipts, reached a total figure of 2,016,927,200 francs for September, as against 1,888,000,000 francs in August, according to advices received by the Bankers' Trust Company of New York from its French information service.

Curious Christianity. (Boston Post.) The action of Feng Yu Hsiang, the "Christian" general, in his recent seizure of Peking does not reflect creditably upon his grasp of Christian principles. His superior officer, Field Marshal Wu Pei Fu, who is a Christian, in his charge of Peking while he went north to fight the sinister Manchurian general, Chang Tso Lin, in his charge, Feng betrayed his charge, seized the power for himself, and putting to flight Wu's supporters. Wu himself, also, has now been forced to flee.

Had Effect on Our Apple Trade. Canadian Commissioner Says British Firms Have Booked Orders. (Canadian Press Despatch.) London, Nov. 13.—Wembley has revolutionized the British-Canadian apple trade according to A. W. Tolmie, Commissioner-General of the Canadian pavilion.

ASKS FOR RETURN OF SEIZED BEER

Maritime Province Case is Heard Before Supreme Court of Canada. (Canadian Press Despatch.) Ottawa, Nov. 13.—Judgment was reserved in the Supreme Court of Canada Monday in the case of Petrie vs. Rideout, which is the last case on the Maritime list before the Supreme Court.

The appellant brought action in replevin giving the necessary bond to the sheriff and the beer was returned. He sought in his action at the trial the judgment in his favor was reversed by the Supreme Court of Nova Scotia and the reversal affirmed by the Supreme Court of Canada.

MINE WORKERS TO HAVE SECOND VOTE. Ballot For Some Officers so Close Another Election Necessary. (Canadian Press Despatch.) Glace Bay, N. S., Nov. 13.—A second mine workers' election for district officers has been fixed for Thursday, Nov. 27, when contests for the offices of vice-president, international board members and sub-district board member for New Waterford and Sydney Mines will be held.

CONSERVATIVES HAVE 412 SEATS. (Canadian Press Despatch.) London, Nov. 13.—With the declaration today of the election to Parliament of the members for the combined Scottish universities, resulting in the choice of one Liberal and two Conservatives, the final state of the parties in the House of Commons in the new Parliament will be as follows: Conservatives, 412; Labor Party, 152; Liberals, 42; Constitutionalists, 3; others, 6; total, 617.

SWALLOW.

(Marjorie Pickthall.) O little heart, beat home, beat home, Here is no place of rest. Night darkness on the falling foam And on the fading west. O little wings, beat home, beat home, Love may no longer roam.

IN LIGHTER VEIN. How Words. First Maid—"Hard do you like working for that college professor?" Second Maid—"Aw, it was a rotten job. He was all the time quarrelling with his wife, and they kept me busy running between the keyhole and the dictionary."—Punch Bow.

Much Against Little. Leonard Bacon, who was one of the best known theologians in New England a half century ago, was attending a conference, and some assertions he made in his address were vehemently objected to by a member of the opposition. "Why," he expostulated, "I never heard of such a thing in all my life!" "Mr. Moderator," rejoined Bacon calmly, "I cannot allow my opponent's ignorance, however vast, to offset my knowledge, however small."—The Christian Register (Boston).

MANY IMBECILES IN INSTITUTIONS

Doctor Says 13 1-2 Per Cent. Admitted Are Feeble-Minded

(Canadian Press Despatch) Montreal, Nov. 13.—"The public often wonders at the residential increase in public institutions. But when one realizes that 13 1/2 per cent of the admissions to British Columbia institutions alone during 1923 were idiots, imbeciles and epileptics, and that these patients will live for many years without hope of improvement, one can more readily understand why we have such an increase in the residential population of Government institutions."

WEDDINGS

McKinney-Russell.

Monahan-Baldwin.

Norton, Nov. 13.—A very pretty wedding was solemnized Wednesday morning in the Sacred Heart church when Rev. Michael O'Brien united in marriage Miss Edna Baldwin, of Clover Hill, Kings county, to Edward Monahan, of Southfield, son of Mr. and Mrs. John Monahan. The bride was very prettily dressed in white satin with lace overdress and bride veil with orange blossoms and carried a white prayer book. They were attended by Mrs. Aubrey Kirkpatrick and Clarence Wetmore. The bridesmaid wore a handsome dress of blue silk. The groom's gift to the bride was a handsome fur neckpiece. Mr. and Mrs. Monahan will reside in Southfield.

Hospital last night after a short illness. Her death will be heard of with much sorrow by very many friends. She leaves to mourn her husband, two sisters, one brother and a large circle of friends.

John L. Graham.

The death of John L. Graham occurred early Thursday morning at his home, Welsford. He had been in poor health for some time but had been seriously ill for a week. He is sur-

vived by two sons, Everett and LeVern, at home; three daughters, Mrs. W. C. Alley, St. John, and the Misses Fanny and Mildred, at home; also one brother, William A. Graham, of West Brook, Me.; and three sisters, Mrs. John Lutz, Holbrook, Mass., Mrs. F. R. Bailey, Malden, Mass., and Mrs. Samuel Corbett, St. John. Mr. Graham was a well known and highly respected farmer of Upper Welsford.

Mrs. Mary E. MacDougall.

After an illness extending over a year, Mrs. Mary E. MacDougall, widow of John D. MacDougall of Woodstock, died at her home in Fredericton on Wednesday night, aged 88 years. She is survived by three daughters, Mrs. H. F. Flewelling of Woodstock, Mrs. H. B. Flewelling of Aroostook Junction, N. B., Mrs. F. Y. Brown of St. John, and four sons, Archibald, Kenneth, Donald and Stewart, all of Fredericton.

Cornelius O'Leary.

Norton, Nov. 13.—Cornelius O'Leary, one of Norton's oldest residents, died on Nov. 8 at his home here. Mr. O'Leary was 94 years of age and had been in failing health for the last few years. He is survived by one son, John, of Norton, with whom he resided; also one daughter, Mrs. Hart, who resides in the United States. The funeral was held Friday morning at the Sacred Heart church, where requiem high mass was celebrated by Rev. Michael O'Brien. Interment was made in Sacred Heart cemetery.

DISCUSSES GIRLS OF THEN AND NOW

Commander Evangeline Booth Gives Interview of Interest in Boston.

"When was the time when the young girl was ever without style?" This was a question Evangeline Booth asked, and answered, when she defended the present-day youth against the charge so often made that the boys and girls of a quarter of a century ago were more earnest, obedient and less frivolous.

Auto Replaces Buggy.

The Commander of the Salvation Army, who has been in Boston in the interests of the fall drive for the poor of New England, said that the automobile has only displaced the old-fashioned buggy, and turning to her interviewer, she smiled for a moment before she made her point.

"And, you know what the old-fashioned buggy was like. Well, I do, because I can remember those days when

the young boys and girls took buggy rides, and so the automobile is not so much different. Yes, somewhat faster, but, then, too, our times are somewhat different than they were 25 years ago." She admitted that she deplored the bobbed hair, and believed that it was on the decline. She says that shorn hair is not a sign of womanliness. The Army does not admit girls with bobbed hair to the training school, but so far, she says, they have never been obliged to use their prohibition simply because none has applied.

Little Changed by Years.

"The main point is the girl should be feminine," she said, and, although Commander Booth dresses in the uniform, it might be said that she is a living example of the principles she teaches. She is as much as ever the lovely Salvation lass as she was 25 years ago, says the Boston Post, when her speeches inspired many a pretty young girl to don the demure Sally bonnet and devote her life to the great work. The commander's hair is the same today as it was when she was a young girl; her figure as trim and smart as ever, and her costume, true to the conventions of the Army, was individualistic, perhaps, because it was worn by the still beautiful leader of the great Army.

"I may have been my great passion in life, and it will continue to be my greatest," she answered, when she was asked to tell a little about Evangeline Booth. She spoke without hesitation in a characteristic, spirited way. The joy of marriage, she said, she had surrendered, because she felt that if she were a mother to her own children, she might not be able to be the mother to the thousands of little children the world over whom the Army has helped.

Must Follow Natural Bent.

"But, sacrifice though it may be, I do not regret it," she said. "I made my choice many years ago." And, to those acquainted with the history of this famous Salvationist know this to be true, that when a young girl she immortalized the Salvation lass, as she stood in the streets of London selling flowers for the cause inspired by her father.

She warns that people must not despair, but hold out an encouraging hand to the young. Let every girl, she advises, follow her natural bent so far as inclination in selecting a vocation are concerned. The girl who has been out among the great workers of the world is more suited for matrimony than the girl who sits at home.

However, though much in favor of seeing young people married happily,

ADVENTURES OF THE TWINS

By Olive Roberts Barton

THE MAGIC FORK

What they saw was the House-That-Jack-Built riding along on a cloud up in the sky.

"So that's it!" cried Daddy Gander as he and the Twins looked into the green Wizard's glowing ball and saw a surprising sight.

"What they saw was the House-That-Jack-Built riding along on a cloud up in the sky, with dough sticking out of the windows, I mean, not the sky."

"What do you mean by saying, 'So that's it!'" asked Nancy. "What's it?"

The Green Wizard looked at Daddy Gander and the Twins and they both nodded wisely at each other, and then Daddy Gander said, "The bread sponge—that's what's it. It's all the fault of the bread sponge."

"We don't know what you mean," said Nick in a puzzled voice. "We don't know what you are talking about."

"Why," said Daddy, "don't you see? When Mrs. John, Jack's mother, went outside the house to hang up her towels to air on the clothes line, she began to talk to her neighbors, Mrs. Spratt, over the back fence, about the best way to make apple-butter, and she forgot all about her bread sponge."

"Well, it began to rise and it kept on rising until it raised the lid off the pan. Then it kept on rising faster and faster until it filled the kitchen and began to poke out of the windows."

