FOURTEEN PAIRS IN FINAL TOURNAMENT OF TENNIS SEASON

Mrs. Outram And Hugh Mackay The Winners On Saturday — Representatives Of Other Clubs Competed.

Notwithstanding the determination of the St. John Tennis Club that the tournament of the 16th instant would be the last of the year, the fine weather which prevailed on Saturday brought out the players in force and a tournament of mixed doubles was arranged. Fourteen pairs competed. As in the former tournament the players were divided into two sections, A and B, each player playing five games with each other pair in the same section, the section winners playing the best five out of nine games for prizes donated by W. M. Angus and C. F. Inches.

Mrs. Outram and Hugh Mackay, and Miss Francis Hazen and Norman Rogers were the winners in their respective sections. The play was watched with much interest and resulted in a win for Mrs. Outram and Mr. Mackay, five games to two. These past season tournaments have been carried out with great enthusiasm which augurs well for the success of the game next summer. They have also been productive of much development among the players. Mr. Mackay in particular, who is now regarded as a player of no inconsiderable skill. His powerful service and capacity for covering ground at the net will make him a dangerous opponent to the average player for the place next year on the Thomson Cup.

Tea was provided by Mrs. P. W. Thomson, Miss C. Schofield and Miss Katie Hazen. The following is a summary of the score. (It will be noticed that the players include representatives from the Rothery and Westfield Outing Association Clubs):

The artist has supplied the missing detail in that drawing of "The Rubbernecks" and it turns out that the banner which seemed so idly floating in the air should have been attached to the string of an advertising box kite. The picture is now logical enough. NOTE: "What Does It Lack" Picture No. 3 will appear in this newspaper tomorrow.

EMPLOYERS SHOULD REALIZE A LIMIT TO THEIR GREED

Should See, Says Rev. David Lang, That Employes Can Earn a Livelihood—Ancient Church Customs Defended.

In a practical Thanksgiving sermon in St. Andrew's church yesterday morning, Rev. D. Lang, the pastor, touching on modern business methods condemned the employers who did not pay their clerks or factory hands enough to live on. He defined the use of the Lord's prayer and responsive readings in the Presbyterian order of service, and advised the critics to study history before complaining that the ancient custom of the church had been departed from.

Rev. Mr. Lang took as his text Proverbs 22, 28: "Remove not the ancient landmark." The ancient landmarks, he explained, were pillars of stone, which served the same purpose as the iron pillars on the 49th parallel which marked the boundary between Canada and the United States between the Great Lakes and the Rockies. These pillars were linked with the glories of the past when Joshua had conquered Canaan and called to the mind of the Israelites the landmarks of the history of the nation for which they were thankful to God. It was the same way with the British Empire today; battlefields of the olden days were still visited and the landmarks of the history of the nation for which they were thankful to God. It was the same way with the British Empire today; battlefields of the olden days were still visited and the landmarks of the history of the nation for which they were thankful to God.

Landmarks, continued the preacher, spelled opportunity. The land divided by the pillars was tilled and cultivated according to the ability of the tenant and his acceptance of the responsibility. Eloquent speakers found room for the development of the Canadian West, and here was the opportunity of the church. There were many good men in the West who had grown careless of religious influence and who must be reached.

Use of the Lord's Prayer. The warning against the removal of the landmarks might be taken by some to mean conservatism. In many cases, however, the pillars may have been removed by a former generation and set up in another place. This had been done in the matter of the Presbyterian order of service when the Lord's prayer was placed in the service, and responsible readings introduced, many cried out that the ancient customs were being disregarded.

The student of history, however, knew that John Knox, in the early days of the Presbyterian church rejected the Lord's prayer and led the responsive readings. These had been eliminated from the service later on, and when they were restored the landmarks were being replaced. From the text might also be taken the meaning that the pillars gave the land owners the feeling of limitation. There was a limit to everything. Napoleon had failed because he did not recognize the limits of his native country. His wars, as many others have since his time, were wars of aggression.

Business men should realize that there was a limit to their greed. They must think of the young men and women in their shops and factories, and be responsible that all should have means of livelihood. When they forgot this and overstepped the limits they had no place in the Christian church. On the other hand, the employer should be prepared to give faithful and willing service.

Rush of 200,000 To Dakotas To Snap Up 20,000 Free Farms

Smart Young Women, Old Women, Salaried City Men and Farmers' Boys All Take Part In the Registration For Free Land In the Standing Rock and Cheyenne Districts—Sioux Indians To Be Routed From Their Old Hunting Grounds.

In the Registration Line at Aberdeen, S. D.

By J. H. McKeever.
Aberdeen, S. D., Oct. 23.—When 20,000 people want a chance to win homes in a free land drawing where 20,000 can be satisfied, somebody is bound to lose. The great influx of home seekers here to register during the past week or so has brought to Aberdeen the title of "the city of anxious hearts."

