BRINGS CHARGE IN MATTER OF \$250

A. Morrell Has F. Pierce, Jr., Arrested—Tells of Drinking.

Frederick Pierce, Jr., was taken into custody yesterday on a warrant charging him with the theft of \$250 from Arthur Morrell. He was brought before Magistrate Henderson in the police court this morning and pleaded not guilty.

Arthur Morrell, who is a well-known contractor, was charged with the theft of the money from his home on September 26 with upwards of \$800 in his possession. He said he met the defendant in a bar and had a long standing enemy, and of the defendant's name.

Frederick Pierce, Jr., appeared on behalf of the defendant. He did not call any witnesses, saying he had no desire to disclose his plans as it was merely a matter of his honor. He was released on his own recognizance.

Little Miss Evelyn Cowan, 188 Prince street, was the hostess last evening from 5 to 8 o'clock to a party in honor of her 8th birthday. The rooms were prettily decorated with maple leaves and rosettes.

SAYS HUSBAND WAS DOING WELL

Magistrate Henderson Hears Defence in Allegation of Non-Support.

Henry LeBlanc, who was taken into custody in Moncton as a result of information made out by his wife, who charged him with non-support, was brought to the city last night by Sergeant Detective John T. Power, and appeared before Magistrate Henderson at noon today.

He pleaded not guilty, and produced receipts for money on days which he said he had sent to his wife. He said he had been remitting as much money as he could afford every time he received his pay.

Magistrate Henderson asked Mrs. LeBlanc why she had led the court to believe the circumstances were entirely different. She said she was the mother of five children and that she was not getting sufficient money to clothe them properly.

The defendant said that in addition to what he had been sending her he had a boarder who was giving her \$6 a week.

Magistrate Henderson remarked that he would consider the defendant was doing well indeed considering the fact he had not been working steadily. Mrs. LeBlanc was indignant over a proposed adjustment and said she had two months to pay and wanted the court to tell her how she was going to pay it.

She said she would be put on the street on Monday and demanded that her husband put the children in some institution. Mr. LeBlanc consented to interview the landlord and see what arrangements he could make.

Eight Killed and Many Wounded in Rioting in Caguanay Last Sunday.

Havana, Oct. 11.—(United Press)—Six hundred dynamite bombs, 100,000 rounds of ammunition, and other war material, have been seized at San Jose, De Las Vegas, in connection with political disturbances growing out of the Presidential campaign, it was learned today.

Simultaneously General Mario Menocal, Conservative nominee, issued a manifesto to the people of Cuba, at Santiago de Cuba, charging President Zayas with deliberate hampering of the Conservative campaign.

The President had consistently refused to allow the facts surrounding the tragedy at Caguanay last Sunday, when eight were killed and many wounded in political rioting, to be made public, Menocal said.

TWO OF RAILWAY COMMISSIONERS HERE

Hon. Mr. McKeown Speaks of Gaspe Visit—His Plans.

Hon. H. A. McKeown, chairman of the Board of Railway Commissioners, arrived in the city this afternoon in his private car "Acadia" attached to the Maritime express. Hon. Mr. McKeown said that there was a daily passenger and freight service but the great demand by the shippers was for more facilities in the winter season.

The railway in this section is between Gaspe and Matapedia and covers approximately 200 miles. The chief industry is a large pulp mill at Chandler and a large fishing exporting concern established 108 years ago.

The engineers and traffic departments of the board accompanied the two commissioners and went over the ground and they will submit their report to the entire board soon. Hon. R. LeBlanc, member for Gaspe and Chandler, was accompanied by the party but the former was unable to make the trip on account of the illness of his daughter.

Referring to the Crow's Nest Pass Bill, Hon. Mr. McKeown said that the decision of the board would be given immediately on his arrival at Ottawa. He expects to visit Prince Edward Island from there to Halifax. Several matters of importance will then take the members of the board to the west.

MRS FRASER DIED AS SHE SLEPT ON SHIP

Husband Awoke to Find That She Had Passed Away.

Quebec, Oct. 11.—To awake and find his wife dead beside him was the experience of T. M. Fraser, of the parsonage of St. John's, when he awoke on the S. S. Minnedoua.

Mr. and Mrs. Fraser left Quebec on October 3, and on Saturday Mrs. Fraser was seasick. On Saturday evening she went to bed, apparently much improved, but when her husband called to her on awakening the next morning she was dead.

The body was sent to Bathurst, N. B., and her sorrowing husband was met at the steamer by his two sons, Hon. J. Byrne, a brother-in-law, and others.

NOVA SCOTIA MALE CHORUS COMING

To Queen Square Methodist Church Next Sunday, 19th Instant, Celebrating 133rd Anniversary.

To assist in the anniversary services in Queen Square Methodist church next Sunday, the 19th inst., Professor Roy Williams' splendid male chorus of 18 voices from Yarmouth has been procured, and will sing at both morning and evening services.

Methodists, it is said, are proud of this rather unusual male chorus, which has been for years developing under the baton of Professor Roy Williams, whose ability as director is reputed to be second to none in Nova Scotia.

The chorus makes its only church appearance as a body 19 times yearly in the Wesleyan Methodist church, Yarmouth, where Mr. Williams has presided at the organ for many years.

Mrs. Charles A. Clark returned today after visiting her daughter, Mrs. Samuel S. Nason, in Montreal, and also spending a few days visiting friends in Ottawa.

Mrs. Duncan Jewett, 108 Carmarthen street, returned to the city today after a pleasant visit to relative and friends in Boston and vicinity.

Mr. W. P. Broderick left this afternoon for Woodstock, where he will lecture tomorrow before the members of the Holy Name Society of St. Gertrude's church.

SAY AUTOMOBILE NOT RESPONSIBLE

Witnesses Tell Story of the Fatal Accident on Rothessay Avenue.

The inquiry into the death of H. Lawrence Currie, who died as a result of being thrown from a motor cycle, was begun last evening in the Court House and eight witnesses examined. The evidence did not show that the motor cycle was hit by the automobile which was on the road at the same time.

Currie, a young man, who was heard to take the evidence of Allan Currie, son of the deceased, who was in the motor cycle side car, and adjourned the hearing until next Tuesday afternoon at 8:30 at the General Police Hospital.

Those who gave evidence were Walter W. Currie, driver of the lumber team; Robert Crawford, provincial constable; Detective Herbert Kilpatrick; Mrs. John DeAngelis, Thomas Hayes, Howard Shortell, Robert Hayes and Dr. H. L. Abramson. It was said that the automobile which was on the road at the same time had not struck the motor cycle but the accident had been caused by the skidding of the motor cycle when the brakes were applied.

LIBERALS AND CONSERVATIVES COMBINE FORCES

(Continued from page one.) whereby a triangular fight with the Labor candidate may be avoided. With interest running high, a new electoral register is expected to show an increase over the more than 2,000,000 voters in the old list. The Conservatives are reported as planning to run nearly 600 candidates, the Liberals about the same, and the Liberals approximately 320.

It was said in labor circles today that Prof. A. E. Zimmerman, an expert on foreign affairs, who has been mentioned as the most likely Government candidate to fight Lloyd George, had refused to run, and party leaders were looking about for another desirable contestant.

Attorney-General Hastings, whose action in dismissing proceedings against James Campbell, Communist editor, charged with sedition, precipitated the election, has been ordered by physicians to take a complete rest for several weeks.

Interest in U. S. New York, Oct. 11.—The coming British general election has injected a new element into the political campaign in the United States. Politicians in this country are waking up to the fact that the fate of the polls of Ramsey MacDonald, Great Britain's Premier, and the fate of his party may have an important bearing on the presidential elections in the United States on November fourth.

Should the MacDonald Government be strongly upheld, that fact will give great encouragement to the American Federation of Labor and other labor elements that are supporting the La Follette movement, and will tend to strengthen the showing of the La Follette candidates at the polls. The fate of the British Labor Government will also have an important bearing on a conference to be held in the United States following the presidential election, at which it is hoped to form a permanent third party.

Passing of the "Company" Room. The day when one room was reserved for "company" and many another door left open has gone. We are advancing from the time when furniture mainly meant rugged use and little in look.

Comfort we still keep first in mind when furnishing one room after another—but we have learned to love an appearance it does the least good to look upon.

For instance, guests are now invited also into the Dining Room, where we have a suite to gladden the eye on top of being most practical. The lucid windows now allow some specially interesting Dining Room suggestions. You cannot find anything like the extent of their service in this regard. And if desirable, you have a Monday to pay.

THE EVENING TIMES-STAR, ST. JOHN, N. B., SATURDAY, OCTOBER 11, 1924

**EX-MAGISTRATE'S BIRTHDAY SUNDAY**

Hon. R. J. Ritchie's Career in Politics is Recalled.

Congratulations are being extended to Hon. R. J. Ritchie, for many years police magistrate and judge of the city court, who, tomorrow, will observe the 51st anniversary of his birth. He is remarkably active and to one seeing him step out as he moves about the town, finds it hard to believe that he has passed the fourscore year mark. One of the best known men in the city, all ranks join in best wishes and hopes for many more years of useful life. His first appearance in political circles was in 1876 when he ran as a candidate for the New Brunswick Legislature for the city and county of St. John. In those days the city and county elected four members and the city proper elected two. At the present time the numbers are reversed, the city having four representatives and the parishes two.

**Will Be 81 Tomorrow**

HON. R. J. RITCHIE

With nine men running for the four seats, the fight was a hard one and all the candidates were out giving speeches and canvassing the district from end to end. There were no tickets or platforms in those days and the men were not yet affiliated with the two great political parties, the Liberals and Conservatives. Of the nine men trying for office the four elected were Hon. Dr. Elder, Hon. Edward Willis, David McLellan and R. J. Ritchie. In the next election, in 1882, the candidates were lined up as Grits and Tories, Liberals or Conservatives, and he and Hon. Edward Willis took opposite sides, attaching themselves respectively to the Liberal and Conservative parties. Again he was elected, as later a senator, was elected, as Hon. Dr. Elder, David McLellan and W. A. Quinlan. In this campaign John V. Ellis, later a senator, was elected from the city proper.

Returned By Acclamation. In the following year, 1883, he and Dr. Elder were attached to the Blair Government, Mr. Ritchie as Crown Officer and Dr. Elder as Provincial Secretary. They came back for re-election at the time of taking their portfolios and were returned by acclamation. Hon. Mr. Ritchie was re-elected in 1886.

In those days there were two officers of the Crown in the province, the Attorney-General and the Solicitor-General. Hon. Andrew G. Blair was Attorney-General and Hon. Mr. Ritchie was Solicitor-General. Mr. Ritchie carried on most of the province's criminal prosecution business and earned a lasting reputation as a brilliant cross-examining lawyer and as an uncompromising upholder of the country's laws. His knowledge of the statutes was a byword throughout the province. In the year 1889 St. John and Portland, what is now the North End, were

united under the same civic government. Hon. Mr. Ritchie was appointed magistrate of the police court and judge of the City Court, a position which he filled with distinction until his retirement a little more than a year ago. Previous to this time there were two judges of the City Court, the common clerk of the city being a police judge. The system was changed when Hon. Mr. Ritchie was appointed and he was made judge for the whole city. Three years later still another honor was conferred on Judge Ritchie. He was made a Queen's Counsel under the Government of the late Sir John A. Macdonald.

