HOFFMANN MUST PAY FOR CRIME

Twenty Years to Life in Sing Sing for Second Degree Murder.

COLLAPSES IN DOCK

Rallies and Shrieks at District Attorney in Sensational Scene.

(Canadian Press.)

New York, N. Y., May 29.—Harry Hoffmann, charged with the slaying of Mrs. Maud A. Bauer on a lonely Staten Island road, was found guilty of murder in the second degree by a jury this morning.

Hoffmann on his way from the court room to the prison was passed within a few feet of District Attorney Pugh and shrieked at him.

"Now you and your lying witnesses can divide up your reward. I am innocent and you know it."

He suffered an emotional collapse in his cell and cried aloud.

The conviction of Hoffmann, a motion picture operator, married, and the father of two children, was the climax of one of Staten Island's most sensational murder cases.

It had its inception late on the afternoon of last March 28, when the body of pretty Mrs. Maud Bauer, young mother of two daughters, was found by the side of a lonely Staten Island road.

She had been shot, beaten and strangled, and there was evidence that she had successfully fought an assassin.

Witnesses were found who told of having seen Mrs. Bauer driving her mother and daughter in her car.

It was on the morning of the murder that she was seen driving her car on a lonely road when she had sworn to avoid collision with a truck.

For more than a week the police pursued the search, which ended in the arrest of Hoffmann, who fitted the description of the man sought.

From the first he stoutly maintained his innocence, and a fellow motion picture operator, Ray Parker, told the police Hoffmann had been with him in the projection room of a theatre at the time Mrs. Bauer was murdered.

But the police had learned that Hoffmann, three days after the murder, had sent to his brother a gun of the calibre of the automatic pistol with which Mrs. Bauer had been shot.

They also found a bullet hole in the upholstery of his motor car, a couple identical to that described by those who had seen the mystery motor-car.

There were other suspicious circumstances.

Parker, a few days later, repudiated the alibi he had offered for Hoffmann, declaring his fellow operator had asked him to "frame" it as he feared the police would arrest him for the Bauer murder.

The most damning testimony was that of Barbara Patis, 15-year-old school girl, who identified Hoffmann as the man who had offered Mrs. Bauer a "lift," and by a firearms expert who declared that only bullets from Hoffmann's gun could have caused the death of Mrs. Bauer.

GRANT HALL GIVES ADDRESS ON C. P. R.

Company, He Tells Montreal Audience, Represents Capitalization of Billion.

Montreal, May 29.—Something of the trials of the early days of the C. P. R., notably as regards financing in the eighties, was told by Grant Hall, vice-president of the company, at a luncheon of the Business Men's Council of the Federation of Jewish Philanthropies at the Montefiore Club on Tuesday night.

Mr. Hall said that today the mileage owned, controlled, and leased was 20,000 miles, with 2,500 locomotives and nearly 8,000 passenger cars, and fleets crossing the lakes and oceans.

The C. P. R. represented a billion dollars of capitalization, and that had to be paid for, and the officers and all the employees of the company, realized that while the public must pay it was also true that the only justification for the service it was giving. Unless there was the service, nothing could be asked, but if there was service, the company was entitled to the support of the business community.

Some of the projects which had been carried out by the company in the last five years, had been the building of heavy bridges and rails, which had absorbed \$16,000,000, and the ballasting of track with broken stone so as to do away with the dust nuisance.

Mr. Hall paid a tribute to the loyalty of the company, and to the employees, and laughingly said, he would have to be forgiven for speaking so much of his own road, since he was like most of the other employees entirely bound up to it.

During his long experience as a railway man, said Mr. Hall, he had never known of an employee on any railway who did not make the safety of the passengers his first consideration. The second consideration was the company's property, and the last was himself.

Not only did Dr. McCarthy have an enviable record in his chosen profession but made a name for himself in military ranks during the Great War. He joined the 8th Field Ambulance in 1916 and was one of the first to be sent overseas in charge of a draft from that unit, which was later changed to the 16th Field Ambulance C. E. F. The unit was under the command of Lieut.-Colonel G. G. Corbet.

On his arrival in England Captain McCarthy was a member of the 16th Field Ambulance, and on the breaking up of the 16th division, of which this unit was connected, he proceeded to France and joined the 2nd Field Ambulance. While attached to military service, and later became a medical officer of the 5th battalion remaining with that unit until the fall of 1918.

During his military service, and later became a medical officer of the 5th battalion remaining with that unit until the fall of 1918.

DR. J. A. MCCARTHY DIED THIS MORNING

Young Physician Had Fine Record in War and at Home.

Dr. John A. McCarthy died this morning in the General Public Hospital, and St. John lost one of its brightest young physicians; one who endeared himself to the public at large; who was making rapid strides in his profession, and who by his genial character won scores of friends.

His death came as a blow not only to his relatives and friends but to citizens in every walk of life.

The tributes, which flowed from the lips of his fellow practitioners throughout the city spoke volumes for the high esteem in which he was held, not only because of his ability but because of his personality. The medical profession, all agree, has lost much as a result of his death.

Was Through War. Not only did Dr. McCarthy have an enviable record in his chosen profession but made a name for himself in military ranks during the Great War.

He joined the 8th Field Ambulance in 1916 and was one of the first to be sent overseas in charge of a draft from that unit, which was later changed to the 16th Field Ambulance C. E. F. The unit was under the command of Lieut.-Colonel G. G. Corbet.

On his arrival in England Captain McCarthy was a member of the 16th Field Ambulance, and on the breaking up of the 16th division, of which this unit was connected, he proceeded to France and joined the 2nd Field Ambulance.

While attached to military service, and later became a medical officer of the 5th battalion remaining with that unit until the fall of 1918.

TORONTO COMPANY GETS MABOU COAL

Atlantic Coast Collieries Limited Concludes Deal and Will Develop Area.

Halifax, N. S., May 29.—Atlantic Coast Collieries, Limited, recently organized in Toronto and incorporated under the laws of Nova Scotia, yesterday consummated a deal whereby the coal mining properties situated at Mabou, Inverness County, pass to them for operation.

The transfer from the lease holders, of whom James Stewart and J. T. Cummings of New Glasgow were the principals, was completed by J. A. MacKenzie, of Toronto, Limited, of Toronto. The plans at present, as understood, are to have the area placed under extensive development, a new shaft sunk, and railways, of which there are about seven miles included in the transfer, repaired and extended, and connections made with the Inverness Railway; shipping terminals restored, and the entire property brought up to modern standards of coal mining, with the production of a minimum of 3,000 tons a day. The purchase price was not given out, but it is understood that the deal was put through by a cash basis involving the payment of a very considerable sum.

Not only did Dr. McCarthy have an enviable record in his chosen profession but made a name for himself in military ranks during the Great War.

"Gumption"—A Quality You Lack?

In the heart of every human being there is the desire for home ownership. This instinctive desire is handed down from the days in which the early settlers built their own cabins under the bright, blue skies of the New World.

How much easier it is in these later days to become the owner of a substantial house and garden. All sorts of helping hands are extended to you—there are organizations whose only purpose is to finance you and to aid you in owning a home of your own.

All that is needed, is "gumption"—will you admit that you lack this quality?

Gumption is an American characteristic—even though it is not universal. Those who have not gumption usually are referred to as "gumps."

Don't be a "gump"—get some gumption and fulfill your heart's desire. Consult the advertising columns of The Times-Star and decide to own a home of your own.

The Times-Star prints each day the best listings of the leading real estate firms of St. John.

Mr. J. St. Germain Suffered from Rheumatism and Found Relief in Dodd's Kidney Pills.

Lacordaire, Sask., May 28.—(Special)—"I feel glad to say that Dodd's Kidney Pills are the best I have ever used. I was in pretty bad condition before I took your pills. I was weak in the kidneys and in bad shape with rheumatism. At present I am very well. I have recommended Dodd's Kidney Pills to my neighbors and they all claim that they are the best kidney remedy that can be bought. I only took four boxes and now I can work hard and always feel so good."

This statement comes from Mr. J. St. Germain, well known resident of this place. There is no reason why anyone should continue to suffer when Dodd's Kidney Pills can be obtained from druggists everywhere, or The Dodd's Medicine Co., Ltd., Toronto.

A TRIUMPHIN SALE

Since our doors opened Wednesday afternoon we have been crowded to utmost capacity with eager shoppers. All afternoon and evening hundreds of thrifty buyers thronged the store taking full advantage of the unprecedented values offered in our bins and racks. Time after time the bins had to be replenished only to be quickly emptied again. A score of times we were forced to lock our doors to prevent the store becoming overcrowded, and as fast as satisfied customers left newcomers took their places, joyfully entering into the carnival of bargains. Thousands of dollars worth of high grade footwear is being sacrificed. This greatest of all sales continues with unabated energy. Fresh stock is being placed in the bins and disposed of but thousands of dollars worth remains on our shelves. This great sale will continue ten days only. Your chance has come to buy only.

He laughed at Kellogg's Bran!

Now read this letter of thanks from Mr. Kane. It speaks for itself. Remember, it is because Kellogg's Bran is ALL bran that it was so effective in his case—just as it has been in thousands of others. Only ALL bran can produce 100 per cent results.

My dear friends:
Imagine a young man weighing 165 pounds in the course of a few months parked in bed, a weakling weighing 94 pounds. An elderly lady whom I knew since I was a kid told me what she thought was a last visit. Upon being told of my plight she immediately mentioned your product for such an ailment. Maybe some of us didn't look upon her views very lightly . . . it was to laugh!
My dear friend, I am still laughing . . . not at your product, but because I am able to, am telling you and the world at large, "Eat Kellogg's Krumbled Bran!" It should be called "Constipation's worst enemy." Give you my heartfelt gratitude. I can talk, and whenever the opportunity presents itself, my motto is always full of bran—Kellogg's Krumbled. Wishing you countless days of progress. I am
Yours for success,
John M. Kane,
(Address on Request)

JAPAN PROTESTS.

Japan is sending to Washington a protest, which will no doubt be a vigorous one, following President Coolidge's action in signing the Japanese exclusion bill.

The American President has explained in very polite and friendly language why he signed the measure excluding Japanese nationals.

If government inspection of banks is introduced there will arise in some quarters a demand that the Government undertake to guarantee deposits and shareholders against loss.

Thus the President goes as far as he can to soften the blow by words. But to Japan the words are of little comfort.

THE MARITIME AND REDISTRIBUTION.

In discussing redistribution and the proposal that there shall be an "irreducible minimum" for the Maritime Provinces, the Toronto Globe says that until such minimum has been exactly defined it will be difficult to debate it fairly.

"There are cases not far from London where young men left the farm for Detroit. They could not be blamed, because they were sure they could make more money.

Speaking of civic automobiles, there is an argument most of the time in many cities as to whether or not more are bought than are really needed.

THE GOVERNMENT AND THE BANKS.

On the authority of Hon. Mr. Robb, acting Minister of Finance, it is announced that the Government has decided that there should be some system of inspection of banks under the Dominion Department of Finance.

It does not appear that the Government has yet made up its mind as to the nature of this proposed inspection in detail, but evidently it is working out the scheme, and the proposals, which are to be submitted to the banking and commerce committee of the House in the near future, will be examined with a great deal of interest in and out of Parliament.

It is a marvelous lesson in adaptation. The modernization of Japan has been complete, and has been accomplished in the short space of two generations.

COMING BACK.

In many parts of Canada warnings are being issued by the newspapers and by public men that Canadians who go to the United States without being sure concerning the conditions there to encounter are likely to meet loss and disappointment.

"Young men who left Western Ontario for Detroit and other United States points are moving in the opposite direction. The reason why they left Ontario was that work was plentiful and wages good in the United States.

"There are cases not far from London where young men left the farm for Detroit. They could not be blamed, because they were sure they could make more money.

"The tide has turned in the opposite direction. Canadians are coming home, and Canada today is fundamentally in better shape than the United States."

All this is endorsed by the Halifax Chronicle as undoubtedly true, and the Chronicle adds that a traveller who returned to Nova Scotia recently after spending three months in New England said that "everywhere he went, in all the manufacturing towns, he found plants closing down and men out of work."

