Wholesale Distributors - Newcastle, N. B.

Morrissy Bridge Draw Regulations

In reply to a letter, re regulations governing the passage of vessels through the Morrissy Bridge, Mr. H. H. Ritchie, Secretary of the Board of Trade is in receipt from the Dept. of Marine and Fisheries of a copy of the regulations to govern draw or swing bridges over navigable waters other than railway bridges. The Deputy Minister advised that if special regulations are required for the Morrissy Bridge the Department will be glad to take into consideration any suggestions made after consulting with the Harbor Master.

The following are the regulations above referred to.

1. Every swing or draw bridge over a navigable water shall be marked at night by white lights on each side of the navigable channel, by a white light on each end of the swing, protection, and by a lantern surmounting the swing span showing a red light up and down the channel when the passage is closed, and green when the swing is open.

2. If the passage on both sides of a swing span is navigable, vessels must keep to the starboard opening, and the white lights on each side of the navigable channel must show only in the directions in which they are to be utilized.

3. The signal to be given by a steamer to have a swing opened shall be two long followed by two short blasts of the whistle.

4. Every draw shall be in charge of some competent person present thereat, whose duty it shall be upon being notified by whistle or in any other manner, that a vessel desires to pass through the bridge, to open the same as promptly as possible and no vessel shall pass through the bridge until the swing or draw is fully open.

5. Every violation of any of these regulations shall make the party guilty of same liable in the penalty fixed and determined by the law.

GROSSMAN AND ADAIR ARE SENT UP FOR TRIAL

The preliminary hearing of Alfred Grossman and Robert Adair, charged with receiving stolen goods knowing them to have been stolen, was concluded before Magistrate Lawlor on Wednesday afternoon. His Honor transferred the cases to the County Court for trial. Following the evidence of several witnesses for the prosecution, the defence stated that they had no evidence to offer on preliminary but would reserve their defence for the trial.

The cases will come before the County Court, Judge McLatchy presiding, opening at Newcastle on January 23rd. T. H. Whalen prosecuted, and both the accused are being defended by McDade and Barry.

LOCAL CURLERS WIN OVER SCOTS

The representatives of the Newcastle Curling Club who went to St. John last week to take part in the friendly matches with the Scotch curlers played a magnificent game, defeating their opponents, the Dumbartonshire team by a score of 18-6. The rink was skipped by Capt. John Russell and the other members of the rink were R. C. Clark, A. H. Mackay and R. W. Crocker.

FRENCH APPROVE MARCH TO RUHR

Paris, Jan. 11.—France's separate action in the Ruhr was approved today by parliament, the members of the chamber and the Senate cheering for several minutes Premier Poincare's declaration. The Chamber voted confidence in the government, 478 to 86, on the question of the postponement of a group of interpellation on the Ruhr policy.

M. Poincare, with much sarcasm, defended himself in the Senate against the German newspapers' imputed accusation that he had inherited his war-like activities through descent from Brennus, who made famous the phrase, "Woe to the Conqueror," the warring King, Louis XIV, and Napoleon. The premier remarked:

"Glorious as is that genealogy, I cannot claim it. I descended simply from good French, who wished France to be free and independent, but who never desired conquest or annexation."

In his statement before the Chamber explaining the reasons for the action which France has been obliged to take against Germany, M. Poincare declared: "We are now going to get coal for ourselves from Germany at the pit head."

The response of the republic's was such as to leave no doubt that France is strongly behind the premier unless parliament vastly misinterprets public opinion.

Today's session of the Chamber rivalled in enthusiasm the famous demonstration on August 4, 1914, when a secret union of parties was proclaimed, and the session after the demonstration was held, when the Chamber announced the final victory of the Allies.

North Shore Teams Defeat Moncton

The Bathurst hockey team continued its winning streak Thursday night when in a fast and clean game at the rink in Bathurst they scored seven goals to Moncton's two. It was the local team's fourth match in the northern section of the N. B. and P. E. I. Hockey League.

Moncton drew first blood when VanBuskirk found the net about ten minutes after the opening of the game but their lead was short lived for it was only three minutes later that Ryan notched the first one for Bathurst. All through the first period the play was very even, every man on both sides giving a good account of himself.

Campbellton defeated Moncton in the opening game of the N. B. and P. E. I. League at Campbellton Friday night by score of 10 to 2. Six hundred fans were present.

The game was fast throughout, Matthews and Thomas starring for Campbellton, "Shorty" Trites referred to the satisfaction of all.

The game scheduled to be played last night between Chatham and Shediac was postponed.

Believe British War Debt To Be Settled

Chairman Mellon of the United States Debt Commission, was represented as feeling certain that an agreement for the refunding of the British debt of more than four billions of dollars would be reached before the tentative sailing date of the British Debt Commission on Jan. 20.

The conversation between the debt commissions thus far and the great mass of data submitted by the British delegation was believed to have cleared the way for an early discussion of terms, it was declared.

BATHURST IS STILL HOLDER OF McLELLAN CUP

In the McLellan cup match Friday night at Bathurst, Fredericton failed to lift the silverware. Bathurst won by a margin of thirteen points. The score by skips stood:

Bathurst	Fredericton
Stout.....16	Hatt.....16
Duncan.....23	Belmore.....10

Two Newcastle rinks skipped by J. F. E. McKnight and John Sargent will play Bathurst for the cup tomorrow night.

Officers Installed At Blackville

On Wednesday evening, P. G. D., of C., G. P. Burchill assisted by A. H. Cole, A. S. Gremley, D. D. Weldon and J. E. T. Lindon visited Blackville Lodge, No. 43, A. F. & A. M., and installed the following officers for 1923:

- W. M.—C. McC. Schofield.
- S. W.—J. W. Craawell
- J. W.—J. E. Morehouse
- Treas.—James Gerjish
- Sec'y.—R. F. Bulmer
- S. D.—G. Percy Henderson
- J. D.—Burton Connors
- S. S.—Cuthbert Donald
- J. S.—M. Schaner
- P. P. C.—Fred E. Howes
- P. P. M.—D. L. Beach
- J. G.—E. L. Beach
- Tiler—Melvin McKee

The Serial and Mutt & Jeff Comedy.

LATH TRADE MAY IMPROVE

A prominent St. John lath buyer and manufacturer says that the situation in the industry was not so bad as some of the small mill men supposed. "It was true that there had been a decline in the U.S. market, but the bottom had not dropped out by any means. The St. John man thought that possibly certain interests in Philadelphia were endeavoring to depress the market for trade reasons.

The wholesale price of laths in St. John is \$5.50 to \$5.75 a thousand. The cost of sawing is about \$5. In St. John it is regarded that a price anywhere from \$5 to \$6 is the bottom and it is felt that the market is bound to improve. One shipper said that if necessary he would hold laths until the price gets to \$7 l.o.b. and that the price might go higher.

A steamship is now loading laths for Philadelphia, but there is not sufficient in the city to fill her holds. Laths are being shipped also to Pittsburg, Buffalo, Baltimore and New York.

N. B. Farmers Meet Today in Chatham

Many delegates from all sections of New Brunswick are planning to attend the annual convention of the New Brunswick Farmers' and Dairy-men's Association, which will be held at Chatham on Jan. 16, 17, 18 and 19. Prominent speakers are to address the convention, including several from other provinces. The sessions, it is announced, by Alexander J. Doucett, corresponding secretary, are to be open to the public.

Among the matters which will probably be discussed are high transportation charges, the difficulty of obtaining satisfactory loans, the critical situation in which many potato producers find themselves, the exhibition issue and government aid to stockbreeders.

RECITAL REPEATED
The Organ Recital and Concert given by Prof. F. J. Liscombe, assisted by St. James' Choir, an Orchestra and Miss D. Nicholson, Reader, was repeated last Thursday evening in St. James' Church at 8.30 o'clock. The entertainment was enjoyed by all who attended and each number, as on the first evening, was admirably rendered, and all who took part are deserving of much praise. The success of the recital reflects great credit on Prof. F. J. Liscombe, the efficient organist of St. James' Church.

ANOTHER SLUMP IN LATH PRICES

The slump in price of laths, which begun last month, continues until they are down to about \$4 a thousand in New Brunswick. As it costs about \$4 to produce laths, the manufacturers' margin is wiped out, unless they were able to cut laths from slabs or other refuse lumber. Stocks have piled up in United States and all over this province, where hundreds of small mills and several large ones have been in operation cutting this class of lumber for months. The slackening of building during the winter is given as the cause of the slump, but it is known that the market is well supplied for the spring trade.

