University of Ottawa.

THE UNIVERSITY OF OTTAWA, conducted by the Oblate Fathers of Mary Immaculate, began with the infancy and developed with the growth of the city. Established in 1848 by the Right Rev. J. E. Guigues, O. M. I., D. D., it was entrusted to the care of the Very Rev. Father Tabaret, O. M. I., D. D., and under his presidency attained a high degree of prosperity.

Originally incorporated under the title of "College of Bytown," this institution received in 1866 the title of "COLLEGE OF OTTAWA," together with the power of conferring University degrees. In 1885 its charter was so amended as to extend its original powers.

Besides the Regular University Degrees, the University of Ottawa enjoys the right to confer the Degrees of Bachelor and Doctor in Science, and Music, together with the Degrees of Civil Engineering, Mining Engineering and Mechanical Engineering. The University received at the same time extensive powers of affiliation, in virtue of which, all the Degrees conferred by the Faculty are officially recognized in the Dominion and in all other British possessions.

By a BRIEF, dated February 5th, 1889, the Sovereign Pontiff LEO XIII, raised the University of Ottawa to the rank of a Catholic University, with all the privileges conferred on such Universities.

The Degree of either B.A. or LL.B., which the University confers, in virtue of its *University Charter*, besides being honorable testimonials of high and varied attainments, entitles those

2
who study law to exemption from preliminary examinations, and to a reduction of two years from the ordinary course of five years; the former Degree also entitles those who study medicine to a similar exemption, and to a reduction of one year.

The Government Museum and the Parliament Library furnish professors and students with the means of elucidating every question in literature, science and art. Moreover, the students enjoy the advantage of occasional attendance at the debates of the Dominion Parliament, during the annual session held in Ottawa, and thus become familiar with those political contests in which they may afterwards be called to take part.

Besides these, and other educational advantages dwelt upon in the following pages, spacious grounds for Athletic sports, a perfectly equipped gymnasium, well-ventilated recreation halls, baths, an infirmary with a doctor in daily attendance recommend this institution to parents who consult both the intellectual and physical advancement of their sons.

Canonical Erection of the University of Ottawa.

Breve Apostolicum quo Collegium Ottawense Canonice Erigitur.

LEO PP. XIII.

AD PERPETUAM REI MEMORIAM.

Cum Apostolica Sedes omni tempore curas suas ad tuendam fidei integritatem, morumque disciplinam studiosissime adhibuit, tum etiam in eo semper advigilavit, ut ampla domicilia doctrinis, bonisque artibus excolendis catholicæ juventuti paterent, in quibus recta mentis atque animi institutio, ad privatam ac publicam societatis humanæ utilitatem posset hauriri, eademque cum opus esse censuit nunquam prætermisit, quin eorum domiciliorum dignitati, stabilitati, et prosperitati adserendæ, suæ auctoritatis et opis præsidia, conferret.

TRANSLATION.

LEO PP. XIII.

FOR THE PERPETUAL REMEMBRANCE OF THE EVENT.

As the Apostolic See has at all times watched with anxious care over the preservation of the integrity of faith and morals, so also, has it ever been solicitous that there should be at the disposal of Catholic youth, well appointed institutions for the study of sciences and fine arts, in which there might be acquired, in furtherance of the private and public good of human society, a thorough mental and moral education. Nor has it ever neglected, whenever such seemed to be desirable, to promote the dignity, stability and prosperity of such institutions by the support of its own authority and power.

Has ob causas gratissimum fuit Nobis intelligere, jam inde ab anno Christi MDCCCXLVIII Ottawæ præclara in urbe Canadensis regionis, Collegium juventuti catholicæ instituendæ conditum fuisse a Josepho Eugenio Guigues, illustris memoriæ Presbytero Congregationis Oblatorum Mariæ Immaculatæ, qui primus Ottawæ Episcopus datus est, idemque Collegium ampliora in dies incrementa feliciter suscepisse, tum Collegii ædificio novis operibus amplificato, tum bibliotheca instituta, et museis, omnique instrumento ad omnigenam eruditionem comparatis, tum concursu, et frequentia alumnorum quos laus, et fama institutionis e longin quis etiam locis exscivit, adeo ut Collegium ipsum decreto edito a supremo Canadensis regionis Consilio legifero anno MDCCCLXVI dignum iudicatum fuerit, ut justum ac legitimum Universitatis civilis studiorum nomen acciperet, omnibusque donaretur juribus quibus ceteræ Universitates potestatis civilis auctoritate fruuntur.

