OPENED NEW ARMORIES

Guelph to Have a City Regiment Organized.

GUELPH, April 27.—(Special)—Guelph's new \$200,000 armories was formally opened this evening, being graced by the presence of Hon. Frederick Borden, minister of militia and defence, who, in the presence of about 2000 people, declared the building to be opened. Mr. Hugh Guthrie, M.P., in his efforts the building is credited, announced more fully than the minister, that a city regiment would be organized here of eight companies, the present it would be but a four-com any regiment. It has not been decid ed, as yet, what the uniform will be, for the khakis are favored, the cost is almost prohibitive. A Highland light infantry regiment, or fusiliers, are likely.

Cuticura Soap and Ointment Cured Her Eczema when All Else had Failed

"Some nine years ago I noticed small pimples breaking out on the back of my hands. They became very irritating, and gradually became worse, so that I could not sleep at night. I consulted a physician who treated me a long time, but it got worse, and I could not put my hands in water. I was treated at the hospital, and it was just the same. I was told that it was a very bad case of eczema. Well, I just kept on using everything that I could for nearly eight years until I was advised to try Cuticura Ointment. I did so, and I found after a few applications that the burning sensations were disappearing. I could sleep well, and did not have any itching during the night. I began after a while to use Cuticura Soap. I stuck to the Cuticura treatment, and thought if I could use other remedies for over seven years with no result, and after only having a few applications and finding ease from Cuticura Ointment, I deserved a fair trial with a severe and stubborn case. I used the Cuticura Ointment and Soap for nearly six months, and I am glad to say that I have hands as clear as anyone.

"It is my wish that you publish this letter to all the world, and if anyone doubts it, let them write me. (Signed) Miss Mary A. Bentley, 93 University St., Montreal, Sept. 14, 1910.

You Can Try Them Yourself Without Cost

For more than a generation Cuticura Soap and Cuticura Ointment have afforded the speediest and most economical treatment for torturing, disfiguring skin and scalp humors of young and old. Although they are sold by druggists and dealers, you can receive a liberal sample of each, post-free, by addressing Potter Drug & Chem. Corp., 24 Columbus Ave., Boston, U.S.A.

CLUB LICENSE CUT OFF TWO OTHERS REFUSED

No Renewals Denied to Hotels—D'Arcy Hinds Makes Statement for Irish Club.

Two city clubs asking for licenses were refused at the annual meeting of the license commissioners yesterday, and one club having the permit to sell the wet goods had the same taken away. The former two were the Irish Club and the Dominion Bowling Club, and the other interested party was the Printers' Club, Colborne-street, which loses the license it has had for some years.

Contrary to expectation, the meeting was a quiet one, and only two outsiders were present. They were Father Minehan, who opposed licensing the Irish Club, and Aid Sweeney, who put in a good word for the club.

The hotel licenses of the city were unchanged, and for one year the worried bartender will not lose sleep thinking of a lost job. The request of Mr. Proctor for license of the hotel by that name, was refused on the grounds that the place did not have enough sleeping accommodation.

Two regulations were made. One provides that the license holders are responsible for all the supplies furnished to the hotel, no matter if the dining room be sub-let to any other party. The other is to make sure against a Sunday opening. It says: "All barrooms shall be cleaned out on Sunday night, and no one shall be allowed to open them on Sunday."

Misunderstood Says Hinds. D'Arcy Hinds, who has been prominent in supporting the five o'clock application, said last night that there had been a good deal of misunderstanding as to his nature. All that was asked was that the license be not one for whiskey or ale, and that Irish Protestants as well as Catholics were welcomed.

"Some people have the idea that unless a man is a Catholic he cannot be an Irishman, and most of the opposition came from that source," said Mr. Hinds. Rev. Father Minehan, who has just recovered from the notoriety he received over his attitude on the "Ne Temere," claimed to represent the Irish people. The Irish-Canadian Athletic Club, represented by Mr. O'Leary, has less than 20 paid-up members, and eight or nine hotelkeepers. This shows how much that club is interested in temperance.

AUTO STRUCK PILE OF STONES, BUCKLED UP

Montreal Accident May Result in Death of Daughter-in-Law of Duncan Coulson.

MONTREAL, April 27.—With all hope of recovery given up, Mrs. H. S. Coulson, of 4160 Sherbrooke-street, lies in the Royal Victoria hospital, suffering from a fractured skull, the result of an automobile accident, which occurred early this morning on Park-ave.

H. S. Coulson, who is a son of Duncan Coulson, general manager of the Bank of Toronto Toronto, and a salesman with the Canadian Rubber Company, who was driving the automobile, escaped with a shaking up, and Mr. Rosenthal, Jr., who was in the tonneau with Mrs. Coulson, was badly hurt about the head and face. He, too, is in the hospital.

The automobile was badly smashed, the right front wheel being practically splintered to pieces and the front of the machine, including the lamps, badly smashed. A pile of stones on Park-ave, just above Mount Royal caused the accident. The car was taken out last night from the Montreal garage on Osborne-street, where it was kept by the party, about half past ten.

The car was running easily, down Park-ave, when suddenly, it struck the pile of small stones. The car swerved and struck the curb. The whole car seemed to buckle up and burst apart. Despite the fact that the car was thrown violently on the concrete pavement, Mr. Rosenthal fell on the curb and his injuries are comparatively slight.

Saved by Steering Wheel. The steering wheel prevented Mr. Coulson receiving much serious hurt. His body was flung against it, and the badly shaken up he was able to run at once for help. An ambulance was hurried at once to the scene of the accident, and Mrs. Coulson and Mr. Rosenthal were given immediate attention. Mrs. Coulson was unconscious and it was at once seen that her condition was especially serious. At the hospital at that time possible was none.

