

OHIO FLOOD SUFFERERS ARE RECLAIMING HOMES

Governor Cox Makes Stirring Address to Stricken People

THANKS ALL WHO GAVE ASSISTANCE

Relief Plan Adopted by San Francisco is to be Used in Flooded State—Crest of High Water Has Passed Kentucky.

Indianapolis, Ind., March 31.—While northern and central cities today were reaping the fruits of their relief efforts, the waters disappearing there are threatening their disastrous hold on southern regions. The government relief board under the direction of Col. Light, U. S. A., towed a barge load of provisions into Lawrenceburg today to find but 40 of 5,000 homes there not under water. When the boat proceeded to Aurora, conditions were found almost as bad, with but 500 homes free from the reach of the waters. Governor Ralston, on the appeal of Mount Vernon citizens, ordered out the company of militia stationed there to patrol its own town. Lieutenant Harlow sent a ringing cry for help. New Harmony and Evansville reported increased suffering from rising waters, but the mayor of Vincennes telephoned that the water is falling, and allow the property loss is heavy and many flooded portions are segregated by swift currents, it is believed no lives have been lost. People of southern Indiana heeded flood warnings quickly through the fear created by reports from flood swept districts of the central state region.

Reports of fatalities where the flood struck unexpectedly but now is gone still are conflicting. Peru's list of 29 promises to shrink somewhat but these figures still standing Indiana's loss of life stands at 68. Three bodies of the drowned were found in West Illinois today. The remaining un-identified, while four refugees have been victims of the exposure suffered.

Elastically Indiana is recovering outside aid greatly relieving the burden and today business conditions in Indianapolis were quite normal with public utilities completely restored. Some southern towns believed suffering from rising waters are cut off from communication but ample warning has removed much danger of loss of life.

Cincinnati, O., March 31.—When the Ohio River reaches a stage of 69.7 which is expected about midnight, the crest of the flood at this point will have been reached. Late today the stage was 69.5 feet. The river rose less rapidly today than at any time since the flood began its course of destruction.

Relief work locally and also in the nearby inundated territory is more than adequate, and a statement was made today by the state department of fact that no more supplies were required here and that a surplus existed that is being turned over to the Red Cross authorities for distribution.

Deploable Conditions. Across the river from here in the several Kentucky cities and towns that practically from one large city, conditions still are deplorable. All of them are without lights, the gas and electric lighting plants having been compelled to cease operating when the flood waters encroached upon their premises.

Cal. Ills. March 31.—Inhabitants of Cairo tonight took up renewed hope for the safety of their city. Before midnight a strong current came up in the Ohio river and this gave rise to the opinion that something had given way south of here. The situation which had been growing more and more desperate, has been relieved.

The levee still is holding strong, though the water has been creeping steadily upward. At seven o'clock tonight a gauge stood at 52.6. The same reading was registered at Fulton, Ky. Continued on page two.

AUSTRIA NOW READY FOR WAR

Vienna, March 31.—Three Austrian battleships, two cruisers and several torpedo boats have arrived within twenty miles of Antwerp, the Monte Carlo sea port. The 3rd regiment of infantry has embarked on the training ship Zara for a southern destination. The Zara is probably bound for Antwerp.

Ottawa, March 31.—The Turks today made a sortie from the southern side of Taraboch. They came into contact with the Montenegrin infantry, which was supported by the artillery. A desperate engagement ensued and was still in progress this morning.

MINISTER OF RAILWAYS SHOWS RECORD BREAKING EARNINGS

G. T. P. TO REACH ST. JOHN IN 1914

By that Time Trains are Expected to be Running from Winnipeg to Winter Port—Premier Gives Details about Halifax Harbor Works.

Ottawa, March 31.—The House today itself over a great variety of subjects from divorce courts to locomotives and from the decapitation of partisan officials to the price of codfish in the shores of the I. C. R. All this happened on the way into supply and after the motion to go into supply had been adopted. The codfish issue was raised by George W. Kyle, of Richmond, N. S., whose apparent object was to connect the high prices charged for this rare and delicate viand with the million dollar surplus shown by the minister of railways on the year's operation of the government railways.

The I. C. R. vote was the first taken up when the House was called upon for the one-sixth vote in committee on the estimates. Hon. Frank Cochrane in a very short but instructive railway budget announced a year of record-breaking earnings, and a programme involving an expenditure of four millions on the better equipment of the railway.

Premier Borden gave the House a further description of the proposed harbor improvements and deep water terminals for the I. C. R. at Halifax, showing that the government was providing for not only the needs of the present, but of the future as well. The Halifax improvements are to cost a dozen millions.

At the opening of the House Mr. Borden and Sir Wilfrid Laurier made graceful references to the death of Lord Wolseley. Both spoke of his service in Canada and his conduct of the Red River expedition.

On motion to go into supply A. K. MacLean asked if the contract for the West Indian service had been awarded to Messrs. Pickford and Black.

"The report is incorrect," said Hon. G. H. Perley. "The matter is still under consideration."

Mr. McCraney, of Saskatchewan, asked for further information in regard to the dismissal or resignation of a Mr. Ulyott, lands agent at Saskatoon, who had represented a return on having resigned, but who, it appeared, had not been dismissed.

Hon. Robert Rogers explained that the man had been dismissed during his administration of the department of the interior. Ulyott was an active politician, and apparently the treasurer of the local campaign fund as indicated in a document which the minister produced. Part of this document, Mr. Rogers stated, was in Ulyott's hand writing, and contained advice to the Liberals to make up their minds to win, not then go and do it; and there was also reference to a payment of something over \$400 to one man. "Any other information that my hon. friend wants," said the minister, "we will be pleased to furnish."

The House then went into committee of supply, the purpose being to pass a vote of one-sixth of the estimates of 1914, and then get through a supply bill composed of this vote and the supplementary estimates. While the report in their possession they will be in a position to adopt such features of the United States law as are applicable to the somewhat different conditions of Canada, while avoiding any mistakes which may have been made on the other side.

The plan which the minister will announce to the House will show that the whole question has been approached in a businesslike way and dealt with upon a business basis.

The fourteen thousand postmasters in Canada will become agents of the parcel post delivery, and the benefits of the system will be extended to those points not now reached by the express companies. Since the inauguration of the United States parcel post system the Canadian department has had to handle an immense amount of parcel post matter which has come into Canada and had no benefits in return. With the system of parcel post in operation in Canada this unfavorable situation will be discontinued.

The proposed change in regard to the cable service is an important one and involves the establishment in Canada of a board similar to that in Great Britain. This board will have charge of the landing houses, so that the landing houses will in this way be controlled in each case within the empire.

BRITISH STEAMER ABORNE

Tangier, Morocco, Mar. 31.—The British steamer Agadir is ashore in a bad position near Massaga, Morocco. The Agadir has 150 passengers aboard. The French cruiser Florent has been dispatched to her assistance.

CANADA MAKES NEW RECORD FOR NATIONAL PROSPERITY

Ottawa, Mar. 31.—Though official figures are not available, the Canadian financial year which ends tonight will eclipse all records of the country's prosperity. It is estimated that final figures will show trade aggregating about \$1,000,000,000 of which imports for domestic consumption will total about \$650,000,000 and exports of domestic produce \$350,000,000. The trade increase is in the neighborhood of 35 per cent.

Government expenditure will total about \$154,000,000. It is understood that Hon. W. T. White's budget speech will show substantial expansion of the revenue in every department. The date of the speech depends on the passage of the West Indian trade agreement as some tariff adjustment is necessitated by the agreement.

CANADA'S SURPLUS WILL GO ABOVE FIFTEEN MILLIONS

Careful Financing, Hand in Hand With Soaring Revenues, Has Placed Canada's Credit Higher in Britain Than That of Any Other Dominion.

Special to The Standard. Ottawa, March 31.—Canada tonight closes a year of unexampled prosperity. In all branches of the administration the results have surpassed the best record for the Dominion since the trade of the Dominion, for the first time in its history, has reached the billion mark, showing an increase of one hundred and fifty millions in round numbers. The revenue of \$170,000,000 is greater than that of last year by \$35,000,000 and with an expenditure of \$154,000,000, the financial minister will be able to show a surplus of from fifteen to twenty millions.

Careful financing has gone hand in hand with soaring revenues, and the credit of Canada is higher in Great Britain than that of any of the other Dominions. The minister of finance has paid off an old loan of six millions and has not floated a single new loan during the year. He has purchased the new issue for twelve million of bonds of the Grand Trunk Pacific, thus saving the country from much of the enormous loss involved in the "implementation" job placed by the Laurier government in the contract with the G. T. P.

