ENEMY FORCES BREACH ITALY'S NEW DEFENCE LINE

Austro Germans Cross the Tagliamento River and Capture 6,000 Italians

BRITISH AND RUSSIAN FORCES GAIN VICTORIES OVER TURKS

TEUTONS CROSS TAGLIAMENTO AND CAPTURE 6000 PRISONERS

Italian Situation Becomes Graver When Austro-Germans Break Cadorna's Line of Defence Near Pignano—Italians May Have to Undertake Further Withdrawal.

London, Nov. 5.—Italy's situation appears increasingly grave today with the announcement from Rome that the Tagliamento River, west of which Gen. Cadorna had established his new line after the great retreat from the Isonzo had been crossed by the Austro-German invaders.

The crossing of the river apparently has not yet been in sufficient force to compel Cadorna to decide upon abandonment of the Tagliamento line, but the Teutonic commander undoubtedly will make the most of the opening he has forced to debouch against the Italian positions north and south of the point where he has gained a footing on the west bank of the stream.

That this process is already under way is indicated by the fact that Rome tells of increasing Austro-German pressure against the Italian left wing, where the crossing was effected.

The spot selected by the enemy for the successful attempt—near Pignano, about 40 miles from the mouth of the river and about 17 miles northwest of Udine—was at a point where the river's course was abruptly changed, the banks rising perceptibly and the river narrowing down.

If General Cadorna decides to abandon the Tagliamento line, at which it is by no means certain that he intended to fight more than a delaying action, his next natural stand for the defence of Venice will be at the Livina, from ten to fifteen miles farther west, or finally at the Piave, some ten miles further in that direction.

Flank Attack Possible. Meanwhile, as the opposing armies struggle for the temporary mastery of the field, the entente leaders, including the British and the French premiers and military advisers, are in council in Rome to deal with the situation, which admittedly is recognized as grave, coupled as it is with the powerful attack from the east in the line of a flanking movement by the Austro-German forces southward in the Trentino to the west of the present battle front.

Berlin's account of the Tagliamento crossing gives the movement the appearance of an operation in great force which already has resulted in a decided Teutonic victory. More than 6000 Italians were taken prisoner and several guns were captured in the engagement, declares the official statement. The Austro-Hungarian and

AMERICANS PUT TONNAGE AT DISPOSAL OF ITALIANS

United States Ships Used to Rush Coal, Steel and Grain to the Armies of Italy—Peculiar Policy of the British.

Washington, Nov. 5.—Five ships with tonnage of about 26,000 tons have been placed by the American Government at the disposal of Italy for the transportation of supplies. Before the month is over another 45,000 tons, it was said today, will have been turned over.

The Italians are chiefly in need of coal, steel and grain, and the first ships given them are carrying coal.

Later an arrangement probably will be worked out by which Italy's coal requirements will be furnished by Great Britain. Under this plan some six thousand miles of transportation would be saved.

While America is shipping coal to Italy, Great Britain is sending it to South American countries, and the vessels thus are crossing each other and going twice thru the submarine zone.

HAIG PAVES THE WAY FOR NEW OFFENSIVE

British Artillery is Very Active Along the Lowlands of the Yser.

HEAVY BOMBARDMENTS

Big Guns Roar Along Front, North Sea to French Border.

New York, Nov. 5.—The Associated Press War Review says: Signs of a probable impending renewal of the offensive by Field Marshal Haig in Belgium may be seen in the German statement, which reports the opening last night of a heavy, destructive bombardment along the Yser lowlands and from Houthulst Wood to the Ypres-Comines Canal. This means, apparently, that Haig's guns have opened fire forcefully along virtually the entire front from the North Sea to the French border.

Heavy Bombardment. London, Nov. 5.—The British and French troops in Flanders continue to carry out raiding operations successfully against the Germans and to heavily bombard the enemy positions at various points, with the Germans replying actively in the sector between the Houthulst Wood and the Comines-Ypres Canal. Bombardments also predominate on the southern part of the front in France.

British Advance Posts. London, Nov. 5.—The war office communication, issued this evening, says: "On the battle front we advanced our line of posts slightly during the night southeast of Poisepelle. West of Besselaere a hostile bombing attack upon one of our posts was repulsed."

The hostile artillery has shown great activity against the sector of our front immediately north of the Ypres-Roulers Railway. Our own artillery activity has continued.

Berlin Official Report. Berlin, Nov. 5.—The supplementary statement issued by general headquarters this evening says: "In Flanders there is variable artillery activity."

"In upper Italy good progress is being made."

AMERICAN ARMY TO GO TO AID OF ITALIANS?

Conference of Entente Leaders With Pershing Believed to Pressage Such a Movement.

Washington, Nov. 5.—The fact that a conference was held at Paris between Gen. Pershing and the British Premier, Lloyd George, while the latter was on his way to Italy, leads to the belief that the American troops in France will be sent to the Italian front. This action would, it is felt, have a tremendous heartening effect on the Italians, who have felt that Italy has not received sufficient support from this country.

RUSS FORCES DEFEAT TURKS; CAPTURE LINES

Russians Penetrated to Enemy's Third Line in Places and Captured Much Booty.

Petrograd, Nov. 5.—In the region of the Black Sea coast the Russians have driven the Turks from their first line and advanced in some places to the third line in the Kalket-Tschitlik sector, the war office announces. Much booty was captured.

AMERICAN FORCE IS OVERWHELMED

Small Detachment of U. S. Troops Meets Defeat From the Germans.

"SAMMIES" CUT OFF

American Soldiers Fought Gallantly, Despite Big Odds Against Them.

With the American Army in France, Nov. 5.—(By the Associated Press).—A small detachment of American infantrymen was attacked in the front line trenches early Saturday morning by a much superior force of German troops. The Americans were cut off from relief by a heavy barrage in their rear. They fought gallantly until overwhelmed solely by numbers.

The fighting in the trenches was hand-to-hand. It was brief and fierce in the extreme. As a result of the encounter three Americans were killed and four wounded. A sergeant and corporal and ten men were taken prisoners.

Two French soldiers who were in the trenches also were killed. The enemy lost some men, but the number is unknown. The dead and wounded were carried off by their comrades.

From the beginning of the engagement until the end the Americans lived up to all the traditions of the American army, the records showing the bravery of the detachment and of individual members.

DECIDE ON CREATION OF A CENTRAL STAFF

Allies to Pave Step Designed to Co-ordinate Military Plans on All the Fronts.

London, Nov. 6.—The morning papers today give prominence to despatches from Washington and Paris which feature the creation of an allied general staff to co-ordinate the control of operations on all fronts. The Daily Express says one of the chief objects of the present visit of the British and French premiers to the United States is the formation of such a staff. The newspaper adds that there have been certain differences in the way of doing this in the past, but that it is hoped these now may be overcome.

MILITARY CONFERENCE OF GERMAN LEADERS

Copenhagen, Nov. 5.—Considerable importance is attributed by the Berlin newspapers to conferences that are being held by Count Von Hertling, the new imperial chancellor, Field Marshal Von Hindenburg and General Von Ludendorff, the first quartermaster. William perhaps will participate in the conference.

The newspapers are silent regarding the matters to be discussed. The reserve of force officers representative and of a number of influential members of the reichstag possibly indicates that subject of peace terms and questions bearing on the continuance of the war are to be talked over.

Italian Carabiniers Shoot and Kill a German General

Rome, Nov. 5.—Two Italian carabiniers fired into the automobile of the general commanding the third army corps of Brandenburg while it was in the suburbs of Udine October 23. The general was killed and his aide was desperately wounded. The carabinieri were made prisoner.

One of the huge guns with which Italy hopes to stay the advance of the Austro-German invaders.

PRISONERS OF BRITISH IN PALESTINE NOW 2429

Pressure Is Steadily Exerted Against the Turks Toward Gaza and With Considerable Success.

London, Nov. 5.—Continuation of the aggressive campaign by the British forces in southern Palestine is shown in an official statement tonight. Pressure against the Turks is being steadily exerted, notably against the coast city of Gaza, and also north of Beerseheba in the interior. The statement reads:

"The operations against Gaza are continuing, and we are in contact with the enemy north of Beerseheba. The total number of prisoners captured by us from the commencement of these operations is now 207 officers and 2429 men."

Tanks Share in Battle. London, Nov. 5.—The Reuters correspondent at British headquarters in Palestine, describing the recent attack on Gaza, says that tanks participated, adding:

"These levitations were not entirely at home amid the shifty sands, but nevertheless, nosed their way into the enemy lines with pachydermatous indifference to machine gun and rifle fire. They lumbered over entanglements and parapets of trenches. The moonlight exaggerating their huge, ungarded bulk, the Turks must have regarded them as veritable sons of Ebla."

The correspondent credits the Turk with putting up a stubborn resistance, saying:

"He hangs on to his positions to the last. For instance, a case is reported of a single machine gunner, also completely surrounded, refusing to yield, and it was impossible to knock him out when last heard of."

The Italians attached to one British brigade, says the correspondent, fought with the greatest gallantry.

MUCH COVETED LINES IN HANDS OF FRENCH

Enemy Forces, in Their Retreat From the Chemin des Dames, Abandoned Whole Southern Slope of the Valley of the Ailette River.

By the Associated Press. French Front in France, Nov. 5.—The Germans still hold the northern slope of the valley of the Ailette after their retreat from the Chemin des Dames, of which nothing remains but the historic and its dominating position over the nearby lowlands. The famous little river, whose entire course the French were able to follow on Sunday as it meandered thru the boggy undergrowth, would scarcely be worth marking on an ordinary map, but its greatest breadth is only about three yards. The Germans had made many passages over the stream, all of which were destroyed when the last man of their retreating forces went over.

French patrols everywhere reached the southern bank but whenever they attempted to attain the other side they met with a murderous machine gun fire. The whole southern slope of the valley was swept hour after hour on Sunday with German shells of all calibres, most of them charged with noxious gases. Every place where the Germans believed the French were concentrating received continuous salvos, which, however, did little damage. Several thousand projectiles were fired by the German artillery in the course of the day in this sector, most of which apparently were fired at very long range and struck without exploding.