**SLEEPING CAR SERVICE**  
HALIFAX AND ST. JOHN  
Travelers will do well to note that under C. N. R. time table effective Sept. 28th the night trains Nos. 9 and 10 between Halifax and St. John are discontinued. A sleeping car for Halifax is, however, attached to train No. 10 leaving here at 6:15 p.m. for Truro. This car is picked up at Truro by train No. 8 from Sydney and carried through to Halifax, arriving at 8:45 a.m. As No. 8 does not leave Sydney on Saturday night, the sleeping car will only be in service on Monday, Tuesday, Wednesday, Thursday and Friday. Passengers should make berth reservations in advance.  
A standard sleeper for St. John will leave Halifax on train No. 1 Maritime Express at 8:30 p.m. This car will be transferred at Moncton to train No. 411, leaving there at 11:30 p.m. daily except Sunday for St. John, arriving at St. John 8:30 a.m. Passengers may remain in car until 8:00 a.m. 10-13

**THE GOOD LOSER.**  
(Montreal Star.)  
Cyril Tolley, the captain of the team of visiting British golfers and himself a player of world-wide repute, when asked yesterday to answer the question: "How was it the British team was beaten by the United States golfers for the Walker Cup?" expressed surprise that such a question should be posed and replied in tones of simple astonishment: "The other team won because they were the better players. How else could they have won?" It was in the astonishment just as

much as in the spoken words that this British player of games epitomized his creed. There were no excuses about the hot weather of a New York August, of the strangeness of American courses, the indisposition of the team, or any of the hundred and one subterfuges that are so often put forward in like cases. "We lost the match because the other fellows were better players," sums up the situation for him and he is astonished that anyone should ask him so simple a question.

The British team that has been spending a few days in Montreal has shown us that they are master craftsmen at their chosen game and that they are saturated with that sportsmanship that is such an asset to the nation. They play fair and hard, giving and asking no quarter within the code, but giving all in extension

outside the rigor of the game not in conflict with its rules. Golfers in Canada do not pay such strict attention to the ethics of the game as they do on the other side. The visit of the British golfers shows us that strict attention to the unwritten code breeds a fine race of sportsmen and if the visitors leave this lesson behind them they will have well repaid us for our simple hospitality.

ST. JOHN, N. B., OCTOBER 11, 1924

MARITIME CONDITIONS

News papers in the other provinces today are giving more editorial consideration to Maritime problems than they have done for many years, and this is a good sign. It will help greatly toward an intelligent understanding of the case and thus pave the way toward betterment as the Maritimes continue to demand of Parliament and of the Canadian public at large the justice and the reasonable co-operation which is their due.

It has been said that we have advertised our grievances. That statement does scant justice to the activities of the increasing number of Maritime residents who are aggressively promoting Maritime development and the removal of handicaps under which we cannot rightly be compelled to labor. These advocates of ours, it is true, have spoken of grievances, but they do not forget to advertise our resources, the national value of these Atlantic provinces to the rest of Canada, and our settled determination to make the most of our heritage.

The Toronto Globe, in commenting upon Hon. F. B. McCurdy's letter to the Halifax Herald, says editorially: "It is evident from some of the newspapers published in the Maritime Provinces that much serious consideration is being given to industrial conditions there. Some days ago The Globe quoted from a declaration by Hon. F. B. McCurdy, who held a portfolio in Mr. Meighen's Cabinet, in which he indulged in plain talk to the effect that the Maritime Policy really built up a tariff wall between the Central Provinces, Ontario and Quebec, and the Maritimes. Mr. McCurdy stated that the people down by the sea were forced to buy the manufactured products of Ontario and Quebec, and at the same time were unable to sell their goods in return."

"The voice of Mr. McCurdy was not as one crying in the wilderness, nor is his opinion an isolated one. Because Maritime Province politicians are, as a rule, so replete with what we look upon as extreme partisanship, there was the danger that Mr. McCurdy's remarks might be mistaken for the wallings of a disappointed politician. However, there is no evidence that Mr. McCurdy was thinking primarily of politics. One can understand his complaint that the Maritimes are a manufacturing and exporting region through Portland, Maine, instead of through Halifax or St. John."

"It is well that Toronto begins to understand this question of the ports. The Maritimes want all Canada to understand it, and to understand it well, and to appreciate its relation to national unity, national transportation and the well-rounded development of the country. The Maritime Free Press press extensively from Mr. McCurdy's letter, and offers us a tariff alliance with the West. In part the Free Press says: "It is surely a matter of no small importance in connection with tariff discussion, which is one of the chief issues before the country at the present time, that the Halifax Herald, a Conservative newspaper, should have published in a recent issue a letter by Hon. F. B. McCurdy, former Minister of Public Works in the Meighen cabinet, denouncing the protective tariff and the national policy because of its harmful effect on the Maritime Provinces. Mr. McCurdy deals at length with the grievances of these provinces—particularly with the import and export trade of Canada through United States ports, burdensome freight rates between the Maritime Provinces and central Canada, and the protective tariff."

the country from coast to coast. While that tour is in progress the result of the Northumberland by-election will become known and it will be possible to estimate new elements in the waning popularity of the Government.

The German loan of \$200,000,000 was five times over-subscribed. This indicates increased faith in the European settlement on the part of the financial world, and likewise the eagerness with which money seeks a high return. The loan will pay more than seven per cent. Half of it was raised in the United States and half in Europe. The loan's success speaks well for the Dawes plan, and is a welcome harbinger of better times the world over.

The newspaper revolt against Hon. Mr. Meighen in Montreal does not extend to the Montreal Liberal-Conservative Association. That body on Thursday night recorded its confidence in Mr. Meighen's leadership. Hon. Mr. Balfour said no national convention was necessary, and the meeting accepted that opinion without comment.

Naturally, says the Toronto Globe, the Liberal victory in Northumberland, New Brunswick, will cause some Montreal Conservatives to renew their agitation for a new leader.

Press Comment

NORTHUMBERLAND BY-ELECTION.

As a test of strength, the Northumberland by-election result must be considered another clean victory for the Liberal party. The Conservatives made every effort to regain the seat, and no excuses are to be found. The non-voting convention which expressed its opinion as favoring the reduction in the legislature, and other party commanders which seemed to show that a hard fight was in prospect. And so it developed, but the Liberals have retained the seat against the heavy attacks of their opponents.

A BUSINESS TONIC.

A year ago the Winnipeg price for wheat was ninety-seven and a half cents; a week ago the price rose slightly above \$1.00. Oats and barley, which sold a year ago at forty-two and a half and sixty-four and a half cents, had risen a week ago on the Winnipeg market to seventy cents for oats and ninety-nine for barley.

A CURIOUS BATTLE EPISODE.

(Montreal Gazette.) The three years of warfare on the Russian front are rich in interesting battle episodes, many really heroic, and others tragical, comical, and even mystical.

**How Three Women Triumphed  
with SUNSET**

THIS story can be duplicated in thousands of American homes.

Three women wanted to change the color of the articles described here. They naturally turned for help to SUNSET. A brief half-hour for each dyeing operation, and the old, drab, lifeless colors were transformed as if by magic into beautiful, new, fast tones, with all the charm of newly-purchased fabrics.

These three women were not "experts," but amateurs like yourself, loving beautiful things and seeking an inexpensive way to have them. How easy to follow their example! Once you try SUNSET you will never again discard usable clothes or draperies because of faded or passed colors.

You can get any color you want by mixing two or more of SUNSET'S 22 standard colors.

**SUNSET Dyes are different**

No other dye possesses SUNSET'S remarkable properties. SUNSET is a fast dye for all fabrics—silk, wool, cotton, mixed goods; does not stain—hands or spoil utensils.

Send for folder, "The Season's Colors," and directions for tie-dyeing work.

Nearly all good drug, grocery and general stores sell SUNSET. Look for the SUNSET display hour, and ask to see Color Card. If you can't get SUNSET, send 10c per cake, stating color desired, to our Dept. 57.

Our Home Service Department gladly answers questions.

**A Fine Collection of  
Fur Coats and Neck  
Pieces**

Fur Coats and Wraps for the coming season are more beautiful and varied than ever before—and in many cases are very moderately priced. Coats of smart lines and rich colorings gain new effectiveness by trimmings of contrasting fur or a clever arrangement of the skins to form reverse stripes. We call particular attention to a few of the season's favorite models.

**Beautiful Coats of  
Hudson Seal**

Fur fashions come and go, but Hudson Seal remains a favorite. In our stocks you'll find some very attractive models in 45 and 47 in. lengths. They are plain or trimmed with such contrasting furs as Grey Squirrel or Alaska Sable. Prices range from ..... \$250 to \$427.50

**Persian Lamb Coats of  
Decided Beauty**

Contrast is the keynote of some of the most beautiful Persian Lamb coats. This is brought about by collars and cuffs of Grey Squirrel or Skunk. Women who prefer self-trimmed coats will also find a pleasing selection from which to choose a favorite model. 45 and 47 in. long. \$300 to \$415

**Other Fur Coats Equally  
Interesting**

Handsome models in Australian Opossum, self-trimmed. Lengths 28 and 45 in. .... \$290 to \$395

Raccoon Coats, self-trimmed. \$250 and \$380

Electric Seal Coats with self-trimmed collars and cuffs of Fitch, Grey Squirrel or Alaska Sable. 47 in. lengths. \$146.50 to \$260

**Exquisite Fur Scarfs to Wear  
With Suits**

A handsome Fox Scarf or a snug little choker has a way of smartening a costume that has passed its first freshness. You may choose a suitable Neckpiece from a large assortment here. Among the smartest being silver, platinum or brown Kit fox, Squirrel, Fitch, Beau Marten, Opossum, Stone Marten, and many attractive shades in fox.

**DEATHS**

John G. Smith.  
After a lingering illness the death of John G. Smith occurred yesterday at the General Public Hospital. Mr. Smith, who was a native of England, leaves no relatives in this country. He was 60 years of age and had been for many years in the employ of the Public Works Department of the city.

Mrs. Mary L. Edgett.  
At the General Public Hospital, St. John, on Monday, Oct. 6, Mary Louise Edgett passed to rest. She was 48 years of age and was the widow of Henry Edgett. The late Mrs. Edgett was formerly Miss Charlton, of Greer Settlement, St. John county. She was ill for several months and was in the hospital seven weeks. She leaves two children, Harold Edwin, aged 16, and Ethel, aged 9; also three brothers, George Edward, James Robert and Isaac Ernest, all of Greer Settlement. The funeral was held on Wednesday. The services at the house and grave were conducted by Rev. Mr. Giddings, pastor of the Methodist church, of which deceased was a consistent member. Interment was in the family lot at Greer.

Alfred Ernest Hartt.  
The passing of Alfred Ernest Hartt, of 247 City Line, St. John West, yesterday afternoon removes one of St. John's most highly respected citizens, John's most loving and beloved by all who knew him. Mr. Hartt was the son of the late Thomas E. and Adaline Perley Hartt, of Fredericton Junction, N. B.

