MARKS ON O'NEILL'S THROAT Make Doubts as to Cause of Death. Corner Wilson last night commenced an autopsy on Augustus O'Neill, the man who died in No. 1 Police Station Wednesday night. There seems to be a mystery as to the exact cause of death. There is a blue mark around the neck, which might have been caused by strangulation. Dr. Thibault, who made the post-mortem, gives the cause of death as being a rupture of the heart, which was caused by the fatal infection from the influenza virus which was read from an autopsy.

DOMINION ELECTIONS. Continued From Page 1. 'Tarte going to do' is as yet a difficult one to answer, and people are quoting Sir Wilfrid Laurier's complimentary utterances at Soel with regard to his late colleague as well as noting the fact that the campaign against the ex-minister of public works undertaken with such furious vigor some months ago in all the ministerial organs, has been completely abandoned, or as Mr. Tarte himself has said: "They have called off their dogs." It is quite apparent that Mr. Tarte's position in opposition is anything but a bed of roses. He can carry St. George's division if he sees fit to spend a good sum of money, but it is doubtful if Hon. Mr. Tarte considers the gain worth the candle.

JAMES BAY RAILWAY ROUTE.

In The World of Wednesday, the 28th inst., there was printed a detailed map showing the route of the James Bay Railway from Richmond Hill to Mount Albert, on a small scale. To-day we reproduce the map on a larger scale. The road runs that the Townships of Markham, Whitby and East Willowbury. This is the second twenty-mile route, the map which appeared on Aug. 24 being the section from Toronto up the valley of the Don to Richmond Hill, a distance of about twenty miles. This map was also prepared by C. H. Macdonald.

THINKS ROSS SHOULD JOIN LAURIER.

Saturday Night: Ontario needs a man for premier who is strong, tactful, who, once he is persuaded he is right, can be neither coaxed nor coerced; he must be master of his cabinet, appreciative of the privileges of public life, but not enamored of power; able to express himself clearly and forcibly, but of no necessity an orator. Any good business man with a fair knowledge of public life should be able to handle the business of Ontario and manage his ministers as the head of a large concern controls his deputies.

AN EXTRA THREE TEACHERS FOR THE TECHNICAL SCHOOL

There Were 89 Applications for 6 Vacancies and Nine Received Appointments.

At a long session yesterday afternoon the management committee of the board of education disposed of a wide variety of questions, the chief of which was the appointment of teachers to fill the vacancies in the Collegiate Institutes and Technical High School. Senior Principal Embree reported that for the six positions advertised as vacant 89 teachers applied. Only 14 of these had the necessary qualifications. Of the 14, several were willing to come for more money than the board offered. In view of the conditions existing at the Technical school—the large classes and the number of pupils—Mr. Embree added a supplementary report suggesting that six teachers be appointed to fill the vacancies instead of three, as previously decided. The committee finally concurred that as they had taken the pupils from the fifth book classes where they were all being taught they were bound to do their best for them. The full recommendation was finally passed, not, however, before Mr. Boland put and lost a motion to find a place for Connor O'Dea, who was left out in the reorganization of the Technical High School. The appointments were at the Collegiate: A. Cosens of Brampton to Jameson, T. J. Ivey of Scarboro to Jarvis, C. E. Kilmer of Ayrton to Harbour.

PUBLIC AMUSEMENTS.

The attraction at the Majestic next week is "Wedded, But No Wife." The bright particular star of this production is that winsome and vivacious actress, Selma Herman. Miss Herman claims that in "Winnie Winfield" she has found the best part she has ever been called upon to portray. That she does the role full justice is freely admitted by all those who have seen her performance. Her supporting company is above the average, and an excellent entertainment is assured. During the week the machine will be given every day.

The orchestra for the "Messiah" will be an effective one, made up of Toronto musicians. In addition to the professionals a limited number of the best amateur players will supplement the orchestra, and Mr. Torrington invites such to send in their names to Mr. J. P. Wiley, 34 Pembroke-street.

"The Jolly Grand Widows" who have now firmly established their claim to rank at the very top of the burlesque procession, will take the field again at the Star Theatre next Monday, and their week's engagement is guaranteed to be the gayest, liveliest, and most thoroughly enjoyable thing that anybody could demand. "The Widows Wedded Night" will be the curtain-raiser. "Down the Line" will serve as grand finale.

In Arthur Baldwin Hall, at the conclusion of All Saints' musical practice, President R. T. Stanley called upon Percy Milnes, the musical director, and presented him on behalf of the boys with a beautiful pin as a token of appreciation.

