PEACE DOVE WAS BUSY

Hovered Over the Aldermen
Who Loyal Dwell Together in Happy
Unity.

Business Concluded They Made Merry
Over Ice Cream and Cigars—A
Short and Busy Session.

It was 8:22 last evening when the arrival of Ald. Marshall made up a bare quorum at the City Council chambers. Mayor McKeough and Ald. McKeough, Piggett, Westman and Edmondson were awaiting him. An investigation had shown that there were some 16 large pages of minutes to be dealt with and the Council prudently adopted them as read and settled down to a short and business-like session, which was concluded very shortly after ten o'clock.

So thoroughly were the aldermen pleased with their expediency and promptness that they readily accepted Ald. McKeough's invitation to adjourn to the ice-cream parlors and spend a short social time over the delicacies of the summer season, and thither they all went. Then Ald. Edmondson insisted on buying the cigars—and no one would ever suspect that this happy coterie of rollicking colleagues could ever make the civic halls ring or the atmosphere grow sultry with eloquent denunciations, ringing and eloquent denunciations, ringing and eloquent denunciations.

It does make some difference, after all, whether it's a "before or after taking" photograph you get of the austere city fathers—doesn't it?

Many matters of interest were dealt with at the meeting.

A statement from the License Commissioners on the past half year was referred to Finance.

Several petitions for local improvements were received and referred.

Blight & Fielder wrote asking comment in the art examinations.

Received.

N. Murray wrote protesting against assessment for dogs, as he had not owned one for 20 years—Struck off.

Gen. Mgr. Carpenter, of the Pere Marquette, wrote saying the railroad were ready to confer with the city re Head St. spur.

T. Green wrote, asking for establishment of a night lunch wagon on market square.

S. B. Arnold wrote on behalf of Victoria Ave. residents, entering protest against work on Head St. intersection—B. of W.

The Canadian Telephone Co. wrote asking re installation of their system—Industrial.

A. J. A. Wilson's assessment for dog was erroneous in being struck off.

Geo. Lamphrey wrote protesting damages for accident on Head St. to horse and rig which was driven at the time by E. B. Snook—B. of W.

A deputation consisting of Messrs. Hoig, Burrows, Pritchard, McArthur and others were heard protesting against the Head St. spur.

Northwood said he had protested to a city contractor and "had been politely told to go to hell."

The Mayor—I enquired into that and denied the impeachment.

Mr. Northwood—My word is as good as his and I will take my oath that those are the very words he used.

Ald. Edmondson said the residents of Head St. had been the worst looked after street for the past 20 years.

Ald. Edmondson did not even except Emma St.

The Mayor referred the matter to the Board of Works and the chairman of the Finance committee.

When the Mayor called for enquiries there was no response.

"Ship over that quickly," urged Ald. McKeough, smiling, amid laughter.

E. B. Patten wrote asking the Aldermen to accompany the Victoria (Ave. Methodist) S. S. excursion to Belle Isle on July 19th and play a game of baseball with the Detroit council.

On motion Ald. McKeough and Edmondson the excursion was accepted.

Mayor McKeough said Mrs. Seane had made a most justified protest against the hog pens at the G. T. R. The matter was referred to the Board of Health.

The city officials were granted the half-day holiday during July and August, closing the offices at 1 p. m. each day.

On motion of Ald. Edmondson and Marshall, J. M. Northwood was granted two weeks' holidays during the summer.

Ald. Marshall asked that the estimates of the various committees should be in within a week as it was desired to strike the rate at next regular meeting.

A by-law, introduced by Ald. Edmondson, to amend the market by-law by changing the time at which retailers can commence purchasing from 10 a. m. to 8 a. m. was lost in committee.

It was decided to leave the by-law over till the next regular meeting.

PUPILS WERE ENTERTAINING

The Students of McKeough
School Enjoy Annual Festival
and Draw Prizes

Misses Abram and Samson Conduct
a Delightful Function—Tribute
of Inspector Park.

An annual festival function—which "has almost become historic," as the popular lady Principal smilingly put it—was enjoyably observed at McKeough school yesterday afternoon.

The unique and delightful occasion is known as "Our Treat" by the girls and boys of the two senior rooms and is prepared for them by their talented teachers, Misses Esther Abram and Minnie Samson. It always precedes the opening of the entrance examinations, the crucial educational test of the year, and is recognized as the happy harbinger of the glorious long summer vacation that girls—and even boys, too!—know so well how to enjoy.

Yesterday's annual treat was particularly enjoyable. In addition to a most liberal commissariat, including delicious fruits, cakes and ice, a more formal but equally delightful program was introduced, which comprised the presentation of several special awards won by industrious and earnest pupils during the year.

Inspector Robt. Park presided and distributed the handsome prizes with appropriate words of commendation.

Arthur Baldwin was awarded the prize of the Scranton Correspondence School for his winning drawing in the Planet Junior competition. He also received a very handsome book from the school for the winning of three exhibitions in the Provincial Art examinations.

Four other exquisite book prizes were awarded to Mary Park, Grace Wells, Owen Burns and Fred Scullard respectively, for a similar achievement in the art examinations.

Dr. Thornton's two special prizes won in the special examination conducted by himself, were also awarded to Georgia Baines and Arthur Reeve, who were judged equal in proficiency.

At the conclusion Inspector Park delivered a very appropriate address.

In earnest words of enthusiasm that gentleman spoke of the splendid work now being done by the school, paying eulogistic tribute to the excellent principal, Miss Esther Abram, and her loyal and capable staff of assistants.

He complimented the children on the excellent work done and concluded with the hearty wish that the coming vacation, so well and worthily enjoyed, might be genuinely enjoyed, and that renewed vigor and strength might be secured for the year to follow.

