Flour trial is essential but— it is not your work!

Flour varies from time to time in baking quality. This is because wheat continually varies according to soil conditions, etc.

Therefore, if baking results are to be constantly high, baking tests are essential. It is unreasonable to expect you to make these tests at your expense.

So from each shipment of wheat delivered at our mills we take a ten pound sample. This is ground into flour. Bread is baked from the flour. If this bread is high in quality and large in quantity, we use the shipment. Otherwise we sell it.

By simply asking for **FLOUR** bearing this name you can always be sure of more bread and better bread.

They Make You Feel Good
The pleasant purgative effect produced by Chamberlain's Tablets and the healthy condition of body and mind which they create make one feel joyful. For sale by all dealers.

The Methodist Ministers of New Brunswick, Nova Scotia, Prince Edward Island and Newfoundland will attend, at the expense of their districts, the meeting at Amherst of the mission board of Canadian Methodism in October for a three days' conference, on the invitation of the board, and they will be accompanied by delegates elected from the districts represented.

Avoid Sedative Cough Medicines.
If you want to contribute directly to the cure of capillary bronchitis and pneumonia use cough medicines that contain codine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. This cleans out the culture beds or breeding places for the germs of pneumonia and other germs. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers.

Each in His Own Tongue.
A feminist and a planet
A crystal and a cell,
A lady and a cavalier
And a cave where the covenant dwell;
Then a sense of law and beauty
And a face turned from the crowd
Some call it evolution
And others call it God.
A base on the far horizon
The infinite, tender sky,
The rich, ripe time of the corn fields
And the wild geese sailing high
And all over optical and aural
The charm of the goldenrod.
Some call it Asiatism
And others call it God.
Like the lilies on a crescent sea beach
When the moon is new and thin,
Into our hearts their presence
Come from the mystic ocean
Whose rim no foot hath tread.
Some call it haunting
And others call it God.
A sentry frozen on duty
A martyr staved for her blood,
Some call it the hero's blood
And others call it God.
And thoughts with nameless and friendless,
The straight, hard path way tread,
Some call it consecration
And others call it God.

More About Fenian Raid Veterans.
THE VAGUE, YREBORER E. M. McDONALD AGAIN SURVEILED BY C. E. TANNER, K. C., M. P. P.
DEAR SIR.—Mr. E. M. McDonald, M. P., comes back in the columns of the Pictou Standard to the question of Fenian Raid Veterans.
He has the unfortunate habit of thinking that assertions are better than facts, and that the crucial points of a discussion can be covered up by a stream of irrelevant matter. He thinks that people prefer noise to light.
Discerning readers will observe these striking weaknesses in his letter and will conclude with me that his limping defence is very amusing.
In regard to the subjects mentioned by him, which do not relate to the questions now at issue, I can assure Mr. McDonald that at the proper time he will be accommodated with all the discussion he can desire.
Mr. McDonald may indulge himself in his picaresque, but played out habit, of long winded bluff. He cannot get away from the crucial questions that interest the people of Nova Scotia, on this namely:
Did the Liberal Government and Liberal members supporting that government in regard to a bounty for Fenian raid volunteers? What did that government and those members do?
Let any person with these questions before him, circumvent them in the verbiage and claptrap with which it abounds; and it will be abundantly clear that on Mr. McDonald's own avowal, the Laurier Government and Liberal members, in fifteen years of power, did nothing else but postpone and finally vote against a bounty to the volunteers.
If Mr. McDonald himself, at any time between 1896 and 1911, spoke up like a man and demanded of his political leaders a bounty for Nova Scotia volunteers, let him state the time and the place and quote his words from Hansard.
It is peculiar for Mr. McDonald to make the idle boast that he is 1913—when the Laurier Government had passed away and the Borden Government had taken the matter in hand—asked the Borden Government to give a bounty of \$500.
What the public want to know, and what Mr. McDonald does not tell us, is this:
Why Mr. McDonald or any other Liberal in parliament, when his political friends were in power, failed to ask them to give one dollar of bounty? Why Mr. McDonald and his Liberal associates when their political friends were in power voted against the bounty?
As I have stated, these are the crucial questions which Mr. McDonald fails to meet, which his cannot meet, but which he attempts to evade by a rigmarole of clouded irrelevancy.
Mr. McDonald does not attempt denial of the fact that almost every year after 1896 until 1910 representatives of the volunteers urged their claims upon the Laurier Government and were hoodwinked with plausible promises which that government never intended to fulfil.
Nor does Mr. McDonald apparently know, although he was a member of parliament at the time, that on December 12th, 1910, after fourteen years of false promises, the Laurier Government, speaking formally through Sir Frederick Borden, deliberately laid down its policy; and that policy was no bounty.
Where was Mr. McDonald at that time?
Why did he not on that occasion rise up in righteous indignation and demand of Sir Wilfrid Laurier a \$500 bounty for Nova Scotia volunteers?
What a pity he was a dupe at that critical moment.
Let me repeat the Laurier Government's statement of policy made on December 12th, 1910, which Mr. McDonald and every other Liberal member from Nova Scotia swallowed without a protest.
This is what the Laurier Govern-

