OTTAWA, WEDNESDAY, 13TH APRIL, 1887.

To day being the first day of the meeting of the First Session of the Sixth Parliament, for the despatch of business,—John George Bourinot, Esquire, Clerk of the House of Commons, Donald William Macdonell, William Wilson, Henry Hartney and François Fortunat Rouleau, Esquires, Commissioners appointed by Dedimus Potestatem for administering the Oath to Members of the House of Commons, all attending according to their duty, Richard Pope, Esquire, Clerk of the Crown in Chancery, delivered to the said John George Bourinot, a Roll containing a List of the names of such Members as had been returned to serve in this Parliament, together with a Certificate of the Return of a Member for the Electoral District of the East Riding of the County of Bruce;

The aforesaid Commissioners did administer the Oath to the Members who were present,—which being done, and the Members having subscribed the Roll containing

the Oath, they repaired to their seats.

A Message was delivered by Réné Edouard Kimber, Esquire, Gentleman Usher of the Black Rod:—

Gentlemen,

The Honourable Sir William Johnstone Ritchie, Deputy Governor, desires the immediate attendance of this Honourable House in the Senate Chamber.

Accordingly, The House went up to the Senate, when the Speaker of the Senate said:—

Honourable Gentlemen of the Senate, and Gentlemen of the House of Commons:

The Honourable Sir William Johnstone Ritchie, Deputy Governor, does not see fit to declare the causes of summoning the present Parliament, until a Speaker of the House of Commons shall have been chosen according to Law, but to-morrow, at three o'clock in the afternoon, the causes of calling this Parliament, will be declared.

And the Members being returned,

The Right Honourable Sir John A. Macdonald, addressing himself to the Clerk, moved, seconded by the Honourable Sir Hector L. Langevin, that Joseph Aldric Ouimet, Esquire, Member representing the Electoral District of Laval, do take the Chair of this House as Speaker, which was agreed to unanimously.

And the Clerk having declared Mr. Ouimet duly elected, he was conducted to the Chair by Sir John A. Macdonald and Sir Hector L. Langevin, when he returned

his acknowledgments to The House in the following words:-

"I beg leave to tender to this House my sincere thanks for the high honor it has conferred upon me in electing me to be its Speaker. It will be my earnest

endeavour to deserve the confidence you have reposed on me, and to discharge the important duties that devolve upon me with firmness and impartiality. I know how ill-fitted I am for the position compared with others, but I trust in the co-operation of honourable gentlemen on both sides in maintaining our rules and usages, and in preserving the dignity and freedom of debate according to well-established custom;"—then the Mace was laid upon the Table.

On motion of Sir John A. Macdonald, The House then adjourned until 3 o'clock P.M., to-morrow.

NOTICE OF MOTION.

Mr. Curran—On Monday next—That the Parliament of Canada in the year 1882 adopted a humble Address to Her Most Gracious Majesty the Queen expressing the hope that a just measure of Home Rule would be granted to the people of Ireland; and

That in the year 1886, by Resolution of the House of Commons the sentiments of said Address to Her Most Gracious Majesty were earnestly reiterated and the hope again expressed that a measure of Home Rule satisfactory to the people of

Ireland would be passed by the Imperial Parliament; and

That such measure of Home Rule has not been granted to the Irish people, but, on the contrary, there has been introduced into the Imperial House of Commons by Her Majesty's Government a Bill enacting the most stringent coercive measures for Ireland, by which the Irish people will be deprived of rights most dear to all British subjects.

That this House has learned with profound regret of the introduction into the Imperial House of Commons of the Coercion Bill above mentioned, and protests against its adoption, as being subversive of the rights and liberties of Her Majesty's

subjects in Ireland.

That this House again expresses the hope that there may speedily be granted to Ireland such a measure of Home Rule as is enjoyed in the Dominion of Canada, which, whilst satisfying the National aspirations of the people of Ireland for self-government, shall also be consistent with the integrity of the Empire as a whole.

That the granting of Home Rule to Ireland will fittingly crown the already glorious reign of Her Most Gracious Majesty as a constitutional sovereign, will come with special appropriateness in this Her Jubilee year and, if possible, render Her

Majesty more dear to the hearts of Her already devoted and loyal subjects.

That the present resolutions be forwarded to the Right Hon. the Marquis of Salisbury, Prime Minister, to the Right Hon. W. E. Gladstone, M.P., and Charles Stuart Parnell, M.P.

VOTES AND PROCEEDINGS, HOUSE OF COMMONS

OTTAWA, THURSDAY, 14TH APRIL, 1887.

The House being met, and the Speaker Elect having taken the Chair;

PRAYERS.

A Message was delivered by Réné Edouard Kimber, Esquire, Gentleman Usher of the Black Rod.

MR. SPEAKER.

His Excellency the Governor General desires the immediate attendance of this Honourable House in the Senate Chamber.

Accordingly Mr. Speaker, with the House, went up to the Senate Chamber;and then Mr. Speaker spoke to the following effect:

MAY IT PLEASE YOUR EXCELLENCY:

The House of Commons have elected me as their Speaker, though I am but little

able to fulfil the important duties thus assigned to me.

If, in the performance of those duties, I should at any time fall into error, I pray that the fault may be imputed to me, and not to the Commons, whose servant I am, and who through me, the better to enable them to discharge their duty to their Queen and Country, humbly claim all their undoubted rights and privileges, especially that they may have freedom of Speech in their Debates, access to Your Excellency's person at all seasonable times, and that their proceedings may receive from Your Excellency the most favourable consideration.

The Honourable the Speaker of the Senate then said:

Mr. SPEAKER,

I am commanded by His Excellency the Governor General to declare to you that he freely confides in the duty and attachment of the House of Commons to Her Majesty's Person and Government, and not doubting that their proceedings will be conducted with wisdom, temper and prudence, he grants, and upon all occasions will recognize and allow their constitutional privileges.

I am commanded also to assure you, that the Commons shall have ready access to His Excellency upon all seasonable occasions, and that their proceedings, as well as your words and actions, will constantly receive from him the most favourable

construction.

And The House being returned,-

Mr. Speaker reported that The House had been in the Senate Chamber, and that he had, in their names and on their behalf, made the usual claim of privileges, which

His Excellency had been pleased to confirm to them.

Mr. Speaker laid before The House,—Judgment, bearing date the Eighth day of June, 1886, of the Hon. Mr. Justice Angers, one of the Judges selected for the trial of Election Petitions, pursuant to the *Dominion Controverted Elections Act*, 1874, in the matter of the Election Petition for the Electoral District of Beauce, and the same was read as follows:—

And the said judgment was ordered to be entered in the Journals of this House,

Sir John A. Macdonald introduced a Bill No. 1 respecting the administration of Oaths of Office; which was read the first time.

Mr. Speaker reported His Excellency's Speech from the Throne, and read a copy thereof to The House, which is as follows:—

Honorable Gentlemen of the Senate:

Gentlemen of the House of Commons:

It is my pleasing duty, on the opening of a new Parliament, to congratulate you on the general prosperity of the country and on the prospect of a coming season of peace and progress.

You will, I am sure, gladly join with the rest of the loyal subjects of the Queen in offering Her Majesty your sincere congratulations on Her having reached the fiftieth anniversary of Her accession to the Throne, and in giving expression to an earnest hope that she may be long spared to reign over Her vast Dominions.

The prominent position taken by Canada at the Colonial and Indian Exhibition recently held in London has made the Dominion more widely and favourably known than before, and will, I have no doubt, contribute largely to its material progress by calling attention to the advantages offered by our country to the agriculturist, and by attracting the capital necessary for the development of its great natural resources.

Negotiations between Her Majesty's Government and that of the United States on the Fishery Question, with respect to which my Government has been fully informed and consulted, are still in progress, and will, we may be permitted to hope,

result in an arrangement honourable and satisfactory to both nations.

Meanwhile the necessary provision has been made for the protection of our

inshore fisheries. The papers on this subject will be laid before you.

Your attention will be invited to the expediency of establishing a Department

of Trade and Commerce under the supervision of a responsible Minister.

You will also be asked to consider the propriety of making such improvement in the organization of the Departments of Justice, Custome, and Inland Revenue, as will provide greater facilities for the despatch of the large and increasing volume of business with which those Departments are charged.

A measure will be submitted to you giving representation in the Senate to the North-West Territories in addition to that which they now possess in the House of

Other measures will be laid before you, and among them will be found Bills for the amendment of the Acts relating to Government Railways, for providing a better mode of trial of claims against the Crown, for the improvement of the Procedure in Criminal Cases, and for the further amendment of the Chinese Immigration Act.

Gentlemen of the House of Commons:

You will be asked, in order to provide against the possible interruption of the navigation of our great inland waters, for an appropriation in aid of the construction of a canal to connect the waters of Lakes Huron and Superior at Sault Ste. Marie.

The accounts for the past year will be laid before you, as well as the Estimates for the ensuing year. They have been prepared with due regard to economy and

the requirements of the Public service.

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

I commend these important subjects and the others which may be laid before you to your best consideration, with full confidence in your earnest desire to promote the development and well-being of Canada.

On motion of Sir John A. Macdonald, His Excellency's Speech was ordered to be taken into consideration to morrow.

Resolved,-That Select Standing Committees of this House for the present Session, be appointed for the following purposes: -1. On Privileges and Elections. -2. On Expiring Laws. -3. On Railways, Canals and Telegraph Lines. -4. On Miscellaneous Private Bills.—5. On Standing Orders.—6. On Printing.—7. On Public Accounts.—8. On Banking and Commerce.—9. On Agriculture and Colonization,-which said Committees shall severally be empowered to examine and enquire

into all such matters and things as may be referred to them by The House; and to report from time to time their observations and opinions thereon; with power to send for persons, papers and records.

On motion of Mr. Weldon (St. John), the Clerk of the Crown in Chaneery was ordered to attend at the opening of this House, to morrow, with the return of the last election for the Electoral District of Queen's, in the Province of New Brunswick, together with all poll books and all other papers, letters, documents and memoranda which may have been transmitted to him by the Returning Officer and received by him since the despatch of the Writ of Election, and copies of letters sent by him to the Returning Officer.

On motion of Sir John A. Macdonald, a Special Committee of Seven Members was appointed, to prepare and report with all convenient speed, lists of Members to compose the Select Standing Committees ordered by The House, this day; to be composed of Sir John A. Macdonald, Sir Hector Langevin, Sir Richard Cartwright, and Messrs. McLelan, Bowell, Blake and Laurier.

Mr. Speaker also laid before The House, the Report of the Joint Librarians of Parliament, on the state of the Library of Parliament, which is as follows:-

TO THE HONOURABLE THE SPEAKER OF THE HOUSE OF COMMONS.

The Librarians of Parliament have the honour to report as follows:-

Since the last session, in consequence of a visit of one of the Library staff to the United States, a large number of the Public Documents of the United States hitherto missing from our collection, have been added to the shelves, making the collection of American Congressional Documents almost complete.

Special attention has been paid to the literature dealing with the great questions of the day; and Members will find on the shelves all works that could be obtained or that were considered valuable concerning the relations of Capital and Labour, the operation of the Commissions of Industrial Statistics in the United States, and the working the system of Railway Commissioners in England.

Since last year a number of works of the first rank in German literature have been added to the Library, at the suggestion of an Honorable Member of the Senate accepted by the Library Committee. Translations also of the principal German

classics have been provided for the use of Members.

The Librarians desire to call the attention of Parliament to the need for providing a good general Index to the reports of Parliamentary Proceedings in both Houses. The volumes of Hansard since 1875 now make a formidable array, and a

general index to the series would be gladly welcomed by Members.

In order that such a work may be complete the Librarians venture to suggest the reprinting of the debates from 1867 to 1875, at which date the present series of Hansard Debates begin. The debates from 1867 to 1871 are contained in scrapbooks seldom available for the use of Members generally. The debates for 1870-71-72 are now out of print and not obtainable. There are no reports for 1873-4. these debates were reprinted and revised under the charge of an impartial and capable man a very valuable work would be done in preserving a continuous record of the political history of the Dominion.

Several valuable additions have been made to the American and Canadian section during the past year. Among them are four of the Relations des Jesuites; Boucher Histoire de la Nouvelle France, 1664,—all original editions; and a journal of Chas. Carrol's visit to Canada as one of the Commissioners from Congress in 1776. It may be here remarked that owing to the increase in the numbers and activity of American and English collectors, the price of rare works is steadily going up, and that special

efforts should be made to secure, as occasion offers, those that are still required to

complete the Library collection.

Enough progress has been made in this section of the Library to warrant the reprinting of the American and Canadian Catalogue. It was first published long before the union of the British North American Provinces, and contains reference more particularly to works relating to the then Province of Canada. Since the date of its issue, 1857, the additions to that section of the Library have been so large that the Catalogue has become practically useless. Moreover this Catalogue, as it stands in the Library with the additions, does not contain the titles of the numerous pamphlets that have been published during the interval, in the classes where they should be found; it having been decided at the outset to keep in the Library a list, only, of these publications. Time, and the large number of pamphlets, have shown that it would be preferable to classify them along with larger works.

The publication of a new edition of the American Catalogue, or of the Canadian section only, would be very useful to Members of Parliament, besides supplying to

writers of biography and history valuable data on Canadian bibliography.

It is much to be desired that Members of Parliament would not seek to extend the number of persons privileged to obtain books from the Library, a number already too large; and that in returning books during the Session, messengers and pages should be instructed to see that the books are duly credited to the Member returning them. The neglect of this necessary precaution causes frequent misunderstanding.

The Catalogue of the accessions to the Library during the past year will be found to be an improved subject and author Catalogue. It will be distributed immediately to Members, bound, according to the order of the Printing Committee (obtained by the Librarians last Session) in such a manner as will enable Members to readily distinguish it from the blue books. Particular attention is directed to the list

of donations and of pamphlet volumes, &c.

The Librarians have to acknowledge with much pleasure the gift of a bust of the Duke of Newcastle, formerly Colonial Secretary, presented to the Library by the Right Honourable Sir John Macdonald. This bust, the work of a distinguished Sculptor, has been duly placed in the Library and forms a valuable addition to the

Statuary by which the Library is adorned.

The Librarians have also to acknowledge the receipt from the British Government of the numerous, costly and most valuable reports of the Challenger Expedition which were sent to the Library on the application of the Honourable the Secretary of State, through the High Commissioner in London. These reports have been carefully indexed, and their contents swell the Scientific Section of the Catalogue of additions.

The Librarians have also to acknowledge the great courtesy of the Honourable the Secretary of State at Washington in promising for the use of the Library, the extensive and valuable records of the late Civil War, which are in course of publication. The great courtesy of the United States Government and of the various States in supplying the Library with reports that are asked for, makes us regret that

we have so little to offer them in return.

Among the donations of the year is one from Hon. Mr. Haythorne, of the Senate, a member of the Library Committee, consisting of a valuable collection of the Laws of Prince Edward Island from the earliest period of the Island's legislative history. An example so well set may well be recommended to those gentlemen who, having passed many years in public life, have accumulated large stores of valuable public documents and pamphlets, for which the only permanent place of deposit for useful purposes is the Parliamentary Library.

The number of books added to the Library during the past two years is estimated to be about 9,500 volumes, making the total number of volumes

120,694.

Annexed will be found a table showing the circulation of Library books during the year. If the large figures induce Members to aid in diminishing the number of

persons who have access to the Library, the institution, intended as a Library of reference for Members of Parliament, will benefit greatly.

All of which is respectfully submitted.

A. DECELLES, G.L. MARTIN J. GRIFFIN, P.L.

The House then adjourned.

Office of the Clerk of the Crown in Chancery for Canada, Ottawa, 17th January, 1887.

SIR,—I have the honour to forward to you herewith the Writ of Election for the Electoral District of Queen's, in the Province of New Brunswick, together with copies of the pamphlet containing the "Dominion Elections Act, 1874," and the Act of 1878 amending it, consolidated so as to form one Act, prefixed to which you will find instructions to Returning Officers, approved by His Excellency the Governor General in Council, in virtue of the 131st section of the Act, and to which I particularly desire to refer you, as therein your attention is specially directed to the several clauses of the Act which more directly indicate your duties and those of your deputies and other officers, in the conduct of the approaching election in your district.

The pamphlet also contains the Act 45 Vic., chap. 3, which amends the above Acts, and also provides that the sum of two hundred dollars shall be deposited with

the nomination paper.

I also send herewith a pamphlet containing the "Electoral Franchise Act," which amends the above Acts, and declares, among other things, who shall have the right to vote, and how you shall obtain copies of the lists of voters for yourself and your deputies; and also the "Franchise Act of 1886," amending the same, the Schedule to which latter Act contains the forms of oaths to be administered to voters in certain cases.

I have respectfully to request your careful consideration and perusal of the above Acts, so that the election, and all the proceedings thereat, may be carried out,

in every respect, strictly in accordance therewith.

You will send me by mail and registered, with your return, the Writ of Election, Report of Proceedings, Ballot Papers, Statements, Proclamations, Voters' Lists, Poll-Books, Oaths and Certificates, of all and every officer or person employed at or concerned in and about the election, and all other documents used or required at the election, carefully and securely wrapped, so that none may become detached, injured or lost.

You will direct your deputies to be careful to wrap the different ballot-papers in separate parcels and endorsed, as provided by Section 55 of the Consolidated Act, and then re-enclose them in an outer wrapper with the voters' lists, poll-books and other documents, so as to form one parcel, on the outside of which must also be written, in legible characters, the name and number of the polling station, the name of the electoral district, and the date of the election.

You will also enclose the ballot-papers of the different polling places which you receive from your deputies, similarly endorsed, and then re-enclose them with the voters' lists, poll-books, and other documents, so as to form one parcel, with the name of the electoral district and the date of the election legibly endorsed thereon.

You will use the ballot boxes that served at the last election in your electoral district, and apply for them to the officer or person who has the custody thereof.

You will please fill up the accompanying blank form of "Recapitulation of

Votes," and acknowledge receipt hereof, with enclosures.

I have the honour to be, Sir, your obedient servant,

R. POPE, (Signed) Clerk of the Crown in Chancery for Canada.

DEAR SIR, -On March 5th I declared George F. Baird elected to represent the Electoral District of the County of Queen's, N.B., in the House of Commons of Canada. An order for a recount was procured. OFFICE OF THE CLERK OF THE CROWN IN CHANCERY FOR CANADA,

Оттама, 18.h March, 1887.

Sir,-I have the honor to acknowledge the receipt of your letter of the 14th instant respecting the recent election for the Electoral District of Queen's County, and in reply thereto beg to refer you to the 67th Section of the Dominion Elections Act, at page 16 of the pamphlet sent you.

I have the honour to be, Sir, your obedient servant,

(Signed) R. POPE, Clerk of the Crown in Chancery for Canada.

JOHN R. DUNN, Returning Officer for the Electoral District of Queen's, N.B., Gagetown, Province of New Brunswick.

I hereby certify that the Member elected for the Electoral District of Queen's, in pursuance of the within written writ, is George F. Baird, of the City of St. John, in the City and County of St. John, Barrister at law, no other candidate having been properly nominated.

> JOHN R. DUNN, Returning Officer.

REPORT of proceedings in the matter of the Election in the Electoral District of Queen's County, Province of New Brunswick.

To the Clerk of the Crown in Chancery:

The writ commanding me to hold an election was received by me January 28th, 1887. I took the oath required by law and appointed my Election Clerk. Proclamations were duly posted throughout the county within the time prescribed by the Act.

On February 12th, Lemuel Currey deposited with me the nomination paper of George F. Baird, of the City of St. John, in the City and County of St. John, Barrister-at-law, with the required deposit and his appointment as Mr. Baird's Election

Agent.

On February 15th, at 12 o'clock, I opened Court for nomination of candidates for the House of Commons of Canada. T. Medley Wetmore handed me the nomination papers of George G. King, of Chipman, Queen's Co., N.B., merchant, accompanied by the sum of \$200. On my calling the attention of Mr. Wetmore to the fact that no Election Agent had been appointed by Mr. King. I was handed the appointment of John McLean McLean as Election Agent for Mr. King. At two o'clock I granted a poll and announced the names of the candidates, notices of poll being granted and the names of candidates were then posted throughout the county,

On Saturday, February 26th, the day appointed by notice for declaration, I opened Court, but on account of the boxes for several parishes being delayed by snow-storm, I adjourned until March 5th. On Saturday, March 5th, I opened Court

for declaration, and summed up the votes given for each candidate.

