There is nothing that can give me greater pleasure, said Bro. Gillet, than to say a good word for Dr. Williams' Pink Pills. I tell you they saved the lodge a good deal of money in Bro. Carruther's case, and there is not a member of Perseverance who won't say the same thing. We had paid cut over \$400 to our sick brother, and of course it was a big drain on our finances. We asked the lodge physician. Dr. Pingel, to examine him so that we would know whether he was going to get better or not. The doctor informed us that he was incurable, and gave us a certificate to that effect.'

'Do you attribute it to the Pink Pills?'

'I do not doubt that they were the means of his cure, since Mr. Carrothers says it was by using them he became well again. Yes; there seems to be virtue in the medicine, judging by this case.'

Dr. Williams' Pink Pills are a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus dance, nervous headache, nervous prostration and the tired feeling therefrom, the after effects of la grippe, influenza and severe colds, diseases depending on humbrs in the blood, such as scrofula, chronic erysipelas, etc. Pink Pills give a heatthy glow to pale and sallow complexions, and are a specific for the troubles peculiar to the female prosperity as we'l as relations without country and thus swamp the market.
