Arrival of Montreal Increases Activity In Winter Port

GEORGE FACED WITH CRISIS

HEAVY CARGO IS BROUGHT BY STEAMER

Nearly 400 Passengers on Second Steamer Here This Season.

FIFTY-FOUR LINERS

Canadian Pacific Steamships Plan Busy Season in St. John Port.

The arrival of the Canadian Pacific Steamship Montreal this morning with nearly 400 passengers, a large consignment of mail and general cargo, increased week-end activity at the port. The Montreal is the second large passenger liner to arrive here this season.

The Canadian Pacific Steamships, Ltd., have a total of fifty-four liners sailing to and from this port, and the Montreal will continue on the St. John-Liverpool service throughout the season. She brought from Liverpool 93 cabin and 301 third-class passengers, the majority being British and Scandinavians.

Among the cabin passengers there were 87 adults and six children, and among the third class 256 adults, 39 children and six infants.

With an exception of 13 passengers all were destined to points in Canada. In addition to the passengers, the large liner had approximately 1,000 tons of general cargo, 10 bags of mail, 1,250 bags of magazines and 1,110 packages of parcel post, which included 126 bags for Maritime points.

The passengers were sent forward to their destinations in a special train which was made up along the baggage room and left West St. John at two o'clock.

Among prominent passengers were: Lady Kingsmill of Ottawa, A. W. Whyte, vice-president of the Canadian Car & Foundry Company of Montreal; Captain John F. Cummins of Ottawa; Dr. C. Harris of Ottawa, Mrs. J. Guldrie of Montreal, Mr. and Mrs. Liversay of Huddersfield, E. C. Cole of Montreal, H. Robinson of Montreal, Miss A. White of Bradford, Mrs. N. Elmley and family of Toronto, Mr. and Mrs. A. Brooks of Montreal and M. J. Glickman of Montreal.

Major General James H. McBrien, C. B., was expected to arrive on the steamer, but was delayed and will take passage on the S. S. Montrose next week. His secretary, Captain John F. Cummins, explained that they had been delegates to the Imperial Conference in London and had been there in connection with defence questions. Captain Cummins said it was the most wonderful trip he ever experienced at this time of year, weather conditions being more like summer than winter. He said he had been quite cold in England prior to his departure.

Plans Great Choir

Dr. Charles Harris arrived today and plans to sail again for England on January 4. He completed arrangements while in England to conduct a choir of ten thousand voices. In connection with a representative of the Times he said he will return to England early in January to rehearse the great chorus in a series of 48 rehearsals at the Canadian Empire for four sectional rehearsals in north, east, south and west London in twelve weeks, which will necessitate four nights work a week. The chorus is the largest in the world and there is not a large enough building available in England where they can rehearse together, as a result only from 3,000 to 4,000 of the colossal force can be accommodated at one time. Apart from the choir rehearsals the Canadian conductor will have to rehearse the orchestra in sections. There are 560 performers selected for the orchestra.

Philadelphia 'Phone Operator Jumps From Bridge Into Shallow Water.

Philadelphia, Dec. 8.—Miss Margarette Guent, a telephone operator, last night leaped 150 feet to her death from the Walnut Avenue bridge spanning the Wissahickon creek. Passing motorists who saw her remove her hat and coat and then balance herself for an instant on the edge of the structure, shouted for her not to jump, but she was unable to be persuaded and her body was found half submerged in the shallow waters of the creek a few minutes later.

When the mines, which afforded the only occupation in the section, shut down, the townfolks emigrated. Now the school building is empty and desolate.

PROTESTS AVAIL NOT

"Prominent People" are Said to be Affected by Unexpected Activities.

(By Canadian Press.)

Toronto, Dec. 8.—Plans laid by certain Torontonians for extensive "stocking up" of liquid refreshments for the Christmas season were rudely shattered last night when provincial police, watching incoming trains from Montreal, searched the grips of passengers. Friday night is, as a rule, a heavy traffic night on incoming trains from the east. For some time there has been a lull in the routine of grip searching at the Union station, and the resumption of police activities last night was unexpected. Many of those caught with "the goods" made protests to the officers against what they said was interference with their personal rights.

Provincial police authorities would not tell the net results of the raid on the grips, nor would they admit that there had been "serious protests." One officer did say, however, that certain "prominent people" had been affected by the police activities.

PLANS TO AVOID LOSS BY FAILURES

New York Stock Exchange is Considering Drastic Departure From Rules.

New York, Dec. 8.—Adoption by the New York Stock Exchange of a "guarantee policy" whereby the organization would vouch for the financial integrity and responsibility of its members, is under consideration by a special committee, it is learned. The plan was devised as a means of avoiding losses which have been inflicted upon thousands of customers through failures of brokerage houses.

It was said that approval of such a policy, which is a radical departure from accepted business standards, would constitute one of the most important steps in the development of years. It is understood that a sharp division of opinion among members exists as to the wisdom or propriety of such a policy.

JUDGE DISARMS WOMAN IN COURT

Leaps From Bench and Seizes Revolver as She is About to Shoot at Lawyer.

Pittsburgh, Dec. 8.—Judge Richard Kennedy leaped from the bench, grasped a loaded revolver in the hand of Mrs. Catherine Chuzas, 80 years old, and succeeded in disarming her before she was able to shoot at the lawyer.

Witnesses and spectators fled from the court room when they saw the woman draw the weapon from the folds of her dress during a hearing before Judge Kennedy. Ferrer, who was standing beside her, leaped over a rail and fled from the room as she pointed the gun at him.

After being subdued, the woman was examined by a physician, who stated she was mentally deranged. Mrs. Chuzas had been called into court on the request of her husband, who was sought to have her put in a hospital on account of her mental condition. Last October the woman got an award of \$6 a week as support from her husband, with the understanding that she enter a hospital for treatment. Her husband sought to have the court revoke the order on the ground that his wife refused to go to a hospital. Ferrer represented the husband.

Separated 25 Years; Lovers Now Will Wed

London, Dec. 8.—Silence between two Nottingham lovers has been broken after 25 years.

For reasons which were not stated at the time, Ada Wakefield, now a widow, refused to marry Joe Thompson, on the eve of the day fixed for the wedding in 1898. She Thompson emigrated, and no news was heard of him until recently, when his old sweetheart received a letter proposing marriage. Thompson is now a prosperous farmer and one of the richest men in Vancouver, having amassed a huge fortune. "If you will come to me I will cable your passage," he stated in the letter.

A brief reply was sent, and Mrs. Wakefield drew \$400 from the bank, booked her passage, and left for Southampton, en route for Vancouver. Mrs. Wakefield, an attractive-looking widow, is now 56. She was very much excited before her departure. "It all seems a dream," she said, "but, still, I always thought Joe would write to me one day, and that we should meet again."