Lemuel A. Currey, Barrister-at-law, on behalf of Mr. Baird, asked that all the ballots cast for Mr. King be rejected, since Mr. King's nomination paper was invalid on two grounds: 1st, That the names of the nominees had not been recited in the affidavit to nomination paper; 2nd, That the deposit made with Mr. King's nomination paper had not been legally made, since it was not made by his Election Agent. After hearing the arguments made on behalf of Mr. Baird, by L. A. Currey, and on behalf of Mr. King, by George F. Gregory, Barrister-at-law, I over-ruled the first objection to the nomination paper, on the ground that it was covered by Section 80 of the Dominion Elections Act. I sustained the second objection, and declared the nomination paper of George G. King invalid, and that all votes cast for him were void and null.

I then declared George F. Baird, of the City of St. John, in the City and County of St. John, Barrister-at-law, elected to represent the Electoral District of Queen's,

in the House of Commons of Canada, and adjourned the court sine die.

JOHN R. DUNN, Returning Officer for the Electoral District of Queen's.

GAGETOWN, QUEEN'S COUNTY. March 24th, 1887.

On motion of Mr. Weldon (St. John), it was Ordered,-That Mr. John R. Trade and Commerce under the supervision of a responsible Minister.

now possess in the House of Commons.

10. That we learn with interest that in order to provide against the possible interruption of the navigation of our great inland waters, an appropriation will be asked for in aid of the construction of a canal to connect the waters of Lakes Huron and Superior at Sault Ste. Marie, and that the subject will be attentively considered

by us.

11. That we thank His Excellency for informing us that the accounts for the pa st year will be laid before us, and that we shall respectfully consider the Estimates for the ensuing year, and that our thanks are due to His Excellency for the information that they have been prepared with due regard to economy and the requirements of the Public Service.

12. That we assure His Excellency that these important subjects and any others laid before us, will receive our best consideration, and that we thank His Excellency for the expression of his full confidence in our earnest desire to promote the development and well-being of Canada.

And paragraphs 1 to 12 inclusive of the said proposed Address being severally read a second time, were agreed to.

On motion of Sir John A. Macdonald, the said Resolution was referred to a Select Committee, composed of Sir John A. Macdonald, Sir Hector Langevin, Sir Charles Tupper, and Messrs. Porter and Weldon (Albert).

1. That under the terms of Union each of the Provinces of the Dominion as existing in 1881, at the time of the confirmation by Parliament of the charter granted to the Canadian Pacific Railway Company, had full Legislative authority to provide for the construction of local railways running from one point to another

within the limits of the Province.

2. That by Section 15 of the Charter it is provided as follows, viz.:-" For twenty years from the date hereof, no line of railway shall be authorized by the "Dominion Parliament to be constructed south of the Canadian Pacific Railway "from any point at or near the Canadian Pacific Railway, except such line as shall "run south-west or to the westward of south-west, nor to within 15 miles of latitude "49°, and in the establishment of any new Province in the North-West Territories, "provision shall be made for continuing such prohibition after such establishment "until the expiration of said period."

3. That during the debate in the House of Commons on the Act to confirm the charter, objection was taken to the monopoly and limitation proposed to be created

by the said clause.

4. That during the debate in explanation of its real meaning and effect, and of the policy of the Government on the subject, and with a view to obviate such objection, the Right Hon. Sir John A. Macdonald, then and now First Minister, used the

following language:-

"In order to give them a chance we have provided that the Dominion Parlia-" ment-mind you, the Dominion Parliament, we cannot check any other Parliament, "we cannot check Ontario, we cannot check Manitoba-shall, for the first ten years "after the construction of the road, give their own road, into which they are put-"ting so much money and so much land, a fair chance of existence."

5. That thereafter in the course of the debate, Thomas White, Esq., then a supporter and now a Member of the Government, with the same object used the follow-

ing language :-

"But we are told now that because of the fifteen miles there never can be any " other railway into this country. To what does that apply ?-simply to the Ter-"ritories over which the Dominion Parliament has control. There is nothing to " prevent Manitoba now, if it thinks proper, granting a charter from Winnipeg to the "boundary line. At this very moment there is a company in course of organization to build a railroad from Winnipeg to West Lynn on the boundary, and after this "agreement is ratified. This provision does not take away from Manitoba a single "right it possesses. In fact this Parliament could not take away those rights. It " has the same rights as the other Provinces for the incorporation of railway com-" panies within the boundary of the Province itself, and there is nothing to prevent " the Province of Manitoba from chartering a railway from Winnipeg to the boundary "to connect with any southern railway. The only guarantee which this company has under the contract, is that the traffic shall not be tapped far west on the " prairie section, thus diverting the traffic away from their line to a foreign line. "But there is nothing to prevent a railway being built in Manitoba within the Pro-"vince that would carry the traffic to any railway that may tap it from the "American side. That is the position with respect to this matter."

6. That on the explanations made Parliament confirmed the charter.

7. That three Provinces of the Dominion, viz.: —Manitoba, Ontario, and British Columbia, are or may be affected by the construction to be placed on the said provision and the policy of the Government in regard thereto.

8. That since the confirmation of the said charter, the Local Legislature of Manitoba has passed several Acts creating companies for the construction of Rail-

ways within the Province.

9. That some of these Acts have been disallowed, on the advice of the Government of the day, on the ground as expressed in the report of the Minister of Justice, of date Jan. 4th, 1882, approved by Order in Council, Jan. 12th, 1882, that the Acts conflict with the settled policy of the Dominion as evidenced by the clause in the contract with the Canadian Pacific Railway Company, which was ratified and adopted by Parliament.

10. That on the 5th Feby., 1884, Sir Charles Tupper, then Minister of Railways, in proposing to this House resolutions authorizing a large loan to the Canadian Pacific Railway Company, with a view to induce the House to agree to the said loan and with the object of expounding authoritatively the policy of the Government

on the subject, made the following statement: -

"I showed on a former occasion that the present Government had adopted the " policy of their predecessors in regard to what is called the monopoly in the Pro-"vince of Manitoba; that when the late Government undertook to carry on the con-" struction of the Canadian Pacific Railway as a Government work, they felt bound "to protect the traffic of the road from being drawn off to lines to the south of us "in the adjoining Republic, and had consequently refused to issue a proclamation "which would charter lines within the Province of Manitoba to connect with "American lines to the south. I said that the present Government, when we came "into power, adopted that policy; that we felt as our predecessors did, that, grappling with so gigantic a work as the construction of the Canadian Pacific "Railway, we were bound to adopt every possible means of protecting our own line against having its traffic drawn to lines to the south—and, mark you, this " was at a time when we did not contemplate at an early day carrying the Canadian "Pacific Railway further than Port Arthur. I said further that when we made it obligatory upon the Canadian Pacific Railway to extend "it obligatory upon the Canadian Pacific Railway to extend at once the line north of Lake Superior, giving us an all-rail route from Montreal to the Pacific Ocean, or from Callander to the Pacific "Ocean, we felt obliged to give to that Company, upon which we imposed such onerous obligations, all the security that we had considered necessary, and that our predecessors in the Government had considered necessary, for the protection of "the Canadian Pacific Railway. But I am glad to be able to state to the House, "that although true to that policy, the Government refused to give assent to the construction of lines within the Province of Manitoba to connect with American "railways to the south, such is the evidence presented by the operation of the line "so far as it has gone, such is the conclusion arrived at by the Canadian Pacific Rail-"way Company itself in regard to the ability of a through line of the Canadian "Pacific Railway to take care of itself, and by the inherent power of its own advan-"tages to maintain its position notwithstanding any competition to which it may be subjected, we are now in a position to review and to reconsider the policy of the "late Government and the policy of the present Government, as to the continued "necessity for any long period of protecting the Canadian Pacific Kailway against "competition within the Province of Manitoba, and I am glad to be able to state to "the House that such is the confidence of the Canadian Pacific Railway Company "in the power of the Canadian Pacific Railway to protect itself that when the line "is constructed north of Lake Superior, the Government feel it will not be incum-"bent upon them to preserve the position they have hitherto felt bound to preserve, "that of refusing to consent to the construction of lines within the Province of "Manitoba, connecting it with American railways to the south. I can give no better "evidence to the House and the Country of the advanced position which we con"sider this great enterprise of the Canadian Pacific Railway has attained, than when I say that I feel it is consistent with what we owe to the people of this Country and to that great national work, that the Government should not deem it incumbent on themselves to pursue the restrictive policy within the Province of Manitoba which we have hitherto been obliged to maintain."

11. That upon the said explanation and statement Parliament agreed to the

loan.

12. That the line of the Canadian Pacific Railway has been constructed north of

Lake Superior.

13. That by an Act passed by the Local Legislature of Manitoba on the 3rd June, 1884, entitled "An Act to amend An Act to incorporate the Manitoba Central Railway Company and Amending Acts," power was given to the Manitoba Central Railway Company to construct a Railway as follows: "From the Town of Morris southerly to the boundary line of the said Province between the Red River and the first principal meridian within the said Province," and providing that no portion of said Railway should be built in the portion of Territory added to the said Province in the year 1881 in such a way as to contravene the terms in which said Territory was added to the said Province.

14. That the authentic copy of said Act did not reach the Secretary of State for Canada until after the first day of April, A.D. 1885, about ten months after its passage.

15. That the said Act was, notwithstanding the premises, disallowed in or about April, 1886.

16. That discontent has been created by reason of the said policy of disallowance; and that the rights of the Provinces, the interests of Manitoba and the declared policy

of the Government all point to the propriety of no longer persisting therein,

17. That a humble Address be presented to His Excellency the Governor General, setting forth the preceding Resolutions, and praying that His Excellency will be graciously pleased to effectuate the altered policy stated to the House of Commons on the 5th February, 1884, as in the 10th Resolution set forth; and in pursuance thereof to leave to their operation any Acts of the Local Legislature, not otherwise objectionable, which have been or may be passed for the construction of Railway Lines within the original Province of Manitoba.

The above Returns of Members elected forwarded by Returning Officers, are in the Form Schedule S. to the Dominion Elections Act of 1874, and therefore bear no date.

On the 26th March I received a letter from the Returning Officer for Montreal West, asking if I had received the Return he had sent me on the 10th of that month. I replied the same day that I had. On the 29th March I received a similar letter from the Returning Officer for Dorchester, and answered the same day acknowledging receipt of the Return.

On the 23rd March I wrote the Returning Officer for East Peterborough that I could not find the Return Form S. among the election papers he had forwarded me on the 11th March. On the 26th March I received an answer from him, enclosing the Return Form S., stating that he had inadvertently omitted to send it on the 10th March with the other election papers.

I wrote a similar letter to the Returning Officer for Brockville, and received the Return Form S. from him in reply.

R. POPE. Clerk of the Crown in Chancery.

OFFICE OF THE CLERK OF THE CROWN IN CHANCERY, CANADA, OTTAWA, 21st April, 1887.

Mr. Curran moved, That the Parliament of Canada in the year 1882 adopted a humble Address to Her Most Gracious Majesty the Queen expressing the hope that a just measure of Home Rule would be granted to the people of Ireland; and

That in the year 1886, by Resolution of the House of Commons, the sentiments of said Address to Her Most Gracious Majesty were earnestly reiterated and the hope again expressed that a measure of Home Rule satisfactory to the people of Ireland would be passed by the Imperial Parliament; and

That such measure of Home Rule has not been granted to the Irish people, but, on the contrary, there has been introduced into the Imperial House of Commons by Her Majesty's Government a Bill enacting the most stringent coercive measures for Ireland, by which the Irish people will be deprived of rights most dear to all British subjects.

That this House has learned with profound regret of the introduction into the Imperial House of Commons of the Coercion Bill above mentioned, and protests against its adoption, as being subversive of the rights and liberties of Her Majesty's

subjects in Ireland.

That this House again expresses the hope that there may speedily be granted to Ireland such a measure of Home Rule as is enjoyed in the Dominion of Canada, which, whilst satisfying the National aspirations of the people of Ireland for self-government, shall also be consistent with the integrity of the Empire as a whole.

That the granting of Home Rule to Ireland will fittingly crown the already glorious reign of Her Most Gracious Majesty as a constitutional sovereign, will come with special appropriateness in this Her Jubilee year, and, if possible, render Her Majesty more dear to the hearts of Her already devoted and loyal subjects.

That the present resolutions be forwarded to the Right Hon. the Marquis of Salisbury, Prime Minister, to the Right Hon. W. E. Gladstone, M.P., and Charles

Stuart Parnell, M.P.

Mr. McNeill moved in amendment thereto, that all the words after the word "That," where it appears the first time, be struck out, and the following added instead thereof: -"This House desires to repeat the expressions of its deep and abiding interest in the prosperity and happiness of the people of Ireland, and its adhesion to the sentiments on the subject of Home Rule enunciated in the Joint Address to Her Majesty from both Houses of the Canadian Parliament passed in the Session of 1882, and in the Resolution adopted by this House in 1886.

"This House is, however, unable to form or express an opinion as to the merits or demerits of the Bill for the amendment of the Criminal Law with respect to Ireland, now before the Imperial Parliament, in the absence of the measure itself, and

of the papers and evidence on which it is based."

And a Debate arising thereon, the said Debate was, on motion of Mr. Laurier, adjourned.

On motion of Mr. Laurier, the adjourned Debate on Mr. Curran's proposed motion for the adoption of certain Resolutions on the subject of Home Rule in Ireland, and the proposed motion of Mr. McNeill in amendment thereto, was made the First Order of the Day for to-morrow.

A Message was received from the Senate, informing this House that they have appointed the Honourable Messieurs Casgrain, Dever, Girard, Gowan, Guévremont, Haythorne, Kaulbach, McClelan, McKindsey, McMillan, Macfarlane, Ogilvie, Pelletier, Read, Turner, Vidal, and Wark, a Committee to superintend the Printing of that House during the present Session; and to act on behalf of that House with the Committee of the House of Commons, as a Joint Committee of both Houses on the subject of Printing.

Also, -acquainting this House that they have appointed the Honourable Messieurs Allan, Almon, Baillargeon, Bellerose, Botsford, DeBoucherville, Gowan, Haythorne, Lacoste, Macpherson (Sir David Lewis), Miller, Odell, Poirier, Power, Ryan, Scott, Sullivan, Trudel, and Wark, a Committee to assist Mr. Speaker in the direction of the Library of Parliament, so far as the interests of that House are concerned; and to act on behalf of that House as Members of a Joint Committee of both Houses on

the Library.

The House then adjourned.

JOSEPH ALDRIC OUIMET

Speaker.

When the several statements were summed up Mr. Currey asked that all the ballots cast for Mr. King be rejected and that Mr. Baird be declared elected on the ground that Mr. King was not legally nominated, for two reasons: 1st. That the names of the nominees in the affidavit to nomination paper are not recited. 2nd. That there was no legal deposit made with the nomination paper of Mr. King. Arguments pro and con were heard, after which the Returning Officer overruled the first objection to the nomination paper of Mr. King, since any inaccuracy in it was covered by Section 80, but sustained the second objection and therefore decided that all the votes cast for George G. King were null and void. He then declared George F. Baird, of the City of St. John, in the City and County of St. John, duly elected to represent the Electoral District of Queen's in the House of Commons of Canada, and adjourned the Court sine die.

VOTES AND PROCEEDINGS, HOUSE OF COMMONS.

OTTAWA, TUESDAY, 26TH APRIL, 1887.

PRAYERS.

Eleven Petitions were brought up, and laid on the Table.'

Mr. Wood (Brockville), from the Select Standing Committee on Standing Orders, presented the Second Report of the said Committee, which is as follows:—

The Committee have examined the Notices given upon the following Petitions and find them sufficient, viz.:—Of the Brantford, Waterloo and Lake Erie Railway Company, praying for certain amendments to their Act of incorporation; of Alexander Manning and others, of the City of Toronto and other places, praying for an Act of incorporation under the name of the Brandon, Souris City and Rick Lake Railway Company; of Susan Ash, of the City of Montreal, in the District of Montreal and Province of Quebec, praying for the passing of an Act to declare her marriage with William Manton to be dissolved, and that she be divorced from him; of Sir A. T. Galt and others, praying for the passing of an Act empowering them to build a Railway from Alberta to British Columbia and thence to the United States Boundary; of Sir A. T. Galt and others, praying for the passing of an Act empowering them to build a Railway from Dunmore to the United States Boundary Line; of Horace Horton and others, of the County of Huron, Ontario, praying for an Act of incorporation under the name of The Goderich and Canada Pacific Junction Railway Company; of William Bell and others, praying for an Act of incorporation under the name of the Manufacturers' Life and Accident Insurance Company; of the Western Canada Loan and Savings Company, praying for the passing of an Act to extend their corporate powers and for other purposes; of Marie Louise Noel, formerly of the Town of Sherbrooke, now of the City of Philadelphia, in the United States of America, praying for the passing of an Act to declare her marriage with Robert L. Johnson to be dissolved, and that she be divorced from him; of Isaac Foster and others, of the County of Norfolk, Ontario, praying for an Act of incorporation under the name of the South Norfolk Railway Company; of J. A. Longhead and others, praying for an Act of incorporation under the name of the Chinook Belt and Peace River Railway Company; of the Alberta and Athabasca Railway Company, praying for the passing of an Act to extend their corporate powers; of the Ontario and Quebec Railway Company, praying for the passing of an Act empowering them to acquire the West Ontario Pacific Railway, and to lease the same to the Canadian Pacific Railway Company; of the Grange Trust (Limited), praying for the passing of an Act empowering them to wind up their affairs; and of Robert Baird and others, of Kincardine, praying for an Act of incorporation under the name of the Kincardine and Teeswater Railway Company.

The Committee have also examined the Petition of Thomas C. Keefer and others, praying for an Act of incorporation under the name of "The Canadian Society of Civil Engineers," and find the Notices short in point of time, but as Petitions of this nature have not usually been required to comply strictly with the provisions of the 51st Rule, the Committee recommend that the Notices given be deemed sufficient.

The following Bills were severally introduced, read the first time, and ordered for a second reading to-morrow, viz.:-

By Mr. Shanly: -Bill No. 22, to incorporate the Canadian Society of Civil Engineers.

By Mr. Watson: -Bill No. 23, to incorporate the Emerson and North-Western

Railway Company.

By Mr. Porter: -Bill No. 24, to incorporate the Goderich and Canadian Pacific

Junction Railway Company.

By Mr. Sutherland: -Bill No. 25, to amend the Act to incorporate the Brantford, Waterloo and Lake Erie Railway Company.

By Mr. McCarthy: - Bill No. 26, to incorporate the Kincardine and Teeswater

Railway Company.

By Mr. Patterson (Essex): -Bill No. 27, respecting the Ontario and Quebec Railway Company.

By Mr. Small: -Bill No. 28, to incorporate the Brandon, Souris and Rock Lake

Railway Company.

By Mr. Brown :-Bill No. 29, to incorporate the Manufacturers' Life and Accident Insurance Company; -and

By Mr. McCarthy :- Bill No. 30, to amend "The Companies Act,"

Mr. Thompson moved, That the House do go into Committee of the Whole,

to-morrow, to consider the following Resolution :-

That in view of the valuable services rendered by Godefroi Laviolette, late Warden of the Penitentiary of St. Vincent de Paul, on the occasion of an outbreak among the convicts therein confined, and of the fact that in consequence of his energy and intrepidity on that occasion he received injuries resulting in permament infirmity and incapacity to continue the performance of the duties of Warden as aforesaid, it is expedient that, as an exceptional case, there should be granted to the said Godefroi Laviolette an allowance for life at the rate of \$2,600 a year, to date from the 31st January, 1887, and also a further sum of \$1,000 compensation for removal expenses, such sums to be payable out of the Consolidated Revenue Fund, and such annual allowance to stand instead of any other superannuation allowance to which the said Godefroi Laviolette might be entitled.

Whereupon Mr. Thompson informed The House that His Excellency the Governor General, having been informed of the subject-matter of the said Resolution, recommends it to The House.

Ordered, That The House do go into Committee of the Whole, to-morrow, to consider the said Resolution.

The House resumed the adjourned Debate on Mr. Curran's proposed motion, That the Parliament of Canada in the year 1882 adopted a humble Address to Her Most Gracious Majesty the Queen expressing the hope that a just measure of Home Rule would be granted to the people of Ireland; and

That in the year 1886, by Resolution of the House of Commons, the sentiments of said Address to Her Most Gracious Majesty were earnestly reiterated and the hope again expressed that a measure of Home Rule satisfactory to the people of

Ireland would be passed by the Imperial Parliament; and

That such measure of Home Rule has not been granted to the Irish people, but, on the contrary, there has been introduced into the Imperial House of Commons by Her Majesty's Government a Bill enacting the most stringent coercive measures for Ireland, by which the Irish people will be deprived of rights most dear to all British subjects

That this House has learned with profound regret of the introduction into the Imperial House of Commons of the Coercion Bill above mentioned, and protests against its adoption, as being subversive of the rights and liberties of Her Majesty's subjects in Ireland.