In power, the garage of the Harbor Commission is to be closed and its eleven automobiles are to be sold. There was a staff of twelve in the garage, which is now being reduced to two.

JAPAN'S RISE TO POWER.

In another section of today's Times is an article describing Commodore Perry's reception in Japan just seventy years ago. The story is of unusual interest at present, not only on account of the light that it throws on Japan's policy of isolation which had led her for so many centuries to exclude all foreigners.

Most of the growth of Japan is due to the paternalistic wisdom of her leaders in the first half century of her new contacts. The picked the best of their young men and sent them abroad to study.

Not were they slow to discover the principle that control of the sea is essential to an island kingdom that wishes to become a world power. Hence with a speed that equalled the sudden transformation of Rome from a land to a great sea power during the First Punic War, two and a half centuries before the birth of Christ, the Japanese began to build a navy, until today in some respects they have outstripped even our own.

You wouldn't! NO indeed, you wouldn't stand for this! even your own privileged children would feel the weight of the parental hand if they indulged in this sort of play.

But, man, there are other imps doing greater damage than this to homes every day. You cannot scold them or whip them nor even catch them at it. The ringleaders are called Rot, Rust, Decay, Neglect. They are the imps of destruction.

Paint and Varnish alone will keep them away. Now is the time to take precautions. Now is the time to protect your home if you would preserve it.

EVERY real boy or girl who hasn't a bicycle wants one.

If your boy hasn't one he must feel pretty blue to be left behind when his chums ride gayly off to a picnic, or to play ball on the commons a mile or so away, or for a jaunt in the country with the Boy Scouts.

Far better for him to be out riding than loitering on a street corner.

Cycling is one of the cleanest of sports and healthiest of exercises. The pleasure and benefits your boy will receive from riding with the Scouts, or with any of the other organizations active in promoting a standard of clean, manly boyhood in Canada, will repay, many times over, the small cost of a C.C.M. accommodation for what extra quarters were desired, Mr. Wilson said.

To Have Cupola. The plans for the restoration which Mr. Wilson has prepared call for the preservation of the exterior exactly as it was at the time of the fire five years ago, with the exception that provision is made for a small cupola to give access to the flag staff on the roof.

The lack of a cupola had proved an inconvenience in other years as to reach the flagstaff it was necessary to get out through a hatch and straddle the ridge.

The exterior of the building would be cleaned by sand blasting and where needed the masonry would be pointed up and renewed. Mr. Wilson said that the masonry was in good condition and the walls of stone were in general two feet thick, built as strongly as masons knew how to build in the early days.

His plans call for a roof of the original pitch but covered with copper. The original roof was of slate set in mortar and later a roofing of galvanized iron was put on.

Accommodations. The accommodation which the court house provided and would provide when restored is as follows:

On the ground floor, a large entrance hall with a council chamber to the south and a smaller council chamber in the northeast corner, two toilets and a store room in the centre and an ante-room opening to the rear of the larger council chamber.

On the second floor, the large court room, 48 feet by 88 feet, two rooms for sheriffs on the northern end opening from a corridor which runs the width of the building and two rooms for the judge and barristers which open from the southern end of the court room.

On the third floor, most of the space is occupied by the high ceiling of the court room but one jury room is located on the southwestern corner and another on the northeastern corner and a witness room is placed in the front of the building on the northern end.

Formerly there was a bridge which gave connection between the jail yard and the northern end of the court room. Mr. Wilson considered it would be advisable to have a bridge built from the southern end of the court room to the jail yard for the use of prisoners. The former bridge crossed the mass of solid stone which has been broken down and carried away for road material.

TELLS OF MURDER OF WOODSTOCK BOY

Gives Jealousy as Motive For Slaying George R. Johnston

Further particulars concerning the murder of George R. Johnston, of Woodstock, on May 16 in Detroit, are contained in a Detroit newspaper of the day following.

In telling of the crime that journal says:

Inspector John Smith, head of the homicide squad, Monday will ask for two warrants charging John Lee Johnson, 24 years old, 1899 Labrosse street, with murder in the first degree, he said Saturday. One will charge Johnson with the killing of Charles Millinder, 61 years old, and the other with killing George R. Johnston, 19, both living at 2630 Baker street.

Johnson in a statement to the police Saturday, admitted he killed Millinder and Johnston, his motive being jealousy of Carrie Reece, 17 years old, Millinder's step-daughter, whom Johnston hoped to marry, he said. He said he and the girl went to the Millinder home Friday evening, and found Millinder, Johnston, (formerly of Woodstock), Ernest Neely and Emerson Mitchell, (formerly of Woodstock), playing cards in the front room.

An argument followed in which Johnson accused the men of going with his girl. Millinder arose hurriedly, Johnson said, and he believed the man was about to draw a revolver. It was then that Johnson drew his automatic pistol, and opened fire fatally wounding Millinder and Johnston, and shooting Neely through the left thumb.

Johnson was captured by the police from the Trumbull Station early Saturday morning, when he attempted to get word to Carrie Reece that he wished to see her. He had a chance acquaintance carry a message to the girl that she was to meet him on the corner, but while he was loitering in the vicinity a visitor called the police.

A minute car from Trumbull Station responded, and Johnson was located on Nineteenth street, near Baker

street. He attempted to escape, but was captured about a block away by a pedestrian, W. H. Sutcliffe, 766 Twenty-first street, who battled with him until the police arrived.

At police headquarters Saturday afternoon, Johnson denied he ever had married the Reece girl, although they have been living together. The girl also admitted to the police that they had not been married, although she said her parents believed her to be.

Millinder, the stepfather, was the proprietor of the boarding house in which the Woodstock boys, Johnston and Mitchell boarded.

WEDDINGS

DeVeber-Quain.

Yesterday's Montreal Gazette contained this item in the Ottawa correspondence:

"The marriage will take place tomorrow (Wednesday) morning at 11 o'clock in St. Joseph's church of Miss Ruth Quain, eldest daughter of the late Redmond Quain and Mrs. Quain, to Leverett Sandys de Veber, son of Senator and Mrs. L. G. de Veber, Rev. Father Cornell will officiate, and Mrs. E. Tasse will preside at the organ. Vocal numbers will be given by Mrs. E. B. Devlin and Mrs. J. Angus MacKenzie. The bride's brother, Redmond Quain, will give his sister in marriage, and she will be attended by Mrs. Norman Parkinson as matron of honor and by two bridesmaids, Miss Helen Quain, a sister, and Miss Winifred O'Connor. John Mahon of Toronto will be best man, and those who will officiate as ushers are: Major Warwick Beaumont, Major Bruce Ross of Toronto, Harry Fraser and Captain Murray Walsh. Miss Rita Weller of Washington, Mrs. Walter Creighton and Mrs. William Leggat of Montreal, and Miss Josephine Flots of Toronto, will be among the guests from out-of-town. The honeymoon will be spent in the Laurentians, and the couple will reside in Toronto."

Off to Happy Vacation Haunts

The vacation habit is a happy, healthful one to contract in this strenuous age. The burdens of the whole workaday world are shouldered all the more cheerily if we drop them once in a while, to spend glorious days in zestful sport, or just to "laze" luxuriously.

This store is ready to help all its friends prepare for their summer jaunts. Bright, new stocks have just arrived and are as charming as sports clothes well could be.

Summery Frocks

And Each One Tubable

When you see these you'll want to take every possible advantage of the opportunities warmer weather offers for wearing them. Made from the smartest checked Ratinnes in bright or soft color combinations; Washable silks in all over printed patterns; Sheer voiles with dainty touches of hand work; Summery crepes in soft pastel shades; Smart gingham — and many more varieties. You can't help but be pleased with this new and interesting collection. Very moderate prices are another attractive feature.

Separate Sweaters And Skirts

A combination of this kind should be in every woman's summer wardrobe. Many new sweaters are made sleeveless and are showing in fine wool, or silk and wool mixtures. You'll find a choice of very dainty colors to choose from. Sweaters with sleeves are in all wanted weights, colors and varieties. New Pleated Skirts to wear with separate sweaters are being featured in soft crepes, flannels and other fine fabrics. Made with or without camisole tops.

The Topcoat

A Summer Indispensable

Poiret Twills, Homespun and Camel hair effects are the popular materials in which these coats are developed. Most of them are three-quarter or seven-eighth lengths. Their fashionable colorings such as greystone, golden tan and navy blues are often combined with a contrasting shade either lighter or darker. Linings of crepe-de-chine or soft silks, match or contrast with the outside of garments. You'll find many very excellent values in our coat stocks, and we have lately received some very smart, new models. (2nd Floor)

Knitted Costumes In Wool Or Silk Finish

You'll find so many occasions this summer where a suit of this type will be very appropriate. Suits consist of coat and skirt and may be chosen in the warm knitted wools in various shades and color blendings; or in silk finished yarns in smart heather mixtures and other fascinating patterns. Some of these are French made and are decidedly distinctive and good looking. Undoubtedly you'll regret being without a suit of this kind. Better look them over at your first convenience.

FACE BROKE OUT WITH PIMPLES

Hard, Red and Large, Itched and Burned. Cuticura Healed.

"My face broke out with pimples that looked terrible. They were very hard, red and large, and they festered and scaled over. The pimples itched and burned something terrible. My face looked terrible and I hated to go any place. The trouble lasted over a year.

"I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. I purchased more, and after using several cakes of Soap and a couple of boxes of Ointment I was healed." (Signed) Miss Gertrude Wagner, Rt. 5, Britain Ave., Benton Harbor, Mich., Sept. 10, 1923.

Use Cuticura Soap, Ointment and Talcum daily and keep your skin clear and healthy.

Making wash day pleasant—

THE hardest part of wash-day, rubbing, rubbing, rubbing, has given way to the new method of soaking the clothes clean with Rinso. This wonderful new soap gently loosens the dirt and a thorough rinsing leaves things white and glistening as you never could get them before.

Only spots where the dirt is ground-in, such as neck bands, cuff edges, and the like need a light rubbing, and a little dry Rinso rubbed on these spots quickly makes the dirt disappear.

Rinso is sold by all grocers and department stores

When Miss Minnie Goldman, of Chicago, won her diploma in practice law she never guessed that one day her father would be her client. But now he is the defendant in her "biggest case." Her father, Abraham Goldman, faces federal trial in Worcester, Mass., with his son-in-law, Joseph B. Marsino, Chicago, charged with embezzlement in connection with the looting of the Warren National Bank.

GOING TO WEST.
D. Murray Angevine, son of Edwin Angevine, of this city, left this morning for the West to take up a position for the summer with the Frontier College near Saskatchewan. Mr. Angevine this spring graduated from Mt. Allison University with high honors in biology and this fall intends to study medicine at either Toronto or McGill University. While at Sackville he played a prominent part in all college activities, being president of the Senior Class, chairman of the Student Body and captain of Mt. Allison's football team for a season. Last summer he worked on the Exhibition staff and was assistant to Dr. Abramson in the General Public Hospital.

Amazingly Inexpensive

You'll be surprised to find how little Dominion Linoleum actually costs. For a very moderate outlay you can attractively cover every room in the house — and then forget floor covering expenditures for years. This is added economy you'll surely appreciate, the economy of long wear that helps home budgets and eliminates financial worry.

But this is only one of the reasons why so many practical women seek these modern floors. They know the happy release from cleaning drudgery Dominion Linoleum brings. No beating. No heavy sweeping. Light brushing or mopping is all the effort needed to keep it spotlessly clean and sanitary.

DOMINION LINOLEUM

is non-absorbent and germproof and comes in widths sufficient to cover any ordinary room, without crack or seam. There are numerous designs to choose from; the colorings are supremely beautiful and appropriate.

Dominion Linoleum Rugs

are very popular, too. They have all the durability and labor-saving qualities of Dominion Linoleum and are made in a range of sizes to fit any room. Rich and substantial in appearance, they harmonize perfectly with the other appointments of a well-furnished home. They can be rolled up and moved without cracking or breaking. See these fine floor coverings at home furnishing and departmental stores.