Lath makers in this province are becoming cautious and many are slowing down, pending developments. That there will be a permanent demand for laths in many United States cities is not doubted, as wire lathing is in disfavor with the fire departments in numerous cities, the metal hampering fire fighters, it is claimed. The lath slump has followed the pulp wood slump in this province, but the lath industry is likely to re-

SAID HE COULD NEVER BE WELL

"Fruit-a-lives" Restored Him to Health

159 AVENUE PIUS IX, MONTREAL.
"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine but I did not improve; and finally he told me that I could not be cured. At this time, a friend advised me to try 'Fruit-a-lives'. After taking two boxes, I was greatly relieved; and this fruit medicine made me completely well. My digestion and general health are now splendid!"
GASPARD DUBARD.
50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

cover more rapidly than the pulp-wood industry which was over-done two years ago.

Grade I—John Fitzgerald, Warren Morrison 1, Billy Hogan, Edith Harris 2, Clare McCullum 3.

Miss Craig's Dept.
Grade II—Billy Morrissy 1, Mary Allison, Dick Maltby 2, Chester White 3.

Grade I—Flora McDonald 1, Janet Murray 2, Edith Delano 3.

Is Confident of Future of Canada

Discussing the business outlook for Canada at a meeting of shareholders of the Royal Bank, Sir Herbert Holt, the president, said the most unfavorable feature was the unsettled European situation.

However, he said, there was reason to look forward in Canada with a great degree of confidence, based upon the prospects that the present industrial activity will continue during 1923, that exports will improve, that there is no surplus of goods on the shelves to cause a reaction, and that the banking situation was secure, in fact had probably never been better.

Provincial By-Election In Gloucester Feb. 15

Polling day to select a representative for the provincial legislature from Gloucester county to fill the vacancy caused by the resignation of John G. Robichaud, M.P.-elect, will be February 15. Nomination day will be Thursday, February 8.

This announcement was made by Premier Foster on Thursday. A Liberal convention will be held at Carleton Place on January 23, to select a standard bearer. The names of R. B. Bousquet, Carleton; P. P. Morais, Carleton; and others are prominently mentioned as candidates.

Rheumatic Pains

Are relieved in a few days by taking 30 drops of Rother Seigel's Syrup after meals and on retiring. It dissolves the lime and acid accumulation in the muscles and joints so these deposits can be expelled, thus relieving pain and soreness. Seigel's Syrup, also known as "Extract of Roots," contains no dope nor other strong drugs to kill or mask the pain of rheumatism or lumbago; it removes the cause. 50c. and \$1.00 bottles at druggists.

Sheriff's Sale

I will sell at Public Auction in front of the Court House, in the Town of Newcastle, in the County of Northumberland, on Friday the Nineteenth day of January, A. D., 1923, at three o'clock in the afternoon all the interest of John W. Bowes, of Blissfield in the County of Northumberland Province of New Brunswick, and of Reginald V. McCabe lately of the Town of Chatham, in the County of Northumberland, in the Province of New Brunswick, aforesaid, recently doing business under the firm, name and style of Bowes & McCabe, of both or either of them, in or to:—

ALL those certain lots, pieces or parcels of land, situate, lying and being in the Parish of Blissfield in the County of Northumberland and Province of New Brunswick aforesaid.

FIRST. That certain tract, lot, piece or parcel of land known in the original as lot number Twenty, granted to John D. Cantillon, situate and lying on Otter Brook:—Beginning at a poplar tree on the Northwestern corner; thence running in a southerly course Twenty Chains to a stake; thence Westerly twenty-five chains to Three Cedars; thence Northerly Twenty chains to a dead Juniper; thence Easterly Twenty-five chains containing in all Fifty acres more or less being the same lands conveyed to Timothy A. Hurley under the name of Timothy by Edward Mersereau and others by Deed dated the 17th day of August, 1910, Registered in Volume 90 pages 185, 186 and 187 of Northumberland County Records.

SECOND. All and singular the certain lot or parcel of land situate in the Parish, County and Province aforesaid described as follows:—Beginning at a point, or corner at the rear of the Southerland Lot immediately to the West of a lot of land now owned by Timothy A. Hurley and running the rear line of the said Southerland Lot, Westerly Eighty rods, thence North across the Canadian National Railway track a distance of Two Hundred rods or more; thence East to the Upper or Westerly boundary line of lands already owned by Timothy A. Hurley a distance of Eighty rods; thence south along the said boundary line a distance of Two Hundred rods or upward to the place of beginning and containing a hundred acres more or less, being the same land conveyed to the said Timothy A. Hurley by Alexander Turner by deed bearing date the 3rd day of August, A. D., 1910, registered in Volume 90, pages 184 and 185 of Northumberland County Records.

THIRD. ALL AND SINGULAR the following described lands and premises situate in the Parish of Blissfield, aforesaid, on the South side of the Miramichi River abounded and described as follows:—Comprising all the cleared or improved land of the property commonly known as the Corneilus Weaver Place. Beginning at the centre of the brook, which intersects the said property at that point where the said Brook enters the said Miramichi River; and extending in an Easterly direction a distance of Thirty-three rods three and one-half feet; thence from Low Water Mark of the said River in a southerly direction a distance of One Hundred and Eleven and one-half rods; thence in a Westerly direction a distance of Forty-eight rods to the said Brook; thence along the General line of the said Brook, in a Northerly direction to the place of beginning. The whole to be in such manner as to all be improved or cleared land of the above mentioned place or estate. Which above described lands are the same that were conveyed to John W. Bowes by Everett J. Weaver by Deed dated the 2nd day of October, 1920, registered in the records of the County of Northumberland, Vol. 107, page 233, 234 as by reference thereto will more fully appear.

TOGETHER with all and singular the buildings and improvements thereof, and the right, members, privileges and hereditaments and appurtenances to the same belonging or in anywise appertaining, the same having been seized by me under and by virtue of several Writs of Fieri Facias, issued out of the Supreme Court and Northumberland County Court at the suit of various parties against John Bowes and E. V. McCabe doing business as "Bowes & McCabe."

Dated this Eighth day of November, A. D., 1922.
W. F. CASSIDY,
Sheriff of the County of Northumberland.

WEALTH POSSESSED BY IRISH BOGS

A new process which it is claimed will turn the immense Irish bogs into a source of vast wealth has been discovered. It will produce a substitute for coal in large quantities. Experts believe that Ireland is capable

of turning out fifty million tons of fuel a year for a thousand years. At even a moderate price this would bring a revenue of some \$30,000,000 a year.

The new fuel is almost smokeless, has no cinders, can be kept for years, does not crumble in handling, and gives out great heat.

The Irish bogs are almost as great in extent as those of Germany, and

while the latter are from nine to twenty feet deep the Irish variety often reaches forty feet. It has been calculated that each acre of bog contains 15,231 tons of peat-stuff, capable of producing one hundred thousand horse-power for 1,250 years.

"BUY AT HOME"

Your thanks are due the Press of New Brunswick for this notice.

An Opportunity For Ex-Service Men

A Royal Commission is to sit at St. John early in February for the purpose of investigating any complaints re Pensions or any further suggestions any Ex-Service men care to present.

All claims are to be presented by a Committee of not more than six who shall present them at this sitting.

At a recent conference of Ex-Service men of New Brunswick held at St. John a Committee composed of:

E. Allan Schofield, St. John, N. B. Chairman; G. Earle Logan, St. John, N. B., Secretary; C. G. Weldon, Moncton, J. P. Bourgeois, Moncton; H. R. McLean, Chatham; H. Priestman, McAdam Junction, N. B.; John R. Gale, Dr. G. B. Peat, Dr. J. A. McCarthy, St. John, N. B.; and A. L. Barry, Newcastle; was nominated for the purpose of preparing the arrangements and getting the final Committee of six to argue any cause which may be deemed advisable to present.

Through the courtesy of the Press this is given publication in the hopes of reaching any Ex-Service Man anywhere in the Province whether he is a member of the Organization or not, and if any such man will present his case with particulars in writing to any Branch of the G.W. V.A. or C. B. Weldon, Secretary-Treasurer of the Army & Navy Veterans, Moncton, N. B., or address the same to G. Earle Logan, Sec'y to above Committee at his address P.O. Box 664, St. John it will be given consideration.

Meetings of this Committee will be held in McAdam Junction, Moncton and St. John, when individual cases will be heard.

This Committee is anxious to hear from the men at as early a date as possible, and as this may be the final hearing of these cases you are requested to act promptly.