Much-coveted Territory. The correspondent approached the front lines, and a splendid view could be obtained right along the valley and over the ground for the possession of which the German Crown Prince's army has spilled so much blood. Evidently a short distance away, well within machine gun range, could be observed the ruins of the villages of Chanouville, Neuville-Chermilly, Bouconville and Vaucelles, while along the crest of the plateau could be discerned here and there faint traces of what once had been

EVEN GERMAN SOLDIERS VIGOROUSLY PROTESTED ATROCITIES OF OWN MEN

Appealed to Gerard, Then U. S. Ambassador, in Name of Christianity.

AWFUL REVELATIONS MADE

Prisoners Were Butchered on Wholesale Scale, the Letters Declare.

Washington, Nov. 5.—The fact that German soldiers, themselves, appealed to Ambassador Gerard as "the representative of a Christian state," to protest against atrocities and butcheries in which their commanders forced them to participate will be disclosed in a forthcoming issue of a pamphlet by the committee on public information entitled "German War Practices."

One German soldier, conscientiously struck with the massacre of Russian prisoners implored the American ambassador to protest, and signed his letter, "A German soldier and Christian."

Another who, thru the ambassador, addressed his appeal to the American Government against the butchery of prisoners signed his letter, "A soldier, and man who is no barbarian."

This was the protest of a German soldier, an eye-witness of the slaughter of Russian soldiers in the Marchian lakes and swamps:

"It was frightful, heart-rending, as these masses of human beings were driven to destruction. Above the terrible thunder of the cannon could be heard the heart-rending cries of the Russians: 'Oh, Prussians! Oh, Prussians!'—but there was no mercy. Our captain had ordered: 'The whole lot must die; so rapid fire.' As I have heard, five men and one officer on our side went mad from those heart-rending cries. But most of my comrades and the officers joked as the unarmed and helpless Russians shrieked for mercy, they were being suffocated in the swamps and shot down."

"The order was: 'Close up and at it harder!' For days afterward those heart-rending yells followed me, and I dare not think of them or I shall go mad. There is no God; there is no God!"

ONTARIO POTATOES CHEAPER IN QUEBEC

Toronto Prices Twenty-Five Cents Higher Than Montreal's.

Ottawa, Nov. 5.—Correspondents of the food controller's office today reported the following:

Wholesale prices for potatoes, all qualities based on the basis of a 90-lb. bag: Ontario—Ontario stock, \$1.90; Montreal—Ontario and Quebec stock, \$1.90; Quebec—Quebec and New Brunswick stock, \$2.40 to \$2.50; supply scarce. Halifax—Prince Edward Island stock, \$2.15 to \$2.25. Quebec—Quebec and New Brunswick stock, \$2.05 to \$2.20. American prices: Boston, \$2.45; New York, \$2.46; Buffalo, \$2.40.

HIGH OFFICERS SOLD ITALIANS TO THE ENEMY?

Treachery Said to Have Encompassed the Defeat of Cadorna's Troops.

VICTORY IS BOUGHT

"Leading Italian Diplomat" Quoted as Authority for Charge of Treachery.

Providence, R.I., Nov. 5.—The Providence Journal has published an interview with "a leading Italian diplomat now in this country," in which the latter charges that the success of the treachery of "one or more high Italian officers."

"The victories of the Italians which gradually cleared the way for a march of thirty-five miles to Libbach," says this diplomat, "have been a source of greater worry to the Germans than all the rest of the allied operations combined. A successful Italian advance to the borders of Austria unchecked would have meant the final elimination of any possibility of the Mittel-Europa dream of Germany, and would have defeated her real aim in this war."

"Austria's weakness, which permitted Italy to gradually push her back beyond the Isonzo, started Germany some months ago on a series of operations in Italy itself. She was ditched numbers of our public men, and I make the statement advisedly against a vulnerable and weak part of the Italian line was made on information received thru the treachery of one or more high Italian officers who had either been purchased by German gold or influenced by the activities of Vatican agents."

"These agents have persistently working on the Italian people ever since the United States went to war with Germany, to emphasize the fact that this country never yet seen fit to declare war against Austria-Hungary, Italy's great and neighboring enemy. The vast majority of the Italian people cannot understand the action when it was patent to the entire world that German and Austrian troops are working as hard as they can to end which America has declared she will not endure."

"This sentiment, in addition to the knowledge that America, up to date, has done very little in assisting Italy with coal and food supplies, has been cleverly worked on until dissatisfaction and worse exists among certain men in high command in the Italian army."

ENDS MAKING ALCOHOL FROM FOOD SUBSTANCES

Hanna Has Order Issued Barring Manufacture Except for Medications.

Ottawa, Nov. 5.—No grain of any kind and no substance that can be used for food shall be used in Canada after November 15 for the distillation of potable liquors. An order-in-council to this effect has been passed upon the recommendation of the food controller. It will remain in force "until the governor-general-in-council has by order declared that the present abnormal conditions have ceased." The penalty for violation of the regulation is a fine of up to \$500, or imprisonment for a term not exceeding six months or both fine and imprisonment.

Under an order-in-council of August 9 the use of wheat for distillation and manufacture of alcohol was prohibited, except that the food controller may license the use of wheat in the distillation of alcohol for manufacturing or medicinal purposes. The new order will save for food purposes considerable quantities of barley, corn and rye, also for months the distilleries have been using these grains principally in the manufacture of industrial alcohol and not for beverages.

HUN RAIDERS CAUSE OF 128 LONDON FIRES

Official Summary of Result of Enemy Air Attacks is Issued in Great Britain.

New York, Nov. 5.—What is believed to be the first summary of fires resulting from German zeppelin raids here today by Robert Adamson, fire commissioner, from the London County Council. This report says there were 128 such fires, resulting in the loss of 38 lives and the rescue of 28 persons.

BIG GERMAN GUNS STILL LAG BEHIND

Crossing of Tagliamento River Does Not Imply Fresh Austrian Victory.

London, Nov. 5.—The British correspondent accredited to Italian headquarters, telegraphing Monday, says: "The crossing of the Tagliamento river by the Austrians does not imply a fresh Austrian victory, for the river is only the first line of defence upon which depends the arrest of the advance of northern Italy. The enemy has established a bridgehead at Pizzano and also is shelling the Italian army's side of the river. But he has not had time yet to bring up his biggest guns. The struggle will be largely a race between the enemy's heavy artillery and the arrival of the reinforcements. The Italian army is sorting itself out again. The inevitable shortage of ammunition and the loss of guns will, of course, be grave drawbacks, but the Italian positions are naturally strong and the crossing of the river is only a tactical success, but that the Italian victory there must also be ready for severe trials."

The Daily Mail's correspondent at headquarters, in a despatch dated Sunday, says: "The continuance of rainless weather, while good for the morale of the troops, has prevented the expected flood, which would have made the Tagliamento a formidable obstacle. The comparatively dry conditions have enabled the enemy to carry out operations, both in the river bed and on the western bank of the stream. The Daily Mail's Milan correspondent, telegraphing Monday, says that the situation is growing serious and that the Milan evening papers insist on the greatest possible aid from the allies."

BUSINESSMEN TO AID RAISING VICTORY LOAN

Ottawa, Nov. 5.—Sir Thomas White has requested prominent men in every city and county in Canada to act as honorary committees to assist the local organizations in the Victory Loan campaign. The replies of acceptance are of a most gratifying character. Reports received at the finance department show that the whole Dominion from coast to coast is exceeding itself in well-organized for the launching of the loan on November 12. The Dominion, provincial and local organizations have taken hold of the work with enthusiasm, and if the loan is not a huge success it will not be for lack of a most complete and most energetic business men in Canada.

WAR SUMMARY THE DAYS EVENTS REVIEWED

BELGIAN announces that the Germans have crossed the Tagliamento River, and Rome reports the crossing as on the Italian left wing. The enemy is apparently attempting a turning movement at a point near the foothills of the Alps. Reports from Italian general headquarters show that the enemy had previously thrown his patrole across the upper waters of this stream. The hostile attacks in the Trentino cause many persons to believe that the main onset is coming from the north. At any rate the enemy quite plainly shows his intentions of capturing his initial advantages to the utmost before the Italians recover from their surprise and confusion. The aid already despatched by Great Britain, France and the United States has inspired the Italians. Despite the optimistic reports sent from Rome, however, it can clearly be seen that the Italians have not yet safely passed the crisis. The enemy has produced a new deleterious gas and his artillery shows a power that must come as a disagreeable awakening for the allied munition industries. The Italian general staff has done marvelously well in evacuating the bulk of its military stores from the area behind the Isonzo. The commissariat, however, is still encountering difficulties in feeding the troops in their new alignment. Until this is done well the soldiers can hardly be expected to fight well. It seems now well established that the Germans made use of a lavish distribution of gold to suborn disaffected elements in the Italian army. When all is told, perhaps, one of the gravest and greatest scandals in history will be disclosed. The British are keeping up their victorious pressure against the Turks in Gaza and the operations are proceeding according to an official bulletin issued last night. The British have captured 207 Turkish officers and 252 men up till the present. Their successes have already dealt the enemy a severe blow. The time has come for Britain to demonstrate her victorious ascendancy over the Germans by the occupation of a large stretch of territory. The Russian attack in Asia Minor near the Black Sea shore may be the forerunner of more ambitious assaults. If the allies should occupy Anatolia they would deprive Germany of her sole remaining source of cotton supply. It is this cotton which is

HAMILTON NEWS

ARE ANXIOUS ABOUT STOCK OF CEREALS

Secretary of Hamilton Board of Trade Pleads for Retailers.

Hamilton, Nov. 5.—In a letter to the food controller, T. L. Brown, secretary of the Hamilton Board of Trade, drawn attention to the fact that the retail trade had a considerable stock of packages of cereals in the city. He stated that it is unbelievable to think that it is the intention to prevent the sale of these goods. The fact that corn flakes will not keep in bulk is also noted, the letter stated. It is pointed out that the sale of this cereal demand would be created upon other cereals that an effort is now being made to conserve. The registration of men eligible under the Military Service Act is proceeding very slowly at the post office. Figures issued here yesterday show that a total of 538 had been examined by medical officers, 252 had registered at the post office, 222 had filed exemption claims and 360 had reported for service. With five more days to go there is still a total of 1816 to be handled by the medical boards and 3718 to report at the post office. At the meeting of the board of control tomorrow J. P. MacLeod, assessment commissioner, will submit a statement showing the actual assessments of Hamilton hotel property during the past three years and what reductions of 10 per cent, 15 per cent, and 20 per cent will amount to. This statement is being prepared at the solicitation of Controller T. M. Wright. The controller suggests that taxpayers on standard hotel properties be laid over until the estimates were filed, but the estimates were filed immediately. One of the largest individual fines levied in this city in connection with the Ontario Temperance Act was imposed today by Magistrate Jaffe upon a Hamilton hotel proprietor, the latter being fined \$600 for violating the act. The fine was granted by Judge Squire today for six of the eight street, railway conductors charged with the theft of tickets and money from fare boxes. He fixed bail at \$500 in each case, with two sureties of \$250 each. They elected to be tried by a judge. The Barton Township Council this afternoon passed a bylaw to disqualify voters after Dec. 14 will be disqualified to vote in the township elections. This step was proposed at last month's meeting, and met with the unanimous approval of the councillors today.