Mr. Coulson, speaking to a reporter to-day, about the accident, said: "My wife, Rosenthal and myself were coming down Park-ave, in my car after taking a friend home, who lived in the Annex, at a moderate rate of speed. There was no light on a pile of stones that lay to the right of the road. I did not see this obstruction until I was upon it; then I threw on the brakes and threw the steering wheel over. Despite this precaution the car skidded and the left front wheel struck against the pile of stones, the wheel came off and the car went down on its front axle, throwing my wife and Rosenthal into the street. I was driving."

Mr. Rosenthal stated that there was original consciousness on the part of someone who was responsible for placing a light on a pile of stones in the street. When asked whether he would take any action, Mr. Coulson stated that his wife's condition was so low that thought of an action had not entered his head.

Burns Literary Society. President George Grant gave his inaugural address last night at the meeting of the Burns Literary Society at the Walker Hotel.

The society authorized the executive to offer prizes to the public school pupils of Toronto for essays on the poetry of Burns.

Speeches were made by J. Lockie Wilson, Wm. Deans, S. Beaumont and W. McE. McKay, and songs rendered by George Neil, J. W. Sherlock and James Hannan.

Paradise of Orchid Lovers. Rev. W. J. Hanna, who has worked in the Province of Yunnan for 13 years, dwelt on the beauties of that part of China, which is called the Switzerland of the East, where are found orchids of a kind which are not found elsewhere.

Mrs. Hanna spoke of Chinese civilization as an ancient civilization, which has the one great flaw, the estimation the Chinese puts upon his womanhood, for they follow the doctrine of Confucius, who taught the men to despise the women.

Dr. W. T. Clark, who has been working in the Yunnan Province for nine years, said very little had been done in regard to the opium question previously, but during the last few years hardly a poppy was grown in the province.

HAMILTON HAPPENINGS

INVESTIGATION INTO ENGINEER'S DEPARTMENT

Outcome of Hamilton Sewer Bungie—May Also Result in Judicial Enquiry.

HAMILTON, April 27.—(Special)—A thorough investigation into affairs of the city engineer's department as a sequel of the suspension of Assistant Engineer Heddle yesterday was announced to-day, to begin Friday morning.

The investigation will be conducted by a committee composed of the board of control and Chairman Wallace of the board of works. The proceedings will be open to the public.

This is the direct outcome of the Hilliard-street sewer bungie, but the investigation is as thorough as is promised other matters will also be looked into. There is a strong suspicion, however, that the enquiry will be of a perfunctory character, and that the consequences to those responsible for the blunders that have been made will not be so serious as have been threatened.

The investigating committee, as at present constituted, has no judicial power, and cannot compel the giving of evidence. Mayor Lees tonight explained to the board, however, that the board of control has power to dismiss everybody connected with the engineer's department, and that it was felt that this power will be sufficient to force the disclosure of the information desired.

May Ask Judicial Enquiry. The board does not think that a judicial investigation will be necessary. Some of the aldermen do not share this view. Aid. Robson, whose charges in connection with the Hilliard-street sewer brought things to a head, could not be seen to-night. Aid. LaLonde stated that the raters were against the whole matter, and that if the present committee do not succeed in bringing out the full truth the investigation will be demanded. Aid. Horning said the raters would not be satisfied until they knew all the facts, and that he would support any judicial enquiry if one is considered necessary. Aid. Forth expressed the same sentiments.

Charles Fogue was arrested to-night by Constables Herkimer and Bleakley on the charge of false pretences in connection with the Hilliard-street Willis is the alleged victim.

Tapping the till of the Hamilton Machinery Company is the alleged offence of William Lavelor, 100 West street North, who was arrested by Constable Gordon to-night. Lavelor was bookkeeper for the firm, and was trapped by the familiar mark coin scheme.

Hotel Harranah, corner Barton and Catherine-streets, Toronto, conventionally situated and easily reached, contains all parts of the city. Erected in 1906. Modern and strictly first-class American plan. Rates \$1.50 to \$2.00 per night. Thos. Harranah, proprietor. Phone 1265.

The representative of Authors & Cox of Toronto, makers of the Columbia Trusses, Deformity Appliances and Supporters, will be in our city at room 52, Hotel Cecil, to-morrow.

ORGANISTS ELECT OFFICERS

J. Humphrey Anger Chosen Dean—Organization is Flourishing.

At the second annual convention of the Ontario Chapter of the American Guild of Organists, held at the St. Charles last evening, the secretary and treasurer's reports were brought in, showing the funds of the chapter to be in an exceedingly gratifying state. When the chapter was organized, two years ago, it had a membership of 12, which has been increased to 60.

A western chapter is to be organized with a judicial investigation of Wini's report. It was decided to encourage organization in the various cities through the province.

The election of officers for the ensuing year resulted as follows: J. Humphrey Anger, Mus. Doc. F.R.C. sub-dean; Ed. W. G. Palmer, M.R.C. Doc.; secretary, T. J. Palmer, R.C.O.; treasurer, H. A. Wheldon, Mus. Bac. (Canada); F.R.C. librarian, Richard Tattersall; registrar, W. E. Fairclough, F.R.C.O.

FOLK LORE SOCIETY.

At the monthly meeting of the Canadian Folk Lore Society in Victoria College last night, it was announced that steps had been taken to publish the proceedings of the annual session of the American Folk Lore Society, the number of which is to be published in a comprehensive valuable work in this way.