Hundreds come on every train, register, then depart on the next train east. As a consequence there is much gloom among the citizens. The proprietor of two big ice houses, vacant for winter business, bought white wash by the barrel and kited cots by the carload to accommodate the lodgers which he supposed were coming at 50 cents a night. A swimming pool proprietor emptied out the water and filled up the tank's bottom with cots. The women of the Eastern Star lodge made a dormitory out of the Masonic Temple.

Excitement in Air.
But there is something doing every minute here these days. There's excitement in the air. Even the stolid Sioux, whose old hunting grounds are to be ripped open soon by the settler's plow, show it as they bunch them selves along the streets, drawing their blankets close about them as protection from the chilly winds. They furnish the most pathetic part of the big land show which Uncle Sam is staging here and at Moberly, Pierre, Le Beau, Lemmon and Blamack. For, with the passing of the Standing Rock and Cheyenne river lands goes the last stand of the Indian in the great northwest.

Miss Nora Brown and her "ahj" she expects to win a farm and live on a pancake diet and coax out of the soil for at least 14 months before Uncle Sam will give them a portion of the land.

One of the pluckiest young women is Miss Eleanor Brown, a Teleschoolian. When she registered and was asked her name, she said: "Put it down just plain Nora. The folks named me Eleanor but if I'm to be a farmer I must as well start farming now."

She bought a fine saddle horse and built a shack at the border of the Cheyenne reservation. "I just know I can't lose," said despite the odds. First choice in the drawing will be worth at least \$30,000. No farm of 160 acres in the reservation but what will be worth at least \$15 an acre.

So it means something to be a winner in the land lottery. Friends long apart have been reunited through the registration here. Geo. R. Graham, of Cleveland, met Miss Elizabeth Wilson, of Detroit, at a booth after a five years' separation due to a sweetheart's quarrel. They will be married next week.

W. P. Axter, of Cedar Rapids, Ia., and Henry Axter, of Lincoln, Neb., brothers, who had not met for 25 years found each other the same way. The oldest woman to apply for a home was 78 years old. There have been many aged only 21 to register. A house man and the swimming tank proprietor, there is one man who is happy. That is 861 Braun, who sells southerly picture post cards. As a result of Sol's prosperity the post office has had to put on two extra clerks.

When on Oct. 23, the registration closes, one of the biggest distributions has been started. It will mean success in life for some, utter failure for others. For many a man has spent his last cent to come up here and take a chance.

LED TO ALTAR MARRIAGE IN MONTH BY STABLE BOY

Miss Suffern Aged 64 Years, Married to Robert Hiscock Aged 23, at Greenwich, Conn.

Greenwich, Conn., Oct. 23.—For the second time within a month Miss Jeanette Suffern, of Glen Rock, N. J., an heiress, 64 years old, whose affairs of the heart have made her conspicuous within the last few weeks, has been led to the altar by Robert Hiscock, 23 years old, formerly a stable boy, who disappeared shortly after the first marriage ceremony was performed at Paterson, N. J., last month.

The second ceremony took place here today after Miss Suffern and the youthful bridegroom arrived from New York city, where Miss Suffern has been stopping at the Alliance House, No. 205 West Forty-fourth street. The couple would give no information concerning their plans, and departed together after the double knot had been tied by Frederick A. Hubbard, Deputy Judge of the Greenwich Borough Court. Miss Suffern did not explain how she found Mr. Hiscock and gave no details of the marriage.

WINNERS OF VOTING CONTESTS AND PRIZES AT E. D. C. AUTUMN FAIR

Dr. Emery and Dr. F. C. Bonnell Most Popular in Voting Contests—Drawings for the Special Prizes This Week.

The Autumn Fair of the Every Day Club, which was successful far beyond the anticipation of the club, closed on Saturday night with a large attendance throughout the evening. Before the close, Alderman Potts sold at auction what was left on the fancy table, and his running fire of humorous comment kept the crowd in a buying order.

In the contest for the most popular physician, the friends of Dr. G. A. B. Addy were out in force but could not pull down the great majority polled for Dr. A. F. Emery the night before. The vote at the close stood, Dr. Emery 844, Dr. Addy 192. There was also a contest for Dr. Baxter, Case, Bishop, McLaren, McAlpine, T. D. Walker, Skinner and Dr. Mary McLeod.

For the most popular dentist, a heavy vote was polled for Dr. Fenwick C. Bonnell, who won with 275 votes against 102 for Dr. Stanley B. Smith, and smaller votes for others. The physician's prize was a valuable leather bag and the dentist's a handsome umbrella.

MINUTE SLAVE TRAFFIC AND TRINITY HALL

A New Issue is Introduced In New York's Civic Contest —Magazine Out With Vigor- ous Arraignment.