That this House again expresses the hope that there may speedily be granted to Ireland such a measure of Home Rule as is enjoyed in the Dominion of Canada, which, whilst satisfying the National aspirations of the people of Ireland for self-gov-

ernment, shall also be consistent with the integrity of the Empire as a whole. That the granting of Home Rule to Ireland will fittingly crown the already glorious reign of Her Most Gracious Majesty as a constitutional sovereign, will come with special appropriateness in this Her Jubilee year, and, if possible, render Her Majesty more dear to the hearts of Her already devoted and loyal subjects.

That the present resolutions be forwarded to the Right Hon. the Marquis of Salisbury, Prime Minister, to the Right Hon. W. E. Gladstone, M.P., and Charles

Stuart Parnell, M.P.

And the proposed motion of Mr. McNeill in amendment thereto, that all the words after the word "That," where it appears the first time, be struck out, and the following added instead thereof:-" This House desires to repeat the expressions of its deep and abiding interest in the prosperity and happiness of the people of Ireland, and its adhesion to the sentiments on the subject of Home Rule enunciated in the Joint Address to Her Majesty from both Houses of the Canadian Parliament passed in the Session of 1882, and in the Resolution adopted by this House in 1886.

"This House is, however, unable to form or express an opinion as to the merits or demerits of the Bill for the amendment of the Criminal Law with respect to Ireland, now before the Imperial Parliament, in the absence of the measure itself, and

of the papers and evidence on which it is based."

And the proposed motion of Mr. McCarthy in amendment to the said proposed amendment, that all the words after the word "That" in the main motion be struck out, and the following added instead thereof: - "This House, while justly jealous of any interference in the local affairs of Canada within the jurisdiction of this Parliament or of the Legislative Assemblies of the several Provinces of the Dominion, either by the Imperial Parliament or other Legislative body of the British Empire, cannot without inviting such interference fail to recognize it as within the exclusive right of the Imperial Parliament to legislate respecting matters solely appertaining to the domestic affairs of the United Kingdom; than which none can be more absolutely of local concern than the due and proper administration of the law within the bounds of Great Britain and Ireland.

"That, therefore, it is inexpedient and unwise for this House to express any opinion or in anywise to interfere with the Imperial Parliament as to the course to be adopted by it respecting the Bill now before the House of Commons for the

amendment of the Criminal Law and Procedure (Ireland)."

And the question being put on the amendment to the amendment,—it was negatived on the following division:-

And the question being again proposed on the amendment;

Mr. Davin moved in amendment thereto, that all the words after the word "That" be struck out, and the following added instead thereof:- "This House learns with regret that it is considered necessary to pass a coercive measure for Ireland, and it re-affirms its convictions as expressed in the Resolutions of 1882 and 1886, that a plan of local government for Ireland which would leave unimpaired the links connecting Ireland with the British Empire and guard the rights of the minority, would be conducive to the prosperity of Ireland and the stability of the Empire.

And The House having continued to sit until 12 of the clock, midnight;

WEDNESDAY, 27th April, 1887.

And the question being again proposed on the main motion;

And a further Debate arising thereon,—the said motion was, with leave of The House, withdrawn.

Mr. Curran then moved, That the Parliament of Canada in the year 1882 adopted a humble Address to Her Most Gracious Majesty the Queen expressing the hope that a just measure of Home Rule would be granted to the people of Ireland; and

That in the year 1886, by Resolution of the House of Commons, the sentiments of said Address to Her Most Gracious Majesty were earnestly reiterated and the hope again expressed that such a measure of Home Rule would be passed by the Imperial Parliament; and

That such measure of Home Rule has not been granted to the Irish people, but, on the contrary, there has been introduced into the Imperial House of Commons by Her Majesty's Government a Bill enacting the most stringent coercive measures for Ireland, by which the Irish people will be deprived of rights most dear to all British subjects.

That this House has learned with profound regret of the introduction into the Imperial House of Commons of the Coercion Bill above mentioned, and earnestly hopes that a measure so subversive of the rights and liberties of Her Majesty's sub-

jects in Ireland may not become law.

That this House again expresses the hope that there may speedily be granted to Ireland a substantial measure of Home Rule which, whilst satisfying the National aspirations of the people of Ireland for self-government, shall also be consistent with the integrity of the Empire as a whole.

That the granting of Home Rule to Ireland will fittingly erown the already glorious reign of Her Most Gracious Majesty as a constitutional sovereign, will come with special appropriateness in this Her Jubilee year, and, if possible, render Her

Majesty more dear to the hearts of Her already devoted and loyal subjects.

enhaner

That the present Resolutions be forwarded to the Right Hon. the Marquis of Salisbury, Prime Minister, to the Right Hon W. E. Gladstone, M.P., and Charles Stuart Parnell, M.P.;—which was agreed to on the following division:—

may receive like recognition for the services rendered by them as have been awarded to the Volunteers who served in suppressing the Rebellion in the North-West, in the

year 1885, being read;

Mr. Speaker decided,—"That in accordance with Rule 85, which requires the signatures of at least three Petitioners on the sheet containing the prayer of the Petition, and the sheet of the prayer of the Petition not having any signature at all, it cannot be received."

Sir Charles Tupper presented,—Return to an Order of The House of the 25th instant, for a Return showing receipts and expenditure from 1st July to 20th April,

in the years 1886 and 1887 respectively, with estimates for each year.

And,—Return to an Order of The House of the 25th instant, for a Return showing amount owing by the Exchange Bank to the Government of Canada at the time of the Bank's failure, and statement showing all sums (with dates of payment) paid on account of such indebtedness.

On motion of Mr. Rykert, the Public Accounts of the Dominion of Canada for the fiscal year ended 30th June, 1886, the Report of the Auditor-General on Appropriation Accounts for the same year, and the Statement of Unforeseen Expenses, were referred to the Select Standing Committee on Public Accounts.

Mr. Davis introduced a Bill No. 34, to incorporate the Chinook Belt and Peace River Railway Company, which was read the first time, and ordered for a second reading, to-morrow.

On motion of Mr. White (Renfrew), the Select Standing Committee on Immigration and Colonization obtained leave to employ a short-hand writer, to take down such evidence as the Committee may deem necessary.

Mr. White (Renfrew) moved, That the Quorum of the Select Standing Committee on Agriculture and Colonization be Fifteen Members;

And a Debate arising thereon,—the said motion was, with leave of The House, withdrawn.

On motion of Sir John A. Macdonald, Messieurs Joneas and Campbell (Kent) were added to the Select Standing Committee on Agriculture and Colonization.

Mr. Skinner moved, that it be Resolved, That it appears by the Poll Books and other papers transmitted by John R. Dunn, the Returning Officer appointed to conduct the last Election of the Electoral District of the County of Queen's, N.B., and laid upon the Table of this House by Richard Pope, Esq., Clerk of the Crown in Chancery; That two candidates, George F. Baird, Esq., and George G. King, Esq., were

That two candidates, George F. Baird, Esq., and George G. King, Esq., were nominated, that a poll was granted, and the names of the said George F. Baird and George G. King were posted as candidates in accordance with the provisions of the

Election Act.

That on the twenty-second day of February last a poll was held and taken in the said Electoral District and the returns made to the said Returning Officer by

the Deputy Returning Officers of the said several polling districts.

That the said John R. Dunn as such Returning Officer made a return certifying that the Member Elect for the said Electoral District was George F. Baird, of the City of Saint John, in the City and County of Saint John, Barrister-at-law, no other candidate having been properly nominated, and also made a report of the proceedings, which is as follows:—

Report of proceedings in the matter of the Election in the Electoral District of Queen's County, Province of New Brunswick.

To the Clerk of the Crown in Chancery:

The writ commanding me to hold an election was received by me January 28th, 1887. I took the oath required by law and appointed my Election Clerk. Proclamations were duly posted throughout the county within the time prescribed by the Act.

On February 12th, Lemuel Currey deposited with me the nomination paper of George F. Baird, of the City of St. John, in the City and County of St. John, Barrister at-law, with the required deposit and his appointment as Mr. Baird's Election

Agent.

On February 15th, at 12 o'clock, I opened Court for nomination of candidates for the House of Commons of Canada. T. Medley Wetmore handed me the nomination papers of George G. King, of Chipman, Queen's Co., N.B., merchant, accompanied by the sum of \$200. On my calling the attention of Mr. Wetmore to the fact that no Election Agent had been appointed by Mr. King, I was handed the appointment of John McLean McLean as Election Agent for Mr. King. At two o'clock I granted a poll and announced the names of the candidates, notices of poll being granted, and the names of candidates were then posted throughout the county.

On Saturday, February 26th, the day appointed by notice for declaration, I opened Court, but on account of the boxes for several parishes being delayed by snow-storm, I adjourned until March 5th. On Saturday, March 5th, I opened Court

for declaration, and summed up the votes given for each candidate.

Lemuel A. Currey, Barrister at law, on behalf of Mr. Baird, asked that all the ballots cast for Mr. King be rejected, since Mr. King's nomination paper was invalid on two grounds: 1st, That the names of the nominees had not been recited in the affidavit to nomination paper; 2nd, That the deposit made with Mr. King's nomination paper had not been legally made, since it was not made by his Election Agent. After hearing the arguments made on behalf of Mr. Baird by L. A. Currey, and on behalf of Mr. King by George F. Gregory, Barrister-at-law, I overruled the first objection to the nomination paper, on the ground that it was covered by Section 80 of the Dominion Elections Act. I sustained the second objection, and declared the nomination paper of George G. King invalid, and that all votes cast for him were void and null.

I then declared George F. Baird, of the City of St. John, in the City and County of St. John, Barrister-at-law, elected to represent the Electoral District of Queen's

in the House of Commons of Canada, and adjourned the court sine die.

JOHN R. DUNN, Returning Officer for the Electoral District of Queen's.

GAGETOWN, QUEEN'S COUNTY, March 24th, 1887.

That by the said poll book and returns of the said Deputy Returning Officers, and the summing up of the votes, it appears that the said George G. King had 1,191 votes, and the said George F. Baird had 1,130 votes, the said George G. King having therefore a majority of the votes cast should have been declared by the said Returning Officer as Member Elect for the said Electoral District, and that the Return of the

said Returning Officer should be amended.

That the said George G. King having a majority upon the summing up of the votes, should have been declared as the Member elected to represent the said Electoral District, and that the Clerk of the Crown in Chancery do attend The House with the Writ of Election and Return, and amend the said Return by erasing the name of George F. Baird and substituting the name of George G. King as the Member elected to represent the said Electoral District of Queen's in this present Parliament; saving, however, to the said George F. Baird the right of contesting the said election if he thinks proper, in such manner as may appertain to law and justice, and according to the usage of Parliament and the laws of Canada.

Mr. Thompson moved in amendment thereto, that all the words after the word "That" where it first appears, be left out, and the following inserted instead thereof: "The return transmitted by John R. Dunn, the Returning Officer for Queen's County, in the Province of New Brunswick, at last election for said Electoral District, together with all other papers laid before the House by the Clerk of the Crown in Chancery, and relating to said election, be referred to the Select Standing Committee on Privileges and Elections, with power to send for persons, papers and records, and to

report thereon with all convenient speed,"

And The House having continued to sit until 12 of the clock, midnight;

FRIDAY, 29th April, 1887.

And the question being put on the amendment,—it was agreed to on the following division:—

PRAYERS.

Fifteen Petitions were brought up, and laid on the Table.

The following Petitions were read and received:-

Of Hugh McLennan and others, of the City of Montreal; praying for an Act of

Incorporation under the name of the Equity Insurance Company.

Of James Eagan and others, of the Town of Cobourg; of John Gibson and others, of the County of Northumberland; and of A. C. Webb and others, of the East Riding of the County of Northumberland, all of Ontario; severally praying for the passing of an Act repealing the Scott Act.

Of George Stephen and others; praying for an Act of Incorporation under the

name of the Niagara and Woodstock Railway Company.

Of the Council of the Corporation of the City of Toronto; praying that such legislation may be enacted as will compel the placing of all Telegraph, Telephone and Electric Wires under ground, in said city.

Of Jeffrey McColl, President, Pictou Bank; praying for the passing of an Act

authorizing the winding up of the affairs of said Bank.

Of Messrs. F. B. McNamee and Company, of the City and District of Montreal, Contractors; praying the House to investigate their claims to an alleged balance due them on account of their contract for the construction and maintenance of a Graving Dock, in Esquimalt Harbour, British Columbia, and to render them justice in regard thereto.

Of the Midland Railway of Canada; praying for the passing of an Act to extend

the time for the completion of certain of its works.

Mr. Wood (Brockville), from the Select Standing Committee on Standing Orders, presented the Fifth Report of the said Committee, which is as follows:-

The Committee have examined the following Petitions, and find that the Notices given thereon are sufficient, viz.:-Of the Quebec Railway Bridge Company, for an Act to revive and amend their Act of Incorporation; of Charles McRae and others, for an Act of Incorporation under the name of the Teeswater and Inverhuron Railway Company; of the Western Assurance Company, for certain amendments to their Act of Incorporation and the Acts amending the same; of the Ontario and Qu'Appelle Land Company (Limited), for power to reduce their Capital Stock, and for other purposes; of the Canada Permanent Loan and Savings Company, for power to extend their business, and for other purposes; and of the British Canadian Loan and Investment Company (Limited), for an extension of their corporate powers, and for other purposes.

The Committee have also examined the following Petitions, viz.:—Of John Carter and others, for an Act authorizing them to construct a line of Railway from the City of Kingston to the Town of Smith's Falls and thence to the City of Ottawa; of S. M. Brookfield and others, for an Act of Incorporation under the name of the Eastern Canada Savings and Loan Company (Limited); of the Nova Scotia Permanent Benefit Building Society and Savings Fund, for power to transact business in Provinces other than Nova Scotia; and of the Temiscouata Railway Company, for an Act to confirm and amend the charter of the Company;—and find that the Notices given thereon are short in point of time, but as they will be fully matured before the Bills based on the Petitions will be considered in Committee, the Committee recommend that they be considered sufficient.

The Committee have also examined the Petition of W. C. Van Horne, William Farwell and Warren K. Blodgett, Trustees for the Bondholders of the South-Eastern Railway Company, for an Act empowering them to sell the Railway and appurtenances, distribute the proceeds among the Bondholders or parties by law entitled thereto, close up and terminate the Trust, and constitute the purchaser or purchasers a corporation under "The Railway Act;"—and find that the Notices are not published in all the Districts affected, and also that the prayer of the Petition is not covered by the wording of the Notice, but inasmuch as Notices are published in the Districts adjoining those affected, and as it is claimed by the promoters that the measure, if passed in accordance with the terms of the Petition, will be to the greater advantage of the creditors of the road than if couched in the terms of the Notice, the Committee recommend that the Notices given be deemed sufficient.

Mr. Girouard, from the Select Standing Committee on Privileges and Elections, to whom was referred the Return transmitted by John R. Dunn, the Returning Officer for Queen's County, in the Province of New Brunswick, at last Election for said Electoral District, together with all other papers, laid before The House by the Clerk of the Crown in Chancery and relating to the said Election, presented the First Report of the said Committee, which is as follows:—

That it appears from the papers produced by the Clerk of the Crown in Chancery, in obedience to the Order of the House, all of which have been referred to this Committee, that an election was duly held for the Electoral District of Queen's County, N.B., in obedience to the Writ of Election issued in that behalf, and that the Returning Officer has returned that George F. Baird, Esq., a candidate at the said Election, has been duly elected to represent the said Electoral District, the said Returning Officer having held that George G. King, Esq., had not been duly nominated as a candidate at the said election.

That the question raised as to the holding of the said Returning Officer as respects the candidature of the said George G. King is one cognizable by the Supreme Court in the Province of New Brunswick under the provisions of the Contested Elections Act, and that no objection has been made as to the qualification or eligibility of the said George F. Baird to sit in the House of Commons if he be duly

elected for the said Electoral District.

Resolved, That in the opinion of this Committee the House ought not to declare that the said George F. Baird is not entitled to sit in the said House, but should leave the case to be disposed of under the provisions of the Controverted Elections Act, it being the intention, spirit and policy of Parliament that all questions as to the validity of the election of members to the House of Commons should be decided by the ordinary legal tribunals of the country instead of by the House of Commons.

Resolved, That in the opinion of this Committee, upon the papers returned to

Resolved, That in the opinion of this Committee, upon the papers returned to the House, the conduct of the Returning Officer, John R. Dunn, requires explanation; and that the said Returning Officer be ordered to appear without delay before the Bar of the House to be heard thereupon and to answer for his conduct in returning as elected a candidate who did not receive a majority of the votes cast at such

election.

The Committee also beg to present the following Report of a Sub-Committee appointed to enquire into the parliamentary practice and procedents applicable to the questions which have arisen in connection with the said election in the County of Queen's, N.B.

IN THE MATTER OF THE QUEEN'S COUNTY, N.B., ELECTION.

The sub-Committee appointed to search for precedents applicable to this case reports that in the limited time at their disposal since the reference was made, they have examined the cases in the English and Canadian records which appear to have any points in common with the one under consideration, and submit a résumé of

The Grenville Act in 1770 referred to an Election Committee of the House the trial of Election Petitions, and the provisions of that Act remained in force in one form or another until the Act of 1868, which relegated all such matters to the law courts. During that long interval of nearly 100 years we have not found any case where the minority candidate was returned, nor a single precedent for action by the House of Commons independent of its Committee, in any matter relating to controverted elections or returns.

Since 1868, however, when the jurisdiction of the courts over such matters commenced, three cases at least have occurred in which the House assumed and exercised

a jurisdiction concurrent with that of the legal tribunals.

English Cases since the Act of 1868 referring to Judicial Tribunals, the inves-TIGATION AND DECISION OF CONTROVERTED ELECTIONS:-

THE SYDNEY WATERLOW CASE.

In 1868 Sydney Waterlow was returned for the County of Dumfries, and a petition was filed complaining of the election (Court of Sessions, Scotland) on the ground of his having a Government contract. The petition having been withdrawn, the House appointed a Select Committee to consider whether he was disqualified from sitting and voting as a member. He was reported as disqualified, and thereupon a new writ was issued by order of the House.—(124 English Commons Journal, pp. 12-43-82-88.)

In 1870 O'Donovan Rossa—a convict then in prison—sentenced to penal servitude for life for treason, was returned for Tipperary. The House, by Resolution, declared him disqualified without reference to a Committee, and ordered a new writ. -(English Hansard Debates, 10th February, 1870.)

In 1875 John Mitchell was returned for Tipperary by acclamation. No question therefore arose as to the election or return; the only matter for determination being his qualification. The fact of his being an escaped convict, having been proved, the House, by Resolution, declared him disqualified and the seat vacant, and ordered a new writ to issue. John Mitchell was again elected 4th March, 1975, returned as duly elected. Mitchell died on 20th of the same month, and a petition was filed afterwards, claiming the seat for the opposing candidate, to whom it was awarded. On this occasion, however, there was a contest, and a petition having been filed in the courts no action was taken by the House .- (English Hansard, 18th February,

In 1882 Michael Davitt and Patrick Egan having been no ninated for the County of Meath, and Egan having withdrawn, immediately after the nomination Davitt was returned, and no petition having been filed, there was, first, a motion that a record

of his trial and conviction as a felon be laid on the Table of the House, and thereupon the House resolved that Michael Davitt, having been adjudged guilty of felony and sentenced to penal servitude for fifteen years, is incapable of being elected or returned as a member.—(English Hansard, 28th February, 1882.)

Before the Act of 1851 was passed the following cases were decided in the Canadian Parliament under The Upper Canada Controverted Elections Act then in force:

THE OXFORD CASE.

LEGISLATIVE JOURNALS, 1848, p. 14.

Hon. Francis Hincks and Peter Carroll, Esq., were nominated as candidates at an election held for the County of Oxford, Dec. 28, 1847.

The Returning Officer returned Peter Carroll as duly elected, and he took his

seat.

Parliament assembled Feb. 25, 1848.

