SELECT JUDGE CASSELS TO MAKE THE ENQUIRY TO DEPT. OF MARINE

In the Meantime Three Officials Have Been Suspended and Col. Gourdeau Renews Request for Retirement.

OTTAWA, April 1.—(Special.)—Walter Cassels, judge of the exchequer court, has been appointed a commissioner to investigate charges made by the civil service commission against the administration of the marine and fisheries department. The prime minister made the announcement in the house this afternoon.

He accompanied this with a statement that three officials of the department had been suspended and that Deputy Minister Rodolphe Gourdeau had during the day pressed the minister for acceptance of his resignation.

Premier's Statement. "Before the orders of the day are proceeded with," said the prime minister, "it is my duty to inform the house what action has been taken by the government on the report of the civil service commission. The house is aware that on two previous occasions I stated that the report, in so far as it concerned the department of marine and fisheries, called for consideration and action by the government. My honorable friend who is in charge of that department has been engaged for some time in investigating his department, so as to determine in what respect it could be reformed. In the discharge of that duty one of the officers of the department was suspended by him some few weeks ago. Since the report of the commission has been laid on the table my honorable friend and colleagues have also put under suspension two other prominent officials. It is only just to the deputy minister of the department that I should say in this connection that on two previous occasions he tendered his resignation to the minister, and this morning again pressed the resignation, and that the matter is in the hands of the minister for consideration.

Grave Allegations. "The house is aware that the report made contains very grave statements with regard to the honesty of officials in that department. The matter is of such a serious character that the minister did not think it advisable for him to deal with that part of the report, but he has thought it advisable to recommend that a royal commission be issued to deal with that part of the report of the commissioners, in order to have a statement of facts which they say exists in the department properly investigated. It has pleased the administrator of the government to accede to this view and to appoint as commissioner Walter Cassels, judge of the exchequer court of Canada. Now, the report is a very broad and general one. I may simply remind the house that last year, the government being aware that the civil service question was one which engrossed the attention of the country generally, thought it advisable to appoint a commission of men whom they had reason to believe to be absolutely impartial and disinterested, to look over this question and give them the benefit of their views on the subject. It is this commission has made a report which is pretty general and broad. It is the intention of the government to deal as soon as possible with the serious matters brought to the attention of the country in this report. I cannot say that during the present session it will be possible perhaps to go very far in making any progress on this question, and all being anxious more or less to get to the blessing of prorogation, if such a thing can be effected during 1908. At all events it is the intention of the government to proceed as far as possible as speedily as possible to go during the present session.

Civil Service Reform. "There is the broad question of civil service reform, which is generally understood. I understand that the commissioners have made a general representation upon this point, that so far as I am concerned, I must say I have had no opportunity to read the report, except as I have seen it in the newspapers, but there is a general recommendation, and everybody has noticed that while the members of the commission have made recommendations on that line, they have not embodied their views in the shape of the bill as they did on the question of superannuation, for instance, and the idea, having been brought here without more specification than that it may require some time before a bill can be prepared on that line.

All I have to say at this moment is that it is the intent of the government to deal with the question and all questions brought up by the report of the commission as speedily as it is possible to do so.

R. L. Borden asked if the royal commission would deal with the marine department generally, or solely with matters advanced in the report of the civil service commission. As to the question of civil service reform, he asked whether or not the government had come to the conclusion that as a matter of policy they would adopt the principle of competitive examinations by an independent commission in connection with appointments to the civil service. The prime minister answered that he would bring down an order-in-council outlining the scope of the commission, before making any announcement as to the policy of the government; he had thought it better to have the report before the house.

THE WAY OUT.

The short, quick and clean way out of the difficulty between the Toronto Railway Company and the City of Toronto is for the legislature at this session to empower the city to buy the common stock of the Toronto Railway Company. Let the legislature give Toronto the right to buy the street railway stock, as it has given the right to buy gas stock, and we believe that Toronto will soon find the means to buy the present shareholders out.

WHERE IS HAZEL GODFREY? DISAPPEARED FROM FATHER'S STORE

Pretty Miss of 19, of Exemplary Character, Has Been Missing Since March 14.

Hazel Kathleen Godfrey, a pretty girl, 19 years of age, the daughter of F. L. Godfrey, stationer, 176 Dundas street, disappeared from home on March 14 and has not been heard of since by her father or friends. She was left in charge of the store on the morning of March 14, while her father went out for a short time on business. On his return she was gone and ever since he has been anxiously looking for her, without avail, and has had reason to believe to be absolutely impartial and disinterested, to look over this question and give them the benefit of their views on the subject. It is this commission has made a report which is pretty general and broad. It is the intention of the government to deal as soon as possible with the serious matters brought to the attention of the country in this report. I cannot say that during the present session it will be possible perhaps to go very far in making any progress on this question, and all being anxious more or less to get to the blessing of prorogation, if such a thing can be effected during 1908. At all events it is the intention of the government to proceed as far as possible as speedily as possible to go during the present session.

"SWEETLY SOLEMN THOUGHT"

Death of Canadian Who Composed the Music. HAMILTON, April 1.—R. S. Ambrose, the well-known musician and composer of sacred music, died last night at his residence, 156 Markland-street, in his 86th year.

OPPOSE REDUCTION.

Large Deputation of Liqueur Dealers Descend on Quebec. QUEBEC, April 1.—(Special.)—An enormous deputation of licensed victuallers from Montreal, consisting of some sixty people, representing every wholesale liquor house and brewer in the city, arrived to-night and interviewed the whole cabinet, to protest against the legislation proposed by the temperance party, an especially against the proposal to reduce the number of licenses in Montreal by 15 per cent, which would mean a cut of sixty and a great financial loss to dealers to whom license holders are indebted. The deputation claimed that vested interests were threatened and that fifty millions were invested in their business. Mr. Gouin pointed out that Toronto, with a larger population, had only 144 licenses in all, while Montreal had 400 licenses to sell liquor. He promised consideration of the rival petitions.

