THIRD SESSION, FIFTH PARLIAMENT, 1885.

---

Thursday, 29th January, 1885.

This being the day on which Parliament is convoked by Proclamation (hereunto annexed) for the Despatch of Business, and the Members of the House being assembled;

PRAYERS.

A Message was brought by *René E. Kimber*, Esquire, Gentleman Usher of the Black Rod:—

MR. SPEAKER,

His Excellency the Governor General desires the immediate attendance of this Honourable House in the Senate Chamber.

Accordingly Mr. Speaker, with the House, went up to the Senate Chamber:—  
And having returned;

Mr. Speaker informed the House, That he had received from the Honourable Mr. Justice  *Armour*, one of the Judges selected for the trial of Election Petitions, pursuant

to "The Dominion Controverted Election Act, 1874," a Certificate and Report relating to the Election,—

For the Electoral District of *Lennox*.

And the same were read, and ordered to be entered in the Journals of this House, and are as follow :—

LENNOX CONTROVERTED ELECTION.

*In the Queen's Bench.*

Election of a Member for the House of Commons for the Electoral District of the County of *Lennox*, holden on the twenty-sixth day of November, A.D., 1883.

Between

MATTHEW WILLIAM PRUYN,

*Petitioner,*

and

DAVID WRIGHT ALLISON,

*Respondent.*

I, the Honourable *John Douglas Armour*, one of the Judges of the Court of Queen's Bench for *Ontario* and the Judge before whom the Election Petition herein was tried, on the eleventh, twelfth, thirteenth, fourteenth and eighteenth days of November, A.D., 1884, do hereby certify that, at the conclusion of the trial of the said Petition, I determined that neither the said *David Wright Allison* nor the said *Matthew William Pruyn* was duly elected and that the said Election was void :

And I do further certify that appended hereto is a copy of the notes of the evidence taken upon the said trial :

And I do hereby report that no corrupt practice has been proved to have been committed by, or with the knowledge and consent of any candidate at such Election :

And I do further report that *Walter Membery, Thomas E. Anderson, Robert Thompson, Thomas Paul, Byron Derbyshire, William Aylsworth, Edward Deline, John Thompson, Whitman Harten, Daniel Harten, Norman Benn, Richard Tyner, John Storm, Ruggles Storm, Wesley Brown* and *Clinton Jenkins* have been proved at the said trial to have been guilty of corrupt practices at the said Election :

And I do further report that so far as I can judge from the evidence adduced before me, corrupt practices have not, nor is there reason to believe that corrupt practices have extensively prevailed at the said Election : and I am of opinion that the inquiry into the circumstances of the Election has not been rendered incomplete by the action of any of the parties to the Petition, and that further inquiry as to whether corrupt practices have extensively prevailed is not desirable.

J. D. ARMOUR, J.

And this Court did further order and adjudge and determine as follows :—

1. That the said *James William Bain* was not duly elected a Member to serve in the House of Commons for the Electoral District of *Soulanges*, in the Province of *Quebec*, at the Election which was held on the 20th and 27th days of December, A.D. one thousand eight hundred and eighty-three.

1. That no corrupt practice has been proved to have been committed by or with the knowledge and consent of any candidate at such Election.

2. That corrupt practices have not, nor is there reason to believe that corrupt practices have, extensively prevailed at such Election.

That upon the second day of September, 1884, I held a Court at the City of *London*, for the trial of the Election Petition between *John Oldrieve*, Petitioner, and *Donald M. He accordingly presented the said Bill to the House, and the same was received and read the first time.

Mr. Speaker reported, That when the House did attend His Excellency the Governor General, this day, in the Senate Chamber, His Excellency was pleased to make a Speech to both Houses of Parliament, of which Mr. Speaker said he had, to prevent mistakes, obtained a copy, which he read to the House, as followeth:—

*Honourable Gentlemen of the Senate :*

*Gentlemen of the House of Commons :*

In again meeting you for the despatch of business I have to congratulate you on the abundant harvest with which Providence has blessed our country, and upon the general condition of the Dominion. Its commercial prosperity, although it has to some extent shared in the depression which has prevailed in Great Britain and in the neighbouring Republic, rests upon foundations which no temporary or partial disturbance can remove.

I trust that the present year will be one of peace and progress.

The flow of population into Manitoba and the North-West Territories, although impeded by various and unexpected causes, has been substantial, and the testimony of members of the British Association and other visitors of the North-West last summer as to the well-being, contentment, and hopefulness of the settlers, is most gratifying.

A Bill introducing into these Territories a more simple and economical system for the transfer of land will be laid before you.

The Report of the Commission for the consolidation of the Statutes affecting the Dominion has been completed and will be submitted to you for legislative action.

You are again invited to consider a measure relating to the representation of the people in Parliament and for the assimilation of the Electoral Franchises in the several Provinces.

A provisional arrangement of matters for some time under discussion with the Government of Manitoba has been entered into, and a measure confirming the same

will be submitted to you so soon as it has been accepted by the Provincial Legislature.

I deemed it expedient to issue during the recess a Commission to consider and report upon the whole subject of Chinese immigration with reference to its trade relations, as well as to those social and moral objections which have been taken to the influx of the Chinese people into Canada.

The Report of the Commissioners is very nearly completed, and will be laid before you during the present Session.

The necessity of encouraging the speedy construction of lines of Railway through the North-West Territories has pressed itself on my Government, and you will be asked to aid Railway enterprise by liberal grants of land.

Urgent representations have been made by the Boards of Trade of the chief Towns in Canada, as well as by some of the Chambers of Commerce in Great Britain, of the necessity that exists for the adoption of some system of Bankruptcy or Insolvency giving adequate protection against undue preferences, and your attention to this important subject is earnestly invited.

In pursuance of the vote of last Session I caused a vessel to be fitted out and dispatched to Davis' Straits and Hudson's Bay, in order to obtain more accurate information as to the navigation of those waters, and test the practicability of the route for commercial purposes.

A report of the progress of the expedition during the last season will be laid before you.

An International Exhibition will be opened at Antwerp during the present year, and a Colonial and Indian Exhibition is to be held in London in 1886. Canada should, I think, be represented in her various manufactures and natural productions on both occasions, and I invoke your consideration of the best means of aiding in these important objects.

Several other measures of importance will be submitted to you; among them will be Bills to amend the Insurance Act of 1877, the Civil Service Act, and the law relating to contagious diseases among cattle, as well as measures for taking, at an early period, a census of the population of the North-West Territories, and one relating to the North-West Mounted Police.

*Gentlemen of the House of Commons :*

The accounts for the past fiscal year will be laid before you. You will find that notwithstanding the very considerable reduction in the prices and volume of many of the leading imports, the income has exceeded the expenditure chargeable to Consolidated Revenues.

The Estimates for the ensuing year will also be submitted. They will be found, I trust, to have been prepared with due regard to economy.

*Honourable Gentlemen of the Senate :*

*Gentlemen of the House of Commons :*

I am sure that your earnest consideration will be given to the subjects I have mentioned, as well as to every matter which may affect the prosperity and good government of Canada

On motion of Sir John A. Macdonald, seconded by Sir Hector L. Langevin,  
Ordered, That the Speech of His Excellency the Governor General to both Houses of the Parliament of the Dominion of Canada be taken into consideration To-morrow.

On motion of Sir John A. Macdonald, seconded by Sir Leonard Tilley,  
Resolved, That Select Standing Committees of this House, for the present Session, be appointed for the following purposes: 1. On Privileges and Elections. 2. On

Expiring laws. 3. On Railways, Canals and Telegraph Lines. 4. On Miscellaneous Private Bills. 5. On Standing Orders. 6. On Printing. 7. On Public Accounts. 8. On Banking and Commerce. 9. On Immigration and Colonization; which said Committees shall severally be empowered to examine and inquire into all such matters and things as may be referred to them by the House, and to report from time to time their observations and opinions thereon; with power to send for persons, papers and records.

Mr. Speaker communicated to the House, the Report of the Acting Librarian on the state of the Library of Parliament. (*Sessional Papers, No. 16.*)

And then The House adjourned till To-morrow.

Friday, 30th January, 1885.

The Sub-Committee, to whom was referred the auditing of the Printing Accounts for the past year, beg leave to report as follows:—

REPORT OF THE CLERK OF THE COMMITTEE.  
COMMITTEE ROOM.

10th February, 1885.

*To the Chairman and Members of the Joint Committee of both Houses on the Printing of Parliament :—*

GENTLEMEN,—I beg to submit the Annual Statement of the Receipts and Expenditure on account of the Printing of Parliament for the fiscal year ended 30th June, 1884. It is certified by the Auditor-General and signed by him as being correct.

The several contractors in connection with Printing services have signed their respective contracts, extending the same for one year, that is, to the 31st December next. This is in accordance with the last paragraph of the Sixth Report of the Committee of last Session, which recommended: "That in accordance with the provisions contained in the present contracts, by which Parliament has the right to extend the same for five years, they be extended for the present for one year, from 31st December next, and further thereafter if found necessary, to which extension the several contractors have signified their consent in writing."

The uncertainty which prevails as to the method to be adopted for the future performance of the Printing services has not tended to increase their efficiency at the present.

I would again respectfully draw attention to the overcrowded state of the Distribution Office, the too limited space rendering it impossible for the employés to perform the necessary work either with safety or satisfaction.

I regret to have to report the death of Mr. *Sloane*, the Assistant in the Stationery and Proof-reading Department of the House of Commons, to whom the Committee recommended last Session, by their Seventh Report, a yearly allowance of \$200 for certain services performed as set forth in Appendix C, as appended to that Report.

In answer to an application from the Finance Department, I asked that \$80,000 be placed in the Estimates for next year for the Printing services of Parliament. This is an advance of \$10,000 on the usual estimate, but as a supplementary of \$20,000 was required last year, I thought it advisable to do so, subject to the approval of the Committee.

All which is respectfully submitted.

Sir *Richard J. Cartwright* moved, seconded by Mr. *Mackenzie*, and the Question being proposed, That it appears by the Public Accounts that \$237,000 are due to the Government in respect of the advances made to the Exchange Bank in 1883.

That the said Bank had already, within two years, suspended payment and reduced its capital by fifty per cent.

That the papers laid before this House—and the statement of the Minister—show that the Bank was in difficulties when said advances were made, and that no proper enquiries were had or precautions taken in respect of the loan of the \$300,000 of public money put in jeopardy by such advance.

That the present condition of the loan is such that a serious loss may occur to the Treasury.