**NERVOUS  
BREAK-DOWN**

**Pains in Back and Legs  
Relieved by Lydia E. Pinkham's  
Vegetable Compound**

Ford, Ontario.—"I had a nervous break-down, as it is called, with severe pains in my back and legs, and with fainting spells which left me very weak. I was nervous and could not sleep nor eat as I should and spent much time in bed. I was in this state, more or less, for over two years before Lydia E. Pinkham's Vegetable Compound was recommended to me by my neighbor. Before I had taken five doses I was sitting up in bed, and when the first bottle was taken I was out of bed and able to walk around the house. During my sickness I had been obliged to get some one to look after my home for me, but thanks to the Vegetable Compound I am now able to look after it myself. I have taken Lydia E. Pinkham's Blood Purifier in connection with the Vegetable Compound, and I certainly recommend these medicines to any one who is not enjoying good health. I am quite willing for you to use these facts as a testimonial." Mrs. J. SHEPHERD, 120 Jos. Janisse Avenue, Ford, Ontario.

Nervousness, irritability, painful times, run-down feelings and weakness are symptoms to be noted. Women suffering from these troubles, which they often have, should give Lydia E. Pinkham's Vegetable Compound a fair trial. All druggists sell this medicine.

He came to St. John in 1905 and for many years conducted a grocery business on the West Side, retiring a few years ago. The last of his family, two brothers and his only sister, Mrs. Lockhart, wife of C. B. Lockhart, died before him. There is left to mourn his wife, formerly Jennie M. Meserve, one son, Gilbert Ernest, of this city, and one daughter, Jessie A., at home, and two grandsons, Donald Rutherford and Lloyd Russell Hartt. The funeral service will be held at his home on Sunday afternoon at 3:30.

**Y. M. A. HAS OUTING  
AT LOCH LOMOND**

The Y. M. A. of Germain street Baptist church, had an enjoyable outing at Loch Lomond last evening and had supper at Johnstone's Hotel, followed by a business session. H. E. Magnuson, retiring president, was in the chair at the earlier part of the meeting. Paul I. Cross led in singing of choruses.

G. M. Parker gave the annual report, which was a gratifying one. The election of officers resulted as follows: President, A. G. Guntler; vice-president, W. C. Brown; secretary treasurer, O. E. Wallace; chairman of committees, Social, J. C. Farie; music, G. M. Parker; religious work, Fred Brown; membership, Ralph Fales.

W. C. Cross, the teacher, gave a short talk outlining the programme for

Girls! Try this! When combing and dressing your hair, just moisten your hair brush with a little "Danderine" and brush it through your hair. The effect is startling! You comb and brush your hair up immediately and will appear twice as thick and heavy as usual of gleamy hair, sparkling with life and possessing that incomparable softness, featheryness and luxuriance. While beautifying the hair "Danderine" is also toning and stimulating as single hair to grow thick, long and strong. Hair stops falling out a scanty disappears. ADVENTURES OF THE TWINS  
By Olive Roberts Barton

A TRIP ON THE BLACK NIGHT-MARE.  
"Did you see a gnome called Tweekanose?" asked Nancy to change the subject.  
Back from Mars to the Moon went Snuggle and the Twins on the white night-mare. Snuggle came first and Nancy next and then Nick.  
"Well, did you find Tweekanose and the lost sleepy sand?" asked the Dream Maker Man when they arrived.  
"No, he wasn't on Mars," said the Twins. "We looked everywhere."  
"Well, then," said the wise old Dream Maker Man, "we'll have to look some more. It's almost moonup down on the earth and the sleepy sand simply must be found."  
"I should say so," said the poor

Crimean Veteran  
Praises "Fruit-a-tives"

MAJOR GEO. WALKER  
Major George Walker, now a familiar figure in Chatham, Ontario, is one of the men who went through the terrible Indian Mutiny. As he says: "I am a veteran of the Crimean War and the Indian Mutiny, serving under Lord Roberts. Fierce hand-to-hand fighting and continual exposure left me a great sufferer from Rheumatism, so much so that my legs swelled up, making it impossible for me to walk. My bowels were so constipated that I was in terrible shape until I began to use 'Fruit-a-tives.' They relieved me both of the Rheumatism and the Constipation. Today, I enjoy perfect health—no more Rheumatism or Constipation."  
And in another letter, written December 1st, 1923 (eleven years after), Major Walker says: "Fruit-a-tives are keeping me in the best of health and I shall never be without them."  
"Fruit-a-tives" are the famous Fruit Treatment—intensified fruit juices combined with tonics—that make you well and keep you well. 25c and 50c—at all dealers or from Fruit-a-tives, Limited, Ottawa, Ont.

and instantly the door opened and the horse started ahead.  
The charm had worked again.  
The people of Venus were even queerer than the green herds of Mars. Their chin whiskers were made of shavings that hung in long curls.  
"Did you see a gnome called Tweekanose?" asked Nancy to change the subject.  
"No, I didn't," said Shaving Beard. "Whose is it?"  
Snuggie and the Twins rode on without telling him. There had been too much talking already.

CORN ON THE COB.  
(Ottawa Citizen)  
When the news was flashed around the world that an American had succeeded in raising corn in France so that fresh corn can be supplied to American guests in the Paris and London hotels, there was great glee among wandering citizens from this side of the Atlantic. Visions of the succulent dish being available in Europe made them sigh with anticipation of epicurean joy.  
But the epoch-making achievement left people in England and France quite cold. They did not know what corn on the cob was, had never tasted it, and therefore could not understand the joy of the Americans. Matie they knew as something to feed chickens and took to expound the secrets of eating corn on the cob to uncomprehending readers. And this is a Manchester Guardian writer's attempt to explain the mystery:  
"The spikes of unripe maize are boiled as a vegetable until quite soft and then served on long dishes, bathed in butter. A silver handle, somewhat like an ordinary meat-saw, is inserted at each end of the spike. Both hands are employed, one at each end, to hold the spike in position while one eats. It is well, for obvious reasons, to see that the dish is exactly below the mouth during the operation."  
The picture is altogether too ideal, and quite inadequate. For one thing, it is a safe guess that not one in a million regular eaters of corn on the cob uses that "silver handle," or would do so even with the butter dripping from his elbows. Nor does the description convey the gusto which characterizes the eating of corn. The Guardian readers might almost think it was a delicate operation, when, in fact, it is a habit peculiar to Americans and Canadians, just as the habit of mixing drinks without ice is the peculiar habit of Europeans.  
As in Athletics.  
Higgins's wife had just presented him with triplets, three bouncing boys, and his employer congratulated him heartily on the event. The following day he was called into the office and handed a silver cup in recognition of the triple blessing he had bestowed upon his country. Higgins received the gift in a rather embarrassed manner and turning to his employer he said: "Thank you very much, sir. But—in this cup mine now, or do I have to win it three years in succession?"—Boston Transcript.

FABLES ON HEALTH  
Plain Health Rules

After the hygiene class opened at Anytown school, little Mollie Mann came home daily with a new list of "dos" and "don'ts."  
The garbage can came in for an overhauling.  
It had to be emptied daily, aired and washed.  
As for the house in general, the following rules were enforced:  
Bedroom—Air the beds and bedroom for an hour or more. Prevent the collection of dust in the springs and crevices.  
Laundry—Keep soiled clothing dry and well aired until washed. Do not let odors cling to soiled clothing and do not wear until odors appear.  
Cellar—Ventilate thoroughly. If used as storage be sure to keep it sanitary. If there is but one window run an air flue to some point near cellar floor.  
Prevent collection of dust throughout the house. Do the dusting with dampened dusters.

earth to put the babies to sleep himself," said Nick.  
"Little hope of that," sighed the Sand Man. "I know him too well, the rascal! Time and again I've just gotten a kid to sleep when a tweek and come and give its nose a tweek and wake it all up again. Then he'd jump out of the window and laugh and laugh on his way back to Gnoccoeland—as though it was funny!"  
"Come on, if you are going," cried Snuggie, jumping up on his black night-mare and sitting well forward to make room for the Twins.  
As soon as they were seated, Nancy in the middle and Nick last, the magic horse started along the Milky Way to the star called Venus.  
Club-a-lub, club-a-lub, club-a-lub! went the black mare's hoofs as she galloped through the sky.  
At last the Twins and Snuggie came to Venus.  
"Tap, tap, tap!" went Snuggie on the great gate in the wall.  
"Who's there?" asked a voice. "And what do you want?"  
"We're messengers of the Sand Man and we want the bag of sleepy sand," said Snuggie.  
"Say the multiplication table backwards up to ninety," said the voice, and I'll open the gate if you get it right. We're particular about our arithmetic, we don't want you. It's a law of our country."

One Bottle of Carnol relieved his weakness  
Three bottles of Carnol restored him to perfect health  
Don't let yourself get run down. When you do, your system is weakened and you are likely to take anything that is going. If you feel tired, depressed, weak, nervous, watch yourself. These are the warnings to you that something serious may follow. It's at a time like this that you need a tonic—something which will tone up your system, give you strength. This is the way Mr. Collins felt before he took Carnol. He says—"I was in a run down condition. For six months, I was very weak and suffered from loss of appetite. I tried all kinds of drugs I thought might possibly bring relief, but without success. Then I met a friend. After stating to him my condition of health I referred to different drugs I had taken without benefit. Then he advised me to try Carnol immediately. He told me not to spend another cent for less drugs that would not even bring temporary relief. Then I purchased one bottle of Carnol which relieved me of my weakness. After taking three bottles the blessings of health, which I formerly enjoyed, were again restored to me. As a builder and uplifter when weakening conditions exist, there is nothing equal to Carnol. I can boast of my health now. I cannot express or find words to praise Carnol for all the good it has done for me. I have proof of what it can do and advise all suffering under such conditions to give Carnol the first trial. A trial will convince you and if continued will bring permanent relief. It will bring back to you the lost health you once enjoyed."—Mr. R. G. Collins, 130 Richmond Street, Sydney, N.S.

ACADIA NIGHT HELD.

KOTEX

The third of the Acadia meetings planned for St. John this week was held last night in the Charlotte Street Baptist church hall when an overflow audience attended and the programme was most enthusiastically received.

Mrs. R. O'Shaughnessy announced the engagement of her cousin, Ruth A. Cassidy, daughter of the late Mr. and Mrs. Edward Cassidy, of this city, to Mr. Frederick F. Ross, formerly of London, England, now of Toronto, where the wedding will take place the latter part of October.

Mrs. George Colwell, Exmouth street, is visiting friends in Boston, and it is not expected that she will be home to attend the annual convention of the W. C. T. U. in Campbellton. Mrs. Colwell is president for St. John county.

Mrs. R. D. Christie, one of the leaders in the W. C. T. U. for New Brunswick as well as for St. John city and county, is very ill in New York.

Mrs. David Lawson, of Fairville, has been taken to the General Public Hospital, where she is very ill.

Mrs. G. Ainsley and two little girls, the Misses Jane and Betty, of Auburn, are visiting Mrs. Ainsley's mother, Mrs. J. D. Seely, Park Hotel, King Square.

Mrs. H. F. Keever, also of Auburn, and another daughter of Mrs. Seely, is also a guest. The party will remain for ten days.

