## West Adelaide Church Golden Jubilee

Big Home-Coming By Many Former Residents to Worship in the Old Home Church  
West Adelaide Presbyterian church celebrated its Golden Jubilee, Sunday, Sept. 6th, with special services in the morning at 11 and in the evening at 7. In spite of the downpour of rain which fell steadily, from early in the morning until noon, the church was filled to capacity for the morning service and was unable to hold the congregation in the evening.  
The church was beautifully decorated with flowers and flags, a banner tastefully arranged over the entrance gate bearing the inscription "Welcome" in golden letters, greeted the guests.  
Rev. Wm. Mackintosh, of Napier, conducted the morning services, taking for his text, first verse of the 11th chapter of Hebrews, "Now Faith is the substance of things hoped for, the evidence of things not seen." A letter was read from a former minister, Rev. G. B. Ratcliffe, of Romeo, Mich., who expressed his regrets at not being able to be present, and extended his congratulations to the congregation on its Golden Jubilee.  
Two anthems were sung by the choir assisted by Mrs. Jos. Edwards of Watford, who sang a solo "Will you be there and I." This solo was sung at the opening of the church fifty years ago, by Mr. J. McCluskey, Rev. J. B. Robinson of Wyoming, conducted the evening services. An anthem "Pilgrimage", composed by Rev. W. F. Miller of Portland, Oregon, a former "Old Boy", was sung at this service, also a solo by Mr. Wilbert McLeish, a selection from a quartette composed of Mrs. W. S. Wilson, Miss Marie Reinhardt and Messrs. Wilbert McLeish and Mac Wiley, and a duet by Misses Louise and Jean Cleland of London, the choir was assisted by the former "Old Boys and Girls", Mrs. (Dr.) McGillicuddy, Mrs. D. D. Campbell, Mrs. Arthur Morgan, Mrs. Arthur Perry, Mrs. George Cleland, Misses Cleland, Mr. N. W. Conkey, and Dr. Crummer.  
On the following Monday afternoon there were three games of ball, soft ball between Centre Road and Fernhill girls, the latter being the victor, following this a soft ball, the sides being chosen from the "Old Boys" and Locals, which proved very entertaining; Kerwood and Centre Road ball teams played in the evening.  
A three o'clock meeting was called for those interested in the Cemetery. At this meeting a large sum of money was donated to the upkeep of the cemetery where so many who are near and dear are awaiting the Master's call. A large Union Jack was hung at the entrance to the cemetery. Those who helped to erect the monument to the loved church, half past five call to support the heavy harness; set light harness; hay rack and car; wagon and bay rack.

There were the usual opening exercises after which the meeting was open for any business discussion. It was decided to have a quilting on Oct. 1st. It was also decided to have roll call to which each member would respond by a verse of scripture containing the word "Courage" for the next meeting. Greetings from the former Presbyterian Board of Missions were read by Mrs. Gingrich and from the former Methodist Board of Missions by Mrs. Roulston. Rev. Mr. Roulston was present and took charge of the devotional exercises. A pamphlet was then read on "Christian Stewardship" each member taking her turn at reading the different sections. The meeting was brought to a close by singing a hymn, followed by the Lord's Prayer in unison. The next meeting to be at the home of Mrs. G. Jenny.

## West Adelaide Church Golden Jubilee

Big Home-Coming By Many Former Residents to Worship in the Old Home Church  
West Adelaide Presbyterian church celebrated its Golden Jubilee, Sunday, Sept. 6th, with special services in the morning at 11 and in the evening at 7. In spite of the downpour of rain which fell steadily, from early in the morning until noon, the church was filled to capacity for the morning service and was unable to hold the congregation in the evening.  
The church was beautifully decorated with flowers and flags, a banner tastefully arranged over the entrance gate bearing the inscription "Welcome" in golden letters, greeted the guests.