The last loan obtained by Hon. W. T. White in London, was negotiated in February of 1912 to meet a loan of \$25,000,000 falling due in May, Mr. White in that case avoided the spring labor troubles and other unsettling influences and placed the loan at the high figure of 9 1/2%.

Special to The Standard. Ottawa, March 31.—The trade of the Dominion has reached the billion mark, showing an increase of one hundred and fifty millions in round numbers. The revenue of \$170,000,000 is greater than that of last year by \$35,000,000 and with an expenditure of \$154,000,000, the financial minister will be able to show a surplus of from fifteen to twenty millions.

Contracts for Rolling Stock. "Contracts have been let for rolling stock during the current financial year for over \$3,000,000 worth, as follows:

- 45 Consolidated freight engines . . . 1.15
- 5 Pacific type passenger engines 0
- Switching engines 0
- 1,423 Steel frame box cars 63
- 150 wooden box cars 150
- 200 steel underframe platform cars 100
- 20 steel frame stock cars 20
- 100 Hart-Otic coal cars 20
- 35 Refrigerator cars 20
- 100 Hart convertible dump cars 0
- 1 tank car 1
- 10 sleeping cars 4
- 4 dining cars 2
- 7 first class cars 6
- 2 baggage cars 2

In addition the following cars are under construction in Moncton shops: 150 wooden box cars, 18 conductors vans, 3 colonist cars, 1 flanger.

The reports of the train offices show there will be an increased business for the coming year, and every effort is being made to have the rolling stock orders and the line in time to handle the increased business.

Mr. Emerson Airs his Views. Mr. Emerson was not satisfied with this, and proceeded to give his own views about the intercolonial at great length, despite a suggestion from Sir Wilfrid Laurier that he should wait. He complained that the new rolling stock which was being built from revenue was not being constructed at Moncton as had been the intention when the shops were reconstructed after the fire. He objected to the recent arrangement where by the Dominion Express Company is allowed the use of the I. C. R.

Mr. Cochrane said that the new arrangement was proving advantageous. Mr. Rhodes asked what about the benefits which the arrangement conferred upon the public.

He was looking at it from the railway standpoint," said Mr. Emerson.

ST. JOHN MAN PRISONED IN BANGOR WILL BE RELEASED

Fred McGurk Attempted to Escape and Led Officers a Two Days Chase—Was a Trusty But Will Go to Workshop.

Special to The Standard. Bangor, Me., Mar. 31.—Fred McGurk, of St. John, who has been serving a sentence in the jail here for larceny, escaped from that institution Friday and led the officers a merry two days chase before he was recaptured. He was employed in the kitchen and, watching his chance, slipped away unobserved.

Word was received here Saturday morning that McGurk had appeared at the Indian Island at Old Town, and that he had been arrested and was held there by the Indian constable. Saturday noon the Indian officer took the St. John man across the ferry to Old Town. When near Water street his prisoners suddenly tripped his captor, who landed in the water in eight inches of sticky mud. Then McGurk, with a derisive laugh, slipped up an alley and made his getaway.

A general alarm was sent out and some hours later McGurk was captured three miles out in the country. He said he intended to walk along the railroad track to Vassalboro and, if possible, slip across the line. He had no money, however, and was dressed in the lightest of clothing.

He has been a trusty in the jail here, after this, he will join the other prisoners in the workshop connected with the institution.

PUTS BULLET THROUGH HEAD

Springhill Mines, N. S., March 31.—The funeral of Councillor Alexander Embree has cast a gloom over the mining town. The deceased paid a visit to the store of A. R. Jewkes on the Herby Road shortly after one o'clock and spent some minutes chatting with Mr. Jewkes.

He then left the store and went to the rear of a flour shed that stands on the corner of the street. Twenty or thirty minutes later Mr. Jewkes had occasion to go behind this shed and was shocked to find the lifeless body of Embree lying on the ground. A ghastly wound on the side of his head and a revolver lying close by told the story.

Embree was a man of about thirty-six years of age. He belonged originally to Oxford but has been residing in Springhill for some years. He was elected to the town council board over a year ago. He is survived by a wife and five children also an aged mother living in Oxford and three brothers and two sisters.

It will be completed before the end of 1917 and the car ferry will be used up to that time. A small station will be built on the Champlain Market site but a larger site will be secured for the main freight and passenger terminals at Quebec. Already a frontage of 500 feet has been secured on the river between Wolf Cove and Champlain Market.

The committee rose at half past one without passing the one-sixth vote agreed upon between the leaders, Hon. George Graham, who was in charge of the opposition, declared at the last minute that no new work was to be included.

Hon. Robert Rogers and Hon. W. T. White insisted that the agreement had included all the main estimates, including new work. They asked that this agreement be carried out. The opposition refused and the committee reported progress. The matter will be threshed out when the House resumes tomorrow.

MEXICAN REBELS AND TROOPS IN A FIERCE SIXTEEN HOUR BATTLE

Mexico City, March 31.—A battle lasting for sixteen hours was fought yesterday near Lampaca, 75 miles to the southwest of Laredo, between followers of Venustiano Carranza, the rebel governor of Coahuila and federal troops, according to despatches received by the war department.

POWER OF FINANCIER SHOWN AFTER DEATH

News Had but Little Effect on Stock Exchange—Preparations in Expectation of Event Carried on for Past Year.

Special to The Standard. New York, N. Y., March 31.—John Pierpont Morgan's last resting place probably will be in the Mausoleum in Cedar Hill Cemetery, Hartford, Conn., which he erected some years ago in memory of his father and mother. When the body of Mr. Morgan reaches here from Rome, it is expected that the funeral services will be held in the Cathedral of St. John the Divine, toward the construction of which Mr. Morgan was a large contributor.

When the news of Mr. Morgan's death in Rome reached here today, expressions of regret at his passing were heard on every hand. In the financial district the Stock Exchange, if possible, slipped across the line. He had no money, however, and was dressed in the lightest of clothing.

He has been a trusty in the jail here, after this, he will join the other prisoners in the workshop connected with the institution.

Special to The Standard. Springhill Mines, N. S., March 31.—The funeral of Councillor Alexander Embree has cast a gloom over the mining town. The deceased paid a visit to the store of A. R. Jewkes on the Herby Road shortly after one o'clock and spent some minutes chatting with Mr. Jewkes.

He then left the store and went to the rear of a flour shed that stands on the corner of the street. Twenty or thirty minutes later Mr. Jewkes had occasion to go behind this shed and was shocked to find the lifeless body of Embree lying on the ground. Mexico City, March 31.—A battle lasting for sixteen hours was fought yesterday near Lampaca, 75 miles to the southwest of Laredo, between followers of Venustiano Carranza, the rebel governor of Coahuila and federal troops, according to despatches received by the war department.

The latest despatch was sent off at eight o'clock last night and reported that Garcia River, the commander of the rebels had been wounded and taken prisoner.

The outcome of the fight is unknown, although the latest despatches appeared to indicate that the federal troops under Col. Pena were having the best of it.

The rebel loss is said to have been sixty dead or wounded. The federal casualties are not known. The city of Lampaca in the State of Nuevo Leon, has been captured by followers of Carranza, according to a consular report received here. A force of 300 of Carranza's men is now within twenty miles of Nuevo Laredo, which it is believed, they intend to attack.

EXAMINATION OF MASTER AND MATES.

Chatham, N. B., March 31.—Quite a small sized rumpus has been stirred up here over the effort to have an examiner come to the Miramichi and conduct the examinations of those wishing to qualify for masters and mates.

ANOTHER TUG FOR ST. JOHN.

The William G. Small, of Bath, which has been under charter the past two years to parties at Providence, has been sold to the Norton-Griffith Dredging Co. of St. John, N. B.

LIST GROWING SMALL.

The list of "square riggers" hailing from Boston is rapidly growing smaller, three bark-rigged vessels having been reported lost within a few weeks.

CARGO VALUATION.

The C.P.R. line steamer Lake Michigan, for London and Antwerp, took away Canadian goods valued at \$262,344, and foreign goods valued at \$89,884, making a total valuation of \$352,228.

FIRST OUTWARD STEAMER FROM QUEBEC PORT.

Quebec, Mar. 31.—Steamer Natsahquinn leaves today for Seven Islands, Anticosti, and other Gulf ports, with passengers, mails and general cargo.

