# FAIR TO HAVE NEW ARENA IN 1926

## Bank Teller Pleads Guilty To Theft of More Than $7,000

## EXPANSION OF WESTERN IS ASSURED

**Provincial Support in Fair Building Program Regarded As Certain.**

**ALL RECORDS BROKEN**

**Total For the Week's Attendance Will Reach the 150,000 Mark.**

All past attendance records for Western Fair will have been broken by the time the exhibition closes tonight.

With 49,000 people attending on Citizens' Day, and with fine weather and large morning crowds promising fully 30,000 people today, second Children's Day, the fair will reach the 150,000 mark for the week.

Optimism, born of this year's assured success, predominated at the directors' meeting when George G. McCormick, chairman of the finance committee, stated in unqualified terms that the fair will have an arena building when the big show opens its gates next year.

Mayor G. A. Wenige, member of the executive, urges the remodelling of the Crystal Palace next year at a cost of $20,000, which will permit of space being sold to London retail merchants at the same rate as space is now sold in the New Manufacturers' Building.

**Arena In Prospect.**

Receipts up to last night were considerably in advance of last year's figures," declared Mr. McCormick, "and I may say that already there is a move on foot to build an arena for the fair. We have definite assurance that the provincial government will lend its support to the scheme to the extent of $10,000 or $15,000 for five or ten years, providing we can get an equal amount from the city council and the fair board take care of the carrying charges. If we drop the winter fair talk and talk arena for the agricultural end of the Western Fair we can get an arena and we're going to do it."

M. McCormick's proposition, which is known to have the endorsement of Hon. John S. Martin, Ontario minister of agriculture, who opened the fair this year and placed upon it his stamp of approval as a genuine agricultural fair, will be considered by the fair board, together with all other suggestions for the improvement of the fair for next year, at a special meeting to be held in November, or as soon after the completion of the financial statement for this year as possible.

**People Satisfied.**

"People are well satisfied with this year's fair," affirmed Mayor Wenige, "and there is not the cry: 'The sam old thing,' What we need is some new improvement every year and next year we should move the administration building over to the King street entrance and we should remodel the crystal palace, stucco it and make interior changes that will make it up-to-date, because it is too good a building to be torn down Permanent pavements throughout the grounds is another improvement that should come to make the fair bigger and better next year."

A. E. Silverwood, chairman of the manufacturers' building, presses the necessity of benches for 1,000 or more people around the band stand, for the

## *Day of Happiness For School Children*

YOUNGSTERS SWAMP FAIR GROUNDS.

This photo by an Advertiser staff photographer shows a few of the thousands of children who, freed from school, swarmed into Western Fair today. The bags which feature the hand-waving demonstration speak for themselves. They are filled with the loot and spoil garnered from the Manufacturers' Building. Inset shows Sergeant McCullough, one of London's genial bobbies, with a few of the youngsters rescued after becoming separated from their parents, and turned in to the lost children's tent.

## FAIR SHOULD ENTERTAIN EXTRA SATURDAY CROWD

**Mayor, as Director of Western, Proposes Addition of "Industrial Day."**

**IDEA FINDS SUPPORT**

An industrial workers' day for Western Fair, an extra day for a week-round annual exhibition, is the proposal today of the mayor as a member of the fair board.

Western Fair closes tonight. Exhibits will be packed, tents will be folded and crowds will depart. Tomorrow will be just like any other Saturday, though it's pay day for most workers and their annual half holiday, their day for diversion.

Capitalize it, says Mr. Wenige, and get 40,000 more attendance at the exhibition each year.

The exhibition is now advertised for Sept. 12-19 inclusive, but in reality conclusion comes tonight.

**Auditor Approves.**

Among the mayor's supporters is H. B. Ashplant, city auditor, who says that the Saturday of each Fair Week should be a carnival of entertainment for the workers. Just now their is a citizens' day, but that is an all-inclusive designation and on that day it is not fully possible for industrial employees to attend the exhibition. Let them have their day on Saturday, just after the weekly payroll has been distributed and when they have plenty of time to accompany their families to the fair grounds. Make it a holiday, he urges.

"We do not need to keep all the live stock exhibits and that sort of thing," points out Mayor Wenige.

**Plenty To See.**

"We could retain the Manufacturers' Building exhibits, the machinery and motor car displays, the midway, and the grandstand shows. That would provide plenty for workmen to see who hadn't been able to put in a full evening or an afternoon during the week.

The idea is to provide an evening of recreation for the workers and their families. By the time they get home at night during the week, have supper and dress, it's too late to have a whole evening of pleasure. On Saturday it's a different matter."

Supporters of the move to include a special Saturday of entertainment in Fair Week declare that the extra revenue to the exhibition would provide capital for new buildings and improvement.

## *Live Wire Kills Three at Detroit*

Associated Press Despatch.

Detroit, Sept. 18.—Three men were killed and a fourth severely burned when a guy-wire fell across a high tension wire yesterday. One man was killed in saving the lives of fifty children. The wire was across the sidewalk and the children were walking toward it, not heeding the man's cries. He then ran forward to lift the wire from the ground and was instantly killed.

A second met death attempting to pull a fellow worker to safety. Another man was severely burned in a similar attempt.

## BIG CAR DITCHED; LONDON GIRL HURT

**Miss Mary Wells in Victoria Hospital After Granton Crash.**

Miss Mary Wells was painfully injured near Granton last night, when the car in which she was driving with Edward Abey of Emery street turned turtle into the ditch.

The couple were given assistance by motorists who followed them. The heavy car was rolled over, freeing Miss Wells, who was rushed to Granton and given first aid attention by Dr. Kipp. Miss Wells' injuries, received when the car turned turtle, included a painful laceration of the legs, as well as minor cuts and bruises.

Miss Wells was taken from Granton to Victoria hospital, where her injuries were dressed. She is reported today as doing nicely.

The car in which the young couple were travelling was badly damaged, the top and parts of the body being totally destroyed.

## MEDIUM FAILS TO MEET TESTS

**Houdini's Questions Were Too Much For Rev. Dr. Alice Dooley.**

Associated Press Despatch.

Pittsburg, Sept. 18.—Rev. Dr. Alice S. Dooley, pastor of the Pittsburg church of divine healing, failed last night on the stage of a theatre here to answer three questions placed before her in sealed envelopes by Harry Houdini, magician. The test was made after Mrs. Dooley had accepted Houdini's challenge to prove herself a medium.

Admitting her failure to answer the questions she asked for a private test and Houdini agreed on a meeting in New York. No date was set for the proposed test.

Mrs. Dooley attempted to answer two of the questions, but did not touch upon the contents of the remaining envelope, declaring the demonstration was "very unsatisfactory to me." The questions and answers were:

"What was the name of the first chief of police from Pittsburg whom I met in Europe?"

Answer: "Not quite clear, but possibly March 30, 1864."

"Who taught me the East Indian trick?"

Answer: "Is it possible?"

Houdini offers $10,000 to any medium who successfully performs the test, and convinces him thereby that there are "honest seers."

**SHIP COMES TO HER DOCK WITH DAMAGED PLATE**

Associated Press Despatch.

New London, Conn., Sept. 18.—The steamer Pawtucket, sister ship of the ill-fated Mackinac, upon which a boiler exploded recently near Newport, R. I., resulting in the loss of more than fifty lives, is tied up here with a cracked boiler plate. The ship was in command of Capt. George W. McVay, who was master of the Mackinac, when trouble developed yesterday and he was compelled to bring his ship into this port.

**THOUSANDS ARRIVING FOR PRINCESS' WEDDING**

Associated Press Despatch.

Racconigi, Italy, Sept. 18.—In spite of the fact that every available room and every conceivable sleeping place is already occupied or reserved, hundreds of visitors, including aides of royal guests, are still pouring into this mountain town to attend the wedding of Princess Mafalda, second daughter of the King and Queen of Italy, and Prince Philip of Hesse, on September 23.

The housing crisis is so acute that no lodgings have been found yet for the persons who will accompany Premier Mussolini, who, as a crown notary, will perform the civil marriage ceremony.

**BODY IS RECOVERED.**

Canadian Press Despatch.

St. Catharines, Sept. 18.—The body of Cyril Charles Jones, 13-year-old one-armed son of Mrs. A. C. Jones, widow, Ontario street, was found in the old Welland cana., near the Royal Canadian Henley course, late yesterday. He fell through a hole in the ice, near the Welland Vale factory on Feb. 2 last.

## *World Catastrophe Coming, Spirit World Warns Doyle*

Associated Press Despatch.

London, Sept. 18.—Everyone is warned by the spirit world through the medium of Sir Arthur Conan Doyle that a great catastrophe hangs over the world. Sir Arthur says he has been receiving messages from the spirit world for the last three years to this effect, and that lately they have become so pressing he feels it necessary to make them public. He asserts that the suffering and destruction which will result are to be taken as a chastening for the evils of today. Only through this manner can the world be saved.

The nature of the impending catastrophe is so vague that Sir Arthur is unable to specify it, but he says the chastening will last three years.

Sir Arthur declares that Great Britain will escape from the catastrophe more lightly than almost any other nation. Why, he does not say.

## 1,000-MILE DRIVER TO GET CARD

**Deputy Minister of Highways Announces Actual Requirements.**

**PROVIDE AFFIDAVIT**

**Traffic Officers Will Enforce the Glaring Headlights Law.**

Canadian Press Despatch.

Toronto, Sept. 18.—In most cases it will not be necessary for applicants for motor driving licenses in Ontario, which will be obligatory next year, to pass a fitness test, said Deputy Minister of Highways S. Squire today. Permits will be issued on the presentation and satisfactory proof of an affidavit that the applicant has driven 1,000 miles or more. Those who cannot prove this will have to pass an examination.

Persons driving cars for the first time will be allowed a week or two to prove their ability.

**ENFORCE HEADLIGHT LAW.**

Canadian Press Despatch

Toronto, Sept. 18.—Traffic officers have been exceedingly busy in Ontario enforcing the regulations against glaring and overly-strong lights, says the department of highways. Twenty-one candle-power is the maximum permitted, and in some cases the motor police have compelled motorists to take out excessive candle-power on the road and put in lesser ones.

## AGREEMENT NEAR ON DEBT QUESTION

**Chancellor Churchill Wins Over Other Cabinet Ministers to Accept.**

Associated Press Despatch.

Paris, Sept. 18.—Le Matin today declares that the recent speech at Birmingham by Right Hon. Winston Churchill, British chancellor of the exchequer, foreshadows a complete debt settlement between France and Great Britain.

Finance Minister Caillaux's insistence upon the doctrine of contingent liability alone prevented the conclusion of such an agreement with Mr. Churchill at their recent conference in London, the paper continues.

M. Caillaux accepted Mr. Churchill's proposal that France pay annually £12,500,000 for 62 years, but only conditionallly upon Germany paying France, because that the debts must be interdependent, and unless this premise was admitted the negotiators would get nowhere.

Le Matin understands that Mr. Churchill personally shared this view, but that his fellow-cabinet ministers did not. The chancellor now, it believes, has succeeded in convincing his colleagues that it would be an injustice to oblige France alone to bear the consequences of a possible default by Germany, for that, it adds, is the sole explanation of his speech.

Mr. Churchill was quoted by press despatches as saying in his Birmingham speech: "Our main idea has been to obtain a settlement. We have not sought to be judged upon this question by our ability to exact the uttermost farthing. We consider it our duty to consider not only the capacity of the debtors to pay, but the circumstances in which these debts were incurred. We believe it also to be in the interests of Great Britain to promote general appeasement and revival on the continent of Europe."

**EARLY MORNING STORM HITS TORONTO DISTRICT**

Canadian Press Despatch.

Toronto, Sept. 18.—This city and district was the scene of an unexpected deluge between 5 and 7 a.m. today. Accompanied by rudely awakening electrical effects, torrential rains descended on the city, flooding streets and cellars and smashing limbs and branches of trees by the weight of water. The lightning hit some part of the hydro power transmission system and placed portions of the city and many residences in darkness. Telegraph and telephone companies' lines were seriously affected.

**ANOTHER ONE KILLED.**

Associated Press Despatch.

New York, Sept. 18.—Possibility of a resumption of the recent tong war soon after signing of a formal truce was seen by the local police in the killing today of Young Sue Gun, a tong member, in New York's Chinatown.

## With Babes Left On Hands, Welfare Nurse Thinks Fair Needs Lost Mother's Tent

**Parents Leave Small Children in Charge of Nurses and Then Lose Track of Time.**

**LOST CHILDREN FEW**

**Only Three Were Missing on Busiest Day of Western Fair.**

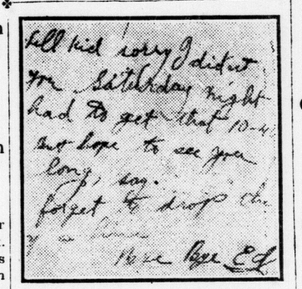

Lost children at Western Fair will soon be a thing of the past. There was a time that Londoners may recall, when scores of children would become lost about the fair grounds only to be taken to the Lost Children's tent to await the arrival of their panting and anxious parents, who, half distracted would first do a hurried survey of the whole fair.

Times have changed. The lost child business is going the way of the coiffed hair, and with the innovation in boyish bobs, comes the arrival of a new idea,—Lost Mothers.

It's a fact! Miss Bertha Smith, in charge of the Child Welfare tent, states that while the children lost during Wednesday, the busiest day of the fair numbered only three, the mothers who could not be found to claim their children, left in Miss Smith's care, were legion.

Miss Smith closes the child welfare tent at 6 p.m. thinking that all tiny babies should be at home, if not in bed. At this time any infants not already claimed are turned over to the mercy of the good ladies of the St. John Ambulance Corps. Each night there has been from half a dozen to nearly twice that number who had not been claimed by their supposedly doting parents. These would strol up at eight thirty, inwould stroll up at 8:30, inquiring for their babies which they had probably left somewhere around 2 o'clock.

Those in charge of the tent grin, knowing that young mothers are not often so fortunate as to be relieved of all care for a matter of six hours at a time.

## VILLAGE MENACED BY FIRE IN GARAGE

**Man Is Overcome by Smoke Trying to Save His Money.**

Canadian Press Despatch.

Alfred, Sept. 18.—Damage estimated between $20,000 and $25,000 was caused by a fire which started last night in the garage of Theogene Laniel and quickly spread to adjoining buildings, for a time threatening the entire village.

A spectacular feature was the rescue of Mr. Davis, who lived above the garage. He had $1,000 in cash in his home and he entered the flame-swept rooms in a frenzied effort to save his money. He was overcome by the heat and smoke and had to be carried out by firemen.

## WHITE MAY NOT ENTER CONTEST

**Sitting Member Finds Business Interests Pressing—Lawrason Proposed.**

Pressure of business affairs, due in part to the death of Sir Adam Beck, who held a large interest in the London Rolling Mills Co., Ltd., may result in the retirement from political life of J. Frank White, Conservative member for London, before the coming federal contest.

Although he has as yet made no definite decision in the matter, leading Conservatives are already surveying the situation which would arise should Mr. White not be a candidate for renomination at the local Conservative convention, and there is a fairly well-defined movement on foot to offer the nomination to S. Fred Lawrason, of S. F. Lawrason & Co., chairman of the London board of education, and a Conservative with a long record of public service.

One or two other possible candidates are said to be under consideration, but Mr. Lawrason is regarded as the logical choice for standard-bearer in the event that Mr. White finds it impossible to run again.

The present member stated at the time of Sir Adam's death that passing of London's M.L.A., would result in greatly increasing his responsibilities in connection with the Rolling Mills Company of which he is superintendent. The plant is at present being enlarged to a considerable extent and these two factors are said to be giving the present London member cause to consider whether or not he can devote further time to political life.

The date of the Conservative convention has not yet been settled, but local Conservatives in close touch with the situation state that in the event of Mr. White's retirement, Mr. Lawrason is practically assured of the nomination. His record in public life, coupled with the outstanding service he has rendered in the Conservative cause in this city, mark him out as particularly fitted to lead the Conservative forces.

## *Street Railway Not Ready With Franchise Proposal*

***No Offer Made to Council on Which to Base Vote of the People.***

***WHOSE FIRST MOVE?***

The London Street Railway Company has no definite franchise proposal to offer the city.

With scarcely a month in which to frame a new bylaw to send to electors in December the council has nothing to work on, nothing on which to base tenets of a new franchise agreement with the street railway company.

The mayor and the president of the road held a brief conference this morning. Before leaving for Cleveland, President Currie told the mayor that nothing could be done by the company until the city drops its fares appeal.

Directors of the company met yesterday afternoon, delved into many phases of the improved service problem and, according to statement made subsequently, they came to the same blind end in each question. They want a new franchise and, with the city's fares appeal pending, they have no assurance of a definite agreement, which they could use in floating a new bond issue of $300,000 to finance improvements and pay off old debts.

The company looks to the city council to act first. The council has taken no action, and none is planned except by individual members of the council.

"I'm going to move at No. 1 committee again next week that we ask the street railway company for a definite franchise proposal," declared Mayor Wenige. "I'm going to move that we ask for such proposals in writing.

"We must have them to get anyplace. Even if we don't agree with them, we are bound to nothing by securing such proposals, ut we must have the street railway's attitude plainly stated right now if we are going to give the people of London a chance to vote on the street railway question in December."

## *Rome Opens War On Communists*

Associated Press Despatch.

Rome, Sept. 18.—Subversive activities by Communists in Italy are meeting with short shrift at the hands of the authorities. Literature of various kinds has been seized by the police in Florence, Messina, and other places, which has led them to the belief that a systematic plot is afoot to bring about a general insurrection throughout the country.

In Florence more than a hundred Communists have been taken into custody.

At Messina, in Sicily, the police also declare they have unearthed another center of insurrectionary activity and a number of arrests have been made.

## H. BREWER CONFESSES TO THEFT

**Counsel For Bank Teller Declares Prisoner Did Not Benefit.**

**SENTENCE ON MONDAY**

**Man That Brewer Manipulated Accounts For To Face Charge.**

Herbert G. Brewer, 24-year-old Bank of Montreal teller, pleaded guilty to a charge of theft of more than $7,000 from a local branch when he appeared before Magistrate A. H. M. Graydon in police court this morning. He was remanded until Monday for sentence.

Brewer claimed that the bank shortages started when he aided a depositor by allowing a check to be cashed which was not officially endorsed and which was not covered by an account. Not one copper of the stolen $7,000 did he receive himself, his counsel, Frank Curran, informed the court. A warrant will in all probability be sworn out for the arrest of Brewer's unnamed accomplice.

Arrested more than a month ago on charges of fraud and manipulation of bank accounts, Brewer had been held without bail in order that an exact compilation of the amount of stolen money could be made by bank inspectors. Brewer voluntarily offered his assistance in checking up the accounts and under surveillance of detectives he twice aided the inspectors in their revision of the books.

**Elects Summary Trial.**

Brewer elected summary trial upon his appearance this morning. Crown-Attorney Albert M. Judd, in presenting facts of the case before the magistrate, pointed out that the young man's previous record was exceptionally good and that he had been held in high esteem in New Brunswick, the place of his birth, and other cities of Ontario where he had been employed.

"Brewer comes from a very respectable family," Mr. Judd stated. "He was a teller in the London bank."

## HARLTON'S FRIENDS FAIL TO PROVIDE CLUE

**Chase For Alleged Murderer Continues as Police See His Sweethearts.**

The chase for Ed. Harlton, alleged murderer and chicken thief, whilst not abandoned by High Constable Wharton and his men, has quieted down owing to lack of information. The county chief is quite confident, however, that is only a matter of time until Harlton is apprehended as he cannot remain in hiding indefinitely.

The slayer of Constable Jack Waddell of the county traffic force last Saturday afternoon in the laneway beside 548 Egerton street, was quite a ladies' man, the police have ascertained, and his numerous sweethearts are being interviewed in succession. All profess not to have seen the escaped man since the murder.