VERDICT MURDER BURY SHOCKS ITSELF

Did Not Want to Commend Tease to Death ---A Commutation For Him Will Be Asked For.

BRAMPTON, April 1.—(Special.)—A thunderbolt from heaven could not have produced a greater shock upon the 8000 people assembled in and around the court room this afternoon, than when the jury brought in the verdict of "Guilty of murder, with a recommendation for mercy" against John D. Tease, accused of killing William Curry in Peel County on Christmas night.

The spectators were shocked, the counsel for defence were shocked, the crown was shocked, the judge was shocked, and the jury when they learned the true significance of their act, were dazed. Tease was sentenced to be hanged on Thursday, June 11. The 12 jurors admitted afterwards that they had no idea that their verdict left no course open to the court but to pronounce the death sentence upon the prisoner. To Crown Counsel Blackstock, and to Counsel Hassard, they admitted that they believed their verdict would elicit nothing more serious than a life term in prison. They ignored an insanity verdict because they thought, like the possibility with Harry K. Thaw, the accused would merely be locked up for a short while and released. They realized the insane tendencies of the prisoner, but thought they would be relieving society of a pernicious element if he were locked up for life. They refrained from styling it a case of manslaughter, because they thought it would mean imprisonment for a term of from three to five years, and then freedom. To-morrow the defence will apply to Ottawa, to the governor-general, for a commutation of sentence. The doctors who gave expert testimony favor it, the crown counsel had no hesitancy in declaring he favored it, and the general impression of those officially connected with the case is that the judge's report will strongly favor it.

PLEASANT FUNCTION AT ALBANY CLUB

Last Evening—Eulogy for the Man Who Wars on Graffiti.

A spontaneous testimonial from the members of the Conservative caucus in the legislature, and without any outside assistance took the form of a banquet and presentation to Premier Whitney at the Albany Club last night. The occasion was one of great enthusiasm and the feeling of personal loyalty to the bluff but genial leader of their endeavor to liberate the coast had free rein. The address was read by John H. Fisher, Brant, and was signed by every Conservative member.

AN Eloquent Eulogy.

Dr. Preston said in part: "It affords me the greatest possible pleasure to occupy this proud position to-night to do honor to one who will esteem any love—the Hon. J. P. Whitney—"Ontario's Strong Man," and it requires no prophetic vision to make the statement that in the near future he will be again triumphantly returned to the premiership of this banner province, with a substantially increased majority."

THE REAL FOREIGN PERIL.

Dr. C. K. Clarke, superintendent of the Toronto Asylum, says: "Of the 362 admissions to that institution last year, 136 were foreign-born. The majority were recent arrivals. Most of them were deported, but those that the province will never get rid of amount to about 40. "Each patient that is retained will cost the province \$6000. "The provincial secretary's department has deported 30 since Jan. 1. "Sixty-five per cent. of these weak-minded foreigners were afflicted with dementia praecox, the same form of insanity accredited to Harry K. Thaw. "These are the most undesirable class of lunatics and are likely to live a great many years. "In other words, they were the failures sent from the old country by immigration companies to try and make good in Canada, if possible."

GOOD BROTHER JAFFRAY DECEIVED.

EDITOR JAFFRAY: Mon, that's a fierce smell that seems till be comin' fra' Whitney's back yard. Dinna ye notice it, Sir Wilfrid?

PREMIER WHITNEY. Last Night Made the Recipient of Eulogies and Silverware.

Dr. Preston said in part: "It affords me the greatest possible pleasure to occupy this proud position to-night to do honor to one who will esteem any love—the Hon. J. P. SENATE UPHELD RIGHTS OF THE PROVINCE

Committee Threw Out Jim Conmee's Bill to Take Vast Power Rights from People.

OTTAWA, April 1.—(Special.)—By 19 to 15 the senate railway committee threw out Mr. Conmee's bill to incorporate the Ontario and Michigan Power Company. A big fight was made on the proposition, but the protest of the Ontario legislature against this new invasion of provincial rights had its effect. The bill sought to give the company very wide powers, namely, the purpose of developing power and distributing it to any place in Canada or in Isle Royale, or in any place in the United States. The company should be permitted to acquire lands and water rights on Pigeon, Neponset and Sturgeon Rivers in Thunder Bay district, to construct dams and reservoir and otherwise control water in any lake whose waters flow into any of those rivers or in any streams conveying such discharge to bays for natural gases, manufacturing gas and sundry like works.

Ex-Premier Led Attack.

Sir Mackenzie Bowell led the attack on the bill and was well supported by Senators Edwards, Loughheed and others. Senator Kerr violently attacked the theory that it was the business of the provincial government to control the rivers of the provinces. Mr. Whitney was not an authority on any matter involving the question of rights.

STORM DOES DAMAGE ALONG THE BEACH TO THE EAST

Houses and Trees Undermined by the Waves of Last Night. The strong easterly winds which prevailed all day yesterday had the effect of churning up the waters of Lake Ontario, and while a trifle too early to cause any inconvenience to local shipping, the heavy pounding of the waves, more especially along the beaches, caused serious damage. At the foot of Leuty-avenue, where the full force of the waves was felt, some fifteen feet of the shore has been washed away. The house occupied by Mrs. Maule, fronting on the lake shore, has been undermined while the large poplar trees almost immediately in front is likewise ready to fall into the lake. Five large trees to the east of Leuty and fronting on the shore, have been washed out and the cottages to the rear so undermined that the verandahs project over the water, threatening to break up at any time. Along the front of Scarborough Beach the waves have made great inroads and considerable damage has been done to the bathing cottages. Knight's big bathhouse between Lee-avenue and Waverley-road, built on concrete foundation and the upper portion of which was somewhat damaged two weeks ago, was last night completely wrecked.

A NEW PRINCE RUPERT.