A Baby's Cry that Echoed 'round the World

THE little village of Vevey snug-gled high on a hillside in Switzerland. Above, snow-capped peaks jutted their proud heads into the clouds, while below spread green pastures where cows were grazing in the morning sun.

A baby's cry broke the stillness of this peaceful scene.

It caused anxiety in the hearts of the townspeople of Vevey, and sadness in the heart of Henri Nestlé, the young chemist. His neighbour's baby was hovering near death from malnutrition.

But the sadness in Henri Nestlé's heart did not dispel the hope that still lingered. With feverish hands he strove to prepare a food which might save the life of the baby.

At last! It was accomplished. Off he rushed to his good neighbour's home, carrying his prepared food.

I. K. KELLEY SAYS REPORT IS BRUTAL

N. Y. Inspector Criticizes General Hospital Nursing School.

A severe criticism of the efficiency of the training school of the General Hospital, which criticism was contained in the report of the inspector of the New York State Hospital, who had made a visit of inspection a short while ago in connection with the affiliation registration of the school. The report was received at a meeting of the Board of Commissioners of the hospital yesterday and was referred to the training school board.

The meeting heard that some of the plaster had fallen in the epidemic hospital, which work was completed only about two years ago, and Dr. W. White remarked that it was outrageous that the hospital should have to pay an expensive repair bill for work so recently completed.

The board approved the appointment of a second anaesthetist, and of an assistant general nurse with view to providing the best possible service and catering to paying patients as a source of much needed revenue. The newly set out trees and the newly prepared lawns were spoken of with much gratification. The grounds have been greatly improved this season, largely through the interest of Mrs. J. V. McLellan. It was decided to abandon for the time being the project to erect a portico and improve the hospital entrance.

M. E. Agar president, was in the chair. Others present were: Commissioners Mrs. J. V. McLellan, Alexander McMillan, Dr. W. H. White, J. King, and Dr. R. H. Gale, superintendent. Dr. White reported that he had not called the committee appointed to have plans prepared for a portico and improvements in the front entrance. On considering the matter he believed it could be held over until a time when finances were not so straitened. The meeting agreed in this view.

The New York State nursing inspector's report was received, giving severe criticism of the efficiency of the General Hospital nursing school. The report was referred to the training school board.

Mr. Kelley said he had intended to make public criticism of the training school but, having glanced over the report of the inspector from New York State Hospital, he characterized it as brutal. He declared the hospital should not put up with that. He was glad the report was to come before the training board.

department of which complaint had been made were reported to have been cleaned.

The condition of the building was the subject of general discussion. The need of tilting the kitchen and sterilizing room and enlarging the nurses' dining room was stressed.

The superintendent's report gave details of the month. Patients admitted numbered 197, discharged 214, including 118. Operations in the operating room numbered 76; in the out-patient department there were 647 treatments given in that department.

Miss Hazel Evans, R. N., was appointed operating room nurse in succession to Miss M. E. Allen, R. N., resignation to Miss M. E. Allen, R. N., resigned. A report was given of the epidemic hospital. The plaster of another cubicle was loosened. This work is only about two years old. The contractor and architect reported an expenditure of about \$200 was necessary to make repairs. The board was said to have no "come-back." Dr. White said it was outrageous that after two years the board should have to repair the plaster in the epidemic hospital. The architect could give no explanation of the damage. The contractor claimed carpentry work had been done. The plaster, Mr. Kelley said jokingly that the blasting at the Court House must be the cause.

The matter was referred to the commissioner of the month with power to act.

Financial Report. The financial report showed total receipts \$23,809.91, including pay patients, \$2,716.52; X-ray, \$1,172.75; city chamberlain, \$7,441.76; county treasurer, \$10,688.60; seamen, \$978. Unpaid accounts amounted to \$18,662.66 and the net debt balance to \$10,638.47.

Nursing Report. Miss Margaret Murdoch, R. N., superintendent of nurses, reported eight graduates and 61 pupil nurses. A class of 11 probationers was admitted on Sept. 8 and two of these had left. The Misses Muriel Clark, Harriet McIntosh, Bessie Leavitt, Frances Crowell and Leone Ward graduated during the month. Mr. Kelley voted "aye" when the \$100 was approved by the board for the nurses who had graduated.

Dr. C. L. Emerson, for the Medical Board, reported services in general satisfactory. The board drew attention to the fact that a basal metabolism outfit had not yet been procured and stated the need for a sun lamp for H. A. Faris previously had offered the hospital a basal metabolism outfit. The medical staff had sent a delegation urging that such an outfit be secured. A committee was appointed to obtain further information and report back. Those named on the committee were Dr. White and Mr. Kelley. Dr. O. B. Evans submitted the report of the out-patient department, pointing out the need of a pair of scales. This matter was referred to the Commissioner of the month with authority to purchase the scales.

Social Service Report. Miss E. S. Bunnell, dietitian, reported food material cost \$2,382.77 and 23-16 meals were served, the average cost being above that in September of last year, and slightly less than August of this year. There was sharp criticism of methods of cooking and serving meat.

Miss E. J. Mitchell, R. N., matron, reported 104 articles supplied the linen room.

Miss J. Sandall, linen matron, reported 7,461 articles in use in the hospital and 717 in the nurses' home. Requests for new linen were referred to Mrs. McLellan and the commissioner of the month with power to act.

Miss Belle Howe, social service nurse, reported 59 visits made, 27 of tonils and adenoid cases investigated and 10 found able to pay nine cases were reported to the Women's Hospital Aid, cash obtained for 16, employment for two and clothes given to two families. Two cases were transferred to other institutions.

Dr. White reported cytostopes satisfactory and the board authorized the payment of \$119 for this equipment.

Dr. Hargreay, who is compiling a history of Canadian medicine, for information on the history of the hospital for incorporation in his book. Mr. Gale was asked to send all the information he could obtain.

FINANCES were discussed. The hospital was said to carry about \$23,000 in bonded liability which was cared for in sinking fund. The present investment policy for sinking fund was believed to be wise.

Home-made Remedy Stops Coughs Quickly

The best cough medicine you ever used. A family supply easily and quickly made. Here about it.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It is cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good. Four 2 1/2 ounces of Pinax in a 15-oz. bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup. Instead of sugar syrup, or use clarified molasses, honey, or corn syrup. Thus you make 15 ounces—a family supply—but costing no more than a small bottle of ready-made cough lozenges.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly loosens the phlegm and soothes the inflamed throat. Splendid for bronchitis, croup, hoarseness and bronchial asthma. A highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes.

To avoid disappointment, ask your druggist for "Pinax." Do not accept any cheap substitute. Guaranteed to give absolute satisfaction or money refunded. The Pinax Co., Toronto, Ont.

SHOOTING PRIZES ARE PRESENTED

Annual Smoker of Fusiliers Last Evening, Event of Interest.

The St. John Fusiliers' Rifle Club held their annual smoker and distribution of prizes in the armory last night. Lieut.-Colonel Leonard, D. S. O., presided. With him on the platform were Lieut.-Colonel H. Sparling, D. S. O., and the officers of the St. John Fusiliers.

The season which has just closed was one of the most successful the club has experienced, both in regard to attendance and the marked improvement in the shooting of the beginners who have advanced so rapidly that they were at close range competitors for the better shots.

The company was again the winner in the shoot for the regimental shield. The Moore cup was won by Sergeant Jones, with the narrow margin of one point. The cup was presented by that they were at close range competitors for the better shots.

Col. Leonard spoke briefly in getting the smoker underway. He was particularly pleased with the results attained in the Rifle Club during the winter saying that the attendance on the shoot days and at the affair last night showed the keen interest that was being taken by the men in their club.

Colonel Sparling when called upon spoke of the splendid work accomplished by the club during the winter and then branched off into an interesting discussion of rifle shooting. He spoke of plans for making the indoor shooting even more popular next winter. In closing Colonel Sparling said that he would donate a cup for the indoor shoot next winter.

Major Gale presented the prizes, which were and had been donated by the following: Silver medal, Lt. Col. Leonard; pipe, Major Keefer; pipe, Major Miller; umbrella, Major Bell; fountain pen, Major Gale; pipe, Captain Holder; cigarette case, Captain

Portland Lodge Observes Its Twenty-Fifth Anniversary

ACHIEVEMENTS OF TWENTY-FIVE YEARS RECALLED

Memorial and Social Evening Mark Silver Jubilee of Lodge.

SENT 44 TO WAR

Five Charter Members are Honored at Exercises in Simonds Street.

A story of fine achievement in the fraternal field was told last evening at the twenty-fifth anniversary of Lodge Portland, No. 246, Sons of England, and was one that any organization might well be proud of.

The anniversary exercises were held in the lodge hall, Simonds street, and a large number of members and friends were present to take part. The programme was divided into two parts, first a memorial service for the members who "have passed on," and then the celebration proper.

For the opening, the chair was occupied by the president of the lodge, E. G. Brittain, who, after welcoming the guests, called on Rev. Dr. David Wilson and Rev. William Lawson to conduct the memorial service.

Mr. Lawson. Next came a solo by W. R. Bonnell. This was followed by scripture reading by Dr. Hutchison, and a solo by S. J. Holder. After an address by Dr. Hutchison, all present stood in silence for a few moments, and then the programme was resumed.

Charter Members Honored. Before starting the second part of the programme the president said that the charter members of the lodge, five were still in good standing, and he invited them to come to the platform.

Three were present, H. C. Green, Harry Sellen and Howard Crabbe, and five were absent, Robert Chambers, R. W. Wigmore, a past-president of the lodge, George Lewis, district commander, John F. Leung, Rev. Dr. Hutchison and Rev. William Lawson to seats on the platform, and requested H. C. Green, the first president of the lodge, to preside. The latter extended a welcome to the visitors.

The history of the lodge was given by Harry Sellen, who was the first secretary and held that office until he enlisted to go overseas. He served five years as secretary. He said the lodge was organized in August, 1899, with a charter membership of 100, and one year and four months later they had 88 members. From that time on there had been a steady increase in membership, and the lodge occupied a place second to none. In the 25 years of its existence there had been 1,000 members, and 1,000 in benefits had been paid to those who received it, that was a very small part of what the lodge had meant in the lives of its members and their families, and in the serving of others the lodge had grown and prospered.

Congratulations to the lodge were extended by George Lewis, district deputy, and by Rev. William Lawson and Rev. Dr. Hutchison.

Other numbers on the programme were: Piano solo, Master Joseph Wells; Miss Mae Betts, selection, Fairly Mixed Quartette, composed of Misses Sadie Cougle and Mae Betts; Messrs. Ralph Millett and S. J. Ranjoy. Joseph Wells acted as accompanist for the evening.

First Members. The original members of the lodge were: H. C. Green, Harry Sellen, William Marshall, Howard H. Crabbe, James A. Brown, Harry H. Woodworth, Robert J. Chambers, W. Stagg, W. H. Chambers, J. Williamson, B. J. Keast, George Saunders, Thomas Ingraham, A. O. H. Wilson and J. K. Scamell.

TO HONOR WORK OF GREAT PADRE

Monterey Holding Festival in Honor of "Father of the Missions."