That the developments in connection with the Exchange Bank show that the institution was at the time of the loan insolvent, and under grossly careless and fraudulent management, and that the result of the action of the Government was to bolster up the Bank by restoring, in some measure, public confidence, during an interval in which the said careless and fraudulent management was continued, enormous sums of money disappeared, the positions of shareholders, depositors and creditors of the Bank was changed, the liability of shareholders to creditors was lost, and the whole situation changed for the worse.

That this House regrets that the Government should have advanced the said sum of \$300,000 to the Exchange Bank;

The Order of the Day being read, for resuming the adjourned Debate on the Question which was on Monday last proposed, That it appears by the Public Accounts that \$237,000 are due to the Government in respect of the advances made to the Exchange Bank in 1883.

That the said Bank had already within two years suspended payment and reduced its capital by fifty per cent.

That the papers laid before this House—and the statement of the Minister—show that the Bank was in difficulties when said advance was made, and that no proper enquiries were had or precautions taken in respect of the loan of \$300,000 of public money put in jeopardy by such advance.

That the present condition of the loan is such that a serious loss may occur to the Treasury.

That the developments in connection with the Exchange Bank show that the institution was, at the time of the loan, insolvent, and under grossly careless and fraudulent management, and that the result of the action of the Government was to bolster up the Bank by restoring, in some measure, public confidence; during an interval in which the said careless and fraudulent management was continued, enormous sums of money disappeared, the positions of shareholders, depositors and creditors of the Bank was changed, the liability of shareholders to creditors was lost, and the whole situation changed for the worse.

That this House regrets that the Government should have advanced the said sum of \$300,000 to the Exchange Bank;

And the Question being again proposed: The House resumed the said adjourned Debate.

And the Question being put; the House divided: and the names being called for, they were taken down, as follow:—

(*Sessional Papers, No. 42a*)

On motion of Mr. *White (Cardwell)*, seconded by Mr. *Colby*,  
Resolved, That this House doth concur in the Fifth Report of the Joint Committee of both Houses on the Printing of Parliament.

Mr. *Taylor* moved, seconded by Mr. *Hickey*, and the Question being put, That the Bill from the Senate intituled: "An Act for the relief of *Fairy Emily Jane Terry*," be now read the first time; the House divided: and it was resolved in the Affirmative.

The Bill was accordingly read the first time.

And the Question being put, That the Bill be read a second time on Friday next; the House divided: and it was resolved in the Affirmative.

On a motion of Mr. *Weldon*, seconded by Mr. *Mills*,  
Ordered, That there be laid before this House, a Return of all properties owned by the Government for military purposes in *New Brunswick*, disposed of or leased since the transfer from the Imperial Government; the parties to whom sold, and at what price, and as to leased properties, to whom leased, for what period and at what rents.

Mr. *Cameron* (*Inverness*) moved, seconded by Mr. *McDougall* (*Cape Breton*), and the Question being proposed, That after the Treaty of *Paris* the Island of *Cape Breton* was annexed to *Nova Scotia* by Proclamation on 7th October, 1763.

And that it was ordered by the Governor and Council of *Nova Scotia*, on the 10th of December, 1765, "that the Island of *Cape Breton* should be erected into a distinct County, to be known by the name of the 'County of *Cape Breton*,' comprehending "the Islands of *Madame* and *Scatarie*, and all Islands within three leagues, and that a "writ should be issued for choosing two representatives; and further, that the free-holders should be at liberty to choose non-residents "

That "*John Grant*, Esq., and Mr. *Gregory Townsend*, were elected, and proceeded "to *Halifax* to take their seats in the Assembly, on 3rd June, 1766."

That the said *John Grant*, Esq., and Mr. *Gregory Townsend*, on the report of a Committee of the Assembly, composed of Messrs. *Butler*, *Morris*, *Smith*, *Brenton* and *Burbridge*, against the validity of their election, were prevented from taking their seats in the Legislature.

That the Legislature of *Nova Scotia* exercised the power of taxing the people of *Cape Breton* without allowing them any representation in the Assembly for 21 years, thereby creating discontent so intense and lasting that the Imperial Government, as a remedy, separated the Island from *Nova Scotia* in 1784.

That during the twenty years preceding its separation from *Nova Scotia*, owing to the injustice done *Cape Breton*, its population decreased from 1,500, in 1763, to 1,100, in 1783.

That *Cape Breton*, while ruled by a Governor and Council, was so favourably known and desired by emigrants from the old country, that as Governor *Desbarres*, of the Island, writing to the Under Secretary of State on the 17th August, 1785, says: "*Nova Scotia* is jealous and don't wish with thorough sincerity the success "of the Government, lest its growing importance and value should raise it to the first "rank amongst His Majesty's and the national favourites."

That the population of *Cape Breton*, during the thirty-five years of its separate government, increased from 1,100, in 1783, to 26,100, in 1820.

That the persistent jealousy and intermeddling of *Nova Scotia* secured the re-annexation of *Cape Breton*, without the consent of its people, by a Proclamation issued on 16th October, 1820.

That the people of *Cape Breton*, during the succeeding twenty four years, used every constitutional means to remonstrate against the re-annexation, but without success, as the Judicial Committee of the Privy Council confirmed it in 1844.

That the unjust treatment of *Cape Breton* by *Nova Scotia*, from 1820 to 1867, appears manifest from the fact alone that while during that time \$9,000,000 had been expended in *Nova Scotia* proper, on public account, only the comparative trifle of \$156,523 was expended in *Cape Breton*, and that on *St. Peter's Canal*, in the County of *Richmond*.

That since 1867, under Confederation, notwithstanding the enormous increase of the Public Debt of the Dominion, for which both political parties are responsible, and for the interest on which the people of *Cape Breton* are taxed in common with the people of other sections of the Dominion, no expenditure chargeable to Capital Account was ever yet made, excepting on *St. Peter's Canal*.

That the prosperity of *Cape Breton*, up to the present time, had been retarded largely by the exercise of preponderating influences favourable to such portions of *Nova Scotia* as *Halifax*, *Cumberland* and *Pictou*, whose interests are not supposed to lie always in fairly recognizing the importance of *Cape Breton*.

That the area of *Cape Breton* is more than double that of *Prince Edward Island*, its population nearly as large, and in addition to their many common interests, the former possesses unlimited mineral resources, which remain undeveloped, owing to the want of facilities afforded to rival counties in *Nova Scotia* proper.

That in the opinion of this House the isolated position of *Cape Breton*, apart from the consideration of its inexhaustible mineral resources, entitles it to that consideration at the hands of this Parliament, which is given to *Prince Edward Island*, in the way of affording facilities for the development of its various industries.

And a Debate arising thereupon; The said Motion was, with leave of the House, withdrawn.

Mr. Speaker acquainted the House, That a Message had been brought from the Senate by their Clerk, as followeth:—

The Senate have passed the following Bills without any amendment:—

Bill intituled: "An Act respecting The *Canada* Southern Railway Company, and "The *Erie* and *Niagara* Railway Company."

4. That Her Majesty's assent was not given to the said Bill, and by the correspondence on the subject which was laid before this House, the reason for the refusal was alleged to be that the provisions of the Canadian Bill were in conflict with Imperial legislation.

5. That an humble Address be presented to Her Majesty, praying that Her Majesty may be graciously pleased to invite Her Imperial Parliament to except *Canada* from the operation of the Statutes of the United Kingdom respecting Copyright, so far as is necessary to give the Parliament of *Canada* a clear authority to legislate upon all matters respecting Copyright in *Canada*;

**44a.** Return to Address, Copies of Petitions from the County Council of the County of *Elgin*, presented to the Governor in Council, or the Minister of Railways and Canals, praying for a general measure of relief to municipalities of *Ontario* which have aided Railways, declared to be for Dominion purposes, by granting bonuses to them, and of all correspondence in reference to such Petitions.

The Committee would also beg to submit the following Resolution as a recommendation :—

*Resolved*, That the salary of *Napoléon Boulet*, the First Assistant in the Distribution Office, be increased by fifty dollars from the first day of January last.

Mr. *Chapleau*, a Member of the Queen's Privy Council, presented,—Return to an Order of this House, dated 23rd March, 1885, for a Return of all sums (apart from his salary as County Judge) which have been paid to *G. M. K. Clarke*, in each of the years 1879, 1880, 1881, 1882, 1883 and 1884, respectively, and for what services in each year ; also what sums, if any, have been paid to him from the 1st January, 1834, to this date. (*Sessional Papers*, No. 122.)

Also, Return to an Address to His Excellency, dated 23rd March, 1885, for copies of all correspondence having reference to the appointment of a Joint Commission with the *United States Government* for surveying the boundary line between the Province

of *British Columbia* and the *United States* territory of *Alaska*. (*Sessional Papers, No. 123.*)

And also, Return to an Address to His Excellency, dated 6th February, 1885, for a copy of the Commission and the names of the Commissioners appointed to proceed to *British Columbia* to enquire into, and report upon, the Chinese difficulty in that country. The date of the Commissioners' engagement, the salary or other allowance paid them, and the amount of travelling and other expenses up to the 1st of February, 1885. (*Sessional Papers, No. 54b.*)

Mr. *Bowell*, a Member of the Queen's Privy Council, presented,—Return to an Order of this House, dated 4th February, 1885, for a Return of all Customs collections in *Algoma* during the six months ending 31st December, 1884, showing the amount collected at *Port Arthur* and its outports, and at *Sault Ste. Marie* and its outports, respectively; also the amount collected at *Spanish River* and such other stations in *Algoma* as report to *Collingwood*. (*Sessional Papers, No. 124.*)

Ordered, That Mr. *Chapleau* have leave to bring in a Bill to restrict and regulate Chinese immigration into the Dominion of *Canada*.

He accordingly presented the said Bill to the House, and the same was received and read the first time; and ordered to be read a second time To-morrow.

Mr. *Beaty* moved, seconded by Mr. *Kranz*, and the Question being proposed, That having in view the evils resulting from the ready access to, and excessive use of, spirituous liquors, as beverages, it is expedient, with a view of diminishing those evils, that a legislative enactment should be had of a prohibitory, rather than a restrictive, character.

That prohibiting the importation, manufacture, sale and use of "Spirits" known under the names, brandy, gin, rum, whiskey, and high wines, or other distilled liquors, for purpose other than for exportation for use out of *Canada*, medicinal, chemical or mechanical uses, is advisable as a partial remedial measure.

That as heretofore the distillation of "Spirits" has been a lawful business, it is deemed but just that some moderate compensation for injury to real property and plant should be made, without regard, however, to prospective profits or remote damages.

That it is expedient to declare drunkenness, from the excessive use of intoxicating liquors, to be a criminal offence, punishable with imprisonment, in cases of persons repeating the offence.

