TRAIN WRECKERS

On the M. C. E. Near the Bridge-
Dastardly Attempt Foiled.

Niagara Falls, Ont., April 22.-On the
Michigan Central Railway between
Suspension Bridge and Montrose an at-
tempt was made to wreck a train
shortly after midnight last night. Three
or four railway ties were placed across
the track in such a position as to make
a certain wreck of the train which
came into contact with it. The per-
petrators of the deed must have num-
bered eight or ten. A heavy freight
train which left the bridge with Con-
ductor Kenny and Engineer Morrison
in charge came to a standstill on the
curve where the obstruction was placed.

The brakes had been set on most of the
cars by sewing the air pipes. When
the brakes were drawn, the train
started and it was found the coupling
pins had been drawn. The pins could
not be found. The Montrose train then
came in sight on the east track, and
crushed into the obstruction, but
luckily tossed them aside without be-
ing derailed. Train hands say sev-
eral men were noticed running across the
fields, but lost sight of them in the
darkness. No object can be assigned
for the placing of the obstruction.

A Contemporary's Plea for Chaos

in the Liquor Traffic.

The London Free Press argues
that it is the duty of temperance
advocates to start an agitation for
the immediate passage and enforce-
ment of a law to prohibit the liquor
traffic in the Province of Ontario. Be-
cause a majority of those who voted
in the plebiscite, some time ago, ex-
pressed themselves favorable to a gen-
eral prohibitory law, our city con-
temporaries hold that an agitation to have
a law passed should no longer be de-
layed. Further, it argues that the
Ontario Government has been dero-
gated in its duty in not passing a
prohibitory act.

The Free Press, in its new-born
zeal, ignores the fact that the juris-
diction of the Province in the matter
of prohibition has not yet been set-
tled by the courts, though an ac-
tion to have a declaration of the
respective powers of the Dominion
and the provinces, with regard to
liquor traffic control, has been for
some time before the courts. The
matter has reached the final court
of the realm, the British Privy Coun-
cil, which has not yet given the de-
cision which will conclusively settle
the law on the subject.

Until that decision is forthcom-
ing, it would be highly detrimental
to the public welfare for any govern-
ment to act on the advice of our
contemporary. This country has lost
enough money already attempting to
enforce laws with reference to the
liquor traffic before their validity
was fully proved. It will be within
the recollection of most of our read-
ers that the men now in power at
Ottawa some years ago attempted
to enforce a Dominion License Act.
In their desire to centralize every-
thing possible at Ottawa, they passed
a law declaring that they had the
power to license and control the li-
quor traffic. They sent out from Ot-
tawa the order to ignore Provincial
authority. They appointed Dominion
commissioners to carry out their views. They
caused no end of expense and trouble
to license holders, and imposed
serious burdens on the municipali-
ties. All this the Ottawa politicians
undertook on the mere assumption
that they could usurp control of the
local issue of licenses, and the re-
venues derivable therefrom. But after
hundreds of thousands of dollars
had been spent in attempting to ad-
minister the law, and in fat fees to
lawyers, the highest court in the em-
pire declared that the law was worth-
less, and the centralizers had to let
go their grip.

Let us suppose that the Ontario Leg-
islature were to adopt the views of
the Free Press, and pass a prohibi-
tory law while its jurisdiction is in
question, as it must be till the Brit-
ish Privy Council has given its de-
cision, would we not have a repeti-
tion of the experiences of the Do-
minion License Law regime? We un-
hesitatingly say that it is not in the
interests of the public at large
that an agitation for immediate
Provincial prohibition such as our
city contemporary proposes should
be contemplated.

FIGHTING IN CUBA.

Spanish Account of Engagements With
Revolutionists-Reform Delayed.

Havana, April 22.-The insurgent
leaders of Matanzas and Santiago de
Cuba, it is claimed here, refused to ob-
ey the orders of Gomez, being unwilling
to go to the western part of the island.
Col. Villa has dislodged the insurgents
from the heights near Giguila. Province
of Pinar del Rio. Col. Villa continued
the pursuit from Cabañas to Bramales,
where the insurgents, by a flank move-
ment, engaged the center and rear
guard of the column, but were re-
pulsed and pursued to San Claudio,
regia and Lechua, where they occu-
pied fortified positions upon the
heights. Col. Villa then joined forces
with Col. Deboas and the Alfonso XIII.
battalion, which the insurgents claim
to have cut to pieces, and the advance
guard of the combined columns kept
up a fire for three hours on the enemy,
and eventually captured the latter's
positions at Manuelito, Caobal, and Le-
chua, and pursued the insurgents to
Aguaque, Pinar del Rio. The rest of
the Spanish column flanked and fired
into the forces of the retreating insur-
gents with artillery and mauls, in-
flicting great loss upon the enemy.
No soldier was killed or wounded.

A dispatch from Madrid says that
Senor Canovas del Castillo, the Prime
Minister, says that the insurgents claim
Cuba will not be applied until circum-
stances are favorable for such action
and Capt. Gen. Weyler requests that
be taken. The dispatch also states
that the Prime Minister reaffirms pos-
itively that there is not the slightest
foundation for the reports that the
negotiations are being carried on be-
tween the Governments at Madrid and
Washington.

THE VENEZUELAN DISPUTE.

London, April 22.-Yesterday after-
noon's newspapers comment on the
dispatch from Washington to the
Times, which its correspondent is said
to have instructed to publish, con-
cluding with the remark: "This de-
lay is most perilous. The Washing-
ton executive still shows a strong de-
sire for an honorable and reasonable
agreement on the Venezuela ques-
tion, but it takes two to make a
treaty."