Cum hæc Collegio Ottawiensi fauste et feliciter evenissent;

For these reasons it was most pleasing to Us to learn, that there had been established, as early as the year of our Lord 1848, in Ottawa, a renowned City in Canada, a College for the Education of Catholic youth, by Joseph Eugene Guiguës of illustrious memory, a Priest of the Congregation of the Oblates of Mary Immaculate, who was appointed the first Bishop of Ottawa,—and that, in the course of time, the said College had auspiciously grown to ampler proportions, by new extensions made to the College buildings, as well as by the establishment of a library, and the addition of museums and of all means and appliances for the imparting of a complete and thorough education, and furthermore by the ever-increasing number of its students whom the fame and high standing of the institution had attracted even from distant localities, so that in the year 1866, the same College was judged worthy, by the highest legislative assembly in Canada, to receive the well deserved legal title of a civil University, and to be vested with all the rights and privileges which the other civil Universities enjoy through the authority of the civil power.

In consequence of the eminent success and prosperity of the

huic Apostolicæ Sedi anno MDCCCLXXXVIII preces oblatae sunt Præpositi Congregationis Oblatorum Mariæ Immaculatæ, ac doctorum decurialium Collegii, necnon litteræ Archiepiscopi Ottawiensis impense postulantium, ut idem Ottawiense Collegium, tot nominibus commendatum, dignitate et juribus Catholicæ Universitatis, ex more, institutoque Apostolicæ Sedis augetur. Hujusmodi preces Nos libenter excipiendas censuimus. Novimus enim quantas opportunitates habeat Lyceum magnum optimorum studiorum in Urbe nobilissima Ottawa, Archiepiscopalis Cathedræ honore aucta, et civilis regiminis sede, constitutum, quæ natura loci media inter alias Canadensis regionis Urbes assurgens, omnibus commæantibus facile pervia est, ac ex presentia insuper lectissimorum virorum, qui in supremis civilis potestatis consiliis sedent, quique rerum publicarum administrationem gerunt, splendidam capit accessionem dignitatis. Novimus etiam quo studio dilecti filii sodales Congregationis Oblatorum Mariæ Immaculatæ ab Anno MDCCCLXXXVIII rectæ institutioni juventutis operam dederint,

College of Ottawa, there was submitted to the Apostolic See, in the year 1888, a request on the part of the Superior of the Congregation of the Oblates of Mary Immaculate and of the learned members of the Faculty of the College, and also a letter on the part of the Archbishop of Ottawa, earnestly beseeching Us, that the said College of Ottawa, which was deserving of such high commendation, be exalted, in accordance with the custom and established usage of the Apostolic See, to the dignity and rights of a Catholic University.

To these entreaties We have willingly accorded a favorable consideration, for we know what advantages for the pursuit of the most advanced studies this great College has, established in that most distinguished City of Ottawa, which, besides being the seat of the civil government, has been elevated to the honor of an Archiepiscopal See, and which by its central position amidst the cities of Canada possesses easy communication with every part of the country, and which, moreover, receives additional splendor from the presence of those distinguished men who preside over the Supreme Councils of the land, and conduct the administration of

We also know with what zeal our beloved sons, the members of the Congregation of the Oblates of Mary Immaculate, have devoted themselves, since the year 1848, to the proper education of the young, having willingly bestowed upon this noble work and its advancement their possessions as well as their zealous care, and how much the Superiors of that same Congregation have always taken it to heart, to preserve and nurture, in a becoming manner, among their subjects, a devotedness towards the Holy See and the Rulers of the Church, and to promote to the professorship of Ottawa College the prominent disciples of their Congregation,—of whom several have been honored with the Doctorate at the Gregorian College of the Society of Jesus in this august City, and, at the same time, to watch that philosophy and theology should be taught in accordance with the doctrines of St. Thomas Aquinas. These things being so, We can understand how many illustrious scholars, formed by the learned professors of the College of Ottawa, have gained for their teachers wide esteem and honor.