G. T. Kane Got Ahead of the Grand Trunk Pacific. VANCOUVER, April 1.—(Special.)—The Grand Trunk Pacific is threatened with having to change the name of its Pacific coast terminus or else pay heavily for the use of the privilege of calling its tidewater city on the Pacific by the name of Prince Rupert. Still later officials of the railway company applied to give this name to their town, but could not, for Wiley Kane had secured earlier registration and by provincial laws two places cannot receive the same name.

SHOULD BE DEBARRED.

Peel Grand Jury's Presentation on Immigration Evils. BRAMPTON, April 1.—(Special.)—The report of the grand jury to-day suggested that degenerates or mental walkings be either excluded from Canada, or rationally taken care of when found. It was just possible that society, unthinkingly, could be charged with committing crimes against criminals, and due weight was not always given to the extenuating circumstances of heredity and environment.

Has Made Restitution.

BUFFALO, April 1.—(Special.)—The father of Thomas of Chippewa Ont., charged with forgery at Buffalo has made restitution for paper negotiated in Gerdich and Montreal.

BETHEL MAN IN CELLS FOR PASSING A CHEQUE

City Treasurer Getting Out Statement Showing Salaries Paid—General City News.

HAMILTON, April 1.—(Special.)—Andrew Ferguson, a Bethel boarder, was landed in the cells this evening on the charge of obtaining money by false pretences from his former landlady, who lives on South John-street. It is alleged that he passed a worthless cheque on her.

The police believe that he is the man who tried to get a cheque made out on George Elliott cashed at Gardner & Thompson, I. G. Thompson and Billy Carroll yesterday. He is a young Scotchman who has been in the country only a short time.

The city treasurer is getting out a statement showing how much salary all the officials and foremen got from all sources last year.

Waiting For New Bill. The township council of Saltfleet has decided to file notice of appeal in the local option case. The appeal will not be prosecuted, however, if the government introduces a bill wiping out licenses in municipalities where by-laws have been passed on technicalities.

The laymen of the Anglican Church in the Niagara diocese will attempt to raise \$12,000 for missions. A joint meeting with the ladies' auxiliary will be held in the Alexandra rink on April 29.

On account of the storm and the condition of the canal, the Hamilton Steamboat Company was not able to start the Macassa to-day, but expects to do so to-morrow. Over 200 passengers were on hand to make the trip this morning.

John A. Webber of the postoffice staff received word this morning of the death of his brother, A. F. Webber, Vancouver.

Get Started Next Year. John Patterson has returned and expects to get the construction work of the Hamilton, Waterloo & Guelph Railway started next year.

Rev. James Thompson has received a call from Holy Trinity Church, Welland.

Harry Lewis, teller of the Beamsville Branch of the Bank of Hamilton, disappeared mysteriously Saturday night.

Albert Gignac, deputy game warden, found duck hunters from Detroit hunting off Fighting Island during closed season. He set two guns and about eighty decoys. The men refused to give their names, and lost their property rather than appear in court.

North Essex Liberals are finding it difficult to secure a candidate to oppose Hon. Dr. Reame. The name of E. Ducharme, Belle River, has been prominently mentioned, but he has declined to face inevitable defeat.

W. J. McKee, who represented the riding for two terms and was vanquished by the present minister of public works, is said to be flirting for another chance.

Brickwood Not Guilty. KINGSTON, April 1.—The trial of James Brickwood, for outrage upon Minerva Topping, aged 18, lasted all day. The case was heard by Judge Gaitanides, decided to testify and relate the horrid details of the assaults made by four men.

Will Interpret. Chancellor Boyd yesterday reserved judgment in an application by J. W. McCullough to set aside the divorce of Mrs. Katherine Byer of Markham Township, who died in 1906, leaving an estate of about \$100,000. According to the instructions, about 30 persons would benefit.

This Is Best Time For Spring Medicine. Taken Now the Blood is Renewed, Disease Germs Are Destroyed, Good Summer Health is Assured.

That peculiar weakness so common in the spring, is demoralizing to body and mind alike. Stupid, absent-minded and dull, you feel the need of a stimulating tonic. To impart quickness and great vitality to the entire system nothing acts like Ferrozone.

In a short time it makes you feel fit and fine, creates a feeling of youth and strength that is surprising. Ferrozone revives and braces the sickly because it nourishes and builds up the organs that are weak. As a spring tonic, appetizer and blood strengthener it is unequalled.

SENATE TALKS AGAIN OF ITS OWN REFORMATION

Premier Charged With Holding Vacant Seats Over Heads of Nova Scotia Politicians.

OTTAWA, April 1.—(Special.)—That the government was holding Nova Scotia vacant senatorships over the heads of their followers for two sessions to compel them to vote as demanded, was the belief expressed by Senator Perley in the red chamber this afternoon during a discussion on senate reform. Hon. Mr. Perley's principal suggestion was that to correct the evil of the great political majority, the opposition should appoint half the senators.

In his contribution to the debate, Senator Ellis said the evidence that the commons was not beyond criticism was the fact that the prime minister had often to go outside parliament to fill a vacancy in the cabinet.

Senator G. W. Ross claimed the record of legislation passed and rejected by the senate showed that partisanship could not be successfully pressed against it. He did not agree with the proposal to return senators by provincial authorities as the opposition should name senators. The opposition had no responsibility. The senators as described could be as well used by the leader of the opposition to keep his followers faithful as Senator Perley allowed the government use the places.

Senator Ross was not so much impressed with the need for maintaining an equalization in the senate. Measures got fair treatment in the senate, no matter how the parties stood. Senate reform should be internal and original legislation and more government legislation.

How Senator McMullen's son got out of a company that had government contracts was told by the elder McMullen to his colleagues to-day. He had mentioned to W. H. Bennett that he had urged his son to sell his stock, but in the commons Mr. Bennett used the information, declaring that the withdrawal was due to certain "disclosures."