(United Press.)

Monterey, Cal., Oct. 10.—One hundred and forty years ago a beloved padre, Father Junipero Serra, died at Mission San Carlos del Carmelo, near here, having finished the work that has earned for him in the opinion of the modern world the title of "Father of the Missions."

For many years the burial place of the great padre was a mystery. Some thought that he had been spirited away to a sepulchre in the old world. Others believed that he lay at rest near the scene of his labors.

Finally his body was found and reinterred at the mission. The discovery was made by a simple white cross standing among the ruins of the old mission marks where his body was found.

It is in honor of the great padre, and to commemorate the 100th anniversary of his death, that the curtains of time are being swung back today to reveal the character of the Monterey peninsula as it was when Father Serra and his priests were at the zenith of their power.

The entire Monterey peninsula has been preparing for months to make of the Junipero Serra festival a spectacle to rank with the leading annual pageants of the world, ranking next to the Mission Play and the Pasaden Play of the old world in importance.

The resources of this section, in money and talent, both of which are plentiful, have been drawn upon to insure the success of the festival. A most religious ceremony is the principal event of tomorrow, and during the day will be presented two pageants, "Rose of the Rancho," based on the life of the first wife of Father Serra, and "Fray Junipero Serra," arranged by Rev. Father Ramon M. Mestres.

Spanish fiestas, a rodeo, barbecues and an international Spanish dancing contest will be other features of the week.

Father Metres' play will depict the life of the missions during their second century following the arrival of Father Serra and his brother padres. The missions in those days were the centers of religious, social and industrial life.

The "Rose of the Rancho" will present a tender theme, the romance of the days of the stock and cord, when the Captive's wings beat time to the pulsations of the hot Spanish heart in this first city of California.

The lark and click of Spanish dance music will be heard in the land and the jazz band will cease his baying during this coming week, and the dancing contests will form the vortex of the social whirl.

Contests are here to compete for cash prizes and the honor and fame to be accorded those adjudged the premier Spanish dancers of the new world.

Carmel-by-the-sea, abode of many who have made famous names for themselves in the realm of the stage and letters, has supplied much of the talent for the pageantry. Perry Newberry, the author, is director-general of pageantry, and aiding him are Frederick R. Bechold, Marcy Woods, Percy Gray and Harry Leon Wilson, Francis J. Hickson, one of California's best known actors, plays the title role in "Father Metres' pageant."

All roads were leading to Monterey today, and along the roadides little shrines have been erected, replicas of those who stood at resting places along the highway scores of years ago, and in the past, and a continuous whirl and snorting betokens the passing of hundreds of motor cars, bound for the festival.

The great event Sunday, officially opening the festival, will be the unveiling at Mission Canyon of the magnificent sarcophagus designed by Jo J. Mora, famous sculptor, in honor of the great padre.

Spanish costumes, which are to be worn by every man, woman and child who calls the peninsula his home section, will be donned tomorrow and one will be removed (except at night)

PLAN MONUMENT ON ORKNEY ISLANDS IN HONOR OF LORD KITCHENER

Would Overlook the Place Where Great Life Ended—London Topics.

(Special Correspondence, Times-Star.) London, Sept. 17.—In the rather remarkable absence of any general movement to commemorate the late Lord Kitchener's dramatic death on the high seas, the Orkney Islands, which much prefer to call themselves the Orkneys, are raising a public subscription amongst themselves to erect a suitable memorial to the great soldier of the empire. The memorial is to be placed on the summit of Marwick road, a great cliff, 200 feet high, overlooking the storied sea within two miles of where H. M. S. Hampshire, on that fatal night of June 8, eight years ago, sank beneath the waves in its wild grandeur the scene of this Orkney memorial which recalls the soldier's sole duty of duty.

Brotherly Love. An appreciation of the late Sir Harold Smith, which Lord Birkhead published in the Sunday press, contains some interesting biography, but is intended chiefly to dissipate the impression that the deceased was an egotist. The article is a masterpiece of tact, reflecting his views and his personality rather than possessing his own. That idea was heard, too, that a Rugby football player he was selected once to play for Ireland, the authorship of the article being under a pseudonym.

We learn, for example, that Harold Smith was urged by Sir Herbert Tree, who had seen him play Swings in an amateur performance of "Tribby," to take up the game of football. He refused, too, that as a Rugby football player he was selected once to play for Ireland, the authorship of the article being under a pseudonym.

Admiralty and R. A. F. Renewal of the air controversy was almost instantaneous. The report, which stated that the Admiralty had a case—possibly a strong case—demanding an air force of its own, in the least, was a strong supporter of the coalition and "die-hard" influences in the constituency in the county of Warwick.

MAKE CLEAN-UP OF BANDITS WORKING ON N. B. BORDER. Woodstock, Oct. 10.—A report, coming by way of Hamilton, says the gang of automobile bandits working on the numerous breaks and burglaries along the Malpe and New Brunswick border, have been apprehended and are now in jail at Skowhegan, Me. In a big Studebaker car, stopped at the value of \$4,500, a set of burglar tools and a pint of nitro-glycerine were found.

Sheriff John A. Moore said that in his belief at least \$50,000 worth of stolen goods had been shipped by motor from Maine to other states, most of it going to Boston. The burglars' outfit captured on Friday at the Hermon headquarters included three electric drills, a box of dynamite (25 pounds), in half-pound sticks, acetylene gas outfit, drills and cold chisels of all sizes, batteries, caps and fuses in great quantity and variety. The plunder sent to Bangor included two large motor cars. This important capture cleans up the automobile bandits who have been operating all summer and who at times had headed for Woodstock, but at Ashland, Me., they suspected that New Brunswick officers were watching them and they went in another direction.

The men arrested near Moncton and given penitentiary sentences were not departing with the outfit just captured.

THISTLES PLAN FOR CURLING SEASON. A meeting of the Thistle Curling Club was held last evening in the hall of the Board of Fire Underwriters, Princess street. There was a large attendance of members. The programme for the coming season was discussed and it was decided to remodel the building so as to make four rinks instead of three. It was further decided to arrange for a maritime bospital for early in the season. According to reports made by the members, the coming season for the Thistles looks bright. The meeting adjourned to assemble again at the Board of Fire Underwriters next Friday evening when further business will be transacted.

PROF. CREIGHTON DIES IN ITHACA

He was widely known as an author, translator and educator. He was born in Pictou, N. S., April 8, 1861, and was educated at Dalhousie College, Halifax, and later at the universities of Leipzig and Berlin. He was a former president of the American Philosophical Society.

SAYS JAPAN HAS KEY OF CONTROL

Development in Far East is Discussed—Would Regain Prestige.

(United Press.) New York, Oct. 11.—The first steps toward the creation of a Russo-Japanese-Chinese entente to control the Far East are now being taken. If the movement is to have a real assurance of large success, Germany will have to enter the combination. A quadruple understanding among these nations would entirely change the world balance of power and would hold possibilities of all four powers coming back to the front rank of international influence.

Japan holds the key to this development of the future. The Japanese have suffered so severely from the immigration of the world interprets the immigration effort that it is the paramount policy of Tokyo to regain Japan's lost prestige. How the recovery will be effected, the Japanese are determined that it shall be done.

All First Rank Powers. At present the best chance lies in the creation of a new relationship with China, by winning China's friendship, and then reaching a full understanding with Russia and later with Germany, Japan, China, Russia and Germany are all first rank powers, in potentiality, who at present have their individual difficulties in sustaining their positions.

Weakness nations do not as a rule increase their common power. The individual weaknesses combine into a common power. Therefore, the three powers can temporarily help one another to get back to their feet, with China as a reserve force.

Among the four nations, the Japanese have been least weakened by recent world happenings. China, Russia and Germany are really weakened, in a physical sense. The Japanese weakness is in the nature of self-confidence. Therefore, the Japanese are the centre of actual physical power in the present movement, and to this extent can temper the movement or hamper it more than any of the other potential partners.

The Chinese part is secondary in the entente. China's favor is of great value in removing obstacles; but the Chinese can make little positive contributions for an indefinite time to come. Russia has already found the way out for reaching an understanding with the Pekin government but a few months ago, the Russians are not turning to Chang Tso Lin, the antagonist of Yuan Shih Kai and the enemy of the Pekin clique.

The Policy of Japan. Japan and Russia, acting together, can exercise a profound influence upon the Far East as long as there is no combination against them among the class western powers. Viscount Goto, who is destined soon to come into power as Premier of Japan is strongly in favor of a full understanding with the Russians.

But, Russia has no money and no navy to assist Japan in any belligerent undertaking. That belligerency has been given up as at least a possibility of the future is shown by Japan's present logical attitude at the League of Nations. Japan and Russia must carry Germany with them in order to further any project based on war. Germany could use Russia's manpower in Europe to make very difficult military intervention by European powers in Far Eastern affairs. Germany, additionally for herself, could start her war of revenge against France with her Eastern frontier unmenaced.

The weakness of the project however lies in the possibility of an Anglo-American entente and the construction of the British naval base at Singapore. Japan would be powerless before such an overwhelming naval force as Great Britain and America could produce, as long as naval power in war is paramount.

But, paramountly before long may be in the air and not in seapower. So the issue remains open.

Our Polo Fiasco. Some very bitter letters are being said now, after we have handsomely lost the Polo Cup to America, about the committee who selected our team, and more particularly about Lord Wimborne, head of the famous Guest House, and his cousin Mr. Churchill, who is described as the "dictator" of British polo. According to independent sportsmen whose judgment and opinions carry weight, a much better side-nately social cliques dominate polo. I can told by those who really know that our defeat may have quite serious consequences in India among tribesmen whose one criterion of manhood is horsemanship. A team could be chosen from the British cavalry regiments in India that would test the best American side. But meanwhile, we shall do best to follow Oliver Wendell Holmes' advice to defeat sportsmen: "Own up, pay up, and shut up."

INSTITUTES END

Important Matters Taken Up at Moncton and Sussex Meetings.

Moncton, Oct. 10.—The United Teachers' Institute of the counties of Kent, Albert and Westmorland, which opened in King George School here on Thursday morning, came to a close this afternoon.

At this morning's session the following officers were elected: the Westmorland Institute: President, Chester A. Eagles, Moncton; vice-president, Mrs. Emma G. Prescott, Baie Verte; secretary-treasurer, Miss Hazel Alward, Moncton; additional members of the executive, Linné Snowdon, Sackville; A. McNally, Middle Sackville; Miss Eugenie Hachey, Moncton.

In the Albert section the following officers were elected: President, Alonzo R. Stiles, Riverside (re-elected); vice-president, G. Allison Richardson, Hillsborough (re-elected); secretary-treasurer, Miss Julia F. Brewster, Riverside (re-elected); additional members of the executive, Miss Annie Rommel, Miss B. O'Connor; substitutes, R. Hickey, Mr. Keith.

The following officers were elected for Kent county: President, F. G. Richard, vice-president, Mrs. J. G. Richard; secretary-treasurer, Miss Agnes Ferguson; additional members of executive, Miss McNairn, Miss Corviller, Harry Dickson, Miss LeBlanc.