Substus.

these Our Letters shall always be and remain firm, valid and effective, and shall receive and retain their full and complete efficacy, and shall in all things and under all circumstances be interpreted in favor of those whom they may concern, and in whatever manner it shall concern them, and that it shall be incumbent on all ordinary and delegated judges and also on the Auditors of the Apostolic palace, and the Nuncios of the Apostolic See and the Cardinals of the Holy Roman Church, even *Legates a Latere*, to render their judgments and definitions in accordance with these decisions, withdrawing from every one of them, all power and authority of judging otherwise, and that it shall be null and void if any one, on whatever authority, knowingly or unknowingly, should happen to act in opposition to this Our decree. Notwithstanding all decisions to the contrary that deserve special and individual mention or derogation.

Given at St. Peter's in Rome, under the Seal of the Fisherman, on the 5th of February, 1889, in the eleventh year of Our Pontificate.

I. ADMISSION, REPORTS, ETC.

Applicants for admission who have not attended another college, if not personally known to some member of the Faculty, must present a certificate of good conduct from a responsible person.

Testimonials of a good moral character are required of applicants from other colleges.

Previous to admission, students are to give the names and residences of their parents or guardians, to whom reports, accounts and receipts are sent.

Students are admitted at any time during the scholastic year. The best time for entering is at the beginning of either Term, when the requisite instruction preparatory to the introduction of fresh matters, or of more advanced parts of the matters already studied, is usually given in the several classes.

No student will be received for the First Latin Class after September 30th, unless he is fully able to advance with that class.

Students are not admitted, save on condition that they attend at least one Term. Should a student leave within the Term, no reduction of fees is made in his favor. Cases of protracted sickness or of dismissal are the only exceptions to this rule.

On entering, each student is examined by the Prefect of Studies and placed in the class for which he is found best fitted. The subject matter of this examination is to be found at the beginning of the programme of the Commercial, Collegiate and University Courses, and in the programme for each Grade and Form of these Courses.

The Academic Year is divided into two Terms, beginning respectively on the second Wednesday of September and on the seventh day of January.

The sum of the class *marks* of each day and of the *marks* of the monthly competitions are read once a month to the assembled students, in presence of their Professors. Thus the conduct, application, and standing of each student are made known in a

way eminently calculated to encourage progress in virtue and knowledge, to reward the dutiful and studious, and to stimulate the remiss to praiseworthy emulation.

Reports are sent every month to parents, showing with similar exactness, the conduct, application and regular standing of their sons, and giving information about their health and other matters of special interest.

The annual vacation begins in the latter part of June, and ends on the first Wednesday of September.

The Christmas holidays last from December 23rd to January 6th inclusively. Students may, nevertheless, remain in the University during this time at the option of the parents.

N. B.—No student will be allowed to remain at the University during the annual vacation.

Parents are earnestly requested to send their sons in time to resume their studies on the appointed day. It is very prejudicial to a student to be absent at the very time when fresh matters, usually higher and more difficult than those previously studied, are introduced, and needful introductory instruction is imparted.

II. DISCIPLINE, REGULATIONS, ETC.

The observance of discipline and good order being indispensable to insure the success of the students in their studies, exact observance of the rules of the University is enforced. Moral influence is resorted to especially, as an incentive to the performance of the duties prescribed.

Serious infringement of discipline, habitual profanity of language or the introduction of irreligious or otherwise pernicious books is a cause of dismissal.

With a written permission from their parents, senior students may be allowed the use of tobacco. The regulations regarding its use are strictly enforced.

The junior and senior students are under the immediate supervision of the Oblate Fathers. Separate study-halls, playgrounds, dormitories, etc., are allotted to each Division.

No branch of study shall be begun, or once commenced shall be discontinued without the permission of the Prefect of Studies.

No book, pamphlet or newspaper shall be introduced into the University without having been previously examined and approved by the Prefect of Discipline.

All letters, whether sent or received by the students, may be opened and read.

Students are not allowed to leave the University without the consent of their parents, who are requested not to withdraw their sons without notifying the Rector of the intended withdrawal.

The students are strictly forbidden to lend, borrow or exchange personal effects of any kind.

Any damage done by a student to the furniture, instruments or books of the University, is charged to his account.

Day scholars are strictly forbidden to take out letters or to perform any other errands for the boarders.