The senator was sorry he had mentioned the matter to Mr. Bennett, who he thought was honest enough to treat it as private conversation.

SLEEP HIS DEFENCE. Ross Freeman, Canadian; Acquitted of Burglary.

CHICAGO, April 1.—Ross Freeman, whose attorneys said he was a victim of somnambulism and epilepsy, and who was by the attorneys classed with Julius Caesar, Napoleon, Lincoln, and all of whom, it was contended, were subject to lapses of mental control, was acquitted to-day of a burglary. Freeman was tried by a jury in Judge Brennan's court.

Freeman was accused of breaking in to the home of Fred Folgar at 409 Armour-avenue, a saloonkeeper, and attacking Folgar when the latter surprised the intruder in his kitchen. Defence placed alibi in evidence, which testified that it was his belief that Freeman was asleep when he entered Folgar's home, and that his attack upon Folgar was not an indication of criminality.

Dr. A. O'Neil of Chicago, one of the principal witnesses for the defence, described Freeman's act as not having been committed while Freeman was in a state of somnambulism, but in an automatic mood following an epileptic seizure. He said the two were to be clearly distinguished.

Freeman is the son of a wealthy Canadian oil dealer.

MARRIED WOMEN WILL NOT BE ALLOWED TO VOTE.

The clause in the city bill to allow married women to vote on their own property was yesterday killed, when A. L. McBride declared against what he called petticoat government. Ex-Mayor Frothinger supported the measure in the municipal committee.

The police commissioners were authorized to locate cab-stands and the street railway Co. power-houses where they pleased.

Power to prohibit or restrict the cheap shows was given the city by a narrow vote.

Milvinton obtained ratification of an \$8000 loan to the J. G. Grosch Feist Shoe Company.

Ex-Urbidge bill was left over and Niagara Falls and Stamford bond measures were killed.

Cornwall must vote on the proposal to assess Nutter's \$100,000 brewery at \$10,000 for ten years.

The Lac Seul, Rat Portage and Keewatin Railway Co.'s bill will be re-drafted with restricted powers.

Brantford was allowed to build a spur line to east end manufacturing sites, but not to operate it.

Three pounds and one and a half pound weights for loaves by the sub-committee appointed to deal with the matter, was adopted by the sub-committee.

GRANDPA AT BENCHMARKS WINS OVER THE JUNIORS

Over Sloppy Track Well Balanced Fields Furnish Fine Finishes.

WASHINGTON, April 1.—No better card of over-night events has been offered at the present benchmark meeting than that of to-day. The fields were well filled and the handicapping was excellent, resulting in true finishes. The weather was cloudy, the track sloppy and the crowd fair.

The first race, a selling affair for 3-year-olds, proved to be the best of the day. Greeno was made favorite, but did not figure in the result, Edgely winning by half a length from Bob Callahan, Jr.

DOCTOR BEHEMOTHE Doctor Withdrew his Remedies in favor of Zam-Buk.

Mr. Ab. Wheeler, Marine and Stationary Engineer, of 145 Front St., Belleville, Ont., says: "Two months ago, while employed in a steam laundry in this city, my left hand became caught and was accidently drawn into a hot mangle. As soon as possible the machinery was stopped and my hand was extricated, but not before the fleshy part of the hand was literally cooked to the bone and the fingers flattened out of shape. However, quite soon after the accident my hand and arm became frightfully swollen to the elbow and the hand presented a shocking sight. No one can imagine what I now suffered and endured. Not only was it hard to bear on account of the great pain, but it was a great shock to my nervous system. It was some time before the swelling could be removed from the palm and then only a very little at a time. As soon as all this had been well removed, healing balms were applied, but as the improvement was so slow I obtained permission from the Doctor for Zam-Buk to be used exclusively, as several of my men friends (having previously used it for severe injuries) spoke in the highest terms of its unusual healing qualities and urged me to give it a trial. From the commencement Zam-Buk soothed and relieved the pains and drew out the soreness. I now began to enjoy good nights' rest and sleep. In about three weeks the palm of my hand was healed over and the application of this wonderful remedy Zam-Buk, and all inflammation and swelling was thoroughly banished from both hand and arm."

Zam-Buk Cures eczema, bad legs, piles, running sores, ulcers, rashes, scalp disease, barber's rash, sore and itching feet, poisoned wounds, cuts, bruises, burns, scalds, and insect bites, inflamed or irritated conditions of the skin. Oil of Zingiber, capsicum, and other potent ingredients. Sold by all druggists and chemists, 5¢ per tin or postpaid from the Zam-Buk Co., Toronto. Will rubbed in it is good for rheumatism, sciatica and nerve pain.

Why not start your own skin treatment now! All you have to do to get relief is to apply Zam-Buk to the affected part. It is so simple and so effective that you can't afford to neglect it. Buy a tin today. It costs only 5¢ and will keep you a day's supply. Write for a sample box today.

ONTARIO A SOVEREIGN STATE.

Hon. J. P. Whitney, premier of Ontario, is coming slowly to his own. He sees the invasions of provincial rights that are going on at Ottawa, and 'The World' is glad to notice the protest that he has just induced the legislature to enter against the exploitation of the water powers of this province.

But Mr. Whitney must go a great deal further, and he is in a position to go a great deal further, because Ontario is, what 'The World' has been trying to point out for some time, a sovereign state in a great many ways. In the old days the people were supreme wherever they got control of taxation, or the power of the purse. Mr. Whitney is supreme because he controls the taxation that not only the power companies, but the railways and all other corporations, have to pay to the treasury of this province.

If Mr. Whitney casts his eyes about him at the present time he will see that the great corporations, the Grand Trunk and the Canadian Pacific Railways, which centre in Montreal, are antagonizing the Province of Ontario and the cities and towns of Ontario at almost every turn. They are antagonizing Ontario in the interest of Montreal and the Province of Quebec. These great railway corporations are doing their best to kill off the railway from North Bay to Hudson Bay, now owned and controlled and profitably run by this province. 'The Grand Trunk' is scheming to get possession of it, and there are men in the Ontario Legislature who would aid and abet this scheme.