Rev. Wm. Mackintosh, of Napier, conducted the morning services, taking for his text, first verse of the 11th chapter of Hebrews, "Now Faith is the substance of things hoped for, the evidence of things not seen." A letter was read from a former minister, Rev. G. E. Ratcliffe, of Romeo, Mich., who expressed his regrets at not being able to be present, and extended his congratulations to the congregation on its Golden Jubilee. Two anthems were sung by the choir assisted by Mrs. Jos. Edwards of Watford, who sang a solo "Will you be there and I." This solo was sung at the opening of the church fifty years ago, by Mr. J. McClaskey. Rev. J. B. Robinson of Wyoming, conducted the evening services. An anthem "Pilgrimage", composed by Rev. W. F. Miller of Portland, Oregon, a former "Old Boy", was sung at this service, also a solo by Mr. Wilbert McLeish, a selection from a quartette composed of Mrs. W. S. Wilson, Miss Marie Reinhardt and Messrs. Wilbert McLeish and Mac Wiley, and a duet by Misses Louise and Jean Cleland of London, the choir was assisted by the former "Old Boys and Girls", Mrs. (Dr.) McGillivuddy, Mrs. D. D. Campbell, Mrs. Arthur Morgan, Mrs. Arthur Perry, Mrs. George Cleland, Misses Cleland, Mr. N. W. Conkey, and Dr. Crummer.

On the following Monday afternoon there were three games of ball, soft ball between Centre Road and Fernhill girls, the latter being the victor, following this a soft ball, the sides being chosen from the "Old Boys" and Locals, which proved very entertaining; Kerwood and Centre Road ball teams played in the evening.

A three o'clock meeting was called for those interested in the Cemetery. At this meeting a large sum of money was donated to the upkeep of the cemetery where so many who are near and dear are awaiting the Master's call. A large Union Jack was hung at half-mast in remembrance of those who helped to erect and maintain this beloved church. The half past two call to support brought the "Old Boys and Girls" in twenty at one time. Although nearly nine hundred partook of the bountiful banquet there was an abundance of good things.  
An interesting addition to the banquet was a beautiful birthday cake adorned with fifty candles, donated by the Conkey family in honour of their father and mother, the late Robert and Jane Conkey, who fifty years ago donated the land on which the church now stands. Mr. William Watson, the oldest surviving member of the church-building committee put the knife in the cake. Mr. Watson's sterling character is well known.

#### THE SMALL TOWNS AND MAIL ORDERS

The development and growth of the chain stores and mail order houses, together with the general use of automobiles and the building of good roads, have given occasion to considerable speculation as to the fate of the small town and the individual merchant.

"The Renfrew Mercury" says that in the United States it is estimated, by expert authority, that 68.3 per cent. of the retail trade is still done by the regular old-time retail shops and general merchandise stores, with 31.7 per cent. by the mail order houses and chain stores. These ratios may also apply to Canada. What changes in these ratios the future will bring, if any, will depend to a large extent upon the enterprise of the small town merchant himself. It will be a case of the survival of the fittest, with a healthier condition resulting from the elimination of the less efficient. This is equally applicable to the newspaper field. The pressure of advancing costs, coupled with the demand from advertisers, will compel the consolidation of newspapers where the field can be adequately and more efficiently served by one paper. Where consolidation cannot be brought about economic pressure will aid the elimination process and it will be a case of survival of the medium that renders the greatest service to its community.

Everywhere there is a growing understanding among business men that the newspaper, while an individual business problem of some publisher, is, at the same time, a community proposition—a community asset. The newspaper serves the community more than it serves the man who publishes it. The time is coming when everywhere business men will feel a personal interest in the newspaper's welfare. The fact is, a community cannot make progress without it. It can exist, but it cannot grow.

With this realization there has also come an understanding that one newspaper serves better than two or three. It has become a simple problem of business mathematics to centre the strength of the community behind the newspaper that has made itself, through work and service, the strongest journalistic factor in community development.