GOVT. ASKED TO CANCEL LICENSES OF ALL VENDORS

St. John, Jan. 10—A representative delegation of citizens waited on the provincial executive in session here this evening to urge a stricter enforcement of the present prohibition act and also to ask for a few changes of the present regulations. It requested that all licenses of vendors be cancelled and that the government appoint salaried agents who should act as vendors. The government promised careful consideration.

CLEAN CUTTING ADVOCATED TO MEET BUDWORM

L. S. Webb of the Forest Division of the New Brunswick Department of Lands and Mines who attended the annual meeting of the Maine Forestry Association at Augusta, Me., last week has returned. He reports that the proceedings were highly interesting and valuable papers were read. Governor Baxter opened this meeting and after morning and afternoon session a banquet took place at night.

At the meeting the ravages of the spruce worm and the means of meeting it were discussed, in detail. Mr. Webb was surprised to learn that Maine was generally infested by destructive insects, there being no large areas in Madawaska and Restigouche counties in this province in which little damage had been done. During the past year new infestations had

been observed. Clean cutting as soon as the infestations had been observed it was advocated by some of those who spoke that that was the best method of dealing with the insect pest.

Addresses were delivered by the Forest Entomologist of the State, H. B. Morse chief forester of the Orono Pulp and Paper Co., and T.E. Carter of the United States Forest Service. The two latter discussed fire protection, a professor from the New Hampshire University discussed forest management.

Children who have once had Zam-Buk applied never forget how it soothes and heals their hurts. Wise mothers never use anything else. A touch of herbal Zam-Buk—a bandage made of almost any clean rag—no more tears or worry. Zam-Buk is so pure and so fine that it provides the ideal remedy for every sort of wound, abrasion or soreness.

Ask For

Mrs. J. E. Bierwirth, of Carnduff, Sask. writes:—"My little boy cut off the end of his finger and it seemed a case for a doctor. However, I applied Zam-Buk to stop the pain and bleeding and it gave the child such relief that I continued the treatment. Using nothing but Zam-Buk, I dressed the finger each day, and the wound healed perfectly."

NATION BUILDING IN CANADA

Universities to Follow the Railroad in Binding East and West Together For the Cause of National Unity

Hand in hand with the material growth of Canada, with the extension of her population, and the development of her natural resources; moves forward the current of her intellectual and spiritual life. The race of men and women whose adventurous spirit and indomitable courage are making a nation, are not the kind that are content with the merely material things of life. Canada's pioneers of a little while ago were young men who saw visions, and old men who dreamed dreams, and their sons and daughters are no less gifted. Their broadening horizon now includes a new world of mental and spiritual effort in which they,

in turn, must be pioneers. The realization of this fact has become a living force in the fine universities that are already doing a great work at Winnipeg, Edmonton, and Saskatoon and Vancouver.

In the making of the Canadian nation so far, avenues of transport and communication have worked towards completion of the structure the foundation stone of which was the Act of Dominion Federation. Canada's national unity is founded and fostered by the political and physical links that bind east and west, but it can be fully developed only when the avenues

of Canadian thought move east and west as do those of trade. This is the thought that lies behind the recent donation by the C. P. R. of three annual scholarships of the value of \$500 each to Toronto University for the purpose of inducing graduates of Western Colleges to complete their studies at that great Canadian centre of learning.

The universities of Western Canada are growing fast. Their standard of instruction is high, and an ever growing number of their students desire to pursue post-graduate studies beyond the stage now possible at their

provincial institutions. Through these scholarships a constant stream of the brightest and most ambitious of western university students will be enabled to spend some time in Eastern Canada and thus become familiar with methods of life and thought there. As stated by Mr. E. W. Beatty, President of the Canadian Pacific Railway, in his letter to Sir Robert Falconer, President of Toronto University, announcing the granting of the three scholarships. "The movement is one that will obviously be of benefit, not only to the students, but also to the communities in which they will afterwards live."

"I Had Terrible Backache From Kidney Disease"

Mrs. M. A. McNeill, Canaan Sta., N.B., writes: "I was troubled for years with terrible backache, resulting from kidney disease. At times in each month I remained in bed, the pain was more than I could stand, and to walk was almost impossible. I used about \$50.00 worth of other medicines, but with little results. Now I am completely better, after using only five boxes of Dr. Chase's Kidney-Liver Pills."

WHY ANOTHER VENDOR?

It is alleged that another vendor of liquor for the Town of Newcastle may be appointed. Newcastle has now two vendors and why the third vendor should be appointed is more than the citizens can understand. In so far as the supplying of liquor to those who require it for medicinal purposes is concerned, the present two vendors are capable of meeting the requirements.

Newcastle does not need more than two vendors to supply the wants of those who legally require liquor, and for that matter one vendor would be sufficient to look after this need.

The reasons for appointing another vendor, if such is contemplated, have not been made known, but it is a certainty that such an appointment is not needed, and if made, will meet with strong opposition by the citizens in general.

A petition protesting against the appointment has been circulated and largely signed. It will be dispatched today to the Chief Inspector, and it is sincerely hoped that it will have the desired effect, to prevent the appointment.

Some may argue that one or two vendors should not have a monopoly on the sale of liquor within our town, but this is poor logic, when it is taken into consideration that we are living under a Prohibitory Law, and one of the best ways to prohibit, is to have as few places as possible, where the prohibited article may be obtained. Newcastle wants no more vendors and the citizens should see to it, that no more appointments are made.

MINARD'S

"KING OF PAIN"
LINIMENT

Extract from a letter of a Canadian soldier in France.
To Mrs. R. D. BAMBRICK:
The Rectory, Yarmouth, N.S.

Dear Mother:—
I am keeping well, have good food and well protected from the weather, but have some difficulty keeping unwanted guests from visiting me.

Have you any patriotic druggists that would give something for a gift overseas—if so do you know something that is good for everything? I do—Old MINARD'S Liniment.

Your affectionate son,
Rob.

Manufactured by
Minard's Liniment Co. Ltd.
Yarmouth, N.S.

FOUND IN MAILS

Many Things Are Forwarded Besides Correspondence.

Superintendent of Philadelphia Post-office Tells of Some Amusing Experiences He Had Had.

Every one who has watched the crowd collect in front of the parcel post window at holiday time knows that the mail has a more or less humorous side, remarks the Philadelphia Record. How humorous it can be you do not realize till you begin to find out about it.

Mr. Johnson, the superintendent of mails at the central postoffice, knows. He has 27 years' experience.

"Did the crying baby ever go through the mails?" the reporter questioned him.

Mr. Johnson shook his head. "No, the only live things allowed are live chicks and bulbs. Everything else under the sun does go. Sometimes very humorous and pathetic incidents occur.

"An old Virginia mammy wanted to ship herself home parcel post. Every Christmas she had received a nice fat package through the mail. It meant direct communication with her own people. She pictured Christmas down on the plantation in all the rosy glow of her far-off childhood. She craved to go back and she didn't know how to go. She had just enough brains to know that she was too ignorant to take the long journey by herself. So she came to her mistress.

"'Couldn't I just be labeled an 'stamped and weighed,' she demanded, 'and sent along back to Virginia with the postman? I'd like to give myself as a Christmas present to my folks this year.'

"Humorous, but pathetic as well isn't it?"

Mr. Johnson talks like a Virginian and has a true gift of telling a story.

"A negro said there were three kinds of pies, the civered, the uncivered and the barryl. We have to do with the barred variety. In a country district some one made the most beautiful barred apple pie. They decided to send it through the mails to a friend in Philadelphia. Great was their trust. They put a string through one of the bars. Tied on a label with the name and address and the proper amount of postage. Put the pie in a pieplate and sent it off on its journey.

"That pie arrived in perfect condition. It had appealed to the humorous nose of the clerks and had been handed from one man to the next with the greatest care."

Mr. Johnson also had amusing experiences when he worked in the railway mails. Bags collected at the rural stations often contain queer guests.

"I have seen a clerk open a bag and a small snake come out," continued Mr. Johnson merrily; "whenever that happens they look as if they had been struck by green lightning.

"The bag had been put down somewhere and somehow the snake had managed to creep in.

"At places too small for the express to stop, the mail bag is hung out on an iron crane. The postal clerk grabs it and throws out another as the train goes by. I had just taken off a pouch and opened it when out stepped a chicken. Not a day-old chicken, but a good-sized bird. You could have knocked me over with a feather when I saw that fowl."

Suffers for Heroism.

Sergt. Willie Sandlin of Devil's Jumbo Branch, Leslie county, is suffering a serious lung affection as the result of gas inhaled while in the Argonne forest, he was told when he visited Richmond, Ky., for examination by government physicians.