On receipt of your name and address, we will mail you an attractive rug folder. Write to-day, addressing Dominion Oilcloth & Linoleum Co., Limited, Montreal.

Here are four pleasing Dominion Linoleum patterns, available in attractive colors. They are typical of the beauty of this practical floor covering.

This label is on the face of all genuine Dominion Linoleum and Dominion Linoleum Rugs which also have a long-life burrap barb denoting strength and long wear. Look for both when buying.

The fourth regular meeting of the official board of the Carleton Methodist church was held last night with Rev. F. T. Bertram, pastor, presiding. After the devotional exercises the various committees were appointed as follows: Evangelism and social service, Rev. F. T. Bertram, Snoch Thompson, E. Tippet, D. Brunstrom and Mrs. F. T. Bertram; district visitors, Mrs. H. Rowley, Miss Emma Brown, Mrs. W. Sharp, Mrs. George Kirkpatrick, Miss M. Beattie, H. S. Bissett and C. F. Long; representatives from the official board to the Sunday school board of management, F. Henderson, E. Bissett, E. Tippet, E. Thompson and G. Beatey, Ernest Bissett, F. Henderson and D. Brunstrom.

Reports showed that the finances were still better than last year. During the year \$9,000 was raised for all purposes and there was a membership gain of 29. The reports showed the church to be in a flourishing condition. The board arranged for a month's vacation for the pastor. The meeting closed with the Benediction.

Centenary Church.

At Centenary annual congregational meeting, Rev. Robert G. Fulton, pastor, presided and received the reports of several departments. The Sunday school was heard from, through W. Grant Smith, the superintendent, telling of increased attendance and greater interest and improvement in every particular. Rev. Mr. Fulton gave the report of the church itself. The attendance has been excellent and the membership increased, notwithstanding many removals and deaths. J. W. L. Hennigar reported the finances to be in a healthy condition.

Judge George Henderson reported for the trustee board and the Ladies' Aid brought in a report of the best year they have experienced. They have given a piano to the prayer-meeting room and spent nearly \$200 for benevolent purposes and have a good sum in the treasury for the ensuing year. His Honor, Chief Justice H. A. Mc-

NEARLY HALF-INCH OF RAIN

Nearly half an inch of rain fell yesterday, bringing the rainfall of the month up to 4.12 inches. More rain would still be welcomed by the farmers but some intervals of warm and sunny weather might not come amiss, either. Temperatures yesterday, D. L. Hutchinson of the Meteorological Observatory said, varied from 50 to 64 and the total rainfall measured was four-tenths of an inch.

Teacher Murder In Maine Drives Boy's Father Insane

BROODS OVER TERRIBLE DEED OF SON

Officials Report Adelbert McDonald's Mind Gave Way Last Night.

IS RIVER DRIVER

Sheriff Says Youth Confessed Murder With Robbery as Object.

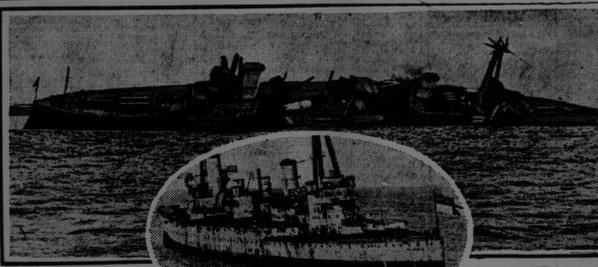

Amherst, Maine, May 28—Adelbert McDonald, of this village, father of Roland McDonald, a 15-year-old school boy, who was held for the grand jury at Ellsworth yesterday, charged with the murder of Miss Louise Gerrish, his school teacher, on last Wednesday, became insane last night, so county officials reported. Two physicians were in attendance at the McDonald home while a deputy sheriff was called in to stand guard over the patient. McDonald, a river driver, exhibited little emotion on the day his son was arrested. He accompanied the boy and his captors to Ellsworth and returned here after Roland's arraignment. Since he had appeared despondent, according to neighbors. Roland McDonald has confessed, according to Sheriff Ward W. Westcott of Hancock county, that he shot the young teacher to death with a charge of buckshot last Wednesday night for the sake of her watch, two rings and a little money.

BIG SUM REALIZED FROM SURPLUS WAR STOCKS BY BRITAIN

The disposal and liquidation commission of the British Government which, in connection with its predecessor, the Ministry of Munitions, has been in charge of the liquidation of the surplus war stocks and properties of the British Government, has just completed its work, and as reported to the Bankers Trust Company of New York by its English information service, has realized for these stocks in the last five years \$3,253,890,000 at par of exchange. The releasing of these surplus properties and stores in large and small lots has involved more than three million separate business transactions, including railways in Europe, Asia and Africa, as well as thousands of miles of railways, sidings, etc. in the British Isles and a large fleet of miscellaneous craft lying in various harbors all over the world. Among the properties liquidated were real estate and factories, rolling stock, industrial plants, machinery, mechanical transport and road plant, metals, huts, buildings, furniture, timber, building materials, horses and other animals, textile goods, medical stores, food stocks, and aircraft material.

At Irkutsk, an important city of Siberia, on the river Angara, a pontoon bridge is used in summer and the frozen ice in winter.

SPECTACULAR SINKING OF BATTLESHIP AUSTRALIA

Under the terms of the limitation of arms agreement the British Battleship Australia recently was sent to the sea, bottom by the Australian government. These interesting pictures show the warship turning turtle in the water while (inset) is the ship ready for "Davy Jones."

RACING SEASON TO OPEN JUNE 3

Good Field of Starters Entered for All Three Events.

With the track in good condition and the horses rapidly rounding into shape the outlook is bright for a gala day at Moosepath Park on June 3 when the racing season will be ushered in. S. E. Rice, owner of the park, announced this morning that there will be three classes on the programme and as all have been well filled he anticipates keen competition for premier honors. The three classes will consist of the free-for-all, a named race and a colts' race.

Entries received to date show Queen Puff, Jeffrey, Lucky Strike, David Hall, Miss Abbie Brino and Wilfred C. in the free-for-all; Patchen King, Gerlie MacNeil, Clara Mac, Honest Jerry, the Finisher, Benetta, Rossiter Jr., Billy C. and Victor A. in the named race; and Lady Belle, The Bugler, Jerry Collins, Victor Bond, Hazelnut, Guy Spear and Thides Crother in the colts' race. Lucky Strike, 2 1/2%, is now owned by L. Jones of Queens County, who purchased him from E. Harmer of Norton. Mr. Rice brought him here a year ago last winter from Woodstock and later sold him to Mr. Harmer. He is reported to be in good condition and is expected to make a strong bid for the feature event.

In the free-for-all named race there will be mile heats, best three out of five, but for the colts' race the heats will be half mile, best 2 out of 3. If present plans materialize local racing enthusiasts are assured of some stellar meets at Moosepath Park this season. Not only will the cream of the thoroughbreds in the Maritime Provinces and Maine be seen in action in harness racing, but the outlook is bright for some feature running races being staged here. Montreal magazines feel that there is a good field in these parts for the ponies and have been negotiating with Mr. Rice and others to conduct a series of races in the Maritime Provinces later in the season.

Cholera Spreads In Bihar District

Calcutta, May 29 — In Bihar the cholera epidemic continues to spread, the four months' death toll exceeding 10,000. In the Champaran district there were over 1,000 deaths in the first week of May. The directors of Public Health, in their report, say that "the alleged medical preventive arrangements" in Gaya have collapsed, and that there is grave fear of severe suffering in the district. Doctors are alleged to refrain from visiting the villages and to neglect cholera work in the absence of special fees.

Letters To The Editor

TOURIST MATTERS. To the Editor of The Times-Star: Sir,—We are informed by the Bank of Nova Scotia that a number of business men of St. John, have returned or refused the baby drafts of one dollar, in favor of the N. B. Tourist and Resources Association. We feel that this must have been thoughtless, done, or through some mistake, as we think hardly any one would refuse to contribute this small amount to assist in an effort to improve conditions in New Brunswick. It would not look very well if St. John should fail to do as well as the smaller towns of the province, where there is a lively conception of the value of the publicity the province is getting this year. We hope those who have not yet paid these drafts, will send the small fee to the Bank of Nova Scotia and assist in the movement to boost the province. C. B. ALLAN, Sec.-Treas. St. John, May 29.

KID SOUTHPAW TALK OF LEAGUE

Arrived at Brown's Training Camp Astride a White Mule.

Eric Wingard, the sensational southpaw of the St. Louis Browns, is the talk of the American league. The kid has the goods. Wingard is the fellow who created a stir in the Browns' camp at Mobile this spring by arriving astride a white mule. He looked foolish, but he has been making others look foolish ever since. Southerners sometimes drink "white mule," but they seldom ride it.

More Good Stock.

"Irish Prince" is a three-year-old stallion, by Irish Marine. This horse has been in strict training at Newmarket all this week, and is now ready for racing. The three mares bought in Ireland are two four-year-old fillies, and a three-year-old. One is by St. Merode and another by Ambassador. Neither have been named yet. The three-year-old is named Happy May by Achetol by San Tol. All these last named three have been bred to noted sires. "It is the intention to sell most of these horses," said Mr. Carlyle, "as there is a demand for them, and there will be no difficulty in disposing of them in Alberta." Mr. Carlyle met the Prince of Wales in London. He said the prince is feeling very ill despite his recent ailments in the hunting field. His royal highness, though not knowing what his plans might be, expressed the wish to come to Alberta again so soon as he could possibly manage it, though of course his next visit is very uncertain. While in the old country Professor Carlyle visited the Wembley exhibition and also spent a week-end on the Prince of Wales farm in Cornwall. His trip to Wembley was made with the prince and his party. Wonderful Exhibition. "It is certainly a wonderful exhibition," said Mr. Carlyle, "and though it is not all finished yet, it is an outstanding feature that the Canada pavilion was the only completed building there when I left. There are all kinds of credit coming to those who have been behind the work. It is the best exhibit of Canada that has ever been staged. It does not feature any particular province in the Dominion, but features Canada as a whole. The only point of criticism is that the industry is not represented there, and there is yet time for this grave mistake to be rectified. I hope that this will be done, as there has been a lot of comment about this phase. Gem of Them All. "Australia and the other portions of the British Empire are well represented, but the Burma building is the gem of them all. "One great feature of the Canada exhibit which holds the crowd far deeper round it, is the replica, done in butter of the prince's ranch in Alberta. It was done by a Londoner, and is remarkable how lifelike everything is. Any person who has been to the ranch will recognize it at once. They tell me that two and a half tons of butter were used in the making of it. Interest in Canada. "There is a lot of interest in Canada," continued the professor. "There are many men who want to invest over here, particularly men in the live stock business, but of course nothing can be done until the embargo is lifted. The foot and mouth disease is very bad over there at present, and causing a great deal of anxiety. Labor Government Helped. "The Labor Government is being given every chance by the people. Ramsay MacDonald is growing in popularity and so is Philip Snowden. "Of course, the other parties are waiting for the first wrong move, and then there will be something doing." "I think conditions over there, on the whole, are improving." "The exhibition is attracting thousands of people, and already the tourists are pouring in from overseas and other parts of the world. Accommodation is being well taxed, and though prices have gone up, they do not appear to be excessive. When the exhibition first opened it was not expected that such a crowd would gather, and, of course, there was not adequate transportation. But as soon as it was seen what was needed, it was wonderful the way the companies got to work and provided all that was necessary. One can reach

