In the Dominion House of Commons on the 12th. inst, the agricultural vote was under consideration in committee of supply. On the vote of \$100,000 to promote darying interests, Hon. Mr. Fisher explained that \$5000 would be required for advances to the patrons of Nappan. The other \$95,000 was in tended for the North West. It was the intention to withdraw from the management of the cheese business in Prince Elward Island, as the cheese business was now self supporting. Messrs. McDonald and Martin express regret that the department was withdrawing from their province. They did not object to the abandonment of well established concerns there, but there were a number of weak ones recently started, which would suffer eriously if left to themselves. They both testified that the late government had done the island much service in promoting and patronizing the cheese industry there at the beginning. No man had been more useful to the province than Mr. Dillon, who was to be witherawn, and they would be sorry to lose him. Hon. Mr. Fisher explained that the \$95,000 for the North-west would be used for advances to patrons of western cheese and butter factories. He was purely following the principle in the west, that the late government had pursued in P. E. Island. Mr. Ganon asked the government not to give their whole attention to the North-west, and asked that a supplementary appropriation be made for the promotion propriation be made for the promotion of creamery enterprises in these parts of New Brunswick, that had not been yet successful in establishing this branch of dairy industry. Dr. Mclennan put in a plea for Cape Breton. Hon-Mr. Fisher, in reply to a question, said that six een creameries and sixteen skimming stations would be tablished in the Northwest,

Are you one of the eighty? Foul breath, pains over the syes, dropping in the throat and headaches denote it. Have you these symptoms? Dr. Agnew's Catarrhal Powder never disappoints in a oure.

"For years I was a victim of chronic catarrh. I had tried all kinds of cures, and had been treated by numbers of physicians, but no cure was effected until I had procured and used Dr. Agnew's Catarrhal Powder. The first application gave me almost instant relief, and in an incredibly short time I was absolutely cured from this distressing and disgusting malady," James Headley, Dundee, N. Y. Sold by
