

BRITISH MAKE ANOTHER ADVANCE
Trades Union Congress Declares on Behalf of Protection

MILITARY AGE LIMIT TO BE RAISED TO FORTY FIVE

This is the Report Which is Current in London England

New York, Sept. 6.—According to a London cable to the Times, reports are current that the government intends shortly to raise the military age limit to 45. Some color is lent to these reports by the war office forming an infantry battalion from reserves of the Household battalion. The measure will turn to good use troops who play an ornamental part in the army, and there will remain a sufficient force of household cavalry to mount guard at Whitehall and other places and to provide royal escorts when required. With the streets full of khaki clad soldiers, the spectacle of gorgeously uniformed cavalrymen seems almost an anachronism.

The belief that the age limit under the military service act will be raised soon has arisen chiefly out of Sir William Robertson's recent declaration that Great Britain must not only win the war, but win the peace, coupled with Lloyd George's refusal to give a pledge not to raise the military age limit.

RUSSIAN SOLDIERS

Capture a Teutonic Fortified Position. They Also Continue to Advance on the Caucasus Front.

Petrograd, Sept. 6.—Via London.—Russian troops yesterday captured a Teutonic fortified position in the region of the Lower Gordenka, in the direction of Halez, Galicia, and drove the Austro-Germans toward the northwest, says the Russian official statement issued to-day.

The number of prisoners taken in the fighting on the Lower Gordenka, the statement adds, so far amounts to 4,500 men, among whom were about 2,000 Germans.

In the wooden Carpathians our advance continues. Our troops have captured a series of heights and have repelled all repeated enemy counter-attacks.

Caucasian front: The region of Ognott our troops are advancing and inflicting great losses on the enemy. In the region to the west of Ognott we found corpses of our soldiers terribly mutilated by the Turks.

NO CASUALTIES. By Courier Leased Wire. Newport News, Va., Sept. 6.—Cable advices received here yesterday from London stated that the British steamer Kelvina, from Avonmouth to this port, had been sunk. There were no casualties. The cable did not state the manner in which the steamer met her end. The Kelvina left here August 7 with a cargo of mules and general merchandise.

STEAMER SUNK. By Courier Leased Wire. London, Sept. 6.—The Danish steamship Jeanne, of 1,170 tons gross, has been sunk, according to a despatch from Weymouth to Lloyd's shipping agency. The captain and crew of the vessel have been landed. The Jeanne was 232 feet long and was built at New Castle in 1904. She was owned at Copenhagen.

FAVORABLE So Declares the German Chancellor Regarding Military Situation.

Nineteen Year Old Boys Now on the West Front.

Amsterdam, Sept. 6.—Via London, 11.45 a.m.—A telegram received here from Berlin says that in view of the forthcoming convocation of the Reichstag, there was held yesterday a conference between Chancellor Von Bethmann-Hollweg and the party leaders. The chancellor declared that Field Marshal von Hindenburg, chief of the general staff, and General Von Ludendorff, the field marshal's chief of staff, agreed that the military situation was favorable. It was said there was no thought of raising the age limit of liability for military service. Confidence was expressed in the success of the new war loan.

Nineteen Year Class. London, Sept. 6.—Although the Germans have denied statements that men over forty-five were being called up, reports received here today in American business circles from representatives in Switzerland assert that a large percentage of the nineteen year old class is now in the fighting line on the west front and that others are in barracks, but that as yet the eighteen year old class is completing its training and living at home.

BIG GROWD Witnessed the Funeral of Sixteen Zeppelin Victims.

London, Sept. 6.—A great crowd gathered to-day to witness the funeral of 16 members of the crew of the Zeppelin which was brought down during Saturday night's raid. In view of the strong protests which have been made against the burial of the German airmen with military honors, a strong force of police was on duty to maintain order. The whole route to the cemetery in the little village of Potters Bar, where the bodies of the Germans were buried, was lined with police.