DRASTIC MEASURES TO CONTROL GERMANS

Important Conference at New York Considers Stopping Sabotage.

New York, Nov. 5.—Enforcement of more drastic measures to control enemy aliens was planned at a conference here today of representatives of the department of justice, the United States secret service and the police, called as a result of suspicious damage to the water front and suspicious activity on government property and ships. Suggestions were made that enemy aliens be moved from apartment houses to the interior. The police will be required to watch alien enemies in their precincts and to report on their movements. It is planned that enemy aliens not only will be barred from the water front but an order will be issued restricting them to use particular routes on designated ferries.

SUGAR SHORTAGE TO PINCH CANADA

New York Refiners Hear Too Much Goes Into Alcohol.

New York, Nov. 5.—The sugar famine, which is now becoming acute in the United States, is being aggravated in Canada and will lead to a closer supervision and probable curtailment of the amount of raw sugar allotted to the Canadian refineries, is the opinion expressed in New York sugar circles today. "The sugar situation again seems acute today when scores of stores the city over had to display the 'No Sugar' sign. Large stores, as well as chain grocers and corner stores, had to display the sign. The shortage of sugar is being aggravated by the fact that the city is being affected by the shortage. As high as 20 cents a pound is being charged by some dealers, despite an agreement among retailers not to charge more than 10 cents.

Many of the stores have been without the commodity for several days, and there is little prospect of obtaining a fresh supply. In the sugar trade the opinion is held that the shortage will remain grave through November. Housewives have got to realize that they will have to do without a great deal more than has been done if the situation is to be met. "The situation today only bears out what I have been saying right along," said James H. Post, chairman of the American Refiners' committee, today. "There is grave shortage and it will last until the first of December. We can't expect relief until the Cuban crop is available. There is little relief in sight from the south or the west. The people have got to cut consumption away down. Sugar is being sold as cheaply as possible, but there is not enough to go around."

The distribution of raw sugar is controlled by a committee, which allows the available Canadian supplies to both the United States and Canada. Canada is not at present represented, but will be as soon as the Canadian refiners agree upon their representatives. Reports have been received from the committee that the raw sugar and molasses which now find their way to Canada are being used for the production of alcohol. The Canadian refiners are being asked to supply closer scrutiny in the allotment of sugar to the Canadian refiners. No sugar or sugar products are now being turned into alcohol in this country. Where methods of refining are used, a small residue of waste material available for the production of alcohol. The refiners apparently are not equipped with getting a maximum production of refined sugar. They are converting an undue percentage of their receipts into alcohol. Chairmen of the view that sugar is too valuable a food product to allow any portion of it to be diverted to by-products. It is probable that Canadian food controlled will be asked to see that no raw sugar or molasses entering Canada is used for other purposes than the production of sugar.

DESTROYERS THE CURE FOR SUBMARINE EVIL

New British and American Warships and Merchant Overseas Overcome the U-Boat.

London, Nov. 5.—Having completed their tour of the English shipyards, Senators Kenyon of Iowa and Hendrick of Wyoming this morning went into conference with the Vice-Admiral Sir Sims, commander of the American destroyer squadron. After the conference the Vice-Admiral said: "We are convinced destroyers are the best antidote for U-boats. We cannot have too many of them. The additional destroyers and the hundreds of thousands of tons of new shipping which England and the United States are turning out will in time overcome the U-boat."

YOUNG PEOPLE'S WORK IN SALVATION ARMY

Demonstration in Massey Hall Last Evening Was Attended by Large Crowd to Witness Work.

A special feature in connection with the Salvation Army Congress was the young people's demonstration, held in Massey Hall, last evening. Over 3500 people were present to witness a demonstration of the kind of work that these young people are doing. The demonstration was a most commendable one, and it is to be mentioned was a march by Riverside and Wyndham streets. The march was led by Captain Mapp, assisted by Mr. Moore, an instructor from the Salvation Army. The march was a most successful one, and it is to be mentioned was a march by Riverside and Wyndham streets.

OFFICERS NOMINATED. Col. Henry Brock Likely to Head Ward Four Conservatives.

Members of Ward Four Liberal-Conservative Association met in a commemorative meeting in Broadway Hall last night. The gathering was called for the purpose of nominating officers for the coming year. Two were named for president, Col. H. Brock and A. Dralmin, but the latter declared his inability of retiring in favor of Col. Brock. A letter from the secretary of Ward Four Riding Conservative Association was read, which contained a refusal to accept an offer of amalgamation of the two associations. The reason being that the appointment of G. R. Sweeney as president was not acceptable to the riding association. Mr. Sweeney delivered an address as retiring president. He had tried to unite the two associations, but without success, and believed it his duty to retire.

ST. JOHN'S LODGE MEETS.

The regular meeting of St. John's Lodge, A.F. and A.M., No. 75 G.R.C., was held last evening in the Temple Building, when there were about one hundred present. The chair was taken by Wor. Bro. C. F. Boddy, worshipful master, and there were a great many distinguished visitors present, including W. Bro. T. Barber, P.M., Occident Lodge No. 346, and W. Bro. H. Tussen, G. O. Lodge, No. 200, C.F.M. The first degree was worked with full musical ritual, and following the business of the evening the party adjourned to the supper room, where refreshments were served.

POLITICS INSPIRED DRIVE AGAINST ITALY

Isorzo Offensive Designed to Bolster Up Public Spirit of Nations of Central Powers.

Copenhagen, Nov. 5.—An attempt is being made by the Pan-German forces to use the victory in Italy as a lever to overturn the previous decisions on peace terms, and particularly to coax or bludgeon Count Cernin, the Austro-Hungarian foreign minister, and Chancellor von Hertling into a revision of the attitude taken in the replies to Pope Benedict's peace note. The Isorzo offensive has been reorganized as being even more political than military in character, designed not only to induce sentiment which will perhaps force Italy to abandon the war, but also to bolster up the very shaky war spirit in Austria and relieve the pressure which Count Cernin has steadily exercised on the German Government to secure peace at almost any price.

JAPANESE WILL SUPPLY CHINA WITH ARMAMENT

Tokio Helps Peking Authorities to Reorganize Chinese Army.

Tokio, Oct. 12 (By Mail)—A report that Japan has agreed to furnish the Tsuan ministry at Peking with arms to the value of 30,000,000 yen has been published here, but has not been confirmed. The Asahi, representing the opposition to the government, deprecates such an action on the part of the Tsuan ministry as likely to give offense to the Chinese army, not at all with the object of oppressing South China. In government circles, however, it is explained that Tokio is merely helping the Peking authorities to reorganize the Chinese army, not at all with the object of oppressing South China. Furthermore, it is said that the United States will supply China with arms if Japan does not do so.

VETERANS ENDORSE COL. COLES.

London, Ont., Nov. 5.—Lieut.-Col. W. G. Coles was given the fullest endorsement of the Great War Veterans' Association at a largely attended meeting tonight at their win-the-war candidate in the coming general election. He formally accepted.

FORCES OF TEUTONS CROSS TAGLIAMENTO

German divisions which effected the passage are advancing westward, it is added.

Across Tagliamento. Italian Headquarters in Northern Italy, Nov. 5.—The reports of heavy artillery fire on both banks of the Tagliamento, with chief pressure on the Italian left wing, shows that Austro-German patrole have crossed the river, as foreseen, and that the enemy is trying to throw his main body into the palm of the western Friuli region. The enemy attack in the Gindorf Valley on the Trentino front also shows clearly his purpose to make a mass attack from the north. The situation is still grave. Attention is now centered on the strength of the defenses west of the Tagliamento River and on the ability to effect the vast reorganization and oppose the whole force of the concentration of allied troops and reinforcements against the tremendous pressure the enemy is exerting. All the allies should realize that one of the supreme trials of the war has reached the final stage. The chief pressure of the enemy advance is now being exerted against the newly constituted left wing of the Italian army in an attempt to throw the bulk of the hostile forces across the Tagliamento River and then resort to the enemy's favorite device of a turning movement. The Tagliamento is the boundary between the eastern and the western Friuli region and having overrun the eastern region it is the evident purpose of the enemy general staff to profit by speedily throwing its masses into the western region before the Italians are able to carry out their reformation process.

THICK MIST PREVENTS AIRPLANE ACTIVITY

British Aviators Fly Only in Coast Sector, Destroying One Enemy.

London, Nov. 5.—The official communication issued this evening dealing with aviation follows: "Yesterday owing to thick mist very little flying was possible, except on the coast. In this sector successful artillery work was carried out. One German airplane was downed in air fighting. None of our machines is missing."

To Boost Agricultural Production in Dominion

Ottawa, Nov. 5.—District representatives of the Ontario department of agriculture are to be enlisted in the campaign for increased production. A meeting will be held tomorrow afternoon in Toronto, when the Hon. W. J. Hanna, food controller, Mr. H. S. Arkell, acting live stock commissioner, and Mr. J. D. McGregor of Brandon will speak, placing before the committee representatives of the facts of the world's food situation.

Face a Colossal Task

The Tagliamento is something more than a military obstruction, as it is also relied upon to give time for reorganization. This involves not only fighting but feeding and it is a colossal task to re-establish the deranged subsistence service of a vast army, so that rations may be supplied with that unflinching regularity which keeps up the morale of the troops. THE FORMAL SHOWING OF FASHIONABLE WINTER HATS

WILL TAKE PLACE ON WEDNESDAY AND THE DAYS FOLLOWING, WHEN THE MILLINERY DEPARTMENT WILL INTRODUCE TO YOU THE MODE OF THE COLD WEATHER SEASON AS LATELY LAUNCHED IN PARIS AND NEW YORK, PRESENTING A DELIGHTFUL ARRAY OF

FUR AND FUR-TRIMMED MODELS

—Reproductions and Original Creations From Our Own Workrooms, Together With a Host of Importations From Such Master Milliners as

LOUISON SAGET BENDEL
MADELINE RAWAK BRUCKWEISS

In which you are offered a choice of designs for every need of formal and informal wear, the collection ranging in style from the little cap-like toque of Kolinsky, of all-the-day-round usefulness, to the picturesque tea-party hat with wide brim of lace and crown of fur.