So far as Canadian newspapers are concerned, there have gone out of business since 1914 fifty daily newspapers while two hundred and twenty four weekly newspapers have survived. In the other part of the town, in the counties of Ontario from four to eight weeklies have suspended. The announcement of newspaper consolidations will continue. The result will be better and more outstanding weekly papers, with improved service to advertisers, subscribers and the community generally.

#### SPEED USUALLY EXPLANATION

(Kincardine Review-Reporter)

"Sunday ought to be a day of rest for a lot of over-worked speedometers." That is a humorous statement of a very serious need. The Monday newspaper has become a motor casual ty list. One is tempted to look down the columns not for whether auto accidents occurred but whether one's friends were among the victims. And this situation prevails largely because speedometers have been overworking. Despite all that has been said that at times it is safe for motorists to attain high speed, the facts are that it is not safe. Just where the dividing line between safety and danger lies is for others to determine, but high speed in the popular sense is nine times out of ten the cause of accidents. A car runs off a culvert. It could not if the car were under control. One car is rammed by another. Even the victim car might have avoided the accident had its speed been lower. A child is run down. More often than not this tragedy might be averted if the auto were going slower. In most instances speed, even speed within the law, is responsible for the bloodshed and the property damage. The lesson that the motorist needs to learn is moderation. The people lost their liquor because they did not know how to use it. They have lost other things and will lose more unless they learn the lesson of moderation. Under certain conditions the law allows speed up to 25 miles an hour. If the motorist elects to go beyond that limit, he must expect consequences.

gating motor, erringly found that the speeder explains the real reason for the smash.

PARCEL POST CARRIES UP TO 15 POUNDS  
The Honorable Charles Murphy, Postmaster General, announces that the postal service will now accept parcels weighing up to 15 pounds for transmission through the mails. There are a good many articles of general use slightly over the present limit of weight which it is now possible to forward by parcel post. The convenience which will be in the interest of the public and prove a real convenience which will be appreciated by both business men and the public in cases where such heavier articles are practically necessary. The limits or size for parcel transmission by post will remain as at present.

THE STORAGE AND TRANSPORTATION OF SEED POTATOES  
Improper storage of potatoes results in the loss of thousands of bushels annually. The careless handling of potatoes in transportation means financial loss and tends to have a serious effect upon the market. Several factors influence the successful storage of potatoes. These are, temperature, ventilation, humidity, depth of pile, and sound stock free from dirt. Potatoes should be stored in as cool a temperature as possible without freezing. A good average temperature ranges around 36 degrees F. Good ventilation is essential to assist in carrying off excess moisture, particularly where potatoes are stored in large heaps. Control of temperature, moisture, and ventilation can be obtained by using false floors, wall-racks and air-shafts. Too dry an atmosphere causes shrinkage, therefore, a certain amount of humidity is necessary. In a blight year careful grading should be practiced. Potatoes showing rot should not be placed in storage. Avoid the use of tubers by white-wash. Potatoes should be stored in a cool, dark place, or in a cellar, or in a room where the temperature is between 36 and 45 degrees F. The tubers should not be under any stress of light. They should be stored in a cool, dark place, or in a cellar, or in a room where the temperature is between 36 and 45 degrees F. The tubers should not be under any stress of light.

Since it has become a simple problem of business mathematics to centre the strength of the community behind the newspaper that has made itself, through work and service, the strongest journalistic factor in community development.

So far as Canadian newspapers are concerned, there have gone out of business since 1914 fifty daily newspapers with two hundred and twenty papers with a circulation of over one million. The paper in the town of Toronto, Ontario from four to eight weeklies have suspended.

The announcement of newspaper consolidations will continue. The result will be better and more outstanding weekly papers, with improved service to advertisers, subscribers and the community generally.