THE AIR RAID As Reported Upon by the Berlin Authorities.

Berlin, Sept. 6.—An official report on the Zeppelin air ship raid on England the night of September 3rd, issued here to-day says: "The fortress of London city and the northern and northwestern portions of London were repeatedly bombed. Within four hours numerous conflagrations proved the success of the attack. "Other airships attacked the factories and fortifications of Norwich, where strong explosions and fires occurred. "Searchlights, batteries and industrial works at Oxford, Harwich, Boston and on the Humber were bombed and numerous fires caused. "In Yarmouth, the gas works and an aerodrome were attacked and a battery was silenced. "At Nottingham, military works and factories were attacked, and a fire caused. "Denied London, Sept. 6.—The British authorities deny all of the above.

BRITISH AGAIN PUSH FORWARD ON THE SOMME BATTLE-FRONT Have Gained Possession of All of Leuze Wood

London, Sept. 6.—Although the Germans have denied statements that men over forty-five were being called up, reports received here today in American business circles from representatives in Switzerland assert that a large percentage of the nineteen year old class is now in the fighting line on the west front and that others are in barracks, but that as yet the eighteen year old class is completing its training and living at home.

The artillery of both sides has been active in progress in the region of Lake Doiran and in the neighborhood of Moquet farm. Last night we discharged gas successfully opposite Gommecourt.

During the night our troops gained possession of the wood and Combes village and around Ginchy.

Yesterday afternoon our heavy artillery effectively shelled the enemy's butments in Polygon wood, east of Ypres.

Paris, Sept. 6.—Violent artillery actions are in progress in the region of Lake Doiran and the Struma River, on the Macedonian front in the sector held by the Serbians, the War Office to-day announced. No infantry engagement occurred yesterday.

MILITIA ORDERS. Militia orders received this morning by Lt.-Col. H. F. Leonard, announced the appointment of Harold Oscar Squire to be provisional lieutenant supernumerary in the 25th Brant Dragons, dated from the April 1, 1916. Elmer Lorne Millar and Hugh Lester Bromfield are also appointed provisionally lieutenants supernumerary in the 38th Dufferin Rifles.

A despatch was quoted from Sir John French, at that time commander-in-chief of the British forces, in which a number of officers were recommended for gallant and distinguished conduct in the field. Among those named are Lt.-Col. C. M. Nelles, of the Royal Canadian Dragoons; Lt.-Col. M. A. Colquhoun, of the 4th Canadian Infantry Battalion and Major A. B. Cutcliffe, of the Canadian Staff Forces.

RECRUITING TOTAL

Ottawa, Sept. 6.—Canada's recruiting total up to the end of August is 361,693, according to figures announced to-day. The total for August was 7,246, as against 8,675 in July; 10,796 in June and 15,090 in May. Ontario led all the provinces in August with 2,548 men, of whom Ottawa-Kingston district supplied 991, Toronto district 985; London district 572, Quebec province enlisted 426; Maritime provinces 569; Manitoba and Saskatchewan 451; British Columbia 628, and Alberta, 1,155.

TWO DOUBLE ZEPPELINS, BUILT FOR MAIL CARRIAGE

CAN LEAVE Between the States and Germany is Latest Announcement

Baron Von Schenk Given this Permission by the Authorities. Athens, Sept. 6, via London, 1 p.m.—Baron Von Schenk, chief director of the German propaganda in Greece, who was arrested last week in connection with rounding up of German agents by the French and British, obtained an interview to-day with a British official, with the result that he will be permitted to leave Greece to-morrow. Provision has been made for his safe conduct.

GERMAN ATTACKS Are Repulsed by the French in Good Style

Paris, Sept. 6.—Noon.—The positions newly won by the French south of the Somme were attacked several times by the Germans last night. Their assaults, the war office announced to-day were broken by the French fire.