Hearty cheers—those spontaneous, infectious and inspiring outbursts of happy, healthy and hearty young folks—brought the memorable event to a close.

RUNAWAY

Hugh McDonald's team created quite an excitement on King street last evening. They ran nearly the whole length of King street west, crossing Third St. bridge at a terrific speed. They started at Lacroix St. and were stopped at Bland's lumber yard. Not much damage was done. The tongue of the wagon was somewhat smashed. No one was in the rig at the time.

PRESENTATION

At the meeting of the Epworth League of the Park street Methodist church last evening Charles Heath, who leaves shortly for the Northwest, was presented with a purse of \$10 and an address. Charles has been an active member of the League and his services have been appreciated.

The following is the address: Mr. Chas. Heath.

Dear Charlie—We feel we cannot allow you to leave town without expressing to you our appreciation of all your earnest efforts so cheerfully given to advance the interests of our League. We are as a League much indebted to your faithful work since you have been connected with us, and all join in the heartiest good wishes for your success and happiness in the noble life work you are entering upon.

As a tangible token of regard we wish you to accept this purse, hoping that you may associate it with pleasant recollections of your work in Chatham.

Signed on behalf of the Park street Epworth League.

ALFRED A. HICKS, President.

The address was read by Dr. Hicks and the presentation was made by Miss Draper.

Mr. Heath made a very suitable reply and said that his associations with the League have ever been of the most pleasant and profitable.

Rev. Dr. Young, of St. Thomas, was present and delivered a strong address on "The Indwelling of the Holy Spirit." Jasper Wilson also sang a solo.

LINING UP FOR BATTLE

This Will be the Decisive
Fight of the Japanese-
Russian War.

Kuropatkin Takes Offensive Against
Oku, While Kuroki is Marching
Along the Russian Left Flank
Against Hai Cheng.

London, Tuesday, June 28. — The Standard's Tokyo correspondent says Field Marshal Marquis Oyama, who recently was appointed to the supreme command of the Japanese armies in Manchuria, and Lt. Gen. Kotoama, his chief of staff, will leave for Manchuria July 6.

A SERIOUS MISHAP.

The Standard's Chefoo correspondent says that a steamer just arrived from Moji reports that she saw the Japanese transport Sado, which the Russian Vladivostok squadron in its recent raid torpedoed, and which drifted away from sight during a squall, being towed toward the port. The vessel was beached and a cruiser sent to assist her also grounded. Two transports were then sent out to help the vessels, but one collided with the cruiser, damaging her seriously. The name of the cruiser was unknown to the officers of the steamer.

FIRING AT PORT ARTHUR.

According to the same despatch reports from Chinese sources say continuous firing was heard in the direction of Port Arthur from the afternoon of June 25 to the morning of June 26.

THE GREAT DECISIVE BATTLE.

A St. Petersburg despatch says— "Lieut. Gen. Sakharoff's despatch received to-night, confirms the belief that the great decisive battle of the campaign, between General Kuropatkin's main army and the armies of Generals Oku and Kuroki, is imminent. The three armies probably aggregate 300,000 men, and their outposts are to-day in touch all along the line. (The Japanese evidently tried to draw Kuropatkin as far south as possible, holding out as an incentive a check to the advance of Oku's main army. Meantime Oku swung sharply to the eastward to join Kuroki, toward the Chapu Pass, Kuroki, at the same time, moving a strong force by the right flank towards Hai-Cheng. The main Japanese advance continues along the Liaoning-Wang-Cheng-Liao-Yang road, avoiding the Miao-Tien Pass by a detour to the northward. The advance in all points is being attended by constant skirmishing. Nothing is known here of the points at which Kuropatkin's main force is expected to touch. It is thought a large part of the Liao-Yang force has been moved to a point between Kio-Chau and Ta-Toh-Kiao. A large force was pushed southward from Ta-Toh-Kiao against Oku. While Kuropatkin is thus extending himself, the Japanese seem to be trying to concentrate for the purpose of striking the Russians in flank and rear.

SEVERE BLOW TO RUSSIANS.

Viceroy Alexieff's message to-night with the brief despatch from Rear-Admiral Witthoff, throws little additional light on the sea fight off Port Arthur. The Admiralty and the Emperor are waiting further details with eagerness. The loss of three vessels of the Port Arthur fleet is admitted to be a severe blow, especially if not purchased by greater loss to the Japanese than reported by Vice-Admiral Togo. The meagreness of the reports is greatly mystifying the authorities, who continue to believe that there has been a big fight which has not yet been reported. In the absence of further information, the admiralty is not disposed to criticize, although it is admitted to have been unfortunate for the squadron at such a critical time that its commander should be an officer like Witthoff, who, though personally a brave soldier, never before flew his flag over a squadron. It is pointed out that he could not have been forced to get out of Port Arthur as the situation there is not yet by any means desperate. If he fought his way back through the investing fleet, it was because his patched-up ships had broken down or for other urgent reasons. If he arrived in the outer harbor at night he probably did not want to go into the inner roadstead, because the narrowness of the channels made night navigation dangerous, or possibly, because one of his ships stranded at the entrance to the channel. Nothing else could account for his remaining in the outer roadstead where he would be exposed to the attack of the Japanese torpedo boats at night.

THE VLADIVOSTOK SQUADRON.

"There is a belief that the Vladivostok squadron put to sea Saturday and is likely to be next heard of in the Korean Straits."

A GREAT BATTLE.

St. Petersburg, June 27, 11:28 a. m. — Despatches received here from Ta Tohe Kiao indicate that both the Russian and Japanese armies are moving into contact for a great battle, which even now may be in progress. General Kuropatkin yesterday assumed the offensive against General Oku, while General Kuroki, from a position fourteen miles to the eastward, was moving against the Russian flank at Hai Cheng.

AUDITOR GENERAL WILL RETIRE.