Fit In.

By George Matthew Adams

One of the common traits to the Successful man in that of Adjustability—the knack of knowing just how to fit in. It is not a matter of chance—adjustability comes along with the man who has the quality of being able to fit in. Fit in. Many a human allows himself to think that he is a misfit when in reality it is he who is the misfit. He would realize his folly and change his thinking and become a real fit—perhaps just the man for the job.

THE ACADIAN.

WOLFVILLE, N. S., OCT. 3, 1913.

Editorial Notes.

What is the real process of war? You carefully select from the general population on both sides the healthiest, sturdiest, the physically and mentally soundest, those possessing precisely the virile and manly qualities which you desire to preserve...

There were 1,675 rural mail routes in operation in Canada on September 1, serving nearly 70,000 boxes. In addition 511 new routes were under advertisement so that there are nearly 2,400 routes either already established or about to be set up...

In addition, Hon. Mr. Pelletier since taking office has opened 1,390 new post offices, as well as 675 new money order offices, and 509 postal note offices. From October 1, 1911, to the present time the amount remitted by money orders shows an increase of \$38,850,000 as compared with the previous eighteen months, of 38 per cent.

Mr. Borden's Defence Ideas.

In his speech at Halifax, Mr. Borden simply reiterated his position on the Canadian naval attitude. There was nothing sensational or even sentimental about the commonplace facts which he set forth.

Canada is desirous of taking her place in the navy-making of the empire, and, feeling a responsibility in this respect, she also feels a desire to share a certain amount of responsibility in connection with the administration of the naval and defence department. Until the overseas dominions share, both in the cost and the responsibility of making wars, there can be no really close connection between Downing street and the governments of the several dominions on self defence questions.

Mr. Borden stands well for the Canadian idea, which is neither for aloofness nor dictatorialness. We simply desire to take our modest place in the imperial defence scheme, paying our share of the way, and having a voice in the expenditure.

Opera House.

It has been decided that 'The Academy Players' on their first appearance here this season (Monday, Oct. 13th) will present Henry Arthur Jones' great play 'The Hypocrites'.

This company needs no introduction to a Wolfville audience as with Sydney Toler as leading man and many of the favourites including Miss Doherty, a few new faces to round out the company, their work, if anything, will surpass that of last year.

As last season, each production will be under the personal direction of Mr. Toler with Mr. Alex. Leftwich as stage director and with this combination our patrons can depend upon having a finished presentation in every respect.

The second and third appearance of the 'Players' here will be on Nov. 3rd and 17th.

Last year the Acadia College football squad had other Maritime teams lashed to the main-mast with two-inch lashing rope. What does the present season hold? Simply this, an equally fine record for the team of students who elect to emulate Acadia's example. Acadia's back divisions were fast, flashy and effective; they performed behind a scrum par excellence. But welding and burnishing the whole was always in evidence a system that would not be denied. The case of the Acadia team of 1912 supplies a concrete example of what faithful application to the co-operation side of the game may accomplish.

For these months ending August 31st the revenue of Canada was \$71,628,457 an increase over the same period last year of \$4,725,290.

Varicose Veins and Hocking Piles

Usually Arises From Same Cause - Relief and Cure Effected by Dr. Chase's Ointment.