CANDIDATES DECLINE TO DISCUSS MATTER

New York, N. Y., Oct. 23.—Slavery became a live issue in the municipal campaign today—not the slavery which produced Uncle Tom's Cabin, and the denunciatory eloquence of the 60's—but that nineteenth century traffic known as the White Slave Traffic, which has afforded so much material for the present day reformers. The current issue of McClure's Magazine, has later a foundation upon which the local press, hostile to the Democratic ticket, headed by William J. Gaynor, is conducting a new attack, while the Republican Fusionators and the supporters of W. H. Hearst have found new fuel for a heated campaign.

Daughters of the Poor.
The article is printed in McClure's under a sub-title which says: "The Daughters of the Poor—A Plain Story of the development of New York as a leading center of the white slave trade of the world, under Tammany Hall."

And this is a sample of the charges made: "The story of the introduction of this European business into New York under the protection of the Tammany Hall political organization would seem incredible if it were not thoroughly substantiated by the records of recent municipal exposures in New York, in Philadelphia and Chicago by two independent investigations by the United States Government during the past year and by the common knowledge of the people of the east side tenement district of New York, whose daughters and friends have been chiefly exploited by it."

A Double Influence.
The introduction of this system has a double influence upon the large cities. On the one side it has great political importance, for the reason that more and more with the growing concentration of the slum population upon this field, the procurer and marketer of women tends to hold the balance in city elections. This is true, not alone in New York, but in Philadelphia and Chicago have been convinced that the registration and casting of fraudulent votes from disorderly places in those cities will eventually determine the result in a close contested election for mayor by the thousands are cast from these resorts."

Charles J. Murphy, leader of Tammany Hall, characterized the charges as "nonsensical" this afternoon. "Too big drawing will be worth at least \$30,000. No farm of 160 acres in the reservation but what will be worth at least \$15 an acre."

So it means something to be a winner in the land lottery. Friends long apart have been reunited through the registration here. Geo. R. Graham, of Cleveland, met Miss Elizabeth Wilson, of Detroit, at a booth after a five years' separation due to a sweetheart's quarrel. They will be married next week.

W. P. Axter, of Cedar Rapids, Ia., and Henry Axter, of Lincoln, Neb., brothers, who had not met for 25 years found each other the same way. The oldest woman to apply for a home was 78 years old. Mrs. Turner Is Given 15 Years In Kingston

MRS. MABEL TURNER.

Toronto, Oct. 23.—Mrs. Mabel Turner, who was on Thursday found guilty of manslaughter in strangling the infant of Mrs. Arture, which she had been paid \$100 to adopt, was this afternoon sentenced by Judge Masgo to serve 15 years in Kingston penitentiary.

Mr. G. T. Blackstock, K.C., who conducted the Turner case for the crown, described the verdict as being most extraordinary and absurd. "The jury's verdict was absurd, perfectly absurd. It was a terrible fall down to serve 15 years in Kingston penitentiary. I don't see how anything can be done about it. The jury's verdict is irrevocable."

GERMAN POLICE FIND CLUE TO ISLIP VICTIM

May Be Anna Mueller, All Trace of Whom, With Her Husband, Was Lost After They Arrived from Prussia.

Hamburg, Oct. 23.—The Hamburg police, who under instructions from the German government have been investigating the various clues in connection with the finding of the body of a young woman named Islip, L. I., are convinced that the body is that of Anna Latter, who formerly lived in Altona in Schleswig-Holstein, Prussia. She was married in February, 1908, to an architect named Mueller and the couple started for New York. The police state that both are missing.

Islip, L. I., Oct. 23.—Coroner Savage when informed that the German police had partly identified the lead woman as Anna Latter, of Altona, Schleswig-Holstein, who married an architect named Mueller, was pleased. "I believed from the first," he said, "that the identification would come from Germany. Everything pointed to the clothing, jewelry and receipts bills in the body in that direction. It should now be possible to pick up the clue after the arrival of the couple in New York."

Not a Suicide.
"I am fully convinced the woman was murdered and was not a suicide. The absence of any revolver near the body shows that. Then there was a second bullet. The one which entered the jaw fell out onto the ground and was found where the head had lain. Where the other entered may never be known, but the bones will all be examined carefully for any mark."

The second bullet was found yesterday in the box in which the bones lay while in the undertaking establishment.

Much interest attaches to the story of a road house keeper whose identity remains a secret, but who, it is believed, may prove a most important witness.