"The next thing it did was to raise the little house up in the air and float away completely."

"Yes, sir! That's right," said the Green Wizard. "And there it is, up there in the sky with no more intention of coming back than last Christmas."

"Oh, dear!" said Nancy. "Then what will poor Jack do?"

"There is only one way I know of," said the Green Wizard. "If you can poke it into the bread sponge and let the air out. Then when the air gets out of the bread sponge, it will go like a balloon, the house will. It will settle right down to the ground again."

"How can we get the magic fork?" cried the Twins quickly.

"There's the rub," said the Green Wizard. "I'm not sure just where it is. But it is usually to be found with the magic teapot."

"I see you don't seem to know any more about the magic teapot than you do about the magic fork. So I'll tell you about it. Whoever has the magic teapot has only to say:

"Go do your best,
Or teapot, dear,
I'll die of thirst!"

"And instantly the teapot returns with any kind of refreshment one needs. Milk or water or lemonade or even ice cream soda. Anything at all. It is the same with the fork. Whoever possesses it says:

"Oh, magic fork, I'd like a treat.
Please see what you can find to eat."
Instantly the fork goes on a hunting trip. Whatever it touches sticks to its sharp points and it has been known to bring home a whole course dinner.

"Well, well, well!" said Daddy Gander. "There are more reasons than one why I should like to find the magic fork and the magic teapot, Twins. Let's be off at once."

A new coal field has been opened up in Ulster, Ireland, a good bituminous seam having been developed at Coal Island, Lough Neagh. In the first completed pit there are more than 4,000,000 tons of coal available, and the supply being only 50 miles from Belfast, may add greatly to the prosperity of that great engineering centre.

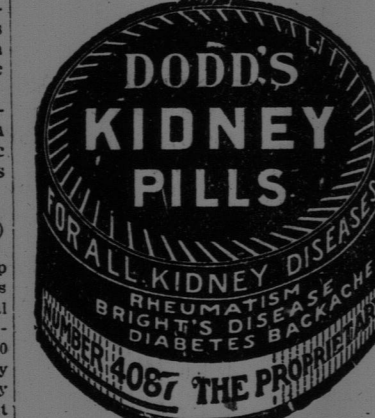

MAGNESIA BEST FOR YOUR INDIGESTION

Warns Against Doping Stomach With Artificial Digestants.

Most people who suffer, either occasionally or chronically from gas, sourness and indigestion, have not discontinued disagreeable diets, patent foods and the use of harmful drugs, stomach tonics, medicines and artificial digestants, and instead, following the advice so often given in these columns, take a teaspoonful or two of Disburated Magnesia in a little water after meals with the result that their stomach no longer troubles them, they are able to eat as they please and they enjoy much better health. Those who use Disburated Magnesia never dread the approach of meal time because they know this wonderful anti-acid and food corrective, which can be obtained from any good drug store, will instantly neutralize the stomach acidity, sweeten the stomach, prevent food fermentation and without the slightest pain or discomfort. Try this plan yourself, but be certain to get pure Disburated Magnesia especially prepared for stomach use.

CITY EXPERIENCES MUMPS' EPIDEMIC

There is at this time about as widespread an epidemic of mumps in the city as has ever been known. In one of the city schools there had been 81 cases of mumps reported up to yesterday and in that school 12 more children were sent home yesterday as mumps suspects. There is no means of knowing exactly how many children have contracted this extremely infectious but generally very mild disease but in all probability there are close to 1,000 who have either recovered from it, are now in the midst of its aches and pains, or have the germ undeveloped. Since the opening of schools there have been 106 children who have recovered from mumps reported to the city schools by permit of the medical inspector of schools. In the matter of exclusion it is not possible for the staff of one doctor and two nurses to make an examination of every child in the schools every day in order to see that infected children

do not attend and the duty of excluding children whose condition makes them suspected of having the disease devolves upon the teachers who have been using every precaution possible. Keep Children Home.

Dr. William Warwick, medical health officer for the district, said yesterday that the period of incubation was one of the longest known for any light disease. Those who had once had the disease had obtained immunity and it was chiefly apt to attack young children, older children being relatively less likely to succumb to infection. He emphasized the responsibility of parents to keep their children at home when there was any suspicion of sickness.

While mumps are a notifiable disease and all cases of mumps should be reported to the Board of Health, they are not a disease for which houses must be placarded and there has been

much laxity with regard to notifying the Board of Health. The statistics of the board show that during October the notifiable diseases reported for the city and county of St. John were as follows: Diphtheria, 7; scarlet fever, 8; typhoid, 4; whooping cough, 8; mumps, one and tuberculosis, 11; a total of 29. The notifiable diseases reported to date this month have been as follows: Diphtheria, one; scarlet fever, one, and tuberculosis, six.

In the matter of protecting against the spread of infection in the schools the sub-district Board of Health takes prompt and careful measures. On receiving notification of any of the diseases that must be reported the board is informed as to whether there are any children in the house who attend school. If there are any school children who can have been in contact with the case reported to the school board office is notified immediately and the child is excluded from the schools until there is every certainty that the child has not contracted the disease and is not liable to spread it.

In the case of mumps the difficulty lies in the fact that the parents do not regard the disease as at all serious and are not inclined to keep their children away from others when they are suffering from mumps.

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching Eczema Helped Over Night.

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.

CROSS-WORD PUZZLE

The object of the cross word puzzle is to fill out the white spaces in the diagram with words which agree with the definitions given in the accompanying text.

The word defined in the text under "HORIZONTAL" and indicated as No. 1 (in case such a number appears in the Horizontal list) will extend horizontally from No. 1 square to the next black square.

The word indicated as No. 1 under "VERTICAL" in the list of definitions will extend from white square No. 1 to the black square below. And so on.

Most of the letters are used in the making of two different words.

SUGGESTIONS FOR SOLVING CROSS-WORD PUZZLES

Start out by filling in the words of which you feel reasonably sure. These will give you a clue to other words crossing them, and they in turn to still others. A letter belongs in each white space, words starting at the numbered squares and running either horizontally or vertically or both.

Sleep

Do you know how much sleep your child should have? Most parents, like the Mams of Anytown, do not have any particular schedule. The child goes to bed as early as they get him and sleeps as long as they'll let him.

But medical men have studied out the question and here is a chart you can jot down and refer to if you wish to run the family life on schedule: Children from 4 to 5—To bed at 6 o'clock and up at 7 a.m.—13 hours sleep.

From 6 to 7—7 p.m. to 7 a.m.—12 hours.

From 8 to 9—7.30 p.m. to 7 a.m.—11 1/2 hours.

From 10 to 11—8 p.m. to 7 a.m.—11 hours.

From 12 to 13—8.30 p.m. to 7 a.m.—10 1/2 hours.

From 14 to 15—9 p.m. to 7 a.m.—10 hours.

From 16 to 17—10 p.m. to 7 a.m.—9 hours sleep.

If plans are carried out as intended the automatic will be ready to operate in all the western part of the city, east of Claire Fontaine street, by the end of next year. Until the needs of the city justify it, there will only be two exchanges within the city limits, and instead of bearing names, as has been the custom in other cities, numbers instead will be used. Mrs. Lucien deBury, of Montreal, who is extending her visit here for a short time, is expecting Mr. deBury to arrive today to visit for a few days. He will be the guest of Mr. F. M. Keator, with Mrs. deBury, while here.

Mr. and Mrs. William Kirkpatrick, of Robesay, have announced the marriage of their daughter, Miss Ruth Martha, to Mr. James Abner Sisson, on November 8, at Bristol, Rhode Island. Mrs. Sisson and her husband are at home for a few days on their honeymoon trip and will return to reside in Bristol after visiting Robesay for a week.

Mrs. Hazen Dick, who is receiving on Tuesdays during November, was at home last Tuesday at her home in Peters street for many friends, who took advantage of the beautiful afternoon to call. Baby chrysanthemums were arranged prettily in the reception room, where they were served informally, with Mrs. L. Sutherland presiding over the tea cups. The bride's sister, Miss Edith Warren, and Miss Marion Knox served. Last week, Miss Knox presided at the tea table and Miss Warren served.

FAIRVILLE AND LORNEVILLE. The W.M.S. of St. Columbus Presbyterian church met last evening at home of Mrs. Reginald Bosence. Many wagonloads, with a good attendance of members. Miss A. M. Townsend, president, was in the chair. The Bible reading was given by Mrs. E. Moore and an interesting chapter in the study book "Formosa, the Island Beautiful," was taken up by Miss Townsend and Mrs. C. H. Small and was discussed with the aid of a map. A social half hour was enjoyed after the meeting and the hostess served refreshments.

Mr. Firth writes that he suffered for 12 years from constipation and his friend for 10 years—a total of 22 years' suffering permanently relieved by Kellogg's Bran, cooked and krumbled.

for constipation could not find anything to give him relief. Three weeks ago I advised him to try Krumbled Bran, as I had told him what wonderful results I had gotten from it. The gentleman in question purchased a box, and he told me that for the first time in ten years he is regular without taking medicine.

EXECUTIVE MEETS. The executive of the executive of the Free Kindergarten Association was held yesterday afternoon at the residence of the president, Mrs. Allan G. McAvity. The executive made arrangements for the annual meeting which will be held on Monday of next week.

Tries Kellogg's Bran—restores health after 12 years of intense suffering

Dear Sirs: For 12 years I had been troubled with indigestion caused mostly by constipation. Until about a year ago, I would suffer from 4 to 20 weeks at a time. I happened to see your Krumbled Bran in a store, purchased a package and got almost immediate relief. I am still eating the Krumbled Bran every day. The most wonderful results obtained with your Krumbled Bran I will now relate. A gentleman who has been taking medicine for about 10 years

PETER SMITH TAKEN TO PENITENTIARY

Former Ontario Treasurer Starts Prison Term for Conspiracy.