That an Act based on the said Resolutions should be passed, not to come into force until the expiration of twelve calendar months, or until after the close of the next Session of Parliament;

"That the Report of the Civil Service Commission declares that four-fifths of the whole work of the Service is routine work, requiring for its performance no special attainments beyond what can be acquired in the common schools; and that this work has been largely done by Clerks who, by mere force of survival, have been advanced to the higher grades of the Service, while in private business it would be performed by men receiving comparatively low salaries; and that this is a fruitful source of unnecessary cost, to be remedied in part by firmly restricting the number of employes of higher grades.

"That the practical working of the existing law has resulted in a great increase in the cost of the Service, due largely to the increases of salary and the promotions of the Clerks of the lower grades.

"That the said Bill be re-committed to a Committee of the Whole House, for the purpose of amending the same by providing for the modification in future cases of the provisions for yearly increases of salary, and for promotions, so as to lessen the evils above mentioned, and to check the enormous additions which are being made to the cost of the Service;" inserted instead thereof.

The House, according to Order, again resolved itself into a Committee on the Bill respecting the Electoral Franchise, and after some time spent therein;

Mr. Speaker resumed the Chair, and Mr. *Daly* reported, That the Hon. Member for South Huron, having in the course of his remarks on Clause 3, and the amendments thereto, proposed by Mr. *Charlton* and Mr. *Casey*, discussed at length the financial position of the Country as pertinent to the subject under consideration, a Question of Order arose thereon. Whereupon he (Mr. *Daly*) ruled that reference to the expenditures of the Country, except as a subsidiary question, could not be allowed, and that a full and elaborate statement of the financial condition of the Country was out of Order. From this decision an appeal has been made to The House.

And the Question being put, That the decision of the Chairman of Committees be sustained; the House divided: and the names being called for, they were taken down, as follow:—

Mr. White (*Cardwell*), from the Select Committee appointed to supervise the Official Report of the *Debates* of this House during the present Session, presented to the House the Third Report of the said Committee, which was read, as followeth:—

Your Committee would recommend,—

1st. That the allowance of \$130 per Session to Mr. J. W. Mathewson, for readjusting and keeping in repair the caligraph writing machines, be discontinued after the present Session, as owing to the knowledge now possessed by the different amanuenses

of the mechanism and working of the machines, Mr. *Mathewson's* services, in this connection, are no longer required.

2nd. That commencing with next Session, Members of The House be supplied with two bound copies of the *Debates* instead of five, as at present, and that the style of the volume be changed from Royal Quarto to Octavo, and the type to Brevier with quotations in Nonpareil.

The Committee submit the following Memorandum, signed on behalf of the Staff of Official Reporters, which points to a means whereby a considerable saving of public money might be effected. The Committee recognize that it does not come within their duty to make any recommendation on this subject, but they would suggest that, in the event of its being acted upon, the allowance which would otherwise be made to the Reporters should be credited to the account of the *Official Debates*.

*Memorandum.*

The Official Reporters of The House, in a Report presented to the Debates Committee on 7th February, 1884 (see Journals, 1884, page 267), which formed the basis of the present arrangement with the Staff, made the following offer with respect to their possible employment by the Government during the recess:—"We desire to express our willingness to meet the wishes of the Committee, in case they should think it desirable to adopt some scheme whereby our services might be placed at the disposal of the Government for a portion of the recess, for special official short-hand work, such as Commissions, Inquiries, Dominion Election Trials, &c.; thus practically placing our employment, as well as our salaries, on an annual basis."

In view of the discussion upon this subject in The House a few days ago, the following suggestions are respectfully submitted by the Staff:—

The Reporters, who, since the adoption of the present system of reporting the Debates, have occupied the position of permanent officers of The House, are prepared to do special official short-hand work, such as Commissions, Inquiries and reporting Dominion Courts.

They submit that their services might be advantageously employed in all or any of the following classes of work:—

1. Supreme and Exchequer Court reporting.
2. Royal Commissions.
3. Arbitrations.
4. Governmental Inquiries, Departmental or otherwise.

5. Proposed Court of Claims, in the Bill for the establishment of which provision is made for the taking of evidence in short-hand, and under which an enormous mass of evidence is likely to be so taken.

The effect of the adoption of such a scheme would be, practically, the organization of a Reporting Branch, in connection with reporting the Debates, whereby the Government would have at their immediate call, during the recess, through the Commissioners of Internal Economy, or otherwise, the services of a corps of thoroughly trained and experienced men for every description of first-class reporting work. The composition of the Staff is such that it would be able to cover all such reporting, whether in the English or French language.

The Public Accounts show, that for the work covered by the above classes, very large sums have annually been paid, and the amount so paid must necessarily continue to be very large.

The proposition now submitted involves no additional expenditure for salaries or fees by the Government or Parliament.

On behalf of the Staff,

(Signed),

G. B. BRADLEY,

*Chief Reporter.*

APRIL 15th, 1885.

The attention of the Committee has been called to the fact that in some cases Members have sought to revise the Manuscript Report of their speeches before their publication in the daily edition, in one case the proof being obtained in the printing office for that purpose. The attention of Members is therefore called to the fact that the first, or daily, edition of the *Debates*, cannot be revised or interfered with in any way by them. For the bound volume, Members are permitted to make verbal alterations, but not such as will in any way change the sense of the words as originally spoken.

The House, according to Order, again resolved itself into a Committee on the Bill respecting the Electoral Franchise.

And The House having continued to sit till after Twelve of the Clock on Saturday morning ;

*Saturday, 23rd May, 1885.*

Mr. Speaker resumed the Chair; and Mr. *Daly* reported, That the Committee had made some progress, and directed him to move for leave to sit again.

*Resolved*, That this House will, at its next sitting this day, again resolve itself into the said Committee.

And then The House having continued to sit ten minutes after Twelve of the Clock on Saturday morning, adjourned till this day.

Saturday, 23rd May, 1885.

"In the opinion of this House, the shareholders, if they desire more money for their operations, should propose to utilize their deposit for future dividends, instead of asking *Canada* to impair its existing securities—to make large further advances, and to allow the enterprise to be charged with fifteen Millions additional Capital, the interest on which must be borne by the trade of this country," inserted instead thereof ;

Provided, also, that nothing in this Act shall be held to interfere with the purchase or sale by legally qualified physicians, chemists or druggists of the following articles, that is to say:—

1. The official preparations of the authorized pharmacopœas when made of full medicinal strength, and sold only for medicinal purposes.

2. Physicians' prescriptions containing spirituous liquors, if sold in quantities of not more than eight ounces at any one time.

So it passed in the Negative.

Mr. *Jamieson* moved, seconded by Mr. *Fisher*, and the Question being put, That this House doth disagree with the Senate in so much of Proviso 2 of the said Amendment, as is numbered 5, for the following reason: "Because it contravenes the principle of the Act which provides that the sale of Alcohol and Spirits for the purposes mentioned shall be made only on the certificate of two Justices of the Peace accompanied by the affirmation of the applicant and the registration of the sale, which are considered necessary safeguards against an abuse of the Law:"—It was resolved in the Affirmative.

Mr. *Fisher* moved, seconded by Mr. *Jamieson*, and the Question being proposed, That the said Amendment be amended, by adding thereto the following words:—"Provided also that all such Physicians, Chemists and Druggists, selling Alcohol or Spirituous Liquors under the provisions of this section, shall be subject to the same regulations and restrictions that govern vendors licensed by the fourth sub-section of the ninety-ninth section of the said Act;" and a Debate arising thereupon; the said Motion was, with leave of the House, withdrawn.

Mr. *Scriven* moved, seconded by Mr. *Fisher*, and the Question being put, That the said Amendment be amended, by adding thereto the following proviso:—"Provided always that all such Physicians, Druggists and Chemists, selling Alcohol or Spirituous Liquors, shall keep a register of all such sales, indicating the name of the purchaser and the quantity sold, and shall make an annual Return of all such sales on the 31st December in each year to the Collector of Inland Revenue within whose Revenue Division such Physician, Druggist or Chemist resides:"—It was resolved in the Affirmative.

And the Question being put, That the said Amendment, as amended, be agreed to; the House divided: and it was resolved in the Affirmative.

The fourth and fifth Amendments, being read a second time, were agreed to.

The sixth Amendment, being read a second time, as followeth:—Page 2, line 13. Leave out from "sale" to "in" in line 22, and insert "3";

Mr. *Jamieson* moved, seconded by Mr. *Fisher*, and the Question being put, That this House doth disagree with the Senate in the said Amendment, for the following reason:—"Because abuses have arisen in Counties in which the Act has been adopted, owing to the absence of a penal clause of this nature, and the provision is necessary in order to the proper and effective enforcement of the law:"—It was resolved in the Affirmative.

An Amendment was proposed by Mr. *Hickey*, seconded by Mr. *Orton*, to be made to the words reinstated by such disagreement, by inserting after the word "man" in page 2, line 15 of the Bill, the words "or other person authorized to grant certificates under this Act;" and the Question being put, That those words be there inserted, it was resolved in the Affirmative.

The seventh, eighth and ninth Amendments being read a second time were agreed to.

The tenth Amendment, being read a second time, as followeth:—

Page 3, line 5.—Leave out from "10" to "where" in line 13.

Mr. *Jamieson* moved, seconded by Mr. *Fisher*, and the Question being put, That this House doth disagree with the Senate in the said Amendment, for the following

Reason :—“ Because forms are necessary for the efficient enforcement of the Act :”—  
It was resolved in the Affirmative.

The eleventh Amendment being read a second time, as followeth :—

Page 3, line 17.—After “ information ” insert the following as Clause B.

“ Clause B.

“ The dealing in Ales, Porter, Lager Beer, Cider and Light Wines containing  
“ not more than twelve per cent. of alcohol shall be exempt from the operation of the  
“ *Canada Temperance Act of 1878.*”

Mr. *Jamieson* moved, seconded by Mr. *Fisher*, and the Question being proposed,  
That this House doth disagree with the Senate in the said Amendment, for the follow-  
ing reason :—“ Because it is a violation of the fundamental principle of the Act,  
“ which, where adopted, prohibits the sale of all intoxicating liquors for beverage  
“ purposes ; and because the Act has already been adopted in good faith by the Electors  
“ in 61 Counties and Cities of the Dominion, believing that under the express provi-  
“ sions of the Law it would continue in force, unimpaired, for three years, and would  
“ then only be repealed by the same authority which adopted it ; and the passing of  
“ the Amendment would be a breach of faith on the part of Parliament with the Elec-  
“ tors of these Counties and Cities ; and further because the Amendment is in direct  
“ opposition to the wishes of a large portion of the Electors of the Dominion as mani-  
“ fested by the Petitions presented to Parliament.”