PRINCE SENDS MORE HORSES TO ALBERTA

8 Thoroughbreds of Fine Strain to be Shipped Soon.

Eight thoroughbred horses are following in the wake of Professor W. L. Carlyle, manager of the Prince of Wales ranch, who arrived back in Calgary on Wednesday morning, having left England on May 9, says the Calgary Herald. Professor Carlyle's visit to England was for the purpose of reporting to his royal highness and discussing with him matters connected with the prince's ranch west of High River. "The prince," said Professor Carlyle, "still has the same keen interest in his ranch over here that he always had. He asked about everything there, the condition of the horses and cattle, what land was being cropped, the state of the garden, and how everything was looking generally. He carries with him his own memories of his trip last year and there is very little that escapes him." Fine Horses for Alberta. Mr. Carlyle made a careful selection of thoroughbred horses for shipment to Alberta, some being purchased in England and some in Ireland. They are being shipped on Friday of this week, and may be expected in Alberta within the next 17 days. In addition to the thoroughbreds, four Clydesdales are being sent with the shipment, all from the best stock obtainable. High Class Thoroughbreds. Herode's Pride is a three-year-old filly, which has already distinguished herself on the racing fields of England. She is Rol Herode, a well known racer and is in excellent training. Enigma is a three-year-old filly by Great Surprise, and is also classed among the winners. Endurance is a four-year-old filly, out of Fortigate by Fortshire. This is the same strain that Yorkshire Lad was bred from. Thun is a two-year-old filly, not yet named, by Golden out of Simote by St. Simon, the old original strain of winning racers of the English turf. More Good Stock. "Irish Prince" is a three-year-old stallion, by Irish Marine. This horse has been in strict training at Newmarket all this week, and is now ready for racing. "It is certainly a wonderful exhibition," said Mr. Carlyle, "and though it is not all finished yet, it is an outstanding feature that the Canada pavilion was the only completed building there when I left. There are all kinds of credit coming to those who have been behind the work. It is the best exhibit of Canada that has ever been staged. It does not feature any particular province in the Dominion, but features Canada as a whole. The only point of criticism is that the industry is not represented there, and there is yet time for this grave mistake to be rectified. I hope that this will be done, as there has been a lot of comment about this phase. Gem of Them All. "Australia and the other portions of the British Empire are well represented, but the Burma building is the gem of them all. "One great feature of the Canada exhibit which holds the crowd far deeper round it, is the replica, done in butter of the prince's ranch in Alberta. It was done by a Londoner, and is remarkable how lifelike everything is. Any person who has been to the ranch will recognize it at once. They tell me that two and a half tons of butter were used in the making of it. Interest in Canada. "There is a lot of interest in Canada," continued the professor. "There are many men who want to invest over here, particularly men in the live stock business, but of course nothing can be done until the embargo is lifted. The foot and mouth disease is very bad over there at present, and causing a great deal of anxiety. Labor Government Helped. "The Labor Government is being given every chance by the people. Ramsay MacDonald is growing in popularity and so is Philip Snowden. "Of course, the other parties are waiting for the first wrong move, and then there will be something doing." "I think conditions over there, on the whole, are improving." "The exhibition is attracting thousands of people, and already the tourists are pouring in from overseas and other parts of the world. Accommodation is being well taxed, and though prices have gone up, they do not appear to be excessive. When the exhibition first opened it was not expected that such a crowd would gather, and, of course, there was not adequate transportation. But as soon as it was seen what was needed, it was wonderful the way the companies got to work and provided all that was necessary. One can reach

AMERICAN NAVY HELPS MACLAREN

Destroyers Will Carry Plane to British Aviator—Doisy's Troubles.

Toko, May 28—The United States destroyer John Paul Jones, left Yokohama yesterday for Macdota to pick up a reserve plane belonging to A. Stuart MacLaren, British aviator, on his way around the world, and take it on to Kung Kong, whence it will be taken by another destroyer to Calcutta. The plane will replace that which crashed with MacLaren near Akayab, Burma, in an accident which it has been feared might terminate MacLaren's effort. Yesterday's action followed approval by Admiral Thomas Washington, commanding the U. S. Asiatic fleet, of plans for helping the British flight. The remainder of the forty-third destroyer division of the American fleet will leave Yokohama today to take up stations along the route to be followed by the United States army's round-the-world flyers on their way from Kagoshima to Shanghai. Shanghai, May 28—Hostility between the military governors of two Chinese provinces is delaying resumption of Captain Pelletier Doisy's Paris-Toko night, it was disclosed today. The governors, CH Shieh-Yuan, of Kiangsu Province, and LI Yung-Hsiang, of Chekiang Province, have been virtually at the point of open warfare for several weeks. CH had intimated to the French authorities that Doisy would not be permitted to land at Nanjing, as planned, and that if such a landing were attempted CH's men would seize his supplies from a quartermaster to their plans on the ground that it had been leader.

Railway Minister Hopes the Road Will Soon be Paying Own Way.

MEIGHEN CRITICAL

Challenges Accuracy of Figures—Consideration Promised for Maritimes.

Ottawa, May 28—Yesterday afternoon the time of Parliament was taken up with the Canadian National Railway report, the address of Hon. G. P. Meighen on the report and the reply of the leader of the Opposition. In his speech Hon. Mr. Meighen was most optimistic and stated his belief if Sir Henry Thornton was able to maintain the same rate of improvement as he had shown in his first year in office, the railway would within a few years not only pay its operating charges, but would also pay the interest charges on the public debt.

Summary of Report. Summarized, the railway report shows that the net operating revenue for 1923 was \$21,187,462 compared with \$3,993,237 in 1922, or a betterment of more than \$17,000,000. The fixed charges were increased about \$5,000,000, and the total deficit was \$8,000,000 less. Of the total deficit, nearly \$36,000,000 accrued on the Canadian Northern part of the system, and nearly \$12,000,000 on the Grand Trunk Pacific.

Japan To Adopt Metric System

Tokyo, May 28—Japan is preparing to adopt the metric system of weights and measures, and educational propaganda designed to acquaint the people with the system is being spread under the direction of the department of agriculture and commerce. Actual adoption of the system will begin July 1. Within five years from that date all government departments, factories, schools and schools must substitute the metric system for the present Japanese units of weight and measure.

Minister's Statement.

(Canadian Press Despatch.) Ottawa, May 28—It was in tones of optimism that Hon. G. P. Meighen, Minister of Railways, today presented to the House the annual statement of the Canadian National Railways and the Canadian Government Merchant Marine. He gave comparative results for last year and the year previous. On all Canadian National Railways lines (including the Central Vermont) he gave the net operating revenue as follows:

1923	1922	Increase
\$21,187,462	\$3,993,237	\$17,194,225

After usual deductions and additions involved in taxes, rentals, hire of equipment, etc., total income before fixed charges was:

1923	1922	Increase
\$13,364,875	\$1,499,782	\$11,865,093

Fixed charges during the year increased from \$6,196,693 to \$6,144,226. The total deficit, after fixed charges, was:

1923	1922	Decrease
\$52,779,350	\$58,696,911	\$5,917,561

Of last year's deficit of \$52,779,350, \$48,978,995 was attributed to Canadian lines and \$3,800,355 to American lines. The Canadian Government Merchant Marine had a deficit last year after all charges, including depreciation and interest, of \$9,368,670. This is an improvement of \$260,808 over the previous year.

Merchant Marine.

Mr. Graham opened by reading the report of Sir Henry Thornton covering the operations of the Canadian Government Merchant Marine and subsidiary companies for the year ending Dec. 31, 1923. This showed a gross revenue of \$8,992,308, as compared with \$9,708,786 for 1922, being a decrease of \$716,478. The operating expenses during 1923 amounted to \$10,856,601, as compared with \$12,068,976, or a decrease of \$1,212,374. The operating deficit in 1923 was \$1,864,293 as compared with \$2,384,189 in 1922. The deficit after all charges, including depreciation and interest, had been covered for \$9,419,478 last year, or a decrease of \$20,508. The fleet according to Sir Henry's report, consists of 60 vessels. "The remaining four vessels previously included in the fleet, the Canadianian Scudder, Thomas J. Drummond, J. A. McKee and the Sheba, were sold at satisfactory prices. Offers received for certain other were not sufficiently attractive to make acceptance advisable." Since April 1, 1923, insurance was provided out of the company's own insurance fund, the result being a credit balance of approximately \$918,000, all (Continued on page 13.)

**WEIRMEN WANT \$10
MINIMUM PRICE OF
EXPORTED HERRING**

**Two Hundred Fishermen
Pass Resolution to Min-
ister of Fisheries**

St. Andrews, N. B., May 28.—Two hundred fishermen of Charlotte and St. John counties met here today to consider the action of the sardine packers in cutting prices for sardine herring from \$12 a hoghead to \$6.

A resolution committee was appointed, representing the various sections of the two counties, who retired to consider a resolution covering the matter and who brought back a memo for submission to the Minister of Marine and Fisheries at Ottawa, asking that an extra clause be inserted in the weirs licenses prohibiting the exportation of herring unless a price of at least \$10 per hoghead has been paid for them.

This resolution was passed unanimously and three delegates were appointed to proceed to Ottawa with Premier Veniot to support the weirmen's cause. They were Governor Cook, Grand Manan; Harold Lord, Deer Island; Leonard C. Harned, St. John county.

Text of Resolution.

The memorial which was unanimously passed was in part as follows: "To the Honorable Minister of Marine and Fisheries, Ottawa, Canada:

"The weir owners and weir fishermen of Charlotte and St. John counties, in convention assembled here today, desire to present the following facts for your consideration:

"Your petitioners are actively engaged in the herring weir fishing industry of this section.

"Fully 90 per cent. of the catch from the waters is sold in a fresh condition, either to boatmen representing United States canning or smoked herring interests or to boatmen representing Canadian canneries.

"In the early days of the industry the canneries on the American side were owned by a large number of individuals who operated independently of each other, with the result that reasonable prices were generally obtained for the herring and the industry thrived and grew.

"During recent years, however, more particularly since 1918, with the signing of a portion of the year 1923, the canners have acted as a monopoly in the purchase of herring at the weirs, with the canning owners arbitrarily establishing the price to be paid, as well as the parties to whom the fish were to be delivered.

"The industry cannot continue with the prices now being paid by the monopoly. As proof of the disastrous consequences, which this condition of affairs has brought about, we would point out to you that your statistical reports show that in the year 1919 there were 584 weirs built in Charlotte and St. John counties, with a value of \$988,600, while in 1920 only 300 weirs were built valued at \$320,000, a depreciation of more than 66 per cent. This has not been brought about by any decline in the supply of herring, but is solely due to the unprofitable prices paid by this combination of canners.

List of Prices.

"For your information we call your attention to the prices paid for sardine herring for each year since 1910: Year 1910, average price, \$10; 1911, \$10; 1912, \$8; 1913, \$10; 1914, \$15; 1915, \$10; 1916, \$12; 1917, \$18.75; 1918, \$25; 1919, \$6.45; 1920, \$7.25; 1921, \$5.25; 1922, \$6.15; 1923, \$15.

Average Price \$10 to 1914.

"From the foregoing you will observe that during the period from 1910 up to and including 1914, the average price was \$10 per hoghead.

"During 1915-16-17-18—the war period—the price was \$16.50 per hoghead.

"The average price during the period 1919-20-21-22 was \$6.50 per hoghead. During a portion of 1923, as previously stated, the purchasing arrangement among the packers was broken up, with the result that good prices were paid during such time; the average price for the season was nearly \$15 per hoghead. The season of 1923 closed with the packers paying about \$20 per hoghead for their supply.

Discuss Present Season.

"The present season opened with the packers again functioning as a unit in the purchase of herring with a set price of \$12 per hoghead, but just as soon as the weirs were completed, May 20, they arbitrarily put the price at \$6 per hoghead, which price still prevails.

Suggest Minimum Price.

"We therefore urge upon your Department the vital necessity for taking some practical step or steps to relieve this industry from the grip of a monopoly which is grinding it to death.

"In our opinion the most effective remedial measure which your Department can bring about, is to insert a clause in the weir licenses prohibiting the exportation of the fish unless a price of at least \$10 per hoghead has been paid for same.

Premier Pledges Aid.

Premier Veniot, who on entering was given a rousing reception by the meeting, and who was introduced by the chairman as being interested in the fishery question by reason of representing Gloucester county, spoke in part as follows:

"It has been stated that I come from a county deeply interested in the fishing industry. That is quite true, and we in northern New Brunswick have had on various occasions to make representations to the Government at Ottawa in order to benefit our conditions. When I was invited to come here I did not come as an individual in the interest of Charlotte county alone, but in the interest of New Brunswick as a whole.