The Auditor-General has decided to retire from office, rather than submit to the tyranny of the Government. Last year an attempt was made to destroy his usefulness by taking from him most of his powers. This plot was defeated by public opinion. However, the ministers were not to be denied; and during the past twelve months they have carried on a systematic crusade against the watchdog of the treasury.

The treasury board overruled the decision of Mr. McDougall, which meant thousands of dollars in the pocket of Canada. By one exposure the Auditor-General made the Government change a contract, in such a way as to affect a saving of millions of dollars. This did not please the Grits. The party heeled could not thrive under such conditions and a petty persecution of the Auditor-General was commenced. Mr. McDougall could not stand the strain and asked to be relieved of his duties on the first of July. In view of the immense expenditure to be undertaken in connection with the construction of the Transcontinental railway this is to be regretted. The country will be called upon to raise \$170,000,000 and there is no doubt that with Mr. McDougall at the head of the audit department, the money would be spent in a judicious manner. He is a Liberal and was placed in office by a Liberal government. He is still of that political faith but he will not allow money to be thrown away without making a protest. That is his crime and the Liberal party are not prepared to allow Mr. McDougall or anybody else to interfere in the coming carnival of expenditure, which is to gladden the hearts of the faithful. The Auditor's removal will be the opening of the door to all classes of boodlers and it is for the people to express their opinion upon this inopportune and unfortunate change.

THE POINT AT ISSUE.

The Woodstock Express, Independent, says:

It will simplify the matter if we regard the G. O. C., the Minister of Militia, the Minister of Agriculture and the rest as servants of the people of Canada. Admit that the G. O. C. occupied a position under the other servants, that does not alter the fact that he is still the servant of his master and that it is his duty to warn his master when danger threatens. The boss servants may exercise their power and dismiss him, but dismissal in such a case, instead of justifying the boss servants, would be but an aggravation of their guilt. The master, when he came to deal with the matter, would be justified in considering not only the original offence of the boss servants against his interests, but the injustice of his boss servants towards his faithful servant as well. This fact should be kept well in the foreground: Lord Dundonald committed no offence against the people of Canada; his offence was against certain members of the Government, who are the servants of the people of Canada, employed and paid by the people of Canada to discharge certain duties, and his offence against these servants was a necessary part of his duty to the people. It was impossible for him to discharge his duty as he saw it without giving them offence and incurring the consequences. But he offended, not the people, but the servants of the people, and he did so in the interests of the people.

"It is for the people to decide. Let them determine whether Canada shall have a Government-owned railway or a railway-owned Government." Mr. B. L. Borden, announcing the Conservative policy of Government railway ownership.

The Bystander, in the Weekly Sun, reviewing the tariff discussion in the Commons, says:

No language could be stronger than that in which leading members of the Government, especially Sir Wilfrid Laurier and Sir Richard Cartwright, as candidates for power, upheld free trade and denounced protection, not merely as impolitic, but as a great public wrong. They did all that eloquence could do to implant that belief in the minds of the people. Sir Wilfrid Laurier accepted the medal of the Cobden Club. Now, without a word of explanation or apology, these politicians having made their way to power, pass over to protection. Practical unquestionably it is, and free from any chimerical fancies and fidelity to pledges and respect for

the dignity of public life. Nor will there be many, though there may perhaps be a few, who, when in the next general election they come to deliver their verdict at the polls, will prefer open enmity to betrayal. It would be an evil day, indeed, for the state on which the door of avowed and conscientious change of opinion should be closed against any public man. But opportunism, once called by a harsher name, is a different thing from avowed and conscientious change.

AND HE IS.

Ottawa Journal.
Putting up a good fight being a test of soldiery, Dundonald ought to be all right.

HIS FOREIGN MAJESTY.

Dundonald has got the sack from our lightweight government. He can now return to Britain and pay his respects to that other "foreigner," the King.

ABOUT HANSARD.

The Toronto Globe thinks it worth while to put Hansard into the witness box to "prove" that Sir Wilfrid did not mean what he said when he called Lord Dundonald a "foreigner." But Hansard is utterly untrustworthy as a witness. Each speaker has opportunity to revise his speech as reported by the stenographers, and if there is anything in it he thinks, in cooler moments, he should not have said, he alters it to suit his second thought. If anything is omitted, which he thinks should be added, he adds it. And this garbled stuff is sent out as a report of the speeches in the Commons and is quoted by The Globe as unimpeachable evidence of what was said! There can be no doubt that, after the rebuke he received from the opposition, when he used the word "foreigner," and afterward substituted the very less objectionable word "stranger," Sir Wilfrid carefully revised his speech as reported, and made it read to suit his new ideas.

WHAT JUDGE OSLER SAID.

Toronto Star.
"I think it is about time that the Attorney-General took some steps to stop this vicious practice of hiring people to induce others to break the laws of the land," said the chief justice.

Mr. Cartwright replied that it was the city police alone that were responsible. They had adopted these means without the knowledge or sanction of the Attorney-General.

Then said Justice Osler: "The Attorney-General has the power and extended beyond all bounds. The idea of the police furnishing little boys, the sons of respectable people, with money and sending them into stores to buy cigars in order that a conviction might be secured against them is never heard of."

Mr. Cartwright repeated that the city police were alone to blame.

The chief justice: "An intimation from the Attorney-General to the County Crown Attorney would soon put a stop to this. You might make a note of this, Mr. Cartwright."

WHAT DID HE MEAN?
Kincardine Review.
Boswell and Johnston once noticed a fellow making ugly grimaces and inaudible remarks at them.

"What does the fellow mean?" asked Boswell.

"Depend upon it," replied the Sage, "he means to be offensive."

Sir Wilfrid Laurier called Lord Dundonald a foreigner.