Toronto, Nov. 12.—Peter Smith, former Provincial Treasurer of Ontario, left Toronto today for Portsmouth penitentiary to serve three years' imprisonment, more or less, as a result of his conviction on a charge of conspiracy in connection with the sale of Provincial Government bonds while he occupied the office of Provincial Treasurer. Major Basher, governor of Toronto jail, and Officer Coburn, of the county sheriff's staff, were in charge of the prisoner. Mrs. Smith accompanied her husband on the train.

MANY AT EAST END BOYS' CLUB OPEN'G

125 Members are Present and Enjoy Interesting Programme.

The East End Boys' Club, of the St. John Playgrounds' Association, opened with a rousing time last evening in the newly renovated hall over the Victoria Skating Rink, City Road. Fresh paint in a rich brown tint, with green wall-covering, had transformed the place into one of comfortable aspect and had a marked effect upon the 125 boys present, it was said by several of the speakers. F. T. Lewis, president of the Playgrounds' Association, was in the chair and spoke with pleasure of the representative assembly of prominent citizens, who had given the club its most successful meeting for many years. This was reiterated by Hon. H. J. Ritchie and W. K. Haley, members of long standing in the Association.

MONEY FOR HEALTH CENTRE

The report of the Altruistic Club of Tens given at the meeting of Loyalist Temple, No. 13, Pythian Sisters, at the meeting of the temple in Temple Hall, Main street, last evening was very gratifying. The club has already accomplished a great amount of work in making garments for the Christmas giving of the temple. Mrs. Myles Saunders, M. E. C., presided and special guests were Past Chief Mrs. Mabel Foster, of Alexandria Temple, No. 12, Grand Manan; Miss James, manager of Harmony Temple, No. 3, Nova Scotia, and Mrs. Emery, of Moulton Temple, No. 14, St. John. The meeting voted to give \$50 to the St. John Health Centre and \$25 to the G. W. V. A. for Pump Day. Arrangements were made to take charge of the enrollment of Red Cross members at two of the drug stores on Monday.

MRS. SMITH TELLS OF WORLD TRAVELS

Women's Canadian Club Hears Interesting Lecture on Many Lands.

In her travelogue, "Here and There Around the World," Mrs. E. Atherton Smith last night provided a rare treat for the large audience which filled to overflowing the spacious lower hall of the Germain Street Baptist Institute. Excelling her past triumphs as a lecturer, Mrs. Smith made the trip so real through her graphic word pictures that all the members of the audience felt that they had made the journey with her, delighting in all its varied experiences and all its wonderful scenes. There was but one regret, the lecturer had to pass with only brief reference many of the wonderful scenes which she had visited. The slides with which the address was illustrated were exceptionally fine and the greater number of them had been taken by Mr. Smith or by some other member of the party.

The very hearty thanks of her audience were extended to Mrs. Smith on the motion of Mrs. Richard Hooper, seconded by Miss Muriel Corkery and presented by Mrs. J. H. Doody, vice-president of the Women's Canadian Club. Two lovely bouquets of beautiful roses were presented to Mrs. Smith by admiring friends at the close of her address and she spoke briefly in acknowledgment of the tributes of words, applause and flowers.

Begins Journey

Mrs. Smith in her travelogue was able to keep her audience always on the alert, eager to know what next she had seen. She described how with her husband she had set forth on the Empress of Canada and sailing from New York in winter had entered on the world cruise which was to carry them a distance of 22,000 miles. Mrs. Smith told of the time spent at Madeira, where the travelers delighted in the profusion of flowers and had all the thrills that go with a two-mile slide down an almost vertical hillside. Gibraltar in the distance had been a disappointment but at close quarters had stood out in all the rugged grandeur which had been imagined. In Algiers the travelers found the ancient and the most modern, rubbing shoulders with each other and had a vision of the Arabian nights in actual fact. Of the Riviera coast the travelers visited, beautiful Monaco, with its famous gambling place which was one of the few depressing sights of the whole journey, saw the romantic situation of the castle of the Prince of Monaco, and the superb highway, the Cornish road to Cannes, and last but not least visited Naples and saw Vesuvius. She showed some very interesting pictures of the ascent of Vesuvius and also of the ruins of Pompeii.

Marlborough Lodge, Sons of England, held its regular meeting last night in Orange Hall, German street, with P. L. Griffin presiding. On the platform with him was District Deputy Brother G. H. Lewis. Plans were discussed by the committee regarding the celebration of Sons of England golden jubilee and four applications were received for membership. Plans were discussed for social evenings to be held during the winter and the visit of sick members will be carried out. About 40 members enjoyed a social hour afterwards singing heartily God Save the King.

There are many points of similarity between the United States and Canada, your nearest and practically your only neighbor. "Your area is 2,630,000 square miles, including Alaska. Ours is 3,730,000 square miles. But your population is 110,000,000, while ours is but 5,800,000. In Canada, we have 40,000 miles of railway; here you have 280,000. Canada produces seven billions wealth annually, you produce ninety billions. The figures may not seem to show similarity, yet on a per capita basis our annual production of wealth is \$795 and yours is \$815. Tribute to C. P. R.

"Canada is a great and productive field, awaiting the hand of the settler," he continued. "We are the second best customer the United States has. We absorb 15 per cent. of your exports to the value of \$600,000,000 a year. The United States exports \$380,000,000 of goods from us each year. There is a great commercial activity and interchange of products now and this is on the increase. With the proposition of making the St. Lawrence navigable and the increasing needs of your people for our foodstuffs, this traffic will increase."

"I pay tribute here to our competing railroad, the Canadian Pacific; so splendidly conceived and so magnificently operated. It is a credit to Canada and to the railroad as an institution. Such competition as there is, is merely in good works and serving the people. Our situation has no part in an American politics. We have nothing to do with the advantages or disadvantages of government ownership here. Our situation is that confronting a railroad built in a new country."

"And our history will be the history of the railroads west of the Mississippi as our country develops. The railroads here make community service their sole end there will be no trouble about the railroad earnings. Canada's sole problem is that of population. If we had 25,000,000 we would have difficulties, but our problems would have disappeared."

CHILD INJURED.

Osborne King, the three-year-old child of W. P. King, 119 Wentworth street, had two of his toes crushed by a street car last evening. The child was running across the street when his mother called him back. When returning he was knocked down by a street car. After being taken to the General Public Hospital in the ambulance it was found that the toes of his right foot were badly injured. The detective department investigated the circumstances surrounding the accident and the opinion expressed was that the driver of the car was not to blame for he had done all he could to avoid the boy.

FAIR IS SUCCESSFUL.

Mrs. Thomas Morrisey, convenor of the fair and supper being held this week by the Women's Society of the Church of the Assumption, West St. John, reported last evening that there were 310 suppers served at St. Patrick's Hall. There was more money taken last evening than on the opening night, although the supper attendance was less, Mrs. Morrisey said. The Assumption orchestra played for the supper hour and during the evening, and will be on hand tonight, when supper will be served. Those winning in the games last evening were John Gallagher, tempers; Rev. Francis E. Walker, team board; Norbet Donovan, bagg.

De Rivera Says Home Affairs Must Wait Morocco Settlement

DICTATOR ASSERTS REFORMS AT HOME WILL REQUIRE TIME

Purification of System is the Government's Object, He Asserts.

AFRICAN AFFAIRS

Spanish Object is to Consolidate Position Against Ribb Rebels.

(Copyright, 1924, by the United Press.) Tetuan, Morocco, Nov. 13.—At 11 am in Morocco to settle the Moroccan problem and I shall remain here until it is settled. Domestic problems must wait. They are for the government at home," said Primo de Rivera, dictator of Spain, in his field headquarters here today. He explained his work against the Ribb rebels, commented on conditions at home, where his government had just been the object of another revolution...

Spain's Morocco Policy. "Spain has no desire to usurp anybody's rights in Morocco," the chief of the directorate said in response to charges that his government had not co-operated with the French and their authorities in the general Moroccan question, "and France and England must realize this."

Conditions at Home. The dictator passed over the internal conditions in Spain with a brief statement. "The press alludes to economic and social reforms," he said, "but it does not remember that all these things take time. Conditions cannot be changed rapidly without causing disruption."

British Elections. The general expressed satisfaction with the outcome of the general election in Great Britain and expected pleasant relations with the new Conservative cabinet headed by Stanley Baldwin.

High School Boys Are Drug Addicts. Twenty, Found in One School, Each Use \$5 Worth Daily. Syracuse, N. Y., Nov. 14.—Use of narcotic drugs in the United States is growing at an alarming rate, and is extending into the public schools, delegates to the annual convention of the New York State conference of charities and corrections were told at the opening sessions here by Frederick A. Walls, commissioner of corrections of New York city.

Canada's Youngest V.C. Becomes a Mason. Most Worshipful Brother W. J. Drope and other grand lodge officers initiated Canada's youngest V. C., Thomas Holmes, into the Masonic Order in Ontario on Armistice Day. The ceremony was held at Ashlar Lodge, No. 610, Byron.

TWO ARE ARRESTED FOR BICYCLE THEFT

Chatham, Nov. 13.—Chief of Police Coughlan has arrested two young boys for stealing two bicycles from the Chatham Grammar School, where they had been left by students. The youths were arrested about nine miles from Chatham, where they had been traced by the officer. They were lodged in the lockup and will appear before Magistrate Gaynor tomorrow morning, charged with theft of the bicycles.

CALLS U. S. COAST DEFENCE OBSOLETE

Chief of Army Engineers Says War Developed Greater Range.