The German assaults were delivered in the region of Denicourt and Mery. In the Verdun sector the Germans yesterday evening directed an intense bombardment against Fleury but the French quick-firers prevented the German infantry from advancing.

The official account of operations on the Macedonian front follows: "No infantry action occurred yesterday. There were violent artillery duels in the sectors of the Struma and Lake Doiran, as well as on the Serbian front as a whole."

BRITISH LOSSES. London, Sept. 6.—(Correspondence of the Associated Press)—Casualty lists for the first two weeks of August show that the British army lost 600 officers killed; 1,702 wounded and 204 missing; a total of 2,506. This brings up the losses since the beginning of the war to 38,922 officers, of whom 11,442 have been killed or died of wounds; 24,680 wounded and 2,800 are missing.

In the fortnight six lieutenant-colonels were killed.

Attempts to Invade East Roumania are Defeated

London, Sept. 6.—Official announcement is made by the Roumanian war office that attempts of the Germans and Bulgarians to invade eastern Roumania have been defeated and that the Roumanians are in possession of all the frontier east of the Danube along which the attack was directed.

The Roumanian invasion of Austria is being carried on with further success. After spirited fighting in the region of Borzeck the Roumanians captured heights west of that point. The announcement follows: "On our northern and northeastern fronts, after spirited fighting in the region of Borzeck, the heights to the west thereof were occupied by us. We captured four officers and 150 men."

"We possess all the Dobrupa frontier (between Bulgaria and Roumania east of the Danube.) An attack south of Basardjik was repulsed. The battle continues on the remainder of the frontier. The enemy bombarded Iasiak and Calafat, on the banks of the Danube.

"In an aerial attack on Constanta (Kustendje) by three hydro-aeroplanes, bombs were dropped and several civilians, including children, were wounded."

Trades Union Congress Endorses Protection

Birmingham, Eng., Sept. 6.—The Trades Union Congress, representing nearly 2,500,000 organized workers in Great Britain, took an important and unexpected step to-day by adopting with a majority of more than 1,000,000 votes a resolution virtually endorsing the principle of protection.

The resolution asks for "the adoption of methods for restricting or preventing the importation of cheap manufactured goods produced at lower rates of wages and under worse labor conditions than prevail in this country."

A FAILURE Public Are Not Taking to the New German War Loan.

London, Sept. 6.—Subscriptions to the German war loan during the first two days indicate that the loan is a failure, according to reports from Berlin to the Exchange Telegraph Company, via Amsterdam. The returns for the first two days were far behind the total raised in that time for previous war loans.

A large number of subscriptions have been received from cities, savings banks and munition firms, the despatches state, but the public have not responded and there is talk of extending the time limit to October 15th.

MAGAZINES, Etc. Changing Sign

The large recruiting sign hanging over the old post office building since the headquarters of the 125th Battalion were to be found there, was to-day removed from its lofty eminence and taken to a painter, by whom it will be re-made to suit the needs of the 215th. It will then be installed outside their recruiting office in the old customs building, and wired anew with electric lights.

Magazines, Etc. The thanes of the 215th are extended to the following for donations of magazines to the Battalion: Mrs. McEwen, 26 Palmerston Avenue; Mrs. O. Neill, 37 Palace Street; Mr. G. Oldershan, 2 Rose Avenue.

A large parcel of books and magazines was sent to-day from the city to Niagara, and any further donations will be thankfully received.

GROCERY CLERKS Go on Strike in the United States.

New York, Sept. 6.—Three thousand and grocery clerks went on strike in this city, Jersey City, Newark and outlying towns to-day. Leaders of their union, the Retail Clerks' International Protective Association claim that the number of strikers will be augmented to 6,000 within the next twenty-four hours.

The strike was voted last night after the owners of chains of stores refused the demands of the union for shorter hours, a minimum salary of \$15 per week and one per cent. of the store receipts.

SIGNS OF SETTLEMENT Are More Favorable in Connection with the Strike.