Mrs. Wakefield added that Joe was her "first love."

KNOW OF 31,638 MISSING IN YEAR

Travelers' Aid Figures Account for Only About Half Those Who Drop From Sight.

New York, Dec. 8.—Figures gathered by the National Association of Travelers' Aid Societies here show that more than 11,000 women and girls were reported missing last year in 33 U. S. cities. Approximately 600 of these had been found by December 31, 1922. A survey of 37 cities gave a total of 31,638 men, women and children who disappeared, about 2,500 of whom were not found.

According to John R. Shillady, general director of the association, the "Travelers' Aid" helped more than 2,000 persons in 160 cities. Police records show that 1,652 girls under 21 were reported missing in New York city in 1922.

These figures represent only about half of the persons who drop out of sight each year, in the opinion of Capt. John H. Ayres, chief of the Bureau of Missing Persons. "People often fail to report missing members of their families," he said, "because of the fear that publicity will follow. We do our best to protect families from publicity unless it is a matter of necessity."

WILL END ON 14TH

Decision on Soo Navigation Will Stand, Though Weather Very Mild.

Soo, Ont., Dec. 8.—There is not only no snow or ice in this part of the country, but little trees are budding and the temperature has scarcely gone below freezing. The Davis lock on the American side and the Canadian lock alone remain open to care for traffic which shall pass through the St. Mary's River until the close of navigation on December 14, 6 p. m.

There is understood to be a disposition on the part of marine men to continue the navigation season because of mild weather and the advanced grain prices, but Superintendent Sabien declared yesterday that the closing date as set will stand.

The fourth, or Sabien lock, on the American side was pumped yesterday morning. The Weitzel and Poe locks are closed.

Complaint of Miners is That Company Failed in Agreement.

Meeting Tonight to Decide Action to be Taken By 20,000.

(By Canadian Press.)

Scranton, Pa., Dec. 8.—Seventeen thousand mine workers of the Lehigh Coal Co., employed at collieries in the Moosic-Pittston district, went on strike today. The decision to strike was made at a meeting of the general grievance committee last night, although other union leaders advised the men to remain at work pending further discussion of their grievances.

The chief complaint of the miners is that the company has failed to provide each local union with rate sheets. A strike of twenty thousand Hudson Coal Co. employees at collieries between Forest City and Plymouth was threatened today. The Hudson men are demanding that their grievances be adjusted at once. They are to meet tonight to take further action.

CONSIDER FRENCH POLITICAL DUEL

Noted Big Game Hunter Issues Challenge to Leader of Radicals.

Paris, Dec. 8.—A challenge to a duel issued by the noted big game hunter, Ernest Outrey, deputy for Indo-China, and M. Maspher, former governor of Indo-China to M. Herriot as his second. The radical leader rebuffed them to Deputies Edouard Daladier and Alexandre Varenne as his seconds.

Herriot will be present tonight at M. Varenne's home to decide whether a duel was warranted and if so the conditions under which the combat should be staged. Nothing was decided, however, and the seconds will meet again today.

Winter Will See Rush of Building

New York, Dec. 8.—Winter building operations will be phenomenal in the United States, the November permit records from 250 cities indicating that the unseasonal rush now under way will bring the total volume of construction for 1923 up to \$5,000,000,000, it was announced yesterday by S. W. Straus & Co. The November total is \$277,357,957, a gain of 28 per cent over last year.

New York leads in amount of permits filed, \$94,130,000; Los Angeles, \$13,912,000; Detroit, \$8,280,000; Cleveland, \$6,905,000; Philadelphia, \$5,406,000.

New York permits gained 61 per cent over last November.

Want to Resume Textile Exports

Coblenz, Dec. 8.—Negotiations for resumption of exportations have been opened between the textile authorities of the occupied region and the Allied high commission. In normal times these industries employ 160,000 operatives, and represent nearly half of the silk, wool and cotton factories in Germany.

Speeders, Pause and Heed

Here is a grim reminder to those who love to "step on it." This monument, commemorating the deaths of 32 children wantonly sacrificed on the "altar of haste and recklessness" during 1923, has just been unveiled in St. Louis. Its broken column symbolizes the lives cut off before maturity.

Eight Women in British House of Commons; Twenty-Six Female Candidates Are Beaten

London, Dec. 8.—The spotlight of attention that used to be focused upon Lady Astor as she sat in the House of Commons—one little woman in the midst of six hundred big, little and middle sized men—will have to diffuse its beams to all sections of the chamber when parliament convenes, for there will be eight women to answer the roll, three Conservatives, three Laborites and two Liberals.

Lady Astor talked her Plymouth constituents into sending her back to Westminster this week, and so did the other two women who sat in the late parliament. Mrs. Margaret Wintringham, Liberal, and Mrs. Margaret Philipson, Conservative. Five other women won in fights with male opponents.

Twenty-six of their sisters were beaten, but considering the total number of candidates for the 605 seats the women who stood for parliament fared little worse proportionately than the men.

No longer will Lady Astor be the only "noble lady" among the commoners in the House. Two other peersesses went their way to Westminster this week—Her Grace the Duchess of Atholl, the first woman to be sent to parliament from Scotland and Lady Terrington, who like Lady Astor, is witty and vivacious, but who unlike the member from the Sutton division of Plymouth, says she is going to wear the best clothes she has when she enters the House. The Virginia-born lady always satisfied herself by appearing in her seat in a plain black frock with a demure white collar.

Lady Terrington has another point of similarity to Lady Astor in her love for horses and her ability to ride well.

Week-End Supplies Plenty of Work Along the Water-front.

Halifax, Dec. 8.—This week-end at Halifax will be one of the busiest that this city has had for some time along the waterfront. No less than five huge trans-Atlantic liners are due today and on Sunday and the largest American transport liner Minneapolis on Monday.

In addition, the Real Cross liner Rosalind will arrive this evening from New York en route to St. John's, Nfld., on her regular run.

Doctor Loses In Drug Case Appeal

Ottawa, Dec. 8.—The appeal of Dr. Gordon E. Booth against the conviction of Magistrate Hopewell in the narcotic drug case, has been dismissed by Judge Milligan, who upholds the conviction of the police magistrate and sustains the fine of \$200, imposed by the convicting magistrate.

Dr. Booth was convicted of having illegally supplied morphine and cocaine to Leo Riddell, an agent of the R. C. M. P.

LLOYD GEORGE GAINS

Former British Premier Expected to Spring Something Sensational.

BY HARRY N. MOORE (British United Press.)