Washington, Nov. 14.—Admission developments during and since the World War have rendered obsolete practically all the coast defences of the United States and its outlying possessions is contained in the annual report of Major Gen. Harry Taylor, Chief of Engineers of the Army. The increased range and power of modern naval artillery are singled out as being responsible for the situation. The latest types of modern naval guns, when mounted for high-angle fire as they are in some of our dreadnaughts, are of greater power and range than the guns upon the installation of which in our coast defences so many millions have been spent. To meet the situation the American Army has begun the development of firing positions for heavy guns of greater range and power than those now in our coast defences, to be mounted on railway equipment so as to render them mobile and moved to points where they would be used for defence against naval attack.

COLONEL HODGINS DIES IN OTTAWA

Ottawa, Nov. 13.—Col. Frederick Owen Hodgins, D.S.O., of the Royal Canadian Engineers, died in a local hospital today following a prolonged illness. Colonel Hodgins was born in the Capital in 1887, and had resided here practically all his life. Upon the outbreak of the war he proceeded overseas with his corps and the following year was transferred to the Canadian Army Corps headquarters. In 1918 he was promoted to the rank of Major, and his rise to that of Lieutenant-Colonel followed soon after.

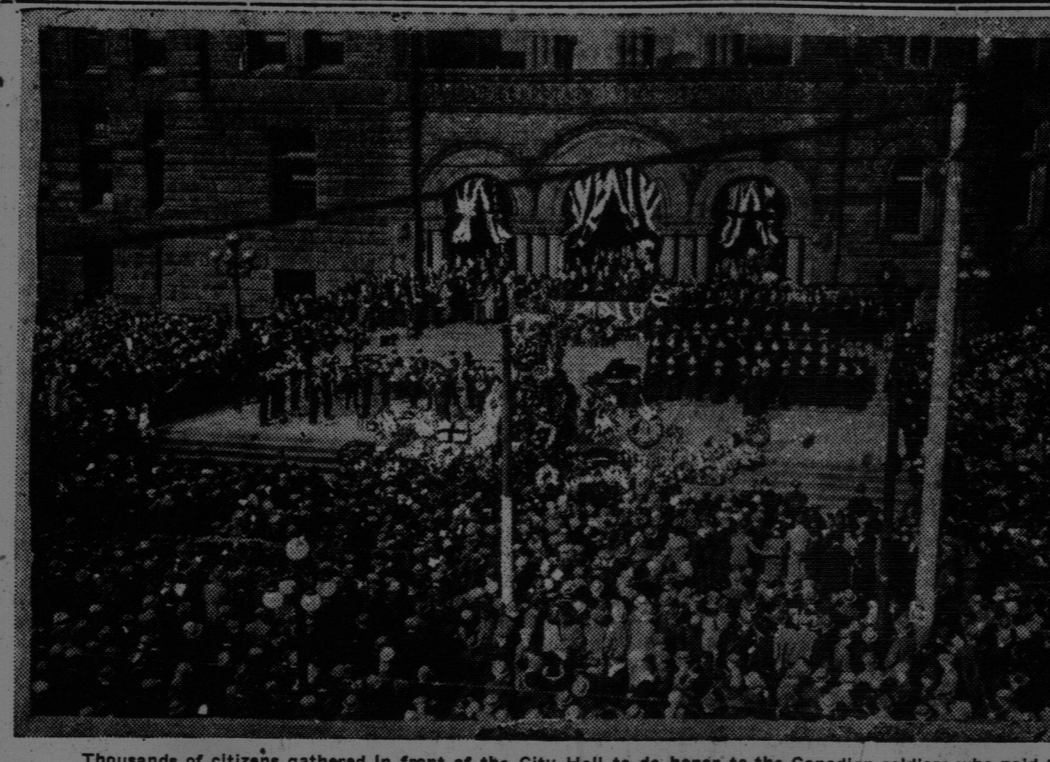

Ontario Woman Suffers Serious Injury—Says She Did Not Hear Train. Oakridge, Ont., Nov. 14.—A miraculous escape from mutilation and instant death, happened on Saturday night, when Mrs. Alice Anderson, age 25, of Oakridge, Scarborough, was caught by the ponderous onrushing Toronto-Montreal C. N. R. fier, hurling her out of its path during a futile attempt of Engineer Robertson to bring his heavy passenger train to a stop. As a result of being struck, Mrs. Anderson lies in the Toronto General Hospital suffering many fractures. The strange part of the affair lies in the fact, that to get on the tracks at the foot of Godin avenue, where the accident happened, the victim had to scale a 50-foot embankment which forms a cul-de-sac to the street.

Police Rendered Aid. The C. N. R. police boarded the fier and were left off in the vicinity of the accident, where a search party scoured the tracks for the victim and it was with much difficulty the authorities located the small frame dwelling of the unknown injured woman whether she had been taken.

Three Boston Tunnels. Although lacking any technical education, McGovern is a born engineer. At least this was the estimate of C. M. Holland, who recently died, a Massachusetts boy from the town of Southport and one of the great engineers of his time. Holland and McGovern were close friends and had been associated together on many difficult engineering problems. Holland conceived and McGovern carried out these projects.

Oakridge, Ont., Nov. 14.—A miraculous escape from mutilation and instant death, happened on Saturday night, when Mrs. Alice Anderson, age 25, of Oakridge, Scarborough, was caught by the ponderous onrushing Toronto-Montreal C. N. R. fier, hurling her out of its path during a futile attempt of Engineer Robertson to bring his heavy passenger train to a stop. As a result of being struck, Mrs. Anderson lies in the Toronto General Hospital suffering many fractures. The strange part of the affair lies in the fact, that to get on the tracks at the foot of Godin avenue, where the accident happened, the victim had to scale a 50-foot embankment which forms a cul-de-sac to the street.

Police Rendered Aid. The C. N. R. police boarded the fier and were left off in the vicinity of the accident, where a search party scoured the tracks for the victim and it was with much difficulty the authorities located the small frame dwelling of the unknown injured woman whether she had been taken.

NEW SEA MONSTER SIGHTED BY CAPTAIN

Pale Green it Was, Six or Seven Feet Long, Two Broad.

New York, Nov. 14.—When the United States liner Heliance, from Hamburg, reached Quarantine her captain, F. L. Iverson, told ship news men of a new and strange sea monster saw when he was out from Hamburg, and which, he was sure, would interest ichthyologists throughout the world. The sea was particularly calm, Capt. Iverson said, and he had an excellent opportunity to inspect the strange monster minutely through his binoculars.

STRANGE ESKIMO TRIBE IS FOUND

Missionary Tells of Encountering Them in Journey Last Year.

St. John's, Nfld., Nov. 14.—The finding of an unfamiliar tribe of Eskimos in Ungava was related by Rev. Samuel M. Stewart, an Anglican clergyman, during a visit to this city on his way to England for a furlough after a quarter-century of missionary work in the great unorganized district north of Quebec Province in Canada. It was at Pond's Inlet, he said, that he encountered the tribe in the course of a journey last year. These people speak a different dialect from the Ungava Eskimos and live by hunting the seal and the white whale. The men have long beards and both men and women wear their hair streaming to their waists.

BOYS AND LEADERS MEETING HERE IN 2 DAY CONFERENCE

Gatherings of Much Importance in Advancing Tuxis Movement. MEANING DEFINED Takes Teen Age Boys To Hold Things to Better Things.

Commencing this evening in the German street Baptist church an Older Boys' conference in connection with the Tuxis movement will be held until Sunday evening. Representatives from St. John, Kings and Queens counties will be present. Among the conference leaders will be Rev. Waldo C. Machin, boys' work secretary and Rev. F. M. Milligan, field secretary of the Presbyterian board of religious education, Secretary Arthur M. Gregg, of the local Y. M. C. A., William T. Denham, of the High School faculty of this city and numerous teachers and workers in boys' organized circles in St. John and vicinity, including clergymen, will attend these meetings some of whom will doubtless make platform addresses or be heard from the floor. The conference will be open to all boys in their fifteenth year or over, who are anxious to make their lives count in useful channels and who desire to enjoy a get-together of boys with similar ambitions, fellows of fellowship, fun, instruction and inspiration. It is surprising, one of the officials told a reporter for The Times-Star, how many boys of this type in St. John and the maritime provinces can boast. It seems as if the kind of lad who has achieved success and honor in the wider world of the Dominion and United States in the past is still being bred in the East here if one were to judge by these conventions held from time to time. On Saturday morning the outstanding feature of the programme will be an address by Rev. Waldo C. Machin on the C. S. E. programme. These initials stand for Canadian Student Efficiency Training. It is a Christian programme for boys from 12 to 18 years of age, following along lines of development of intellect, physical, religious and social activity. The Biblical suggestion for this programme is found in the Gospel according to St. Luke 2:52—"And Jesus increased in wisdom and stature and in favor with God and men."—a reference to Christ as a boy.

R. K. JONES' DEATH BRINGS NATIONAL REGRET MESSAGES

Colonial Secretary and Lord Curzon Among Those Sending Condolences

Woodstock, Nov. 13.—Sadness prevailed today when the body of Randolph Ketchum Jones was laid to rest in the little cemetery of Christ church. The genial and highly esteemed young citizen was paid a last tribute of affection by the entire populace of the town. The funeral cortege was one of the longest seen here in years. The firing party of 25 men were at the head of the long procession followed by the 67th Regiment Band, the body on a gun carriage, drawn by six white horses, the mourners, cadets and citizens. The impressive services of the Anglican Church were conducted at the house and St. Luke's church by the rector, Rev. H. F. Rigg, assisted by several others of the clergy.