New York, Sept. 6.—Prospects of settling the difficulties between the employes of the subway and elevated railways and the Interborough Rapid Transit Company looked a little more favorable to-day, although neither side receded from its uncompromising position. The labor leaders have decided to pass the responsibility for calling a strike to a mass meeting of union employes to-night. There is still hope, however, that even if the meeting votes to strike no action will be taken until Mayor Mitchell and the Public Service Commission have an opportunity to see what can be done through mediation.

ONE RECRUIT

One new man was attested yesterday by the 215th here, in the person of George Harold Parker, Canadian born, who came from Cleveland, Ohio, to join the 215th. He is 21 years of age, and a teamster by trade.

JURY FAIL TO AGREE PARIS ITEMS

In the Trial of Accused Manitoba Ministers in Parliament Building Scandal.

Final Standing Was Nine to Three—Which Way Is Not Known.

Winnipeg, Sep. 5.—The State trial of six weeks' duration concluded late yesterday in a disagreement. The jury stood nine to three, but it was not officially announced whether the majority favored conviction or acquittal, and the Crown last night claims the majority, while the defence says a poll unofficially shows that nine jurors stood for not guilty.

Last evening the city was buzzing with excitement over the climax of the grim affair. The court dismissed the jury and the ex-ministers walked out of court without being held in new bonds for their appearance.

In reply to a motion of the Crown suggesting bonds to hold the accused to the next trial, the judge said he would take that under consideration for later action.

Premier Norris, in the absence of Attorney-General Hudson, remarked that he could not say whether any other trial would be insisted upon or not. R. A. Bonnar, chief counsel for the Crown, was equally non-committal.

The jury received the case at midnight and took an interval of three hours retiring. It is said the division remained from the first to the last ballot three to nine. Court had been adjourned to 11 o'clock, and at that hour a large crowd gathered, and the jury sent in word that they were not ready to report, and court adjourned until 2.

All available space was occupied when the jury filed into the seats in the afternoon. Effect on Accused Sir Rodmond, Geo. Caldwell and James Howden, the three ex-Ministers, to whom the verdict meant so much, occupied the seats they have held during the six weeks, one on each side of the dock and the other in front, closer to the counsel. There was a low buzz of excitement, but the three accused seemed unconcerned. Many old friends gathered sympathetically in the front benches. When the foreman said "We cannot agree," James Howden smiled, but Sir Rodmond frowned, as if disappointed, and Geo. Caldwell's face did not change. He glanced down at a writing pad and made several notes. The foreman added, in reply to the court, that he thought they were hopelessly divided, "about four to eight," he observed, but did not indicate how the division stood.

The court ordered them to return to their rooms for one hour for further discussion, and their disappearance was followed by a buzz of excitement. An hour later they reported no change and were promptly discharged. As the three ex-Ministers passed from the room they were warmly congratulated by many and their hands were repeatedly shaken.

In the meantime Kelly has escaped sentence for the present. The Crown moved that he be brought into court for sentence to-day, but Mr. Justice Frendercast said he would postpone that phase for the present. Kelly's new appeal is still pending, and his friends warmly assert that yesterday's events remove the contractor from the shadow of the penitentiary. The personal bitterness and partisan rancor of the great case surpasses anything of the kind in the history of Canadian politics.

Tents Are Ransacked—Funeral of the late Lieutenant Carnegie.

(From Our Own Correspondent.) Paris, Sep. 5.—About 200 yards above the east abutment on the shores of the Grand River, a number of young men of Paris have camped for the last two summers, and upon each occasion, during their absence, the tents have been ransacked. About three days ago the tents were entered, when four raincoats, blankets, flash lights, rifles, clothing and money were taken. The case was given to Chief Folker, who succeeded in returning to some half dozen lads, from whom considerable of the stolen property was got. They appeared before Magistrate Patterson, and fined some \$22 and cost between them, and let off on suspended sentence, after a severe lecture from the magistrate.