Nearly everybody knows of Dr. Chase's Ointment as the most effective treatment for piles or hemorrhoids that medical science has been able to compound. So much suffering and misery arises from this ailment that one is not long in telling his friends when he has found an actual cure. This ointment for the enormous sales of Dr. Chase's Ointment.

This letter tells of relief from the suffering of varicose veins by the use of Dr. Chase's Ointment. Many suffer from this trouble not knowing the comfort to be obtained by the use of this great soothing ointment.

My Dr. J. Stann, 187 Main Street, Toronto, writes: 'We have used Dr. Chase's Ointment for some time. I have been troubled with varicose veins, and find it the only thing that gives relief. Nothing healing treatment is needed. Chase's Ointment, 50 cents a box. Dr. Chase, Toronto.'

THE VAGUE, VERBOSE E. M. McDONALD AGAIN SQUELCHED BY C. E. TANNER, K. C., M. P. P.

(Continued from Page 1.)

The single point for consideration is this: Did the Monk resolution include Nova Scotian volunteers?

Will Mr. McDonald deny the fact that it did include them?

He dare not deny it. The words of the resolution are too clear for that. Here is the resolution:—

'That it is desirable that the Government of Canada should recognize in some substantial manner the services rendered during the Fenian Raids in 1866 and 1870, by our Canadian volunteers.'

It being absolutely clear that the Monk resolution included Nova Scotians, where does Mr. McDonald stand? He voted against the resolution. He admits that.

As a defence he says that Nova Scotians had to be considered and that Sir Fred Borden wanted time to consider them. So, in order to 'consider' Nova Scotians the Government and its Liberal supporters, including Mr. McDonald, stood up like little men and voted solidly against the resolution that would have pledged Parliament to give Nova Scotians, as well as other Canadian volunteers, a Bounty. A nice way, indeed, to 'consider' Nova Scotia volunteers.

In regard to the Middleboro resolution of 1911 it is particularly amusing to be told by Mr. McDonald that the Conservatives were not 'sincere' in pressing it. Was he sincere in voting against it?

Bear in mind that a year before this, in 1910 as I have already shown the Laurier Government had formally and positively declared against a Bounty.

In 1911, when Mr. Middleboro moved, the Liberals, every man of them, stuck to their policy of no Bounty.

The Conservatives, on the other hand, voted for a Bounty; and a year later, in 1912, when they had the power to grant a Bounty, proved their sincerity by passing a Bounty Law.

I regret very much that that kind of sincerity does not satisfy Mr. McDonald.

I presume that the 'sincerity' he prefers is the kind that Sir Wilfrid Laurier and Sir Fred Borden practised on the volunteers from 1866 until 1910.

A word before I close in regard to the Hansard references.

Mr. McDonald knows that Hansard is issued from day to day in pamphlet form. Later on the bound volumes are issued to members of Parliament and libraries.

I have the official daily Hansard; and my references, with one slight exception which I will mention, are absolutely correct; and Mr. McDonald knows they are correct. His remarks on this point make very cheap and childish evasion. The exception I refer to is this, I did not remember that there was a member named Low in the House, and treated that name as a typographical error for Law.

As to Mr. McDonald's excuse that he was at home and that Mr. Sinclair was in England when the vote on the Middleboro resolution was taken, it makes no difference. If they were both in China at the time they cannot repudiate their responsibility.

They are both recorded in regular course as voting against a Bounty. They are so recorded with their own knowledge and consent as members of Parliament. The same thing is done every time a vote is taken. It is unprecedented for a member of Parliament to repudiate his vote on a pair unless he takes the matter up in the House and gives his reasons. No member of Parliament who appreciates his responsibility as such, would descend to the trick of being recorded on a pair, and then if an emergency should arise outside of Parliament, repudiate his vote and his responsibility. Mr. McDonald and Mr. Sinclair having allowed the record to go unchallenged, are bound in honor by parliamentary practice to abide by the record. Any other course would be entirely subversive of parliamentary responsibility.

As to Mr. McDonald's worry about delay in payment it is certainly laughable to think of a man who, from 1904 until 1911, opposed a Bounty and who blindly supported a government that in 1910 declared that no Bounties would be paid, now clamoring because the Borden Government had not disposed of the whole matter within two years.