Sergeant Sandlin, advancing in command of a platoon at Bois de Forger, France, September 26, 1918, kept on when discovery of a machine-gun nest brought a command to halt. In one day he destroyed three machine-gun nests, killed 24 Germans, captured six machine guns and a hospital group, killing the German lieutenant with his own gun.

Sergeant Sandlin was awarded the Congressional Medal of Honor, the Croix de Guerre with palm, the Medal Militaire and citations from General Pershing and Marshal Foch.

Natural Colored Silk.

Experiments made in France, it is reported, show that the yellow and green colors possessed by the silk spun by certain caterpillars are due to coloring matter derived from the food and passed through the blood of the spinners.

By impregnating leaves with artificial colors, the experimenters caused some species of caterpillars to produce silk of bright orange-yellow and fine rose hues.

By the aid of the spectroscope the presence and nature of colored pigments in the blood of the little creatures were established.—Washington Star.

Birthday Cake Candles.

The custom of placing candles on a birthday cake—one for each year—comes from Germany. The Germans placed a thick one in the center, called Lebenslicht, the light of life.

Only he or she who declares his or her birthday may put out the light of life; it is unlucky if done by any other member of the family.

The lights are symbols of life and its portions the years. For persons advanced in years one candle must be done, as otherwise too many would be required.

PARTED BY WAR

Civil Strife Caused Separation of Noted Churchmen.

Missionary Centennial Recalls Affection Between Bishop McIlvaine and Bishop Polk, on Opposing Sides.

A striking memory of Civil war history is awakened in connection with the centenary of the Episcopal Missionary society, falling this year, which centers about two devout bishops of the church. Bishop McIlvaine of Ohio and Bishop Leonidas Polk of Tennessee, life-long friends, whose consciences made them 'enemies' when the war divided the country.

Bishop McIlvaine was the elder of the two and was chaplain at West Point when young Polk, scion of the family which gave a President to the United States, arrived at the academy bent on a military career. At the end of four years Polk was graduated into the army; but so marked was the influence that McIlvaine had exerted that a few years later, the chaplain having in the meantime been elevated to the episcopacy, Polk resigned from the army and took clerical orders.

With the passage of the years it fell out that McIlvaine and Polk became identified as leaders in the movement within the church which resulted in the dispatch of missionary bishops into the unsettled areas of the country, and brought about those triumphs which are being acclaimed now in the missionary centennial. Polk was made the first missionary bishop of Arkansas and later first bishop of Louisiana.

Then came the war between the states, which arrayed father against son and brother against brother; and these two devout men of the church did not escape the perplexities of the situation. Bishop McIlvaine answered the call of Lincoln and went to England with Archbishop Hughes, Henry Ward Beecher and Thurlow Weed to exert their influence against British recognition of the Confederacy. Bishop Polk answered the call of Jefferson Davis and became a general in the Confederate army.

Thus actively aligned on opposite sides in the conflict, the stage was set for one of the most dramatic episodes of the war. Back in the West Point days the two men had entered into a solemn compact that when they separated, wherever they might be, they would pray, each for the other by name, every Sunday morning. And now, the one fighting in the field for the South, and the other engaged in a delicate diplomatic mission for the North, enemies as to the political principle which was involved, their solemn compact was sacredly carried out until the end came with the death of Bishop Polk at the battle of Pine Mountain.

History tells of the success of the mission to England, of which Bishop McIlvaine was a part.

The kind of soldier Bishop Polk was is related in the general orders issued by Gen. J. E. Johnston, commanding the army of Tennessee on June 14, 1864, the day Polk fell. It read:

"Comrades: You are called to mourn your first captain, your oldest companion-in-arms. Lieut. Gen. Polk fell today at the outpost of his army—the army he raised and commanded, in all of whose trials he shared, to all of whose victories he contributed. In this distinguished leader we have lost the most courteous of gentlemen, the most gallant of soldiers. The Christian, patriot, soldier has never lived nor died in vain. His example is before you; his mantle rests with you."

There is a striking picture, too, of this warrior-bishop contained in a letter he wrote to his wife less than a month before he fell.

"You will be interested," he wrote, "in hearing that the first night of my arrival with the army I baptized Lieut. Gen. Hood. It was on the eve of an expected battle. The scene was a touching one—with one leg, leaning on his crutches, a veteran in the midst of his and my officers and I the officiating minister. His heart was fully in it."

A few nights later he also baptized General Johnston.

Corrosion of Metals.

The committee on corrosion of iron and steel of the American Society for Testing Materials reported that tests which have been in progress for five years in the Pittsburgh district on uncoated metal sheets are nearing completion and have reached the point where the committee definitely concludes that "copper-bearing metal shows marked superiority in rust-resisting properties as compared to non-copper-bearing metal of substantially the same general composition, from which superiority we may truly anticipate a marked increase in the service life of copper-bearing metals under atmospheric exposure of uncoated sheets." Other corrosion tests are being conducted in different parts of the country, and before very long a final report may be expected in which results of importance will be stated.

Nothing Wrong to Him.

Mother was terribly upset by Tommy's appearance, particularly his unwashed face.

"Tommy, Tommy!" she exclaimed in great distress. "Your face needs washing terribly! Did you look at it in the mirror this morning?"

"No, mother," said Tommy, with every indication of surprised concern, "but it seemed all right when I fell in."—Exchange.

Further Tremendous Reductions at Creaghan's January Sale.

\$6.39 pair

FRANCE WARNED BY GERMANY

Berlin, Jan. 12—Replying to the Franco-Belgian communications notifying Germany of the impending occupation of the Ruhr, the Government today handed identical notes to the French Ambassador and the Belgian minister declaring the decision of the reparations commission and the stipulation of the Versailles Treaty mentioned in the communication contained no long basis for action in the Ruhr region which is described in the notes as a violation of international law of the Versailles Treaty.

Only Cash Payments
Arguing that the defaults in timber and coal only justified a demand for cash payments, the German reply contains:

"The German Government maintains that only financial and economic measures within the territory under jurisdiction of the Entente are permissible invasion of troops and civil officers, which constitutes a very grave violation of Germany's sovereign rights. Germany further holds that measures against her, according to the treaty, can be taken only by common action of the Allied Powers, not by any single power."

Germany solemnly protests this violence against a defenceless nation. She cannot oppose this display of force, but at the same time she is unwilling to submit to a breach of the treaty of peace or to co-operate in carrying out the French terms.

Must Take Consequence
"Responsibility for all the consequences will rest solely on the powers which made the invasion. These consequences already are manifested in a further fall of the market and an enormous increase in prices of all commodities. What economic and political consequences the future may have cannot be foreseen.

"So long as this situation exists and its consequences are not removed Germany cannot fulfill her obligations towards the powers which brought them about."

CHANGE IN TRAIN SERVICE STANLEY BRANCH

Effective Monday January 15th, 1923, on account of winter operating conditions, the passenger service by motor car on the Stanley Branch will be discontinued and passenger trains No. 27 and No. 28 between Fredericton and Newcastle will operate into and out of Stanley as follows:—

No. 27 leave Newcastle at 8.05 a.m. Leave Stanley at 11.54 a.m. Arrive at Fredericton 1.30 p.m.

No. 28 leave Fredericton 6.35 p.m. Leave Stanley at 8.12 p.m. Arrive at Newcastle 12.1 a.m. making connections with Maritime Express and train for Chatham and Loggieville.

The way freight will run into Stanley, Tuesday and Friday the same as at present.

If YOU could Visit our Mills—

VISITORS to the Quaker Mills no longer marvel at the exclusive flavour, texture and goodness of all things baked with Quaker Flour. They see for themselves the infinite care with which Canada's finest wheat is treated from the berry to the sack.

They see how thoroughly the grain is selected and cleaned—how gradually and finely it is milled—to produce a perfect flour. They see how Quaker Quality is ever maintained, by constant vigilance and hourly tests in the process of milling—by an actual baking of bread from each day's flour. Quaker Flour must bake up to the Quaker standard before it can leave the Quaker Mill.

They realize why no other flour can equal "Quaker." Try it for your next baking.

OBITUARY

WILLIAM A. HARRIS

Doaktown, N. B., Jan. 4.—The death of William A. Harris occurred on Dec. 21st at his home in Doaktown, N. B., after a lingering illness, deceased was in his 82nd year. He leaves his wife, three sons, and two daughters, the sons are Peter, Clarence, Reginald, and Janie at home, and Mrs. John Burke of Doaktown also one sister, Mrs. Elizabeth Hale, of East Millinocket, Me.

Services were conducted at the house and grave by Rev. A. Firth. The remains were laid to rest in the Presbyterian Cemetery at Doaktown.

