Gentlemen of refined taste are well pleased with our new fall suits and overcoats. The quality, style, fit and finish leave nothing to be desired, while the moderate prices—eight, ten, twelve, fourteen and sixteen dollars—represent a saving of nearly half merchant tailors' prices.

Association Hall.

The object of the Association is to furnish a home and centre for the religious life of the University; to promote growth in grace and Christian fellowship among its members and aggressive Christian work, especially by and for students; to train them for Christian service and to lead them to devote their lives to Jesus Christ not only in distinctively religious callings but also in secular pursuits.

The building, which was erected in 1886 and was furnished by the Ladies' Auxiliary, is open every day except Sunday from 8 a.m. to 9 p.m. Its privileges are open to all members. The Reading Room is well supplied with newspapers, periodicals and magazines. The parlor is very comfortably furnished, and members will always find at their disposal a piano, an organ, college song books, checkers and chess.

Library.

The Library of the Association is composed chiefly of works on missions. Books will be let out on application to the General Secretary or any member of the Rooms' Committee, and should be returned at the end of two weeks.

Boarding Houses.

At the office of the Association students will find a complete list of rooms and boarding houses, which have been personally inspected by the members of our Fall Campaign Committee. During the first week of October members of this Committee will be in attendance, and will give all possible assistance to new students.

General Secretary.

With the erection of Association Hall the administration of the growing work of the Association was too heavy a burden upon the President and undergraduate officers so the Association employ a General Secretary or executive officer to supervise the work. The Secretary will be pleased to welcome any student to whom he may be of service. His hours will be found on the Y. M. C. A. bulletin board.

INTERCOLLEGIATE MOVEMENT.

Its purposes are threefold :

1. To bring the students of the world to Christ.
2. To guard and develop them in Christ.
3. To send them into the world to work for Christ.

The movement has had a remarkable growth. Before the Intercollegiate department was incorporated in the work of the International Committee in 1877, there were only 26 Associations on the continent, and these were bound together by no tie and had no common purposes or methods of work. But these 26 Associations with their 1,300 members have increased to over 500 Associations, with 30,000 members. Every prominent institution of higher learning in the United States and Canada has now its organization. Within eighteen years fully 30,000 college men have been influenced to become followers of Jesus Christ; 3,400 men have been led to enter the Christian ministry; and tens of thousands of men have been trained in methods of Christian work. This wonderful development has been due largely to the

directive work of the Intercollegiate Committee. The 1895 records showed 8,000 men in Association Bible Classes, 20 Associations with General Secretaries, 23 with separate buildings, 1,000 delegates at Summer Schools, 35 publications on College work and 4 International College Secretaries.

The movement is directed from New York city as headquarters. We are kept in close touch with it through correspondence and the visits of the Secretaries. Our own Association owes much to the supervision of the Intercollegiate Committee, and calls for the prayer and support of its members for this commendable and most necessary work.

THE CANADIAN COLLEGES' MISSION

Officers of Board of Management.

President Prof. Hume, M.A., Ph.D.
 Secretary-Treasurer Dr. Harley Smith, B.A.
 Travelling Secretary Mr. J. M. Waters.

Origin.

In 1888 our Y.M.C.A., impressed with the supreme importance of foreign missionary work, sent as a missionary to Corea, Mr. J. S. Gale, B.A. Two years later the Medical Students' Y.M.C.A., following our example, sent to the same field Dr. and Mrs. Hardie. In March, 1892, Mr. Gale having joined another Board, we united with the "Meds" in forming the C.C.M., with Dr. and Mrs. Hardie as our representatives. The work was extended to other colleges and schools, and we have now mission circles in sixty-six different educational institutions in Ontario and Quebec.

The mission is distinctly interdenominational.

Its Objects are:

1. To impress upon and foster in the minds of Canadian students, the claims of foreign missions; and, since zeal for any cause can be developed only in proportion as that zeal finds expression in practice.
2. The prosecution of aggressive missionary work among the unevangelized, especially in Corea.

Means Employed.

Special prayer Saturday evening from 9 to 10 o'clock. Publication of a monthly journal — "The College Missionary." Employment of a travelling secretary. Maintenance of evangelistic work among heathen students in Calcutta, India.

How Supported.

All effort in connection with this work is spontaneous, and its support purely voluntary on the part of the students and their friends. The former have adopted the plan of weekly systematic giving (1 Cor. xvi. 2), and last year contributed about \$1,000.

As the contributions to our funds, while always most generous, have in no year been sufficient to adequately supply our former missionary, Dr. R. A. Hardie, with the needed medical and surgical outfit and dispensary and as he has thus been prevented from using all his talents in propagating the Gospel among the Koreans, the Board was led in June last to accept the offer of the Board of Missions of the Methodist Church South of the United States and to allow Dr. and Mrs. Hardie to be transferred to that organization, already carrying on work in Song-Do, Corea. This transfer was made with the approval of both our missionaries.

The Board has determined to give its support this year to a University graduate carrying on evangelistic work among the students of Calcutta, India, or Tien-Tsin, China. The field seems to be an appropriate one for students, graduates and their friends to cultivate. The oppor-

tunities are tremendous. Will the students and alumni of the University of Toronto rise to the occasion? It is hoped that next year if our supporters give us sufficient encouragement, we shall be able to send out one of our own Canadian graduates to assist those who are already working among these heathen students.

Prayers are held in University College, Room 3, every morning at 10 o'clock.

The Reading Room of the Literary Society will be found in the Gymnasium Building. All the best dailies, weeklies and monthlies are on file.

A list of students' boarding houses, duly inspected and approved, may be seen at any time in the Y.M.C.A. office.

The Association gives a reception to the men of the First year early in October. This is an unequalled opportunity for the new men to get acquainted with one another, and with the Christian men of the other years at the very beginning of their course.

The Reading Room of the Y.M.C.A. is in the Association Building. Besides papers and journals, a library of good missionary literature is to be found in the room.

If you have a few minutes to spare, drop into the Y.M.C.A. parlor and have a sing. You will find a piano, an organ and College song books at your disposal.

Wear the College Colors. They are Blue and White. Get the right shade of Blue.

If you are interested in foreign missions, take the "Student Volunteer" and ally yourself with the Varsity Mission Band.

THE ATHLETIC ASSOCIATION.

This Association is one of peculiar interest to the student body as its organization and the construction of the present Gymnasium were due directly to the energy of the students themselves. The Association has charge of the Gymnasium and also a supervisory authority over the various athletic clubs connected with the University.

In our Gymnasium we have every reason to feel pride as it is admitted to be the finest and best equipped College Gymnasium on the continent. It is furnished with a good running track, all the best gymnasium apparatus, a bowling alley, splendid shower baths and a plunge bath. Mr. Williams, the instructor, is a most capable and efficient instructor in all classes of gymnasium work and will give instruction in fencing, boxing, bayonet, quarter-staff and other exercises in addition to the regular gymnasium work. Classes will be held for regular gymnasium work according to the following schedule:—

Gymnasium Class 4.30 to 6—Mondays, Wednesdays and Fridays.

Fencing Class 4 to 6—Tuesdays and Thursdays.

General Work—Saturdays and when special work is not required.

Not so easy you say, when your allowance is small. But there's not a student who may not always be well dressed if he knows our skill in dyeing and cleaning clothes. The suit that has become soiled and spotted is quickly made bright again. The overcoat that you have thought too shabby to wear can be given back its old-time newness. And the cost of all this is but little.