He sent word to the authorities that a year ago or so two men and a woman visited his place in an automobile and drank liquor and ate. They talked excitedly and angrily at times about some money and land. They sometimes used English and sometimes German, and all three seemed to be Germans. The woman wore a yellowish or drab automobile veil and had jewelry on. All three were pretty well under the influence of liquor when they left his place, around ten o'clock. He was closing up again and wanted gasoline. He had none, and he told them the nearest place to get it was at a baby. This the woman reticently because they did not last night.

some of its spleen against the Sun to splash over upon Hon. Mr. Emmerson. There is nothing in Mr. Emmerson's record to warrant the suspicion that he has 'allied himself with the persons who have planned to seize the 'intercolonial', or that he is 'the associate, the tool, or the spokesman of the insalubrious middlemen,' and there are many in this province who will resent this aspersion upon one whose services and devotion to the 'intercolonial and to the Liberal interests generally, entitled him to the confidence and respect of his party. The dredging ring is carrying its attempted domination of the Liberal party in New Brunswick too far when it 'throws its mud at Mr. Emmerson, whose active Liberalism is not of recent growth, nor springs from hope of 'graft.' This last sentence will have interest for Mr. Pugsley, whose active Liberalism is of recent growth, and springs from impulses which we leave the Sun to suggest.

THE CONFERENCE AT OTTAWA.

The delegations from Quebec and St. John, which are to meet the Government tomorrow, will probably get an answer to bring back with them. Their case is a clear one. It seems to be quite definitely understood that Government assistance is required. Already the Government has determined to secure the establishment of ship-building plants for the repairs of large ships. It needs no prophet to say that in such a situation the Government will welcome advances from a combination of shipping and shipbuilding interests so strong as to ensure the completion of any programme that would be taken up. The transportation interest behind this venture are strong enough to secure the effective operation of the docks when they shall be completed, and the fact that the great Belfast shipbuilding firm will have a large share in the enterprise may be taken as a guarantee that the construction industry will be vigorously conducted. Besides the combination of interests which are undertaking the enterprise, there is a strong merger of local influence. So far as is known the proposed investors have made their selection of localities on purely business considerations. They have not been influenced by the efforts or persuasion of the communities concerned, and have not even taken citizens of Quebec or St. John into their confidence. Having arrived at the conclusion that these ports are best adapted for the works at present proposed they have made the fact known. If the public is correctly informed as to the personnel of the promoters of this enterprise, the Government can hardly fail to be satisfied with that part of it. It is hardly likely that the cabinet will seek to over-ride the decision of the company as to the localities. There remains only the question of terms and at this stage it does not appear that the requirements will be larger than the ministers must have contemplated when the naval and shipbuilding programme was devised.

MUNICIPAL ELECTIONS AND POLITICS.

The Richbucto Review seems to be distressed over the statement that the Kent municipal elections were a strong endorsement of the Government and of the highway act. An elaborate series of statements is presented to show that the 'conservative majority in the new council is small, or that there is no such majority. This may or may not be so, but it has nothing to do with the case. Opponents of the Provincial Government have tried to discredit the administration and the highway act by electing councillors opposed to them. They tried it in Kent, Westmorland, Queens, Sunbury, York and in Gloucester, failing in every case. Kent went Liberal in the Dominion elections by 700 majority, and last year gave a majority of 600 against the late Provincial Government. Hundreds of Liberals have represented in the council by Liberals who support the administration and the highway act, no one need be surprised. Nor is it true that the Highway Act had nothing to do with the municipal elections. Some of the councillors elected in Westmorland explicitly testified to their approval of the road act, Councillor Milton for example, said that the act was a good measure, and that if as much work was done in the future as in the present year, there would soon be a marked improvement.

THANKSGIVING.

Thanksgiving Day is established by Government appointment with the manifest and general approval of the people of this Dominion. There may be some who question whether even that much authority ought to be exercised by a government which is not supposed to interfere in religious matters. But it is no interference in the objectionable sense to set aside one day as an acknowledgement of divine favor and care over us as a nation. There is no coercion in this decree. Every one is left free to worship as he will, and no one is compelled to go through the form of thanksgiving who has not the grace of gratitude in his heart. It is a festival in which not the Christian only, but the Hebrew, or any other believer in a God of providence and goodness may share. If it were proposed to abolish the festival there would be a general protest, and it would not be founded upon the loss of a holiday alone. It would be useless here to try to enumerate the blessings which have come to us as a people in the past year. The omissions in such a list would be more conspicuous than the examples, like the catalogues of the hundred books. Let every man prepare his own schedule, and then be thankful that he is not obliged to remember the rest.

THE DOMINION W. C. T. U. CONVENTION.

Following two important ecclesiastical meetings in this city, we are to have this week and next a representative gathering of a national organization of women. Though it is only national so far as this meeting is concerned the Women's Christian Temperance Union is an international society, of which the Canadian organization is a relatively small unit. Women are still living and active in this union who took part in its formation. In less than one working life time the society has grown to be a great organization, potent in numerous good works, promoting and supporting all kinds of general moral and benevolent movements, yet working quietly in thousands of cities, towns and villages in conjunction with the churches to make all the people happier and better. The members of this society are not people of one idea. Temperance is one of the virtues they teach, but they do not forget the rest. Some of them are suffragists, some are opponents of military training, some are anti-vivisectionists, but all stand for temperance, purity and righteousness.