Then he changed it and called him a stranger.

What did he mean?

Depend upon it, he meant to be offensive.

AN APPEAL TO THE PEOPLE TO OFFENCE.

Woodstock Express.
What is the use of talking about popular government at all, so long as it is held to be a mortal offence for any man to take the people into his confidence on any matter which is part of the business of the people? So long as it is an offence for which a man may be punished to appeal directly to the people, let us cease to talk about popular government. The fact is that much of the language demanded by the etiquette of government is untruthful, misleading and mischievous.

THE DUNDONALD CASE.

Gritsby Independent.
Dundonald is not the first general who has had trouble in Canada because he was a real man. There were others, and as long as every ten-cent politician can jump from the gutter into a ministerial chair and interfere in matters he knows nothing about there will be others.

Dundonald could scale the Boer-clad hills of South Africa with bullets whizzing around his ears and dealing death to good men all round him. Dundonald could march triumphantly to the relief of Ladysmith and crown himself and the British arms with glory; but he could not hold a candle to Canadian ward heelers nor could he submit to be ordered about by a man with no birth and very little education.

Dundonald's name will rank high on the pages of earthly fame after the intrigues who have tried to tarnish it have been forgotten in the oblivion that always follows in the track of political tricksters.

With such a general officer commanding as Lord Dundonald the Canadian militia was in a fair way to be a proper and decent basis, but that wouldn't suit the political wire-pullers, no not if Dundonald's head had to go off.

If Hon. Sydney Fisher was a man who knew anything about the business of his own portfolio I could expect him for interfering in the business of another minister's portfolio, but Hon. Sydney Fisher is as ignorant about the wants and needs of the agriculturists of this country as any man who ever occupied the position of minister of agriculture.

IN MEMORIAM.

(To the Friends of Mr. J. H. Cummings.)

Dear friends, while in sorrow we weep,
For one who once worked by our side;
While our hearts are near breaking with grief,
May we trust in our Heavenly Guide.

I know we feel lonely and sad
Since our friend was taken away;
We have scarcely a smile on our face,
And we miss him still more every day.

But, remember, that as he served God
And followed his Saviour below;
He now has crossed over the flood,
No more sorrow will he ever know.

Ah, yes! he has reached your bright shore,
Where rapturous music doth swell,
Now he's joined the angelic chorus,
Evermore with Jesus to dwell.

Then, mourn not like those without hope,
Remember how happy he is;
If we try to live better each day
We may join him some time in the sky.

He will watch by the bright pearly gate,
And oftentimes in sadness and gloom,
His spirit around us may linger,
To help us reach our heavenly home.

Oh! the joy of that beautiful land,
Where Jesus, our Saviour, reigns King;
And may we re-united stand,
The sweet songs of victory sing.

We have just put in, at great expense, a WONDERFUL MACHINE, heated by steam, work only passing through the rollers once; the result—Work is EASIER, WILL NOT BREAK, and will last much longer than when ironed by the old method, heated by gas, which has to pass through the rollers eight times.

P.S.—We have also added a newly invented machine to Iron the edges of Collars and Cuffs.

AN IMPORTANT VOLUNTEER.

Don Jaime de Bourbon, Only Son of Don Carlos, a Captain in the 24th Russian Dragoons.

An important volunteer who has gone to the front to serve Russia is Don Jaime de Bourbon, the only son of Don Carlos. Don Jaime holds the honorary rank of captain of the 24th Russian Dragoons, and he telegraphed to the Czar offering his services at the seat of war, an offer which was at once accepted. Don Jaime, who was born in 1870, is said to be a fine soldier, having received his training in the British and Austrian

DON JAIME DE BOURBON.

armies. He is the pretender to the thrones of France and Spain, his father, Don Carlos, having waived his claim in favor of his son. Like his sister Blanche of Castile, Archduchess Leopold Salvator of Austria, he is an ardent automobilist. He is also a skilled aeronaut, and it is mainly because of this that the Czar so gladly accepted his services. It is a curious coincidence that another pretender to the throne of France is serving in the Russian army. This is Prince Louis Bonaparte, who is colonel of the Russian Imperial Guard, now at the front. The sketch shows Don Jaime in the uniform of the Russian Dragoons.

IN ONE GENERATION.

Comparative Divorces Granted in Canada and the United States.

During one generation of thirty-four years—those preceding the year 1901—the divorces granted in Canada numbered only sixty-nine. In the United States during the same period the number of divorces was almost seven hundred thousand. The population of the United States has averaged twelve times that of the Dominion, while its divorces were ten thousand times as many.

If divorces in the United States during the time mentioned had been the same per capita as the Dominion there would have been less than two thousand in this country—reduced, in other words, by 688,000.

Where these figures reversed—if Canadians had outnumbered our divorce decrees by ten thousand times, relatively—would we not be looking upon our "Lady of the Snows" with something of the regard bestowed upon the Biblical scarlet woman? Yet no especial opprobrium, nationally speaking, has been attached to our national laxity.

Here a trivial excuse, spider-webby in its validity, may serve as a pretext for separation. But in Canada it is a much more serious affair. Only one cause, the Scriptural, may be taken as ground for legal separation, and then the matter is not left to the indifferent, insignificant weighing of a local justice of the peace, or even to the courts; it is made the concern of Parliament, both Houses of which must pass the bill which is entered by counsel in behalf of his client.

In addition, a published notice of intention to apply for divorce, giving names of applicant and accused, with ground of accusation, must be inserted for six months in two newspapers published in the applicant's residential town, as well as in the Canada Gazette, the official Government organ.

As a further bar the cost of securing a divorce is so high that few people of the lower classes can afford it. The fee varies according to the eminence of the counsel retained, but the average cost, including traveling expenses for both applicant and accused must appear at Ottawa, the seat of Government, when the bill is heard—Government fees, solicitor and counsel fees and so on, is not less than \$500, and often reaches \$1,000 or more.