Mr. *Small* moved, in amendment, seconded by Mr. *Vanasse*, That all the words

So it passed in the Negative.

And The House, having continued to sit till after Twelve of the Clock on Friday morning ;

Friday, 19th June, 1885.

Mr. *Cameron (Victoria)* moved in amendment, seconded by Mr. *Small*, That all the words after "That" to the end of the Question be left out, and the words "Provided always that in all Counties or Cities in which the *Canada Temperance Act*, 1878, may have been heretofore adopted, and after the same has been in operation for one year, the question shall be submitted to a vote of the duly qualified Electors under a proclamation to be issued by the Governor in Council, whether this Amendment to the said Act shall apply and be in force in any such County or City, and the vote upon the said question shall be taken in the manner by the said Act provided, and the form of ballot in such voting shall be according to Schedule 'A' to this Act, and all the provisions of the said Act, as to the proceedings in reference to voting thereunder, the qualification of voters, the powers to be exercised, and the offences that may be committed, and the penalties that may be incurred in the course of and in connection with such proceedings, shall apply to a voting under this Act, and if a majority of the Electors voting on the said question, to be ascertained as provided by the said Act, shall be in favour of applying and bringing the said Amendment into force in said County or City, the same shall be in force therein from and after the passing of an Order in Council published in the *Canada Gazette* "declaring the same," be added to the said Amendment, inserted instead thereof;

And the Question being put on the Amendment: It passed in the Negative.

Then the Main Question being put, That this House doth disagree with the Senate in the said Amendment for the following reason: Because it is a violation of the fundamental principle of the Act, which, where adopted, prohibits the sale of all intoxicating liquors for beverage purposes; and because the Act has already been adopted in good faith by the Electors in 61 Counties and Cities in the Dominion, believing that under the express provisions of the law it would continue in force,

The twelfth Amendment being read a second time, as followeth:—

Page 3 and following pages, leave out "Schedules."

Mr. *Jamieson* moved, seconded by Mr. *Scriver*, and the Question being put, That this House doth disagree with the Senate in the said Amendment, for the following reason: Because the House has reinstated the Clause providing Schedules: It was resolved in the Affirmative.

*Ordered*, That a Message be sent to the Senate to communicate the reasons for disagreeing to certain of their Amendments (with the Bill and Amendments) and that the Clerk do carry the same.

And then The House, having continued to sit till One of the Clock on Friday morning, adjourned till this day.

Of the Reverend *Stephen E. Wadel*, and others, of the Municipality of *Walkerton*, County of *Bruce*, Ontario; praying that the Franchise Bill be not further proceeded with at the present Session of the Parliament of *Canada*.

On motion of Sir *Hector L. Langevin*, seconded by Mr. *Pope*,

*Resolved*, That when the House adjourns this day, it do stand adjourned until To-morrow at half past One o'Clock P.M., and that Government measures shall have precedence after Routine business.

The Order of the Day being read, for resuming the adjourned Debate on the Amendment which was on Wednesday last proposed to be made to the Question, That Mr. Speaker do now leave the Chair (for the House in Committee to consider certain proposed Resolutions respecting the Canadian Pacific Railway Company); and which Amendment was, That all the words after "That" to the end of the Question be left out, and the words, "*Canada* in the contract with the Canadian Pacific Railway Company, gave the Company vast aids, which were declared to be ample" and final.

"*Canada* in 1884 gave the Company great additional aids, which were again declared to be ample and final.

"The shareholders of the Company have already divided among themselves about seven Millions in dividends, and have on deposit with the Government about fourteen Millions more to provide future dividends for themselves for over eight years to come, while they affirm that the Railway will be profitable from the day of its opening.

"In the opinion of this House, the shareholders, if they desire more money for their operations, should propose to utilize their deposit for future dividends, instead of asking *Canada* to impair its existing securities—to make large further advances, and to allow the enterprise to be charged with fifteen Millions additional Capital, the interest on which must be borne by the trade of this country," inserted instead thereof.

And the Question on the Amendment being again proposed; The House resumed the said adjourned Debate.

And The House, having continued to sit till after Twelve of the Clock on Saturday morning;

*Saturday, 20th June, 1885.*

And the Question being put on the Amendment; the House divided: and the names being called for, they were taken down as follow:—

The House, according to Order, again resolved itself into a Committee to consider certain proposed Resolutions respecting the *Canada Pacific Railway*.

(In the Committee.)

1. *Resolved*, That the *Canadian Pacific Railway Company*, under the authority of its shareholders, as provided by the 28th section of its Charter, may issue and deliver to the Government first mortgage bonds to the extent of \$35,000,000, bearing 5 per cent. interest, for a term not exceeding fifty years, such bonds to constitute and be a first lien and charge on the entire property of the Company, real and personal, now owned or hereafter to be acquired, or owned, by it (save and except the lands granted or to be granted by the Government to the Company under the said contract); including its main line of Railway with its tolls and revenues, the extensions thereof, its branch lines of Railway (except the *Algoma Branch*), the whole of its equipment, rolling stock and plant, and all its steamers and vessels, saving always, however, the rights of the holders of the existing mortgages on the extensions of the line of the Railway from *Callander* to *Brockville* and *Montreal* as security for the unpaid balances of the purchase money of the said extensions.

2. *Resolved*, That the Company may secure the payment of the said Bonds and of the interest thereon by a deed of Mortgage executed by the Company to Trustees to be approved by the Government, with the authority and of the tenor and purport, and containing the conditions, remedies, provisions and powers authorized and provided for by the 28th section of the Charter of the Company, to such extent and in such manner and form as shall be approved by the Governor in Council.

3. *Resolved*, That upon the issue and delivery of the said Bonds to the Government, the lien and charge created by the Act 47 *Victoria*, Chapter 1, intituled : "An Act to amend the Act respecting the Canadian Pacific Railway Company and for other purposes;" upon the Railway and property of the Company affected by the said Bonds and by the Deed of Mortgage securing the same, shall cease to exist, and shall be released and discharged in respect of the Railway and property so affected, and the shares in the capital stock of the Company, to the extent of \$35,000,000, now in the hands of the Government, shall be cancelled and destroyed and no further issue of stock shall be made, without the special authority of Parliament. But the *Algoma Branch* shall still remain charged with the lien and charge created by the said Act.

4. *Resolved*, That the time for the payment of the entire loan to the Company of \$29,880,912 shall be fixed at the first day of May, 1891, and so long as default shall not occur in the payment of principal or interest, at the times when they shall respectively become due, the interest upon the said loan shall be computed at the rate of 4 per cent. per annum. But the Company may at any time, with the consent of the Government, pay the amount of the said debt, or any part thereof, in sums of not less than \$1,000,000; and if such payment be made on account of the sum of \$20,000,000, hereinafter mentioned, a corresponding amount of bonds shall be returned to it.

5. *Resolved*, That as security for the payment of \$20,000,000 of such loan and of the interest thereon, the Government shall hold and retain \$20,000,000 of the said first Mortgage Bonds, and in respect of such bonds shall have all the rights of bondholders, except as to the rate of interest, as provided in the last preceding section. And upon payment of any half-yearly instalment of such interest the half-yearly coupons attached to the said Bonds, corresponding to such half-yearly payment of interest, shall be cancelled and surrendered to the Company. But if the Company makes default in the payment of the interest on the said sum of \$20,000,000, or of the principal thereof, at the time when the same shall become due, respectively, the rate of interest upon the whole loan shall thereafter be computed at the rate of 5 per cent. per annum; and such default shall be equivalent to a default in the payment of the interest on the said Bonds, and shall entitle the Government to the same remedies as if default had been made in the payment of the interest or principal of the said Bonds, and upon the Company remaining in default, in respect of either the principal or interest on the said \$20,000,000 for a period of six months, the Trustees shall be authorized and empowered to take possession of the property mortgaged, and shall exercise all or any of the powers conferred upon them by the terms of the Mortgage Deed in pursuance thereof, as if the principal of the Bonds were in default.

6. *Resolved*, That as security for the payment of the balance of the said loan, amounting to the sum of \$9,880,912, and the interest thereon, the Government shall have a first lien and mortgage, subject to the outstanding Land Grant Bonds, on the whole of the unsold lands forming the remaining part of the Company's Land Grant, earned and to be hereafter earned, such principal and interest to be paid out of the net proceeds of the sale of such lands; and the Government shall continue to hold and retain the entire amount of Land Grant Bonds now in its custody and possession, as provided by the said Act, applying the moneys applicable to the Land Grant Bonds in the hands of the Government, over and above the sum of \$5,000,000 referred to in the second sub-section of section 5 of the said Act, to the interest and principal of the said sum of \$9,880,912, instead of to the purposes provided by the first sub-section of section 5 of the said Act. And if the net proceeds of such sales to be made from time to time in due course, shall be insufficient to pay the interest on the said last mentioned amount, as the same shall fall due, or the principal thereof, when the same shall become due, the Governor in Council may order the sale by the Trustees of such lands or any part thereof in such manner as shall be fixed by such order, in satisfaction of the interest or principal in respect of which default has occurred. And after the sale of the whole of such lands, any deficiency in the proceeds thereof to pay the amount charged thereon, shall be a charge upon the Company's entire revenue, after providing for its fixed charges, and by preference over the sharehold-

ers. And no further or other charge shall be created on the property mortgaged as security for the said first mortgage bonds, until the said sum of \$9,880,912, and interest, and also the said sum of \$20,000,000, and interest, shall have been paid in full. And after payment out of the proceeds of such lands of the outstanding Land Grant Bonds, and of the said sum of \$9,880,912, and interest, the remainder of such lands shall remain charged with a first lien and privilege in favor of the Government as additional security for the payment of the said sum of \$20,000,000 and interest.

7. *Resolved*, That the Government may make a temporary loan to the Company of \$5,000,000, to be repaid by the Company to the Government, on or before the 1st day of July, 1886, with interest at the rate of 4 per cent. per annum, payable on the 1st day of January and the 1st day of July, 1886, the Company to have the right to repay the said loan by instalments of not less than \$1,000,000 each, and to receive, on the payment thereof, a corresponding proportion of the amount of said Bonds held as security therefor. And after reserving part of the said Bonds, to the amount of \$8,000,000, to be held by the Government as security for the said temporary loan, and to be delivered to the Company on payment to the Government of the said sum of \$5,000,000 and interest, in whole or in part, in proportion to such payment, the remainder of the said Bonds shall be from time to time paid by the Government to the Company, to be applied by the Company, under the supervision of the Government, to the payment for work done, or to be done, for the development, improvement and extension of the Railway, its connections and equipment, and for the maintenance of the credit and efficiency of the Company generally to the satisfaction of the Government. And if the Bonds in the hands of the Government, or any part thereof, shall be sold by the Company at a price satisfactory to the Government, the proceeds of such sale shall be paid into the hands of the Government in the place and stead of the Bonds so sold, and such proceeds shall be dealt with as is hereinbefore provided with respect to the Bonds they represent.