The funeral took place this morning to the Sacred Heart Church, and from there to the R. C. cemetery, of Lieutenant Brisbane J. Carnegie, of the 125th Battalion. The deceased was a volunteer from Canby, Borden, prior to going overseas with his regiment, and was the guest of Mr. George Barnie, Brantford Township. On Sunday, August 27th, he was visiting at the home of Mr. W. J. Bailey, Oak Park Farm, for the afternoon. While at supper, he was taken suddenly ill, when medical aid was at once summoned. He was found to be suffering from an abscess on the bowels, which had caused a severe hemorrhage. In spite of every attention, he gradually sank and passed away last Thursday night. His father, who lives at Pittsburg, arrived in time to spend a short time with him before he died. The late Lieut. Carnegie was born in Pittsburg, Pa., some 44 years ago, but came to Canada about 1910, and later became a Canadian citizen. When the war broke out he took up his commission to fight for the country of his adoption, and that being so his father thought it only right that his son's remains should rest in the land over which his flag floats, he was so willing to serve. Rev. Father Cassidy conducted the services. The father of deceased wishes to express his deep feeling at the great kindness shown by all during the illness of his son, and especially of the families of Mr. Bailey and Mr. Barnie.

Mr. Harry Taylor has been notified from Ottawa, that his son, Pete, William Taylor had been wounded in the hand. Pete, Taylor was at one time the star hockey player around this section.

THE CRANE'S BILL

Once upon a time there was a crane who was always getting into mischief and between you and me it hadn't swaggered once too often into a witch's garden—he might have his bill yet. But he hasn't and how he came to lose it happens to be my story.

He had a sort of vain, foolish trust—that crane—and he never, never seemed to have enough to eat. His appetite was as sharp as his legs were long and his legs were as long as his bill was sharp for digging. He could snap off anything at all with his bill if he had a mind to—and most often he had a mind to, especially in the witch's warden. Day after day from her magic hut, thatched with the poisonous leaves of the night-shade plant, the old witch watched him enter. He ate her flowers—he ate her vegetables—he ate the queer wild things she grew for drugs, but worst of all, he ate the insects in the garden—and most of them were the witch's victims whom she'd turned from people into bugs. When he'd eaten 123 blue slaves and six boys who wouldn't mind their mother, the witch began to lose her patience.

CAPTAIN MILLER

Saved the Life of This Young Soldier—A Brave and Timely Act.

The Courier is in receipt of the following communication:

Worthy mention should be made of Captain Miller of Brant Avonic, who went with the 1st Contingent, with Col. Colquhoun, two years last August. After a heavy fighting in one of the battles, a young man lay with his leg blown off. When Captain Miller came across Pte. Walker, from Toronto, and the two helped and bandaged his wounds. The young lad speaks in high praise of Captain Miller, who, he said, came along and saved his life at the time. He is in England, a convalescent at one of the hospitals. Knowing that Sergt. Jubber of the C.A.M.C. in England, came from Brantford, he wishes this kindness to be known of Capt. Miller.

LT. JACK GENET IS WOUNDED

Young Officer, Formerly with Signal Section of 36th, Is in the Fighting.

The name of Lieut. Jack Genet appeared in the casualty list this morning. Lieut. Genet comes of a patriotic British family, all the eligible of which are now at the front; the father, Lt.-Col. Genet, of the 58th Battalion, and a brother, Lt. Harry Genet, holding a commission in the Royal Engineers.

Lt. Jack Genet left Brantford in March, 1915, in the capacity of signalling officer, under Lt.-Col. E. C. Ashton. Since arriving in England he was drafted to the front, and has now been wounded for the first time.

LIBRARY BOARD MET AGAIN

Transacted Routine Business After Adjournment for Summer Months.

The first meeting of the public library board since the summer adjournment, was held last evening in the board room.