London, Dec. 8.—"Watch Lloyd George." These three pregnant words were on the lips of thousands of persons in Britain today, and that he will do something and this something will be spectacular and swift, is certain.

Baldwin, who came from his home at Bewdley yesterday to Chequers, the official residence of the British Prime Minister, will spend the week-end quietly, with his own thoughts and a few chosen friends. He has an important decision to make before he journeys to London to see His Majesty.

The King, who according to his custom has been staying at York Cottage, Sandringham, in anticipation of the regular family reunion at Christmas, is coming to London this afternoon and will stay at Buckingham Palace so as to be close at hand when any crisis may develop.

Faces Big Problem

The King during the next 48 hours must face the biggest political crisis that has arisen since he ascended the throne, more important even than that which arose with the forcing from office of Premier Asquith and the accession of Lloyd George to power during the darkest days of the war.

It is an axiom that England is never without a Government and if Premier Baldwin, although he has the largest numerical party, does not feel inclined to assume the responsibilities of office it will be Baldwin's duty to advise the King who shall be called to form the new ministry. But since the party is numerically strong enough to stand alone it is obvious that some of the darkest days of the war.

The Government may be Conservative-Liberal against Labor, or Liberal-Labor against Conservative or Conservative-Labor against Liberal.

J. E. BURCHELL DIES

Sydney Resident Was Prominent in Canadian Banking Affairs.

Sydney, N. S., Dec. 8.—J. E. Burchell, prominent in Dominion banking circles, and one of Sydney's leading citizens, died last night at the age of 84, after an illness of about three months. He was born in Bridgeport, C. B., on Dec. 17, 1839. In 1871 he opened a branch of the Merchants Bank of Halifax here, and he conducted it up to the time of its being absorbed by the Royal Bank of Canada, which bank he continued to serve in a managerial capacity for forty years, retiring in 1910.

He was for many years U. S. vice-consul here and later vice-consul for the Swedish and Norwegian governments, receiving the Decoration of the Order of St. Olaf of Norway in recognition of his services to that country.

Mrs. L. C. Crewe of LaFollette, Tenn., is a daughter, and G. J. Burchell, K. C., Halifax, is a son.

THE BRITISH ELECTIONS.

While free trade is triumphant in Great Britain, as a result of the general elections, the political atmosphere is by no means clear. The leaders of each of the three great parties are re-elected, but neither has a sufficient majority to carry on without the aid of one of the others.

A HEALTH LESSON.

The recent epidemic of smallpox in England directed attention very pointedly to two essentials. These are vaccination and a correct diagnosis of disease.

DEATHS

Mrs. Eliza Cochrane.
Moncton, Dec. 4.—The death of Mrs. Eliza Cochrane, widow of the late Robert Cochrane, and probably Moncton's oldest citizen, occurred yesterday afternoon at the home of her son-in-law, Mr. Owen Cameron. Mrs. Cochrane, who was 98 years of age, had lived in Moncton 86 years and was consequently one of the earliest residents of "The Bend." She had seen the city grow from a village to its present proportions and was conversant with its early history. She was well known to the older citizens and was held in the highest esteem by all.
Mrs. Cochrane came to Moncton on March 17, 1837, and had resided here ever since. She was a daughter of the late M. S. Harris, who carried on an extensive shipbuilding business at "The Bend," in the early fifties. She was a sister of the late John L. and Christopher P. Harris, and the late Mrs. John A. Humphrey. She is survived by one brother, Joseph A. Harris, of Boston, and a sister, Mrs. Isabella Cowie, of Moncton. Geo. H. Cochrane, of this city, is a son and Mrs. Owen Cameron, with whom she resided, and Mrs. Sarah H. Fraser, widow of N. F. Fraser, of Charlevoix, are daughters. The funeral will be held on Saturday afternoon at 2 o'clock.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas
A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 85 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent. air and 6 per cent. common kerosene (coal oil).
The inventor, O. K. Johnson, 248 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

FIELDING MUST REST YEAR, SAYS REPORT

Ottawa, Dec. 7.—It is reported on good authority that Hon. W. S. Fielding, Minister of Finance, who has been in ill health for some time, has been warned by his doctors that he must have a complete rest from Parliamentary duties for a year. It is thought that the preparation and bringing down in the House of another budget would be more than the veteran statesman would be able to stand in his present condition.

Home-made Remedy Stops Coughs Quickly

The best cough medicine you ever used. A family supply easily and quickly made. Saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good. Four 2 1/2 ounces of Pinex in a 16-oz. bottle, then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make 16 ounces—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soothes your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

Clara Jewett advanced, her arms laden with packages. "Oh, how do you do, Miss Jewett?" Dr. Wadhams greeted her unceremoniously. "I'm very well, thank you." There was a certain defiance and a trifle of uncertainty in her bearing which personified Clara Jewett.

Bustin. The floral decorations were particularly pretty, being carried out in pink and yellow. The drawing room was very attractive with Ophelia roses and the dining room was equally so with yellow chrysanthemums and yellow candles. Mrs. F. G. Howe and Mrs. W. L. Beville presided at the table, which was centered with an artistic arrangement of mums in a silver basket. Those who assisted in serving were Miss Laura Myles, Miss Any Dawson, Miss Nan Ketchum, Miss Florence Beville and Miss Mildred Bustin. Miss Belle Howe ushered and little Miss Ruth Howt opened the door for the many guests.

Miss Marion Kilburn, of Kilburn, N. B., who has been visiting friends in Halifax, N. S., was in the city this week, a guest of Mr. and Mrs. Hugh H. McLellan, Orange street. Miss Kilburn left for home Thursday evening, accompanied by Mrs. Fred Kilburn, her brother's wife. Mr. Kilburn is one of the staff of the C. P. R., West St. John. Miss Kilburn will remain home for Christmas and will then go to Chicago, to spend the winter with a sister.

CANADA'S NEEDS, HIS THEME.
Members of the Canadian Club are looking forward to the address which will be given before the club at a luncheon in the near future by George C. Creelman, M. S., B. S., A., L. D., former president of the Ontario Agricultural College at Guelph. The subject of Dr. Creelman's address is announced as "Canada's Needs, East and West."

Mrs. John C. Earle entertained delightfully at the tea hour yesterday afternoon at her residence, Hazen street. Margolita and orange candles were an original and pretty decoration in the various rooms and for the centre of the well appointed tea table. Mrs. John S. Addy ushered the guests into the dining room, where Mrs. Grace Gilmour and Mrs. Harry C. Spears presided over the tea cups. Those who assisted in serving were Mrs. Frank E. Lewis, Mrs. Ralph Bonnell, Mrs. Fenwick McKelvie, Mrs. G. Harvey Tapley, Mrs. Joseph Hamm, Mrs. A. C. Wells and Miss Elvane Shaw. In the evening Mr. and Mrs. Earle were at home for the assistants of the afternoon, their husbands and gentlemen friends, when bridge was enjoyed until a late hour.