The St. James's Gazette says: "The
statement which Mr. Smalley was in-
structed to publish shows that the
United States Government still hopes

London, Thursday, April 23.

The Enemies of Young Men.

When the Dominion Franchise Act was passed, we were told that the expensive measure was necessary in order to provide a fair voters' list. The impending elections will be held on a voters' list three years old. Hundreds of thousands of duly qualified voters will be disfranchised, and hundreds of thousands of dead and otherwise disqualified persons will be able to vote. That is the kind of a "fair" voters' list that this precious aggregation at Ottawa insists on forcing on the long-suffering electorate. Why, by its agency at least 240,000 young men, who would have votes under such a manhood suffrage act as is in force in this Province, have had their manhood rights stolen from them.

It is an outrage which every young man in the country, with a spark of independence in his makeup, should resent by working hard to secure a change that will effect fair play to all.

Since the creation of the Common Fund in England in 1840, for the support of the Established Church, £700 benefices have been augmented and endowed, and the total increase in the incomes resulting from the operations of the ecclesiastical commissioners is £1,009,585 yearly, according to the 48th annual report, representing a capital sum of £30,338,300.

Their Despairing Appeal.

We have found no citizen of London, either Liberal or Conservative, who believes that Mr. W. R. Meredith would be so foolish as to leave his comfortable seat on the bench, and cast his fortunes with the crowd at Ottawa who now, in despair, call upon him to furnish up his "Facts for Irish Electors" (1883 brand), and rush to their aid.

But ere now ambition has prompted many a man to take a course that led to his own discomfiture. We shall see if the Chief Justice has less horse sense than his friends have claimed for him since he forsook the Opposition leadership in the Legislature.

Intemperate advocates will damage the best cause.

A Word With Office-Seekers and Bonus-Hunters.

If you want a Customs collectorship. Apply at Ottawa. You will be encouraged to believe that you are the undoubted choice of the Cabinet for the particular job you solicit, just as dozens of other applicants have been.

If you want a Postmastership. Apply at Ottawa. You will be asked to believe that it is yours—if you vote right.

If you want a civil servant's position of any kind, haste to participate in the scramble. Everybody with a friend at court is being promised a good thing those days.

If you want a railway bonus, apply to John Haggart. He has railway bonuses to burn—on paper.

If you want new public buildings anywhere, everywhere, you can get a promise that all will be granted within 60 days after next general election.

But first be prepared to whack up for the high tax election funds, and further to take your share in the "grab" on trust.

The high tax agents are prepared to promise expenditures of public money away up in the millions, and necessitating much increased taxation, in order to secure the necessary "influence" to win at next general election. They are prepared to promise offices galore with the same end in view. But they feel in their hearts, they know, that in two months from now, when the new Parliament is elected, and Hon. Wilfrid Laurier is Premier of the Dominion, the fair promises of today will be powerless to implement the pledges so recklessly made on the eve of a general election.

Wise like unto Solomon is the office-seeker and subsidy-hunter who has followed the example of Mr. Masson, M.P. for North Grey, and has defied public opinion by seizing his office by the forelock. No partisan appointment made after today, except as required to fill a vacancy caused by death, or voluntary resignation, will be respected by the new Liberal Administration, soon to be formed at Ottawa.

In the coming campaign, the politician who keeps his temper will have a distinct advantage over the man who flies off the handle.

Cannot Succeed.
They talk of "strengthening" the discredited Cabinet at Ottawa by introducing into it men who, when last in public life, proved thoroughgoing failures. That is a kind of buttressing which must rejoice the hearts of the large majority of the people of Canada, who are equally ready to vote the old or the galvanized high tax machine out of office. The country needs a change.

Even the stuffed census showed that many a municipality in the country had far greater prosperity under a revenue tariff than under the high tax policy which has been so hurtful to the customers of the industrial population.

A Job for Mr. Marshall, M. P.
A prominent Conservative today informed an "Advertiser" representative that Mr. Joseph Marshall, M. P. for East Middlesex, will be appointed postmaster of London before election day, in payment of recent votes in Parliament to which he knows his constituents are utterly opposed.

Mr. R. J. C. Dawson, though well able and willing to perform his duties, is to be superannuated at public expense to render the deal possible.

Does Joseph really expect that the new Liberal Government, soon to be in power at Ottawa, will respect this barter?

By the Way.

The Dominion Parliament dies today, unwept, unhonored and unsung.

The extra session of the Canadian Parliament has been chiefly noteworthy for quarrels among the high tax leaders.

In England the weather has also been phenomenally mild. Climatic conditions since last summer have been those of drought and mildness, giving a good growth of fodder all through the winter. The winter, in fact, has been a long autumn, and early in February the season was as advanced as it is in many years in April or May. By the middle of February a very large breadth of land had been seeded for the crops of 1896, while the yew trees had scattered their pollen a full month before the usual time, and the gay yellow blooms of the gorse showed the unusual advance of the spring. A cold spell has since intervened, but it has not checked vegetation to any extent, and business in town and country has been booming.

Fair play to all, whether farmer or manufacturer, or merchant, skilled mechanic or laborer, is the motto of the Liberal party of Canada.

As in many other parts of Canada, there is demoralization in the ranks of those who have hitherto been high tax advocates in Vancouver, B. C., and the consequence is the exposure of rascally doings undertaken, if possible, to thwart the will of the people. What could be more significant, for example, than the revelations made by Mr. John McAllister, a leading Conservative, at a meeting of his party, held the other evening to try and cement the breach existing within the ranks? Mr. McAllister asserted that instead of there being some nine thousand real voters on the Dominion list of the city of Vancouver, there were only some 3,700. Diligent search failed to find any more. Many of the names on the list were those of men who had been in the cemetery for four or five years.