8. *Resolved*, That the proportion to which the Government is entitled of the moneys realized by the Trustees of the Land Grant Bonds, (and after the redemption of the Land Grant Bonds, the proceeds of all sales of land granted, or to be granted, to the Company under the contract) realized as provided by the said Act,—shall be applied to the payment of the interest and principal of the said sum of \$9,880,912. And, after payment thereof in full, towards the payment to the Government of the interest and principal of the said sum of \$20,000,000.

9. *Resolved*, That the said Act of last Session (47th Victoria, Chapter 1), shall remain in force, except in so far as it is affected by the provisions hereof.

10. *Resolved*, That if at any time any line connecting with the *United States* system of Railways shall be in course of construction to a point on the river *St. Mary's*, and there shall be a probability of the early completion thereof, and the Company shall desire to continue the *Algoma* Branch to a junction with such line, the Governor in Council may, in their discretion, and upon such conditions as they shall determine, order the release and discharge of the said Branch from the lien and charge thereon created by the said Act, and continued by this Act, and may, by such order, authorize the Company to exercise in respect of the said Branch the power of mortgaging the same in manner and form as provided by its charter with respect to mortgaging the main line thereof, to such extent per mile as shall be fixed by such order, the proceeds of such Bonds to be applied exclusively to the construction of the extension of the said Branch to such junction.

Mr. *Daly* reported, from the Committee of the Whole House, to consider certain proposed Resolutions respecting the Canadian Pacific Railway; several Resolutions, which were read as follow:—

1. *Resolved*, That the Canadian Pacific Railway Company, under the authority of its shareholders, as provided by the 23th section of its Charter, may issue and deliver to the Government first mortgage bonds to the extent of \$35,000,000, bearing 5 per cent. interest, for a term not exceeding fifty years, such bonds to constitute and be a first lien and charge on the entire property of the Company, real and personal, now owned or hereafter to be acquired, or owned, by it (save and except the lands granted or to be granted by the Government to the Company under the said contract); including its main line of Railway with its tolls and revenues, the extensions thereof, its branch lines of Railway (except the *Algoma* Branch), the whole of its equipment, rolling stock and plant, and all its steamers and vessels, saving always, however, the rights of the holders of the existing mortgages on the extensions of the line of the Railway from *Callander* to *Breckville* and *Montreal*, as security for the unpaid balances of the purchase money of the said extensions.

2. *Resolved*, That the Company may secure the payment of the said Bonds, and of the interest thereon, by a deed of Mortgage executed by the Company to Trustees to be approved by the Government, with the authority and of the tenor and purport, and containing the conditions, remedies, provisions and powers authorized and provided for by the 28th section of the Charter of the Company, to such extent and in such manner and form as shall be approved by the Governor in Council.

3. *Resolved*, That upon the issue and delivery of the said Bonds to the Government, the lien and charge created by the Act 47 *Victoria*, Chapter 1, intituled: "An Act to amend the Act respecting the Canadian Pacific Railway Company and for other purposes;" upon the Railway and property of the Company affected by the said Bonds and by the Deed of Mortgage securing the same, shall cease to exist, and shall be released and discharged in respect of the Railway and property so affected, and the shares in the capital stock of the Company, to the extent of \$35,000,000, now in the hands of the Government, shall be cancelled and destroyed and no further issue of stock shall be made, without the special authority of Parliament. But the *Algoma* Branch shall still remain charged with the lien and charge created by the said Act.

4. *Resolved*, That the time for the payment of the entire loan to the Company of \$29,880,912 shall be fixed at the first day of May, 1891, and so long as default shall not occur in the payment of principal or interest, at the times when they shall respectively become due, the interest upon the said loan shall be computed at the rate of 4 per cent. per annum. But the Company may at any time, with the consent of the Government, pay the amount of the said debt, or any part thereof, in sums of not less than \$1,000,000; and if such payment be made on account of the sum of \$20,000,000, hereinafter mentioned, a corresponding amount of bonds shall be returned to it.

5. *Resolved*, That as security for the payment of \$20,000,000 of such loan, and of the interest thereon, the Government shall hold and retain \$20,000,000 of the said first Mortgage Bonds, and in respect of such bonds, shall have all the rights of bondholders, except as to the rate of interest, as provided in the last preceding section. And upon payment of any half-yearly instalment of such interest, the half-yearly coupons

attached to the said Bonds, corresponding to such half-yearly payment of interest, shall be cancelled and surrendered to the Company. But if the Company makes default in the payment of the interest on the said sum of \$20,000,000, or of the principal thereof, at the time when the same shall become due, respectively, the rate of interest, upon the whole loan shall thereafter be computed at the rate of 5 per cent. per annum; and such default shall be equivalent to a default in the payment of the interest on the said Bonds, and shall entitle the Government to the same remedies as if default had been made in the payment of the interest or principal of the said Bonds, and upon the Company remaining in default, in respect of either the principal or interest on the said \$20,000,000 for a period of six months, the Trustees shall be authorized and empowered to take possession of the property mortgaged, and shall exercise all or any of the powers conferred upon them by the terms of the Mortgage Deed in pursuance thereof, as if the principal of the Bonds were in default.

6. *Resolved*, That as security for the payment of the balance of the said loan, amounting to the sum of \$9,880,912, and the interest thereon, the Government shall have a first lien and mortgage, subject to the outstanding Land Grant Bonds, on the whole of the unsold lands forming the remaining part of the Company's Land Grant, earned and to be hereafter earned, such principal and interest to be paid out of the net proceeds of the sale of such lands; and the Government shall continue to hold and retain the entire amount of Land Grant Bonds now in its custody and possession, as provided by the said Act, applying the moneys applicable to the Land Grant Bonds in the hands of the Government, over and above the sum of \$5,000,000 referred to in the second sub-section of section 5 of the said Act, to the interest and principal of the said sum of \$9,880,912, instead of to the purposes provided by the first sub-section of section 5 of the said Act. And if the net proceeds of such sales to be made from time to time in due course, shall be insufficient to pay the interest on the said last mentioned amount, as the same shall fall due, or the principal thereof when the same shall become due, the Governor in Council may order the sale by the Trustees of such lands or any part thereof, in such manner as shall be fixed by such order, in satisfaction of the interest or principal in respect of which default has occurred. And after the sale of the whole of such lands, any deficiency in the proceeds thereof to pay the amount charged thereon, shall be a charge upon the Company's entire revenue, after providing for its fixed charges, and by preference over the shareholders. And no further or other charge shall be created on the property mortgaged as security for the said first mortgage bonds, until the said sum of \$9,880,912, and interest, and also the said sum of \$20,000,000, and interest, shall have been paid in full. And after payment, out of the proceeds of such lands, of the outstanding Land Grant Bonds, and of the said sum of \$9,880,912, and interest, the remainder of such lands shall remain charged with a first lien and privilege in favor of the Government as additional security for the payment of the said sum of \$20,000,000 and interest.

7. *Resolved*, That the Government may make a temporary loan to the Company of \$5,000,000, to be repaid by the Company to the Government, on or before the 1st day of July, 1886, with interest at the rate of 4 per cent. per annum, payable on the 1st day of January and the 1st day of July, 1886, the Company to have the right to repay the said loan by instalments of not less than \$1,000,000 each, and to receive, on the payment thereof, a corresponding proportion of the amount of said Bonds held as security therefor. And after reserving part of the said Bonds, to the amount of \$3,000,000, to be held by the Government as security for the said temporary loan, and to be delivered to the Company on payment to the Government of the said sum of \$5,000,000 and interest, in whole or in part, in proportion to such payment, the remainder of the said Bonds shall be from time to time paid by the Government to the Company, to be applied by the Company, under the supervision of the Government, to the payment for work done, or to be done, for the development, improvement and extension of the Railway, its connections and equipment, and for the maintenance of the credit and efficiency of the Company generally, to the satisfaction of the Government. And if the Bonds in the hands of the Government, or any part

thereof, shall be sold by the Company, at a price satisfactory to the Government, the proceeds of such sale shall be paid into the hands of the Government, in the place and stead of the Bonds so sold, and such proceeds shall be dealt with as is hereinbefore provided with respect to the Bonds they represent.

8. *Resolved*, That the proportion to which the Government is entitled, of the moneys realized by the Trustees of the Land Grant Bonds, (and after the redemption of the Land Grant Bonds, the proceeds of all sales of land granted, or to be granted, to the Company under the contract) realized as provided by the said Act,—shall be applied to the payment of the interest and principal of the said sum of \$9,880,912. And, after payment thereof in full, towards the payment to the Government of the interest and principal of the said sum of \$20,000,000.

9. *Resolved*, That the said Act of last Session (47th *Victoria*, Chapter 1), shall remain in force, except in so far as it is affected by the provisions hereof.

10. *Resolved*, That if at any time, any line connecting with the *United States* system of Railways, shall be in course of construction to a point on the river *St. Mary's*, and there shall be a probability of the early completion thereof, and the Company shall desire to continue the *Algoma* Branch to a junction with such line, the Governor in Council may, in their discretion, and upon such conditions as they shall determine, order the release and discharge of the said Branch from the lien and charge thereon created by the said Act, and continued by this Act, and may, by such order, authorize the Company to exercise, in respect of the said Branch, the power of mortgaging the same in manner and form as provided by its charter with respect to mortgaging the main line thereof, to such extent per mile as shall be fixed by such order, the proceeds of such Bonds to be applied exclusively to the construction of the extension of the said Branch to such junction.

And the Question being put, That those words be there inserted: the said proposed Amendment was, with leave of the House, withdrawn.

And the Question being put on the Amendment: It was resolved in the Affirmative.

The House, according to Order, resolved itself into a Committee to consider a certain proposed Resolution to grant further subsidies to certain Railways.

(In the Committee.)

*Resolved*, That it shall be lawful for the Governor in Council to grant the further subsidies hereinafter mentioned towards the construction of the Railways hereinafter described; that is to say:—

1. For a Railway from a point on the Intercolonial Railway at *Rivière du Loup* or *Rivière Ouelle*, in the Province of *Quebec*, to *Edmunston*, in the Province of *New Brunswick*, a subsidy not exceeding \$2,800 per mile for 75 miles, and \$6,000 per mile for 8 miles, nor exceeding in the whole \$258,000. The said subsidy to be in addition to the subsidy authorized to be granted in aid of the construction of the said Railway by the Act 45 *Victoria*, Chapter 14, constituting, with the subsidy so authorized, a subsidy not exceeding in the whole \$498,000. The said subsidy to be granted to the said Railway upon the terms and conditions specified in the said Act.