Albert Smyth spoke on the necessity of impartial treatment of the evidence gathered by folk lore research. Much of the folk lore now accumulated would support the view held in some quarters, that existing traditions were as likely to be the result of deliberate civilization as the official view that all folk lore and myth arose from savage or primitive attempts to explain natural phenomena. The regularity and complexity of the grammatical forms of many languages, which did not point to an evolution, the best example of which was to be had in English.

W. J. Winterberg read an interesting paper on legends of a snake and the child, in which the universality of the fables were discussed. F. W. Waugh presided, and among those present were Dr. W. H. Clawson, Miss Meredith, Miss Holman, Miss Storey, J. W. L. Forster, Miss Morland, Miss Mary A. Morland, Miss Clouston, etc.

Workman Seriously Hurt. William Grier, of the trunk sewer as inspector, fell 25 feet to the bottom of the excavation at the Don yesterday morning. He was taken to St. Michael's Hospital. His home is at 100 St. George-st. He was seriously hurt, but it was stated that he had an even chance of recovery.

Miss Wharton's Recital. Miss Florence Hazel Wharton, A.T.C.M., gave a most successful recital last evening in College-street Methodist Church, under the auspices of the Ladies Aid Society. Miss Wharton's elocutionary powers are well known, and her many gifts were much appreciated by the audience. Messrs. P. W. Hollingsworth, tenor; W. Lawrence, tenor; John P. Edmondson, baritone, and G. F. Liddle, pianist, assisted.

The Oddfellows organized a baseball league last night, and expect to place twelve teams in the field. The following officers were elected for the season: President, Wes. Williams; vice-president, C. Hule; secretary, Robert Elliott; treasurer, E. A. Miller.

A schedule meeting will be held on May 10, when all lodges wishing to place teams must have representatives on hand. All the St. Mary's Senior City amateur players are requested to be on hand for practice Friday evening at McDonnell square.

Port Hope Baseball Club have reorganized for the season, with Mr. Henry Surplus as manager. The following are the officers: Hon. president, H. T. Bush and E. M. Thorner; president, Mayor Mulholland; vice-president, W. J. Colwill; secretary-treasurer, W. Thompson; manager, H. Surplus; executive committee, J. Walters, J. Record, Blake Crawford and T. J. O'Neil.

West End Y.M.C.A. will enter a team in the Senior Boys Union League. West End have won this league for the past three years, and expect to add another win to their credit. The following players are requested to turn out Saturday afternoon at 2 o'clock sharp in the big ring at the exhibition grounds: Harris, Taylor, Garrett, Henry, Morrison, Montgomery, Jackman, Wellwood, Lancaster, A. Montgomery, Algie, Moriarty, Lee, L. Smith, G. Kennedy, J. Fleming. For further particulars, contact any of the boys who wish to play.

The opening game of the Theatrical League Wednesday morning on Bayville Park, the Star Theatre house staff defeated Shea's Theatre by 6 to 5. The game was fast and thrifty and the big crowd of rooters were treated to a good article of ball. The batteries: Star, Brown and Thompson; Shea's, Rose and Rance.

The Firstbrook Box baseball team have entered the Central Manufacturers' League, and will place a fast team on the field. The team that beat them will know they have been playing ball. All players are requested to turn out for practice on the Don flats every Monday, Wednesday and Friday night at 6.30.

The Beach Canoe Club defeated the Crusader Baseball Club by 9 to 2. The game was one of the fastest ever seen on the grounds. Brown's pitching was the feature, he having 15 strikeouts. Beach Canoe lined up: Catcher, J. Rutledge; pitcher, L. Brown; first base, J. McCaulley; left field, Jerry Parker; umpire, James J. Dolan.

The Don Valley League meets next Monday night at 7.45 in All Saints' school house, corner Sherburne and Wilton-avenue, to complete arrangements for the opening of the league on May 6. Teams take notice.

The Monarchs are holding a practice this evening at Willowvale Park. The following are expected to turn out: Anderson, Adams, Adair, Earle, Eastman, Wilson, Ward, Stinson, Smith, Spracklin, Lanpher, Dinyar and Chillum.

Jack Moran, who has made quite a record for hitting and stealing bases in senior baseball circles, made his blazest hit when he stole home on the 19th hit, with a popular young lady of the west.

Mutt Adds a New Word to Jeff's Political Vocabulary - By "Bud" Fisher

SAV, MUTT, I SEE A LOT IN THE PAPER ABOUT THE INCOME TAX. IF WE'RE GONNA BE POLITICIANS, I OUGHT TO KNOW WHAT INCOME TAX MEANS.

OH, IT'S VERY SIMPLE, I'LL EXPLAIN IT TO YOU.

NOW YOU REPRESENT THE TAXPAYER WHILE I'M SUPPOSED TO BE THE UNITED STATES GOVERNMENT. GOT ANY MONEY ABOUT YOU I CAN EXPLAIN IT?

LET ME TAKE IT A MINUTE SO I CAN ILLUSTRATE THE MATTER TO YOU.

NOW YOU SEE YOU GOT THIS DOLLAR TODAY! AT THE RATE OF A DOLLAR A DAY IT MAKES YOUR INCOME \$365 PER YEAR - SEE?

YES, GO ON.

NOW INCOME TAX MEANS THAT THE GOVERNMENT TAKES YOUR INCOME AT THE RATE OF 1/2 OF ONE PERCENT. THEREFORE YOUR YEARLY TAX IS \$1.22. NOW YOU SEE I'M SUPPOSED TO BE THE GOVERNMENT.

OH, YES.

OH, FINE!

SO I'LL KEEP THIS DOLLAR AND YOU'LL ONLY OWE ME TWENTY-TWO CENTS. THAT'S WHAT THEY CALL INCOME TAX - SO LONG!

A COMMON STANDARD.