MRS. WILFRED REID

The death occurred Thursday at River Glade, of Mrs. Wilfred Reid of Newcastle after a lingering illness.

The deceased who was formerly

Miss Mina Sutherland of South Esk was twenty-nine years of age and has been ailing for some time. She went to River Glade a few weeks ago in the hope of regaining her health, but without avail. She is survived by her husband and three small children. Her remains were brought home on Thursday night by Mr. Reid, who was with the deceased lady at the time of her death. The funeral was held Saturday afternoon from the family residence to St. James' Cemetery, the Rev. J. L. Champion officiating at the house and grave.

A. J. Bell & Co., were the undertakers in charge of the funeral.

MURINE You Cannot Buy New Eyes

Her Bronchitis Yields to Vicks

A "Very Effective Relief" Says This Toronto Lady.

Mrs. S. K. Rankin, 115 McGill St., Toronto, Ont., says: "Last fall I had a very bad attack of bronchitis. I saw Vicks Vapo-Rub advertised and tried it according to directions. I could not exaggerate about your valuable medicine. It is a most pleasant and effective relief for any kind of colds. I will always keep it in the house."

Vicks Vapo-Rub comes in salve form, and for head or chest colds, you just apply it over throat and chest and cover with a warm flannel cloth. The body heat releases vapors that are inhaled all night long into the throat and lungs—Menthol, Camphor, Thyme, Eucalyptus and Turpentine. Vicks is also absorbed through and stimulates the skin, aiding the vapors to relieve congestion. Usually colds go in one night and croup is commonly relieved in 15 minutes.

By invitation of the manufacturers, fifteen thousand families in Canada tried Vicks last Winter for cold troubles. The only condition being that they would report results. The above is just one of these enthusiastic reports received.

At all drug stores 50c a jar. For a free test size package, write Vicks Chemical Co., 344 St. Paul St., W. Montreal, P. Q.

The Vicks is new in Canada, it enjoys a remarkable sale. Over 17 million jars used yearly.

SHELL-SHOCKED WITHOUT SHELLS

About eighty per cent of the so-called shell-shock cases in the late war were not produced by shells, according to a statement in the "Science News Bulletin." This fact is brought out in the recent report of the British Army Council Committee which has been studying the problem since August, 1920. They also find that any type of person may suffer from this form of nervous trouble if exposed to the conditions of modern warfare long enough. We read:

"Emotional shell-shock or hysteria was common in soldiers on home service and often developed after weeks of absence from the scenes of fighting. Mental or physical exhaustion of a cumulative nature followed by some emotional disturbance was found to be the cause for such cases. Noise, loss of sleep, fatigue, disorientation, insufficient food, immoderate use of alcohol, infectious diseases, the pain of wounds or sores, and poison gases were among the conditions found to have produced exhaustion. No human being, however constituted or trained, it is claimed, can resist the direct effect of the bursting of high-explosive shells."

WEDDINGS

DUNNETT-ALLISON

The marriage of Mr. Edward W. Dunnett, son of Mr. Edward Dunnett of Whitneyville to Edith, A. Allison, was solemnized at the Methodist Parsonage, Newcastle on Wednesday afternoon, January 3rd by Rev. J. B. Champion

Log Cutting Estimate Large

From time to time as the logging season has advanced, estimates of the cut on Crown lands have been revised. Each revision was an increase and until February 1 it will be impossible to make an estimate which should approximate the total as operators are in almost all cases cutting more than they intended at the first of the season.

The estimate for the Crown land cut is now about 120,000,000 feet. Restigouche county has about twenty million feet of that quantity, operations on a huge scale going on there. Other counties also are large as far as cut is concerned. The extent of operations may be judged from the fact that the number of men engaged in operations on Crown lands alone approximates about nine thousands.

At Empress Theatre Wednes'y & Thursday

"From John Drew to Charles Chaplin" might make a rather thrilling story. But that would be the title of a chapter in the professional life of Fred Goodwins, and doubtless there would be argument as to whether he had advanced or gone backward in making the change.

Mr. Goodwins is the young English actor playing an important role with Mary Miles Minter in "Her Winnie" Way, which will be shown at the Empress Theatre on Thursday.

Mr. Goodwins came to Los Angeles with the John Drew company, which disbanded there in 1915, and he immediately joined the famous comedian for a contract engagement. Since its expiration he has played many roles with Paramount, Select and other companies.

Seagull and Golf.

Every golfer knows the story of the Sussex man who was put off his play by the ships passing up and down the English channel, but there are other dangers than ships to a game on the seashore. Seagulls, to wit. Just as a ball was being clipped on the green at Port Erin, Isle of Man, a seagull swooped down, seized the stationary ball and carried it off. After flying for about a hundred yards the bird dropped the ball, but at once recovered it, flew another hundred yards and dropped it again. Then the player came into his own. There was a problem that might have served as a summertime subject for newspaper correspondence, for while one player argued that the ball should be played where it was dropped, another contended that as it had been displaced by an agency outside the game, it should be replaced where it originally lay. This was done, but there should be a definite ruling on the point. Seagull golf which may do for Manxland may not do for all the golfing world.

Safety First.

The marines are notoriously able to live off the country, writes Mary Roberts Rinehart. In time of need they have methods of acquiring what is necessary, and most of us know the story of the little pickninin in the road:

"Mammy, come and look at the soldiers coming!"

"Mammy goes out and surveys the approaching ranks. Then she shouts to her offspring in shrill apprehension:

"Them ain't soldiers, honey. Them's marines. You come right on in and bring that dog in with you!"—The Leatherneck.

CULTIVATE HABIT OF SENDING IN NEWS

One of the things that ought to become a fixed habit in every household in Northumberland County is that of sending the Advocate the news items that you may know of: tell us of your news and any neighborhood or other items that will be of interest to your friends.

Every lodge, church, body or social organization should have some representative who will look promptly and carefully after its news reporting; if you think some organization has better news service than your own, it is probably because that organization looks after such matters better.

Write your items and send them in when possible. Or telephone them, but please don't ask that long lists of names be taken over the telephone, as it not only requires much time, but usually errors occur in lists thus given.

Above all, be early. Never wait the last minute to send an item that can be sent in early.

The Advocate's telephone number is 23. Fix it in your mind—23.

Nervous' Exhaustion

The Only Sure Relief is to Enrich and Build Up the Blood

Nervous exhaustion is the cause of headaches and dizziness, and it is due almost always, to conditions of impoverished blood. Tablets and powders for headaches should never be taken, they cannot possibly reach the root of the trouble, and are often most harmful. All that is needed to bring relief is a tonic that will enrich and purify the blood, and the very best tonic for this purpose is Dr. Williams' Pink Pills. These pills have a direct action on the blood, and in this way the headaches, dizziness and other bad symptoms rapidly disappear. Mr. Mark F. Taylor, Granby, Que., tells what this medicine did for him. He says: "I had severe headaches which would be accompanied by vomiting spells. These would last for two or three days at a time. I would take one of these pills every three or four weeks, and it is almost impossible to describe the misery they caused me. I tried a number of medicines without getting relief, until one day my mother brought me six boxes of Dr. Williams' Pink Pills. When they were used I was feeling much better, and I got a further supply, and under the continued treatment every symptom of the trouble disappeared. I cannot speak too highly of this medicine for it certainly has done wonders for me." You can get these pills through any medicine dealer or by mail at 50 cts a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

I.O.D.E. Presentation To Harkins Academy

During the past month another stage in the development of the War Memorial has been reached viz, the distribution of the War Memorial pictures to the provincial committees, who in turn, will present them to schools throughout Canada. The basis of the allotment has been the number of schools and children in each province, and each provincial committee, with the co-operation of the Department of Education, will select the schools to which the collections will be sent.

Most of the pictures in the collections are reproductions of paintings included in the collection known as the Canadian War Memorial, which were executed under the direction of the Canadian War Records Office of London. The object of this unique undertaking was to furnish an artistic record of Canada's part in the War. The work of reproduction has been carried out by the Fine Arts Publishing Co. of London, England, in a most satisfactory manner.