For School Gardens. Director A. C. Gorham spoke in favor of school gardens and fairs and urged that children do everything possible to beautify their schools. He stressed attention to the nature study course. In High School entrance examinations he thought the nature and health papers should be separated into two distinct examinations in order that neither could be neglected.

Dr. C. S. Thomas, of Harvard, said a school never rises higher than the teacher. Teachers cannot be effective without a good control of language. Teachers should be careful to relate their words clearly and motivate their voices pleasantly. American voices were inferior to those of Europe. Therefore, the three powers can temporarily help one another to get back to their feet, with China as a reserve force.

Among the four nations, the Japanese have been least weakened by recent world happenings. China, Russia and Germany are really weakened, in a physical sense. **RED CROSS TAKES UP SOLDIER PENSIONS**

**N. B. Division Will Urge Central Council to Take Action.**

The New Brunswick Division of the Red Cross Society, through its representative, C. B. Allan, will urge upon the Central Council of the Red Cross at its meeting in Toronto, next week, that the society use its influence in procuring pensions for soldiers who are sick and unable to work. This matter was brought before the meeting of the division yesterday afternoon in the Red Cross depot in Prince William street.

The hospital committee of the New Brunswick Red Cross in a letter asked that this action be taken and that a full statement of the case be presented to Hon. Dr. J. B. M. Baker, K.C., M.P., with the request that he take the matter up with the proper authorities. The statements contained in the letter were endorsed by the meeting. C. B. Allan, treasurer, presided in the absence of the president and vice-presidents.

The report of Miss Ethel Hazen Jarvis, secretary, told of the activities of the summer months. The various local branches had continued their sewing for emergency supplies. The relief work had been the most extensive known in any summer and the extent of the probable calls for relief in the winter was considered with alarm. The bills in connection with the great part of the relief work were paid by the St. John society.

Immigration cards from Quebec had been received telling of the coming of new settlers to this province and Miss Jarvis, in her report, urged the Red Cross branches and individuals generally to make the newcomers welcome in every way. The report referred to the work of different branches, Roch-

say having aided the Lady Byng summer camp and sent gifts to Lancaster and East St. John hospitals; Shediac had undertaken almost the entire support of a public health nurse and in St. Stephen and Campbellton there had been maintained public health nurses and clinics through local effort. Lakeville had the honor of completing the first home nursing class. St. John had carried on relief work. Miss McPhail had been sent as public health nurse to Rexton in September.

The sale of the work of soldier patients shown at the St. John Exhibition, had brought \$108 as well as many orders for more work. The hospital committee had had charge of this exhibit, while the nursery was conducted by the local Red Cross. The formation of the new branch at Westfield and the holding of the convention as a preliminary to the launching of the membership campaign and the campaign for the establishment of home nursing classes were also mentioned in the report.

Correspondence read included thanks for supplying a nurse's salary as well as blankets and equipment for the Lady Byng Camp, an appeal for assistance from a soldier's wife in Bathurst, which was referred to a local branch, letters announcing that several of the branches were holding their membership drive on Oct. 15 and a letter from Grand Falls saying that that community hoped soon to have a flourishing Red Cross branch and to open a home nursing class.

Dr. Rene Sand, secretary-general of the League of Red Cross Societies, writing from Paris thanked the New Brunswick division for forwarding a copy of a letter from Premier Veniot with relation to forest fires and a typewritten report of the disaster relief policy of the New Brunswick Red Cross. He hoped other societies would have the same cordial co-operation that had been received from New Brunswick.

The financial statement showed receipts during the four months had totalled \$2,831.22 and expenditures amounted to \$4,117.82.

The Junior Red Cross report given by Mrs. Margaret Lawrence told of the organization of 22 new junior branches since the opening of the schools this season. The new branches have an enrollment of more than 600. At the close of last year there were more than 3,000 Junior Red Cross members on the roll. Amongst the new branches were 14 formed in the New Albert school, West St. John, and one in Beauséjour school. The children's fund had been increased by \$22 received in the last month and they were now three Junior Red Cross post-graduate classes in the General Public Hospital. Mrs. Lawrence told of Miss Jessie Lawson having gone to Toronto to attend the meeting of the Dominion Junior Red Cross committee.

**An Old Story of 69 Years Ago**

TO those of us who cling to the land of our fathers, parts of New England and especially the state of Massachusetts are like "our second home." Uncles and aunts, brothers and sisters, and distant relatives have settled among our neighbors to the South; and through holidays, visits and correspondence, we in Canada have a good knowledge of life and conditions in New England.

Most of us have heard of Father John's Medicine—many of us are using it right now to protect us against the colds of fall and early winter, even though we may not be quite clear in our minds as to just who Father John really was.

The life story of the Rev. Father John O'Brien, who came to Lowell, Mass., in 1848, to take charge of St. Patrick's Parish, is a record of loving self-sacrifice and service to humanity. For such a spirit there is always work, never any time for self, always time for service to others. Duties pressed one upon another, and only his earnestness and noble spirit enabled him to bear up under the great responsibility he felt.

Father John, as he was affectionately known to his people, was born in Ireland, ordained to the priesthood there in 1828, and came to America in 1841 to take charge of a large missionary field in Martinsburg, West Virginia. For seven years Father John traversed the hills and mountains, through rain and shine, heat and cold, visiting the sick and afflicted, cheering and encouraging the unfortunate.

In 1848 Father John came to Lowell, Mass., to take up his labors in St. Patrick's Parish, which in those early days included many miles of the thinly settled territory round about. Under his direction and by his splendid energy, schools and a hospital were established. It was at his suggestion and through the efforts of St. Patrick's Church was begun and completed. As he had done in Virginia, so in the more rigorous New England climate, skin to skin, that of Canada, Father John exposed himself to all kinds of weather in his work for his people.

Soon after the dedication of St. Patrick's Church, in 1854, Father John's cares and burdens began to wear him down. His years of devotion to duty had left him weak and feeble. He was attacked with a serious cold, which developed into a stubborn, cough and affliction of the lungs, which caused the greatest alarm for his health. Medical skill seemed unable to stay the disease for a time until his doctor gave him a prescription to relieve the cold and lung affliction and to build up and strengthen the body.

Dominion organizer of home nursing classes, told of the effort made to visit as many branches as possible during the last month. The places visited were McAdam, Plaster Rock, Riley Brook, Grand Falls, Edmundston, Petticoat, Salisbury, Riverview, St. Andrew and Perth, Hartland, Centreville, Fredericton, Beaver Harbor, Westfield and Rothsay.

Already there were 16 classes in prospect, four in progress and teachers available for 11 classes. In rural communities a difficulty was experienced as there was no resident nurse to conduct the classes. Miss McKelejohn kindly loaned a Health Centre nurse for one class at Westfield but there remained two classes in Westfield and classes in Plaster Rock and Salisbury with no instructor.

Suggests Permanent Organizer. Miss Hamilton suggested that a provincial organizer to act as itinerant instructor would solve this problem. She referred to the invaluable assistance rendered by Miss Jarvis and expressed the belief that a class might

Father John Went About His Work in All Kinds of Weather

Father John sent the prescription to the old drug store of Carleton & Hovey, where it was compounded on June 9, 1855. He began taking the medicine and showed prompt improvement. The soothing, healing elements of which the medicine was composed gave prompt relief to the throat irritation and the cough soon disappeared; while the food elements of which the medicine was composed nourished and built up his soon was able to take up the duties of his parish with his old-time vigor, and his wonderful recovery was the one thing talked of, for he was loved and admired by all, regardless of race, creed or class. In the homes of his parishioners Father John's visits were again enjoyed, and there he would tell how he had been restored to health and strength, how the medicine he had taken had made him as strong and rugged as ever, had built up his entire system and given him new life and energy.

Father John Visits the Sick and Afflicted in His Parish

Those whom the clergyman advised to take it always came to the drug store and asked for "Father John's Medicine." When he visited the sick and ailing he recommended the medicine that had done him so much good. The prescription was on file in Prescription Book IX, at the old drug store of Carleton & Hovey.

The old prescription book, its pages tattered and worn through years of usage, is still carefully preserved, and the page which shows the greatest wear is that upon which the original prescription was written more than sixty-nine years ago.

The faith of the people in this valuable prescription grew stronger from year to year because of the character of the results which it gave, a faith that was further strengthened because Father John's Medicine is endorsed by hospitals, by the clergy and institutions wherever it is used, and by thousands who know its value by actual trial.

unless financial assistance was forthcoming it was a public health nurse must stop. Miss Armstrong, the present nurse at Shediac, recommended the appointment of a district nurse for the winter. Miss

McPhail was at Rexton and was giving a demonstration there which would end by Dec. 1. Branch reports were received. Mrs. Fletcher Longley, recently of Saskatchewan, was a visitor at the meeting and told of Red Cross work in that province. Refreshments were served at the close of the meeting with Miss Alice Murdoch in charge.

You have read of its history and sixty-nine years of success, during which time it has proved a great blessing to mankind. Permit us now to tell you of its value.

It is an old-fashioned family remedy—not a patent medicine, but the prescription of the learned doctor who was consulted when the case of the late Rev. Father O'Brien did not yield to the customary treatment. It is free from alcohol, opium, morphine, cocaine, and other poisonous drugs in any form which are found in many of the patent medicines; it contains no alcohol or other stimulants. It is a Food Medicine, pure and wholesome. It is invaluable as a tonic and body builder and restores weak and run-down systems to health and strength. It nourishes the system and makes flesh.

Right here we want to warn you against the danger in taking patent medicines which rely wholly on stimulating or nerve-deadening drugs for their effect. They weaken the system and leave you exposed to disease, cause nervous prostration and a craving for drugs; thousands of victims of the drug habit had the desire created by taking some patent medicines and many so-called "cough syrups" and "balsams."

Father John's Medicine is a safe medicine for all the family; for the children as well as older people, because it does not contain alcohol or dangerous drugs in any form. In the treatment of colds, coughs, throat and lung, and as a tonic and body builder it has had more than sixty-nine years of success.

If you have any difficulty in getting Father John's Medicine from your druggist, send \$1.25 for a large size bottle, by express prepaid to any point in Canada. Address Father John's Medicine, Learning Miles Building, Montreal.

HERE'S a picture from life—multiplied thousands of times—every night of the year. Radio has become the entertainment centre in thousands of homes. The Band concerts, the dance orchestras, the musicales, the singers—the entertainment we always had to get, away from home. Now, we enjoy in its full beauty RIGHT AT HOME—by radio. Is it any wonder that there is real happiness for everyone—around the radio? When night falls, the air is filled with life, music, fun. Yes, and if we want it, an instructive lecture, or a church service. Then, if there's a big news item, it comes in by radio, even before the papers get it. Radio, surely, is the new Heart of the Home—a never-failing source of pleasure to every member of the family, young and old.

The Receiving Sets which are now offered to the public by the Northern Electric Company, Limited, are designed to give the public, practical, easily operated, and efficient radio apparatus. We believe that the majority of people who wish to enjoy radio without becoming radio engineers to do so, will value truly a product from a firm like the Northern Electric. The 'phone in your house was made by the Northern Electric. It is perhaps needless to say that we feel the same responsibility in regard to the radio sets we recommend as to the 'phones that bear our name. The three sets shown here, we state unqualifiedly, are superior instruments that will give far greater efficiency than would be expected for the prices asked. In Laredo, on the Rio Grande, life was a continuous round of joy until the cash ran out.