These great railway corporations would like to divert the trade of Temiskaming and the Upper Ottawa Valley at North Bay, or at the junction of the Grand Trunk Pacific, to Montreal, and away from Toronto and the cities and towns of Ontario. They dread the idea that the Province of Ontario should seek a right-of-way for the provincial line from North Bay into the City of Toronto independent of the Grand Trunk or the Canadian Pacific.

And if Mr. Whitney cares to make an investigation he will find that the Grand Trunk and the Canadian Pacific railways give all kinds of freight preferences and suburban services and things of that kind, in the Province of Quebec that they do not give in the Province of Ontario. For instance, there is a splendid suburban service in and out of Montreal on all the lines; there is nothing of the kind in Toronto.

And he will further find that of the millions and millions of money that are now being borrowed by both the Grand Trunk and the Canadian Pacific in England, not one dollar of it is being spent in this province for the building of the enormous equipment that both of these roads must secure. All their engine and car-building plants are being located in Montreal, notwithstanding the fact that the money now being borrowed on the national credit for the Grand Trunk is largely obtained because of the wealth and the standing of the Province of Ontario, as the chief factor in the Canadian federation; and inasmuch as not one minister in the present cabinet at Ottawa makes it his business to fight for the rights of Ontario in matters of this kind, it is all the more necessary why Mr. Whitney and his government should watch what is going on and see that justice is done to this province, even if it has to fall back on the sovereign powers which the province can exercise.

Toronto and the towns of Ontario are in no way jealous of the rights of Montreal or the Province of Quebec. They wish to see both flourish, but they also wish to see justice done to this province, and apparently the only way to get such justice is, as we have pointed out, thru exercising the sovereignty of this province in every possible direction.

To have got to the point that even the prime minister of Ontario's eyes are opening to the situation means some headway, and 'The World' confidently looks for more of it in the immediate future.

A GREAT STRUGGLE.

A gigantic struggle is now on between the farmers of Manitoba and Western Canada and the railways. These grain growers are appealing to the government, as represented by Sir Richard Cartwright, for some kind of law or regulation of the railways, the grain buyers, and the elevator men, so that they may get the best possible price for their wheat.

The farmers affirm, and so far it looks as if their claim is correct, that the railways, the grain buyers, the grain brokers, the companies and persons owning the terminal elevators and those who own the track elevators are combined against them. These latter even admit the combination, but claim that any combination that exists is really in the interest of the farmer. Certainly the farmer does not see it in this light, and as one of

them put it to the minister of trade and commerce, it is for them a struggle of life and death.

The proposition of the farmers, in brief, is that the government should own the terminal elevators, that is, the big elevators at the lake ports, or that they should at least be owned by people who are in no way identified with the purchase of grain, or the transportation of it. 'The World' does not quite see why the banks should appear officially in this great struggle.

We know of no issue before the country of more vital importance than that involved in the struggle now going on in the minister's office at Ottawa, and Sir Richard Cartwright and the government are bound to give the very best consideration to the claims of these western men.

A few hard-headed farmers are fighting the battle of a nation against an enormous concentration of energy and resources.

LET US HAVE THE LIST.

As leader of the opposition in this province, the Hon. A. G. MacKay occupies a position of honor and usefulness. To marshal his followers, no matter how few in number, and lead them in public service paths toward higher ideals, is worthy of the best energies of any ambitious politician.

Yet, if one is to lead and control, he must first be able to lead and control himself. Is not the salary paid the leader of the opposition by his friends a proof that he cannot control himself, but is controlled? That salary is a bond even if it is paid solely by members of the opposition in the legislature. But what a yoke it becomes if it is contributed to by corporations and public enemies, who look to Mr. MacKay's success for the chance to gratify their ambitions.

Mr. MacKay's usefulness to the country is sadly hampered by the salary he takes. It is wholly gone if a published list of contributors should show the names of men and corporations whose self-interest spells the degradation of public service. Will Mr. MacKay let the public know the names of the contributors to his salary as leader of the opposition?

A POINTER FOR MR. WHITNEY.

The Globe of yesterday says the Whitney government will never take up public ownership of telephones in this province. We would not be surprised if Mr. Whitney did take up public ownership of telephones in a part of this province. It is at least in Mr. Whitney's power to prevent the Bell Telephone Company from getting a monopoly in New Ontario, and perhaps one of the best things that Mr. Whitney can do for the scattered settlements of New Ontario is to give them a good provincial telephone service; to connect the municipally owned systems of Port Arthur and Port Williams with the public-owned systems of Manitoba and Winnipeg, to equip the new mining country in Cobalt with a telephone service, and to connect even Toronto with the Temiskaming country by telephone. This would be the beginning of a provincial system, would cost comparatively a small sum and would be a substantial benefit to New Ontario. If Mr. Whitney were to take a vote for this expense this session, he would be supported by almost every member of the house.

GRATITUDE.

Editor World: Comment is being made at the ingratitude of the city in taking from Mrs. Turner the privileges of the Turner baths, which the late Mr. Turner presented to the city. It might also be pointed out that the aldermen have cut out the recommendation of an appropriate small sum of money for a suitable iron railing to surround the monument of Mr. Howard, the gentleman who gave High Park to the city.

A CALL TO BROCKVILLE.

Work Commences on New Rifle Ranges. BROCKVILLE, April 1.—(Special.)—The official board of Wall Street Methodist Church has invited Rev. W. H. Sparling of Queen Street church Kingston, to be its next pastor. It will be an exchange of ministers, as Rev. S. Masser of Wall Street was invited to the Kingston church some time ago.