# Western Fair This Year Marred By Few Accidents

*Miss Davis of St. John Ambulance Station Reports Little To Do.*

*BOY SCOUTS HELP*

*Members of No. 12 Troop Do Spade Work For the Ladies.*

Few accidents, and these only minor ones, have occurred during the Fair this year. This is the report in brief from the St. John ambulance emergency station on the Fair grounds.

The tent, under the supervision of Miss Eleanor Davis, is manned by members of the Lord Kitchener nursing division. Miss Davis states that never before has the Fair been so free of accidents, and adds that she considers this wonderful in view of the fact that the riding devices of the Midway are all running faster and with greater chance for accidents. She states that it speaks volumes for the management of the amusements by the Johnny Jones exposition.

Most of the cases coming to the St. John tent have been from visitors who have become indisposed during their visit to the Fair, and that their ailments range from toothache to acute appendicitis.

While The Advertiser representative was interviewing Miss Davis a mechanic from the Jones shows came in to have a piece of filing removed from his eye. This accomplished he was sent on his way rejoicing and grateful.

The St. John ambulance corps has been greatly helped by a number of boy scouts from No. 12 troop, who have done a lot of the spade work for the ladies during the busiest part of the day.

A. E. WARREN,
General manager of the Central region, Canadian National Railways, who paid a visit to London today with a party of officials.

# C. N. R. OFFICIALS VISIT THE FAIR

A. E. Warren, General Manager Central Regions, Makes Trip to London.

Combining his visit to the Western Fair with an informal inspection trip, A. E. Warren, general manager of the central regions of the Canadian National Railways arrived in London at 11:10 this morning.

Although Mr. Warren has been a frequent visitor to the city in the past while he was in charge of the western regions of the C. N. R., his visit today was the first he has made since he received his appointment as head of the central region, which includes this district.

When seen by an Advertiser representative this morning, Mr. Warren promised that he would often visit London.

"I have been here many times before," said Mr. Warren. "Now my work will bring me in close touch with the city and I will be here more often than in the past."

Asked for an outline of the Canadian National program for London, Mr. Warren said:

"I am scarcely in a position to offer anything definite today. There are plans under consideration for the city, but my visit today is really a trip to the Fair and a general inspection of the local situation. I hope that in the not too-distant future we will be able to give out something of interest to London."

Mr. Warren was accompanied by L. MacDonald, assistant freight traffic manager; C. R. Moore, general superintendent of transportation; H. C. Bourlier, general passenger agent; J. C. Garden, general superintendent of motive power; C. E. Horning, assistant general passenger agent; F. E. D. McDowell, publicity representative; F. R. Porter, foreign freight agent; R. J. L. Weatherston, district freight agent; R. H. Fish, general superintendent; J. B. MacLaren, comptroller; C. Forrester, divisional superintendent; W. A. Tuxford, travelling passenger agent of San Francisco.

The party were met by Sydney Little, Western Fair director; R. E. Ruse, local passenger agent, and Stuart Munro, district freight agent.

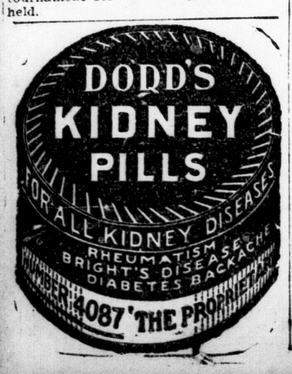

Shortly after their arrival the officials joined the exhibition crowds at the Western Fair grounds. At noon they were the guests of the Western Fair board at luncheon.

## ADVERTISING CLUB OPENS SEASON NEXT TUESDAY

Election of officers will be the main business at the first regular meeting of the Advertising and Sales club of London, to be held next Tuesday evening in the Blue Dragon tea room. The retiring executive's report will also be received.

The club is an organization of young men of the city interested in modern merchandising methods. During the year it is planned to bring executives of outstanding ability to address the club and to lead in discussions. The members expect the coming season, with business on the up-grade, the most successful yet, and are seeking a large attendance at the opening meeting.

After Tuesday's meeting the members will go to the Arcade, where a bowling tournament for valuable prizes will be held.

# FAIR PRICES AT DAIRY AUCTION

Harry Bottrill Proves Efficient in Disposing of Butter and Cheese.

The cheese and butter auction, one of the last day features of Western Fair, was attended by a large crowd of dealers and others who were intent on purchasing some superfine dairy produce. In both the butter and cheese bidding, A. E. Silverwood was the largest buyer.

In the cheese section, Mr. Silverwood bought largely and was fortunate in getting some splendid cheddars at an average of 20½ cents per pound. The second largest buyer was Mr. Adams of A. M. Smith Company. McClary's, Ltd., were also successful bidders and several fine cheeses went to the firm's cafeteria.

The highest price paid was for the smaller cheese and in these the Stilton cheese brought the highest price, 22¼ cents per pound.

All the cheese sold ranged in age from June to August, with the exception of the Stilton, which, of course, requires age in attaining its peculiar flavor.

The butter sales were splendid, Mr. Silverwood and Anderson & Son vieing with one another in getting the first prize exhibits. Mr. Palmer, an annual bidder on the first box of butter offered, got the first box, but paid 42 cents per pound, a stiff price for wholesale quantities. It is quality which Mr. Palmer hunts for, and the price is a small factor where first prize butter is concerned.

In the sales to Silverwoods and Anderson, the price ranged from 37 to 41 cents per pound.

Harry Bottrill was auctioneer and besides being efficient provoked some smiles among those who attended the sale.

# LONDON VISITED BY SEVERE STORM

Wind and Rain Play Havoc in City, But Duration Is Brief.

For a short time early this morning London was visited by a combined electrical rain and windstorm, of an intensity seldom seen in this district. Inside of an hour nearly a quarter of an inch of rain fell. During the hour the wind and lightning was almost continuous, and houses in the outlying section, where the wind had full play, were rocked and the dwellers alarmed. At the fair ground a few tents were blown down, but the building proved an effective windbreak for most of them.

The sky was clear about 2 o'clock with many stars visible, when the wind suddenly sprang up from the west. Inside of a few minutes the sky presented an appearance of perfect blackness and shortly after the rain began to fall. Those who were out for a few minutes thought that a cloud had burst over London, so heavy was the rainfall. The terrific wind and lightning heightened the hurricane effect. It ceased before much damage could be done, however.

No damage was reported to hydro or telephone wires in the district, the storm seeming to be purely local.

# POSTER PRIZES TO BE AWARDED

W.C.T.U. Contest Is Won by Tesky Smith—Presentation on Tuesday.

The presentation of prizes to the winners in the recent W. C. T. U. poster contest will be made at the meeting of the Central Union at the headquarters on Tuesday afternoon of next week at 3 o'clock, when E. E. Reid will be the speaker.

Those to receive awards are Tesky Smith, first; Connie Crockett, second, and M. Webb and A. Day, third. The contest was arranged by Miss C. Cannell and Mrs. Douglas Omond, and the judges were three art teachers, Miss Bessie McCamus, Miss McGill and Miss E. M. Lince.

"Sobriety First, Safety Follows" was the subject for the posters, and each of the competitors applied this motto to the temperance question in their poster, and the result was an interesting display. The work on them was done under the direction of C. S. Buck of the Central collegiate teaching staff.

# OPTOMETRISTS HEAR TALK ON PERSONALITY

Steele Branch Managers and Department Heads Hold Banquet.

The first weekly meeting for the fall and winter season of the departments heads, and branch managers of the firm of F. Steele, optometrists, was held in the form of a banquet and round table conference in the Tecumseh Hotel last evening.

The first speaker of the evening was H. W. Donahue of the Advertiser staff who gave a most educational and interesting talk on personality and its effects on business. Mr. Donahue pointed out in the course of his remarks, that in the optical business we are not able to apply the regular routine of selling and business methods, and that as professional men we are selling confidence and service.

Mr. C. F. Price, manager of Kitchener branch, gave a most enjoyable talk on "How to conduct a successful Optical business." Mr. Price covered his subject thoroughly commencing at the professional education, which must be the ground work of every successful optometrist, touching on the personal appearance of the Optometrist himself, and the type of equipment used in the examination, and lastly the cleanliness of the store, and the windows, which are the outward appearance of the firms policy.

Mr. C. H. Clarke, manager of St. Thomas branch gave a short talk on "How to spend seventy-eight cents a week." Mr. Clarke's advice to all members of the firm and business men in general, was to spend about 75c a week, divided, into shoe shine every morning on the way to the office, clean collar every morning regardless of the conditions of the one already worn and to pay particular attention on the importance of being well groomed, and gentlemanly on all occasions after office hours, as well as in office hours.

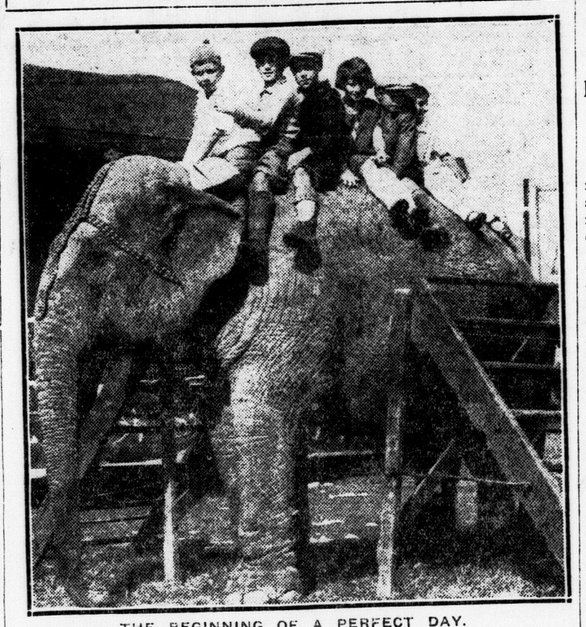

Mr. C. Newell, refractionist at the London store, was appointed president of Steele's Progressive Business club, which is composed of every member of Mr. Steele's staff. The object of this club is to keep the firm up to the minute in new ideas from a professional standpoint as well as a business.

Mr. K. A. Legary was asked to act as secretary and take minutes of all meetings to be used for future references. Mr. Steele announced that he was opening a new store in Stratford as soon as the necessary papers had been signed, and that it was his intention to open a fifth store as early in the spring as condition would allow.

# JOHN GUNN DIES IN HIS 84TH YEAR

Well-Known King Street Resident Was With Perrin's For 33 Years.

Death took one of London's well-known citizens last night in the person of John Gunn, 327 King street, in his 84th year. Mr. Gunn was taken suddenly ill about a week ago, and on Sunday his condition became so low that he was removed to Victoria hospital, where he died last night.

Mr. Gunn was the oldest member of St. Andrew's church, having been a member of that church since his arrival in this city. Except for five years spent in Strathroy he was a resident of this city during the time he was in Canada, coming direct to this city from Scotland in 1866.

Mr. Gunn was connected with the D. S. Perrin Company of this city for about 33 years, but had lived retired for quite a number of years.

Mrs. John Gunn predeceased her husband fifteen years. Five sons survive: John M., barrister of this city; Walter E., also of this city; Arthur C. of Ottawa; Cecil S., Winnipeg, and Chester B. of Estevan, Sask.

The funeral, which is to be private, will be held from his late residence, 327 King street, on Monday afternoon. The services, which will be held at his late residence, will be conducted by the Rev. D. C. MacGregor. Burial is to be made in Woodland cemetery.

# FAIR WEEK FIREWORKS BRING THREE TO COURT

Home-Brewed Explosives Sent Old-Timers to Jail For Thirty Days.

Western Fair was occasion for celebration among several visitors to the city last night, when, not content with fireworks at the exhibition grounds, they concocted their own explosives and staged their own display.

The party clustered in police court this morning, and among them, whispering words of advice and telling of court procedure, were old-timers who also succumbed to liquor overdoses throughout the day.

The visitors were treated with true police hospitality. They were invited to spend a short term at the county jail, but given the preference of depositing a $10 amount to gain their freedom. The invitation was declined, however, and the fines were readily paid.

But the habitues, with their knowledge of the twists of law and fortified with a goodly repertoire of excuses, fared worse. They neglected to take on a subservient attitude and encountered a magistrate who refused to tolerate repeated offences. Their arguments fell flat when they were confronted with a long list, prepared by Chief Birrell, of their numerous breaches of the O. T. A.

George Killingsworth attempted to argue. He was silenced, however, when the magistrate paid little heed to his excuses and murmured "Thirty days." "Please, your worship," Killingsworth whispered repeatedly, but his voice trailed off as, unanswered, he was led below to commence his term." On second thoughts I would make it sixty days," the magistrate remarked.

Steve Shimcoe, facing charges of vagrancy and drunkenness, admitted that he feared work and that his muscles had stiffened through inactivity. He was given ten days to limber up.

## REV. T. AND MRS. SYMINGTON ARE HONORED AT ORILLIA

En route via automobile from London to Camrose, Alta., Rev. T. A. Symington, M.A., former pastor of the Knox United church, and family, stopped off at Orillia for a day this week. Friends of Mr. and Mrs. Symington seized the opportunity to present them with a beautiful bouquet of flowers and a well-filled purse in appreciation of their services while Mr. Symington was minister of Knox church there, prior to coming to London seven years ago. Leaving Orillia, Mr. Symington and party proceeded to Port McNicol to board the boat for Fort William, from whence they will complete their journey to Camrose by automobile.

# HARLTON'S PALS ARE GIVEN BAIL

Alleged Chicken Thieves Are Allowed Freedom to Attend Hebrew New Year Service.

Alex. Goldstein and Lewis Brinder, alleged chicken thieves, will both be able to attend the Jewish synagogue this afternoon and tomorrow, and take part in the solemn services in connection with the Hebrew new year. The two pals of Ed. Harlton, who have admitted that they bought chickens from him at 30 cents each, were bailed by prominent Jews for a total of $8,000 this morning. They will appear in court to answer to theft charges a week from today.

Morris Gootson, the friend of every Jew, spent a busy morning at the court house in shirt sleeves and braces. He was the first to greet Goldstein and Brinder when they walked out the jail door shortly after 12 o'clock.

Jacob Harris and Moses Siskind provided a $4,000 bond for Goldstein's appearance, while B. Lewis and W. Leff went security for Brinder.

Following a conference between Magistrate Hawkshaw and Crown Attorney Judd, the court announced that he was willing to take bail for the men considering the solemnity of the services they had requested to attend. It was this consideration that led him to grant bail, the magistrate declared.

W. B. Henderson, acting for the prisoners in a legal capacity, engineered the matter for his clients before the court. He will defend them when they come to trial next Friday

# EXHIBITION DEVOID OF UNRULY GUESTS

Police Declare the Crowds Throughout Week Have Been Orderly.

Western Fair is establishing a fine reputation as an orderly exhibition, in the opinion of Inspector Lucas, in charge of the Western Fair detail of the London police.

The inspector states that people have become educated in the matter of handling their money in crowds, and that only two purses had been missed during the fair so far. These were not stolen but lost, he added, and one of these was recovered shortly after it was missed.

The conduct of those attending the fair is excellent, only one arrest having been made, and that one a chronic case, which the inspector added "was due to happen," fair or no fair.

Years ago it was conceded as a general thing that where mid-way or circus folk gathered, there would be some rude behavior of one sort or another, but this year's fair has been entirely free from any unpleasantness.

The inspector states that Friday night, when the exhibitors are preparing to leave, some pretty bold attempts are often made to steal property, but adds that the exhibitors can prevent this by keeping close tab on their wares as they dismount the exhibits. He also warns exhibitors against trusting strangers in the dismantling of displays, as clever thieves have been known to pass themselves as officials.

## C. P. R. OFFICIALS GO TO TORONTO AND MONTREAL

Members of the party of C. P. R. officials who visited the Western Fair yesterday left last night on C. P. R. train 22 at 7:40 for Toronto and Montreal.

Local officials said today that the department heads were delighted with the Western Fair.

### FUNERAL OF MRS. PUGH.

Jugh, Jun., was held this afternoon from the residence of her father-in-law, George Pugh, Sen., 438 English street, to Mount Pleasant cemetery, where burial was made. Mrs. Pugh died on Wednesday at her late residence, 1049 Mabel street, in her 30th year. The services were held at 2:30 o'clock, with the Rev. G. Quinton Warner officiating.

# STUNT PERFORMER SEVERELY INJURED

Hanover Fair Is Scene of Crash as Youth Subs For Disabled Companion.

Hanover, Sept. 17.—Three young men are in Hanover Hospital tonight suffering from serious injuries as a result of two widely separated yet oddly connected automobile crashes. Teddy Swain, known as "Terrible Teddie," who had been engaged to perform "death-defying leaps" at the Hanover Fall Fair today, and a Hanover youth named Hilgartner were seriously hurt when Swain's racing car, while travelling 50 miles an hour, did an unscheduled somersault into a ditch near Chesley last night.

With Swain in hospital a substitute was secured to take his place in the performance before the grand stand at the fair today. The substitute, whose name could not be learned, was also badly injured this afternoon when, as he was attempting to perform a leap from a platform, his motor car overturned and landed upside down. He was rushed to the hospital, where his condition is reported to be serious.

Swain is suffering from internal injuries, while Hilgartner has fractures of both legs. The car, a light racer, covered with placards of advertising matter, was being driven at about 50 miles an hour when it ran up over a high culvert near the junction of the 10th concession and the 30th side road of Eldersile township.

Leaving the road it ran for about 50 yards in the ditch, then turned completely over. The steering wheel and the two right side wheels were smashed, the hood was bent and the car otherwise damaged.

# CARADOC PIONEER DIES AT AGE OF 90

Mrs. Esther J. Waters Came to Canada 80 Years Ago From Ohio.

Mrs. Esther J. Waters, Caradoc township pioneer, and one of the district's most interesting residents, who died at her home near Mount Brydges last week, was buried on Monday in Troop's cemetery. The services, conducted at the home, were held by Rev. Mr. Walker of Mount Brydges Baptist church. The pall-bearers, including Asa Waters, Frank Waters, Reuben Waters, George Luce, Joseph Luce and James Clark, were six nephews.

Throughout her 90 years of life, Mrs. Waters enjoyed exceptionally good health. For more than 80 years she was a resident of Caradoc, having lived practically all her life within a few miles of the farm on which she died. The daughter of the late Mr. and Mrs. Daniel Corcoran, Mrs. Waters came to Canada from Avon, Ohio, with her parents when a small child.

Three sons, William and Stephen of Caradoc, and Edward at home, and two daughters, Mrs. Alex Humphrey of Mount Brydges, and Mrs. Annie Berdan of London, are the survivors. Mrs. Pearson Clark of Caradoc is a sister, and David Corcoran of Sarnia is a brother.

# PROMOTERS PLAN FAST BUS LINES

Five Routes With Five-Cent Fares May Be Inaugurated Here.

Five bus lines in London, with 5-cent fares and fast service, are proposed by a group of promoters of whom ex-Ald. Drake is spokesman. Representatives of the firm are in Toronto today seeking terms of purchase on at least five buses, which will be put in operation within a short time.

Chelsea Green, Hamilton road and Ealing, and two lines into London South are proposed.

"We are going right after this," says Mr. Drake. "All we need is a license and insurance and that will not stop us. We are going to operate a regular service and charge 5-cent fares. Big, modern buses will be used, with every attention to the comfort of passengers."

### A VISITOR FROM MEXICO.

Among today's exhibition visitors was W. A. Tuxford, travelling passenger agent of the Canadian National Railways at San Francisco. Mr. Tuxford is a London old boy. He spent his school days in the Forest City and first went railroading here. He arranged his visit Fair week so that he could be sure of seeing more

# REGISTERING FOR FRESHMAN YEAR

Hundred or More Will Have Signed at University by Saturday.

Not all the people who arrived in the city today were bound for the Western Fair. There were a large number of young men and women who went out to the north end of the city instead of turning east to the fair grounds. They were university students who came to the city to register for the fall term.