Then the boys decided to rob a store. Vera and Verna stood guard while their heroes did the work.

In Hondo, a constable caught them at another job. All went to jail. And then the girls learned that the car had been stolen, too.

They were returned to Houston. Thirty-seven days in jail awoke the sisters' slumbering consciences. The boys went to prison, but the girls were released.

Vera and Verna were cared for by the Volunteers of America, and later sent to the volunteers' home for girls in San Antonio. There Vera decided to enlist in the volunteers.

Today, she is preaching in the streets of San Antonio.

**GARDENS ON SKY-SCRAPERS.**  
 New York, long noted for its roof gardens, where joy, jazz and poor jokes reigned supreme, is now going in for another kind of roof garden. If you will get 'n the top of one of the tallest buildings and look around below you will see innumerable little green spots where roofs have been turned into flower gardens and truck patches. Rooftops have for a long time been thought to be solely for the purpose of keeping the rain off the beds, but now they are being fitted up as veritable gardens for those who occupy them.

Mattresses and Upholstering

CANDY & KAIN,

THE EVENING TIMES-STAR, ST. JOHN, N. B., SATURDAY, OCTOBER 11, 1924

### In the Financial World

#### THE TENDENCY WAS DOWNWARD

##### Yesterday's Reaction in the Stock Market Continued Today.

New York, Oct. 11.—Clark Childs—"There is no evidence of special stimulus to liquidate stocks and it is a reasonable proposition that the early issue of the German loan will provide a bit of stimulus."  
Hornblower and Weeks—"Would continue to sell long stocks on strength, and we would not care to carry stocks on reactions below Wednesday's low prices."  
Block Halony—"This is no time to get bullish. Use slow to buy, but take profits when you have them. It is still a two-sided market."  
Housman and Co.—"One of the current difficulties in establishing a definite upward trend of the market is the supply of long stocks every time the list advances. In the main, this selling represents profit-taking and appears to be stimulated by the so-called election uncertainties."

### COTTON COLLAPSES ON BUREAU REPORT

#### Forecast of 12,499,000 Bales Proves a Surprise to the Market.

A report from the Department of Agriculture reducing the indicated yield from 100,000 bales from previous figures proved very disappointing to market interests that had been looking for a decided cut in the official estimate, says Thursday's New York Times. This is a promised cut of 12,499,000 bales, compared with an actual yield of 10,159,000 bales last year, exclusive of interest and a census report showing 4,225,000 bales gained to October 1, effect on the market was decided yesterday. In four minutes prices broke over a cent and a half, with the list of cotton futures rising to 14 1/2 cents. The previous report appeared a little over a week ago with a forecast of 12,499,000 bales. Instead of a congested market, the short interest had been greatly reduced and a smaller crop estimate. Yesterday's figures proved a real surprise, and the market reacted accordingly. Contracts closed the market at 10 1/2 to 11 1/2 points.  
The frequency of Government cotton reports this year has increased instead of decreased the violence of fluctuations. Each of the last three documents has caused a change of a cent and a half to two cents a pound, with comparative little trading possible until the market had about run its course. When the figures appeared yesterday, a break in the market was expected, and it was not until the market had broken that brokers were able to execute orders in any volume.

### GRAIN CONVEYOR TENDERS SOON

By delivering 1,728,074 bushels of grain to ocean vessels for export in the last week of the month, the port of Montreal has created a new record, it is announced at the Harbor Commission. It is said that the amount of the day's deliveries was more than half a million bushels over the daily figure required to bring the total exports for the season to 10,000,000 bushels, the amount forecast recently by Dr. W. L. McDougall, president of the harbor board.  
"If we are able to get the various grades of grain we want them, and they are blessed with reasonably good weather, we shall easily attain the goal," said T. F. Tolley, secretary of the board. "While the delivery of 1,728,074 bushels to vessels on the vessel grades of grain we want them, and they are blessed with reasonably good weather, we shall easily attain the goal," said T. F. Tolley, secretary of the board.

### An Improvement in Retail Trade

Winnipeg, Oct. 11.—The weekly trade report of the Canadian Credit Men's Trust Association says: "There is improvement noted in the wholesale trade, while retail trade shows a slight improvement over last week. Collection satisfactory. St. John—Wholesale conditions fairly satisfactory, with improvement noted in retail trade as season advances. Collections fair."

### FALLS BRIDGE CASE

Hon. W. P. Jones, K. C., counsel for the Province of New Brunswick in the case of the Province vs. the C. P. R., said the appeal to the Privy Council from the decision of the Supreme Court in the falls bridge case would be placed before that body this month and if the right to appeal was granted the case would probably be heard in May next.

### NINE IN FIELD

The Course is a Mile and a Quarter at Latonia, Kentucky.

Latonia, Ky., Oct. 11.—Epinard, turf champion of France, faces the supreme test of his invasion of the United States today, when he meets the pick of this nation's thoroughbred racehorses in the series of international races. The event, at a mile and a quarter over the Latonia course, with the prospect of a 50,000 attendance, the greatest throng that ever witnessed the race here in the United States, will meet a field of nine.

J. P. Morgan Issues Statement—A Record in International Finance.

New York, Oct. 11.—The \$200,000,000 German loan under the Dawes plan, of which more than half will be launched in the United States Tuesday night, was announced last night.

### WORLD IMPROVED SAYS FALCONER

Humanity Moved by Great Causes and Hopes—Sanctity of Home.

A message of optimism that the world had grown better in the two thousand years since the birth of Christ, and a challenge to the youth of this country to enrich the heritage of the past, were contained in an inspiring sermon delivered Wednesday morning in Convocation Hall, Toronto, by Sir Robert Falconer, president of the University of Toronto.

### CO-OPERATION IN SOUTHERN STATES

Remarkable Growth in Marketing by This Method Since 1915

The southern States show greater co-operative marketing growth since 1915 than other sections of the United States, according to a tabulation of agriculture. The large volume of business in the South Atlantic States shows a jump from 2 per cent to 10 per cent in 1915, as compared to the total business in 1915 of 14 per cent. The Central group led with 15 per cent in 1915, and co-operatives in the Middle Atlantic group had 12 per cent, as compared with 12 1/2 per cent in 1915.

### MORNING STOCK LETTER

New York, Oct. 11.—The rally which we expected this last week failed to materialize to an extent, and yesterday, when some activity finally came to the market, stocks declined. There may be some kind of a rally next week, but we do not think stocks will be able to make much headway for the time being on the up-side and we advise selling on rallies. Later in the fall there is good ground to believe that a movement in the business is continuing, but this improvement is continuing at a time when it is overshadowed by political possibilities. If the business improvement continues and nothing unfavorable comes from the political situation, there will be a pretty good basis established for another upward movement later on. Perhaps this will be the case if there is no substantial increase in money rates.

### DEATH OF MRS. JANE GRAY

Mrs. Jane Gray died this morning after a brief illness, at her home, 64 Paradise street, in Westmount, at the age of 81. She was the widow of George M. Gray and was one of the best known and most highly respected residents of the north end. News of her death came as a great shock to many friends and acquaintances. She is survived by one son—William S. Gray of this city, and Helley, who is manager of the Lynn street railway in Lynn, Mass., and three daughters—Mrs. John Koerick of this city; Miss Margaret R. at home of Gray & Miesher of this city.

### FIRST WORLD SERIES WAS HELD FORTY YEARS AGO, PROVIDENCE TEAM WINNING

#### Metropolitans Were Beaten in Three Straight Games

Washington tied New York for the lead in the world's series of baseball games Tuesday afternoon at the Polo Grounds, but the original world series had the cold winds of a late October to combat.

At this championship game, 40 years ago, the gate was 3,000, as against 48,000 attendance at the recent two games played in the present world's series. The prices for tickets were 50 cents, grand stand, and 25 cents for the bleachers.

Today, the prices range from \$1 in the outfield bleachers to \$10 for grand stand seats.

Providence, with Old Hoss Radbourne, star pitcher, on the mound in all three games, defeated the Metropolitans three in a row, taking the first game 9 to 0, the second 8 to 1, and the third 11 to 2. The first game, which today we call a shut-out, was referred to in that day as follows: "The Metropolitans were Chicagoed to the tune of 9 to 0."

As today, there were two big leagues in that day. They were the American Association and the National League. The Mets of New York were finished first in the American Association, and the Providence team had the lead in the National League all through the season.

And there were stars in that day, even as today, as the score cards show. For the batting orders in the first world series we refer the inquisitive to the following array of batting talent:

Providence—Hines, c. f.; Carroll, i. f.; Radbourne, p.; Ewing, s. s.; Start, i. b.; Farrell, 2b.; Gilligan, c.; Radford, r. f.; Denny, 3b.

Mets—Nelson, s. s.; Brady, r. f.; Esterbrook, 3b.; Roseman, c. f.; Orr, i. b.; Troy, 2b.; Holbert, c.; Kennedy, l. f.; Keefe, p.

Newspapers of the date give an account of the second game. "The cold weather kept the attendance down to about 1,000, but those who braved the wintry blast were well repaid for their discomfort by witnessing a model battle with the bats. Radbourne, the excellent pitcher, was again in the box for the league club, and to him alone the victory belongs as the home team again outplayed them in the score as they did on Thursday, and would undoubtedly have beaten them with any other pitcher in the box. The manager intended to use Radford, the relief pitcher, but thought the experiment unsafe.

"An unpopular decision in the fifth, the paper goes on to say, 'when everybody thought Troy put out Farrell at second base, cost the game for the Metropolitans. If the out had been allowed the side would have been retired without scoring. Umpire Kelly was hissed heartily."

After Farrell had scored in that historic fifth, Denny brought in two more runs with the first home run ever hit in a world's series game. The score at the end of the seventh was 8 to 1, the Mets only run being on an error. The first half of the eighth was played, in which Providence scored two more runs on a wild pitch and two errors, but on account of darkness Umpire Kelly thought it unfair to continue, so the game was recalled. The eighth inning was cancelled.

About 200 fans braved the weather to see this two teams battle in the third game of the series. Providence wanted to call the game, but the Mets thought they could send the league

### SPAIN OF TODAY IS STILL MEDIAEVAL

#### American Student Talks of His Experiences in That Country.

Spain is one of the most delightful and romantic countries in the world, where even the servant girls and common laborers have a gentle philosophy of their own; where the scenery offers every variety, from the wildest of mountain fastnesses to rolling plains, deserts, wooded brooks and an exquisite sea line, and where the civilization in the interior is strictly mediaeval, according to James Romier, who is in New York after a three months' personally conducted tour of that country.

Mr. Romier went abroad to make a special study of Spanish art and culture, because he felt it was particularly significant and less intricate than that of Italy or France. He is a Harvard man and comes from an artistic family, his father, Louis Romier of the Horner-Brooks Studios of Cleveland, being one of the best known interior decorators in this country.