The pall-bearers were Allan Turner, Carleton Fisher, John Rankin, Charles Comben, Harris Stairs and Geoffrey Allen, all associates of Mr. Jones. The firing party performed the last sad duty at the grave. During the hours of the funeral business was generally suspended. A wealth of flowers, affectionate remembrances from hosts of friends were placed upon the grave and he rests with every tribute of sorrow and affection that could be paid him by loving relatives and friends.

him over to England. Few boys of his age, but a few months out of college, could do what Randolph Jones did; could start, literally at a day's notice, to take part in the roaring tumult of a great election; could marshal his facts and arrange his material in the broken leisure of a stormy passage of the Atlantic; and could come out before great audiences in England as lightly and as bravely as he had stood before the little debating societies of his university. It was a bold thing to undertake. I know of few boys who would have dared it; and of fewer still who would have carried their daring to achievement. Randolph Jones did it. Returned Smiling.

He returned from the overwhelming rout in which he had carried his honors, smiling and unbeaten. All the hostile votes that ever voted could have knocked no dint in the stuff of which such a boy was made. The successful mark that he made in his brief flight into British political life was due to no accident. It came from the fact that he brought into his political activity the driving power of a single idea—the unity and permanence of the British Empire. To him other plans and policies were subordinate to that and must be measured by that alone. Here alone was the test in what was wise of foolish, good or bad, patriotic and disastrous. It was the ideal of the United Empire Loyalists which animated the descendant; the ideal on which was founded the province from which he sprang; the ideal which must always lie as the bedrock on which our political future is up-bid.

The bright hopes that had surrounded the career of Randolph Jones have been eclipsed in sorrow. The full expectation can never be realized. But this much remains. In the long roll of graduates whose memory honors and animates our university the name of Randolph Ketchum Jones shall find at once a cherished place. It is to be counted among the best, nor is it exaggeration or rhetoric to say that the memory of this boy's eager and earnest life, his winning cheerfulness and his deep faith in his political ideal, will remain as an abiding inspiration to those who sorrow at his death.

STEPHEN LEACOCK.

SENATOR M'DONALD TALKS ON RADIO

Hon. J. A. McDonald, accompanied by Mrs. McDonald and their son, J. D. A. McDonald, and Mrs. Cross, of Amherst, arrived in the city last night by motor, on the last lap of more than a 1,600 mile trip, beginning at Toronto and leading through the United States to New York. One of the most interesting events of the trip to Senator McDonald was the ten or fifteen minutes he was allowed to broadcast a speech from the plant of the General Electric, W.G.Y., at Schenectady, N. Y., on the evening of Nov. 10. The party will leave today for Amherst. His address dealt mainly with the plant at Schenectady, but he devoted considerable time to the international relationship between the United States and Canada. He spoke of the unfortified international line between Canada and the United States and the feeling of good will and friendship which existed between the peoples of these two countries. Two million American tourists visited Canada last year, he said.

BEACH ENJOYS HUNT IN PROVINCE

A communication to Rod and Gun News from Esau Hooker Eaton, of the Canadian Pacific Railway, states that Rex Beach, who was a recent guest of W. G. McIntyre, of St. John, N. B., has returned to his American home well satisfied with his vacation, which was spent in New Brunswick woods, where he enjoyed good woodcock shooting. He generally brought down his bird with the first shot, greatly to the surprise of local hunters. This feat was particularly remarkable, as Beach was hunting with strange dogs. He proposes to come again next year and bring along his own dogs. As he is enthusiastic about New Brunswick's big game as well as game birds, it is anticipated that he will include an excursion for moose during his 1924 stay in that province.

New Life - New Energy!

Constipation banished - Digestion restored - Skin transformed - such is the power of this unique fresh food

THESE remarkable reports are typical of thousands of similar tributes to Fleischmann's Yeast. There is nothing mysterious about its action. It is not a "cure-all," not a medicine in any sense. But when the body is choked with the poisons of constipation—or when its vitality is low so that skin, stomach and general health are affected—this simple, natural food achieves literally amazing results.

Concentrated in every cake of Fleischmann's Yeast are millions of tiny yeast-plants, alive and active. At once they go to work—invigorating the whole system, clearing the skin, aiding digestion, strengthening the intestinal muscles and making them healthy and active. Health is yours once more.

"Over the teacup one afternoon I talked with a girl friend of mine. She looked so fresh and keen about life and being my age but appearing many years younger. I was prompted to put the question, 'How have you preserved your youth and beauty?' 'Fleischmann's Yeast,' was her answer. So I began taking it. In one short year I have been rejuvenated from a chronic invalid to a woman of activities. Today I play baseball, ride bareback and run a quarter of a mile before breakfast."

(Mrs. Anastasia C. Neumann, Oshkosh, Wis.)

"I had been suffering with stomach trouble for two years and was growing worse, being afflicted with constipation for several days, and after being forced to use a severe cathartic, would then have colic and diarrhea. In doubt, I began eating Fleischmann's Yeast between meals. By the end of the first week I began to notice a slight improvement. After establishing regular bowel habits my health and happiness have been steadily repairing the last four months. Fleischmann's Yeast has created a contented wife, a cheerful husband and happy child in our home."

(Mrs. J. B. Russell, 1121 N. 9th St., Marquette, Mich.)

"For forty years I fought the demon Constipation—a losing battle. A pill box was my daily companion. I have taken enough pills to start a drug store. Fourteen months ago in desperation I started the Fleischmann treatment. Don't think you can conquer this demon in a week. I had been pronounced incurable. At the end of eight months—gone my sallow, pasty complexion, gas-laden stomach—cured! Do you wonder that I seem over-enthusiastic?"

(Mr. C. F. Robinson, Chickasha, Okla.)

"I was ordered to eat more but couldn't, lacking both appetite and strength. Life seemed an intolerable burden. I looked—and felt—half dead. Though a bit skeptical I decided to try Yeast. It seemed truly magical, for now—headaches and indigestion, 'that tired feeling,' are all gone and in their place—energy, pep and 'that grand and glorious feeling!'"

(Miss F. M. Green, Philadelphia, Pa.)

"One noon one of my co-workers unwrapped a small yellow package and ate the contents. 'What do you eat that for?' I asked. 'It takes the pimples off your face.' It sounded funny, but I thought anything worth trying if it would relieve me of the skin trouble I had been having. In about a week I felt my old pep coming back and could eat like a 'man' again. The world had given me Fleischmann's Yeast to counteract the 'tearing down' influences of my work."

(Mr. Stuart C. Frazier, of Superior Hotel, Concrete, Wash.)

Dissolve one cake in a glass of water (just hot enough to drink) —before breakfast and at bedtime. Fleischmann's Yeast, when taken this way, is especially effective in overcoming or preventing constipation.

Or eat 2 or 3 cakes a day—spread on bread or crackers—dissolved in fruit juices or milk—or eat it plain.

Fleischmann's Yeast for Health comes only in the tinfoil package—it cannot be purchased in tablet form. All grocers have it. Start eating it today! You can order several cakes at a time, for yeast will keep fresh in a cool dry place for two or three days.

Write us for further information or let us send you a free copy of our latest booklet on Yeast for Health. Address: Health Research Dept. 870, The Fleischmann Company, 208 Simcoe Street, Toronto, Ontario, Canada.

Armistice Festival at Central Baptist Church is a Great Success.

The Armistice festival held in the Central Baptist church last night under the auspices of the Girls' Work Board of the city was one of the most successful gatherings of teenage girls that the board has yet arranged.

Miss Grace Marshall, retiring president of the Girls' Council, presided last night and Mrs. Grey was at the piano playing the accompaniments for the singing which opened the festival programme and for the hymns.

The judges were Mrs. R. G. Fulton, Mrs. S. S. Poole and Miss Jean Sewell. Candy bouquets were presented to the girls of the winning group.

At the close of the evening last night refreshments were served and before the girls left for home Taps were sung.

FRENCH REVENUE FROM TOBACCO SALE LARGER

The sale of tobacco in France during last September yielded 163,209,700 francs and showed an increase in revenue of 5,471,242 francs over the August figures, according to advices received by the Bankers' Trust Company of New York from its French information service.