On this Thanksgiving Day, we can look out on a world without any war between nations. The conflict between Spain and certain tribes in South Africa is the only important disturbance of the peace. Nor is there any apparent cause of war between any two nations of the world.

ALL ST. JOHN DEFEAT
ALGONQUINS

TWO GRIDIRON
BASEBALL

Algonquins and U. N. B. to Clash at Fredericton,
Where First Soccer Match of Season Will Also
Take Place--Indians Hope to Win Out With
Tully On Half Line.

St. John will be represented today
at Fredericton by two football teams
--the Algonquins and an All St. John
soccer team which will meet the R. C.
R. The game between the Algonquins
and U. N. B. is now an annual event
and so far the college team have car-
ried off the honors when the fifteen
meet at Fredericton. This year the In-
dians are taking a much stronger
team and should be able to make a
better showing than in previous years.
Word comes from Fredericton that the
U. N. B. team will be weaker than usual
owing to a number of good players
being laid up, but the lineup handed
out shows that the team will practi-
cally be the regular college team.
Tully will join the Algonquin half line
and will doubtless prove of great
strength. Goodspeed and Roberts will
play with the forwards and McKinnon
will be back in his old place. This
will make a big difference in the work-
ing of the scrim and some snappy
work between the two packs is ex-
pected. The team that Manager Taylor
will take along is made up as follows:
Fullback--F. Finley.
Halves--Dryan, Tully, Howard, Mel-
rose.
Quarters--McGowan, Clark.
Forwards--McKinnon, Gresson,
Goodspeed, S. Seely, C. Seely, Leon-
ard, Roberts, Smith.

ALL ST. JOHN
AND GREEKS
TO PLAY TODAY

Playing indoor winter baseball will
be relegated to a back seat in a tun-
nel, this afternoon when the Marathon
and All St. John baseball teams will
cross swords on the Shanrock
grounds. Should the weather prove fa-
vorable the teams will continue to
play during the winter months with a
double header in Christmas Day.
Although Mr. Mill's "knights of the
diamond" have two wins over the
Greeks to their credit still the provin-
cial champions showed at their last
meeting that they have not lost their
batting eyes, and will go into the
game tomorrow with that sense of con-
fidence in the ability to win which is
characteristic of Mr. Donald's athletes.
Nesbit and Callahan will be the op-
posing twirlers and the teams will
line up as follows:

- Marathons Catcher. All St. John
Pitcher.
Roots. Mills
Nesbit. Callahan
First Base. Britt
Bradbury. Second Base.
Clawson. Creaghan
Maloney. Third Base.

REVISING THE
CONSTITUTION
OF THE C.A.A.U.

Special to The Standard,
Toronto, Oct. 23.--The Ontario
branch of the International Amateur
Athletic Union is at work on
its revision of the constitution to ap-
ply to this body. The plan is to
have representation on the board ac-
cording to the number of members of
each affiliated body. Each club or
association is entitled to one repre-
sentative on the board for each one
hundred members on its list. The
limit for any club or association is
five. The Ontario and other provin-
cial bodies will then elect their own
to the central Canadian board.

HENRI PIET
MAKES FIRST
APPEARANCE

Philadelphia, Oct. 23.--Henri Piet,
the lightweight champion of France,
made his first appearance on this
side of the Atlantic tonight at the
National A. C. in a six-round bout
with Maurice Sayers of Milwaukee.
The American had a shade the better
of the bout. The fight was slow
throughout.

Curries Game --- The Games in Detail.

St. John High 9; Fredericton High
Carleton 0; Curries 0.

These figures give the result of Sat-
urday's football games on the Victoria
grounds but they cannot tell the story
of the fiercely fought contests and the
reason for the defeat of the Algon-
quins and the visiting High school
team. In fact as regards the first
game the score hardly represents the
struggle between the two teams, for
the Algonquins were out of the game
for their forward line. S. Thorne
tripped out of the scrimmage to play
place at quarter. McGowan's being
weakened by W. Malcolm in the
strengthened by W. Malcolm in the
half line while H. Dever put life in
their scrim. Each team played thir-
teen men only.