William Tomlinson to-day accompanied a Syracuse, N.Y., officer back to serve an indefinite term at the Elmira state reformatory for burglary. He was released on parole last December, and coming to Brockville, his former home, failed to report regularly to the Syracuse criminal justice officials. Learning that his conduct was questionable, they called for his arrest.

William Lacey of Prescott has been awarded by the department of militia and defence the contract of erecting the Brockville rifle ranges, his tender being the lowest, \$6100. Operations will commence at once.

BETTER LATE THAN NEVER.

A declaration, solemnly sworn to, announces the birth on Feb. 23 last of Mary Arabella Cuthbertson, daughter of Mr. and Mrs. Albert Cuthbertson of Massey, district of Algoma. Claim is duly made for one of 'The World's' silver mugs, which will be forwarded.

Jumped From Fourth Storey.

NEW YORK, April 1.—Lena Isabella, the 18-year-old daughter of Vincenzo Isabella of 81 Pleasant-street, Lynn, Mass., died in the Flower Hospital to-day from injuries she sustained from fire and in jumping from a fourth storey window of her uncle's apartment in East 46th-street, early to-day.

Public Lecture.

Dr. William Battle Creek Sanitarium will deliver a lecture on "Health" at Memorial Baptist Church, Farley-avenue and Tecumseh-street, to-night. The public are invited.

Affairs of the Stage.

Julia Marlowe will make her appearance in this city to-night, opening with the performance of Rosalind in Shakespeare's merriest comedy, "As You Like It." The chief charm of Julia Marlowe's Rosalind lies not so much in the technical proficiency, which is nothing short of perfection, but in this, that Marlowe somehow is almost another Rosalind herself in her own elements of character. The archness, the mischievousness, the swift changing moods, the physical beauty and witchery of eye and gesture belong just as much to right to Julia Marlowe as they do to William Shakespeare's Rosalind.

This in no way should reduce the credits of her assumptions, for it is no less an assumption when she walks upon the painted stage.

Richard Carle will disport at the Princess Theatre during the first half of next week in his new musical comedy "Mary's Lamb." One of the most striking lot of costumes is worn by eight girls, who appear as French girls. These costumes cost \$250 each. The young women also appear as Dutch girls, cow-girls, as models and as society girls.

Charles Robinson and his Night Owls will fill next week's engagement at the Gayety Theatre. This company is said to present a specially arranged program in which originality is the leading feature.

The story of "Brewster's Millions," in which Edward Abeles will appear at the Princess Theatre on Thursday evening, tells of Montgomery Brewster's compulsory disposition of a million dollars within a year in order to inherit a much greater sum.

"Raffles, the Amateur Crackman," the most plausible and most fascinating villain in literature or drama, will visit the city next week. The scoundrel hero comes in the person of handsome S. Miller Kent, but the promises to fitch nothing but good-will. He will open an engagement at the Grand Monday evening.

At Shea's next week Manager Shea has provided a big bill, which will include Valerie Bergere, who will appear in her highly successful one-act play "The Morning After the Play." The special attractions for this week are the Sleds, greatest of all comedy pastime, and the Jostell Troupe, the great European acrobats. Others to be seen are the Royal Musical Five, the Avon Comedy Four, Swor Bros., Kartell and the kinetograph.

"Young Buffalo, King of the Wild West," one of Charles E. Blaney's most sensational melodramas, will be presented at the Majestic Theatre next week. The play deals with the many interesting features of wild western border life and many startling scenes are presented. The plot of the play is founded on facts of life in Arizona and will be enacted by a specially selected company.

Something decidedly novel and interesting will be seen at the Star Theatre next week, when the show girls who are playing there will play basketball with local five composed of the show girls. The girls issue a challenge to any local team around Toronto averaging no more than 10 pounds.

Those who have seen "The Idler" this week are of the opinion that it is about the best play and the best English farce ever presented. The play is not only a bright comedy, but it has an interesting story. Next week the Royal Alexandra players will present that famous farce comedy, "The Private Secretary." This character will be portrayed by Ernest Stallard, whom the Toronto public now recognizes as one of the best comedians who have ever appeared here.

Matques of "The Idler" will be given this afternoon and Saturday.

Josef Hoffman and Fliz Kreisler are to begin their tour of joint recitals in St. Louis Friday evening. This is only appearance in this city will be on Monday week, April 13, at Massey Hall and the concert will be a grand maximum of our season. For their concert here they have chosen the Kreutzer Sonata and in addition each will be heard in two individual numbers on a program of solos and a sonata for piano and solo also. The sale of seats begins Wednesday morning next.

A Tragedy of the Track. LOS ANGELES, April 1.—Mrs. Helen Griffin, 23 years old, who has been a resident of Montreal since the beginning of the racing season at Santa Anita, was shot and killed by Mrs. L. Z. De Arman, wife of L. Z. De Arman, who is now racing horses at Santa Anita, during the past season. Mrs. De Arman fired five shots. The motive for the shooting is admitted by De Arman to have been jealousy of his wife.

Noted Missionary Dead.

NEW YORK, April 1.—A cable message was received to-day by the board of foreign missions of the Methodist Episcopal Church from Paris, announcing the death in that city of Miss Agnes McAllister, a Methodist Episcopal missionary for the last 20 years on the Koo coast of Liberia. Miss McAllister was born in Ontario.

Westinghouse Co. Free.

PITTSBURGH, April 1.—The receiver-ship for the Westinghouse Electric Co., created last October, at the beginning of the financial depression, has been vacated.

Finders Not Keepers.

Judge Winchester yesterday suspended the sentence on William Thompson, aged 18, who had picked up a rubber horse cover and was charged with theft. "If you ever find anything like this over to the police, if they cannot find an owner, it will be returned to you," advised his honor.

Town of Annaprior Wins Appeal.

The division court has given judgment in the action of Rudd against the Town of Annaprior, dismissing without costs the appeal from the judgment of Mr. Justice Inglis at edgeborough for the town. The action was brought by Rudd to recover damages occasioned to his factory thru the alleged negligent construction of certain drainage works by the town.