Today is the official registration day for freshmen. It is likely that 100 or more will have signed up for the first year of higher education before tomorrow night. By Tuesday it is expected that there will be about 700 registrations in all years and departments.

Dr. K. P. R. Neville, M.A., F. A. G. S., register and Miss E. Isabel Tanton, B.A., had a busy morning taking care of the work of registering the newcomers.

### CONVERTED PUGILIST WILL CONDUCT REVIVAL

Special revival services at the Pentecostal Assembly, 555 Dundas street, conducted by Jack Saunders, ex-pugilist, will commence Sunday, continuing over four Sundays. Mr. Saunders for several years held the middleweight championship of the Mediterranean squadron of the British navy. After leaving the navy he located in Los Angeles and was prominent in prize-fighting there for a number of years. After a big fight, in which he won, he went on a spree and under the influence of liquor staggered into a rescue mission, where he was converted and became a rescue mission worker in the city of Los Angeles. He became president of a rescue mission association and held the position for some years until he united with the Pentecostal movement and has since that time been engaged in evangelistic work with great success. He is a soloist of considerable ability.

# Squandered Nearly a Million In 4 Years of Wedded Life

Associated Press Despatch.

New York, Sept. 18.—Arguing for alimony of $60,000 a year for Mrs. Ida May Symington, whose husband, Thomas H. Symington, sued her unsuccessfully for divorce, Max D. Steur, attorney for Mrs. Symington, yesterday said in supreme court that the couple during the five years of their married life spent a total of $990,000. He maintained that Mrs. Symington, having become accustomed to such luxuries, required $60,000 a year for reasonable expenses.

"It would strain the ordinary man's imagination to grasp the extreme luxury in which the couple lived," said the lawyer. He told how they maintained a $300,000 home at Morristown, N. J., a Florida houseboat which cost $200,000; a sumptuous home at Palm Beach, Fla., and in addition had an apartment in the most expensive apartment hotel in the world.

Flocks of servants were employed, he said.

Justice Wasservogel reserved his decision.

# CITY LIONS PLAN WELFARE DANCE

## Meeting of Lions Club Last Night Heartily Endorses Hotel Proposition.

Members of the Lions club are lined up 100 per cent in the fight for the new hotel proposition. Harry B. Muir spoke on the subject at the enthusiastic meeting of the club last night.

Plans were completed for the welfare dance, which will be held on Monday evening at the Winter Gardens, the proceeds going to the welfare fund of the association. Jack Pudney's orchestra, which is always a hit, will supply the music for the affair. Among the many novelty dances which will be presented, balloon and serpentine dances will be featured.

The entertainment at last evening's meeting was given by Capt. Plunkett, leader of the Dumbells orchestra. Besides giving several appreciated solo numbers, he led the Lions in a sing-song.

# DUMBELLS GIVE FRIDAY MATINEE

## "Lucky 7's" Popularity Makes Extra Matinee Necessary.

The Dumbells in their latest production, "Lucky 7," have attained the peak of popularity. Never in their seven years of travel since war days, and in as many visits to London, have they been acclaimed with such enthusiasm as during the past few days of their presentation of "Lucky 7" at the Grand theatre.

And their popularity is justly earned, for "Lucky 7" offers many moments of rollicking comedy, sweet singing and dancing, and delightful amusement. Their methods of offering worthwhile entertainment is difficult to criticize. Few flaws can be found in their show. A few years back it could be said that they lacked a certain smoothness of presentation. But with a new-found professionalism replete with finesse and the tricks of rush and rapidity that fault has been almost altogether eradicated, and the Dumbells offer themselves as old-timers in the height of their art.

London realizes the Dumbells offer a good show, and an especially good one in "Lucky 7". For four nights now the Grand theatre has been seating capacity audiences, each of which has testified to its appreciation of an all-Canadian show. Patronage is their best advertisement. In their popularity lies no mystery.

There is probably no better aggregation of entertainers on the continent than the Dumbells and their confreres. Red Newman, Pat Rafferty, Ross Hamilton, Jock Holland, the Plunkett brothers—all are stars, and well-known ones, too. There is Glen Allen, a comparatively new addition, who is deserving of mention. His interpretation of femininity is remarkable, and his dancing feats are wonders of grace and movement.

So great has been the demand for seats at the Grand Theater this week while "Lucky 7" has been booked, that the management has made arrangements to stage a special matinee performance this afternoon. The Dumbells will stage four performances during the last part of the week, all of which will be well attended if the number of theatre admissions of the previous days is taken as indication of their growing popularity.

# SINN FEINERS BOYCOTT IRISH SENATE ELECTION

## No Political Issue Involved, Resulting in Quietest Campaign in Years.

By WILLIAM H. BRAYDEN.

Special Cable to The Advertiser and the Chicago Daily News. Copyright.

Dublin, Sept. 17.—No Irish election has ever provoked so little public excitement as the country-wide Free State elections for the senate in which the voters were balloting today.

No political issue is involved, and the Republicans, under direction of the Sinn Fein executives, are boycotting the elections altogether. All men and women over 30 are permitted to vote, and there are 1,300,000 qualified voters, but it is calculated that less than one-third will cast ballots.

# STREET RAILWAY HAS BIG INCREASE

## Cars Expect To Carry 300,000 Passengers During Fair Week.

Business is good with the London Street Railway Company. This week the street railway cars will carry something like 300,000 passengers over the metals and provide a record in fair week history.

According to statements yesterday at a directors' meeting, 65,000 passengers were carried on Wednesday, an unprecedented figure for fair week. Indications last night were that yesterday would exceed Wednesday's traffic.

Reconstruction of Ridout street bridge and its relationship to improvement of South London service brought out much talk, but, according to statements following the meeting, no definite proposals were made.

Street railway problems, from alpha to omega, were discussed at some length without providing decisions that directors are ready to make public. Financing of a new Ridout street bridge, new tracks in London South, pavements, cutting cars from some lines were brought up and discussion pressed until a common end was reached—lack of a new franchise.

According to officials of the road they cannot continue negotiations with the city unless the present appeal against the railway board's fares decision is dropped. They say that this position has been forced upon them, and they cannot hope to float a new bond issue unless a new franchise is provided.

President Charles Currie, Cleveland; Vice-President R. G. Ivey, London; H. H. Allyn, Cleveland; W. M. Spencer, London, and Leonard Tait, London, general manager, were the directors present yesterday.

# LONDONER ORDAINED TO BAPTIST MINISTRY

## William Smith, Former Mission Head, Joins Ranks of Clergy.

William Smith, of this city, was ordained to the ministry of the Baptist church, at an impressive ceremony in Adelaide street church last evening. Rev. Mr. Smith had formerly been in charge of the Christian Workers' Mission on Ottaway avenue, till he decided to seek ordination in the Baptist church. Mr. Smith will assume charge of the Kensall Park Baptist church within a few weeks.

The council called by the Middlesex-Lambton association of Baptist churches, consisting of two day delegates from each church and the minister, met in Adelaide street church yesterday afternoon. The candidate's qualifications were considered and found suitable. Rev. R. R. MacKay was chosen moderator, and he called upon Mr. Smith to relate his story of the Christian life, and of his call to the ministry.

Mr. Smith then told the story of his religious experiences, and of why he felt that he was called to preach the gospel. After hearing it, the council formally decided to admit Mr. Smith to the ministry.

The ordination service was held in the evening, and the Rev. Bowley Green preached the sermon. He exhorted the candidate to be always faithful to the gospel, and to preach it fearlessly. He spoke of the difficulties which come with the serving of God, but added that God never left the faithful in these difficulties. His one supreme message, however, was to be a devoted followed of Jesus, and the other things would come.

The newly-ordained clergyman replied suitably.

Supper was served to the visiting delegates by the ladies of the church.

# AT THE THEATRES

## LOEW'S THEATRE

### Romola.

Capacity crowds yesterday paid tribute to Dorothy Gish in Romola at Loew's theatre. The film feature of George Eliot's work dealing with the stirring times about Florence during the 15th century, will run for the balance of the week.

Beauty has been taken for the keynote of this powerful drama. It would be difficult to imagine settings more lovely, a story more real, or a tragedy more complete than Romola.

Dorothy Gish is still the wonder child of the screen. Blessed with all the winsomeness associated with youth, possessed of an undeniable charm, this actress of rare abilities fills her role to perfection.

There is nothing cheap or tawdy about the picture, and it probably presents less flaws to the reel than any picture seen here this year.

The vaudeville includes an aerial act offered by Paul and Louise Etz; Burns and Allen have a snappy patter and dancing turn. The Tower Twins and Company present a novel bit of foolishness in which mistaken identity is the laugh medium.

A comedy and special music by Loew's orchestra complete a worthwhile fair-week attraction.

## CAPITOL THEATRE.

### The Ten Commandments.

The Ten Commandments, showing at the Capitol for the week, has crowded the theatre afternoon and evening. Crowds of moving-picture patrons have declared that it is one of the most wonderful of screen classics. Last night the Capitol was jammed long before 8 o'clock, with standing room at a premium.

The Red Sea and San Francisco are about 5,000 miles apart. The Israelites led by Moses on their exodus from Egypt are separated by about 40 centuries from Sunday afternoon jazz dancing today. Yet, Cecil B. DeMille has managed to put them together convincingly in his picturization of The Ten Commandments.

The modern story opens on a devout mother driving one of her two sons from home because he will not "apologize to God" for what she believes sacrilege. The son goes out into the world, not bitterly, but boyishly exultant, to smash every commandment. Then DeMille develops his theme that "if you try to break the Ten Commandments they'll break you."

A gorgeous Biblical episode, done in natural colors, is enacted by such popular players as Estelle Taylor, Theodore Roberts, James Neill, Charles de Roche and Lawson Butt.

# G. H. PETTIT IS CHOICE OF WELLAND TORIES

## Liberals of Riding May Lose Services of Former Candidate, W. M. German.

Special to The Advertiser.

Welland, Ont., Sept. 17. — George H. Pettit of Welland was this afternoon nominated as the Conservative candidate for the constituency in the forthcoming federal election. He was given a majority on the third ballot against L. B. Spencer of Welland, Fred Cairns of Niagara Falls and C. E. Steele of Port Colborne.

Sir Henry Drayton, who was minister of finance in the Meighen cabinet, was the chief speaker, dealing with the tariff question. J. D. Chaplin of St. Catharines also spoke on the French and Australian treaty, declaring that they were detrimental to the agricultural interests of Canada.

It is understood that W. M. German, Liberal, will not again contest the riding.

## REFUSING TO RESIGN, DOCTOR IS DISCHARGED

Associated Press Despatch.

Newark, N. J., Sept. 17.—Dr. John M. Thompson, secretary or resident physician at Overbrook Hospital, was discharged by the Essex county board of freeholders today. He refused to resign at the request of the freeholders and threatened suit after they held him responsible for the escape of Harrison Noel, confessed double murderer and kidnapper.

## KAISER IS CHOSEN.

Whitby, Sept. 17.—Dr. T. E. Kaiser, former mayor of Oshawa, was tonight selected Conservative candidate for south Ontario in the federal elections.

*FRIDAY, SEPTEMBER 18, 1925.*

## Ignoring Plain Facts.

The Brandon Sun makes the charge that the King government has done nothing toward effecting economy. It also says: "One of the promises of the last election *which has never even been considered* was economy in government administration."

During the heat of a federal election it is possible to make allowance for some forms of exaggeration, but when exaggeration blinks at facts and stumbles over figures that it will not recognize it is time to call a halt. The statement of the Brandon Sun is as false as any could be, and as intentionally misleading as it would be possible to imagine.

On April 30, 1925, the number of employees in the civil service was 38,062. The following table shows how the size of the service grew in recent years, and how it is being reduced by the King government.

| | | | |
|---|---|---|---|
| 1913-14 | 29,135 | 1918-19 | 43,492 |
| 1914-15 | 31,748 | 1919-20 | 50,307 |
| 1915-16 | 33,721 | 1920-21 | 41,641 |
| 1916-17 | 35,611 | 1921-22 | 41,094 |
| 1917-18 | 44,378 | Jan., 1924 | 38,062 |

There is a straight reduction there of 3,032, with an annual saving of $2,750,000 per year over the condition with which the government was confronted when it took office.

In the department of national defence the number of employees in 1922 and 1925 is as follows:

| | |
|---|---|
| 1922 | 4,896 |
| 1925 | 4,233 |
| DECREASE | 663 |

In the Royal Canadian Mounted Police, the records show this:

| | |
|---|---|
| 1921, December 31 | 1,676 |
| 1924, December 31 | 986 |
| DECREASE | 690 |

The expense of this department shown on the same basis is:

| | |
|---|---|
| 1921-22 | $3,527,570 |
| 1924-25 | 1,999,872 |
| DECREASE | $1,527,698 |

So in these three departments, where the Brandon Sun charges that promises of economy have *never even been considered*, there have been the following reductions in personnel since the advent of the King government:

| | |
|---|---|
| Civil service | 3,032 |
| National defence | 663 |
| Mounted police | 690 |
| TOTAL DECREASE | 4,385 |

As a result of these reductions the people have to pay less for these services to the following extent than they did when the King government took office:

| | |
|---|---|
| Civil service | $2,750,000 |
| National defence | 750,000 |
| Mounted police | 1,527,698 |
| TOTAL DECREASE | $5,027,698 |

But that is not the field in which the greatest reduction of expenditure has been registered. The figures quoted here are taken from official documents, and give the total disbursements for the year 1921-22, when Mr. Meighen and his associates framed the fiscal policy, as compared with the record of the King government:

| | |
|---|---|
| 1921-22, Meighen | $464,000,000 |
| 1922-23, King | 424,000,000 |
| 1923-24, King | 370,000,000 |
| 1924-25, King | 350,000,000 |

The decrease in 1924-25 from 1921-22 is $114,000,000. Placing this debt on a per capita basis it means that the Canadian people have been taxed as follows:

| | |
|---|---|
| 1922 | $51.77 |
| 1923 | 47.50 |
| 1924 | 39.36 |
| 1925 | 37.51 |

The prime minister, speaking in the commons on April 30, 1925 (Hansard report), said:

> "In other words, the per capita pressure of taxation is one-fourth less this year than it was under the preceding administration; or if I may put the matter in another way, for every dollar the Canadian paid in taxation in 1921, when my hon. friend was in office, he is paying today 75 cents. The present government is collecting in 1925 about $75,000,000 less in taxation than the hon. ex-minister of finance collected in 1921."

There is nothing private about these figures. They are all public records produced on the floor of the house at Ottawa, and as such were available to the Brandon Sun or any other paper. Figures such as those quoted above are stubborn things to overcome, and the Brandon paper's desire to ignore them is evidence that it is putting up a blind fight in a hopeless cause.

## United States Is Right.

United States Secretary of State Kellogg has asked the American consul in London to cancel the passport he issued to Shapurji Saklatvala, communist member of the British parliament, who had intended visiting United States. After securing his passport Saklatvala commenced to talk, and the point of his remarks was that he intended to carry on propaganda for communism and revolution in United States. United States was willing to allow him to enter the country, but it objected to him taking freedom for license, and there is nothing wrong with such a course.

The cry has already been raised that free speech has been endangered, but the greatest menace to free speech, free institutions and freedom itself comes from the propaganda Saklatvala preaches. If he were seeking to convert Britain or United States to communism, and doing it by constitutional means, there could be no objection. If he sought to create public opinion to elect candidates to parliament in sufficient numbers to give effect to communism, that would still be legal.

But Saklatvala and all his ilk preach revolution; they urge people to prepare, organize and be ready for the day when they will use force to upset present parliamentary institutions, break down our social customs and take possession of industry. That is plain, unadulterated revolution, and just as formidable a challenge to the authority of the state as though a foreign invader bombarded the coast to make way for the landing of an invading army.

United States is justified in closing its gates to one who, under guise of a government passport, seeks to create a condition that would challenge the government's authority to rule the country.

## Something Left Over.

"For Sale." Such is the sign on Headley, the London home of the late Sir Adam Beck. There is no good reason why such an announcement should not be made, for it is simply carrying out the process of winding up an estate. Yet it strikes the passer-by as just a little more important than such a sign on other property. Pedestrians cross the road to look at it; drivers slow up a little to see what it says. Headley was and is a notable home, well kept always, a place which Londoners pointed out to visitors.

It means that the home of the late Sir Adam will pass into other hands; his personal possessions will become the property of those to whom they were bequeathed. It is well to have lived and wrought so that when this inevitable process of distribution has run its course there shall remain something on which no "For Sale" sign shall make its appearance.

Sir Adam left such legacies. During his life he had developed for the people of Ontario a far vaster estate than he built for himself. The great hydro-electric enterprise remains—it is solvent and profitable, and has within it the genius for further expansion. The Queen Alexandra Sanatorium at Byron is carrying on its work as it did when Sir Adam was present. Yes, it is well worth having lived to be able to pass on tangible and intangible evidence of one's existence after the mills of legal procedure have ground their grist.

## Help This Work Along.

The effort being made by the London chamber of commerce in conjunction with other cities on the Windsor to Niagara highway to sell American tourists the idea of "Ontario in October" is a good stroke of business. The tourist traffic has brought millions of American money to Canada this season that would not have found its way here in any other manner. Proper publicity will do much to extending this season and keeping the flow of money in this direction.

"October in Ontario" is a happy description of a glorious season. It tells of days with a sharp tang of invigorating air, of a riot of glorious coloring in the trees. Hotel and tourist accommodation is not so crowded as in the summer, nor is traffic so dense. Ontario has something worth while to offer. Londoners can help in this plan by sending to the chambers of commerce names of U.S. residents to whom descriptive literature can be forwarded.

## Note and Comment.

The law of averages will see to it that as the weather grows cooler the political campaign will get hotter.

Florida literature says "When you come to Florida keep your eyes open." The real estate gentry will look after your pockets.

In many banks target practice is now part of the day's work. So beware the hand that deftly tosses out the money, for it can do a nasty job with a sawed-off shotgun.

An elephant went on the rampage in Arkansas, seized a car that tried to pass it, turned it over and sat on it. A good many people have felt like doing the same thing.

Kingston had to call off the horse races because it rained so hard on fair day, but the directors received $1,000 rain insurance, which will be listed in the treasurer's books with the liquid assets.

A government milk tester near Bright was mistaken for a murderer whom the police are seeking. The government should protect such employees by providing them with a coat-of-arms, the central figure in which would be a brindle cow.

Among the big events of the day comes the announcement that two Toronto men, after long study, research work carried on abroad, endless thought and intensive application, have discovered a new method of putting a permanent wave in ladies' hair.

Hon. Hugh Guthrie, when in London, made the statement that only one Liberal would be returned in Ontario west of Toronto. At a meeting in Lindsay yesterday he predicted that "King and his party would be completely annihilated on October 29." And it was the same Mr. Guthrie who predicted that the Liberals would sweep the country in 1911.

Recent trips to the far north in aeroplane and steamer have been failures. The idea of a man on foot tramping over that far Arctic region looks more hopeless still, but it is being done by Major T. L. Burwash, who is making a one-man trip over the whole northern coast line to determine what natural resources are there. For months he will be lost to the world, and hopes at best to reach the northwest coast line of Hudson Bay next fall, and there find a Hudson Bay Company steamer bound for Montreal. Walking, the primitive method of locomotion, will probably succeed where more modern usages would fail.

## *Greetings To Him*

***'Tis good to meet a wholesome jay who looks you squarely in the eye and tells you of the things he holds, likewise explains the how and why.***

A neighbor stopped me yesterday and said he was an independent now, he'd quit his politics for good, he didn't care who won or how. He'd risen to a broader field where he would stand aloof and pure, some other folks could saved the land, prescribin' any kind of cure.

You've met with chaps the same as that, you've heard them speak their little piece, they'd let the business run itself or sell to the king of Greece.

They reckon how that politics it is a slimy game to play, and so they'll turn their thoughts about to planting Cobbler spuds next May. There may be something in their view of campin' on a lofty hill, but if they don't concern themselves, it's certain sure that others will.