Algonquins Kick Off.
The Algonquins kicked off with the
sun in their faces and followed up
sharply. They held the ball in St.
John territory and play remained at
this end until Peterson got away with
the ball. The Indian forwards showed
themselves particularly strong in this
half and the Algonquins were unable
to penetrate the ball right on the St.
John line. The Algonquin halves played a
good aggressive game but could not
penetrate the St. John halves and for-
wards, who massed to repel the attack
work for the Algonquins but after
some minutes of exciting play, the ball
went to the other side of the field and
the situation was saved for the Algon-
quins. The ball went out of the Indian
scrim and was passed to Howard who
kicked and Peterson made a
nice pickup and started on his long
run. He got well around the end al-
though Melrose was close on his heels
and Peterson got clear away. Tully failed
to convert.

Soon after the kick, Tully made a
nice run which looked dangerous but
he was forced into touch. Howard's
kick came with the ball in Algonquin ter-
ritory.
St. John had the kick-off in the sec-
ond half and rushed the ball up in
Algonquin territory. The St. John
scrim worked harder and made a bet-
ter start than the Algonquins. The
St. John halves and forwards were
strong and the Algonquins were unable
to penetrate the ball. Malcolm and O'Neill
went into touch. Malcolm
Converted.

BOWLING IS
NOW ON IN
FULL SWING

That the man who prophesied that
bowling was to boom in St. John this
winter knew whereof he spoke is be-
lieved shown every day by the fact that
in spite of the large number of bowlers
leaving the city, there does not
appear to be enough to accommodate the
large numbers who are desirous of
indulging in this popular indoor game.
There are now eighteen alleys in
the city, two in St. John's, four in
Spradleys, four in Black's, four in
the Victoria rink, and six in Arm-
strong's in the old W. M. C. A. building
on Charlotte street.

Three leagues are already formed
besides the bowling club, and there
is no doubt but that several more will
be found before the season closes. The
St. John's and St. Peter's Union
Leagues, are the only ones which have
begun their schedules so far, but the
newspaper league will open some time
this week. The first game in the St.
Peter's minor league was rolled on
Saturday evening when the Roses and
Emeralds did battle, resulting in the
latter taking all four points. There
are six teams in this league composed
of the following teams and players:
Roses: L. Donnelly (Capt.), V. Shea, B.
McGovern, H. Dever, J. Dever,
H. Wilson, C. McCormick, M. Delaney,
C. L. Colbourne, J. Howard,
J. McCormick, G. McIntyre, Sham-
rocks: A. Delaney, J. Gallagher, J.
Duffy, J. McCuskey, F. Mahoney,
Thistles: T. Coughlin (Capt.), J. Mc-
Donnell, A. Downin, C. Coughlan, F.
Burke, Emeralds: F. Howard, F. O'
Donnell, F. DeGrasse, F. Cotter, J. Kelly.
The teams will play on Tuesday,
Thursday and Friday of each week.
The score of the game on Saturday
evening was as follows:--

Table with 4 columns: Name, R, O, P, T.
Roses: Donnelly 74 77 88 239 79 23
Shea 61 72 71 204 68
McGovern 41 84 73 204 68
McCurdy 59 63 77 199 66 13
F. Casey 63 60 70 183 64 13
Emeralds: 304 356 379 1039
Howard 86 70 81 237 79
O'Donnell 70 73 68 211 70 13
DeGrasse 75 79 86 240 80
Cotter 87 83 74 239 79 23
Kelly 74 83 80 237 79
The four name of the Inter-Society
League series will be rolled this
evening at 8 o'clock when St. Joseph's
and St. John the Baptists will meet.

If the past is a mirror of the future,
as somebody has said it is, then the
St. John High school will have a walk-
over in the Junior league.

Atlantic Oct. 23.--Atlanta's
auto race opened to the public
to celebrate the event held in his big
Benz, Brown record made at
Indianapolis over five miles in
3.52. Weather was fine
and about 1000 attended.