N. B.—Parents are earnestly requested to impress upon their sons the importance of practising economy while at the University. Much unnecessary expense and grave inconveniences are avoided when what is deemed requisite for needful purposes is transmitted directly to the Bursar of the University. This would also be the wise course to adopt with regard to pocket money, of which the more moderate the supply, the better.

N. B.—Drawing and Vocal Music entail no extra charge.

The College Band receives excellent training, and is provided with a large and choice variety of instruments. The students who wish to enter it have previously to make a special arrangement with its Director.

Medicine is a distinct and special charge. While in the Infirmary students pay a moderate daily fee.

All charges are payable semi-annually *strictly* in advance. Accounts not paid in advance are subject to sight draft *without notice*.

The Bursar alone, is authorized by the University to receive payments, to take charge of deposits, to contract pecuniary obligations of any kind. Therefore, in all monetary transactions, address "*The Bursar, University of Ottawa.*"

The outfit of each student must comprise at least :—

| | |

| 6 Towels. | 2 Suits of Clothes for Summer |
| 6 Napkins. | 1 Overcoat. |

Combs, Brushes, etc., for Toilet.

No uniform is required. However, a dark suit for Sundays and Holidays is very desirable.

The University will not pay any accounts for articles purchased by a student, unless a sum for this special purpose is deposited with the Bursar.

The University will not be responsible for any article of clothing, or table furniture, or for books left at the University by the students.

Books, stationery, etc., may be procured at the University ; in which case a sum equivalent to the required expense must be deposited with the Bursar.

IV. PROGRAMME.

The Programme of Studies Embraces Six Distinct Courses.

1. THE THEOLOGICAL COURSE, which extends over four years and embraces all the branches of ecclesiastical science generally taught in Catholic Seminaries.

2. THE PHILOSOPHICAL COURSE, which is both the crowning of the Collegiate Course and the basis of all professional studies.

Students may take their Degrees both in Sacred Theology and Philosophy.

3. THE COURSE OF ARTS, which extends over four years, and at the end of which the student may receive the diploma of Bachelor of Arts or of Bachelor of Literature, after having passed the prescribed examinations.

4. THE SCIENTIFIC COURSE, which is adapted for young men, who, having acquired sufficient knowledge of the classics, desire to devote themselves to the study of the natural sciences and mathematics. It commences after the Collegiate Course and lasts three years. After the necessary examination upon the various matters of the course, the students may receive the degree of B. S.

5. THE COLLEGIATE COURSE, extending over three years and embracing all the matters necessary for matriculation.

6. THE COMMERCIAL COURSE, the object of which is to impart to young men not destined for the literary careers, such instruction as will enable them to fulfil with advantage and with honor, any position for which they wish to fit themselves.

The Commercial Course serves at the same time as a preparation for the Collegiate Course and for the other courses above mentioned.

The last year of this course is specially employed in the practical study of commercial transactions, and prepares the young man to take up with success, any branch, whether commercial or administrative.

Mathematics.

From the very first year of the course the various branches of Mathematics are associated with the study of the Classics. The course of Mathematics is independent of the other courses. It is so arranged that the students, who are fitted by their knowledge of Greek and Latin to take their place in the higher classes, may at the same time, follow the lower courses of Mathematics, without encroaching upon the time required for their others studies.

Chemistry.

The fitting up of a spacious Chemical Laboratory has enabled the University to open a course of Analytical Chemistry. Each student is provided with a working bench, makes his own

experiments, and has every facility of acquiring, by personal research, a practical knowledge of that universally important science.

Mineralogy and Geology.

The modern sciences receive the attention due to their acknowledged usefulness and efficacy as a means of mental training. The University Museum, containing a large collection of geological specimens, and the Museum of the Geological Survey of Canada to which the students have been kindly granted access, supply ample material for extensive research.

Occasional excursions to the neighboring iron, plumbago and phosphate mines give a powerful stimulus to the study of the hidden treasures of the earth.

Physics.

The minute and exhaustive study of Physics crowns the edifice of the natural sciences. The Physical Laboratory contains all the instruments necessary for the demonstration of the various phenomena and their laws in the different branches of Physics.

The apparatus that supplies the University with electric light affords the students the facility of acquiring a practical knowledge of this part of physics so important in our days.

Religious Instruction.