Mrs. C. Percy Masters was a charming hostess yesterday afternoon at her residence, College street, at four tables of bridge. Those winning prizes were Mrs. Albert Wilson and Mrs. Herbert Wetmore. At a bridge given previously, also at four tables, the prize winners were: Mrs. W. L. Robson and Mrs. Bertram Smith. On both occasions, Mrs. Masters had for decorations a dainty arrangement of baby chrysanthemums, which was very effective.

Mrs. Frank L. Peters entertained at the tea hour yesterday afternoon.

Mr. J. G. Hart was host, assisted by his mother, Mrs. William Hart, at a small enjoyable bridge last evening at their home, Lancaster Heights.

The reception of Mrs. Charles L. Bustin, was a brilliant affair, when for the first time since her marriage she received at her residence, 244 King street east, on Thursday afternoon. Many guests availed themselves of the opportunity to meet the bride to welcome her to St. John. Mrs. Bustin received in a handsome gown of sapphire blue velvet, enhanced with rhinestone garniture. She was assisted in receiving by Mrs. J. D. Howe and Miss Edith

EVERYDAY DISHES
Too much sweet and rich food soon palls and plain everyday food tastes better than ever.

Boston baked beans, New England boiled dinner, sauer kraut and vienners, or salt codfish may be homely fare, but if the Christmas feasting is to be enjoyed to the utmost the wise housekeeper keeps her means simple and wholesome during the first weeks of December.

Baked beans for Saturday night's supper, with brown bread and butter, steamed tomatoes and baked apples for dessert will make the Sunday roast appreciated.
This is an excellent rule for baked beans.

Nurse Is 37 and Has Spent 14 Years Within Prison Walls

COURT SAYS GUILTY; 15TH CONVICTION

Judge Refuses to Give Probation Officer Charge of Pretty Thief.

SHE STARTED AT 15

Elizabeth Bevan's Stealing Blamed on Love of Personal Adornment.

London, Dec. 8.—First guilty of theft at the age of 15, and with 14 convictions against her, including two terms of penal servitude, a pretty, rosy-cheeked nurse stepped into the dock at Marylebone to plead guilty to stealing from a flat in Hyde Park. The woman, Elizabeth Bevan, was tastefully attired in the uniform of a nurse. She gazed round the court with timid glance, and begged nobody would guess for a moment that the apparently distressed prisoner had such a dark record of crime behind her. Nor could they have dreamed it possible that out of the last 22 of her 37 years she had spent no less than 14 within prison walls. There was a dramatic intervention after evidence had been heard. A Catholic lady probation officer interceded on the prisoner's behalf, and begged that she should be given another chance. She asked the magistrate to allow the woman to be sent to a convent for 12 months for supervision by the sisters there. Magistrate Watson, in view of accused's past life, felt that he was unable to accede to this suggestion, and passed the maximum sentence of six months.

DAVID AND GOLIATH

Here is the long and short of it in the eighth grade in St. Bavo's School in Mishawaka, Ind. Homer Hallert, left is only 14—but he is more than six feet tall and weighs over 200 pounds. Yet his playmate, Karl DeGroat, a boy of his own age, is a diminutive little fellow. Homer is developing into quite a football player.

A brief spell of liberty for Bevan after her release, but in September, 1919, she was brought up at Wimbledon on two separate charges of false pretences and sentenced to three months on each. She was released in November, 1919, and in the following January appeared at Hastings, where she stole a case containing a large quantity of jewelry. Brought up at Hastings Sessions she was sentenced to three years' penal servitude in the name of Edith Taylor. She was released on license, and at Droitwich, in November, 1919, was awarded a month for failing to report. In March, 1917, she appeared at Marlborough street on three charges of false pretences, and was sentenced to three months, three months and six months respectively. Then came her last and heaviest sentence at York. This was in April of 1918, when she was charged with stealing a trunk and obtaining wearing apparel by false pretences, and also with attempting to obtain wearing apparel. She was sentenced to five years, five years and five years, concurrent, on each of these charges, but appealed. As a result of the appeal the sentence for "attempting to obtain" was reduced to one day. She was released in October, 1921, and from that time had been employed as nurse in various situations.

FOUR FUGITIVES CAUGHT IN N. B.

Four Germans, who deserted from the steamer Tobago on her arrival at Halifax from Hamburg, two weeks ago, have been captured at Plaster Rock. Immigration guards Harry Fenton and Edward Connor went after them and took them to Halifax where they were placed on board, after which the steamer sailed for Nassau. Four others deserted at the same time but were captured and lodged in the immigration building until the sailing of the steamer.

YOUTH WINS LENIENCY

On account of her youth—she was then only 22—the Stafford magistrate took a lenient view of her offence, and again gave her a chance by binding her over under the Probation Act. She failed to take advantage of the opportunity to redeem her character, and in November, 1907, appeared at North London charged with stealing a watch. On this count she was awarded 12 months with hard labor. No sooner was she out of prison, however, than, in October, 1908, she made her way to Glasgow, where she fell foul of the police for false pretences. Five months' imprisonment was her punishment. In August, the following year, she appeared at London Sessions on four separate charges of stealing rings, and was sentenced to three, four, five and six months' imprisonment consecutively, making a total of 18 in all. Subsequently she made her way to York, where she was given 18 months for stealing clothing and jewelry, this time in the name of May Cook. There was

Portland Contractor Appeals Sentence Imposed for Reckless Driving.

Belfast, Me., Dec. 8.—A fine of \$200 and costs and a jail sentence of three months were given Antonio Fergoine of Portland, a contractor, by Judge Carleton Doak in the Municipal Court this week, on a charge of reckless driving. Mr. Fergoine appealed and furnished bonds of \$1,500. It was charged that he drove the machine into a cart on the Lincolnville Highway, the collision resulting in injuries to the cart driver, George French, 74-year-old fish pedlar, who is suffering from probable fracture of the skull and severe body injuries. Mr. Fergoine denied that there was any collision, and said that he discovered the man in a ditch, and was attempting to administer aid when pedestrians came along and accused him of causing the accident, according to alleged statements he made to Leon Barton, a stage driver, and State Patrolman Charles D. Wentworth. Mr. Barton declared he was in the yard of his farm, near the scene of the accident, when a driverless horse and team went by. He looked up the road, and testified that he saw the Fergoine car at right angles to the highway, with Mr. Fergoine in the ditch with the victim. Both front tires of the machine were flat, Mr. Barton said. Patrolman Wentworth said he noticed the two flat tires, and a broken window in the Fergoine car. He testified that Mr. Fergoine could not produce an operator's license or a license driver 24 hours to obtain these from Fordland, where the respondent is said to have declared he left the cards, but they did not appear.