"I do not know what I can do for you but I am at your service, and am prepared to take a trip to Ottawa to help obtain what is wished for in the memorial just unanimously passed by yourselves, and would suggest that you name a committee of three or four

mar ket was over-supplied. The packers could not afford to pay higher prices for fish. Should the prohibition of the export of sardine herring at a price of less than \$10 go into effect he might move his factory to the west coast, where the fish were plentiful. **GRAND FALLS MAN
HAS NECK BROKEN**

Grand Falls, May 28.—Joseph O'Regan met a tragic death some time last night. Early this morning he was found, where he had fallen from the verandah of his home, breaking his neck in the fall and had been dead several hours. Mr. O'Regan was 54 years old and was the son of the late Cornelius and Mrs. O'Regan, who came from Ireland in their youth and settled on a farm in Enneshone where all the family was born. His wife, formerly Miss Mattie Paradis, survives, also five sons and six daughters. The sons are, Michael, a merchant here; Lawrence, Guy, George and Gerald, at home. The daughters are, Mrs. George Quigley, Grand Falls; Mrs. Charles Crawford, Priest River, Idaho; Misses Louise, Grace, Florence and Mary at home. He also leaves five sisters, Mrs. Peter Favers, of Caribou, Maine; Mrs. Frank Gillespie, of Gillespie; Mrs. Samuel O'Conner, of Bangor, Maine; Mrs. William Goodine, Fredericton, and Mrs. Harry Lasker, Los Angeles, California.

Mr. O'Regan had been in the employ of the Provincial Government as a fire warden and had done very effective work. His tragic death will be learned with sincere regret by a large circle of friends.

I consider you paid me an honor when you asked me to come here and listen to your case, and am prepared to do whatever I can."

Would Close, He Says.

Over the long-distance telephone Mr. Clark, sardine packer at Eastport, said this evening that if the prohibition asked for from the Federal Government went in force he would have to close his factory. He employs about 300 people and half of his sardine herring he gets from Canadian waters. He said that the demand for sardines had dropped to about half since prohibition of liquor came into effect and that the

DUNLOP TIRES

When Buying Tires, it Will be to Your Advantage to Consult Dunlop Tire Merchants and to Keep in Mind:

1. That we make every type and style of tire which has been evolved for the benefit of motorists:
 - From the world-renowned "Traction" Cord
 - To the Tire that will honestly meet any price competition.
2. That every tire going out of the DUNLOP Factories receives the same painstaking care in the manufacture, irrespective of the price at which it sells.
3. That we stand behind all the different grades of tires bearing the DUNLOP Name.
4. That the thousands of Dunlop Tire Merchants located in every nook and corner throughout Canada—coupled with the official Dunlop Branches in the leading cities—are there to serve you and to see that you get the utmost value for the money you spend for Tires.

What to Buy, and Why

If you desire a tire—the best that can possibly be made, and having a world-wide reputation for efficiency—you will select Dunlop "Traction" Cord, Master of the Road.

If you prefer the highest-grade Fabric Tire, selling at virtually the same price as "Clipper" Cord, then your choice will be Dunlop "Traction" Fabric.

Bus and Truck Heavy Service (30 x 3 1/2) Dunlop "Traction" Cord

If it is a competitive price tire you want—but still one that is of recognized value—then you will buy Dunlop "Clipper" Fabric.

If the tire desired is for Livery and Truck purposes—in size 30 x 3 1/2—Dunlop "Bus and Truck Type" tire is "just the thing." It is a specially built pneumatic tire for this particular class of work, having the side-walls fully protected against curb or rut abuse. Other sizes of this type of tire are built heavier than ordinary Passenger Car types.

Every tire referred to above is sold by Dunlop Depots, and there is a price to suit all pockets. You do not need to purchase tires of doubtful or unknown quality when you can obtain nationally known, sure quality Dunlop Tires to meet every requirement, such as referred to above.

As the tube is a vital part of the casing, it will pay to see that your expenditures for casings are amply protected by the purchase of Dunlop Regular Tubes or Dunlop Extra Heavy Tubes. There are no better tubes made, and, like Dunlop Tires, they are all fairly priced.

The Dunlop name and seal on each and every one of the above-mentioned Tires and Tubes is your protection and a guarantee that no matter what price you may pay, or what grade you may select, you are sure of full value and honest service, backed up by the Dunlop reputation of thirty years' standing.

COMMITTEE TO NAME MOST VALUABLE PLAYER.

President John A. Heydler of the National League has announced the make-up of a committee which will select the most valuable player in the league this season, along lines similar to those followed in the American League. In addition to the honor, the lucky player will receive a cash prize of \$1,000. The American League gives only a certificate.

APPLICATION GRANTED.

At the afternoon session of the New Brunswick Board of Public Utilities the application of Nordby & Co. of Moncton to sell securities was considered. Mr. Nordby and his counsel, R. D. Mitton, were heard and the Board granted the application.

PLAN TRACK MEET FOR SATURDAY

The Y. M. C. A. Young Men's Club will participate in a dual meet with the St. John High School team Saturday afternoon on the Y. M. C. A. grounds. There are nine events on the program—100, 220 and 440 yard dashes; one mile run, one mile relay race (four men on a team), high jump, broad jump, pole vault and the shot put. The meet starts at 2:30. The teams have not been selected as yet. It is expected that the High School boys who participated in this meet will journey to Rothesay on June 7 to meet the Rothesay Collegiate School in their annual track meet.

MODEL YACHT RACES TONIGHT

Owing to a dead calm and wet weather, the St. John Model Yacht

Club did not open the season last evening on Lily Lake as was intended. The race for the 90-inch yachts was to have been sailed, and according to agreement, was postponed until this evening at 7 o'clock. All owners with this class of yacht are requested to be ready this evening. Several boats were on the lake last evening and would sail for only a few minutes when they would be left becalmed, but the owners had a little practice.

The local Young Men's Christian Association will conduct a campaign for all city school and working boys from June 9-13, inclusive. This campaign is for those who do not know the rudiments of swimming and who will be accepted for instruction. The members of the Leaders' Corps of the Y. M. C. A. will act as instructors. Admittance cards may be had by applying at the Y. M. C. A. office.

The wanderings of Polly

SOMEHOW Polly's vacation had developed into one long series of parties—always at the homes of her school friends. In vain had Mother suggested luncheons and dinners at home. Polly at first was evasive. Then she admitted that they just didn't have the necessary things to entertain as the other girls did. Silverware, for instance!

Perhaps you, too, and your children would give many parties in your own home if you had more silverware. Yet you do not have to limit your guests by your knives and forks and spoons. In "1847 Rogers Bros." it is so easy and inexpensive to provide the pieces you need. You will be particularly interested in the niceties of the table—serving pieces, salad forks, bouillon spoons, ice cream forks. Here is silverware of unmatched durability, and so beautiful that it will make every meal more delightful.

Leading dealers throughout the Dominion carry "1847 Rogers Bros." May we send you a copy of our booklet, "Etiquette, Entertaining and Good Sense"? Its illustrations of table settings are authoritative to the last degree. You will find it full of suggestions for successful entertaining. Write for it to-day. Barefoot freedom without the risk

FLEET FOOT is as light, flexible and comfortable as tough, porous canvas and springy rubber can be made.

Fleet Foot means lightness and foot freedom without bruises, cuts, splinters or thistles in the young feet.

For kiddies, Fleet Foot is light and strong—it stands the wear and tear of little feet.

There's also a Fleet Foot shoe for summer games and sports that older children engage in.

There's a difference in rubber sole canvas footwear, just as there are differences in hosiery, hats, clothing or almost anything you buy.

When you ask for and get Fleet Foot, you are sure of the best quality and value.

The trade mark

FLEET FOOT stamped on the shoe is your assurance of the genuine Fleet Foot shoe—made only by the Dominion Rubber System.

Main Price Tendency in
Wall Street Downward
This Morning.

New York, May 29—Stock prices moved within narrow and irregular limits at the opening of today's stock market, but the main tendency appeared to be downward. Reports that Senator La Follette probably would become a presidential candidate inspired some selling of the speculative industrial, while some of the oil yielded on rumors of further price cuts. International Paper and United Drug each dropped 1/4 points.

Montreal, May 29—The softness of Steel of Canada featured the opening of trading on the Montreal Stock Exchange this morning. This stock came out with an over-night loss of 1/4 points to 72. The balance of the market was dull and steady. Attila and B. E. Steel 2nd accounted for most of the business transacted during the first half hour. The former suffered a recession of 1/4 to 57 1/2, while the latter was unchanged at 57. Canadian Cotton made its appearance in board lot quantity for the first time in three months, at 55. The last board lot sale recorded having sold at 70 1/2.

Every Mother!
Toronto, Ont.—"Dr. Pierce's Favorite Prescription is the greatest help in motherhood of any medicine I have ever known. I am the mother of six children and I suffered greatly each time except the last one, when I was advised to take Dr. Pierce's Favorite Prescription, which I did, and I got along just fine; felt well and strong and had practically no suffering, and had a grand baby, that has always been very healthy. I regained my strength very quickly afterward. I was so thankful to have been advised of this medicine, it gave me such wonderful help."—Mrs. Henry McDonald, 8 Wilmet Avenue.

Sons of Temperance Meet—
National Division in Tor-
onto Next Month.

The semi-annual meeting of the Sons of Temperance of New Brunswick commenced in Petitoicac on Thursday afternoon. Among representatives present was Joshua Stark, Gurney Division, No. 5, St. John. Nineteen were present at Grand Division for the first time were given the Grand Degree by Rev. W. J. Kirby and A. C. Reid. Among the visitors was Rev. Thomas Marshall of the I. O. G. T. and N. B. Temperance Alliance. The grand sealer's report gave the present total membership as 813, an increase of 96 in the half year. The obituary report dealt with the death of S. B. Bustin, barrister of St. John, a P. G. W. P. of the S. of T. Recognizing good that has come from what was deemed partial enforcement of the prohibitory law, but deploring what was said to seem to be the passive resistance on the part of the Government to the law, and asking for the carrying out of the whole programme as outlined by the Temperance Alliance when it waited on the Government in March, 1933. The following were elected delegates to National Division, which will meet at Toronto July 17:—P. G. W. P.—Rev. Charles Flemington, Point de Bute; Rev. W. J. Kirby, Moncton; E. S. Hennigar, St. John; F. G. Moore, Hopewell Hill; S. C. Alward, Moncton; E. W. Rowley, St. John; James Falconer, Newcastle. Pst G. W. A.'s—P. McCavour, St. John and Toronto; H. C. Slothard, Terry Road; Northumberland County; Mrs. W. J. Kirby, Moncton. Past Grand Patron—Miss I. Mae Kirby, Moncton. G. W. P.—F. A. Clarke, Newcastle; G. Patron—Mrs. Margaret R. Bailey, Shediac. Grand Scribe—H. H. Stuart, Petitoicac. Past Representatives—at-Large—Joshua Stark, St. John; Mrs. E. S. Hennigar, St. John. Representatives—at-Large—Mr. and Mrs. J. I. Blainey, Sunny Brae.

HOW TO BRING TOURISTS BACK
(Vancouver Sun.)

Vancouver can only become a great tourist centre through a combined effort on the part of all citizens to make this city a blaze of bright harmonious color worked out by the aid of fresh paint, flowers, trees and plain soap and water. So far, the people of Vancouver have displayed a lamentable lack of color sense in the decoration of their houses and office buildings. Dull, red and neutral greys predominate all over the city, particularly in the West End, which adjoining English Bay and Stanley Park, should be the real beauty spot of the city. Compare the color schemes of Vancouver houses with those of any other body of bright colors and every thing being painted in bright colors the average length of human life would be increased 20 years. The best of it is interesting enough, but the point that should appeal most to the people of this city is the effect Vancouver's drabness has on tourists and visitors. Nearly 3,000 motor cars carrying 9,702 passengers came across the line last week. Last year tourists spent \$118,000,000 in Canada. This valuable business can be increased many fold if these tourists come back and bring their friends. But can they be expected to come back to Vancouver unless Vancouver perks up and begins to look like a live city instead of a coal town? If the tourist business is to increase, Vancouver people will have to waken up their sense of color so far as paint is concerned, and the paint people will have to help them do it.