If similar stringent laws were in vogue in the United States there would be fewer hasty marriages, at least—that fruitful source of grief for the divorce mill.—New York Herald.

Wainwright's Challenge.

At the recent banquet of the Press Gallery of the House of Commons the speeches in reply were limited to five minutes. Nobody overran except Wainwright, who is a great man of the G.T.R., and will be a greater man in the G.T.P., says H.F.G., in Toronto Star. His reminiscences, ranging over forty years, were so spirited that the assemblage begged him to go on. Mr. Wainwright twined wreaths of roses around the G. T. R. and cast a brilliant horoscope for the Grand Trunk Pacific. He wound up with a challenge to the Hansard staff to compete with him in a trial of speed in verbatim reporting. Two hundred words a minute, he said, was his average when he was in form. Two hundred words a minute. However, Wainwright's was the speech of the evening, and his challenge was fair to go a-begging. For the first time in many years the G. T. R. was unrepresented at the banquet. Grippe had laid that good fellow George Ham by the heels. Still, Providence is kind. If Ham was lacking, there was Egg in the salad.

Strange Russian Belief.

Many Russian peasants believe that the Japanese are a race of ugly dwarfs and that the Cossacks kill them by throwing their caps at them or by suffocating them therewith.

Digestion isn't a mere chemical process alone.

The walls of the stomach move against one another and grind, or "churn," the food.

"FORCE" is already half digested and well milled. It gives these over-tired twentieth-century stomachs of ours a fair show.

Lunacy Five

There is a certain crisp, appetizing, delicious taste to the flakes of "FORCE" which creates a sensation you long to repeat.

That delicious taste is a sure sign that you are eating something which is going to do you good.

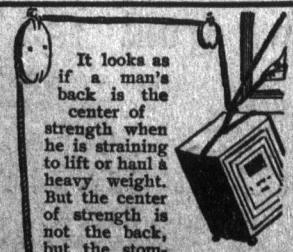

"FORCE" is made in Canada.

The Days of Fewer.

Pewter played an important domestic part in the days of our distant ancestors. A peep at some of the household books of the Stuart days is quite a revelation on this point. In 1664, for instance, Sir Miles Stapleton, a Yorkshire baronet, took into his head to replenish his stock of pewter, and here are a few of his many purchases as recorded in his own handwriting: "It, paid for six large puter platters or dishes at 1s. 7d. a pound, and they weighed 57 pound and a half, which comes to £04.01.05; paid for two dozen of puter plates at 1s. 6d. a pound and they weighed 37 pound, £02.15.00; paid then more for two puter stands for the table, £00.08.00; one gallon puter can and six porringers £00.19.00; paid to William Hutchinson of York, for 17 new puter dishes for the table weighing 74 pound at 12d. a pound £08.14.00." And among other purchases at the same time are two dozen new pewter plates for 32 shillings, another two dozen at 15 shillings a dozen, and a large quantity of spoons, basins and candlesticks.—Westminster Gazette.

Some Virtues of Louis XIV.

One need not overlook the enormous shortcomings of Louis XIV. as a man and as a king to admit that in some important respects he "tried to do his duty." He was a hardworking sovereign both in the sphere of administration and in that social sphere which was, to his mind, no less important. So courteous that he never passed the poorest woman about the palace without lifting his hat, he carried polite consideration to the level of a fine art. In the way of courteous speech there are few things nobler than his remark to the great Conde as the old hero was slowly ascending the great marble staircase at Versailles. Conde apologized for being so long in mounting the steps, at the top of which the king stood waiting. "Ah, cousin," Louis replied, "one moves slowly when one is laden with laurels!"—Longman's Magazine.

It looks as if a man's back is the center of strength when he is straining to lift or haul a heavy weight. But the center of strength is not the back, but the stomach. There's no strength in the back of a giant if he's starving. All strength is made from food, and food can only be converted into strength when it is perfectly digested and assimilated. When the stomach is diseased, the nutrition of food is lost and physical weakness follows.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It makes men strong and muscular, by enabling the perfect digestion and assimilation of the food eaten.

"I suffered from a very obstinate case of dyspepsia," writes R. E. Secord, Esq., of 11 Eastern Ave., Toronto, Ontario. "I tried a number of remedies without success. I was so far gone that I could not bear any solid food on my stomach; felt miserably and depressed. Could not sleep nor work. A friend recommended your Golden Medical Discovery. I have taken three bottles and it has accomplished a permanent cure."

The Medical Adviser, in paper covers, is sent free on receipt of 31 one-cent stamps to pay customs and mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

WOMEN'S CLUBS.

They Have Been a Potent Factor in Forming Public Opinion.

Even without the personal enlightenment that counts for so much women's clubs have been a potent factor in determining public opinion. As organizations they have realized that "in public opinion we are all legislators by our birthright." And in practice they have found that they could actually legislate by means of this power. Legislative work is undertaken by all the state federations in urging and securing the passage of laws that deal with the conditions of women and children. In Massachusetts, Connecticut and Illinois the state federations have promoted the passage of a bill giving joint and equal parental guardianship to minor children.

The juvenile court law has been secured in California, Illinois, Maryland and Nebraska. The Louisiana federation has worked successfully for the probationary law, and in Texas an industrial school has been established. Laws to raise the standard of public morality, to segregate and classify defective and delinquent classes, to secure the services of women as factory inspectors, police matrons and on boards of control, are other measures for which women's clubs have successfully worked.—Mrs. Martha E. D. White in Atlantic.

THE NEAT LITTLE DARN.

Why It Was a Pleasure to the Ob-servant Old Lady.