Seven Public Health Nurses Doing Valuable Work in N.B.

Clinics and Addresses on Health Included in the Programmes

The seven public health nurses in the province send in most gratifying reports of the progress of their work. Sickness has hindered them to some extent, but all are on duty now with the exception of Miss Geraldine Armstrong, who is stationed at Woodstock. It will be about a month before Miss Armstrong is able to take up her work once more. Miss Marion Maloney has returned to her work in Campbellton after her recent illness and is holding successful well baby clinics. The attendance at the Campbellton clinics averages between 20 and 30 babies and arrangements have now been made for serving tea to the mothers who bring their babies to the clinic. It is a time for health education talks and means a great deal in improved health for the community. The milk lunches in the schools at Campbellton, which Miss Maloney inaugurated, are being continued and have brought about a very marked improvement in the health of the children.

At St. Stephen Miss Jessie Murray is doing an exceptionally good work in the matter of health talks and the clinics in St. Stephen are also having a large attendance. Local organizations are helping to support the public health nurse in St. Stephen. Miss Marion Smith, at Sussex, has found the people very willing to cooperate in the health work. The work in the conduct of the public health nurse's work and it is hoped that the service may be established permanently in Sussex. At Riley Brook, Miss Ganuce has charge of a district of 40 miles with a scattered population and she is doing splendid work, especially in giving health instruction in the homes. A dental clinic was held in Riley Brook recently and 92 cases were treated. In all, there were 61 extractions and 129 fillings and the school children in Riley Brook are now quite proud of the work of the dentist for their benefit. Riley Brook supports its own health nurse.

Director Returns. Miss Geraldine Armstrong went to Woodstock in October and had the work well organized before her illness compelled her to give it up for a time.

WILL NAME STAFF ON NEXT FRIDAY

Hospital Commissioners Receive Instalment of Legacy for Free Bed.

The Board of Commissioners of the General Public Hospital has further adjourned its regular meeting until next Friday evening when it is intended that the appointments to the medical and surgical staff will be made. The Commissioners met last night continuing the meeting of Wednesday and devoted the greater part of the meeting to the by-laws. The by-laws have now been subjected to a thorough scrutiny and revision and are in shape to go to the printers. The proof will be submitted to the board for endorsement before they are finally agreed upon. M. E. Agar presided at the meeting last night.

When the staff appointments are made there will be several new positions to fill, as the opening of the new out-patient department will make a larger staff necessary. Already several applications for positions on the staff have been received from members of the medical profession of the city and county.

At the meeting an application for an intership next year was received from A. N. Rowan, a McGill medical student, and R. H. Gale, the superintendent, was asked to communicate with Mr. Rowan.

As the first instalment of the legacy from the estate of James S. Lake, \$450 was received and acknowledged. This legacy is given for the purpose of maintaining a free bed in the hospital. Alexander I. Machum, secretary of the G. W. V. A., wrote to the board asking that when appointments are made to the staff that consideration be given returned soldiers. This was the policy that the Board has adhered to, it was said at the meeting.

SAYS PORTLAND CALLED CANADA'S WINTER PORT

That Portland was being advertised as the "Winterport of Canada" was the statement of G. S. Mayes, who arrived here yesterday after an extensive trip, including New York, Boston and the Maine city. While in Portland, Mr. Mayes was shown the great state dock and terminals there by Capt. Leithwaite, one of the dock officials, and at that time there were nine steamships in port. The new state pier cost \$1,816,000 and the land \$350,000. The land was given by the city and the pier was built by the State of Maine.

The C. N. R. (Grand Trunk) occupies most of the tracks at the pier and Mr. Mayes was impressed, he said, with the fact that he, with the other people of Canada, was a part owner of this railroad.

Mr. Mayes found the building trades very active in New York and elsewhere.

WIFE HELPS TO BEAT UP HUSBAND

This is Evidence in Unusual Police Court Case Yesterday.

An unusual case was conducted in the police court yesterday afternoon, and one which caused Magistrate Henderson to make certain remarks and also hand out a warning.

About 3 o'clock Detective Biddescombe and Police Constable Dykeman placed Mrs. Gertrude Dunham and Abiathar J. Springer under arrest on the charge of assaulting and beating W. R. Dunham in his house in Chubb street on Monday last.

The evidence adduced showed that Gertrude Dunham was the wife of W. R. Dunham, who was assaulted. Dunham has been working longshore at Quebec for the last five months, and as the season is now closed on the St. Lawrence, he returned to St. John to work during the winter months. On his arrival home he learned that Springer had a room and was stopping at his home. Dunham objected and started to eject Springer, who in turn assaulted Dunham and was assisted in the assault by Dunham's wife Gertrude.

It also came out in court that Springer resided on North street and has a wife and several children. Magistrate Henderson asked Springer

why he did not live at his own home instead of at Dunham's, to which Springer remarked that it was not big enough for him. Springer said that he sometimes went to his own home and partook of a few meals.

Dunham informed the court that he

was quite willing to take his wife back home, but she must keep away from Springer. Mrs. Dunham then told the court that she would not live with her husband.

Mrs. Springer was in court and said that she had always been a good wife to her husband, and that she would like for him to return home and look after her and their children. To these remarks Springer replied that he would not live with her.

Magistrate Henderson stated that it was one of the most barefaced cases that he had ever heard in court, and that the defendants did not appear to realize the gravity of the situation. Springer and Mrs. Dunham were each fined \$20 and both fines were paid by Springer.

Before leaving court Magistrate Henderson warned Springer that he must provide for his wife and children or else he would be brought before the court on the charge of non support. His Honor further stated to both

Springer and Mrs. Dunham that he close watch on the man and woman, was most possible that they would inform the officers to keep a and if matters were not just right it arrested on a serious charge.

THERE is nothing immutable in human life. Success, happiness, health give place in turn to failure, sorrow, sickness. Trouble comes and Time demands its toll.

The outstanding feature of Life Insurance is the shield it holds out to the head of the family to protect his dependents against the unforeseen. Protection against the day of misfortune—the unexpected summons or advancing age—the protection of home and family.

The Independent Order of Foresters offers its Standard Benefit Certificate as such sure shield at moderate rates of monthly premium. This was the plan of insurance which built up the membership of the Order, because it met the needs of the home-builder.