AROUND THE CITY. Seamen's Missionary Society. The seamen's missionary society requests those who received Thanksgiving envelopes during the past week to kindly return them as soon as convenient. Entertained at Luncheon. Hon. J. D. Hazen entertained at luncheon at the Union Club Saturday in honor of Captain D. O. C. Newton of Ottawa and Col. John Calhoun of New York. Will Be Examined Today. Mary A. Lamont, of Cardigan, P. E. I., who became violently insane while on her way to Boston Friday evening and was taken to the police station, will be examined this afternoon by the U. S. Immigration authorities, who will determine whether she will be allowed to proceed or sent back to her home. Grand Division S. of T. The 62nd annual meeting of the Grand Division of the Sons of Temperance will open this afternoon in Moncton. Among the local delegates who will attend are Mr. E. S. Heunigan, G. W. P., Mr. Joshua Stark, G. W. T., Mr. James Sullivan, D. W. P., and Mr. K. Spear, D. S. It is expected that the business before the Grand Division will be completed tomorrow. Mr. Thos. Barrett Died On Saturday. After lying unconscious for a week suffering from hemorrhage of the brain, Mr. Thomas Barrett of Red Head, died on Saturday at the General Public Hospital. Mr. Barrett was born in Ireland and was about sixty years of age. He was unmarried and is survived by two brothers, John B. of Red Head and James B. of Croucheville, and two sisters, Mrs. John O'Connor of New York, and Miss J. M. Barrett of Fall River, Mass. The funeral will take place today from the hospital. Rushing the Work at Aroostook Jct. Mr. F. W. Holt, C. E., returned Saturday night from Aroostook Junction, where he had been inspecting the new turn table and round house which is being built there by the C. P. Speaking with The Standard Mr. Holt said that the turn table which is about 70 feet in width was about complete. The work on the engine house was well advanced. The concrete work was finished and the steel columns were in place. The girders were now being put up. The building would probably be finished this week. Delegation Leave for Ottawa. Dr. J. W. Daniel, M. P., Mayor Bullock, Ald. J. H. Frink and Mr. F. H. Estabrooks left last evening for Ottawa as a delegation from St. John to press St. John's claims for the Harland & Wolff dry dock and ship repairing plant. They have arranged to meet Sir Wilfrid Laurier and members of the cabinet at noon tomorrow and by leaving tonight would establish very close connections at Montreal. It was thought better to leave last evening. Mr. W. H. Thorne will leave today. Mr. D. O. C. Newton returned to Ottawa on Saturday. An Interprovincial Dispute. Hon. J. D. Hazen left last evening for Ottawa, to argue before the Supreme Court the contention of the province of New Brunswick that it is entitled to succession duties on monies of the Lovitt estate (Yarmouth) that were on deposit in the Bank of British North America in this city. The government of Nova Scotia denies the right of New Brunswick to an interest in this estate. Mr. S. L. Newcombe, Deputy Minister of Justice, will argue the case for that province. Distinguished Military Visitors. Major General Sir F. H. N. Lake, Inspector general, accompanied by Col. J. L. Biggar, director of transport and supplies; Major G. S. Maunsell, director of engineering services; Lieutenant Colonel E. H. T. Heward, A. D. C. and Captain Bruce Hay, passed through St. John at noon on Saturday on their way to Halifax to take part in the mobilization of the Halifax garrison on Thanksgiving Day. Later in the week they will inspect the permanent forces and the 63rd and 66th regiments of militia. They were met at the depot by Col. Humphrey, D. O. C., No. 8 military district. Accepts Call to Waterloo St. Church. At the evening service in Waterloo Street Baptist Church yesterday, Rev. Dr. G. M. Campbell, who conducted the services, read a letter of acceptance from Rev. F. H. Wentworth, of Andover, who had been extended a call to fill the vacancy caused by the resignation of the former pastor, Rev. Gideon Swin. Rev. Mr. Wentworth came out from England to Andover about two years ago and his labors there have been very satisfactory and successful. He is regarded as a good preacher, and comes to the Waterloo street church highly recommended. He will enter upon his new duties on the first Sunday in December. Preparing for the Winter. At Millidgeville nearly all the boats of the R. K. Y. C. fleet are now out of the water. Only the Canada, Lovema, Avis and Windward remain at their moorings. The first three will be hauled up this week and the Windward will be taken through the falls into winter quarters in the slip at the foot of Union street. The rooms of the club on Germain street have recently been painted and papered and new cork matting has been laid on the floors. The pool and billiard tables have also been put in first class condition. The members are looking forward to an enjoyable winter's season.

C. P. R. MAKING SURVEYS FOR NEW BRIDGE ACROSS THE FALLS. Cantilever May Not Be Strong Enough For Increasing Weight Of Engines And Trains—Would Be Available For Street Railway If New Structure Is Built—Surveyors At Work On Site Between Two Bridges. It may be that the Street Railway Company will not need to use the suspension bridge after all to get the cars over the St. John river. The Canadian Pacific Cantilever may serve the purpose. It has been understood for some time that the railway bridge would have to be strengthened, to provide for the increased strains of the heavier engines and trains that are now used. Twenty-five years ago when the bridge was built, no one expected such a development as has come to pass, and the tendency is toward still heavier loads. The Canadian Pacific Company takes no chances, and will keep the bridge stronger than the traffic requires. It is reported that the engineers are considering whether it would not be better to build a new bridge than to rebuild the present structure. Surveys have been made between the cantilever and the suspension bridges, and it is believed to be quite possible to erect a new structure without disturbing the other two. If this can be done, the present railway bridge may be available for a street railway. But it is also suggested that in case the suspension bridge is likely to require extensive and costly repairs in the near future it might be found more profitable to construct a driveway and a footway in connection with the street car line on the present Cantilever bridge. It may be said that neither the Canadian Pacific Company or the Street Car Company is making any talk about these matters, but some body is doing a good deal of measuring and surveying.