If all would pull their garments in and cry out politics unclean, the chance of good and honest laws would grow at once alarmin' lean.

For it would open up the gate for crooks to prey upon the land, and crook their finger after while to call another robber band.

It's pleasant now to meet a chap who boils a bit and bubbles hot, who's got a notion in his head, if you agree with it or not. But he's convinced that this is right, he's certain sure how that is wrong, and so he thumps upon your desk and trumpets out his little song.

I like to hear a jay like that, I'll gladly shake his horny palm, and whack him joyful on the back and greet him as a fellowman. It's good to meet with such a chap who looks you squarely in the eye, and stands upon his own hind legs to holler what he thinks and why.—ARK.

## *25 Years Ago Today*

(From The Advertiser, Sept. 18, 1900)

Richard Croker, New York, bets $160,000 that William Jennings Bryan will be the next president of the United States. Many others are following in his footsteps and placing money on the Democratic candidate.

Editorial paragraph: "Big Wind" is the title by which Sir Charles Tupper is known to the Indians.

Dr. Trenholme is appointed professor of English literature and history at Western university. His appointment is most popular. His father, W. N. Trenholme, Q.C., resides at Montreal.

The cement walks about the Normal school have been laid.

A firm of Hamilton lawyers has written to City Engineer Graydon asking him what action he took to secure a cessation of undue noises on the street railway here. The Hamilton lawyers are after the Hamilton railway.

Six carloads of livestock went from the Western Fair here to the Southern Fair at Brantford.

W. E. Saunders complained to the water commissioners regarding the presence of poison ivy at Springbank park. The commissioners promised to have it removed.

City council, with Mayor Rumball presiding, decided to try filtration scheme for disposal of city sewage.

Ald. Barned and Ald. Brener asked the council for information as to the rights of the street railway company to shunt cars into Thames street and withdraw cars from Horton street line when the Western Fair was in progress, without the permission of the council.

Mr. Harry Stewart, the popular wine clerk at the City hotel, narrowly escaped serious injury when he was struck by a street car yesterday.

## *Editorial Opinion*

### YES WE WILL—NO WE WON'T.

(From the Brantford Expositor)

A TOURIST party which has just gone over the route of the Hudson Bay railroad found it to be in rather a rickety condition, particularly the last 100 miles, where practically nothing has been done to save the line, and it is going from bad to worse. From a total investment of $20,000,000, almost nothing has been gleaned. Apparently the question which now confronts the country is whether to lose this huge sum, or go on to a finish and possibly lose a good deal more. It is an awkward dilemma, and one regarding which neither of the party leaders seems disposed to talk very much for fear of wounding western sensibilities.

### REGULATING ALIENISTS.

(From the Madison Courier)

THE scandalous situation caused by the employment of alienists in murder cases has been taken notice of by the American Bar Association.

Leading lawyers and judges agree that if it is not downright dishonest, it is contrary to public policy, to allow prosecution and defence to hire rival corps of alienists to give conflicting testimony in court. In the last few years there have been many obvious miscarriages of justice due to these battles of alienists. Wherefore the bar association put itself on record, at its recent convention, as in favor of legislation that would forbid the testimony of alienists in criminal cases except when they are appointed by the court and receive "ordinary and reasonable compensation," paid by the state.

This is mere common sense. The sooner it is recognized by state legislatures, and turned into appropriate legislation, the better it will be for American justice.

### REVIVING AN OLD STORY.

(From the Kitchener Record)

MR. E. M. TROWERN, former secretary of the Retail Merchants Association, again voices an old canard which was exploded long ago. He says he is informed that it costs 62½ per cent to collect the income tax.

Last session, Mr. R. W. Breadner, the head of the income tax department, issued a detailed statement showing that the expense of collecting the tax ranges between 2 and 3 per cent.

As a matter of fact, most of the income tax offices are undermanned and many of the employees are miserably underpaid.

### THEN THE ACE.

Teacher—"Keep on counting, Charles. Now, what comes after seven?"

Charles—"Seven, eight, nine ten—ten—"

Teacher—"Yes, what comes after ten?"

Charles—"Jack, Queen and King."

# ONTARIO'S APPLE CROP IS LARGEST IN HISTORY

### Growers Confer With Government For Assistance in Marketing.

### PLANS CONSIDERED

Canadian Press Despatch.

Toronto, Sept. 17.—Representative fruit growers of the province today conferred with Premier G. Howard Ferguson and Hon. John S. Martin, minister of agriculture, on the marketing of the greatest apple crop in the history of Ontario. The conference was upon the invitation of the government, which is prepared this year to assist the apple growers to dispose of their crops to the best advantage.

Plans of marketing assistance are under consideration.

The crop this year in Ontario is remarkable both for quantity and quality. It is favored, too, from a marketing standpoint, by the fact that the British Columbia crop is largely a failure, and the Nova Scotia crop rather below its usual standard.

The government's assistance in marketing will be largely one of propaganda through its London office, paving the way over overseas for a favorable reception of the fruit. A campaign will also be waged in this province to induce its citizens to eat their own apples.

## *Grain Is Placed At 390,000,000*

Canadian Press Despatch.

Edmonton, Sept. 17.—An estimate of between 380,000,000 and 390,000,000 bushels of Canada's grain crop this year was made by President E. W. Beatty of the C.P.R., who is visiting the city today, in an interview with the Journal. His estimate was made as the result of re-surveys by the company's crop correspondents.

## SASKATCHEWAN TO RUN COARSE GRAIN POOLS

Canadian Press Despatch.

Regina, Sept. 17.—Decision to operate the Saskatchewan coarse grain pools was reached at a meeting of the directors of the Saskatchewan wheat pool in the Regina headquarters yesterday.

The new pools cover oats, barley, flax and ---e, and the initial payment on these grains will be:

Oats, 2 c.w, 34 cents; barley, 3 c.w, 50 cents; rys, 2 c.w., 70 cents, flax, 1 c.w., $1.50.

# LABOR ADVOCATES LEVY ON CAPITAL

### Candidates Will Be Asked To Subscribe To Winnipeg Platform.

Canadian Press Despatch.

Winnipeg, Sept. 17.—A capital levy for the extinction of the war debt, nationalization of the Canadian banking system, abolition of the senate, and removal of taxes from the necessaries of life are among the planks to which Labor candidates contesting the federal election will be asked to subscribe. The manifesto was drawn up by the Manitoba branch of the Independent Labor party, and has been endorsed by J. S. Woodsworth, Labor member for Centre Winnipeg in the last federal parliament.

# PREMIER IS KEPT BUSY AS RESCUER OF TRUTH WHEN MEIGHEN SPEAKS

## King Again Charges Tory Leader With Deliberately Twisting Facts.

## FOR POLITICAL GAIN

## Challenges Him To Repeat Statements About Cost of Immigration.

Canadian Press Despatch.

Halifax, N.S., Sept. 17.—Premier King tonight once again charged the leader of the opposition with twisting facts. "Mr. Meighen," declared the premier, "seems to have a perfect genius for twisting and perverting the truth. I do not want to make this election a matter of exchanging compliments backward and forward, but I do say that the electors have a right to have the truth put before them in the fairest and clearest manner possible."

Mr. King at the time was referring to the statement, reported to have been made by Mr. Meighen at Halifax a couple of days ago, that the government had spent $3,800,000 to bring 110,000 people into the country, of whom about one-half had since gone out of the country. At the same meeting, Senator Robertson was reported to have said, the prime minister proceeded, that 110,000 had come in and 115,000 Canadians had left.

**Was Wembley Cost.**

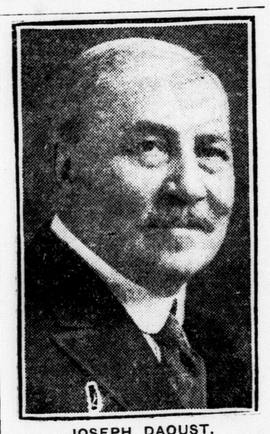

"Notice the difference in the figures," exclaimed Mr. King. "But leaving that aside, Mr. Meighen says we spent $3,800,000. I have already pointed out publicly to Mr. Meighen that in that figure of $3,800,000 is included $1,000,000 spent on the Wembley exhibition. I have already pointed out to Mr. Meighen that his statement was untrue. Yet he comes here and repeats it to you. I ask you, is that fair to you?"

"Now," sharply added Mr. King, "I challenge Mr. Meighen to repeat that statement again."

The meeting was held in the same arena in which Mr. Meighen spoke on Tuesday. As the result of an unusual arrangement between party organizers, the decorations for Mr. Meighen were also the decorations for Premier King. The gaily-colored banners and streamers were the same, and facing the premier the identical "Welcome to our leader" which greeted Mr. Meighen when he opened his maritime campaign.

**Beland Speaks.**

Following preliminary remarks by R. E. Finn, Liberal member for Halifax, Senator Beland, minister of health and soldiers' re-establishment, said the government came before the people, not as supermen claiming perfection, but as a government claiming that it had not shown itself unworthy of the confidence placed in it four years ago. Mr. Meighen had claimed, Dr. Beland proceeded, that the government in calculating reductions in the public debt had not taken into consideration advances to the National railways. "Let me tell you," said Dr. Beland, "that the accountants who made up the accounts in the finance department are the same as made up the account under Sir Robert Borden and Mr. Meighen, and they will tell you that they did not adopt a different course in making up these accounts from the one adopted under Mr. Meighen."

JOSEPH DAOUST.

Montreal manufacturer, who has announced that he had agreed to represent Quebec province on the new federal advisory tariff board.

Hon. E. M. MacDonald, minister of defence, said no man in public life had fought deliberately and systematically against the interests of the maritime provinces more than had Mr Meighen. Mr. MacDonald charged Mr. Meighen with having "stolen the Intercolonial railway from us," and included it in the Canadian National Positions like those taken by Mr. Meighen could not fool the maritimes. Mr. Meighen and his followers in the house of commons had consistently opposed appropriations for the maritimes.

**Created Atlantic Region.**

In illustration of what he said the present government had done for the maritimes, Mr. MacDonald mentioned "creation of the Atlantic region of the Canadian National Railways with headquarters at Moncton and encouragement of traffic through Canadian ports."

Premier King opened with personal tribute to Rt. Hon. W. S. Fielding and with the hope that the "sunset glow" of Mr. Fielding's life might be prolonged through the years that Mr. Fielding might have increasing sense of the appreciation of his countrymen.

Premier King stressed the point that conditions throughout the country were improving. "There is," he said, "more brightness on the horizon than there has been for many a day." There was talk of migration to the United States as though it were some new development, yet, said the premier, 130,000 Canadians migrated to the United States in the eighteen months of the Meighen government. When the present government took office there had been breadlines in Canadian cities, and millions had been spent on doles. "It was under us that the doles were stopped," the prime minister declared.

Premier King concluded that the policy of the government had in view the well-being of the whole country.

# Disease Germs Doomed

## Many have lost terrors for the Scientist

The progress of recent years in medical research is little short of marvellous. Daily, science kills germs by the million. Daily, new ones are being discovered, isolated and exterminated by the march of medicine.

Science is winning. What were once regarded as serious diseases are now laughed out of countenance by the doctors. Fearlessly they plunge naked hands into swarms of them, their only precaution being to rinse their hands afterwards with a reliable germicidal preparation. We are witnessing the birth of an era when the world will have little to fear from microbes.

# GIVEN FREE HAND IN SETTLER PLAN

## Government Brings Railroads Into Co-operation On Immigration Problem.

Special to The Advertiser.

Edmonton, Sept. 17.—Speaking at a dinner given him by the board of trade here tonight, E. W. Beatty, chairman and president of the Canadian Pacific, announced a new arrangement entered into between the Canadian railroads and the government, by which, he said, it was hoped to very materially stimulate the movement of desirable immigrants to Canada. Under this arrangement, the two railway companies, through their colonization department, have been given a free hand to select, transport and distribute all colonists who can be properly assimilated in Canada, with the further privilege of issuing the necessary permits for their admission, subject to the requirements of the statute and the mental and physical fitness of the applicant.

"As a result of this agreement," said Mr. Beatty, "we may be able, in view of the favorable crop conditions existing in the west, to look forward to a renewal of the movements of those who are urgently needed in solving the serious problems we are now faced with in Canada."

**Offers Solution.**

Mr. Beatty had been asked to speak on immigration, and he said he would have less hesitation in so doing were it not that withstanding the general acceptance throughout Canada of its necessity, progress in immigration in recent years had been disappointingly slow, though it was hard to understand how there could be any difference of opinion, or any reasonable ground for opposition to a policy of intensive immigration. Mr. Beatty said Canada had the justification for such a policy in undoubted needs and heavy national burdens which could only be relieved by greater production.

Since the beginning of the war Canada has had to limp along its reserve man power, and until the man power was pumped in again on the old scale, our activities must be curtailed and our progress slow. This condition was not confined to Western Canada. Nova Scotia and New Brunswick needed additional population and had good farm land available, and their people believed they had been sidetracked by the booming of the west as a location for settlers.

"Northern Ontario wants more people to fill up its large areas of agricultural land," he said, "and I think you can rest assured that the country there, will never be opened up until the mode of colonizing Canada is changed.

"The need is imperative both east and west."

**Need Greater Production.**

"The question of the necessity for immigration is as simple as a problem in arithmetic," said Mr. Beatty. "We have a country of great wealth, known and unknown, and we have neither the people nor the capital to realize on it. It must be dug out of the earth by the hand of man, and unless we have many, many more producing units we must inevitably lag behind. Probably the most impelling need for more immigration to Canada rest upon its proximity to the United States, the wealthiest nation in the world, containing from 110 to 120 million people with the variety of opportunity which that wealth and population must present as a magnet to Canadian young men and women.

"There are approximately 25,000,000 acres of vacant land suitable for cultivation in the three prairie provinces, situated within 15 miles of existing railways. If these were subdivided into 320-acre farms, it would mean 78,125 new farms for immediate cultivation. If on each half-section there were four colonists, the total would be 312,000. Government statisticians estimate the value of each family of four in the purchase of goods to be $1,562.95 net per annum, so the value of this settlement to this country would be $122,106,000 per annum."

Mr. Beatty pointed out there was nothing that would hold Canadians in Canada and invite others so much or so effectively as national prosperity, particularly among the producers. Profitable production and effective distribution would solve our principal national problem.

Mr. Beatty stated that these unsatisfactory immigration results were partly due to unfavorable propaganda, some of it resulting from resolutions passed in the west, and that there had been considerable adverse publicity in Great Britain and on the continent decrying Canada as a country suitable for immigrants.

# IRISH FREE STATER GREETED BY EGG BARRAGE AT N.Y.

Associated Press Despatch.

Hoboken, N. J., Sept. 17.—A crowd of Irish republic sympathizers, the most of whom were women, egged General Richard Mulcahy, formerly commander-in-chief of the Irish Free State army, and his escort as they landed on the pier here tonight from the steamer President Roosevelt. The general was rescued by police reserves after a riot call had been sent in.

Several of the eggs struck the Irish soldier, and although General Mulcahy was not injured physically, one of his three attendants was struck on the forehead over the eye with a block of wood.

There were only three policemen on duty at the dock, and these, aided by the pier watchmen, kept the crowd back until reserves responded to a riot call and escorted the general in an automobile away from the scene.

Many of the women had banners and black flags, which they waved at the party of visitors.

Two women and a man were arrested, charged with being disorderly persons.

# GOVERNMENT CONTROL OF DAIRIES ATTACKED

## "Craziest Idea I Ever Heard Of," Declares Arthur J. Hodgson.

Canadian Press Despatch.

Montreal, Sept. 17.—A suggestion made by the agricultural inquiry committee of the Ontario legislature to form a body representing the various provinces of the Dominion for the purpose of marketing Canadian dairy products overseas, was characterized here today as "the craziest idea I ever heard of," by Arthur J. Hodgson, former president of the Montreal Produce association and the Montreal board of trade. Mr. Hodgson said Quebec would very likely have nothing to do with such a scheme, having had experience of a disastrous sort in government control of butter and cheese exports.

"There are 600,000 packages of New Zealand butter hanging over the London market now," said Mr. Hodgson, "and they have a wet blanket effect. We do not know who is holding it, but we surmise it is New Zealand exporters subsidized by the New Zealand government."

# *Lone Gray Wolf Bites Cows and Eats Sheep At Mealtime*

Special to The Advertiser.

Fingal, Sept. 17.—A lone gray wolf, whose pastimes are biting the hind legs of cows and eating sheep at mealtime, is still king of the district in spite of threats from family shotguns in the hands of dozens of farmers.

Reappearing on the farm of William House this morning, the huge beast roamed around aimlessly until the hunt started, and then he moved into Ernest Jones' woods. Tiring of that stretch of brush, he sauntered into the open, and after a while took a turn in the bush on the property of James MacIntyre.

All this time the wolf was being chased, but he didn't seem to mind it in the least. Soon the hunters lost sight of their quarry. The intruder has not been seen since, but his long, eerie howl is expected to be heard again tonight.

What has marriage taught you?

*"The chief thing that marriage has taught me," said a man who has had forty years of experience in matrimony, "is that women are human beings. When a man acquires that piece of information it always gives him a bit of a jolt, for most men never really think of women as human beings at all.*

"They think, according to their kind, of women as angels above all earthly passions, with no nerves, or tempers, or selfish cravings for pleasure, and who find their joy in life in loving the unlovable and forgiving the unforgivable, and being a sweet, gooey, sticky mass of gentleness, and patience, and unselfishness.

"Or they think of women as being baby dolls to be dressed up and played with, and put on the shelf when they are tired of them.

"Or they think of women as pieces of household machinery—sort of automatic, self-starting cooks, and carpet sweepers, and washers and menders, who run on their own power and who don't even have to be oiled up with a few lubricating words of praise now and then.

*"And so husbands treat their wives according to their conception of what women are, and that is why marriage is so often a failure, and why there are so many divorces. Because women don't want to be regarded as either saints, or toys, or domestic conveniences. They want to be treated as human beings, and for their husbands to give them the same sort of a square deal a man gives his business partner.*

"About nine-tenths of the spats that married people have are over money. It gets on the husband's nerves for the woman to be eternally dunning him for money. It seems to him that before he gets his hat off in the evening that she begins asking for a few dollars for this and for that. Then the bills come in, and they are always bigger than he expected, and he rows about it, and she thinks that he is stingy.

"The trouble is that the man isn't treating his wife like a rational human being. He is expecting her to be a miracle worker and run a house on air. He is humiliating her and making her feel that he is a tyrant by making her come like a beggar to him for every penny because he has got an idea that women don't mind panhandling. Furthermore, he is expecting her to gauge her expenditures wisely, when she hasn't the faintest idea of what her resources are.

*"I have found out that it saves friction over money to make my wife as liberal an allowance as I can. I have found out that if you will explain to a woman just exactly how the financial situation stands in the family and why you can't afford the thing she wants, that she will not only do without it gladly, but cut down her expenses in other ways and help you to save. It is believing that their husbands are holding out on them and not splitting fifty-fifty with them that makes women reckless spenders.*

*"And I have found that a man is a fool who lies to his wife. In the end, she always catches up with him, and then she imagines things ten times worse than they were.*

"If a man telephones his wife that he is going to stay downtown and meet a customer from Oshkosh, and she learns that he really played poker with the boys, she pictures a scene of wild debauchery and leaps to the conclusion that he is leading the double life, and he never hears the last of it.

"But if he tells her just what he is going to do, she is so flattered at being trusted and thought broad-minded enough not to begrudge her husband an evening's pleasure, that she goes to bed and goes to sleep instead of waiting up for him with a certain lecture bubbling and sizzling in her mind.

*"Marriage has taught me that women think more of words than they do of deeds, and that a woman would rather have her husband tell her that he loves her than to have him work his fingers to the bone for her and never make her a soft speech."*

## WOOLEN COATS STILL IN VOGUE

### Sack-Like Appearance, However, Gives Way to Neat Smartness.

By AILEEN LAMONT.
Special to The Advertiser.
Copyright.