But that is not a piece with the loud mouthed and disgruntled men like Mr. McDonald are making on many questions. Having allowed grievances to accumulate during fifteen years of Liberal Government, these gentlemen who sat dumb before Laurier, evidently expect Borden to put everything right in the twinkling of an eye. They had our loads of patience with Laurier, but now, like Cox, they cannot wait.

What galls them most is the sad truth, to them, which is surely possessing their souls, that Borden will keep them waiting a very long time before he will let them back to the seats of the mighty.

Yours very truly,
CHARLES E. TANNER,

The first of the series of concerts to be given in College Hall will be Oct. 16th. The high artistic quality of the programmes, the personality and fame of the artists, the low price for the series, together afford an opportunity which no music lover can afford to miss.

Reserved seats for the course are now on sale at Rand's Drug Store. Single reserved seats will not be sold until two or three days before the first event. Those who apply within the next few days for reserved seats for the series will have choice of the best seats in the House.

Within a few days representatives of the Seminary V. W. C. A. will call upon you relative to the purchase of a course ticket. Please have your money ready and then take the ticket, go to Rand's and make a choice of the seat.

No one can afford to miss this, the greatest musical attractions ever known in Wolfville.

Harvest Thanksgiving.

Harvest Thanksgiving services were held in St. John's church last Sunday, consisting of celebration of the Holy Communion at 8 a.m., Matins at 11 a.m. and Evensong at 7 p.m. The church was suitably decorated with fruit, flowers and vegetables. There was a good attendance. The rector spoke on the duty of a thankful spirit from various standpoints. As a nation, as a province and as individuals we owe a debt of thankfulness to Almighty God. A thankful spirit was good both for ourselves and others. It makes a man contented and therefore a good citizen and one who fitted in easily with his fellow men.

Before commencing his sermon Mr. Dixon announced that he intended to sail for England on Saturday, Oct. 19th, and would be gone about three months. During his absence the services will be taken by Revs. H. A. and A. M. Harley of Windsor Sunday School will assemble at 10 a.m. Rev. F. C. Mellor, of Kentville will attend to any calls, falling him Rev. Mr. Hall, of Cornwallis, Antigonish Martell also, it is hoped, will take occasional services.

Letters to the Editor.

TO THE EDITOR OF THE ACADIAN.

An effort has been made to fence and improve the old Wolfville cemetery. In March last a committee of two, Dr. G. E. DeWitt and Mr. C. R. H. Starr, was appointed to take the necessary steps to solicit subscriptions to the fund. In the month of April a circular was printed by THE ACADIAN and mailed to those interested in the project. The only response from the town was from two gentlemen in the town who deposited with the Town Clerk the sum of \$20.00. The sum of \$30.00 was asked for in the circular for the fencing and upkeep of the cemetery. Scout Master Higgins was requested to utilize the Boy Scouts to solicit subscriptions for the purpose at that period. The time of the Scouts was limited as it was just before the opening of the public schools. During the few days at their disposal they collected \$39.00 in cash and additional promises of \$13.00 making together with the \$20.00 previously in fund the amount of \$72.00.

The Boy Scouts were promised a commission for their work and they generously contributed to the fund so subscribed \$72.00 now in the hands of the Town Clerk is intact. All interested in the old cemetery were assured will acknowledge that there is a pressing need to subscribe to the fund of this worthy object. The cemetery at present is a resort for common loafers a disgrace to the locality and the committee would respectfully ask all interested to contribute to the work now commenced of fencing and caring for the cemetery that it may be successfully accomplished.

Committee, G. E. DEWITT, C. R. H. STARR.

The members of the Labrador sewing circle and all ladies of the town who are interested in this work will meet next Tuesday evening, (Oct. 7th), at 7.30, in their rooms in the McKenna block. This is a worthy work, and we should all be willing to give one evening in two weeks, and feel more comfortable when we read Matthew 25 and 36. The members of this society will be very grateful indeed if some friend has a second hand sewing machine that they would lend or donate to help along the work, and I am sure that the satisfaction of knowing that we have helped to bring comfort and cheer to some poor cheerless soul will more than repay us for any small sacrifice that we may make.