This Certificate promises to pay to the member in case of total disability, when premiums cease, the sum of seven hundred dollars for each one thousand dollars insurance benefit.

Or, the Certificate promises to pay to the member in one sum, upon reaching his seventieth birthday, when premiums cease, the sum of seven hundred dollars.

Or, the Certificate promises to pay the beneficiary of the member, in case of death, before the contract is paid under the other options, the full amount of the Certificate.

This Certificate is issued in amounts from one thousand to five thousand dollars, with a Special Certificate provided for women of five hundred dollars.

News Notes Gathered From the World of Stage and Screen

SAYS SACRIFICE OF SELF IS
FOUNDATION OF HAPPINESS

Lady Martin-Harvey's Con-
stant Aim is to Help
Husband.

(By Hortense Saunders.)
New York, Dec. 8.—Are the ambitious, hard-working women of this generation, who are making such strides in art and business, overlooking a big chance for happiness?

For Husband's Career
Rather Than Her Own

LADY JOHN MARTIN-HARVEY.

"I believe every woman has a career," she tells me, "but it is not necessarily a spectacular, individual career. The wonderful quiet pleasure a woman gets from giving herself and her own ambitions for another cannot be equalled by the hard struggle that sometimes necessitates her being cruel and ruthless to succeed."

Attempted To Spank
His Actress Daughter

New York, Dec. 8.—(Canadian Press).—Following a violent domestic scene on the sidewalk in front of his residence at six o'clock in the morning when he attempted to spank his daughter Barbara, a seventeen-year-old actress, for staying out all night at a party, Richard Bennett, well-known actor, has admitted the task of taking care of Barbara is too much for him and has agreed to let the girl live with her mother, with whom he recently arranged a "friendly separation."

Norma Talmadge's greatest screen ambition is shortly to be realized as she is going to star in a new screen version of "Romeo and Juliet." Joseph Schildkraut will be her Romeo.

Barrymore and Skinner
Once More on Stage

(By James W. Dean.)

New York.—John Barrymore and Otis Skinner return to Broadway this week. This should command the attention of the younger generation of American actors, for in this present generation there is no youngster who looks as another Barrymore or Skinner.

Perhaps the next generation will have no more men of the stage, at least in America. If there is to be a dearth of male players perhaps the fault can be fairly laid to the movies. Eventually these young fellows who enter the movie studios learn all the fundamentals of acting—except the use of the voice.

JOHN BARRYMORE.

The screen has recruited many of its stars from the stage, but in the twenty-five years in which motion pictures have been made there has been no instance of the film studios developing one star for the stage.

There will never be an even exchange of material between studio and stage. For that reason the profession of stage acting may become more profitable than any other profession which the new generation of men can enter. It will be at least as remunerative as screen acting is now.

John Barrymore is filling the old Manhattan Opera House for three weeks with a return engagement of "Hamlet" in which he played 100 performances last year. It is significant that one Gotham reviewer refers to his "Hamlet" as the outstanding feature of Barrymore's performance is vocal.

Otis Skinner appears in "Sancho Panza," based on episodes of "Don Quixote." It is a fantastic play, staged with a great splash of color. It has ballet and music. In this setting Skinner stands forth as the most glamorous figure on the stage. He is enabled to do this through the strength of his voice as much as through any other of his many talents.

Skinner has probably the best speaking voice of any man now on the stage. Supporters of William Faversham may take well-grounded exceptions to that.

The movies have robbed the stage of one voice that, in volume at least, is superior to those of Skinner and Faversham—the voice of William Farnum.

Stuart Walker, who has been treading the mid-west to stock representations of Broadway successes, has brought Arthur Henry's "Time" to town. This is a play about the effect of a domestic snarl on three generations. Father and mother come to a parting of the ways due to "the other woman." Grandparents and children connive to unmask the snarl. Their scheme is highly amusing.

There is little doubt of the success of "Meet the Wife" by Lynn Starling, a newcomer to Broadway. Here is a play about a man who is not fair to give away the plot for a farce, but it may be fair to warn you that Mary Boland in this play gives one of the most delightful performances of the season. The fun of the play is continuous.

SHED THERE TO

"Absolutely, Mr. Gallagher"
He Murnured as Partner
was Married.

Greenwich, Conn., Dec. 8.—When Ed. Gallagher of Gallagher and Sheehan, and Anne Lather, screen star, were married at the Pickwick Arms here, Mr. Sheehan was present to murmur "Absolutely, Mr. Gallagher," by way of benediction. So was Mr. Sheehan, the manager of the inn.

So, for that matter, was Joseph Novarro who was in "The Eternal Struggle." Robert Fraser, Barbara Bedford and Edward Phillips also are in the cast.

Edwin Carewe is now well on his way to Algeria to film Louise Gerard's novel, "A Son of the Sahara," in the Sahara desert. Bert Lytell and Claire Windsor have been signed for the leading roles. Other American screen celebrities going on this foreign location are Walter McGrath and Rosemary Theby.

Cyril Maude, who made one of his first London successes in "The Little Minister," has just received word from England that they are planning to revive that play there, but he has not decided not to give up his old gentleman part in "Aren't We All?" in New York in order to return to the Barrie role.

Mae Murray's new picture, "Fashion Row," is described as bizarre and brilliant. There are said to be in it beautiful settings and it is to be taken for granted that Miss Murray has not neglected to array herself as usual.

The idea of the photoplay is that the newest rage of Broadway is a mysterious woman, beautiful and extraordinary, said to be a descendant of an old Russian noble family. She eventually marries one of the F. F. N. Y. It also happens that a little waif arrives from Russia, who through a scar on a man's face and other details, discovers that the mystery woman is her sister.

"In the Palace of the King," which was directed by Emmett Flynn, will be the film feature this week. Among the players are Blanche Sweet, Edmund Lowe, Hobart Bosworth, Pauline Starke, Sam de Grasse, William V. Moon and others. The story is from P. Marion Crawford's novel, and in the stage version Viola Allen had the stellar role. There are some costly sets, including several very large ones. The costumes in this picture are said to be wonderfully attractive, being of the sixteenth century. The narrative is in Spanish, during which it is termed a most extravagant period. The

On a cot in Bellevue Hospital, where she was recuperating, Nannette declared her ordeal had strengthened her determination to stay in the city. The girl said she was graduated from a Denver high school June 29, lost her mother three days later and had come to New York with \$600, no home and a desire to become a stenographer.

There was no job to be found. Penicill, she left the Y. W. C. A., where she had been living, and went to live in the subway. Prone with hunger, she emerged and fainted as she reached the street.

Laurette Taylor and her husband, J. Hartley Manners, have left for the Coast with the company which is to play in the film version of "Happiness."