HUMANIZING CAL.
(Cleveland Press.)

A candidate for the presidency is in the hands of his friends. You recall how they made poor Mr. Harding shock wheat, hold babies and stand long hours, painting railway shacks doing other foolish things, on his fatal trip westward. All with the idea of "humanizing" the man, who was a candidate for reelection. But Fate intervened and the party men have on their hands as the Republican candidate, none other than Calvin Coolidge. Humanizing Cal is one of the hardest tasks any party organization ever undertook. The idea of the party men is to get their candidate "down among the people." Now, some candidates, like Roosevelt, have had a natural talent for this sort of thing. But others, like Hughes, have been awful trials to their managers. They had been cold. But Cal Coolidge looms as the very breath of arctic winter. So Cal was sent to the circus the other day. The party press agents gave out long stories about this intensely human chap at the circus. He didn't eat peanuts nor drink red lemonade, and he never cracked a smile at the clown's jokes about prohibition. Imagine Roosevelt sitting through a circus like a mite at a funeral! The New York Tribune pads out the circus story to a column in length with such paragraphs as this: "The president said his father always was interested in circuses. So was his grandfather. In fact, he said, his father and grandfather were inveterate circus goers. He recalled that his grandfather on one occasion drove 65 miles to Brattleboro to see the circus." The press agent assigned to the humanizing job has our sympathy. But he'll have to do better than that. This grandfather stuff will never get over. If Cal is too cold to smile at a clown, better keep him away from circuses and teach him to say "Bully!" "By Gosh!" in public places. That's rattling good copy for the papers, and it warms up the electorate. For instance, get Cal to hang to a strap on a trolley car and say to a Legion man beside him, "By Gosh, Buddy, I'm against this bonus!"

C. N. R. Cuts Deficit
By \$6,000,000

(Continued from page 3.) of which is invested in Dominion of Canada bonds. Railway Figures. Turning to the Canadian National Railways, Mr. Graham pointed out that the present management had not been wholly effective until May 1, 1933. The changes had tended to unsettlement, but had resulted in an improvement in the service. Makes Suggestions. Mr. Graham drew attention to the point that as a result of the year's operations, the railways themselves had been able to provide \$18,864,875, (an improvement in round figures over the previous year of \$12,000,000) towards the charges due the public. He predicted that, were Sir Henry Thornton able to maintain the same rate of improvement he had achieved during the first year of his presidency, the railways ought to be able within a few years to meet all interest charges due the public—"which would be a wonderful achievement." Sir Henry Thornton, Mr. Graham said, had made it clear that restriction of maintenance had played no part in the improvement of last year. And Mr. Graham suggested for consideration by the House: (1) Increase in the board of directors to have a strong executive of business men close at hand who could be called together by telephone over night. (2) Whether the Government should be asked to guarantee equipment securities. He did not go in detail into the purchase of the Hotel Scribe but intimated that the Government would have no objection to the appointment of a special committee to investigate if desired. Mr. Graham concluded with an appeal to members to forego their right in pressing for information and details, publication of which would be detrimental of the lines said would be detrimental. GETS SPECIAL PRIZE. Montreal, May 28.—Additional prizes and wards in the Faculty of Law of McGill University, were posted today and include: Special money prizes, first class honors, B.C.L. course, E. M. Macdonald, Pictou, N.S. Emerson & Fisher still have a few pieces of aluminum kitchen utensils at very special prices. For example, you can get a medium-sized covered saucepan for 60 cents—worth \$1 regular. For \$1.35 you can get a small tea kettle and saucepan—this is wonderful value. 6-1

When? George F. Baker, the noted financier, was talking at a reception at the Plaza about the Marquis de Poincaré, who recently sued Mrs. Percis Thompson, widow of a New York millionaire for breach of promise. "It is pretty small potatoes," he said, "for an able-bodied man to bring such a suit as that against a woman." Mr. Baker made a gesture of amused contempt. "When will American women learn," he said, "that you can't judge a book by its title, nor a man by his?"—Detroit Free Press. Mother Had The Cell. "And whose little boy are you?" asked the lady with a smile. "The court awarded me to my mother," replied the kid.

3,000 tons a day
for 100 years

Of the 400,000,000 tons estimated as known coal in the Mabou coal measures, only 150,000,000 tons are being taken into consideration as the basis of the financing, operation and future success of Atlantic Coast Collieries Limited, because that is the quantity of coal which engineers estimate can be mined at a minimum cost. On this tonnage the preset bond issue represents a charge of less than 4 cents per ton. This 150,000,000 tons of coal is so accessible and so easily mined that it can be extracted for a cost at least 50 cents a ton less than the cost of any of the chief mining companies operating in Nova Scotia to-day. If 3,000 tons a day were extracted from these measures they would last for the next 100 years. At present prices of coal the annual profit would approximate more than three times the amount of interest and sinking fund on the present bonded indebtedness of the Company. After five years' operation the output can be increased, with some additional equipment, to 5,000 tons per day, yielding further profit. There is, in Quebec and the Maritime Provinces, a market awaiting every ton of coal of the grades contained in Mabou mines. As an investment, the 7 per cent. first mortgage Sinking Fund Gold Bonds of this Company have all the elements of soundness and security of principal, combined with good yield, while the bonus of 20 per cent. in common stock is an additional attraction. SOME GOES TO G. T. P
SECURITY HOLDERS

Hon. Mr. Graham Says \$322,803 Available for Last Year's Interest. Ottawa, May 29.—In his address accompanying the presentation of the annual statement of the Canadian National Railways in the House of Commons yesterday, Hon. G. P. Graham, Minister of Railway said: "There will be general interest, as to how the Grand Trunk Pacific perpetual debenture holders will fare as a result of the operations of the Grand Trunk Railway Company of Canada, which it will be remembered guaranteed these debentures insofar as there might be net surplus earnings available to pay the same. I am advised by the management that there will be available \$322,803 for partial payment of last year's interest on these Grand Trunk Pacific securities. This is not a big sum, in view of the fact that the interest amounts to \$1,295,170 a year, but it is, I hope, an augury for the future."

Constant Headaches
and
Dizziness

It is hard to struggle along with a head that aches and pains all the time and in nine cases out of ten the persistent headaches are due to some derangement of the stomach, liver or bowels. Undoubtedly the cause must be removed before permanent relief may be had. Burdock Blood Bitters removes the cause of the headaches, as it acts on every organ of the body and strengthens, purifies and regulates the whole system. Mrs. Peter Curran, 27 Morrison St., Sydney, N. S., writes—"I have been troubled for the last five years with constant headaches and dizziness. After trying several remedies, which I found to be of no avail, Burdock Blood Bitters was recommended to me. B.B.B. did me a world of good, and I cannot praise this remedy enough." COMPARES OLD AND NEW PLAYERS

Arguments Advanced Seem to Favor Former Major League Stars.

New York, May 29.—(United Press.)—Late in each spring, when a fair test has been applied to all the young phenoms graduated to the major leagues, both sides line up for the argument: "Are the new ball players as good as they were ten or fifteen years ago?"

Taking a squint at the early batting, pitching and fielding averages, the side supporting the positive argument haven't much material to convince the veterans, who like to insist that these are poor days on all fields of sport compared to the times that have gone by.

With few exceptions, the best players who can be held up as examples of the modern game against the old game are themselves veterans as ball players are judged.

Rossh, Sialer, Hornsby, Hellman, Williams, Ruth, Schalk, Dugan, Bancroft, Bigbee and many others who might be held up for favorable comparison with the old stars are really veterans and could be held up themselves as examples to support the argument that the new players are not as good as the old ones.

Taking the liberty of assuming that modern times can be stretched back five years, there is no doubt that the old time days never saw a hitter to compare with Babe Ruth. The Babe offers one positive argument in his favor that at least one type of baseball is better today than it was ten or twenty years ago.

As Ruth revolutionized the science and strategy of baseball by making of it a slugging game, so he reduced the possibility of developing players of today that could compare to old stars by eliminating practically all of the science at which the old timers excelled.

It must be admitted, perhaps, that there has been no team since the days of the old Baltimore Orioles that could compare to that great team. The game that the Orioles originated and perfected is still being followed by most of the successful managers of today.

Frank Frisch, second baseman for the New York Giants, perhaps is the best young player developed in the past five years. But he has yet to attain the class that will cause old timers to remark: "Remember how Eddie Collins was?"

Rogers Hornsby, beyond all doubt, is one of the outstanding players of the modern age, but he is not only inferior to Collins as an all-around ball player, but is slipping behind Frisch as a player of general ability.

George Sisler, the perfect ball player, is another exceptional product of the modern times. There is nothing that Sisler cannot do well and, in addition, he is a great team worker and is showing the talent of a fine manager.

There are some old timers who will argue that Sisler cannot compare with some of the first basemen of bygone days, but he is now doing more than any of them and perhaps he is doing it just as well as they did anything.

Many veteran baseball writers regard Joe Dugan, the Yankee star, as the greatest of all third basemen and they look upon "Pie" Traynor, the lanky Pirate, as second choice. Some thing that Traynor is just as good a player as Dugan.

There are no modern outfielders who can compare now to Tris Speaker and Ty Cobb, both of whom are handling the cares of management without reducing their playing efficiency.

Certainly Cobb is one of the greatest players of all time. For nearly twenty years he has been one of the most spectacular players in the game and in time to come you will hear many references to what Cobb used to do and the manner in which he did his work.

In coming years many young fielders will have coaches and managers tell them to play the field like Tris Speaker did.

The proof that modern pitching is not to be compared with the art of ten years ago is found in the standing where the veterans are still up among the leaders. Modern rules have handicapped pitchers and have encouraged the slugging style of game, but the old veterans such as Alexander, Quinn and Johnson go right along accepting the additional handicaps with the burden of age and many campaigns along with them.

Because the style of game has changed in favor of the hitting game, there certainly are no base runners to compare with the old timers and there are no players today who can lay them down and beat 'em out, like they did in the old days.

With the decline in the art of base running, the style of catching has changed and the new catchers haven't the need or the practice needed to develop an arm like the old timers.

BARNEY OLDFIELD WILL DRIVE IN INDIANAPOLIS MOTOR RACE

Indianapolis, May 29.—Barney Oldfield has returned to automobile racing and will drive as relief for Cliff Durant in the annual 500-mile contest at the Indianapolis Motor Speedway, Friday.

The veteran, who was piloting race cars when Henry Ford was a driver, has not been behind the wheel in active competition for years. With a few days intensive training he will be able to get the best out of his car in the opinion of Durant. Durant and Oldfield opposed each other in automobile duels when forty miles an hour was considered breakneck speed.

World's Champion Wrestler Wins Third Fall With Famous Headlock.

Chicago, May 29.—Ed "Strangler" Lewis, world's heavyweight wrestling champion, last night defeated Stanislaus Zbyszko in two of three falls in a rough and tumble match here which marked the seventh meeting of the contestants.

Lewis took the first fall in 24:05 and the third in 9:50 with a headlock, and Zbyszko won the second in 13:55 with a crotch and half Nelson.

HORSES TOO SLOW FOR BERLIN OSTRICHES TO REPLACE THEM

Berlin, May 29.—Horses are apparently not fast enough for Berlin ostriches. Therefore, as an extra thrill, an enterprising manager has announced that forty ostriches, with their jockeys, mostly Italians, are coming here in the near future for ostrich races and handicap events with horses, in which, on a distance of 3,000 metres for example, the horses are to be given 1,000 metres handicap. The races will be held on the fashionable Grunewald race-course.

GIANTS REGAIN LOS GROUND

Beat Dodgers Twice—Double Headers Featured in American League.

New York, May 29.—The National League plot, which gave evidence earlier in the season of turning out "different," showed a marked tendency today toward the usual "happy ending" with the Giants and the pennant contentedly wedded. By spanking the Dodgers twice, 6-4 and 4-2, the Giants showed that they were tired of fooling.

In the American League the Yankees had the throne alone an hour, but lost it. The Yankees won their first game from the Senators, 7 to 4, as the Athletics beat the Red Sox, who are tied with the New York team for first place, 2 to 1. In the afternoon the Yankees lost, 6-1, as the Red Sox won, 1-0.