SOLD AT LAST.

After being hauled up at Boston for nearly five years, the three-masted schooner Collin C. Baker has been sold to Capt. George H. Crockett of Portland, formerly master of the schooner Mattie J. Allen, who will employ her in the coasting trade.

BUILDING NEW TUG BOAT.

The Mutual Company has contracted with the Robert Palmer Shipbuilding Co., of New Brunswick, for building a tugboat of the following dimensions: Length, 110 feet; beam, 23 feet 6 inches; depth, 10 feet 6 inches; compound engines, 162224.

BOUND FOR HALIFAX.

Steamer Scotian is due at Halifax with several hundred passengers. The steamer Campanello left Rotterdam for Halifax on Tuesday with 630 steerage passengers, 154 of whom are for the United States.

THE LOCKWOOD'S CONDITION.

Rockport, Mass., March 30.—Schr Ann Louisa Lockwood, from St. John, N. B., for New York, before reported ashore on Sandy Point breakwater, is to be towed to destination; a diver reported her forefoot badly twisted and a number of butts open; the leaky butts and seams will be covered with canvas and one steam pump will keep the water out while she is being towed to New York.

SCHOONERS AND BARK WRECKED.

Mobile, Ala., March 29.—Schooner Laura L. Sprague, which went ashore on Sandy Island Sunday, is being stripped. Sandy Hook, March 29.—Bark Ant, previously reported ashore on Squan Beach, is being stripped; vessel will go to pieces.

DANGERS TO NAVIGATION.

Tampa, Fla., March 27.—Stmr Algiers, Hansen, from Philadelphia, reported March 22, 10 a. m., passed black and white perpendicular striped can buoy in lat 31, lon 82 22, in 13 1/2 fathoms. Stmr Lochwood (Br) reports March 17, lat 22 N, lon 65 20 W, passed a black bell buoy with bell gone.

SCHOONER TOTAL LOSS.

Lubec, Me., March 27.—Schr Gen. Scott, from Calais for Boston, during a heavy easterly gale today parted her anchor chain in West Quoddy Bay and was driven onto Crowell Ledge; vessel and cargo will be a total loss; the crew were rescued by life savers.

LOST A BARGE.

Boston, March 29.—Stmr William Chisholm, from New Port News for Portland, arrived off Newport today and sent word ashore by a tug, that she parted from barge Lancaster, from Newport News for Boston, south of Shinnecock yesterday afternoon; in attempting to recover the barge the steamer's after house was stove in and her engine room gutted; a revenue cutter will probably be despatched to search for the Lancaster. (A barge under sail, supposed to be the Lancaster, was reported 15 miles south of Block Island at 4 p. m., 28th.)

STMR VITALIA (Nor), which arrived today from Macoris, brought ten of the crew of stmr Arctid (Nor), before reported.

Gulfport, Miss., March 27.—During heavy weather here last night stmr Blue Cross (Br), and Manchuria (Br), broke from their moorings; the Blue Cross fouled ship Laigle (Ital) and the Manchuria fouled ship Vesuvia

The St. John Standard

Published by The Standard Limited, 32 Prince William Street, St. John, N. B., Canada.

A RECORD BREAKING SURPLUS.

The short statement made in the House of Commons yesterday by Hon. Frank Cochrane, Minister of Railways concerning the conditions at present existing on the Intercolonial Railway is very satisfactory indeed.

This is all the more creditable in as much as a large amount has been spent upon equipment, and it was a proper criticism when the Minister stated that the equipment in the past had not been kept up with increased business from year to year.

One of the first essentials for the success of a railroad is proper and well maintained rolling stock. No person, therefore, will grumble at the contracts which have been let for rolling stock during the current fiscal year.

Nowhere can better evidence be found of the faith which the Government have in the increasing prosperity of the Provinces by the Sea than in the preparations which are being made at present by the Railway Department.

The surplus of this year is all the more notable in view of certain facts brought out in the speech of Hon. Frank Cochrane. The average price of coal was 25 cents a ton higher than the previous year, while the increase of wages amounted to a third of a million dollars.

The city of St. John may well feel that its increasing prosperity will receive that recognition which is due to it from the Borden Government.

THE U.S. WEATHER BUREAU. The chief of the United States States Weather Bureau, Mr. Willis L. Moore, is retiring after eighteen years service in that capacity.

of property, a flood warning once saved \$15,000,000 worth of property and many lives in the Mississippi Valley and storm warnings displayed one day detained in various ports vessels with their cargoes valued at \$30,000,000 which otherwise would have had to reckon with one of the most serious hurricanes ever known on the Atlantic coast.

It is noteworthy that Senator Francis G. Newlands, of Nevada, has anticipated a Congressional inquiry into the causes of the great floods in Ohio and Indiana by holding the Federal Government responsible.

In rebuttal of this "snap judgment," by a man who is not even an engineer, the New York Sun refers to the opinion of Mr. M. O. Leighton, chief hydrographer of the Geological Survey, who is one of the greatest authorities on floods in the United States.

The sphere of usefulness covered by the United States Weather Bureau has been greatly extended in recent years and is now international in scope.

FREE TOLLS MAY BE REPEALED. It is indicated in reliable reports from Washington that President Wilson is in favor of the repeal of the free tolls clause in the Panama Act.

Should the President find Congress obdurate he could have recourse to arbitration at The Hague. It is the prevailing opinion that arbitration would be to all intents and purposes the same as repealing the free tolls clause, as it is a foregone conclusion that the tribunal to which this question would be submitted would decide against the United States.

COMMON SENSE FROM LIBERAL JOURNALS. (St. John Globe.) We doubt if people generally throughout Canada are taking very much stock in the parliamentary play, except in so far as that play reveals a constitutional defect, which should be repaired.

The Canadian people are ready now, as at all times, to place great weight on advice from British statesmen and experts in naval matters. There is a vast difference in providing against an emergency and jumping headlong into a policy that will drain the last dollar in taxes from a people who are struggling to open and develop half a great continent of territory. Canada cannot do everything at once. A step at a time is what the water-gate doctor.

DIARY OF EVENTS

HISTORIC DAYS IN CANADA

CANADIAN POSTAL SYSTEM.

Forty-five years ago today, April 1, 1868, the Canadian postal system adopted a uniform rate. Prior to Confederation in 1867, each colony had its own post office department and rates varied with the distance.

At that time Canada had 3,638 post offices, less than a third of the present number. The government expenditure on the service in the early days of the Dominion averaged about a million dollars a year.

A SHIPPING DISASTER. Forty years ago today the Atlantic White Star liner, was wrecked off Nova Scotia. About 560 lives were lost, while 442, including Capt. Williams, were saved.

THE HUMAN PROCESSION

THE SPEAKER IN THE BRITISH HOUSE.

Members of the British House of Commons will today congratulate the Speaker, Rt. Hon. James William Lowther, on his fifty-eighth birthday. The Speaker, while on duty, is surrounded by a retinue of attendants and his every act is regulated by precedent and tradition.

Mr. Lowther has been Speaker of the House for eight years, and it is rumored that he now desires to retire to the more peaceful atmosphere of the House of Lords. The Speaker, like his predecessors for centuries, wears white and carries a robe of silk, knee breeches and stockings of the same material, and lacy-trimmed collar and cuffs.

THE PASSING DAY. A FESTIVAL OBSERVED ONCE A YEAR. When you go to the office today, if you are a sober-faced man, a sober-faced office boy is likely to inform you that you are requested to call up Mr. Train at the railway station. You do so, and ask, with a rising inflection: "Mister Train?"

L. L. Sharpe & Son, JEWELERS AND OPTICIANS, 21 King Street, St. John, N. B.

Two important centenary celebrations falling on April 1st. will soon be celebrated in Europe. A year from today will be the one hundredth anniversary of the deposition of Napoleon from the throne of France, soon afterward to be banished to Elba.

ALL THE NEWS OF ST JOHN CITY AND VICINITY

COMMISSIONERS DECLINE TO CALL MEETING TO TALK RENTS

Request from Carpenters Union Refused by Council at Yesterday's Meeting—Will Ask County Council to Provide Abbateir—New Uniforms for Firemen and Police.

At their meeting yesterday the city commissioners turned down a request from the Carpenters' Union that they assume the responsibility of calling a public meeting to consider whether the advance in rents is in the best interests of the city. They decided to ask the county council to take up the matter of providing an abbateir, and to authorize Com. McLellan to purchase cloth for the police and firemen's uniforms.