The social held by the W. C. T. U. last Thursday evening in their rooms in the McKenna block was most successful. The most excellent report of the Provincial convention, written by Mrs. Skep and read by Mrs. Langille, gave a most comprehensive account of the work done by the different unions throughout the province. We wish the few who ask, "what does the W. C. T. U. do, anyway?" could have listened to this report. Mrs. (Dr.) Brown then read a paper describing briefly the trip to the World's Sunday School Convention. As she so graphically and vividly brought before us the happenings on the steamer, street scenes in many of the cities, the magnificent buildings, etc., we could almost imagine ourselves viewing a moving picture show. A very pleasing violin solo was given by Miss Stewart, after which light refreshments were served. This closed a most pleasant evening. We trust the Union will give many such gatherings during the coming winter.

Mrs. John Jamieson, who has been a guest of Principal and Mrs. R. W. Ford, has returned to her home in Truro.

Mr. Owen Miner of Concord, Mass., is visiting his sister, Mrs. Everett Coldwell, Gasperau, after an absence of twenty-six years.

Mrs. J. B. Bennett and daughter Miss Paul, who have been spending the summer in Wolfville, returned to their home in Halifax on Wednesday.

Mrs. Robbins has returned to Wolfville for the winter and will live in the house on Acadia street occupied last winter by Mrs. Andrews. Rev. Clyde Robbins will pursue his studies at the college while at the same time continue his ministerial duties at Scotch Village, Hants county.

Mr. and Mrs. B. H. Morrison (nee Miss Dorothea Beckman) spent the week end at the home of the latter's aunt, Mrs. John Donaldson, Fort Williams. The young couple have just returned from their bridal trip, visiting Boston, Montreal, Quebec, etc. They are making their home at present at 'The Elmwood' Halifax.

Acadia Notes. Acadia University opened on Wednesday for another year's work. The attendance is well up to the average and a good year is looked forward to by both instructors and students.

The opening chapel on Wednesday afternoon sixteen professors were on the platform. This is the largest faculty in the Maritime Provinces.

Dr. Cutler, in a few well chosen remarks, welcomed the students, and expressed his wish that all might have a profitable year. He spoke of the necessity of hard work in every phase of the college life, be it athletics or studies.

Obituary. The death occurred at Greenwich, King's Co., Sunday of Mr. Charles Goudey, of Milton, the well known painter of the D. A. Railway. He was engaged in painting the bridge at that place when he became ill of pneumonia, and rapidly failed until the end came. He was 43 years of age and is survived by a widow and four children.

NEARLY DIED OF STONE IN THE BLADDER

GIN PILLS SAVED HIM. 513 JAMES ST., HAMILTON, ONT. "Five years ago, I was taken down with what the doctors called inflammation of the bladder—intense pain in back and loins, and difficulty in urinating, and the attacks, which became more frequent, amounted to unbearable agony. I became so weak that I could not walk across the floor.

My wife read in the papers about GIN PILLS and sent for a box. From the very first, I felt that GIN PILLS were doing me good. The pain was relieved at once and the attacks were less frequent.

In six weeks, the Stone in the Bladder came away. When I recall how I suffered and how now I am healthy and able to work, I cannot express myself strongly enough when I speak of what GIN PILLS have done for me."

A GREAT BELIEVER IN "FRUIT-A-TIVES"

Well Known Ontario Merchant Has Faith Because "Fruit-a-tives" Cured Him

MR. JAMES DOBSON

BRONTE, ONT., MARCH 1st, 1912.
"Fruit-a-tives has made a complete cure in my case of Rheumatism, that had at least five years standing before I commenced the treatment. The trouble was principally in my right hip and shoulder, the pain from it was almost unendurable. Not being able to sleep on that side, I chanced to turn on my right side while asleep, the pain would immediately awaken me. This kept up until I started taking "Fruit-a-tives". I started by taking one or two tablets with a large glass of water, in the morning before breakfast and experienced pronounced relief very shortly. After a continued treatment for about six months, I was cured and am now in first-class health. This, I attribute to my persistent use of "Fruit-a-tives" and I heartily recommend your remedy to any Rheumatic sufferer."

JAMES DOBSON.

Wine Drinking Christians.