New York, Sept. 18.—The "wool sack" may be all right as a distinguishing and envied mark of English judges, but for a feminine garment it has moved into the past. The woolen coats now in vogue are far from sacklike. They have the most perfect-fitting shoulders of nearly any feminine garment and range in price in direct proportion to the skill of the man's tailor who cuts them. The fur collars above the shoulders may be of the most expensive pelts, but it does not redeem a garment with the slightest sacklike tendency.

Pin feathers, ostrich pin feathers, are specially adapted for ruffs, and many costumes at present are incomplete without a ruff falling from the small hat and winding about the neck. The neck encircled may be rough also but the purchase price of the ruff goes far beyond pin money.

"Have 'em both." That is the selling argument of milliners today to customers who hesitate between felt and velour for head coverings. Then they bring out an English hat with a felt crown, round and rather high, and a velour brim which is flexible enough so that it may be twisted into nearly any shape desired.

Leave her holding the bag. That is sound advice if one is desirous of pleasing the modern woman—provided the bag she holds is one of the new, large, pouch-shaped receptacles of suede or satin with a heavy metal frame. The flat envelope shapes also maintain a distinct popularity, however.

Luck, they say, always comes in two pieces. So do the most fashionable sports suits for fall. The latter are usually in two pieces of balbriggan weave. This material adapts itself to every posture and movement and its resiliency leaves it unwrinkled and trig after a hard afternoon on the links or at the veranda bridge table.

## FLORENCE UNITED CHURCH HOLDS 1ST HARVEST HOME

Special to The Advertiser.

Florence, Sept. 17. — The United church of Florence observed its first harvest thanksgiving on Sunday when Rev. Mr. Beill of Bothwell preached two splendid sermons. The church choir was assisted by Misses Mills, Forshee, Osborne and Mr. Currie. The evening music (anthems) was rendered by the Oakdale choir.

## HINDUSTANI FOOD IS COOKED HERE

### Mrs. Douglas Omond Entertains Native of Picturesque India.

An interesting guest in the city recently was S. Bahadur, a graduate of Ann Arbor university, Michigan, who was entertained by Mrs. Douglas Omond, returned missionary from India.

Mr. Bahadur is a native of Gulbarga, Deccan, India, and intends to sail for his home from New York the first week in October. He has taken a position with the Ford Motor Company, of Detroit, and goes back to his picturesque homeland to sell the car of the western world in the east.

While visiting here Mr. Bahadar enjoyed a happy afternoon in his hostess's kitchen and for the first time in many months tasted some real Hindustani food, which he cooked himself. He also made some of the delicious candy of India. After his long sojourn in an English-speaking country the experience of talking in his own tongue again was one of the greatest pleasures of his visit.

### WHITTEMORE—BUTTERWORTH.

Stratford, Sept. 18. — A quiet autumn wedding took place at the rectory of St. Paul's church yesterday afternoon, when Miss Doris Butterworth, of Albert street, was united in marriage to Mr. Thomas William Whittemore, of Romo street. They were attended by Miss B. A. Gregg and Mr. A. A. Etherington. Rev. S. A. MacDonell performed the ceremony.

### BRENT—ALEXANDER.

Wanstead, Sept. 18.—St. James' church, Wanstead, was the scene of a pretty wedding on Wednesday, Sept. 16, when Ellen Mary, eldest daughter of Mr. and Mrs. William J. Alexander, became the bride of Dr. Stanley Jarmaine Brent, only son of Mr. and Mrs. Albert Brent of Wyoming. Rev. Hosford of Watford was the officiating clergyman.

The church was beautifully decorated with foliages, asters, dahliae and white streamers. Mr. Russell Alexander, uncle of the bride, acted as usher.

Promptly at 12 o'clock the bridal party entered the church to the strains of Lohengrin's Bridal Chorus, played by the organist, Mrs. E. E. Anderson. The bride, who was given in marriage by her father, was lovely in a gown of white georgette and wedding veil, beaded with pearls. She carried a bouquet of pale pink roses and maidenhair fern.

During the signing of the register suitable music was rendered by the organist.

Following the ceremony guests from Sarnia, Watford, Wyoming and Wanstead numbering about 25, proceeded to the bride's home, where a dainty luncheon was served. Miss Lottie, gowned in powder blue, and Miss Mabel, in pansy crepe de chine, sisters of the bride, made dainty waitresses. During the luncheon Rev. Hosford proposed a toast to the bride, which was suitably replied to by the groom; a second toast was proposed by Rev. Hosford to the groom, which was replied to by Mr. Jarmaine, grandfather of the groom.

Amid hearty congratulations and good wishes the young couple left on a honeymoon trip by motor to Brantford, Toronto and points east. The bride travelled in a gray canton crepe dress, with hat to match. On their return Dr. and Mrs. Brent will reside in Wyoming.

### BILYEA—FRITZ.

Thorndale, Sept. 18.—A wedding of local interest took place in Minneapolis on Saturday, Sept. 5, at 3 o'clock, when Cleo Fritz, daughter of Mr. and Mrs. Charles Fritz, became the bride of George L. Bilyea of Thorndale. The ceremony was performed by Rev. Dr. Hayden, president of the Christian Theosophical college, Minneapolis.

Mr. and Mrs. Bilyea left on the 6:50 p.m. train for Kirksville, Mo., to resume their studies in osteopathy.

## Buster Bear Finds the Busy Bees Flying Away With His Honey

By THORNTON W. BURGESS.

Buster Bear is a great hand to prowl around at night, but the night after his feast on honey from the tree which had been split open by lightning, Buster didn't roam about. He slept. There is nothing like a full stomach to make one sleep, unless that stomach happens to be too full. Buster did a lot of dreaming, but he slept just the same. When he awoke the next morning jolly, round, bright Mr. Sun was already high up in the blue, blue sky. Somehow Buster didn't feel hungry. He didn't feel hungry enough to get up. He just lay there on his comfortable bed and dreamed day dreams instead of real dreams.

It was afternoon before Buster felt his appetite returning. "I'll go finish that honey," said Buster. "My two feasts of honey! Never was I so lucky before. Those bees must have been using that tree for years."

Buster yawned and stretched and stretched and yawned, licked his chops, and finally started off through the Green Forest. He headed straight for that tree which had been struck by lightning. When he got there he stopped and sniffed at the piece on the ground from which he had taken all the honey the day before. Then, with his mouth once more beginning to water he started up that tree. His appetite was back now. The nearer he got to that opening in the tree, the greater his appetite became. He was quite ready to stuff himself as greedily as he had done the day before.

But when he reached the place where he had feasted so heartily the day before a sad surprise awaited him. The honey was gone. Oh, there was some there, but only enough to aggravate him. He plunged his arm way down, expecting to bring up a paw full of dripping comb. He got some comb, but it wasn't dripping. It was quite empty. There was only enough to give him a taste and make him want more.

"Someone has stolen my honey," growled Buster in his deepest most rumbly, grumbly growl. "Someone has dared to steal my honey."

"Buzz-z-z-z-z," said a voice high in Buster's ear, "buzz-z-z-z-z. Who's honey did you say it was?"

"I said it was mine," snapped Buster.

"Why not tell the truth. Buzz-z-z-z-z. Why not tell the truth Buster Bear?" buzzed that voice in his ear again. "You know it wasn't your honey. You know it was my honey and the honey of my relatives. You know very well it was ours, for you know that we made it and hid it here. When you took it you took what didn't belong to you. It was our honey and what you left we have taken away."

It was Busy Bee who was talking. Buster saw her alight on a bit of honeycomb in which there was still a little honey. He saw her take all she could carry of that honey and fly away. Then he saw other bees doing the same thing. They were all flying in the same direction that Busy Bee had taken. Buster guessed that somehow they had found a new home and all that bright, warm day they had been working as only bees can work, to save their precious honey. They were making the best of a bad matter. They meant to have something to begin the winter with. They had saved what they could and now they would work doubly hard until the coming of frost.

"I must find their new home," grumbled Buster as he backed down the tree. And that shows how selfish a person can be. Instead of being glad that the bees had saved some, he was already planning to rob them again, if he could.

Young Married Women Need Mother's Advice—

MRS. PEARL STEELE
HOLDEN, MISSOURI

A GREAT many women after childbirth get up too soon and, too weak to care for the child and perform their household duties, often bring on serious derangements.

Lydia E. Pinkham's Vegetable Compound is a splendid tonic to take at this time; it is an excellent restorative, contains no harmful drugs, and can be taken in safety by nursing mothers. Thousands of mothers advise their daughters to take this grand old root and herb medicine for such conditions because of their own favorable experience with it.

**Following We Publish an Interesting Letter from Mrs. Steele of Warrensburg Which Should Interest Every Mother in the Land:**

Warrensburg, Mo.—"When my second child was born I got up too soon as my mother wasn't able to do for me. I could not stand on my feet without being dizzy and my back would ache so badly that I would have to lie down at times through the day. My mother had taken Lydia E. Pinkham's Vegetable Compound and had a bottle of it at the time, so she begged me to take it, which I did, and I cannot tell you how much better I felt after taking it. Then a year later my husband got back from overseas and we went to keeping house by ourselves and I got all run down again. I couldn't work long at a time but would have to sit down and rest. My husband kept begging me to take the Vegetable Compound again, so I have done so. I recommend it when I can as I know it is good for women's troubles and I thought you might like to know what it has done for me."—Mrs. Pearl M. Steele, 203 Main Street, Warrensburg, Mo.

**Ontario Woman's Interesting Case**

Mount Forest, Ontario.—"I am proud today to think I have a fine big baby boy, as healthy as a trout, and I never felt better myself. Before I took your medicine I felt weak and miserable, and had pains all through me. After taking Lydia E. Pinkham's Vegetable Compound I began to get stronger and those pains all left me. I am glad I found out about this medicine. I think there is none other equal to it for women who have troubles of this kind. I cannot praise the Vegetable Compound too highly for the good it has done me. Whenever I know of a woman suffering I am glad to tell her of it."—Mrs Wm. Riddell, R. R, No. 1, Mount Forest, Ontario.

# One Bad Inning Proves Tecs' Undoing In Third Game For Mint League Flag

## HAMS GAIN EDGE AGAIN WITH 7-2 WIN OVER TECS

### Costly Errors in Sixth Pave Way For Hamilton Victory.

### SEVEN HITS EACH

Special to The Advertiser.

Hamilton, Sept. 17.—The stonewall defence of the London Tecumseh's, which played such a prominent part in the first two games of the series for the league championship, blew up in the sixth inning of the third game here this afternoon, and the Clippers stepped into the lead by taking a 7 to 2 decision.

Two hits, a double and triple, two errors, a base on balls and a sacrifice hit were sufficient to give the locals four runs in the sixth, break a tie of two all, and put the contest on ice. The errors, both of which were committed by Vermilyea, came at the start of the inning, and but for them the locals might have been turned back scoreless.

Ralph Judd and Pete Harris engaged in a great hurling duel until the sixth, and but for this inning on both sides, the pitching would have ranked with the spectacular efforts of the moundsmen in the two opening contests at London.

As in the first two games the hits were scarce. Each team gathered seven, but the locals got the edge by grabbing all the extra base knocks, a double, two triples and a home run being among theirs. The visitors' blows were all singles, but with the exception of one they were hard-hit balls. Spectacular work by the Hamilton outfield cut off several seemingly extra base hits, Bashang, Gleich and Neitzke each making at least one catch of real merit. Bashang took a likely-looking blow from Kernan's bat, as did Gleich, while Neitzke robbed Vermilyea of a sure double by making a long run and one-handed stab with two out in the ninth. Stimpson and Sandquist provided the thrills from a London standpoint, the latter's work around the red-light corner being especially good.

**Judd Effective.**

Judd was effective throughout. He had only one bad frame, the sixth, in which he allowed his only base on balls of the game and two singles. At all other times his fast ball, mixed in with a sweeping curve and a good change of pace, had the visitors baffled.

Harris also twirled nice ball in all but one frame. The work was depreciated to some extent by the fielding behind him, and he was forced to work himself out of several bad holes.

Lou Browers, with two hits in four trips to the plate, was the only London swatsmish to hit safely more than once. Every one of London's hits was a single, and all but one was a hot spot that gave the Clipper fielders no chance to cut them off.

The Clippers started nicely when Bashang cracked a line single into left field. Roper flied to Klein in deep center on the hit-and-run play, but Neitzke drew a base on balls. Froman was given nothing but outside balls to hit, and the result was that he lined hard to Stimpson in left. Gleich chose his familiar right field in which to drop his one-base knock, and Bashang ambled in with the initial tally.

**Out of the Park.**

Two were down in the third when Neitzke added another run by hoisting one out of the park, and this scoring sufficed until London's half of the sixth, when the Chirps evened the count. Sandquist worked Judd for his one and only pass of the tilt, and Baker obligingly singled to center on the hit and run. Stimpson moved them up a peg with a perfect sacrifice, and, after Cross had fouled out to Robertson, Brower injected the counting blow by dropping a single into short center. Lou had two strikes and no balls called on him at the time, and crossed up the Clippers by hitting Judd's high waste ball. Sandquist and Baker scored easily on the drive.

In the locals' half Neitzke drew his second walk of the game by patient waiting, and he should have been out at second when Froman bounced one off Harris' glove directly to Baker. Baker tossed to second for the force out, but Vermilyea dropped the throw and two men were safe. Gleich sacrificed and appeared an easy out on Sandquist's throw to first, but Vermilyea, who covered the bag for the peg, dropped Sandy's heave and the sacks were loaded.

**Double Does Damage.**

Twice immediately following the Tecs got the breaks. Lopez, who followed Gleich, hammered a roller to Vermilyea and Neitzke was easily nailed at the plate. Then Robertson repeated, changing the direction of his feeble knock to third, and Froman was cut off by Sandquist's throw. Harris went to work carefully on "Duke" Riley, but his best efforts were shot when the "Duke" lifted a short fly back of first, which Brower, Cross and Vermilyea failed to reach, and Gleich and Lopez scampered across the plate.

Stung into action by his having twice previously gone out to the pitcher, Judd registered his only blow of the day, a looper back of third that got past Stimpson when the latter tried to cut it off close, and Roberson and Riley made the Clippers' lead total four. Bashang rolled out to third to leave Judd stranded.

In the seventh Neitzke got a hit on a drive back of first, which took a bad hop, as it got to Cross, but he was forced at second by Froman, making the second out. Gleich sent the run in, however, with a hard drive that bounded past Brower in right, and stretched the drive into a triple by fast base running.

**First Inning.**

London—Sandquist flied to Bashang in short left, after narrowly escaping being caught out on a foul back of third. Baker was easy for Gleich, who barely moved to make the catch. Neitzke took Stimpson's lazy fly in center. 0 RUNS, 0 HITS, 0 ERRORS.

Hamilton—Bashang dumped a single into short left. On the hit and run Roper skied to Klein back in deep center, Bashang being held on second. Neitzke waited patiently and walked. Froman hammered an outside ball on a line to deep left, Stimpson pulling down a nice catch. The runners held second and first. Gleich lined a single to Stimpson, who fumbled it momentarily and Bashang crossed the plate. Neitzke stopped at second. Sandquist threw out Lopez on a slow roller. 1 RUN, 2 HITS, 1 ERROR.

**Second Inning.**

London—Cross struck out, swinging hard at a high fast ball that breezed past his ear. Riley went back to take off Brower's high lift. Klein punched a single through Lopez and Roper for London's first hit. Gleich made a pretty catch of Kernan's line drive in front of the score board. 0 RUNS, 1 HIT, 0 ERRORS.

Hamilton—Roberston fanned. The third strike a bad ball. Riley was thrown out by Vermilyea on a fast play. Judd was easy, Harris to Cross. 0 RUNS, 0 HITS, 0 ERRORS.

**Third Inning.**

London—Vermilyea went out to Bashang on a hard drive. Riley came in and made a neat pick up and throw to get Harris. Froman picked a wicked drive off Sandquist's bat and made the out unassisted. 0 RUNS, 0 HITS, 0 ERRORS.

Hamilton—Stimpson came up with Bashang's aerial effort. Roper was caught by Sandquist's throw to first. Neitzke picked one of Harris' choice curves and lifted it over the center field fence, a long crack putting the locals two runs to the good. Froman fouled to Cross, the London first sacker, making a difficult catch far over the line. 1 RUN, 1 HIT, 0 ERRORS.

**Fourth Inning.**

London—Baker reached across the plate to miss the third strike. Roper threw out Stimpson. Cross lined a terific single into right field. Lopez gathered in Browers high shot. 0 RUNS, 1 HIT, 0 ERRORS.

Hamilton—Gleich lifted to Brower. Harris had trouble pitching to Lopez and walked the third sacker. Robertson was thrown out by Harris on a high hopper in front of the plate. Lopez went to second. Harris knocked down Riley's drive and tossed him out. 0 RUNS, 0 HITS, 0 ERRORS.

**Fifth Inning.**

London—Klein went out, Judd to Froman. Kernan lifted a single past Riley. On Vermilyea's fielders choice Kernan was caught at second, Judd to Roper, but Vermilyea reached first safely. Harris was caught at first by an eyelash, Riley making a fast play on a slow roller. 0 RUNS, 1 HIT, 0 ERRORS.

Hamilton—Judd went out, Harris to Cross. Bashang rolled to Baker and was out. Roper hit hard to Brower for the third out. 0 RUNS, 0 HITS, 0 ERRORS.

**Sixth Inning.**

ONDON.—Judd got two strikes on Sandquist and then tossed in four bad balls. Baker singles through the box on the hit and run. Sandquist stopping at second. Stimpson sacrificed and was thrown out at first by Judd. Robertson went back to the stand and picked off Cross' foul, sliding in the mud and falling with the ball. He held it, however. Brower with the count two and nothing, hit a bad ball into short center for a single, scoring both Sandquist and Baker and tying the score. Klein fanned swinging. 2 RUNS, 2 HITS, 0 ERRORS.

Hamilton—Harris worked too carefully on Neitzke and presented Ernie with a free pass. Froman broke his bat bouncing one off Harris' glove. The ball caromed to Baker and his throw to Vermilyea had Neitzke at second but Vermilyea dropped the ball. Gleich sacrificed and the bases were filled when Cross dropped Sandquist's throw. Lopez rapped to Vermilyea and Neitzke was out at the plate on a force. Sandquist's throw to the plate on Robertson's roller got Froman. Riley doubled to right, a Texas leaguer that dropped back of first, and Gleich and Lopez scored. Stimpson made a great try for Judd's lift down the left field line, but it got by him for three bases and Robertson and Riley both scored. Sandquist tossed out Bashang. 4 RUNS, 2 HITS, 2 ERRORS.

**Seventh Inning.**

London—Bashang made a great running catch of Kernan's rap to left center. The ball looked good for a double. Vermilyea skied to Neitzke. Harris went out to left. 0 RUNS, 0 HITS, 0 ERRORS.

Hamilton — Baker's throw got Roper. Neitzke got a lift when his rap to Cross took a bad hop and the latter failed to field it in time to make the play at the bag. Froman's bounder to Vermilyea forced Neitzke at second. Gleich hit hard past Vermilyea and the ball took a bad hop past Brower, rolling to the fence. Froman scored, and Gleich went to third by fast base-running. Lopez lifted to right. 1 RUN, 2 HITS, 0 ERRORS.

**Eighth Inning.**

London—Roper made a great play to throw out Sandquist. Baker was easy, pitcher to first. Stimpson pushed a single down the left field line past Lopez. Cross hit to Lopez and forced Stimpson at second. 0 RUNS, 1 HIT, 0 ERRORS.

Hamilton—Klein pulled down Robertson's clout. Vermilyea made a nice catch back of first on Riley. Stimpson took Judd's effort. 0 RUNS, 0 HITS, 0 ERRORS.

**Ninth Inning.**

London—Brower whipped a line single into left. Klein popped to Riley. Kernan struck out. Neitzke went back into deep center to pull down Vermilyea's long drive. 0 RUNS, 1 HIT, 0 ERRORS.