If the detective department is really in earnest about carrying out Hon. A. B. Aylesworth's law about obscene or immoral books and are not merely in on humbugging the public, or playing into the hands of publishers who desire to revive the declining sales of salacious novels, they will go to every bookstore in the city and seize the many volumes of well-known writers containing things far worse than anything that appears in "Three Weeks" and other novels lately banned.

Why does Detective Kennedy not go to all the bookstores in the city and seize Byron's "Don Juan"? We direct his attention to Canto I, stanzas cix-cix; c. stanzas cv-cv; c. stanzas lxxv-lxxv. Detective Kennedy asserts that the law is explicit. According to his interpretation there is no clearer infringement of it than "Don Juan," which is to be found in every complete edition of Byron's works and sold by every respectable bookseller in the world, not to say Toronto.

If the detective department is not merely making a set against one or two booksellers, every copy of "Don Juan" on sale in the city will be seized immediately and the booksellers will be prosecuted. Detective Kennedy has refused to seize "Tom Jones" and "Amelia" and "Joseph Andrews" and a score of others which have been mentioned in the press. There should be no favors and no exceptions in these prosecutions.

GOVERNMENT HOUSE.

Objections to the new site for government house on the ground of its distance from the parliament buildings are somewhat strained when the precedents elsewhere are considered. Spencerwood, the lovely spot in which the lieutenant-governor of Quebec is domiciled, is five miles away from the Quebec Parliament House, Rideau Hall, at Ottawa is over two miles from the houses of parliament.

The Globe has gathered up all the objections that might be made to any other eligible site around Toronto, apparently for no other reason than because the Whitney government made the choice. Most of the alleged faults are actually virtues, and those who know Rosedale are aware that the district is not surpassed by any other around the city for residential purposes.

CHURCH AND STATE.

It is within the right of any person to say that in the sight of God any particular marriage is null and void, and it is within the right of other people to form their own opinion of the statement. But it is within the right of no citizen to say that a marriage performed according to the law of the land is no marriage. On that point there can be no difference of opinion.

CONTROL OF BOVINE TUBERCULOSIS.

Public health and the live stock industry are both concerned with the measures to be taken for the suppression and eradication of bovine tuberculosis. This too prevalent scourge of domesticated animals is a continuing menace to both and it has long been evident that protection can only be secured thru concerted action on the part of the governments of both the United States and Canada.

Magistrate Kingsford Reserves Judgment in Charge Against Booksellers.

Magistrate Kingsford yesterday reserved judgment in the case of Albert Britnell, charged with the sale of obscene books, "The Yoke" and "Three Weeks." The case was continued from the previous day. His decision will be given Monday next.

In Britnell's defence George Willage urged that philosophers from Plato till to-day had urged like arguments to that in "The Yoke." He declared that his client had no desire to sell immoral books.

He said that a year ago, when the play of the same name was coming to Toronto, his client had lent "Three Weeks" to the police and that it had been returned without adverse comment. Crown Attorney Corley explained that at that time the police understood that the book was not kept for sale, but was merely a volume secured for the police.

H. M. Grant, motorist, was fined \$5 for running his machine on the wrong side of a street car yesterday. He claimed that a rig was in the way on the right side, and that as his brakes were not working well he turned the other way to avoid it. The policeman claimed that there was no rig there and that there were passengers getting on the car, and the fine was imposed.

U. S. Express Co. v. Hulbert, No. 1.

S. Dashiell, K.C., for plaintiff. Motion by plaintiff on consent for order dismissing action without costs. Order made.

Major v. Turner—F. E. Brown, for defendant. H. S. White, for plaintiff. Motion by defendant for an order for examination for discovery of an officer of plaintiff company. Motion dismissed. Costs in cause to plaintiffs.

Chambers-Perland v. Zielaski—G. & C. Sedgewick, for plaintiffs. McGregory Young, K.C., for defendant. Motion by plaintiff for judgment for possession under C. R. 603. Motion dismissed. Costs in cause.

Western Canada Flour Mills Co. v. McGill—G. S. Smith, for plaintiffs. Motion by plaintiffs, for an order vacating default judgment of 17th October, 1910, and allowing judgment to conform with the writ and dispensing with service of order. Order made.

Brown v. Ryerson—W. D. Gwynne, for defendant. No one contra. Motion by defendant for an order dismissing action for want of prosecution. Order made.

Stitt v. Sutton—R. F. Segsworth, for plaintiff. Motion by a judgment creditor for an attaching order. Order made.

Telfer v. Dun—H. M. Mowat, K.C., for plaintiff. T. P. Galt, K.C., for defendant. Motion by plaintiff for the examination of a partner for discovery in a libel action.

Judgment: The writ was served on W. C. Matthews under cover of an injunction. The notice required by C. R. 224, so that he appeared under protest. He denied that he is a partner. As appears from a former case against Dun and Co., Matthews was then and apparently is still only their agent for this province. Inasmuch as Matthews denies that he is a partner he cannot be examined for discovery except on this point without the concurrence of the defendants. Without an order such as was made in Bolesseau v. Dun and Co., 100 W. R. 751. The present motion for an order for his attendance must therefore fail. The parties will perhaps consider whether or not an order was made in the Bolesseau case would not be in the interests of both parties. Motion for nolle prosequi dismissed. Motion for nolle prosequi dismissed. Motion for nolle prosequi dismissed. Motion for nolle prosequi dismissed.

Biggs v. Berridge—R. A. Biggs, for plaintiff. Motion by plaintiff for consent for judgment as in default of appearance. Order made.

Ross v. Arthur—E. Denton, K.C., for applicant. Motion by A. S. Patterson, assignee of judgment, for an order for issue of execution against administrator of deceased defendant. Order made.