**Best Bulbs for Fall Planting**

FLOWERS are, no doubt, enjoyed more in the spring than at any other period of the growing season. After a long winter the first flowers are eagerly sought for and if bulbs have been planted in the autumn one has not long to wait for flowers for Snowdrops bloom as soon as the snow has gone. Then come in rapid succession, and some at the same time, the Scillas or Squills, Glory of the Snow or Chionodoxa, Crocus, Grape Hyacinth, Dutch Hyacinth, Narcissus in great variety, and early, cottage and Darwin Tulips. These give a succession of bloom from early in April, or earlier if the frost is out of the ground, until well on in June.

While the bulbs are growing in Holland the flowers for next year are being formed in the bulb. Later, the bulbs are dug, cured and shipped to Canada. Knowing that the flowers are already formed in the bulbs before planting, he who proposes either to grow them in the garden or pot them for the house will readily understand that large, well-developed bulbs are likely to give better flowers than small ones. In ordering this should be remembered. No amount of care can add more blooms to a Hyacinth spike than were formed when the bulb was growing in Holland.

Unless the bulbs are well rooted in the soil outside or in the house, the results will be unsatisfactory, hence the desirability of obtaining them as soon as they are offered for sale in the stores, which will be during the month of September. Tulips, Narcissus and Hyacinths should be planted from four to six inches deep to the bottom of the bulb and about the same distance apart, while the smaller bulbs, such as Snowdrops, Crocuses and Squills, may be planted about two inches apart and from two to three inches deep.

Some of the most satisfactory varieties of the more important bulbs for the garden are:

- Narcissus—Emporer, Sir Watkin, Madame de Graaff, Madame Plomp, Poeticus.
  - Hyacinth—La Grandesse, Grand Lilas, King of the Blues, Gigantes, Rois des Belges.
  - Early Single Tulips—Duchesse de Parma, Gold Finch, Keizerskroon, Lady Boreel, Maes, Cottage Maid, Sir Thos. Lipton, Proserpine, Golden Queen.
  - Early Double Tulips—Couronne d'Or, Imperator Rubrorum, Murillo, Cottage Tulips—Macrospeila, Golden Crown, Picotte and many others.
  - Darwin Tulips—Bartigon, Clara Butt, Farncombe Sanders, Isis Edme, Frans Hals, Millet, Wm. Pitt, Gretchen.
- W. T. Macoun, Dom. Horticulturist

**Continuing Presbyterians Re-Arrange Churches**

**KNOX CHURCH, WARWICK, GROUPED WITH ARKONA AND WEST ADELAIDE**

Rev. J. J. Monds, Petrolia, Agin Chosen Moderator; Rev. Wm. Mackintosh, Napier, Clerk and Treasurer

The Sarnia Presbytery of the Presbyterian church in Canada held its first session of the church year in Sarnia on Wednesday of last week, the proceedings being strikingly cordial and hopeful. Several matters of importance to the district were dealt with while others had to be laid over.

The Rev. J. J. Monds of Petrolia was re-appointed moderator, and the Rev. Wm. Mackintosh of Napier was appointed clerk and treasurer. A committee consisting of Rev. Mr. Monds, Rev. Mr. Mackintosh, and the Rev. Dr. J. J. Patterson was appointed to take up the interests of the Presbytery before the Ontario commission.

A call issued from Uxbridge to the Rev. J. C. Robinson of Wyoming, and accepted by him, was approved by the Presbytery. This will leave the Wyoming charge vacant in a month's time.

Re-arrangement of fields was a matter that occupied considerable of the Presbytery's time and it was only partially completed. Parkhill and Centre road were placed in the charge of Arkona and West Adelaide.

### London Constable Murdered While

Jack Waddell, Middlesex Highway Traffic Officer, Shot to Death and Search is Made for "Gasoline Joe" Harlton, Suspected of the Crime—Suspect Was Head of Chicken Stealing Band and a Former Convict—Murderer Pulled Trigger First and Police Officer Died in Four Minutes.