The younger league had an orgy of double-headers, every team engaging twice. Davis of the St. Louis Browns handed Detroit its first goose-egg of the season, in the second game, allowing them only four hits. St. Louis made seven runs. The Tigers took the first, 4-3.

Cleveland, using Joe Shaute, handed the playoff Chicago White Sox a zero in the first game, the score being 4 to 0, but using four pitchers in the second helping them naught, the White Sox battering them all for a 13 to 6 victory.

In the National League the Braves received punishment from the Phillies Lee's triple and Wilson's circuit clout accounted for all their team's runs in a 4 to 1 victory.

A savage rally in the seventh by St. Louis, netting six runs, sent the Cincinnati Reds, 6 to 0. Dock Cardinal twirled in the second, weakened, and the Reds got an even break for the day, winning 5 to 3.

TIMELY TIPS AMATEURS

SAYS EDDIE ROMMEL Pitcher, Philadelphia Americans. If you would be a successful pitcher, develop a change of pace the moment you have mastered the fundamentals. There are various definitions of a change of pace. My thought is that it is the ability to slow up on the batter, using the identical motion which the fast ball is thrown.

I am often asked if I think a pitcher should develop a freak delivery, because of the success I have had with a freak slow ball. If a pitcher possesses control, he is in a position to experiment. If he lacks control it is a sad mistake to try to invent a delivery that is different.

Jersey City, N. J., has a fleet of floating grain elevators. The weather man upset the schedule arrangements for games in the city last evening but may be in a better mood by tonight. While the Shamrocks are playing the West Vets here in the pro-league on the East End grounds, Montreal will be tackling Fredericton at Fredericton.

Manager "Tommy" Coughlan announced this morning that his pitching selection lies between Ray Hansen and "Bobbie" Stafford. In all probability, the former will make his first appearance on the mound after a complete lay-off stretching over a year. Manager Shea reports that "Jimmy" Frusetti may go in the box for the War Vets. This means that Sterling will play left field for the Vets. The line-up holds all kinds of possibilities for another great game.

In the South End, the Royals will try to do what the Trojans and St. John the Baptist have failed to do—stop the Machine Gunners. The Royals are playing good ball these days—going through a full nine innings without an error the other night. Behind Digges tonight, they will make a big effort to win. Either Cummings or Brookings will range. Lieutenant Dooe, instructor, will hold shooting trials for the cadets of the school who are trying for places on the Rothsay team which will go to Russell in the provincial rifle championships.

JACKSON LOSES CASE. Milwaukee, May 29.—Judge Gregory set aside the verdict and dismissed the case of Joe Jackson against the Chicago Club of the American League, in which the jury awarded to Jackson \$18,000 damages. Jackson and Oscar (Happy) Felsch, a witness, had committed perjury during the trial or Jackson's suit for alleged breach of contract, the Court decided.

OLYMPIC BOXING TRIALS NEXT WEEK

"Fighting Cop" From Sydney Will Compete in Middleweight Class.

Policeman Cruikshank, the "Fighting Cop" of Sydney, C. B., is coming over to the Maritime Olympic boxing trials here next week and will appear in the 160-pound division, according to an announcement made this morning by the boxing committee. It is the belief of P. C. Cruikshank that he can make a sufficient impression on the selection committee to convince them that he is the right man to represent the section in the finals at Toronto.

All he has to do to achieve his aim is to win over "Davey" Nolan, present Maritime champion of that class. Mr. Nolan also is coming over with the same view as held by the "Fighting Cop", so when the two meet to settle matters, the rosin should be stirred considerably. This is not the only attraction for the card but it is a good one if Cruikshank actually does carry out present intentions.

There is the featherweight division with Messrs. Louis Donoran, present kingpin, Eric Snow, Bruce Winchester and Walter Kelly of Halifax, eager to decide several matters. Snow's entry is not assured yet but strong efforts will be made to have him on hand. In this class alone, there is enough dynamite to put any show across big, but as it is backed up by other strong entries, all striving for the honor of going to Toronto, the big Arena should be packed next Wednesday and Thursday nights. The hand of the 62nd Fusiliers has generously offered to give a musical programme for the opening night and it is probable that the services of a band will be secured for the second night.

Wrestlers. Walter O'Toole, wrestling instructor of the aspirants for Olympic honors, announced this morning that Sgt. Charlie Earle has joined his camp and will put in a few days' hard work in an effort to win honors in the middleweight division. He is a well-developed young man and has some knowledge of the sport. Instructor O'Toole is confident that he will make a good showing at the trials next week.

The wrestling squad will be worked hard during the remainder of the week, but next Monday they will finish their training and rest up for the trial bouts. It is expected that the work of conditioning and training the winners in the trial events will be continued until they leave for Toronto to take part for a place on the Canadian Olympic team.

The tickets for the show went on sale this afternoon at the following places: Charlie Ballie's, King street; deForest's, Prince William and Charlotte streets; Durick's drug store, Main street; Mowat's drug store, Haymarket square; Ingraham's Pharmacy, West St. John; and George Parker's barber shop, Fairville.

MARQUARD IS IMPROVED. Cincinnati, May 29.—Rube Marquard, pitcher of the Boston Braves, who is ill in a hospital here, was reported to be highly improved today. Marquard developed a case of acute indigestion, following his recent operation for appendicitis, and was in a grave condition for some days.

PRO TOURNEY LOSES STARS

TOP, QUIMET; BOTTOM, SWEETSER. Detroit, May 29.—Two of the outstanding amateur golfers of the country, both former title holders, will not be among those present when the professionals assemble here for their annual open championship next month. Francis Quimet of Boston and Jess Sweetser of New York have announced their inability to compete.

A number of other amateurs, however, will be on hand, including Bob Jones, who now holds the open title, and Max Marston, present amateur champion.

The racing car builders, engineers and drivers who participate in the 500-mile race are at a far greater expense than the public generally realizes. A racing car alone costs between \$10,000 and \$25,000, to say nothing of the extra equipment necessary and the expense of the car crews before the big race.

It is because the speedway management has ever looked to the expense of automotive engineering, seventy-five per cent of which has emanated from lessons learned in automobile racing, that the consolation purse is being awarded these men who are pioneering the ideas that will be evident in the passenger car of tomorrow, and who may be unsuccessful in placing their mounts in the first ten to finish in the \$50,000 purse.

With the \$10,000 added speedway purse the total prize money offered by the speedway management is \$60,000. Other prizes, offered by the citizens of Indianapolis, accessory manufacturers and others bring the total purse of the Indianapolis race near the \$100,000 mark.

**DECIDE TO ORDER
WAR MEMORIAL**

About \$6,000 More Required to Complete \$20,000 Fund, is Report.

The \$20,000 civic war memorial to those from St. John who died in the World War is to be ordered immediately and a vigorous canvass undertaken to collect the \$6,000 of which the fund is short at present. A meeting of the war memorial committee was held yesterday afternoon in the Board of Trade rooms with R. T. Hayes, M. L. A., chairman, presiding, when the definite action was taken and it was agreed that the names of those who have contributed to the fund should be published.

The minutes of the last meeting, held on May 15, 1923, told of authority having been given the finance committee to make a further effort to raise the required sum. The committee reported having raised an additional \$1,800, much of which had been second contributions from those who had previously subscribed.

W. L. Galloway, treasurer, submitted the following statement:

Paid subscriptions	\$ 8,461.18
Pledges	5,692.50
Total subscriptions	\$14,153.68
Bank interest	194.96
Total receipts	\$14,348.64
Less disbursements	837.29
Total net receipts and pledges	\$13,511.35
Balance in bank	\$3,118.80

Suggests Ways to Get Money.

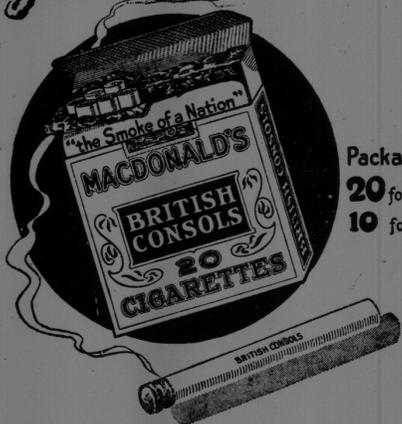

A letter from Col. E. T. Sturdee recommended a more vigorous canvass of the citizens to supplement the funds on hand, the holding of another tag day and, if a deficit remained, asking the City Council to make up the amount. He believed the monument should be ordered at once and unveiled on Labor Day.

With regard to having the monument made locally, Colonel Sturdee said that the chief cost would be for the bronze figures which could not be made locally and that the almost white granite of the Fredericton monument—which came from Stanstead quarries, Que.—looked better than New Brunswick grey granite.

Mr. Hayes said that the War Veterans had objected to having granite from outside of New Brunswick but that those who had contributed to the monument had felt that the best material was none too good to use for a

monument to the soldiers who gave their lives. Some people wished a utilitarian monument but all contributions so far received had been given for the monument already selected.

Commissioner Wigmore believed the city might be asked to make up the balance if there was still a shortage after all other appeals had been made.

Presents Veterans' View.

Dr. G. B. Peat, for the War Veterans, said the returned men believed a monument to the fallen new Brunswick soldiers should be of New Brunswick material and that the fallen would have wished it so. It would be only right and fair that if it was necessary

the sum should be made up by taxation.

Dr. M. G. Teed, K. C., said while the Fredericton monument of white granite looked well, perhaps New Brunswick granite would better stand the climate of St. John.

J. S. Gregory and Thomas Bell, as members of the finance committee, who took part in the canvass, hoped it would not be necessary to resort to taxation to raise the required sum and confidently expressed their opinion that the citizens would contribute voluntarily. The quiet canvass hitherto conducted was believed to have been a mistake and it was agreed to give greater publicity to the effort and to publish the

names of the contributors. While the City Council had not yet given explicit permission for the removal of the monument which now occupies the site at the head of King street, where it is proposed to erect the Soldiers' Memorial, it was said that there was no fear on the score of permission being refused.

Left to Architect and Committee.

On motion of Mrs. Sherwood Skinner, seconded by J. S. Gregory, it was decided to order the monument at once, to publish the list of contributors and to trust to the people of St. John to contribute the remainder of the money required. On motion of Commissioner Harding, seconded by G. L. Warwick, the finance committee was requested to continue its canvass.

C. B. Allan is chairman of the committee on the purchase and erection of the monument which will act in ordering the monument. Mr. Allan said that it was a reflection on the city that while citizens had contributed about \$500,000 to various philanthropic causes since the monument was first mooted two years ago, contributions to the monument had come in so slowly.

Mrs. Alfred Morrisey suggested that Armistice Day would be a fitting day on which to have the unveiling. The matter of the date of unveiling and the material of the monument it was felt must be left with the architect and purchasing committee. Arrangements were made for a meeting of the finance committee today.

Among those present at the meeting were J. C. Berrie, Mrs. J. W. Hart, Mrs. F. C. Jones, Mrs. L. W. Simms and Miss Alward, the secretary.

An alfresco meeting had been planned by the Scoutmasters for last evening but the weather was so unfavorable that the outing was postponed indefinitely. The Scoutmasters had intended to have an outdoor session at Epworth Park but cancelled it when the rain set in.

BE YOURSELF IS COLLEEN'S ADVICE

Challenges Statement Made by Retiring President of Y. W. C. A.

"Be yourself!" With this brief yet pithy retort, Colleen Moore, picture star, denies the assertions made by Helen Gwynne, retiring president of the Y. W. C. A. National Industrial Assembly, who recently declared in New York that "to catch a man a girl must wear gaudy clothing, bobbed hair and a spirit of aggression."

"The demure, submissive girl doesn't go far in matrimony," Miss Gwynne declared, "and so to attract attention to herself must dress in bright colors." "All wrong," avers fair Colleen, who declares that the gaudy, aggressive girl does not attract a man matrimonially inclined.