Bailey v. Rea—G. M. Clark, for plaintiff. Motion by plaintiff for leave to issue a concurrent writ for recovery of defendant. Rea. Order made.

Before the Chancellor.

Vipond v. Davidson—H. Ferguson, for plaintiff. T. N. Pheasant, for defendant. Motion by plaintiff for an order continuing the injunction hereinafter. By consent between parties, motion enlarged until May 4. Injunction continued meantime.

Rosevear v. Halliday—W. C. Hall, for plaintiff. W. A. Proudfoot, for defendant. Motion by plaintiff for an order continuing the injunction hereinafter. By consent between parties, motion enlarged until May 4. Injunction continued meantime.

Magistrate Kingsford Reserves Judgment in Charge Against Booksellers.

Magistrate Kingsford yesterday reserved judgment in the case of Albert Britnell, charged with the sale of obscene books, "The Yoke" and "Three Weeks." The case was continued from the previous day. His decision will be given Monday next.

In Britnell's defence George Willage urged that philosophers from Plato till to-day had urged like arguments to that in "The Yoke." He declared that his client had no desire to sell immoral books.

He said that a year ago, when the play of the same name was coming to Toronto, his client had lent "Three Weeks" to the police and that it had been returned without adverse comment. Crown Attorney Corley explained that at that time the police understood that the book was not kept for sale, but was merely a volume secured for the police.

INSPECTED JAMAICAN DEFENCES.

KINGSTON, Jamaica, April 27.—Gen. Sir Ian Hamilton, inspector-general of the overseas forces of Great Britain, today completed an extensive inspection of the fortifications, regular troops, militia and police here. He sailed this afternoon for Cuba, on his way to Bermuda.

Ran Machine on Wrong Side.

H. M. Grant, motorist, was fined \$5 for running his machine on the wrong side of a street car yesterday. He claimed that a rig was in the way on the right side, and that as his brakes were not working well he turned the other way to avoid it. The policeman claimed that there was no rig there and that there were passengers getting on the car, and the fine was imposed.

High School Entrance Exams.

SPANISH MINISTRY IN DIFFICULT POSITION

Public Opinion Opposed to Moroccan Expedition—The Attitude of Germany. PARIS, April 27.—The Spanish press generally urges the government to proceed with the utmost caution. Premier Canalejas and his associates in the Spanish ministry find themselves in a difficult position. The army is not disposed to go to Morocco, and public opinion is opposed to the cost of money and lives without seeing definite advantage to be gained.

INSPECTOR TOOK LADY SMUGGLERS BY SURPRISE

Mingled With Excursionists and Ended Trip With a Round-up. BROCKVILLE, April 27.—(Special.)—With the opening of navigation Brockville people have again started the practice of visiting Ogdensburg, N. Y., in large numbers on every trip of the steamer Island Bell, and strong suspicions of smuggling are invariably directed toward the female sex. To-day over 50 patronized the outing, and upon the return were treated to an unpleasant surprise by being met by two officers of the customs staff, who ushered them into headquarters to pass the inspection of Special Officer Harris of Toronto, who is working along the frontier. Duties were imposed and collected on all purchases displayed, large and small, though it is reported that several ladies who did not care to be too closely interrogated, evaded the officers and got safely away.

ACHING MUSCLES AND AFTER EFFECTS OF GRIPPE

Zam-Buk Gives Ease. As soon as you feel any deep-seated pain in the joints, back, wrists, or elsewhere, place a liberal supply of Zam-Buk on the fingers or on the palm of the hand, and rub it in well. The penetrating power of this "embrocation balm" is exceedingly great, and once having reached the seat of the pain, it removes it speedily. It also ends the stiffness, which is so unpleasant.

WANTS S. PARATION

Trustee Board Will Again Ask General Assembly for Release. KINGSTON, April 27.—(Special.)—Queen's University board of trustees at their annual meeting decided to once more ask the general assembly to take steps to separate the university from the Presbyterian Church in Canada. They ask that the assembly co-operate with the board of trustees in procuring the legislation to give effect to the proposed changes in the constitution of the university.

Send-off for Toronto Cadet.

The Harbor cadets will gather in the collegiate to-night for a send-off for Cadet Hagarty, who leaves for England on Monday as one of the Canadian representatives at the "Boys' Brigade" camp at Hamilton. The cadets from Hamilton will leave at 10.15, sailing at daybreak Wednesday on the Royal George.

Narrow Escape From Drowning.

KINGSTON, April 27.—(Special.)—Engineer Reynolds and Fireman Wilbur of the steamer Bally had a very narrow escape from drowning when the steamer was upset off Point Frederick this morning. The steamer was towing the steam yacht Nokomis, owned by W. H. Nichols of Howe Island. A mistake in throwing off the lines caused the steamer to topple over. The men were caught under the vessel, but were rescued in the nick of time by a tug.

You select your physician with great care. Do you use the same caution in selecting the druggist to fill your physician's important prescription? A mistake on the part of the druggist—the wrong proportion of an opiate or other powerful drug for instance, may cause fatal results. Yet, strangely enough, many people think all drug stores are alike. They do not realize that in the selection of a druggist, lies the balance of life and death, until some fatal mistake is publicly laid at the door of some druggist. Then who is to blame? This condition has led to the establishment of a series of stores throughout the important towns and cities of the United States and Canada. They are marked that you may know them, by a prominent sign. When you see a sign on a druggist's shop reading

The Rexall Store

It indicates that the proprietor of that store is the leading, most progressive and dependable druggist in his community. It means that he is not dependent upon his own resources for knowledge of chemistry and purchasing power. It means that he is affiliated with about 3500 other leading druggists, who form one of the greatest combinations on this continent. Before the owners of The Rexall Stores were admitted to membership in this Association, their character, business integrity and ability as druggists were fully and carefully investigated. The owners of The Rexall Stores are able to buy frequently at the lowest market prices and in such quantities as their immediate demands require. Frequency in buying insures freshness, purity and full strength in drugs, as well as up-to-date products of all description. The owners of The Rexall Stores are able to keep their stock in a condition that otherwise would be impossible. You always get the most of the best for the least money, and always secure prescriptions containing fresh, pure drugs, compounded by accurate and dependable pharmacists, in the exact manner and proportion as prescribed by your physician, when you patronize The Rexall Store.