## DOUBLE LOSS OUTS LEAFS FROM RACE

### Rochester Takes Both Games, and Idle Birds Cinch 7th Title.

Associated Press Despatch.

**Baltimore, Sept. 17.—Baltimore gained its seventh consecutive pennant in the International league and the right to meet Louisville, winner of the flag in the American Association, in the "little world's series," when Toronto, closest rival, dropped two games to Rochester today. The Orioles were idle at Providence, due to wet grounds. Regardless of the outcome of Toronto's remaining four games with Buffalo, Baltimore can lose the five scheduled with Jersey City and still win the flag by a small margin. Rain during the past week practically washed out Toronto's mathematical chance to overcome the leaders.**

Associated Press Despatch.

Rochester, Sept. 17.—Rochester closed its home season today by winning both games of a double-header from the Toronto Leafs by scores of 7 to 2 and 3 to 1. The double defeat eliminated the Leafs from the pennant race, the idle Orioles clinching the flag for the seventh consecutive season.

**SPLIT TWIN.**

Associated Press Despatch.

Syracuse, Sept. 17.—Syracuse and Buffalo today split a double-header, the Stars winning the first game, 7 to 3, and losing the second 2 to 1. Grabowski pitched effectively in the curtain raiser. ## Go to Four Sets in Doubles Finals

### Advertiser Trophy Won by Dr. V. Ross and O. Rechnitzer.

Dr. V. Ross and Olaf Rechnitzer, finalists in the men's singles for the city championships, paired off yesterday to defeat their victims in the semi-finals of the singles, B. I. Williams and E. Rechnitzer for the doubles championship and The Advertiser trophy.

The match went to four sets, the winners taking the first two rather decisively. Ross' work was mainly instrumental in winning the first two sets, and in the fourth set, O. Rechnitzer more than played his share, for an unbeatable combination of effort. The scores were 6—2, 6—3, 3—6, 6—3.

Saturday's matches will bring forth three finals and close the tournament, which has been the most successful in the history of the events.

The draw for Saturday is as follows:
2 p.m.—Finals junior singles, P. Rechnitzer vs. J. Millman.
3 p.m.—Finals men's singles, O. Rechnitzer vs. Dr. Ross.
4 p.m.—Finals ladies' doubles, Miss Miller and Mrs. Bates vs. Miss McFarlane and Miss McKenzie.

## TWIN CITIES PLANNING ATHLETIC ASSOCIATION

Special to The Advertiser.

Kitchener, Sept. 17.—The formation of a Kitchener and Waterloo amateur athletic association has been undertaken by a group of Twin City men, who frankly admit that this city has been slumping in sport in the past few years, and who are anxious to have a sport revival. A meeting has been held quietly and the scheme generally outlined. In brief, the aim is to have a permanent organization to manage the major sports and to see that they are maintained at a high level and to make arrangements for the establishment of permanent quarters for a Kitchener and Waterloo athletic club if possible.

Messrs. Emil Ritz, Ald. Henry Sturn and Tommy Henderson, all very well known in Twin City sport circles, have been appointed a committee to draft the details for a big general meeting.

A genuine effort will be made to interest businessmen and to have the best citizens possible accept seats on the governing body with a view to having the association command respect from all classes of the community.

## INGERSOLL INTERMEDIATES BEATEN 8-4 BY BRIDGEBURG

Special to The Advertiser.

Ingersoll, Sept. 17.—Keen interest was manifested here in today's baseball game between Ingersoll and Bridgeburg at the latter place. Although Ingersoll was defeated by a score of 8 to 4, the local fans are hopeful as to the result of Saturday's game here.

## On the Side Lines With C.S.G.

Jimmy Slattery, a physical expert, finds he is not sufficiently developed around the loins and spine, but the fans are beginning to suspect that he overdeveloped under the hat band.

* * * *

It begins to look as if the U. S. H. A. is going to be an out and out pro. hockey organization this season. Yet it doesn't cost anything to apply for a berth, but they come costly when they're granted.

* * * *

Tommy Ryan, if he doesn't accomplish any more in the ring, can always point out that he beat the world's champion in a newspaper decision and fought in London for nothing. But he's a long way from through yet.

* * * *

**THE CRITICS.**

A few critics of Wednesday night's boxing card rather deplored the fact that the main bout didn't last longer. That it didn't was a tribute to the honesty of the game. Clements had been touted as a contender from the west, and Ryan, who has the world's championship in sight, wasn't taking any chances. It would have been an easy matter for Ryan to have arranged to carry Clements for so many rounds, but the days of those things are past in boxing. For one thing, there is too much distrust between the boxers themselves, and then again the managers and fighters have both begun to realize that the public can only be fooled once in a while.

However, the card proved that international stars, no matter how sincere, have no more attraction than third-rate boxers in London. Ryan, who does not need to look for bouts unless guaranteed $700 at least, and who usually works at $1,500 and $2,000 prices, added London to his knowledge of geography, even if he didn't add a cent to his bank roll.

* * * *

**THE SILVER LINING.**

The fact that rain interfered and stopped a game between Hamilton and Tecs will work to the advantage of the Londoners, as unless Hamilton sweeps the series this week, the crucial games will be played here. Home grounds shouldn't mean a lot to professional baseball players, but actually they do.

* * * *

**A REDUCED MINT.**

Whereas a few months ago, it seemed that the Mint must break up, sentiment seems to be swinging in favor of an International circuit, somewhat expanded as to clubs, but reduced in classification. Several cities over in the Michigan end of the Mint, formerly in the old Southern Michigan league, and later in the Central league, such as Lansing, are ready for professional baseball again, but not Class B. Hamilton and London are still in the ring as far as professional baseball goes, but not in line for Class B. An eight-club Class D league could operate very nicely in Michigan and Ontario.

## All Arrangements Are Made for Meet

### School Athletes Will Compete at "U" Oval Tomorrow.

The final arrangements for the track and field meet at the University of Western Ontario oval of public and secondary schools in the Wossa area have been completed, and while the meet seems limited in numbers, it is believed it will make up in quality what it lacks in quantity.

Things to remember are:

Numbers will be given out at the University track training quarters between 11:30 and 12:30 Saturday.

No athlete can compete without a number.

The meet will commence promptly at one o'clock.

Those desiring lunch may obtain same at the University cafeteria, and will thus be able to face the starter on time.

### Bonny Unko Takes Headline Attraction in Straight Heats.

The 2:10 pace was the feature of the race card at the Western Fair oval in the program and in actual performance yesterday. The first quarter was reeled off at :31½, the half at 1:04, and the next in :38¼, but after that Bonny Unko had the race well in hand, Gentry Lad and Hazel Direct making a driving finish for second money.

## CLEVELAND APPLIES FOR BERTH IN N.H.L.

### New York, Boston, Pittsburg and Cleveland Would Give U. S. Four Clubs.

Canadian Press Despatch.

Montreal, Sept. 17.—It was learned from an authoritative source today that an application for a franchise from Cleveland, Ohio, would be presented at next week's meeting of the National Hockey League in New York. Joe Cattarinich, one of the owners of the Canadian Hockey club, it was stated, has been asked to represent the Cleveland, Ohio, interest. With New York and Boston already members and the Pittsburg club's first payment said to be already in the hands of Frank Calder, president of the National Hockey League, the coming of Cleveland would give the United States four clubs.

It is said that the American interests will be closely allied and that a Big Four is already being planned should either Pittsburg of Cleveland be refused admittance. Lionel Conacher will manage Pittsburg while Odie Cleghorn has been recommended by Joe Cattarinich to handle the Cleveland club.

### Johnston and Richards Remove Remaining Foreign Threats.

### IS 44TH TOURNEY

Associated Press Despatch.

Forest Hills, N. Y., Sept. 17.—The "big four" of United States tennis, the quartet which has kept this country at the top of the international heap for six successive years, will fight it out for the national singles title of 1925.

This was determined today when the four U. S. Davis cup aces—William T. Tilden, William M. Johnston, R. Norris Williams and Vincent Richards—emerged as sole survivors of the international field which started battling on the courts of the West Side tennis club this week in the 44th annual championship tournament.

Johnston and Richards, in today's outstanding matches, removed the last two foreign threats from the tournament, the latter taking the measure of Rene Lacoste, French holder of the Wimbledon title, 6—4, 6—3, 6—3, while Johnston was extended to four sets to down Manuel Alonso, Spanish Davis cup ace, 6—3, 6—8, 6—1, 6—2, in the most brilliantly fought encounter of the afternoon.

## WATERLOO BOWLERS ANNEX COOKE TROPHY

### Dahmer and Schlausser Win by 15-8 Score in Finals.

Special to The Advertiser.

Guelph, Sept. 17.—The veteran trundler Jack Dahmer of Waterloo, and his partner, Eddie Schlausser, captured the Cooke trophy at the annual doubles tournament, concluded here tonight, under the auspices of the Guelph lawn bowling club. The runners-up, Herb. C. Steele and Duncan McColl, faded in the final, and the final tally saw Dahmer 7 shots up in a 15-8 score.

The Guelph pair made several strong bids to take the lead toward the end, but the Waterloo couple were equal to the occasion. Besides the silverware, Dahmer and his partner each won a cabinet of silver, while Herb. Steele and Dunc McColl were winners of carving sets. Joe Darwin and C. Schultz of Hespeler trimmed R. F. Robertson and W. Williams of Toronto in the second event 10 to 9. Both winners and runners-up in this event were awarded electric heaters. Geo. L. Bush and Professor W. G. Blackwood will battle with Lou Watt and George McPherson in the final of the consolation contest some time tonight.

## Hermitage Nine Evens Up Series

London Hermits last night defeated the Woodstock softball team by a score of 10 to 9 in an Ontario play-off game at the Federal Square. The game was the second of the play-off to determine the champions of Western Ontario. The aggregation from the Wagon City defeated the Hermits in Woodstock in the first game of the series, which was to have been two, but since each team has won one game, it was decided to toss for the home-team honors for the next game. It will be played in Woodstock on Monday.

Maylott put in a plucky game for the winners, although suffering from a sprained tendon in his leg.

# Canadian Women Advance To Best Jump Off For First Championship Since 1919

## One Lone American Left In Canadian Golf Open

### Miss McKenzie, 1919 Champ, With Mrs. Fraser, Canadian by Marriage, Favored.

### MRS. HURD LOSES

Canadian Press Despatch.

Ottawa, Sept. 17.—As a result of the third round matches of the twentieth Canadian ladies' open golf championship today, Canada is in a better position to secure the title than since it was last won by a Canadian in 1919 by Miss Ada MacKenzie of Mississauga. Before today's play commenced Canada and the United States were on even terms, as far as numerical strength was concerned, with four representatives each, but when the smoke of battle cleared away late this afternoon—and the third round produced battles—Canada had three players in the semi-finals to a lone American. Judging from the previous form of the survivors, Canada should occupy both places in the final on Saturday.

That the United States and Canada would each have at least one player in the semi-final was assured by the fact that in one of today's matches Americans were paired, while in another two Canadians, both members of the Royal Ottawa club, were opposed to one another, but in the other two matches Americans of high rating were bracketed with Canadian, and it was in both of these matches that the dominion representatives came through, but not until after stirring struggles.

Tomorrow's semi-finals will find Mrs. W. G. Fraser of the Royal Ottawa club opposing Mrs. Edward Baker of Boston, and the two Toronto rivals, Mrs. F. J. Mulqueen of the Toronto golf club and Miss Ada MacKenzie of Mississauga, battling for a place in the final match. Mrs. Fraser advanced at the expense of a clubmate, Mrs. Maude Ross, but not until the latter had produced an unexpected strong game, in which she made a stirring finish, to lose 2 and 1. Mrs. Baker of Boston, who came with little reputation, eliminated a fellow-countrywoman, Mrs. F. C. Letts of Lake Forest, 4 and 3, and while the result was somewhat of a surprise to the casual members of the gallery, it was expected by those who have followed the two players during the previous three days. Mrs. Letts has not been on her game this week, and she did not produce the form expected of her, although Mrs. Baker played exceptionally good golf, particularly in her short game.

The two matches that attracted the most interest today were those which were of an international nature, two Toronto ladies opposing two from across the international boundary, and in both the Canadians won, Mrs. Mulqueen defeating Mrs. Dorothy Campbell-Hurd of Philadelphia, American champion and three times winner of the Canadian title, 3 and 1, while Miss Ada MacKenzie of Mississauga eliminated Mrs. Stewart Manley of Detroit, Michigan state champion, 2 up. To many both these matches were surprises, but on the play both were well deserved.

The draw for the semi-final matches tomorrow follows:

2 p.m.—Mrs. W. G. Fraser, Royal Ottawa, vs. Mrs. E. Baker, Boston.

2:05 p.m.—Mrs. F. J. Mulqueen, Toronto G. C., vs. Miss Ada Mackenzie, Mississauga.

**Championship Consolation Semi-Finals**

10:30 a.m.—Mrs. C. C. Ronalds, Mount Bruno, vs. Miss Alice D. Clifton, Buffalo.

10.40 a.m.—Mrs. Irene Brydges, Winnipeg, vs. Miss Evelyn Mills, York Downs.

**First Flight Final.**

10:30 a.m.—Miss Margaret Walsh, Toronto golf club, vs. Miss Edythe Brownlee, Rivermead.

## HOBBS AND PARKER BEST CRICKETERS

### Yorkshire Producers Champion Team For Fourteenth Time.

London, Sept. 17.—For the fourth consecutive season and the fourteenth time, Yorkshire is the champion county, the first class cricket averages for this season show. Jack Hobbs, by a big margin, is the leading batsman, and Charles Parker of Gloucester the best bowler. Hobbs scored 3,024 runs during the summer.

This year marks the fourteenth time in 32 years that Yorkshire has produced the champion county team. With the exception of Nottinghamshire, which has displaced Gloucestershire, the six leading counties this year are the same as last, though their respective positions have changed, Middlesex dropping from second to sixth, and Surrey and Lancashire respectively moving up to second and third place. Nottinghamshire is fourth (seventh last year, and Kent fifth (unchanged).

# RAILROAD SHARES IN GOOD DEMAND

## Atlantic Coast Line Stock Advances 4 Points on Wall Street.

Associated Press Despatch.

New York, Sept. 18.—(Wall Street, Noon).—Buying orders flowed into the market for railroad shares on a large scale with the southern, southwestern and anthracite coal issues rising vigorously. Atlantic Coast Line jumped 4 points to a new high figure for the year at 200⅞ and St. Louis Southwestern, Seaboard Air Line, common and preferred, Rock Island, New York Central, Norfolk and Western, and Delaware, Lackawanna and Western improved 2 to 2¾. Western Union extended its rise to 6 points and Detroit Edison to 14½. Nash Motors climbed 7 points to 475, a new high figure. Famous Players was depressed 2 points. The renewal rate on call loans was lowered to 3½ per cent.

Stock prices continued to move to higher ground, with the rails assuming the leadership of the advance when some of the industrials showed signs of faltering on profit-taking. Marking up of the call money rate from 3½ to 4 per cent, and thence to 4½ per cent, failed to dampen the enthusiasm of the pools, who continued to bid up their favorites in aggressive fashion. The heavy demand for the rails was in anticipation of excellent August earnings statements, which appears to be justified in view of the unprecedented freight traffic that month. There were a few outstanding exceptions to the general upward trend. Pullman losing about half of its 13-point gain of yesterday. General Railway Signal falling back 3 points, and New York Air Brake issues crumbling to new low levels for the year on unfavorable dividend rumors. The so-called "rich men's stocks" were again buoyant, with a jump of over 5 points, with United States Cast Iron Pipe as one of the last features.

### SOUTHERN CANADA POWER HAD FINE YEAR.

Those investors who have been following the monthly earnings and expenses of Southern Canada Power naturally expect that the annual report, shortly to be issued, will make very fine reading, notwithstanding that its new development of Hemmings Falls was only put into operation a short time before the close of the fiscal year, and consequently its effects on the earnings cannot be fully shown for another year.

With the completion of its new 36,000-horsepower plant at Hemmings Falls the company is in a very strong position. This enables it to wipe out the item of "Purchased Power," which it has had to obtain from outside sources to meet the demand, and the elimination of this should react favorably upon earnings. The company has also signed a contract for the delivery of 10,000-horsepower from this new plant to Shawinigan.

### CHICAGO

Associated Press Despatch.

Chicago, Sept. 18.—Wheat prices underwent a sag during the early dealings today, and showed but little power to rally. There was an absence of the aggressive eastern buying which has been conspicuous of late. Furthermore, houses with northwestern connections were fairly active sellers, and reports were current that the new crop in Alberta was turning out to be the largest the province has ever had. Chicago opening prices, ⅞c off to ¼c up, were followed by something of a reaction, but then by fresh down turns.

Corn and oats, as well as wheat, lacked support. Recent ideal weather for the maturing of corn was a factor. After opening at 1¼c to ½c decline, corn held near to the initial range.

Oats started unchanged to ¼c higher. Later the market receded all around to below yesterday's finish.

### MONTREAL.

Canadian Press Despatch.

Montreal, Sept. 17.—The foreign demand for Manitoba spring wheat here continues to be of an indifferent character, according to exporters, which they attribute to the liberal offerings being made for shipment in all positions, and no business of importance was reported. There was some inquiry for oats and barley, and as the prices bid for the latter were satisfactory, sales of a few odd loads were made for November shipment.

The trade on spot cash grain was slow and the market quiet. Sales of odd loads of No. 3 barley were made early in the day at 77c per bushel. The tone of the market for Ontario and Quebec oats was firm, owing to the much smaller offerings from the country, and sales of odd cars of No. 2 white were made at 51c to 51¼c and No. 3 white at 48½c to 49c per bushel ex-track. Ontario malting barley was dull and unchanged at 83c per bushel, ex-track.

Canadian western oats were quoted at 64¼c for No. 2, 57½c for No. 3, and 57½c for extra No. 1 feed.

# BRAZILIAN AGAIN LEADS MONTREAL

## Abitibi Furnished Trading of Over 1,100 Shares With Strong Tone.

Canadian Press Despatch.

Montreal, Sept. 18.—A steadier tone prevailed on the Montreal stock exchange this morning. Brazilian again furnished the largest turnover, but Abitibi was nearly as active. The market as a whole was quieter than it has been for some time. Brazilian fluctuated between 73⅜, the opening figure, and 73, and was off ⅞ at the latter price when the morning session ended.

Abitibi furnished trading in over 1,100 shares, and displayed a strong tone. After opening 1½ points higher at 66½, it advanced to 68 and closed the morning session at 67⅛, up 2¼ points. Other paper stocks, while not nearly so active, also displayed a firmer tone.

Canada Steamships preferred was comparatively dull, but held firm at 54, up ¼, while the common advanced a point to 13. Shawinigan recovered 2½ points to 163, following yesterday's sharp reaction, and the rights moved up ¼ to 3.

A notable advance was that of Mackay common to 133, up 3. Penmans rose 1 point to 164, and Western Grocers preferred also moved up a point to 46, the common remaining unchanged at 11½.

# Being Polite Costs Liberty

## Detective Finds Men Who Came to Aid Were Ones He Wanted.

Associated Press Despatch.

New York, Sept. 18.—Politeness yesterday cost two men their freedom in Brooklyn. Walker Biggin and Jasper Hudson, alleged burglars, rushed to the assistance of Detecitve Philip Waag when he slipped on the wet pavement and fell.

"Thank you, gentlemen," replied Waag, as he was lifted to his feet. He looked at his two benefactors and gasped.

"I don't want to be rude to you lads after helping me but you both had better hold up your hands," said the officer. "I've been looking all over for you on burglary charges."

### BELIEVED PENNILESS, FOUND WORTH $40,000

Canadian Press Despatch.