He had been engaged in the preparation of the list and had wished to strike these names off, but had been ordered not to do so by the revising barrister. He knew also that there were many duplications, he said. This represents a state of things positively shameful, and the Vancouver World calls for the matter to be taken up in Parliament and thoroughly discussed. A dying Parliament has no time left in the two days yet at its disposal to discuss this or a dozen similar scandalous jobs. But the honest people of Canada have the matter in their own hands. They cannot go wrong in everywhere voting against the candidates of the men in power who are responsible for the criminal devices to save their offices.

The consumption of tea has greatly increased in Great Britain in the last few years, and a much smaller quantity of coffee is now consumed than formerly. In the United States the conditions have been reversed. There has been a phenomenal increase in the consumption of coffee in the republic, and a corresponding decrease in the use of tea.

Mrs. John Harvey, who has been appointed woman inspector of prisons by Sir Oliver Mowat, is president of the Young Women's Christian Guild of Toronto, an association for the benefit of young women employed in stores, factories, and domestic service. Under Mrs. Harvey's presidency this association has secured a palatial building, equipped with all the requirements of a well-appointed women's club and gymnasium, in addition to being an educational institution, practically free of charge. The new inspector has many special qualifications for the position, and her appointment will be generally looked upon as pre-eminently in the best interests of the province.

A Brantford Nonagenarian and His Memory—Lawuit Between Brothers—Dead Body Found.

South Oxford license commissioners have extended the time for closing bars from 9:30 to 10 p.m.

The Perth County Council have awarded the contract for the new House of Refuge to be erected in Stratford, to Wm. Clark, of Toronto; amount of tender, \$15,000; work to be completed by Nov. 15.

Chas. Frier, one of Sebringville's best-known citizens, dropped dead suddenly Monday. He was 71 years of age and was highly respected by all who knew him. In politics he was a Conservative and in religion a Lutheran.

Michael Mahoney, of Hughes street, Dresden, met with a severe accident while leaving town to go to his farm in Dawn. He fell from a horse on the ground, and before he could free himself from his position the wheel passed over him, breaking two of his ribs.

At a meeting of the St. Thomas Board of Education a motion was passed directing that county pupils attending the Collegiate Institute who are liable to pay fees be required to pay at once, under the penalty of expulsion. The fees to be paid in one week.

Wm. McIntyre, for some time past United States customs officer at Stratford, and who was relieved from his position on March 1 last, was yesterday reinstated. He is appointed by the United States Government, but paid by the G. T. R., and the office was closed on the score of economy.

On Monday Mr. Currie, on the Mc Cuen farm, on the townline between Erin and Bramosa, found a man lying dead near the middle of the road, opposite the farm of Mr. John Black, about three miles from Rockwood. The body was that of a man well known to several in Bramosa and Erin. He was for a time an inmate of the county poor house. He was familiarly known as Dan.

P. C. Palmer, of St. Thomas, went to Springfield Tuesday and arrested John McCutcheon, a man of about 30 years of age, on a charge of fraud. It is alleged that McCutcheon went in to E. H. Finch's jewelry store on March 16 and obtained a nickel-plated watch, worth \$21 by representing that he was employed on the Michigan Central Railway. The prisoner left the employ of the road about a year and a half ago.

A sensational story from Port Huron, Mich., appears in the papers, to the effect that Jessie Hutchinson, a Stratford girl, had mysteriously disappeared from that city. Jessie Hutchinson's home is on Galt street, Stratford, and when a reporter called on Mrs. Hutchinson, she denied the story of her daughter's disappearance. She heard from her only the other day. Jessie is working in Port Huron, and according to her mother, doing well.

James Hamilton of New York, and D. J. R. Hamilton, of Port Dover, are at law over \$75, a portion of their sum to James, who yesterday was left says the money is to be divided between the two sons, but shortly before she died she assigned the whole sum to James, who yesterday was before the master in chambers at Osgoode Hall for payment out to him of the money in court. The application was enlarged.

A German named Gleiser, who has lived in Stratford for a long time, and a Mrs. Burmann are said to have been living together as man and wife. They have been occupying a house on Erie street, and have one child. Mrs. Burmann's husband is a shoemaker, who is deaf and dumb, and is well-known about town. She is the mother of several little Burmanns. Gleiser is said to have a wife and family in Germany. They will be brought before the police magistrate.

Francis Witty, of Brantford, aged 91, is still hearty, and remembers the days of his youth. He has lived under four British sovereigns. He says: "I remember the jubilee of George III., the accession of George IV., the coronation of William IV., and of course, the birth of Victoria. What an awful time there was when the news of the battle of Waterloo and of the defeat of Napoleon came to London. I can remember it well. I was going to school in those days. London, and indeed, all England, was in a state of delight. The Iron Duke? Yes, I have seen the Duke of Wellington, and I remember seeing him riding on horseback in Hyde Park. I can distinctly recall the first steamboat that ever sailed on the Thames, though I forget the name."