BOOTHS NAMED AFTER CANADIAN CITIES AT ST. PHILIP'S FAIR. Will Be Opened This Evening With Address By George Robertson—Proceeds Go To Church Funds. The congregation of St. Philip's church will hold a fair this week in their church, commencing this evening at eight o'clock. The church has been tastefully decorated for the occasion. The various booths are named after Canadian cities. The fancy work and candy booth will be presided over by Mrs. R. H. McIntyre, Mrs. McAlister, Mrs. Dunham will preside over the cake booth, Quebec. The ice cream booth, Woodstock, will be in charge of Mrs. J. Bree, and Mrs. Albert Bree will have charge of Fredericton, the refreshment table. The fruit stall, St. John, will be looked after by Mrs. Edison, while the pastor, Rev. J. N. Gibbs, will have charge of the miscellaneous table. Mrs. O. Sandler will have charge of the post office, and Mrs. Jessie Jarvis of Rebecca at the well. The opening programme this evening will consist of an address by Mr. George Robertson, a vocal solo by Miss Sadie Walker and violin solo by Mr. George Walker. The fair will end on Friday and the proceeds will be devoted to the funds of the church.

POTATOS FETCH \$1.75 A BARREL AT PORT OF SPAIN. Passengers On Ocamo Bring Good Reports Of New Brunswick Produce—Sugar Crop Best In Years. The West India steamship Ocamo, from Bermuda, arrived in port yesterday at noon, having made the trip in the fast time of seventy-five hours, breaking all previous records for the trip by three hours. With the exception of a little rough weather encountered the first day out, the passengers report a fine passage. The first class passengers were Andrew Doyas, W. B. Buckley, W. A. Paterson, John Simond, A. N. Hagan, J. S. R. Harrold. There were five Chinese men on board bound for Hong Kong and a large general cargo. Speaking of the potato market in the West Indies one of the passengers stated that at Port of Spain, Trinidad there was a good demand for New Brunswick potatoes. At the present time \$1.75 per barrel was being paid but it was expected the price would drop later in the season. The conditions on the islands he said were brighter than they had been for some time and it was expected that the sugar crop would be the largest in years. The weather had been hot with plenty of rain. The islands were out of quarantine.

CROSSED WIRES IN NORTH END START SOME SMALL FIRES. Homes Of Salvage Corps Men Suffered On Saturday By Alarms Burning Out—Creates Much Excitement. About one o'clock on Saturday, the North End Salvage Corps alarm wire became crossed with the street railway wires in Main Street, causing the alarms to burn out. Considerable excitement was caused in the homes of several of the salvage corps men and firemen, the accident filling their homes with smoke and in some cases burning small bric-a-brac. In Mr. W. H. Dunham's house, the burning wire dropped onto the curtain and set it afire, but the blaze was extinguished before any damage was done. The wire set the carpet ablaze in Mr. Henry McIntyre's house on Adelaide street and an alarm was rung in from box 125. The chemical engine responded and the fire was put out before serious damage had been done. A small blaze was also started in Mr. Wm. Carvill's house on Main St., but this also was soon extinguished. The wires were repaired on Saturday afternoon.

THANKSGIVING DAY SERVICES HELD IN BAPTIST CHURCHES. Sermons Appropriate To The Day And Special Music—Many Reasons For Thankfulness Expressed. Thanksgiving Day services were held in the various Baptist churches throughout the city yesterday and in all a thanksgiving offering of generous proportions was taken. In Main street church, Rev. D. Hutchinson preached a Thanksgiving sermon in the morning telling of the great gifts of God and the reason for thankfulness. He referred to the bountiful harvest, the freedom from pestilence or epidemic and the reign of peace upon earth. The choir provided suitable music. The contributions were liberal and were applied to wiping off a small debt on the church. Rev. W. W. McMaster preached on Thanksgiving subjects in Germain street Baptist church last evening. He spoke of the several grounds for being thankful, along national, domestic and religious lines and reviewed the progress of the Christian church as the supreme cause for thankfulness. Special music was rendered by the choir. In Leinster street church, Rev. Wellington Camp preached a thanksgiving sermon from the words "The Greatest Gift." After speaking of Christ, who was truly the greatest gift of God, Rev. Mr. Camp referred in general terms to the cause for thanksgiving. The church was prettily decorated with flowers. At both services in Brussels street Baptist church yesterday Rev. A. B. Cohoe preached sermons of a special nature. The morning subject was "The Thankfulness of Jesus," and in the evening "The Unfinished Work."

Death Of William Grey. The death of Mr. William Grey, steward of the Curlew occurred early yesterday morning at the residence of his brother, Mr. James Grey, of 118 St. James street, West Side. Mr. Grey had been ill only a week, but for some time past he had been afflicted with heart trouble.