SIMPLICITY WROUGHT OUT IN THE LUXURY OF FUR AND BROCADE

—this is the keynote of the display, the collection proclaiming the ruling vogue of the close-fitting turban of Hudson seal (seal rat), moleskin, dyed squirrel, satin or cloth of gold, with trig mount of burnt feathers or pom-pom of fur.

(Below.) Suggestive somewhat of the old bushy of the French Grenadier, in its form and very smart headress it is for the winter costume of milady of 1917-18 — developed in black hat-ter's plush, with high mount of brown fox. This is a Rancal model — price, \$18.00.

This see cap-like toque manages to radiate an immense amount of elegance and style. Fashioned of brown blended squirrel, its "wings" are of burnt ostrich. A Bendel model — price, \$70.00.

Turquoise blue satin, brocaded in silver, composes the crown of this Rawak model, with moleskin forming the brim, and a silver ornament serving by way of finishing touch. Price, \$40.00.

Wednesday
"Special"
in Fur
Hats at \$9.50

Make Use of the Overseas Depot

Gathering together comforts and establishes for your Christmas packages for soldiers or sailors overseas, you will find this new Depot of great assistance. For here are assembled innumerable things that are suitable for sending to the man on active service. You may thus select your whole order at the one place — sweets, wearables, cake, writing materials, toilet accessories, etc., etc. Arrangements may also be made here for the packing and shipping of parcels.

Imagine the soft loveliness resulting from nigger brown velvet combined with Kolinsky fur — which Bendel achieves in this model to the right. Price, \$75.00.

The "Bustle" hat — a Rawak model — developed in black velvet, with Frenchy little Watousque pasties adorning the band of blended squirrel fur which runs round the crown. The bow of moire ribbon which falls over the hair at the back is a combination of black and old blue. Price, \$27.50.

Figuring also in graceful beauty is the wide-spreading picture hat, with brim of transparent gold or silver lace, or velvet in the new caracule finish, or of cloth of gold or bronze combined with fur.

AND BY WAY OF NOVELTY—THE BUSTLE HAT.

There are many examples of it—the piquant little back-tilted hat made familiar to us by Watteau, Lancret and other artists of the eighteenth century, which comes back to us for wear with the bustle costume of current vogue.

And, noticeable feature of the showing—the sombre rich coloring: taupe, nigger brown, elephant grey, navy blue and black.

New York Dresses On Sale Wednesday, at Unusual Price of \$45.00

A Special Purchase of Afternoon and Informal Evening Gowns to Be Placed on Sale at 10.30 a.m.

SOME of these are faithful copies of Paris models. Others are original designs of New York dressmakers. They are fashionable, attractive gowns, developed by skilled fingers in such modish fabrics as Georgette crepe, charmeuse, crepe de Chine, moire silk and the ultra-popular serge.

Afternoon gowns, semi-evening gowns, street dresses—all these will be found in the offering. For example:

A tea party frock in elephant grey Georgette crepe.

A dinner dress of black with overdress of black net.

A dress in black crepe de Chine embroidered with dull jet—for mourning wear.

An afternoon dress in purple Georgette.

And many tailored models in navy blue and black serge.

Narrow skirts, flying panels, tunics, surplice bodices, shawl collars, heavy silk embroideries—such and sundry features of the new mode are in strong evidence.

The dresses will be placed on sale on Wednesday morning at 10.30 o'clock, every model many dollars less than the usual price, at \$45.00.

A WHOLE GALAXY OF BLOUSES POPULARLY PRICED AT \$7.50

A COLLECTION OF NEW YORK DESIGNS IN GEORGETTE CREPE, CREPE DE CHINE, AND CHIFFON IN GREENS, BROWNS, BLUES, GREY AND BLACK TO MATCH YOUR SKIRT, AND IN THE PINKS, YELLOWS, MAUVES AND WHITE THAT YOU CHOOSE FOR THE SAKE OF DAINTESS—MATERIALS OF BEAUTIFUL QUALITY, AND CUT AND FINISH UP TO THE HIGHEST STANDARDS OF BLOUSE-MAKING.

C. Here is a smart chiffon model that is ready to make a complete costume of any green, navy blue, black or purple skirt. For these are the colors in which it is procurable over white chiffon, with vesture of white tucked Georgette crepe and modish shawl collar and cuffs of white satin. Price, \$7.50.

A. Crepe de Chine in a luscious peach pink composes the blouse with which we begin our story. With hemstitching and embroidery in self-tones by way of ornamentation, it is simple but not severe. The same model may be had, too, in flesh, maize and ivory. Price, \$7.50.

B. If you sigh for a plain shirt-b blouse, behold a veritable little beauty in this model directly above. To begin with, the material is ivory white crepe de Chine, with a delightful cross-hatch weave, the same being cut and tailored with a very perfection of style and stitchery. The three buttons which fasten the front are of the baroque pearl type. Price, \$7.50.

G. When it comes to this blouse at the right, its attractions are legion. Made of Georgette crepe, it may be had in a whole array of fashionable tints—rose, flesh pink, white, maize, navy blue, grey, balsam green and black. The embroidery calls for special notice, being accomplished in an odd and interesting manner, with beads and self-tone silks, and a hemstitched hem in some softly contrasting shade edges collar and cuffs. Price, \$7.50.

D. Search far and near and it's not likely you'll find a daintier concoction of a blouse than this one of Georgette crepe, with its collar and cuffs of white satin. Pin tucks and embroidery make for its further attractiveness, and a choice of ivory white and flesh pink is afforded in the way of color. Price, \$7.50.

E. A demure pew-ter grey blouse is this one marked "E." It is of Georgette crepe, the embroidery in self shade of silk being applied in sou-tache braid fashion. It is a model which may be had, too, in black, maize, flesh pink and ivory. Price, \$7.50.

F. Heavy flesh pink crepe de Chine, embroidered in white, is responsible for the vast amount of charm in this blouse on the girl with so pensive an air. It is beautifully cut and finished, the front being button-holed along the edge. It may be had, too, in ivory white and in black. Price, \$7.50.

Out-of-Town Readers

If you cannot come to the Store to choose personally any of the hats, blouses or frocks that are described on this page, address your order to the "Shopping Service," and it will be carefully and promptly filled.

T. J. M.—A brown rug so often takes a "no compromise" sort of attitude. It is impossible to persuade it to slip into a green, blue or any other scheme of decoration. One has generally to reorganize the whole room to suit it—which is, doubtless, what you will have to do in your dining room. What would you think of buff color walls (oatmeal or stippled paper), with curtains of brown casement cloth (the tone in the rug you like best), or of brown Versailles ruy, which is a trifle heavier? To relieve the leathery brownness of the scene you might have the chairs covered with old blue repp, using the same for the runner on the table, and cover the lights with shades of coppery yellow or flame color silk. Can you visualize the prospect? As for your proposed alterations to the fireplace, one would endorse the cement idea. The only difficulty with the use of red brick is that of assimilating the color when it comes to furnishing the room. And, by the way, if you want to make the ceiling look higher, use a striped paper—in self-tones of buff.

N. E. S.—Well, chocolates, for one thing. A Nursing Sister, writing from France the other day, said she had been pining for the taste of some good sweets. If you put nothing else into your box, a couple of pounds of nut and hard centres would be certain to make for Christmas cheer. Handkerchiefs, gloves and stockings of the kind she likes best are also sure to prove acceptable.

"Strey Locks."—The charge in the hair-dressing parlors for electrolysis is \$5.00 an hour. It is regarded as a permanent remedy.

"Bluebell."—Don't imagine you would care for the combination of grey and Circassian brown. Old ivory or biscuit color paper would blend in much better with the walnut, and supply, at the same time, a happy background for the rose curtains. If you will let us have your address samples of wall papers in these tones will go off to you at once.

"Mother o' Mine."—It is a mystery that is easily penetrated. What he refers to is, without doubt, the high, oil-tanned boot, known, officially, as the "trench boot." The Palmer-McLennan is one of the best boots of this type in the world, so you may feel quite sure that "Boy Beloved" will approve of your choice. A great many pairs are being sent from here to France all the time. It is a hand-made boot, hand-welted, and may be had in sizes 6 to 11. The price is \$17.00. Cheerio, as they say over there—prave, marvellous things that they are. THE SCRIBE.

ASHBRIDGE'S BAY SALE GOES THRU

Council Decides to Dispose of Large Tract in Industrial Area.

CITY WILL PAY TAXES

Amount Due on Old General Hospital Building Will Be Settled.

With only Ald. H. H. Ball opposed, the city council agreed to permit the board of harbor commissioners to sell the land in the Ashbridge's Bay industrial area in a portion 139 acres in extent, east of the Don and north of the 160-foot roadway.

That there should be no sale of any portion of this property was the intention of Ald. Ball, who stood up at the last meeting and held that with the great future before the Toronto harbor, into which ocean tonnage would come in the distant future, it was impossible to place any proper value on the land. The property would not be alienated from the city.

Ald. Ball was a lone voice, however, and the recommendation of the board of control went thru in committee of the whole, and also in council, so he moved again that it be struck out.

The council decided to make a grant of an amount equal to the taxes, \$6,000, to the trustees of the Toronto General Hospital for the taxes on the general hospital building on East Gerrard street, which is being used as a base hospital for Toronto military district.

The finance commissioner decided on in a communication to the city could not grant exemption of taxation under the act as recommended by the board of control.

On a motion by Ald. MacGregor it was decided to defer the consideration of soldiers' insurance to a special meeting of the city council.

Mayor Presents Medals

At the opening of the city council meeting yesterday, Mayor Church, on behalf of the Royal Humane Society of Canada, presented medals to John A. Lye and A. E. Thomas.