Edward Howard Griggs On Faust and Helens.

In the middle scenes of the second part of Goethe's "Faust" Mr. Griggs in the last lecture but one of his series on Goethe's dramatic poem at Association Hall on Tuesday night found occasion for a study of the poet's relation to the art of the classical world and the philosophy of his contemporaries as it appeared to him in his 51st year. The designed in his youth Goethe was 78 when he wrote the Helena scenes, and the Classical Walpurgis Night was written at the end of his 51st year. Faust has been returned to his study where the play began, but a different man, and the study is suffocating, with its intolerably limiting atmosphere. The whims and crotchets of dry-astid pedants do not appeal to him, and he never could return to the life he had lived before. Mr. Griggs found Goethe's antipathy to Pllichte the basis of much of the scene with the Bacchante. It reflected the feeling which causes such a reaction among scientific men against Hegelianism and the view that one knowing the Absolute one then knows all that science works out with such toil. Dr. Oster is long anticipated in the Bacchante's statement. Age is an acute fever, it is clear. With chills of moody want and dreary when one has passed his thirtieth year. One then is just the same as dead. "Two or three, better, to put you out of the way."

characteristic attitude in the United States, and probably in Canada also, where youth, not having experienced the difficulties of life, would attempt anything. He thought the United States the most irreverent nation on earth. He had heard a minister say it was no use to try to get a charge after fifty years of age. Yet to what vocation was the mellow wisdom of age so valuable as to that of the spiritual physician? The wise old fathers are turned out for the young German graduates who can talk the latest slang of science or theology. It was Wagner who created the Homunculus, but it is Faust who uses him. Every question that ever brought results, remarked Mr. Griggs, was the work of a man of genius. Darwin's wonderful guess occupies his life in supplying an answer and corroboration. Genius cannot be institutionalized. It can never be discovered until it has done its work. In the Classical Walpurgis Night were to be found pictures of Faust's growth from the lower up to the highest forms of beauty, and of Mephistopheles' growth downwards to the gravest ugliness. Faust's denial led to intellectual denial in modern thought, and of moral denial in medieval thought to sin, so in ancient thought the denial of beauty led to ugliness. Faust is borne on Chiron's back to Manto, who loves him who is inspired by the impossible, and the discussion means to something more. Faust is that instant Faust had risen to the ultimate of human consciousness. The moment was perfect. Why was the union with Helena tight, and that with Margaret wrong? Mr. Griggs saw in this no longer the mere desire for self-gratification. Faust was not an end in itself, but a not only taking more. Faust was in the creation of the Divine Comedy led Dante married love, beauty, truth, wisdom, peace. Out of the union of the romanticism of the north with the classicism of the south arose the perfect child of poetry, which Goethe pictured in Euphorion. In his desire for the concrete he associated the creation with Euphorion. Helena disappears, leaving but fragments of her garments, as Greece, vanishing, leaves the relics of her art to lift us above our corvid days. And the student is ready to pass from art to the art of arts, which is life. Mr. Griggs was especially eloquent as he dwelt upon the "treasure of ancient

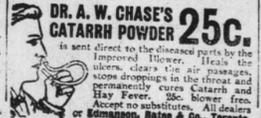

art and the lessons they bear, and his last lecture next Tuesday evening is sure to be an oratorical treat. New East End Playground. The C.N.R. have notified the Playgrounds Association that they may use the railway property south of Sumac-street, near the Don. The association have agreed to take it over and run it as a supervised playground. Subscriptions towards the \$1000 this will cost may be sent to George R. Warwick of Warwick Bros. & Rutter. Wagon Company Assigns. As an aftermath of the failure of the Wilkinson Plow Company comes the assignment of the West Lorne Wagon Co. to E. R. C. Clarkson, who is handling the Wilkinson plant. Mr. G. T. Clarkson will direct the firm until the affairs have been worked out. Controllers for Halifax. HALIFAX, April 26.—The civic elections to-day were made specially interesting because of the prospects of the adoption of the board of control system of government instead of the present system and committee. The proposition was carried by a majority of three to one.

Now Getting Lake Water Limited Supply is Coming Thru Temporary Intake. Toronto is now getting some lake water thru the temporary intake located 600 feet from the island shore, on the broken conduit leading to the old intake. The bulkhead which has been holding the water in check while the men were removing the sand from the pipe north of the shore crib was taken out yesterday and from the time that it was removed part of the city supply has been coming thru the pipe. There is quite a bit of sand to be removed before the entire supply can be drawn from this source, but good progress can now be made at it and a partial supply drawn at the same time. The work of removing the balance of the sand will be continued with a full force of men and it is expected that in the course of three or four days the entire supply will be drawn from the lake. The supply will be drawn entirely from this source as soon as the sand has been removed except on days when the water is rendered turbid by storms. Then the new settling basin, made by cutting Long Pond into the lake, will be used, so that the water will be freed from turbidity and rendered amenable to treatment by chlorine. Superintendent Leslie succeeded in getting the four pontoons sunk beside the length of pipe that is to be raised, late yesterday afternoon, and as soon as the water can be forced out of them they will be brought over to John-street wharf with the length of pipe. Sufficient sand was pumped off the pipe to render it light enough for the pontoons to raise it when they are filled with air.