Hamilton, Sept. 18.—Believed for years to be in very poor circumstances, Harry Etherington, aged 65, recently admitted to St. Peter's infirmary, has been found to possess nearly $40,000 in bonds, according to the administrators of his affairs. For 35 years he has been an odd job tailor in Dundas and lived in rooms. He was found not long ago praying on the edge of the town bridge and it was thought he was suffering with religious mania. He was removed to the Ontario hospital and was later befriended by Archdeacon Mackintosh and removed to a home.

### BARN IS DESTROYED DURING NIGHT'S STORM

Canadian Press Despatch.

Brantford, Sept. 18.—The electrical storm which struck this vicinity overnight was the most severe of the year, but the only big damage reported was the destruction of the barn of Thomas Amy, near Burford.

The loss included 1,400 bushels of grain, 40 tons of hay, one cow, 11 pigs and much of the farm machinery. Insurance of nearly ten thousand dollars will not cover the loss. He was similarly burned out in 1898.

Hail stones as large as peanuts fell within the city.

### LIGHTNING HITS FACTORY.

St. Catharines, Sept. 18.—The heaviest electrical storm of the season visited this section between 3 and 5 o'clock this morning. The rainfall was 1.14 inches. During the storm fire broke out at the plant of the J. H. Williams Company, but was not caused by lightning. The damage to the factory was kept under $1,000.

No serious loss to the fruit crop is anticipated.

# DUMBELLS PLAY FOR KIWANIANS

## Capt. Plunkett Relates History of Soldier Players' Organization.

Selections by the Dumbells' orchestra and songs by Capt. Plunkett, Al Plunkett and Stan "Archibald" Bennett were offered for the entertainment of the Kiwanians at their noon luncheon today. The selections of the orchestra, particularly the modernized foxtrot version of Faust, were given rounds of applause. Howard Fogg, the leader, is a newcomer to the Dumbells and was introduced to the Kiwanians. Al Plunkett related in song his experiences with girls who always say no, adding one verse composed for the occasion. The yawning song of Capt. Plunkett was another feature, but Stan Bennett, with his drawl, was the real hit.

At the conclusion of the program, Capt. Plunkett told the history of the Dumbells, commencing in France, when the command allotted twelve men from each division to him for entertainment purposes. The need for some sort of entertainment for the men was as real as that for ammunition, said Capt. Plunkett. He related how difficult it was to get men with ability, and to train them with inadequate facilities and practically no theatrical equipment. In spite of all, though, the show won its reputation on merit, and after one night in a London, England, theatre, they were offered an engagement of forty weeks. During the seven years they have been touring Canada they have met with greater success each season, said Capt. Plunkett.

He referred to the antagonism between church and theatre, and said that if each was properly conducted there would be none. Both were essential. These remarks won the approval of Col. William Beattie.

At the conclusion of his address, Capt. Plunkett was presented with a fountain pen, with the Kiwanis emblem on it. Arthur Ford made the presentation.

The London delegates to the district convention at Ottawa next week will go instructed to invite the 1926 convention here. There was some discussion on this, many feeling that until the new hotel was built it would be best to let some other city have the convention. A vote was taken on the matter, and the convention will be invited for 1926.

# NEW VOTERS' LISTS ARE BEING PREPARED

## Separate Lists For Municipal and Federal Elections Required.

Conclusion of work by the city clerk's staff on the new parliamentary voters' lists today marked a start on the new municipal lists. The two elections will come scarcely a month apart, but separate lists are required by statute.

In order to avoid confusion and disappointment City Clerk Baker urged that citizens pay close attention to both lists. Application for revision of one list does not affect the other, as the two lists are handled by different authorities.

## RUM-RUNNERS USE GIRL AS SHIELD AT BORDER

Associated Press Despatch.

New York, Sept. 18.—Accepting the invitation of three strange men to go for an automobile ride in Montreal, Simone Lebrun, 15 years of age, who gave her address as 1112 Boulevard Gouin, Bordeaux, was carried all the way to New York and then deserted by her companions. She was unharmed. Police believe the men were rum-runners and they used the presence of the girl in the car to distract the attention of the federal guards as to the real use of the speedy sedan in which they travelled.

The girl was found wandering about upper Fifth avenue by a patrolman at dawn this morning.

## HARDWARE STORE ROBBED.

Canadian Press Despatch.

St. Catharines, Sept. 18. — The hardware store of Frank Hayes at Smithville was robbed last night of goods valued at $600, including a radio set, flashlights and a quantity of ammunition.

A car stolen at Cayuga yesterday is believed by the county police to have been used in the robbery.

JACK SAUNDERS,
Ex-pugilist, mission worker and soloist, who has arranged to deliver a series of addresses of a radical type at the Pentecostal assembly hall here. The lectures begin on Sunday and continue for four weeks.

# BREWER GUILTY OF THEFT; NOT SENTENCED

Continued From Page One.

for two years, and appeared to conduct himself well until a certain man, known to the police, started to cash checks without sufficient funds in the bank. Brewer paid over the money and continued to do so in the expectation, and promise, probably, that the full amount of shortages would eventually be paid back.

"Brewer has been living within his means, I find, and I don't think the man has received a copper of the money. It has all gone to the other party involved, and that man will be apprehended shortly.

"The shortage amounts to $7,133.16, more or less, but, according to the inspectors, there may be further shortages that can never be traced."

**Received Nothing Himself.**

"Brewer has had no previous criminal record," Mr. Curran stated, in pleading for leniency. "His character and reputation up to now has been of the best.

"A man came to Brewer when he was teller in the bank and asked for an overdraft, promising to pay the money back," Mr. Curran continued, in explaining Brewer's implication in the theft. "It was paid, and later when there was no return of the money, Brewer insisted that the amount be paid up, but the man held off and continued to do so. Brewer got himself in deeper when he gave the man more money to recoup himself.

"Brewer resigned from the bank a week before his arrest and could have escaped custody. He tried to explain and even assisted the bank inspectors of his own volition in checking up the accounts. I don't think this is a case for penitentiary sentence. Restitution in this case has been impossible, for Brewer didn't receive any money himself and is in poor circumstances anyway."

Thirty-one letters from Brewer's friends at home and in the city, all testifying to his previous good character, were presented to the court by Mr. Curran, who asked that the prisoner, at Mr. Graydon's discretion, be given the benefit of any chance.

"There is no explanation as to what impelled Brewer to commit the offence and I cannot look upon it as one that can be treated lightly," the court declared. "Even if Brewer did not receive the stolen money, it does not mitigate the offence."

Mr. Graydon volunteered to impose sentence this morning, but upon Brewer's personal request sentence was deferred until Monday.

## LONDON TOWNSHIP FARMER HELD ON SERIOUS CHARGE

Charles J. Langridge, London township farmer, who appeared a week ago in county police court charged with a serious offence, was remanded to jail for another week, when he appeared before County Magistrate Hawkshaw this morning. The court told the prisoner that Crown Attorney Judd was not quite prepared to go on with his case.

Langridge was arrested near Regina several weeks ago by Saskatchewan provincial police, and held by them until the arrival of Provincial Constable Mennie, who brought the prisoner to London.

# HIGH COAL PRICE CUTS SHIPMENTS

## Shortage Unlikely, However, Woodstock Dealers Think —Strike Blamed.

**Special to The Advertiser.**

Woodstock, Sept. 17.—No hard coal is coming into Woodstock, it was announced today by local dealers, owing to the excessively high prices being asked for anthracite by the large companies. Many dealers report having well-filled bins at the present time, but all state that the hard coal shipments will not be resumed until the Pennsylvania coal strike has been settled.

There is no great haste on the part of Woodstock residents to secure coal, and coal dealers here are confident that the present shortage of anthracite will be remedied within a few weeks.

**Veterans Enthusiastic.**

A note of new enthusiasm for the further development of the local branch of the G. W. V. A. as a branch of the proposed Canadian Legion of Veterans was prevalent at a meeting of the organization, when Capt. J. G. Spencer was elected president of the branch.

The following officers were elected: Honorary presidents: Lt.-Col. McMullen, Lieut.-Col. Sutherland, Lieut.-Col. Mackay and Major the Rev. Canon Appleyard; president, Capt. J. G. Spencer; vice-president, Harry Llewellyn; secretary-treasurer, E. P. Lowman; executive committee, H. Robottom, Tom Brickwood, S. Hemmings, J. Payne, R. Franklin and F. Bottoms; parade marshals, S. Hemmings and Geo. Couch.

The first step toward removing the equipment, tracks and wires of the Woodstock, Ingersoll and Thames Valley Railway Company from the streets of Woodstock took place today, when gangs of men were put to work on the east-end tracks along Dundas street.

# NEAR GOES BY MOTOR TO GOOD ROADS PARLEY

## Will Take Opportunity of Viewing Bridges on Way to Quebec.

W. P. Near, city engineer, leaves tonight by motor for the city of Quebec, where he will attend the annual convention of the Canadian Good Roads association. Mr. Near will motor through New York state to Quebec, and return along the north shore of Lake Erie.

The city engineer is especially interested in viewing a number of new bridges along the route, in order that substantial recommendation can be made to the council on his return.

With a new bridge for Ridout street in the offing, the city is anxious to secure plans for an economical structure that will adequately meet the needs of the city for the present as well as the future.

No recommendation on a new Ridout street bridge will be ready for the board of works next Tuesday, but the following week, when a regular session is scheduled, plans will likely be ready.

## BALLOT BOXES GOT READY FOR FEDERAL ELECTION

There was a great deal of clinking accompanied by hurried footsteps in the court house main corridor this morning. Chains rattled and doors banged. At the least it could be nothing but a jail delivery, newspapermen fervently hoped.

The clatter and the banging kept up for 20 minutes. It was produced by a truckload of city ballot boxes being removed from the top floor of the court house to do duty in the coming federal election. Half a dozen prisoners at the jail acted as carrier boys, and seemed to take a great deal of delight in rattling the tin boxes.

## CLOSE WATCH KEPT FOR VISIT FROM SANSONE

Police do not expect that Sylvadore Sansone, who escaped from the Wellington county jail at Guelph on Wednesday afternoon, will make any attempt to visit his home in London. A close watch is being kept, however, on the off chance that he may decide to take a chance and come back to London to hide for a time.

Sansone was being held in Guelph jail on a charge of breaking parole following a term in the Ontario reformatory. He was apprehended in London last August and while in the reformatory once more endeavored to saw his way to freedom.

## BUSINESS STIMULATED BY WESTERN FAIR CROWDS

London reports to Bradstreet's say that business here is being stimulated considerably by the crowds visiting the Western Fair. On Wednesday it is estimated that there were some 50,000 people in attendance which is an indication of the success the fair is meeting with. Many visitors are coming in from out of town which means a considerable increase in the business being done at hotels and restaurants while at the same time sales at retail stores are being stimulated considerably.

The general business outlook is very favorable owing to the good agricultural conditions. Farmers generally speaking have had a good year between the grain crops and the favorable prices, while the high level of hog values has also been beneficial. The industrial situation remains fairly favorable. Collections are being met with fair promptness.

## BABY SON OF MRS. E. LINK DIES AT DELAWARE HOME

Carman Sidney Link, infant son of Mr. and Mrs. Edward Link of Delaware, died this morning at the family residence at Delaware.

Besides his parents, he is survived by one brother, Wilbert, and three sisters, Edith, Eva and Dorothy.

The funeral will be held tomorrow afternoon at 3 o'clock from the family residence to Oakland cemetery, where interment will be made.

# FAIR EXPANSION PRACTICALLY SURE

Continued From Page One.

necessity of children's day on Monday to start the fair off in a big way and to enable the children to take advantage of Johnny Jones' offer of free admission to the midway shows on that day and for the necessity of selling the fair to the people of Western Ontario to an even greater degree that, with automobiles, the fair may have three days with an attendance running as high as 60,000 or 75,000 people each day.

J. H. Saunders, president, speaking at the directors' meeting, in thanking the directors for their hearty co-operation in making such a success of this year's Fair, commented upon the goodwill and good feeling of both exhibitors and visitors at the Fair this year, a feeling stronger and more general this year than any year since the inauguration of the Fair 58 years ago.

**Finances O. K.**

"With the record attendance on Farmers' Day and with the almost equally large attendance yesterday," observed Mr. Saunders, "I feel satisfied that we are going to come out on the right side of the ledger this year, and this in spite of the fact that we had one or two bad days and heavy expenditures in spending $3,000 on the brick fronts to the livestock sheds, $5,000 on the reseating of the north open grandstand, and a considerable sum on the installation and operation of the new flood lights for the grandstand at night.

"Both Mr. Martin and H. S. Arkell, dominion live stock commissioner, expressed their pleasure when visiting the Fair," concluded Mr. Saunders, "and they promised to lend us every assistance in their power in making the Fair better and better as year follows year."

A. E. Warren, Montreal, newly-appointed general manager of the Canadian National Railways, and R. H. Fish, Toronto, general superintendent, headed a party of C. N. R. officials at the Fair today as the guests of the directors at luncheon and later on a tour of the grounds.

Speaking briefly at the noon luncheon, Mr. Warren and Mr. Fish congratulated the directors upon the exhibits and also upon the endorsation and support accorded the board by the people of London and Western Ontario in attending in such large numbers. The C. N. R. officials were even more enthusiastic concerning the Fair than were the Canadian Pacific Railway officials, who visited the Fair yesterday.

Others who were in C. N. R. party were the following: J. B. MacLaren, comptroller; F. E. D. McDowell, publicity representative; C. Norman, superintendent of the Canadian National Express; F. R. Porter, foreign freight agent; R. J. S. Weatherston, freight agent; C. R. Moore, superintendent of transportation; F. J. Butler, treasurer; J. C. Garden, general superintendent of motive power; T. T. Irving, chief engineer; L. L. Gray, general baggage agent; H. C. Bourlier, general passenger agent; Charles Forrester, divisional superintendent here, and Stuart Munro, local freight agent.

Ald. Harry Bottrill, director, was accorded a vote of thanks by the directors for his services as auctioneer of the butter and cheese in the dairy building this morning. This motion was proposed by Mr. Silverwood, who incidentally lost money in buying some of the products because of Mr. Bottrill's superior salesmanship.

The report of the committee chairmen of buildings on awards of gold, silver and bronze medals diplomas, was adopted as presented. The list is a formidable one, indicating as it does merit in the different exhibits by the same exhibitors from year to year.

**Simcoe Riders.**

Miss Lucy Trafford, Simcoe, riding G. A. P. Brickenden's horses, supplied the prettiest bit of color and clever horsemanship in the hunting and jumping ring during the afternoon. Miss Margaret Boultbee and Miss Barbara Boultbee, twin sisters, Simcoe, also riding G. A. P. Brickenden's horses, won deserved applause for their work.

Marshal Cleland, thirteen-year-old son of W. B. Cleland, Troy, Ont., as on Wednesday, scored heavily with his riding of Black Prince, which horse, incidentally, was tied with Bucephalus, champion jumper of the Royal Canadian Dragoons, Toronto, for the all-round jumping championship at the Canadian National Exhibition this year. Black Prince, with young Cleland up in each instance took first in the handy hunters, open to all over a special course; third in the medium weight hunter class, and fifth in the jumping class, open to all, touch and out jumps up to five feet.

Rob Roy, with his owner, G. A. P. Brickenden up, took first in the saddle-horse class, 15 hands and over, while Black Mask, Smallman's Medway Farms, with Tom Smallman up, took first for medium weight hunters, and first in jumping, open to all.

Clinker, Smallman's Medway Farms, Tom Smith, professional, up, took a bad fall at the final jump in the hunting class, open only to horses that had never won a hunting or jumping class. Fortunately, however, the rider was uninjured.

**Judges Complimented.**

Compliments have been heard on all sides, from George McCormick, director, from Magistrate A. H. M. Graydon, horseman, and W. B. Cleland, Troy, horseman, concerning the excellent work of Hugh Darroch, Listowel, as judge of the hunting and jumping horses at the fair this year. Mr. Darroch, who was formerly buyer for Kidd Bros., Listowel, and manager for the National Cash Register Company's string of horses at Toledo, Ohio, is believed to be the fairest and most capable judge ever to have stepped in the jumping ring at the fair.

Roy Brothers, Stratford, starter for the races, was enthusiastic over the 2:10 pace, won by Bonnie Unko, John Fraser, Morpeth, in straight heats, as being one of the fastest races, considering the condition of the track, which was three seconds slower, ever run off at the fair.

Wm. Brino, Cummings & Martin, Chatham, finally won the 2:20 pace after five heats. Min Hanly, A. Hanly, Lancaster, took two heats in this race, while Oliver Peter, G. S. Litt, Mitchell, managed to take one heat, thereby prolonging the race.

Roy Grattan, L. Fraser, Forest, maintained the reputation of Grattan horses by taking three straight heats to win the 2:30 pace.

# COMMUNIST M. P. DROPS U. S. VISIT

## Saklatvala Denies Intention of Preaching Anarchy in America.

Associated Press Despatch.

London, Sept. 17.—Shapurji Saklatvala, communist member of parliament, and one of the delegates to the inter-parliamentary union which is to meet at Washington next month, learned today that he had been refused permission to enter the United States. He was notified by the United States consular officials in London, by order of Secretary of State Kellogg, that his visa to visit Washington had been revoked. He thereupon wrote to the United States consul-general complaining of the "arbitrariness" of Secretary Kellogg's action, and gave out a number of statements on the injustice of his treatment. Nothing was said, however, as to whether or not he will journey to Canada to attend the Union's congress when it sits in Ottawa. Mr. Saklatvala is being urged by his communist friends to defy the Kellogg ban, but he appears to have no such intention. Discussing the matter tonight, he maintained that the correct attitude for the United States would have been to appeal to the central board of the inter-parliamentary union. He declared himself positive that "British Tory influence" was behind the whole thing, and characterized Secretary Kellogg's argument as "stupid."

"But," he added, "I shall not go to America now. In fact, I have cancelled my cabin on the boat."

In effect, Mr. Saklatvala says, he will place himself at the disposal of the United States people, if they care to invite him, expressing it thus:

"I believe the whole issue requires to be thought out more by the inter-parliamentary union itself than by me. I decline to believe that America is full of Kelloggs; therefore, I must give the American public a chance to assert itself."

Saklatvala has sent protests to Secretary Kellogg and Senator William McKinley, secretary of the United States group in the inter-parliamentary union, maintaining that there is "not a word of truth" in the reports that he intended to preach anarchy in the United States.

# TWO SMALL BLAZES BREAK OUT AT FAIR

## Extinguished With Little Loss —Firemen Have Easy Time.

The fire fighters stationed at Queen's park this week are having what they describe as an easy time. Only twice during the fair has the apparatus been called upon to put out a fire.

Both these blazes started in the Crystal Palace from matches or cigarettes dropped on the floor or in small rubbish piles, which accumulate in the corners as the crowds throw away folders and leaflets.

Firemen in charge of the apparatus at Western state that if the directors are able to rejuvenate the Crystal Palace and the remainder of the live stock buildings before another year the fire risk during fair week will be reduced to a minimum.

## DAYLIGHT SAVING ENDS IN TORONTO SATURDAY

Railway officials pointed out this morning that Londoners leaving for the Queen city bear in mind the difference in Toronto time in planning trips.

Short run trains out of Toronto that have been running on daylight saving time will go back to eastern standard with the city, said C. P. R. officials this morning.

# MERCHANTS', CITIZENS' CLUB FACES LOTTERY CHARGE

## Chatham Judge Reseres Judgment in Case Against Plan Sponsor.

## 34 MEMBERS

## Thousands of Residents Have Signed Tickets For Draw of Prizes.

**Special to The Advertiser.**

Chatham, Sept. 17.—Judge Ward Stanworth, in county criminal court today, reserved his judgment in an interesting prosecution of F. C. Roderick, proprietor of the Roderick Advertising Sales, and A. C. Dale, on charges of conducting a lottery. They were alleged to have promoted a customers' club in Chatham, with the co-operation of 34 local merchants, whereby tickets were distributed by the latter for every dollar spent or collected in their stores.

The club was organized to boost business and aid collection of accounts. There was to be a draw, with seven prizes, including a motor car, a kitchen range, a radio and other less expensive articles.