On Monday, Feb. 28, the Clerk of the Crown was ordered to attend with the poll books, and it appearing Francis Hincks had 813 votes and Peter Carroll 478 votes, the House resolved,

That a due regard for the rights of electors and for the privileges of this House requires that the said return should be amended according to the facts apparent upon

the said poll books.

The House ordered the return to be amended, which was done, and the Hon. Mr. Hincks took his seat accordingly.—(Legislative Journals of Canada, 1848, p. 10) The House resolved in

THE BEAUHARNOIS CASE.

That it appears by the return of the Returning Officer appointed to preside at the last election of a member for the County of Beauharnois and the poll-book transmitted with the said return that at the close of the poll Jacob Dewitt, Esq., had a majority of votes, and that he ought to have been returned as representative and had a right to take his seat, saving, however, to all candidates and electors their right of contesting the said election if they think proper, in such manner as may by law and justice appertain and according to the usages of Parliament.

The return was ordered to be amended, and was accordingly amended, and Mr.

Dewitt took his seat.

THE KENT CASE.

In the County of Kent election, held the 11th March, 1848, the Returning Officer made a special return that Mr. Malcolm Cameron's qualification having been challenged, he was doubtful if he was elected, and did not declare and return him as duly elected. The House, upon production of the poll books, and it appearing there that 1079 votes were recorded for Malcolm Cameron and 540 for Hon. John Hilyard Cameron, declared that Malcolm Cameron ought to have been returned as the representative, and ordered the Clerk of the Crown to attend and amend the return by stating Malcolm Cameron was duly elected to represent the said County of Kent.

To all candidates and electors were saved their right of contesting the said election, if they thought proper, in such manner as may appertain in law and justice

according to the usage of Parliament.-Journal Upper Canada, 1848, p. 14.

CANADIAN STATUTE, 14-15 VIC., CHAP. I. 2 (a).

In 1851 the Canadian Parliament adopted the phraseology of the Imperial Act then in force, as follows:—Sec. 1. "Every petition complaining of any undue election or return, or complaining that no return has been made, or complaining of any special matter contained any such return, shall be deemed an Election Petition, and shall be presented to, and all proceedings relative to it shall be had in that one of the said two Houses of Parliament for which the election was held, to which such petition relates.

Sec. 52. All election petitions received by either House shall be referred by the House to the General Committee on Elections, for the purpose of choosing Select Committees to try said petitions.

Sec. 77. The House shall refer the petitions in each case for which a Select Election committee has been so reported by the General Committee of Elections, to the said

Committee so appointed and sworn.

Sec. 93. A Select Committee shall try the merits and shall determine whether the sitting member or any and what other person were duly returned or elected, or whether the election be void, or whether a new writ ought to issue, and such determination shall be final between the parties to all intents nad purposes, and the House shall order such Report to be entered in its Journals, and give such directions for carrying the siad determination into execution as the circumstances may require.

CANADIAN CASES UNDER THAT STATUTE PRIOR TO THE ACT OF 1873.

GASPÉ CASE. (1852-53.)

Special return that the result of the general poll could not be ascertained and proclaimed at the time appointed in consequence of the poll books from the Magdalen Islands not having been received, the candidates being Kavanagh and Christie. Motion that the Clerk of the Crown in Chancery should attend with the poll books, including those of the Magdalen Islands, subsequently received. Thereupon, resolution that Christie had a majority of votes, and had a right to take his seat, saving to all candidates and electors the rights of contestation. Return amended accordingly. -General Index of Journals (p. 353). Journals (1852-3) p. xviii.

BAGOT CASE. (1854-5.)

Returning Officer was himself a candidate, and returned himself as duly elected. Motion that he be declared disqualified. In amendment, that the matter be referred to the Committee on Privileges and Elections. Amendment rejected; motion adopted.—General Index to Journals (p. 351). In Journals p.p. 10, 12, 14, 21, 23.

LENNOX AND ADDINGTON. (1862.)

Returning Officer made special Return giving number of votes cast for each candidate, but stating that as several of his deputies did not use correct voters' lists, he was unable to report which candidate was elected. The House ordered the attendance of the Clerk of the Crown in Chancery with poll books, &c. and thereupon by motion resolved that Mr. Hooper had the majority of votes, and should have been declared returned and had the right to take his seat, saving to all candidates and electors the right of contesting the same. Clerk to amend Return, and Return amended accordingly.—General Index to Journals (p. 355). Journals of 1862 (p 12).

ESSEX CASE (1863).—SPECIAL RETURN.

Returning Officer reporting that even after investigation he was unable to decide who had the majority of votes. Motion, that it appears by the poll books, &c., that Rankin had a majority. Amendment, that Return being special is properly cognizable by the committee under the Controverted Election Act, negatived. Amendment, that the Return and accompanying documents do not establish a state of facts to warrant the action of the House, otherwise than in due course of law upon Election Petitions, negatived. Amendment that grave irregularities appear in certain poll books, and that the Returning Officer and his deputies do attend for examination, negatived. Main motion negatived on casting vote of the Speaker (Walbridge), who gave his reason as follows: When matters of fact connected with Election Petitions have to be enquired into it is necessary to go before an Election Committee, but otherwise with matters of law which the House should decide without reference to the Committee. - Journals, August 20, Session 1865 (p. 36).

MUSKOKA CASE (1873).—SPECIAL RETURN.

Clerk of Crown in Chancery to attend with returns, poll book, &c. Attends

accordingly.

Resolution, That it appears by the poll books and other papers that of the two candidates, Cockburn and Boulton, the former had a majority of 122 votes, but that in consequence of certain irregularities in the polling divisions of Morrison and Parry Sound the Returning Officer declared himself unable to make a Return; and that the said Cockburn ought to have been returned and has a right to take his seat. Return amended.

WEST PETERBOROUGH CASE, (1873).—MARCH SESSION.

Motion, That it appears by the poll books, &c., that Bertram and Cluxton were candidates; that Bertram received the majority of votes, but that Returning Officer declared Cluxton duly elected notwithstanding, and that Bertram ought to have been returned, and has a right to take his seat. Amendment to refer the Returns and papers to Committee on Privileges and Elections to report the proper course to be taken. Second Amendment—That the House deems it proper to assert its jurisdiction and forthwith to redress the flagrant violation of law and duty apparent in the papers which has been committed by returning the defeated candidate and declaring that Mr. Bertram should have been returned and has a right to take his seat. This Amendment negatived. First Amendment (to refer to Committee) carried, and Petition referred accordingly. Report that the House ought to leave the case to be disposed of under the Controverted Elections Act.—General Index to Journals of the House, p. 128; Journal pp. 5, 6, 32, 47.

SOUTH RENFREW CASE, (1873).—MARCH SESSION.

Petitions from Electors complaining of illegal practices at the elections, and praying that the Returning Officer and his deputies be summoned to the bar of the House to answer therefor. Motion to refer Petition to Committee of Privileges and Elections to report their opinion thereon; objection taken that this is an Election Petition, that there is no recognizance, and that it cannot be entertained. Mr. Speaker sustains the objection. Poll books, &c., referred to the Committee on Privileges and Elections to report as to the conduct of the Returning Officer.—General Index to Journals, p. 129; Journals, pp. 5, 16, 17, 20.

CANADIAN STATUTE, 36 VIC., CHAP. 28.

In 1873, the Canadian Parliament adopted the Imperial Act then in force as follows:—

Sec. 51. "All Elections held after the coming into force of this Act shall be subject to the provisions thereof and shall not be questioned otherwise than in accordance therewith."

VICTORIA, N.S. (1875.)

In this case no statement by the Deputy Returning Officer in one of the Ballot boxes. The Returning Officer therefore ignored the poll and returned Campbell, who had a majority at the other polling places, but who would have been in a minority had all the polling places been taken into account. Upon a petition to the House by certain of the electors to deal with the Returning Officer, it appearing that the subject of the election contest and question was then before the Courts, no action was taken upon the petition.—Hansard, March 20th, 1875, p. 808.

King's County, Prince Edward Island, Case. (1883.)

Special Return, by which it appeared that Robertson received the highest number of votes, but it having been represented to the Returning Officer at the time of summing up that he, Robertson, was at the time of his nomination a member of the

Provincial House of Assembly, he was in the opinion of the Returning Officer disqualified for being elected a member of the House of Commons. Accordingly he certified that Mr. Macdonald had the next highest number of votes given at such election. The matter having been brought up in the House as a question of privilege, was referred to the Committee on Privileges and Elections. A majority of the Committee reported that Robertson was at the time of his election a member of the House of Assembly of Prince Edward Island, and therefore disqualified to be a member of the House of Commons, that according to the express terms of the 2nd section of the Dominion Act of 1872 the majority of votes given Robertson were thrown away, that it was the duty of the Returning Officer to return Macdonald as the duly elected member, and that the return be amended accordingly. When the report came before the House, after a number of amendments which were negatived, the report was finally concurred in and Mr. Macdonald declared elected.—Journals, 1883, 1. Hansard, 1883, Feb. 19th, March 1st and 9th, and April 25th.

The whole respectfully submitted.

No. 20.

VOTES AND PROCEEDINGS, HOUSE OF COMMONS.

OTTAWA, TUESDAY, 10TH MAY, 1887.

PRAYERS.

Thirteen Petitions were brought up, and laid on the Table.

Sir Hector Langevin, from the Select Standing Committee on Railways, Canals and Telegraph Lines, presented the First Report of the said Committee, reporting the following Bill without amendment, viz.:-

Bill No. 10, respecting the Ontario Sault Ste. Marie Railway Company.

And the following Bills with amendments, viz. :-

Bill No. 11, respecting the St. Catharines and Niagara Central Railway Com-

Bill No. 13, respecting the Grand Trunk Railway of Canada.

Mr. Wood (Brockville), from the Select Standing Committee on Standing Orders, presented the Sixth Report of the said Committee, which is as follows:-

The Committee have examined the following Petitions, and find the Notices given thereon sufficient, viz.: -Of H. Corby and others, for an Act of Incorporation under the name of the Bay of Quinté Bridge Company; of the Saskatchewan and Western Railway Company, for power to extend their line of Railway and to lease the same to the Manitoba and North-Western Railway Company; of the Manitoba and North-Western Railway Company, to authorize and confirm the lease to them of the Railway of the Saskatchewan and Western Railway Company, and for other purposes; of the Petition of George Stephen and others, for an Act of Incorporation under the name of the Niagara and Woodstock Railway Company; of the Hamilton and North-Western Railway Company, for power to extend their line of Railway; of the Honorable Donald McInnes and others, for an Act of Incorporation under the name of the Londonderry Iron Company; of T. R. Pearce, for an Act to confirm the purchase by him of the property of the Cobourg, Peterborough and Marmora Railway Company; of the Freehold Loan and Savings Company, for power to extend their business to any Province of the Dominion; of the Winnipeg and Hudson's Bay Railway and Steamship Company, for an Act to consolidate and amend the several Acts relating to the Company; of G. W. Ross and others, praying for an Act of Incorporation under the name of the Canada Accident and Indemnity Assurance Company.

The Committee have also examined the following Petitions, viz.:-Of Hugh McLennan and others, for an Act of Incorporation under the name of the Equity Insurance Company; of the Midland Railway Company of Canada, for an extension of time to complete certain of their works; of R. C. Carter and others, for an Act of Incorporation under the name of the Oshawa Railway and Navigation Company; of the Grand Trunk and Georgian Bay Railway Company, for an extension of time to complete certain of their works, and for power to build a branch line to Owen Sound; and of Robie Uniacke and others, for an Act of Incorporation under the name of the Halifax and West India Steamship Company (Limited);—and find the Notices short in point of time, but as they will have fully matured before the Bills, based on the Petitions, will be considered in Committee, the Committee recommend that they be considered sufficient.

The Committee have considered the Petition of the Quebec and James' Bay Railway Company, for an Act to revive and amend their Act of Incorporation, and find that power is asked to construct a Branch line to the Desert Village on the Gatineau River, of which no mention was made in the Notice; but as it has been represented to the Committee that the said Branch line, if constructed, would not interfere with any vested rights, and would greatly benefit the country through which it will pass, the Committee recommend that he Notice given in this instance

be deemed sufficient to cover the whole prayer of the Petition.

The Committee have also considered the Petition of H. A. Odell and others, for an Act of Incorporation under the name of the Hereford Branch Railway Company, and find that the Notice was published in an English and in a French Paper, for periods of six weeks and five weeks respectively, instead of two months, but as it was represented by the promoters that this was an error on the part of the publishers, and as they knew of no opposition to the proposed measure, the Committee recom-

mend that the Notice given be deemed sufficient.

The Committee have also examined the Petition of the Waterloo and Magog Railway Company, for power to alter the location of their Railway and to sell the same to the Atlantic and North-West Railway Company, and find that the Notices were published for a short time in two English Papers, but not in any French Paper; but as it was represented on behalf of the Petitioners that the proposed measure is of vital importance to the Company, and if not passed would jeopardize its existence, the Committee recommend that the Notices given be deemed sufficient.

The Committee have also considered the Petition of C. Bergevin and others, for an Act of Incorporation under the name of the South-Western Railway Company, with power to build a line of Railway from a point at or near the Village of Caughnawaga viā Beauharnois and Valleyfield to the International Boundary Line, and find that Notice was published in a French Paper only, for a period of six weeks; but as it was represented by the promoters that there are few, if any, English residents in that district, and as they know of no opposition to the proposed measure, the Com-

mittee recommend that the Notices given be deemed sufficient.

The Committee have also considered the Petition of James Ross and others, for an Act of Incorporation under the name of the Canadian Power Company, for the purpose of utilizing the natural water-power afforded by the waters of the Niagara and Welland Rivers, to encourage the location of manufacturers along the route of the proposed Canal and Tunnel, &c., and find that Notice was published for one week only, but as it is represented by the Petitioners that they have in this application the co-operation of the Councils of the various Municipalities in which the said works will be constructed, and as they earnestly desire that facilities shall be afforded without delay, so as to enable the undertaking to be carried out to a successful issue, the Committee recommend that the 51st Rule of the House be suspended in relation to this Petition.

The following Bills were severally introduced, read the first time, and ordered for a second reading to-morrow, viz.:—

Mr. Speaker informed The House, that in obedience to the Order of The House of Monday last, the Clerk of the Crown in Chancery had addressed a letter to the Clerk of The House, specifying the course adopted by him in gazetting the Election Returns of the last general election, and his reasons for such course.

On motion of Mr. Mills (Bothwell), the said letter was laid on the Table, and read as follows:-

> OFFICE OF THE CLERK OF THE CROWN IN CHANCERY, CANADA, OTTAWA, 10th May, 1887.

To J. G. Bourinor, Esquire, The Clerk of the House of Commons.

SIR,-In obedience to the Order of the House of Commons of yesterday, respecting the gazetting by me of the Returns of the last Dominion General Election, I beg to say that when the returns first began to reach me, they came in slowly, and I endeavoured, as far as possible, and did, gazette them in the order in which I received them; but afterwards they came in so fast, by every mail, some mails over thirty letters, and as many large bundles of papers, some of them being in size about two feet square, in addition to others, which, instead of being sent by mail, as the law requires, were sent by express in large boxes, all of which, before I could gazette the Member elected, required to be arranged and assorted, and the letters, returns and reports of proceedings contained in them examined and read, many of the latter being lengthy and in different handwriting.

It frequently occurred, also, that after opening and examining large piles of papers, oaths, statements and certificates of the various officers employed at the election, nomination papers and numerous other documents, that the return, or Form S, required by the Dominion Elections Act, to enable me to gazette the Member elected, was wanting, and which, in some instances, would arrive several days later, and in others would not reach me till I had written to the Returning Officers to send it, after waiting a considerable time, in the hope that they would do as others had

done-send it later, without being written to for it.

Again, many of the Returning Officers, instead of sending the Writ, Return and Report of Proceedings in a separate envelope, put them in the large bundle of papers, together with the oaths, statements and certificates of all the various election officersreports of proceedings, nomination papers, accounts, ballot papers, voters' and revisors' lists, all mixed together in one confused heap, all of which had to be carefully assorted, examined and read before I could gazette the Member returned.

Owing to the quantity of letters and large bundles of election papers which reached me by every mail, and which I was consequently unable to assort and examine before the arrival of an additional batch by the following mail, it necessarily happened, from both want of time and space, that those which came last were put on the top of the others, and were in consequence, in many instances, gazetted before those which were underneath, and which had previously arrived.

In the midst of all the above work it must not be forgotten that I had, in addi-

tion thereto, the ordinary duties of my office to perform.

I lost no time in gazetting the Members, as fast as the necessary returns and papers from the Returning Officers reached me and enabled me to do so. In this connection allusion may be made to the difference, in point of numbers, of the party complexion of the Members elected.

> I have the honour to be, Sir, Your obedient servant,

> > R. POPE. Clerk of the Crown in Chancery.

Mr. Pope laid before The House, -Articles of Agreement entered into between James Leamy and Donald McGillivray and Her Majesty Queen Victoria, represented by the Minister of Railways and Canals, Canada, for the removal and rebuilding of certain portions of the Wharf at Port Moody, British Columbia (107th Contract).

Mr. Girouard, from the Select Standing Committee on Privileges and Elections, to whom was referred the Return transmitted by John R. Dunn, the Returning Officer for Queen's County, in the Province of New Brunswick, at last Election for said Electoral District, together with all other papers laid before The House by the Clerk of the Crown in Chancery and relating to the said Election, presented the Second Report of the said Committee, which is as follows:-

That it appears, from the papers produced by the Clerk of the Crown in Chancery in obedience to the Order of the House, all of which have been referred to this Committee, that an election was duly held for the Electoral District of Queen's County, N.B, in obedience to the Writ of Election issued in that behalf, and that the Returning Officer has returned that George G. King, Esq., had not been duly nomi-

nated as a candidate at the said election.

That the question raised as to the holding of the said Returning Officer as respects the candidature of the said George G. King is one cognizable by the Supreme court in the Province of New Brunswick under the provisions of the Contested Elections Act, and that no objection has been made as to the qualification or eligibility of the said George F. Baird to sit in the House of Commons, if he be duly elected for the said electoral district.

That, in the opinion of this Committee, the House ought not to declare that the said George F. Baird is not entitled to sit in the House, but should leave the case to be disposed of under the provisions of the Controverted Elections Act, it being the intention, spirit and policy of Parliament that all questions as to the validity of the election of members to the House of Commons should be decided by the ordinary

legal tribunals of the country instead of by the House of Commons.

That, in the opinion of this Committee, upon the papers returned to the House the conduct of the Returning Officer, John R. Dunn, requires explanation; and that the said Returning Officer be ordered to appear without delay before the Bar of the House to be heard thereupon, and to answer for his conduct in returning, as elected, a candidate who did not receive a majority of the votes cast at such election.

The Committee also beg to present the following votes and proceedings of the

Committee, in accordance with its express order.

The whole respectfully submitted.

D. GIROUARD, Chairman.

The Committee on Privileges and Elections met this morning at 10 o'clock, Mr.

Girouard in the Chair.

Present:—Messieurs Beausoleil, Blake, Sir A. P. Caron, Casgrain, Chapleau, Curran, Davies, Desjardins, Edgar, Girouard, Hall, Ives, Kirkpatrick, Sir Hector Langevin, Laurier, Lister, Sir John A. Macdonald, Mackenzie, McCarthy, McDonald (Victoria), McIntyre, Mills (Bothwell), Moncrieff, Mulock, Préfontaine, Riopel, Royal, Temple, Thompson, Sir Charles Tupper (Cumberland), Weldon (Albert), Weldon (St. John), White (Cardwell).

The Clerk read the Minutes of the last meeting, and also the following Report of the Sub-Committee to enquire into the Parliamentary practice and precedents appli-

cable to the Queen's County Election case.

IN THE MATTER OF THE QUEEN'S COUNTY, N. B., ELECTION.

The Sub-Committee appointed to search for precedents applicable to this case report that in the limited time at their disposal since the reference was made, they have examined the cases in the English and Canadian records which appear to have any points in common with the one under consideration, and submit a résumé of

them as follows :-

The Grenville Act in 1770 referred to an Election Committee of the House the trial of Election Petitions, and the provisions of that Act remained in force in one form or another until the Act of 1868, which relegated all such matters to the law courts. During that long interval of nearly 100 years we have not found any case where the minority candidate was returned, nor a single precedent for action by the House of Commons independent of its Committee, in any matter relating to controverted elections or returns.

Since 1868, however, when the jurisdiction of the courts over such matters commenced, three cases at least have occurred in which the House assumed and exer-

cised a jurisdiction concurrent with that of the legal tribunals.