Deserted Wife to Remarry. Magistrate Kingsford Dismissed Charge of Attempting Bigamy. James Dudley was married in Colborne, Ont., twenty years ago, when he was but 14 years of age. Four years later he deserted his wife and young daughter. Two years ago he married a girl from Woodstock in Detroit. He appeared in police court yesterday morning charged with leaving Canada without notice. His second wife swore bigamy. His second wife admitted that when they went to Detroit by automobile they had no such intention. Magistrate Kingsford declared that he must therefore dismiss the case. Crown Attorney Corley observed hotly that it was the worse exhibition of perjury which he had seen. Electrical Firm Assigns. Oler Wade has been appointed by court order liquidator for the C. W. Bongard Company, wholesale and retail dealer in electrical supplies on King-street West. The company's liabilities amount to \$30,000, and the assets are nearly equal to that amount. B. Lederman and the Toronto General Stores Company of Cochrane have assigned to Oler Wade. Lederman was arrested here last night on a warrant from the chief of police of Cochrane.

Tarolema Cures Eczema Psoriasis & Barber's Itch. 'Twill Be Gala Night When Power Arrives

Dazzling Street Illumination, Bands, Banquet and Oratory Will Fittingly Mark Event.

Arrangements for the official reception of hydro-electric power to Toronto, on Tuesday evening next, are now complete.

The final meeting of the special committee of the city council who have been in charge of the preparations, in company with the civic legislation and reception committee, was held yesterday afternoon. Their work is completed with the exception of carrying out the various parts of the program as scheduled.

The program will open with a banquet at the King Edward, at which the municipal council will have as their guests the representatives of the other municipalities in the power ring; Sir James Whitney, Hon. Adam Beck, and the local representatives in the provincial legislature and Dominion Parliament. This will start promptly at 6.15 p.m. and conclude at 8.30 p.m. The guests will then be provided with carriages and a procession formed, headed by the 48th Highlanders band, which will proceed west to Bay-street on King-street. They will march north on Bay-street to Queen-street and east on Queen-street to James-street, leaving the carriages at the James-street entrance and proceed to the Queen-street entrance, where seating accommodation will be provided.

Premier to Press Button. When the Mayor introduces Sir James Whitney and Hon. Adam Beck, Sir James will then press the button which will inaugurate a scintillating display of electric brilliancy, such as has never before been witnessed in Toronto. In fact it is doubtful whether a more elaborate display than Kenneth L. Ecken and G. R. Sweeney of the city electrical department have in readiness for the occasion, has ever been witnessed on the continent. The entire main entrance on Queen-street will be a blaze of illumination. A representation of Niagara Falls, with real water falling 25 feet to the balcony, will form a striking feature of the illumination scheme. The streets thru which the guests will travel, from the banquet to the city hall will be specially decorated with colored lights, in addition to the double row of clusters. The interior of the city hall will also be decorated with flowers and additional lights. Property Commissioner Harris and Park Commissioner Wilson, having co-operated in this part of the work. There will also be eight powerful search-lights placed in the tower, which will throw streams of light to all parts of the city.

When Oratory Starts. After the power has been turned on by Sir James he will deliver a brief address and will be followed by Hon. Adam Beck. At the conclusion of the speaking the city hall will be thrown open to the public, all of whom are invited to attend. No special regulations will be issued for any part of the proceedings except the banquet, and everything else will be free and open to the citizens. Arrangements have been made to divert all street car and vehicular traffic between York and Toronto today to Queen-street, from 8.15 p.m. to 8.30 p.m., to prevent any interruption to the speakers or danger to the immense crowds it is expected to entertain in front of the city hall.

LOST PURSE QUICKLY FOUND

And Englishman's Sorrow Was Turned to Joy. It isn't lucky to lose your money, but you are fortunate if you should happen to lose it. An Intercolonial Railway train, for then some chance will still remain of your recovering it. An Englishman, who had just returned from Halifax to Toronto on an I. C. R. special, found when he arrived in Montreal that his pocket book containing a sum of \$200 had been lost. The missing. This was not a pleasant prospect for a stranger on his way to carry out his fortune in the far west, and needless to say, the traveler was very anxious. However, he reported the matter to the I. C. R. agent at Bonaventure Station, who had started to investigate. The pocket book was quickly found, for it had been picked up in one of the cars by the sleeping car conductor, who had it in safe keeping. Its prompt recovery greatly delighted the Englishman and gave him some cheerful impressions regarding the honesty of Canadian railway men.

TO NEUTRALIZE PHILIPPINES.

WASHINGTON, April 27.—Representative Sabath of Illinois today introduced a resolution providing for the neutralization of the Philippine Islands, which will be placed on the committee on insular affairs. The resolution affords the president to take steps to secure an international guarantee whereby the islands should be forever neutralized and placed under the protection of the powers.

Found Dead in Furrow.

BERLIN, Ont., April 26.—Israel Snyder, a veteran farmer of North Waterloo, was found dead in a furrow of a field that he was plowing in, and he was 72 years old he was in the best of health and having a hearty meal went out to work. Passerby noticed the driverless team and plow, and on investigating found the corpse. Death was due to heart failure. He was a native of the county, was twice married and leaves a family of 18 sons and daughters.

Gold at Hobon.

A further government survey is to be made on this summer of the porcupine district, also around Hobon, where the Algoma Central is to connect with the C.E.R. The director of the Ontario bureau of mines, said yesterday, "gold has been found near Hobon, and we have not very much information as to the manner of its occurrence."