Abraham Lincoln had the vision of a seer. On the very day of his assassination, in bidding a friend farewell, he said:

"We have cleared up a colossal job. Slavery is abolished. After reconstruction the next great question will be the overthrow and suppression of the legalized liquor traffic, and you know my head and heart, my hand and purse will go into this contest for victory. In 1842, less than a quarter of a century ago, I predicted that the day would come when there would be neither a slave nor a drunkard in the land. I have lived to see one prediction fulfilled. I hope to live to see the other. Good-by."

Had he lived until to day he would have seen the prophecy on the way to ward fulfillment. There are streaks in the East betokening the breaking of the day. Let every Christian man lend his influence toward banishing the intoxicating cup. Let the wine-glass be banished from the table of every Christian family. Total abstinence for the individual and prohibition for the nation should be the church's battle cry. The wine drinking Christian is a distinct hindrance to the progress of the Kingdom of Christ. The wine-drinking minister is a disgrace to the church of Jesus Christ.

Mr. Smith was a member of the Legislature and owned an automobile. He voted to remove the speed limit on automobiles, because he wanted to be free to drive as fast as he liked. But one day it was Mr. Smith's little girl who was run over by an automobile, and then Mr. Smith was in favor of strict limitations on automobiles.

Chronic Dyspepsia.
The following unalloyed testimonial should certainly be sufficient to give hope and courage to persons afflicted with chronic dyspepsia: "I have been a chronic dyspeptic for years, and of all the medicine I have taken, Chamberlain's Tablets have done me more good than anything else," says W. G. Mattison, No. 7 Sherman St., Hornellville, N. Y. For sale by all dealers.

Selling to Girls.

The hotel liquor license is often excused as necessary. And unthinking people argue that it is freer from danger than other liquor selling places. As a matter of fact, the hotel and the club are the most dangerous resorts in the whole city. This incident is suggestive.

Two of the largest hotels of Boston and Pittsburg have lately got into difficulty through selling liquor to young girls. Recent one journal itself gets after the trade in the following fashion. It says: "It must be remembered by saloon and hotel men that this practice of selling to girls is one that is bound to bring trouble and

only to the man so violating all the proper ideas of hotel conduct, but on every man in the liquor business." And then the editor asks: "Isn't it about time for the general run of liquor dealers to ask themselves fairly the question, 'Is it worth while for us to endanger our own futures, and the fortunes of the business in which we are all engaged, by catering to the women trade?' What a cleaning up there would be if liquor dealers took this advice!"

But they never say a word except in a case like this, when the notoriety of being found out frightens them.

Safety by Rail.

We are apt to be filled with wonder and admiration when we read the statistics of the records of the railroads of the United Kingdom in carrying in 1908 a total number of passengers amounting to 15,000,000 without killing one person. While the record for the States is much in excess of this, there is one system in the United States where this record is excelled, and that is in the New York Subways. During the eight years of its operation there have been transported 1,664,516,822 passengers without a single fatality due to train accident. This record is all the more remarkable when it is considered that 70 per cent. of these riders were carried on express trains, which during the latter part of that period were operated at from 40 to 50 miles per hour and under a headway of less than a minute and a half.

A Marvelous Escape.

"My little boy had a marvelous escape," writes P. F. Bastians of Prince Albert, Cape of Good Hope. "It occurred in the middle of the night. He got a very severe attack of croup. As luck would have it, I had a bottle of Chamberlain's Cough Remedy in the house. After following the directions for an hour and twenty minutes he was through all danger." For sale by all dealers.

Tired-out Kidneys.
Kidney troubles are so frightfully common because the kidneys are so easily upset by overwork or excesses of eating and drinking. Care is effected not by whipping them on to renewed effort, but by softening the action of liver and bowels by the use of Dr. Chase's Kidney-Liver Pills. This rests the kidneys and makes them work backache and urinary disorders then disappear.

"And what became of that girl who was such a matchless beauty in our set when I went away?" "She still is. 'What after all these years?' 'Not so much of a beauty, but still matchless. She's an old maid.'"

"Now what should you say after I have given you cake?" "I dunno, Mrs. Peters." "You should learn politeness. What would your mother say if your papa gave her \$10 to buy a new bonnet?" "She'd say nothing. She'd have a fit."