Maturing Debentures.

The mayor reported that during the present year debentures to the amount of \$99,000 will mature, as follows, \$49,000 bearing interest at the rate of 4 per cent., per annum and \$50,000 bearing interest at the rate of 6 per cent. The chamberlain has on hand sufficient sinking funds for the redemption of the said debentures, except about \$16,000, which latter sum your commissioner recommends be appropriated from the moneys received by the chamberlain for the sale of corporation lands.

The mayor referred to the portion of his last annual report of the commissioners of the public slaughter houses, urging the absolute necessity of providing a suitable building for the slaughter of animals with modern equipment to provide for the needs of the community, and he recommended that the council of the municipality of the City of St. John be asked to take up the matter of providing a proper abbatoir. Adopted.

New Suits for Police and Firemen.

Com. McLellan recommended that he be authorized to purchase of Le Baron Wilson & Co., 133 yards of Vickersman's Coat of the North serge at \$2.50 per yard, for firemen's uniforms, and 200 yards of blue serge at \$2.15 per yard for policemen's uniforms.

Carpenters' Request Refused.

The Carpenters' Union wrote, calling attention to the public meeting which it was decided to ask the mayor and commissioners to call a public meeting to discuss whether the rise in rents would be detrimental to the interests of the city.

It was moved, that the matter be referred to the mayor.

His Worship said the rent question has no doubt an important one, but he would not call another meeting of anybody. The eight hour meeting was only an evening's entertainment.

Com. Agar said they would all agree that rents were very high, but if the unions wanted a public meeting they should call it themselves.

Com. McLellan said he did not know of any law preventing the holding of a public meeting. He thought it was up to the unions to call another meeting, and invite the Mayor and commissioners to attend.

Com. Wigmore—Would the Mayor preside if the Carpenters' Union called another meeting?

The Mayor—No, I'm free to confess that I made an error in coming to the other meeting. That is no reason, however, why I should make another error.

Com. Schofield could not see that the mayor would come of the proposed meeting.

The Mayor was instructed to answer the letter, saying that the commissioners were not disposed to call another meeting.

A Letter of Thanks.

The following letter was received from the American consul at St. John: To His Worship the Mayor and Commissioners.

Gentlemen—I note with feelings of great satisfaction that the city of St. John, through her commissioners, has donated the magnificent sum of \$1,000 to the flood sufferers of the State of Ohio. This gift, so timely and speedily made, but above the spirit of sympathy that exists in the hearts of your people for suffering humanity. It is a glowing exemplification of that spirit of brotherhood which I trust may always exist between the people of these two adjacent countries.

MOTOR BOAT CONTEST AROUSES KEEN INTEREST ALL OVER COUNTRY

As the result of the early and well directed activity on the part of Commodore Charles L. Lagen and other members of the Yachtmen's Club of Philadelphia, under the auspices of which the annual race for the Bermuda Challenge Trophy and \$1,000 in cash is held, that event is expected to prove a big success this year.

If half of the entire number of power yacht owners who have expressed their intention of entering the race do so it will be the greatest deep sea power racing event yet held, and officers and members of the Royal Bermuda Yacht Club already have started to prepare for the arrival of a worthy squadron of stanch cruisers with their crews of enthusiastic amateur sailors on board.

Pugsley Sophistry

(London Free Press.)

"All that Liberalism stood for, all that Liberalism pleaded for, all that Liberalism demanded, was an observance of the rules of this Canadian Parliament."

These are the words of Hon. Wm. Pugsley, seeking to justify the attack upon Speaker Sproule for having named a member for persistent refusal to obey the chair.

Dr. Pugsley has no authority for saying that Liberalism accepted responsibility for his conduct or that of his co-obstructionists in the House. What these men "stood for," "pleaded for" and "demanded" is summed up in the following extract from Hansard:

This is the first time in the history of Canada that a Parliament has been tied up in such a manner as this government is today. They cannot move hand or foot and will not be allowed to move until this bill is either withdrawn or amended and they go before the people and obtain their verdict as to what they should do.

Dr. Pugsley's pretense that he and his colleagues were fighting for anything but party advantage is disproved in this threat uttered by a colleague of the opposition, and which the opposition made every endeavor to carry into effect.

J. G. Coy, H. N. Burt, V. E. R. Donie and E. F. Trueman, of St. John, were at the Queen Hotel, Halifax, yesterday.

LARGE AUDIENCES AT NICKEL THEATRE

Hundreds Attended Performances Yesterday Afternoon and Evening, in Spite of Stormy Weather.

In spite of the rain and high winds of yesterday afternoon and last evening the opening bill at the Nickel Theatre attracted hundreds of people. The programme was of the usual entertaining variety and was much enjoyed by all who attended.

The headliner of the films was undoubtedly "The Spy's Defeat," an incident in the Franco-Prussian war, and in it a pretty love affair is cleverly interwoven with the theft of the plans of the German fortifications. The hero of the story, a young German officer, winning distinction and a bride by the brave manner in which he captures the thief and secures the plans.

The current edition of Pathé's Weekly proved of more than passing interest, containing, as it did, sketches from the travels of Captain Robert Scott, the hero of the Antarctic. The women present also displayed much enthusiasm in the latest modes from Paris, as portrayed on the screen. The other features of this film also proved of interest.

The comedy part of the programme was ably supplied by John Bunny and Flora Flinch, who appeared in a sufficient number of scenes to merit the title of "His Honor the Mayor."

Madame L. Dyke-Read was heard to excellent effect in one of her pretty solos and received well merited applause.

Kenny and Kramer in their burnt cork act won roars of laughter from appreciative audiences, and are sure to prove a strong drawing card during the remainder of their stay here.

Had Rheumatism WAS CONFINED TO HIS BED FOR FOUR MONTHS.

Mr. W. H. Riley, Russell, Sask., writes:—It is with the greatest pleasure that I can recommend Doan's Kidney Pills to all suffering with rheumatism. I was so bad with this terrible disease, I was unable to get up from my bed for four months, and nothing seemed to relieve me until a friend recommended Doan's Kidney Pills. I had my doubts about them, but was so desperate I would try anything suggested to me. After taking half a box I was able to get up, and after taking two boxes could get around quite well. After taking six boxes I was completely cured, and able to work for the first time in five months, and have not had a touch of rheumatism since. Anyone who sees me then would not know me now, as I am strong and active since taking your valuable medicine.

Rheumatism is caused by the presence in the blood of uric acid, and the kidneys not working properly is the sole cause of this, and unless you remove the acid by flushing the kidneys, there is no possible chance of getting rid of rheumatism.

Doan's Kidney Pills help the kidneys to flush out the acid and poisonous impurities which have collected, and thus clean out the kidneys, and dispel the rheumatism from the system.

Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

The case of the King vs. John W. Colpitt, charged with perjury, will be retried. This is a case left over from the last session when the jury disagreed.

J. PIERPONT MORGAN DIED IN ROME AT NOON YESTERDAY

Noted Financier Passed Away after Several Week's Illness— Daughter not Allowed in Room when Death Came— Pujo Investigation Hastened Death.

Rome, March 31.—J. Pierpont Morgan, noted financier, died at five minutes after 12 o'clock today. When his death was seen to be approaching rapidly Professor Bastianelli and Dr. George A. Dixon forced Mr. and Mrs. Herbert Satterlee, his son-in-law and daughter, and Miss Helen Hamilton Morgan, who had been in constant attendance to leave the room.

Cable despatches from America, Great Britain and other parts of the world poured in all day, making anxious enquiries and expressing the affection in which Mr. Morgan was held everywhere.

The financier's relations found it impossible to reply to all the enquiries and Mr. and Mrs. Satterlee expressed the desire to inform the enquirers how touched they were at the manifestation of sympathy they had received.

Mr. Morgan toward the end showed that he was suffering internally only by a movement of his right hand. Otherwise he displayed no sign of vitality except by continuous heavy breathing. Frequent bulletins were issued during the morning showing that his condition was gradually becoming worse and by 11 o'clock the physicians had given up hope.

Mr. Morgan was unable to assimilate the artificial nourishment administered during the morning and his physical weakness was extreme. Heart pulses were infrequent, but these had no effect and for several hours before his death, he was in a state of coma, unable to respond to any questions or to recognize any of those at his bedside.