English Cases since the Act of 1868 referring to Judicial Tribunas, the investigation and decision of Controverted Elections:—

A

THE SYDNEY WATERLOW CASE.

In 1868 Sydney Waterlow was returned for the County of Dumfries, and a petition was filed complaining of the election (Court of Sessions, Scotland) on the ground of his having a Government contract. The petition having been withdrawn, the House appointed a Select Committee to consider whether he was disqualified from sitting and voting as a member. He was reported as disqualified, and thereupon a new writ was issued by order of the House.—(124 English Commons Journal, pp. 12, 43, 82, 88.)

B.

In 1870 O'Donovan Rossa—a convict then in [prison—sentenced to penal servitude for life for treason, was returned for Tipperary. The House, by Resolution, declared him disqualified without reference to a Committee, and ordered a new writ.—(English Hansard Debates, 10th February, 1870.)

C.

In 1875 John Mitchell was returned for Tipperary by acclamation. No question therefore arose as to the election or return; the only matter for determination being his qualification. The fact of his being an escaped convict, having been proved, the House, by Resolution, declared him disqualified and his seat vacant, and ordered

a new writ to issue. John Mitchell was again elected 4th March, 1875, returned as duly elected. Mitchell died on 20th of the same month, and a petition was filed afterwards, claiming the seat for the opposing candidate, to whom it was awarded. On this occasion, however, there was a contest, and a petition having been filed in the courts no action was taken by the House .- (English Hansard, 18th February, 1875.)

In 1882 Michael Davitt and Patrick Egan having been nominated for the County of Meath, and Egan having withdrawn, immediately after the nomination Davitt was returned, and no petition having been filed, there was, first, a motion that a record of his trial and conviction as a felon be laid on the Table of the House, and thereupon the House resolved that Michael Davitt, having been adjudged guilty of felony and sentenced to penal servitude for fifteen years, is incapable of being elected or returned as a member.—(English Hansard, 28th February, 1882.)

Before the Act of 1851 was passed the following cases were decided in the Canadian Parliament under The Upper Canada Controverted Elections Act then in force :

THE OXFORD CASE.

LEGISLATIVE JOURNALS, 1848, p. 14.

Hon. Francis Hincks and Peter Carroll, Esq., were nominated as candidates at an election held for the County of Oxford, Dec. 28, 1847.

The Returning Officer returned Peter Carroll as duly elected, and he took his seat.

Parliament assembled Feb. 25, 1848.

On Monday, Feb. 28, the Clerk of the Crown was ordered to attend with the poll books, and it appearing Francis Hincks had 813 votes and Peter Carroll 478 votes, the House resolved,

That a due regard for the rights of electors and for the privileges of this House requires that the said return should be amended according to the facts apparent up-

on the said poll books.

The House ordered the return to be amended, which was done, and the Hon. Mr. Hincks took his seat accordingly.—(Legislative Journals of Canada, 1848, p. 10.) The House resolved in

THE BEAUHARNOIS CASE.

That it appears by the return of the Returning Officer appointed to preside at the last election of a member for the County of Beauharnois and the poll book transmitted with the said return, that at the close of the poll Jacob Dewitt, Esq., had a majority of votes, and that he ought to have been returned as representative and had a right to take his seat, saving, however, to all candidates and electors their right of contesting the said election if they think proper, in such manner as may by law and justice appertain and according to the usages of Parliament.

The return was ordered to be amended, and was accordingly amended, and Mr.

Dewitt took his seat.

THE KENT CASE.

In the County of Kent election, held the 11th March, 1848, the Returning Officer made a special return that Mr. Malcolm Cameron's qualification having been challenged, he was doubtful if he was elected, and did not declare and return him as duly elected. The House, upon production of the poll books, and it appearing there that 1,079 votes were recorded for Malcolm Cameron and 540 for Hon. John Hilyard Cameron, declared that Malcolm Cameron ought to have been returned as the representative, and ordered the Clerk of the Crown to attend and amend the return by stating Malcolm Cameron was duly elected to represent the said County of Kent.

To all candidates and electors were saved their right of contesting the said election, if they thought proper, in such manner as may appertain in law and justice

according to the usage of Parliament.-Journal Upper Canada, 1848, p. 14.

CANADIAN STATUTE, 14-15 VIC., CHAP. I. 2(a).

In 1851 the Canadian Parliament adopted the phraseology of the Imperial Act then in force, as follows:—Sec. 1. Every petition complaining of any undue election or return, or complaining that no return has been made, or complaining of any special matter contained in any such return, shall be deemed an Election Petition, and shall be presented to, and all proceedings relative to it shall be had in that one of the said two Houses of Parliament for which the election was held, to which such petition relates.

Sec. 52. All election petitions received by either House shall be referred by the House to the General Committee on Elections, for the purpose of choosing Select

Committees to try said petitions.

Sec. 77. The House shall refer the petitions in each case for which a Select Election Committee has been so reported by the General Committee of Elections, to

the said committee so appointed and sworn.

Sec. 93. A Select Committee shall try the merits and shall determine whether the sitting member or any and what other person were duly returned or elected, or whether the election be void, or whether a new writ ought to issue, and such determination shall be final between the parties to all intents and purposes, and the House shall order such report to be entered in its Journals, and give such directions for carrying the said determination into execution as the circumstances may require.

CANADIAN CASES UNDER THAT STATUTE PRIOR TO THE ACT OF 1873.

GASPÉ CASE. (1852-53.)

Special Return that the result of the general poll could not be ascertained and proclaimed at the time appointed in consequence of the poll books from the Magdalen Islands not having been received, the candidates being Kavanagh and Christie. Motion that the Clerk of the Crown in Chancery should attend with the poll books, including those of the Magdalen Islands, subsequently received. Thereupon, resolution that Christie had a majority of votes, and had a right to take his seat, saving to all candidates and electors the rights of contestation. Return amended accordingly.—General Index of Journals (p. 353). Journals (1852-3), p. xviii.

BAGOT CASE. (1854-55.)

Returning Officer was himself a candidate, and returned himself as duly elected-Motion that he be declared disqualified. In amendment, that the matter be referred to the Committee on Privileges and Elections. Amendment rejected; motion adopted.—General Index to Journals (p. 351). In Journals, pp. 10, 12, 14, 21, 23.

LENNOX AND ADDINGTON. (1862.)

Returning Officer made special Return giving number of votes cast for each candidate, but stating that as several of his deputies did not use correct voters' lists, he was unable to report which candidate was elected. The House ordered the attendance of the Clerk of the Crown in Chancery with poll books, &c., and thereupon by motion resolved that Mr. Hooper had the majority of votes, and should have been declared returned, and had the right to take his seat, saving to all candidates and electors the right of contesting the same. Clerk to amend Return, and Return amended accordingly.—General Index to Journals (p. 355). Journals of 1862 (p. 12).

ESSEX CASE (1863).—SPECIAL RETURN.

Returning Officer reporting that even after investigation he was unable to decide who had the majority of votes. Motion, that it appears by the poll books, &c., that Rankin had a majority. Amendment, that Return being special is properly cognizable by the Committee under the Controverted Elections Act, negetived. Amendment, that the Return and accompanying documents do not establish a state of facts to warrant the action of the House, otherwise than in due course of law upon Election Petitions, negatived. Amendment, that grave irregularities appear in certain poll

books, and that the Returning Officer and his deputies do attend for examination, negatived. Main motion negatived on casting vote of the Speaker (Walbridge), who gave his reason as follows: When matters of fact connected with Election Petitions have to be enquired into, it is necessary to go before an Election Committee, but otherwise with matters of law, which the House should decide without reference to the Committee.—Journals, August 20, Session 1865 (p. 36).

MUSKOKA CASE (1873).—SPECIAL RETURN.

Clerk of Crown in Chancery to attend with returns, poll book, &c. Attends

accordingly.

Resolution, that it appears by the poll books and other papers that of the two candidates, Cockburn and Boulton, the former had a majority of 122 votes, but that in consequence of certain irregularities in the polling divisions of Morrison and Parry Sound, the Returning Officer declared himself unable to make a Return; and that the said Cockburn ought to have been returned, and has a right to take his seat. Return amended.

WEST PETERBOROUGH CASE (1873) .- MARCH SESSION.

Motion, that it appears by the poll books, &c., that Bertram and Cluxton were candidates; that Bertram received the majority of votes, but that Returning Officer declared Cluxton duly elected notwithstanding, and that Bertram ought to have been returned, and has a right to take his seat. Amendment, to refer the Returns and papers to Committee on Privileges and Elections to report the proper course to be Second Amendment, that the House deems it proper to assert its jurisdiction and forthwith to redress the flagrant violation of law and duty apparent in the papers which has been committed by returning the defeated candidate and declaring that Mr. Bertram should have been returned and has a right to take his seat. This Amendment negatived. First Amendment (to refer to Committee) carried, and Petition referred accordingly. Report, that the House ought to leave the case to be disposed of under the Controverted Elections Act.-General Index to Journals of the House, p. 128; Journal, pp. 5, 6, 32, 47.

SOUTH RENFREW CASE (1873) .- MARCH SESSION.

Petitions from Electors complaining of illegal practices at the elections, and praying that the Returning Officer and his deputies be summoned to the bar of the House to answer therefor. Motion to refer Petition to Committee of Privileges and Elections to report their opinion thereon; objection taken that this is an Election Petition, that there is no recognizance, and that it cannot be entertained. Mr. Speaker sustains the objection. Poll books, &c., referred to the Committee on Privileges and Elections to report as to the conduct of the Returning Officer .- General Index to Journals, p. 129; Journals, pp. 5, 16, 17, 20.

CANADIAN STATUTE, 36 VIO., CHAP. 28.

In 1873, the Canadian Parliament adopted the Imperial Act then in force as

follows :-"All Elections held after the coming into force of this Act shall be Sec. 51. subject to the provisions thereof and shall not be questioned otherwise than in accordance therewith."

VICTORIA, N.S. (1875.)

In this case no statement by the Deputy Returning Officer in one of the ballot boxes. The Returning Officer therefore ignored the poll and returned Campbell who had a majority at the other polling places, but who would have been in a minority had all the polling places been taken into account. Upon a petition to the House by certain of the electors to deal with the Returning Officer, it appearing that the subject of the election contest and question was then before the Courts, no action was taken upon the petition.—Hansard, March 20th, 1875, p. 808.

KING'S COUNTY, PRINCE EDWARD ISLAND, CASE. (1883.)

Special Return, by which it appeared that Robertson received the highest number of votes, but it having been represented to the Returning Officer at the time of summing up that he (Robertson) was at the time of his nomination a member of the Provincial House of Assembly, he was in the opinion of the Returning Officer disqualified for being elected a member of the House of Commons. Accordingly, he certified that Mr. Macdonald had the next highest number of votes given at such election. The matter having been brought up in the House as a question of privilege, was referred to the Committee on Privileges and Elections. A majority of the Committee reported that Robertson was at the time of his election a member of the House of Assembly of Prince Edward Island, and therefore disqualified to be a member of the House of Commons, that according to the express terms of the 2nd section of the Dominion Act of 1872 the majority of votes given Robertson were thrown away, that it was the duty of the Returning Officer to return Macdonald as the duly elected member; and that the return be amended accordingly. When the report came before the House, after a number of amendments which were negatived, the report was finally concurred in and Mr. Macdonald declared elected .- Journals, 1883, 1. Hansard, 1883, Feb. 19th, March 1st and 9th, and April 25th.

The whole respectfully submitted.

D. McCarthy, C. W. WELDON, L. H. DAVIES, } Sub-Committee. ROBT. N. HALL, JOS. ROYAL,

Mr. McCarthy moved, That it appears from the papers produced by the Clerk of the Crown in Chancery in obedience to the Order of The House, all of which have been referred to this Committee, that an election was duly held for the Electoral District of Queen's County, N.B., in obedience to the Writ of Election issued in that behalf, and that the Returning Officer has returned that George F. Baird, Esq., a candidate at the said election, has been duly elected to represent the said Electoral District, the said Returning Officer having held that George G. King, Esq., had not been duly nominated as a candidate at the said election.

That the question raised as to the holding of the said Returning Officer as respects the candidature of the said George G. King, is one cognizable by the Supreme Court in the Province of New Brunswick, under the provisions of the Contested Elections Act, and that no objection has been made as to the qualification or eligibility of the said George F. Baird to sit in the House of Commons if he be duly elected for the

said electoral district.

Resolved, That in the opinion of this Committee the House ought not to declare that the said George F. Baird is not entitled to sit in the said House, but should leave the case to be disposed of under the provisions of the Controverted Elections Act, it being the intention, spirit and policy of Parliament that all questions as to the validity of the election of members to the House of Commons should be decided by the ordinary legal tribunals of the country instead of by the House of Commons.

Mr. Weldon (St. John) moved in amendment, That by the poll books and return laid before the House, it appears that George G. King, Esq., had a majority of votes and should have been returned as the Member-elect.

That a due regard of the rights of electors and for the privileges of this House. requires that the said return should be amended according to the facts apparent upon

the poll book.

That the Returning Officer be ordered to attend at the Bar of this House to amend the return to writ of election in this case by returning the said George G. King as elected, saving to all candidates and electors the right of contesting the said election if they think proper, in such manner as may by law and justice appertain, and according to the usages of Parliament.

The amendment being put was negatived on the following division:—
YEAS.—Barron, Beausoleil, Casgrain, Davies, Edgar, Laurier, Lister, Mackenzie,

McIntyre, Mills (Bothwell), Mnlock, Préfontaine, Weldon (St. John).—13.

NAYS.—Sir A. P. Caron, Curran, Desjardins, Girouard, Hall, Ives, Kirkpatrick, Sir Hector Langevin, Sir John A. Macdonald, McCarthy, McDonald (Victoria), Moncrieff, Riopel, Temple, Thompson, Sir Charles Tupper (Cumberland), Weldon (Albert), White (Cardwell).—18.

Mr. Edgar also moved in amendment, That the Committee do report that the House of Commons has never divested itself of its inherent jurisdiction to summarily correct the Return of a Returning Officer, after an election has been held for a member of the House, when it appears from the papers before the House that the Return is false in not showing the true result of the summing up of votes cast; and that to hold otherwise would place it in the power of Returning Officers to seat candidates who were not chosen by the qualified electors, and who could sit and vote until the rights of the majority candidate might be asserted by prolonged and expensive litigation in the courts; and further, that it is against the Statute law and the usages of Parliament, that the onus of proving his right to the seat in the courts should, by the act of the Returning Officer, be thrown upon the candidate who has received the majority of votes; and that the above principles should be applied to the Queen's County case.

The amendment was lost on the following division:-

YEAS.—Barron, Beausoleil, Casgrain, Davies, Edgar, Laurier, Lister, Mackenzie,

McIntyre, Mills (Bothwell), Mulock, Préfontaine, Weldon (St. John).—13.

NAYS.—Sir A. P. Caron, Curran, Desjardins, Girouard, Hall, Ives, Kirkpatrick, Sir Hector Langevin, Sir John A. Macdonald, McCarthy, McDonald (Victoria), Moncrieff, Riopel, Temple, Thompson, Sir Charles Tupper (Cumberland), Weldon (Albert), White (Cardwell) .- 18.

The main motion being put was carried on the same division, reversed.

Mr. Casgrain moved, That in the opinion of this Committee, upon the papers returned to the House, the conduct of the Returning Officer, John R. Dunn, requires explanation; that the said Returning Officer, John R. Dunn, be ordered to appear without delay before the Bar of the House to be heard thereupon and to answer for his conduct in returning as elected a candidate who did not receive a majority of the votes cast at such election.

The motion was carried unanimously.

Mr. McCarthy moved, That the Chairman be ordered to make his return to the House accordingly, together with all the votes and proceedings.

The following Bills were severally introduced, read the first time, and ordered for a second reading to-morrow, viz .:-

By Mr. Scarth :- Bill No. 79, to consolidate and amend the Acts relating to the Winnipeg and Hudson Bay Railway and Steamship Company, and to change the name thereof.

By Sir Donald Smith :- Bill No. 80, to incorporate the South-Western Railway

Company ; -and

By Mr. Grandbois: -Bill No. 81, to confirm and amend the Charter of incorporation of the Temiscouata Railway Company.

On motion of Mr. Girouard, it was Resolved,-That John R. Dunn, the Returning Officer charged with the Writ of Election for the Electoral District of Queen's County, N. B., be ordered to attend at the Bar of The House without delay to answer for his conduct in returning as elected a candidate who did not receive a majority of the votes cast at such election, as recommended by the Select Standing Committee on Privileges and Elections.

On motion of Mr. Watson, it was Ordered, That the First Order of the Day, of this day,—for the consideration in Committee of the Whole of certain Resolutions on which to found an Address to His Excellency the Governor General, praying that he will be graciously pleased to effectuate the altered policy stated to the House of Commons on the 5th February, 1884, and in pursuance thereof to leave to their operation any Acts of the Local Legislature, not otherwise objectionable, which have been or may be passed for the construction of Railway Lines within the original Province of Manitoba,—was made the First Order of the Day for Tuesday next, the 17th instant.

On motion of Sir Charles Tupper, The House went into Committee of Ways and Means.

(In the Committee.)

The following Resolutions were adopted:-

No. 23.

VOTES AND PROCEEDINGS, HOUSE OF COMMONS.

OTTAWA, FRIDAY, 13TH MAY, 1887.

PRAYERS.

Six Petitions were brought up, and laid on the Table.

The following Petitions were read and received:-

Of the Municipal Council of the Township of Hay; of the Municipal Council of the Township of Goderich; and of the Municipal Council of the Village of Bayfield, all of the County of Huron; of the Municipal Council of the Township of Burford, County of Brant; of the Municipal Council of the Town of Dundas, County of Wentworth; of the Municipal Council of the Township of Hullett, County of Huron; of the Woodstock Board of Trade; of the Municipal Council of the Township of West Zorra, County of Oxford; and of the Municipal Council of the Township of Blanshard, County of Perth, all of Ontario; severally praying the House to take into their favourable consideration the advisability of granting such aid to the Brantford, Waterloo and Lake Erie Railway Company as will enable them to construct their proposed branch or branches.

Of James Neely and others, of the Village of Kirkton; and of D. W. Dulmage and others, of the Village of Kirkton and vicinity, all of the County of Perth, Ontario; severally praying that the Bill now before Parliament to amend the Act to incorporate the Brantford, Waterloo and Lake Erie Railway Company, may

become law.

Of the Municipal Council of the Township of Magog; praying the House to grant the additional corporate powers asked for in the petition of the Waterloo and Magog Railway Company.

Mr. Wood (Brockville), from the Select Standing Committee on Standing Orders, presented the Seventh Report of the said Committee, which is as follows:—

The Committee have examined the Notices given on the following Petitions, and find them sufficient, viz.:—Of Fanny Margaret Riddell, of Beaconsfield, in the Province of Quebec, for an Act to declare her marriage with George Field Herchmer to be dissolved, and that she be divorced from him; and of the Richelieu and Ontario Navigation Company, for an Act to define more clearly the manner in which its meetings shall be presided over, and for power to issue a larger amount of debentures.

The Committee have also examined the Petitions of Edward King Dodds and others, for an Act of Incorporation under the name of the Canadian Horse Insurance Company; of the Winnipeg and Hudson's Bay Railway and Steamship Company,

for an Act to consolidate and amend the several Acts relating to the Company, and to extend its Railway from Winnipeg in a southerly direction to the United States Beundary Line; and of the Edmonton and Saskatchewan Land Company, for an Act to authorize the Company to convey its lands to the Shareholders in consideration of the surrender of their shares; -and find that the Notices given thereon are short in point of time, but as they will have fully matured before the Bills, based upon these Petitions, can be considered by the Committees to which they may be respectively referred, the Committee recommends that they be deemed sufficient.

On the Petition of the Pictou Bank, for an Act authorizing them to wind up their affairs, Notice has been published for two weeks only, but as a Resolution, authorizing the Directors to make application for the said Act, was adopted unanimously at the last annual general meeting of the Shareholders, and as it is claimed by the promoters that it is in the interests alike of the Shareholders as well as of the locality in which the Bank is situated that the proposed measure should become law. the Committee recommend that the 51st Rule of the House be suspended in reference

to this Petition.