The pictures were chosen with the idea of their being hung together, and the sequence of events was considered so far as was possible in so small a collection. The departure of the first Canadian contingent, one of the great events of Canada's history, is shown in Challenger's picture, "Canada's Grand Armada Leaving Gaspé Bay." Then there is "The Landing of the First Canadian Division in France," in February, 1915. By sheer force of contrast, do not one's thoughts go back four hundred years to the landing of the French in Canada—an event in which the principal figures were Champlain and his band of adventurers while in the background were groups of dusky Indians? Different phases of active service are seen in such pictures as "Over the Top," by Bastien, "Canadian Artillery in Action," and "The Defence of the P.P.C.L.I. at Sanctuary Wood" by Kenneth Forbes. These make us realize with intensity what actual warfare meant, and also the wonderful achievements of the artillery. Those who wish only the more cheerful side of the war to be presented should remember that stories of heroism and self-sacrifice would fall upon deaf ears if, in this pictorial record of Canadian achievement, all tragedy were omitted. The "footprint of the Hun" is plainly seen in Kerr Lawson's famous picture, "The Cloth Hall, Ypres." Traces of the graceful lines and exquisite details still remain even amongst the signs of ruthless destruction.

Among the most beautiful pic-

Restored Her Health

River Desert, Que.—"I used to have a severe pain in my side. I would be unable to walk fast and could not stand for any length of time to do my ironing or washing, but I would have to lie down to get relief from the pain. I had this for about two years, then a friend told me to try Lydia E. Pinkham's Vegetable Compound as she had had good results. I certainly got good results from it, too, as the last time I had a sore side was last May and I have not had it since. I am also glad of having good nursing for my baby, and I think it is your medicine that helped me in this way."—Mrs. L. V. Budge, River Desert, Quebec.

If you are suffering from the tortures of a displacement, irregularities, backache, headaches, nervousness, or a pain in the side, you should lose no time in trying Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Private Text-Book upon "Affections Peculiar to Women" will be sent you free upon request. Write for it to the Lydia E. Pinkham Medicine Co., Cushing, Ontario. This book contains valuable information that every woman should know.

tures in the collection are "The Surrender of the German Fleet" by Percy Spence, and "The Night Patrol," by Julius Olsson. In the latter the effect of the searchlights on the water is remarkable, and makes one return again and again for another look. The more cheerful side of the long struggle is seen in such pictures as "Canadians Arriving on the Rhine," by Inglis Sheldon-Williams, and "Canadians in Paris After the Armistice," by Bastien. The Arc de Triomphe makes a strikingly effective background for the troops marching past it.

In addition to the war pictures the collection includes a beautiful picture of H.R.H. the Prince of Wales, in which he appears as we saw him during his memorial visit to Canada; also two Canadian historical pictures "The Death of Montcalm,"—an event which suggests the taking of Quebec by the English and the long train of important events resulting therefrom and "Joseph Brant," the famous Romney portrait. This is considered to be the finest portrait of a man ever painted by the artist. The original was sold to the Canadian War Memorial Fund for the sum of \$25,000, and now hangs in the National Gallery in Ottawa.

The presentation of this beautiful collection of War Memorial pictures will be made to Harkins Academy on Friday, 19 inst. by the Lord Beaverbrook Chapter I.O.D.E. The object of the pictures is that the children of today and tomorrow will not forget Canada's part in the war. A cordial invitation is extended to the public to attend the presentation.

DATE OF QUEBEC ELECTIONS FIXED FOR FEBRUARY

Quebec, Jan. 10—Premier Taschereau announced at his office at the legislature tonight that the Liberal party will open its campaign for the elections on Feb. 5 in the City of Quebec. A big rally will be held in the Martineau Hall in the Quebec east division on Thursday, 28th.

CROWDS ARE REACHED BY THE PAPERS

Newspaper publicity, through news stories and paid advertising was indorsed in a public statement by a committee representing the Chicago Church Federation.

"The most effective way to reach the crowd and interest them in the Church is through the daily newspapers in cities of 250,000 or

more," the reports said: Other excerpts from the committee's announcement said:

"It pays in dollars to advertise. One metropolitan church increased its loose collections to \$22,000 in two years certain other smaller churches showing a proportional increase.

"Advertising lifts the standard of preaching and service in order to make good and come up to the advertising.

"Magazines spent large sums in taking page advertisements in the daily papers. It pays them or they would not do it.

"Get on good terms with the newspapers by occasionally furnishing news which does not especially concern you or your particular church.

"In church announcements, put the attractive feature first."

The committee's report was its finding on the National publicity conference held here Oct. 31, attended by more than 400 ministers from 11 states.

Charge Against Veno Dismissed

A case of unusual importance wherein Charles Veno of Weaver's Siding was charged with the offence of incest was tried before Magistrate Lawlor at the Court House Newcastle on Wednesday. Proceedings were commenced in the afternoon and were concluded about 10 o'clock in the evening. T. H. Whalen appeared in his capacity as clerk of the peace for the prosecution and the accused was represented by McDade & Barry. The matter was tried behind closed doors.

The only witnesses for the prosecution was the wife of the accused who testified at some length to alleged improper conduct between her husband and their fourteen year old child. Mrs. Veno was cross-examined as to character and to her conduct on the occasion of the alleged assault. The accused and the little girl were both called and denied the charge. After hearing argument from counsel, the magistrate reviewed the evidence and found the accused not guilty. Veno was then discharged.

KINDLY REMIT YOUR SUBSCRIPTION TO THE ADVOCATE

The throat, breathing passages and lungs are the weak spots at which colds strike. And these are the very organs most difficult to treat, because only a breathable remedy is capable of reaching the troubled spots there. Peps provides a breathable remedy, and their superiority over remedies which are swallowed into the stomach is therefore obvious. For convenience, this breathable remedy is condensed into tablet form. To take the treatment, merely dissolve Peps in your mouth, and the medicinal vapor that is released is carried by the breath to the remotest parts of the breathing passages and lungs, healing, soothing and strengthening every part with which it comes in contact. At the same time, by destroying all disease germs, these medicinal fumes prevent the development of colds, coughs and serious chest trouble.

Carry Peps with you, and when you go from an overheated building to the bitter cold of outdoors, put a tablet in your mouth. Also as a protection against germs, keep a Pep in your mouth, when breathing the impure air of a crowded theatre or store.

For colds, asthma, or chest troubles, which have already developed, Peps are equally invaluable. Also for bronchitis, sore throat, laryngitis, etc. Always get the best.

At **BISCUIT HEIGHTS** each child can fly
And o'er the clouds may frisk it,

Here and There

Point Grey, B.C.—The approxi-
mate total cost of the new area that
is to be developed by the C. P. R., be-
tween Thirty-seventh Avenue and
Forty-first Avenue, and Granville
Street and Maple Street, will be
\$155,299, of which the municipality
will be asked to pay \$26,446 for the
construction of sewers, which will
eventually revert to the municipality.
This statement was made by Mr.
Newton J. Ker, land agent for the
C. P. R., at the Point Grey Council
meeting.

Winnipeg—"Never in the history
of the west has grain moved more
freely and with greater despatch,
and also in greater quantities over
Canadian Pacific lines than during
the past season," said Charles Mur-
phy, general manager in charge of
western lines. "Up to the present
time," Mr. Murphy continued, "there
hasn't been the slightest congestion
on western lines." As an illustration
of prompt movement the general
manager said that fully 85 per cent.
of the amount loaded was moved
east of Winnipeg daily.

Winnipeg—Speaking of the re-
cord crop movement in the Cana-
dian west during the past season
and the part the railways played
in the marketing of it, D. C. Cole-
man, vice-president of the Canadian
Pacific Railway, addressing the Ki-
wanis Club luncheon here, declared
Winnipeg was now the greatest
wheat market in the world in the
point of receipts. He quoted figures
showing that inspections for the
three months ending November at
Chicago totalled 8,275,500 bushels,
Minneapolis 45,969,100 bushels,
while inspections at Winnipeg for
the same period amounted to 108,-
231,513 bushels.

Referring to the shipment of
grain over the Canadian Pacific
Railway from September 1, Mr.
Coleman said an average of 1,016
cars were loaded each day in Win-
nipeg for transportation east which
meant that a loaded train left here
for the lakes every 45 minutes dur-
ing the 91-day period.

Calgary—Very considerable in-
terest is being taken in Calgary and
throughout Southern Alberta and
Saskatchewan in the completion of
the gap on the Canadian Pacific
Weyburn-Lethbridge branch line,
which has just been opened for traf-
fic. It is stated a great stimulus
will be given to the manufacturing
of clay products in Saskatchewan,
making it commercially feasible to
use coal from the Lethbridge fields
for the development of the clays in
the south-eastern part of the prov-
ince.

At the present time there is very
little being done in the development
of the clays; lack of capital and lack
of technical knowledge have been re-
sponsible for this tardiness. The
completion of the branch line, how-
ever, it is expected, will centre atten-
tion to the development of what
some people are firmly inclined to
believe, will be a new and important
industry in the West.