Blind

Sometimes persons become blind from impure blood, which develops scrofulous ulcers on the eyeballs, iritis, granulated eyelids, etc. In such cases Hood's Sarsaparilla has been marvelously successful in restoring sight. It shows its powers as a blood purifier and radical cure for scrofula, by removing the cause, thus curing the

Sore

eyes and restoring all the affected parts to healthy condition. Read this: "As an act of justice and for the benefit of other mothers who may have afflicted children, I write this. About the first of February, 1892, my daughter Zola, then three years old, contracted sore eyes of the worst form and in a few weeks was entirely blind, being unable to tolerate light of any kind. She suffered and cried until I was almost heartbroken. The best eye specialist in the county treated her for months, but she

became worse. Then I took her to a specialist in Indianapolis, who said he could do nothing. I came away with a heavy heart. I met my father's physician, Dr. Berryman, who examined Zola's eyes, and told me to try Hood's Sarsaparilla. I began to give it as directed and wash her eyes with warm water. Soon I began to notice improvement, and now, having given the child over a half dozen bottles, her eyes are greatly improved and she can see as well as any one. She is five years of age, and goes to school. When she began to take Hood's Sarsaparilla, she had to eat her meals in a darkened room, but now

FIRE RECORD.

Blenheim, Ont., April 23.—About 5 o'clock yesterday afternoon fire broke out in the old mill owned by A. L. Bisnett and owned by T. L. L. Parry, a storage for cooperage stock. Mr. Parry's loss is estimated at \$2,000; no insurance. Mr. Bisnett's loss is comparatively small. A man who is supposed to have caused the fire was arrested and placed in the cells. Fire also broke out in the Hall Block, but was soon extinguished.

Toronto, April 23.—About 6 o'clock last evening fire broke out in an old barn on Dufferin street, between the West End, The Brockton and Parkdale fire divisions were on hand, and the fire was soon extinguished. The foreman of the western division, however, unfortunately gave an order for the men to go into the shed, and on their obeying this order, it caused in on them, severely injuring several firemen. Wm. Stevenson, of the Parkdale division, was crushed so badly from head to foot that he is not expected to live. Wm. Quinn was badly injured in the spine, and his recovery is doubtful. Chas. Topley and Joe. Pollard were also seriously injured. Several doctors were quickly on the spot and did what they could for the injured men, who were then taken to the hospital. Fifty dollars will cover the property loss.

No. 1 Company, Royal Canadian Regiment, Baseball Club has organized for the season. The following officers were elected: Lieut. Col. Smith, D.A.G., honorary president; Capt. Hemming, president; Major Denison, vice-president; Lieut. Carpenter, vice-president; Sergt. Dunlevy, secretary and treasurer; Pte. Hall, captain; Corp. Pines, Pte. Hawthorne and Bugler, Basques, committee. The club will greatly miss the services of Corp. Cockburn as manager this season, as his other duties will take up his first during the coming summer. The club will be a great deal stronger this season than they were last Games will be arranged for any day during the week except Saturdays.

TORONTO'S HARD WON VICTORY.

YORK, Pa., April 23.—The Toronto Club has had a time winning yesterday's game, on account of the miserable umpiring of a local man named Kottcamp. The visitors fought hard, and it took up the first half of the game. A riot was going to take place several times. The crowd and home players were with the umpire, and did everything possible to make it unpleasant for the visitors. Lutenburg had a beautiful hit in the third inning, and Dowsie took his place. Staley pitched the first inning very well, and was met with a warm reception, and only pitched until the sixth inning; McParlin finished the game in fine style. Score:

Toronto . . . 4 11 3 0 11 *—13 3
York . . . 2 0 2 0 3 0 0 0—7 14 3

Batteries—Toronto, Staley, Dineen, McParlin and Kinsella; York, Buckle and Beck.

TORONTO SHOULD HAVE WON.

The Cincinnati Commercial's story of the Pittsburgh-Toronto game Monday is: "Pittsburgh won from Toronto by a score of 13 to 7. The contest was on a ball field, a bluff which paralyzed even the Pittsburgh rooters, who are well used to Connie Mack. A. C. Buckenberger's Toronto club had outplayed Pittsburgh, and when Donovan, at critical stage, overran first and turned toward second on a hit he was touched and declared out by Umpire Mitchell. This made three out, and all the Pittsburgh players save Donovan and Mack took their positions, while the Toronto came in to the bench. Mack kicked and bluffed Mitchell into a reversal of the decision, and the players were again called in and Donovan put on first. This so disgusted Toronto that they lost heart, and an error with three singles won the game for Pittsburgh."

GUELPH'S LATEST PURCHASE.

Guelph Herald: Frank E. Doebinger, of Pittsburgh, Pa., is the latest addition to the Maple Leafs. He is an infielder and comes with a batting record of 414, a fielding record of 946, and is well recommended as a coming player. He signed to play in the Michigan League this season, but his city being transferred to the tri-state league he refused to go and has cast his lot with the Leafs.

Eddie Burke, whose playing days were said to be numbered, is playing a star game for Cincinnati; in fact, his fielding and batting were never better.

FLYS.

Manager Buckenberger has closed the deal whereby Al Wagner and Toots Barrett, the Toronto players, will be loaned to Wheeling.

The Chapman Banner wants a four-city league formed, and suggests that Point Edward, Marine City, Wallaceburg and Chatham form the circuit.

Capt. Anson, of the Chicago Cubs, has registered the first hit of the season against an umpire. He charges that his team lost Saturday's game at Louisville on account of the gross incompetency of Umpire Weideman. Anson asks that Weideman be dismissed.

The Colborne Street Beaver Baseball Club organized for the season. All are open for challenges from all clubs at the average age of 14. Address challenges to F. Morgan, 612 Colborne street.

The Eastern League season opens on May 8.

Dumont's work at short for the Washingtons is astonishing. He played brilliantly, going after everything in sight, and falling but once out of ten hard chances. His two-base hit, which helped the Wash-

ingtons to victory, was also a feature of the contest. Demont was with Toronto last year.