Gossipy Notes of
The Screen People

Following "Yolanda," Marion Davies will play the principal role in "Janice Meredith."

"Ashes of Vengeance," with Norma Talmadge, was the feature at Loew's Lexington Theatre, New York this week.

Fred Niblo has finished "They Name is Woman," and the production now is being assembled and cut. Ramon Novarro was one of the principal players in this film.

Reginald Barker has finished casting "Cape Cod Folks." Frank Keenan and Joseph Dowling will be seen as two old duffers who are continually wrangling, but who are good friends. Renee Adore, who was in "The Eternal Struggle," Robert Fraser, Barbara Bedford and Edward Phillips also are in the cast.

Lady Diana Says That
Ice Is Beauty Secret

New York, Dec. 8.—How she discovered the secret of beauty, Mrs. Duff Cooper—formerly Lady Diana Manners—refused to say, but as she stood in a huge studio, waiting to rehearse her lead in the stage spectacle, "The Miracle," she polished a peach bloom check with a round, smooth crystal lump and confided her receipt to a breathless girl reporter.

"Ice," she whispered the magic formula. "That's it, Ice. Whether I think of it I rub a lump on my face, nose, eyes, ears—everywhere. Night, morning or anytime, like now, ice keeps the flesh firm, and that's beauty."

"Anna Christie" Eugene O'Neill's startling stage play, is in the hands of film editors. Shooting on this production was completed last week. "Anna Christie" will be released in December, it is expected.

Frank Borzage, who directed several notable film successes, including "Humoresque," "Children of Dust" and "Age of Desire," is to direct Norma Talmadge's next starring vehicle, following "Dust of Desire." The photoplay is to be "secrets," a picturization of the popular stage play of the same title.

There was a great hue and cry in the newspaper reviews and "Artists and Models" at once started doing high pressure box office business. It at once became the season's best money maker for the firm that put it on.

Then rival revue producers and the newspaper critics speedily got their cue. If "Artists and Models" could be whipped into a profit bonanza by several nude flashes of chorus girls, other shows couldn't pump extra life in their own productions by stripping their choruses a little more. That was the way the money figures were made.

The newspapers immediately saw that they were the ones who had focused attention on "Artists and Models" and proceeded to take responsibility for its box office failure. So they tautly agreed to lay off mentioning any future indiscretions in either "Artists and Models" statements show they figured right.

A second Broadway revue which had been running since early summer at one of the theatres and which in every sense of the word—the "Artists and Models" show. Nude posings and dances were scattered through both acts of the production, and a press agent was hired for the sole purpose of securing mention of the added naked features of this particular revue. The conspiracy of silence got in its work.

Not a Line Permitted
In spite of daily bombardments of dramatic editors, city editors and column writers, the press agent wasn't able to get a line mentioning the nudity of his show. He whaled out thousands of words of mimeographed copy per day and every gram of white paper went into the waste baskets.

One or two other Broadway shows followed suit in some measure, and they got the editorial freewheel, too. The result is that the average theatre-going fan doesn't know that "undraped figures" are being shown by any attraction except "Artists and Models." All the other shows are doing only normal business and the one that "outstripped" them all, in the literal sense, is moving from Broadway and hitting the road next month, without having had its business accelerated.

Police detectives, representatives of the theatrical licensors and members of unofficial vice-repressing bodies have all visited Broadway's naughty half dozen. Ordinarily, such visits would amount to new and would bloom out on all the newspaper front pages. But the papers, while mentioning the grand jury's and the normal squad's activities, have never mentioned a single show.

Broadway's wave of indecency isn't being checked by public opinion, because the public has not been let in on the tip. The sky-limit policy of the Times square producers is being thwarted by the nature of the news of their tainted wares. Both sides have learned their lesson and the newspapers will never again lend themselves to exploiting intentional grossness by condemning it or even mentioning it in their columns.

Try Grandmother's Old Favorite
Recipe of Sage Tea
and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Weth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

NEWSPAPERS AID
IN STAGE CLEAN-UP

Ignore Claims of Indecency
and Shows Lose Expect-
ed Notoriety.

New York, Dec. 8.—The greatest conspiracy of silence ever known to New York is drawing to its close. Within the current week it is expected that half a dozen Broadway shows will have their indecent portions clearly pruned. The grand jury will attend to that.

But meanwhile lay theoreticians do not know which are the obscene shows, because every New York newspaper, as well as the theatrical trade press, has extended itself to keep from mentioning a single production that is tainted with obscenity.

Broadway kicked the lid off all restraint early last fall when "Artists and Models" was produced. For years now, all the New York revue producers have been borrowing ideas that were both clever and artistic from the noted Folies Bergere of Paris. When it came time to open up the "Artists and Models" revue, every idea of the French music hall had been borrowed except that of nudity. So the revue producers decided to pounce on that.

It worked wonders. The first nights at "Artists and Models" were treated to successive gasps as they beheld show girls in several scenes with nothing but wisps of floating marine clothing them above the waist line. It was artistic, they admitted, but it was also a success.

There was a great hue and cry in the newspaper reviews and "Artists and Models" at once started doing high pressure box office business. It at once became the season's best money maker for the firm that put it on.

Then rival revue producers and the newspaper critics speedily got their cue. Increase City Lure

New York, Dec. 8.—Weeks of loneliness and three days of starvation which ended in her collapse on a downtown street corner, have merely strengthened the lure of New York for 19-year-old Nannette Prevost of Denver.

The girl said she was graduated from a Denver high school June 29, lost her mother three days later and had come to New York with \$600, no home and a desire to become a stenographer.

Simplifying the Gift Question

To start with, take good note of all the folks you have in mind. Begin with—

MOTHER—Wouldn't she just love the economical luxury of a bottle of Bath Salts, nicely done up? Or an Incense? Two small instances of what you might do at Ross.

FATHER—A spanking new Shaving Brush, a Strop or Razor will bring his smile out in front where it belongs.

BROTHER—The big one wants something the same, or perhaps a nifty Waterman Pen or permanent pencil. How about a Brownie Camera for the younger lad?

The Ross Drug Co.

100 King Street

SISTER—Score a hit here with French Ivory, a shining Face Compact, or Talcum in a de luxe box. Stationery for sure.

BEST GIRL—Like Sister something in Perfume, a toilet delicacy, box of Chocolates, a Kodak Photo Album, a Ladies' Waterman Pen and Pencil Set or an Eversharp gaily cased up.

Do you ever stop to think how much you get for a little and in a jig-time glance around.