Mr. Lye rescued Miss Lillian Murray from the waters of the bay at the new bathing beach at the west end of Island Park. Mr. Lye plunged in fully dressed, and after bringing the young woman to the surface supported her until she was taken on board the city dredge Daniel Lamb. He was suffering from a broken rib at the time.

A. E. Thomas, 57 Bellefair avenue, rescued Alphonse Deni, 88 Massey street, from the waters of the lake in front of Scarborough Beach, at the risk of his own life on July 21 last.

Board Took Wrong Course

A communication was read from Finance Commissioner Bradshaw stating that under the act the city council could not grant tax exemption on the property used as a military base hospital on East Gerrard street.

Mayor Church explained that Hamilton had made an offer of a base hospital to the government and General Maguire and Mewburn had asked the city for the use of the old General Hospital. The mayor said that the government did not bring in a bill last session exempting military hospitals from taxation.

On the vote being taken the amendment by Controller Shaw was carried, with Ald. Graham opposed.

Ashbridge's Bay Sale

Regarding the setting aside for sale of 139 acres of Ashbridge's Bay property Ald. Ball said he felt strongly that there should be no sale of land in Ashbridge's Bay industrial area. He agreed with the action taken at the last meeting of the council.

"I am prepared to lease this property on a value of \$15,000 an acre at five per cent interest," he said.

He could not see why a company would not be willing to take a leasehold rather than a freehold when it did not have to put up the capital.

"This property in the near future is going to be invaluable," he said. "At least we can do is to lease a portion of this property. With Toronto a great port open to ocean shipping it will be impossible to place a value on this property at the present time," said Ald. Ball.

Ald. Beamesh said that businessmen that he had consulted held it to be a good deal to sell this property. He mentioned the difference between the borrowing power on leasehold and freehold property.

Ald. Maguire said that the harbor commissioners were responsible men devoting their time to the study of the harbor situation. The City of Hamilton had got several of the best minds in Canada because of the freehold property they could obtain there.

"Ald. Ball knows as well as anybody else that a company holding leasehold property can not get the same terms from the bank as one holding freehold property."

"You cannot negotiate loans on

leasehold property today," said Ald. Maguire. "Let us not do anything to tie the hands of the harbor board."

L. Clarke, chairman of the harbor commission, said no one was more in favor of leasing harbor property than he was. "The question is, is it better to have the property idle than sold?"

He said: "Two classes do not want leasehold property: the people with lots of capital and those with little. You cannot issue 40-year bonds on 21-year leases."

Dozens Turned Away

Ald. Ball: You have only the Imperial Oil Company who wish to buy Mr. Clarke: We have had dozens of people go away from us when we tell them we cannot sell. There is a whole lot of money going into that property and it won't hurt to have a little of it coming back. These are times when a little money is worth a whole lot.

Controller Cameron said he did not think it would be possible to hold all the property as leasehold property.

Ald. Ball said there was apparently an effort to take his words as directed against the harbor board. Ald. Beamesh said he had no regard for the future. Neither had the government of Queen's Park when they alienated the city's property time and again. "I have some regard to the future," said the alderman.

He claimed that this was establishing a precedent, and while no riparian rights were involved at present, there might be at a future meeting. A company putting down a substantial sum could get a loan from a bank as well as a company owning freehold. He moved the matter be sent back.

The recommendations of the board of control carried, with Ald. Ball opposed.

Public Garage Question

The cancellation of a license for a public garage business at the corner of Bloor and Delaware avenues to the Canadian Oils, Limited, was considered. Deputations from the company and the objecting property owners were heard at length.

Controller Shaw moved that the matter be referred back to the property committee and for a report from the fire chief, property commissioner and assessment commissioner, the parties interested to be requested to secure petitions from property owners and tenants within 600 feet of the property.

Ald. Ball said that he opposed the erection of a station at the corner of Yonge and Roxboro avenue, and he thought that in future all permits should not be granted until the district polled.

Ald. MacGregor moved that the recommendation regarding soldiers' insurance be left for a special meeting on account of the lateness of the hour. Mayor Church concurred in this, and it was carried.

Ald. Ball, seconded by Ald. Whetter, moved that the report be not adopted and that the recommendation of the board of control, recommending the setting aside of 139 acres of land in Ashbridge's Bay area be referred back to the board of control.

Ald. Graham moved that the board of control be asked to consider and report on a number of suggestions he advanced with a view to increasing the city's revenue.

Among the suggestions advanced were: That the government be asked to allow the city, in collecting the provincial war tax, for the amount paid for soldiers' insurance; that the Ontario Government pay a fair share toward the hospital and jail support; that legislation be obtained to increase the amusement tax, and that such tax go to the municipality; special tax on heavy vehicles for the maintaining of roads; and that public utilities be made self-sustaining as far as possible.

CAMERON DEMANDS CLEAR STATEMENT

Will Discuss Bloor Street Viaduct With Works Commissioner.

ANXIOUS TO PROCEED

As Much Work as Possible Should Be Done This Fall.

Controller Cameron stated yesterday that he was anxious to get a clear-cut statement from Works Commissioner Harris as to how each part of the work on the Bloor street viaduct was progressing.

"I have an appointment with Mr. Harris for tomorrow afternoon about that very thing," said Mr. Cameron.

"I was asked by a reporter for 'The World' about the viaduct."

"He told me in the city council this afternoon that the city had not yet taken over the bridge. That does not say, however, that it has not been offered."

"Don't you think that any work that can be done should be proceeded with this year?" he was asked.

"I certainly do. Any leveling of the approaches or filling would be all the better for having the winter in which to settle. Of course, I am not in favor of putting down pavement and exposing it to the frost," said the controller.

"I strongly advocate doing any work that can be carried on without danger of being stopped this fall, and of doing everything possible to expedite the work."

In conclusion the controller said that he would give 'The World' any information he could after seeing Mr. Harris this afternoon.

On Sunday many motorists, cyclists and pedestrians took a trip over the Rosedale section of the viaduct, which was opened to traffic at the first of last week.

GIUSEPPE NOTTARO CHANGES HIS PLEA

Charged With Murder of Petro Demco Pleads Not Guilty But Admits Manslaughter.

In the assizes yesterday, before Justice Riddell and a jury, Giuseppe Nottaro pleaded not guilty to the charge of murder of Petro Demco, an Austrian, at 78 Edward street, on July 2 last, but later, at the close of the crown's evidence, pleaded guilty to manslaughter, which was accepted by Crown Prosecutor Peter White, K.C. Sentence was deferred until the close of Mr. Justice Riddell's sitting on the assizes. Demco was found with a large gash in his back, and died some time later, following it is alleged a quarrel over money matters.

In summing up the case, Mr. White stated that the crown's case rested largely on an ante-mortem statement made by the murdered man, but he thought probably the defence would raise an objection to it being put in as evidence, and it would be withheld.

Dr. M. A. Powell, in charge of the emergency department of the General Hospital, gave evidence showing that the dead man was brought into the hospital on the afternoon of July 2 suffering from a wound below the twelfth rib, which had evidently been

inflicted with a knife. The man subsequently developed abdominal trouble of a grave nature, and it was decided to notify Crown Attorney Greer. In answer to the inquiry from Mr. White, the witness stated that the man had been told that he could not recover and on being confronted with the accused man, said: "There is the man who killed me." He then made a statement in the presence of Mr. Greer. In his evidence Crown Attorney Greer testified that at his direction the statement of the dying man was taken at the hospital.

Walter Curry, K.C., who appeared for the accused, challenged the submission of this ante-mortem statement, stating that the law rules that no ante-mortem statement can be submitted unless the man knows that he is near death, and he did not think the evidence showed that Demco knew he was going to die.

Acting Detective Thomson, when called, said that he had cautioned the prisoner and told him that anything he said would be used either for or against him as evidence, and was told to stand down by his lordship, who told him that he had no right to use the words "for or against." "Detectives ought to know better," he added. Court interpreter Michael Basso testified that he had interviewed the prisoner on two occasions after he had been arrested, and Nottaro had told him that Demco had assaulted

him and he had defended himself with a knife. In the statement of the dead man read by Mr. White, it was told that Nottaro had come up to him and accused him of stealing his money, and following this, Nottaro whipped out a knife and stabbed him.

Mrs. Greenbaum, at whose house the prisoner lived, stated that she knew nothing about the stabbing.

SUBBURY MERCHANT SUES

Brings Action Against Insurance Companies for Fire Loss.

Before Justice Clute in the non-jury assizes yesterday an action was started that had been brought by A. J. Rogers, a merchant of Sudbury, against the General Accident Fire & Life Assurance Corporation for \$1650 and the Mercantile Fire Insurance Co. for \$866. The plaintiff had a policy in the former for \$1800 and in the latter for \$1000 when his property was destroyed by fire last January. The defence was that no proper proof of loss had been filed, and also that the plaintiff had placed insurance with other companies. Percy Morrison, mayor of Sudbury, is one of the witnesses for the plaintiff. The case is proceeding.

LIEUT. P. B. CLARKE DEAD

Son of Dr. and Mrs. W. F. Clarke Dies Hero's Death on the Battlefield in France.

Lieut. Paul Brook Clarke, only son of Dr. and Mrs. W. F. Clarke, 2132 East Queen street, has been killed in action, word of his death reaching the parents yesterday. Lieut. Clarke was killed after he had gone back to the front from three weeks' leave of absence, granted so that he could qualify for a commission at Balliol College, Oxford. He went overseas with the 19th Battalion and contracted typhoid fever after ten months' service. Before returning to the front he was five months in hospital at Boulogne. Lieut. Clarke was a graduate with honors of the University of Toronto School, and at the time of enlistment was taking the arts course at Trinity College.

WILL BANQUET OFFICERS

At last night's weekly meeting of Fairview Lodge No. 446, I.O.O.F., held in Calvin Hall, it was decided to co-ordinate with the lodges of the district in giving a banquet to the grand officers of the order. Several new candidates were initiated into the lodge. Noble Grand K. L. Shoebright presided.

"It Appeals to Head and Heart"

Therefore, subscribe to the

Victory Loan

Some Reasons Why You Should.

Why do great financial institutions like the Canada Life subscribe Millions of Dollars to the Victory Loan?

With us it means taking a patriotic stand which our many thousands of policyholders approve.

But there are other deciding factors.

Some Sound Reasoning

The one great outstanding reason, from a purely business standpoint, is this:

The financial stability of the whole world rests upon the cause of the Allies. It is, therefore, good business to strengthen that cause financially in order to uphold our institutions.