The visit of the Grenadier Guards Band to Toronto on Saturday and Monday, Oct. 15 and 17, will be under the auspices of the Royal Grenadiers. The Royal Grenadiers of Toronto are the brother regiment of the Grenadier Guards of London, having adopted their uniform. It is possible that the relation in the near future will be made much closer between the two regiments. The Grenadier Guards will arrive from Buffalo, and play four engagements at Massey Hall on Saturday afternoon and evening, and Monday afternoon and evening. Theirs is the model band of the British service. The bandmaster, Mr. Williams, prior to taking charge, was conductor of an orchestra and also of a choral society. He has a musical degree from Oxford University.

**SATANIC POSSESSION.**

Theory Favored by Principal Shrout Accounting for Spiritualism.

Principal Shrout discussed "Spiritualism" before the Wycliffe College alumni yesterday morning. He denounced the whole of it as "unmitigated humbug." All the phenomena could be duplicated, which proved how utterly hollow and absurd were the pretensions of mediums.

Dr. Shrout said there were only three ways of accounting for the phenomena, as the result of some physical force, of some psychological force, or of the spirits of the dead. He rejected all of these, but favored the theory of satanic possession to account for some of the facts.

**FIFTY SCHOOL BOY PICKETS KEEP 700 OUT OF SCHOOL**

Under Delusion That Colored Teacher is Employed Chicago Children Go on Strike.

Chicago, Sept. 29.—Fifty boy pickets, none of them over 12, stationed outside McAlister public school here, prevented pupils from entering to-day. Outside the picket crowd, a crowd of 700 boys and girls hooted and yelled at the teachers looking from the school doors.

Every young striker wore a badge to show that he or she belonged to the "union." Some of the badges were merely scraps of paper with the word "union" scrawled across it. Others were "union" buttons, which their fathers had worn. Many of the strikers carried clubs and threatened violence against any child daring to enter the school yard.

It is added that he will be subject to imprisonment for two to six years.

**DRUM MAJOR'S VIEWS.**

(Canadian Associated Press Cable.) London, Sept. 29.—The drum major of the "Kilties," giving his impressions of the Balmoral visit, said they were all so delighted at seeing royalties, he didn't know what to say about the king. "The king was just a kind-hearted gentleman, I think," the King asked for ragtime music and was greatly interested in being reminded when, as prince, he was present at Knelier Hall, where Robinson's father performed a solo and afterwards drank a glass of wine with the prince.

Supreme Innocence of Head and Front of Local Organization Causes Amazement.

Since, Sept. 28.—(Special)—The town was again crowded yesterday with election witnesses who were not aware that the trial of the petition against A. M. Little was concluded on Tuesday night and his seat vacated. About 100 of these got off the eastbound train in the morning, and a large number drove in from near-by towns. They had to give evidence on the charges that were to have been investigated to-day. After the head and front of the organization were fully prepared to enter upon all branches of the case.

**SATANIC POSSESSION.**

Theory Favored by Principal Shrout Accounting for Spiritualism.

Principal Shrout discussed "Spiritualism" before the Wycliffe College alumni yesterday morning. He denounced the whole of it as "unmitigated humbug." All the phenomena could be duplicated, which proved how utterly hollow and absurd were the pretensions of mediums.

Dr. Shrout said there were only three ways of accounting for the phenomena, as the result of some physical force, of some psychological force, or of the spirits of the dead. He rejected all of these, but favored the theory of satanic possession to account for some of the facts.

The following officers were elected: President, Rev. T. R. O'Meara; Vice-president, Rev. W. J. Woodroffe; Secretary, Rev. R. M. Millman; Treasurer, Rev. G. A. Kuhring; Rev. S. C. Nixon, Rev. A. A. Wright, Rev. T. C. Smith and Rev. E. F. Hooper.

The afternoon session, was occupied by an address from Dr. T. C. Miller on "The Church's Opportunity in the North-West." The increase from the people who had gone into the country in one year would correspond to the increase of the existing dioceses. Self-supporting parishes were also on the increase, and a slight assistance source of strength, and not dependent upon the church.

Dr. Cooper Robinson, missionary to Japan, favored the re-organization of the eastern diocese and the transfer of the western diocese to the west. Rev. G. W. Giviller, Trinity Church, Buffalo, also addressed the alumni.

LARGEST MARKET YESTERDAY

Prices Easier for Lower Grades of Fat Cattle and for Sheep and Lambs.

Receipts of live stock since last Tuesday's market as received by the two railways, were the largest of the year thus far, amounting all told to 142 car loads, comprising 2000 cattle, 1900 hogs, 400 sheep and lambs, 121 calves and 11 horses. The quality of the cattle generally was a little better than on Tuesday, both for butchers and stockers, that is, there were a few more in each class of the better kinds. But at the same time there was a corresponding drop in the price of the lower grades, that taxed the drovers and commission men in all classes were sold at lower prices than on Tuesday.

