COMMENCINGION

Kidney, Bladder and Urinary Derange ment invariably cured. One bottle will con vince the most skeptical. Worms expelled from the system without the least difficulty. Patients suffering from this prevalent disease will see a marked change for the better in their condition after taking one bottle. Worm difficulties are more prevalent than is generally supposed in the young, and they will find the Quaker Bitters a sure remedy. For Dysentery or Diarrhesa, but one mild dose is generally required.

For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back, and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For Dropsy and Dropsical Swellings, they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression, a large dose should be taken, as it produces the desired effect by sympathy. pathy.

As a Dissner Pill, take one or two Pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive amaratus. Difficult Breathing, Pain in the Lungs, Side and Chest almost invariably cured by taking a few bottles of the Quaker Bitters. All Difficult Female Derangements, (almost invariably caused by a violation of the organic laws.) so prevalent to the American ladies yield readily to this invaluable medicine—the Quaker Bitters. All Impurities of the Blood and disease incident to the same always cured by the Quaker Bitters, if taken according to the directions. LOWELL, MASS., U. S. A. SALE BY ALL DRUGGISTS EVERYWHERE