From his arrival in Rome, Mr. and Mrs. Herbert L. Satterlee had feared a mistake had been made in bringing Mr. Morgan to Rome instead of taking him direct to London, where he would have been in his own house instead of in a noisy hotel and they thought, too, that the climate of Rome was the mild for him in his condition.

Besides the four trained nurses in attendance, Miss Helen Hamilton was of great assistance to the three physicians, Prof. Bastianelli, Dr. M. Allen Starr and George A. Dixon.

From his arrival in Rome, Mr. and Mrs. Herbert L. Satterlee had feared a mistake had been made in bringing Mr. Morgan to Rome instead of taking him direct to London, where he would have been in his own house instead of in a noisy hotel and they thought, too, that the climate of Rome was the mild for him in his condition.

THE DISASTROUS RESULT OF THE GREAT WESTERN FLOOD

CABINS IN FLOODED DISTRICT.

IN THE FLOODED RIVER BOTTOM.

Here are pictured two scenes showing the result of the disastrous floods, which are causing so much loss of life and damage to property, particularly in the States of Ohio and Indiana.

Dizzy Headaches Cured in One Night

IF TROUBLED WITH HEAD PAINS, RINGING NOISES, SPECKS BEFORE THE EYES, THE STOMACH IS AT FAULT.

Quick Relief and Certain Cure Came From Dr. Hamilton's Pills.

"I had terrible pains in my head. My appetite faded away, and when I did eat anything it disagreed and made me very sick for hours after each meal. The pains in my stomach and the dizzy headaches I had to endure almost set me wild. Sometimes attacks came on so severely that I had to go to bed. I would feel so worn, depressed and utterly miserable that for hours I wouldn't speak to my family. My system was poisoned with wastes and nothing helped me till I used Dr. Hamilton's Pills. Without this grand system-cleaning remedy I would still be sick, but each day brought me better health and spirits. I was cured and made strong, ruddy, and healthy, and will always use and recommend Dr. Hamilton's Pills."

"Westport, P. O."
Thousands who are in an alling, low state of health need nothing else but Dr. Hamilton's Pills. 25c. per box, or five boxes for \$1.00, at all druggists and storekeepers, or the Catarthozone Company, Buffalo, N. Y., and Kingston, Ont.

TENDERS.

TENDERS addressed to the undersigned at Ottawa and marked on the envelope "Tender for Mixed Paints," will be received up to noon of the Twenty-first Day of April, 1913, for supplying mixed paints manufactured and put up in accordance with the specification prepared by the Department of Marine and Fisheries to the satisfaction of the Inspector of the Department.

Tenders will apply for the different lines of paints delivered at the following places, put up in one and half gallon cans, viz.: Charlottetown, P.E.I., St. John, N.B., Halifax, N.S., Quebec, P.Q., Montreal, P.Q., Prasco, Ont., Parry Sound, Ont., and Victoria, B.C.

The approximate quantities required are as follows:
Lighthouse white, 5,000 gallons
Roof red, 2,000 gallons
Buoy black, 1,600 gallons
Lantern red, 1,800 gallons

All quotations must be for Imperial gallons delivered free on board cars at destination.

Tenders may quote for paint delivered at one or all the places mentioned, but the Department reserves the right to accept the whole or any part of the tender.
Specifications can be seen at the Agencies of this Department at Charlottetown, P.E.I., Halifax, N.S., St. John, N.B., Quebec, P.Q., Montreal, P.Q., and Victoria, B.C.
Specifications can be procured upon application from the Department of Marine and Fisheries at Ottawa and from the Agent of that Department in Victoria, B.C.
Each tender must be accompanied by an accepted cheque on a chartered Canadian bank for the sum of \$500.00, which cheque will be forfeited if the successful tender declines to enter into a contract prepared by the Department or fails to deliver the paint ordered in accordance with the specification.
Newspapers copying this advertisement will not be paid.
ALEX. JOHNSTON,
Deputy Minister of Marine and Fisheries.
Ottawa, March 12th, 1913.

MARITIME MOTOR CO. WILL AFFILIATE WITH BIG NEW YORK CONCERN

It is officially announced today by the Maritime Motor Company, Limited, of this city, that they have affiliated with the Palmer and Singer Manufacturing Company, of New York.

Since the Maritime Company was organized and the erection of its new factory commenced, great interest has been displayed by the community at large, who have been eager to see the undertaking a success. The affiliation with the American concern does not deprive the Maritime Company of its identity as the details of the arrangement show that the Singer people are taking stock in the Maritime Company and vice versa.

Any concern to be congratulated on becoming associated with such a well known commercial house as the Singer, a name that carries with it a worldwide reputation for perfection in all its undertakings in connection with industrial enterprises.

The automobiles manufactured by the Palmer and Singer Company are famous. The Maritime Motor Car Company will immediately adopt for the Canadian trade the type, design, and materials as at present being used by the Palmer and Singer Company.

QUEEN'S COUNTY COAL MINES ARE DOING WELL

Manager Henderson, of Minto Mine, Says Two Shafts are Working and Third will Start Soon.

John Henderson, manager of the Minto coal mines in the city, registered at the Victoria. Work in the company's coal areas in Queen's County is progressing rapidly. Mr. Henderson said, and the average daily output from the mines has now reached the 150 ton mark. There are two shafts in operation and it is expected to have a third one going soon. A large portion of the coal taken from the mines is being consumed in the province, and a lot of it is being used in this city, especially by the construction companies.

Considerable prospecting in the coal areas has been done lately by the company, he said, and the results have been entirely satisfactory and give a rich indication that Queen's County is rich in coal. The analysis of the Minto coal recently prospecting is as satisfactory as is the quantity. There are about eighty men employed in and about the company's mines at present. During the coming summer it is proposed to construct about thirty more dwellings near the scene of operations for housing those employed at the mines. Mr. Henderson will go to Fredericton today, where he will have a conference with Sir Thomas Tait, president of the company.

R. L. BORDEN CLUB

At a largely attended meeting of the executive of the Borden Club held in their rooms last night, the room committees for each week up to the end of April were appointed. It is the intention to hold an entertainment of some kind each week, either a speech or lecture by prominent Conservatives or a bridge or pool tournament.

ACTRESS SUES FOR \$50,000.

The rivalry which is said to have existed between Frank M. Andrews, noted architect, and Henry G. Williams, formerly proprietor of the York Hotel, in New York city, for the affections of Mrs. Ruth L. Trufant, an actress, is set forth in papers filed in the Supreme Court. Mrs. Trufant, who lives in New York city, is suing Mr. Williams to collect \$50,000 for alleged breach of promise of marriage. Mr. Andrews drew the plans for many of the largest and leading hotels in America.

SIR WILFRED AND CLOSURE

(Vancouver News-Advertiser.)

The announcement of Mr. Borden that if obstruction continues the government will introduce rules to enable the majority in parliament to proceed with business, brought a surprising statement from Sir Wilfrid Laurier. The former premier said in his recent message:

"It is stated on behalf of the government that the rules of the House are altogether antiquated. These rules have grown to their present form through centuries of struggle on behalf of freedom of speech. The late government persistently refused to alter them, but they were largely revised three years ago and unanimously adopted as they are now."

The statement that the Laurier government persistently refused to change the rules by introducing the closure did not agree with the recollection of persons who had followed the reciprocity campaign. And now some one has dug up the record of one of Sir Wilfrid's colleagues, Mr. Fisher, who was one of the parliamentary leaders in the late ministry, promised on three occasions that if his party should be returned to power it would do the very thing that Sir Wilfrid says the government persistently refused to do.

NEW YORK HAS MEAT SHORTAGE JUST NOW.

New York, N. Y., March 31.—The price of meat soared to the highest figures of the year and indications are that it will go still higher tomorrow. Dealers say the shortage will soon become acute unless shipments checked by the Ohio and Indiana floods are hurried to the city.

PROMINENT MAINE JUDGE APPOINTED TO BIG POSITION

Frederick A. Powers, Chairman of Utilities Commission of that State—Hold Large Lumber Interests in N. B.

Special to The Standard.
Bangor, Me., March 31.—Frederick A. Powers of Houlton, a brother of former Governor Llewellyn Powers, and himself a former justice of the Maine Supreme Court, who has extensive New Brunswick and Maine timberland holdings, has been offered the chairmanship of the newly created public utilities commission, by Governor Haines. The place carries a salary of \$5,000 a year.

Judge Powers was a candidate in the primaries against United States Senator Burleigh for that office but was defeated. He has as yet given no intimation of whether or not he will accept the governor's offer. It is intended that the three members of the commission shall all be lawyers.