On examining the Petition of the South Saskatchewan Valley Railway Company, for an Act empowering them to construct their line from Regina in a north-westerly direction to the Elbow of the North Saskatchewan River, with certain extensions, and for other purposes, the Committee find that the route therein proposed to be adopted does not agree with the route as defined in the Notice, and that as no evidence has been adduced to show that the change of route, if allowed, will not prejudicially affect any vested rights which may exist, the Committee recommend that the Petitioners be restricted in the provisions of the Bill within the terms of their Notice.

The time for receiving Petitions for Private Bills will expire to-day, and for presenting Private Bills on Friday next; the Committee therefore recommend that the former be extended to Monday, the 30th of May instant, and the latter to Monday, the 6th of June next.

On motion of Mr. Wood (Brockville), the time for receiving Petitions for Private Bills was extended to Monday, the 30th day of May instant, and the time for presenting Private Bills was extended to Monday, the 6th day of June next, in accordance with the recommendation of the Select Standing Committee on Standing Orders.

The following Bills were severally introduced, read the first time, and ordered for a second reading on Monday next, viz .:-

By Mr. Smith (Ontario): -Bill No. 82, to incorporate the Oshawa Railway and Navigation Company.

By Mr. Kenny: -Bill No. 83, to incorporate the Londonderry Iron Company. By Mr. Scarth: -Bill No. 84, respecting the Edmonton and Saskatchewan Land Company (Limited).

the Pictou Bank.

Saskatchewan Valley Railway Company.

By Mr. Small:—Bill No. 88, to incorporate the Canadian Horse Insurance

Company.

Mr. Speaker decided,—"That as the granting the prayer of this Petition would

involve the disposal of Public Property, it cannot be received."

Mr. Speaker informed The House, that the Clerk had laid on the Table, a Return from the Clerk of the Crown in Chancery, in obedience to the Order of The House of the 11th instant, for copies of Return, if any, made by Returning Officer for Haldimand, at Election of 1887, after making his final addition, or of his declaration, if no such return was made, and of his return made after the recount by the County Judge.

Mr. Wood (Brockville), from the Select Standing Committee on Standing Orders, presented the Ninth Report of the said Committee, which is as follows:—

The Committee have examined the Petition of the Pontiac Pacific Junction Railway Company, for an Act granting additional powers to the said Company, and

The Committee find that the Notices given on the Petitions of C. J. Campbell and others, for certain amendments to the Act incorporating the Imperial Guarantee and Loan Company, and of David Creighton and others, for an Act of Incorporation under the name of the Standard Printing and Publishing Company (Limited), are short in point of time, but as they will have fully matured before any action can be taken on the Bills by the Committee to which they may be referred, the Committee recommend that they be deemed sufficient.

Upon examining the Petition of the Ottawa and Gatineau Valley Railway Company, for an Act to ratify and confirm their Provincial Act of Incorporation, and to enable them to extend their line of Railway, the Committee find that power is asked by the Petitioners to bridge the Ottawa River and enter the City of Ottawa, of which no mention is made in the Notice; the Committee therefore recommend that the Petitioners be restricted in the provisions of their Bill within the terms of their

Notice, which in every other respect is sufficient.

5th. The number of Chinese who have entered the Dominion during the same

period, as students, men of science, or travellers.

6th. The cost to the Dominion of administering the Chinese Restriction Act for the last fiscal year.

Mr. Watson moved, That Mr. Speaker do now leave the Chair for The House to go into Committee of the Whole, to consider the following proposed Resolutions:-

1. That under the terms of Union each of the Provinces of the Dominion as existing in 1881, at the time of the confirmation by Parliament of the charter granted to the Canadian Pacific Railway Company, had full Legislative authority to provide for the construction of local railways running from one point to another

within the limits of the Province.

2. That by Section 15 of the Charter it is provided as follows, viz :- "For "twenty years from the date hereof, no line of railway shall be authorized by the "Dominion Parliament to be constructed south of the Canadian Pacific Railway "from any point at or near the Canadian Pacific Railway, except such line as shall "run south-west or to the westward of south-west, nor to within 15 miles of latitude "49°, and in the establishment of any new Province in the North-West Territories, "provision shall be made for continuing such prohibition after such establishment "until the expiration of said period."

3. That during the debate in the House of Commons on the Act to confirm the charter, objection was taken to the monopoly and limitation proposed to be created

by the said clause.

4. That during the debate in explanation of its real meaning and effect, and of the policy of the Government on the subject, and with a view to obviate such objection, the Right Hon. Sir John A. Macdonald, then and now First Minister, used the following language:-

"In order to give them a chance we have provided that the Dominion Parlia-" ment-mind you, the Dominion Parliament, we cannot check any other Parliament, "we cannot check Ontario, we cannot check Manitoba-shall, for the first ten years "after the construction of the road, give their own road, into which they are put-

"ting so much money and so much land, a fair chance of existence."

5. That thereafter in the course of the debate, Thomas White, Esq., then a supporter and now a Member of the Government, with the same object used the follow-

"But we are told now that because of the fifteen miles there never can be any "other railway into this country. To what does that apply ?-simply to the Ter-"ritories over which the Dominion Parliament has control. There is nothing to " prevent Manitoba now, if it thinks proper, granting a charter from Winnipeg to the "boundary line. At this very moment there is a company in course of organization "to build a railroad from Winnipeg to West Lynn on the boundary, and after this "agreement is ratified. This provision does not take away from Manitoba a single "right it possesses. In fact this Parliament could not take away those rights. It " has the same rights as the other Provinces for the incorporation of railway com-" panies within the boundary of the Province itself, and there is nothing to prevent "the Province of Manitoba from chartering a railway from Winnipeg to the boundary "to connect with any southern railway. The only guarantee which this company has under the contract, is that the traffic shall not be tapped far west on the " prairie section, thus diverting the traffic away from their line to a foreign line. "But there is nothing to prevent a railway being built in Manitoba within the Pro-"vince that would carry the traffic to any railway that may tap it from the "American side. That is the position with respect to this matter."

6. That on the explanations made Parliament confirmed the charter.

7. That three Provinces of the Dominion, viz.: - Manitoba, Ontario, and British Columbia, are or may be affected by the construction to be placed on the said provision and the policy of the Government in regard thereto.

8. That since the confirmation of the said charter, the Local Legislature of Manitoba has passed several Acts creating companies for the construction of Rail-

ways within the Province.

9. That some of these Acts have been disallowed, on the advice of the Government of the day, on the ground as expressed in the report of the Minister of Justice, of date Jan. 4th, 1882, approved by Order in Council, Jan. 12th, 1882, that the Acts conflict with the settled policy of the Dominion as evidenced by the clause in the contract with the Canadian Pacific Railway Company, which was ratified and adopted by Parliament.

10. That on the 5th Feby., 1884, Sir Charles Tupper, then Minister of Railways, in proposing to this House resolutions authorizing a large loan to the Canadian Pacific Railway Company, with a view to induce the House to agree to the said loan and with the object of expounding authoritatively the policy of the Government

on the subject, made the following statement:-

"I showed on a former occasion that the present Government had adopted the "policy of their predecessors in regard to what is called the monopoly in the Pro-"vince of Manitoba; that when the late Government undertook to carry on the con-" struction of the Canadian Pacific Railway as a Government work, they felt bound " to protect the traffic of the roal from being drawn off to lines to the south of us "in the adjoining Republic, and had consequently refused to issue a proclamation "which would charter lines within the Province of Manitoba to connect with " American lines to the south. I said that the present Government, when we came "into power, adopted that policy; that we felt as our predecessors did, that, grappling with so gigantic a work as the construction of the Canadian Pacific "Railway, we were bound to adopt every possible means of protecting our own line against having its traffic drawn to lines to the south—and, mark you, this " was at a time when we did not contemplate at an early day carrying the Canadian "Pacific Railway further than Port Arthur. I said further that when we made Railway Pacific the Canadian "at once the line north of Lake Superior, giving us an all-rail route from Montreal to the Pacific Ocean, or from Callander to the Pacific obligatory upon "Ocean, we felt obliged to give to that Company, upon which we imposed such "onerous obligations, all the security that we had considered necessary, and that "our predecessors in the Government had considered necessary, for the protection of "the Canadian Pacific Railway. But I am glad to be able to state to the House, "that although true to that policy, the Government refused to give assent to the "construction of lines within the Province of Manitoba to connect with American "railways to the south, such is the evidence presented by the operation of the line "so far as it has gone, such is the conclusion arrived at by the Canadian Pacific Rail-"way Company itself in regard to the ability of a through line of the Canadian "Pacific Railway to take care of itself, and by the inherent power of its own advan-"tages to maintain its position notwithstanding any competition to which it may be "subjected, we are now in a position to review and to reconsider the policy of the "late Government and the policy of the present Government, as to the continued "necessity for any long period of protecting the Canadian Pacific Railway against "competition within the Province of Manitoba, and I am glad to be able to state to "the House that such is the confidence of the Canadian Pacific Railway Company "in the power of the Canadian Pacific Railway to protect itself that when the line "is constructed north of Lake Superior, the Government feel it will not be incum-"bent upon them to preserve the position they have hitherto felt bound to preserve, "that of refusing to consent to the construction of lines within the Province of "Manitoba, connecting it with American railways to the south. I can give no better "evidence to the House and the Country of the advanced position which we con-"sider this great enterprise of the Canadian Pacific Railway has attained, than "when I say that I feel it is consistent with what we owe to the people of this Coun-"try and to that great national work, that the Government should not deem it incum-"bent on themselves to pursue the restrictive policy within the Province of Mani-"toba which we have hitherto been obliged to maintain."

11. That upon the said explanation and statement Parliament agreed to the

loan.

12. That the line of the Canadian Pacific Railway has been constructed north of

Lake Superior.

13. That by an Act passed by the Local Legislature of Manitoba on the 3rd June, 1884, entitled "An Act to amend An Act to incorporate the Manitoba Central Railway Company and Amending Acts," power was given to the Manitoba Central Railway Company to construct a Railway as follows: "From the Town of Morris southerly to the boundary line of the said Province between the Red River and the first principal meridian within the said Province," and providing that no portion of said Railway should be built in the portion of Territory added to the said Province in the year 1881 in such a way as to contravene the terms in which said Territory was added to the said Province.

14. That the authentic copy of said Act did not reach the Secretary of State for Canada until after the first day of April, A.D. 1885, about ten months after its passage.

15. That the said Act was, notwithstanding the premises, disallowed in or about

April, 1886.

16. That discontent has been created by reason of the said policy of disallowance; and that the rights of the Provinces, the interests of Manitoba and the declared policy

of the Government all point to the propriety of no longer persisting therein.

17. That a humble Address be presented to His Excellency the Governor General, setting forth the preceding Resolutions, and praying that His Excellency will be graciously pleased to effectuate the altered policy stated to the House of Commons on the 5th February, 1884, as in the 10th Resolution set forth; and in pursuance thereof to leave to their operation any Acts of the Local Legislature, not otherwise objectionable, which have been or may be passed for the construction of Railway Lines within the original Province of Manitoba.

And a Debate arising thereon;

And the House having continued to sit until 12 of the clock, midnight;

FRIDAY, 27th May, 1887.

And the question being put on the said motion,—it was negatived on the following division:—

The Sergeant-at-Arms reported that, in obedience to the Order of the House,

Mr. Dunn was in attendance.

Mr. Dunn was then called in, and at the Bar examined as follows:-

By Mr. Weldon (St. John): -

1. Were you the Returning Officer for the Electoral District of the County of Queen's, N.B., at the late election, and who was your Election Clerk ?-Being a layman, I would like to have the assistance of Counsel, to protest against these proceedings being taken against me by The House of Commons, and also to advise and assist me in whatever things may be necessary.

Mr. Thompson moved, That John R. Dunn, who is about to be heard at the Bar, be allowed the assistance of Counsel to advise him and to argue any questions of law

Mr. Edgar moved in amendment thereto, That all the words after the word "That" be struck out, and the following added in lieu thereof: "after the questions submitted by this House have been answered to the satisfaction of this House, Mr. Dunn be authorized to be heard by Counsel to argue the question of his responsibility for his conduct."

Mr. Dunn was ordered to withdraw.

NAYS:

Messieurs

Edwards, and

Trow. -2.

Mr. Dunn was then called in and informed that he had the permission of the House to be assisted by Counsel.

J. N. Lyon and A. Ferguson, Esquires, then appeared as Counsel for Mr. Dunn. The question submitted by Mr. Weldon (St. John) was again asked as above. Counsel objected to the examination proceeding further.

Objection overruled.

A. I was the Returning Officer for the electoral district of Queen's, N.B., and

my election clerk was C. T. Williams.

2. Look at No. 3, Votes and Proceedings of the House. Is the writ and letter of Mr. Pope, on pages 13 and 14, true copies of the writ and instructions sent you, and is the return you made correctly set out on pages 15 and 16?—Not having the original written instructions and my correspondence with the Clerk of the Crown in Chancery and my return, I am unable to say that these are, word for word, copies of those returns, etc., but, so far as I am able to recollect, I believe they are of the same substance. I believe they are correct, so far as I can recollect.

3. Look at No. 9, Votes and Proceedings now shown to you. Is the report of the proceedings set out therein on pages 73 to 78, inclusive, signed by your election clerk, a correct statement of the proceedings of the election, and are the statements on pages 79 and 80, correct copies of the statements of the Returning Officers?—I would like to have the originals produced. My answer to the last question will about reply to this question also—that so far as I know these are correct copies. I

believe them to be correct.

4. When were you first informed of the objection as to the deposit, or that it would be taken? By whom, and how long prior to the 5th March?—The first information I got that any objection as to the paying of the deposit was to be made was from the newspaper. The 5th March was on Saturday, and it was some time in the beginning of that week that I saw the editorial in the newspaper—the Sun, I think—stating that the Agent of Mr. Baird was thinking of making objections to the nomination paper on account of the deposit being wrongly made.

5. Did you not state at the time of the declaration that you had obtained law books from Mr. Currey, and looked into the question? When did you get the law books and look into the question?—I did not state at the day of declaration that I

had obtained law books from Mr. Currey and looked into the question.

6. Did you obtain law books from Mr. Currey, or any other person, and look into the question prior to or on the 5th of March? If from any other person, from whom?—

Am I supposed to answer this question literally? I do not remember having obtained any books from Mr. Currey. I remember of having bought books ever since I was five or six years old from other people. I am unable to mention the different parties. I did not obtain any books from Mr. Currey prior to 5th March—that is, with respect to this question—or from any other person; although—nor on 5th March. I was going to say that previous to that time I had obtained some; but it was previous to the elections. I had obtained some law reports that he had, but it was previous to my being Returning Officer, previous to my being appointed; but I had no books in relation to this question from him or any other person.

7. Did anyone assist or advise you as to this question of the validity of the deposit, prior to or on the 5th of March, and show you any authorities on the subject? If so, who so assisted and advised you?—Prior to 5th March no one assisted me or advised me as to the question of the validity of the deposit, but on the 5th March, declaration day, the matter was argued before me by Mr. Currey, agent for Mr. Baird,

and by Mr. Gregory, agent for Mr. King.

8. What is your occupation?—I am a teacher by occupation—a public school teacher.

9. Were you, at the time of your appointment as Returning Officer, or at any time prior, a member of any political association? If so, how long prior, and in what capacity were you therein?—At the time of my appointment as Returning Officer I was not a member of any political association, but I was the secretary of the Liberal-Conservative Association of Queen's County prior to my appointment. How long before I am not in a position to say, because I cannot remember. I may have been

within a month. I cannot tell exactly.

10. Did you apply for the position of Returning Officer personally or by letter, and to whom? Were you aware or informed anyone had applied on your behalf for the position? If so, who were you informed had done so?—I applied for the position of Returning Officer. I asked a certain prominent political man of our county to use his influence to get me the position. I applied to Hugh McLean first, and afterwards I applied by letter to Mr. Baird for the position. I was informed

that Mr. Baird had applied for me.

11. For what reason when you made your return did you not return the ballot papers and proceedings to the Clerk of the Crown in Chancery? Did you consult anyone as to your doing so, and who were your legal advisers?—I did not return the ballot papers to the Clerk of the Crown in Chancery at the time I made my return, because I had been served with a certificate from the Judge of the County Court for a recount. I did consult a legal gentleman as to my act: the legal gentleman whom I consulted was Ezekiel McLeod, Q.C., of St. John.

By Mr. Weldon:

12. Had you not refused to act upon the Judge's order for the recount? Was not that order served on you before you made any return?—I had refused to act upon the Judge's order for a recount. That order was served on me before I made my returns.

By Mr. McCarthy:

13. Why did you refuse to act on the order of the Judge for the recount?—I refused to act on the order of the Judge for a recount, because a rule nisi for a writ of prohibition was served upon me by order of Judge Tuck.

By Mr. Weldon:

14. Were you a party named in such rule nisi? Was it not in consequence of something said to you by Mr. Currey, the Counsel for Mr. Baird, as to statements made by Judge Tuck that you refused to act on the recount? Did you not state to Judge Steadman that it was in consequence of Judge Tuck's statement, as repeated to you by Currey, that you refused to act on recount?—I have the copy of a rule nisi for a writ of prohibition which was served upon me,

here, and I place it in the hands of one of my Counsel, and he may read it here for the information of The House, if The House permits. It was not in consequence of something that Mr. Currey, the Counsel for Mr. Baird, said—it was not in consequence of something said to me by Mr. Currey as to statements made by Judge Tuck, that I refused to act on the recount. I did not state to Judge Steadman that it was in consequence of Judge Tuck's statement, as repeated to me by Mr. Currey, that I refused to act on the recount.

By Mr. Thompson:

15. Will you produce the copy of the rule nisi served on you?—I produce the copy of the rule nisi that was served upon me.

The rule nisi was then read at the Table, and is as follows:-

IN THE SUPREME COURT.

Ex parte, George F. Baird.

Upon motion of Mr. L. A. Currey, and upon reading the affidavits of George F. Baird and Lemuel A. Currey, I do order that James Steadman, Esquire, Judge of the County Court for the County of Queen's, in the Province of New Brunswick, T. Medley Wetmore and George G, King, at the next Easter term of this Honourable Court, do show cause why a Writ of Prohibition should not issue to prohibit James Steadman, Esquire, the Judge of the County Court for the County of Queen's aforesaid, from in any way further proceeding with or to make a recount or final addition of the votes given for said George F. Baird and George G. King at the election held on the twenty-second day of February last past of a member to represent the Electoral District of the County of Queen's, in the Province of New Brunswick, in the House of Commons of Canada, and from certifying the result of any such recount or final addition of said votes to the Returning Officer of said Electoral District of the County of Queen's, and in the meantime and until further order of this Court, let all further proceedings with, on or with reference to said recount or final addition of said votes, and such certificate of the result of any such recount or final addition of votes, be stayed.

Dated, March the ninth, A.D. 1887.

(Signed)

W. H. Tuck,

Judge of the Supreme Court.

16. Are proceedings relating to the recount and the prohibition still pending in the Supreme Court of New Brunswick?—From report, the proceedings relative to the recount and the prohibition are still pending. The rule was made absolute in the Supreme Court of the Province of New Brunswick, but the case had not been argued. The rule has been made absolute. Perhaps I am wrong. I say from report I saw in the newspaper that the rule had been made absolute.

By Mr. Weldon (St. John):

17. You refused to act upon Judge Steadman's order for the recount on account of Judge Tuck's order, yet did you not make a return to the Clerk of the Crown in Chancery without the ballots and proceedings, although you were aware the proceedings were going on in the Supreme Court?—I refused to act upon Judge Steadman's order for the recount on account of Judge Tuck's order, yet, on the advice of Ezekiel McLeod, Q.C., ex Attorney General of the Province of New Brunswick, or one of the ex-Attorney Generals, I made my return to the Clerk of the Crown in Chancery without the ballots and proceedings, although I was aware by report that the proceedings were going on in the Supreme Court.

18. If you believed Judge Tuck's order extended to you as Returning Officer, how did you, in the face of a peremptory stay of proceedings on it, make a return nevertheless of Mr. Baird, the minority candidate?—I acted upon the advice of Mr. McLeod. I produced the rule nisi for a writ of prohibition when I consulted him, and

he told me it was simply against the recount, not against any return.

19. Why, then, did you not forward the ballot papers and proceedings with the return ?-I did not forward the ballot papers and proceedings with the return because

I was advised not to do so by Mr. McLeod.

20. Do you know Mr. L. A. Currey? What is his profession and where does he reside? Had you any conversation or correspondence with him touching the objections to the candidature of Mr. King-state the substance of the conversation or correspondence ?- I know L. A. Currey. I believe he is a lawyer and he resides in St. John. On the night previous to the election he walked out to the road with me when I was taking my usual walk, and told me he was going to object the next day, or he was talking about it; but I had no correspondence with him touching the objection to the candidature of Mr. King.