May Name Commissioner Today.

Toronto's hydro-electric commission may be completed to-day by the appointment of the Ontario Commission's representative. A meeting of the provincial commission will be held at the offices this afternoon and an announcement of a selection is considered probable at its adjournment.

WESTERN UNION MILKS PROFITS OF G.N.W. LINES

Evidence Before Railway Commission Appeared to Surprise Chairman Mabee.

The long delayed inquiry into the tolls of telegraph companies doing business in Canada...

On the other hand, the suggestion was thrown out that the Western Union was really in control of the Great North Western.

G. D. Perry, general manager of the G. N. W., was in the box all day. Mr. Pittblado reviewed the amalgamation of the Dominion Telegraph Co. and Montreal Telegraph Co.

Not Dividend Payer. The subscribed capital of the G.N.W. is \$500,000 of which \$125,000 is paid up.

Up to 1910 the total surpluses of the company amounted to \$757,000. The auditors by \$298,563, to allow for a reduction in the value of the lines of 1-27 cents per share.

Mr. Perry went on to explain that the interchange business between two companies is based on the local rates of both to and from the point of connection.

Mr. Perry produced a copy of an agreement made in 1881, which gave the Western Union virtual control of the business in Canada.

Chairman Mabee here interposed the remark that the company had a mighty easy going lot of shareholders.

APPOINTMENT NOT MADE. Sir James Whitney yesterday afternoon emphatically contradicted the report that an appointment had been made to the position of assistant king's printer in succession to Mr. Grant.

SPRING FLOODS INVADE THE PORCUPINE CAMP

Bridges Are Down and Roads Almost Impassable—Waiting For Navigation.

Porcupine City, April 24.—(From Our Man Up North.)—Spring thawing has set in with a vengeance and the snow is rapidly disappearing.

Wilson Creek, which empties into Porcupine Lake at the south end is creating havoc at all the road crossings across the foot of the Pole-O'Brien hill.

Two miles out from the Pole-O'Brien, the beaver meadows are also flooded, and here the prisoners at work on the road are ferrying passengers across the small creek that runs thru the meadows.

While Wilson Creek and its tributaries to the west, are flooding the highway, the water here is almost impassable.

Also there were six feet of snow over the town and the drainage from the water in Porcupine City and Golden City has been rapid and in many places the Porcupine Townsites at the north end of the town are dry.

There is something like a panic in Turkey over the establishment of cordial relations between Austria-Hungary and Bulgaria.

But what is the object of such treaties? To this question the Young Turkish leaders can see but one answer: they are to free the hands of Bulgaria of its treaty obligations.

Government has taken energetic military measures. Two hundred men of the 13th, or substitute reserve, have been called to join each battalion of the army in European Turkey.

WILL PORCUPINE SURPASS THE RAND OF SOUTH AFRICA?

The Output of Gold From the Rand Last Year Was Valued at \$155,736,000—And That's Going Some.

The following items were published in our DAILY PORCUPINE BULLETIN during the past week:

APRIL 24.—The opinion has been expressed by numerous writers on the Porcupine Camp, that the district would probably surpass the Rand of South Africa in the production of gold.

"The world's greatest authorities in gold mining—Wigmore of South Africa, Fleming of Mexico, Smith of Nevada, Trerise of Montana, Webb, Frechville and McArthur of England, Miller and Burrows of Canada, and Simon of France—are a unit in saying that this great region of the Ontario northland, with its rich showings of ore covering so great an area, is better than has ever been seen before; that Porcupine is to be a very large producer of gold, probably the largest in the history of the world, and LARGER EVEN THAN THE FAMOUS RAND MINES OF SOUTH AFRICA."

In order that our readers may realize the full meaning of the last sentence above quoted, we would say the gold output of the Rand of South Africa last year amounted to 7,533,000 ounces, valued at \$155,736,000.

APRIL 18.—It has been our contention all along that the slump was only temporary. Our reasons for this are many. Primarily, because of the fundamental values in the Porcupine Camp.

known area of mineralization is far greater than any other camp ever found on the American Continent. The veins are numerous, and free gold has been found in an area covering twenty miles square.

APRIL 20.—The public will probably not commence buying Porcupines in great volume until the prices have advanced to higher levels.

APRIL 21.—The market is well in hand, but there seems to be timidity in buying. The orders are for small lots. Any considerable number of buying orders of thousand-share lots, which are likely to come into the market when a full realization of the importance of the Porcupine district has filtered through the public mind.

THE BEST PORCUPINE INVESTMENT

When a person has become convinced that Porcupine offers exceptional opportunities for speculation, the question naturally arises:

WHAT STOCK SHALL I BUY?

There are several good ones, but we suggest that your first choice be PORCUPINE TOWNSITE MINES, LIMITED

- 1st.—BECAUSE the location of the property is most favorable, being east and south of the Hughes properties, where the most spectacular gold showings of the camp have been found, and adjoins the City of Porcupine on the north.
2nd.—BECAUSE the management is first class. The officers are men well and favorably known in Toronto and New York.
3rd.—BECAUSE it is organized under the strict laws of Ontario.
4th.—BECAUSE its capital is comparatively low, \$1,000,000, divided into 1,000,000 shares of the par value of \$1.00 each.
5th.—BECAUSE one-half of the authorized capital is in the treasury—500,000 shares.
6th.—BECAUSE application will be made to list the stock in a few days, and it may reasonably be expected to sell at higher prices.
7th.—BECAUSE you can get into this company on practically the same basis as the underwriters (so-called) have in other popular Porcupine stocks.
8th.—BECAUSE—well, there are lots of things market-wise that had better not be tipped off in the public press.