2. Also for a line of Railway connecting *Montreal* with the Harbours of *St. Andrews*, *St. John* and *Halifax*, via *Sherbrooke*, *Moosehead*, *Lake Mettawankeag*, *Harvey*, *Fredericton* and *Salisbury*, a subsidy not exceeding \$90,000 per annum for twenty years, forming in the whole, together with the subsidy authorized by the Act, 47 *Victoria*, Chapter 8, a subsidy not exceeding \$250,000 per annum, the whole of which shall be paid in aid of the construction of such line for a period of 20 years, or a guarantee of a like sum for a like period, as interest on the Bonds of the Company undertaking the work.

3. The said last mentioned subsidy, to be so granted upon the terms and conditions specified in the said last mentioned Act, in respect of the subsidy thereby authorized in aid of the said line of Railway.

4. And whereas it is essential, in the interest of *Canada* generally as well as of the Province of *Quebec*, that free access to the Port of *Quebec* be obtained by the Canadian Pacific Railway, as contemplated by the said last mentioned Act, and such access has not been obtained, and it is necessary to make further provision for the purpose of procuring such access; therefore it is hereby resolved as follows:—

5. The Governor in Council may grant a further subsidy to aid in procuring free access, as hereinafter described, for the trains and traffic of the Canadian Pacific Railway Company, from *St. Martin's Junction*, near *Montreal*, or from some other point on the said Railway to be selected by the Company, to the Harbour of *Quebec*, in such manner as shall be approved by the Governor in Council, to wit: an additional subsidy not exceeding \$340,000, constituting, together with the subsidy authorized by the said last mentioned Act, to aid in procuring the extension of the Canadian Pacific Railway to *Quebec*; and the subsidy also thereby authorized, to aid in constructing a line connecting the Canadian Pacific Railway at *Jacques Cartier Junction* with the North Shore Railway, which subsidies shall be applicable to the said first mentioned purpose; a sum not exceeding in the whole the sum of \$1,500,000.

6. But if the said Canadian Pacific Railway Company fail, within the period of two months from the passing of an Act based on these Resolutions, to obtain such access to the Harbour of *Quebec*, either by purchasing or obtaining control of the said North Shore Railway, then and thereupon Sections 4, 5 and 6 of the said Act shall come into force and be acted upon in accordance with their terms, and if it should be expedient so to do, in order to facilitate obtaining such access, the Governor in Council

may acquire the North Shore Railway, and may apply the said sum of \$1,500,000, or any part thereof, in aid of such acquisition: and, upon such acquisition, may transfer, and convey or lease the said Railway to the Canadian Pacific Railway Company, subject to such obligations as the Government shall have assumed in acquiring it.

7. That in so far as any further authority is required to enable the Canadian Pacific Railway Company to carry out the provisions of the said 4th, 5th and 6th sections of the said Act, 47 *Victoria*, Chapter 8, as hereby modified, the said Company be authorized and empowered to do, with the authority of their shareholders, evidenced as provided by their charter, all matters and things that may be necessary or expedient in the carrying out of any arrangement herein contemplated, including the leasing in perpetuity of a second line of Railway between *Montreal* and *Quebec*, the application of the rental to be agreed upon in the lease thereof to the payment of the interest on the Bonds or Stock of any Company to be formed for constructing such second line, and the use of such subsidy in whole or in part as a provision for interest or dividends upon the cost of such construction or otherwise as may be found expedient in making the financial arrangements for meeting such cost; and that such authority in all the foregoing respects as may be needed by the Company to be incorporated under the said Act, be also granted to such Company by the terms of its charter.

And the Question being again proposed, That the Bill, as amended, be now taken into consideration ;

Mr. *Cameron (Huron)* moved in amendment, seconded by Mr. *Paterson (Brant)*, That all the words after "now" to the end of the Question be left out, and the words "re-committed to a Committee of the Whole House, for the purpose of amending the same by adding the following sub-sections to Section 47 :—

"A. Any person or persons who, under the foregoing sections, shall have made complaint according to the practice therein provided for in respect of the list of voters in any polling district with respect to the final revision thereof, whether such list be the first or any subsequent voters' list for the polling district prepared under this Act, or any person or persons, with reference to whom such complaint was made, who shall be dissatisfied with the decision on any point of law of the Revising Officer or the Judge in appeal, in respect of such complaint, may give to the Revising Officer or such Judge, within seven days after the day of such decision, notice in writing of his desire to appeal to a Superior Court from such decision, stating shortly in such notice the decision complained of and his reasons for appealing against it; and the Revising Officer or such Judge shall, as soon as he conveniently can do so, state, in the form of a special case, the facts established according to his opinion by the evidence, and necessary to be laid before the court above, in order to determine the said point of law, also his own decision on the same, as nearly as may be, according to the form and practice provided for the stating and hearing of a special case in the court intended to be appealed to, and he shall then sign the same as Revising Officer or such Judge, and shall require the appellant, or his counsel or agent, after reading the same to him, to sign a declaration at the end of such special case in the words, 'I appeal from the above decision,' after which the Revising Officer or Judge shall endorse the said case with the names of the parties appellant and respondent, if there be a respondent or party desiring to maintain the decision appealed from, and the number of the polling district, and the name of the Electoral District thereby affected, and shall deliver to such appellant, or his counsel or agent, a certified copy of such case, and also, if required, to the respondent, or his counsel or agent.

"B. No such appeal shall be allowed or entertained against any decision of the Revising Officer or Judge upon any matter of fact, or the admission or rejection of evidence adduced or offered on any matter of fact, but the appeal shall be allowed only on some point or points of law, as before mentioned. With the consent of the Revising Officer or Judge, any number of persons desiring to appeal on the same point or points of law may be joined in the same statement of case, making it one appeal.

"C. The appeal shall be in the form of a petition to the court, accompanying the statement of case certified by the Revising Officer or Judge, and praying that the voters' list in question may be amended by the insertion or omission of the name or names alleged to be wrongfully omitted or inserted, or otherwise, as the case may be, and shall be presented, on behalf of the appellant, at the next sitting of the court appealed to, after the expiration of the said notice of appeal by any barrister or advocate practising therein.

“ D. A copy of the petition must, at least four days before such presentation, have been served upon the revising officer or judge, and upon the party in whose favour the decision appealed from was given, with a notice of the time and place at which the petition will be presented, such service being made in the manner prescribed in any ordinary case of summons to appear before such court in civil cases or in any other manner prescribed by any rule made by the court in that behalf under this Act. The revising officer or judge, and the opposing party (if any) may appear by any barrister or advocate practising in the court, upon whom any order made by the court in the case, or any notice or other proceeding therein, may be validly served.

“ E. If the petitioner or petitioners does not or do not appear on the day on which the petition is to be presented, or, appearing, withdraws or withdraw his or their petition, the case shall, on the application of the revising officer or judge, or any other party on whom the petition has been served as aforesaid, be dismissed as respects such petitioner or petitioners, and the polling list shall, as to him or them, remain unaltered :

“ If the petitioner or petitioners appear, and neither the revising officer nor any other party aforesaid does so, or appearing does not oppose the petition, the court shall order the polling list to be amended as prayed for, and the revising officer shall amend it accordingly :

“ But if the petition be opposed by the revising officer or other party aforesaid (if any) then appearing, the court shall appoint a convenient time and place at which the case shall be heard by some judge of the court, who shall hear and decide the same summarily, and without being bound by any technical rules of proceeding ; such decision shall be subject to no appeal, and shall be notified in such manner as the court may direct to the revising officer, who shall obey the same and shall amend the polling list or leave it unaltered accordingly :

“ Provided always, that the court may, if it be of opinion that the case submitted is not sufficient to enable it to give judgment in law, remit the case to the revising officer to be more fully stated :

“ The court may award costs to or against any party in the case :

“ The court, or the judges thereof, having by law power to make rules of practice for proceedings therein, shall (subject the provision hereinafter made as to the Province of *Quebec*) have power to make rules of practice for appeals under this Act, and a tariff of costs and fees on such proceedings respectively, and to alter the same ; but if and so long as no such special rule or tariff shall be in force and applicable to any appeal under this Act, the court or judges shall cause the proceedings for which no such special provision is made, to be conducted in such manner as they may deem best adapted for doing substantial justice to all parties, and shall allow such costs as they may deem reasonable ; and the court deciding the case in appeal shall, in its order in that behalf, direct by what party the costs on any or all the proceedings shall be paid, and they shall be subject to taxation as in other cases in the court, and recoverable in like manner.

“ F. The appeal in the Province of *Ontario* shall be to any of the Divisional Courts of the High Court of Justice for that Province or to any one or more of the judges thereof, sitting at such court,—in the Province of *Manitoba* to the Court of Queen's Bench for *Manitoba*,—in the Provinces of *Nova Scotia*, *New Brunswick*, *Prince Edward Island* and *British Columbia*, to the Supreme Court of each of such Provinces respectively,—and in the Province of *Quebec* to the Superior Court at the City of *Quebec*, if the polling district in question be in any of the districts of *Quebec*, *Three Rivers*, *Saguenay*, *Chicoutimi*, *Gaspé*, *Rimouski*, *Kamouraska*, *Montmagny*, *Beauce* or *Arthabaska*,—and to the Superior Court at the City of *Montreal*, if such polling sub-division be in any one of the districts of *Montreal*, *Ottawa*, *Terrebonne*, *Joliette*, *Richelieu*, *St. Francis*, *Bedford*, *St. Hyacinthe*, *Iberville* or *Beauharnois* ;—and any three judges of the said Superior Court residing at the city at which the petition is presented shall have and exercise, with respect to such petition, all the

“powers by this Act vested in the court, except only that any rules of practice or “tariff made under this Act shall be made or altered only by the judges of the court “resident in the said cities, or a majority of them,” inserted instead thereof;

And the Question being put on the Amendment; the House divided: and the names being called for, they were taken down, as follow:—

*Resolved*, That as the several contracts for the Printing, Binding and Printing Paper expire on the 31st December next, it is recommended that they be extended for one year from that date; and that during the recess tenders should be called for, by advertising, for the performance of the *Printing* and *Binding* required for the Parliament of the Dominion of Canada, for the periods of five and ten years, to be computed from the 1st day of January, 1887, and to be completed on the 31st day of August, in the fifth or tenth year, as the case may be, instead of the 31st December; such tenders to be sent in, in a sealed envelope, addressed to the Clerk of the Joint Committee of both Houses on the *Printing* of Parliament, not later than 12 o'clock noon of the first day of the next Session of the Parliament of the Dominion, after which time no tender will be received. Such tenders to be made on blank forms which can be had, on application, from the Clerk of the Committee. Such delivery to be made at the offices of either House, free of charge. It shall be the duty of the Binder to count the sheets, when delivered by the Printer, and give a receipt therefor without charge.