Our Government asks Canadians and Canadian Institutions to rally to its support by lending capital so that the business of the people may be carried on successfully and profitably.

In other words, the people's money is to be used to further the business of the people. At this time the supreme task, the principal business to be carried to success, is the winning of the war. We cannot refuse to supply the needed capital even if we would, as it would be equivalent to committing business suicide.

A Good Investment

Aside from these vital considerations, which in themselves are sufficient, we have laid before us by the Minister of Finance an investment that is absolutely safe, and which yields a high interest return.

Only a few years ago Government Bonds were sold at a yield rate of from 3 1/2 to 4%. These same Securities can now be purchased in the shape of a Victory War Loan Bond to yield 5 1/2 per annum or better. After the conclusion of the war, when business conditions again become normal, it is generally conceded that these Bonds can be sold at a substantial premium.

Knowing from long experience that an opportunity of this kind should be taken advantage of to the fullest possible extent, the Canada Life has applied every available dollar to the purchase of the present Victory Loan Bonds, having regard only to retaining sufficient funds for the regular conduct of their business, the payment of claims and maintenance of surplus.

Premiums Help to Purchase Bonds

The premiums from our Policyholders, which constitute a large portion of our revenue, are being applied in a large measure to assist us in purchasing these Government Bonds. These long-term high-class Securities we regard as the strongest and most profitable assets in our Balance Sheet.

ASK FOR PARTICULARS—The Canada Life will be glad to put you in touch with a responsible Bond Salesman if desired.

Dr. G. E. Vincent Gives Interesting Address Before Canadian Club.

An interesting address was given by Dr. G. E. Vincent, president of the Rockefeller foundation, New York, before the Canadian Club yesterday noon, vs. Team-play," the former representing the central powers, and the latter the allies. He introduced his remarks with the story of the first American casualty, and told how the man was carried away into a clearing station unconscious and with a pair of black eyes. When he came to, he explained that he had met one of those fellows called a "British Tommy." He had told him that the Americans had come over to start the war, and that was all he could remember.

There might be some Americans, he said, who would give the old attitude of the people of the United States, as they realized how grave the situation was and their chief anxiety was that they might be too late. He said he was glad that the hypocrisy of neutrality was over, as during that period Americans were ashamed to come to Canada. He saw in the contest being waged two diametrically opposed ideas of organizing social life, and the United States appreciated the fact that they were not entering into the war in any altruistic spirit.

FIGURES ARE READY

These Merely Await Approval of Sir William Mackenzie.

While Mayor Church has intimated that the matter of the purchase of the Metropolitan Railway within the city limits will be placed in the hands of the Ontario Railway and Municipal Board for settlement by arbitration of the value of the intangible assets, officials at the city hall yesterday were not sure that this step would be taken immediately. At the last conference with the representative of the railway company the reports of the reports of the road experts were now in the hands of W. H. Moore and he was merely awaiting the approval of Sir William Mackenzie before submitting the figure to the city.

EVIDENCE NEARLY ALL IN

Conference on Street Cleaners' Dispute Will Be Held Soon.

D. A. Carey, chairman of the board of arbitration investigating the dispute between the head of the street cleaning department and the employees, stated at the conclusion of yesterday's sitting that the evidence was all in with the exception of that in regard to the cost of the street cleaning.

He expects that all the evidence will be in today, and that there will then be a conference between the appointees of the city. The decision will not be given for several days.

BLOOR CAR LINE PROCEEDS

May Be Completed by First of Next Month.

Works Commissioner Harris stated yesterday that progress is being made on the extension of the Bloor street car line, and he hopes to have it completed by the first of next month.

Owing to the difficulty in getting steel the Pape avenue car line is still being held up.

NINE MONTHS FOR BIGAMY

George Luxton, a returned soldier, was sentenced in the police court yesterday to nine months in jail for bigamy. He admitted having two wives. The frequency of bigamy suggests a loose idea about marriage," said Crown Attorney Corley during the hearing. Colonel Denison stated that he hoped the hint would be taken.

REJECTED MAN SUICIDES

Charles Davis Had Tried Several Times to Enlist.

While in a fit of despondency, Charles Davis, aged 48, hanged himself in the basement of his rooming house at 674 Crawford street early yesterday morning. The body was found by his landlady, who upon going to the cellar found his body suspended from a beam by a clothesline. The man was a widower and a teacher by occupation. He had tried several times to enlist, and his friends think that his numerous rejections grieved on his mind.

McMASTER STUDENT WOUNDED

Reginald King of McMaster University has been reported "severely wounded" and now at Etobicoke Hospital. Mr. King, whose home town is Orangeville, was an honor graduate in classics of 1917, having been granted the degree of B.A. after his enlistment in the Overseas Training Company C. O. T. C. last year. After the degree of B.A. he received a commission as 2nd Lieutenant, O-Battery, 52nd Army Brigade, R.F.A., with which he was serving when wounded in a recent action.

QUESTDAY MORNING, NOV. 6.

A Referendum on the Deluge.
After the deluge had started and the Ark was well afloat, no doubt there were referendum taken as to the propriety of building a safety boat after Noah's much-ridiculed model.

We have been at war for three years, and the idea of taking a vote now whether we shall go to war or not with the war, or anything else for fight with all the power of which we are capable, is decidedly belated.

It is unnecessary to ask if the Canadians are needed in Flanders. The bloody battles in which they have figured and made history, in one of which Captain Papineau has just fallen, are contributing so memorably to the chronicles of his comrades in arms.

A referendum implies indefinite delay in rendering the necessary assistance and reinforcements to our troops at the front. If the election had been forced upon those who call for a referendum, there would have been some consistency in the claim.

Change of (Water) Front.
Permission was given the Harbor Commission yesterday by the city council to place 129 acres of the choicest manufacturing and warehouse sites in the city on the bargain table for all who desire to take advantage of their full coffers.

All the work being done by the Harbor Commission has been done with the object of gaining the future values for the city. Now, the first thing the commission does is to sacrifice a great block of this valuable property, on the plea that it cannot be leased.

The privilege of leasing property in any part of the new area under the Harbor Commission is valuable enough to be put up to auction or tender, and it should not be sold, if it is to be sold, on any other terms.

There are pleas about the Harbor Commission and the city being hard up at present, and unable to finance the undertaking properly. Therefore, let us rely on the tender mercies of the corporations.

It ought to be within the capacity of the gentlemen on whom one of our evening contemporaries so implicitly relies to have the immediate liabilities of the Harbor Commission financed without resort to the ready cash of Standard Oil.

The city council turned down the application of the Imperial Oil Co. when it came up in its proper person. But when it approached the city fathers anonymously with a mask on, the city council was willing to accept the disguise and reverse the decision.

THE EVACUATION OF BELGIUM ON CONDITIONS

(By Professor D. J. Medley.)

However far the German Government may go in its attempt to meet the spirit of the papal note or the Reichstag majority resolution we may be quite sure that it will not lay its cards upon the table.

In the first place the German forces hold practically all Belgium and a large part of northern France. The chancellor has described these, as among the most valuable of Germany's pledges.

SOLDIERS MUST SUBMIT NOW TO VACCINATION

Refusal Makes Offender Liable to Trial in Martial.

Orders regarding compulsory vaccination of soldiers were received from Ottawa yesterday as follows:

1. When in the judgment of the military authorities such procedure is necessary, compulsory vaccination against smallpox and compulsory inoculation against typhoid fever, dysentery, cholera and other such infectious diseases, may be resorted to in the cases of members of the Canadian expeditionary force.

2. With a view to the protection of the community against the transmission of venereal disease, members of the Canadian expeditionary force shall submit to blood examinations as soon as required by superior authority.

3. It shall be an offence cognizable by a court martial, for a soldier belonging to the Canadian expeditionary force to refuse to be vaccinated, or to submit to the blood examinations above-mentioned and to such other medical examinations as may be required, or to be subject to the penalty provided for an offence under section 18 of the Army Act.

TRUANCY WAS DISCUSSED.

Preminent Speakers Attend Home and School Council Meeting.

A meeting of the Home and School Council was held in the Social Service building, Tuesday, Nov. 6, at 2 o'clock.

Dr. Franklin Johnston of the social work in Toronto, Commissioner of the Board of the Juvenile Court, Inspector Chapman of the Department of Dueson Street School. Many representatives of home and school organizations were present and took part in the discussions.

Prof. Farmer said truancy was somewhat of an economic problem, as the money earned was needed at home.

Inspector Chapman said that children were not sufficiently interested in schools to attend because teachers were too poor to get the best of boys.

A. J. Wyatt, an officer of the children's court, said the majority of cases of truancy were merely defiant.

This problem could be looked after truantly would be lessened.

Practically all who spoke were in favor of women truant officers.

HOME VISITATION.

Plans For Great Task Are Now Being Completed.

More than six thousand volunteers are already assured for the home visitation of Toronto and suburbs on Friday afternoon, when it is hoped to visit every home with the invitation prepared in five languages inviting all the people to attend the church, synagogue and school of their choice, and to secure a record of the church connection or preference of every individual, which will be given to the pastor, priest, rabbi or organization preferred.

When the plan was first proposed, the local leaders thought that six thousand visitors would be sufficient, but when they went into these definite plans they found the city larger than they had first believed. All others who can take part are urged to do so.

GETTING READY FOR SELLING CAMPAIGN

Men Who Will Sell Victory Loan Bonds Discuss Procedure.

SHOVE FOR TORONTO

Chairman, Vice-Chairman and Team Captains Are Named.

At a meeting at the Cafe Royal last night of the men who will actually sell the bonds of the victory loan in Toronto J. W. Mitchell, chairman of the Toronto executive, announced that Toronto's allotment would be \$75,000,000. The purpose of the meeting was to explain the organization and procedure of the selling campaign which will open on Monday next, and last for three weeks.

While recognizing the magnitude of the task of selling \$75,000,000 worth of victory loan bonds in three weeks in Toronto there was also a feeling of absolute confidence that the people of Toronto would respond as magnificently to this call as they have to all others in connection with the prosecution of the war.

Each district, each of which is divided into five districts, each under a chairman, vice-chairman, and six team captains, will have an official badge, team of nine men in addition to himself. In this list of names will be engaged in selling the bonds during the three weeks' campaign, and every person will be personally solicited. Each buyer will not be asked to give the salesman, who will have an official badge and a credential card signed by the chairman of the Toronto executive, any money, but a cheque or note payable to the minister of finance.