Moose Jaw—After being in the
employ of the Canadian Pacific
Railway for forty years, William
Pascoe, locomotive engineer, of this
city, has retired, at the age of 66
years. Mr. Pascoe joined the Moose
Jaw roundhouse staff in 1882. The
following year he was promoted to
fireman, and shortly after handled
the shovel on the first Trans-Canada
train, over the Moose Jaw-Medicine
Hat division. In 1887, Mr. Pascoe
was placed on the "hog-head" side
of the engine, and handled the
throttle on the first locomotive that
hauled a passenger train from Moose
Jaw to North Portal.

Mr. Pascoe was one of the first to
homestead in the Moose Jaw district,
and after leaving his home in North
Dorchester, Ont., he travelled to the
end of the steel, then at Winnipeg,
and completed his journey to this
district by means of an ox cart. The
lure of the railroad was too strong
for Mr. Pascoe, and he abandoned his
homestead to enter the employ of
the Canadian Pacific Railway Com-
pany shortly afterwards, when the
steel had reached Moose Jaw.

Quebec—A beautiful booklet
which describes the past and pres-
ent of the Chateau Frontenac has
just been issued by the C. P. R., and
has been sent by the thousands of
copies, to all the leading hotels of
Europe and the United States. It
is unquestionably a work of art, re-
plete with illustrations, and con-
taining a graphic history of the
"grand chateau." Not only this, but
the book is a record of French Cana-
dians from the first landing of Jacques
Cartier to the battle on the Plains
of Abraham, and from that time on.
The cover is very appropriately
adorned by a picture of the Chateau
Frontenac in the background.
This book gives interior and ex-
terior views of the hotel, and affords
a description of Quebec, "the ancient
nortal of the new world."

London Couple Are Delighted

His Wife's Two Years Of
Trouble Is Now Ended, Says
Frank Westlake

"Tanlac has made all the differ-
ence in the world in my wife's
health and we are both delighted,"
declared Frank Westlake, valued
employee of the Public Works
Department of London, Ont.; re-
siding at 40 Langarth St.

"About two years ago my wife
underwent an operation that left
her badly run-down and she
simply couldn't get back her
strength. Her appetite left her
and she could hardly eat enough
to keep going. The least exertion
would tire her out completely,
and her housework was an awful
burden. She would lie awake
hours at night, too, and morning
found her just as tired as when
she went to bed. She suffered
terrible splitting headaches, her
nerves were on edge and she got
very little pleasure out of life.

"But three bottles of Tanlac
simply put her on her feet again.
She sleeps soundly and her ap-
petite is a joy to behold. I can't
find words to express my grati-
tude."

Tanlac is for sale by all good
druggists.
Over 35-million bottles sold.

N. B. FINANCES IN BETTER SHAPE

W. A. Loudon, comptroller general,
was in conference with the govern-
ment Wednesday, and the accounts
of the fiscal year, which ended on
October 31, last, were gone into.
While no official announcement was
made as to whether the government
would be able to announce a surplus
or would have to acknowledge a de-
ficit it is understood the former is
the case and that the year was clos-
ed with a balance on the right side
of the ledger.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children.
Food are specially prepared for babies. A baby's medicine
is even more essential for Baby. Remedies primarily prepared
for grown-ups are not interchangeable. It was the need of
a remedy for the common ailments of Infants and Children
that brought Castoria before the public after years of research,
and no claim has been made for it that its use for over 30
years has not proven.

What is CASTORIA?
Castoria is a harmless substitute for Castor Oil, Paregoric,
Drops and Soothing Syrups. It is pleasant. It contains
neither Opium, Morphine nor other narcotic substance. Its
age is its guarantee. For more than thirty years it has
been in constant use for the relief of Constipation, Flatulency,
Wind Colic and Diarrhoea; allaying Feverishness arising
therefrom, and by regulating the Stomach and Bowels, aids
the assimilation of Food; giving healthy and natural sleep.
The Children's Comfort—The Mother's Friend.

GENUINE CASTORIA ALWAYS

N. B. BOND ISSUE
FOR HYDRO AND ROADS
Fredericton, Jan. 13th—It was an-
nounced at the office of the Comptrol-
ler-General today that the Province
of New Brunswick would issue a call
for tenders in the near future for
bids on five per cent. twenty-year
bonds to the amount of \$1,650,000.
Last year bonds were offered by the
province at a rate of six per cent, but

it is believed that a lower rate can
be offered this year. The proceeds
are to be devoted to hydro-electric
development and improving highways

CRUISING IN THE WEST INDIES.

(1)—Empress of Britain at St. Pierre, of Martinique, the scene of the volcanic eruption in 1902, when 30,000 people lost their lives. The path shown was once a busy street. (2)—Headquarter Palace of Cuban Republic, Havana. (3)—Statue of Empress Josephine, first wife of Napoleon, on Martinique Island, West Indies. (4)—Morro Castle, Santiago, Cuba.

SINCE ocean liners have been made
as comfortable as the best city
hotels, cruising has become very at-
tractive to those seeking a rest. The
luxury of the ship, the fresh sea
breezes, the trips ashore at the places
visited, the making of new acquaint-
ances, the experiences gained only
by travel make an ocean cruise an in-
comparable delight.
In former winters many Canadians
and Americans escaped from the sever-
ity of the home winter by taking sea
cruises. Cruises to the West Indies are
very popular, not only on account of
the mildness of the climate and the
beauty of the scenery, but because of
the romantic history attached to these
places. In the seventeenth century the
West Indies were the headquarters of
large numbers of British pirates who
preyed on Spanish trading ships. These
pirates were in a large way responsible
for destroying the commerce of Spain.
A few of the interesting sights of the
West Indies are banana plantations,
mahogany groves, sponge fishing fleets,
and woods of cocconut palm trees.
Two cruises to the West Indies, and
islands of the Spanish Main, Panama
and Venezuela, will be made by the
Empress of Britain this winter. The
many special features that contributed
last winter to the success of these Cana-
dian Pacific cruises have been retain-

ed and new ones added. The Empress
of Britain was again selected by the
Canadian Pacific for the cruises to the
West Indies by reason of her great
popularity as a luxurious ocean liner
of the most modern and comfortable
type and size, being of 22,200 tons dis-
placement. The Empress of Britain is
also the only steamship making cruises
to the West Indies burning fuel oil.
This outstanding feature appeals to pas-
sengers who have travelled in the Tropics
as coaling or shifting coal at the
various ports is eliminated and pas-
sengers are assured of spotless prome-
nade and open spaces, with no noise,
dirt or cinders.
The Empress of Britain is devoted
entirely to the purposes of the cruises,
and no cargo is carried. In addition
to the comforts to be found usually
at only the best hotels ashore, the food
and service are of Canadian Pacific
standard. The passenger accommodation
is most attractive, and not more than
two persons are booked in a room un-
less it is desired to accommodate a
family party. Those who desire to
travel alone will find a good propor-
tion of single cabins. Other attrac-
tions include a gymnasium, swimming
pool, verandah cafes and large decks
for games and dancing. An augmented
professional orchestra is carried for
concerts and dancing.
The itinerary of the first cruise,
starting from New York on January

20th, includes the following ports of
call: Havana, Cuba; Port Antonio, Ja-
maica; Kingston, Jamaica; Colon,
Panama; La Guayra, Venezuela; Port of
Spain, Trinidad; La Brea Point, Trin-
idad; Bridgetown, Barbados; Fort de
France, Martinique; St. Pierre, Mar-
tinique; San Juan, Porto Rico; Nas-
sau, Bahamas; returning to New York,
covering a distance of over six thou-
sand miles during the 27 days of the
cruise. The second cruise will start
from New York on February 20th, and
will be similar in most details to the
schedule of the first cruise, Hamilton,
Bermuda, being substituted as the final
port of call.
There are excursions ashore at the
various ports, conducted by representa-
tives of the Canadian Pacific, allowing
unusual opportunities for visiting ev-
ery possible point of interest during
each cruise. Two days will be spent
ashore at Havana and two days in Ja-
maica, including trips to many nearby
points. An additional day is provid-
ed this year at Panama and a journey
will be made from Colon through the
Culebra Cut to Pedro Miguel, Panama
City and Balboa. In Venezuela the trip
includes one of the most fascinating
rides in the world from the port of La
Guayra to Caracas, the capital, 3,000
miles above the Caribbean Sea. Port An-
tonio, one of the prettiest spots in Ja-
maica, has been included in the itin-
erary this year.

Local and General News.

COUNTY COUNCIL

The Northumberland County Council opened in annual session in the Court House today.