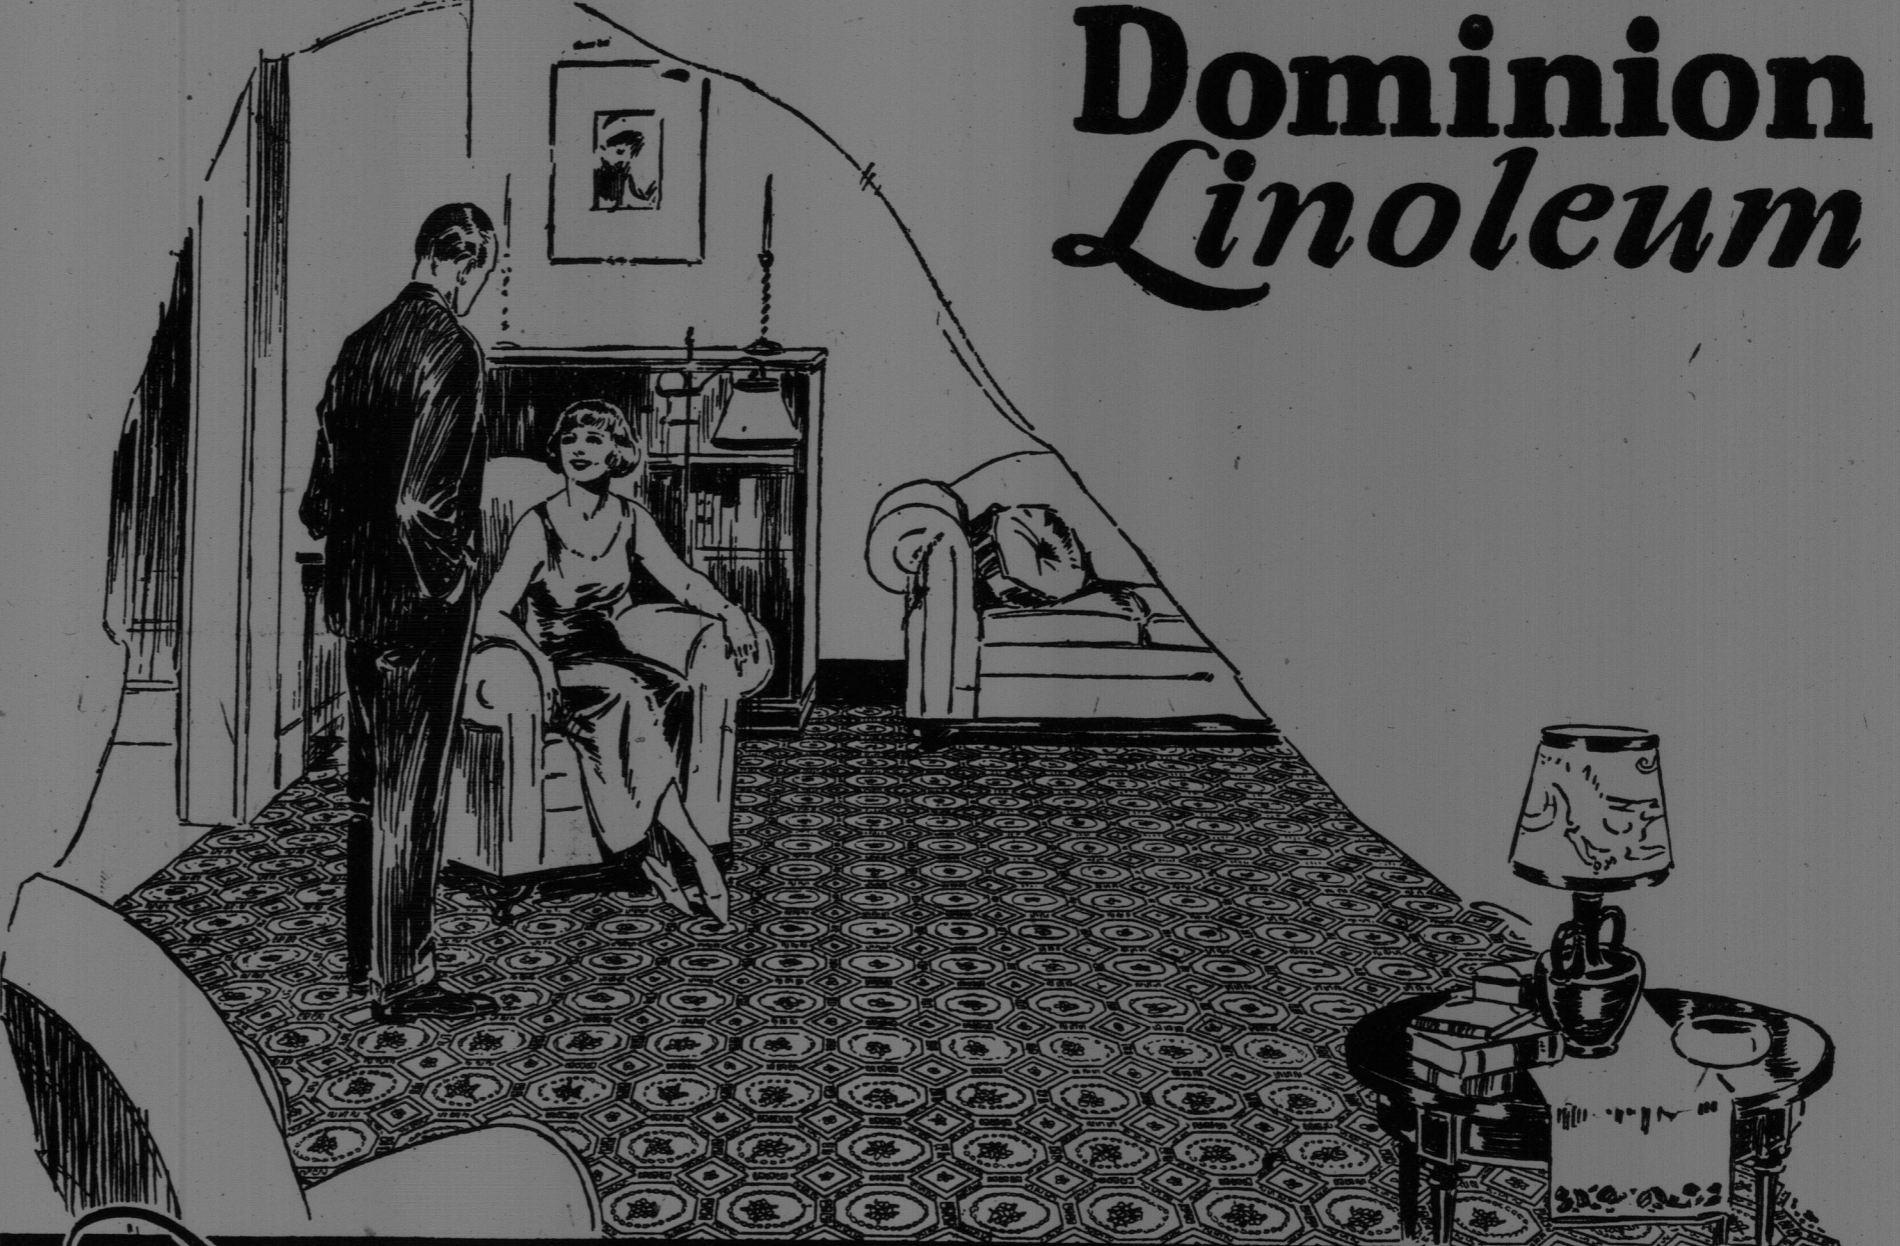

A comparison with last year's sales shows that the government tobacco monopoly during the first nine months of this year has contributed 174,700,900 francs more towards the state budget than it did during the same period in 1923.

Dies In Hospital After His Foot Caught Under House

Yarmouth, Nov. 13.—Peter A. Muise, of Quinan, Yarmouth county, and one of the best known farmers of that part of the county, died at the Yarmouth Hospital late evening following a painful accident. A few days ago Mr. Muise, with several other men, was engaged in moving a house at Quinan and to do so was using rollers. By some means Mr. Muise became entangled in one of the rollers and before he could help himself his right foot and ankle was drawn under the building. It was necessary to jack the house up for a few years served it faithfully as councillor on the Board of the Municipality of Argyle.

REPORT THINGS ARE BRISK AT Y.M.C.A.

Committee Chairmen Give Encouraging Reports— Membership 1,184.

The regular board meeting of the directors of the Y. M. C. A. was held last evening in the association building. S. E. Fisher, president, was in the chair and others present were G. E. Barbour, F. T. Barbour, E. Clinton Brown, R. S. Stephenson, W. H. White, W. R. Pearce, T. E. Simpson, Fred W. Givan, J. E. Angevine, N. Arnold Kee, Paul B. Cross and the general secretary.

The opening devotional period was taken by the general secretary, and was in keeping with the spirit of the world-wide week of prayer, of the Y. M. C. A., which is being held this week.

The reports of the committee for October showed that the month had been a record one in every department, and that the entire work of the association was in excellent condition.

The report of the physical department, presented by Ralph S. Stephenson, chairman, showed that the attendance at gymnasium classes for October had reached a total of 3,206—an increase of 353 over the corresponding month last year. Volley-ball and handball leagues had been organized.

The boys' work committee reported that the boys' work committee reported through its chairman, T. E. Simpson. It mentioned particularly the re-organization of the Hi-Y Club, into a junior and senior section. The Junior Leaders' Club had been re-organized, and was giving effective service. The attendance at the game rooms for October had been 1,391, a daily average of 57.

The religious work committee reported through its chairman, John MacKinnon. The Sunday evening fire-side home hour had been started at the first of November; the attendance was far in excess of any previous record. The boys' morning service, as well as the Bible classes, were all getting underway, with excellent results. It was mentioned that the annual service of the association would be held on Sunday evening next.

N. A. Kee, as chairman of the social committee, reported that the committee had been divided into three sections: Outings, in charge of Forrest Allan; debating, Dodd Tweedie; orchestra, Paul Cross. Special reference was made to the formation of the orchestra, which at present has 14 different instruments. Practices were being held once a week.

Fred W. Givan, as chairman of the membership committee, reported that the total being 1,184. The membership effort being carried on was continuing to show general interest.

W. R. Pearce, chairman of the finance committee, reported that although there was still an accrued liability of \$4,000 the general financial situation was fairly good, and the association was holding its own.

The report of the general secretary

HAGEN AND WALKER TO PLAY FOR TITLE

British and U.S. Golf Champions to Meet for Laurels.

New York, Nov. 14.—After considerable negotiating, Walter Hagen and Cyril Walker have agreed to play a match for the unofficial golf championship of the world.

The match will be at 12 holes, follows the custom in these British champion vs. American champion affairs.

The match will be held in Florida. The date has not yet been positively decided.

According to present prospects the first half of the match will be played in Miami.

The match will bring Hagen and Walker together for the first time since they won the British open and the American open titles.

The match will be the fourth meeting between the holders of the two respective championships.

Last year two matches were played, Gene Sarazen, holder of the P. G. A. championship, defeating Arthur Havers.

Two years ago Sarazen was the American champion at the time, defeated Hagen, winner in the British open.

In the first international match ever played, Barnes, who had won the national open at Washington, defeated Jock Hutchison.

who had captured the British title.

The preliminary bout between Louis Donovan and Mackey Morris is also attracting more than ordinary attention.

The local fans are anxious to see Donovan in his first professional engagement.