BLUE AND DISCOURAGED
Mrs. Hamilton Tells How She Finally Found Health in Lydia E. Pinkham's Vegetable Compound.

Warren, Ind.—"I was bothered terribly with female weakness. I had pains and was not regular, my head ached all the time, I had bearing down pains and my back hurt me the biggest part of the time. I was dizzy and had weak feelings when I would sleep over, it hurt me to walk any distance and I felt blue and discouraged."

"I began taking Lydia E. Pinkham's Vegetable Compound and am now in good health. If it had not been for that medicine I would have been in my grave a long time ago."—Mrs. ARTIE E. HAMILTON, R. F. D. No. 6, Warren, Ind.

Another Case.
Emmond, R. I.—"I write to tell you how much good your medicine has done me and to let other women know that there is help for them. I suffered with bearing down pains, headache, was irregular and felt blue and depressed all the time. I took Lydia E. Pinkham's Vegetable Compound and commenced to gain in a short time and I am a well woman today. I am on my feet from early morning until late at night running a business house and do all my own work. I hope that many suffering women will try your medicine. It makes happier wives and mothers."—Mrs. ANNA HARRIS, Emmond, Rhode Island.

Concrete is the cheapest building material

WHETHER for a silo, a mill-house, or a million bushel grain elevator, concrete is the most economical building material in use today. Concrete never requires repairs, and the saving in repair-expense alone makes the greater economy of using concrete more apparent every day. The cost of other building materials is constantly increasing. The cost of concrete is being reduced.

Canada Cement

which Canadian farmers use, with their own sand, stone and gravel to make concrete, is the only ingredient you have to buy. We have, by reason of our large output and scientific methods, been able to bring the price of "Canada" Cement so low that it is within the reach of everyone.

An increase in demand results in a greater economy of production, and when conditions have warranted it, we have, from time to time, shared this saving with the consumer by reducing the price of Canada Cement. This demand will continue to increase—as fast as farmers learn of concrete's superiority over other materials.

When you buy cement, see that you get "Canada" Cement, by so doing you will assure the complete success of all your concrete work.

Send a post card for our book "What the Farmer Can do With Concrete." It is free.

There is a Canada Cement dealer in your neighborhood.

Canada Cement Company Limited - Montreal

The Eternal Feminine.

The South African natives in Boerland still preserve their old customs, and one of the most curious is that of carrying off a girl for a wife. The custom is called 'ukutwala,' and the girl though not indisposed to accept the man, causes every obstacle to be placed in his way.

The suitor watches his opportunity (after first placing so many head of cattle in the kraal of the girl's father) and eventually carries the girl away by main force.

The heartrending cries of the bride, as she is carried away, are something pitiful—a cry that pierces the heart of a Christian, but his pity subsides when he learns that in native language it means:

"Don't take me, but don't let any one help me, because I won't go!"

"Tommy, how is it I have caught you to the jam again?"
"I don't know, ma, unless it is because you came in so quietly."

ASSETS.

The assets of the Company will consist of the proceeds of the sale of sixteen thousand shares of Preferred Stock at \$10.00 per share which will give after deducting 144,000, with which to purchase seven pairs of Silver Black Foxes selected by A. T. McConnell and guaranteed by him, the ranch fully equipped with the latest design of pens, and all buildings, including Manager's house to be erected leaving sufficient cash capital to cover the running expenses of the Company over the first year, and to provide for possible contingencies. Of the Common Stock, after leaving \$40,000 in the treasury, a bonus of 50 p. c. will be given share holders and the balance represents the cost of promotion, incorporation, and all other expenses.

FUTURE PROFITS.

In the face of the enormous profits realized during the past few years and the continually increasing demand for foxes for breeding purposes, it is idle to figure on the profits to be earned in the future. Those best qualified to judge say that not twenty-five years at least will the demand slacken for BREEDING PURPOSES ALONE, but that as it may, were such demands to cease AT ONCE, the high price readily obtainable for first class pets would bring for the owner of the average adult pair of foxes a full return of their purchase price within three years. In this connection it may be mentioned that one of the principal stock holders in the Company is a member of one of the largest wholesale furriers in Canada, Mr. William Waugh, of Boulter, Waugh & Co., Ltd., of Montreal, whose services are anticipated as President of the Company.