The materials to be used in the Binding, and the workmanship, to be the same as sample copies, to be seen in the Office of the Clerk of the Printing Committee.

In all cases 20 per cent. is retained till the work pertaining to each Session shall be faithfully performed and completed.

Should the Contractors, or any of them, be at any time backward in their work, the Committee reserve the right to have the same performed elsewhere, deducting from their account the difference, if any, in the cost.

The Contractors to be subject to the Clerk of the Joint Committee of both Houses on Printing on all points.

The several Contractors for the Printing, Printing Paper, and Binding each to furnish good and sufficient security in a Guarantee Society, properly incorporated for that purpose, or by a cash deposit in one of the chartered Banks of the Dominion, certificates of which must be lodged with the Clerk of the Committee—the Contractor for the Printing, in the sum of \$5,000; the Contractor for the Printing Paper, in the sum of \$2,000; and the Contractor for the Binding, in the sum of \$1,000—for the due and faithful performance of their respective contracts. The consent in writing of the Guarantee Society to accompany each tender.

No tender will be received except accompanied by a Deposit Receipt from a Bank, as a guarantee of good faith that the tender will be carried out by the party to whom the contract is awarded. If the party to whom the contract is awarded should fail to carry out his tender, the said deposit to be absolutely forfeited to the uses of the Committee, as follows:—For the Printing, the sum of \$5,000; for the Printing Paper, the sum of \$500; and, for the Binding, the sum of \$200.

N.B.—The whole of the above work to be executed at the place where Parliament holds its sittings for the time being.

PRAYERS.

The House, according to Order, again resolved itself into the Committee of Ways and Means.

*(In the Committee.)*

1. *Resolved*, That it is expedient to repeal so much of Schedule A of the Act 42 *Victoria*, Chapter 15, as imposes a duty of ten per cent. *ad valorem* on "Endless felt for paper makers," and the following parts of 46 *Victoria*, Chapter 13, intituled: "An Act further to amend the Tariff of Duties of Customs," viz.: Item number 7 of Section 2, and all of Section 5 of the said Act; also to repeal Section 9 of the Act 42 *Victoria*, Chapter 15, intituled: "An Act to alter the duties of Customs and Excise," and to enact as follows:—

1. In determining the dutiable value of goods, except when imported from *Great Britain* and *Ireland*, there shall be added to the cost, or the actual wholesale price, or fair market value, at the time of exportation, in the principal markets of the country from whence the same has been imported into *Canada*, the cost of inland transportation, shipment and trans-shipment, with all the expenses included, from the place of growth, production or manufacture, whether by land or water, to the vessel in which shipment is made, either *in transitu* or direct to *Canada*, subject to such regulations as may be made by the Governor in Council, provided that in case of any dispute respecting the proper amount of such inland transportation charges, the Minister of Customs may determine the same, and his decision shall be final in that respect.

2. When any manufactured article is imported into *Canada* in separate parts, each such part shall be charged with the same rate of duty as the finished article on a proportionate valuation, and when the duty chargeable thereon is specific or specific and *ad valorem*, an average rate of *ad valorem* duty, equal to the specific or specific and *ad valorem* duty so chargeable, shall be ascertained and charged upon such parts of manufactures.

2. *Resolved*, That it is expedient to add Partridge, Prairie Fowl, and Woodcock to the articles, the exportation of which is prohibited by Section 9 of the Act 46 *Victoria*, Chapter 13.

3. *Resolved*, That it is expedient to amend items 18 and 20, Section 2, of the Act 47 *Victoria*, Chapter 30, relating to duties of Customs on Sugar, as follows:—

3. Also to repeal the rates of duty now payable under Schedule A of the Act 42 *Victoria*, Chapter 15, intituled: "An Act to alter the duties of Customs and Excise," on Geneva, gin, rum, whiskey, and unenumerated articles of like kinds, and on brandy, and to provide there shall be levied and collected on:—

Geneva gin, rum, whiskey and unenumerated articles of like kinds, a specific duty of one dollar and seventy-five cents per	\$1.75 per Imp. Gallon.

4. *Resolved*, That it is expedient to repeal so much of Sections 125 and 248 of the Act 46 *Victoria*, Chapter 15, and of any Act or Acts amending the same, so far as the said sections or amendments thereto determine the Excise duties to be levied upon the respective articles hereinafter mentioned:—And to provide that the Excise duties thereon shall hereafter be as follows:—

5. Upon tobacco as described in the last paragraph of the said Section 248, on every pound five cents.

These Resolutions shall take effect on and after the sixth day of the present month of July.

Resolutions to be reported.

Mr. Speaker resumed the Chair; and Mr. *Daly* reported, That the Committee had come to several Resolutions.

*Ordered*, That the Report be received at the next sitting of the House.

Mr. *Daly* also acquainted the House, that he was directed to move, That the Committee may have leave to sit again.

*Resolved*, That this House will, at its next sitting, again resolve itself into the said Committee.

Mr. Speaker acquainted the House, That a Message had been brought from the Senate by their Clerk, as followeth:—

The Senate have agreed to the Amendments made by this House to the Bill intituled: "An Act respecting the Adulteration of Food, Drugs and Agricultural "Fertilizers," without any amendment.

Also, the Senate have passed the following Bills, without any amendment. :—

Bill intituled: "An Act to authorize the augmentation of the *North-West Mounted Police*."

Bill intituled: "An Act to amend the Acts respecting the appointment of a Harbour Master at the Port of *Halifax*."

Bill intituled: "An Act for granting to Her Majesty the sum of \$1,700,000 required for defraying certain expenses in connection with the troubles in the *North-West Territories*."

Bill intituled: "An Act to amend the Act in relation to the Library of Parliament."

Bill intituled: "An Act to authorize the granting of certain subsidies in land for the construction of the Railways therein mentioned."

And also the Senate return the Bill intituled: "An Act further to amend the *Canada Temperance Act, 1878*, and the *Liquor License Act, 1883*," and communicate the following Resolutions and reasons:—

1. *Resolved*, That the Senate doth not insist upon its Amendment in the fifth paragraph of the second proviso of its third Amendment, to the said Bill, to which the Commons disagree.

2. *Resolved*, That the Senate doth concur in the addition made by the Commons to the said third Amendment.

3. *Resolved*, That the Senate doth insist upon its sixth Amendment to the said Bill, for the following reasons:—

1. Because the reasons adduced in the Message from the House of Commons do not show how or why the provision stricken out of the said amendment "is necessary in order to the proper and effectual enforcement of the law."

2. Because by law provision already exists for indicting and punishing Medical men and others, who give certificates under 'The *Canada Temperance Act, 1878*,' to be used for the purpose of evading the provisions thereof, and it is not expedient that Medical men charged with such an offence should be tried summarily before Justices of the Peace.

4. *Resolved*, That the Senate doth disagree to the further Amendment made by the Commons to the words stricken out of the Bill by the said sixth Amendment, for the following reasons:—

1. For the reasons above given for insisting upon the said sixth Amendment.

2. Because the said further Amendment is not consequent upon the said sixth Amendment.

3. Because by the said further Amendment, Clergymen charged with giving certificates to be used for the purpose of evading the provisions of "The *Canada Temperance Act, 1878*," would be tried summarily before Justices of the Peace, which is even more to be deprecated than in the case of Medical men.

5. *Resolved*, That the Senate doth insist upon its tenth Amendment to the said Bill, for the following reasons:—

1. Because the forms given in the schedules to the Bill are vague, loose and misleading.

2. Because in certain cases the said forms might lead Magistrates to make convictions contrary to law, as, for instance, the forms numbered 8, 9 and 10, respectively, in "Schedule O," which relate to indictable offences not punishable on summary conviction.

3. Because it is not expedient to make any further departure from the long established and salutary rules of procedure and evidence in criminal cases.

6. *Resolved*, That the Senate doth insist upon its eleventh Amendment to the said Bill, for the following reasons:—

1. Because the said Amendment is desirable in the true interests of temperance.

2. Because the reasons adduced in the Message from the House of Commons for disagreeing to the said Amendment ignore the constitutional and sovereign authority and privileges of Parliament in the making, amending and repealing of laws.

3. Because there is nothing in "The Canada Temperance Act, 1878," to warrant the Electors of those Cities and Counties in which the second part of the said Act has already been adopted, in believing that it would continue in force unimpaired for three years, the said Act providing only to the effect that no Order in Council bringing the second part thereof into force shall be revoked for three years; and the true intent of such provision being, not that the said Act should continue for that period unaltered by Parliament, but that the effect of the second part, when once adopted, should not be impaired by the Executive without the consent of Parliament.

And because, even if the said Act had enacted expressly that the second part thereof, when once adopted, should continue in force unaltered for three years, such an enactment would have been subject always to amendment and repeal, inasmuch as no Parliament can bind subsequent Parliaments; and because, according to the constitution of the British Empire, and to the law and privileges of Parliament, there is no compact between Parliament and the said Electors, nor can there be any breach of faith in the passing of the said Amendment.

4. Because the said Amendment is in compliance with the wishes of a large number of the Electors of the Dominion, as manifested by their petitions presented to Parliament.

7. *Resolved*, That the Senate doth insist upon its twelfth Amendment to the said Bill, because it is the consequence of the tenth Amendment upon which the Senate doth insist.

Sir John A. Macdonald, a Member of the Queen's Privy Council, delivered to Mr. Speaker, a Message from His Excellency the Governor General, signed by His Excellency.

And the said Message was read by Mr. Speaker (all the Members of the House standing and being uncovered), and is as followeth:—

*Lansdowne.*

The Governor General transmits to the House of Commons, copies of despatches, correspondence and papers, having reference to the negotiations at *Washington*, with respect to the termination of the Fishery Clauses of the Treaty of *Washington*, during the year 1884, and to the present date in 1885. (*Sessional Papers, No. 101i.*)

Mr. *Daly* reported, from the Committee of the Whole House, to consider a certain proposed Resolution to grant the further subsidies therein mentioned towards the construction of the Railways therein described, a Resolution; which was read, as followeth:—

*Resolved*, That it shall be lawful for the Governor in Council to grant the further subsidies hereinafter mentioned towards the construction of the Railways hereinafter described; that is to say:—

1. For a Railway from a point on the Intercolonial Railway at *Rivière du Loup* or *Rivière Ouelle*, in the Province of *Quebec*, to *Edmunston*, in the Province of *New Brunswick*, a subsidy not exceeding \$2,800 per mile for 75 miles, and \$6,000 per mile for 8 miles, nor exceeding in the whole \$258,000. The said subsidy to be in addition to the subsidy authorized to be granted in aid of the construction of the said Railway by the Act 45 *Victoria*, Chapter 14, constituting, with the subsidy so authorized, a subsidy not exceeding in the whole \$498,000. The said subsidy to be granted to the said Railway upon the terms and conditions specified in the said Act.