Chief Justice Whitehouse of the Supreme Court, is expected to announce his retirement early in April and Hon. James Archibald Houlton, who has business interests in various parts of New Brunswick, is conducting an active canvass for the appointment to the vacancy, which will be opened on the supreme bench.

ALL FOOLS' DAY.

The first observance of All Fools' Day, according to legend, was when Noah sent a dove out of the ark before the waters had abated, on the Hebrew festival day of the month. The ancient Hindus had in their festival of Huli an observance similar to that of modern times, when innocent persons were sent on foolish errands.

Plutarch mentions an old Roman festival, Festa Stultorum, as a day of pranks and hoaxes. England and Scotland observed the festival of fools centuries ago, and the person fooled was called a "gowk," while in France the victim of April foolery is called "poisson d'Avril," or April fish, on the theory that a fish is a gullible creature and easily duped into taking a bait. Since the days of the old Romans, the Eternal City has been noted for its first of April pranks. Dealers in the Roman newspapers today will be devoted to absurd and impossible stories, gravely told, amusing at times, but devoid of a grain of truth.

RUSSIAN POLICE USE WHIPS ON THE CROWDS CHEERING FOR ALLIES

St. Petersburg, Mar. 31.—Without distinction of party or class bitter indignation prevails against the action of the police in charging the crowds and using their whips to suppress the pro-Slav demonstration today.

Before his departure for Bulgaria, General Dimitreff, who was commander of the Bulgarian forces which captured Kirk Killiseh, was given an ovation. He said that the allies at the outset of the war did not aim at the occupation of Constantinople, but might be forced to adopt this measure unless Turkey acceded to their demands.

PASCUAL OROZCO SR., SHOT BY THE REBELS.

Mexico City, Mar. 31.—The report from Cuernavaca of the shooting of Pascual Orozco, Sr., by followers of the rebel Emiliano Zapata, is confirmed today.

The federal war department is preparing to place General Pascual Orozco, Jr., in command of a column of 5,000 men and send him to the state of Morelos, where many of Zapata's adherents are operating.

CROXONE SOON RELIEVES ALL KIDNEY AND BLADDER TROUBLES

Chronic Sufferers Find Relief After Few Doses are Taken

If you are bothered with backache or rheumatism, have disagreeable, annoying bladder or urinary disorders to contend with—or suffer with any other of the many miseries that come from weak kidneys, here is a guaranteed remedy you can depend upon, no matter what else may have failed to cure you.

It is a positive fact that the new discovery, Croxone, promptly overcomes such diseases. It is the most wonderful remedy ever made for ridding the system of uric acid.

It soaks right in and cleans out the stopped up kidneys and makes them filter and sift out all the poisonous waste matter from the blood. It neutralizes and dissolves the uric acid that lodges in the joints and muscles, causing rheumatism; soothes and heals the delicate linings of the bladder.

More than a few doses of Croxone are seldom required to relieve even the obstinate, long standing cases.

You will find Croxone entirely different from all other remedies. It is so prepared that it is practically impossible to take it into the human system without results. An original package costs but a trifle. All druggists are authorized to return the purchase price if Croxone fails to give the desired results the very first time.

ROYAL NAVAL COLLEGE OF CANADA

The next examination for the entry of Naval Cadets will be held at the examination-centre of the Civil Service Commission in May, 1913, and afterwards annually in May, successful candidates joining the College on or before 1st August. Applications for entry will be received up to 15th April by the Secretary, Civil Service Commission, Ottawa, from whom blank entry forms can now be obtained.

Candidates for the examination in May next must be between the ages of 14 and 16 on 1st July, 1913. Further details can be obtained on application to the Undersecretary, G. J. DESBARATS, Deputy Minister, Department of the Naval Service, Ottawa, February 1st, 1913.

Unauthorized publication of this advertisement will not be paid for.—35457.

WHERE DOCTORS FAILED TO HELP

Lydia E. Pinkham's Vegetable Compound Restored Mrs. Green's Health—Her Own Statement.

Covington, Mo.—"Your medicine has done me more good than all the doctor's medicines. At every monthly period I had to stay in bed four days because of hemorrhages, and my back was so weak I could hardly walk. I have been taking Lydia E. Pinkham's Vegetable Compound and now I can stay up and do my work. I think it is the best medicine on earth for women."

How Mrs. Cline Avoided Operation.

Brownsville, Ind.—"I can say that Lydia E. Pinkham's Vegetable Compound has done me more good than anything else. One doctor said I must be operated upon for a serious female trouble and that nothing could help me but an operation. I had hemorrhages and at times could not get any medicine to stop them. I got in such a weak condition that I would have died if I had not got relief soon. Several women who had taken your Compound, told me to try it and I did and found it to be the right medicine to build up the system and overcome female troubles."

"I am now in great deal better health than I ever expected to be, so I think I ought to thank you for it."—Mrs. O. M. CLINE, S. Main St., Brownsville, Ind.

Every Woman

is interested and should know about the wonderful MARVEL Whirling Spray. The new spray that does more for you than any other. It is the only one that is guaranteed to give you relief. It is the only one that is guaranteed to give you relief. It is the only one that is guaranteed to give you relief.

ARIOL & STEEL PILLS

On the acknowledged leading remedy for all female troubles. It is the only one that is guaranteed to give you relief. It is the only one that is guaranteed to give you relief. It is the only one that is guaranteed to give you relief.

Dr. Chase's Nerve Food

The ordinary doctor spends his efforts in arresting symptoms rather than removing the cause of trouble. He is often compelled to do this against his better judgment in order to satisfy the demands of his patients. Symptoms are removed at a dreadful expense to the organs of the body. As an example, consider the effect on the nervous system of drugs so powerful as to immediately stop headaches and other bodily pains. The reaction is most exhausting on the system, and the result is that the pains and aches return, and the system constantly grows weaker and weaker.

Dr. Chase's Nerve Food

Dr. Chase's Nerve Food cures by removing the cause. Gradually and naturally this food curative revitalizes the feeble, wasted nerves and by invigorating the system drives out pains, aches and diseases. This is Nature's way of curing disease. It is the only way. The treatment of symptoms is only a makeshift way of avoiding pain. It overlooks the importance of symptoms as a warning of impending trouble. To get well and keep well use Dr. Chase's Nerve Food until the blood is rich and red, the nerves steady and the body filled with health and vigor.

Symptoms Warn to Remove the Cause

Symptoms are removed at a dreadful expense to the organs of the body. As an example, consider the effect on the nervous system of drugs so powerful as to immediately stop headaches and other bodily pains. The reaction is most exhausting on the system, and the result is that the pains and aches return, and the system constantly grows weaker and weaker.

NEWS AND VIEWS OF THE SPORTING WORLD

SHAMROCKS PLAY Y.M.C.A. HERE TONIGHT

The St. Andrew's "Shamrock" Basketball Team arrived last night and intend having a practice in the Y. M. C. A. this afternoon. The game will begin at 8:30 tonight. Seats will be reserved for the ladies until 8:30. A large crowd will no doubt be on hand and the game will be fast enough to suit the most severe critic. The line-up will probably be as follows:

Shamrocks	Home	Y. M. C. A.
Williamson	Willet
Jones	Thorne
Williamson	Centre
.....	Latham
Cummings	Boone
Rigby	Burton
.....	Spare
.....	Knodell
Reference—A. W. Thorne.		
Umpire—G. Barton.		

VICTORIAS ARE WORLD'S CHAMPIONS

Victoria, B. C., March 30.—Clearly beating the Quebec supporters at their own game and outplaying them in the western style without any difficulty, the Victoria team won the hockey championship of the world at the arena Saturday night, the score being 6 to 1. Full of brilliant plays and thrilling moments, the contest was well worthy of the occasion which it marked. So clean cut and decisive was the victory of the Victorias that there could be no doubt as to which was the superior team, even allowing for the fact that the Quebec National Association champions were on strange territory. The champions outplayed their opponents on all but a few intermittent occasions when the visitors showed flashes of desperate speed and never looked like anything else but winners.

BURNS LOST THE FIGHT TO EDDIE CAMIPA

Los Angeles, Cal., March 30.—Eddie Campi, of San Francisco, was given the decision over Frankie Burns of Jersey City, at the end of their twenty-round bantamweight boxing contest at Vernon, today. Campi outpointed Burns through the fight. Campi's tantalizing left jab and his clever footwork were bewildering the eastern boy, who could score only in the short range milling. In the clinches Burns used a left to the body, the only blow he was able to employ effectively. He was hopelessly outclassed in long range fighting. There was not a knockdown and both boys finished strong.