PASSED THROUGH NEWCASTLE

Sir Louis Davies chief justice of Canada passed through Newcastle Friday in a special car attached to the Limited. He was enroute to his home at Summerside, P.E.I.

OPPOSE MORE VENDORS

A petition is in circulation protesting against the appointment of another vendor for the Town of Newcastle. It is being largely signed and will be forwarded to the Chief Inspector in due course.

MAY FISH TOM CODS

As a result of the meeting held in the Chatham Town Hall the other day, Mr. J. S. Martin has received a wire from the Chief Inspector of Fisheries, stating that tomcod fishing is permitted in the restricted district from now on and observations will be made as to the effect it will have on the bass fishing.

REGULATIONS WITHDRAWN

Mr. Theodore Bell, fishery overseer has received official word from the Department that the new regulation prohibiting bag net fishing between Chatham ferry and Newcastle town wharf, has been withdrawn for the present, and that fishermen are free from this date to resume smelt and tomcod fishing in this area.

WERE BURIED AT DIFFERENT PLACES

Tatamagouche, N. S., Jan. 13—Jos. Tattie and Alice Tattie, husband and wife, the latter the victim on Monday of a bullet from a gun in the hands of the former, and he later a suicide, were buried yesterday from their home at Tattietown, two miles from here. A single funeral service was held at the house, but the bodies were interred at different places, the wife at Brule, and the husband at French River.

BUILT BY INSECTS

Out in the Indian Ocean lies one of the strangest archipelagos in the world. More than fourteen thousand islands go to make it up. Most of them are quite tiny and few rise more than five or six feet above the surface of the water.

These are the Maldive Islands which few people have ever seen, since the waters around them are terribly dangerous for shipping. Every one of them has been built up by tiny coral insects. The smallest island contains a coral population many times bigger than the entire human population of the world.

The process of island-building is still going on, for every one that is to be seen above the surface there are a dozen others which, though continually growing upwards, have not yet become visible. In the course of centuries, the sea will deposit sand and mud amongst the thickly-sanded coral pillars, and so eventually a new continent will be born, a continent built by little beings no bigger than flies.

Look for the Mark!

The Norwegian "Fisherman Mark" of quality and goodness that is on every bottle of

Scott's Emulsion

assures you health-building, vitamin-bearing cod-liver oil in its purest form, pleasant to take, readily assimilated and transformed into strength.

The "Fisherman Mark" should be on every bottle of emulsion you buy.

Scott & Borne, Toronto, Ont. 23-18

KINDLY REMIT YOUR SUBSCRIPTION TO THE ADVOCATE

A DOUBLE HANGING

London, Jan. 9—Mrs. Edith Thompson and Frederick Bywaters were executed today for the murder of the woman's husband, Percy Thompson, on Oct. 4th. Bywaters was executed in Pentonville prison at 9 a. m. Mrs. Thompson was hanged a few minutes later in Holloway jail.

POSTPONED MEETING

The General Annual Meeting of the Highland Society at Miramichi to be held at the Canada House, Chatham, N. B., on Saturday Jan. 13th at 11 o'clock a. m., has been postponed until Monday January 22nd at the same place and hour.

ALLAN J. FERGUSON,
Secretary

WM. COULTER WAS KNOWN IN NEWCASTLE

William Coulter, ex-soldier, found poisoned on the steps of the Canadian High Commissioner's Office in London, Thursday, visited Newcastle in the summer of 1921. While here he called at the Advocate Office and gave an account of his hike across Canada. He claimed to have received harsh treatment while in the army and following his discharge from military service.

FORTUNE FOR INDIANS

Which is the wealthiest race in the world, reckoning the average income per head of population?

There is no doubt that in the near future the Osage Indians, numbering 2,000, and living in Oklahoma, in America, will enjoy this distinction. Oil has been discovered on their territory, and, with the permission of the United States Government, they are selling the land to a Company for nearly five million dollars down and a sixth of the profits on all the oil produced there.

Two thousand tribesmen will share the proceeds of this transaction, each will receive an annual income of \$10,000, which is higher than the average income in any other country.

VALUE OF A WOODLOT

A woodlot on every farm, maintained under the rules of scientific forestry, drawn upon for fuel annually, would make about half of the population of Canada wholly independent of coal miners and the coal-mine operators in the matter of keeping the home fires burning.

There are few farms that have not some corners, hills or ravines, or other unutilized ground, where trees might be the only crop. It is a selfish argument with some, that the planter of a tree does not live long enough to benefit by it. This is not strictly true, but if it were every man should be glad to do something for the next generation and perhaps he could do no better than to plant a tree.

CELEBRATED SILVER ANNIVERSARY

Mr. and Mrs. George F. McWilliam celebrated their twenty-fifth wedding anniversary on Thursday, January 11th. Their son C. E. McWilliam, who is employed in the Canadian General Electric Co., Ltd., offices in Toronto, was home for the occasion, and Mr. and Mrs. M. McCarron, of Moncton, friends of the family were also in town to extend best wishes to Mr. and Mrs. McWilliam. During the evening about sixty-five friends of Mr. and Mrs. McWilliam called at their home on Pleasant Street, and spent an enjoyable evening with them. A beautiful silver service was presented to the happy couple, after which the evening was spent in entertainment, refreshments being served at midnight. The Advocate joins the many friends of Mr. and Mrs. McWilliam in wishing them congratulations and wish them many more years of happy wedded life.

COLD WEATHER

The coldest weather of the season was registered last Thursday night, when the thermometer at the station dropped to 32 degrees below zero, while some glasses even showed 40 degrees. The cold set in about 2 o'clock in the morning when it was 16 degrees below, while at 9 a. m. the mercury was still 26 below.

MANY N. B. FAILURES

According to the mercantile agency of R. G. Dunn & Co., there were 85 commercial failures in New Brunswick during 1922, involving liabilities of \$799,721 and assets of \$534,015. The agency reports that the financial situation as a whole in this province shows a more favorable tendency. Merchants and manufacturers are much more optimistic, and it is noticeable that business embarrassments during the past month have been light.

Guard The Baby Against Colds

To guard the baby against colds nothing can equal Baby's Own Tablets. The Tablets are a mild laxative that will keep the little one's stomach and bowels working regularly. It is a recognized fact that where the stomach and bowels are in good order that colds will not exist; that the health of the little one will be good and that he will thrive and be happy and good-natured. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

DEBT

Debt is the one thing which goes contrary to the laws of nature, because you can contract and expand it at the same time. Nothing exceeds like debt. Every one is always in debt to some one else. Every debtor is a creditor, every creditor is a debtor. There being no clearing house of humanity the thing goes on from day to day, getting more complicated. Everybody starts by owing the government his part of the interest on the national debt. As this is increasing all the time, the fatal habit some people have of putting off the day or their birth counts against them. Debt is a poor sleeping companion. He won't stay hitched. If you put him out in a room by himself and draw down the blinds he always breaks loose and interrupts you just when you are beginning to enjoy yourself. If you fail to pay his board and lodging he grows larger and eats more. And what a witless companion he is!—Life.

Ex-Premier Ribot Of France Is Dead

Paris, Jan. 14—Alexandre Ribot, former premier and a minister in many French cabinets, died suddenly Saturday night.

Death came two hours after his one day's illness had been diagnosed as not being of a serious character. M. Ribot's widow was Minnie Burch of Chicago.

M. Ribot had been under treatment for stomach trouble for more than 40 years.

Provincial Govt. Concludes Sessions At St. John

St. John, N. B., Jan. 11—The provincial government executive concluded its sessions here this afternoon after the busiest meeting in its history and the majority of the members left for their homes this evening.

The government decided to sanction a sportsmen's show and game exhibit here during the winter carnival week, February 10 to 17. L. Gagnon, Chief Game Warden and W. Harry Allen, President of the N. B. Guides Associations, will handle the details of the exhibition.

The application of the town of St. Andrews for \$10,000 under the provincial housing act was approved. Members of the electric power committee presented a preliminary report of a proposed hydro electric development at Grand Falls. No action was taken.

Consideration was given a proposal to erect an agricultural school at Fredericton in connection with the experimental farm there. No action was taken but an announcement will be made later.

Notification from Ottawa regarding a forest preservation convention there next summer was received and it was decided to have the province represented.

Premier King advises that a conference respecting the international labor bureau of the league of nations would be held in the near future at Ottawa, John Martin, M.L.A., Chatham is the New Brunswick representative on this bureau.

Catarrhal Conditions

Catarrh is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood upon Mucous Surfaces of the System. HALL'S CATARRH MEDICINE gives the patient strength by improving the general health and assist Nature in doing its work. All Druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.