By Mr. Davies:

21. Why did you return the minority candidate Baird instead of the majority candidate King ?-I returned the minority candidate Baird instead of the majority candidate King, because after hearing the arguments that had been advanced before me on declaration day, both pro and con, I considered that Mr. King had not been properly nominated, and therefore could not be returned by me as the man having the majority of the legal votes; and afterwards, before I made my return, I consulted counsel, Mr. McLeod, and the counsel advised me to make the return that I did.

By Mr. Weldon (St. John):

22. Was it under the advice of Mr. E. McLeod that you returned Mr. George F. Baird as member-elect by acclamation? Was such advice in writing, and when received by you?-It was under the advice of Mr. E. McLeod that I returned Mr. George F. Baird as member-elect by acclamation. The said advice was both verbal and in writing. I am not in a position to say exactly when it was given. It was received by me prior to the time that the return was sent and made.

By Mr. Landry:

23. Did you, on nomination day, before two o'clock in the afternoon, advise Mr. King, or anyone for him, to have a legally appointed agent ?-On nomination day, before three o'clock in the afternoon, I did advise Mr. Wetmore to advise Mr. King to appoint an election agent, as I believed that Mr. King was rendering himself at that time liable to the penalty of a misdemeanor by not appointing him, by not appoint-

ing one. I say it was before two o'clock.

24. Did you know on nomination day that the law required candidates to appoint agents and to notify you of the fact before two o'clock, and did you then know, or had you considered the legal effect of the deposit being made by anyone on behalf of the candidate outside of the regularly appointed agent ?- I knew on nomination day that the law required candidates to appoint agents and to notify me of the fact before two o'clock; but I did not then know that the non-appointment of such an agent or the payment of a deposit by a person not an agent would have the effect I afterwards judged it would have upon the nomination paper.

On motion of Mr. Landry, it was Resolved, That Mr. John R. Dunn be discharged from further attendance on The House.

A Message was received from the Senate agreeing to the following Bills, without amendments, viz .:-

PRAYERS.

Ten Petitions were brought up, and laid on the Table.

Mr. Wood (Brockville), from the Select Standing Committee on Standing Orders, presented the Eleventh Report of the said Committee, which is as follows:—

The Committee have examined the Notices given on the following Petitions, and find them sufficient, viz.:—Of the Guelph Junction Kailway Company, for an Act empowering them to extend their line of Railway; and of the Western Counties Railway Company, for an Act to declare their Railway to be for the general advantage of Canada, and for certain powers as to debenture stock and preference shares.

On the Petition of the New Brunswick Railway Company, for power to make a further issue of debenture stock and to declare the Fredericton Railway to be for the general advantage of Canada, Notice was published for one week only, but as the proposed measure will, if passed, only affect the interests of the shareholders, and as evidence has been adduced to show that the full consent of the shareholders has been given thereto, the Committee recommend that the 51st Rule of The House be suspended in reference to this Petition.

Dunn, the Returning Officer of the Electoral District of the County of Queen's, N.B, at the last election for the said District, and it appearing that nominations were received, a poll granted and held, and that at the summing up of the votes George G. McMullen,

Mallory,

And the question being put on the main motion, as amended, it was agreed to, on the same division.

On motion of Mr. Rykert, the Select Standing Committee on Public Accounts obtained leave to employ a Short-hand Writer to take down such evidence as they may deem necessary.

A Message was received from the Senate, with an Address to Her Most Gracious Majesty the Queer, congratulating Her upon the completion of the fiftieth year of Her Majesty's auspicious reign, to which the concurrence of this House was desired ;-and the said Address was read and is as follows:

To THE QUEEN'S MOST EXCELLENT MAJESTY,

Most Gracious Sovereign:

We, Your Majesty's loyal and dutiful subjects, the Senate of Canada in Parliament assembled, beg to offer our sincere congratulations on the happy completion of the fiftieth year of Your anspicious Reign.

Lister,

Lovitt.

Livingston,

McIntyre,

Macdonald (Huron),

The Supreme Disposer of events has made Your Majesty the Ruler of the fifth part of the habitable globe. Hundreds of millions of almost every race and tongue are proud to own your sway. But among them all, there is no community that cherishes a more heartfelt attachment to Your Majesty's person and Throne, than the people of the Canadian Dominion.

Once a colony of France, won in a struggle not less honourable to the vanquished than the victors, it was not long till its fidelity to the Crown was severely tried. How it stood the test was known to Your Majesty's illustrious father, when he honoured with his friendship the hero of Chateauguay-the brave De Salaberry. And when the daughter of the Dake of Kent ascended to the Throne, the event was hailed as the dawn of an era which should bring to British and French Canada not only prosperity and progress, but the spirit of unity and goodwill. Under the influence of the great gift of constitutional self-government, conferred upon Canada in the early years of Your Majesty's reign, the country has made rapid progress. It has shared in the general advancement of the last half century, in the wonderful discoveries and application of science—the rail way, the steamship, the telegraph, and their conquests of time and space; the multiplication of manufactures, the expansion of commerce, the blessings of legal reform, the diffusion of education, and in the wearing away of prejudices through increased intercourse between man and man. If the Empire's progress compares favourably during the last fifty years with that of the world at large, so does the progress of Canada compare favorably with that of the Empire. From a few scattered Provinces, it has become a great Federation, stretching from ocean to ocean, and linking by its iron path the European to the Asiatic portions of Your Majesty's domain.

It has been the good fortune of the people of Canada to enjoy, from time to time, the honour of the presence and countenance of several members of the Royal Family, and this relationship not only deepened their loyal devotion to the Head of the British Empire, but enhanced their regard for the wife and mother, their veneration for

the memory of the husband and father.

Our earnest prayer is that He who is the Ruler of all nations and the King of all Kings, may uphold, direct and preserve Your Majesty for many long years to reign over a prosperous and contented people.

On motion of Sir John Macdonald, the said Message and Address were ordered to be taken into consideration on Friday next.

The House then adjourned at 2:30 A.M.

JOSEPH ALDRIC OUIMET,

Speaker.

Company.

Bill No. 72, to incorporate the Halifax and West India Steamship Company (Limited).

Bill No. 85, to authorize and provide for the winding up of the Pictou Bank. Bill No. 101, respecting the Richelieu and Ontario Navigation Company.

Bill No. 30, to amend "The Companies Act."

Bill No. 52, to empower the Employees of Incorporated Companies to establish Pension Fund Societies;—and

Bill No. 88, to incorporate the Canadian Horse Insurance Company.

With respect to Bill No. 78, the Committee have deemed it advisable to amend the preamble thereof so as to restrict the Company to the business of Accident Insurance only.

Mr. Colby, from the Joint Committee of both Houses on the Library of Parlia-

ment, presented the First Report of the said Committee, which is as follows:-

The Librarians having asked the Committee to consider the advisability of (1st) reprinting certain volumes of the Debates of the Senate and Commons, and (2nd) preparing a consolidation of the indexes of the various volumes of Hansard, it was ordered that the Librarians be instructed to procure estimates of the cost of the proposed work.

The Committee having again considered the question of preparing the Canadian section of the American Catalogue of the Library, and being convinced that this is a very necessary work, renew the advice tendered to the House during the last Ses-

sion, that the Catalogue be repriated.

A very rich collection of materials for Canadian history is at present deprived

of much of its value by the imperfect condition of the catalogue.

The thanks of your Committee were tendered to the Honorable Mr. Haythorne for his timely and valuable donation of volumes of Prince Edward Island Statutes,

which makes the Library collection now very useful to members.

The attention of the Committee having been again called to the mutilation of books and newspaper files in the Library, it is deemed necessary to bring the matter prominently before the House. The mutilations exhibited to the Committee were of a scandalous and inexcusable character. A rare pamphlet on the Fisheries question was torn from one of the pamphlet volumes, and the Librarians have no present hope of being able to supply its place. And reports have been torn from

copies of the Sessional Papers and the volumes replaced on the shelves. It is obvious that the usefulness of the Library will be greatly endangered if a practice so barbarous continues. The Librarians naturally express their unwillingness to establish any system of espionage. In the meantime notice will be put up in the Library, giving warning against the mutilation of books.

A Committee was appointed to audit the accounts of the Library.

It was resolved unanimously that the Minister of Public Works be requested to consider favourably the introduction of the electric light into the Library before next Session.

Mr. Bergin, from the Joint Committee of both Houses on the Printing of Parliament, presented the Fourth Report of the said Committee, which is as follows:-

The Report of their Sub-Committee appointed to audit the Printing Accounts, and for other purposes; together with the Report of the Clerk of the Committee on the Printing Services of the past year, and the Parliamentary Printing Account Annual Statement for the fiscal year from the 1st July, 1885, to the 30th June, 1886, all thereto annexed; which having adopted, they respectfully recommend for the consideration of both Houses.

REPORT OF THE CLERK OF THE COMMITTEE.

To the Chairman and Members of the Joint Committee of both Houses on the Printing of Parliament :-

GENTLEMEN,-I beg to submit the Annual Statement of the receipts and expenditure on account of the Printing of Parliament for the fiscal year ended 30th June, 1886.

Accompanying this Statement is the following letter from the Auditor General:

"AUDITOR GENERAL'S OFFICE, "OTTAWA, 2nd December, 1836.

"SIR,-l am returning herewith your Statement of expenditure on account of

Parliamentary Printing for 1885.86.

"The only difference is the refund of \$330.32 for printing Private Bills, Session 1885—credited on your Statement to accounts of 1885 86, and in the books of this office to accounts of 1884-85. I have made a memorandum to this effect on the back of your Statement.

"I have the honour to be, Sir, "Your obedient servant, "J. L. McDougall, "Auditor General.

" H. HARTNEY, Esq., "Accountant, House of Commons, Ottawa."

I also received the following letter from Mr. Mortimer, for many years past the contractor for the binding of the Sessional Papers, &c.:-

"OTTAWA, October 8th, 1886.

44 HENRY HARTNEY, Esq., " House of Commons.

"DEAR SIR,—As there has been no arrangement made with me for the binding of the Sessional Papers, or other bindings, &c., required for both Houses of Parliament, I beg to state that I am willing to continue the contract for 1887 under the existing arrangement.

"Trusting this will be satisfactory,

I remain yours obediently, W. McG. MORTIMER.

The extension of the printing contract to the 31st December, 1887, and the new contract for the manufacturing of the printing paper entered into by Mr. J. R. Barber for one year, to the same date, have both been signed, and the required securities have been deposited to my credit.

By an arrangement with the contractor, the paper under the new contract being of a better quality, was utilized for the Blue-books of this Session, thus very much

improving their appearance.

Provision will have to be made during the Session for the future performance of

all the printing services.

I must again respectfully draw the attention of the Committee to the want of proper accommodation in the Distributing Office, as well as for the storage of the printed sheets and printing paper.

The sum of \$80,000 has been placed on the Estimates for the Printing of Parlia-

ment for the ensuing year, being the same amount as last year.

All which is respectfully submitted.

COMMITTEE ROOM, 22nd April, 1887. HENRY HARTNEY, Clerk Joint Committee on Printing.

REPORT OF THE SUB-COMMITTEE.

COMMITTEE ROOM, 1st June, 1887.

The Sub-Committee of the Joint Committee of both Houses on the Printing of Parliament, to which was referred the accounts in connection with the printing services of Parliament of the past year, for the purpose of audit, beg leave to submit the following as their First Report:—

The Sub-Committee carefully examined the annual statement of the Parliamentary Printing accounts, and having verified the expenditure, item by item, with the receipted accounts and vouchers produced, and finding it correct, have certified to

the same.

The statement is also in accord with the books in the office of the Auditor General, as certified by him, with the exception of the sum of \$389 being credited in the one Department to the accounts of 1884.85, and in the other to those of 1885.86.

The accounts are so kept and arranged as to be of easy and satisfactory audit. The Sub-Committee personally visited and inspected the Distribution Office and the store-rooms in connection therewith, and find that more extended accommodation is immediately required for the proper and safe performance of the work.

They also inspected the vaults where the reserve stock of the Journals and Sessionals Papers are arranged and classified ready for immediate reference, but all the available space being taken up, further classification must cease till more accommodation is furnished.

At a meeting of the Railway Committee, the members of the Sub-Committee present availed themselves of the opportunity to bring the matter under the notice of the Minister of Public Works, and as the subject of further accommodation for the Railway Committee was also under discussion, the Minister stated these matters would be taken into consideration. The Sub-Committee have, therefore, every hope that the difficulties will now be overcome.

All of which is respectfully submitted.

D. Bergin,

Chairman.

> 30th June, 1886. COMMITTEE ROOM,

Mr. Wood (Brockville), from the Select Standing Committee on Standing Orders, presented the Fourteenth Report of the said Committee, which is as follows :-

The Committee have examined the notices given on the Petition of the Canada Atlantic Railway Company, for an Act to amend their Act of incorporation, and find

them sufficient.

The Committee have examined the Petition of the Manitoba South-Western Colonization Railway Company, for an Act to extend the time for the completion of their railway, and are of the opinion that it is not of the nature to require the usual

publication of Notice under the 51st Rule.

On the Petition of the St. Martin's and Upham Railway Company for an Act empowering them to sell their railway and railway property, no notices have been published, but as the Petitioners were not aware of the necessity of the proposed measure until too recent a date to permit of the usual publication of notice, and as they have declared that the shareholders and creditors are in favor of the measure, that it is a matter of urgency, and that the delay of one year would be very prejudicial to the interests of the road, the Committee recommend that the 51st Rule of The House be suspended in relation to this Petition, but that a clause be inserted in the Bill providing that nothing therein contained shall prejudice the rights or interests of the creditors of the said railway.

In view of the probability of an early close of the Session, the Committee recommend that the notice required by the 60th Rule, to be given by Committees prior to the consideration of Private Bills, be reduced from one week to four days for the

remainder of the Session.

On motion of Mr. Laurier, the Petition of the Corporation of the Township of Wickham, praying that the Bill now before Parliament, "to terminate the trust respecting the South Eastern Railway, to authorize its sale, and to incorporate the South-Eastern Junction Railway Company," may not become law, presented this. day, was read and received.

(Limited).

Mr. Guillet—On Wednesday next—In Committee of the Whole—That in the opinion of this House the demand for a law prohibitory of the importation, manufacture and sale of Intoxicating Liquors should receive our most thoughtful consideration, and such action should be taken with as little delay as possible, as may best promote the object in view.

That the successful operation of such a law must depend largely on the sympathy

and support of the Local Governments of the several Provinces.

That public opinion in favor of Prohibition is more advanced in some of the Provinces than in others, and it is obvious that with public opinion, weak or hostile, the law must become practically a dead letter, or be weakly and inefficiently enforced

and productive of more evil than good.

That, therefore, this House is of opinion that the power of prohibiting the importation, manufacture and sale of Intoxicating Liquors should be delegated to the Governments of the Provinces, with such proper conditions and limitations as may be deemed in the public interest, and that an Address be passed to Her Majesty, praying that she will cause a measure to be laid before the Imperial Parliament providing for such an amendment to the British North America Act as may carry out the object set forth in this Resolution.

Sir Hector Langevin, from the Select Standing Committee on Railways, Canals and Telegraph Lines, presented the Fourteenth Report of the said Committee, reporting the following Bills with amendments, viz .:-

Bill No. 79, to consolidate and amend the Acts relating to the Winnipeg and Hudson's Bay Railway and Steamship Company, and to change the name thereof;and

Bill No. 117, respecting the Western Counties Railway Company.

Mr. Shakespeare, from the Select Committee appointed to examine into and report upon the claim of Francis B. McNamee, Anthony Gilbert Nish and James Wright, presented a Report from the said Committee, which is as follows:-

The Committee met and had the Petitioners, with their Counsel, before them, and notified the Hon. Minister of Justice, and also sent a telegram to the Hon. Mr.

Davie, the Premier of British Columbia, who replied that:-

"Tribunals of the country are the proper forum for the investigation of this claim, "and not Parliamentary Committee. Our principal witnesses are Bennet and others, "resident here. McNamee has not applied to this Government for a Petition of "Right, and has neglected to prosecute his Petition of Right against Dominion Gov-"ernment. This Government cannot recognize the jurisdiction of Ottawa Committee, "so far as Provincial interests are concerned."

(Signed) "A. E. D. DAVIE."

From the examination of the facts presented to the Committee on behalf of the Petitioners, and from the papers obtained from the Department of Public Works, it appears:

1st. That the Petitioners entered into a contract with the Government of British

Columbia to construct a graving dock at Esquimault, B.C.

2nd. That they commenced work under the contract, but in June, 1882, the Provincial Government, under authority contained in the contract, took possession of the works, and also of the plant and property of the Petitioners, on the alleged

ground of failure of satisfactory performance of the contract.

3rd. Subsequently, by an arrangement between the Dominion Government and the Provincial Government, ratified by this Parliament, the Dominion Government undertook the construction of the graving dock, and paid to the Provincial Government a large sum of money for the work done, and also the plant and other property connected therewith, including the plant and property of the Petitioners.

4th. The Dominion Government entered into a contract with Messrs. Larkin, Connolly & Co., to finish the work, and transferred to them the plant, including that

of the Petitioners, at a valuation.

5th. The Petitioners claimed from the Government of British Columbia a return of the sum deposited by them as security, when they entered on their contract, and a balance due them on their contract, and also the value of their plant.

6th. It appears that the Petitioners gave notice to the Dominion Government of

their claim, before they assumed the construction.

7th. The Petitioners applied for a flat for a Petition of Right to the Government of British Columbia, but it was refused, as appears from Sessional Papers of British Columbia, for 1883.

8th. The Petitioners applied to the Legislature of the Province, and a Special Committee appointed to examine into their claim, and who took evidence, reported

favorably to them, and that they had just cause of complaint.

9th. The Petitioners frequently applied to the Dominion Government for compensation, and presented their case, and the Hon. Mr. Smith, Premier of British Columbia, on 8th March, 1884, stated, in a letter to the Minister of Public Works, that he considered the Petitioners were entitled to compensation for the value of their plant and property.

10th. The Dominion Government have also admitted that the Petitioners were entitled to the value of their plant, but that they should look to the Provincial

11th. The Petitioners commenced proceedings by a Petition of Right in the Exchequer Court, against the Dominion Government, but, owing to the legal objections pleaded to the maintenance of their suit, they have withdrawn their proceedings.

From the above statement of facts, and upon a careful examination of the evi.

dence and the whole case, the Committee beg to report:

That the facts do not create a legal cause of action, and that as to the claim of the Petitioners for the deposit made by them with the Government of British Columbia, and the indebtedness of that Government to them, the Dominion Government is under no obligation therefor; but that, in regard to the value of the plant and property of the Petitioners, which came into the possession of the Dominion Government, and handed over to Messrs. Larkin, Connolly & Co., the Committee are of the opinion that the Petitioners have an equitable claim upon the Government of the Dominion, and should be paid therefor.

As to the value of their plant and property, there was some difficulty in ascertaining the correct amount; but from the examination of the papers, and of the report of Mr. Perley, Chief Engineer, that the sum of \$15,000 was not an excessive valuation, the Committee unanimously recommend that amount as the value of the plant and property of the Petitioners, and that they should be paid the said sum of \$15,000, with interest from the 8th day of November, A.D. 1884, the date of the

contract with Messrs. Larkin, Connolly & Co.

Mr. Pope presented,-Return to an Order of The House of the 2nd ultimo, for all correspondence between the Government and Nova Scotia Central Railway Company, relating to a subsidy for said Railway; also the report of the Government Engineer sent to examine the work.

And,-Return to an Order of The House of the 5th ultimo, for copies of all petitions, memorials, correspondence, orders and reports, whether made by the Resi dent Engineer or by Mr. Page, in connection with the bridge across the Welland Canal, at Welland, lately removed, and the construction of a new bridge in lieu thereof.

Mr. Thompson presented,-Return to an Address to His Excellency the Governor General of the 6th instant, for a copy of the Report of Judge Taylor, made under the provisions of the Commission issued to him to enquire into the administration of justice by the Hon. Jeremiah Travis, in the North-West.

VOTES AND PROCEEDINGS, HOUSE OF COMMONS.

OTTAWA, FRIDAY, 17TH JUNE, 1887.

PRAYERS.

One Petition was brought up, and laid on the Table.