Scranton cannot come to terms with First Baseman Power, and Syracuse, on whose reserve list the player is, will have to give him his release.

Tom Lovett, old Brooklyn National League pitcher, has been released by Providence, of the Eastern League, to Rochester, in exchange for young Friel.

That Manager Chapman's cranial is filled with a good working supply of brains is evidenced by the deal that he has effected with Baltimore, whereby he secures the services of Pitcher Gray, of last year's Toronto, for whose release he was paid \$500.

Crane apparently has taken a new lease of life, and the indications are that if he takes care of himself, he will rank many places from the bottom of the list when the pitching averages are compiled at the end of the season. He pitched for Providence against Fall River the other day, winning the game by 7 runs to 5.

AQUATIC.

The London Gun Club's fishing preserve at Dorchester will be opened on May 2.

THE TRIGGER.

The weekly shoot of the London Gun Club will be held tomorrow afternoon on account of the death of Aid. John Marshall. Aid. Marshall was a director, and one of the first stockholders of the club, the members of which have sent a beautiful floral emblem, "The Gates Ajar," to be placed on the casket. The deceased was very popular with the club members, who feel his loss keenly.

THE TURF.

An unknown person went to the stable of Captain Harry Shad, proprietor of the Peytonia stock farm, near Gallatin, Tenn., and killed one of his valuable brood mares, Lucy Prince, which was worth \$1,000. All of her colts were winners last fall. The Cleveland Herald says that the mare was kept, burned, and the horse perished.

ROTHSCHILD'S GREAT LUCK.

London, April 23.—At Sandown Park today there were fourteen starters in the race for the Tudor Plate of 1,000 sovereigns, for 3-year-olds which have not won any race up to the time of entry; colts to carry 126 pounds, fillies 122 pounds; distance one mile. Mr. Leopold De Rothschild's Imposition won; Lad Hervey was second, and Shaddock third.

The Walton 2-year-old race of 1,000 sovereigns by subscription of 10 sovereigns each, colts to carry 126 pounds, and fillies and geldings to carry 122 pounds, the winner to be sold at auction under Lord Exeter's conditions for 200 sovereigns, distance 5 furlongs, was won by Prince of Wales, who was second and Holy Friar was third. Mr. Richard Croker's Red Banner and Westchester were entered, but did not start.

SUNOL TO TRY AGAIN.

Robert Bonner announces that the one-time champion trotter, Sunol, 2:08 1/4, will be trained again this season with a view of lowering her record.

The daughter of Electioneer again will be in the stable of Charles Marvin, who developed her and drove her to her record. Sunol made her record to a high-wheel sulky, and if her legs stand the severe preparation necessary, there is no doubt but that she will place a new record to her credit. She is, however, a mare of irritable, notional disposition, and what is wanted at the right time. Marvin understands her thoroughly, and if anyone can drive her to a championship record, it is he.

Mr. Bonner has intense faith in Sunol's record-breaking powers, but many other good horsemen have bet against if she stands a preparation to beat 2:10 again.

THE WHEEL.

It is estimated that over 5,000 wheels have been sold in Toronto alone lately.

The annual Hilsendegen road race will be held at Belle Isle on Aug. 1. Purse to the amount of \$5,000 will be paid to the winner. The race will be held on the 10th of August.

The latest tribute to the powers of the bicycle comes from the chiropodist. He says that bicycle riding produces a high arch in the foot, and is certainly a high-wheel sulky, and if her legs stand the severe preparation necessary, there is no doubt but that she will place a new record to her credit. She is, however, a mare of irritable, notional disposition, and what is wanted at the right time. Marvin understands her thoroughly, and if anyone can drive her to a championship record, it is he.

COOPER A PROF.

New York, April 23.—Thos. Cooper, the western racing man who gave the bald eagle a \$100,000 prize for a championship honors in class B last year, has joined the professional ranks. Cooper has been transferred by the racing board to his own racket.

Railway Matters.

Twelve Millions of B. & O. Money Lost.

A Remarkable Condition in the Great Road's Affairs.

The New York World has a dispatch from Washington to the effect that the Baltimore members of the Baltimore and Ohio Railroad Company reorganized committee to call a convention to discuss the matter.

Discoveries they have made during the last few days. It is said that \$12,500,000 has been lost to the company has disappeared, and it is asserted that it is gone the system cannot be got out of the hands of the receivers and the courts. It is also alleged that no records of the most important transactions of the road for seven years can be found, and that the committee has not been able to conclude whether there are no books or whether they are being kept where they cannot see them. The Evening Star, a very careful and trustworthy newspaper, says: "A banker who is on terms of closest business and social intimacy with the Baltimore members of the reorganization committee says that in the neighborhood of \$2,000,000 has gone into the pockets of parties who are in no way allied to it."

The disappearance of the \$12,500,000 is claimed, is shown by the fact that the floating debt was increased from about \$2,000,000 in 1888, to about \$16,000,000 at the date of the last annual report in 1895. Where the difference, or \$12,500,000, went, it is said, has not been explained, or any cause discovered why the floating debt should be thus increased.

Parliament Today.

The Soulages Canal Scandal Again Up.

Attempt to Leave It Open to Con- summate a Huge Job.

Vigorous Measures by Their Opponent Make the Men in Power Back Down.

Special Telegram from Our Own Correspondent.

Ottawa, April 23.—The House met today at 10:30.

There was a small attendance. After a few Government bills had been introduced, the House was moved into supply. On this motion, Mr. Davies asked the Minister of Justice to give a promise to the House not to pay Mr. Goodwin's claim of \$200,000 for extras on the Soulages Canal, unless on the advice of the Exchequer Court.