Many predict that he will dispose of his opponent in five rounds.

NORMAL SCHOOL WILL PLAY HERE

Will Meet the High School Team—Test Authority of A. A. U.

Fredericton, Nov. 13.—Provincial Normal School rugby team will play the St. John High School team at St. John on Saturday.

The game is to be only an exhibition affair, but it will test the authority of the president of the Maritime branch of the A. A. U. of C.

It was announced today that everything was in readiness for the boxing card in the Arena this evening.

John McIntyre and Jimmie Fruzzetti, who are to meet in the main bout, concluded their training and today were resting up for their ten round go.

Both are said to be in the pink of condition and ready to put up a stellar performance.

There is considerable speculation on the outcome and according to reports Fruzzetti was a favorite in the betting.

The preliminary bout between Louis Donovan and Mackey Morris is also attracting more than ordinary attention.

The local fans are anxious to see Donovan in his first professional engagement.

Many predict that he will dispose of his opponent in five rounds.

The program is expected to prove a popular one.

All schedules must be completed by February 20 so that the play-offs for the maritime championship may be held before the ice disappears.

PLAYERS TO SHARE IN PURCHASE PRICE

Proposal Submitted to Commissioner Landis by Philadelphia Americans.

Chicago, Nov. 14.—Ball players who are sold for fabulous sums will receive part of the purchase price.

The proposal was submitted to Commissioner Landis by the Philadelphia Americans and asks that when a player is sold for \$10,000 or more, the player shall receive 10 per cent of the money involved.

This proposal among others was sent to all major league club owners for their consideration prior to the winter gathering.

Players at present are paid such amounts as the interested clubs decide upon at the time of the transfer.

The New York Yankees have submitted a proposal which would restrict major league clubs to fifty players, exclusive of ineligible or voluntarily retired players.

That number must be reduced between that date and August 31 to 25 players.

JOCKEY KUMMER HAS HAND INJURED

Fingers of His Right Hand Badly Crushed in Automobile Door.

Clarence Kummer, one of America's greatest jockeys, who had his right hand partially crushed in an automobile door in Baltimore recently while returning to New York after riding at the Pimlico track.

He was resting at his home at Hollis Park Gardens on Long Island yesterday.

Clarence was optimistic that his right hand would be saved, although he said his physician was not as hopeful.

The latter will make a thorough examination of the injury to determine if an operation will be necessary.

Kummer was summoned home because of the arrival of an addition to his family.

He said that both mother and daughter were doing finely.

J. K. L. ROSS HEADS CANADIAN WINNERS

Montreal Magnate Earned \$93,695 During 1924 Racing Season.

All elements considered, Canadian racing made a cheerful exhibit this year, showing a decided gain in total distribution over the corresponding record of last year.

The Canadian racing bodies are standing up to this onerous condition manfully and carry on anyhow, like true sons of Great Britain.

They have been able to do and make ends meet in the high standard of values characterizing the stake race offerings.

The group of tracks depending on Detroit for patronage, Windsor, Keilworth and Devonshire, are reported to have experienced something of a falling off from preceding years in the matter of attendance.

This has not been officially confirmed. The racing at all three was of the most attractive character and deserving of overflowing success.

It is worth noting that the racing over the far northwestern tracks of British Columbia was unusually popular and well patronized.

Especially at Vancouver. Of course, promoters there have no such dense population to rely on as those of eastern Canada.

A set-off to this is that nothing near the rate of taxation is levied on their receipts as that exacted from the Ontario racing organizations.

The following is a list of the largest owners: Amount. Seagram Stable, 68,100; Kenton Stable, 67,000; Bostwick, A. C., 48,133; Alexander, Mrs. A. E., 30,720; Cain, W. J., 28,873; Campbell, W. G., 24,745; Hart, H. S., 23,735; Whitney, E. F., 21,715.

BERT SCHNEIDER AWARDED DECISION

The Canadian Welterweight Champion More Aggressive Than Opponent.

The Chrystal Athletic Association that over an excellent card for the fans at the Hippodrome, Youngstown, recently.

In the feature bout Bert Schneider, Canadian welterweight champion, was awarded the judges' decision over Jimmy Finley, of New York, in a 10-round bout.

The decision was popular with the fighters. Schneider caught Finley with several punches flush on the jaw and in the sixth round had Finley in a bad way.

Schneider also excelled at lightning. Schneider forced the fighting and this is what probably counted most in his favor.

Finley went down to the canvas in the seventh and was also warned by the referee for using his head in the clinches.

The bout was said to be one of the best ever seen in that city. Not a minute was wasted by the fighters. Both were cut up about the head from hard blows.

M'LEAN MAY JOIN THE BOSTON CLUB

Said Hub Management is Anxious to Secure His Services.

If there is a slipup in arrangements with Manager Lalonde, it is believed here that McLean will finally land with the Boston Club in the National Hockey League.

He formerly played hockey in Boston and various amateur clubs there before he joined the Montreal Canadiens in the seventh and was also warned by the referee for using his head in the clinches.

WALTER JOHNSON TO PURCHASE CLUB

Is Expected to Purchase the Oakland Club of Coast League.

Seattle, Nov. 14.—J. Cal Ewing, owner of the Oakland club, here attending the annual meeting of the Pacific Coast Baseball League, announced that Walter Johnson, Washington American league pitcher, had practically completed arrangements to purchase the Oakland club of the coast league.

Johnson, veteran hurler, and hero of the deciding game of the last series for the world's championship, had agreed to buy, it was explained, if assured that no competitor other than the San Francisco club of the league should be allowed in the Oakland San Francisco territory.

This assurance was understood to have been given by a resolution passed which Ewing offered and for which Oakland, Portland, Seattle, Los Angeles and Salt Lake City voted, reserving a provision of the constitution of the league that a franchise cannot be revoked except by unanimous consent of the directors of the league.

JOE MOORE WINS NEW YORK RACE

Joe Moore, of the Iceland team, international indoor champion, scored his first victory of the season at New York Wednesday night in the feature race at the 181st Street Ice Palace.

Competing in a Class A one-mile handicap, the local speed king, starting off scratch, won in 23 seconds.

He caught the field at the third quarter mark and raced home first, ahead of Eddie Steidler, of the Colonial S. C., and Eddie Meyers, of Iceland, who had 45 and 15 yards respectively.

Miss Edie Muller, of Iceland, starting from scratch, won the half-mile handicap for girls in 1:50.

Miss Caroline Breiter, of the Women's Skating Association, off the 55-yard mark, was second, and Miss Dot Jackson, of Iceland, was third.

RUM FLEETS' END SOON, IS PREDICTED

October Operations are Basis for Statement From U. S. Treasury.

Washington, Nov. 14.—The administration is making every effort within the means at its command to break up the rum fleets stationed off American shores, and believes that it can end the "national disgrace," the treasury announced in a formal statement embodying a report by the Coast Guard covering operations in October.

The statement pointed out that there was an increase in the number of seizures of rum-running boats last month, and added that the Coast Guard was making satisfactory progress in combating the liquor fleets.

"The administration is determined," the treasury statement said, "to make every effort with the material it has to combat and, if possible, to break up the rum fleets which have become a national disgrace off our coasts.

Announcing a large increase in the number of seizures, the statement said that seven ships that had been acting as supply ships for the liquor fleet had been captured under the authority of the treaties ratified by the last Congress.

One of the largest seizures made during the month, the statement added, "was that of the Norwegian steamer Sagaland, with 38,000 cases of whisky aboard."

N. B. GIRL IS FREED ON THEFT CHARGE Montreal, Nov. 13.—Hazel Jefferson, said to be of New Brunswick and Chicago, and Paul Logan, who were to appear this morning for enquete in a mail robbery case of last August when four armed men made away with a mail bag containing \$35,000 in cash and securities from a mail wagon in St. James street, were honorably discharged by Judge Perrault today after Crown Prosecutor Calder declared them innocent of the charges against them, saying at the same time that the Crown could err sometimes.

Arthur Archambault, 28, arrested last night in the general post office while sorting mail, alleged to be the "inside man" in the case, and six others charged in connection with the robbery, appeared before Judge Perrault, pleaded not guilty and were remanded for preliminary hearing until Nov. 21.

BAPTIST CHURCH IS ORGANIZED IN EAST ST. JOHN

Thirty-eight Charter Members Form Edith Avenue Organization.

Last evening was a memorable one for the Baptists of East St. John. Organization of the Edith Avenue United Baptist church was effected. The new organization starts out with a charter list of 38 members and bright prospects. Felicitations from the Baptist congregations of the city were extended by the pastors of the churches.

The meeting was held in the Edith Avenue hall, East St. John. Rev. I. R. Colwell, acting pastor of the congregation, was in the chair and announced the purpose of the meeting. Rev. E. R. MacWilliam led in prayer and A. J. Parker sang a solo. Rev. A. L. Telford was chosen clerk of the meeting. Rev. Mr. Colwell read the letters of dismission of the members from other Baptist churches to unite in forming the new church. In all, several of whom were joining the organization on experience. He then proceeded to read the articles of faith and order of the Baptist church and the church covenant to which all assented. With unanimity, a motion was carried to complete the organization, the name to be known as the Edith Avenue United Baptist church. The meeting appointed five of their number as deacons—Messrs. A. J. Parker, H. B. Franklin, C. E. Logan, W. J. Wood and D. R. Lewis.

Ralph L. Fulton was elected clerk, C. E. Logan, treasurer, and G. G. Vincent, financial secretary. The finance committee chosen is composed of Mrs. E. P. Cliff, Mrs. O. J. Lawson, R. A. Kirkpatrick, George Tennant, the financial secretary and treasurer. A committee was appointed to draft a constitution to guide in carrying on the work.