2. Also, for a line of Railway connecting *Montreal* with the Harbours of *St. Andrews*, *St. John* and *Halifax*, *via* *Sherbrooke*, *Moosehead Lake*, *Mettawamkeag*, *Harvey*, *Fredericton* and *Salisbury*, a subsidy not exceeding \$80,000 per annum for twenty years, forming in the whole, together with the subsidy authorized by the Act, 47 *Victoria*, Chapter 8, a subsidy not exceeding \$250,000 per annum, the whole of which shall be paid in aid of the construction of such line for a period of 20 years, or a guarantee of a like sum for a like period, as interest on the Bonds of the Company undertaking the work.

3. The said last mentioned subsidy, to be so granted upon the terms and conditions specified in the said last mentioned Act, in respect of the subsidy thereby authorized in aid of the said line of Railway.

4. And whereas it is essential, in the interest of *Canada* generally, as well as of the Province of *Quebec*, that free access to the Port of *Quebec*, be obtained by the Canadian Pacific Railway, as contemplated by the said last mentioned Act, and such access has not been obtained, and it is necessary to make further provision for the purpose of procuring such access; therefore it is hereby resolved as follows:—

5. The Governor in Council may grant a further subsidy to aid in procuring free access, as hereinafter described, for the trains and traffic of the Canadian Pacific Railway Company, from *St. Martin's Junction*, near *Montreal*, or from some other point on the said Railway to be selected by the Company, to the Harbour of *Quebec*, in such manner as shall be approved by the Governor in Council, to wit: an additional subsidy not exceeding \$340,000, constituting, together with the subsidy authorized by the said last mentioned Act, to aid in procuring the extension of the Canadian Pacific Railway to *Quebec*; and the subsidy also thereby authorized, to aid in constructing a line connecting the Canadian Pacific Railway at *Jacques Cartier Junction* with the North Shore Railway, which subsidies shall be applicable to the said first mentioned purpose; a sum not exceeding in the whole the sum of \$1,500,000.

6. But if the said Canadian Pacific Railway Company fail, within the period of two months from the passing of an Act based on these Resolutions, to obtain such

access to the Harbour of *Quebec*, either by purchasing or obtaining control of the said North Shore Railway, then and thereupon Sections 4, 5 and 6 of the said Act shall come into force and be acted upon in accordance with their terms, and if it should be expedient so to do, in order to facilitate obtaining such access, the Governor in Council may acquire the North Shore Railway, and may apply the said sum of \$1,500,000, or any part thereof, in aid of such acquisition: and, upon such acquisition, may transfer, and convey or lease the said Railway to the Canadian Pacific Railway Company, subject to such obligations as the Government shall have assumed in acquiring it.

7. That in so far as any further authority is required to enable the Canadian Pacific Railway Company to carry out the provisions of the said 4th, 5th and 6th sections of the said Act, 47 *Victoria*, Chapter 8, as hereby modified, the said Company be authorized and empowered to do, with the authority of their shareholders, evidenced as provided by their charter, all matters and things that may be necessary or expedient in the carrying out of any arrangement herein contemplated, including the leasing in perpetuity of a second line of Railway between *Montreal* and *Quebec*, the application of the rental to be agreed upon in the lease thereof to the payment of the interest on the Bonds or Stock of any Company to be formed for constructing such second line, and the use of such subsidy, in whole or in part, as a provision for interest or dividends upon the cost of such construction or otherwise, as may be found expedient in making the financial arrangements for meeting such cost; and that such authority in all the foregoing respects as may be needed by the Company to be incorporated under the said Act, be also granted to such Company by the terms of its charter.

Sir *Hector L. Langevin* moved, seconded by Mr. *Caron*, and the Question being proposed, That the said Resolution be now read a second time;

Mr. *Laurier* moved in amendment, seconded by Mr. *Blake*, That all the words after "that" to the end of the Question be left out, and the following words inserted instead thereof: "In the opinion of this House, additional surveys are requisite in order to a sound decision as to the proper route for the Short Line Railway, and it would be premature to adopt any line before further surveys have been made."

And a Debate arising thereupon;

And The House having continued to sit till after Twelve of the Clock on Saturday morning;

*Saturday, 11th July, 1885.*

Mr. *Langelier* moved in amendment to the said proposed Amendment, seconded by Mr. *Wilson*, That all the words after "thereof" in the Amendment, be left out, and the words "In the opinion of this House additional surveys are requisite and should at once be undertaken, in order to a sound decision as to the proper route for the Short Line Railway; and it would be premature to adopt any Line before further surveys have been made;" inserted instead thereof;

MAY IT PLEASE YOUR EXCELLENCY,

The Commons of *Canada* have voted the Supplies required to enable the Government to defray the expenses of the Public Service.

In the name of the Commons, I present to Your Excellency the following Bills:—

"An Act for granting to Her Majesty the sum of \$1,700,000, required for defraying certain expenses in connection with the troubles in the *North-West Territories*;—and

"An Act for granting to Her Majesty certain sums of money required for defraying certain expenses of the Public Service, for the financial years ending respectively the 30th June, 1885, and the 30th June, 1886, and for other purposes relating to the Public Service;" to which Bills I humbly request Your Excellency's Assent.

To these Bills the Royal Assent was signified in the following words:—

"In Her Majesty's name, His Excellency the Governor General thanks Her loyal subjects, accepts their benevolence, and assents to these Bills."

After which His Excellency was pleased to deliver the following Speech to both Houses :—

*Honourable Gentlemen of the Senate :*

*Gentlemen of the House of Commons :*

I desire to convey to you my best thanks for the diligence with which you have performed your duties during this long protracted Session.

It has been in many respects an eventful Session—in none more so than because since its commencement the peaceful progress of the Dominion, unbroken for so many years, has been interrupted by a serious insurrectionary outbreak in the *North-West Territories*.

I congratulate you upon the prompt and complete suppression of these disorders and on the restoration of public confidence throughout the regions in which they occurred.

The insurrection has been encountered by the Military Force of the Dominion under Major General *Middleton* in a manner deserving of the highest commendation.

The courage which our citizen soldiers have shown in the face of a formidable and determined enemy, their cheerful endurance of privation and fatigue, and the readiness with which they have submitted to sacrifices, inevitable whenever a force composed of citizens of all classes is called upon to relinquish the enjoyments of civil life, reflects the highest credit upon them.

I am gratified to find that both Houses of Parliament have considered the conduct of Major General *Middleton* and the officers and men under his command deserving of their formal thanks. It has been my agreeable duty to bring under the notice of Her Majesty's Government the value of the services which have been thus rendered to the Empire.

I cannot leave this subject without expressing my sorrow that the success of our arms should have been purchased at the cost of many lives which *Canada* could ill afford to spare. The memory of those who have fallen, either on the field or from sickness contracted during their service, will be gratefully cherished throughout the Dominion.

It affords me much pleasure to acknowledge the prompt action of the Government of the *United States* in taking the precautions necessary in order to prevent any co-operation with the insurgents from their frontiers.

The measure for the adjustment of the representation of the people in Parliament will extend the franchise to numbers who have not hitherto enjoyed the right of voting for the election of members of the House of Commons, and render such representation free from frequent changes by the unconcerted action of the Provincial Legislatures.

The settlement of all matters in discussion between the Federal Government and that of *Manitoba* will, I trust, satisfy the expectations of the people of that Province.

The Bill regulating the influx of the Chinese people into *Canada* will, I doubt not, allay the feeling of discontent in relation to that subject which has for some time prevailed in *British Columbia*.

The aid to the Canadian Pacific Railway Company will secure the advantages which are justly expected from the completion of that great enterprise, whilst the grants in land and money to other railways in various portions of *Canada* may be expected to accelerate the progress of settlement and augment the commerce of the Dominion.

The ready conversion of our five per cent. bonds, which have recently matured, into four per cent. securities, and the success of the loan for four millions of pounds sterling, lately offered in the *London* market, show the satisfactory state of the credit of *Canada*.

I congratulate you on the other useful measures, both of a public and private nature, which you have passed.

---

*Gentlemen of the House of Commons :*

In Her Majesty's name I thank you for the Supplies you have granted for the Public Service.

*Honourable Gentlemen of the Senate :*  
*Gentlemen of the House of Commons :*

The readjustment of the tariff will tend to increase the revenue and enable the Government to meet the various engagements of the country.

I now with reiterated thanks relieve you for the present from your important duties.

Then the Honourable The Speaker of the Senate said :—

*Honourable Gentlemen of the Senate and Gentlemen of the House of Commons :*

It is His Excellency the Governor General's will and pleasure, that this Parliament be prorogued until Saturday, the twenty-ninth day of August next, to be here holden, and this Parliament is accordingly prorogued until Saturday, the twenty-ninth day of August next.

 QUESTIONS OF FORM AND ORDER :

10. The House being in Committee of the Whole on the Franchise Bill, exception was taken to the remarks of a member, that he was not addressing himself to the Question; Chairman ruled, that the member was out of Order; Appeal made from the decision, under Rule 76; Question of Order raised, as to proper procedure in such case of appeal, 354. Chairman decided as follows:—"As some doubt appears to exist as to the procedure on this point, and it seems desirable to me, after hearing the Debate thereon, that the spirit of the Rule (76) should be observed, I have come to the conclusion that I should—in the present case—report the point of Order to Mr. Speaker, in order that there may be an appeal to the House under the Rule in question; " Reported accordingly; House sustains the decision, 355.
11. House being again in Committee on the Franchise Bill, an Hon. member proceeded to discuss at length the financial position of the country, as pertinent to the subject under consideration, and a point of Order being raised, the Chairman ruled, that reference to the expenditures of the country, except as a subsidiary question, could not be allowed, and that a full and elaborate statement of the financial condition of the country was out of Order; Decision appealed from, and sustained, 387.
12. On a motion for concurrence in Resolutions giving a grant of land to the militia serving in the North-West rebellion, Mr. Watson moved an amendment, that any militia man who has located a homestead and pre-emption shall be entitled to the pre-emption free in lieu of the grant; Objection taken, on the ground that it was in effect increasing the burthen beyond that recommended by the Crown; Mr. Speaker said the objection was well taken and the amendment could not be put, 627.