Accounts to the sum of \$839.97 were passed and ordered paid.

The appointment of Mr. Bert Taylor, as janitor, was confirmed.

The book committee recommended the purchase of a number of volumes for the library. Other routine business occupied the remainder of the session.

Those present were Rev. G. A. Woodside, chairman; his honor, Judge Hardy; J. E. Quinlan, E. J. Carlin, T. Hendry and Librarian Henwood.

Music and Drama

"It Pays to Advertise," Cohan and Harris' farce which ran for one solid year at the Geo. M. Cohan Theatre on Broadway, strikes an optimistic note that cannot other than furnish an incentive that is both helpful and healthy. Real laughs keep America healthy, and Cohan and Harris did there share in this respect by producing "It Pays to Advertise," which comes to the Grand Opera House shortly. The regular Cohan and Harris cast and production will not be missed with the local presentation—another delight to be anticipated.

IMPORTANT MATTERS COME BEFORE HOSPITAL MEETING

Government Inspector Sends Flattering Report—Mr. J. H. Fisher M. P. Pays Tribute to the Institution—Double Lighting System For the Operating Room—More Nurses Needed—New Entrance Off St. Pauls Avenue

The regular meeting of the Hospital Governors took place yesterday afternoon. Present, Messrs. C. H. Waterous (President), Mayor Bowly, A. K. Bunnell, R. Sanderson, Geo. Kippax, F. D. Reville, Inspector's Report

The report of Edwin R. Rogers, Government Inspector, was of a most favorable description, speaking in very high terms of the general condition of the institution and the various improvements. Following are some extracts from same:—

"The increased accommodation provided by the new wing places the hospital in a satisfactory position to meet the growing needs of the city and its surroundings. The new wing is of modern hospital construction and very complete in equipment. The records are correctly and neatly kept. The laundry is well equipped and new machinery has been installed."

Letter from Mr. J. H. Fisher, M.P.

The following letter, addressed to the chairman of the board, was read from Mr. J. H. Fisher, Dominion member for North Brant:—

Paris, August 30th, 1916.

My Dear Mr. Waterous:—

Owing to an accident, I was, as you are aware, absent in the Brantford General Hospital for some four weeks, returning home on Saturday last.

My object now in writing to you, is simply to express my great appreciation of the uniform kindness and attention that I received, not only from the nurses, who were most attentive, but also from all the officials whom I had the pleasure of meeting.

Nothing was left undone to make it as pleasant and comfortable for me as was possible under the circumstances, and I need not say how greatly I appreciated it all.

The city and county are to be congratulated upon having such a splendid institution, with such an efficient and courteous staff.

With kindest regards, I am, Very sincerely,
 J. H. FISHER.

Chas. H. Waterous, Esq.,
 Chairman of the Hospital Board,
 Brantford.

The board returned hearty thanks for Mr. Fisher's appreciation, and the secretary was instructed to write him to this effect.

Double Lighting System

The Governors discussed the necessity for a double lighting system in connection with the operating room and isolation hospital, in order to avoid the danger of any break in current. It was felt that such a safeguard was an absolute essential, and it was decided to install an alternating switch whereby either Hydro-Electric or Western Counties Light can be used, so that if one is off the other will be available.

Superintendent's Report

Miss Forde reported for the month of August as follows:

Number of Admissions . . . 127
 Number of discharges . . . 156
 Births 4
 Deaths 2
 Nine Nurses Needed.

With the winter's work ahead of us and the past winter's experience behind us, some provision for increasing the number of nurses in the training school will have to be made.

The patient in our public wards,

NEEDS AND MUST HAVE, THE SAME CARE AS THE PRIVATE PATIENT—THE DIFFERENCE SHOULD BE MERELY IN THE LUXURY.

Under the demands of the modern physician or surgeon, a nurse on an acute case, however competent, cannot care for more than two patients.