The prosecution charged that the scheme was a lottery. The defence was that the buying public, by signing their names to the tickets and depositing them in a box, became members of the customers' club, with "an undivided interest in the property of the club," which could be disposed of by "lot or chance." Protection was claimed under subsection 6 of section 236 of the code.

Crown Attorney Smith argued that the promoters were liable, in that they had sold the tickets to the merchants, which they subsequently distributed. He claimed that the scheme was one of "clever lawyers to avoid the lottery act."

Many thousands of tickets have been signed and deposited in boxes since the scheme was started several weeks ago, and the decision of the county judge is being awaited with much interest.

# BRANT WOMAN KILLED AS CAR DROPS 25 FEET

## Glaring Lights Blind Driver and Car Crashes Through Bridge.

Canadian Press Despatch.

Brantford, Sept. 17. — Mrs. Harry Lowe, Brantford, was instantly killed, while her husband and four children are in the hospital here, seriously injured, as a result of an automobile accident here this evening. They were motoring south on the Cockshutt road when the car left the road at a bridge, smashed through a fence, dropped 25 feet to the low ground beneath, making a complete turnover and landing on its wheels. ## ONLY ONE DRUNK ARRESTED BY POLICE AT FAIR GROUNDS

License Inspector Walter Bolton, who has made it a point to be present on the Western Fair grounds some time during the day, states that out of the thousands of visitors to the Fair only one man has been arrested for intoxication.

"It is a wonderful record, for which the city and Western Ontario as a whole may well be proud," said Inspector Bolton.

## FORMAL CHARGES FILED AGAINST MAJOR-GEN. HART

Washington, Sept. 18. — Formal charges have been filed at the war department against Major-General William H. Hart, the quartermaster-general, by his predecessor, Major-General Harry L. Rogers, retired.

The allegations revolve around the conduct of General Hart prior to and in connection with his appointment to succeed Rogers. The war department today declined to go beyond admitting that charges had been received from General Rogers. They did not indicate what steps had been taken to investigate the allegations.

General Hart was selected by Secretary Weeks to succeed General Rogers as quartermaster-general. He was then a colonel in charge of the quartermaster's intermediate depot in New York and was general superintendent of the army transport service out of that port.

## DEATH OF A. CAFARELLA.

Antonio Cafarella, for five years a resident of this city, died last night at his home, 715½ Adelaide street.

Besides his widow, Annetta, he is survived by one son, Antonio, of this city; three daughters, Mrs. Maneti of Hamilton, Mrs. P. Russo of New York city, and Miss Josephine at home, and one sister, Mrs. Marianna of Hamilton.

The funeral will be held from his residence on Monday morning, interment to be made in St. Peter's cemetery.

## LUXURY TAX ENFORCEMENT MAY BE EXPECTED HERE

Rigid enforcement of the tenets of the Ontario luxury tax act is expected, following receipt here of special instructions from the office of Provincial Treasurer Price. Yesterday a precedent was set in the Toronto police court, when E. W. Pearson, 1360 Queen street, a grocer, was fined $25 and costs for failure to affix necessary stamps to receipts for soft drink bottles sold.

Luxury tax officials gave evidence of neglect on the part of Pearson. He had first neglected to use the necessary stamps on receipts, and had also refused to purchase such stamps from the government agents.

The accused declared that he would appeal the case, but, when he was informed that in such case he would be assessed the maximum fine, he decided to abide by the judgment.

Instructions to prosecute all offenders under the act have been received here and delinquent restaurant men and grocers will be summoned for any breach brought to light.

## FAIR BOARD HANDS BOUQUET TO PAPERS

Verbal bouquets were proffered the London newspapers by the fair board this morning on the score of their part in making this year's fair a huge success.

"The papers have given us splendid support and co-operation, both editorially and in the news columns," declared A. E. Silverwood, chairman of the Manufacturers' Building, in moving a vote of thanks at this morning's meeting of the directors, "and they have contributed immeasurably to the success of the fair this year."

The motion was then carried, at the suggestion of J. H. Saunders, president, by a standing vote of the directors and a hearty round of applause.

# AUSTRIA AND ITALY BACK GT. BRITAIN

### Maintain Security Pact Takes Precedence Over Disarmament Conference.

Associated Press Despatch.

Geneva, Sept. 18.—Austria and Italy today backed Great Britain's opposition to the creation of a special league organization to prepare for a general disarmament conference. They took the stand that a disarmament conference should not be held until security was secured.

**FRANCE'S ATTITUDE.**

Associated Press Despatch.

Geneva, Sept. 18.—The address yesterday before the disarmament committee of the assembly of the League of Nations by Sir Cecil Hurst, Great Britain, in which he declared that it would be better to make haste slowly with regard to technical preparations for a general disarmament conference, has had its reaction upon the French delegates. This reaction may be summed up as follows:

"We wish to prepare for a general disarmament conference in all ways, both inside and outside of the League of Nations, so that when the psychological moment comes for calling the conference we will be ready.

"The question when the conference should be called ought to remain in the hands of the league council, as the subject is political and not technical. The league's much-abused commission of co-ordination, to which the task of preparing for a disarmament conference was assigned last year after the assembly voted the protocol, should continue the technical preparation which it has begun.

"France's superior war council and general staff already are prepared to furnish a permanent disarmament program. It is up to the other nations to do likewise."

This viewpoint was obtained from the best qualified spokesman of the French delegation.

The statement of Sir Cecil Hurst that it would be a great mistake to permit the impression to prevail that the millenium had arrived and that it would be better to go slow and leave the matter in the hands of the council of the league caused some talk among the delegates as indicating that the British idea possibly might be connected with the reputed desire of President Coolidge to have a disarmament conference convened in Washington.

It was the opinion of Sir Cecil that there should not be another failure by the league to bring about disarmament. He thought that all the nations should immediately begin through their war and navy departments technical preparation, and that an inventory should be made by them before calling the League of Nations to act.

# CABINET KEPT OUT OF SAKLATVALA CASE

### British Government Had No Part in Communist's Exclusion From U. S.

Associated Press Despatch.

London, Sept. 18.—It was officially denied today that the British government had any connection whatever with the exclusion from the United States of Shapurji Saklatvala, communist member of the house of commons.

(The passport visa for Mr. Saklatvala's visit to Washington as a member of the British delegation to the inter-parliamentary union conference was revoked on Wednesday by Secretary of State Kellogg.)

**WASHINGTON UNMOVED.**

Associated Press Despatch.

Washington, Sept. 18.—Protest and criticism of its action in denying admission to the United States of Shaparji Saklatvala, communist member of the British parliament, have brought no sign of yielding at the state department.

Despite the contention of Senator Borah of Idaho, chairman of the senate foreign relations committee, and others, that the utterances of Saklatvala, who sought admission to this country as a delegate to the inter-parliamentary union conference here next month, gave no adequate ground for his exclusion, department officials are satisfied that they do. They declared that the department will rigidly exclude hencefort any individuals who publicly support views favoring the overthrow of government by force.

# BALDWIN WILL AGAIN TACKLE WAGE DISPUTE

### Coal Mine Problem Will Be Put Up To Downing Street For Solution.

Associated Press Despatch.

London, Sept. 18.—The wage dispute between the coal mine operators and the miners, which only a few weeks ago threatened to culminate in a general strike, has been referred to Downing Street for mediation. During the last crisis Premier Baldwin averted trouble by guaranteeing a subsidy to the mine owners to enable them to continue paying the present wage of their workers for another nine months.

Now a different interpretation of this settlement has caused another disagreement. A meeting between government representatives and the operators and miners is deadlocked over an understanding of the terms of the agreement, and the miners have decided to take the matter to government headquarters.

It is understood that the miners allege that the owners are infringing on their agreement not to cut the wages of the men.

CHAPTER LXXI.

**Ann Takes a Hand.**

Julian Barton dropped in to see Ann the day after her engagement to Stephen Lane was blazoned forth in the society news.

"What's this I hear?" he demanded laughingly, when he had kissed her, after his habit. "So you take advantage of my absence, faithless one, to grab a millionaire? Now, if this were a story and not real life, the young hero would have found you waiting at the gate when he returned from carving his initials on the tablets of the great——"

"Stop it!" she commanded. "It's disrespectful to tease someone old enough to be your grandmother. I feel foolish enough being a bride, at my age, without some young whippersnapper pretending to make love to me. A fig for your devotion . . . Do you know this is the first time you've been to see me since you came back from London?"

He grinned ruefully.

"Don't scold! There hasn't been a moment that I haven't thought of you."

He dodged the book she launched at him, and went to the tea tray to help himself to cakes.

"Seriously, though," he said, as he munched them. "I've been confoundedly busy. I needn't have worried about practice, when I decided to come home. I'm up to my eyes in work already, had to turn down a lot of juicy cases."

"You're going to settle here permanently, then?"

"I suppose so, one place is as good as another."

His merry smile fled. Ann saw that there were new lines in his bronzed face. He didn't look particularly happy.

She gauged him for a moment silently. Then she said, bluntly:

"What's the matter between you and Madelon?"

He started, looked at her quickly, then averted his eyes. A slight flush rose to his tanned forehead.

"There is nothing whatever the matter between Mrs. Chandler and me. I have seen her only twice since my return."

"Fiddlesticks!" sniffed Ann. "Since when has she been 'Mrs. Chandler' to you?"

He answered steadily:

"Since the day she married someone else."

Ann's gaze was triumphant.

"Ah, then you did care?"

He was leaning forward, his hands clasped between his knees. He stared at the pattern in Ann's Oriental rug.

"There was never any doubt of that, was there? . . . Surely you should be the last to question it—after what transpired in this room that you witnessed with your own eyes."

"Men are fickle ever," commented Ann, tentatively.

He raised his eyes with a slight smile.

"And women too, apparently."

Ann leaned forward, earnestly.

"You believe that Madelon loved Chandler?"

He shrugged.

"It is unlikely that she would have married him otherwise."

"Umm!" Ann smiled wisely.

"When did you learn of her marriage?" she asked.

"Not until I returned home. Her uncle told me in her presence."

"And you were immediately reproachful?" murmured Ann.

"Not at all," he protested quickly. "I had given up all hope nearly six years ago when she——"

He broke off.

"When she—what?" prompted Ann.

"When she definitely refused to marry me and take a chance on the future."

"You mean, that night here in this room when she sacrificed herself and her love for your career," Ann corrected him.

"I wasn't referring to that," he told her quietly. "I meant—afterward, after I had gone to London at her bidding and found the future intolerable without her. I wrote her then, imploring her to reconsider. I resigned from the firm that sent me abroad and connected up with another concern, so that Lane couldn't touch us. It meant a terrific gamble, but I was desperate. And when I had done all this and counted the days until I felt that she would come to me . . . her answer was silence."

The eyes he raised to Ann's were very bitter.

"No, she didn't even trouble to reply. Before five months had passed she had forgotten. . . She was busy marrying Chandler."

Ann's happy laugh was a jarring note. He stared at her unbelievingly.

"You poor, dear, misguided, unhappy boy!" she said softly. "Let me tell you something. . . Madelon married Chandler to keep from living at home under Stephen's thumb. Barbara told me that. She soon hated Chandler, really. As for the letter you wrote her and I forwarded, Madelon herself told me that she burned it unread. She loved you so much that even a message from you was unbearable in the state of hopelessness to which she had sunk."

Barton stared at her wildly, incredulously, but she saw hope struggling with disbelief in his eyes. Hope won. He sprang up, reached for his hat.

"You'd better hurry," Ann called after him mockingly. "She's going to enter a convent in a couple of weeks."

# ADMITS HE KILLED 14-YEAR-OLD GIRL

### John Henry Lewis of Cincinnati Makes Confession After Arrest.

Associated Press Despatch.

Cincinnati, Ohio, Sept. 18.—John Henry Lewis, 38-year-old negro, last night confessed to County Prosecutor Charles S. Bell that he killed Edna Boswell, 14-year-old daughter of an Adyston farmer, whose badly mutilated body was found in a ravine near her home early yesterday.

Two separate examinations of the child's body by Coroner D. C. Handley of Hamilton county, and the resident physician at the hospital, revealed conclusively that she had been criminally attacked. In addition five deep skull fractures were found, and there were fourteen separate abrasions on her head. Her hands and legs were deeply scratched. Two fingers of her right hand had been torn off.

# GERMANY WILL INTEREST HERSELF IN MINORITIES

Associated Press Despatch.

Geneva, Sept. 18.—If Germany enters the league of nations, Count von Bernstorff, former ambassador to the United States, declared in a public lecture here today, she will attach considerable importance to the problem of the treatment of minorities, "because if the minority populations are driven to despair they will endanger the peace of Europe."

He added: "Germans would also be particularly interested in the working of article 19 of the league covenant, for the reason that in their view it paves the way for justified revision of the treaty of Versailles and recognizes that no treaty can last forever."

# GONTHIER RETURNS AFTER 4,000-MILE JOURNEY

Canadian Press Despatch.

Ottawa, Sept. 18.—Georges Gonthier, auditor-general of Canada, is back in Ottawa after a 4,000-mile tour which took him as far as Dawson City. Mr. Gonthier was absent two and a half months. In that period he personally inspected over sixty government offices, their accounting methods and the manner in which their stores are kept. Some lack of uniformity was indicated, but generally conditions are satisfactory.

# PREMIER TO OPEN IN WEST OCTOBER 5

### Hon. W. L. Mackenzie King's Program Will Take Him to Coast.

Canadian Press Despatch.

Winnipeg, Sept. 18.—Premier Mackenzie King will start his western tour in Winnipeg on October 5, according to tentative arrangements announced from Liberal headquarters here last night. This will be four days after Right Hon. Arthur Meighen, Conservative leader, has addressed the West as far as the coast. The itinerary will be announced shortly.

Candidates for the four Winnipeg seats will be nominated next week and the dates for the conventions will be set in a day or two.

Plans for opposing Mr. Meighen at Portage la Prairie have been practically completed. The Liberal convention will be held in that constituency Oct. 1. Hon. T. C. Norris, former premier of Manitoba, will probably oppose Robert Forke, Progressive leader, at Brandon. Liberals have approached Mr. Norris on the matter and confidence was expressed that he will accept the nomination.

# SCOPES APPEAL WILL BE HEARD SEPTEMBER 25

Associated Press Despatch.

Knoxville, Tenn., Sept. 18.—The celebrated Scopes evolution trial, which turned the eyes of the world to the tiny Rhea county court house at Dayton in July, yesterday was transferred to a new scene of conflict when the appeal was formally filed in the state supreme court here. The appeal included the bill of exceptions, pleadings, evidence and proof. The record is among the largest ever filed in the court.

The Scopes case is scheduled to be heard on the first day of court when it convenes in Knoxville Monday, Sept. 28, but counsel for the plaintiff will file a motion that it be postponed to the heel of the docket. It will be argued at some future date.

Kootenay, B. C., Sept. 18.—L. W. Humphrey, member of the last house for Kootenay West, was yesterday nominated to again contest the riding in the federal elections for the Farmer-Labor party.

# DR. SZE SAYS CHINA STANDS FOR PEACE

### Declares His Country Will Not Resort to War Unless Driven Into It.

Associated Press Despatch.

Baltimore, Md., Sept. 18.—Dr. Sao-Ke Alfred Sze, Chinese minister to the United States, told the opening session of an unofficial conference on Chinese-American elations last night that "fortunately for the peace and security of the world, the peaceful development of China and her millions, is an absolute certainty, unless that development is deflected by foreign agency into channels of militarism." The whole of Chinese culture rests on a belief in the power and appeal of moral force, Dr. Sze added.

The Chinese minister explained that due to domestic conditions, which in large measure have been the outcome of her attempt to establish a republican form of government, China is in a state of political transition and that while working out the best course to pursue, she is watching the policies of other and stronger powers with regard to herself.

# U. S. MARINE CORPS TO FIGHT RUNNERS

### Frontier at Niagara and Detroit Rivers Will Be More Closely Watched.

Associated Press Despatch.

Buffalo, Sept. 18.—That the United States government is considering the use of the marine corps for the enforcement of prohibition along the border has become evident. The Buffalo office has been asked for information as to the number of men necessary to patrol the Niagara frontier district, according to the Buffalo Express.

It has been estimated that it would take at least 150 marines to establish a patrol that would be felt by the bootleggers now engaged in smuggling liquor between the United States and Canada. Plans have been discussed whereby men would be stationed at intervals along the entire border and an alternative is the placing of these men at important cross-roads to intercept all traffic that might orginate at spots along the Niagara river and Lakes Erie and Ontario.

# MASSEY MAY RUN FOR DURHAM SEAT

## New Minister Nominated in Old Home County of Massey Family.

Special to The Advertiser.

Orono, Ont., Sept. 17.—Durham Liberals at their convention this afternoon tendered the Liberal nomination in that constituency to Vincent Massey, who was this week sworn in as member of the King cabinet. Mr. Massey said he would take a few days to consider the matter.

The new minister addressed the gathering. He intimated that he would be able to give a reply by Monday next, and added:

"Hoping that I shall be able on that day to say yes, and that with your help we shall be able together to make a gallant fight in this constituency for those principles which we all have deeply at heart."

"I believe that this coming election is the most crucial one in this generation," said Mr. Massey. "I believe that we are now in this country in the throes of a real national crisis, and that is why a few days ago I made the decision to go into the fight. We have against us on the other side of the contest one idea only, and it is a wrong idea. On the other hand we Liberals have a program which I conceive to be really national, really constructive and a platform wide enough and strong enough for thinking men and women with sincerity and conviction to stand on in whatever part of Canada they may live. We must go into the fight with a conviction that we are going to win it."

### BIRTHPLACE OF FIRM.

In offering the nomination to Mr. Massey, the Liberals of Durham are paying a compliment to a family which was formerly resident in the county. The original workshop of what grew to be the present Massey-Harris Company was established at Newcastle, Ontario, within the county of Durham. This was established by the Massey family. It was later moved to Toronto and became one of the greatest manufacturing concerns under the British flag. The Massey family have not forgotten the county of their origin, and a few years ago, largely through the generosity of Vincent Massey, a fine community hall was established at the village of Newcastle.

# CLARK NOMINATED BY CONSERVATIVES

## Former M. P. Is Choice of North Bruce Tories at Southampton.

Special to The Advertiser.

Southampton, Sept. 17.—Col. Hugh Clark of Kincardine, former member of parliament, was chosen to carry the Conservative banner for the North Bruce riding at an optimistic convention in which over 200 took part here today.

Col. Clark, who was generally conceded the choice, was given a hearty reception when he stepped to the platform to thank his supporters for their faith in him as a candidate. In all, there were seven names mentioned for the nomination, but after the opening ceremonies the other six possibilities dropped out, and Col. Clark was given unanimous endorsation.

Chief among the possibilities for the choice was William Mitchell of Kincardine, who withdrew by asking his hearers to give Col. Clark unanimous support. H. A. Stevens of Port Elgin, D. J. Byers of Wiarton, A. F. George of Port Elgin, William Dobson of Underwood and Charles Green of Southampton followed suit.

All of the speakers expressed faith in the Hon. Arthur Meighen as the leader of the party.

Major Belford of Northumberland, who delivered the chief address, bitterly attacked the action of the King government regarding the Petersen shipping contract. Matthew Duncan, M.P. for North Grey, hit the premier's transportation policy, referring to its as "foolish extravagance."

The other speakers were W. N. Middleborough, K.C., of Owen Sound, D. J. Byers, warden of Bruce county, and Matthew Kennedy of Owen Sound.

# LABOR GAINS NEW SEAT FROM ENGLISH TORIES

Associated Press Despatch.

London, Sept. 17.—The Labor party gained a seat in the House of Commons at the expense of the Conservatives in a by-election at Stockport today. The Laborite, A. E. Townsend, polled 20,219 against the Conservative 17,992 and the Liberal 17,296.

In the last election the Conservative majority was about 7,000. The Liberal vote represents a gain of about 5,000.