BIG CONGREGATION AT FINAL SERVICE

Rev. Dr. H. T. Crossley Concludes Addresses at Local Church

The Exmouth street Methodist church was thronged last night for the closing evening of the Rev. Dr. H. T. Crossley's evangelistic services. Dr. Crossley's subject last night was the ideal Christian life. J. H. Leonard and Evangelist Knight sang a duet that was very well received. Dr. Crossley's services have been conducted for three weeks in the Exmouth street church, and each night have attracted very large congregations. They have made a profound impression and during the three weeks many have come forward to confess Christ.

In the earlier part of the service last night Rev. A. L. Telford, on behalf of the Baptist denomination, and Rev. H. E. Thomas, on behalf of the Methodists, expressed appreciation of the services rendered by Dr. Crossley and Mr. Leonard. Mr. Thomas spoke specially of the fine spirit of unity which had prevailed during the entire campaign.

There were present on the platform last evening, beside the evangelists, Rev. L. J. Wason, Rev. Neil MacLachlan and Rev. T. J. Taylor. A thank offering of a substantial amount was made to the evangelists. Dr. Crossley announced that on his return from Liverpool, N. S., for a place they left this morning, he might arrange to repeat his lecture on long life and efficiency, from which many were turned away when he was given during the campaign last closed.

Want Him to Cut Grass on Dec. 8

COMMISSIONER FRINK

Commissioner Frink says that all records went by the board this morning when he received from the residents of Haymarket Square a request that the grass be cut on the square, as it had grown so long that it made the place look unkept as a man who had not had a shave for a week.

A request like this on December 8, he said, was something new in his experience, which had extended over quite a number of years, and he did not think any one could recall a similar happening.

MUST SHOW LIQUOR WAS NOT FOR SALE

D. Carleton, Charged With Illegal Possession, Must Convince Judge.

David Carleton, in whose home a large quantity of liquor was found some time ago in beds occupied by his wife, his children and two young ladies, will be called upon to prove that the liquor was not being kept for sale, according to a decision announced in chambers this morning by Judge Chandler. The police magistrate had dismissed a case of illegal possession brought against Carleton and the case was appealed by W. M. Ryan, acting on behalf of the Attorney-General. Judge Chandler ruled that under section 141 of the act the onus was on the defendant to show that the liquor was not kept for sale and in his opinion the evidence taken in the police court did not definitely establish this point. He therefore set Monday at 11 o'clock to hear evidence for the defence.

PILOT BOAT SINKS AT HARBOR BERTH

The abnormal high and low tides of last night were responsible for the sinking of one of the motor launches used by the St. John pilots, which was found filled with water early this morning in the slip next to Pettigill wharf. The boat was moored alongside a pair of stairs leading to the water and at low tide the stern caught under the rail of the stairs. As the tide rose the water flooded the vessel, but as she sank stern first in a tilted compartment in the bow caused that part of the boat to float and when the pilots came to the wharf this morning all that was above water was about a foot of the bow. The district was tied up to the cap of the wharf to await the dropping of the tide.

The fellows that's broke out say they won't be dictated to by the president, an' the president he'll go after them with an iron hand. I been wonderin' fer quite a spell what the matter with them Mexicans. They was goin' along too quiet altogether—populacion growin' too fast—an knives gittin' rusty. I callate they'll have a real nice Christmas—presentin' one another with little chunks o' lead an' things like that. I seen the other day where some feller was sayin' it was time all the forts along the border between Uncle Sam's place an' Mexico was pulled down like they was along the borders o' Canada—but I wouldn't be surpris'd if Uncle Sam hed to git into what he calls an entanglement afore them forts come down. He ain't aimin' to git mixed up in any shindy over in Europe—but maybe he'll git an idee nearer home that peace ain't a bad thing after all—By Hen!"

THIS AUTO TRIP MAY BE RECORDED

Mr. Keeffe and Family Here on December Run From New York.

Michael Keeffe, son of M. F. Keeffe, contractor, Liverpool, N. S., and brother of Mrs. David E. Lynch, Moury Pleasant, this city, passed through the city a few days ago with his wife and child by automobile. The family party had left New York, where their home is located, on the day following the American Thanksgiving, consuming barely a week of nearly driving in reaching Halifax. Passing through, the family made an overnight stop at Mr. Lynch's home. This trip, which is completed by Mr. Keeffe's return soon, rather marks a new record for late automobilism on so lengthy a jaunt in these wintry parts. If anybody knows of a later trip of similar or greater length let them come forth and say so. Record automobilism tours into the Maritimes is perhaps as important an item of news as late steamboating on the St. John river so now seems to be the time to hang up the record. So far Mr. Keeffe seems to be head of the pioneering class. Who says he isn't?

COMMISSIONER WILL NOT BE THERE

Mr. Bullock Cannot Get to Port Authorities Meet in New Orleans.

The annual convention of the American Association of Port Authorities will be held this year in New Orleans, Monday, Tuesday and Wednesday of next week. Representatives of all the big ports in Canada and the United States, with the exception of St. John, will be at the convention. The City of New Orleans has arranged an elaborate programme of entertainment for the visitors and many interesting papers on port administration and development are to be read.

Commissioner Bullock had intended going, and it was his intention to extend an invitation to hold the next annual convention here, but he found it impossible to get away.

EMPRESS OUT OF DRY DOCK SUNDAY

Canadian Planter Then to Go In—Leaconfield is Still Here.

It was reported at the office of the St. John Dry Dock & Shipbuilding Co., Ltd., this morning that the C. F. R. bay steamer Empress would be taken off the slip tomorrow, as it is expected repairs on her will be completed by that time. The Canadian Planter will be brought around to Courtenay Bay tomorrow and placed in the dry dock for an overhauling and repairs.

The dredge Leaconfield, which was forced to turn back on Thursday from her proposed trip across the bay to do some dredging at Digby because of the storm, is still waiting on the weather. It was planned to tow her across this morning, but as quite a wind was blowing her departure was postponed until tomorrow.

SEES BIRTHDAY CAKE WHEN LIGHTS GO ON

A very greatly enjoyed surprise party was tendered to James N. Rogers last evening on the occasion of his seventy-fourth birthday. Mr. Rogers has been the choir leader of St. Mary's church and assisted in the choir in many ways for several years. After choir practice last night the choir room was suddenly darkened, and when the lights were turned up again there had appeared a splendid birthday cake, with 74 candles lighted. Mr. Rogers was taken completely by surprise. He and all the choir members thoroughly enjoyed the good time that followed. Congratulatory speeches were made by R. I. Carlous, the church warden, and David Ramsay, chairman of the music committee. Mr. Rogers replied in a delightful manner. A \$5 gold piece was presented to Mr. Rogers neatly concealed in the cake, and that delicacy concealed many other gifts. There was much good fun and hearty merriment.