The best cattle in all classes sold readily at about steady prices, but certainly not any higher than on Tuesday. The inferior in all classes were sold at lower prices than on Tuesday, and the market was affected under the circumstances. At the close of the market the price of fat cattle was reported as being unsold.

Butchers. The bulk of the offerings of butchered cattle were composed of light steers and calves and cows, that is, in the lower grades, and these were sold at lower prices than on Tuesday. Choice picked lots of butchers' beefers and steers, 1000 lbs. each, sold at \$4.50 to \$4.75; few to be had, sold at \$4.30 to \$4.50 per cwt.; loads of good beefers and steers sold at \$4 to \$4.25; loads of good milkers at \$3.75 to \$3.90; medium butchers' steers, 1000 lbs. each, sold at \$3.50 to \$3.75; but cows sold at \$3.25 to \$3.50 per cwt.

Feeders. There was a larger number than usual of fairly good feeders offered, but at the same time there was too many of the inferior that were hard to sell, and the market was affected. Choice picked lots of feeders, 1000 lbs. each, sold at \$3.75 to \$3.90; medium feeders, 1000 lbs. each, sold at \$3.50 to \$3.75; but cows sold at \$3.25 to \$3.50 per cwt.

There was a demand for all offerings of good quality, and commission agents' prices ranged from \$30 to \$50 each, the bulk going at \$35 to \$45 each.

There was a good demand as usual for calves of good quality, but taken together there was not as many of the choice quality. Prices ranged from \$3.50 to \$5.25 per cwt.

Sheep and Lambs. The run of sheep and lambs was one of the largest of the year, and the market was easier all round. Sheep sold at \$3.75 to \$3.90; but lambs sold at \$4 to \$4.15 for all of good quality, and the market was steady at \$3.75 to \$3.90 per cwt.

Hogs. Deliveries were about 1800, which sold at unchained prices, selected at \$5.15 and lights and fat at \$4.90 per cwt. In looking over the deliveries to-day it is quite apparent that there are too many unutilized hogs.

Representative Sales. Below will be found reports of sales made by drovers and commission agents as follows: Mayne, Wilson, commission agents, butchers' cattle, 1075 lbs. each, at \$4.40 per cwt.; 3 butchers' cattle, 1000 lbs. each, at \$4.25 per cwt.; 1225 lbs. each, at \$4.25 per cwt.; 2 butchers' cattle, 1000 lbs. each, at \$4.25 per cwt.; 2 butchers' cattle, 1000 lbs. each, at \$4.25 per cwt.; 2 butchers' cattle, 1000 lbs. each, at \$4.25 per cwt.; 2 butchers' cattle, 1000 lbs. each, at \$4.25 per cwt.

Montreal Live Stock. Montreal, Sept. 29.-About 1750 head of butchers' cattle, 20 calves, 200 sheep and 1000 hogs, were offered for sale at the Montreal market to-day. The market was steady, and the quality of the offerings was good. Prices ranged from \$3.50 to \$5.00 per cwt.

Chicago Live Stock. Chicago, Sept. 29.-Cattle-Receipts, 13,000, including 4000 western and 9000 Texas; market the lower; good to prime steers, \$5.75 to \$6.00; poor to medium, \$5.25 to \$5.50; stockers and feeders, \$2.25 to \$4.25; cows, \$1.25 to \$1.50; hogs, \$4.80 to \$4.90; calves, \$1.25 to \$1.50; lambs, \$2 to \$4; calves, \$3 to \$4.50; Texas-fed steers, \$4 to \$5; western steers, \$3 to \$4.50.

British Cattle Market. London, Sept. 29.-Cattle are steady at 1 1/2c to 1 3/4c; refrigerated beef, 1 1/2c to 1 3/4c; sheep, 10 1/2c to 11 1/2c, dressed weight.

ENGLISH EMIGRANTS' CHOICE.

New York Sun: Canadian elation over the influx of English immigrants has received a little setback. The United States is still the haven of desire to the majority of that group. The Liverpool Daily Post prints the following comment: "For as emigration to Canada has become the number who went direct to the United States in the month of August, 1904, to the United States there was a large increase, the figures being: August, 1904, 39,773; August, 1903, 29,212. No doubt a substantial number of the emigrants who sailed for America ports may ultimately have found their way to Canada. A stress of industrial conditions in the number of British emigrants who sailed direct to Canada is less than in the United States."

E. Fabre of Montreal spoke of the difficulties that beset trials by jury in Canada, owing to so many different tongues being spoken and the necessity of translations to the mixed jury. Judge John M. Dillon of New York was convinced that the jury system is best suited to American needs. Dean Cole of Drake University Law School said: "There is a possibility of a judge being approached, which is not possible with twelve men. This is the greatest bulwark of our jury system."