Mr. Dickey refused to give this promise, though he was not asked of the opinion that the court should decide the matter.

Hon. David Mills insisted on this promise being given in view of the circumstances surrounding the case. Sir Herbert Tupper held that the Minister of Justice should make such promise.

Sir Charles Tupper—Hear hear. Mr. Edgar moved in amendment to supply the bill, that the House be not paid by the Government except on the authority of the court.

Mr. McCarthy pointed out that the Minister of Justice was not asked to give any opinion, but to allow the court to decide the matter before payment.

"If the Government does not," said Mr. McCarthy, "they will have no supply."

Mr. Mulock said that as far as he was personally concerned, he would block the business of the House, and prevent the supply bill from passing, rather than to see this money being taken illegally out of the treasury.

In view of this strong protest, Mr. Dickey said he would sacrifice any personal pride he had in objecting to give a promise, and would now agree to give the promise which the resolution called for (Hear, hear).

Mr. Edgar then withdrew his amendment and the supplementary estimates were proceeded with.

Petrol's Blaze.

Imperial Oil Works Badly Damaged by Fire.

Special to the "Advertiser."

Petrolia, April 23.—About 4 o'clock yesterday afternoon a fire was thrown into great excitement by the strike of the whistles at the refineries, quickly followed by the town fire alarm. It was feared that the Imperial Oil Company's works would spread to the town, and Mayor Edwards and Reeve Simmons telegraphed to Stratford asking for the assistance of their engine and men.

An answer was promptly received from Mayor Smith offering to do all in his power, but fortunately the wind changed, thus averting all danger as far as the town was concerned, and Mayor Smith was notified that his prompt and kind assistance would not be required.

How the fire originated is a mystery, but it is supposed to have been caused by a simultaneous combustion of benzine in the tanks, where the men were draining wax.

The buildings destroyed were two buildings, two buildings used in the manufacture of wax, one paraffine shed, one grease works building (very large), two large storage tanks, known as the home agitator house, and an office, a large quantity of refined oil and a large amount of valuable machinery.

The portions of the works saved were the engine house, the barrel sheds, the stills and the coopers. A dozen men were in the paraffine works when the explosion occurred, but all escaped safely. The company's workmen deserve credit for their hard work and the persistent way in which they played on the agitators in the face of the danger.

Some of which were ablaze and finally burned out without falling down. Had there been a fire in the tank, the oil would have spread over the town and caused a general conflagration.

Mr. A. A. Booker, of London, was in the office at the time, and on account of the danger from the repeated explosions of benzine, hurried all the books into the safe and escaped. The loss is estimated at about \$100,000, which is fully covered by insurance, the following companies being interested: Lancashire, Mercantile, Economical, British-American, Queen's North British, Western, Royal and others.

NOTES.

Did you see Mayor Edwards' work? What did everybody do when the combustions of benzine started?

Jimmie Brebner was in the push as usual.

Mr. Frank Ireland received a bad scorching, his hair being all burnt.

INSIDE AND OUTSIDE.

Internally used, Burdock Blood Bitters cleanses, purifies and tones every organ of the system. In all cases where sores, ulcers, blotches, scrofula, etc., appear on the surface an outward application exercises wonderful curative power over the skin and flesh, healing them completely without even leaving a scar. Here is a case in point:

"After having used Burdock Blood Bitters for scrofula in the blood I feel that I am a new man. The results, in connection with the conference, I was treated by a skilled physician, but he failed to cure me. I had three running sores on my neck, which could not be healed until I tried B. B., which healed them completely, leaving the skin and flesh sound and whole."

"As long as I live I shall speak of the virtues of B. B. B., and I feel grateful to Providence that such a medicine is provided for sufferers."

We Don't Like to Say

We don't like to say that the volume of trade we are doing is marvelous. That would hardly be correct. It isn't at all marvelous that we are doing the big trade of London—it's the high quality of goods at such low prices that is marvelous. We'd think it queer if we didn't do a big business on the strength of our close cash prices. We might advertise until we were poor, but if we didn't back up our every statement with positive and convincing values those who come to us for everything, would very soon forget the look of the inside of our store.

But Say,

We are positively in a position to save you money on every pair of shoes you buy for yourself, for your daughter, or for your children—boys or girls. Not only save you money—that isn't everything in these days of shoddy—but we guarantee value and satisfaction. If you don't like what you get from us, bring it back and get your money. We've only been in the shoe business about two years, so we can't have any very old stock—all fashionable styles—all good. You won't need to ponder over the accompanying prices—no, they are too convincingly cheap for that. Those who have ever bought good high grade shoes at closer prices must have got them in some other city, or from the manufacturers.

Textile Buckskin has won favor all over London. It is a superior interlining for skirts and coats. It is cool and it is waterproof. Price 25c.

Christian Worker's Conference.

Opening of a Four-Day Meeting at St. Andrew's Church.

Of Christian Workers of All Denominations Who Expect to Profit by Each Other's Experiences.

A district conference of Christian Workers began at 9 o'clock this morning in St. Andrew's Church, at which time a small but very earnest band of workers had gathered. The meeting promises to be productive of great good, and many prominent workers from the United States and Canada are present, as well as nearly all the city clergymen. The idea of these meetings is apparently to compare notes and experiences and so enrich the knowledge of every worker with new plans and schemes for the furtherance of their work. The experiences as given by the different speakers were very encouraging, the prayers were short, earnest, and effective, and the singing spirited and bright.