Attempting to arrest Edward "Gasoline Joe" Harlton, 23, wanted as ringleader of a band of chicken

thieves, Jack Waddell, 25-year-old highway traffic officer of the Middlesex Constabulary, was shot to death beside the Harlton home, 548 Egerton street, immediately after the crime. Harlton, who is believed to have done the shooting, was seen by at least four people to enter the lane beside Hiram English's grocery store. From there he disappeared and has not yet been caught, though city and county police have been scouring the countryside in motor cars, and a minute description of the man has been broadcasted over the province. Lived Only Few Minutes Shot through the left lung, Wad-

dell only lived four minutes, and was unable to talk with the half-dozen people who were beside him when he was dying. His gun, with every chamber loaded, was found beside him.

Harlton was released from Kingston penitentiary three months ago and is wellknown to local police. He has lived in this city for two years, coming here from St. Marys and in 1922 was arrested by city detectives for Stratford police. He was subsequently sent to Kingston for house breaking, and later was given 30 days by a local court on a chicken-stealing charge.

According to St Marys residents his sobriquet, "Gasoline Joe" came after he had become a familiar figure in the district through his adoption of a down-and-out automobile.

**Begins Watch** Early in the afternoon, Officer Waddell was instructed to watch the Harlton home on Egerton St. At 4.40 he phoned his chief, telling him that Harlton was in the house. The high constable left to join Waddell but in the interim the crime had been committed and Harlton had fled.

Chief Wharton believes that a few minutes after Waddell phoned Harlton came out of the house and climbed into his car, and that the motorcycle officer crossed the road and engaged him in conversation.

Waddell's handcuffs were found beside his dead body, which was seen as an indication that an attempt had been made to arrest the suspected gang chieftain. The finding of the handcuffs, police think, may be the clue which killed Waddell was fired by a person in the machine.

**Revolver Found** The probable sequence of events according to Wharton, is that the sight of handcuffs incensed Harlton to such a degree that he pulled his gun and fired. Waddell was in the habit of carrying his own weapon in his vest pocket, and it was found on the ground beside him, evidently falling out of its resting place when the officer crumpled and fell. None of the chambers had been discharged.

### A Grateful Letter

From a Lady Made Well by Dr. Williams' Pink Pills

"I wish from my heart I could persuade every person who is run down in health to give Dr. Williams' Pink Pills a trial." Thus writes Mrs. Louie Mitchell, Oak Point, Man., who further says:—"About a year ago I was a weak woman, suffering from a run down system and impoverished blood. Any little exertion would cause my legs to tremble and my heart to throb violently. I could not sweep a room or walk fifty feet without being exhausted. Then I began taking Dr. Williams' Pink Pills and after taking only six boxes I am as well and strong as ever. I can walk and run without stopping every few seconds gasping for breath as previously. Dr. Williams' Pink Pills will be my stand-by in the future if ever my blood needs building up again, and I shall always find pleasure in recommending them to anyone needing a tonic."

There are many troubles due to weak, watery blood which can easily be overcome by a fair use of Dr. Williams' Pink Pills. The sole mission of this medicine is to enrich and purify the blood and when that is done all the varied symptoms of anaemia disappear, and good health returns. You can get these pills through any dealer in medicine or by mail at 50 cents a box by writing The Dr. Williams' Medicine Co., Brockville, Ont.

### "DOMINION STORES CELEBRATE SIXTH ANNIVERSARY THIS WEEK

The growth of the Dominion Stores who are celebrating their Sixth Anniversary this week, from a very small beginning to the position of Canada's largest retail organization is a commendable one. Starting with but a few stores in their own city, and where the organization has grown rapidly in six short years developed to a boast of there are but few places in Ontario and Quebec that do not have a red-front store.

Management towards giving a real economic service in the purchase of the necessities in this organization has part in reducing the cost of living. The Anniversary is being celebrated by every store in a fitting way. See the large advertisement.