Religion, the necessary help-mate of education, the all-pervading element that should season its lessons and make of them sound food for the mind and heart, is the ground base of all teaching imparted. The religious training of the students is attended to with unceasing care, the most approved methods are adopted to foster and develop genuine piety, and a sound practical and thorough knowledge of Catholic doctrine is secured. Thus they are prepared to cope in after life with those difficulties and dangers which may arise from their own passions, from pseudo-science, and from contact with the enemies of Christianity; they are prepared to preserve that integrity of life and purity of morals,

V. EXAMINATIONS.

College Examinations.

There are two examinations each year, the First-Term examination before the Christmas holidays, and the Sessional examination, immediately before the close of the Academic year.

These general examinations, together with the *marks* of the entire preceding Term, determine whether the student deserves promotion or not.

Students who fail on any subject on the First-Term examination are required to pass a supplemental examination in that subject before being admitted to the Sessional examination.

Students who fail on one subject in the Sessional examination are required to pass a supplemental examination on the same. Should they fail in this, they will be required to write again on the whole examination.

Failure in two or more subjects at the Sessional examination involves the loss of the Session. The Faculty may permit the student to recover his standing by passing a supplemental examination at the beginning of the ensuing session.

UNIVERSITY EXAMINATIONS.

Arts.

There are three University examinations in Arts: the MATRICULATION, at the end of the Collegiate Course; the INTERMEDIATE, at the end of the second year of the University course; the FINAL, at the end of the fourth.

The Degrees conferred by the University in the Faculty of

Arts are those of Bachelor and Master of Arts, Bachelor and Master of Science, Bachelor and Master of Literature, Bachelor and Doctor of Music, etc.

Philosophy.

There are three examinations in Philosophy. The first after the third year of the University course for the degree of Bachelor of Philosophy; the second, at the end of the University course, for the degree of Licentiate; and the third, two years later, for the degree of Doctor.

Law.

For the degree of LL.B three yearly examinations must be passed.

DEGREE OF LL.D.

The Degree of LL.D. is conferred *honoris causa* only. It cannot be conferred on any one without the authority of a resolution of the Senate, passed at a (regular) meeting thereof by a majority of the whole Senate.

Theology.

There are three examinations in Theology. The first, after the second year of the Theological course, for the degree of Bachelor of Divinity; the second, after the third year, for the degree of Licentiate; and the third, three years later, for the degree of Doctor.

The Degrees in the various Departments are conferred upon the Candidates who fulfil the conditions and pass the examinations hereafter stated.

DEGREES AD EUMDEM.—By Act of Legislature bearing date 5th March 1885, the Senate of the University of Ottawa is empowered to grant *ad eumdem* degrees. Graduates who have received their Degrees at other Universities, may be admitted *ad eumdem gradum* on producing satisfactory proof of rank and character.

FACULTY OF LAW.

DEGREE OF LL. B.

The following are the requisites for obtaining the Degree of LL. B., in the ordinary course :—

1. Having produced satisfactory certificates of good conduct,
2. Having graduated or matriculated in the Faculty of Arts or being a member of the Bar or a Student at Law in any Province of Canada.
3. Being of three years standing in the Faculty of Law.
4. Having passed in each year the examinations prescribed.
5. Being of the full age of twenty-one years.

DEGREE OF LL. D.

The degree of LL. D. is conferred *honoris causa* only. It cannot be conferred on any one without the authority of a resolution of the Senate, passed at a regular meeting thereof, by a majority of the Senate.

EXAMINATIONS.

The Examinations in Law will take place on the second Tuesday of June and the following days, and shall be in writing only.

Each student who purposes to present himself at any law examination, is required to send to the Secretary of the University at least two months before the date mentioned, a written notice stating his standing and the examination for which he intends to present himself. Such notice must be accompanied by the examination fee, and also in the case of the first examination, by his diploma or other certificate in compliance with requisites Nos. 1, 2 and 3.

The percentage of marks which must be obtained to pass the examinations is fifty-five per cent. of the aggregate number of

marks obtainable, and thirty-three per cent of the marks obtainable on each paper. Candidates obtaining at least three-fourths of the aggregate marks obtainable and at least one-half of the marks obtainable upon each subject, shall be passed with honors.

All the regulations for the University Examinations, not inconsistent with the above, shall apply to the Law Examinations.

Commercial Course.