The organization completed, the members formed into a circle and Rev. Mr. Colwell in very fitting words extended a welcome and gave the hand of fellowship to all, who thereafter joined hands and sang, "Bless Be Thee That Binds".

Brief messages of greeting from other churches represented were given by the pastors, who feelingly voiced their good wishes for the success of the new work, and bidding them God speed. The speakers were: Rev. R. O. Morse, editor of the Maritime Baptist; Rev. E. R. MacWilliam, Waterloo street Baptist; Rev. C. T. Clark, Fairville; Rev. G. B. Macdonald, Victoria street; Rev. Dr. S. S. Poole, German street; Rev. Dr. C. R. Freeman, Charlotte street, West End; and Rev. A. Lawson, Henderson, of the Tabernacle. The meeting closed with the singing of the Doxology and benediction.

The First Members.

The charter members are: A. J. Parker, H. B. Franklin, C. E. Logan, W. J. Wood, D. R. Lewis, R. A. Kirkpatrick, Mrs. R. A. Kirkpatrick, Mrs. O. Lawson, Mrs. R. W. Chelley, Mr. and Mrs. Gilbert, Mrs. E. P. Cliff, Mrs. Reid Lewis, Mrs. J. Davidson, Mrs. J. H. McKennie, Mr. and Mrs. George Tennant, Mrs. W. J. Wood, Mrs. Delbert Lewis, Mrs. Benjah Parker, Mrs. Thomas Henderson, Mr. and Mrs. Henry Chandler, Mrs. Donald Downs, Mrs. Harry B. Franklin, Edna Franklin, Mrs. A. J. Parker, Miss Eleanor Burditt, Mrs. George Logan, Mrs. Harris Allan, Ralph Fulton, Mrs. J. B. Culley, R. G. Prinsell, H. W. Allan, Mrs. Althea Brown, Mrs. P. B. Lacey, Rev. and Mrs. I. B. Colwell.

DR. E. A. WESTRUP HEADS LOCAL ELKS

Election and Installation Last Evening—Membership Had Spurt.

A meeting of St. John Lodge, No. 70, E. P. O. E., held last evening in their hall, Queen Square, was attended by a large number of the members, so many that some found it hard to secure accommodation in the lodge room. Officers for the year were elected and installed. It was decided to hold several open nights during the winter and to secure a larger hall for the regular meetings of the lodge, the present hall having been outgrown. The report of the secretary showed that 100 members had been added in the last six months and the finances were in good shape. A pleasing feature was the presentation of a past exalted ruler's jewel to John A. Sinclair, the retiring exalted ruler.

The officers were installed by John A. Sinclair as follows: Exalted Ruler, E. Arthur Westrup; leading knight, Budlight Faraday; lecturing knight, Vince MacGillivray; loyal knight, John J. Murray; treasurer, Stanley Hargreaves; secretary, John Burgoyne; assistant secretary, L. Boyaner; equires, Stanley Taylor; chaplain, William Denham; inner guard, Robert Harris; outer guard, H. Levers.

CASE IS ENDED.

Arnold Hanson, who was charged with assaulting his father, Hator Hanson, in his home in West St. John, was this morning released. Magistrate Henderson announced that the father had no desire to press the charge and wanted only peace and harmony in his home. Magistrate Henderson remarked that it was a terrible thing for a son to lift his hands to his parents and said that in ancient times severe punishment was meted out to such offenders. He informed the defendant that he could go if he would promise to keep the peace in his home. The promise was readily given and the young man departed with his mother.

IS FINED \$200.

James LeClair was fined \$200 in the police court this morning on a charge of having liquor for sale in his beer shop in Main street. William M. Ryan appeared for the prosecution.

FINED IN SPEED CASE.

John Holly of Rothesay appeared before Stipendiary Magistrate Allingham in the Fairville police court last evening and pleaded guilty to operating his automobile at an excessive rate of speed in Rothesay avenue on Thanksgiving Day. He was fined \$10. Provincial Constable Robert Crawford made the charge against the defendant.

ASKS MORE FUNDS.

The regular meeting of the Civic Power Commission is to be held this afternoon at 4 o'clock. Among the matters to come up are a recommendation from the engineer that some more poles be purchased and that the city council be requested to provide more funds for the construction account.

MASONS HONOR MEMBER.

The members of New Brunswick Lodge, No. 22, F. and A. M., at the regular meeting of the lodge last evening made John Wilson, who has been a member of this lodge for more than 50 years, an honorary member for life, with full privileges. Robert G. Carson, worshipful master, was in charge of the ceremonies. The second degree work was exemplified last night.

RELEASE ORDER GIVEN.

Magistrate Henderson announced in the police court this morning that he had notified the authorities in the county jail that they could release Leo Walsh, who was taken into custody recently on a charge of stealing a bushel of oats from his brother, George E. Walsh. He explained that his brother had informed him that he had no desire to press the charge but wanted the defendant to keep away from his home.

CARD PARTY SUCCESSFUL.

More than 400 were in attendance last evening at a card social held in the latter part of the hall in Douglas avenue under the auspices of the Catholic Women's League. The prize winners were as follows: Men's list—Mr. W. J. Wood; women's list—Mrs. E. P. Cliff; consolation, M. Kane. Ladies' list—Miss Ella Martin; 2nd Miss Ethel Callaghan; consolation, Miss M. Graham. Refreshments were served.

WEDDING ANNIVERSARY.

Mr. and Mrs. J. Edw. Long of Prince street, West St. John, received a pleasant surprise, when friends called at their home last evening and tendered them a household shower in honor of the twenty-fifth anniversary of their wedding. The evening was pleasantly spent with music, games and amusements. Refreshments were served, and the guests departed after wishing the bride and groom of 25 years many more happy years to come.

THEIR SEASON ENDING.

The steamer Premier, which plies between Indian town and Chipman on the Grand Lake route will make her last trip of the season tomorrow. She will return to Indian town Monday and will then go into winter quarters. Last season she made her final trip down river on November 19. The steamer Hampton will make her last trip of the season to Belleisle tomorrow. On her return Monday she may be placed on the Indian town-Wickham route or else will tie up for the winter season.

ENTERTAINED AT BRIDGE.

Mr. and Mrs. C. H. Wiley, 177 Metcalf, entertained at five tables of bridge last evening at their home. The first prizes were won by Mr. and Mrs. O. F. Dykesman while consolation prizes went to Mrs. E. H. Belyea and W. Cunningham. Refreshments were served by the hostess, assisted by Mrs. F. W. Dykesman and Miss Margaret George Scott who was pianist for the evening's musical programme. The rooms were tastefully decorated, yellow caryatidus and relief carvings in silver holders being used with excellent effect.

O'DELL GUILTY, IS FINDING, DUGAN IS DISMISSED

Theft Case in County Court Pearce Freed in Another Case.

One defendant was acquitted and the other found guilty in the County Court this morning. His Honor Judge Barry presiding in the case against George Dugan and James O'Dell, charged on two counts with the theft of a horse and pig from the Mackay Lumber Company camp at Black River and \$80 from James Conway.

At the close of the case for the prosecution, E. J. Henchery, appearing for the defendants, moved to have the charges against Dugan dismissed and the motion was granted. O'Dell was found guilty on both counts and was remanded for sentence. The case was tried under the Speedy Trials Act. W. M. Ryan appeared for the Crown, and E. J. Henchery and P. C. Quinn for the accused.

Another Freed. Judge Barry delivered judgment in the case of Fred Pearce, tried under the Speedy Trials Act recently, on a charge of stealing \$250. The accused was found not guilty and ordered discharged from custody. E. J. Henchery appeared for the defendant.

SUIT IN LIBEL ACTION COMES UP HERE ON MONDAY

Driscoll vs. Farris Brings Imposing Array of Counsel to Court.

Considerable interest will centre on the proceedings in the Circuit Court on next Monday when the case of J. Harry Driscoll, druggist, vs. Dr. H. A. Farris, superintendent of the St. John County Hospital—an action for alleged libel—will open before the court. Justice Crockett and a special jury. This case arose out of an article purported to have been written by Dr. Farris and published in The Beacon, a magazine published in connection with the hospital work.

In this article certain statements in connection with a medicine put on the market by the plaintiff for the treatment of tuberculosis are alleged to be libellous.

An imposing array of legal talent has been engaged to carry on the case. William M. Ryan has been retained as solicitor by the plaintiff, and has associated with him as counsel Hon. William Pugsley, K. C., and W. C. Wallace, K. C., while the defendant's interests will be taken care of by H. A. Powell, K. C. and Dr. J. B. M. Baxter, K. C. Interest will no doubt be heightened by the appearance in court of Hon. Dr. Pugsley, who through political and gubernatorial duties for some years has not been practising in the courts as actively as formerly. It is understood that considerable expert testimony will be given at the trial.

BUSTLE OF WINTER PORT WILL BEGIN WITHIN 2 WEEKS

Freighter Due Nov. 24—C. P. R. to Have 37 Passenger Sailings.

In less than two weeks activities at this port will be no doubt for the winter season. On Nov. 24 the C. P. R. freighter Berwyn is due to arrive here from Demerara, Trinidad and Bermuda with general cargo. She is the first C. P. R. liner scheduled to reach this port to inaugurate the winter sailings. The first passenger liner due here is the Montclare, which, according to schedule, was due to reach Liverpool today and, after discharging cargo, was to load for this port. She is expected to arrive here on Nov. 29 as she is scheduled to sail from Liverpool on Nov. 22.

The C. P. R. have 37 passenger sailings from this port during the season opening at St. John. The vessels are the Furness Line freighter Arriano, from London, and the Manchester Line freighter Manchester (Division, from Manchester). They will arrive here before the end of this month and will be among the first winter port steamers of the season.