The same storm also killed a number of cattle on the pasture Moorehouse, of Shetland.

### PLYMPTON COUNCIL

Plympton Township Council met at the township hall on Sept. 5, 1925. Members all present.

Minutes of previous meeting read and confirmed.

Council organized at 10.30 a.m. as a Court of Revision on the Hill-Hubbard drain with the reeve in the chair.

After hearing the evidence the engineer's report was confirmed without any changes and the Court closed.

On a further motion the Hill-Hubbard Drain Bylaw No. 11 of 1925 was finally passed and A. J. Gammon and Orvil Irwin were appointed commissioners.

Council organized at two p.m. as Court of Revision on the Park Drain with the reeve in the chair. ### London Constable Murdered While

Jack Waddell, Middlesex Highway Traffic Officer, Shot to Death and Search is Made for "Gasoline Joe" Harlton, Suspected of the Crime—Suspect Was Head of Chicken Stealing Band and a Former Convict—Murderer Pulled Trigger First and Police Officer Died in Four Minutes.

Attempting to arrest Edward "Gasoline Joe" Harlton, 23, wanted as ringleader of a band of chicken

thieves, Jack Waddell, 25-year-old highway traffic officer of the Middlesex constabulary, was shot to death beside the Harlton home, 548 Egerton street, about 4:30 Saturday.

Running along Egerton street to Dundas street immediately after the crime, Harlton, who is believed to have done the shooting, was seen by at least four people to enter the lane beside Hiram English's grocery store. From there he disappeared and has not yet been caught, though city and county police have been scouring the countryside in motor cars, and a minute description of the man has been broadcasted over the province.

**Lived Only Few Minutes**  
Shot through the left lung, Wad-

minutes after Waddell phoned Harlton came out of the house and climbed into his car, and that the motorcycle officer crossed the road and engaged him in conversation.

Waddell's handcuffs were found beside his dead body, which was seen as an indication that an attempt had been made to arrest the suspected gang chieftain. The finding of the handcuffs would indicate that the shot which killed Waddell was fired by a person in the machine.

**Revolver Found**  
The probable sequence of events according to Wharton, is that the sight of handcuffs incensed Harlton to such a degree that he pulled his gun and fired. Waddell was in the habit of carrying his own weapon in his vest pocket, and it was found on the ground beside him, evidently falling out of its resting place when the officer crumpled and fell. None of the chambers had been discharged.

One new member was enrolled. Mrs. W. J. Williamson sang a solo very acceptably. After the regular business a pleasant hour was spent in sewing quilt blocks. An invitation had been received from the Cuthbertson Auxiliary, Wyoming, to unite with them for the annual Thankoffering meeting in October, which was accepted.

**T. P. ROBERTSON**  
Wanstead, Sept. 15.—There died at his home, lot 18, concession 2, Plympton, on Saturday, September 5, T. P. Robertson, one of the most respected residents of the vicinity, in his 78th year. Mr. Robertson was born on the Fairbanks farm at Petrolia but the family sold this property and missed the oil fortune made from it later. They moved to the present home when Thomas was a small child and have remained here ever since. This farm which is one of the finest in the township, was then a wilderness of bush and swamp. The surviving members of the family are the widow, who was formerly Miss Maggie Young, one son Bruce, at home, Mrs. Lawson of Wanstead, and Mrs. Mary of Windsor, also one daughter, Mrs. M., on the west half of section 10, and one sister, Mrs. Wm. Young of Plympton. Mr. Robertson was a life member of the Presbyterian church. The funeral service was held at the home on Monday, the Rev. Jones of the United church, Wyoming, officiating. The bearers were E. E. J. D. and J. A. Anderson, near relatives, Alfred Young, a nephew, and the Huddle Bros, also nephews. Over one hundred autos followed the hearse to the family plot in Wyoming.