The great importance of a thorough commercial education needs no proof in an age like ours so distinguished for the pre-eminence and extent of its commercial and industrial enterprises. It should be borne in mind that the best drilling imaginable in Arithmetic and Book-keeping does not suffice to complete a commercial education. There is still needed a certain degree of the intellectual culture which the study of literature and the natural sciences imparts. A Commercial Course that aims solely at making correct accountants is incomplete. It should aim, also, at preparing students to fill with honor, and to the advantage of themselves and all concerned, the various positions they may be called upon to occupy in after life. The programme herein laid down for the Commercial Course clearly shows that the Directors of the College thoroughly understand the importance of attaining this two-fold aim of a complete commercial education.

The Students of the fourth year may be exempt from the study of French, to be able to give more time to commercial branches, which are to be studied with special assiduity.

Practical Department.

A well-organized Business Class, in which banking, commercial law and all business requirements are attended to, prepares the students of the fourth grade to fill, on leaving College, positions which would otherwise require several years of apprenticeship.

In this class, the students take an active, practical part in all kinds of business transactions, in buying or selling, forming and dissolving partnership, drawing checks, giving and receiving notes, etc.

Business calculations, business papers, business correspondence, banking and book-keeping in their simplest and in their most intricate forms are here brought into practical use.

The diligent student will here acquire a more general and complete knowledge of business and book-keeping than he ordinarily could in several years of practical office work.

In this Department the merchandise is represented by printed cards and handled the same as in the outside business world, the prices being regulated by the daily quotations from New York and Montreal markets.

A DIPLOMA, stating the success obtained, is given to those who pass with honor their final examination on the various branches taught in the Commercial Course.

FEE for the Commercial Diploma, \$3.

A fair knowledge of the following is required for admission to the Commercial and Preparatory Course.

ENGLISH.—Reading—Spelling—Elementary Grammar—Elementary Arithmetic—the four fundamental rules, including the first notions of fractions—General Outlines of History and Geography—Writing.

FIRST GRADE.

RELIGIOUS INSTRUCTION.—Butler's Catechism.

ENGLISH.—Reading and Spelling—Explanation of the exact meaning of each word, phrase, sentence and paragraph—Repetition from memory of a passage read, as an exercise in Oral Composition—Grammar, without its technicalities.

FRENCH.—Reading and Spelling—Explanation of the exact meaning of each word, phrase, sentence and paragraph—Repetition from memory of a passage read, as an exercise in Oral Composition—Grammar, Elementary Course.

TRANSLATION.—From English into French, and from French into English.

HISTORY.—Sacred History (small text-book)—Short narrations given by the teacher and repeated aloud by the pupil.

GEOGRAPHY.—Elementary principles—Geography of the Holy Land—Geography of the Dominion.

University Examinations.

— AND —

CONDITIONS OF GRADUATION.

DEGREES OF BACHELOR OF ARTS, MASTER OF ARTS,
BACHELOR OF LITERATURE, BACHELOR
OF SCIENCE.

To proceed regularly to any one of these degrees, candidates are required :—

1. To pass the Matriculation examination.
2. To attend the daily instructions, unless under special circumstances when a dispensation may be obtained from the Faculty.
3. To pursue their University studies regularly for a period of three or four years according to the course.
4. To pass satisfactory examinations in all the subjects of the prescribed course of study
5. To maintain a good moral character.

Dispensation from residence may, in peculiar cases, include the proceeding to B.A., B.L., or B.Sc. on three examinations, the Matriculation, the Intermediate, and the Final; and the usual interval of two years between these examinations may, when it is found expedient, be shortened on application to the Faculty.

Before conferring any degree, the Faculty will require of each aspirant a satisfactory essay on some subject in Literature, Science or Philosophy, a copy of which will be deposited in the Library of the University.

Graduation in Arts.

DEGREE OF BACHELOR OF ARTS.—Candidates for the Ordinary Degree of Bachelor of Arts are required to pass :

1. The *Matriculation Examination*.
2. The Term Examinations, as prescribed in the University Course.
3. The *Intermediate Examination*, at the end of the second year of the University Course.
4. The *Final Examination*, at the end of the fourth year.

DEGREE OF MASTER OF ARTS.—Candidates for this Degree must be Bachelors of Arts of at least two years' standing, maintaining meanwhile a good reputation.