At present the training school consists of 33, divided approximately as follows:

Night duty	6
Operating room	3
Main hospital, 1st floor	3
Main hospital, 2nd floor	4
Public wards, men, surgical	4
Public wards, men, medical	3
Public wards, women, surgical	4
Public wards, women, medical	4
Isolation	2
Sometimes	3
Total	33

This is close calculating, making it next to an impossibility to call upon a nurse for an emergency, and if one of more are off through illness, which of course is inevitable, is little short of a calamity. To give extra hours on Sunday and holidays, with only seven on a busy floor, makes the work so hard the nurses have at times asked not to have them.

The Board are aware of the lack of room in our Nurses' Home, and that it is only by putting two nurses in four rooms and using our guest room, we can accommodate the number we have. The only available space we could utilize for the present is the large room in the Service Building, used occasionally for convalescent men, not quite ready to be discharged. Moving the Orderly to the third floor would also give us another small room. There is a large bathroom off the same hall, which makes it feasible.

Action Taken.

On motion the matter of additional nurses and their accommodation was referred to the House Committee with power to act, after consultation with Miss Forde.

New Entrance.

The members of the Board, together with Mr. Tilley, architect, examined the grounds with a view to having a new entrance made off St. Paul's Ave. In view of the fact that same would avoid a long walk to the rear entrance of the grounds, it was decided to go ahead with the improvement.

Secretarial

Miss Foster, who is retiring as Secretary after four years of most efficient service, was thanked by each member of the board and voted an honorarium, in return for many hours of extra work always willingly and freely given. All joined in wishing her every future happiness.

Miss Shaver, the new Secretary, was also introduced to the Board by Mr. C. H. Waterous. She is a member of an old Brant County family.

NECESSITIES GETTING SCARCE IN ENGLAND

Army a Glutton for Cloth and Leather—Old Clothes Will Have to Be Worn—Coal Will Be Scarce, Miners Hav- ing Enlisted.

London, Sept. 6.—"Wear your old clothes and invest your money in war loans" is one of the appeals for war economy with which the blank walls of England have been placarded. It is doubtful if these appeals are much heeded by the people, but if the war lasts much longer they will have to wear their old clothes for the simple reason that there will be no new clothes for them to wear.

The soldier is a great consumer. If every man in peace time used up as much material of every kind as he uses during the war, the volume of the nation's trade would be simply staggering. There would be no trouble about supplying the demand, for every man then would be a producer as well as a consumer, but the soldier is a consumer only, and there are now some five million of men in the British army. The result is a shortage of nearly all materials, and as the soldier must be supplied first, the government is taking all the necessary precautions to see that he does not run short.

In the matter of clothes, for instance the government has commandeered all the wool clip. This does not mean that there will be no wool clip except for the soldiers, but it means that no one is allowed to buy or sell any wool without a permit from the government specifying just how much he may buy or sell, and the price at which the transaction is to be carried out as well. No farmer in the United Kingdom may sell his wool clip this year except to an army buyer, or to a person holding an authorization from the army council. The prices have been fixed at from 24 to 37 cents a pound for washed wool, according to quality, and no permits will be issued to private manufacturers until all the requirements of the British army and its allies are satisfied.

The same applies to boots. The army has made a practical corner of all the leather in the country and there is going to be very little left for civilians. The orders for boots for Britain's armies and those of her allies which have been placed in this country are something colossal. For instance, between the middle of July and the end of September orders in hand in England for military boots for England, Russia and Italy will consume 23,700,000 feet of upper leather, while between September 30 and November 15, 16,000,000 feet of upper leather will be needed for English and Russian orders. In addition to that the Russian Government is prepared to take 40,000,000 feet of upper leather between now and the middle of November if it can get it, and then there is the corresponding quantity of

MANITOBA TRIAL

Summary of a Most Sensational Hearing.

The Details and Incidents Surrounding the Investigation.