"The modern girl who asks herself 'what kind of a girl must I be to be the kind of a girl the boys want me to be?' often thinks as does Miss Gwynne, that she must paint and powder, wear loud clothes, and 'flap' to the limit, in order to snare a husband. "Don't do it, girls—be yourself! The simple, modest and retiring girl is the kind that the boys are looking for—that is for wives."

ATTEND Y. W. C. A. SHOW.

Members of the I. O. D. E. chapters attended the Opera House in large numbers last evening to witness the third evening performance of "Why She Loved Him," put on under the auspices of the Y. W. C. A. There were several of the Duke of Rothesay Chapter present from Rothesay and several of the chapters sat together. The audience was large and enthusiastic. Boxes of chocolates were presented Miss Erinie Climo, Miss Florence Dunham and "Matisse." David Legate came before the curtain and in a neat speech reminded the audience of the exhibition of the gymnasium classes of the Y. W. C. A., that will be given Friday evening and Saturday afternoon. Candy was sold between the acts.

There is going to be another celebrity in the Moore family. Cleve, younger brother of Colleen Moore, the First National star, is trying out for the Olympic games as a diver. He has enough medals to sink him if he wore them on his bathing suit, and his famous sister is encouraging him in his preliminary trials.

The intimate revelations of a beautiful model!

Her profession is full of unsuspected dangers.

On the night of the Fashion Pageant Nellie refuses to pose in sheer negligee.

"You are a model now," said Peck. "It's your job to pose in all sorts of costumes." "Then I'll quit," said Nellie.

Fire breaks out during the great fashion show. The audience and scantily clad models barely escape with their lives.

Each moment is a new thrill. And, finally, abducted by hired thugs Nellie is left to her fate on the tracks of the fast express!

SERVICE STATIONS ARE DISCUSSED

Police to Report on Them—Commissioners Talk of Taxes.

The growing number of automobile service stations and their relation to the safety of the community was discussed at some length by the members of the City Council this morning and Commissioner Harding said he had requested the Chief of Police to investigate all these stations and see if they were observing all the provisions of the law.

The collection of taxes was also discussed and the Mayor expressed the opinion that a new system of book keeping to keep track of delinquent tax payers was needed.

His Worship said he had written the firm of Price, Waterhouse and Company for their terms in connection with an audit of the books of the Civic Power Commission and that part of the bonds recently sold were delivered this morning.

The application of W. E. A. Lawton for permission to install three gasoline tanks and pumps on the lot at the corner of Princess and Germain streets was taken up and Commissioner Harding recommended that the application be granted.

W. H. Harrison, solicitor for Mr. Lawton presented a petition signed by residents of the immediate district asking that the service station be established.

Mr. Lawton said the building to be erected would be a bungalow style one and a half stories high.

Mayor Potts said the request would be given consideration and the delegation withdrawn.

Commissioner Bullock said this application meant that 2,000 gallons of gasoline would be stored there and this was too much for one locality. He expressed the opinion that possible objects should be given an opportunity to be heard and moved that consideration be deferred until the next committee meeting.

Mayor Potts said he considered it would be a shame to put this building on that lot.

The motion to defer consideration carried.

On motion of Commissioner Harding the application of N. E. Christenson for permission to place a gasoline tank and pump at 8-12 Pond street was refused. The commissioner said he did not consider this a suitable location. He had given the chief of police orders to investigate all service stations and see if they were carrying out the provisions of the law.

Mayor Potts said he thought it was time the council gave consideration to danger created by these service stations.

A recommendation by Commissioner Harding that the Aleutic Sales and Service Co. be granted permission to install a third pump and tank at the corner of Union and Peel streets was withdrawn as His Worship required more information before voting on it.

Commissioner Harding moved that the Commissioner of Public Works be asked to furnish the council with a list of the steam railways using the city streets and the extent to which they used them. This was carried and Commissioner Frink said he would furnish the information.

On motion of Commissioner Wigmore the tender of J. S. Gibbon and Co. for 25 tons of egg coal at \$15.00 a ton and seven tons of nut coal at \$14 a ton was accepted.

The Taxes
Mayor Potts asked what the members of the council thought about the interest charge of 1/2 per cent. on overdue taxes.

Commissioner Wigmore said he had always felt this was an injustice as it fell on the man unable to pay and practically meant an addition of 11 per cent. to his taxes, including the discount.

The Mayor said he felt the system of keeping track of delinquents necessary as at present there was no ledger account of those who owed taxes. No action was taken.

POWER COMMISSION HAS SESSION HERE

Report on Grand Falls and Other Surveys is Submitted.

At a meeting of the New Brunswick Electric Power Commission held here this morning the report of the engineer on the operating of the plant for the last month was considered and matters which will come before the Government at its meeting next week were dealt with.

Hon. Dr. E. A. Smith, chairman, presided, and Hon. J. E. Michaud was also present.

S. R. Weston, acting chief engineer, who returned last evening from Grand Falls, said that two more drilling machines were to be put to work there at once to complete the work of securing information as to foundation possibilities before August 1. He also said that surveys had been completed at Nauwigewauk, Petitcodiac, Salisbury and River Glade, and a survey at Cuddy's would be made tomorrow. Reports on these will be presented at the next meeting of the commission.

Major Vince's Young Son Hurt

Ronald Vince, the three-year-old son of Major E. Haban Vince, M. C., District Engineer Office of this military district, narrowly escaped serious injury at noon today when a heavy iron gate about which he was playing fell on his head. He was taken to the hospital, but on examination it was found that he was not seriously hurt, and he was again taken to his home in Elliott row, where it was said this afternoon that he was doing well.

With another youngster he was playing near his home, and his mother was suddenly called from the house by the screams of the children to find her son under the fallen gate. A hurry call was sent for the ambulance, and accompanied by Mrs. Vince, the child was taken to the hospital, where an examination was made.

Major Vince is in Woodstock on duty.

ARE RE-ELECTED.
Last year's officers and directors were re-elected for another term at the annual meeting of the St. Martins Telephone Co. held yesterday in the offices of the N. B. Telephone Co. They are as follows: President, Richard O'Brien; vice-president, T. B. Carson; secretary, H. G. Black; directors, A. W. Macdon and H. P. Robinson. Routine reports were presented. The company operates a telephone line from St. John to St. Martins and the exchange at St. Martins which serves that district.

WILL WELCOME MRS. SMITH.
At a meeting of the executive of the Women's Canadian Club this morning, it was decided that the executive would tender a dinner to Mrs. E. A. Smith on her return after her world trip. Mrs. Smith is expected home about June 12. Best wishes for a good trip were extended to Miss Katherine Bell, secretary, who is going abroad this summer. Mrs. Allan McAulay, acting president, was in the chair.

DEFICIT FOR THE YEAR IS SHOWN.

Reports Today at Annual Meeting of Old Ladies' Home Board.

The annual meeting of the Old Ladies' Home Board was held this afternoon at the home for the reception of the reports of the year's operations and the election of directors and officers. Mr. Shives Fisher, president, is absent from the city and therefore was not in attendance to preside.

The report of the secretary-treasurer, B. R. Armstrong, shows that at the present time the residents of the home number 24 and there are two vacancies. The cash receipts for the year amounted to \$9,192.20, from board of those living there, interest on investments and subscriptions, and the expenditure amounted to \$10,889.01, leaving a deficit of \$1,696.81 for the year. This deficit, it is explained, is largely due to the fact that repairs cost about \$1,000 more than usual during the year.

Among the receipts on capital account were the following: W. H. Thorne estate, \$2,000; Horsman estate \$5,000; W. F. Hatheway estate, \$500; Julia Potts estate, balance of residuary, \$286.68 and a gift of \$500.

H. C. DUNLOP WINS DENTAL DEGREE

Prominent St. John Organizer Graduates at University of Toronto.

Included among the graduates this year from the University of Toronto, dental section, are four New Brunswick men, two of whom are well known in the city and one a resident here.

The St. John member of the quartette is Harry C. Dunlop of Orange street. Mr. Dunlop is one of the best known musicians in the city, specializing on the organ. For some years he was organist at the Main street Baptist church and has been regarded as one of the city leaders in that branch of music.

The other three are J. E. S. Dunham of Hartland, F. C. Sims, also of Hartland, and L. M. Gray, Campbellton. Mr. Dunham was a resident of this city last year and is well known here. Congratulations are being extended on their success.

The word that they had successfully passed was received yesterday by Mr. Dunlop.

TRIBUTE IS PAID TO BRAVE CAPTAIN

Trade Board Council Eulogizes Capt. Greenlaw—Other Matters.

At a meeting of the Council of the Board of Trade today a glowing tribute was paid to Capt. Greenlaw of the St. John tug Ocean Eagle for his brave rescue of the surviving sailors on the wrecked trawler Mikado off Cape Breton.

Maritime Development.
A resolution respecting the Maritime Development Organization, which had been received from President McMahon of the Maritime Board of Trade, was endorsed. It will be recalled that endorsement had been extended this organization by President Barbour and other members of the Board of Trade at a recent conference with Lt.-Col. Innes.

The port committee, through Chairman Schofield, presented a report on the freight traffic which has been handled here during the last winter by the C. P. R. and C. N. R.

The Railway Traffic Committee reported on certain matters on the C. N. R. time-table that had been taken up with the Moncton officials at the suggestion of business houses. Up to the present time the railway officials have found it difficult to grant the concessions requested.

The secretary reported on the marine insurance information that had been supplied the Deputy Minister of Marine and Fisheries. This information embraced a copy of the brief that had been presented to the Imperial Shipping Committee at the St. John conference, also a memorandum from the manager of the St. John branch of the Atlantic Sugar Refineries, Ltd., who had attended the conference.

The matter of the appointment of a Cuban trade commissioner for Canada received consideration, and it was decided to seek advice from the Minister of Trade and Commerce.

The representation of the St. John Board of Trade at the Congress of British Chambers of Commerce in London on July 1 was discussed. The president was authorized to give the matter attention and to name a suitable representative.

SACKVILLE AND AMHERST IN LINE

They Endorse "Buy at Home and Maritime Made" Campaign.

According to a telegram received by P. H. Butler, Editor of Business Review and Maritime Retailer, from R. A. Macaulay, the organization work of the "Buy at Home and Maritime Made" campaign is meeting with excellent success. Mr. Macaulay and Mr. Crosby appeared before the Sackville Board of Trade on Tuesday evening and before the Amherst Board of Trade last night. The prospectus of the campaign was placed before both bodies and heartily endorsed.

It is expected that Moncton will be the next place visited by the organizers. The campaign has now been endorsed by the boards of trade of St. John, Halifax, Amherst and Sackville and by the N. B. Retail Merchants Association and the N. S. Association.

LAD STRUCK BY CITY AMBULANCE

While proceeding slowly down Sydney street this morning, the city ambulance struck and knocked down a young lad, Bruce Colham. He received only slight hurt to his head and was taken to his home, 155 1/2 St. James street, in the vehicle with which he was struck.

The ambulance was passing a wagon which is said to have been parked on the wrong side of the street when the youngster emerged from behind it and started to cross the roadway. Before the driver could bring the ambulance to a stop it had knocked the lad down. Quick action by the driver averted more serious consequences.

POSTAL MATTERS

Charles O'Neill of Moncton, vice-president for the Maritime Provinces of the Postal Clerks Association, was in the city today enroute home from the Knights of Columbus convention at Fredericton. He stayed here to confer with local officials of the association.

As Hiram Sees It

"I see," said Mr. Hiram Hornbein to The Times reporter, "somebody has been writin' to the paper about the garbage an' paper an' stuff that's thrown into the streets."

"That is one way of showing one's independence," said the reporter. "Some people are like that."

"They orto be fined ten dollars a throw fer everything they pitch into the street," said Hiram. "Why wouldn't stand fer it out to The Settlement—an' we don't put on no airs at all. We like the place to look well, though—an' the feller that throws things around fer somebody else to rake up an haul away is likely to find his front yard cluttered up some fine mornin' with enough to keep him busy fer quite a spell. You can't give that kind of a hint here in town—but you kin tetch 'em in the pocket—an' that hurts just as bad. Why don't you do it?"

"I don't know," said the reporter. "Well—I'll tell you," said Hiram. "You're too fond o' dirt—By Hea!"