The conference began at 9 o'clock with Rev. John C. Collins, secretary, New Haven, Conn., in the chair. A hymn followed and then a number of Scripture passages from those present. These were followed by a few brief prayers and in this way the opening 45 minutes were passed.

Mr. J. C. Davis, Toronto, sang very sweetly "Some Day." Short addresses along the line of an experience meeting followed. Mr. Collins dwelt more particularly on the aims and objects of the association. The central thought of the work is Jesus Christ and the application of His gospel to every class of men and to every department of work. The association starts no mission or organization of any kind, but seeks mainly to aid the churches in doing more effective work.

Mr. H. B. Gibboud, Syracuse, New York; Mr. H. J. Gillette, city evangelist, Hartford, Conn.; Miss W. J. McDonald, Toronto, Can., followed.

Miss McDonald spoke of the blessings that had followed similar conferences. Mr. Henzie, Mr. Gibboud's associate at Syracuse, gave the story of his conversion in the Florence Mission, "old 29," in New York city. Mr. Henzie's story was particularly touching and illustrative of the great power of faith in Jesus Christ.

Mr. J. C. Davis, Toronto, gave a very interesting description of the Gospel carriage work which he had carried on in the United States and Canada.

Mrs. M. O. Kimball, of Fredonia, N. Y., who is known because of her labors among the inmates of Stages' prisons, told those present of the immense value the conferences had been to her.

Rev. Robt. Johnston, representing the Presbyterian denomination, delivered a stirring address of welcome. He mentioned that the welcome was much warmer than the atmosphere of the church. Mr. Johnston referred, in passing, to the good result of the union services arranged for by Bishop Baldwin, and said that there had been great indications of coming blessing in connection with the conference. He also advised them all to expect great things from God and undertake great things for God.

Rev. Walter Rigby, of the Methodist body, Rev. T. S. Johnston, of the Baptist denomination, Rev. Geo. Fowler, of the Christian Church, and Rev. Mr. Hatchett, of the colored Baptists, followed with brief addresses of welcome.

Mr. H. B. Gibboud, then, by means of a blackboard, illustrated the methods attaching to a Christian Worker's training class and after devotional exercises the morning services concluded.

Stratford, April 22.—Yesterday morning
Charles Sowerbeer, a highly respected far-
mer of Elice, was found in his barn, hang-
ing from a beam, quite dead. Early in the
morning a young man named Danstead
came to work with Mr. Sowerbeer. He
asked Mrs. Sowerbeer where her husband
was. She said that he was in the bush
cutting posts. Danstead went to look for
him, and after a search returned to the
house. He and Mrs. Sowerbeer then hunted
the barn for the missing man and found him
hanging from a beam in the loft. He had
been there three hours.
The deceased lived near Rosetock, and
was about 40 years of age. He was married
and his mother lived with him and his
wife. He was of a gentle disposition and
liked by all his neighbors. There was in-
sane in deceased's family. His father
died in an asylum some years ago.

—Richard Rawlings, of London town-
ship, a well-known figure about the
market, is seriously ill with friends at
70 Richmond street.

—The annual meeting of the Board
of Trade will be held tomorrow night
at 8 o'clock. Yearly reports will be
presented and officers elected.

—N. B. Colcock, of Brockville, who
years ago was a printer on the defunct
evening Herald of this city, has been
appointed preventive officer of customs.

—Even before the arbutus, arrives
the shirt waist. It is a never failing
waist, particularly if accompanied by a
sailor hat, you may be sure that the
summer girl is not far behind.

—The Ingersoll Sun, referring to
those who took part at the Catholic
concert on Monday night in that town,
says: "The costume dancing of little
Susie McGill, of London, was indeed
wonderful, and will not soon be for-
gotten by those who witnessed it. She is
a child of rare beauty and grace,
and her performances are in perfect
accord with her appearance."

—The letter carriers held their an-
nual entertainment at Music Hall last
evening. Mr. D. A. Dibbs made a
capital chairman of the feature of the
programme was a lecture on "London,
the World's Metropolis," by "Wilson,
of Aberdeen." The lecture was illus-
trated by magic lantern views. Vocal
selections were rendered by Messrs.
Birmingham, H. R. McDonald and
Burns, and Miss Hattie Fox recited.
The entertainment was a very pleasing
success.

—Mr. John Mathieson, the well-
known marble dealer, of this city, died
at his residence on Stanley street, Wed-
nesday afternoon after a long and
painful illness. Deceased was an old-
time resident of Woodstock, where he
was in business for several years, and
had a number of relatives in the
neighborhood of Embro. Mr. Mathieson
was a genial gentleman, and many
will hear of his death with deep re-
gret. He leaves a widow and one son
and daughter.

—Mr. James McLaren, secretary of
the Owen Sound fire brigade, has writ-
ten to Chief Roe notifying him that the
department of that town hold their
annual excursion to this city on May
23, and asking what attractions it was
purposed to hold on that day. Chief
Roe has replied, informing Mr. Mc-
Laren that the only attraction here
would be the baseball matches be-
tween the Alerts and the D. A. C. S. of
Detroit. The Owen Sound excursion
was held last year to Guelph, and
about 1,200 people took it in.