"I love to see a neat little darn in household napery or garments of any kind," said an observant old lady. "It always suggests to me care and neatness and good management. Sloveness never darn tidily or take the proverbial stitch in time that saves some useful possession. When I was a little girl, nurse used to tell us a story about a beautiful and rich and altogether delightful and desirable young man who liked two sisters. One was much prettier and livelier than the other, and naturally he rather preferred her to the quieter sister, but on one unlucky day for her he took a walk with her. Her slipper stuck in the road and came off, and he was horribly shocked to see a great hole in the heel of her stocking. Of course he did not like her after that. And the next day, by a strange coincidence, while walking with the plainer sister, she, too, in some way or other, lost her slipper, and this time he noticed the neatest, nicest little darn imaginable on the toe of her stocking and loved her at once and always. Perhaps our nurse's tale has had something to do with my liking for people who darn their things neatly, but I think it shows a desirable characteristic," concluded the old lady.

THE SENSIBLE WOMAN.

Her ambition is to live up to her best photograph.

Not only is she easy to live with, but she is worth living for.

She is too clever to talk of woman's rights. She takes them.

She is not such a fool as to fancy that any one is ever convinced by argument.

She wears frocks that match her hair. She does not dye her hair to match her frocks.

She knows that when men talk about a woman being good looking they mean that she is well dressed, though they do not know it.

She knows that every real woman is the ideal woman, the fact being that every idea of ideal woman is wholly dependent on the idealist and every woman who is idealized is idealized.—Philadelphia Bulletin.

Curtains of Cheesecloth.

A girl who likes pretty things in her room, but has not much means for gratifying her tastes, can make very pretty curtains of cheesecloth. A wide hem turned down the sides and across the bottom and stitched on the machine with red, blue or yellow silk, according to the prevailing color of the room, will give an exceedingly charming effect. The curtains may be looped back with wide bows of taffeta ribbon the same shade as the stitching. If time be abundant, the machine stitching can be replaced by brier work, and a really handsome curtain can be made of this material, which costs only a few cents a yard, by putting a wide border of drawn work inside of the hem. Cheesecloth is woven so loosely that those who are experts in the art of drawn work will find no difficulty at all in doing the work.—Table Talk.

The Stitch in Time.

If you find at night that there is a button gone from any of your garments, sew it on again at once. You will not feel any more like doing it in the morning, neither will it be more convenient. If your collar is even a little soiled remove it from the neck of your dress and baste a clean one in its place before you sleep. Then if you are a little late or hurried in the morning you will be certain of a clean collar. If your gloves are ripped or the least detail of your toilet is ever so little out of order, do not neglect it, thinking no one will notice it. More than you think will notice, though they may not speak to you about it, but they will put you down as careless or that worst of all faults in a woman, slovenly.

A Washing Hint.

When there is a baby in the house there are often little things to be washed out. I find a child's washboard, ten inches long by six inches wide, very useful. It can be placed in the wash-bowl and is more effective than rubbing between the hands, besides less tiresome. I also find one of use at the kitchen sink for the daily washing of dishwipers and dishcloths.

THE LOCAL BUDGET

Misses Maude and Bella McComb are spending the day in Detroit.

M. Stoman, of Detroit, dealer in furs and skins, is in town on business.

Miss Ida Powell, of Evanston, Ill., formerly of this city, is the guest of friends in the city.

Dr. Geo. T. McKeough and Dr. Kingsley Holmes were in Dresden today on professional business.

J. Perkins, Queen St., has returned, after a pleasant visit with his sons in Cleveland, Ohio, and Erie, Pa.

Mr. and Mrs. W. H. Reid and daughter, of Detroit, are visiting Mrs. Reid's mother, Mrs. Smith, Taylor avenue.

Bobbie Stewart, the Tecumseh's crack inside home player, will leave for Hesperia, where he will spend a couple of days at his home.

Three cows belonging to Mr. Nickle were struck by lightning near Mar-mora. A knife in Mr. Mallory's hand was smashed, and his little daughter had the heel of her boot torn off.

E. McCloy was tried today before His Honor Judge Dowlin on a charge of not accounting for \$20 collected from Thomas Dawson, Lake Shore.

W. E. Gundy appeared for defendant, and H. D. Smith prosecuted.

Quite a large delegation from Parthenon Lodge A. O. U. M., Chatham, attended divine worship with the Blenheim Lodge on Sunday. There were also representatives present from Highgate, Merlin, Ridgetown and Tibury.

Capt. J. S. Turner entertained the men of his company and the officers of the regiment to lunch at Richard's, after parade last evening. Colonel Rankin, Major Massey and Adjutant Coltart were all present and added their speeches to the other entertainment provided.

Complaints have been made to Judge Houston in regard to the cattle shipping yard at the G. T. R. station. The residents in that vicinity claim that the odor wafted to their houses is so offensive that they have to keep their windows closed, but the weather is a little too mild to permit of this being done with comfort.

A party of four couples, all bedecked with ribbons and flowers, were noticed in town today. They were evidently a wedding party, as someone was heard whispering "They were on their honeymoon and they had no chance to spoon." One Queen street grocer who saw them said the arm of the man in front had gone to waist and the young lady was using it as a belt protector.

In the examination in music held recently at the Ursuline Academy, three pupils of Miss Mabelle Edmondson were successful. Miss Violet Glasford in the primary grade passed with first class honors, obtaining 82 per cent. In the junior grade Annie Cockram won honors, 72 per cent., and Dottie Wilson passed with 65 per cent.

Word reached this city yesterday that Mrs. McColl, Forest St., had passed away very suddenly while visiting at Dutton. Mrs. McColl was a daughter of the late Jacob Frederick, Park Ave., and a sister of Mrs. John A. Walker, K. O. Two daughters—Marion and Kate—survive. The first intimation that they had that their mother was seriously ill was contained in the telegram, notifying them that their mother had passed away. The funeral will probably take place at Duart where Mr. McColl is buried.