"I wanted to know why so charming a people as the Spanish had not been more progressive; why the civilization of Spain had not exceeded that of the Middle Ages; why a country so rich in art should be so backward in introducing good railroads and the like sanitary conditions," said Mr. Romier, who is only 19 years old. "In other words, I wanted to find the connecting point between the Mohammedan Empire and its effect on Spanish art and culture. I was interested to know, because I had a background of history, what natural advantages there were in Spain to keep the Mohammedans back, because these barriers probably affected the history of the whole world.

"History books were pretty accurate. There are great mountainous regions in Spain which are almost inaccessible to man and which form a natural barrier against any barbarian invasion. Even in this day it is difficult to get about in Spain. Of course, there is the King's Highway from San Sebastian to Madrid, but from Tarifa to Algeciras we were more than four hours making 40 miles by motor. We found the same difficulty in getting about in Spain that one would find in Arizona or New Mexico.

"That might really come to know the people of Spain, Mr. Romier lived among the natives as much as possible. He speaks in French and fluent Spanish, and found no difficulty in entering into their home life.

"It was charmed by the Spanish people," he said. "They were so delightful and kind, and anxious to do service. They are an extremely religious lot, but around Barcelona, of course, there is a strong secular element. They regard the King much as we do the Prince of Wales. They like to see the trappings of royalty but the monarchistic ideas does not go very deep. Many of the common people, I found, believe that the cause of Spain's backwardness is the monarchical system. But there is also another reason, I feel. Spain does not have control of her natural resources. There are no electric lights and no gas. They still burn lamps filled with olive oil, just as did their ancestors centuries ago.

"In Spain there are only three towns which have hotels in anyway comparable to the country home we see in the continent, and the sanitary conditions are pretty bad. As for railroads, the least said about them the better."

### HEIFER BROUGHT \$2,000.

The introduction of Canadian live stock to the Japanese market is apparently meeting with the success. A number of cattle are being sent monthly from Alberta, arrangements to this effect having been made by the Provincial Minister of Agriculture while on a business trip to Japan. A purebred yearling heifer from the herd of the Experimental Farm has just been sold to the Japanese Government dairy farm for more than \$2,000.

**ORANGEMEN HOLD MASS MEETING**

**Orphanage Funds Discussed—Provincial Organizer Appointed.**

A mass meeting of local Orangemen was held last evening in Orange Hall, Germain street, on the occasion of the official visit of Herman T. Brewer, of Fredericton, Provincial Grand Master. There were large delegations present from the local lodges and R. G. McGeary, County Master, occupied the chair.

The Grand Master addressed the meeting on various matters connected with the activities of the order. He outlined the work which had been accomplished since his last official visit and urged the members to still further efforts. He pointed out the need of further funds for orphanage work and called for the support of all Orangemen in this effort.

Other speakers were heard during the evening among them being: William M. Campbell, district master; Rev. A. L. Tedford; J. Starr Tall, past county master; Robert Willis, grand treasurer; and Lawrence B. McFarlane, worshipful master of Courtenay No. 8, L. O. A.

**Executive Meets.**

During the afternoon the executive of the order met and discussed ways and means of raising extra money for the orphanage. The grand lodge furnishes \$2,000 each year in addition to the other sources of income but at present there is a need of extra money.

It was also decided yesterday to engage the services of a provincial organizer and Rev. David Jones of Carleton county, has been secured for this work. It is expected that he will take up his new duties on the first of next month.

Considerable routine business was disposed of yesterday afternoon at the executive meeting.

**MATTER OF EAST ST. JOHN DEFERRED**

**Rev. H. Miller Speaks of Synod Sessions in New Glasgow.**

Rev. Hugh Miller, moderator of the St. John Presbytery returned yesterday after attending the meeting of the Maritime Synod in New Glasgow. Speaking to a reporter last night he referred especially to the very fine spirit which characterized the sessions. The meeting, he said, had been thoroughly representative and the reports of the departments of the church work had been very encouraging. The synod was to hold its next and last meeting in St. Matthews church, Halifax, next October. He was unable to say how many of the delegates to the synod meeting would join the new synod formed among those opposed to church union at a meeting of the members was held in New Glasgow after he had left.

**St. John Matters.**

With regard to matters which specially concern this Presbytery Rev. Miller said that the appointment of a minister to the union church in East St. John had been deferred until a special meeting of the St. John Presbytery to be held here on Oct. 21. Rev. John Forbes, formerly missionary to the union church, had accepted charge of the new union church at Minto and Rev. Archibald Sutherland of Chipmunk had declined the call which he had received from an Ontario congregation.

The meeting was the golden jubilee of the maritime synod, Mr. Miller said, and the jubilee had been celebrated in a special session. A letter had been received from Rev. K. J. Grant, now residing in Halifax, who is the oldest member of the synod and has served in the ministry for 62 years. The letter was read by his son, Rev. George Grant, who has a congregation in Prince Edward Island. Addresses were given by Rev. Jacob Kayton, Rev. John Murray of Glouce Bay and Hon. J. G. Forbes, representing the older members of the Presbytery. The address of the evening was given by Rev. Principal D. A. McKinnon, of Pictou, moderator of the Presbytery in Canada. His address made a very deep impression.

With regard to the general business of the synod meeting, Mr. Miller said that, considering the depression of the times, the financial statement was very favorable. The Halifax Ladies College had a satisfactory report to submit and the Pictou residential school had more applicants last year than it could accommodate. There were reports of the successful opening of the Capline, Gaspe and the new school at St. John's. His address, of Halifax, is the superintendent of the newly opened girls' home and there were reports in residence when it was inaugurated. The Halifax Theological College year and its work had been satisfactory.

The home mission report, Mr. Miller said, had shown that all of the missions had had students supplying and the whole report was gratifying.

An evening meeting had been given over to foreign mission subjects and the special speakers were Rev. Dr. Goforth from China, who told of the progress made and the great opportunity for extending missions to China. Rev. George Forbes, of Demerara, also spoke.

Those who went from St. John to attend the synod, besides Mr. Miller, were Rev. J. W. Britton, Rev. McN. Matthews, Rev. W. McN. Townsend, Hon. J. G. Forbes and T. H. Sommerville.

**FUND TOPS \$1,100 ON CLOSING DAY**

Further Contributions to Provide Milk for Babies are Received.

The Times-Star fund to provide milk for needy babies has gone over the \$1,100 mark on the closing day, and perhaps there will be a little more that has not yet been sent in. The sums received today were: \$281 from a bridge given by Mrs. J. H. Vaughan and Mrs. B. J. N. Seely for the benefit of this fund; \$410 from St. Paul's Presbyterian Sunday School, Upper Golden Grove. These sums were sent to Miss Leavitt, treasurer of the Women's Council fund, and added to the Times-Star total.

Also there came from Miss M. O. Murray \$25; from the primary class of Germain Street Baptist Church Sunday school, \$28; from Billy Smith, 65 cents, and from the Empress Theatre, West St. John, \$5. These figures bring the total up to \$1,011.59.

**St. John Man, Keen on Hunting, Writes of Scarcity.**

A prominent citizen who also is a devotee of hunting and fishing and is at present on a hunting trip on the North Shore, writes home that moose appear to be quite plentiful this year. On his way north, he says he noticed five very good-sized ones on station platforms waiting to be forwarded to the homes of the hunters. Deer, he was told, were quite shy and it was hard to get within reach of them.

He says he did not meet any hunters with partridge and he is unable to touch for the truth of reports regarding the scarcity of the birds. "You will find the scarcity," he writes, "is due to the fact that the birds are in the deep woods and not on the public highways. The noise of the automobiles, in my opinion, is one reason for the birds keeping in hiding."

**WILL BE APPEAL IN LIBEL CASE, REPORT SAYS**

That the last has not been heard of the libel case of Hanson vs. the Gleaner was rumored this morning. It is understood counsel for the Gleaner will file an appeal. The jury found for the plaintiff on four of the five counts and for the defendant on one count and the judge ordered a general verdict for the plaintiff, fixing the damages at \$100.

**WRIGHT STREET BUILDING UNSOLD**

One of the oldest buildings in the city was offered for sale this morning at Chubb's corner, but not a bidder was among those who gathered around. The building was the Wright street home of the Protestant Orphanage, which has been vacated and from which the children were removed to the new home on Manawagonish road.

This building was built by the ancestors of I. Allen Jack and is said to be more than 100 years old. It was occupied by the late Sheriff Sturges and was sold by his heirs to T. A. Linton, who later sold it to the orphanage. It was offered for sale subject to a mortgage of \$10,000, but nobody seemed disposed to buy. A good suggestion was that this would be a good site for the vocational school and the site committee would do well to bid on it.

**ST. JOHN GETS AD AT WEMBLEY PARK**

W. C. Bowdler, representative of New Brunswick at the Wembley Park Exhibition, London, informed the secretary of the St. John Board of Trade in a letter received this week, that all the Port of St. John folders that he had to him have been distributed. The folder, he says, was most attractive. He hoped and felt sure it would prove beneficial both to the Province and the City of St. John. It has not yet been decided, he stated, whether the exhibition would be reopened again next year or not. If it were reopened, he thought it would mean many changes in the interior arrangements of the exhibition. He hoped the maritime provinces would then be given a little better show. The closing date of the exhibition, he states, has now been fixed for November 1.

**WILL NOT COME TO ST. JOHN**

Miss Jessie Stephen, one of the councillors in the British Labor Party, who sent a telegram early in the week, signifying her willingness to come to the city for October 29 to give an address, will not be able to carry out her plan. Word has come that she will sail for England from Montreal on Oct. 21. It was said by F. S. A. McMullin, vice-president of the Trades and Labor Council last evening that in all probability the whole of the British Labor delegation, now traveling in Canada, may hasten homewards to be on hand for the elections.

**BOY SCOUTS MEETING**

East St. John Boy Scouts' Troop No. 6 held their regular meeting last night in their hall with 28 boys present. The council committee also attended as well as Cubmaster Mrs. Robt. Kirkpatrick. Mr. Lister, the Dominion field commissioner and Mr. Johnson, the district secretary, were there and Mr. Lister took charge of the boys for the evening. A lecture on scout law was given and he demonstrated how easy it was to make different rope knots, and went through all kinds of stunts in larra's throwing. At the end of the meeting Scoutmaster Lawson thanked Mr. Lister for his visit and hoped that he would call again before he returned to Ottawa. A hike that was to be to Ottawa was held postponed until next Saturday week.

**As Hiram Sees It**

"I have missed you," said the Times reporter to Mr. Hiram Hornbeam. "Where have you been lately? Did you go to the World Series?"

"No, sir," said Hiram, "I been dotin' a little huntin'!"

"Did you get a moose?" queried the reporter.

"No, sir," said Hiram, "that I seen sixteen."

"They're so thick in the woods out back o' the Settlement that you kin hear 'em thrashin' through the bushes all the time. I couldn't make up my mind what one to shoot—I seen so many."

"You mean," said the reporter, "that you missed every time?"

"Me?" said Hiram. "No, sir—they're so thick I couldn't miss hittin' 'em. Why they'd list come up and look at me an' give a blat an' walk off agin."

"Hiram," said the reporter, "do you expect me to print that yarn?"

"If you don't believe it," said Hiram, "ask Ken MacFae or Rex Beach."