The Petition of Lewis W. Shannon, Publisher "Daily News," Kingston, Ontario; praying for the passing of an Act to amend Chapter 163, Revised Statutes of Canada, respecting the Law of Libel, was read and received.

Mr. White (Renfrew), from the Select Standing Committee on Agriculture and

Colonization, presented a Report, which is as follows:-

The Committee examined Prof. Saunders, the Director of the Central Experimental Farm Station, already established in the vicinity of Ottawa, and of the stations to be established in the Maritime Provinces, Manitoba, the North-West Territories, and British Columbia, under the provisions of the Act passed last Session; and from his evidence (submitted herewith) it will be found that considerable progress has already been made at the Central Farm, about 100 acres having been seeded this season, principally with wheat, barley, and oats.

A quantity of wheat has been imported from Northern Russia (grown in a latitude about 600 miles North of Ottawa), part of which has been sown on the Farm, and the balance distributed in small quantities to persons who applied for it, throughout the different Provinces, with a view of testing its adaptability to our climate and soil. A large number of fruit and forest trees have also been planted, and from the evidence adduced, your Committee are of the opinion that good results are likely to flow from the publication of the reports of the proposed agricultural

and horticultural experiments.

The Committee next examined Mr. John Lowe, Secretary of the Department of Agriculture, on the subject of the immigration operations carried out under the direction of that Department. It was found from Mr. Lowe's evidence that there was a decline in the number of immigrants, who reported their intention of becoming settlers in Canada in 1886 as compared with those of 1885, the figures in the former year being 69,152, and in the latter, 79,169; the total number of immigrant arrivals, including the passengers, who used the Canadian route, to proceed to destinations in the Western States, was 122,581 in 1886, as against 105,096 in the previous year.

The immigrants arriving were reported to be of a good class, there having been found very few unsuitable persons, and none, according to the evidence adduced,

were reported as being unable to obtain employment.

The whole number of mechanics registered at Quebec was only 1,100 out of a total of 10,411 of all trades and occupations, of immigrants, as registered at that port, and the number at Halifax was only 202, out of 3,801.

These are the only two ports at which such registration takes place, but they may be held to be an index of the whole; the policy of the Department has been not

to encourage immigration of that class.

The so-called assisted passage appears to have been given to comparatively few persons during the year; the total number who profited by it being 3,480 adults and 2,320 children. They consisted of agricultural laborers and their families, and female They consisted of agricultural laborers and their families, and female domestic servants; the larger portion of the 3,480 adults were women, but the figures supplied did not give the exact proportions of the sexes.

The Minister of Agriculture, at one of the meetings of the Committee, stated that it was his intention, after the close of the present season, to limit the assisted passages to persons going to Manitoba and the North West Territories, discontinuing it so far

as it relates to the old Provinces of the Dominion.

Mr. Lowe stated that there was increased activity in the arrival of Scandinavians and Germans, who had settled in colonies in Manitoba and the North-West; the reports

received from such colonies having been favorable.

The question as to whether the population reported by the census taken in 1885 and 1886 in the North-West and the Province of Manitoba, supported the figures of immigration from 1881 to 1886 inclusive, was made a subject of enquiry by the Committee, and it was ascertained that the population in 1886 in the Province of Manitoba and the three districts of Assiniboia, Saskatchewan, and Alberta, compared with that of the same circumscriptions in 1881, showed an increase numerically of 76,491, or a ratio of 87.14 per cent. in five years. Taking the whole of the Territories and the Province of Manitoba, the numerical increase in the same time would be 78,258. Bat the immigrants reported to have gone in, according to the figures furnished by Mr. Lowe to the Committee, between the dates of the taking of the census in the years named. were 146,547, which, if we take the figures of the whole territory, would show an apparent loss to be accounted for of 67,999. It may be stated, however, that more than half of the immigrants to Manitoba and the North-West were from year to year given as migrants from the older Provinces, a fact which, taken in relation to the whole Dominion, would not show a loss of immigration from abroad, although a very great one in so far as Manitoba and the North-West are concerned.

Mr. Lowe accounts for this by the return of large numbers of persons who were engaged in building the Canadian Pacific Railway, and also of many of them from the older Provinces who were attracted by the excitement known as the "boom" in the

first three of the years in question.

The probability is that settlement in the North-West will proceed on a more

secure basis in the future.

The total expenses of the service of immigration during the calendar year

1886, was stated to be \$301,704.97 as against \$310,271 for the previous year.

The expenditure for all Canadian Agencies was \$65,675.07. The whole expenditure for the London Office, including the cost of all establishments for immigration in Europe, was \$61,225.10, the remainder of the general expenditure being \$173,804.-71. The actual net amount expended for assisted passages during the year was given at \$19,355.91. To this should be added a sum of \$9,666.46 for commissions paid in connection with the item of assisted passages, this figure really standing as a payment to persons who were engaged in distributing the publications of the Department, and booking passengers.

Mr. James Fletcher, the honorary Entomologist of the Department of Agriculture, was examined by the Committee with reference to the best modes of counter-

acting the ravages of insect pests.

Much valuable information was communicated by Mr. Fletcher, and the Committee are of opinion that his evidence should be circulated as widely as possible for the use of farmers and horticulturists and others.

The whole of the evidence taken before the Committee is submitted herewith as

part of this Report.

(For the evidence accompanying Report, see Appendix No. 5.)

Mr. Amyot, from the Joint Committee of both Houses on the Library of Parliament, presented the Second Report of the said Committee, which is as follows :-

NOTICES OF MOTIONS.

Sir Charles Tupper—On Monday next—In Committee of the Whole—That it is expedient to authorize the Governor in Council to advance to the Harbour Commissioners of Montreal the sum of three hundred and twenty-five thousand dollars, to enable them to complete the deepening of the River St. Lawrence at Cap à la Roche to 27½ feet, such sums to be raised and advanced in the same manner and subject to the same conditions as moneys have heretofore been raised and advanced to them for the deepening of the channel of the St. Lawrence at Montreal.

Mr. Hesson—On Monday next—Enquiry of Ministry—Whether the Government have seen an Editorial in the Battleford Herald of the seventh instant complaining that an order had been issued commanding the Volunteers of Battleford to send in their arms for transmission to Winnipeg to be stored there? If there is any truth in said statement, is it the intention of the Government to enforce said order?

Mr. McNeill—On Monday next—Enquiry of Ministry—Whether a candidate for promotion in the Civil Service, having passed such an examination as would entitle him to rank as a 1st Class Clerk, and there being vacancies only in the 2rd Class, would he be entitled to fill a position which might thereafter become vacant in the 1st Class, without passing a subsequent examination?

Mr. McCarthy—In Committee of the Whole on Bill No. 135, "An Act for the relief of Susan Ash" to strike out all after the words "sixty-eight" in the twelfth line of the preamble down to the word "that" in the nineteenth line and to insert the following in lieu thereof: and it has been made to appear that on or about the said fourth day of September, the said Susan Ash became separated from and has ever since lived separate and apart from him, the said William Manton and that the said William Manton on or about the seventh day of April, in the year 1874, on his petition obtained from the Supreme Judicial Court of the Commonwealth of Massachusetts, holden at Boston, in the County of Suffolk, in said State, a decree of divorce from his said marriage with the said Susan Ash, on the ground of her desertion from him, whereof the said marriage between them was or purported to be, dissolved or annulled, and further, that the said William Manton, on the third day of September, one thousand eight hundred and seventy-four, was intermarried with one Mary Ford Hatch, and he, the said William Manton and the said Mary Ford Hatch have ever since lived together as man and wife; and whereas doubts have arisen as to the validity of the said decree of divorce, and as to the right of the said Susan Ash to marry again; and whereas the said Susan Ash has, by her petition, set forth.

Mr. Jones—On third reading of Bill (No. 117): "An Act to confirm a certain agreement between Her Majesty and the Western Counties Railway Company, and for other purposes"—To refer the said Bill back to Committee of the Whole to amend it by adding the following clause: "Nothing herein contained shall be held to abridge, restrict or in any way affect the power of sale or any other power, right or privilege given to the Government of Nova Scotia by the Western Counties Railway Company under and by virtue of a certain agreement made on the 16th day of August, 1879, between Her Majesty the Queen, represented by the Hon Samuel Creelman, Commissioner of Public Works and Mines for the Province of Nova Scotia, and the Western Counties Railway Company."

Mr. Davies—On Third Reading of Bill (No. 135) "An Act for the relief of Susan Ash"—To amend the preamble of such Bill by striking out the following statement:—"That on or about the said 4th day of September, 1868, owing to the said William Manton's conduct, it became impossible for her to continue to live with the said William Manton as his wife; that the said William Manton on the 3rd day of September, 1874, went through the form of marriage with one Mary Ford Hatch; that the said William Manton since his pretended marriage with the said Mary Ford Hatch, has lived and cohabited with her in a state of adultery;" and the following inserted in lieu thereof:—"That afterwards the said William Manton and Susan Ash separated from each other and the said William Manton went to reside in the State of Massachusetts, when he afterwards on or about the 7th day of April, 1874, sued for and obtained a decree of divorce from the said Susan Ash; that the said William Manton on the 3rd of September, 1874, intermarried with one Mary Ford Hatch, and has since then lived and cohabited with her."

F. O'Donoghue, or any other person in his behalf, asking for compensation for the alleged loss or confiscation of the property of the late W. B. O'Donoghue, who was concerned in the North-West troubles of 1869-70. Also for copies of all letters, Orders in Council and other documents in the possession of the Government relating to any claims made by the said M. F. O'Donoghue. Also for a Statement showing the amounts paid to M. F. O'Donoghue, or any other person on his behalf, by the Government for services rendered or on any other account.

Mr. Bergin, from the Joint Committee of both Houses on the Printing of Parliament, presented the Sixth Report of the said Committee, which is as follows:—

The Committee carefully examined the following documents, and recommend

that they be printed, viz.:

19a. Return to Address,—Copies of all Orders in Council, and of all correspondence between the Government of Canada and the Government of the Province of Ontario, and between the Government of Canada and any person or persons, respecting timber licenses and Crown titles to lands affected by claims of settlers, and by mining claims, within the so-called Disputed Territory. (Distribution and Sessional Papers.)

72. Certified copy of Order in Council relating to the arrangement with Messrs. Bossière Bros. & Co.—Steamship Service between France and Canada.

And,—Copies of Despatches, etc., in relation to the proposed Imperial Institute.

(Sessional Papers only.)

45a. Return to Address,—Copies of all communications received by the Canadian Government from the Imperial Government, or any of its officers, relative to the Colonial Conterence which opened in London on 4th April, 1887, and of all correspondence connected therewith, and of the instructions furnished to the Canadian

Representatives at the Conference.

71. Return to Order,—Correspondence from January 1st, 1873, to the present time, between the Department of Indian Affairs and John Walters and others, relative to purchase or lease of Main Ducks and Yorkshire Islands in Lake Ontario; also all applications for purchase or lease of said Islands, all offers made to or by the Government as to purchase or sale, reports of all persons at any time appointed to appraise or valuate said Islands, the annual rental paid by present lessee and date of expiration of such lease; also all charges preferred since January 1st, 1878, against John Walters for violation of terms of lease or regulations of Department, together with names of parties making such charges, and the report of parties commissioned to investigate them.

The Committee would respectfully draw attention to the following Resolutions, as

recommendations:-

Resolved, That this Committee recommend that the members of the Senate, and the members of the House of Commons, be furnished with two additional copies each

of the Revised Statutes.

Resolved, That, whereas it has been the duty of the Printing Committee, in the past, to advertise for tenders for furnishing supply of paper for Parliamentary Printing, and let contracts for such supply; the Committee this year adopted their usual course, and tenders have been received, accompanied with samples of paper, also with deposits in cash or cheques for the faithful carrying out such contract. The Committee now find that it has no jurisdiction, this duty having been transferred by Statute to the Department of the Secretary of State. The Committee, therefore, recommend that the tenders now received be transferred to the Secretary of State for action.

Sir Hector Langevin moved, That the Report of the Special Committee appointed to assist Mr. Speaker in revising the Rules respecting Private Bills, in so far as they relate to the incorporation of, and the amendment of Acts incorporating Railway Companies, be adopted, and that the said Rules be made Standing Orders of The House;

Of the Incorporated Synod of the Anglican Diocese of Toronto; praying that the provisions of the Imperial Act, 48th and 49th Victoria, Chapter 69, so far as they are not already part of the law of Canada, may be enacted by Parliament, with such alterations and additions as may be necessary and expedient for this Dominion.

MacLean, Roger & Co., in their present form and type, and at the same rates as are now paid; and that the contract for the binding of the official report of the Debates of next Session be again awarded to Mr. A. following Resolution :-

That whereas this Committee has been organized for the special object of looking after the reporting, translating and distribution of the Debates; and whereas the complaints of the Secretary of State, and of Mr. Ives, member for Richmond and Wolfe, against the conduct of some of the gentlemen connected with the French translation of the Debates, made to the Speaker and referred by him to this Committee, appear to this Committee to be of the nature of questions of privilege or discipline, and do not, therefore, fall under the jurisdiction of the said Committee.

Resolved, That the said complaints, with the answers thereto, be referred back

to the Hon, the Speaker to be dealt with by him as he may think fit.

The Committee would also respectfully direct the attention of the House to the following letter:—

"OFFICIAL DEBATES OFFICE,
"OTTAWA, June 18th, 1887.

"A. DESJARDINS, Esq., M.P.,
"Chairman Debates Committee.

"Dear Sir,—The Official Reporters desire to use this means of strongly urging upon the Committee the importance of improving the arrangements for reporting in the Chamber. Our experience has for a long time shown us that the position as-

signed to us in the Chamber is about the worst that could be selected on the floor,

for securing accuracy in the reports.

"1. We frequently are unable to hear with sufficient distinctness most important statements made by members of the Government and other leading members of the House, because they either address their remarks to the Speaker or to one another across the floor, and consequently turn their voices away from the official reporters.

"2. The front seats on both sides of the Chamber in the neighbourhood of the reporters' tables are constantly used by members from other parts of the House who wish to engage in conversation while listering to the proceedings, and this greatly interferes with the reporters in taking the speeches of those who are addressing the House. The conversation of members about us is the greatest obstacle we have to contend with in our work

"3. Members constantly cross the Chamber in front of the reporters' tables, pages rush back and forth, papers are frequently thrown about us, intended for the letter-

box; and all these things interfere with the proper reporting of the Debates.

"4. In all other legislative bodies in the world in which there are official reporters their scats are between the President of the Chamber and the speakers who address the House, and therefore the proper position for the official reporters in this

House would be somewhere in the neighbourhood of the Speaker's chair.

"The reporters would be glad if the Committee could arrange to have an improvement made for next Session. We make this representation not at all in our personal interest, but entirely in the interest of the House, in order to secure the greater accuracy of the reports.

"Yours respectfully, "G. B. BRADLEY, "Chief Reporter."

Mr. Small moved, That the Bill No. 135, from the Senate, intituled: "An Act for the relief of Susan Ash," be placed on the Orders of the Day for a third reading;—which was agreed to, on a division.

The House went into Committee of the Whole to consider a certain proposed Resolution respecting an advance to the Harbour Commissioners of Montreal.

(In the Committee.)

The following Resolution was adopted :-

Resolved, That it is expedient to authorize the Governor in Council to advance to the Harbour Commissioners of Montreal the sum of three hundred and twenty-five thousand dollars, to enable them to complete the deepening of the River St. Lawrence at Cap à la Roche to 27½ feet, such sum to be raised and advanced in the same manner and subject to the same conditions as moneys have heretofore been raised and advanced to them for the deepening of the channel of the St. Lawrence at Montreal.

Resolution to be reported.

The said Resolution was accordingly reported, read the second time, and agreed to.

Sir Charles Tupper then introduced a Bill, No. 168, relating to the improvement of the River St. Lawrence, which was read the first and second time, considered in Committee of the Whole, reported without amendment, read the third time, and passed.

A Message was received from the Senate, agreeing to the following Bills, without amendment, viz :--

Bill No. 133, respecting the Manitoba South-Western Colonization Railway Company ; - and

Bill No. 41, respecting the Department of Customs and the Department of Inland Revenue.

And,—Agreeing to the Bill No. 102, to amend the Act incorporating the Pontiae Pacific Junction Railway Company, with amendments. On motion of Mr. Chapleau, the said amendments were taken into consideration, and agreed to.

The House went again into Committee of Supply.

"In the name of the Commons, I present to Your Excellency the following Bill:-

An Act for granting to Her Majesty certain sums of money required for defraying certain expenses of the Public Service for the financial years ending respectively the 30th June, 1887, and the 30th June, 1888, and for other purposes relating to the Public Service,

to which Bill I humbly request Your Excellency's assent."

To this Bill the Royal Assent was signified in the following words :-

"In Her Majesty's name, His Excellency the Governor General thanks Her Loyal subjects, accepts their benevolence, and assents to this Bill."

After which His Excellency the Governor-General was pleased to close the First SESSION of the SIXTH PARLIAMENT of the DOMINION with the following Speech:

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

In relieving you from further attendance in Parliament, I desire to convey to you my appreciation of the diligence and earnestness which you have shown in the performance of your important duties.

I thank you in the Queen's name for the cordial and affectionate congratulations you have offered to Her Majesty on the completion of the Fiftieth anniversary of

Her happy reign. I have taken care to transmit your loyal Address to be laid at the foot of the Throne.

The readjustment of the Tariff, for the purpose of further developing our home industries, upon principles which have been received with such marked acceptance by the people of Canada, will, it is confidently expected, in an especial manner encourage the working of our vast mines of iron and coal, and promote the production within our own country of all the more important iron manufactures.

The establishment of a Department of Trade and Commerce under the supervision of a responsible Minister, and the measures you have passed for the better organization of other Departments of Government, will, I trust, tend to aid in the extension of our home and foreign trade, as well as to improve the efficiency of the

Public Service.

The numerous Acts, relating to railway and other industrial enterprises, to which I have given Her Majesty's assent, indicate a steady growth in the national progress of the Dominion, and your liberal appropriation for the construction of the Sault Ste. Marie Canal ensures the completion of our great system of inland navigation at an early period.

Our agricultural population will, I am sure, learn with much pleasure of the provision you have made for the maintenance of the Experimental Farm in this

vicinity, and the establishment of auxiliary stations in the several Provinces.

Gentlemen of the House of Commons:

In Her Majesty's name I thank you for the provision you have made for the requirements of the Public Service. I shall see that it is applied with all due regard to economy.

Honourable Gentlemen of the Senate:

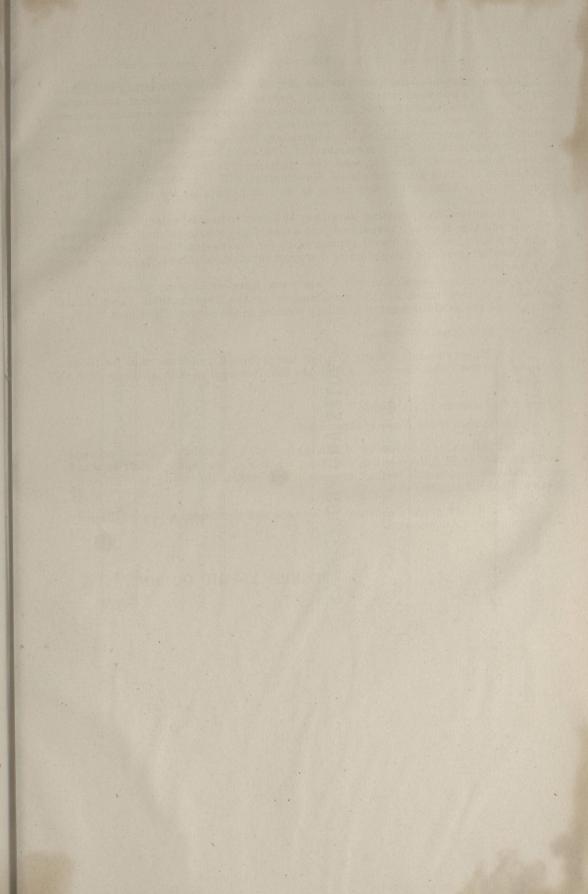

Gentlemen of the House of Commons:

I trust that under the blessing of Almighty God the present promise of an abundant harvest may be fully realized, and that when we meet again I shall be able to congratulate you on a still further increase in the general prosperity of the country. Meanwhile, I bid you farewell.

The Parliament of the Dominion of Canada was then prorogued until Tuesday, the second day of August next.

JOSEPH ALDRIC OUIMET.

Speaker.