Winnipeg, Man., Sept. 6.—The trial of Sir Rodmond Roblin, George R. Coldwell and James H. Hayden began on July 24 with a motion by counsel for the defence before Mr. Justice Prendergast to quash the indictment returned by the grand jury at the spring assizes. This was refused, but the motion succeeded to the extent that two counts in the long indictment were severed, leaving twelve counts to trial. The jury was called on July 26 and has been in custody since that date.

It was the first important trial held in Winnipeg's new million-dollar court house, and it is unique in legal annals for the prominence in the accused, the variety and importance of the issues involved and its length. Interest has been added by all the attendant circumstances of eighteen months filled with political sensations. The court sat six days a week and the stenographic record of the proceedings amounted to two hundred thousand words every six days. Seven lawyers were actively engaged. R. A. Bonnar, K.C. was chief of the crown counsel, assisted by J.B. Coyne, K.C., and R. W. Craig, K.C. A.J. Andrews, K.C., was chief of the counsel for the defence, assisted by F. M. Burbidge, W.H. Hastings and E.R. Levinson. Mr. Justice Prendergast presided throughout with dignity and courtesy.

On September 1, 1915, proceedings were begun in the city police court against Sir Rodmond Roblin, former premier, and three of the men who sat in his cabinet—Hon. W.H. Montague, who had been minister of public works; George R. Coldwell, former minister of education, and James H. Hayden, the ex-attorney general. P.A. MacDonald was appointed a special magistrate to conduct the preliminary hearing, and the taking of evidence commenced before him on September 14. On October 14 all four were committed for trial and their bail was renewed at \$25,000 each. On November 13 Dr. Montague who has not been in good health for some years, died suddenly in his apartments of apoplexy. The ex-ministers were arraigned on July 27 and they pleaded not guilty. They were tried together on twelve counts centering on the general allegation that they conspired to defraud the province of Manitoba

A number from here attended the decoration at New Durham cemetery on Sunday last.

Mrs. Jas. Radford spent over Sunday at Niagara.

ENDED FATALLY

By Courier. Leased Wire. Bay City, Sept. 5.—Franklin Parker, wealthy lumberman, who was held up and shot by two highwaymen late Sunday night, died in a hospital here last night. He was a former president of the American Lumber Association and had extensive interests in Canada. He was born in Bangore, Me., 49 years ago.

Picking of California fruits for eastern shipment was practically discontinued yesterday because of the threatened railroad strike.

The conclusion of the trial does not bring to an end the legal proceedings which have followed the resignation of the Roblin Government a year and a half ago.

Conservative organizer here, funds still rests against Sir Rodmond Roblin. Thomas Kelly has been convicted by a jury for his alleged connection with the parliament building wrongdoing and his counsel are seeking to obtain from the supreme court of Canada the new trial which was denied by the Manitoba court of appeal. Dr. R. M. Simpson is awaiting trial on charges arising from the same matters.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons, before breakfast.

To feel your best day in and out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, breaking each day, or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities in the blood, as do the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a slight twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like your folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

ENDED FATALLY

By Courier. Last week W. W. Bay City, Sept. 5—Franklin Parker, wealthy lumberman, who was held up and shot by two highwaymen late Sunday night, died in a hospital here last night. He was a former president of the American Lumber Association and had extensive interests in Canada. He was born in Bangore, Me., 49 years ago.

Picking of California fruits for eastern shipment was practically discontinued yesterday because of the threatened railroad strike.

The conclusion of the trial does not bring to an end the legal proceedings which have followed the resignation of the Roblin Government a year and a half ago. A charge of destroying public documents still rests against Sir Rodmond Roblin. Thomas Kelly has been convicted by a jury for his alleged connection with the parliament building wrongdoing and his counsel are seeking to obtain from the supreme court of Canada the nullification of the trial which was denied by the Manitoba court of appeal. Dr. R. M. Simpson is awaiting trial on charges arising from the same matters.