A GOOD INFIELD RECRUIT

One of the best infield recruits picked up by New York Americans is Young, drafted from the Harrisburg Club in the Tri-State League. His batting average, .205, is the best that any of the new men can show. If he is unable to beat Derrick out of the shortstop job he will be substituted infielder, as he seems too promising to let go. This is not his first chance in the big league, having been with the Phillies for a short time, but was turned back to get more experience.

VICTORIA ROLL-OFF.
The weekly roll-off on the Victoria arena last night was won by Harry Sullivan who rolled a score of 225 and received as a prize a three 2 pipe.

INTERESTING SCENE ON THE BERMUDA DIAMOND.

Caldwell, one of the Yankees' most promising pitchers, is here pictured at an exciting moment during one of the games at Hamilton, Bermuda.

SPORTOGRAPHY BY "GRAVY"

Such a Fine, Large Day— This is the Day to Make Your Friends Look Foolish.

This promises to be a fine, large day for the sporting editor, and already the wires are groaning beneath the weight of many messages of mighty import to the fans. At the minute of chasing to press, the following new items had percolated into the office:

Dan Morgan, manager of Jack Britton, admits that Paeky McFarland was the victor in the recent bout in New York. Tom McGraw declares that the Giants haven't much chance to cop the rag this year, and picks the Brooklyn as the probable winners. Detroit has decided that Ty Cobb is no longer fast enough for the majors and has sold him to the Bunting club of the Northwestern Kansas League. Tom Sharkey, former heavyweight boxer, noted for his open-handed generosity, has contributed a million dollars to the Society for the Prevention of Cruelty to Oysters. The London Times publishes an editorial in which American athletes are praised as gentlemen of muscle and

refinement, free from every taint and suspicion of professionalism. So confident are the St. Louis fans that the Browns will win the American league pennant this year, that they have got together a pool of a million dollars to wager on that team. Luther McCarty is so sure of his ability to defend the pugilistic honors of the white race, that he has offered to meet Jack Johnson, Sam Langford or Joe Jeannette on a winner-take-all basis. Finally, the sporting editor of this great journal has resigned his job and will leave at once for England, where he has fallen heir to the title of the Duke of Dingbat and an estate of \$23,567,421 acres, and an annual income of two million pounds. A racing classic is scheduled for decision in England today. It is the Lincolnshire Handicap, value \$7,500 to the winner, over the straight mile, for three year olds and upward. On this side of the Atlantic all the followers of the ponies are gathered today at Jamestown, Va. After the Norfolk meet the horsemen will go to Pinlick, and then to the New York tracks and Canada.

BARRETT WON FROM THOMPSON

There was a large attendance at Jack Powers' gym last evening to witness a number of excellent boxing bouts by Instructor Power's pupils. After a couple of preliminaries between some of the newer pupils, the main bout was called on. This was between Barrett and Thompson, and these two sturdy young men showed up well. They boxed in a most creditable manner until the third round when Thompson fouled Barrett, and lost the decision. The young men under Jack's instruction showed exceptional cleverness and the spectators were delighted with the excellent sparring as put up by the contestants.

BASEBALL

Baltimore, Md., March 31.—The Philadelphia Nationals won from the Baltimore Internationals in the ninth inning today. The score was 9 to 8. Batteries—Nicholson, Seaton and Killifer; Ecker, Johnson, Danforth, Smith and Bergen, Lidgate. At Macon—Toronto, 24; Macon, South Atlantic, 15. At Charlotte, N. C.—Boston Nationals, 3; Buffalo Internationals, 2.

BLACK'S ROLLOFF.
In the weekly roll-off on Black's alleys, last night, George Slocum and George Morgan tied with a score of 92, and on a roll-off for the prize, a pipe, Slocum won.

THIS DATE IN RING ANNALS

- April 1.
- 1903—Charley Husey defeated Jack McCormick in 10 rounds at Boston.
 - 1908—Willie Lewis, American, defeated Jeff Thorne in 10 rounds at Paris.
 - 1910—Paeky McFarland knocked out Dick Lee, English, in 9th round at London.
 - 1911—Sam McVey and Sam Langford, colored heavyweights, fought 20-round draw at Paris.
 - 1912—Joe Mandot defeated Owen Moran, English light-weight, in 8 rounds at Memphis.
 - 1912—Ray Bronson outpointed Clarence English in 15 rounds at St. Joseph, Mo.
 - 1912—Charley White outpointed Steve Ketchel in 10 rounds at East Chicago, Ind.
 - 1912—Joe Jeannette knocked out Griff Jones in 4th round at New York.
 - 1912—Bobby Wilson knocked out Dick Hyland in 2nd round at Utica, N. Y.

FRIEDMANN TREATS TEN.
New York, March 28.—Under the supervision of government physician Dr. Friedmann conducted a tuberculosis clinic today. He inoculated ten patients, all pulmonary cases, with his vaccine, the demonstration held at the Monte Fiero Home was preliminary to a clinic next week at which Dr. Friedmann will treat, in the presence of the government doctors, about 100 patients in all stages of the disease.

Prospective purchasers are cordially invited to inspect these cars and have a demonstration.

"WE HAVE NO EXHIBIT AT THE SHOW."

McLAUGHLIN CARRIAGE CO., Ltd.

M'DONALD AND TAYLOR ARE MATCHED

The management of Norman Taylor of Chelsea, Mass., and Dan McDonald of Sydney, C. B., have arranged for these huskies to wrestle here on the 14th of this month in the Queen's Rink. The match was arranged as the outcome of a challenge issued by Taylor to wrestle any man in the East at 170 pounds, and it was quickly accepted by McDonald. Taylor is a wrestler who is well known as the Nova Scotian Hercules and is stated to be not only an exceptionally strong man but a very clever man on the mat. In addition to his wrestling he gives a clever exhibition of weight lifting, breaking chains, etc. Dan McDonald is well known here as a wrestler and a few years ago gave a very clever exhibition in the Carleton City Hall, when he wrestled Cyclone Burns. After this bout McDonald went to St. John's, Nfld., where he won from Young Hacin-Smith, and then he went the route throughout the New England States, where he made a big name for himself. McDonald now holds the championship of the middle and light-weight wrestlers in Canada and is open to meet all comers in those classes.

WILL PLAY FOR BOWLING CHAMPIONSHIP

Considerable interest is being taken in the outcome of the matches between the O. H. Warwick team and the T. McAvity team for the Commercial league championship. The O. H. Warwick team won the first series in the league and the McAvity team the second and they will now bowl the best two out of three games for the championship. The scores will not go on points as has been the rule during the regular league games, but each game will be won on the total pinfall. The teams have decided to roll the first match tomorrow night, the second on Friday night and if there is a third it will be rolled on Monday night next.

Make your Car sure-footed

Men buy Goodyear Non-Skid Treads because they have overcome the faults common to other skid-preventing treads.

GOODYEAR NON-SKIDS GRIP. This perfect Non-Skid Tread, with its diamond-shaped blocks, its countless angles and edges facing in every direction, gets a firm grip of the road and adds much to the power and safety of the car.

GOODYEAR NON-SKIDS ARE SPRINGY. Heavy bars of rubber or unweave projections make hard, dead tires that jolt the motor and working parts of the car out of adjustment. Riding over Goodyear Non-Skids will prove that they are as springy and full of life as plain tires.

Fit all Standard Rims **GOODYEAR**

NO-RIM-CUT NON-SKID TIRES

GOODYEAR NON-SKID BLOCKS DISTRIBUTE THE WEIGHT. Widely separated projections of hard rubber have been found to press in and bruise the fabric. The Goodyear diamond-shaped blocks are close together and wide at the base. Under pressure they spread out. The weight of the car is carried evenly over the whole tread.

GOODYEAR NON-SKIDS ARE SKID-RESISTING TO THE END. When, after thousands of miles, the centre blocks wear down, the angles and edges of the side-blocks take up the work.

GOODYEAR NON-SKIDS DO NOT OVER-HEAT. Most heavy tires heat up quickly. Goodyear Non-Skids are air-cooled. The small blocks are separated by deep air channels which keep the rubber cool.