Marriage is Quashed.

Chancellor has voided the dissolved marriage of Harriet, daughter of the late Detective Noble, and Joseph Lynd, both of Parkdale. The girl was 17-2 years of age when the marriage took place in July, 1906.

LOOSE ACCOUNTING.

Slip-Shod Methods in Department of Marine.

OTTAWA, April 1.—That looseness prevailed in some of the accounting in the marine department was brought out in the public accounts committee to-day.

Mr. Richards, of Gunn, Richards & Co., New York, the firm with which K. Falconer is connected, was examined by A. K. McLean as to the prices charged by the firm in the United States, with a view to showing that the prices charged to the government were going to the States war office, and by firms in Canada. He said that while accounts in Canada might have been kept on the work which his firm did for the marine department, it would have been kept on the books of the firm in Canada. He said that the firm was not in charge of the day of inspection, the men being only partially employed, and the pay sheets, susceptible of manipulation, were sent to Ottawa and signed before this money was paid to the men.

At the Quebec agency, where some \$500,000 worth of stores are kept, the men were in bad shape, there being no receipt and no check over received during the past season. At St. John there was great wastefulness, while the Halifax agency was also in a bad way. For instance, at the latter place the firm expended 100 tons of chain in store and another 100 tons being received. As to the cost of this, there was a large sum figured in duplicate of orders.

CANADA PROSPEROUS.

Hugh Guthrie Says So—Figures Cannot Lie.

OTTAWA, April 1.—(Special.)—Hugh Guthrie, M.P., spoke 2 3/4 hours on the budget this afternoon, deducing from trade returns that Canada was never so prosperous.

Funeral of Late Jas. Settell.

The funeral of the late James Jeffrey Settell took place from his residence, 627 Spadina-avenue, yesterday afternoon, to Mount Pleasant Cemetery. The funeral was conducted by his late pastor, Rev. Dr. Fisher, pastor of Trinity Methodist Church, of which Mr. Settell was a faithful member. Rev. J. W. Graham, Tr. Meacham and Rev. J. W. Graham were in attendance of relatives and friends and the tributes were numerous and magnificent.

Mr. Settell was born in Toronto in 1836 and taught school in Brant County for 28 years, before coming to this city for business in this city for some 15 years. He had kept him in retirement for the past seven years. He was a loving wife and two children, Clarence, secretary of the Hydro-Electric Power Commission, and his sister, Mrs. M. Williams of Ellsworth, Kansas.

INGERSOLL IN LINE.

Progressive Town Wants 500 Horse Power.

INGERSOLL, April 1.—(Special.)—Owing to local conditions there has been much discussion of late in the council as to the course this town should follow in connection with Niagara power.

As a result a resolution was unanimously passed authorizing Mayor Sutherland to make formal application to the Hydro-Electric Power Commission for 500 H.P. The distribution problem will be solved later.

Is Slow Service Contemplated? LONDON, April 1.—(C.A.P. Cable.)—It is stated figures are to be submitted of an altered route to the committee to show the subsidy from Britain will be much smaller than anticipated. In fact, so small, it would seem only a slow service is contemplated.

W. H. Trotter, Edinburgh, vigorously condemned the work of the emigration societies, especially the Salvation Army.

MARKET IS IRREGULAR BUT PRICES ARE FIRMER

Wall Street Not Influenced by Bad News Yesterday - Toronto Market About Unchanged.

World Office, Wednesday Evening, April 1. There was nothing at the Toronto Exchange to-day to indicate that any pending change in the trend of prices was near at hand.

Wall Street Pointers. Erie financing plan to issue \$15,000,000 new notes under stringent restrictions by public utilities commission.

Reading earnings during February short of preferred dividends, that being usually poorest month of year.

Two hundred and fifty thousand miners in Pittsburgh were on offer and the price was lowered three points from Saturday's high figure.

Fair demand for stocks in loan crowd.

Steady improvement in sheet tin, but iron and steel dull.

Banks gained \$2,000 from sub-structure since Friday.

Six hundred and twenty-five Reading Railway Co.'s cars and locomotive shops have been laid off.

Lawson is out with an advertisement as a visiting purchase of Yukon for \$10 and of Smelters for par.

Atchison on 5 per cent. basis. This is a reduction of 1 per cent. dividend payable June 1.

Pittsburg: In steel circles, which are very well informed, it is confidently stated to-day that the net earnings of U. S. Steel Corporation for the quarter ended last night will be under \$1,700,000.

Chicago: Statistics prepared for the General Managers' Association show \$5,000 men laid off by railroads since Oct. 1. Actual figures of 17 larger roads show 104,000 men laid off since June, a decrease of 15 per cent.

The expected sympathetic and active weakness in the standard railroad stocks at hand, the present uncertainty and decline is probably discounting the pending unfavorable news.

On Wall Street. Chas. Head & Co. to R. B. Rogard. After opening at sharp recoveries from last night's closing prices to-day's stock market suffered a moderate decline, and then became dull, with alternate declines and rallies within narrow limits.

Springfield, Ill.: Charges of fraud against the Central Railroad officials in the amended bill for an accounting between the railroad company and the state, led in court today by the attorney-general's office.

Tennant wires R. E. Holden: I am told by a party who is in a position to know that the Pacific will sell at 135 before 120, and that all the Smelters sold yesterday was well taken care of.

Boston: W. A. Stetson & Co., a leather house whose notes were extended by creditors until to-day, were unable to meet their obligations and their notes went to protest.

When the times come for the next turn of the market upward, it is said in the high class quarters of the street to-day that Northern Pacific will be one of the most prominent leaders.

Lucky little Yellow curs, They don't have to Buy their furs.

Especially in fur garments, are appearances deceptive. The customer cannot rely on her own superficial knowledge of skins. She must, to a large extent, be guided by the character of the store she deals with.