Canvassers Chosen.

The chairman, vice-chairman and team captains for the various districts are as follows:

District "A"—Chairman, W. N. McIlwraith; vice-chairman, H. E. Houser; team captains, G. R. Dodds, F. R. Graham, W. C. Macneil, J. A. McCausland, T. W. F. Norton, W. E. Nugent.

District "B"—Chairman, Major O. Horro; vice-chairman, Stuart B. Playfair; team captains, J. W. Baillie, Draper, I. H. Acton, Fleming, E. W. Pratt, Malcolm Stobie, Wm. H. Ince.

District "C"—Chairman, Lieut. Col. F. H. Deacon; vice-chairman, J. C. Fraser; team captains, D. St. Casimir, J. T. Eastwood, R. T. Fairclough, Hugh A. Gunn, J. O. McCarthy, Morgan Jellett.

District "D"—Chairman, John Torry; vice-chairman, A. McKenzie; team captains, N. J. Boyd, R. E. Campbell, Robert D. G. Gorch, R. A. Lyon, A. Farde.

District "E"—Chairman, H. H. Willoughby; vice-chairman, J. Allan Ross; team captains, R. R. Bonnard, A. P. Burnett, A. A. Foster, C. Taylor, H. B. Willis, C. W. T. Woodland.

WOMEN FACE THEFT CHARGE.

Mrs. Jackson, 251 Church street, is held on the charge of receiving.

PLAYS, PICTURES AND MUSIC

"GOLDBLOCKS" AND "THE THREE BEARS"

Pretty Fairy Tale Told by Splendid Company at the Princess.

Everybody knows the story of Goldilocks and the three bears, but just in case anyone should forget it, the twentieth century of hurry and worry, Goldilocks "herself" as they say on the big electric signs along Broadway, has come back to life in the person of dainty Ann Murdoch to cheer the hearts of all who would be children again—just for a night.

Goldilocks, whose mother is a wicked woman, who does not love the little Goldilocks, runs away from home on the eve of her wedding day, because she is not rather lost in the woods than married to a horrid old man she does not love. There is but one place in the world for her but the house of the three bears at Koolid, which, unknown to Goldilocks has been rented by her agent to the three bears—Christopher Kent, the middle-sized bear (Percy Messmore), and Goldilocks, an indispensable source of sunshine and happiness in the lives of the men who become her willing captives.

Ann Murdoch and her excellent supporting cast in "The Three Bears" tell the story so beautifully, this play is not only a walk, but a picture, play so prettily acted, so picturesquely staged and so daintily told by the author, Edwin Arnold, Corpenant, by a visit to the Princess will its beauties be appreciated and deservedly applauded.

Ann Murdoch has invited 150 returned soldiers to be her guests at the Princess Theatre at tomorrow's matinee.

"THE ONLY GIRL" AT GRAND IS GOOD PLAY

This Week's Show Has Many Tunes Melodious and Clean, Breezy, Humorous Lines.

Alan Kimbrough, known as "Kim," is one of a quartet of bachelors. The other three have each found "the only girl"—so they say, and so the musical faces this week at the Grand derives its name. Kim is writing an opera and is in collaboration with Ruth Wilson, who is composing music in the meantime the opera goes on a little southerly, being given a place in the cast. Kim, not daunted by his friends' troubles, finds the Only Girl for himself.

The music is written by Victor Herbert, which speaks for itself. The songs are a mixture of cynicism and lightheartedness, and "When You're Alone" and "When Your Ankle Wears the Ball and Chain" being particularly catchy.

HANDLE VENISON IN CIVIC ABATTOIR

Means of Keeping Down Price to Public Under Consideration.

QUESTION OF LICENSES

Controller Cameron Wants These Canceled for the Time Being.

The butchers' section of the Retail Merchants' Association has called a meeting tonight to discuss the matter of the sale of venison to the city by the provincial government, and the sale of the civic abattoir.

The venison is to be sent down from Algonquin Park thru the influence of Hon. G. H. Ferguson, minister of lands, forests and mines, and sold to the city for 10 cents a pound, dead weight.

Not Killed in Plant. Controller Cameron stated yesterday that it might not be possible to cut up the deer from Algonquin Park in the civic abattoir, owing to the animals not being killed in the municipal plant.

He intends to meet the butchers' section of the Retail Merchants' Association and take up the matter with them and see what they can do in regard to handling venison at as cheap rates as possible.

He is also getting in touch with the government with a view to having the license fee charged for selling venison canceled in the case of such carcasses as come from the government reserves. Otherwise, he says, it would

not pay the butchers to take out the necessary license to handle two or three animals.

SOME FRAUD COLLECTORS.

Reports by letter and various other channels are coming into Red Cross headquarters, complaining that firms and individuals are appearing at red-ross dinners throughout the city representing themselves as collectors for Red Cross waste, who in reality have nothing whatever to do with the department in question, and are therefore pure and simple frauds, getting material intended for the Red Cross by misrepresentation.

VICTORY LOAN PREPARATIONS.

FIVE UNIONISTS LACK OPPOSITION

British Columbia Will Probably Elect Solid Block for Government.

Regina, Nov. 5.—Hon. J. A. Calder left town last night for Ottawa. Asked as to the success of his trip to the east, the minister stated that the outlook for union government in the far western provinces was most encouraging. In his opinion the overwhelming sentiment of the people favored the "get together" movement.

Mr. Calder intimated that from present prospects five or six unionist candidates would secure acclamation. If not, the opposition to them would be of such a character as to ensure their return by very large majorities. The public statement made by Premier Brewster of British Columbia, in which he endorsed the union government, was very favorably accepted by the people of the province of all shades of politics.

Business Reasons Will Prevent His Contesting Seat in Canada.

Vancouver, B.C., Nov. 5.—Joseph Martin, M.P., St. Francis, England, in stating today that for business reasons he could not seek a place in the next parliament, declared that he was greatly pleased with Sir Wilfrid Laurier's manifesto.

LIEUT.-COL. SUTHERLAND IS HEARTILY ENDORSED

Enthusiastic Meeting of War Veterans Approves His Candidature in North Oxford.

Woodstock, Nov. 5.—The nomination tendered to Lieut.-Col. Sutherland by the executive of the local Great War Veterans' Association was unanimously approved at a tremendously enthusiastic general meeting of the association to-night.

The executive committee met afterwards and decided to call a mass meeting of citizens of all parties to be held in the city hall next Saturday evening for the purpose of endorsing Col. Sutherland as a union government win-the-war candidate in the riding of North Oxford.

PARTIES IN BRANTFORD MAY COME TOGETHER

Brantford, Nov. 5.—There is a possibility that a union meeting, with representatives from the Liberals, Conservatives and Independent Labor party in the riding of Brantford, may get held. The Liberals appealed for such a gathering thru Lloyd Harris, the Liberal nominee, the date having been set this morning for Wednesday evening at the board of trade rooms.

Today the executive of the Independent Labor party held a meeting, and favored the resolution passed by the Liberal convention on Saturday evening for the purpose of jointly agreeing on a union candidate. This action, however, will be subject to the approval of a meeting of the I. L. P. to be held tomorrow night.

W. F. Cookshutt, Conservative nominee, when asked this afternoon if he had any comment to make on the Liberal proposal, replied, "No comment." There is a wing of the Conservative party here, however, which approves the move, as shown by the motion offered at the nomination meeting that the nomination be held over and that instead a committee be named to wait on a Liberal committee and select a fusion candidate.

S. WATERLOO LIBERALS ACT VERY STRANGELY

Kitchener, Ont., Nov. 5.—"That this executive of the Liberal party of South Waterloo thinks it advisable and in the interest of winning the war, that a non-partisan candidate be placed in the field to represent all classes in the riding and that we meet representatives of the Conservatives and Labor parties to this effect, it being understood if this suggestion is adopted that neither of the present candidates will be eligible for the nomination."

The above resolution was unanimously carried at a meeting of South Waterloo Liberals held in the Bowman House here this evening and presided over by Dr. Ward Woolner of Ayr.

Dr. Thompson of Galt, nominee of the party, who was present, characterized the resolution as a blunder, but stated now that it was law the people must suffer it. He desired it to be distinctly understood that he was opposed to union government and would not accept the nomination as a unionist if required to pledge himself to support its doctrine.

He held the Franchise Act was un-British and un-British to the last degree, as it disqualified the highest type of citizens in the country. Senator Ratz of New Hamburg said it was no use sending reinforcements to France unless the country was in a position to feed them.

He thought Sir Wilfrid was sincere when he said reinforcements were necessary, and was certain he would find a way to raise the men, even the 45 per cent of class one were seeking exemption.

T. Rutherford of Galt thought the union government should be supported particularly on the Military Service Act. E. S. Hallman of New Dundee opposed conscription on the ground that it would take away the farmers' soil and lessen production.

Andrew Elliott, W. W. Wilkinson and J. N. McKendrick also spoke. Dr. Woolner, chairman, favored the resolution and the union government, but thought all parties should get together and agree on a non-partisan candidate.

MEWBURN DENIES CENSURING KEMP

Defence Minister Referred to Conditions Before Sir Edwards Time.

Ottawa, Nov. 5.—Major-General S. C. Mewburn, minister of militia, has given the following statement to the Canadian Press regarding his alleged criticism of the administration of the militia department by his predecessor in office, Sir Edward Kemp, at the convention of conscriptionist Liberals held in Hamilton last Friday.

General Mewburn absolutely denies that he in any way criticized the administration of Sir Edward Kemp. What he said was that he always thought that the sending of conscripts to the front in 1916 was a mistake; that reinforcing drafts should have been sent overseas, instead of complete units.

Regarding the Canadian defence force scheme, General Mewburn filled this force under the terms of the Militia Act by conscription, and that he stated at the inception that he did not believe it could be filled by voluntary enlistment, and that during his tour thru the country he was completely convinced that it was impossible to get men, either for overseas or for home defence, except by conscription. Instead of criticizing Sir Edward Kemp's administration, he for the most part always endeavored him for the magnificent work he did in the department during the short tenure of his office, and the great responsibility that rested on Sir Edward Kemp's shoulders, and that many things that he accomplished during his tenure of office the public generally does not appreciate.