WHERE can you get another such tread? AND this perfect Non-Skidding comes on a No-Rim-Cut, 10% oversize Tire—the tire that saves 48%—the tire that DOUBLES TIRE MILEAGE.

Do you want to STOP SKIDDING? Do you want DOUBLE MILEAGE?

Look up the Goodyear Dealer.

Own the Car you want

A MAN sometimes buys a car that is not just what he wants. The question of price forces him to choose one far short of his ideal.

Saving the duty of 35% would perhaps bring the right kind of car within buying distance.

The TUDHOPE is such a car as men want to own. AND IT SAVES THE DUTY.

In finish, appearance and proportions it is a man's car. It has the long wheel-base, the large wheels, the low, well-balanced body and spring equipment that make a steady, easy-riding car. A turn at the wheel tells the story of the Tudhope Motor. The Tudhope is the silent, powerful machine that men admire.

This car is sold at the Tudhope duty-saving price. It is the car you want, at a price lower than you would expect to pay.

If you are about to choose a car that does not come up to your idea of what a car should be, if you are about to pay the 35% duty on the kind of car you want, see the Tudhope first.

TUDHOPE "4-36" has Gray & Davis Electric Lighting—115-inch wheel-base—34 x 4 tires—demountable rims—double drop frame. Long stroke motor (4 x 4 1/2) cast en bloc. Full-elliptic rear springs and shock absorbers. Highest grade, complete equipment, including Speedometer and extra tire. 5 passenger Touring Body and 2 passenger Torpedo Roadster. \$1,625 f.o.b. Orillia

TUDHOPE "6-48" has Gray & Davis Electric Lighting and Electric Cranking. Extra deep tonneau cushions. Floating-type rear axle, extra heavy front axle with Timken tapered Bearings. Full-elliptic Underlung rear springs. 127-inch wheel-base—36 x 4 1/2 tires. Force-feed gasoline tank carried at rear. Pumpover Lubrication. Complete equipment, including Speedometer and extra tire. 7 passenger Torpedo Touring Body, \$2,500 f.o.b. Orillia

LAWRENCE FORGES VILLAGERS TO FLEE FOR LIVES
Has been Steadily Raising Since Yesterday - Suffragettes Ejected from Parliament

Montreal, March 31.—Beginning at 8 o'clock yesterday afternoon the St. Lawrence River has been steadily rising, and several villages have been flooded. The flood is due to ice jams.

London, March 31.—Suffragettes continued their demonstration in the House today during the discussion of the new wage contracts. They were promptly ejected.

London, March 31.—The Duke and Duchess of Cornwall and the Princess Alice returned to the station today after a short stay in the country.

London, March 31.—The Duke and Duchess of Cornwall and the Princess Alice returned to the station today after a short stay in the country.

London, March 31.—The Duke and Duchess of Cornwall and the Princess Alice returned to the station today after a short stay in the country.

THE WEATHER.

Gulf and Maritime—Strong winds and gales; southwestwardly shifting to westerly weather; overcast; clearing and cooler. Toronto, March 31.—The disturbance...

AROUND THE CITY

The Harbor Dredging. As is customary at the close of the fiscal year, orders were received yesterday to stop the dredging work...

It Is Not Mr. Brapkin. I. Brapkin of the Boston Tailoring Co. was not the man referred to in the story printed in this paper on Friday morning concerning a dispute which arose between a Hebrew couple residing on Acadia street.

Examined Pilots. Dr. H. D. Fritz returned yesterday from Montreal after administering sight, hearing and color tests to the pilots of the St. Lawrence river. Dr. Fritz was especially appointed by the federal government for this purpose.

Women's Canadian Club. A representative meeting of the Women's Canadian Club was held at the home of Mrs. E. A. Smith, yesterday morning. The reports of the different committees showed the club to be progressing in a satisfactory manner.

Ferkie Case in Court. In the police court, yesterday afternoon, the case of selling liquor to an Indian, preferred against P. O'Neill, was resumed. Policeman Alex. Crawford gave some evidence for the prosecution as on a previous trial, when he stated that he was with the Indian who pointed out the O'Neill saloon as the place where he purchased the liquor.

Real Raincoat Bargains. Having made some extremely heavy purchases of raincoats at most advantageous prices, F. A. Dykeman and Co. have been able to hold several sales lately of these garments, but the one to take place on Wednesday morning is without doubt the best yet.

INDIAN BOY RESIDENT TELLS OF REAL OLD TIME FRESHET AT MONTREAL

Recalls Spring of 1887, when River Water Rose to Bridge Street and Boats and Scows were Used to Convey Citizens to and from their Homes.

Residents along the water front at Indian town who have lived to see numerous changes in that locality recall the days when the spring freshets annually rose above the wharves and reached into the streets, and people regularly looked forward to visiting the scene and viewing the submerged docks.

GOOD CROWDS AT MOTOR SHOW

Despite Bad Weather, Yesterday, Automobile Exhibition was well Attended—Dealers Report Business Good.

The rainstorm yesterday caused a great many persons to remain indoors and many of those who had intended attending the Maritime motor show decided to attend when the weather was more favorable. Despite the storm there was a good attendance at the Queens rink both afternoon and evening and all who were present found the show very enjoyable.

Manchester Robertson Allison, Limited

ENFORCING THE LAW AS TO CHILD LABOR

Factory Inspector has Fairville Parents before him for Making False Report of Child's Age.

The factory inspector is on the war path against parents who make inaccurate declarations of their children's ages with the object of inducing manufacturers to give employment to boys or girls who are under fourteen. Before Squire Allingham the inspector brought up Edward Conway and his wife on a charge of making a false statement of the age of their boy in a declaration presented to the Stimms company where the boy secured employment.

FIFTY NEW SETTLERS SENT ON TO POSITIONS

Provincial Immigration Department has had no Trouble in Finding Plenty of Work for all Newcomers.

The office of the provincial superintendent of immigration was a busy place yesterday. About fifty persons arriving on the boats Saturday and Sunday were at the office to consult the superintendent in regard to the places they had booked to go to. All were looked after and sent on to positions which have been secured for them.

START WORK FRIDAY FOR SUBURBAN LINE

Rothsay, Millidgeville and Spruce Lake to be Started on First—Engineers will Return Thursday.

With the appearance of the engineers on the scene the scheme for the construction of the suburban railway is a step nearer realization. J. Jones, who is to have charge of the engineering surveys, arrived in the city yesterday and after a hurried trip over the ground returned to Lewiston last night. He will return on Thursday and will be accompanied by his assistants.

TREASURY STATEMENT OF GREAT BRITAIN.

London, Mar. 31.—The treasury statement for the financial year was issued tonight. It shows: Revenue, £188,901,599; expenditure, £188,821,920. The revenue is £1,612,999 over the estimate, while the expenditures are £215,970 below the estimate.

NAVAL VETERAN DEAD.

Ridgewood, N. J., March 31.—Rear Admiral John W. Moore, retired, a veteran of the civil war and one of the foremost constructive geniuses of the navy, died at his summer home here late last night. He retired in 1894, and was 81 years old.

INTERESTING LECTURE IN ART CLUB COURSE

Before Fairly Large Audience: Last Evening, Mrs. L. A. Currey Discussed Art and Life of Whistler.

At the Art Club last evening Mrs. L. A. Currey gave an interesting lecture on the life of the artist. She pointed out that Whistler was one of the greatest of his or any age, and that he has done much to lift the art of living. Taking up his artistic production she dealt with the characteristics of his work in oils and water colors, and went on to show the breadth of his construction of his art. She pointed out that Whistler was one of the greatest of his or any age, and that he has done much to lift the art of living.

PERSONAL.

J. W. Reid, of Ottawa, is at the Royal. Senator G. G. King, of Chipman, is in the city. P. R. Warren returned to Montreal last evening. Senator Daniel left yesterday afternoon for Ottawa. Dr. H. D. Fritz arrived yesterday on the Montreal express. Senator and Mrs. Donville left yesterday afternoon for Ottawa. J. M. Lyons, general passenger agent of the I. C. R., was in the city yesterday. J. A. Darrach and J. W. Howard, of St. John were at the King Edward Hotel, Halifax, yesterday. Dr. J. D. S. of the Jordan Sanitarium, arrived in the city yesterday evening and is at the Royal. Charles Watson left yesterday afternoon for Toronto to attend the meeting of the United Drug Co. Among the St. John men in Halifax yesterday were C. H. McLean, D. J. Barrett, S. R. Bell and H. H. Eaton.