They must present two satisfactory theses on some literary, philosophical or scientific subjects, previously approved by the Faculty.

Copies of the theses, to be kept in the Archives of the University, must be handed in on or before 1st May.

The M.A. Fee must accompany the theses, and will be returned in case of failure.

Graduation in Science and Literature.

DEGREE OF BACHELOR OF SCIENCE.—Candidates for this degree are required to pass :

1. *Matriculation Examination* as prescribed for the Course in Arts.
2. The *Term and Sessional Examinations* of the two first years of the Course.
3. The *Final Examination*.
 - (a) In all the subjects of the *third year*.
 - (b) In the pure mathematics of previous years.
 - (c) In the natural and physical sciences of previous years.

DEGREE OF MASTER OF SCIENCE.—This Degree will be conferred on those who have graduated in the Course of Science on the same conditions as the Degree of Master of Arts is conferred upon those who have graduated in the Course of Arts.

DEGREE OF BACHELOR OF LITERATURE.—The subjects of the *Matriculation Examination* for this degree are the same as for the degree of B.A.

In the *Intermediate Examination*, candidates of B.L. are exempted from higher algebra, analytical geometry and analytical trigonometry.

In the *Final Examination*, the candidates are exempted from calculus, physical astronomy and the mathematical part of physics.

DEGREES IN PHILOSOPHY.—Candidates for degrees in Philosophy must have passed the *Matriculation Examination* as prescribed for the Course in Arts. For other examinations, see page 18.

DEGREES IN LAW, see page 21.

DEGREES IN THEOLOGY, see page 18.

REGULATIONS FOR THE UNIVERSITY EXAMINATIONS.

The subjects for examination are chosen and determined by the Board of Examiners appointed by the Senate of the University.

Previously to the examination, a written application to the Secretary, signed by the candidate, shall be inserted in the Inscription Register.

Each examination is written or oral in every branch. The written examination in each branch lasts two or three hours; the oral, from ten to fifteen minutes.

Before the written examination begins, each candidate should give to the Secretary a sealed letter containing his name, together with the Pseudonym he chooses for his Examination Papers. These letters are not opened until the Examination Papers of the candidates have been examined and the results have been registered with the corresponding Pseudonyms.

Candidates shall bring with them neither books nor paper to the Examination Room. Here they are provided with the classical dictionaries and the Tables of Logarithms which they may need. Sheets with printed headings are given them upon which to write their answers.

They are not to write their names on these sheets, but are required to write their Pseudonyms *very distinctly* at the top of each sheet they use. Any such sheet not distinctly bearing their Pseudonym is liable not to receive credit from the Examiners.

Any candidate detected in copying from the papers of another candidate, or in improperly obtaining any assistance whatever, or in improperly introducing any book or manuscript into the Examination Room, shall be at once dismissed.

Any candidate so dismissed will be inadmissible to any subsequent Examination, without the special permission of the Senate.

While the Written Examinations are going on, the candidates shall be constantly under the supervision of the Board of Examiners.

At the close of each Session each candidate shall hand to the presiding Officer the papers he has written, firmly fastened together *in order*.

These papers are examined by the aforesaid Board of Examiners.

The number of *marks* obtained by the candidates determines their success or failure.

At the Matriculation Examination each candidate has to obtain at least *three-fifths* of the maximum number of marks for the subjects and not less than *one-third* in each subject.

At the Intermediate Examination, at least *two-thirds* of the attainable total, and in each branch *one-half* of the number attainable, are required.

At the Final Examination, *three-fourths* of the whole, *three-fifths* of each branch, are required.

At the Examination for Honours, 80 per cent. in each subject are required for Second Class Honours and 90 per cent. for First Class Honours.

If a candidate fail in one subject he will be required to write again on that subject only. But if he fail in several subjects, he shall lose the whole examination.

The successful candidates shall not receive the Diploma until all University Fees have been paid, and a registered statement whereby the reception of said Diploma is attested, has been signed by them.

The University will always thapkfully receive all specimens or objects of natural history, all natural curiosities, medals, coins, or other objects of art, which the friends of education may kindly contribute towards the completion of our present collections. A well stocked and well organized museum forms the best class-book for the study of the natural sciences. On this account we appeal to the friends of this University to interest themselves in a work so important as a University Museum, by forwarding such articles of interest and use as may be at their command and disposal.