ISSUES A MANIFESTO ON TAKING NEW OFFICE

Sergt.-Major Turley Defines the Position of Veterans' Association Politically.

Sergt.-Major W. E. Turley was appointed organizing secretary of the Ontario provincial branch of the Great War Veterans' Association yesterday, but will not sever his connection with the local branch of which he is secretary, for some time. On behalf of the executive committee of the provincial branch he issued the following manifesto:

"That no branch of the G.W.V.A. should nominate any member or private citizen for parliament. The G.W.V.A. is a non-political association, and intends to remain such. Once we nominate a man for parliamentary honors we have departed from our general policy, and have taken action contrary to the spirit of our constitution.

"Great war veterans should endorse any man who is selected by representative organizations supporting the unionist government, war-winning policies, and should concentrate their efforts to secure his election. It is necessary to the development and power of the Great War Veterans' Association that we should hold ourselves aloof from any political alliance, thus maintaining the right to criticize any candidate for or elected representative to parliament, whose action on any issue of the provincial branch he issued our ideas. Local branches may send delegates to a non-party convention called for the purpose of nominating a suitable candidate who will support the enforcement of the Military Service Act, and all other such measures as shall tend to win the war."

PRESENTS THE ISSUE IN COMING CAMPAIGN

W. F. Maclean Speaks at Meeting of South York Conservative Association.

Unanimously endorsing Sir Robert Borden and union government, the South York Liberal-Conservative Association placed itself on record at a meeting in York Masonic Hall, North Yonge street and Eglinton avenue, last night. The principal speaker was W. F. Maclean, who presented the issue of the coming election and said that a referendum on the war as suggested in the manifesto issued by Sir Wilfrid Laurier was impossible.

A considerable amount of organization business was transacted, such as the naming of enumerators and deputy returning officers, and the tentative establishment of polling booths. The question of enumerators for the men of the first and second Canadian contingents came up again when the reply to a resolution of this nature was read by the minister of militia, at that time Sir Edward Kemp. The letter stated that for military reasons the resolution could not be acted upon.

On the motion of J. M. Skelton, seconded by Richard L. Baker, the letter was referred back to the executive committee for further consideration. In requesting the South York Liberal Association to unite for the purpose of selecting a union candidate, Maclean said: "Since the publication of the manifesto I am sure we need unity more than ever in order that the British people of Canada will rise to the occasion. This was the opinion of the present and approval was given of the negotiations the committee had undertaken. A resolution was endorsed on motion of Frank Howe, seconded by Aid. Hall, which requested the government to adjust the pension of the private soldier and bring the amount closer to that received by officers. In supporting this resolution Mr. Howe explained the difference which now exists and Aid. Hall said he would place dependent women on an equal footing. Richard L. Baker said the amount should be in proportion to the earning power of the soldier prior to his joining the army and added to the resolution on the approval of the meeting, that in his opinion the pension of a private was not sufficient.

A resolution endorsing Sir Robert Borden and the union cabinet which he has selected and the policies which the union government stands for was moved by Dr. J. C. Evans, seconded by J. M. Skelton, and passed unanimously, without discussion. W. F. Maclean was given an enthusiastic reception. He said this was the most important fight the association ever was in. "Our duty is to try and return a man who is devoted to the war in order to carry out the desire of this country. A candidate must be able to say where he stood and a referendum on the war was impossible. We can't leave the men in the trenches for subsequent action. The people want Canada to send reinforcements and it is our duty to aid those men now," he said. It was the duty of the voters to say where South York stood. He said the riding was well organized and it had been decided to invite the Liberals to join in selecting a candidate. The idea was unity and not division, and the result would be a government determined to win the war. If this was done, Mr. Maclean believed the war would soon be over. "We're going to put down German imperialism for all time," he said.

INDEPENDENT LIBERAL CHOSEN FOR DUFFERIN

Convention Names T. Dryden, Who Declares for Referendum on Conscription, to Contest Riding.

Orangeville, Nov. 5.—At the Liberal convention which met here today T. Dryden, who was nominated two years ago, announced that he would stand as an independent Liberal in favor of a referendum on conscription. Among the speakers were W. J. Halligan of Shelburne, W. M. Green and A. E. Annis of Orangeville upheld the policy of the union government and broke from the Liberals when the views expressed by Mr. Dryden were endorsed by the majority of the convention. The Conservative executive also met here today. The late member, John Best, had on Saturday tendered his resignation, which the executive refused to accept after learning of the stand taken by the Liberals. It will be a straight party fight unless there is a candidate put up who will represent the union government. An Ottawa despatch to The Telegram says: It is rumored here that Hon. W. L. Mackenzie King is to resign his \$10,000 per annum job with the Rockefeller Foundation in the United States and become Laurier candidate in Ontario. Hon. Chas. Murphy is to take charge of the Liberal organization in the Ottawa Valley with Lemieux, Bureau and Lapointe directing the Quebec campaign.

TO OUTLINE EXEMPTION GROUNDS.

Boston, Nov. 5.—In order to discuss what constitutes proper cause for exemption from the national army on industrial grounds, members of the military committee of the Great Britain will meet tomorrow at the headquarters of the exemption boards of Massachusetts here. The British military will outline the experience of England in this matter.

FAMOUS STALLION DEAD.

Lexington, Ky., Nov. 5.—Axworthy, a 25-year-old trotting stallion, owned by the estate of William Simpson, head of Lexington, died at the farm of R. L. Nash today. Axworthy was the sire of many famous trotters, and was the first of the long line of Axworthy trotters, and in his days was a consistent winner and gifted with unusual speed.

SOME LIBERALS FAVOR LAURIER'S MANIFESTO

Well Received in Some Quarters in Hamilton, But Sir John Gibson Comes Out Against Chief.

Hamilton, Tuesday, Nov. 6.—Sir Wilfrid Laurier's manifesto, contrary to expectations, has not succeeded in clearing any fog off the local political horizon nor caused any undue disturbance among the ranks of the different parties that will likely have candidates in both the east and west ridings at the coming federal elections. While considerable criticism is being hurled at the manifesto from prominent members of both parties, well-known Liberals and one Labor man are in favor of the Liberal chief's views. It is evident that while the manifesto is meeting with favor in many quarters, those in sympathy with it will not publicly voice their opinions.

For the first time since the election was mooted, Sir John Gibson has come out publicly against the "old chief." Sir John declared himself as being in favor of the Military Service Act, and dismissed the other proposals of the manifesto as being unworthy of thought in such a crisis.

John Lennox, president of the Liberal association, said: "I have not yet had time to read the manifesto carefully. Anyway, as official head of the Liberal party, I feel that it would be unwise for me to make any statement when we are going to have a convention Friday night to deal with the matter."

F. J. Howell, Kerwin Martin and other prominent citizens condemn the act, while Walter T. Evans, secretary of the Hamilton Reform Association, and Mrs. H. D. Petrie endorse the manifesto. E. Fearnside, secretary of the I.L.P., when asked about Sir Wilfrid's views on conscription, said: "They are just about right; you can't beat the old man."

Mrs. Harry Carpenter, president of the Women's Canadian Club, said: "I have not had time to read the manifesto, but have no opinion to express on the part I have read."

"An examination of the manifesto reveals the fact that the leader of the opposition offers no plan to help the soldiers in the trenches," said Lieut.-Col. C. R. McCullough, chairman of the local win-the-war league.

REQUESTS NEWSPAPERS TO POSTPONE CRITICISM

Lieut.-Col. C. R. McCullough of Hamilton Win-the-War League Would Like Spirit of Tolerance.

Hamilton, Nov. 6.—That the press should adopt a spirit of tolerance and refrain from criticism until the local political atmosphere had cleared and the candidates had been named and officially endorsed, was an expression by Lieut.-Col. C. R. McCullough, who presided at the general business meeting of the Hamilton Branch of the Win-the-War League in the board of trade last night.

Reports of the league's activities were presented, and also further particulars of the political conference that took place under the auspices of the league in the Royal Connaught Hotel last Saturday. It was stated that when the adjourned conference resumed next Saturday there would be a larger and more representative gathering present.

SAILOR MEETS DEATH AS STEAMERS COLLIDE

One Laden, the Steamer Durham, is Sunk by the Robert Fulton When Off Detroit.

Detroit, Nov. 5.—The steamer James S. Dunham, downbound with iron ore, was sunk in collision tonight with the steamer Robert Fulton, upbound with the Detroit River from here. The Fulton remained afloat and apparently was not badly damaged. Peter Fulton, wheelman on the Dunham, was killed, and the mate, name unknown, injured. The Dunham was of steel construction, registering 3,000 tons, and 420 feet long. She was owned by Sullivan and Company of Chicago. The Fulton is owned by the Pittsburgh Steamship Company, Cleveland.

Enemy Leaders Attend A Crown Council at Berlin

Amsterdam, Nov. 5.—Advices from Berlin say that a crown council was held today, with Emperor William presiding. The council was attended, in addition to the Prussian minister, the imperial representatives of state and other prominent personages by Field Marshal von Hindenburg, General von Ludendorff, first quarter-master-general, and others.

---and if you don't care about anything else but style---almost any store can please you. The same is true if you consider only fit, or a specific color.

But, if you are keenly particular and consider style and fit and wear, and tailoring and linings and trimmings and quality fabrics and colors and patterns---and if you are at all interested in getting value for your money, there are no two ways about it---you will have to come to the Simpson Men's Store for your new Chesterfield.

Your attention is directed to four new models as follows:

Chesterfield Overcoats of black Melton, tailored with raw edge, in four-button, single-breasted fly-front style, having semi-fitted back with deep vent. Sleeves lined with mohair and body lined with twill serge lining. Velvet collar. Sizes 36 to 44. Priced at **\$22.50**

“VICTOR”

The fit of your boots is more important to you than style or price. What advantage is there in style without comfort? What's the use of paying even a modest price for boots you don't enjoy wearing?

But fit means more than comfort---it means service---Boots that fit wear longer and always retain shape and style. Therefore they cost less.

Does not this illustration impress you as being a style leader? It is a “VICTOR” reproduced.

What Shape Do You Prefer---“Victor” Covers Them All

VICTOR SHOES for men, in the new shade of Java brown, showing plain-stitched toecap. Made from finest selected calf in English recede toe style, having low comfortable flange heels. Solid oak soles are Goodyear welted. Widths C, D, E. Sizes 8 to 10½. Priced at **7.50**