The reputation of our fur department is due to entire satisfaction given in seasons past. Our stock is not chosen blindly; we know the story of every garment, from the time the skin leaves the trapper till the finished piece comes to our counters.

Pelts are selected by experts, who understand the importance of thick, brilliant, rich specimens. Skilled practical workers fashion the garments; you may rely on attractive, perfectly made designs.

You will find in our complete stock every desirable style and design. Low prices are a feature; we doubt if you can nearly match our values elsewhere. And the purchaser may rest assured that there will be no disappointments, no after regrets.

Referee Kappelke Winds Up York Loan Judgments.

Referee Kappelke yesterday threw out all the preference claims against the York County Loan, completing all judgments.

These claims were based on withdrawal of shares, where the right of withdrawal had not been exercised prior to the insolvency of the company.

The National Trust Co., liquidator of the York Loan Co., sold building lots belonging to that company totaling 450 feet in the month of March. The average price was about \$22 per foot, and the lands were on Roncesvalles, Lucas, Parkway, Fern and Indian Grove-avenues.

FOUND BABE'S BODY IN ASH PILE.
Acting upon information supplied by neighbors, Detective McMillan and P. C. Madry discovered the body of a prematurely born infant under a pile of ashes in the yard in rear of the house of William Golden, 124 Russett-avenue, yesterday.

The mother of the child died in Grace Hospital Tuesday of blood poisoning. The father is out of work. No action will be taken by the police.

TORONTO JUNCTION, April 1.
After "Ying" at Humber-side-avenue all day, the Dundas cars resumed the regular route to Keele-street about 5 o'clock to-night. Some of the rail junctions in the tracks between Keele and Union-streets had sagged and the cars for the past day or two have been subjected to a mild for mof roller coasting. Contractor Dill, however, got a gang of men at work this morning and inserted iron plates under the tracks at the points where they had sunk. This will relieve the trouble temporarily, but the rails themselves are in a poor condition and the town officials consider the laying of new tracks to be the only permanent solution of the difficulty.

PRESIDENT DALTON RESIGNS.
A meeting of the Junior Shamrock Lacrosse Club was held to-night to accept the resignation of W. J. Dalton, who was recently elected president for the season. Mr. Dalton finds he will be unable to devote his time to the team's work this year. Charles Buchanan, manager of the Sterling Bank, was elected.

REVISED LIST OF OFFICERS IS:
Hon. President, Mayor Baird; Hon. Vice-President, Ex-Mayor Jesse Smith; President, Chas. Buchanan; First Vice-President, Dick Bond; Second Vice-President, Gordon Patterson; Third Vice-President, W. J. Wadsworth; Treasurer, W. J. Wadsworth; delegates to the C.L.A. convention, Chas. Buchanan and Fred Waghorne.

A MEETING TO elect a new president of the Sterling Bank at 9 o'clock on Saturday evening. This meeting is important and a full attendance is expected.

PRINGLE EXONERATES THE BANK OF COMMERCE
Withdraws Statement if It Left False Impression With Public
—B. E. Walker's Letter.

OTTAWA, April 1.—(Special.)—In the house this afternoon Mr. Pringle rose to clear up some misunderstanding regarding his recent speech on the banking system. He said Mr. Kemp had received a letter from B. E. Walker, President of the Bank of Commerce, objecting to some of Mr. Pringle's statements, and the member for Cornwall thought it due to the Bank of Commerce to clear up any misapprehensions, as he would regret doing any injury to any Canadian bank.

With reference to statement that the Bank of Commerce was a gambling bank, he merely referred to a reference by the insurance commission to certain transactions which were being made by the bank. Mr. Walker in his letter to Mr. Pringle says: "On the basis of these actual transactions in purchasing shares, reasons for such purchases being unknown to him, Mr. Pringle calls the bank a gambling institution. His even suggestion that important events in banking history, such as the absorption of other banks, were brought about as part of a policy of speculation in stocks, these statements are all utterly unfounded. The Canadian Bank of Commerce does not now, and never has at any time, made a practice of buying and selling stocks in public markets or otherwise. It does not now nor has it ever speculated in stocks, and its banks and its reputation as known throughout Canada and in foreign countries are such as to entitle it to immunity from criticism of the nature of that in question."

Then the letter deals with charging of high rates of interest in the west. The case in point occurred in the Yukon where prices were continuously higher than in any other part of Canada, and higher rates of interest, therefore, were unavoidable. Reference to the comparison between the Commerce and the newest of banks to show the Commerce had less percentages of assets in proportion to liabilities to the public, the letter pointed out that it was fallacious to make a comparison. Any new bank on this basis was making its position worse with each addition to its customers. The figures properly used were the strongest evidence of esteem in which the Commerce is held, because they indicated extent to which people do business with this bank. The proportion of assets to their public liabilities of several banks at the end of January was Commerce 117 per cent., Montreal 119 per cent., Dominion 124 per cent., Merchants 128 per cent., Nova Scotia 127 per cent.

The next point dealt with was loss of deposits. It was stated by Mr. Walker that all banks found that depositors had drawn upon their balances in much closer manner than when money was easier. All banks had experienced the same result from greater scarcity of money.

Mr. Pringle concluded by saying that he did not take back anything he had urged in support of his amendments to the act, but if he had conveyed the impression that the Bank of Commerce had experienced the same result from greater scarcity of money, he would withdraw the statement.

THE PRICE IN BLOOD.
Fifty Lives on One Section of Grand Trunk Pacific.

WINNIPEG, April 1.—A staff representative of The Winnipeg Telegram sent returned from a trip of over 100 miles of line of the Grand Trunk Pacific between Kenora and Fort William, and makes a showing of 50 men blown to pieces during the past 12 months and as many more mangled for life.

The report is replete with figures, names and dates on which the tragedies have occurred. A statement is made that the fatalities are chiefly due to the inferior quality of explosives used.

Failed to Report Parole.