WATERING THE ASPHALT.
No. 3 committee met last night, but,
owing to the death of Ald. Marshall,
transacted only necessary business.
The street watering contracts for sec-
tions 4 and 5 A, were let to John Or-
chard, at \$489. There was \$211 differ-
ence between the highest and the
lowest tenders. Ald. Douglass com-
plained about the alteration in the
method of watering the asphalt pave-
ment, and wanted to know why the
day method had been dispensed with,
and the pavement flooded by the large
carts. Engineer Graydon said that
the small sprinkler had been taken
back to Queen's Park by the care-
taker. Mr. Graydon also said that he
thought if the pavement was flooded
twice a week and washed clean, one
sprinkling in the early morning would
suffice. The committee, however, de-
cided that the small sprinkler should
be used again, and that the park care-
taker would have to get another dump
cart, for which purpose he was using
the sprinkler, the tank being detach-
able. Engineer Graydon said that too
much watering would spoil the pave-
ment.

THE TOBACCO HABIT CURED.
In the interest of the masses, for whom these
reports are compiled, the United States Health
Reports have examined and investigated many
preparations having for their object the cure of
the tobacco habit, but among them all we have
no hesitancy in giving the editorial and official
indorsement of these reports to the remedy
known as "Uncle Sam's Tobacco Cure,"
manufactured by the Keystone Remedy Com-
pany, at 218 La Salle street, Chicago. They are
distributing literature this week all through
the city, and in the light of our examinations
and tests of "Uncle Sam's Tobacco Cure,"
we are but performing a duty we owe the pub-
lic when we indorse the same, and stamp it as
the crowning achievement of the nineteenth
century, in the way of destroying a habit as
disgusting as it is common (For Only \$1)
hence we earnestly advise you to read full
particulars, and if you have not seen circulars
to call at W. S. Bryers, Barkwell's, whole-
sale and retail agents for Canada, 285 Dundas
street, London.

Heinz's Baked Beans in Tomato
Sauce. These beans differ from
the ordinary baked beans, in that
they are actually baked, not
stewed. The dressing of Heinz's
Extra Fine Tomato Sauce adds a
delightful flavor to them. Nice
for cold lunches. A delicious
appetizer. Try them. We have
them in 1-lb and 3-lb tins.

Lady Aberdeen's Peril.

Her Excellency Narrowly Escapes a
Terrible Fate,

While Driving Near the Gatineau River
—Her Carriage Horses Both
Drowned.

Ottawa, Ont., April 22.—Yesterday
afternoon her Excellency Lady Aber-
deen was out driving on the road
along the side of the Gatineau River,
between the C. P. R. bridge and Gatineau
Point, which is for a short dis-
tance just now covered with flood wa-
ter, but is in regular use by the far-
mers and others passing two and fro.
There is, however, at the point by
the side of the river a large hole, con-
cealed at present by the flood water,
and when opposite this place one of
the horses swerved slightly, and im-
mediately the carriage and its occu-
pants were plunged into the water.
Most mercifully, all were extricated.
The horses were drowned. They were
a very fine pair of chestnuts, given
some years ago by the Governor-Gen-
eral to her Excellency for her own use.
Much thankfulness is naturally ex-
pressed at the escape of the countess
and the other occupants of the car-
riage, one of her Excellency's staff
and a groom. Her Excellency, though
feeling somewhat the shock occasioned
by such an accident, does not appear
to have suffered in health.

WORK AND WAGES.

**Trouble Ahead for Glas Workers and
Builders—Striking Cutters
Resume Work.**

Cleveland, Ohio, April 22.—Rioting
began between the union and non-
union lumber shovers shortly after
noon yesterday. The men were armed
with knives and revolvers, and came
together at Pack, Gray & Company's
factory. Two men were seriously wound-
ed, one perhaps fatally. Many have
bruised faces and black eyes.

A vessel was to be unloaded at the
dock, and 225 union men were on
hand to do the work. They claimed
the captain had given them the job.
While they were getting ready for
the work, a large crowd of non-union
laborers put in an appearance, and
their leaders, John Powitki and
August Swego, claimed the work be-
longed to them. A struggle followed,
and in a few minutes the men were
throwing bricks, and in various ways
endeavoring to annihilate each other.

Swego, the non-union leader, pulled a
revolver, but before he had time to
use it one of the other gang stabbed
him in the neck. As he fell he was
grabbed by the police and hustled to-
ward the patrol wagon.

There were but three officers on the
ground at the time, one of them re-
ceived a serious wound in the head.
Henry Beddihan, of No. 377 Central
avenue, a non-union man, was kicked
insensible, and is badly injured. As
this time Capt. Maddigan, with about
40 officers arrived on the scene. The
leaders of the riot were hustled into
patrol wagons and the police manag-
ing to stop the fight.

Muncie, Ind., April 22.—At meetings
of the directors of the Western and
Eastern Window Glass Manufacturers'
Associations, held in Muncie and Pitts-
burg, it was decided to close 150 of
the 1,192 pots under their control on
May 1, or one month earlier than was
decided upon at last week's meeting
in Indianapolis. This means one month
more of idleness for 1,200 hands. The
sensation of the meeting was caused
by the blowers' strike at Hartford
City Glass Works. If the strikers do
not consent to return to work at once
every factory, both east and west,
will be closed immediately, and 20,000
hands thrown out of work until Sept.
1st.

Buffalo, N. Y., April 22.—The United
States Labor Council of Erie county
has decided to order a general strike
of the men employed in the building
trades in Buffalo on May 1, unless
the employers concede eight hours a
day as a day's labor. One well-known
builder says the men have chosen a
particularly bad time, as there are no
large contracts under way.

Chicago, April 22.—Eighty of the 370
clothing cutters who have been out
on strike for the past few weeks will
return to work at once, and it is pre-
dicted that all the cutters will re-
sume their labors before the week is
over. This weakening in the strike is
attributed to the murder of John
Smith, the decorator. Smith, who was
killed, was killed by union men.