On Sunday last, just after the church parade service of Court Pride of Dover, A. O. U. M., at St. Andrew's church, corner 6th concession and Beldoon street, a horse attached to a buggy took fright and ran away from the church yard. The animal belonged to Mr. Ross, and when last seen was going at a good clip down the 6th concession.

Robert Drury is at present in the cells at the police station and Chief Holmes is worried about him. It generally happens that the police watch people in the cells to see that they don't escape, but they wish that their present boarder would get away. He is old, feeble and out of his mind and tears his clothes to pieces. He tore his trousers up and, being provided with a second pair, treated them in a similar manner. Meanwhile Chief Holmes worries and doesn't know what to do with the poor old man.

GOOD SUGGESTION

I have a suggestion for the Public School Board which I think is a good one," said Dr. Thornton to the Planet this morning. "It is the matter of teaching swimming in the Public schools. There was a suggestion in the Mail & Empire along this line and I think it a good one. Every boy and girl should know how to swim, and it could easily be arranged so that they could learn in the schools. If a large bath were arranged in the basement the boys could be taught to swim efficiently. The river is a bad place to learn and many of the parents would not allow their children to go in the river for fear of them being drowned."

"I would like to see this matter taken up by the Public School Board in my opinion many of the things taught in the Public schools to-day are of less importance than learning to swim."

STUDENT'S SERVICES

The evangelistic services of the McMaster University students last evening was well attended and not inferior in interest to any that preceded it.

The opening exercises were taken by Messrs. Eaton and Lailey, and Mr. McPhail delivered the first address, after which the male quartette sang a selection. Messrs. Benson and Harrison gave addresses full of point and earnestness. Miss Leinster sang with wonderful sweetness and pathos "My Lord and I." Messrs. Percy and Bryant then spoke, both with earnest power.

The leader, Mr. Conits, closed with the usual appeal to the unconverted, relating many instances in the band's work of young people being saved and homes blessed. The usual after-service followed.

The band desire to meet those converted during the mission for twenty minutes after the close of the service to-night.

WHAT IS CATARRH?

It is an inflammation of the mucous lining of the throat, bronchial tubes and nasal passages excited by germs that can only be destroyed by fragrant, healing Catarrhose, which is breathed direct to the seat of the disease, and has never yet failed to cure. Pleasant to use, absolutely certain to cure, Catarrhose always gives satisfaction. "I suffered from nasal catarrh so badly that I couldn't breathe through my nostrils," writes G. K. Wilmet, of Meriden. I used Catarrhose for a few minutes and was relieved. It cured in a short time." No other remedy just like Catarrhose—It's the best. Two months' treatment \$1.00; trial size 25 cents.

Oil paint and varnish may be removed by two parts of ammonia shaken up with one part of turpentine. It will soften them so they may easily be scraped off.

Mix plaster of paris with vinegar instead of water and you will find it excellent to stop the cracks in the wall.

If you tack a piece of white oil cloth over your molding board it is almost as good as a marble slab.

"NOT IF IT COST TEN DOLLARS"

A bottle would I be without Polson's Nervine, writes J. A. Ruth, a farmer living near Trenton, Ont. Nervine is the best household liniment I know. We use it for stomach troubles, indigestion, headache and summer complaint. I know of nothing better to take in hot water to break up a cold, or to rub on for rheumatism or neuralgia. Every farmer should keep a few bottles of Nervine handy and have smaller doctor bills. Large bottles 25c. at druggists.

A Mechanical Answer.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the cure they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.
Sold by druggists. Price 75c. per bottle.

The Talent of Success.
Believe me, the talent of success is nothing more than doing what you can do well and doing whatever you do without a thought of fame. If it comes at all, it will come because it is deserved, not because it is sought after. And, moreover, there will be no misgivings, no disappointment, no hasty, feverish, exhausting excitement—Longfellow.

TOO GREAT A RISK.

In almost every neighborhood someone has died from an attack of cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by all druggists.

Preparing the Soil.

"I notice the young Widow Prettyman doesn't have her widow's weeds so much in evidence now."
"No. She's clearing those weeds away. I believe she sees signs of a second crop of orange blossoms."

THE BEST LINIMENT.

"I have derived great benefit from the use of Chamberlain's Pain Balm for rheumatism and lumbago," says Mrs. Anna Hagelgans, of Tuckahoe, N. Y. "My husband used it for a sprained back and was also quickly relieved. In fact it is the best family liniment I have ever used. I would not think of being without it, and they always speak very highly of it and declare its merits are wonderful." For sale by all druggists.

Too Much Praise.

A man attended a dinner given by a witty woman and ate ravenously. "The greatest praise I can bestow on your dinner," he said, "is to eat heartily." "But your praise amounts to flattery," the woman replied.

LACROSSE

Six to Five!
This is the story which tells the story of the lacrosse game here yesterday between St. Thomas and the Tecumsehs, of Chatham, in the intermediate series of the C. L. A. Any person who saw Manager Babcock's face as he was riding up town in an open cab from the exhibition grounds after the game, could have a good idea of how the game went. Frank's enthusiasm and eagerness was plainly shown by the smiles that that wreathed his face, and he was a busy man bowing his acknowledgments to congratulations and applause from ever yalde.

Although the Tecumsehs were victorious, St. Thomas may well be proud of her team and the game they put up yesterday. They came here with a good crowd of enthusiastic rooters, with the intention of winning the game, and they put up a good, stiff fight. It was by far the hardest game the Tecumsehs have had this year, but the noble "Indians" refused what they had to do, and did it. It was an exceedingly fast game from start to finish, and was never safe for either side for one minute.

There were about 1,200 people on the grounds when Referee F. C. Waghorn, of Toronto, blew his whistle and called all of the players to the centre of the field for their little talk before the start of the game. He warned them all to play good, clean lacrosse, and the ball was faced off.

From this time to the end of the game excitement reigned supreme. St. Thomas got on their feet first and they showed a thing or two to the Tecumsehs, playing them off their feet for the first quarter. The game started with a quick rush on the St. Thomas goal, but the defense were there and they worked like clock-work. The Chatham boys seemed lost for a minute and then St. Thomas got in their work. By quick and short passing they got the ball on the Chatham goal, and for some "Robbie," the Chatham star, was kept busy between the flags. He made some beautiful stops and the defense were working hard, but it was seemingly impossible to stop all of them, and a shot from Louie, of St. Thomas, landed in the net after 17 minutes' play. The St. Thomas rooters went wild with applause and the Chatham crowd, who recognize good lacrosse when they see it, handed out a good amount of applause for the boys in red and green. MacFarlane was laid off in this quarter for five minutes. The first quarter ended without any more scoring, with St. Thomas having the best of the play.

The second quarter also belonged to St. Thomas. They played very fast and hit the ball the most of the time. Two minutes after the start Jack Northcott scored the second goal for the "Saints." Swackhammer and Leddy were then both put off for two minutes each. Chatham seemed to rally here for a short time and they did run down the field rather quickly. After a splendid goal scored by Chatham's first goal in seven minutes. That was the time for the Chatham rooters and they were heard all over. They cooled down somewhat when Blyth scored on a beautiful shot in half a minute, making St. Thomas' third goal. They were right after another soon after, but Francis was ready to cheer when the ball and made a beautiful stop. He passed to Carter, who ran down and passed to Dowling, who made a lightning pass to MacFarlane. The latter caught it beautifully and made a shot right on. Chatham spectators were ready to cheer when the "Saints" goal keeper made a wonderful stop. This was one of the finest plays made yesterday. The ball was soon hovering around the Chatham goal, and just before the whistle blew for half time Louie scored another goal, making the tally 4-1 for St. Thomas.

Matters looked pretty bad for Chatham at this point and Manager Babcock's face was a study. St. Thomas was without doubt winning on their merits and the score was a fair indication of how the play had been going. Chatham, the Tecumsehs' field captain, took the men aside and gave them a few pointers.

From the time the whistle blew at the beginning of the second half, the game belonged to Chatham. The Chatham boys were as fresh as at the beginning of the game but St. Thomas seemed to be getting fagged. It was a case of condition and the Chatham boys had the advantage.

Carter scored Chatham's second, MacFarlane followed with another two minutes after and Grace repeated the trick in four minutes and the score stood 4-4. The excitement was intense. The Chatham boys were plainly getting into the game and St. Thomas didn't have a look in from this to the end of the game.

Lawler hit MacFarlane, who was laid out and Lawler went off for the rest of the game, and MacFarlane for five minutes. Leddy scored Chatham's fifth four minutes and a half before the end of the third quarter, making the score 5-4.

The last quarter was Chatham's entirely. Launt, McBride and Northcott were all laid off two minutes each and Rayner got another between the poles, making the score 5-6. This was the most exciting part of the game. McKinnon got his finger broken and dropped out of the game, and six minutes before the end of the game Carter scored the winning goal. The Tecumsehs played rag with their opponents from then until the finish. Thus ended the best lacrosse game played in Chatham. The Chatham players were perfectly satisfactory yesterday. Robinson was right at himself, Francis, Pickering, Elliott, McBride and McKinnon played well.

but the stars of the defense were Elliott and Robinson. Walter was all over in every scrimmage and he always came out with the ball. St. Thomas men dropping off on every side. Walter's fast enough for any company. Hayden at centre is a dandy. Grace, Dowling and Carter, the home field, showed their worth during the last half. They are cool headed players. (MacFarlane and Stewart were always in their places and did effective work. Carter is, without doubt, the life of the home. The Tecumsehs hold the record of not losing a single game this year. Captain Chaplin is the "goods" as a field captain. Waghorn makes a very good referee, but he allows too much rough work. He is not as popular with the Chatham crowd as Phil Errett.

The St. Thomas players are fast, especially their home field. Launt, Raymer and Blyth are stars and the defense is like a stone wall.

The following was the line-up:

NOTES OF THE GAME.

The Tecumsehs are bad when they wake up.

Four wins and a draw is a pretty good record.

Bobbie Stewart ran around a few men yesterday.

MacFarlane has more grit than any man on the field.

Walter Elliott, the star of the defense, belongs purely to Chatham.

Wonder what St. Thomas will think after the next game, when the Tecumsehs will beat them on their own grounds.

It is all right to spring surprises, but Manager Babcock should not give his supporters heart failure before he wins his game.

The St. Thomas crowd seemed to be doing some hard thinking during the last half of the game. The St. Thomas rooters don't think out loud.

The goals of the game were: Chatham—Carter 3, MacFarlane 1, Grace 1, Dowling 1; St. Thomas—Launt 2, J. Northcott 1, Blyth 1, Raymer 1.

The Tecumsehs were going to have their pictures taken before the game, but McBride reminded Mr. Babcock that it would be a hoax. Nobody thought of the picture after the game.

James E. Gray—I heard that the Hon. King Fisher met a canny Scotch emigrant at Montreal. Says he to the emigrant, says he, "You're a bloomin' foreigner." Says the Scotchman to be, says he, "Well, who discovered your d— old country but foreigners?"

They sat in the hammock, he and she. In weight he was in the 240 class, but even at that he only had 10 pounds the better of she. Suddenly there were a ripping sound as the hammock began to rent. "Why, the hammock is tearing," cried she.

"Yes, isn't it terrible?" replied he. Then there was silence.
